Formal Dancing Party at Elks Hall Is Vivid Event of Week

Irish Motifs Evidenced in Effective Hall Decorations

Ireland's native soil was honored at the formal dancing party at which Mr. and Mrs. John D. Thomas, Mr. and Mrs. John R. Bunting, Mr. and Mrs. Frank F. McAtee, entertained Friday evening at the Elk's Hall. Guests had shaded the room with large green trees, while latticed stems of green and white formed the novel shades for the four corner chandeliers. Clusters of green, white and pink carnations were draped from the ceiling; shamrocks studded the walls, green fans cut with the window of fern placed above the windows.

Golden lamps and a basket containing green and white balloons, ornamented the platform at one end of the hall. Refreshments served by a caterer from "The Lame Latte Shack in Athlone" were despatched with an arrangement of green sandwiches and white cream paper.

Green and white proconsul adorned the tables, while flowers were derived from the American garden. Horned horned hats, wearing dainty pink gowns. Pipes, aprons and masks were presented as favors to the guests. The party arrived at 11 o'clock from a table, hand-painted, and having as a centerpiece, a cut glass vase of pink carnations, green leaves and white carnation holders. The other services were presided over by Mrs. Thomas, Mrs. Bunting, Mrs. Head and Mrs. McAtee.

Their services were furnished by Harriet's orchestra. * * *

Re-elect Teachers of Rupert School

(From State Correspondence)

RUPERT, March 17.—School officials here quietly marched into the Independent school office, the Taylor Building, immediately following the arrival of Mrs. Finlayson, left by motor car, a month's wedding trip to Portland, Oregon, and Algoma, Idaho. The teacher, who has taught in the school factory here since Mrs. Finlayson went before her marriage, debarred at the Roosevelt hotel. Mr. and Mrs. Finlayson will be at home in Twin Falls April 11.

Tatapochon-Camp Fire group, including many young people at the meeting, Saturday morning, at the former W.M. W. Camp, held a new spring east made plant for the annual Easter bonfire to be conducted April 12. Weather, although favorable, was poor and cooked food and candle will be on sale. It will be voted. The possibility of going in a camping trip will be considered.

In all demonstrations were made and the meeting closed with the singing of "Taps." A St. Patrick's bumper was served, and each girl was given a sprig of raven.

Bridge Party Favours St. Patrick's Motif

Mrs. H. J. Dinkelacker and Mrs. J. Foster were hostesses at a St. Patrick's day bridge party Friday afternoon at the home of the former, Mrs. Watson, Mrs. C. E. Smith, Mrs. G. T. Barnes, high score going to Mrs. O. W. Witham and second high to Mrs. E. B. Barker. Entertainment included a short talk by Mrs. K. K. Moore, the talk bore Irish coffee motifs.

Following play the hostesses, assisted by Mrs. Robert Haller and Mrs. Bert Mason, served a delicious luncheon, which formed a colorful combination of green and white. The service table had an centerpiece a crystal vase of pink rose buds and was flanked by green taper-holders. * * *

War Mothers to Sell Carnations

Saturday, May 12, preceding Mother's Day, the Twin Falls chapter of War Mothers will endeavor to sell an carnation sales, according to plans made Sunday afternoon at the home of Mrs. J. S. Avant, on Fourth avenue. The proceeds will go to the disabled veterans at the hospital at Boise. Mrs. H. J. Reynolds, president of the chapter; and Mrs. Mary Hall,

Ladies!—

Greta Garbo at Her Best in New Starring Vehicle

(From State Correspondence)

GRETNA GARBO, who has risen to what might be termed the highest of film ratings in her early American pictures, even though far from their equals who have come before her, is now starring in "The Divine Woman," which opens Sunday at the Grand Theater. Miss Garbo, who has the reputation of needing 20 words a film, goes even further by providing a speaker caption with the substance of every picture in which she is starred.

Richard Barthelmess, star of "The Patent Leather Kid," now at the Orpheum Theater, following its winter home run on Broadway, has ridden in rage, automobile airplanes, balloons and scenes of revolution to become the greatest thrill of his life when he took his first ride in a tank.

Barthelmess was with "The Patent Leather Kid" at the Grand, Saturday.

Richardson, who has been taking over the town of Idaho Falls, has been a guest of the Westfall family, which includes Mrs. Westfall and three sons, formerly lived in Twin Falls.

What a fine toy a tank would be on any night!" Barthelmess declared.

ANXIOUS FOR NEWS

(From State Correspondence)

Miss Richardson, who is the widow of the man who built the dam, which has been damaged by the flooding of the St. Francis River, still has her brother, Ivan, in California.

Westfall states that his brother and family, which includes Mrs. Westfall and three sons, formerly lived in Twin Falls.

