## Plunge Party and Watermelon Feast Arranged for Guest

A jolly outdoor party of Friday evening was arranged by Miss Mary Frances Holt in honor of her house guest, Miss Katherine Hester of Pocatello. Other members of the party were Miss Alice Florence Sullivan of La Grande, Ore., and Misses Dorothy Prout, Miriam Glasgow, and Helen Peterson of this city. Young Mrs. Hester, accompanied by Mr. and Mrs. H. H. Holt and Miss Gwendolyn Young, entertained at the party. A watermelon feast completed the evening's activities.

## Bride-To-Be Is Recipient of Many Lovely Shower Gifts

Miss Olive Wilson and Miss Morad Johnson were showered on Friday evening at the Wilson home at a hilarious shower for Miss Jeanne Wilson, who is to be married soon. Miss Jeanne Wilson was the recipient of many lovely gifts. The shower gifts were presented to the bride-to-be by her sister and brother, Lois and Buddy Wilson. Refreshments were served by Edna Alice Wilson and Hortense Hately at the close of the evening. The guests were Misses Lorna Hainbury, Bertha Parron, Alice, Van Zee, Berget Brown, Myrtle Reed, Margaret Webb, Ruth Johnson, Prout, Selma Morgan, Mary Hester, Dorothy Smith, Nettie Wilson and Dora Wilson.

## Temperance Group Elects Officers At Annual Picnic Friday

The W. C. T. U. picnic held Friday afternoon in the city park was an especially pleasant affair. Several members from Kent and a number of visitors from outside suburbs of the organization. The dinner was served by Mrs. H. H. Barnes, Mrs. Montebello and Mrs. Myrtle Reed. H. G. Humphrey conducted the devotionals and was also in charge of the picnic. A splendid talk was made by the Rev. G. E. Johnson, which contained many helpful suggestions relative to the temperance cause.

## At the Orpheum Tomorrow and Monday

Clive Brook and Billie Dove in "The Yellow Lily"

At the Orpheum tomorrow and Monday will be the first of the new season's offerings. The play "The Yellow Lily" is a story of love and adventure. It is a play that has been successful in many theaters. The cast is excellent and the production is of high quality.

## Husbands of War Mothers Are Guests

Members of Twin Falls chapters of the American War Mothers organization were entertained at a luncheon at the city park Friday evening. The husbands of the members were also present. The luncheon was a very pleasant affair and the members enjoyed the day very much.

## Russian Prince in Cast of Greta Garbo's Film, "The Mysterious Lady"

Prince Yevgen Troubetskoy, member of a royal Russian family, plays a role in "The Mysterious Lady," Greta Garbo's new picture. The prince is a handsome and charming man. He is a prince of the heart as well as of the blood. The film is a story of love and adventure. It is a play that has been successful in many theaters. The cast is excellent and the production is of high quality.

## Academic Honors Go to Local Girl

On the eve of graduation as a member of the highest summer school class in the history of Colorado State University at Greeley, Colo., Miss Madge Fox, daughter of Mr. and Mrs. C. A. Fox of this city, has not only been fortunate but already has had by appointment to a position as a teacher in English in the Greeley city schools. There is a rigid rule strictly adhered to that no teacher without experience be employed in the Greeley city schools. The system is recognized as one of the best in the west. The appointment of Miss Fox is a high testimonial to her training and ability. She has been one of the outstanding students in the English department in the college throughout her school career and is graduated with high honors. August 25 she will receive the degree of bachelor of arts.

## Banbury Nat Will Continue Running Until September 10

Banbury Natatorium will open this year until Sept. 10, instead of closing Sept. 3 as has been the custom in the past, according to word received from their today. The Natatorium, which is filled with natural hot water, and is a large one of the hot water spas in the United States. It is a play that has been successful in many theaters. The cast is excellent and the production is of high quality.

## Walker Players at Best in Play Now Showing in Tent

The "Toby Walker" players scored the highest hit of the season here last night when they presented the play "Saintly Hypocrites and Honest Sinners." The play is a story of love and adventure. It is a play that has been successful in many theaters. The cast is excellent and the production is of high quality.

## HEAVY YIELD VOLUNTEER SEED FROM SEVEN ACRES

Seven acres of stalks sown on the farm of Mr. J. J. Diller, near here, yielded a total of 7000 pounds of seed, machine weight, which sold at 12 cents a pound, or a total of 84,000 or \$220 an acre. The seed was planted on the field a number of years ago, the last crop being harvested in 1923. Since then the land has been in grain and alfalfa. This year the volunteer stalks were allowed to come up and the stand was found to be excellent, making a volunteer crop. The average stand is slightly over 17 bushels per acre.

## Home From Seattle—Mrs. E. J. Diller returned Friday from a trip to Lava Hot Springs.

## TOMORROW "Your Hate Would Be Honest!"

HE fell head over heels in love with her, she loved him, and then he learned she was an enemy spy!

One of a thousand dramatic moments in Greta Garbo's most alluring romance.

# Idaho Motorists Attention!

AN ADDED FEATURE TO A. A. A. SERVICE---

## Insurance at Cost

*The Protection That Every Motorist Needs Is Now Offered in Idaho State Automobile Association Membership Policy*

Months of Intensive Effort Have Achieved for A. A. A. Members in the State of Idaho **MONEY-SAVING Insurance That Will Be Welcomed**

### JOIN "A. A. A." NOW!

**ASSETS OF \$4,500,000 Protect You**

In establishing an insurance service in this Club, we are keeping pace with the larger A. A. A. clubs in this country who maintain Insurance Departments for the exclusive benefit and protection of their members. As a result of our success in making arrangements with the Northwestern Mutual Fire Association and the Northwest Casualty Company of Seattle, Washington (company companies), our Insurance Department will issue Idaho State Automobile Association Membership Policies. This now enables us to offer to A. A. A. club members of Idaho an insurance service which will equal that offered by any of the larger clubs.

**SAFETY:** The Idaho State Automobile Association Membership Policy is guaranteed by the combined assets of the Northwestern Mutual Fire Association and the Northwest Casualty Company, which on June 30, 1928, totalled nearly four and a half million dollars. The Northwestern Mutual Fire Association has been operating successfully in the State of Idaho for more than 22 years. We feel that no safer insurance could possibly be secured for A. A. A. members.

**SERVICE:** Appreciating the demand for prompt and efficient loss adjustments, special attention was given to this feature in selecting our companies. Losses sustained, not only in the State of Idaho, but anywhere in the United States and Canada, will receive immediate attention. To accomplish this, the Northwestern Mutual Fire Association and the Northwest Casualty Company have placed their international adjustment service system at our disposal.

**SAVING:** The exceptionally favorable experience on insurance written for A. A. A. members has made it possible for us to offer this complete insurance service to Idaho A. A. A. members at a radical saving in costs.

These combined features of our Insurance Department warrant the thorough investigation by members of the Idaho A. A. A., as well as those who should be members. All our offices have complete information about this new service and will be only too glad to explain it to you.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA), one of the 1046 affiliated clubs which make up the American Automobile Association (commonly known as the A. A. A.), has been one of the predominant influences to secure adequate federal aid funds for construction of a truly national highway system.

IT HAS ALSO BEEN SUCCESSFUL in aiding the fight to eliminate unfair national excise taxes with which motorists have been burdened since the war. Last fight won May 25th, 1928, when 3% tax was eliminated—saving \$30 on a \$1,000 car.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has striven for preservation of Idaho's scenic and historical resources, that they may be perpetuated for all future generations.

IT HAS CONDUCTED, and is prepared to continue on even a larger scale, safety operations which will serve to protect you, your friends and your family—especially your children.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has arranged with judiciary of the state to accept its membership card in lieu of cash bail up to \$25 for traffic violations, except in cases of intoxication and reckless driving.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) provides free roadside aid to members, within five miles in any direction, from the closest official service units; this

covers 20 minutes' labor on car on roadside; change of tires for unescorted women members; delivery of gas, oil, tires or parts.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) furnishes free towing for members, within fifteen miles in any direction, from the closest official service unit.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has provided a legal department which is able to furnish advice and counsel to members in matters relating to the ownership or operation of an automobile. This service includes advice with respect to legal rights in the prosecution and defense of claims for personal injuries, damage to property and other such matters, but does not include personal representation in court.

