

# TWIN FALLS TIMES

First Section

VOL. VI. NO. 7.

TWIN FALLS, TWIN FALLS COUNTY, IDAHO, THURSDAY, MAY 5, 1910.

SUBSCRIPTION \$2.00 PER YEAR.

## REPUBLICANS HAVE LARGE ATTENDANCE

### Smoker Brings Out Many of the County Voters.

#### GEN. ROBERTS LAMBERTS ISSUES AGENTS FOR DEFLECTION.

#### Tariff Comes In For Glowing Praise From Chief Speaker of the Evening.

The Elks' hall was crowded last Friday evening so that standing room was at a premium when the Republican club gathered for the first rally of the campaign. The fact that Governor Brady was billed for appearance brought out many voters who were greatly disappointed when it was announced that the state's executive would not be present at the meeting. General Roberts of Boise, Joe Fallon and other state politicians were present and the principal speech of the evening was by the former, who in an energetic manner proceeded to enlighten the administration and defend the tariff. Later Mr. Roberts went out of his way to denounce the insurgents and closed them with Elliptical and assailing.

George Albion, who presided at the meeting, then introduced the Elks' Club, which made a distinct hit with the audience. Lieut. Governor Sweetser of Burley was next introduced and added considerably to the enthusiasm of the evening. Identification Committee Fallon was up to his usual form and in a graceful speech maintained to keep the crowd in a happy mood. Local speakers were called upon for addresses and spoke on the prospects in the county, very carefully avoiding anything of a personal nature.

## COMPARES LAND VALUES.

#### E. J. Taylor of St. Paul, Nebraska, Enthusiastic.

Twin Falls county looks good to E. J. Taylor, president of the Citizens National bank of St. Paul, Nebraska, who is visiting with his brother-in-law, C. A. Robinson, of the Commercial & Savings bank. Mr. Taylor has been in the city about a week and is highly pleased with the prospects for a rising land value in this county. When asked if he considered land prices too high here Mr. Taylor stated that he did not think any value at present were too high, even for land for grain and grasses and stated that land in Nebraska without irrigation was bringing \$125 to \$150 per acre. While holding about 25,000 acres of land in Nebraska, Mr. Taylor is ready and willing to invest in land on this tract which he considers to be in much superior and sure to advance in price.

## CITY COUNCIL MEETS

#### Bills of All Sters and Descriptions Allowed.

Regular meeting May 2nd, 1910. All present. Resolution passed approving assessment roll for paving assessments and clerk requested to notify property owners to pay respective assessments. Regular monthly bills allowed. April estimate of F. W. Whitler on West End sewer contract amounting to \$2407.77 allowed. April estimate of Warren Construction Co. under paving contract allowed in amount of \$6000.06 from abutting property fund; and \$2160.16 from street intersection fund. April estimate of F. W. Whitler on delinquent sidewalk built, filed with council. Balance due M. H. Payne on fire hall contract, amounting to \$2662.55 allowed.

Sidewalk petition for walks on east side of blocks 27 and 49 filed and referred to street committee.

Hill of Hattie M. Payne for rent of post house referred to city attorney.

Bills for sprinkling streets under improvement district No. 1 opened, five in all, but action deferred until next meeting.

I. J. White was granted a plumbing permit.

Adjourned to Friday, May 6th, 1910.

STUART H. TAYLOR, City Clerk.

## JUNIORS GIVE RECEPTION

#### High School Seniors and Faculty Guests of the Juniors.

Last Saturday evening the junior class of the Twin Falls high school tendered to the seniors of 10 and the high school faculty, in the Elks' hall, a reception and banquet which entitles them to the honor of being the best hosts the class of '10 or the faculty have ever met in high school life.

Entertainment began a little after nine o'clock when eight of the best of the names of Mother Goose heroes and heroines were placed on the backs of each one present. These names were chosen by the writer by asking questions. A little later sheets of paper were given to everyone with questions about character and character traits on them. These papers were passed to different persons who answered the questions with words beginning with the initials of the person first receiving the paper. The writing and reading of the answers afforded much amusement for more than an hour.

At eleven o'clock the Juniors, Seniors and faculty sat down to the banquet table which was beautifully set and arranged by the girls of the Freshman class. Much praise is due these maidens for the excellent manner in which they served.

After the banquet the following toasts were given. Bruce McMillan, president of the Junior class, acting as toastmaster:

Frederic Jayne, "The Seniors."

Nelle Baugh, "The Juniors."

Harry Bond, "The Faculty."

Prof. E. L. Weaver, "Response."

Prof. O. M. Elliott, "Fisher Education."

E. J. Huff, "College Days."

Edith Davies, A Toast of Thanks to the Freshman Girls.

The party broke up at midnight, taking the sentiment of the Senior class, "Here's to the '10's of '11. May they be as joyously entertained as they have entertained the Class of '10."

## DRUGGISTS WILL ARRIVE MONDAY

### Idaho Pharmaceutical Association Convenes Here

#### TURKEY DAY SESSION PLANNED BY THE PILL COMPOUNDERS.

#### Entertainment Committee Will Provide Plenty of Recreation for the Guests.

The city of Twin Falls will be honored by the presence of some two hundred druggists from all over the state next Monday, Tuesday and Wednesday who meet in the regular convention of the association. The program which is intended to cover the three days above mentioned, leaves nothing to be desired in the way of a good time with just enough business sandwiched in to justify the meeting. The delegates will arrive Sunday evening and will convene Monday morning at nine thirty for transaction of business. Mayor Hahn is slated for an address of welcome, with President Whittey of Pocatello as spokesman for the association in a brief response. The regular routine business will occupy the balance of the morning.

Monday afternoon the delegates and ladies will be taken to the Blue Lakes for the afternoon, where they will enjoy the hospitality of L. B. Perrine.

Monday evening entertainment has not been fully planned.

Tuesday morning a business session will be held, while in the afternoon the crowd will be taken to Shoshone Falls where a picnic and field meet will be held with members of the profession only as participants.

Tuesday evening the Elks' hall will be cleared for dancing and the guests will have a chance to meet in a social way. Wednesday morning those of the guests who are able to make the early train will visit Milner and inspect the great irrigation dam. The balance of the day will be at the disposal of the visitors.

## MURTAUGH USES SMUDGE POTS

#### Five Acre Orchard Being Protected Against Frost.

During the past two weeks at times when the indications pointed to a heavy frost Mark Murtaugh has been adopting the Grand Junction scheme for protecting his fine orchard which will come to full bearing this year. Owing to the fact no killing frost has yet been experienced elsewhere it is impossible to estimate the value of the smudging in above case, but if the catchers expect to enter into fruit raising extensively, the smudging system will have to be introduced more widely in the tract.

## ADDITION TO BANK BUILDING.

#### Commercial & Savings Building To Be Extended.

Architects have prepared plans for an addition to the Commercial & Savings bank building, which extend to the alley. The increasing rental value of the property makes the addition a profitable venture.

