

ANOTHER GAME FOR POCATELLO

INDIANS DEFEAT IRRIGATORS AT HOME.

Spirited Contest in Which Both Teams Did Fine Work—Pocatello Visitors Receive Royal Welcome Which They Richly Earned.

For nine pulsing and pulsating innings the Pocatello Indians and the Twin Falls Irrigators wrestled for supremacy on the local baseball diamond last Sunday. The result, which was in doubt until the last man was down in the ninth, was a victory for Pocatello, 6 to 5. Thrills were as plentiful as cabbage worms and large chunks of frenzied excitement may well be picked up in no sagabroth in the vicinity of the field. It was a stirring game and Pocatello won an honest victory. The Irrigators were badly played. Johnny Hayes, being unable to catch on account of an injured hand, was played on first, where he did nobly. Everett Swobley, who had put in the previous afternoon grubbing and tilling the infield, was behind the bat though he could barely close his good right hand. Though not at home with a maul on Everett played a stout game and batted like a Jond. Guy Holahan held the Indians down to six hits and with good support behind him the score should have been 1 to 0 in favor of the visitors. The Falls had men on the sacks in the eighth and ninth and a timely hit in either of these innings would have won for the Irrigators. Moechan and Burns were the only men on the team who played their regular positions. Shepherd being moved in to second to replace Swobley. Kierstead was placed at short to replace Holahan. Smith played left and played it exceedingly well. The score: Pocatello.....2 0 0 1 0 3 0 0 6-6 Twin Falls.....0 0 0 1 0 5 0 0 5-2 Batteries—Baird and Fuller; Holahan and Swobley.

Bush Livermore of the Pocatello Tribune accompanied the visitors and his sprightly story of the excursion rivaled the occasion to a dot. He said: In point of numbers less than 200 Pocatelloites journeyed yesterday on the baseball excursion to Twin Falls. In point of noise and enthusiasm, and fun and enjoyment, the party numbered 1,000. The exact number of tickets sold was 120. The exact number of fully-satisfied people was 100, because in addition to the regular \$4.75 excursion tickets sold there were 13 passes, with 10 additions at regular fare en route.

Not since the morning stars sang in the ground; since Hec was a pup, has there been a more successful excursion run out of Pocatello. From the time the special train pulled out of the Gate City depot at 8 o'clock yesterday morning until it rolled in at 1:45 this morning there was not a dull moment. There was much to see and everybody saw it all. There were a couple of thousand of the best people in the world to meet at American Falls, Minnehaha, Burley, Rupert, Kimberly, Twin Falls, Shoshone falls and Blue lakes, and everybody met them all. Everybody down the line, 129 miles from the Pocatello yard limits in the wonderful beauty of the Perrine ranch at Blue lakes, held out open arms of welcome to the excursionists, and the excursionists fell on the neck of the Sagabrothers and wept tears of unutterable joy.

The welcome accorded, the excursionists by the people of Twin Falls was nothing less than royal. It was sent: It merits a place in the history of western town building. It was full hearted, unstinted, utterly great. The Twin Falls band met the train at the depot, backed up a couple of dozen rigs, which were at the disposal

WARM WORK AT THE PRIMARIES

STATE ISSUES BURIED, LOCAL ISSUES REVIVED.

Inability of Opposing Facions to Agree on Ticket Satisfactory to Both Leads to Hot Contest—514 Votes Pooled.

Nothing is done by halves in Twin Falls, not even in a primary election. The Republican primaries were held on Monday and the unsuccessful candidates were done a rich chocolate brown, the score on straight ballots standing 100 to 300 in favor of the ticket supported by those whose slogan was "Down with the Investment company and the village trustees." If there were any issues anybody has been able to discover. Now they are in the hands of the Governor Gooding and opposed to the nomination of a candidate for United States senator by the state convention. They simply wanted a fight and they got it. Everybody sufficiently matured voted, regardless of political affiliations. It was the first real election the city enjoyed and no doubt the voters will be glad to get on to Saturday morning all was quiet on the firing line. The dove of peace was securely cooped and confined in the hands of the village trustees. The banquet of Lucullus would have looked like a free lunch in a 3-cent beer hall on Saturday evening somebody robbed the dove cote, should the bird into the sagabroth and the fight was on quicker than a Chinaman could braid his cue. A caucus was called for that evening and there was a fair attendance. But the air seemed to be surcharged with distrust. There were rumors of "packing," "cut and dried plans," etc. At all events the caucus room was so quiet that the clucking of the chickens had a rattling sound. Nominations were made without dispute or quibble and at the close of the meeting necks were craned in anticipation of the dove's return. They waited in vain. The supporters of the so-called "company ticket," believing their opponents had broken faith, proceeded to put another ticket in the field. From that moment it was a hammer and tongs contest which reached its climax in the election of T. O. Bayne, J. H. Swobley, P. H. Eastman, P. B. Chamberlain, C. D. Thomas, L. M. Luce, J. Peters, C. M. Hill, G. W. Harlow, J. E. Smith, S. T. Hamilton, J. B. Melrose, G. B. Sier, F. L. Ball, A. H. Kellogg, L. E. Salladay. On the anti-company ticket were W. W. Dunn, J. W. Schell, John E. Sier, P. T. Hamilton, P. L. Paulson, A. D. Crandall, L. E. Salladay, John Peters, H. H. Jacobs, W. P. Guthrie, A. Carter, J. A. Waters, C. E. Evans, A. H. Kellogg, Clark Gibson.

Shoshone falls has a drop of 210 feet, Twin falls, two miles above, 187 feet, and Auger falls, five miles below, 146 feet. These three falls afford at a moderate estimate more than 100,000 horse power. The plant of the Shoshone Falls Power company, limited, developing 20,000 horse power, is almost completed at Shoshone falls. Electrical energy will be transmitted as far away as Salt Lake.

Everybody knows about the Twin Falls reclamation enterprise—perhaps one of the greatest irrigation projects in the world. Approximately 270,000 acres of fertile land lie in this tract, 170,000 acres of which have already been sold and placed under cultivation, and it is estimated that fully 60,000 additional acres will this season be reclaimed from the waste.

The lands under the Twin Falls canal system were withdrawn under the Carey act from the public domain by the state land board of Idaho. By this act the United States government transferred title to the state, and the state conveyed direct to the settler. Under strictest regulations for the protection of settlers, the state has entered into contract with the Twin Falls Land & Water company, the company binding itself under heavy guarantees to construct this canal system for the reclamation of the lands covered.

The water for this mammoth canal system is diverted from Snake river, 23 miles from Shoshone falls, and flows in a westerly direction through the lands for a distance of 65 miles. The main canal is 50 feet wide on the bottom, 120 feet wide at the top and carries 10 feet of water. There are no flumes or siphon canals, and as the waters direct from the river are ample, there are no reservoirs whatever provided, and the whole tract being under one canal and one appropriation of water, the controversies and litigation usual in other irrigated lands are avoided. Two years ago there was not a house on the tract. It was a sagabroth desert. The transformation has been more than marvelous. The Minner west the Snake river branch, run through beautiful fields of grain, yielding splendid crops. Between Twin Falls and the river, three miles across, stretches one of the finest and fields in the west. Almost unbelievable results have attended the work of the superintendent of the company's experimental farm on the edge of town. Grains

(Continued on Page 4.)

was held last Monday and the result was the election of J. R. Hinton and Charles A. Johnson as delegates. A letter has been received from P. M. Towne, who with his family has driven up the Snake river and into Yellowstone national park stating that along the way he saw no crops that surpassed those he left growing on the Twin Falls tract.

The young men of Hansen met on the diamond last Wednesday evening and reorganized a baseball club. We have the material here and with a little practice can compete with the neighboring teams.

