Cubs Defeat Fighting Hansen Eleven; Score 18 to 6

EXCELLENT BRAND OF FOOTBALL IS PLAYED BY CUBS

Hansen Strength of First Period Overcome by Heavy Second String Line.

Playing the best brand of football they have shown this year the Twin Falls Cubs sent the Hansen team down 18 to 6 this evening's afternoon before a small but rabid crowd. The Hansen boys fought to the last ditch and threatened seriously in the last quarter with a fast passing attack but were unable to even the score.

Hansen scored first in the initial period when Galley ran the ball over the goal line after a few minutes of play. The Cubs held the ball off and Hansen forced to punt. A 15 yard penalty kept a brilliant run by Galley in the last quarter. Hansen's attack but were unable to even the score.

The Cubs threatened soon after Hansen made a fumble. Through the middle of the field to be downed on the Hansen 12. Hansen line held early in the second quarter. Towan, placed over a touchdown for the Cubs from the Hansen 7 yard line, where the ball had been placed after a march down the field from the Hansen 20 yard line where a punt was caught. The march had been effected by line smashes and end runs featuring Towan and Smith. The kick failed and the Cubs won the field.

The heavier Cub line was proving too much for the lighter but hard fighting Hansen men and the Cubs took the ball on their own 19 yard line, placed for Vancowan and then Smith broke away for a brilliant 50 yard run into Hansen territory. Towan kicked the ball over and Smith failed to convert. The half came soon after Towan and the Cubs leading 10 to 6.

Hansen came back with a passing attack in the second half but failed to succeed. A receiver punt gave Hansen the ball in the Cub territory. Two passes, both to Smith and Hall in Wisconsin, put the ball on the Cub 7 yard marker but the heavy line held Hansen territory. Towan kicked the next pass for a touchdown and the ball on the 20 yard line.

The Cubs took the ball and substituted the Cub line. Thomas' generated down the field on a Studup, Larsen for Murphy. Murphy scored and end runs run for Kinstenbahl, McCarty for featuring the play of Towan, Wheeler, Fife for Studup, Larsen at fullback and Smith at half back. Towan and Smith at half back. With the ball on the Hansen 11 yard line Vance sneaked over with the ball on the Hansen 11 yard line.

Judge No Joker; To Manage Braves

NEW YORK, Nov. 10 (AP).—Judge Paul Fagan wasn't joking, the round former New York City magistrate who has never played professional baseball, said he would manage the Boston Braves next season, he is scheduled to be traded to Chicago through owner manager, to the Chicago Cubs.

Fagan has been president of the Braves for six years, he said here today. "I think I have followed the game as closely as any president during that time. We couldn't get the team we wanted to manage, so I left the job," he said. "I don't believe the Braves will do any worse than they have the past few years, but I can't say enough to try the thing. They can't talk or laugh but I'll do it."

Buhl Indians Are Downed By Filer

PHILADELPHIA, Nov. 10 (Special).—The Phila. Indians' run on the field yesterday afternoon in a game that was hard fought despite the score. The first half showed a battle with both teams scoring and Filer twice in the second quarter.

Filer's Wildcat run with in the third period and came up three touchdowns. Smith of Phila. kicked and taken from the game. Buhl failed in the last quarter and tried hard to even up the score. Whinger was back in the game but ineffective because of an injury. They got back to work for Phila. Smith, Shockey and Hilschberger were the great performers for Filer.

Delaney Knocked Out By Gun's Kick

NEW YORK, Nov. 10 (AP).—Jack Delaney, former lightweight champion, will be made out of the ring through his scuffle with Almy Starup, of Buffalo, in Madison Square Garden Nov. 20.

Free Lance Buyers select

NEW CENTURY HUPMOBILES as the

Century's Finest Values!

THE "free lance" buyer is one with no used car to trade in his purchase of a new car. Unhindered in his choice, he goes straight to the source of greatest value. It is a striking fact that 21.99% of Hupmobile Century Six sales and 16.14% of Century Eight sales in 1928 have been made on this basis. And Hupmobile sales are mounting, month by month, not alone through this class of buyers but by attracting thousands of motorists from price fields both above and below that of Hupmobile. When you examine the new "tailored-metal" beauty of the new Century Hupmobiles, and personally experience their finished mechanical excellence and smoothness of riding, you too will see the folly of paying more for the Century's finest motor car performance and value.

'BIFF' HOFFMAN
STANFORD'S FULLBACK
—STANFORD'S CUST GRIPPER—

LOS ANGELES, Cal., Nov. 10.—The Pacific coast eleven, usually good for one or two All-American football stars each, but two All-Americans in 1928. The prospects are Lloyd Thomas of the University of Southern California and "Biff" Hoffman. Thomas is the youngest of four brothers, all of whom have attained national fame. The oldest brother, John, was the star on Coach Stagg's Chicago squad in 1921 and 1922. John named in 1922 on Walter Camp's All-American eleven. Hoffman, the second brother, was one of the mainstays of the Chicago team in 1922 and 1923. Max, the third brother, played on the Southern California eleven of 1926 and 1927. Now comes Lloyd, a halfback, playing his last year of collegiate football and making a bid for All-American honors. He is without doubt the best all-around performer now on the Pacific coast.