## BANK DEPOSITS ARE INCREASING

### Combined Statements of the City Depositories.

#### TOTAL DEPOSITS OVER A MILLION AND A HALF DOLLARS.

#### Five-Year-Old City With Four Solid Financial Institutions With Enabling Records.

The call for report by the bank examiner brought forth "reports" this week from three banks, the Twin Falls Bank & Trust Company, Commercial & Savings, and the new but flourishing Farmers & Merchants bank. The report of these three with that of the First National, appear on another page and total up amazing deposits for a city the age and size of Twin Falls. The deposits from the four with the two older banks leading, show the total of \$1,621,415.31. The figures, which rather startling in view of the size of the city, are continually growing, showing that out of the past five years of hardship and strained financial credit, the business men are gradually increasing the available capital and still are able to accumulate bank accounts.

The report of the Commercial & Savings bank with a comparative statement of its deposits of the year before show an increase of over double. While the Farmers & Merchants bank, with less than three weeks of business, shows a deposit account section found in many older banks in the East in cities of the same size.

The Twin Falls Bank & Trust changed from about a year into a stock company with local stockholders under the management of Vice President H. J. Fallon and Cashier C. J. Hahn, has a remarkable report in the increase in deposits over similar statement of last year.

## BIG ELEVATOR FOR BUHL

#### Mullen Company to Begin Work on Structure at Once.

Buhl, May 4.—L. L. Brickerbridge, general manager of the J. K. Mullen Elevators company of Denver, proprietors of a chain of elevators west of Denver, and including the Buhl Milling & Elevator company of Buhl, The Twin Falls Milling & Elevator company and the Kimberly Milling & Elevator company was in Buhl Friday on business for his company.

It is the purpose of this company to erect a large elevator, 200,000 bushels capacity, work on which will be started immediately on the property joining the Buhl pressed brick plant and the mill. The company will also erect large coal sheds for the new field of business these parties will enter. Mr. Oliver, the local manager of the company, said that he could not state the capacity of the coal sheds, but they would be of sufficient capacity to prevent a coal famine such as the people have experienced the past few years.

LIST YOUR HOMES FOR RENT—With Beauchamp & Pickett.

## ALDRICH URGES COMBINATION.

#### To Control Affairs in the Senate—Approved by President.

Washington, May 4.—Through the formation today of an organization, which its leaders deem represents a clear majority of the entire senate, and to be made up wholly of regular Republicans, a movement was started to settle whether the senate shall remain conservative, become radical, or be thrown into political chaos as far as concern any coherent policy on the administration program. Senator Aldrich called the regular Republicans together and confronted them with a grim description of the possible effect of their apparent defeat at the hands of the insurgent Republicans and Democrats in the fight over the traffic agreement section of the administration railroad bill. He asked his associates whether they were ready to submit to domination by such a combination. Any such surrender, he warned them, meant the failure of the tariff policies and the downfall of conservation control, not only in congress, but in the Republican party generally.

Some one reminded Senator Aldrich that the senators then gathered together were not in agreement on all points. Whereupon he replied that they must get together and agree to stand together and let the details be secondary. Otherwise, he said, congress would adjourn without accomplishing a single item of the tariff program.

The entire tone of this conference was bellicent towards the insurgents. This was the dominant note: "Let us get together and stand as one against every insurgent proposition. If the insurgents propose anything good, we'll take it over bodily, and put it through as our own, if they propose anything bad, we'll stamp it out."

It was stated President Taft had been kept fully advised of the situation and was entirely in sympathy with the plan and virtually pledged to it. It was said in behalf of the conference that the measures reported were heretofore, they were necessary in defense of the administration and the integrity of the Republican party and as a means of any effective legislation whatever. To Senator Aldrich was given the leadership of the new movement. He left late today for Rhode Island, and will not return before Tuesday. The plan meanwhile is to "mark time" and "hold the fort." There will be many conferences at the White House and elsewhere to perfect the militant plan. The intention is to "swat" not votes on any subject of importance until next week.

## APARTMENT HOUSE PLANNED.

#### S. T. Benett Will Provide Homes For Six Families.

A two-story apartment house will be built as fast as the work can be done by S. T. Benett, who owns two lots on the corner of Second street and Sixth avenue East. The building will be 20 by 100 feet and the plans call for six apartments of five rooms each. The apartments will be modern in every detail and will fill a great need in the city at present for the increasing population, which is overtaxing the rental capacity of the city.

May For Sale. Twenty tons baled alfalfa, timothy and clover hay for sale in Easttown addition, at \$10 per ton. See Ernest White. May 5th.

Some people eat at the Java—There is a reason. May 7th.

## ELECTRIC LINE INTO ALBION

### Burley Branching out As Trading Center

#### LARGE CONNECTING RAILROAD TOWN A STRONG POSSIBILITY.

#### Chicago Capitalists Visit Burley and Albion to Investigate Value of New Electric Line.

That electric cars will be in operation between Burley and Albion in the near future now seems to be assured. Several well-known eastern capitalists arrived here last Saturday, and after looking the proposition over carefully were very favorably impressed with the scheme, and will no doubt arrange to finance the construction and equipment of the road in the near future.

The following gentlemen composed the party, and on their arrival here Saturday were guests of the Burley Commercial club at luncheon.

Hon. Isaac N. Powell, city treasurer of Chicago; Captain Henry C. Garvey of Springfield; Charles Ulrich, of Springfield; William T. Colvin, of Chicago Inter Ocean, and Colonel James R. H. Van Clieve, banker of Springfield. They were accompanied by Jesse M. Wiese of Boise and E. J. Hunter of Albion.

After luncheon they were taken in auto out over the South Side project to the pumping plant and thence to Albion, where they were entertained by the club of that place until Sunday, when they returned to Burley and took the afternoon train for Twin Falls.

## ARRESTED FOR GIVING BOOZE.

#### Transfer In Talks for Generosity to Fellow Workman.

H. H. Lamareaux, employed about the city, was pulled up by Chief of Police Thompson last night charged with dispensing booze contrary to the local option law. The defendant pleaded guilty to the charge when brought before Judge Smith and was sentenced \$25 and costs for giving liquor away. The liquid refreshments which caused Lamareaux's downfall was about clear alcohol and probably obtained upon certificate of a physician. Chief of Police Thompson had one man up who when arrested for infraction as to the source of supply produced a bottle of Jamaica ginger from which he had imbibed enough alcohol to get a jug.

## ENTHUSIASTIC CLUB

### SESSION AT BUHL

Commercial Club Holds Last Meeting of Year

CLUB DISCUSSES LEASE OF NEW AND HANDSOME ROOMS.

Over \$30,000 Raised During Last Year for Advertising and Improvements in Buhl.