Noble and Thompson, with their grubbing outfit, are now situated on the ranch of Mr. Ricks clearing a tract of 40 acres. The sagabroth in this vicinity is fast being grubbed and soon not a tract of brush will remain to remind one of the general appearance of this part of the country less than two years ago.

W. W. Dunn with S. T. Hamilton were callers in Hansen last Tuesday afternoon.

Charles Heidricks and R. B. Roberts were Rock Creek visitors this week.

George L. Doughty was a Twin Falls visitor last Wednesday.

W. H. Nichols was very seriously ill the first of the week but is now on the road to recovery.

Miss Atwood Luce was a visitor at the Ranch home in Hansen last Thursday.

G. H. Taylor left the first of the week for a trip into the Rock Creek mountains where he will remain a number of weeks.

Miss Lettie and Mr. Ves Nelson returned last week from Creswell, Utah, where they had been visiting relatives and friends.

Mrs. W. H. Fritz of Rock Creek was a passenger from here to Abilene last Sunday, where she goes to visit her mother for a few weeks.

Mrs. Fitch Ball and Mrs. Frank Mitchell of Twin Falls are visiting at the home of C. A. Ball this week.

A merry party, including Mrs. D. V. Mieses, Mrs. and John Diving, Miss Calder and Miss Murphy, and Mr. Heidricks, spent last Friday evening at Shoshone falls.

PREPARATIONS FOR FAIR ARE WELL UNDER WAY

Superintendents of Divisions Meet and Plan Their Work—Premium List is Completed and Rules and Regulations Formulated—Much Interest Shown in the Movement—All Indications Point to a Magnificent Showing—Fine Advertisement for Twin Falls.

The superintendents of the various departments of the fair association met with the officers in the office of Mr. McPherson July 14 to put the finishing touches to the premium list.

It was decided that Mrs. Sweeley should have \$50 for the art exhibit for premiums and that Mrs. Kennedy Packard should have the same amount for her work.

Mrs. Clouche, the superintendent of the educational exhibit, spoke of the difficulty of getting a suitable exhibit, unless work should be started at once, and all assistance possible enlisted. It was agreed that she be given full authority to enlist assistance and \$50 was granted for work in this line.

Mrs. Spueckman, superintendent of the flower exhibit, said there should be three divisions in this exhibit and that she would advise a premium for a grand collection of not less than three varieties, and as many more as possible; a premium for potted flowers and one for cut flowers. She said this could be made one of the most attractive exhibits and she urged that all persons having flowers should strive to bring something for this exhibit.

C. O. Melges of the industrial department announced Mr. Salladay as his assistant.

The superintendent was authorized to have the premium list and rules and regulations printed as soon as possible.

There is great enthusiasm among all the workers, and if Twin Falls does not have the best fair ever shown in the state so far as exhibits is concerned the workers will be much disappointed.

Farmers' Federation Meeting. A meeting of the Farmers' federation is called to be held at the office of Mr. McPherson to elect delegates to the irrigation congress at Boise.

The federation is entitled to two delegates and should be represented by its strongest members, as the work that they can do for the tract will be of the greatest value.

We should not lose sight of the fact that Twin Falls will be in the line, not only as the largest and best, but the most advertised irrigation project in the country. The delegates will find that they will be best with questions and strong men can do the tract a wonderful amount of good.

The Boise meeting has far to be not only the most largely attended but one of the most important ever held. At least four members of the cabinet will be present and members of congress and senators and governors by the score.

Twin Falls is in a position to reap an incalculable amount of good from the Boise meeting and we should make the most of the opportunity.

Announcements. It is with pleasure that the Farmers' federation has accepted the fair tract, through their officers and directors, present this list of premiums and announcements for the first annual fair of the Twin Falls tract, to be held in Twin Falls, September 5 to 7.

The reputation of the products of the Twin Falls tract has already become established and widely known, but in order that the citizens of this tract may become more familiar with the various products, as well as the general public, the federation has decided to hold this fair, and ably seconded by the Commercial club and the business men of Twin Falls, its success is assured.

The arrangement of the premium lists was left largely to the superintendents of the different divisions and the superintendent of agriculture, who have had some previous experience in fair work. We confidently believe that a careful perusal of this list will win the hearty cooperation of the farmers as well as the business people of the tract.

We ask that every farmer, stock raiser, orchardist or manufacturer on the Twin Falls tract, will strive to make as creditable an exhibit as possible. The National Irrigation congress which convenes at Boise September 3 to 8 will visit the tract during the fair, and it is very desirable that we present to these people, who will represent every state in the Union, the wonderful results attained in so short a time in this section.

Transportation. The Oregon Short Line company will grant special rates to those desiring to attend the fair. While it is essentially a fair of the Twin Falls tract, we invite exhibits from any and all who wish to take advantage of this opportunity to show their goods.

Essential Features. It is intended to make this fair essentially an exposition of the products of the Twin Falls tract, consequently little attention will be paid to horse racing or other amusements. However, a committee has been appointed to look after the amusement side, and they will take charge of these features, and if deemed best, races of various kinds will be had.

At the closing of the fair there will be given an opportunity for those who make exhibits if they so wish, to auction off and to dispose of the same as they see fit. All farmers or stock growers interested in fine stock or machinery are not to take cognizance of this fact.

Rules. 1. A general supervision of the ground and entire exhibition will be vested in the president and secretary of the Federation of Farmers.

2. Buildings will be open for exhibits September 4, and all exhibits must be in place by 12 o'clock noon on September 4, otherwise no premiums will be awarded to those arriving later.

3. All articles must be delivered to the different superintendents in charge of the divisions, who will see that they are properly entered and an identification ticket given to each exhibitor.

4. All statements requisite to exhibitors making an entry in regard to date, etc., or whether articles were grown or produced on the Twin Falls tract, must be proven to the superintendent in charge.

5. Each superintendent will appoint judges for his or her division. Three judges will be appointed for each division with the exception of poultry, which will have five judges will be appointed for a score of points.

6. No fee will be charged in any department for making an exhibit.

7. Stalls and pens will be provided by the fair committee, and shall be free to all bona fide exhibitors.

8. Application for stalls and pens for live stock must be filed three days prior to the opening of the fair in order that an adequate number may be provided.

9. Every article or animal entered for exhibition shall be under the control of the superintendent of the division.

partment in which entered, but in no case will the federation or committee be responsible for loss or damage to animals which may occur.

10. All competing animals shall be exhibited and paraded in the ring at the discretion of the superintendent. Any exhibitor failing to comply with this rule will forfeit awards.

11. No animal shall be decorated with unnecessary trappings.

12. Animals exhibited must be in the hands of the exhibitor, and must have been his or her property for at least 30 days prior to the opening of the fair, in order to have premium awarded. This would not bar any portion from exhibiting any animal or article.

13. The age of all animals will date from birth.

14. No exhibits will be permitted to be removed from the fair grounds until 4 o'clock p. m. September 7, the last day of the fair.

Protests.

Any dissatisfaction arising from the awarding of the judges, or the treatment by the superintendents, must be filed in writing with the president or secretary on or before 4 o'clock p. m. the last day of the fair.

Awards.

The fair committee will in no far as possible secure experts to award the premiums in all departments, and no appeal from the decision of the judges will be considered, except in cases of fraud.

2. Each judge shall hand in his or her report to the superintendent and insist on making a correct copy of the same, signed by the judge or judges, as the case may be.

3. When any article or animal having no competition is worthy of a premium, it shall be awarded, but in no case will a premium be awarded where merit does not exist.

4. Any exhibitor attempting to interfere with the discharge of their work will be promptly excluded.

5. Awards will be as follows: Blue, first premium; yellow, second premium. Ribbons will be provided in all cases designated.

Each superintendent will have the selection of his or her assistants, and the arrangement of all articles or animals on exhibition in his or her department.

