

Idaho a Good State
The Twin Falls Times believes it to be a privilege to have its part in the making of one of the most important of the great newspapers of the West.

By Way of Service
The Twin Falls Times desires to have for the purpose of rendering a service through the distribution of its news service.

VOL. XI NUMBER 21

TWIN FALLS, IDAHO, FRIDAY, MAY 18, 1929

PRICE FIVE CENTS

WARRANT FOR EXECUTION OF REDS
Appropriations Reach Ninety-Nine Million

BOMB WRECKS ELLIOTT HOME NEW YORK CITY

Police, Convinced Dead in Work Sacco-Vanzetti Sympathizers; Elliott Family Escapes Injury But Entire Neighborhood Gets Bad Scare.

NEW YORK, May 18.—Vengeance on the executioner who at the bidding of the State, sent Sacco and Vanzetti to death—more than 100 other persons to death in the electric chair, was sought today with dynamite.

The home of Robert G. Elliott, official executioner for New York and other Eastern States, was partly wrecked by a powerful bomb. Police had no doubt that the bombing was done by some one outraged by one of the executions performed by Elliott.

The explosion was powerful and wrecked the front of the home in the Richmond Hill. The Elliott family and some of their neighbors were blown out of their beds by the blast.

Elliott was convinced that Sacco-Vanzetti sympathizers were responsible for the explosion. He received threatening letters and police searched his home for several days.

More than fifty detectives and hundreds of uniformed police converged in the search for the bombers today. Elliott, tall, gruff man, 60 years of age, has five friends and relations who have been known to talk about his work and unperturbed by the affair. He and his wife, remained in their damaged home, their upstairs room having been left intact.

Elliott's self-possession was characteristic. He always refused to take precautions against attempts on his life and would not move, although advised to do so, when threatened last night.

He has some kind of a notion about life, which took him to death camps in New York, New Jersey, Pennsylvania and Massachusetts, quietly and unobtrusively. Reporters, curious about the man, seldom saw him after the death chamber. After it was over, no words were spoken.

THREE HUNDRED IN PATH STORM HARDLY ESCAPE
MADRID, Spain, May 18.—Three hundred members of the "Reds" fled south of here on the fled river, many narrowly escaping injury in a torpedo attack on the train, according to practically every home in the town, the school house and the cotton gin were damaged and twisted by the storm, resulting in reported injury to five persons.

'BILL' HAYWOOD PASSES ON IN RUSSIAN HOME

Self-oxidized Communist Agitator Dies in Moscow After Long Illness.

MOSCOW, Russia, May 18.—William "Bill" Haywood, former United States convict, died in a self-imposed exile here today, his 66th year. Haywood's condition had deteriorated for several weeks after a long illness. He was a Communist agitator who was arrested more than a month ago but the Communist's heart was too hard to let him go.

Haywood had been a fugitive from American justice since 1921, when he fled to Russia to escape serving a 20-year prison sentence for obstructing the war. The sentence was imposed by the United States Supreme Court.

Haywood never succeeded in Russia. He had to leave in 1927 and later was released on bail pending a review by the United States Supreme Court. He was arrested again in 1928.

Haywood would tell his own story regarding to Judge Landis. He advanced his "Bill Bill" story on his own terms. He often boasted for what he called "the high life" in the United States. He was full of reminiscences about Cripple Creek and the "high life" in the United States.

Haywood was born in Salt Lake City, the son of a poor miner. He grew up among laborers and developed the spirit of unrest that marked the mining and labor camps of the West in the late nineties.

His first public appearance as a labor agitator was in 1919, when he founded the Industrial Workers of the World.

He was involved in the assassination of Governor Steinbocker of Idaho. Senator Williams' "Borah" was arrested and he was charged with the crime. He was later released.