Buhl, Idaho, May 3, 1910. At the Commercial club meeting held last evening, an unusually large crowd was in attendance. The work of the club for the past year was reviewed and the plans were outlined for furnishing the new club room. President J. W. Faris briefly outlined the object of the meeting and stated that excellent work had been accomplished by the club during the past year. He also stated that it is the object of the club to lease rooms in the Withnorton & Early building which is now under construction, and to furnish them in an up-to-date manner. Following the vice-president's address, the club guaranteed to Mr. Charles H. McQuown, a vocal selection, entitled "Huhnnks and Josephus." This song ended with "Huhnnks went to Heaven and Josephus went to Buhl," causing much merriment and applause. As an encore to this they favored the members with another selection, entitled "Have You Seen Kelly?" Next was an address by Secretary Charles H. McQuown, who stated that during the past eighteen months the club has raised the sum of \$3,000, which has been spent in advertising the city of Buhl, in building bridges and roads and in repairing the city streets. Mr. McQuown also told of the rapid growth of Buhl. Short addresses were also given by Fred W. C. Thompson, Dr. Southworth, Mr. Pierce and Mr. Linsey. Two selections were rendered by the club orchestra while the clowns were being passed, and the subscription paper being circulated. And while this was going on, Pat Monahan was asked to tell a story, to which he responded in his usual entertaining way with another good one. Justice Shurt gave an address on the growth and development of Buhl and the surrounding country. The chairman then announced that the "subscription list had been raised during the evening to \$670, after which the meeting adjourned.

Mr. and Mrs. M. C. Ware returned Wednesday from Twin Falls. A. L. Heasler of Twin Falls, was in the city Tuesday. The Misses Martha Taylor and Lilian Lundstrom spent Saturday in Twin Falls shopping. Fanny Winesworth, one of the principal owners of the Ferguson Fruit Co., was over from Twin Falls Tuesday on business. Miss Harriott Normale of the Clark Millinery of Twin Falls, was in Buhl Monday in the interest of the company. Harry Allen of Elmer, was in Buhl Tuesday on business. James R. Lachner of Elmer's Photo House, was in the city Wednesday from home.

Chas. E. Martin was in Saturday from his ranch near the Salmon river. K. K. Stone of the Capital Electric Co., was in Buhl Friday from Salt Lake City in the interest of his company.

Miss Nan Vance of Twin Falls, was entertained at dinner Sunday by Miss Day Shank.

Justice and Mrs. J. W. Shields and daughter, Miss Mariel, were over from Twin Falls Tuesday visiting with friends.

C. H. Taylor has again taken his position as agent at the O. S. L. depot, after a three months' vacation on his ranch.

James Shields, bookkeeper for the Commercial Bank at Twin Falls, was in Buhl the last of the week visiting at the home of his parents, Mr. and Mrs. J. H. Shields.

E. Van Spegel returned Saturday from a business trip in Richmond, Idaho.

Lee Hayford was down from Twin Falls the last of the week.

Miss Elmore Taylor has resigned her position as stenographer for J. Paul Hall at Twin Falls. She returned to Buhl Saturday to spend the summer with her parents.

Edith Fern and Grace Tipton, nurses of the Buhl hospital, were over from Twin Falls Monday and Tuesday visiting with Mr. and Mrs. C. V. Bege, Allen & Co. are repainting and papering their office.

N. Larsen closed the deal Saturday for two lots to T. L. Larsen of American Fork, Utah. These lots are just back of the postoffice and Mr. Larsen will erect on them a building 25x50 feet to be used as a delicatessen shop by himself and Ed Cowley. When completed this will be an up-to-date blocksmith shop.

Miss Nan Vance was down from Twin Falls the last of the week visiting with relatives and friends.

The Buhl high ball club organized Friday evening with "Poppy" Brown for general manager and A. N. Shaffer secretary-treasurer. The fund has commenced practice and will soon be winning barrels for Buhl.

Miss P. E. Barnes, division traffic superintendent for the Rocky Mountain Bell Telephone Co. was in Buhl Thursday from Boise, visiting the exchange.

Ed H. Murphy made a pleasant round trip to Twin Falls, Tuesday evening.

Wm. C. Lewis returned Tuesday from a business trip in Elmer and Twin Falls.

Mrs. Ed Larson is quite sick.

Bob Atwood of Atwood, Buhl, was over from Twin Falls Tuesday in the interest of the construction of the City State bank building.

J. W. Tanner of the pipe plant was in Buhl Monday on business.

The Misses Jennie Hall and Nellie Hall, Mosses, J. W. Bode and George Carey, spent Saturday at Elmer and Thousand Springs.

The La Vigne Millinery has moved from Orem to their new quarters

In the Buhl Bank & Trust building. A party of thirty ladies, of the M. E. Aid and twelve children, went out to the home of Mrs. W. D. Yngst, where they were delightfully entertained at dinner, and the day was pleasantly spent.

Dr. Murphy, H. J. Idema and M. C. were over from Twin Falls Tuesday evening in the auto of the latter, to attend a Republican meeting.

A. H. Carriacous will erect a handsome seven-room residence on his lots next to those of Alfred's residence, Dr. S. L. Allen, W. E. Sullivan and

W. E. Sullivan. Twin Falls, Tuesday afternoon.

Agent E. O. Wolf has been transferred to Hollister.

Allen & Co. have purchased the Winter Bros' ranch five and a half miles south of Buhl, at \$75.00 per acre.

Dr. Chas. Weatherbee was in Elmer on professional business the first of the week.

Ed Wiener of the Elmer Drug Co. is taking a week's vacation on the ranch.

Graver Davis of Elmer, was in Buhl Monday evening.

E. A. Miller of the Milner and Perkins Lumber Co., made a business trip to Twin Falls Saturday.

John E. Schmidt has resigned his position with the Buhl Hardware Co. to take a position with the Twin Falls hardware. The position left by Mr. Schmidt is now filled by S. Claude Stewart.

W. L. Hubbard and D. C. Weaver returned Tuesday from their mining claims near Jarbridge, and brought with them some of the best rock that has ever been brought into Buhl.

Wm. U. Hews left Tuesday evening on a business trip to Shoshone.

Mrs. O. E. Foster was in from Clear Lake Tuesday.

W. S. Harris made a business trip to Twin Falls Tuesday evening.

The Buhl Elevator Co. have commenced the erection of an elevator, to have a capacity of 40,000 bushels. In addition to this they are also building large coal sheds and an additional warehouse.

Tuesday was a big day in Buhl, the first anniversary of the Old Fellows. Eleven different lodges were represented in the grand parade at 11 o'clock. The services in the opera house directly after the parade were very good. The address of welcome was given by Mayor Hayes and the response was given by Frank J. Shields of Twin Falls, both of which were exceptionally interesting and well delivered. At 2:30 p. m. the Old Fellows reassembled in the Buhl opera house, where the degree work was put on in a creditable manner by the Elmer team. At the same time, the Rebekahs assembled in the I. O. O. F. hall, where the degree work was put on by the Elmer team, which consisted of twenty-two ladies, besides the captain, Mrs. Anna M. Little. The ladies deserve much credit for the charming manner in which they put on the work in the initiation of Mrs. Marion E. Aldrich of Buhl. Following this the ladies enjoyed a social hour, ice cream and cake being served. In the evening a grand ball was held in the opera house, a very large crowd being present, and all enjoyed themselves immensely. There were 410 tickets sold.

