MAYOR BOBIER AND GOVERNOR URGE RESPONSE TO RED CROSS

Issue Formal Proclamations Asking for Renewal of Faith in American Red Cross; 1,000 Members Is Goal Established for Twin Falls County.

In formal proclamations issued today, Mayor R. Bobier and Gov. C. B. Phillips have asked all citizens of Twin Falls, Idaho, to renew their allegiance to the American Red Cross and to elect a committee to issue a call for members, which upon approval will continue through Thanksgiving.

Mayor Bobier points out that the red cross organization is not far from 100 members this year, an increase in the enrollment of nearly 2,000,000 over last year's figure. His proclamation, in part, reads:

"The American Red Cross is honorably spending its eleven annual roll call for members, summoning the people of this country to enlist in its ranks so that each may share in the advancement of its work both at home and in foreign lands.

"Philippine and Italy."

"Membership in this great humanitarian army should be considered a privilege and an honor. It is the duty of every citizen to support a democratic organization in the world, the Red Cross is dependent, for its very existence, upon the support it receives from the rank and file of the people who, at roll call time, give their dues and receive the certificate of membership.

"These dues, offered by the rich and the poor alike, are the only means which enable the Red Cross to go immediately into action when a typhoon strikes, or when a Mississippi flood river drives thousands from their homes.

"It enables the United States to play the role of philanthropist among nations. Countries poorer than ours, ravaged by disaster, are helped by your dues and gifts, and international bonds of friendship are welded between our people and those of other nations."

"Red Cross Service Past and Present." In addition, these same dues finance the work of Red Cross public health nurses, programs of life saving, and first aid that have done so much to reduce hazards from accidents; they help finance the Junior Red Cross, that international alliance of school children; and they bring aid and comfort to the disabled veterans of the World War.

"I strongly urge every man, woman and child in this community to become members of the Red Cross during the present roll call. Our local chapter is counting on enlisting 1,000 members at least and, when the campaign is ended, if we go over the top, it will be a great personal satisfaction to me and a satisfaction to the Twin Falls county to know that we have played our part in financing the membership of the national Red Cross to a figure it certainly deserves to attain."

Governor Phillips' proclamation reads as follows:

"The recent disaster of the Mississippi valley flood, with attendant necessity for immediate relief, is in itself sufficient to stress the need for financial readiness in such emergencies. This, however, is but one of 77 disasters within our 3,800 borders during the fiscal year ending June 30, 1927. The American Red Cross promptly extended relief, so the organization it meant a total expenditure of \$2,242,924 to render assistance to 657,622 people.

"In addition, aid was given to 20 foreign disasters, in which 21,473 people were assisted by supplying them food, clothing, shelter, or medical attention. This an expenditure of \$662,336.88.

"Disaster relief is but one phase of Red Cross work. It continues to assist men disabled in the World War; to maintain an enrolled reserve of more than 1,400 Red Cross nurses ready for instant duty in time of emergency; to instruct in home hygiene and care of the sick; in life saving and first aid to the injured. Thus, every branch of its service is directed to the alleviation of suffering and the relief of distressed fellow-men."

"Because it has functioned so efficiently in times of great emergency, year by year an increasing number and only by the support of the Red Cross to be first in response to the call of disaster. When cyclones, floods, fires, or earthquakes strike, how good to feel that we—each one of us—by membership in this organization as so little personal sacrifice, has extended instantly the hand of helpful sympathy to stricken fellow-men."

"The annual membership enrollment of the Red Cross will be conducted this year from November 11, through Thanksgiving day, November 23. The present enrollment is something over three million. Expenditures during the past few years have far exceeded the returns from annual memberships. Therefore, an increase to five million is a goal which should be attained."

Spicebaker Manager Visits Distributor

On a long which led to the visiting Spicebaker car dealers, George D. Keller, San Francisco, and other representatives of the Spicebaker company, accompanied by Mr. N. H. Baker, Salt Lake City, factory representative in this district, arrived in this city last evening. They were guests of honor at a dinner given by John A. Barrett, the District Sales Manager, local Spicebaker distributor, for the members of that firm.

During the evening Mr. Keller told of the successful business done by the Spicebaker distribution throughout the country, stating that they had been a gain of 23 per cent over last year. He has long wished to visit the Twin Falls area, he said, and upon arrival stated that he had seen many wonderful things that he had expected had been substantial.

Pimples, Boils, Skin Eruptions

Skilled physicians recognize the appearance of pimples, boils and other skin eruptions as being the indication of an abnormal condition of the system. This is why so many thousands have been enabled to free themselves of these unlovely blemishes and painful annoyances by taking a course of S.S.S.

"I suffered from impure blood—was weak, and I had lost so much weight. I didn't look natural, I had pimples and was also bothered with a headache—that ticked terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well, and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to take S.S.S. as a trial. It clears up the skin; makes you strong and fills you with energy." Mrs. J. W. Barber, 1337 Walnut Street, Cincinnati, Ohio.

You owe it to yourself to try S.S.S. It has a natural purifying and purgative effect. It improves the processes by which the blood is nourished. It is the most tried and reliable. S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

TWIN FALLS DAILY TIMES

Entered as second class matter April 11, 1918, at Twin Falls postoffice... Published every evening except Sunday at 255 Main Avenue East, Twin Falls, Idaho.

GOD DOETH WONDERS—Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob; which turned the rock into a standing water, the flint into a fountain of waters. Psalm 114:7-8.