IT IS THE ONLY CIVIC ORGANIZATION in Idaho that directly concerns itself with the rendition of special statewide touring service for motor-tourists.

THE TOURIST BUSINESS is this state's third largest industry.

LAST YEAR THERE WERE 360,000 out-of-state tourists within our borders.

IN THE STATE OF IDAHO the tourist spent a total of \$1,800,000. This means added prosperity for everyone in the State of Idaho.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) is the largest civic organization operating without profit or commercialism for the mutual benefit of its members and of motorists everywhere.

# Today's Market and Financial News

## CANADA WHEAT REPORT SENDS PRICES LOWER

CHICAGO, Aug. 18.—Optimistic crop reports from Canada sent wheat lower today after a dull session on the Board of Trade. Speculative buying was light and carried the deferred deliveries slightly higher. Wheat closed 5 1/2 @ 5 3/4 lower; corn 21 1/2 @ 21 3/4 lower; oats 13 1/2 @ 13 3/4 lower. Reaction was uneven, due to slight higher. The opening strength at Liverpool was nullified by commission houses selling wheat which moved steadily to the north. Trade was quiet and mostly legal. Good harvest weather was expected.

Canada, outside markets were dull. Receipts were 200 cars with the cash market unchanged.

September corn acted firm early. In the session and advanced 3/4. It then covered but the rest was checked by selling against offers. Speculative rains in the western part of the belt were a heavy factor. Cash corn was steady. Arrivals were 60 cars.

Oats again touched new lows on the crop. Receipts were 315 cars with the cash market unchanged.

Grain futures ranged as follows:

## RAILS IN LEAD AS OFFSET TO IRREGULARITY

NEW YORK, Aug. 18.—Strength in railroad shares offset irregularity in industrial today on the Stock Exchange. Carriers were actively traded in with gains running above two points.

At the same time several industrial titles were bid up to new high ground, the feature of the day being Allied Chemical, which touched a new high at 183 1/2, up 3 1/2 points.

St. Paul Issues featured the rail, the common spurring two points and the preferred more than two.

General Motors was out of the time briefly, holding just under the previous close. But United States

## GREAT CROWDS STATE CAPITAL GATHER EARLY

By United Press  
TOPICKA, Kan., Aug. 18.—This city was a meadow of people at noon today as crowds came to Topickia for the dedication ceremony of Senator Charles Curtis, Republican presidential nominee.

Streets that were lined with lambs and pictures of Curtis were jammed with the visitors who gathered about the site of the new town. Curtis, who had just returned from his tour of duty in the Philippines, was met at the station by his family and friends. He was then taken to his home where a special committee was organized to conduct him to the capital.

ceremonies began in assembly early on the 12 acre plot which fronted the south capital steps where the ceremonies were to be held. The early ones were collecting a choice spot from which to view the event.

Italians and Germans from the (Catholic) reservation added fuel to the occasion and came to see one of their tribesmen, Curtis, honored. The motion is one-eight Kew Indian.

Senator Curtis' event caused all the morning hours in conferences at the Hotel Jayhawk with party leaders. After the luncheon he went to his home where a special committee was organized to conduct him to the capital.

## Four Burley Men Seriously Burned in Bad Weed Fire

BURLEY, Aug. 18.—Four men were seriously burned, one almost fatally when sodium chlorate which they were using to burn weeds seriously ignited. The fire broke out at 8:30 p. m. and the men were seriously burned. The men were Arnold Worthington, supervisor of the weed extermination campaign, who was seriously burned; Arthur Horeley and Dave Lewis, who were badly burned about the body.

The injured men, who are being cared for at Albion, were all burned at about the same time. The men sustained their burns while trying to extinguish the fire about Worthington. Mr. Worthington's clothing was seriously saturated with the chemicals while he was spraying and caught fire from a pile of burning weeds. He attempted to run for his automobile that he might get a blanket to smother the flames. He was overpowered by the flames while going toward the car and fell to the ground. When Moore ran to the fallen man and attempted to render assistance, catching fire himself and being burned while extinguishing the flames on Worthington.

Lewis and Horeley were hauling the spray material in a wagon near by and the wagon caught fire. The men leaped from the wagon, their clothing in flames, and plunged into a stream of water.

# SHINN NAMED BY DEMOCRATS AS CHAIRMAN

James H. Shinn was elected chairman to pilot the Democratic central committee through the next two years, when the committee met this afternoon. Mr. Shinn was elected unanimously. He was also given power to appoint his own secretary and two vice-chairmen. H. G. Myson remarked that he hoped the committee appointed would be a Democrat.

The committee will complete their organization this afternoon, having met at noon and adjourned until 2 o'clock this afternoon.

The Republican central committee was to meet at 3 o'clock in the office of John Graham in complete organization and elect officers. The Socialist party, meeting regularly at noon, elected H. C. Schuler as chairman, H. H. Fredrickson as secretary and treasurer and elected George F. Hilber, as State Central Committeeman.

Their organization was completed during their meeting and their plans made. Hesse E. Graham of Buhl was placed in nomination as State Representative from district No. 1. Logan was also in the nomination as State Representative from district No. 2. Fred Backstra was made committeeman from Twin Falls precinct No. 7 and Milton Hankel made committeeman from Buhl precinct No. 2.

The Socialists will hold their county convention next Tuesday in the office of the clerk of the district court. The Democrats agreed to hold their county convention in the district courtroom at the courthouse next Tuesday.

The Democrats and the Republicans are to complete their organization later this afternoon.

## TODAY'S GAMES

### AMERICAN LEAGUE

At Washington: R. H. H. Detroit 4, Washington 1. Batteries: Carroll and Hargreaves; Marberry and Ridel.

At Philadelphia—First game: R. H. H. St. Louis 2, Philadelphia 0. Batteries: Frowder and Manion; Grove and Cochrane.

At New York: R. H. H. Cleveland 6, New York 3. Batteries: Miller, Miljus, Harler and L. Sewell; Gault; Ditzman; Murray and Neuzach; Grosswald.

At Boston: R. H. H. Chicago 10, Boston 0. Batteries: Thomas and Bern; Moxley and Heving.

Second game: R. H. H. St. Louis 5, Philadelphia 4. Batteries: Hincheloff, Gray and Schanz; Walker, Hommel, Quinn; Earnshaw and Cochrane.

### NATIONAL LEAGUE

At Pittsburgh: R. H. H. Philadelphia 9, Pittsburgh 3. Batteries: Henge, Metraw and Leving; Hill and Hensley.

At Cincinnati—First game: R. H. H. Boston 100, Cincinnati 21-5. Batteries: Delaney, Cooney and Taylor; Luce, Lucas and Hargreaves.

At Chicago: R. H. H. Brooklyn 11, Chicago 7. Batteries: Petty, Harbart, Clark and Deberry; Malone and Hartnett.

## Fair and Warm

Indian Fair and warm tonight and Sunday.

Not a thing new about weather conditions. This district has been fair and warm for about the second week in its line with local conditions. Helena had some. The temperature range for the last twenty-four hours was 52 to 72 degrees.

TEMPERATURES

City	Low	High
Twin Falls	52	72
Chicago	66	78
Denver	60	81
Helena	58	81
New Orleans	78	90
New York	72	82
Portland	51	87
San Francisco	52	83

## BROTHER ROY W. GARDNER LOST LIFE IN FLOOD

T. A. Gardner, 44, brother of Roy W. Gardner, manager of the Twin Falls telephone exchange, was drowned in the flood waters of Deep Canyon, Utah, Thursday night and his body was recovered Friday morning.