Each superintendent will report each morning at 9 o'clock and give undivided attention to his department during the day. The superintendent will give special instructions to the judges before entering upon duties as will enable them to decide all questions that may come up for consideration, in accordance with the rules and regulations.

Payment of Premiums.

All premiums will be paid within 30 days from the date of the close of the fair, but the entry or identification tag must be presented to the secretary before payment will be made. Premiums not called for within 60 days will be forfeited.

Duties and Privileges of Exhibitors.

Exhibitors will give all necessary attention and care to whatever they may have on exhibition, and at the close of the fair take entire charge of the same.

The fair will close at 4 p. m., September 7, 1906.

During the awarding of the premiums in any department, the exhibitor will remain with their exhibits and not follow the judges about, nor interfere with them in any way.

Members or Employees.

No persons except members or employees of the fair committee shall be allowed in the building after the closing hours, except when written order of the superintendent of that department is issued.

Company experimental farms are barred from competition for regular premiums, but may compete for special premiums if so stated.

Premium List:

Following is the premium list:

Division A—Horses and Mules

C. A. McMASTER, Superintendent

LOT I—DRAFT HORSES.

	First.	Second.
1. Best draft stallion, any breed, 3 years old or over.....	\$10.00	\$5.00
2. Best draft mare, any breed, 3 years old or over.....	5.00	2.50
3. Best draft suckling colt, any breed.....	5.00	2.50
4. Best draft stallion with 2 of his get.....	10.00	5.00
5. Best draft mare with suckling colt.....	5.00	2.50
6. Best draft team (stallion harnessed).....	5.00	2.50

LOT II—ALL WORK HORSES.

1. Best all work stallion, 3 years old or over.....	\$10.00	\$5.00
2. Best all work mare, 3 years old or over.....	5.00	2.50
3. Best all work stallion with 2 of his get.....	10.00	5.00
4. Best all work mare with suckling colt.....	5.00	2.50
5. Best all work team (stallion harnessed).....	5.00	2.50

LOT III—ROADSTERS.

1. Best roadster stallion, 3 years old or over.....	\$10.00	\$5.00
2. Best roadster mare, 3 years old or over.....	5.00	2.50
3. Best roadster stallion with 2 of his get.....	10.00	5.00
4. Best roadster mare with suckling colt.....	5.00	2.50
5. Best gentleman's driving team; speed, style and action to be the test.....	10.00	5.00
6. Best single driver, mare or gelding.....	5.00	2.50

LOT IV—MULES.

1. Best span of mules.....	\$5.00	\$2.50
2. Best mule colt under 1 year.....	5.00	2.50
3. Best jack.....	5.00	2.50

Division B—Cattle—Beef Type

J. A. JOHNSON, Superintendent

F. LEE JOHNSON, Assistant Superintendent

1. Best Shorthorn bull, registered.....	\$10.00	\$5.00
2. Best Shorthorn cow.....	5.00	2.50
3. Calves and yearlings.....	5.00	2.50
4. Best Hereford bull, registered.....	10.00	5.00
5. Best Hereford cow.....	5.00	2.50
6. Calves and yearlings.....	5.00	2.50
7. Aberdeen Angus bull, registered.....	10.00	5.00
8. Aberdeen Angus cow.....	5.00	2.50
9. Best Galloway bull, registered.....	10.00	5.00
10. Best Galloway cow.....	5.00	2.50
11. Red Polled bull, registered.....	10.00	5.00
12. Red Polled cow.....	5.00	2.50
13. Best graded cross bred dual purpose bull, any breed.....	5.00	2.50
14. Best graded cross bred dual purpose cow, any breed.....	5.00	2.50

Division C—Sheep

H. T. WEST, Superintendent

J. M. SPACKMAN, Assistant Superintendent

LOT I—MERINOS.

1. Best ram, 1 year old or over, registered.....	\$5.00	\$2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

LOT II—COTSWOLDS.

1. Best ram, 1 year old or over.....	5.00	2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

LOT III—SHROPSHIRE.

1. Best ram, 1 year old or over.....	5.00	2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

LOT IV—LINCOLNS.

1. Best ram, 1 year old or over.....	5.00	2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

LOT V—RAMBOULET.

1. Best ram, 1 year old or over.....	5.00	2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

LOT VI—GRADES OR CROSS BREDS.

1. Best ram, 1 year old or over.....	5.00	2.50
2. Best ewe, 1 year old or over.....	3.00	2.00
3. Best lambs.....	3.00	2.00

Division D—Swine

A. H. KELLOGG, Superintendent

B. A. BAKER, Assistant Superintendent

LOT I—POLAND CHINA.

1. Best boar.....	\$5.00	\$2.00
2. Best sow.....	3.00	2.00
3. Best shoats.....	3.00	2.00

LOT II—BERKSHIRE.

1. Best boar.....	5.00	2.00
2. Best sow.....	3.00	2.00
3. Best shoats.....	3.00	2.00

LOT III—DURCO JERSEY.

1. Best boar.....	5.00	2.00
2. Best sow.....	3.00	2.00
3. Best shoats.....	3.00	2.00

LOT IV—CHESTER WHITES.

1. Best boar.....	5.00	2.00
2. Best sow.....	3.00	2.00
3. Best shoats.....	3.00	2.00

LOT V—CROSS BRED OR GRADE.

1. Best boar.....	5.00	2.00
2. Best sow.....	3.00	2.00
3. Best shoats.....	3.00	2.00

Division E—Poultry

MRS. B. F. McPHERSON, Superintendent

MRS. J. A. WATERS, Assistant Superintendent

Exhibit in this class, 1 male and 2 females; separate classes for mature birds

(cocks and hens), and this year's hatch (cockerels and pullets).

All first prizes, \$2; all second prizes, \$1.

LOT I—AMERICAN.

1. Barred Plymouth Rocks (trio), cock and 2 hens.	
2. Barred Plymouth Rocks (trio), cockerel and 2 pullets.	
3. Buff Plymouth Rocks (trio), cock and 2 hens.	
4. Buff Plymouth Rocks (trio), cockerel and 2 pullets.	
5. White Plymouth Rocks (trio), cock and 2 hens.	
6. White Plymouth Rocks (trio), cockerel and 2 pullets.

JEALOUSY.

The fact that people are weekly leaving this city for other sections of the northwest seems to be worring a number of our citizens. It is a matter that should not cause alarm, nor is it worthy of more than a passing notice. There never was a time in the history of any section of the country when there were not some dissatisfied people—people who are either contented drifting about and looking for where the money drops in with-out much labor—a sort of Biblical Canaan where flows milk and honey that has only to be gathered in with-out exertion.

In the past six weeks there has been a large number of people from the Yakima valley attracted by the cheap lands offered in the Twin Falls section of the state of Idaho. A number of "knockers" on the streets of this city who seem to be responsible for some of the people leaving here. One of the "knockers" named "Eden" has made a full failure of life in the Yakima valley; has tried a number of ventures that have not proved profitable. He is now in his line trying to convince people that the Yakima valley is a failure.

It is an undeniable fact there are a great many people leaving the Yakima valley. It is also an undeniable fact there are more people coming to this valley than are leaving it. People who realize the advantages of this valley here over other sections of the country and are willing to pay good round figures for land. The "knockers" cry that a poor man can't live in the Yakima valley; that he cannot get a foothold. This is untrue. There is no place on God's round earth where a poor man has the advantages offered here. In land, labor, mechanical pursuits he can live and live easily. The people who have been induced to leave this valley this spring will probably be like those who were induced to go to the imperial country in California. They made a great deal of noise about going, but as fast as they could go so they returned back to the Yakima and gave thanks that there was such a place to return to.

