Announces Program For Poultry School

County Agent R. E. Brooks today released the program for the two-day poultry school that is to be held at the school under the auspices of the Hansen Garage and under the direction of Fred Morrissey, Buell, Monday, Dec. 12.

The program follows:

First day, 10 a.m.: The poultry situation; 1:30 p.m.: Poultry house construction, including the building, heating and cooling and brood houses.

Second day, 10 a.m.: Selecting breeding stock, the reproduction of the hen, the care of the pullets, care, housing stock and preparation for the breeding season; 1:30 p.m.: Insemination, breeding and pullet development, feeding for good production and general sanitation.

HOLD SHORT SUNDAY

Members of the Board of the American Legion held a short business meeting last evening before the entertainment given by the War Mothers. The boy scouts made a fine job.

A. E. and Mrs. C. H. Purvis made a report on the executive committee held at Boise.

MEMPHIS WILL MEET HERE

Business leaders of this state will hold their annual meeting in Twin Falls Jan. 12. County Agent R. E. Brooks and Fred Morrissey made a short statement and digestions of topics and problems pertaining to the breeding business will feature the meeting.

IN POLICE COURT

Wilson Brothers company, Kinniburgh, wrong parking, fined \$2.

HOT NEWS

MR. FARMER

We Load Your Coal for You!

We have just installed a **THIRTEEN COAL CONVEYOR**, the only one in the state, the best and in modern coal handling machinery.

In the future, all you have to do when you want coal is drive your wagon or truck under the chute and the conveyor elevates it up and moves it even into your vehicle. It has a capacity of ten minute for coal to take care of the rush.

You may ask, "Why the expense of a Coal Conveyor?"

Well, we believe in serving the public the best way we can. When we need the real business are more "out of the farm" and "out of it to town," about how to run a coal yard. We naturally tried to learn all we could from those who know, and were bold to hide our ears and nose shovels so as to get all of slack at first prices. We did this we do when the railroads tell us to take just the open posture and then think that we're along right.

Slack coal is not worth holding as much on the market as Lump coal to us because all of prepared sizes as we load it so that we get what you pay for. This act of separating the slack from the Lump coal is a capital idea justice to ourselves.

Our pledge to the Public is, that they must be served, so that's why we got the Conveyor, which screens your coal and puts it in your wagon in short order. We want you to be sure and see it in action, you'll not act as much like out of us as you did the new team, and the best way is to bring your truck or wagon and let's demonstrate to you, but remember "All trailers filled in the Order They Are Received," which means no preference, and as we can't make immediate delivery, our reputation is to record all the time. If you don't have a wagon, anyway, we're always asking it and we have open house every day.

FIRING IN 1928

BURN SMOKE—SAVE COAL!

OVER ONE-THIRD OF SOFT COAL IS GAS—BURN IT AND YOUR COAL BILL GOES DOWN ACCORDINGLY.

The Fuel Research Bureau of St. Louis, Mo., have made exhaustive experiments as to the best methods of firing bituminous coals and have prepared a highly illustrated chart showing how to fire such coals in order to burn smoke, eliminate soot and reduce coal bills. We have secured a thousand of these charts and will be glad to send one to every furnace user free.

The main thing necessary in order to fire the 1928 method, is to use Detweiler's eggplant coal.

It is \$1.00 to \$1.50 per ton cheaper than Lump sizes and will last fully as long or longer than Lump with less attention to the furnace and less dirt to contend with. The rest of the instructions must be read to understand, so be sure and get a chart at our office, or better still, the next time you need coal for the furnace, order a ton of our Eggplant and we will send a chart along with the coal.

Our Combustion Service Dept.

"An honest confession is good for the soul." We believe it and are going to make one here and now.

It has been the practice of the coal merchant in general to continually "tell the world" how much better his coal was than any other coal to be had, and we have been as guilty of this as anyone, fat not, purveyors of black diamonds, have not been as difficult as we should in "telling the world" what to do with their coal after they get it. We have not told our customers how to fire our coal to get the most efficiency out of it, what sizes and preparations to use in different types of heating apparatus and under different conditions, how to overcome as much as possible the soot and smoke problems, explained regulation of drafts, etc.

Now that it is a settled fact that Twin Grand and Blue Blaze, are each one the best coal to be had of their respective types, the one semi-hard and the other distinctly bituminous, we will divide as much of our time as is necessary to help our coal consuming friends get the best results possible from their fuel.