What a fine toy a tank would be on any night!" Barthelmess declared.

Dick Barthelmess as Doughboy

(From State Correspondence)

Westfall states that his brother and family, which includes Mrs. Westfall and three sons, formerly lived in Twin Falls.

What a fine toy a tank would be on any night!" Barthelmess declared.

State D. A. R. Held in Twin Falls Soon

(From State Correspondence)

Annual convention of the 10 chapters of the D. A. R. will be held in Twin Falls Friday and Saturday of this week, about 40 delegates being present. The program will be opened during the afternoon will be followed by a dinner meeting at the Rogerson Hotel.

The Saturday evening session will be held at the Bremner and Professional Women's Club, will be given over to the report from the chapters and the address of the state agent, Mrs. C. E. Smith. Dances will be given Saturday afternoon at the Twin Falls Opera House and other social points Saturday afternoon.

Weekend entertainment will be provided by Mrs. W. W. Brothers, Mrs. F. W. Ruthers, and Mrs. Mary

Finlayson-Johnston, Marry This Morning.

Miss Richardson, who is the widow of the man who built the dam, which has been damaged by the flooding of the St. Francis River, still has her brother, Ivan, in California.

TONIGHT ONLY "OLD IRONSIDES"

(From State Correspondence)

Seductive! Alluring! Tantalizing; Gorgeous! Put them all together—they spell G-R-E-T-A-G-A-R-B-O!

The flaming star of the North is here now, in a film even more romantic and exciting than "Flesh and the Devil." You'll rave about her.

The fascinating story of a little laundress who reaches Fame's pinnacle along the road of thrilling romance and tense drama.

Treatment by Gladys Parker. Based on her play "Starlight." Scenario by Dorothy Furman. Titles by John

Ford. Music by Alfred Newman. Directed by Victor Saville.

PLAY OF COEUR D'ALENE PROVES REVELATION TO FANS; FINAL GAME EXPECTED TO BE PLAYED TONIGHT

North Idaho Quintet Expected to Defeat Pocatello and Then Romp on Through Moscow to State Championship in Evening Battle.

Special Dispatch to The Times

POCATELLO BEATS BOISE
POCATELLO, March 17.—The undefeated Coeur d'Alene team will meet Pocatello here at 2:30, this afternoon in the semi-finals of the state basketball tournament, which began Thursday in Reed Hall. The winner of this game will meet Moscow high at 7:30 this evening. Should Coeur d'Alene win both games it will be declared state champion without further play. If Pocatello beats them in the first game, they will be opposed by Moscow tonight and the loser will be out of the tournament. The two teams reported to much joy shooting, however.

Ashton Eliminated
POCATELLO, March 17.—After an uncertain start Moscow rallied and beat the one-time Idaho champion Thursday night 19 to 14. As the game got under way Ashton consistently did not play well, getting the worst of the first half play, getting the best of the second half play, getting the best of the third period, the locals pulled ahead and were leading 15 to 12 at the half's end.

From then on Boise went into full swing, pulling away to a 20 to 14 victory in the final period.

Their "Waterfall" Ashton, leaving the center for the title Monday night,

was one of the fastest and best shooting players in the tournaments ever held in the north Idaho five.

Changes for finishing the tournament tonight are considered definite.

BUILE ELIMINATED
POCATELLO, March 17.—After a hard-fought battle between the two centers in the first period Moscow, the latter, is considered to have the best chance of defeating Coeur d'Alene because of the fact that Moscow only has to their rivals from the south to contend with in the semi-final after

they have won the 10-count yesterday after

Prediction Made
NEW YORK, March 17.—Predictions made by Graham-Paige that their new model, the Graham-Paige, would beat the Coeur d'Alene and Moscow would prove to be correct, as each team matched up with their respective opponents in the end of the first period.

These two teams, however, lost the first and winning game to the other, but the former found few opportunities to clinch so one-sided was the competition.

Never in the history of Idaho basketball—only once—has the Coeur d'Alene worked the ball

so well as it did—Buile—scored school basketball has a team so dominant.

once thus after time and shot with almost certain results.

POCATELLO BEATS BOISE
POCATELLO, March 17.—After an even first half, Ashton and Moscow were defeated by the Buile quintet with scores of 15 to 11 last evening, marking the third consecutive victory for the Buile team. Their only defeat out of

four games came to them by the next team, Cook-

ville, Kansas, last year. In this game, however, the Buile forces forced to play the

fourth period to tie it when it had been scoreless.

Last evening the Buile played on at

with the second quarter, when the Buile, however, took over, winning 14 to 10 to 24 to 14 in favor of the Buile team.

Miss Norma Scully, racing center

on Buile's great team of last year,

had to give up her place to the Buile team.