The Twin Falls proposition is an untold one. It is a matter that all kinds of fruit can be successfully raised there; but it has never been demonstrated. The fact that the altitude is from 2000 to 3000 feet above the sea level would indicate that it is not a fruit section, and, if it proves to be such, where is the market? This is a matter that the knockers have not taken into consideration and it is one that a poor man who is daunted to leave a comfortable living in his home country and his family in cheap land should consider well before going into Yakima Democrat.

This is unfair to former residents of Yakima who have made their homes on the Twin Falls tract. The fact that farmers in the Yakima section were able to sell their irrigated lands for high prices and secure other lands, equally as good, perhaps better, for less than one-third of what they received for their Yakima acreage, demonstrates two facts—First, that Yakima lands are valuable because they are productive and sure crop yielders; secondly, that the irrigated sections of the west afford the best opportunities to those who desire to farm. There is no reason why the people of Yakima should feel hostile to Twin Falls. The existence of the Twin Falls project gave Yakima farmers the opportunity to show what their lands were worth. Those of the Yakima farmers who sold out and came to Twin Falls did not do so because Yakima was played out or an undesirable place in which to live but because sound business judgment suggested that they should take advantage of the opportunity to take the profits on their Yakima property and secure cheaper and better land elsewhere. The prosperity of the Yakima country is one of the best advertisements Twin Falls could have. The citizens who have come here from Yakima are among the very best on the tract. They are experienced irrigators; they know their rights and they never complain. Moreover, their example is a valuable lesson to their inexperienced neighbors. They have nothing but kind words to say of Yakima but they do so unanimously that Twin Falls, being newer, offers more opportunities to homeseekers. It takes money to buy Yakima land and it takes money to make a start in well developed and rich country.

The great railroad systems of the west are taking greater interest in the section of the National Irrigation project at Boise, Idaho, September 3 to 8, than any previous convention of that organization, and to insure a large attendance will give the most liberal ever offered there. Boise is preparing to entertain 2000 delegates and as many more visitors who will take advantage of the opportunity to study irrigation in a country where agriculture has reached the highest state of perfection.

STATE POLITICAL SITUATION

Status of Various Candidates Seeking Public Recognition.

BOISE, July 27.—All indications at present point to a very harmonious state convention at Pocatello on August 1, when the Republicans of Idaho will come together for the purpose of nominating a state and congressional ticket. At the present writing it is apparent that Governor Gooding will be renominated most probably by acclamation, but as to the opposing candidate mentioned in convention—the governor is sure of being named by a decidedly decisive vote. County conventions are in progress all over the state to the state conventions have been held in seven counties—Blaine, Bannock, Bear Lake, Boise and Lincoln in the south, and Shoshone and Idaho in the north. These counties elect 35 delegates to the state convention, of which number those who claim political wisdom in the capital city state that they will support the governor's renomination. The 18 delegates from Shoshone county are instructed for Dr. Hugh France for governor.

In two other counties the primaries were held on July 3.—These are Fremont, with 20 delegates to Pocatello, and Kootenai with 24 delegates. The primaries in each of these counties were held in the district judicial building cutting an important figure in each case. However, despite this local fight, it is admitted that Governor Gooding has such strong county support that this will add 35 votes to the already elected, and will give the governor an initial strength of 108 votes in the state convention, out of a total vote now in sight of 124.

Yesterday primaries were held in Canyon, Elmore, Bingham, Cassia, Oneida, Lemhi and Latah counties. These counties will elect delegates to the state convention to the number of 21. It is apparent that Governor Gooding has received the endorsement of each of these counties, and that his vigorous county conventions will name delegates favorable to him. The remaining counties of Ada, Nez Perce, Owyhee, Washington and Custer counties will hold their primaries on July 25, and their conventions within a few days thereafter. These counties will have a total representation in the state convention of 74. It is confidently predicted that Governor Gooding's renomination will have been assured before that time, and it is generally regarded as certain that each of these counties will be for him.

The only really lively fight the governor's friends are anticipating in any of these counties is in Washington, where there are a number of disappointed office seekers and sheep men who have taken umbrage at the efforts of the state sanitary board to control the spread of each among the bands of sheep. These men are putting up a fight against the governor, while the friends of the administration in Washington county have gladly accepted the challenge and merry war will be waged there next Monday at the primaries, and later at the county convention, which will be held on July 28. Things are complicated somewhat in Washington county by the candidacy of Dr. B. J. Stevens, the present lieutenant governor and who is himself the supporter of his home county for the congressional nomination. Dr. Stevens, it is reported, is friendly to Governor Gooding's administration, and stands with the friends of the governor or of being opposed by them. The war of the faction opposing the governor in Washington county is a totally different matter, and is no bitter in character, that the friends of the governor have sternly expressed an intention of fighting the matter out.

It is understood that there is intense feeling in the two far northern counties, Shoshone and Kootenai, relative to the district judgeship. The present incumbent, Judge Morgan, is a candidate for renomination, and has the 18 votes of Shoshone county instructed for him by N. N. Dunn, registrar of the land office at Cour d'Alene, is the opposing candidate, and claims Kootenai county. These two counties constitute the district, and as Kootenai has the greater number of delegates to the state convention it looks as though the latter would win. It is reported that the plan, in current vogue for public lands, is the one instructed in the same way, as the Shoshone delegation was instructed for Morgan.

But little is heard here relative to other candidates for state nominations. Of course Boise has a receptive candidate for every office, and in some instances several candidates for the same office. For senator, besides Mr. Borah, who desires the senatorial nomination, there are Judge Richards, Judge Reilly, ex-Governor Morrison and a few others who would like to try conclusions in the legislature. Hon. Edgar Wilson would like to be governor, H. N. Coffin is anxious to be senator for the district, and there is a rival in this desire in John W. Eagleton. Judge Stewart of the district court is a candidate for the supreme judgeship.

There are several others whose ambitions are not so pronounced. Hon. A. B. Moss of Payette is also mentioned for the office of auditor. The friends of Pocatello is also in the senatorial race. From north Idaho word comes that Kootenai county will ask for the nomination of Robert S. Bragaw for a second term as state auditor. Shoshone county will support Dr. Hugh France for governor. Latah county will have the Congressional nomination for French for renomination. Nez Perce county has a number of aspirants for state nominations, including Jake Goodrich, Mark A. Moss and George E. Crum for lieutenant governor; Wm. Schuldt and C. A. Hastings for state treasurer, Professor Calhoun, and Miss McCoy for auditor. Idaho county will have E. A. Carpenter for state superintendent and Johnness for state mine inspector. Washington county will have the nomination of Dr. B. J. Stevens for congress. Canyon county may have a candidate for state treasurer in the person of H. A. Perrine. Bingham county will either ask for the secretary of state's nomination for George Gagon or of state superintendent for Mrs. Adella B. Scott. Cassia county

will probably ask for the nomination of Miss Be. C. Chamberlain for superintendent. Bannock county has instructed its delegates for both Governor Gooding and Attorney General J. C. Groves. In the Kootenai district the present secretary of state, Will H. Gibson, would be willing to be renominated. His chief deputy, B. E. Hyatt, is also being mentioned for this place. Blaine county will have a candidate for mining inspector in the person of James McPherson. Fremont county will probably ask for the nomination of Ross J. Comstock for state treasurer.

ADVERTISED LETTER LIST

List of letters remaining uncalled for in the postoffice at Twin Falls for the week ending July 14, 1906:

Atkinson, Ralph (2)
Barrett, Fred C.
Busbey, T. W.
Chase, E. J.
Clay, Edw.

Willey, Pearl

When calling for the above letters, please say "Invested July 14, 1906."
W. W. DUNN, Postmaster.

GAME WITH POCATELLO.

(Continued from Page 1.)
and grasses attain extraordinary size. Vegetables, berries and small fruits do wonderfully well. The soil, virgin as it is, is more fertile than that of the favored Nile. A recent analysis of a score of samples made to the chemist at the Washington state agricultural college at Pullman brought out the admission by the chemist that this was the most fertile soil he had ever analyzed.