T. A. Gardner has gone to American Fork, Utah, to attend the funeral services. He was with his daughter, had attempted to cross the stream in an automobile, the flood waters from the heavy rains cutting the auto and whirling it down stream. The girl then, caught hold of a snag, braced herself in the stream, having freed herself from auto, and managed to pull herself from the stream. She walked two miles to a ranch house and summoned a search party and the body of Mr. Gardner was found five miles downstream beside the twisted wreckage of his car.

## Spray of the Falls

Visiting Father—Miss Virginia Gardner, daughter of the late father of her father, J. O. Hargrave, was in the city.

Guests of Friday—Mrs. Emma Goodland and Miss Pearl Goodland were guests of their guests this week end, Mrs. Mary McNeil and her daughter, Rebecca.

Back From Detroit—Mrs. C. M. McNeil and her family returned from Detroit on a brief outing trip to the city of Detroit.

Returns to Madison—Mrs. Frances Ogilvie returned yesterday to her home in Madison, Wis., after a brief visit to her home in Los Angeles, Calif.

Concludes Visit—Mrs. John Castello, who has been in the city this summer for her summer residence, has returned to her home in Los Angeles, Calif.

Back From Iowa—Mr. and Mrs. H. G. Miller and son John, have returned from a visit with friends and relatives at Atlantic, Iowa.

Associated With Mages—J. E. Peterson, manager of the Cotton station here for the past six years, has accepted a position as head of the Mages Automatic company stock department.

To Mount Valley—Mrs. Ira Wynne and Miss Marcella Wynne are leaving tomorrow on a trip to the Valley of the Moon.

Guests of Friday—Miss Grace Hicks of Ober returned to Twin Falls with Miss Beth Bowen and Miss Marguerite Harrison and spending to be their guests this week end.

On Brief Visit—Mr. and Mrs. George A. Vanden and family are in Twin Falls the guests of his parents, Mr. and Mrs. J. H. Newman, at their home on Fifth avenue east.

Returns From Utah—Mr. and Mrs. Frank Ham and daughter Ruth and son Floyd Ham and wife returned yesterday from a month's visit to the coast.

Child to Utah—Joy W. Gardner, manager of the telephone exchange, was called to American Fork, Utah, on account of the death of his brother, T. A. Gardner, of Myton, Utah.

President Victim Here—Mrs. H. G. Davies and her mother, Mrs. Harriet King, 85, who have been hospitalized at a hospital in Burley, following in-

## Commissioners Back From Trip to Capital

T. E. Moore and M. C. Ward, Twin Falls county commissioners, returned this morning from Boise where they had been in attendance during the meeting of the State Equalization Board. St. Cloud Stewart is still in Boise.

The commissioners stated that their visit had been very beneficial as they had learned much to aid them in their work. They stated they did not know just what the State Board of Equalization would do with the many petitions before it. They were also in attendance at the initial meetings of the Taxpayers' Association and the Anti-Crime conference.

Back From California—Mrs. Verba Lowberry and daughters, Alice, Virginia and Elms Lowberry, have returned from a summer tour of California. They will remain in Twin Falls about two weeks, and will then go to Logan, Utah, where the girls will enroll at the Utah Agricultural College.

Continue Tour—Will Petrie, Miss Maed, David and Gladys Matier, who have been guests at the home of Mr. and Mrs. E. H. Darling, left Friday for their home in Arcata, Calif., by way of Yellowstone park. They have just concluded a motor tour of the western part of the United States and Canada.

Home From Park—Mr. and Mrs. A. J. Hollenbeck and children, accompanied by their house guests, Mr. and Mrs. H. A. Kern of San Francisco and Mr. E. W. Spangler of Twin Falls, returned from a trip to Yellowstone National park, Mr. and Mrs.

## One Body Is Found In Big Reservoir

POCATILLO, Aug. 18.—Floating down, and smugged against brush, the body of George Bailey, 50-year-old insurance agent, who was drowned with two other men in American Falls lake Sunday night, was recovered at 7 o'clock Friday morning near the mouth of Spring creek, by E. C. Chaves and Coroner E. L. Mellan. Identification of the body as that of Bailey was made positive, his fishing license and other personal papers being found in the clothing.

The news that Bailey's body had been recovered led to renewed efforts on the part of Danachis and American Falls boatmen who are searching for the two other victims, Carl Jones and Ben Laying, who were members of Bailey's party.

Chance and Mellan set out at 4 a. m. and after cruising toward the head of the lake sighted the body.

There was only one survivor of the party of four who left here on a fishing trip on the lake last Sunday. He was Cliff D. Gray, who clung to the bottom of the power boat after it had overturned. The other three, exhausted, dropped from the boat's side, washed off by high waves. Gray was rescued in an exhausted condition after spending 18 hours on the overturned craft.

## Bible Chautauqua

Opens Sunday, August 19, 8:00 P. M.

In the Tabernacle, Chautauqua Grounds, adjacent City Park

Turkey Known for more than half century as "The Sick Man of Europe" is the subject (illustrated)

For centuries the devotees of Mohammed hammered at the gates of Europe: "Mohammed," "Islam," "The Scourge of God," "The Sword of Allah." These words have thrashed with meaning and power. Today with many they are but idle tales. THE BIBLE HAS GIVEN TURKEY A PLACE. Do you know what and where it is?

Many Thrilling Subjects to be presented during the week and the weeks that follow

Able Speakers Vivid and Thrilling Pictures

# Don't be talked into buying "long-profit" tires

## They are not worth the money!

It would probably never occur to the average man to buy an "off-brand" tire if somebody did not persuade him.

Perhaps it would never occur to any dealer to "talk up" an unknown tire if some traveling tire salesman hadn't offered the dealer a chance to make an extra 5, 10, 15 or 20%.

Only short-sighted car owners buy "long-profit" tires.

As business men, we can no more afford to sell "long-profit" tires that you can afford to own them.

### There's a reason for Goodyear leadership

Goodyears are easiest to sell because nearly everybody knows that Goodyears give many miles of extra service, yet cost no more than other reputable tires.

Goodyear's acknowledged leadership is not accidental. There's a reason. Goodyear has pioneered almost every worthwhile improvement. Goodyear invented and perfected the straight-side "no-rim-cut." Goodyear first built pneumatic tires for trucks.

Goodyear developed the non-skid tread for motor cars. Until then, tires were smooth tread.

Goodyear perfected and popularized the cord tire. Until that occurred, 95% of all cars were equipped with fabric tires. And when the low-pressure or balloon tire appeared, Goodyear instantly recognized and solved this problem.

Balloon tires, unlike former types, bend and flex rapidly along the side-walls. The average balloon is often flexed about 25,000 times per hour. Over 150 million times in its life. Side-wall strain is terrific.

### Goodyear "Supertwist" means more miles

Inside and outside, the tire must be flexible. So, Goodyear responded with a new, patented cord material that is 61% more flexible than the cord in other balloons.

This feature alone adds greatly to mileage. Many Goodyear buyers get three to four thousand more miles than expected.

This, of course, largely explains why Goodyear Tires outsell all others. And by a constantly increasing margin.

Cut down your tire trouble and increase your mileage by having your car "shod" with the world's leading tire.

# Idaho Motorists Attention!

AN ADDED FEATURE TO A. A. A. SERVICE---

## Insurance at Cost

*The Protection That Every Motorist Needs Is Now Offered in Idaho State Automobile Association Membership Policy*

Months of Intensive Effort Have Achieved for A. A. A. Members in the State of Idaho MONEY-SAVING Insurance That Will Be Welcomed

### JOIN "A. A. A." NOW!

**ASSETS OF \$4,500,000**  
**Protect You**

In establishing an insurance service in this Club, we are keeping pace with the larger A. A. A. clubs in this country who maintain Insurance Departments for the exclusive benefit and protection of their members. As a result of our success in making arrangements with the Northwestern Mutual Fire Association and the Northwest Casualty Company of Seattle, Washington (companion companies), our Insurance Department will issue Idaho State Automobile Association Membership Policies. This now enables us to offer to A. A. A. club members of Idaho an insurance service which will equal that offered by any of the larger clubs.