ANSWERS FIRST DEGREE MURDER IN SILVER CITY

SPRAY OF THE FALLS

R. S. Roberts, radio technician, is in town on business this week.

Howard and Maxine Koenig, house-keepers from Los Angeles, Calif., returned from their vacation.

Sellers and Bridges to Answer for Killing of Ludlow and Patrick

Following a plea of not guilty to charges of murder in the first degree, Fred J. Ludlow, Twin Falls rancher, and his son, Charles, were released yesterday after being held without bail by the county court of Owyhee county, without bond, by Judge E. H. Townsend of the state court. The charge grew out of the killing of Fred and his son, Clayton Patrick on the Ludlow ranch at three o'clock on Feb. 22 last. Testimony offered by either side failed to establish who probably developed during the trial.

Statement made shortly before the death of Ludlow to Dr. D. L. Alexander, attending physician, introduced evidence that he had been shot and that the men were fired upon from ambush and that Ludlow was unarmed. Statements of the prisoners made to the Twin Falls officials indicated that they came to the conclusion that the formation of the death of the two men was that both Ludlow and Patrick had guns and that the killing took place outside the boundaries of the ranch in the preliminary trial. Examination of the ground where the killing took place resulted in the finding of evidence which indicated that the two men, the state testimony declared, had been shot from behind.

Charles F. Jones, deputy sheriff yesterday for four hours, left Bark Park Kopp, wanted her on a temporary offense.

Mrs. Mildred Tyler, teacher of the school at the Ludlow ranch, made application for a passport to Czechoslovakia, his former home, where he plans to visit for a year.

In Recovery—Mrs. Frank Schubert, who underwent a major operation at the Twin Falls general hospital, is recovering from a gallbladder operation.

Consults—Dr. W. H. Hunter, Twin Falls dentist, and advertising manager of the Twin Falls Journal, will leave this evening for Salt Lake City, spending the weekend.

On Spring Break—Miss Peggy Wallis, student at Mountain College, Walla Walla, Wash., arrived this morning to spend spring vacation with her parents, Mr. and Mrs. H. A. Wall.

A. H. Jensen, auditor of Minidoka County, and Arthur L. Humphrey, Twin Falls Wednesdays auditor, and his office force, Friday.

Sadness in Operation—Mrs. Mary Park, daughter of Mr. and Mrs. W. Park, who live south of Twin Falls, is getting along nicely following an operation at the county general hospital.

Masonic Banquet—Arrangements have been completed for the second annual Masonic dance given from time to time in Twin Falls by Twin Falls Lodge No. 10, the most prominent Masonic Lodge in the city.

Deputy Sheriff E. F. Prater of Twin Falls county took the stand to tell of the finding himself and C. F. Jones, who were members of the Masons, who were members of the Knights of Pythias, officials having to travel such long distance to reach the scene. They brought the members to Twin Falls together with the title and authority of Knights of Pythias.

The affair, for Masons, and their friends, is to be strictly informal. Lodged in jail as part of the connection to one of the deaths, and caused by the members of Lawrence, Hodson and the defense judge, J. D. Hodson, who died by the defense, the Masons, who were members of the Knights of Pythias, against the accused, as decided by the court.

One is in the third judicial district over which Judges Anna Brink and Clinton Hanson preside and the next over which the court is presided over by Judge J. E. Johnson, for May 15, at which time the trial date is set for the day when the calendar.

PAN-HELLENIC—Pan-Hellenic Women's club will entertain at the Hotel Idaho, Monday, May 15, Eighth avenue, Twin Falls, evening, at bridge.

South Idaho adopted 960 cars yesterday in one week, 231 cars in one day.

Salmon—Much building is under way, in prospect, including 39 non-block addition.

EXPLOSION ACCOUNTS FOR LIVES OF THREE

MORE MARINES BEING SENT TO TROUBLE ZONE

United States Prepares to Make Final Drive in Hope of Restoring Order in Nicaragua.

By United Press

WASHINGTON, March 15.—The White administration officials planned—this—in their search for a solution of the Nicaragua election problem, the navy department prepared today for a last

drive in Central America by mobilizing an additional thousand marines for service in the Central American.

The approach of the rainy season, it was explained, necessitates sending the marines now launched on offensive operations in the northern isthmus, to the Pacific coast, where they will be impasse after the heavy rains.

The wet season begins usually about the first of May and continues into December, two months after the last of the dry season.

Less than two months in which to subdue Gen. Augustino Sandino and his followers.

The landing of marines will be assembled, one at Quetzal, Vz., and the other at San Diego, Cal. Because

of the number of sea marines now available, it was decided that it may be necessary to reduce the marine guard on ships at sea to provide a sufficient number for the new expeditionary force.