Twin Falls, the town, is the pulsing heart of this immense tract. It is 23 miles old—the first lot was sold on the first day of August, 1904. Today it enjoys a population of more than 2000. A \$100,000 hotel, a \$300,000 school building, a \$200,000 bank, building, a score or more of handsome and substantial brick, concrete block or wooden buildings adorn the townsite. A five-acre park is one of the features. Perhaps 100,000 shade trees have been planted within the city limits. These trees are small yet, but in a couple more years the town will be a garden spot. The life of the town of Twin Falls lies in its citizens. They are among the greatest men in the west. They are boosters from the time they open their eyes in the morning until they are closed at night. In their dreams they boost. They have a great country to boost for—perhaps the greatest in the world. They are full of life and delight to tell the universe of their knowledge of the fact.

A trip to Twin Falls is a liberal education. No one who has never made the trip can have the vaguest idea of the richness of the tract. It is rich beyond the pale of coherent description. We know their silence when used in connection with such fertility, such marvellously rapid development.

The baseball game between the Indians of Pocatello and the Sagebrushers of Twin Falls was only a secondary feature of the trip. The contest was exciting enough to satisfy the most exacting, but lovers of scientific ball saw nothing in the game to interest them. The score should have been 6 to 0 in favor of the Indians, but in the final sixth inning the Sagebrushers punched two pieces and permitted five Sagebrushers to score on a combination of rank errors. The final score was 6 to 7 in Pocatello's favor.

The Pocatello Commercial club went along, as did also the Eagle band. The trip was a long one, the dirt was very bad, and the sun was tremendously hot. The trip was a long one, the dirt was very bad, and the sun was tremendously hot. The trip was a long one, the dirt was very bad, and the sun was tremendously hot.

A letter from Hon. A. C. True, director of experiment stations, department of agriculture, to the executive committee of the National Irrigation congress, gives some valuable suggestions as to the methods of measuring water. The methods of measuring water to irrigators; the maintenance of canals and laterals; the prevention of seepage losses; the drainage and reclamation of swampy and alkali lands; the duty of water and the best methods of applying water to crops. To those familiar with the wasteful methods employed by early day irrigators these suggestions are timely, and the discussions on the improved methods adopted by the present irrigators will prove interesting and instructive.

The committee having in charge the work of assembling exhibits of the mineral and lumbering interests of Idaho, which are to compose leading features of the exposition at Boise during the session of the National Irrigation congress, September 2 to 8, are meeting with great success. While in one respect these industries are not new to the irrigation history, they are an important feature of the exploitation of the state's resources to which the attention of capital is justified.

BREVITIES

Chief Justice Stockinger of the state supreme court was in Twin Falls for a few hours last Saturday.

Mr. and Mrs. Fred L. Harris are about to leave for Chicago where they will remain for 10 days or two weeks.

Professor Watt of Pullman, Wash., is the guest of Mr. and Mrs. C. M. Watt here for the purpose of proving up on his farm near Buhl.

The Wise Piano house has opened a branch in the Idaho house, Twin Falls, under the charge of N. B. Torrey. Several fine instruments are on exhibition and others are on the way.

Several local merchants decorated their establishments as a compliment to the Pocatello visitors last Sunday. The Idaho Department store was particularly attractive and Booth's looked very pretty.

Services will be held in the Presbyterian church, Rev. John Gourley pastor, on Sunday at 11 a. m. and 8 p. m. Sunday school at 10 a. m. Christian mission meeting at 7 p. m. Miss Edith Young leader.

A number of binders are being sold to farmers who are preparing for the fall. A quantity of hay has already been cut and is being baled. The barley harvest will commence next week. Crops are looking splendid.

A meeting to effect an organization of the Woman's Christian Temperance union will be held at the home of Mrs. A. C. Garlock next Tuesday evening at 8 o'clock. Everybody interested in the cause is cordially invited.

A. F. Connell, real estate and financial agent of Oakland, California, was in Twin Falls this week looking over the country. He was greatly pleased with the tract and announced his intention to return shortly and bring some friends with him.

H. H. Frohman, the Twin Falls electrician, left last Saturday for Denver, where he attended the Elks' convention. Denver is his old home and he will be absent four weeks. While in the east Mr. Frohman will purchase a complete line of electric supplies for his Twin Falls establishment.

T. J. Woods returned on Saturday from Billings, where he attended the opening of the Crow Indian reservation. Mr. Woods was very popular registered for the opening, quite a number of whom came this way. Mr. Woods distributed a large quantity of Twin Falls literature and met many people who were interested in this section. He returned by way of his old home and was unfortunately enough to find it badly damaged by fire.

C. J. Sinsel of Boise, A. McPherson of Twin Falls, Robert Milliken of Nampa, A. E. Gilson of Caldwell and C. E. Bife of New Plymouth have been appointed a committee to take general charge of the exhibits of products grown by irrigation at the National irrigation congress in Boise. C. J. Sinsel of the committee has called for a meeting to be held in Boise on July 25. It is planned to make a splendid display at the congress.

The new school building is practically ready for occupancy and the plans for the grounds have been completed. These plans are very artistic, provision being made for shade trees, shrubbery, grass and flower plots, play grounds, lawns, walks, paths and a garden which will be one of the most distinctive new and instructive features of the school. In this garden the pupils will be taught the rudiments of agriculture and horticulture and encouraged to study the sciences and indulge in practical application.

A movement has been started for the institution of a "treem" course of entertainments during the coming winter such as have been so successful in other cities. Yesterday a petition was circulated and 97 subscribers were obtained. With 100 subscribers it will be possible to secure the course, which includes many attractive features, prominent among them is Leonora Jackson, the premiere violinist. The entertainments will be given in the new gym of the new school building which has a seating capacity of about 500.

Bonett Bros. of the Blue Lakes Spring Water Co. will begin the delivery of Blue Lakes water in Twin Falls next week. They have had made in Twin Falls a 250-gallon tank which will be used in bringing the water from the lakes to the city. Delivery will be made by means of wagons equipped for the purpose. Families will be supplied with water and tickets for water by the gallon will be supplied. The water will be delivered filtered, aerated or carbonated, as desired. Bonett Bros. have been working on their temporary building on Shoshone avenue near the depot. When this is finished they will commence the manufacture of bottled mineral water. Their equipment will be second to none.

Definite steps have been taken to adjust the survey of the Twin Falls a few days ago Attorney S. H. Hays of the Land & Water company. Hays made a suggestion which met with favor in this suggestion was that the P. H. Smith retained M. J. Sweet as counsel for the farmers and the plan suggested by Mr. Hays has been approved by Mr. Sweet. In substance the plan is to use the government corners as a basis; deed all the land to one person, make a new plat, enter each entryman on the plat, and the originally selected have this plat approved and recorded, then re-deed the land back to the entrymen, giving each man what he is equitably entitled to and leaving the roads and section corners will be normal and the all right to the cornermen will be adjusted to the common plan. It is confidently expected that all entrymen will accept the plan. Those who do not will find themselves in a very embarrassing position.

Halo S. Hutchins, secretary of the Utah Implement Co., was in Twin Falls last Friday and was piloted by Clark Gibson. Mr. Hutchins thinks highly of the tract and its future.

John Dunt of the Fremont Carriage Co., Fremont, Neb., was a Twin Falls visitor last week. He was well pleased with the appearance of the tract.

The Continental Oil Co. is putting in the foundation for an oil tank on the south side of the railway track below the planing mill. The tank will be in position next week.

Addison T. Smith is on his way west from Washington. He will visit Twin Falls before going to Boise where he will put in the time until election at Republican headquarters.

Berry & Swann have a carload of sewer pipe on the way for use in Twin Falls. They are having the annex of the Hotel Perrine and figuring on several jobs of considerable proportions.