James R. Lachner of Elmer's Photo House, was in the city Wednesday from home.

Chas. E. Martin was in Saturday from his ranch near the Salmon river.

K. K. Stone of the Capital Electric Co., was in Buhl Friday from Salt Lake City in the interest of his company.

Miss Nan Vance of Twin Falls, was entertained at dinner Sunday by Miss Day Shank.

There are completed terms for a stock option on the equity of mining property in the Jarbidge mines.

Mr. J. E. Steinar was a business visitor to the Jarbidge mines on Monday.

He is having a new cow taken by Thorpe and Miller on his lots on Stockton.

Mr. Larson (Stuart of Hansen) has been the guest of last week. Mr. and Mrs. Frank, Grubbs, is spending a few weeks with his cousin, C. H. Hall, at the Snake River Valley farm three miles north of town. He is here with a view of purchasing land, having been attracted hither by the glowing accounts from relatives and friends here.

James Fitzgerald of the Jarbidge property reports that the great crash of the planting season is now over. Besides supplying thousands of trees for local use, he has had a crew of men setting out different orchards, including the forty-acre apple orchard near Rock Creek. In all they have set out more than 30 acres to commercial apples, which, allowing 75 trees to the acre, makes a total of nearly seven thousand apple trees that have been put out in the vicinity of Buhi by this one nursery alone.

Mr. and Mrs. Chas. Linsage have purchased the Capt. Curfield place of 100 acres near the head of Clark's grade. The place is already well improved but Mr. Linsage has had a large additional acreage of alfalfa put out. He also intends setting out this spring about five hundred grape vines of the Concord variety.

On the fine farm belonging to R. A. Reynolds, two miles southwest of Buhi, the Fitzgerald nursery will put this year some 800 vines of the same variety which imports that the nursery is doing business.

Mr. D. J. Bonner has purchased another acre adjoining the one recently purchased by him in the acreage section on the north side of the railroad track. Albert Holmes of Des Moines, Iowa, is among the purchasers of a new tract in the acreage section.

The Taylor Stock company played at the open house in a well filled house on Monday evening.

A cartload of live blooded horses arrived on Monday evening from Buhi, Mont. for the large farm of A. J. Damm. Mr. Damm will make the raising of blooded horses a specialty on his place.

On Friday evening of this week the Passion Play will be given under the auspices of the Ladies Aid society for the benefit of the new grammar school. The ladies society has prepared a special musical program for the occasion and it is expected that the house will be well filled.

On next Sunday a party of the young people of town are planning to spend the day at Blue Lake. A number of them will horseback, as that is becoming a popular amusement in this village these spring days.

## NOW IS THE TIME TO PAINT

—for—

### This is "High Standard" Paint Week

Watch our windows, the newspapers and magazines, for "High Standard" is nationally advertised, and has behind it the reputation of a great manufacturer as well as ourselves.

Let us show you color cards and tell you how to save money on your paint.

# Don't Scrub Kitchen Floors

Paint that kitchen floor instead of scrubbing it every few days or buying expensive coverings that grow dingy and show wear. You can do it yourself. It's easy and costs only a trifle.

## ACME QUALITY FLOOR PAINT (Granite)

is the ideal finish for kitchen, pantry, and laundry floors, steps and inside surfaces to be walked upon. It's hard, durable, sanitary, easy to apply, easy to keep clean, hard to wear out. Brush it on tonight and you can walk on it tomorrow.

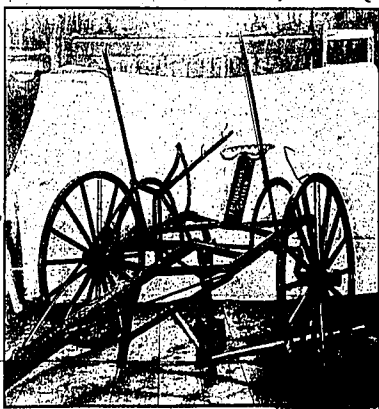

If it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose.

Hardy's Paint Store  
TWIN FALLS, IDAHO

Low Cost.  
Economy of Time.

POINTS THAT PLACE THE

## Hendricks Sagebrush Grubber IN THE LEAD.

The Hendricks Grubber is the best on the market today. Our many years' experience in the field with other machines has put us in the lead. We guarantee the Hendricks Grubber in any and all kinds of sagebrush. It makes no difference how thick or how large or how difficult it is for the horses to get through, the Hendricks Grubbers do the work. Every owner of a Hendricks machine is more than satisfied. We have never had a single word of complaint from any purchaser of our machine.

The Hendricks Grubbers with six horses, will clear six or seven acres per day in any kind of sagebrush, and cut it out cleanly. The all steel machine at the price is equal to two ordinary machines.

We have manufactured the Grubbers from original designs in this section until the acme of perfection has been reached in the machines now placed on the market. The cut of the first machine shows the solidity of the parts and it is a matter of pride with the maker that not a single purchaser has been dissatisfied with the work of the Grubbers.

The working principles of the machine are simple and strong, so that there is little chance of even an inexperienced man having trouble. The knives are placed so as to cut below the soil surface, thus taking out the tougher coarse brush roots and leaving the land ready for plowing. Descriptive circulars and detailed information will be gladly given by

### FRUIT UNINJURED BY FROST

Kimberly Orchardists Expect to Have Large Crop.

Kimberly, Idaho, May 3, 1919.  
Mr. Sam Shotton, who lives in the Dry creek country, was in town a few days ago showing samples of fruit that he saved the danger of frosts.

Mr. Shotton's orchard is situated on the foot hills and seems to be a week or 10 days earlier than fruit grown up the river. He showed flambé from apple, peach, plums and cherry trees that were well formed and nothing but a very hard freeze will hurt them. While this fruit is somewhat earlier than our fruit on the flats, the Twin Falls frost will have little yield of fruit this year, considering the age of the orchards. Hundreds of acres of orchards have been planted this year, and it is only a matter of time when the Twin Falls tract will be recognized as one of the fruit producing sections of the state, as well as one of the largest in the west. All under the same irrigation system.

J. F. Unger is building an addition to his house on his 10 acre tract near Kimberly.

Chas. Lloyd is building a new house on his ranch southwest of town. The building boom seems to be on in Kimberly this spring.

W. R. Carley is building a five-room house on his lots in the west part of town.

J. F. Denham has purchased a small tract in the Turner addition and is erecting a cozy five-room cottage.

J. E. Denham, shadblow and alfalfa D. C. Prentice purchased two tracts in the Turner addition Monday of this week and expects to build just as soon as material can be had.

Mr. J. J. Welch purchased two tracts in the Turner addition a few days ago and will build during the summer.