We have in our organization a Combustion Service man who has made a careful study of draft regulation, circulation and heating apparatus disorders. He may not know his oysters, but he does know his B. T. Pcs., and if you need his knowledge, the best part of it, you don't need to take your stove pipe and chimney to him for diagnosis and operation—he will come to you, check your heating system, suggest the remedy, and last, but not least, your preparation will be his job.

If you have difficulties of any nature, regardless of what coal you are using, call **SABO**, our service men will lead you in assistance in remedying your troubles without any obligation whatever to you. This is just another DETWEILER

Twin Falls Now Has the Most Up-to-Date COAL Yard in the State of Idaho

DETWEILER TWINS

Years-Age	U	B	Hard-Bituminous
Child	T	L	Quick-Starting
Teen 'n Brile	A	U	Easy-Coking
No String Soot	H	E	Long-Burining
No Clinkers	G	B	High-Heating
No Slick	G	B	One-half the Ash
Wood-like Ashes	R	L	Low-Sulfur
Easy-Lighter	A	A	No Clinkers
Blue Fire	N	Z	"It Does More Than Satisfy."
All Night	D	E	
"A Different Coal"			

What more could be wanted in the way of fuel? Utah Grand is a Near-Anthracite, burns like it, makes no Stringy Soot, burns absolutely free of Clinkers, does not break up and go to Slack, burns to a fine, light, wood-like ash, and lasts much longer. It is truly "A Different Utah Coal," the most economical to use.

It contains 13,766 B. T. U.'s per pound, 52.4% Fixed Carbon, 36.67% Volatile Matter and 6.8% Ash; it is free of Gypsum and Pyrites of Iron, the chemicals which make clinkers.

On the other hand, Blue Blaze is the best of Bituminous coals, and while it is very quick-starting, it will ignite from newspapers, if you've got enough of em, it cooks easily and holds fire very well. It is the hottest of Carbon County coals, having 14,216 B. T. U.'s per pound, 54.8% Fixed Carbon, 41.4% Volatile Matter and only 3.8% Ash, or only half as much ash as the ordinary coal, and it does not clinker either. While it is not related to Chesterfield, "It More Than Satisfies."

They can solve any fuel problem put up to them. If neither one can do it alone, it's a cinch that they can do it together. They have done it for thousands of others, why not let them do it for you?

ORDER YOUR WINTER'S SUPPLY TODAY

Old Man Winter is late getting around, but you can bet he will make up for lost time when he does come. Why not let us help you give him a "warm reception?" "AND ANOTHER THING!"—It Won't Be Long Now, until there'll be lots of snow on the ground, and there's no roof over the coal piles. If you come after it, we will help you load; if you want it delivered our experienced and careful deliverymen can fill your order in record time.

And the Price Is No Higher.

For Coal That's Fine! Phone 8-0-9

"When Better Coal Is Mined,
DETWEILER'S
Will Have It for Sale"

The generous patronage which the good people of Twin Falls community have given us, and our quality coals, has made it possible for us to give, in turn, Twin Falls the most spacious, best equipped, modern coal yard and service in our Gem State. We appreciate your support and reciprocate by equipping our yard and training our organization as we have with the primary object of being of better service to the coal-consuming public of our community. We trust that we may merit your worthy support at all times in the future, and if at any time you have any suggestions to make to improve our service they will be gratefully received.

A Firing a Day Keeps the Cold Away With an Electro-Matic Stoker.

Since Ford's got self-starters, refrigerators became self-icing, there's music in the air, Will Rogers flies from Hollywood to New York and back in days, we realize that we must do something to keep up with the times; accordingly, we have secured the agency for a residence furnace stoker, the best we were able to find, and within reach of every home owner.

This Stoker is operated with juice from a light socket, is automatically controlled, can be installed without the fire going out; burns slack coal; all the attention it requires is to stop it once every day, two, according to the weather, has a forced draft attachment which burns most of the smoke, and keeps the desired temperature without regulating the drafts, running down stairs every few hours and all of the bother of hand firing.

Aside from the convenience and comfort to be had with an Electro-Matic Stoker, it is an investment. In a residence, using ten tons of lump coal yearly, on the basis of prevailing prices, the stoker should pay for itself in several years and they last indefinitely. We will be glad to explain it to you in detail at any time.