In W. D. Garlock's office is a wisp of timothy from E. D. Hanson's farm on which the heads are alone and one half dozen long. At the time it came from a volunteer crop. The stand is five feet.

The institution of the I. O. O. F. lodge at Buhl will take place tomorrow, Saturday, evening, it having been found necessary to postpone the ceremony for one week. The Twin Falls team will attend and Jacob Hoeser will have charge of the work.

W. A. Ring returned from the opening of the Crow reservation at Billings with a much better opinion of Twin Falls than he had when he went away. He said the country was "all right" but not to be compared for this tract.

J. J. Holohan enjoys the distinction of having laid the first cement sidewalk in the city and a residence in Twin Falls. He made a very neat job of it and the effect is soothing and aristocratic. Pete is taking a course of breathing exercises, inhaling the odor of the clover blossoms in the park which faces his home, and his complexion is improving wonderfully.

H. S. Averett, L. H. Barcock and J. B. Blaine have formed a partnership and will engage in contracting and building. They will make a specialty of store fronts, fixtures, cabinet work and buildings. Their office is located on Ninth avenue and Tenth street. All three are hustlers and master mechanics.

The band instruments have all arrived and a meeting will be held in W. D. Garlock's office on Monday night when the attendance of all members is desired. While excellent progress is being made by the organization there is need of more players to fill in places it is hoped that all those who have had experience in band work or who desire to follow it will attend the meeting.

A. J. Harrell has had the Big Creek basin and most of Shoshone basin staked and planked with notices warning hunters to keep away from these sections who notices are posted. Line riders will patrol the Big Creek basin in order to prevent hunters from driving or frightening cattle near the stream. The basin is full of hunters and the cattle are kept on the jump.

Mr. and Mrs. H. F. Allen went to Boise to transact business. Mr. Allen will engage in business in the capital and make that city his home. The departure of Mr. and Mrs. Allen was keenly regretted by a large circle of friends to whom they are dear. In all their life, Mr. and Mrs. Allen were ever to the fore. Thrashers, energetic and kindhearted, they won and retained the good will and respect of all. May their future be unclouded and their path untrammeled. "Whatever's right."

WM Doty of the Winchester Arms Co., P. J. Holohan and George Fraser of Twin Falls returned Monday night from a hunting trip to Shoshone basin. They brought home many fine game, two ducks, two sage chickens and three baskets of trout, the latter contributed by Jess Butler, Dennis Holohan and Will Hurd. The companions of Harry Allen. The feature of the trip was Doty's magnificent cooking, which averaged 99 per cent. Had he not mistaken the sugar for the salt in the duck of the evening, his score would have been straight. Eugene was high man on trout, scoring 17 straight without missing a mouthful or stopping to take a breath. Pete killed the heaviest sage hen, a patriarch weighing about sixteen pounds. He chaperoned the party with great dignity but the undiminished remains of his share of the big chicken. Pete declared that Doty and Fraser scored so high that they scared all the coyotes off the range.

Harry Allen, Jess Butler, Will Burton and Dennis Holohan composed a jovial hunting party which started from Twin Falls yesterday morning for Shoshone basin. They did not work until they lost their horses on Sunday afternoon. The sun was so hot and the water was so long that the boys sighed impatiently for a white-topped rig and familiar faces. They roamed the range in vain, contenting the right of way with flower bulbs and various cows, but many men of the horses. Just as they had given up all hopes of ever seeing home and again began to write their wills, the lost boys weeping until they had almost dried their eyes, Harry and Fraser sent out fresh (?) horses for their former companions, who with Messrs. Boone and Olaf Pearson subjoined a fine black and white gelding and other delicacies and listened to their whickers growing until the fresh relay of nags arrived.

Lots 17 to 24 inclusive in block 116 have been decided by the Towne Co. to the Twin Falls Hospital association as a hospital site.

Frank Heyburn has commenced work upon the foundation of Superintendent McPherson's residence on Blue Lakes avenue.

O. D. Thomas traded 40 acres of land near Twin Falls for a 40 at Buhl and received \$1800.00 to boot. This is one of the best trades recorded.

REMEMBER KIMBERLY ON 24TH. Grand Celebration of Pioneer Day is Arranged For.

KIMBERLY, July 19. Plans for the celebration of Pioneer day on the 24th of this month in Kimberly are going on rapidly. The program for the day is an excellent one and has been arranged and promises to be very entertaining. Some of the best talent on the tract has been secured and beyond a doubt the program will be well worth hearing. One of the pretty features will be a flower drill by 12 little girls. Ample shade will be provided for the guests in which lunches may be eaten. The sports, including a baseball game between Rock Creek and Kimberly, will begin at 2:00. Jumping contests, foot races and like feats will follow. A dance in the evening will end the day's program. A cordial invitation is extended to all to spend the 24th in Kimberly and help us make the celebration a big success.

A party of Kimberly young people surprised Mr. and Mrs. H. T. West and family on Saturday evening at their home south of town. The guests numbered about 30. Games and dancing made a pleasant evening pass all too quickly. Dainty refreshments were served at a late hour.

The depot is progressing rapidly. At the point where the line is being laid, a primary election was held here Monday and resulted in the election of L. E. Prothero and H. T. West. The delegates will leave Friday for Aldon to represent the Kimberly district at the county convention to be held there.

Mrs. C. Rorabach of Rock Creek spent Wednesday visiting in Kimberly. Mr. and Mrs. Bowles of Heyburn are located here for a short time while Mr. Bowles is engaged in work upon the depot.

Rev. R. D. Osterhout of Twin Falls preached here Sunday evening. Church services have been changed from the afternoon to the evening of the first and third Sundays of each month. A cordial invitation is extended to all. Mr. and Mrs. Gabell of Denver, Colo., arrived in Kimberly Sunday and have been spending a few days with their niece, Mrs. G. W. Osborne of this place.

A pleasant afternoon was spent Tuesday by the members of the ladies' club at the home of Mrs. W. H. Turner. Plans were discussed for an ice cream social to be given on an early date, after which dainty refreshments were served. The next meeting will be held Tuesday afternoon in the school room. Return to Dr. Clouchok was a Kimberly visitor Wednesday.

H. T. West spent a few days of this week in the mountains.

LOST—\$10 REWARD. Small brown horse and large bay pony have white mark on forehead, small circular brand on left shoulder. Last seen going west from Twin Falls on the south of town section. Return to Burnett's livery stable and receive reward.

Wanted to Rent—Piano. Anyone having a piano they wish to rent please communicate with Mrs. S. T. Hamilton, Twin Falls.

Wanted. Reliable man to work on ranch two miles west of town. In all the MRS. D. F. CLARK, Twin Falls.

Dogs for Sale. Pups, beagle and "foxhound" cross. R. Stevens, opposite Ramsey's place.

Nothing is more provoking than a leaky roof. T. E. West, old Pearl Meat Market, Tenth avenue, expert on the roofing, sheet iron and cornice work.

Scotch Colliers for Sale. We have some very handsome thoroughbred registered Scotch colliers for sale cheap at Maple Hill farm. Two miles south and half mile west of Shoshone avenue, on low line canal. IDAHO COLLIE KENNELS, M. J. Potter, Manager.

H. S. AVERETT, L. H. BARCOCK, J. B. BLAINE. THE CONTRACTORS. SEE US BEFORE YOU BUILD. WE CAN SAVE YOU MONEY. Store Fronts and Fixtures, Cabinet Work, Screens, Plans and Specifications a specialty. Estimates freely given. We give bonds and guarantee all our work. Plans, Estimates and all dealings strictly straight and fair. Office and Shop near Ninth Avenue and Tenth St. P. O. Box 255. Telephone No. 27. TWIN FALLS, IDA.