Swearthout & Brecken expect to build a brick building on Main street, this building when completed, will be occupied as a barber shop by Swearthout & Brecken and will be fitted up with modern fixtures, and plumbing and shower baths. The building will be heated with hot water, and no expense will be spared in making this one of the first-class shops in the state.

R. J. Neely, who lives near the school house, was in town Saturday of last week.

Mrs. W. F. Brecken held the lucky card that won the dinner set given away at Ellis & Wilson's Saturday afternoon.

The committee appointed at the Commercial club meeting Monday of last week to raise funds for the erection of a band stand, have met with success and as soon as a carpenter can be had for a few days, will be built and donated to the use of the Kimberly concert band.

W. F. Brecken received a letter from Frank Burdick a few days ago, stating that he had sold out near Modesto, Calif., for a good profit, and expects to return to Kimberly in the near future.

W. H. Thomas was transacting business in Kimberly Friday of last week returning to Payette, Saturday.

E. U. McIntire, B. Wilkins, E. T. Newby, and W. F. Brecken attended the Republican caucus at Twin Falls Friday evening of last week, reporting a pleasant and profitable meeting.

The correspondent writes to correct an error in last week's item. Instead of F. M. Kendall it should have been J. E. Hofferly who has the contract to build the house for W. R. Carley.

W. C. Newby is fencing and planting fruit trees on his lot in the Thomas and Albert tract just north of the railroad right of way.

Mr. and Mrs. W. C. Hall left last night for Murtaugh, where he goes to look after his business connected with the firm of W. C. Hall & Co. He will also have charge of the Weeter Lumber Co's yard at that place. The people of Kimberly are sure to lose Mr. and Mrs. Hall, but wish them success in their new locality.

The firm of Zuck and McPerson dissolved partnership Monday of last week. Mr. Zuck remaining in business and will continue to handle real estate.

P. E. Uicker was transacting business in Twin Falls Monday of this week.

J. A. Walker of Rock Creek, passed through Kimberly Monday on his way to Twin Falls.

Mr. J. E. Dearhouse from Twin Falls, will have charge of the Weeter Lumber company's yard here, having accepted the position just vacated by W. C. Hall, who has moved to Murtaugh to look after the company's business there as well as his own.

C. W. Johnson, who has the contract to build the Denham house.

Ira Lambing from Filer, was transacting business in Kimberly Tuesday afternoon.

Mr. C. A. Dunham arrived here Monday of this week from Boise, where he expects to locate here and part of the country his

who road overseer, is building bridges and is a man that seems to be in the public

talent play the Friday evening. You should attend and be used to finish the night. You will be surprised to find and see one of the best plays ever pulled out of the country. Remember, place, Friday evening, school auditorium, 8:30 sharp. Tickets 25, 35 and 50.

The Ladies' Pioneer club has the next regular meeting at the home of Mrs. W. H. Turner, Thursday, May 12, 8:30 p. m. All members are requested to respond to roll call. Quotations from Mark Twain.

## LAW AND ORDER LEAGUE FORMED

Local Option Forces Will Attempt Enforcement

ORGANIZER NICHOLS IN CITY IN INTEREST OF LEAGUE.

Meeting Held in Methodist Church Sunday Evening for Arousing Interest.

The law and order league of the state with local organizations has been growing rapidly but gradually throughout the entire state with many lawless men putting down their names on the membership list. About \$10,000 for state campaign work will be subscribed and the league will endeavor to send assistance to any part of the state where the blind there are in operation.

The first attempt to organize in this city was inaugurated Sunday night, when State Organizer Nichols presented the purposes of the league to the interested audience. About fifty enrolled as members Sunday night. The balance of the week Mr. Nichols has been settling signatures of the business men who favor law enforcement and has met with very good success.

## OFFER PRIZE FOR BEST LAWN.

Citizens Offered Inducement for Well Kept Yards.

The Farmers & Merchants bank is offering a fifty dollar prize for the best kept lawn in the city for the summer. Twenty-five dollars will be offered for the second best lawn. The prizes will be awarded late in the summer in time to give everyone a chance to compete. Judges for the contest have not been secured.

## VAST ACREAGE RECLAIMED.

Final Surveys of the Tract Is Completed.

The surveys for the great tract of land to be reclaimed by the Twin Falls-Recreation project have now been completed and in the event final plans for financing the plan, undertaken, there will be nothing to prevent an opening of the land to entry under the provisions of the Carey act sometime during the coming summer. Approximately 60,000 acres will be reclaimed by the canal, which, added to the present acreage in the southern part of the state, will give Idaho the greatest irrigated area in the world, all of which will be tributary to the proposed extension of the Shoshone branch of the Oregon Short Line.

Plans of the final surveys made by Frank H. Maxwell and Walter E. Taylor were filed at the United States land office yesterday and all land under them not included within the state segregation will become subject to entry May 27. The land is as follows:

Township 5 south, range 9 east (fraction), as to Schaff's Island only; township 9 south, range 6 east (in part); township 6 south, range 9 east; township 6 south, range 6 east (in part); township 9 south, range 6 east; township 7 south, range 8 east; township 8 south, range 8 east; township 9 south, range 8 east; township 6 south, range 9 east; township 8 south, range 7 east; township 7 south, range 7 east; Idaho Statesman.

## REVIERE DRAWS CROWD.

Mrs. Hoyle Accepts Puffball As Souvenir In Popular Theatre.

In spite of the inclement weather of the past week the Reviere theatre has been drawing good crowds with some of the finest moving picture films made.

Mrs. L. E. Hoyle, who formerly rang the films, has been secured as soloist and receives the well-deserved applause of her new audience.

Sally says, "Keep Harp Day at the Java" Apr 7 10

## ELM PARK ADD CHANGES OWNERS

John R. Newton Sells Valuable Tract Near City

WATER SYSTEM FOR ELM PARK CITIZENS IN OPERATION.

Automatic Pressure Pump Used to Maintain Full Fire Protection and Domestic Supply.

During the past week E. W. Davis purchased the Elm Park addition from John R. Newton for \$20,000. The acreage involved is about twelve acres of land adjoining the city on the east, and considered one of the most valuable of the many additions. The addition was platted about ten years ago and later, a year ago, additional lots were platted to keep pace with the demand. Mr. Newton, who held possession previously had been fortunate in getting a good supply of water by sinking a deep well on his own property and this year the water thus obtained was piped to the lots in Elm Park and a motor with automatic switch attached to the pump on the well so that at all times a sufficient flow is given to the householders of Elm Park for domestic and fire purposes.

The number of fire residences is increasing in this district and Mr. Davis expects to dispose of the remaining fifty lots in a short time.

## INJURED IN PLAY AT SCHOOL

Son of F. M. Quigley Has Leg Broken.

The young son of F. M. Quigley, living south of this city, while playing during the intermission, had the misfortune to have his leg broken. The lad was taken to Dr. Boyd's office and the fracture reduced and then taken to his home.