**SAFETY:** The Idaho State Automobile Association Membership Policy is guaranteed by the combined assets of the Northwestern Mutual Fire Association and the Northwest Casualty Company, which on June 30, 1928, totalled nearly four and a half million dollars. The Northwestern Mutual Fire Association has been operating successfully in the State of Idaho for more than 22 years. We feel that no safer insurance could possibly be secured for A. A. A. members.

**SERVICE:** Appreciating the demand for prompt and efficient loss adjustments, special attention was given to this feature in selecting our companies. Losses sustained, not only in the State of Idaho, but anywhere in the United States and Canada, will receive immediate attention. To accomplish this, the Northwestern Mutual Fire Association and the Northwest Casualty Company have placed their international adjustment service system at our disposal.

**SAVING:** The exceptionally favorable experience on insurance written for A. A. A. members has made it possible for us to offer this complete insurance service to Idaho A. A. A. members at a radical saving in costs.

These combined features of our Insurance Department warrant the thorough investigation by members of the Idaho A. A. A., as well as those who should be members. All our offices have complete information about this new service and will be only too glad to explain it to you.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA), one of the 1046 affiliated clubs which make up the American Automobile Association (commonly known as the A. A. A.), has been one of the predominant influences to secure adequate federal aid funds for construction of a truly national highway system.

IT HAS ALSO BEEN SUCCESSFUL in aiding the fight to eliminate unfair national excise taxes with which motorists have been burdened since the war. Last fight won May 25th, 1928, when 3% tax was eliminated—saving \$30 on a \$1,000 car.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has striven for preservation of Idaho's scenic and historical resources, that they may be perpetuated for all future generations.

IT HAS CONDUCTED, and is prepared to continue on even a larger scale, safety operations which will serve to protect you, your friends and your family—especially your children.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has arranged with judiciary of the state to accept its membership card in lieu of cash bail up to \$25 for traffic violations, except in cases of intoxication and reckless driving.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) provides free roadside aid to members, within five miles in any direction, from the closest official service units; this

covers 20 minutes' labor on car on roadside; change of tires for unescorted women members; delivery of gas, oil, tires or parts.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) furnishes free towing for members, within fifteen miles in any direction, from the closest official service unit.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) has provided a legal department which is able to furnish advice and counsel to members in matters relating to the ownership or operation of an automobile. This service includes advice with respect to legal rights in the prosecution and defense of claims for personal injuries, damage to property and other such matters, but does not include personal representation in court.

IT IS THE ONLY CIVIC ORGANIZATION in Idaho that directly concerns itself with the rendition of special statewide touring service for motor tourists.

THE TOURIST BUSINESS is this state's third largest industry.

LAST YEAR THERE WERE 360,000 out-of-state tourists within our borders.

IN THE STATE OF IDAHO the tourist spent a total of \$1,800,000. This means added prosperity for everyone in the State of Idaho.

THE IDAHO STATE AUTOMOBILE ASSOCIATION (AAA) is the largest civic organization operating without profit or commercialism for the mutual benefit of its members and of motorists everywhere.

## BIBLE VERSES AND PRAYER

**JOY OR SORROW**—When the righteous are in authority the people rejoice; but when the wicked beareth rule, the people mourn.—Prov. 29:2

**PRAYER**—Lord, we would ever seek in faithfulness to secure only the righteous for official position.

## BRAVE PEOPLE UNDERTAKE AN AMBITIOUS PROGRAM

To enter a cage filled with wild animals requires both nerve and bravery. Similarly it is also risky to go carting over a dynamite magazine.

These truths are brought to mind by the conference held in Boise a few days ago by doughty citizens of several Western States to consider taxation. There is no more dangerous phase of our political and economic life than this matter of making a levy on resources of the individual for the operation of government, no matter what that government may be.

Reading the press reports of the conference there was a general onslaught on present expenditures of public funds and a decrying of the trend of the day toward the introduction of so-called luxuries in our state and national programs. The accusation was made that legislators whether in city commissions, county commissions, legislatures, or in congress, are besieged by faddists and schemers who have some project to put over at the expense of the dear public.

It is probably too risky to venture to engage in an editorial discussion of such a far-reaching topic, but it is to be observed that while these conferences probably accomplish a great deal in arousing the public conscience it is seldom that reforms are brought to pass.

President R. E. Shepherd of Jerome, of the State Chamber of Commerce, drove home some vital facts when he said, "We are being taxed for trills and fads of no practical value." In this connection he asserted that "We have in many instances permitted our school system to be exploited by faddists and social schemers, so that the cost per pupil has increased 700 per cent since 1890 without corresponding increase in the ability of the child to meet life's problems."

"We talk about farm relief and at the same time tax the farm the heaviest of all," the speaker continued. "Home owners are constantly growing less, because of taxes."

"We increase the taxes on the railroad and other utilities, knowing that they must and will be passed on to the shipper and farmer. The railroads are now paying more than a million dollars a day in taxes, much of which finds its way in charges against the farms, yet we permit much of the wealth of the state, in the form of tangible property, to go untaxed, and force the burden of government upon those often least able to pay."

"We have been increasing the bonded indebtedness of the States and municipalities at the rate of more than \$3,500,000 per day, usually by the vote of those who never expect to pay a dollar of it."

These are facts that are worthy of consideration by who is prepared to provide a remedy? Perhaps, after all we may be forced to resort to a simple form of sales tax similar to that imposed on gasoline which method would insure contributions from every individual in the country and in accordance with the purchasing power of that individual which, by the way, is not an unfair proposition but would seem to afford an equitable basis for the raising of necessary expenses of government. The man who bought a pound of sugar would probably pay a cent or two in addition to the regular price; the man who bought an automobile or a grand piano would be assessed proportionately in relation to the extent of the purchase and the amount involved.

Tax conferences are all right from the standpoint of sociability and friendship—but we doubt if they ever accomplish anything practical.

The editor is in receipt of a communication from a henpecked husband asking our advice on how to handle his wife. This is a deep and serious subject and one that requires much thought. Being a member of that order ourself, we hesitate before going on record. We might timidly suggest that if she is of the clinging vine type you might get away with it if you treated her rough. On the other hand, if she has a square jaw and a double chin, you had better use diplomacy, and that at a safe distance. If she is a nagger at home and about your place of business like a night train for some new state and start anew. If we appear on the streets after this is printed, all bunged up with cuts, scratches and bruises, it may be caused by an auto accident—and then it may not.—Emmett Index.

A Michigan school board promises to fire any teacher male or female, who dares to smoke, even in the privacy of his or her own room. Very properly the guy who put over the motion is president of a nursery company.—Idaho Pioneer.

It costs two and a half times as much to educate a child as it did fifteen years ago. But of course a good many of them are sure that they know two and a half times as much.—Nampa Leader.

## Other Viewpoints

### A POLITICAL ENIGMA

(North Star News Service)  
Speaking of a political enigma, the presidential campaign thus far has presented two of them. They are named Bakula and Duffalo. Both of these gentlemen are high flyers of one of the largest industrial organizations in the country, and both are presumably wealthy. Both are nominally Republicans, but have voluntarily defected allegiance to Governor Smith (The News refers to Allyn) the candidate as "democratic" and "friend of Mr. Smith" and Mr. Bakula has accepted the job of managing the gubernatorial campaign. Each deserves in every way and over to the opposition not only in account of the governor's wet profanity and unpopularity, but also in that he is not logical. Careful reflection does not support it as an enticement to a gradual departure from the ranks of the opposition. A drink of moonshine whiskey up or down, "high" wine, or beer more or less, can scarcely be the "mainstay" of one who is not the employer.

We cannot figure their apparent great concern for "the people" to be an outcome of such an issue. Both are heavily interested in the manufacture of a product which everybody in this country desires and which nearly everybody enjoys at the manufacturer's own price—the "candy" and "ice-cream" business. Their business, in other words, is booming and proposes to continue to boom in spite of prohibition, which they ostensibly want downed. Times have never before so good, although everybody in this country desires, a times are now and have been under prohibition. Therefore, what do they "represent" the people about? Those are two of the enigmas about them.