Meanwhile, the long expressed

wish of the administration can be

reached by the following statement:

Conservative chief who has opposed the American plan to supervise the elections in Nicaragua, said: "Managua—it was learned, has been instructed to redouble its efforts to come to an understanding with the Chamorro faction."

WILLIS CONTINUES ATTACK ON HOOVER

By United Press

LANGDON, Okla., March 12.—Senator Willis opened his third week-end campaign against Secretary of Commerce Hoover, who is a punch in the kidney of the man who took over Hoover's position on the League of Nations and farm relief.

Willis reiterated his charge that Hoover had in mind a secret treaty with the Democratic Congress to support President Wilson's principles.

The senator also accused the "iron curtain," headed by Hoover, during the war, with unfairness to the farmers and declared that such people "are not safe persons in whom hands to entrust our country's farms."

Willis did not pledge himself to any specific bill for farm relief, but urged the Senate to pass a general farm relief measure before adjourning.

HEAVY DRINKER CONCLUDES HE KILLED JOSEPH ELLIOTT

By United Press

NEW YORK, March 17.—Michael Reagan, the saw-a-refugee-to-the-poor Joseph Elliott, the millionaire who died yesterday, and decided immediately that he was the long missing killer.

Elliott is an ironmonger and his trade is heavy—drinking. After a night in a saloon he walked into Brooklyn police headquarters and gave himself up—the murderer of Elliott, the wizard and turncoat.

After checking his story against the record of the famous case, police officers arrested him. They held him without trial and ordered him sent to the psychopathic ward of a hospital.

"I don't know why I told that story," he said. "I am a criminal and have no right to tell it." He was sentenced to 15 years.

REPUBLICAN LEADER SILENT REGARDING BORAH PLAN

By United Press

WASHINGTON, March 17.—From the capital, the Republican public leaders reacted yesterday to the announcement by Senator Borah that donations are being taken for a privately organized party fund to help him. Senator Borah, \$165,000 campaign contribution.

The public leaders could not private the political effects of Borah's plan. The critics, however, maintained that he is proceeding on a wrong theory or that even if right, he is M. Hueter of the Republican party, making early leases in an unprofitable committee, declined to follow his

Can of Nitroglycerine Explodes, Killing Youngsters.

By United Press

CLARKSBURG, W. Va., March 17.—Three youths were instantly killed and another, injured perhaps fatally, at West Union, near here, at noon today, when a can of nitroglycerine exploded.

Farmer, passing along the isolated country road leading to the explosion, later found the three boys dead and the fourth, injured.

Because Elmer Doak was unable to talk coherently, it could not be learned how the explosion occurred.

COOLIDGE HAS MANY GUESTS AT BREAKFAST

By United Press

WASHINGTON, March 17.—Leaders of Congress who have to do with expediting legislation were breakfasted this morning by Coolidge.

Others included Republican Floor Leader Curtis, the Senate's Democratic Floor Leader Robinson, Chairman Jones and Watson of the select committee on agriculture, and the chairman of the Senate committee on appropriations, Representative John E. Davis, and Shadoff, and

Representative Blanton of Texas failed to get record vote on Bill; Measure Requires Expenditure of \$274,000,000.

HOUSE PASSES NAVAL BILL

Hickman Enters San Quentin

MEASURE PROVIDING FOR FIFTEEN NEW CRUISERS AND ONE AIRCRAFT CARRIER APPROVED BY BIG MARGIN

Representative Blanton of Texas Failed to Get Record Vote on Bill; Measure Requires Expenditure of \$274,000,000.

By United Press

WASHINGTON, March 17.—The house today passed the naval authorization bill adding fifteen new cruisers and one aircraft carrier to the United States fleet at a cost of \$274,000,000.

The vote was 287 to 58. Representative Blanton, Democrat from Texas, failed in an effort to get a record vote on the measure.

ANOTHER SPRING OPENING

By United Press

WASHINGTON, March 17.—Leaders of Congress who have to do with expediting legislation were breakfasted this morning by Coolidge.

Others included Republican Floor Leader Curtis, the Senate's Democratic Floor Leader; Chairman Jones and Watson of the select committee on agriculture, and the chairman of the Senate committee on appropriations, Representative John E. Davis, and Shadoff, and

Representative Blanton of Texas failed to get record vote on Bill; Measure Requires Expenditure of \$274,000,000.

RAISING MONEY FOR SUFFERERS

Death Toll of Flood Expected to Be Between 350 and 400.

By United Press

LOS ANGELES, March 17.—With legislation by the federal states and county agencies to combat the flood still incomplete, it is expected to require a further \$1,000,000 for the flood stricken Santa Clara valley.

Although the total number of dead was still indefinite, officials place the toll at between 270 and 290, most 200 more missing. It was still feared a final checkup will show that between 350 and 400 persons lost their lives.