Baccalaureate Service For Twin Falls High School Sunday Night

METHODIST EPISCOPAL CHURCH AT 8 O'CLOCK

Invocation: Rev. A. G. Pearson
Antiphon: Mrs. O. P. Duvall, Director.
Scripture: Mrs. O. P. Duvall, Director.
Solo: "O Love That Will Not Let Me Go" Mr. Harold Hines
"Ovation": Accompanist: Alice Elina Parratt

Commencement week for Twin Falls high school will open with the baccalaureate service Sunday evening, May 20, at 8 o'clock at the Methodist Episcopal church, the Rev. E. C. Harton, pastor of the First Baptist church, will deliver the sermon.

The union chorus choir, under the direction of Mrs. G. F. Duvall of the Presbyterian church, and composed of forty voices selected from the members of the Presbyterian, Methodist and Brethren churches, met Thursday evening in the Methodist Episcopal church for the baccalaureate service. Special attention and energy is being directed toward the music for this occasion, the talent of the six churches in the city on this occasion.

Shore Stations to Have Ten Millions
WASHINGTON, May 18.—Appropriation of approximately \$10,000,000 for new construction of naval shore stations throughout the country and in the insular possessions was approved today by the House panel affairs committee.

It reported favorably the Butler bill carrying out Secretary of Navy William D. Clegg's recommendations made recently, except it eliminated \$1,500,000 for a new ammunition depot at Haythorne, Nev. Since this is taken care of in the second deficiency bill reported today, the only change made by the committee is a decrease from \$14,200 to \$12,500 for commandant's quarters in the Canal Zone.

COSTLY SMOKE-SCREEN
NEW YORK, May 18.—A high record, it was announced today.

Notice In Old Newspaper Starts Fight For Fortune Five Million
BOSTON, May 18.—A three-line notice in a discarded newspaper found in the back of a Copenhurst house.

HOOVER-SMITH SURE TO LAND OREGON'S VOTE

Issueless Contest Conceded to Give Party Leaders More Delegates.

PORTLAND, Ore., May 18.—Oregon voters went to the polls today at the conclusion of the most unusual primary campaign in the history of the State.

Outstanding peculiarity of the primary campaign included: 1. The entry of Senator Walsh of his own motion and his withdrawal from the race after his first loss.

Directors to Meet on Bridge Question
WASHINGTON, May 18.—Directors of the Twin Falls Canal Company will meet here today to decide upon what steps to take in connection with the destroyed Deep Creek bridge west of Bull. In the afternoon the directors will go to Milner dam for a survey of conditions there.

ALWAYS GOING UP
NEW YORK, May 18.—Arrangements have been made for the sale of a stock exchange rate at \$388,000, a new high record, it was announced today.

NOBLE EXPECTS GET AWAY SUNDAY ON TOUR ALL NORTH POLE REGION
KING ROY, SPITZBERGEN, May 18.—Noble of the polar expedition.

Western Men Will Reveal Program of Utility Publicity
WASHINGTON, May 18.—Open hearings in the Federal Trade Commission today will reveal the program of utility publicity.

UNKNOWNT FRIENDS TRY TO MURDER ENTIRE FAMILY
LUPKIN, Tex., May 18.—John Lang, Houston, paper hanger, is dead, his wife is believed to be dying, and their two children, aged 8 and 6, are in a serious condition as the result of an unexplained attack by an unknown assailant early today in a vacant house here where they were spending the night.

CONGRESS TO PROVIDE FOR PUBLIC WORKS

Boise Listed Among Cities to Have Funds for Public Buildings; Practically Every Department of Government Operation Included in Program.

WASHINGTON, May 18.—Appropriations of slightly more than \$95,000,000 were recommended in the second deficiency bill reported today to the House by the appropriations committee to cover activities of every government department.

WASHINGTON, May 18.—Open hearings in the Federal Trade Commission today will reveal the program of utility publicity.

WASHINGTON, May 18.—The bill for the acquisition of public buildings for the purpose of the war and navy departments.

WASHINGTON, May 18.—The program also carried an appropriation of \$5,000,000 for the acquisition of additional forest reserve lands.