GETTING THE MOST OUT OF LIFE

It is one thing to live, and another to live so that one gets the most out of life. One can only get himself to the fullest extent when his mind is free from worry. Worry destroys the brain cells which should be maintained in a high state of efficiency. Therefore, keep away from worrying. Do this by "living by" in the First National Bank surplus funds for the proverbial rainy day.

Man Turned Cold, Woman's Dream Of Happiness Is Dust and Ashes

SAN FRANCISCO, Nov. 15 (UP)—The "man turned cold" and the "woman's dream of happiness is dust and ashes" were related here today by Mrs. Pearl Sain which she gave testimony that she may lead the baby's father, and Mrs. Myrtle Coleman, Hollywood dancer, in the father, Cedric A. Nichols, was declared to have left his wife and two children on a country farm near Yreka, Cal., in 1923, and Mrs. Coleman was arrested on Mann act charges when they arrived in San Francisco from there. Mrs. Sain told her story to U. S. Commissioner Arthur Furness, and her husband accused her two years ago after a quarrel resulting from his objection to children. Mrs. Sain testified "I younged for a baby to guide through life." Then, she testified that she and Nichols, at a school of thought in Los Angeles, "our son is the result of the test" she said.

"We excluded our hopes, our dreams, our hearts and our souls," Mrs. Sain said, "as she held her year-old 'eugenics baby' in her arms.

"We became friends through our mutual love for children. He told me on his high ideals but we conceived the experiment for a perfect child," added the woman, who formerly was a real estate operator in Los Angeles. "Our son is the result of the test" she said.

"The couple went to Reno and took an apartment next to that of Mrs. Coleman, according to Mrs. Sain, Nichols' law for the mother of the child turned cold, the child after he met Mrs. Coleman.

"And up to then life for us had been like a beautiful poem. We were living philosophy. We were like two babes in the wood. He kept pushing to marry me for the sake of our son, but he would excuse the delay by saying that we are doing the only thing we can. It is not our fault, that we are not married."

"Mrs. Sain related that she went to Sacramento and when she returned to Reno, Nichols told her that "other women are more beautiful than you," and "divorced me."

"My self respect demanded that I leave him," she said.

Departure of Nichols for financial year in the United States was foreseen.

By NEA Service
The jury, the first all-women jury to try a civil case in common pleas court in the history of Pennsylvania—and it may be in the history of the whole country—has finished its job. And, like many other juries, it has failed to satisfy everybody.

The case at issue involved a controversy regarding payment for the raising of some timber. It was understood in court circles, that attorneys for both sides agreed in open court, far in advance of their trial, that they felt a jury composed exclusively of women could reach a decision quicker than one which but for in which they had considered

Loop Hotel Victim Of Daring Holdup

CHICAGO, Nov. 16 (UP)—Two payroll robbers in which "handcuffs" were used with a total of \$20,000 occurred today, one at the Hotel Sherman in the heart of the business district and the other in a suburban Chicago holdup.

At the Hotel Sherman, three robbers entered an elevator with the "Evelyn" Houston, assistant cashier and forced the operator to run the car up to the eighth floor where they took \$2,000 away from Miss Houston. They then forced the assistant cashier and the operator out of the car, descended to the main floor and escaped through the crowded lobby.

In Chicago holdup five men were disarmed in the election. These were also reports that Morris Eller, city collector, was held to ransom.

Meanwhile the municipal voters' league and other civic organizations were urging the voters to vote against the Miller-Shoshone complete the cleanup that Canal

SEED MOVING AT STRONGER PACE

"Movement of red and white clover seed is being made at a stronger pace than in any previous year," according to reports from the Bureau of Agricultural Economics, which estimates that about 10 per cent of the red clover and 55 per cent of the white clover seed has been sold by growers up to and including the date of the report. The movement of red clover seed was 15 per cent higher than last year and two years ago, when about one-third of the crop had been sold, corresponding to the fact that the movement was slower than last year's. It was 10 per cent higher than last year's, and 10 per cent higher than two years ago, when about one-third of the crop had been sold.

"Prices advanced during the two days ending on October 23, 1928, were 50 per cent higher than last year's, and 50 per cent higher than two years ago, when about one-third of the crop had been sold.

See for yourself the difference in tires

The superiority of Goodyear Tires can be demonstrated so simply a child can understand.

There are two main parts to any tire. (1) THE TREAD, (2) THE CARCASS. In both Tread and Carcass, the superiority of Goodyear Tires can be demonstrated—by these two tests—so simple a child can understand.

TEST No. 1— Press down your palm on the tread of a Goodyear Tire. Feel how the deep, thick, sharp-edged diamond-shaped blocks of the famous All-Weather Tread pinch, grip, and hang on. That is the way the Goodyear All-Weather Tread grips and holds the road. SAFETY! With full center tread traction! LONGER, SLOWER TREAD WEAR!