TWIN FALLS, IDAHO

Notice for Publication—Final Proof.

I, Maurice Lockmeier of Twin Falls, who made entry No. 16, under section 20, of an act of the Legislature of the State of Idaho, commonly known as the "Carey Act," approved March 2, 1893, which embraced the following sections: Section 20, Township 10 N., Range 16 E., of the 2d Principal Meridian, hereby give notice of my intention to make final proof to establish my claim to the land described in said entry, to wit: the above, that I have resided on, and cultivated said land as required by the act of the Legislature of the State of Idaho, on August 18, 1906, by the following witnesses: R. C. Angus, Joseph

MAURICE LOCKMAN, Editor.

[illegible]

MRS. ANNIE LESLIE Eubank

Notice for Publication—Final Proof.
I, Joseph J. Hulst, of Twin Falls, who made entry No. 456, under the provisions of the act of Congress of the 22d of March, 1879, for the sale of the said land, commonly known as the "State Land," approved March 2, 1899, which contains the NE 1/4 of NE 1/4 of section 25, township 33 N., range 17 E., T. 33 N., R. 17 E., 2d P. M., do hereby give notice of my intention to make final proof to establish my claim to the land above listed, and that I expect to make said final proof on or before the 10th day of June, 1900, by cultivating said land as required by law, before C. D. Thomas, representative of the United States at Twin Falls, Idaho, on August 18, 1900, by two or more disinterested witnesses: T. J. Woods, Harry Shiloh, T. H. Hendricks, L. J. Hulst, or any of them.

JOSEPH J. HULST, Entryman.

Notice for Publication—Final Proof.

FLOYD J. HARRIS, who made No. 600, under the provisions of the act of March 3, 1879, commonly known as the "Survey Act," approved March 2, 1890, which embraces Section 3, township 2 N., range 10 E., of the 3rd P. M., has taken pains and attention to make final proof to establish claim to the land above described, that I expect to prove that I have received the same, and I am said to be as required by law, before C. D. Smith, representative of the State Land Office, at Twin Falls, Idaho, on August 20, 1900, by the following witnesses:—
J. McWitt, J. M. Shank, Fred Krauel, Johnson, all of Id.

FLOYD J. HARRIS, Entryman.

Notice to Contractors and Others.
The trustees of School District No. 1, Twin Falls, Idaho, call for bids for following work:
First—For the construction of a room on the third story of the new schoolhouse in accordance with the plans on file with the undersigned clerk of the board.
The contractor to furnish all material for building and constructing said room.
Second—The trustees call for bids

planning the walls of each and every
in the new school building in

Falls—One coat of sizing, and coat of tining. The bids to furnish the furnishing all material, and the figures' out, so as to give total cost of bid, in round numbers. The board would like to have the janitor work, beginning with the first of the school time, and ending the full nine months of the year. The janitor to sweep all rooms just the same; to build and maintain the fire under the boilers, and to keep the grounds in a neat and tidy appearance. The exact cost of the janitor's work can be ascertained from Professor T. W. Potter.

BUSY ALL THE TIME AT BUHL

Something Doing Every Minute at the Buhl.

BUHL, July 18.—H. C. Sonerson came up from Twin Falls Wednesday and returned the same day.

D. B. Thomas of Austin, Idaho, spent Friday in town.

Dr. H. B. Wells, wife and child, of North Yakima, departed Monday for home.

J. F. Thomas and G. W. Harris of Twin Falls were in Buhl Monday on business.

J. K. Minihugh of Nampa was a guest at Hotel Buhl Thursday.

W. B. Hansen drove in Twin Falls Saturday, returning home Sunday.

John Morris and wife of Boise were in Buhl Monday and went to Twin Falls Tuesday.

J. J. Lynch, P. J. Lynch and H. L. Young of North Yakima have moved up on their ranches and left Saturday for home, where they will remain for the rest of the summer.

F. A. Evelevich of Minidoka, brother of Geo. L. Evelevich, has been visiting his brother and family for several days. He left for home Monday.

S. B. Burgess of Twin Falls passed through town Wednesday on his way to his ranch on the Salmon river, where he has taken up his residence and has commenced a dam to raise water on a portion of his land. The dam will cost about \$2000.

George Alken, superintendent of construction on the Shoshone Falls Light and Power plant, came in Saturday from a tour of inspection of the river in the vicinity of Salmon falls and Hagerman.

John Hinchley's business has increased to such an extent that he was obliged to purchase another wagon to add to his fast freight outfit.

John H. Lynch, an attorney of North Yakima, arrived in town recently and went to live on his ranch a mile and a half northeast of town. He is clearing off the sagebrush and will soon have his land in cultivation.

Charles F. Romig of Springfield, Utah, has settled on his farm near Salmon river and commenced improvements. He intends to have the most of the land in cultivation before fall.

The farmers from all points of the compass around Buhl report the crops in their several vicinities doing fine.

W. O. Southworth of Boise returned Saturday with a six-horse team and grubber and all the other necessities for clearing off sagebrush, which he will commence doing at once. He is building a house and has hired a man and woman to look after things on the ranch and cook for the men. He has 400 acres to grub.

Mrs. I. A. Herron of Glenn's Ferry and her son, T. A. Herron, spent several days here last week on business. She said that her husband struck oil at Glenn's Ferry.

W. Scott Dole of Boise, who owns business lots in Twin Falls, has been busy all day. He was well satisfied with the growth the town was making and talked some of building on his property.

George Copeland, who lives about three miles south of town, drove in Twin Falls Sunday and returned Monday with his wife and child and sister, who have come from Chicago to try life in the sagebrush.

John H. Crane, P. W. Penfold and F. W. Blue, all of Salt Lake, were among the arrivals at Hotel Buhl Monday.

J. M. Schroeder of Dubuque, Iowa, and Henry Hostetler of Great Falls, New York, came in Monday and left at once for the north.

Theresa Mosler is living on his 80-acre ranch one mile south of town. He is getting ready to move up.

The water works pipes are being laid. The canal and reservoir are already connected, and pipe is laid for several hundred yards towards the town. The mason work on the reservoir is progressing rapidly. The work is being pushed as fast as men and money can do it.

The Republicans held their primaries Monday afternoon and elected A. Milner, George L. Evelevich and W. S. Harris delegates to the county convention.

P. W. Monahan moved his law office into the postoffice building. He and F. W. Elkhoff have formed a partnership in real estate and insurance agencies. They are fully equipped for the business and have a good list of choice lands and bargains on the real estate side, which they are prepared to show at a moment's notice. It will be no trouble to them to show people around the west end of the tract. They have the facilities for doing it.

H. S. Bridgewater is located on his 160-acre four miles south of town and is clearing off the sagebrush preparatory to seeding the land in fall wheat and grain.

When John R. Lehman finished building his house on Hinchley heights he found that it was on another man's land, so he had to move it. John Hinchley is in the same situation with his residence.

The McCollum ranch is being fenced. Joe Stevens is doing the work. He pitched his tent close to Mr. Elkhoff's garden. Elkhoff has a partner, but what he once found would be the German national colors and the Stars and Stripes. He says that if some smart aleck did play a mean trick in changing the seeds on him he could prevent him from eating the green stuff, and that he is going to be close enough to see it that the color won't be changed this time.

The park is fenced. This is a good thing, as it will prevent the cattle from trampling down the grass and injuring the trees.