E. J. Wilpersdorf, safeman:

"I would prefer a girl who is quiet and modest. I hate those tomboyish girls who are so bold. Tell all of us, then."

Boston Police Looker-up:

"I would prefer a girl who is quiet and modest. I hate those tomboyish girls who are so bold. Tell all of us, then."

Aston, Narragansett:

"I would want a girl who is a fine housekeeper and who would think of something else besides satisfying around the country all day and all night."

J. C. Cooley:

"I would prefer a girl who is not looking for money, but who wants to help me. I hate all deceit and treachery."

Waterford, Connecticut:

"He might be up your way with a question—TODAY."

ELEVEN FOUND GUILTY

By United Press

DELTAHIE, March 17.—Eleven persons were found guilty of the assassination of Gen. Michael Rovachewitch, which created a tempest in the Balkans last October.

Four received the death sentence. The seven others were sentenced to from five to 20 years of hard labor.

BOSTON SWIFT BY FIRE

PLATTSBURGH, N. Y., March 17.—Two dwellings, both occupied by old men, were destroyed by fire last night, the first building, the Plattsburgh theater, in which were located offices of the New York Life Insurance company, the Mutual Linen Company, and others, were destroyed.

Five reports of investigating commissioners of the board of water and power are being prepared to be submitted to the commissioners next week.

BOAT HAMMED

By United Press

WASHINGTON, March 17.—A court-martial was convened today to investigate the ramming last night of the San Pedro, Calif., of the battleship California by the steamer Alfie Alexander, which sank the boat.

The boat was damaged and proceeded, but the California had a cut on the starboard side.

SOCIETY AND AMUSEMENTS

Edited by Miss Jean Dinkelacker. Office Phone P-C-X-38. Home Phone 78-W.

Formal Dancing Party at Elks Hall Is Vivid Event of Week

Irish Motifs Evidenced in Effective Hall Decorations.

Ireland's patron saint was honored at the formal dancing party at which Mr. and Mrs. Charles A. Thomas, Mr. and Mrs. John J. Burns, Mr. Heag and Dr. and Mrs. George G. Heag, Mr. and Mrs. Frank G. McAtee entertained Friday evening at the Elks Hall. The room was decked with the colors of Ireland and piped with battle scenes of green and white, formed by novel shades; for the four corner chandeliers, a series of green and white balloons, suspended from the ceiling; shamrocks studding the walls; green fans caressed with sprays of ferns draped over the windows.

Golden harps and a basket containing green and white balloons, ornamented the platform at one end, while a golden harp, a basket containing leprechauns was served by a carded maid from "The Lemo Little Shack Athlone." The hall was decorated with an arrangement of green and white balloons and white crepe paper.

Green and white programs adorned with shamrocks were distributed by the hostess. Refreshments, carrying names on the cards, were served for a half hour by Mrs. Aspin, and the instant hostess, Mrs. Mary Shultz. Mrs. A. L. Ross and Mrs. H. J. Muller assisted.

Finfaxton-Johnston Marry This Morning

Mrs. Letta Johnston and V. A. Finfaxton were married Saturday morning at the First Presbyterian church immediately following the service. Mr. and Mrs. Finfaxton left by train a month's wedding trip to Portorico.

Mr. Finfaxton, who has been engaged at the Elmer Hotel for some time, dined from a table handsomely appointed and having as a centerpiece a cut glass vase of pink carnations and green leaves. The silver services presented by Mrs. Thomas, Mrs. Harvey, Mrs. Hemp and Mrs. McAtee, were fitted to this charming affair. Music was furnished by Hartline orchestra.

Tatapochon Group Plans Easter Sale

Tatapochon Camp Fire group, at a meeting Friday evening at the home of Mrs. Katheryn Thompson, made arrangements for the first annual Easter sale to be conducted April 15. Fat Wright's. All sorts of dried novelties and favors, including dried fruits, nuts and candies, will be on sale. It was voted that the possibility of going on a camping trip to "Polt Lake" this summer would be considered.

One month, \$1.50; three months, \$1.65; six months, \$3.25; one year, \$6.00.

BIBLE VERSE AND PRAYER

LONG LIFE ASSURED—My son, forget not my law; but I thine heart keep my commandments: For length of days and length of life, and peace shall they add to thee. Prov. 3:3, 4.

PRAYER—O our God, make us to be glad and rejoice all our days.

TREND OF TIMES IN TRANSPORTATION

In discussing with local business men some phases of railroad operation while in town this week, officials of the Union Pacific provided information that will give serious food-for-thought to those who pay any attention to or have an interest in economic affairs in this country.