WASHINGTON, May 18.—The program also carried an appropriation of \$5,000,000 for the acquisition of additional forest reserve lands.

WASHINGTON, May 18.—The program also carried an appropriation of \$5,000,000 for the acquisition of additional forest reserve lands.

WASHINGTON, May 18.—The program also carried an appropriation of \$5,000,000 for the acquisition of additional forest reserve lands.

## BIBLE VERSES AND PRAYER

**LIFE OR DEATH**—As righteousness tendeth to life, so doth iniquity lead to death.—Prov. 11:19.  
**PRAYER**—Lord, help us to choose life; therefore establish us in Thy righteousness.

## COWS EAT MORTGAGES AND OTHER THINGS.

It is a significant indication of future development of this county that a man of premier importance in the dairy industry stands near the top in the two main lines of business production of milk and breeding high type cattle. This is the opinion of Ivan H. Loughary of the American Jersey Cattle Club. Mr. Loughary spends his time in promoting and checking up on the development of the business and he knows the situation.

The state president of the association adds that the results at the state experiment farm prove that land in the Snake River Valley produces annually \$118 per acre better. Nowhere else does forage grow so abundantly nor possess such high food value. Every cow returns to the soil fertilizer valued at \$94; this in addition to her value as a milk producer and her increase.

California has had luck with foot and mouth disease, and now with tuberculosis infection that averages as high as 40 per cent of the herds of the state. Herd owners are maintaining their output at high cost and milk sells for prices ranging from 25 cents to 45 cents a quart. They are demanding cows from Idaho where there is practically no tuberculosis infection.

Dealers are buying cows here for prices ranging from \$65 to \$100 and selling them in California for \$150 to \$200. Transportation costs may be ascertained at the freight office to be a small part of the 100 per cent price advance.

California cities are increasingly important factors in the consumption of Idaho dairy products.

When Idaho business men cooperate with the dairy interests of the state to forward that industry, they are buttering their own bread on both sides. When the business men of California cooperate with Idaho they are due to share in the profits which most surely adhere to "fats and vitamins" of the dairy output, as well as adding to the general refreshment of all parties, some jam of their own manufacture.

## HENRY FORD HAS A "KEY TO HAPPINESS"

When Henry Ford went to Philadelphia last Wednesday to receive an Elliott Gresson medal from Franklin Institute he was asked if he possessed a key to happiness.

The richest man in the world made this answer: "Work and be contented, interested and happy in your work if you would be young to the end of your days."

And Henry said much that is worth while in those few words. Work ought to mean contentment for the simple reason that idleness is an open door to mischief and discontent. Of course the Detroit manufacturer no doubt meant that the worker deserves remuneration for his or her toil and that that remuneration ought to be sufficient, not only to buy food and clothing for the family but enable the worker to lay aside a certain amount for emergencies. The combination of work and a fair wage is necessary in bringing about a condition in which financial worry is banished and it is financial worry that seems to be the bane of the toiler.

Happiness in the daily task is another essential and Henry Ford does well to stress that point. The man and woman out of harmony with the job in hand is out of tune with all the world. Better far to make a change to something that will be congenial.

## PRINCE CAROL LEAVES FOR PARTS UNKNOWN.

Prince Carol of Roumania has obeyed the behest of the British government and has taken passage for some place in Holland or in that section of Europe, all because he was caught intriguing against a foreign and friendly government, that of Roumania. It did not take the British authorities long to intimate to Carol that his presence was not needed in London. So he packed his bag and baggage and departed.

Neither is he wanted in his native land because Carol is in bad repute. A few years ago he deserted his wife, his child and country and renounced the throne for the sake of a woman. Now he would like to be able to come back home and become one of the reigning kings of Europe, but Carol is too late, he has overplayed his hand, the people do not want the dissolute prince to rule over them.

Of course the prince will continue to be a source of annoyance and of possible danger to the peace of his homeland so long as he may be plotting to regain a standing he renounced and discarded.