EVERYONE IS FOR THE RED CROSS. The local chapter of the American Red Cross tomorrow, Antislavery Day, launches its campaign for 12000 members of the organization in Twin Falls.

THE REASON there is no difficulty in making the annual "roll call" of the Red Cross is that nearly everyone is glad to be counted among its members. It is a distributive American institution to which, as President Coolidge says, "we turn instinctively and confidently when sudden calamities occur."

THOUGH not actually a part of the government, the Red Cross often performs functions of the government, such as administering to the needs of communities in distress, more effectively than any governmental agency could.

THE FIRST STORIES of the great flood in New England last week which was estimated to have caused \$100,000,000 damage and which made thousands homeless, carried official reports of the story of the catastrophe less given rather word of the work of that great relief agency.

THE RED CROSS must have five million members in the nation in order to cover the vast territory. The dues from this membership maintain the organization, so that it is at all times like a locomotive fully steamed up, ready to go in a second's notice.

THE NATIONAL TREASURY and the remainder stays with the local chapter. The same is true of membership which ranges up to \$25—only 50 cents goes to the national organization and the balance—only in the last 46 years the Red Cross has expended \$59,859,247 for relief work following disasters. During the current year in this country it has directed or participated in relief work in 27 catastrophes. Since the armistice, it has expended \$12,888,978 in relief work in the United States and has sent out 100,000 men to the regular army and navy. It is now assisting an average of more than 73,000 disabled veterans and their families each month.

THE HUMOROUS side of the big show is one that cannot be reckoned with. In fact, a lot of those who participated in the contest prefer to remember only those phases that were humorous.

GENE TUNNEY MAY FIGHT FIRST BATTLE NEXT YEAR IN CHICAGO

Billy Gibson, Champ's Manager, Says Big Marine No-Satisfied-With Promoter's Way of Handling Things; Will Fight Three Times.

By United Press.
 NEW YORK, Nov. 13.—(By wire)—Bumars purporting to come from Billy Gibson, Gene Tunney's manager, which alleged that "Jack" Richard, promoter, is Jack Dempsey's manager, have threatened to call a temporary halt in heavyweight proceedings until the affair is straightened out.
 Gibson said the champion is not satisfied with Richard's way of handling things, and may not fight his first 125 lb. bout for him. He added that Tunney had received offers from Philadelphia and Chicago promoters, and a New York big-name man and that he may accept one of them before fighting for the Madison Square Garden promoter.
 Richard's reply said that his contract with the champion called for him to fight for Richard first.

Haines Repeats.
 Tunney, who is negotiating at Hacquet's, Lake, Old Forge, N. Y., sent word to Gibson that he intends to fight three times in 1928.
 "Tex" Richard has no exclusive contract on my services, nor has any promoter," he said. "I shall defend my championship title in May, July and September. If Richard is to promote the first championship match of 1928, he will have to make plans for it to take place before the end of May, 1928."
 "I promised Mayor Thompson of Chicago I would defend my title in Chicago in 1928 if I received a satisfactory offer and the offer I have received from a Chicago promoter is quite satisfactory. I have also received offers from a promoter in Philadelphia and a New York businessman who will get a license to promote a title bout."

By FRANK GILTY.
 United Press Staff Editor.
 NEW YORK, Nov. 13.—(By wire)—Yale and Princeton's football game between Saturday's football game between Yale and Princeton has been intensified by the Caldwell affair.
 The athletic authorities at Yale today declined to accept a suggestion made by Princeton's faculty, that the star full back be permitted to play.
 Princeton suggested that the spirit of the "transfer" rule had not been violated in Caldwell's case. Yale chose to live up to the letter of the agreement with Princeton and Harvard.
 Bruce Caldwell, having participated in two games as a freshman at Princeton four years ago, automatically became ineligible to represent Yale against Princeton, one his "six" was found.

Meaning of School Spirit Is Posted

Following is a notice that has been posted in all the advisory rooms of the schools in the district. The notice explains the meaning of school spirit and encourages students to participate in school activities.

School spirit is the feeling of pride and loyalty that a student has for his school. It is the desire to do one's best for the school and to cooperate with the other students. School spirit is the foundation of good citizenship and it is essential for the success of any school.

Students are encouraged to participate in school activities, such as sports, clubs, and student government. These activities provide an opportunity for students to develop their leadership skills and to work together for the benefit of the school.

I have been dealing in real estate and working on the land since 1904 first here. Scarcely reasonable to believe that I know something about it in this section. —don't h't.

DAILY MARKET REPORTS WHEAT AND CORN CLOSE HIGHER IN QUIET SESSION

By United Press
CHICAGO, Nov. 10.—Wheat and corn futures closed slightly higher today after a session of quiet trading and sluggish price movements. The wheat market which opened at 10 1/2 cents, fell at the close and price went fractionally lower.
Sensational strength in the oil market exports helped to firm corn and wheat.

BOARD DECIDES TOONE ELIGIBLE

Clifford Toone, leading ballplayer, has been declared eligible for this season of football by the state athletic board. The information came to Principal L. N. Terry of Twin Falls high school from H. B. Snyder, president of the board, by night.

Mr. Terry said today that the telegram he received from Mr. Snyder at Idaho Falls read: "Wanted dead; board will submit written statement." Following the receipt of the telegram, Mr. Terry called Mr. Snyder by phone and stated that in their conversation the president of the board said that from a technical standpoint Toone was ineligible, but since the case was a regular one and since following did not intend to break the spirit of the board's regulations that body decided to rule Toone eligible. The written statement that the board is submitting will contain the details of the case, but as yet it has not arrived here.