Perhaps no factor of public service is undergoing more radical changes than that relating to the transportation of passengers. Freight handlers may think they have their weighty problems because of complicated rate structures and the demands for increased service because of community growth here and there along the rail lines but they are not faced with a type of competition that is bringing grey hairs to many a traffic head-in-charge of the handling of passengers. This statement may be the more fully appreciated when it is known that on the Union Pacific system alone there has been a decrease in passenger traffic during the last four years of 26 per cent. Responsibility rests upon the automobile and the surfaced highway and the word "responsibility" is used advisedly of the common return, "fame." In this instance there is no thought of censure for the simple reason that the railway interests of the country realize that good roads and automobile transportation are here to stay.

Therefore the problem takes the form of adaptation to circumstances rather than a useless combatting of the advance of progress. In their efforts to meet this new situation, the railroads are due every consideration from the public if for no other reason than that the public, in reality, own the railroads through the medium of the stock market. So that in considering these problems, there is always that factor of public ownership to be reckoned with, a factor that is becoming more and more emphasized month-by-month and year by year.

While figures are not available, the statement has been made in print that at least ninety per cent of passenger traffic losses have occurred on suburban and branch-line trains for the very obvious reason that the auto has taken the place of the "local." That is why the railroads are seeking to discontinue unprofitable trains operated by steam locomotive, substituting therefor the more modern gasoline-electric train more adapted to frequent local service. And it is not at all improbable that within the next few years the railroads will be forced to go into the bus business as supplementing through service. There is no good reason why they should not; in fact the heavy tax charges assessed the rail lines all over the country for a large share of cost of highway construction from which they cannot hope to receive any direct returns, would seem to warrant first consideration at the hands of the public. It is the irony of fate that business institutions such as the railroads undoubtedly are, should be forced to contribute liberally to agencies that are apparently in direct competition with their best interests. Yet there is the compensation of seeing the expansion of trade through the building of good roads; the railroads are serving larger numbers of people, they are hauling road machinery, paving materials and all the other articles of commerce incident to such remarkable growth as we see right here—in this section of southern Idaho. So the wise railroad executives are facing the new problems courageously, thoughtfully and always with the best interests of all concerned closely at heart.

One more item: there is evident prosperity in this country if the figures of the Pullman company are to be accepted, figures which indicate a growth in Pullman car business of 26 per cent in the last four years and this in the face of the best day coach equipment to be found anywhere in the world.

Get Hot, Skillet, Get Hot! Says John G. Neihardt in the St. Louis Post-Dispatch, reviewing Walter Lippmann's "Men of Destiny": "In men of destiny tastes differ. Take your pick: Al Smith, Calvin Coolidge, William J. Bryan, H. L. Mencken, Sinclair Lewis, Warren G. Harding, McAdoo, Wilson, House, Lorah, Mellon, Justice Holmes. Taken altogether it is rather a distinguished and respectable company in which Mr. Mencken and Mr. Lewis find themselves."

—This man must have had a brief time in peace himself to candidate for the survival of society—but at least he did not have to worry about "that dangerous film," and porrokin, according to present-day scientists. It would be a compensation to know that even if he could never drive a Ford, he was in no danger of outliving his teeth.

—Wisdom, perhaps, as some philosophers insist, makes us older men. I have laughed during a week in Washington as I have laughed in no other like period of my life. — G. D. Eaton in "Plain Talk." The power lobbyists, you can see the funny side of congress.

The Idaho Rate Association Says:

"And what is this Idaho Rate Association? Just a voluntary organization of insurance companies spending time and money to help right a wrong that is being done to insurance companies in the interests of a few states."

"We could make \$56,000 more on feeder stock shipped in here from Nevada—if we had the same rate as the other Western States have. And that would be too much, wouldn't it?"

Other Viewpoints

FARMING IN THE FUTURE

Hartford Courier
Farm and Predease sees in the near future a great corporation-owned farm. There will be 10,000 acres or more in the farm, which will be managed by experts in their line, such as agricultural chemists, and an expert in a sugar manufacturer, a general manager, a manufacturing manager and, likely, the manager of a meat-packing house, who will be responsible for the production of meat products. There will be buyers, of course, and an admissable number of farmers, who will be given opportunities for participation, which, that farm of the sort is bound to come, before a legal outgrowth of such organizations as the California Fruit Growers' Marketing Association.

Montana, which contains 26,000 acres. The laborers on this all receive \$1 a day, minimum, and 45,000 acres of wheat are sown and harvested, and the entire work being done by machinery.

The writer of the article points out the possibilities of bringing off this scheme, but says that it is not for one farmer, however able, to acquire enough of his own capital to purchase a large tract of land in most difficult, that what occurs to the individual farmer is to get into a position

and becomes effective. He might become a stockholder in the corporation, buying stock, and in this way get around an employee on the farm that was once his, but he would have little, if any, management, as that would be the charge of the corporation. He would, at the end of the year, his profits added to his credit, but he would be an employee. He would, in short, be indentured to the corporation.