All roads will shortly lead to Shoshone Falls after dark. The nightly illumination of the cataract will be one of Idaho's best advertising stunts ever conceived.

## Other Viewpoints

### PACIFIC COAST POLE HOOPER

Senator Reed of Missouri ran a pole race in the California primaries and the chairman of his committee, "comparing" that "the election has been distorted beyond recognition by a Democratic party which by itself Republicans who had registered by thousands to support Smith, and included those who are willing to subordinate Democratic principles in an attempt to make the Democratic party a Prohibition party.

From so to the extent of that deflection, the result must be anything but the Smith force. The defection of west Republicans, whatever that number quantity might have been, was substantially voted out in the stupendous Hoover vote of 65,000, although by many thousands to one the vote for Smith, including his combined support of west Democrats and west Republicans. It is a reasonable surmise that substantially every California-west Republican who set his face on his wish for Hoover than on the principles of his party, went into the Democratic primaries. That he had been shot.

But what shall be said of the 46,000? Propriety was not in Senator Walsh? Their votes were not pro-actor Smith, and many of the Democratic party are proud to report that protest in November it "Smith" should be the "Democratic" choice.

As in California, so too in Washington, in Oregon and the mountain states, the majority of the party went Hoover.

### A HOPEFUL SIGN

Added evidence that American industry is beginning to get on its feet is contained in a bulletin just issued by the department of health and welfare work figures for 1916 with those of 1927. Shows that in 1916 there were 375 plants which were reported, the 1916 report shows 10 hospitals and 372 regular dispensary or hospital facilities. In 1916 only 171 of those plants and plants closed and only 181 employed nurses; last year 211 employed doctors and 222 employed nurses.

### Daily Poem

**A BRYAD BUSTS**  
By Mary Carolyn Davies

Where the fern is softly pressed  
Under a nymph that falls to rest  
Mending rags with the blue thread,  
She knew tired and flung her here.

So earth's breast with herbs is warm,  
So the arctic fern keep her form;  
And the fleeting one may see  
Here, her fern-like smile.

### Lighter Side

**IN YOUR**  
"What kind of dress did Betty wear at the party last night?"  
"I don't remember; I think it was one."

**LET'S GIVE IT PUBLICITY**  
Teacher: "Norman, give me a sentence using the word 'dramatic'."  
Norman: "People who drive on the railroad crossroads without looking the other way, and who don't know who Stop, Look and Listen."—Kar-Pak.

**BACKTALK**  
"For two cents," said the poleman angrily, "I'll put you in it."  
"I'm not going into it," he replied, "because one copper couldn't do it."

**PASSED HIM-UP**  
Father: "How is it that you failed on every subject at school?"  
Son: "I had an absent-minded professor and he forgot to pass me."

**RESPONSIBLE**  
The young blond was listening to the older clubman as you say, "What a distinguished old gentleman he looks with his snow-white hair."  
"Ah, yes," replied the son. "He's got me to thank for that."

**A MATTER OF TONE**  
Macgregor: "Are ye the 'non' who 'non' ye 'last last time'?"  
"I don't think so, sir. I've only been here six months."

**A VOLUNTARY SUIE**  
Customer: "Are you quite sure, miss, that suit won't shrink if it gets wet out?"  
Miss: "Miss, I'm sure, after five years, many in the city has acquired water coat suit."

**MOTORIST**  
Motorist: "How do you figure that?"  
"I figured it at 40 cents a gallon, but you gave me a dollar and six cents."  
"I'll give you a dollar and six cents," said the attendant. "The price went up in five years before you got here."  
"I put in the last three gallons."—Life.

**STILL THERE!**  
"What makes you insist his heart is in the fish place?"

**SMART IDEA**  
Native: "Sabbath, I've a lot of tires stacked along a mile north of here."  
"I'll buy them," said the tourist.  
"I'll buy them," said the tourist.  
"I'll buy them," said the tourist.