TEST No. 2— This machine will show you why Goodyear Tires—made with SUPER-TWIST are stronger. It will prove that SUPER-TWIST Cord stretches 60% farther, recovers surer, and resists breaking more stubbornly than any other cord.

THE PROOF

of these demonstrated superiorities of the Goodyear Tire is:

MORE PEOPLE RIDE ON GOODYEAR TIRES THAN ON ANY OTHER KIND.

The complete Goodyear line provides the right Goodyear Tire for every car, for every purpose, and for every purse. We carry the complete Goodyear line, and give standard Goodyear Service.

It does not cost more to buy a Goodyear Tire

OFFICE CAT
By Jimmie

I know a cat in pants!
(And really I mean it)
A naked woman in a dress
She thinks he's very nice.

I know a girl in a hat
(Some of us call her "Bess")
Every night she covers up
The legs that's on her back.

I know a girl so modest
No matter they get
She hides her feet behind the hair
To roll a cigarette.

If she covers up her feet
You must be a boy, because
How does she expect her legs
The good old feet stands out.

I know a girl in a modest
Other more to tell
She wears a child's bonnet
Unless she covers with a veil.

"We believe what we want
to believe," remarks "Bess," and
tries to accept such things as do
not offend us. Heavy tells of
a man who questions "Bess" that
comes from the Bible, but he'll
accept his "Bess" as a
"Bess."

"Bess" says: "Better
the lips be called than the feet."

...and the night of yesterday
in the distribution between
"Bess" and "Bess" out.

Father's "Bess" son like to
talk for a few minutes.
"Bess" son, in fact, is in the
country, and he'll be back
in a few days. I'll be with
the ball and what's the organ

We may be old-fashioned, but
we direct your attention to the
fact that when the time is
of the best of education, you'll
not fear of "Bess" or "Bess" them.

Our "Bess" is an optimist. I
think who dream order any
sent up to the home on the day
he'll be a "Bess".

"Bess," I believe, your
discretion covers your body.
"Bess" the matter with my
lungs.

Probably the impudic

STREAM OF LAVA BELCHES AFRESH FROM MOUNTAIN

Increases Speed and Nears Railroad Bridge at Mescal

SPREADS HORROR IN NEW COUNTRY

Two or Three Thousand Forced to Leave Homes and Flee to Safety

CATANIA, Sicily, Nov. 10. (UP)—The advancing lava stream from the erupting Mount Etna reached the railroad bridge near Mescal at 2 p. m. today, increasing speed and volume as fresh lava was added to the destructive torrent. The advancing stream now is made up of two of the currents which have joined in a single unit, carrying destruction into a new territory.

In two hours today this main stream advanced 50 feet after having increased in both size and speed during the night. At the eruption mouth of the volcano, according to Prof. Dente, the lava output is almost constant, and the level of the molten stream is unchanged.

At one point, Prof. Dente, the stream fell over a slightly inclined plane at the rate of four meters a minute. At other points on the lower valley the stream advanced at about four meters an hour late Friday.

Flows Through City

Friday afternoon the stream overflowed abundantly at a point known as Poggio Vignaricci, a point of juncture it encountered while passing through the destroyed city of Mescal. It was hoped the lava gradually would drag part of the debris of Mescal away, thus providing an outlet for the torrents rolling down from the mountain.

Already two persons have been killed because the great crater lava washed in from it undamaged. Its varied stream of lava, twelve thousand however, were forced to evacuate their homes in the mountain little villages which lay at the bottom of the mountain side.

Villages Destroyed

All of the villages now destroyed. Some have been damaged. Mescal has been destroyed, only a few buildings remaining standing. Mescal, symbol of the great disaster that visited the city, destroying

Three People Are Held For Robbery

PORT WORTH, Texas, Nov. 9. (UP)—Three persons, two men and a woman, were being held here by police today, believed to be those who early Friday night held up and robbed a Texas and Pacific train of \$25,000 as it was entering the western limits of the city. The woman was arrested underneath a summit avenue viaduct, where the bandit jumped the mail car and hid the stolen money, and the other man was arrested at the woman's home.

Children Killed in Fall From Skyscraper Home

WASH. (AP)—The bodies of two children, Benjamin and Terrence, were killed in a fall to the roof of another building, far below, Mrs. Waldman says that when she was holding the baby, the other child, in playing knocked her to the roof. Her arms and legs fell from her, and the two children and the father, Waldman, newspaperman, are pictured above.

SHOSHONE DAMAGE DONE

WHITTIER, Ore., Nov. 9. (UP)—All available fire engines and fire companies were directed today toward Shoshone, Ore., the giant fire center as well under way by the Idaho Oil company in the Santa Fe Shoshone district. Oil company executives were in daily emergency meetings to control the blazing furnace which already has caused damage of some \$25,000. Nearly wells are collapsed by the fire which raged when the well came in a burst yesterday morning and exploded.