### SERIOUS CHARGES

#### That Gas Company Used Bribery Plan

(Los Angeles, Aug. 18)—Charges that the Southern California Gas Company used a bribery plan to secure a franchise extension in Los Angeles city council, and that it will be taken before the grand jury, officials said today.

### Matters of Record

**Defect Court.**  
Alexander J. Lemmon instructed the jury to find that the defendant was guilty of a crime and to clear him to certain lands. The case is being handled for the plaintiff by Southard and Stetson in Gooding, Idaho.

### Probate Court.

Bois J. Curtis, alias Bois J. Curtis, is named in a complaint filed charging him with attempting to buy the town rent at the Henderson hotel. The defendant is thought to be in Oregon.

### Police Court.

A woman at Seattle, Washington, was named in a complaint filed with local police that she understood her own wage being held back. She wished to know what the charges were and why. The police know nothing of the man against whom they are supposed to have charged.

### Marriage Licenses.

Marriage licenses were issued in Twin Falls and Eva Burns, both of Boise, and to J. E. Ransboro of Twin Falls and May L. Dunning of Willapa, California.

### Property Transfers.

W. D. T. Wright et al to Fred A. Hills, \$1,100; J. E. Ransboro et al to J. E. Ransboro, \$1,100; J. E. Ransboro et al to J. E. Ransboro, \$1,100.

## GOVERNMENT'S REPORT WINTER WHEAT SHOWING

WASHINGTON, Aug. 18.—The Department of Agriculture reported today that intentions of planting winter wheat next year in August indicated an increase of 1,000,000 acres last year.

If the intentions are indicated by the reports for farmers, more acreage by all American farmers, the United States acreage would be 46,000,000 acres, an increase of about 6 per cent, or nearly 3,000,000 acres less than the acreage indicated by the August 1 report last year.

Intended acreage of winter wheat for 1934-35 is reported by farmers as 46,000,000 acres, an increase of 6 per cent, or nearly 3,000,000 acres less than the acreage indicated by the August 1 report last year.

Wouldn't you prefer a car built in the World's Most Modern Automobile Plant?

Today you demand infinitely more in your automobile than you did five years ago. You demand higher top speed, more rest, worthy performance, greater snap and acceleration and longer life.

In order to satisfy you, Oakland now builds the All-American Six and the Pontiac Six with greater care than ever before. What are tolerances one-thousandths of an inch were once permissible, now scores of operations are accurate within one-thousandth of an inch.

Oakland and Pontiac Sixes are answer in superior performance, economy and reliability.

Oakland All-American Six, \$1045 to \$1265.—Pontiac Six, \$745 to \$975. All prices at factory. Check Oakland-Pontiac delivery prices—they include lowest handling charges.

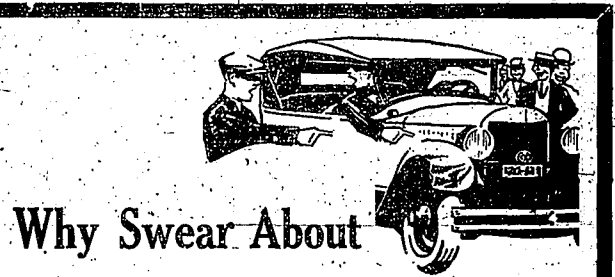

General Motors Time Payment Plan available at minimum rate.

## GIANTS-CARDS NOW IN LITTLE WORLD SERIES

### Giants Take First Argument by Close Score and Narrow Cardinal Lead

By United Press  
 St. Louis, Aug. 18.—A baseball argument which St. Louis fans considered a "little world series" entered its second game here today with the New York Giants fighting to overcome a two and one-half game lead of the St. Louis Cards.

The Giants played a full game off the Cards' lead yesterday by winning the opener, 3 to 2, and today sent Carl Hubbell, recently up from the Beaumont club of the Texas league, to the mound to "match" offerings with the veteran campaigner, Grover Cleveland Alexander, who has won 13 and lost 6 this year.

A seasoned observer of baseball reported that yesterday's game was "terrible" despite the low score. The Giants should have scored 20 runs on the hitting they registered, he said, while the Cards literally "batted" the margin of victory when Andy Hilt committed a "three base error" in leaving wide to first base. A score resulted on the next play.

NEW YORK, Aug. 18.—The New York Giants yesterday by beating the National League leaders, 3 to 2, and reducing their lead to 2 1/2 games.

The New York Yanks and Philadelphia Athletics were idle in the American league because of rain.

The winning of the two leaders in each major league follows:

## New York Giants Gain on Cardinals

Team	W.	L.	Pct.	Behind
New York	20	12	.625	—
Philadelphia	17	14	.550	2 1/2

Team	W.	L.	Pct.	Behind
New York	28	12	.692	—
Philadelphia	23	14	.617	2 1/2

## WHAT THE STARS DID YESTERDAY

By United Press  
 Rogers Hornsby (.373) failed to hit safely in three up against Fred "Red" Wagner (.359) made six hits, including two doubles, in seven times up to a double header against the Phillies.

Freddy Lindstrom (.350) singled once in five tries against Charles Mitchell.

Frankie Frisch (.314) failed to hit safely in three tries against Fred Fitzsimmons.

Harry Hellman (.299) doubled and singled in three times up against Irving Haddy.

Dabo Ruth (.228). Lou Gehrig (.227) and Al Simmons (.219) were idle because of rain.

## HOME RUN HEADERS

Team	Runs	Home Runs
Ruth, Yanks	46	12
Gehrig, Yanks	27	8
Wilson, Cubs	21	7
Belton, Cubs	20	6
American League	287	82
National League	262	78
Season's total	549	160

## Connie Mack, Maker and Seller of Stars

By DAIRY BERGUSON  
 (United Press Staff Correspondent)  
 Stars continue to revolve around the gray-haired old Connie Mack, 60-year manager of the Philadelphia Athletics.

With the exception of John McGraw, who leads the New York Giants no manager in the major league has had so many outstanding ball players on his payroll as Mack.

He started back in the days when winning pennants was his habit. Then he had Eddie Collins, who for years was the king of second basemen, and who is now back with the Athletics in the capacity of pinch hitter, and coach. Mack also had that elegant third basemen who became a national figure—Honus Han Lukey.

Then came the time when Mack suffered four straight defeats in the World Series at the hands of the Boston Braves. That caused the Philadelphia manager to break up his brilliant team and build a campaign on building from the ground up with youngsters.

Benny Simonson.

For the seven years between 1914 and 1921 Mack kept on building with one of the best American players and made him one of the most promising recruits of the season. It also obtained George Earnshaw, Baltimore pitcher, who started out slowly but who is proving that Mack knows what he is doing.

Leslie Hight who has sprouted in Philadelphia are Sammy Hale, Jimmy Fox, Max Blanton, Al Miller, Harry Fox, Sam Gray, Joe Doty, Bill Linn, Harry Doherty, Lefty Hain, Dutch Slim Harris, Ralph Perkins, Joe Hauser and Jimmy Dykes.

Mack has earned his title of "maker and seller of stars."

Once more Mack had a formidable foe. He kept on buying trading and drafting until today he has a club that threatens to dethrone the powerful New York Yanks as the leadership of the American League.

Zach Wheat, who for years has been a fixture in the outfield, of the Brooklyn Dodgers, put on a Philadelphia uniform last year, but his ability was never able to carry him through the pennant drive. This Speaker was signed up this year, but he, too, moved to Brooklyn. Only the mighty Ty Cobb came through in expected style in 1927, and now he has been supplanted in the outfield by Hines.

Heck Turner, a raw, awkward youngster into one of the most feared batsmen in the major leagues.

The chief book to still working at Shibe park. This year it brought Dale Orwell out of the obscurity of the American Association and made him one of the most promising recruits of the season. It also obtained George Earnshaw, Baltimore pitcher, who started out slowly but who is proving that Mack knows what he is doing.