## Yellowstone Park Yosemite Highway In Good Condition

Secretary Samuel S. Wight of the Twin Falls Chamber of Commerce, in receipt of information that the Yellowstone Park Yosemite Highway, No. 83, is partly gravelled and in good condition from Twin Falls to North Fork Falls to Ely the highway is maintained in good shape.

The road is in good condition from Twin Falls to North Fork Falls to Ely, the highway is maintained in good shape.

From Ely to Toiyah the highway is in excellent condition. Toiyah to Goldfield, the gravel surface of the highway is as yet, but it is in good condition to the Ely. The road generally is good. Westward Pass is being maintained right along and is the best part of this piece of road. Big Pine to Mojave improved and maintained regularly; good. Mojave to Los Angeles good.

Highway northwest from Toiyah to Hawthorne is being built with federal aid. It is fully completed from Hawthorne to Reno.

Toiyah to Bishop, via Montezuma Pass, is under construction. The highway is built over the Pass now; but is not built from Bishop to Inyo.

Bishop Pass into Yosemite will be open in the next few days. It is in all indications. Possibly about June 15. The Sierra National Forest, which runs north and south through the range are reported dry and good.

## Leap Years

The years divisible by 100 are never leap years unless when also divisible by 400. Thus 1700, 1800 and 1900 were not leap years, but the year 2000 will be.

## Most People Know This Absolute Antidote for Pain

Most people know this absolute antidote for pain, but are you careful to get the Bayer Aspirin when you have a headache, toothache, or any other pain? Aspirin is the only drug that is safe for everyone. It is the only drug that is safe for everyone.

Aspirin is the only drug that is safe for everyone. It is the only drug that is safe for everyone.

## BRUINS DRIVE PITCHER OUT TO WIN GAME

### Third Game of Series Won By Bruins 19 to 3; Jorgensen Blows Up in Third and Is Hit Hard Until Removed.

Twin Falls hitters carved in on pitcher Jorgensen of Idaho Falls here yesterday night as the Bruins won the third and last game of the series, 19 to 3. For two nights it was a ball game. Idaho Falls scored one run in the first frame on Kelley's double, and Max Martin's single. Twin Falls got the lead with two runs in the third inning on Fitzgerald's walk and Walter Lyke's single. Jorgensen blew up completely in the third, allowing seven runs. He was hit hard by the Bruins, coupled with a barrage of hits, including a homer by Coleman, two runs in the fourth and two more in the fifth. Jorgensen looked demoralized in this inning and was forced to grope his ball during one occasion, permitting the Bruins to hit almost at will.

Just to make doubly certain that Jorgensen was not in the fifth, Altek, Kelly and Benjamin hit two home runs, and Coleman and Benjamin hit safely. Burns, replaced Jorgensen in the box for Idaho Falls in the seventh inning, failed to stop the hitting, rully and Twin Falls scored two runs in the seventh on a home run by Fitzgerald and a sacrifice fly. Kelley led the Idaho Falls team at the plate. His double in the first inning paved the way for Burns, who got three singles in four times up.

Walters got a homer and two singles in four times up. While Coleman was credited with some runs, double and single in four times at bat. Home runs were hit by Fitzgerald, Coleman and Peterson.

A small crowd saw the game, which was called in the eighth inning. Now Idaho Falls to catch the train for Boise.

## WATCHING THE SCOREBOARD

By United Press

Yesterday's hero: Pat Malone, Cubs pitcher, who blanked the Braves and changed the Chicago Cubs to major league status in the National League's prominent race without making five hits off Malone and the Cubs won 2 to 0. The Cubs will hit his first home run of the season.

The Brooklyn Robins defeated the Cincinnati Reds, 4 to 2, knocking the Reds out of a tie for first place with the Cubs. Since the New York Yankees won last night, the second-place Robins were spotted defeat for the Reds.

## McLarrin-Mandell To Fight Saturday

By United Press

McLarrin-Mandell is the name of a fight for the lightweight championship which has been postponed again. This time until Saturday night, because of heavy rain which began falling today with no prospects of letting up.