Those present at the Farmers' association meeting Monday night enjoyed a treat. Superintendent McPherson had his moving picture machine there and illustrated his lecture by means of it. The pictures were good ones and showed fine and clear from which the audience obtained a good idea of the extent to which the roots of plants

spread through the soil. The lecture, which dealt with this subject, was listened to with close attention, and an interest was taken away much wider than when they came. Ladies were present at this meeting. Secretary Bark read a letter from the county superintendent of schools, which contained the information that our school district had been established and the trustees appointed as petitioned for. The trustees are E. A. Milner, H. H. Johnson and F. S. Marshall. They all qualified Tuesday and went to work at once in the school opening day. School matters have been made a special order of business for the meeting next Monday night. The boundaries of the school district are as follows: Beginning at the northwest corner of section 22, township 9, range 14 E., thence running east on the section line to the northeast corner of section 24, township 9, range 15 E., thence south on the section line to the southeast corner of section 13, township 10, range 15 E., thence west on the section line to the southwest corner of section 15, township 10, range 14 E., thence north on the section line to the place of beginning.

The county commissioners have designated this voting precinct Buhl precinct, and fixed its boundaries as follows: Commencing where the township line between townships 10 and 11 intersects the Owyhee county line; thence due north to Snake river; thence southerly along said river to where section line between sections 10 and 11, township 9, range 15 E. intersects Snake river; thence due south to the high line canal; thence west along said canal to Salmon river; thence down Salmon river to the intersection of the discharge of the ditches of the town of township line between ranges 10 and 11 south; thence west to place of beginning. Salmon river precinct is consolidated with Buhl precinct.

Two broncho busting exhibitions took place on the streets and on the vacant lots back of the bank last evening. Your correspondent could not learn who the party was that took the street as he passed out of town before he could be interviewed, but the bank cashier was the one who did the act on the vacant lots. In this case the horse proved the victor. He leaped the rider on his back in the creek, after which he continued to buck and run for more than an hour. It required several men and horses to finally corral him. This seems to be a native horse, being willing to be conquered on the Fourth of July but he won't stand for it being done on any old day in the year.

Girl Wanted. For general housework; no children. Address Mrs. D. F. Clark, Box 53, Twin Falls.

Of course you don't want your roof to leak again and do damage. Call on T. E. West, old Pearl Meat Market, Tenth avenue. Tin roofing, sheet iron and cornice work.

The Problem is Solved

BY USING EHMANN'S PURE OLIVE OIL

MANY a Housewife has had to throw out a nice Salad that had taken a good deal of care and time to make because there was something lacking. E. W. Ehmman, of olive oil fame, is the man who solved the problem by putting a highly refined oil on the market that is a boon to housekeepers, especially in hot weather. A teaspoonful of Ehmman's Olive Oil added to the other ingredients gives the Salad a rich and extremely palatable flavor. This is not the only use that this admirable ingredient can be used for; it is something that should be in every home, as its uses are innumerable.

We have accepted the agency for EHMANN'S OLIVE OIL and it is sold at 35 cents for Half and 65 cents for Pint Bottles. We guarantee satisfaction. Any buyer not satisfied we cheerfully refund the purchase price.

Hon. Levi Ankeny, United States senator from Washington, has assured the executive committee of the National Irrigation congress that he will be present at the fourteenth session, to be held at Boise, beginning September 3. Senator Ankeny has spent 40 years in the midst of mining and irrigation enterprises, and his wide experience in these questions enables him to take an advanced position in all matters pertaining to the upbuilding of the inland empire, made possible through the reclamation of arid lands. Senator Ankeny will be one of the most prominent participants in the discussions held by the congress.

EXTRAORDINARY MIDSUMMER CLEARANCE SALE

The Men and Boys of Twin Falls certainly recognize good treatment. Their excellent patronage of this store since the change of management indicates that. We've now something better than ever to offer—unprecedented bargains in Clothing and Furnishings. This is no job lot imported for the occasion, but the balance of our Spring and Summer stock, which positively must go to make room for our fall goods. Come early and get the first pick.

Sale Begins Saturday, July 21, and Lasts 30 Days

Big Bargains in Men's Suits

On Men's 3-piece Summer Suits which formerly ranged from \$11 to \$12.50 we have made the extremely low price of \$9.75.

Suits regularly priced \$14 to \$22.50 now \$10.75.

A few Men's double-breasted 2-piece Suits, in sizes 34, 35 and 42, regular \$10 values, for \$6.00.

This is our regular summer stock, fresh and up to date—not a suit in the house reserved.

Boys' and Youths' Suits—Unusual Values

Our Children's, Boys' and Youths' Suits, ages 4 to 19, although originally marked very low we have decided to let go at a discount of 15 per cent.

Quite a few Young Men's 2-piece Suits, ages 15 to 19, remain that have been selling for \$7.50, sale price, \$5.00.

Boys' Suits, washable, ages 4 to 7, regular price 75c to \$1.00, choice 55c.

Four others, ages 4, 5, 6, that were \$1.50, now \$1.00.

Boys' washable Indigo Suits, former price \$1.00, now 75c each.

Boys' and Men's Separate Pants

Men's separate Summer Trousers, good variety of styles and prices, 15 per cent off.

Boys' Knee Trousers, ages 4 to 14, which have been selling at 50c and 75c, all reduced to 35c.

Sacrifice of Men's Overalls

We are overstocked on Men's White Overalls and Jackets and would like to see them move. They ought to at 50c a garment. Former price, 65c.

Same applies to Men's checked jumpers, which are reduced from 50c to 40c.

The few Fast Moll R. R. Overalls and Jackets that remain may go at 60c. Regularly 75c.

Whole line of Boys' Tan Bib Overalls, ages 4 to 12, reduced 50c to 35c.

Warm Prices on Cool Hats

There are few bigger snags in the lot than the bargains in Summer Hats. The whole run of Fur Hats from \$1.75 to \$2.50 will be sold at \$1.75.

Men's Straws are cut from \$2.00 to \$1.50.

\$1.50 to \$1.00.

\$1.00 to 65c.

Men's Straw Hats, 5c and 20c.

Men's and Boys' Summer Caps, 75c and 50c, reduced to 50c and 35c.

Other Snaps

Choice of any 50c and 75c Ties in the house—four-in-hands, necks, cuffs and puffs—35c.

50c String-Ties and Neckties, 15c.

SEPARATE VESTS. Quite a lot of Men's Vests, regularly \$1.50 to \$2.50, choice \$1.50.

COLLARS. Linen Collars, broken sizes, 2 for 5c.

BELTS. Men's 50c Belts, broken sizes, 25c each.

ARM BANDS. Fancy Arm-Bands, regularly 50c, now 35c.

A few sets of Fancy Suspenders, Garters and Arm Bands, reduced from \$1.50 to \$1.00.

FANCY VESTS. Nobby fancy Vests \$2.50 and \$3.50 values now \$2.00.

\$2.25 values now \$1.50.

\$1.50 values now \$1.00.

OVERSLEEVES. "O. K." Oversleeves, reduced from 25c to 10c.

TOWELS. Bath Towels, cut from 75c to 50c per pair.

Bath Towels, cut from 50c to 35c per pair.

Face Towels, cut from 40c to 30c per pair.

UNDERWEAR. Men's light Underwear, \$1.00 value, now 75c.

Men's Shirts and Shirt Waists

Note these bargains: Men's Negligee Shirts, formerly \$1.00 and \$1.25, choice 75c.

Young Men's Negligee Shirts, size 14 1/2, formerly \$1.00, now 50c.

Men's Shirt Waists, formerly \$1.50, now 75c.

Men's fine Shirts, formerly 75c and \$1.00, now 40c.

Irresistible Shoe Bargains

Our fall line of Shoes will soon be here and it's pretty big, so we've decided to offer a pair of American Gentleman and other H. M. L. C. Brown Shoes for \$3.00—and any pair of M. D. Wells' Shoes for \$2.75.

These are in Oxfords, patents, vel kid and box calf and many were priced as high as \$4.50.

White Canvas Shoes which have brought \$2.00 and \$3.00 are now \$1.25 and \$1.00.

ELDRIDGE CLOTHING & TAILORING CO.

Free Lemonade every Saturday during the sale.