Leslie Hight who has sprouted in Philadelphia are Sammy Hale, Jimmy Fox, Max Blanton, Al Miller, Harry Fox, Sam Gray, Joe Doty, Bill Linn, Harry Doherty, Lefty Hain, Dutch Slim Harris, Ralph Perkins, Joe Hauser and Jimmy Dykes.

Mack has earned his title of "maker and seller of stars."

## WATCHING THE SCOREBOARD

By United Press  
 Yesterday's hero: Larry Benton, New York Giants' ace, whose brilliant relief pitching enabled the McGraw manager to take the first game of the series from the St. Louis Cardinals, 3 to 2. Benton went to the mound in the eighth inning with the bases filled and set the score. He pitched the ninth on a sacrifice fly and the other on Andy Cohen's single.

Doug McWerry pitched Sheriff Blake, the Brooklyn Robins' defunct Chicago Cubs.

Blake's single in the ninth drove in the winning run.

Two runs in the ninth on a walk to Zimmerman's double and a single by Lewis enabled the Cincinnati Reds to beat the Boston Braves, 2 to 1. Cops' safety catch by Braves to tie his scratch single by Parrill. Still another when two more hits proved a run.

Pie Trahan made seven hits and drove in eight runs, the Pittsburgh Pirates taking a double header from the Philadelphia Phillies, 16 to 3 and 10 to 2.

Maddy Bee's triple with two men on base in the eighth inning gave the Washington Senators a 3 to 1 victory over the Detroit Tigers.

## COAST LEAGUE RESULTS

Team	W.	L.	Pct.
Hollywood	6	13	.310

The Boston Red Sox beat the Chicago White Sox, 4 to 2. Russell's single in the 11th winning the game. The Boston Red Sox won the Philadelphia Athletics, 10-0.			

## Fishing Reports Show Anglers on Way to Magic Dam

Fishing reports for the week and show that a large number of anglers will be at Magic dam Saturday and Sunday, now that the ban has been lifted and nothing is barred except bombs and dynamite. There are some good large fish in the waters and they are going to die as the water is drained, the fishermen don't get them out.

The fish are reported to be in a slightly wet condition due to the silt in the water, but by soaking the fish in slightly salty water they will become firmer and easily suitable for eating.

Other condition reports are: Wood river—Excellent fishing, with excellent catches of two-pounders. Madal river—Always good fishing for a good fisherman. Salinas—Good but fumes—difficult fishing but the trout are there and a good angler can get his limit of the big ones.

Font river—Reported very good at present. Mariposa lake—Perch fishing at Mariposa many, as it is good. Antelope springs—Good bass fishing in the afternoon. American Falls—Bass trout caught below the dam and good catches in the lower reaches.

Front river—Front fishing only fair, a three-pounder being caught on a single barbary minnow bait. Shoshone river—Probably the best fishing in the state, especially when the trout are striking fine.

Yankee Fork—Salmon spawning reported still good.

Clear creek—Salmon fishing attracting the anglers.

PIZHERS' BATTLE WON BY OGDEN GUNNERS FRIDAY

OGDEN, Aug. 18.—The Ogden Gunners won a pitchers' battle from the Salt Lake Bees, 3 to 1, here yesterday after losing the last three games played by the two teams. Glyn of the Bees allowed but five hits and only one run as the Gunners allowed but six hits.

Glyn struck out five and swung a strike out five during the game. One double play was completed, Melanic to Steven for Ogden.

The score: R. H. E.  
 Salt Lake Bees... 1 1 0  
 Ogden... 3 1 0  
 Batteries: Glyn and Lapovitz; Young and Lingo.

BANNOCKS TIGHTEN HOLD ON LEAD BY BEATING BOISE

BOISE, Aug. 18.—The Bannocks tightened their hold on first position in the American League yesterday for 14 hits and winning the game from the Senators, 11 to 6, here yesterday.

The game wound up with a lot of scoring by both teams in the last few innings. The Bannocks went with the first of the ninth frame to score four tallies and increase their lead.

The score: R. H. E.  
 Bannocks... 11 14 1  
 Senators... 6 11 2  
 Batteries: Snyder and Roche; Holtgren and Howard.

YERESTDAY'S GAMES

AMERICAN LEAGUE

At Washington: R. H. E.  
 Detroit... 1 7 0  
 Washington... 3 11 1  
 Batteries: Wehr and Hargrave; Haddy and Ruel.

At Boston: R. H. E.  
 Chicago... 3 11 0  
 Boston... 4 8 0  
 Batteries: Lyons and Dera; Crouse; Russell and Berry.

Other games, rain.

NATIONAL LEAGUE

At Pittsburgh—First game: R. H. E.  
 Philadelphia... 2 10 2  
 Pittsburgh... 10 10 0  
 Batteries: Willoughby and Davis; Schuler; Kremer and Hensley.

Second game: R. H. E.  
 Philadelphia... 1 8 0  
 Pittsburgh... 9 15 1  
 Batteries: Sweetland, Malmuth, Walsh and Loris; Brann and Homan.

At St. Louis: R. H. E.  
 St. Louis... 2 11 0  
 New York... 2 11 0  
 Batteries: Fitzsimmons, Faulkner, Benton and Hogan; Mitchell and Wilson.

At Cincinnati: R. H. E.  
 Cincinnati... 1 2 0  
 Boston... 2 2 0  
 Batteries: Greenfield and Taylor; Riskey and Harrarty.

At Chicago: R. H. E.  
 Chicago... 0 2 0  
 Chicago... 0 2 0  
 Batteries: McWerry and Gooch; Blake and Hyatt.

FIGHT RESULTS LAST NIGHT

By United Press  
 HOLLYWOOD, Cal.—Bart Collins, champion of the 112-pound class, tonight defeated Ray Morris, Australian heavyweight (110).

SAN FRANCISCO—Young Corbett, Fresno, welterweight, knocked out two of two of Tony, a Fresno fighter.

TRAYERS CITY, Ind.—Frank Stogias of Indianapolis knocked out Tony, a Fresno fighter, in the first round.

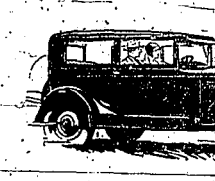

## TJUANA JOCKEY CLUB TO OPEN THANKSGIVING DAY

By United Press  
 SAN DIEGO, Calif., Aug. 18.—With \$100,000 added money an increase of \$15,000 over last season, making an estimated gross value of approximately \$420,000, the announcement was made today by James Wood (left) president of the Tijuana jockey club. The announcement came from Mr. Wood, president of the Tijuana jockey club, at a meeting with the jockey club members at the Tijuana race course. The club will be open Thanksgiving day and runs for one hundred and more racing days.

The distance is one and a quarter and the conditions will be for three year olds and upwards.

# Today's Market and Financial News

## CANADA WHEAT REPORT SENDS PRICES LOWER

CHICAGO, Aug. 15.—Optimistic crop reports from Canada sent wheat lower today after a dull session on the Board of Trade. September corn was held and carbed the deferred delivery was slightly higher.

Wheat closed 5 1/4 to 1/2 lower; corn was up 1/8 and oats were off 1/8. The volume was unchanged to slightly higher.

The opening strength at Liverpool was maintained by continuation home selling and wheat opened steady to easier. Trade was quiet and mostly local corn was reported in the prairie provinces of Canada. Outside markets were dull, receipts were 250 cars with the car market unchanged.

September corn acted light early in the session and advanced sharply in short covering but the rise was checked by selling against offers. Favorable rains in the western part of the belt were a bearish factor. Cash corn was steady. Arrivals were 65 cars.

Oats again touched new lows on the crop. Receipts were 315 cars with the cash market unchanged.

Grain futures ranged as follows:

## RAILS IN LEAD AS OFFSET TO IRREGULARITY

By United Press.