## Heavy Slugging Helps Bees Even Series With Ogden

OGDEN, May 18.—Salt Lake evened the series with Ogden here yesterday, 12 to 7. In a fast hitting contest, the Bees collected 16 hits off Altek, delivery of Kinney and Maceo. Aside from the first and ninth innings, the Bees were the only team which had the batters coming out of the lead.

## CATS SHARE IN UPWARD TREND WHEAT PRICES

By United Press  
CHICAGO, May 18.—An early rally in wheat throughout the day on Friday at times reached toward 30-cent mark which developed toward 28-cent mark before the profit-taking attack that set back up the wheat. The rally was due to the fact that corn was off and oats were up.

Wheat advanced early on a report of a good crop and export figures of between two and three million bushels. Profit taking developed on the balance and heavy selling was done here in the day. The cash market with receipts of 10 cars, was also heavy.

## NERVOUS TONE MARKET CAUSE HEAVY SELLING

By United Press  
NEW YORK, May 18.—Heavy selling was participated today by the investors in the stock market at New York to the extent from 1.5 million to 2 million shares, and was probably in effect, not by another substantial increase in brokers' loans for the week ended May 16. These loans were estimated at \$100,000,000, a considerable increase over the \$75,000,000 reported for the week ended May 15.

# Steam Shovel Digs Into Mound Sand For Missing Boy

By United Press

CHICAGO, May 17.—(AP)—A team of men, using a steam shovel, dug into a mound of sand in the yards of the Pullman Co. today in search of the body of John Pylek, 11, believed to have been buried alive when the sand "blifted" Monday.

A score of policemen, many mothers, and 1,000 school children waited about the big sand pile, which covers half a city block.

Hundreds of volunteers worked with shovels to aid in moving the sand.

John's mother, Mrs. Stanley Pylek, overheard it at her home, a few blocks from the yards. She collapsed after hours of waiting for news from her boy. The father searched for the boy's body until he became exhausted.

Two of John's playmates said they saw him buried in a hole, while he hid dug himself when the sand blifted. Earlier in the week they had authorities that John had been kidnapped. Police expressed hope that the second story also may be false and that John yet might be found alive.

# Finish 22,000,000th Telephone—And Still They Turn Them Out!

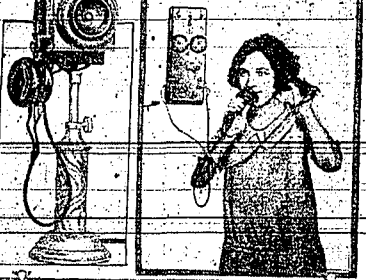

Out in Chicago not long ago the Western Electric Company finished the 22,000,000th telephone instrument. It is more than half a century ago Alexander Graham Bell made the first one, one which he transmitted the first complete spoken sentence on March 10, 1876.

The difference between the Bell model and the one today, as far as appearance goes, is apparent from the picture above. A glance at the two instruments will also serve to show some of their respective merits as transmitters of speech.

Many models of instruments have been made in the intervening fifty years of telephone history. Some of the earlier ones, like styles of other days, seem strange today. The telephone pictured on the right below shows the double-bell model made in 1877 and 1878. The two receivers were of wood and were used interchangeably for talking and listening. The best method was to put one to the ear and the other to the lips, although with the dial telephone instrument, if the hearing was bad, the user would often listen with both.

The instrument on the left shows what was in 1892 the "most improved model" made by Western Electric. In the manufacture of each succeeding model, the aim has not only been to

Above: The old and the new—fashions in telephones are in contrast when the first talking instrument and the latest are brought together. Below: View of two early types made by the Western Electric Company within the past half century.

# Officers Burley Lodge Officiate Master's Degree

Members of the Masonic order in this section of Idaho in a special meeting at Twin Falls lodge No. 22, A. F. & A. M. at which the degree of Master Mason was conferred by the officers of Burley lodge.