This fact the author recognizes, but points to the shoemaking industry as an example of the benefit to be derived. A century ago, many New Englanders were employed in the shoe-making business, and the makers, who worked from morning to night. Now, we are told, "the modern shoemaker takes a child's turn, and goes to bed early, and sleeps well. He does not indorse, but can only perform one of the various operations necessary to the making of a shoe; he cannot do more than one operation at a time."

And he is not alone, exactly what the employer on an immense farm would be. The corporation would pay him a good wage, and for his services, we take, thirty-five independent men will work, who will be a few small farms upon which they will be able to do all the work themselves. The man who makes a large profit, but the chances are that they will enjoy life.

INDUSTRIAL ALCOHOL AND STARCH

Twin Falls Times-Advertiser
A manufacturing plant for starch, water glass and alkali, at 70 cents per 100 pounds for each article, which are made into industrial alcohol.

Industrial alcohol is made at a cost of 11 cents per gallon and sells higher than the best grade of gasoline as a motor fuel, leaving a nice profit to the manufacturer.

The Twin Falls district probably has a greater potato production than any section of the northwestern states, and has the highest quality of potato seed-materies. At the present time, the low-grade potatoes are being graded and sorted to determine the sale and demand for the better grades with the consequence that the better grades hold down the value of a good deal of motor fuel. So much in fact that a gallon gaso-line practically two dollars a gallon in gasoline.

If we made our own motor fuel we could create another local industry, and could sell it at a price of about 10 million dollars a year that now goes to outside concerns for motor fuel, that is, we could make that much potato alcohol in a year.

The United States imports potato starch to the amount of 20 million pounds a year, and the manufacturers a good deal more, and the starch and the industrial alcohol could be produced in either the town or the zone of the most successful potato flour manufacturing plant in the United States.

RANGOON, BURMA

Baltimore Capital News
United Press dispatches say that a British newspaper, the "Standard," says the may be under fire from Rangoon and, for the life of us we can't quite make ourselves accept the idea.

Probably it was true enough. Technically people are said to have been

What have Rangoon and Mandalay to do with railroad trains, anyway? They're supposed to be romantic cities of the mysterious east. Well, they're not. They're just two dark-eyed, maledict, and red-faced British soldiers. Railroad trains indeed! The thing is preposterous.

Prepare to Pave Highway Between Buhi and Filer

Special Dispatch to The Times
BUHL, March 17.—There is much talk about the rail road at this time. Mr. H. H. Holman is endeavoring to get the state to buy out the town of Buhi in purchasing the highway between Buhi and the Plover highway, payment to be made by the state. Construction company, of Spokane, is unloading two carloads of equipment to be used to put on crushed rock surfacing on the highway between Buhi and the Salmon river, which is the eastern terminus of the highway district. At the same time a number of cars are being loaded.

Mr. Johnson, who is to be the supervisor for Silver City in Owyhee county to be

witness in the trial of Tom Bridges and Joe Sellers, confessed murderers, Patrick and Edna Lundow, at Twin City, Feb. 23.

W. S. Morris is planning to plant tomatoes next Monday. May we look for new arrivals in six weeks?

Mr. Davis, who has installed a number of friends in the 7 o'clock

Wednesday evenings. Green was the decorative color and the menu was excellent. In keeping with the St. Patrick's dinner, Green was served for 16. The party consisted of Mr. and Mrs. H. E. Laupis, Mr. and Mrs. Charles Laupis, Mr. and Mrs. C. R. Robinson, Mr. and Mrs. W. S. Bowen, Mr. and Mrs. Louis Werneburg, Mr. and Mrs. D. C. West, Mr. and Mrs. Harry J. Reiley and Mr. and Mrs. Doris James.

Mrs. James Pence, Mrs. John Pence and Mrs. J. G. Winter entertained at their home last Wednesday evening. Refreshments were served. We did not learn who won the prize, but we did learn that all had a splendid time.

SPORTS

PLAY OF COEUR D'ALENE PROVES REVELATION TO FANS; FINAL GAME EXPECTED TO BE PLAYED TONIGHT

North Idaho Quintet Expected to Defeat Pocatello and Then Romp on Through Moscow to State Championship in Evening Battle.

Special Dispatch to The Times

POCATELLO BEATS BOISE
POCATELLO, March 17.—The undefeated Coeur d'Alene team will meet Pocatello at 2:30 this afternoon in the semi-finals of the state basketball tournament, which began Thursday at Reed Hall. The winner of this game will meet Moscow high at 7:30 this evening. Should Coeur d'Alene win both games it will be the team possessed of endurance and clared state champion without further play. The boys from the lake city are in a class by themselves, however, and their superior speed could bring about the north Idaho five, which is not expected, Pocatello, will oppose them with Salmon and Grace eliminated Moscow tonight and the loser will be out of the tournament, plus begin Friday afternoon. Playing Coeur d'Alene to meet Moscow, the winner for the title Monday night.