## COMMENCEMENT AT THE HIGH SCHOOL

Busy Week for the Graduating Class Members

SENIOR PLAY PROMISES TO BE WORTHY OF CLASS.

Next Week Will Mark the Close of the School Year—Baccalaureate Service Sunday.

The closing events of the school year will take place next week when the third graduating class of the Twin Falls high school will receive its diplomas. The class as a whole has been very active in the school work and the senior play which will be given during commencement week will be in every way worthy of the attendance of the public.

Programs for Commencement.

Sermon before graduating class, Sunday evening, May 8th, by Rev. Henry W. Parker, at M. E. Church.

Senior Reception, Monday evening, May 9th.

Senior play, Bickel auditorium, Wednesday evening, May 11th.

Commencement, Bickel auditorium, Thursday evening, May 12th.

Cant and Synopses of Senior play, "The Manoeuvres of Love."

Lord Punchball, Harry Benoit, Jerry Punchball, of the Lodge.

Paul Oldham, George Langston, Lem Chapin, Mr. Nangle, Harry Eaton, Preliminary Hostess, John Holton, Mr. Packer, Roy Richmond, Sir Robert Bowater, John Duggan, 1st Footman, Dana Elliott, Jane Nangle, Nellie Ranch, Constancia Gies, Anna McAlister, Mrs. Beechler, Lesley Williams, Pamela, Lady Punchball, Mrs. X, Lillian Mandy, Mrs. Postock, Beale Carlson, Miss Postock, Ella Chantler.

Miss Dodd, Ethelle Howard, Miss Bowater, Mae Jones, Act 1, The River Parlor at Lord Punchball's, Chaney Court, on an October afternoon.

Act 2, Drawing room at Chaney Court, on an April afternoon, six months later.

Act 3, Scene 1, Room in the "Buckles" at Southwick at eleven o'clock on the same evening. Scene 2, Miss Dodd's Parlor at Plinow-on-Sea at seven o'clock the next morning.

Act 4, Drawing-room at Chaney Court, the same morning.

Time—The present.

Music, selected—Girls' Glee Club.

Prayer—Rev. Alward Chamberlain.

Solo, selected—Ethel Davies.

Address—Rev. E. H. Pyke, pastor M. E. church, Albion, Idaho.

Music, selected—High School Girls' double quartet.

Presentation of class—Superintendent O. M. Elliott.

Presentation of Diplomas by President J. A. Waters, assisted by twelve fathers from Miss Thompson's room.

Motto: We have reached the top hills; the mountains are beyond.

Colors: Old Gold and Royal Purple.

CLASS ROLL.

Scientific Course: W. Roy Richmond, Besse Carlson, Ada McMahon, John D. Holton, W. H. Budd Letch, Ella Chantler, Paul Oldham, Alma Paris, Harry Edm.

Preparatory Course: Nellie V. Ranch, Harry Benoit, Lillian Mandy.

BIG DERRICK BREAKS.

Considerable Smash-up of Construction Machinery at Court House.

This morning about ten o'clock, the big derrick used in handling the construction materials on the court house, broke, letting fall the beam carrying about of brick and smashing up both the beam and derrick considerably. The damage to the building was slight, but two or three days will be required to repair the derrick. This is the second time this accident has occurred, but the damage heretofore has not been so great.

Make a small investment in a South Park lot. It will be a money saver and a money maker for you.

Mining Location Notices for sale at The Times office.

## "SHOW ME" FAIR SEPTEMBER 12-17

Committee Decide Upon Date of Exhibition

WIDE PUBLICITY WILL BE GIVEN TO THE SPECIAL FEATURES.

Sub Committees Appointed With Full Power to Appoint Members to Co-Operate.

The main committee of the "Show Me" fair for next fall is getting things lined up pretty generally and the active work of arousing enthusiasm in the business men and into the ranchers of the tract will be carried on by means of sub committees who will be held responsible for everything in the branch in which they work. Only the chairmen of the committees will be appointed with expectation that each chairman will not better results from a congenial committee.

The publicity department, one of the most important, will be under the guidance of W. H. Eldridge, who will appoint his own committee to serve under him.

The other chairmen appointed so far are as follows:

Fruits—J. A. Waters.

Palaces—G. A. Stullacher.

Vegetables—S. H. Bolton.

Cattle—H. T. West.

Manufacturing—J. H. Hall.

Amusement—C. D. Thomas.

Music—C. D. Tyler.

The remainder of the chairmen will be announced next week.

C. H. Fells, a recent arrival to this city, purchased through Young & Keel, six acres in the Miller addition for \$1500. The former owner was Mr. Underwood.

Peter Matson sold lot 6 block 10 to Mr. Underwood for \$2700. The deal was made by Young & Keel.

### CARE OF FEET OF HORSES.

Early Attention Often Prevents Permanent Deformation.

It is of considerable importance that the feet of horses be given good care, and especially is this true of young, growing stock. Many times have I seen promising 2 and 3 year olds with ragged, split feet, growing into all shapes but the right one, when the most simple early attention would have prevented disease or deformity.

It is not an uncommon occurrence to find when examining horses for soundness small shelly feet and probably side bone, ringbone, seedy toe, or false quarter. In many instances arising from neglect on the part of the owner or shoeing smith. On looking the animal over he may seem to be a nice bodied horse with plenty of bone and flat limbs, but directly attention is drawn to the feet his value is depreciated.

It should be understood that horses do not wear so much of their feet away without shoes, unless they are regularly worked on roads, as the average shoeing smith takes off with his knife when dressing the foot. Of course, it is essential that, to work a horse without shoes the underneath part of the wall be rounded and all loose fiber of horn removed, otherwise splitting might result.

But all efforts on the part of the shoeer to produce neatness at the aid of the rasp and oil-brush to the wall of the hoof should be discouraged. The sole, bars and frog should be left alone. The crust may be lowered by the use of the rasp and the toe of the foot will always have to be rasped more than the heels.

The skill of the shoeing smith is shown in his ability to keep a perfect level base, so that the horse standing on a hard surface has a natural position. In shoeing, nails should be driven so as to take a wide hold of the crust; if too close together splitting of the horn may result; if the position of the shoe can be secured by three nails on the outside and two on the inside all the better. If the frog is allowed to come in contact with the ground, a better foothold is obtained and calkins can be done away with unless for the kind of shoes of horses which are required for heavy draft work in hilly districts.

Frequently sufficient care is not taken when taking off a shoe. The smith takes up a foot, places it between his knees and knocks out the clinches with his buffer and hammer. Then with the clinchers he takes hold of the shoe, and inside the foot as a fulcrum draws off the shoe by main force.

A careful man will first gently loosen the shoe by taking hold of each heel separately so as to draw the shoe about half an inch from the foot. Then a sharp tap or two upon the shoe nail heads will be seen to project when each should be drawn out separately.

