Competent To Judge

There is no better way for you to learn the true value of commodities in general use than to read the advertisements day by day—regardless of whether or not you have any immediate intention of buying.

Those young housekeepers whose first experiences in marketing began in war-time have a fixed idea of high prices. Those of an older generation have an equally strong conviction that prices should be lower.

With the shifting changes of a rapidly moving world both prices and values are bound to fluctuate. A shrewd investor studies these trends with scrupulous care in published financial reports compiled by experts.

Then as she comes to buy she may do so with full confidence in her knowledge.

An intelligent housewife may similarly make herself a competent judge of values by studying each day's advertisements of the things she needs—just as the broker studies his stock list.

TWIN FALLS TAKES BOTH GAMES FROM FILER TEAMS

Bruin Boys Break Jinx, Nosing Out Filer 17 to 16

Breaking a jinx of four years and driving the spectators into a magnificent frenzy, the Twin Falls Bruin boys defeated the Filer Wildcats here last night, 17 to 16, after the game had been carried into extra periods of play. First score was made on a free throw by Krumpton.

The Bruin boys took a lead of 5 to 14 in the first few minutes of play. The Wildcats called time out to "sandwich" and stop the rally which continued fairly well as the quarter, after being largely confined all day, ended 5 to 4 for Twin Falls.

The second period was a close thing, the first ending in a 7 to 7 tie. The Bruin boys played good ball in the second on defense, neither team being able to do much in the scoring line. Both teams resorted to long heaves and Filer kicked first in many positions without success.

The second half opened with the Bruin making a field goal in the first order. Again Filer took time out to get together and the attack. Taylor went out for the Bruin and Brown came in at the forward position. The Willetts journal of war had its effect, and the Bruin boys were managed to tie the score at 11 to 11 but before the third quarter ended the Bruin had again assumed a lead of 15 to 12.

During the final quarter Martin scored one field goal and a basket, his place. The score was tied at 15 before. Brown threw a punt and just before the game Smith tied the score at 16 points with another free throw.

The first extra period was successful. Fitch went out for the Bruin and Kelly came in but the Bruin's new team order altered. The crowd went during the second extra period. The Bruin's attack was successful while. Play was mostly up and down the Twin Falls goal with the Bruin Filer team making a narrow defense. Early in the period Smith fouled Krumpton and the Bruin scored for the first time. The remainder of the period the Wildcats threw possession to the Bruin 20 times.

After about 16 minutes of play, the Bruin took a basket. The Bruin settled the fight with a 17 to 16 score for Twin Falls. Fitch, Nelson and Taylor played excellent ball for the Bruin. Fitch taking the tip off from the dandy King and Taylor of the Bruin played the best game of his life. Nelson set at usual, but his playing a perfect defense. Taylor, Fitch and Nelson fighting almost to a halt of Nelson, fighting like a true Wildcat to protect his goal. King and Smith and Miller played wonderful ball, and made much credit for the Bruin boys by their team.

HOUSTON, Feb. 3. J. M. Stark of Michigan, Idaho, Tex. received president of the Mountain States Hoop Roller Association in convention here last night. J. C. Lewis of Tennessee was chosen first vice president and H. G. Hoopes of Oregon, Utah, second vice president.

This means that the Hoop Roller Association is being organized in the Mountain States for the first time. For light number the Bruin had a main annex, a lead of 15 to 12.

Here's Our Used Car Platform

in black and white

1. All used cars offered to our public shall be honestly represented.
2. All Studebaker automobiles which are sold as CERTIFIED CARS carry a properly worded title, and carry a 24-month guarantee, replacement of defective parts and free service on adjustments.
3. Every used car is conspicuously marked with the price in plain figures, and that price, just as the price of any new car, is fully maintained.
4. Every purchaser of a used car may drive it for a week, and then, if not satisfied for any reason, turn it back, and apply the money paid as a credit on the purchase of any other car in stock now on hand.

You can't get a squarer deal than this in any new car showroom. You can't find better used cars—better values—better time-payment rates, look where you will.

We signed the famous Studebaker Good Car Pledge because we believed that used cars should be sold on the same high plane that characterizes the merchandising of new cars. We believe in this Pledge, we are looking up more used car sales, with our reputation as new car dealers, if you are thinking of buying a used car or a new car under \$1000—don't buy until you have talked it over with us.

Studebaker 1926 Standard Phaeton with Hex enclosure, bumpers, spot light and fully equipped—like new.

Studebaker 1925 Standard 5-Passenger Sedan—Chase-Mohr—apholstered, repainted and fully equipped. This car drives like a new one.

Studebaker 1924 Light Six Touring, repainted and a real bargain.

1926 Nash Advanced Six Sedan; repainted like a new Nash. New tires, fully equipped throughout.

1928 Dues Coach. Original paint, tires not scratched. One look like new and drives the same.

In addition to above, we have a few cheaper Used Automobiles Not Guaranteed, that are excellent buys on terms you can meet.