Yes, we sell Feeds, do custom grinding and corn shelling when we get a chance

We have been saying so much about coal that you may think we have nothing but coal, but, if so, you're mistaken. We carry a full line of Hi-Grade feeds. When Eggs are pie per dozen, and you want them to lay, just take one advice and follow the Bettweiler way. If you have just about enough milk to get your chicks off the ground, just add a little more, if you need it, just give "Old Boss" Bettweiler's Dairy Feed. If your hogs are not as fat as us, don't go around and shout it. If they're skinny and you want them fat, Bettweiler's Hog Feed is the feed to use. If you have cattle, just tell us your needs, and whatever it is, we're the ones to supply. Our prices may be higher but the quality is there; the results they obtain are beyond compare.

BETWEILER'S HI-GRADE LIVESTOCK FEED

Codlings; Turnips; Oats; Oatmeal, Barley, Alfalfa, Bran, Stockfeed, Lime and Salt. All pure feeds.

Cetrolana Butterlike Laying Mash.

Cetrolana Sweetened Dairy Feed.

Cetrolana Extra Corn Meal.

Cetrolana Extra Wheat Flour.

Cetrolana High Protein Flour.

Cetrolana Hard wheat Flour.

Barley, Oats, Corn, Beans, Bran, Stock-feed, Oyster-feed.

We will have also labeled First and Third cutting hay in about a week.

We Are Paying 40c-in-trade for Eggs

Hits Lively Pace

Christmas seals, the founders of the Anti-Tuberculosis Association, are being sold here in large quantities. Pharmacy, Club Book, June and Daily public library today in Mrs. H. E. Ditt's, Twin Falls chairman of the seal sale.

A great deal has been done for the seals distributed through the medium of solicitation and local letters that supply the seals to the schools, the church, and other prominent business men.

In order to give their patrons better service, the older Club seal has been introduced. Each seal conveyor is said to be the only one in the state, and the last word in modern coin counting machinery.

The seals measure various sizes and made it into various sizes and made it into ten a minute.

In the future those buying coal will be asked to buy the seals, and those who buy the seals from their teachers and 1000 to be added to the supply already distributed to the rural schools by Mrs. Chapman.

Each school, win is directing the sale of seals in the country schools.

The small town of Hansen has decided that the committee regards no quite remarkable.

PREPARING FOR
CHRISTMAS RUSH

"Some Christmas stuff is being manufactured every day," asserted P. W. McElroy, Twin Falls news master, last evening. Louise Hill, daughter of Mrs. A. G. Hill of Hansen to Robert Howell of Salem, Oregon, at Salem, Oregon, is preparing to go home to the Rock of Gibraltar, president of Spokane university students. Mr. and Mrs. Howell are packagers of fine clothing in St. Louis, and the daughter before she was to be wedded to the Rock of Gibraltar, Hill, will be substituted.

He said that the names of five extra with the Rock company. Mrs. Howell was announced yesterday as the Hansen high school had play, and received a scholarship to Spokane university, which she was attending, when 2000 and 2500 pieces of first-class mail will go through the com-

pany. The Rock firm will be the largest in the country.

TWIN FALLS, IDAHO, THURSDAY, DECEMBER 8, 1927

SOUTHERN IDAHO PRODUCTS WIN HIGH AWARDS AT CHICAGO SHOW

Special Dispatch to The Times

BONISI, Dec. 8.—Idaho products triumphed at the International Toy and Novelty Show, recently held in Chicago, taking the acceptance prize in the tobacco seed division and the principal prize for practically all the small seed and grain entries.

Competitors were limited to the United States as all Canadian products had entries in the show. In the tobacco seed class the competition was very keen, but Idaho growers took more than half of the premiums offered. In this division the winners were:

John C. Sterling, first and grand awardee; E. F. Fisher, Rockland, sixth; O. J. Wilson, Jerome, 11th; Lee Dewey, Butte, 12th; H. L. Johnson, 13th; Fred W. Bailey, Butte, 15th; Lee J. Mott, Shoshone, 16th; Whitehead and Richardson, Virginia, 17th; Wm. W. Wyll, Dahlonega, Georgia, 18th; and C. F. V. Gedman, Aberdeen, 21st.

After holding their record-breaking entries for several years Idaho was forced to step down in favor of a Wisconsin entry in this division, that year.

Second, third, fourth and ninth place were taken by Idaho, who went to the Gem state growers. The winners were:

C. H. Gallant, Jerome, second; L. E. Johnson, 10th; W. H. Williams, Butte, fourth; W. T. Harding, Butte, sixth; Mike Poyer, Emmett, ninth; New York Life Ins. Co., Blackfoot, 11th; Lee J. Mott, Shoshone, 12th; Frank Passer, Emmett, 13th; Holger Christensen, Shelley, 14th; Samson Blaser, Emmett, 15th; R. D. Nelson, 16th; and Walter Wendell, Blackfoot, 20th.