I am sure that certain kinds of hold-down in the stable are a cause of soreness in the feet of horses. I have not yet met with anything of

good as wheat straw. The damp portion of litter should be removed daily and the animal, if not worked, exercised on hard ground. Each morning the litter should be carefully looked over and the dry portion removed to the sides of the stall and every particle picked out of the feed. W. H. G. Hanson, in Farm Progress.

### VOTES ON NOVEL CITY CHARTER.

Best Features of Charters of All Other Cities Claimed to Be Included.

Spokane, May 2.—What is in many respects the most novel municipal charter ever submitted to the voters of any city will be accepted or rejected by today's election. Its framers allege that it is composed of all the best features of the charters of all other cities having adopted a "commission form of government."

Among other radical features, the charter provides for the publication of an official weekly newspaper or municipal gazette, which shall contain a summary of the week's proceedings. In this official publication will appear all calls for bids on contracts, contracts let and every other item of the daily routine of the council. At the end of the fiscal month the full report of receipts and expenditures will be published for general distribution. At the end of each year public accountants not in the employ of the city shall examine the books and make their report public.

After three months of study and discussion of the charters of other cities, the mayor's committee, appointed to draft the new charter, evolved the following new features: "The council of five shall meet daily and all meetings shall be public; each commissioner, including the mayor, shall vote on all matters. The mayor shall have no veto power; the commissioner at the head of each department shall have power to appoint or remove all officers or assistants in his department."

### Action by the Senate.

Washington, May 2.—The senate today adopted the Clay amendment to strike out entirely section 7 of the railroad bill relating to traffic agreements. Senator Nelson's motion to strike out section 12, which would permit mergers between railroads, was adopted by the senate without division.

### He Followed the Water.

"Could you do anything for a poor old sailor?" asked a wanderer at the rear door of a suburban house one morning recently. "Yes, old sailor," echoed the housewife, who had opened the door. "Yes, I followed the water for twenty years."

"Well," said the lady as she slammed the door in the face of her unwelcome visitor, "all I've got to say is you certainly don't look as though you had ever caught it."—London Answers.

No man is nobler-born than another unless he is born with better abilities and more amiable disposition.—Seneca.

### What Was Lacking.

Tom—When are you going to wed your pretty fiancée?

Dick (gloungly)—Indeed I do not know.

Tom—But the report is gaining currency.

Dick—Yes, but I am not gaining currency. That is just the trouble.—Chicago News.

### All About Her.

Whistle—See that little woman in black over there? I'll bet there are more men crazy about that woman than any woman in town.

Whistle—What makes you think so?

Whistle—Well, she's the matron out at the insane asylum.—Judge.

### How It Affected Him.

Monk (the caddie)—Ever since Leo stole that Gordon Highlander he won't do anything but play golf.

### Sailing Clubs.

The first sailing club was probably the Cork Harrier Water club, now known as the Royal Cork Yacht club, established in the year 1720. The vessels were small, and from that period until early in the nineteenth century yachting developed but slowly. In 1812 the Cowes Yacht club was founded with some fifty-five yachtsmen. Since that date yachting associations have rapidly grown in numbers and strength all over Europe and America. —New York American.

### Squelched.

Prosperous Young Actor (returning tired after a lustrous and evening performance of successful plays)—Ah, dear boys, I really think it's time all good actors were in bed. Grouping Tragedian (looking up from his paper)—Why not?

### Our Neighbors.

Sunday School Teacher—Why did the Lord command us to love our neighbors? Little Lolo—Oh, I guess it was another way of telling us to love our enemies. —New Orleans Times-Democrat.

## A Safe Investment

Is one that brings adequate returns for the money invested.

## Increase Your Income

By an investment in

### Big 4 Stock at 5 cents

per share. People who are known to buy with discrimination and judgment—thinking people whom you know to be successful are BUYING BIG 4 stock WHY? Because BIG 4 is an investment that has stood investigation. They have investigated our property then subscribed for BIG 4, satisfied with their investigation and with JARBIDGE back of us, that they had big profits in BIG 4 stock at 5 cents.

## YOU WHO ARE HESITATING

Must not wait too long to get in at 5 cents. THE other fellow will beat you to it. So get busy. We are only selling 50,000 shares at this price, per value \$1.00 and non-assessable. Honest men to deal with, who put their money in with you for Communion of Efforts and reward. Bank references. Square deal and quick action. It won't take long to prove our ground. It should not take you long to decide how many shares you will subscribe for. We are located only 600 feet from the Good Luck Property that is bonded for \$200,000. The surface conditions on the Big 4 are identical as that on the Good Luck. The same porphyry dykes that appear on the Good Luck and other prominent properties at Jarbidge are plainly visible on the surface of the Big 4 property. When you take into consideration the fact that all our ores are free milling, the low cost of production through our tunnels, together with expert management, indicate profits and means appreciation of Big 4 stock by the public.

Take a small investment in a South Park lot. It will be a money saver.

# Ladies' Spring Suit Sale

## Ladies' and Misses Coats and Suits

Beginning Saturday, MAY 7th  
FOR ONE WEEK

The time has come when we wish to close down our line of spring suits and coats and to do this we are willing to cut the prices where profit is no item. We don't carry over from season to season and this sale must clean them up and we know the price must be

absolutely right to do this. We must give you a suit so reasonable you can't afford to go without one. A good skirt for separate or suit wear and a coat to go with it for the cool evenings. We make this offer to your advantage—take it this week. Suits reserved with 10 per cent deposit only. No better tailored clothes made. No better style or qualities. **\$14.98** for suits worth \$25.00 to \$30.00. This is only a marker. Come at once.

## Shoes! Shoes! Shoes!

None ever get old, we don't allow it. All properly fitted. Shoes for children guaranteed to wear and not to rip. Hose the same and at prices to suit all.

All at eastern prices. People who know say our shoe department is the most complete in town. Shoes adapted to this country. Every pair guaranteed—ladies', children's or men's—

New Line of Children's Ready to Wear  
—Wash Dresses at 25c and up

### THE NEW CITY DIRECTORY

Duplicate Telegraph Herald Making Thorough Census of City.

The work on the new city directory is being rushed towards completion and will be in the hands of the printers probably within the next two weeks. The work is in the hands of an experienced compiler and this fact is the most complete that has ever been put out in this section. It will contain the following features:

New and up-to-date maps of the city, giving all of the late additions to the city, and up to the minute. A map of the North and South Side tracts, the latest ones out. These maps will be made from the latest tracings and will be in each case made from new plates gotten out especially for this work.

A complete miscellaneous directory of the city, country and township governments, churches, schools, societies, public halls and buildings, etc.

A street and avenue word map of the city, describing and locating all streets and avenues and naming all streets crossing and street with the street number at each intersection.

A general directory of all people of town 11 years of age or over, their address or location, place, when they were born, etc., and their business enterprise they are identified as or employed by, and telephone numbers of patrons of the work.

Classified business directory showing various headings the different types of the city.