NEW YORK, Aug. 15.—Strength in railroad shares offset irregularity in industrial today on the Stock Exchange. Carriers were actively traded in with gains running above two points.

At the same time several industrial were bid up to new high ground, the feature of the day being Allied Chemical, which touched a new high at 183 1/2, up 3 1/2 points.

St. Paul dropped 1/2 point to 165 1/2, the common sporting two points and the preferred more than two.

General Motors was out of the limelight entirely, holding just under the previous close for United States

## GREAT CROWDS STATE CAPITAL GATHER EARLY

By United Press.

TOPEKA, Kans., Aug. 15.—This city was a meadow of people at noon today as crowds came to Topeka early for the notification ceremonies of Senator Charles Curtis, Republican vice-presidential nominee.

Streets that were lined with blind beggars and pictures of Curtis were jammed with the visitors who waited about taking notices.

At noon 175 distinguished guests sat down at luncheon with Senator Curtis at Hotel Manhattan. The president-elect was to be given a few friends by Senator Curtis after the ceremony this afternoon and a dinner danced at the country club tonight was another scheduled social event.

Although the preliminary program was not to begin until 2 p. m., the street started to a new high on the movement at 10 o'clock on the other lounge of the steel group.

## College Boys Are Coming Here On An Educational Tour

Fourteen boys from four Eastern universities will arrive in Twin Falls this Thursday afternoon on a tour to Ft. W. Bishop, advance man of the troop who arrived in Twin Falls to meet them.

The boys are graduates and un-

## graduates of two Canadian and two American universities and are working their way on an educational tour of the United States during the summer months. They have an orchestra of ten pieces and a baseball team. Their orchestra in their principle means of paying their trip. While here they will present a concert at the Elmer Hotel; Garden Thursday evening.

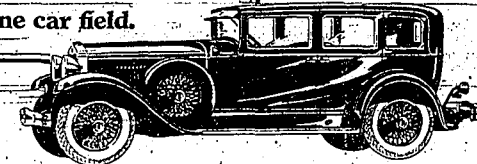

The two Canadian universities are Dalhousie and Acadia and the two American schools are Colby and Bowdoin. The ban in which the boys are traveling was built at Dalhousie and is said to be a curiosity in itself, its outside framework being well maintained by carpenter and eventually New York.

The trip started from Halifax, Nova Scotia, May 14. The tour consisted of a trip along the Canadian border to San Francisco. The boys are now on their return, having covered about 12,000 miles of their tour and with about 6,000 miles still to go. From here they go to Chicago and eventually New York.

The boys report that they have had a wonderful reception all along their trip and have been very well impressed with the country and the sights they have seen. They have received no money from home since their start, making all their expenses, though some have cash on hand. They are confident they can complete their own needs.

# NEW CENTURY MODELS START LARGER WAVE OF BUYING

Comparison with all new offerings now confirms Century leadership in fine car field.

New models, with new and brilliant features, refinements, and improvements, with metal tailored finish in all details throughout, now herald the Century's newest and biggest advancement in the fine car field.

Even now, Century sales foretell the whole dramatic story of a public demand for modern beauty and thrilling motor car performance which finds its best expression in the fleetness, stability, beauty and tailored-metal completeness and finish of the Century Six and Eight.

A phenomenal success, without a moment's pause—month after month—is now climaxed and advanced by a newer and more brilliant beauty to clothe the Century's most substantial offering in the fine car field.

Forty-two body and equipment combinations; standard and custom, on each line. Six of the Century \$1345 to \$1645. Century Eight, \$1825 to \$2125. All prices f. o. b. Detroit.

Elmer Johnson Is Buried Friday at Cemetery in Buhl

Buhl, Aug. 18.—Elmer Johnson, 41 son of Mr. and Mrs. John Johnson of Buhl, died at the hospital in Buhl, Utah, Tuesday, August 14. The funeral services were held at the Presbyterian church at 2 o'clock, Tuesday, August 14. Burial was in the cemetery here. Elmer was born in Pennsylvania and came to Utah in 1906. He has resided in Standardville, Utah, since that time. He was survived by a wife, father and mother, a brother, Oscar, and a sister, Mrs. M. Wilson. Mr. Johnson was a member of the local national guard, Company K, and was a member of the local members of Company D. The funeral services were held at the funeral home in Buhl, Utah, Tuesday, August 14. Burial was in the cemetery here.

Using Code Ancient Duelist Stratton Demands Right Select Place Debate

By United Press. GREENSBORO, N. C., Aug. 18.—Dr. John Booth Stratton today stood on the code of the ancient feud and demanded the right to make the place where he was to meet Alfred E. Smith in debate. The debate challenge came over Stratton's recent remark in which he charged the governor was a foe of moral progress. Smith, who had not yet answered the challenge, was in the gallery of the Baptist church in New York, where the argument was heard. Stratton said he desired a proper place for the debate. He said that the debate should be held in a place where it would be a fair and honest one. He said that he would not accept a place where the debate would be held in a place where it would be a fair and honest one. He said that he would not accept a place where the debate would be held in a place where it would be a fair and honest one.

CLAIMS WOULD SHAVING RECORD

By United Press. LITTLE ROCK, Ark., Aug. 18.—A doctor's "fringe" claims to hold the world's record for shaving. The barber's assistant, before witnesses, shaved a man's head in 27 seconds flat, and he did not even pick his chin once. MASTODON TO BE FOUND. NEWTON, O.—One of the largest mastodon skulls ever found in this state was discovered by a farmer near here by working up some 500 feet in a gravel pit. The skull was about six feet long and was 22 inches in circumference at its widest part. It was found in a gravel pit near Newton, O. The skull was found in a gravel pit near Newton, O. The skull was found in a gravel pit near Newton, O.

CROPS

Are beginning to move and it is a time when your bank plays an important part in the prosperity of the community. The First National Bank is at your service at this important time.

Fourteen Points Stressed By Curtis In Acceptance Talk

(Continued from Page One) This regard is now being executed, which, when in full operation will bring decided relief in many different directions. The tariff protection against foreign competition is being given to farm products. It has been found that certain of the duties are not in line with the protection to some of the products of the farm, and I believe it is the duty of congress to give the tariff protection to protect such products against foreign competition.

Poison Theory In Fate Loewenstein Gets No Credence

By United Press. PARIS, Aug. 18.—Medical experts are divided over whether Loewenstein, Belgian financier, was poisoned. Dr. Paul, who examined the body after it was brought back to Boulogne-sur-Mer, said he found traces of toxic poisoning in the intestines. Prof. Solon Abres, director of the police laboratory of toxicology, who also examined the corpse, said the stomach contents only the normal remains of a meal and some sea water. Both are submitting reports to the coroner's court at Boulogne. Loewenstein fell from an airplane over the English channel last month.

### SEEPAGE FROM LAKE DAMAGES STERLING LAND

#### Residents of Bingham County Community Have Suffered Losses.

Seepage from the American Falls reservoir is evidently causing some damage to property in the immediate vicinity of the great lake. Inhabitants of the Bingham County have already been made aware of the fact that the seepage of water from the reservoir is causing damage to property in the immediate vicinity of the lake.

Details of this project are given in this week's issue of the American Falls Press which says:

Confronted with a situation very similar to that which obtains at Twin Falls, a situation which this city has also experienced, the American Falls community is endeavoring to protect its reservoir, which is a valuable asset to the community. It is endeavoring to protect its reservoir, which is a valuable asset to the community. It is endeavoring to protect its reservoir, which is a valuable asset to the community.

### Smith Completing Answer To White

By United Press  
ALBANY, N. Y., Aug. 18.—Gov. Alfred E. Smith, following reply to the charges of William Allen White, Kansas editor, in a complete answer to the charges of White, which he had completed in a copy to White a few days ago, but that he was making some changes. Each a result of the charges published in the article in which White's charges he previously partially withdrew.

These charges were that Smith voted in the legislature to protect against the seepage of water from the American Falls reservoir, which is a valuable asset to the community. It is endeavoring to protect its reservoir, which is a valuable asset to the community.