A delegation of more than a score motored from Burley, joining with Masons of Twin Falls and surrounding towns in witnessing the degree work. At the close of the formal session refreshments were served.

Harold William Merritt, worshipful master of Twin Falls lodge who opened the proceedings, extended a cordial welcome to the visitors and later in the evening accepted on behalf of Twin Falls lodge an invitation extended by George Klitz, master of Burley lodge, to visit that lodge on a subsequent evening. This was the purpose of conferring the same degree as a matter of reciprocal courtesy.

Harold William Merritt, worshipful master of Twin Falls lodge who opened the proceedings, extended a cordial welcome to the visitors and later in the evening accepted on behalf of Twin Falls lodge an invitation extended by George Klitz, master of Burley lodge, to visit that lodge on a subsequent evening. # Library Meet Is Concluded

Idaho State Library association will conclude a campaign of education in support of a movement for establishing county libraries throughout Idaho. It was decided at closing sessions of the association's annual meeting held at Twin Falls, Wednesday.

Miss Marjorie Orr of Idaho Falls was elected president of the association to succeed Mrs. Edith Hubbard of Lewiston, and Caldwell was selected as the city for the 1929 convention. Other officers chosen were Miss Mary D. Buines of Boise, vice president and Miss Edith Doyce, twin Falls, secretary.

The meeting adopted resolutions expressing appreciation to the people of Twin Falls and to librarians here for courtesies extended to members, especially the "ladies" furnished by town people, the room furnished by the Elks, the program on the twentieth century club, the luncheon given by the librarians, the lunch given by the ladies and the professional men, the efforts of the program committee, the kindness of Miss Orr, president of the Idaho State Library Association, and the hospitality addition to the program, Wednesday morning by the Elks and the ladies.

Members lunch the Perrino Cafe.

# Will Display Work Students Tonight

Exhibits of the home economics and manual arts departments of the Twin Falls high school will be on display this evening at 7:30 at the high school building. The exhibits of the high school will give a 30 minute concert to open the evening program.

The home economics girls will exhibit gowns and other articles, of clothing following the concert. Manual arts students will display furniture and cabinet work. Miss June Stuller and C. V. Jones are in charge of the display.

# Deaths and Funerals

Funeral services for Bert Anthon, 68 years of age, who dropped dead at Burley Sunday morning, will be held at Grossman chapel at 10 o'clock Friday afternoon under the auspices of the Negro Masonic lodge, Square Deal lodge No. 21, A. F. & A. M.

**Service of Proportion**  
It's a pity about the sense of proportion. One doesn't get it until it is here, when there's nothing else to be proportioned about—Elmer Davis.

**Rome Italy's Third City.**  
Although Rome is one of the oldest cities in existence, it isn't even the largest in its own country. Naples and Milan rank are larger than Rome, which has a population estimated at 850,000.

# The Car Owner—and the Car Buyer

From the day you first sit behind the steering wheel your car becomes subject to the forces of depreciation which always attend use and wear and exposure.

The modern automobile dealer knows these hazards and the things needful to combat them, and a vital part of his business is the maintenance of the cars he sells.

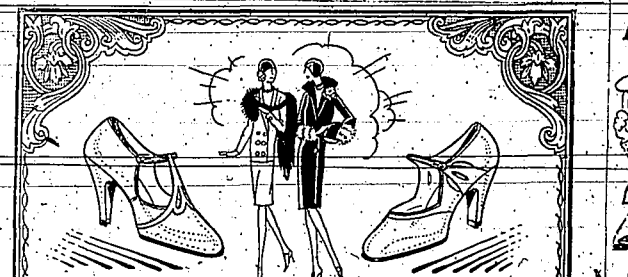

His guarantee of satisfaction to the new owner is proved by his equipment for service and his disposition toward those who have already bought cars from him.

It is the policy of this house to give square deal to the car OWNER as well as to the car buyer.