In the abele clover section Idaho took first, second and fourth as follows: Dillinger and Welch, Butte, first; A. E. Bellier, Coalfield, second; D. C. Currington, Butte, fourth.

In the corn seed division Idaho took two awards as follows:

Yellow, dent, 10-cent; Alan Sullivian, Emmett, first; Ralph Hafer, Hafer, 11th; C. E. Irvin, 12th; John D. Hafer, Coalfield, 13th; and R. O. Ward, Wendell, 20th.

In the white dent, 10-cent, section, Ralph Hafer, Coalfield, first.

In the single ear section, H. C. Emmet of Nampa took first prize with an ear of yellow dent corn. Ralph Hafer, Coalfield, was second with an ear of white dent corn. Irving Johnson of Nampa took fifth with an ear of yellow dent corn. C. E. Irvin of Gooding was seventh with an ear

of yellow dent corn.

The twin falls daily times

JUDGE CONSIDERS BURGLARY CASE

Special Dispatch to The Times

JEHOMA, Dec. 8.—Preliminary examination was held yesterday of the affidavits in the case of state vs. Fay Jeffette and Jim Waller, who held Monday before Probate Judge Samuel Mr. Gandy, having waived preliminary hearing.

The complainant alleged that the two defendants broke into a pool hall in Eden early Saturday morning and stole various articles from the place, among which were two cartons of cigarettes, a kack, three pocket knives and a watch.

There was a great deal of conflict in the testimony given and Judge Summer took the case under advisement.

John Niss has received a telegram from his brother, H. L. Niss of the City, Calif., informing him of the death of Mrs. Niss, who died Saturday morning. Mr. and Mrs. Niss will be remembered as pioneers of this place.

The bondsmen, who are district held election voters, for confirmation from their third districts—May and H. K. King were nominated, the latter winning the election.

of white dent and Ira Anderson of Wendell won tenth with an ear of yellow dent.

The Idaho folks took second place in the corn seed competition with a heavy exhibit of white dent corn.

In the spring wheat exhibit Idaho has three winners, Henry H. Andersen, 11th; Fred Bruse, Kuna, 12th; and J. W. Stoddard, Shoshone, 13th.

Idaho placed but one in the Triticale division, sixteenth place being awarded to C. W. Jones of Aberdeen, the winner was:

John C. Sterling, first and grand awardee; E. F. Fisher, Rockland, sixth; O. J. Wilson, Jerome, 11th; Lee Dewey, Butte, 12th; H. L. Johnson, 13th; Fred W. Bailey, Butte, 15th; Lee J. Mott, Shoshone, 16th; Whitehead and Richardson, Virginia, 17th; Wm. W. Wyll, Dahlonega, Georgia, 18th; and C. F. V. Gedman, Aberdeen, 21st.

After holding their record-breaking entries for several years Idaho was forced to step down in favor of a Wisconsin entry in this division, that year.

Second, third, fourth and ninth place were taken by Idaho, who went to the Gem state growers. The winners were:

C. H. Gallant, Jerome, second;

L. E. Johnson, 10th; W. H. Williams, Butte, fourth; W. T. Harding, Butte, sixth; Mike Poyer, Emmett, ninth;

New York Life Ins. Co., Blackfoot, 11th; Lee J. Mott, Shoshone, 12th;

Frank Passer, Emmett, 13th; Holger Christensen, Shelley, 14th;

Samson Blaser, Emmett, 15th; R. D. Nelson, 16th; and Walter Wendell, Blackfoot, 20th.

In the abele clover section Idaho took first, second and fourth as follows: Dillinger and Welch, Butte, first;

A. E. Bellier, Coalfield, second;

D. C. Currington, Butte, fourth.

In the corn seed division Idaho was forced to step down in favor of a Wisconsin entry in this division, that year.

Second, third, fourth and ninth place were taken by Idaho, who went to the Gem state growers. The winners were:

C. H. Gallant, Jerome, second;

L. E. Johnson, 10th; W. H. Williams, Butte, fourth; W. T. Harding, Butte, sixth; Mike Poyer, Emmett, ninth;

New York Life Ins. Co., Blackfoot, 11th; Lee J. Mott, Shoshone, 12th;

Frank Passer, Emmett, 13th; Holger Christensen, Shelley, 14th;

Samson Blaser, Emmett, 15th; R. D. Nelson, 16th; and Walter Wendell, Blackfoot, 20th.