County directory to be compiled by records—this name and address of residents of the city as complete as may be secured on records obtainable from assessments and records that have been compiled by residents and that have been volunteered by them.

This work should have the hearty support of our residents and that it will be a work well worthy of their patronage. A full census of men are now in the field gathering the information.

### ANOTHER TRIAL AT MARRIAGE.

Divorced Mrs. Louisa Ann Trice, an Englishman.

New York, May 2.—Ruth Bryan Trice, who will be married in February, is now on her way to England to meet her husband, the British royal engineer, the American will say tomorrow. It is said that Mrs. Trice met her future husband in the summer. He is 26 years old.—Idaho Recorder.

Wanted—To lead of horses to pasture at \$1.25 per month. T. M. French, at Williams-French Lumber yard.

You can do it. Do what? Pay for a lot in South Park from your wages. It means a home and comfort in the future.

### JARBIDGE—AN ELDORADO.

Mining Men Challenge Opinion On Quality of Ore.

With a "light of way" leading forth from the heart of darkness, two dance halls opened for the recreation of the mining men in camp, properties changing hands and new discoveries said to be of importance, made Jarbidge is reported to be getting into the like an old time Eldorado, according to the information received today from the camp by local mining men. The several impressions lately given out that there were vast bodies of low grade ore in the territory and nothing else, seem to be shattered with the authoritative statement that in developing many of the properties and striking at a depth high grade ore has been brought to light. Jarbidge, however, is a thriving camp with more people than work and the circulating high prices for the common necessities of life.

Nothing to be up-to-date in every respect and to be abreast of progress the merchants of Jarbidge have installed in front of their places of business large glowing street lamps forming the blazing "light-of-way" that makes an impressive picture in that far off isolated section of the infernal mountain country. Everything is wide open, free and comparatively orderly although the dance halls are featured high day and night, for they follow in the wake of new camps of this kind. When the two new dance halls were opened the camp advanced from its prevailing drowsy, generally abandoned business and attended business. The sight is reported to have been one long to be remembered, a flash on the camp which is thriving one day and the next uncertain—Cassidy News.

### WRECK IN YARDS.

Engine While Switching Jumps Track, Blocking Traffic.

A force of men were employed nearly all day Wednesday in replacing a locomotive which had run off one of the switch tracks near the depot. In some way the engine while backing down the switch, jumped from the track, and although it did not turn over it required nearly a day to hoist it back.

### COUNTY PHYSICIAN.

Dr. T. O. Boyd Selected By County Commissioners.

At a meeting of the board of county commissioners held Friday afternoon, Dr. Truman O. Boyd was chosen for the office of county physician. The board of the Farmers & Merchants bank was also organized, thus settling this bank to qualify as a depository for county funds.

Have a lot for a home in South Park with easy walk from your work or business.

Have you looked over the plot of South Park addition? If not, do it now.

### NEWTON BUYS NEW PROPERTY.

Johnson Acquires Across Creek Chances Hands.

F. F. Johnson, president of the First National bank, this week sold forty acres through Young & Keel to John H. Newton. The price per acre was \$250. Mr. Newton has not made up his mind fully as to disposition of his new holdings.

### USES SMUDGE POTS.

J. P. Paulson Takes No Chances On Loss of Fruit Crop.

On one of the cooler nights a short time ago, Mr. J. P. Paulson, living a mile and a half south of town, placed smudge pots in his orchards and kept a heavy cloud of protecting smoke over his trees during the whole night. Mr. Paulson has a good orchard and fine prospects for a considerable fruit crop this year, and although the night was not dangerously cold, Mr. Paulson thought it a good time to try modern methods of fruit protection.

### REAL ESTATE SALES.

Business Lots On East Main Avenue Sold.

Robert Sturtead and Harry Harding purchased this week lots 17 and 18 in block 89, just below the Weaver excavation. The consideration was \$700.

### BUILDING ON SHOSHONE.

M. H. Corcoran Commences Excavation For Fine New Building.

Work was commenced this week on the excavation work for the erection of a fine brick business building on Mr. Corcoran's lot adjoining the Corcoran and Warburg building. Mr. Corcoran planned originally to erect only a two-story building, but has about decided to add a third story.

### NO SERIOUS DAMAGE TO FRUIT.

Recent Cold Wave Seems to Have Missed Fruit.

The recent changes in the weather have made many of the fruit men of the tract uneasy, and many feared that last week the fruit trees already in full bloom would be badly damaged. Reports, however, from experienced orchardists show that with the exception of some peach trees no damage has been done and that the Twin Falls country can expect a bumper crop.

### ADOPTS AN AMENDMENT.

Long and Short Hand Provision of The Railroad Measure.

Washington, May 7.—The house today adopted the long and short hand provision of the railroad bill as reported by the committee.

Get your butter wrappers printed at The Times from pure vegetable parchment, and conform to the pure food laws.

### ARTISTS' BLUNDERS.

A Procession of Monks That Adam and Eve Enjoyed.

Among the most amusing "blunders" by artists is a landscape by Turner in which a rainbow is depicted behind the sun. This occasioned almost as much humorous comment in English art circles as did the ship of Constant, the great French artist, who in his portrait of Queen Victoria painted the ribbon of the Order of the Garter the wrong color.

A picture of Adam and Eve in the garden of Eden hung in the gallery of the Geste, in Lisbon, represents the first couple as watching a procession of monkeys.

In the famous galleries at Antwerp are certain pictures of old masters in which the jumble of ideas is as remarkable as the technique is fine. In one picture of heaven the archangels are armed with bows and arrows, and in a celebrated painting of "The Murder of the Innocents" the massacre is represented as taking place in a city of Holland. The parents of the children are stout burghers, the Roman soldiers are stout policemen armed with muskets, and the innocent infants are transformed into wild schoolboys in baggy woolen trousers and jackets and horned shoes.

### SOMNAMBULISM.

Some of the Curious Things Done by Sleepwalkers.

Many years ago an archbishop of Bordeaux attested the case of a young ecclesiastic who was in the habit of getting up during the night in a state of somnambulism, taking pen, ink and paper, composing and writing his sermons. When he finished one page he would read and correct it. In order to ascertain whether the somnambulist made use of his eyes the archbishop held a piece of pasteboard under his chin to prevent his seeing the paper upon which he was writing, but he continued to write on without being in the least inconvenienced.

It is related of Negretti, a sleepwalker, that he would sometimes carry a lighted candle, as if to give him light in his employment, but on a bottle being substituted he took it and carried it without apparently noticing the difference.

Another somnambulist would dress in his sleep and go to the court, where it was pitch dark, and draw water from the cask without walking into anything and without spilling a drop of the water, but if he happened to awake in the cellar he had great difficulty in groping his way out.—Exchange.

### WAS OF LIFE.

There wouldn't be so very much fun in living if there wasn't a bundle or two to jump over in this race of life. There always have been obstacles, and there always will be, and it is of no use to repine over them.—Manchester

## New Styles in Up-to-Date MILLINERY

Just received from the east.
