Bruins Win Sensational 10-ning Game from Bees, 6-5

FLYNN AND WYKE, PINCH HITTERS, DELIVER DOUBLES TO KNOT COUNT

Bill Leonard is Victor in Battle of Strategy With O'Neill; Hit Batmen Forces Over Winning Counter-in-Tenth-Stanza

Manager Wild Bill Leonard has been a factor in the last game of the Twin Falls-Beech Hill series here yesterday and with Bill Hill as pinch hitter for each of the two pinch hitters, O'Neill and Flynn. Leonard's pinch hitting strategy was the key to the victory. Leonard's strategy was to get O'Neill and Flynn into the game as early as possible to give them the chance to deliver the decisive blow in the tenth stanza.

George T. Parker, home run, caught by Ernie Smith, hit by Leonard in the bottom of the ninth. Out of the box on the part of O'Neill and Flynn, Parker hit by Leonard in the bottom of the ninth. Out of the box on the part of O'Neill and Flynn, Parker hit by Leonard in the bottom of the ninth.

Helen Wills Looms as Cinch to Win Back American National Tennis Championship

By HENRY L. FARRELL, Staff Writer
Tennis fans here are anxiously awaiting the return of Helen Wills to the American National Tennis Championship. Her victory last year was a surprise, but her return is expected to be a cinch.

Her opponent in the final will be the woman who was runner-up last year. The match is expected to be a classic. Her victory last year was a surprise, but her return is expected to be a cinch.

ATWOOD MOTOR CO., Inc.

MANY ATTENDING "OPEN HOUSE" OF BEAUTIFIED HOME OF ATWOOD MOTOR ENTHUSIASTIC.

Praise Contractors and Company for Creating Truly Beautiful Auto Sales Building.

It was an amazed throng that visited the Paige salesroom Saturday evening and participated in the "open house" given by the officials of the Atwood Motor Company. They found that the building which has housed the Paige agency for some time had been transformed into one of the most beautiful auto salesrooms in Southern Idaho. The management and contractors shared in the praise bestowed by visitors.

The display room was beautifully decorated with flowers. These harmonized perfectly with the stippled finish of the walls. Hemiller, the painter, was complimented upon the unusually effective four-tone stipple. A large measure of praise was given Contractor Gasser who was responsible for the alterations and remodeling. It was indeed difficult for those who were acquainted with the old building to realize that the beautiful salesroom visited Saturday night was part of the old structure. Kyle Waite, electrician, was credited with the indirect colored lighting effects. The large plate glass windows were furnished by Moon's Paint Store.

Dancing was enjoyed by many attending the "open house" Saturday evening. Music was furnished by a large Orthophonic Victrola through the courtesy of the Sampson Music company. Delicious ice cream furnished by Dairy Stores was served in dainty little Dixie cups.

W. S. Cooke, president and general manager of the Atwood Motor Company, Inc., has been

devoting about fourteen hours a day to the plans for the "Super Service Station of the West," and those who attended the "open house" testify that he certainly accomplished what he had set out to do. Cooke has had a great number of years experience in the automobile business, most of which time he has been connected with the Paige firm. He states that he is "Paige sold."

Prior to coming to Twin Falls Cooke headed one of the largest distribution agencies in the South and in this capacity is credited with the original idea of what is today looked upon as the finest tourist camp in the world, the Camp Grande of El Paso, Texas.

In giving Twin Falls the Super Service Station Mr. Cooke states that service will be the aim first, best and always. He states that it will be an institution where motorists can place their confidence and feel assured that repairs are made right and that a personal interest is taken in them and their cars. Serious consideration has been given the ladies, a rose tinted ladies' rest room being installed.

Atwood Motor Company, Inc. These reflectors were furnished and installed by Kyle M. Waite.

The indirect system of lighting is becoming increasingly popular with department stores and other mercantile establishments and the Paige agency again demonstrates its progressiveness by installing them.

The four-tone stippled walls of the Paige salesroom were warmly complimented by visitors Saturday night. Hemmiller, the painter, who was responsible for the beautiful stipple effect specializes in the various forms of interior decorating. In addition to stipple, Tiffany-tints and rough plaster finish are featured by Hemmiller.

A large Orthophonic Victrola supplied by the Sampson Music Co. furnished the music for dancing at the "open house" of the Atwood Motor Co. The Saturday night "open house" was marveled at the tone and volume of the new electric phonograph. One of its greatest appeals to the average person is that it is self-winding.

A new Orthophonic Victrola supplied by the Sampson Music Co. furnished the music for dancing at the "open house" of the Atwood Motor Co. The Saturday night "open house" was marveled at the tone and volume of the new electric phonograph. One of its greatest appeals to the average person is that it is self-winding.

A large part of the service parts used by the Atwood Motor Co., Inc., are furnished by Stephen, who is known as the "Piston King." His place of business is next door.

Throughout Southern Idaho garage repair men turn to Stephen when reliable parts are needed. "Step" has built up a huge wholesale business in this part of the country. A slogan that has helped increase business is known to everyone, "For Top See Step."

DAILY BIBLE THOUGHT

A REAL TRIUMPH—For Thon, Lord, had made me glad through Thy work; I will triumph in the works of Thy hands. Psalm 92:4.

PRAYER—Blessed is the people that know the joyful sound; they shall walk, O Lord, in the light of Thy countenance.

TIME FOR ACTION ON 1928 BASEBALL TEAM; TWIN FALLS MUST REMAIN IN LEAGUE.

Organized baseball in Twin Falls is facing the gravest crisis out of any time since the national game started here and the responsibility for the outcome seems to be general in a way, but the most to be incriminated. At any rate the directors of the local club, the Twin Falls Baseball Club, are in a hot water.

The crisis revolves to two things. First, the fans did NOT support the team during the first half of the season. For this they can hardly be blamed. The local ball displayed by the team was not up to the standard of the regular season. The second crisis is the fact that the club is in financial straits.

Second, the officers and directors of the club were responsible for the financial condition of the club for the last year. This year the club was not employed until two or three weeks before the season opened, that he was forced to gather a team at that period after every club in the west had signed their players.

These errors have been made, however, and as stated above, they were not committed through malice, but were due to inexperience. Since Will Hill Leard took over the management and brought several new players, the team has been getting some results.

To make a long story short, the crisis must be faced and solved NOW. It cannot and must not be allowed to drag along. The club must be reorganized and the new season must be started with a clean slate.

The present directors of the club should be retained. With this view the club should be reorganized and the new season must be started with a clean slate. The club must be reorganized and the new season must be started with a clean slate.

WORLD WAR TEN YEARS AGO TODAY

By United Press. AUGUST 22, 1917. The United States entered the first world war on August 6, 1917. The war was a turning point in the history of the world.

Not a Matter of Age—'Don't you sometimes wish you were young again?' 'No,' answered the old man, 'I never was. I was always young. I was always young. I was always young.'