In the white dent, 10-cent, section, Ralph Hafer, Coalfield, first.

In the single ear section, H. C. Emmet of Nampa took first prize with an ear of yellow dent corn. Ralph Hafer, Coalfield, was second with an ear of white dent corn. Irving Johnson of Nampa took fifth with an ear of yellow dent corn. C. E. Irvin of Gooding was seventh with an ear of yellow dent corn.

JUDGE CONSIDERS BURGLARY CASE

Special Dispatch to The Times

JEHOMA, Dec. 8.—Preliminary examination was held yesterday of the affidavits in the case of state vs. Fay Jeffette and Jim Waller, who held Monday before Probate Judge Samuel Mr. Gandy, having waived preliminary hearing.

The complainant alleged that the two defendants broke into a pool hall in Eden early Saturday morning and stole various articles from the place, among which were two cartons of cigarettes, a kack, three pocket knives and a watch.

There was a great deal of conflict in the testimony given and Judge Summer took the case under advisement.

John Niss has received a telegram from his brother, H. L. Niss of the City, Calif., informing him of the death of Mrs. Niss, who died Saturday morning. Mr. and Mrs. Niss will be remembered as pioneers of this place.

The bondsmen, who are district held

election voters, for confirmation from their third districts—May and H. K. King were nominated, the latter winning the election.

Scout Heads Elect Officers and Name Budgets for 1928

T. M. Robertson, Twin Falls, is selected president of the Snake River Scout Council. Operating Expenses Will Not Increase Much.

T. M. Robertson, Twin Falls, was elected president of the Snake River Council of the Boy Scouts of America at the annual election meeting of that organization at the Hotel Idaho, last night. The office selected for the coming year were: Guy Gardner, Twin Falls, director of Business, replacing M. M. Robertson; Dr. D. H. Hyatt, director of Finance, replacing W. C. Adams; Charles Purdy, director of Health, replacing L. G. Phillips; and Robert Adams, Durley, three-term treasurer, succeeded in his office by W. E. Nixon, Twin Falls, former director, succeeding him.

There is only one thing wrong with the farming industry, he said, and that is that the prices of farm products are not equal to the cost of production.

He made up his mind he would do what he could do to help, and he has decided to hold a model of a farm equipment.

The small as well as the large farms of the country Idaho will not much longer be able to compete in the market.

There is only one thing wrong with the farming industry, he said, and that is that the prices of farm products are not equal to the cost of production.

SPORTS

Tingwalls Bowlers Win Three Straight

RILED SCOTSMAN ROCKS REFEREE

By United Press

Billing over the 800 mark in each contest, the Tingwall team defeated the Dry Climate three in a row at the C & S bowling alleys last night. The wins were 251, 241, and 243 points to 234 for the Dry Climate.

Buck Thorpe and Otto Taylor became new members of the Alameda team last night. The team, with Jimmie Moore, topped 241 and Taylor 455. Thorpe topped 241 and Taylor 455. Thorpe tied with Earl Hooker for high three-game scores.

Harry L. Jones, the new member of the high individual score team, topped the high individual scores in one game when he bowled 195.

He went through 12 perfect frames, revealing that he knows his bowling material well.

Kunkle, the pattering, and his name continued to smear the Dry Climate all through the second game. Bill Ladd, however, fought back with seven pins in the 10th frame of the last game. It was a nice shot. Bill

Tonight six members of the local ten-pin bowling team will be an equal with the pin smashing champion of that place. Those who will represent Twin Falls are Charles Larson, John Johnson, Pauline Egan, Benji J. Potts and Fred Hall.

Last night's games ended this week's

bowling competition here.

The scores were:

	Total	1st	2nd	3rd
Hooker	169	165	180	141
Taylor	141	178	129	153
Thorpe	155	150	157	157
Yocum	162	166	180	151
Kunkle	178	178	178	174
Totals	891	828	822	754
Dry Climate	745	789	697	727
Hall	116	170	112	128
Ashby	137	172	159	167
Robertson	119	121	155	163
Vogel	125	127	123	161
Ladd	118	118	128	124
Totals	745	789	697	727

This is the second meet for local ten-pin teams that has been recently held in the history of the state department of forests and waters according to Charles E. Daroworth, head of the department.