Changes for joining the tourney—eliminated tournaments held in the men's doublets are considered good to view of Coeur d'Alene's consistently fine play throughout. Of the two teams left in the tourney, the latter is considered to have the best chance of defeating Coeur d'Alene because the fact that Moscow only got to their rivals from north Idaho by a 10 to 16 count yesterday after noon.

Prediction Mu... Some day ago the basketball committee—an as yet unnamed—declared that Coeur d'Alene and Moscow would play. Coeur d'Alene was ahead 8 to 4 at the end of the first quarter. In the middle of the second period when the score was 14 to 6 at the end of the half and with the effective defense of the latter, Moscow had a ten point lead. It was at this time that it was known that he was a good player.

Coeur d'Alene—While Salmon, now in the history of Idaho high school basketball has a team so dom-

inant after time and shot with almost certain results.

POCATELLO BEATS BOISE
POCATELLO, March 17.—After an even first period, the boys from the Pocatello high school basketball team handily beat Boise high school under an avalanche of baskets Thursday evening, 24 to 14. In the third period, however, the two teams were leading 15 to 12 at the half. From then on Boise went completely to pieces and Pocatello won the game with the help of the former's comparative weakness of their own team.

Veteran Railroad Engineer Honored on Completion of 47 Years Faithful Service

Forty-seven years is a long term of life and that was precisely the employment with a railroad company, only method of transportation before motor men may claim in the running of the automobile and motor men having served so long now found steel rails of today, there were lighter than in the steel of around 1881.

That honor now belongs to George Newton, veteran engineer on the Union Pacific Railroad Company's Oregon Short Line.

"Dad" Newton celebrated his new-angle birthday yesterday—that means that he has taken the age of retirement from active-duty with the railway company.

In observance of ancient custom, Engineer Newton was the guest of honor at the Union Pacific, Inc., restaurant in the Oregon Short Line Building, Twin Falls, at 12:45, he was a passenger coach in the center of interest on the part of the many friends who had gathered to take care of the luncheon.

Younger men thrived towns and cities.

Brown suit and blue eyes were the only uniform of the railroad man, and water, after their millions of thousands of dollars have been invested in electrically-operated electric shutes and water tanks of large capacity.

Added by his friends, past in the instance of the item of notice, goes: "The 'holy' engine of Dad's youth have gone to the ocean. During recent years he has given his man's best effort in the construction of many mechanism and machinery locomotives that haul heavy trains and freight cars along the railroads.

There were tears in Dad's eyes yesterday as he said "Goodbye" to his friends as associates.

South Idaho shipped 360 cars yesterday in one week, 237 cars in one day.

Sure Feed, Corns, Bumpons? Wren Archers? Phone 810. Dr. Foster, Spokane, Wash.

NOTICE TO WHOM IT MAY CONCERN:

WHEN THE RESPONSIBILITY FOR ANY DEATH OCCURS, EXCEPT MYSELF, GEORGE H. BROOKS.

New Phone, 426.

Heard at the Hotels

The stories have had many of us to remember in the history of the world, but we can add one this morning.

Part 1: "Say, Mike, sure you have heard the story about the pair of mules that got away?"

Part 2: "What's the story?"

Part 3: "Say, Mike, what's the story?"

Part 4: "Say, Mike, what's the story?"

Part 5: "Say, Mike, what's the story?"

Part 6: "Say, Mike, what's the story?"

Part 7: "Say, Mike, what's the story?"

Part 8: "Say, Mike, what's the story?"

Part 9: "Say, Mike, what's the story?"

Part 10: "Say, Mike, what's the story?"

Part 11: "Say, Mike, what's the story?"

Part 12: "Say, Mike, what's the story?"

Part 13: "Say, Mike, what's the story?"

Part 14: "Say, Mike, what's the story?"

Part 15: "Say, Mike, what's the story?"

Part 16: "Say, Mike, what's the story?"

Part 17: "Say, Mike, what's the story?"

Part 18: "Say, Mike, what's the story?"

Part 19: "Say, Mike, what's the story?"

Part 20: "Say, Mike, what's the story?"

Part 21: "Say, Mike, what's the story?"

Part 22: "Say, Mike, what's the story?"

Part 23: "Say, Mike, what's the story?"

Part 24: "Say, Mike, what's the story?"

Part 25: "Say, Mike, what's the story?"

Part 26: "Say, Mike, what's the story?"

Part 27: "Say, Mike, what's the story?"

Part 28: "Say, Mike, what's the story?"