### Divorces Granted On Three Requests

Three divorces were granted Friday in divorce court by Judge W. A. Babcock. All of the cases were presented by O. C. Hall, attorney for the plaintiffs, the defense cases by the defendant.

Amy Laph was given a divorce from Charles Laph, the plaintiff charged desertion and cruelty; the defendant having forced the plaintiff to attempt abortion.

Earl McBride was granted an annulment from Louise McBride on charges of fraud. The marriage had been made on threat from the defendant's parents and relatives. It was alleged. Testimony was brought to prove that the child was that of Earl McBride.

C. E. Meigh was granted a divorce of divorce from Louise Meigh on charges of unfidelity. The plaintiff MAY NIPP HOBY EAST.

### SPRAY OF THE FALLS

Leaves For Coast—Mrs. W. D. Arlett left this morning for her home in Los Angeles after spending the summer with her parents, Mr. and Mrs. J. S. Stewart.

A Good Catch—Mr. and Mrs. W. M. Stator returned Thursday evening from Bear Valley with a 2-pound salmon and three somewhat smaller ones which they caught while on vacation in that country.

Leaving for Tuley—J. H. Glandon and family are leaving Saturday morning on a vacation trip to Tuley Hot Springs. They expect to be away for about ten days.

Arrives From California—Frank C. Lynch, former deputy county auditor and former secretary of Twin Falls cattle company, of San Diego, Calif., is in at the home of his brother-in-law, Ralph, H. Smith.

On Vacation Trip—Miss Marjorie Blinn, clerk of the probate court, left today on a two-weeks vacation to Los Angeles where she will visit the family of Truman O. Boyd, Jr.

Brother Visits—Edward Johnson of Sidney, Iowa, is a guest this week at the home of his sister, Mrs. H. W. Mangel.

Is Home Again—Mrs. C. D. Weaver, who spent the last two months in Los Angeles, has returned home.

## Bible Chautauqua

### Opens Sunday, August 19, 8:00 p. m.

#### In the Tabernacle, Chautauqua Grounds, Adjacent City Park

### Turkey Known for more than half century as "The Sick Man of Europe" is the subject (illustrated)

For centuries the devotees of Mohammed hammered at the gates of Europe. "Mohammed," "Islam," "The Scourge of God," "The Sword of Allah." These words have throbbed with meaning and power. Today with many they are but idle tales. THE BIBLE HAS GIVEN TURKEY A PLACE. Do you know what and where it is?

Many Thrilling Subjects to be presented during the week and the weeks that follow. Able Speakers. Vivid and Thrilling Pictures.

A Welcome to All. Admission Free.

### ASHER WILSON ON COMMITTEE INAUGURATION

#### To Have Part in Notable Ceremonies at Moscow Next Month.

UNIVERSITY OF IDAHO, Moscow, Aug. 18.—Asher H. Wilson of Twin Falls, member of the state board of education, has been appointed a member of the general state-wide committee for the inauguration of Frederick K. Kelly of the University of Idaho, September 24 and 25. The general inauguration committee is appointed by W. H. Vincent, state superintendent of public instruction.

Mr. Wilson, two other members of the state board of education, Stanley A. Easton of Kellogg, chairman of the executive committee of the inauguration, and one member of the state board, Mr. Wilson is also chairman of the executive committee of the inauguration.

The inauguration committee includes faculty representatives from the main campus at Moscow and the Southern Branch at Lewiston. It will comprise representatives from the various colleges and universities of the state.

By United Press  
GLENDALE, Cal., Aug. 18.—Pounding word from Eastern relatives the death of John Orin S. Carter, 74, former associate justice of the Illinois supreme court, will be held here today at the home of his wife, Mrs. Carter. He died Wednesday after a brief illness. He had been here since his retirement from the bench in 1924.

As the inauguration is being planned at a state-wide event the Southern Branch at Lewiston is being selected in the southern part of the state will be as interested in it as any other part of the state.

An honorary statewide committee has also been appointed by Governor H. C. Hall. It is headed by Governor H. C. Hall. It is headed by Governor H. C. Hall. It is headed by Governor H. C. Hall.

Extensive work has been done by the members of the delegation. Below the construction of the American Falls dam, they assert, their community was created by one of the most desirable in Bingham county. Its soil was particularly adapted to alfalfa culture, and considerable money has been made regularly realized returns of upwards of \$100 per acre.

This has been caused by seepage of water from the reservoir. The water has been seeping into the ground for long distances from the shore of the reservoir and following water courses into the alfalfa boggy. On many farms the excessive moisture is destroying the alfalfa, killing out the roots and forcing the plants to wither and die. Permanent impairment of fertility is feared from the fact that alkali in the soil is being forced toward the surface of the ground and is appearing with the alfalfa crop.

Water is appearing in the cellars of many Sterling homes, some of them as much as a mile distant from the shore of the lake. Cylinders which were dry in pre-reservoir days now have water in them to the top of the water in them. In the irrigation and drainage of the reservoir, the condition results directly from the creation of the reservoir. It is the fact that the water level in the basements increases when storage is being impounded, and recedes as water is released from the reservoir.

Residents of Sterling believe that the laying of drain tile will relieve the bad situation in which they find themselves, and do much in the way of restoring the productivity of their farms. Naturally they feel that the expense of filling should be borne by the federal government or by the owners of storage rights. It is the hope that the federal government will maintain that they are entitled to reimbursement for the crop loss they have suffered and for the damage which has been done to their farms and other property.

### Deaths and Funerals

Miss, who died Thursday morning at her home in Washington and whose body was brought here for burial, will be conducted Sunday afternoon at 2 o'clock at the Methodist Episcopal church, the Rev. H. H. Hambrick to be in charge. Interment will be made in Twin Falls cemetery.

# Don't be talked into buying "long-profit" tires

## They are not worth the money!

It would probably never occur to the average man to buy an "off-brand" tire if somebody did not persuade him.

Perhaps it would never occur to any dealer to "talk up" an unknown tire if some traveling tire salesman hadn't offered the dealer a chance to make an extra 5, 10, 15 or 20%.

Only short-sighted car owners buy "long-profit" tires.

As business men, we can no more afford to sell "long-profit" tires than you can afford to own them.

Goodyear developed the non-skid tread for motor cars. Until then, tires were smooth tread.

Goodyear perfected and popularized the cord tire. Until that occurred, 95% of all cars were equipped with fabric tires. And

when the low-pressure or balloon tire appeared, Goodyear instantly recognized and solved this problem:

Balloon tires, unlike former types, bend and flex rapidly along the side-walls. The average balloon is often flexed about 25,000 times in its life. Side-wall strain is terrific.

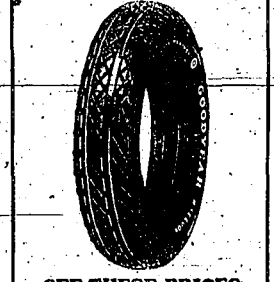

### Goodyear "Supertwist" means more miles

Inside and outside, the tire must be flexible. So, Goodyear responded with a new, patented, cord material that is 61% more flexible than the cord in other balloons.

This feature alone adds greatly to mileage. Many Goodyear buyers get three to four thousand more miles than expected.

This, of course, largely explains why Goodyear Tires outsell all others. And by a constantly increasing margin.

Cut down your tire trouble and increase your mileage by having your car "shod" with the world's leading tire.

**SEE THESE PRICES**  
Goodyear All-Weather Tread Tires

Sizes and Prices in this space.

Goodyear Pathfinder Tires

Sizes and Prices in this space.

**There's a reason for Goodyear leadership**

Goodyears are easiest to sell because nearly everybody knows that Goodyears give many miles of extra service, yet cost no more than other reputable tires.

Goodyear's acknowledged leadership is not accidental. There's a reason. Goodyear has pioneered almost every worthwhile improvement. Goodyear invented and perfected the straight-side "no-rim-cut." Goodyear first built pneumatic tires for trucks.
