

## REPUBLICANS NOMINATE THE WINNING TICKET

East-End Delegates Prove Too Glorious for Divided Representation from the West and Sweep the State Clean with the Exception of the Candidate for Representative—Twin Falls Delegation Obligated to Sacrifice All to Save West.

The wise men of the east triumphed over the wild men of the west in the Republican county convention yesterday and hogged everything in sight. The Twin Falls delegation, as expected, sacrificed all for the nomination of Harry T. West. The surrender was complete and C. H. Mull, the sorry candidate for county surveyor, stands alone with West as the only representative of the non-Mormon element. There never had been a disposition upon the part of the fair minded Republicans on the west end to deprive the east and of legislative representation. The demand that the west end be given both senator and representative emanated from the politically intoxicated Twin Falls delegation. They imagined that because they rode rough shod over all who were not in accord with their methods in Twin Falls that they controlled the entire county. L. M. Lucy for senator and Harry West for representative was their ticket, and they were astounded when the Mormons resisted this plan and closed ranks against them. Up went the white flag in an instant. There was a hurried conference in Frank Kimball's office and Lucy was pulled down quicker than east. The command went forth that all ballots must be tossed overboard to save West, who was beaten in his own precinct, and the election of the following ticket resulted:

### REPUBLICAN COUNTY TICKET.

**Senator.**  
GEORGE A. DAY, Oakley.  
**Representative.**  
H. T. WEST, Kimberly.  
**Sheriff.**  
E. D. BRACKENBURY, Elba.  
**Assessor.**  
MOSES SMITH, Marion.  
**Attorney.**  
B. P. HOWELLS, Oakley.  
**Clerk.**  
J. Y. HAIGHT, Albion.  
**Treasurer.**  
ANDREW LOUNSBURY, Albion.  
**Probate Judge.**  
C. M. GILKEY, Burley.  
**Superintendent of Public Instruction.**  
H. H. THORNTON, Elba.  
**Surveyor.**  
C. H. MULL, Twin Falls.  
**Coroner.**

**FRANK TREMAYNE, Albion.**  
**Commissioner.**  
District No. 1—Leonard Condit, Malta.  
District No. 2—John L. Smith, Oakley.  
District No. 3—Dr. G. L. Crocker, Filer.  
**Precinct Officers.**

**Twin Falls precinct—**Stuart Taylor and Frank B. Eastman, justices of the peace; Mills J. Robinson, constable.

**Hansen precinct—**G. W. Crater, justice of the peace; Charles Upton, constable.

**Oakley precinct—**J. J. Miller and Marcus O. Funk, justices of the peace; H. J. Wells, constable.

**Basin precinct—**John Fairchild and William Moutrie, justices of the peace; James Martindale, constable.

**Rosston precinct—**J. Brackett, justice of the peace; Charles Johnston, constable.

The result did not sit very well with the rank and file of the party. Some of the delegates themselves rebelled but they had to knuckle down and take their medicine. As Senator Heyburn stated, it was a skirmish for positions in the line of battle against a common enemy.

While considerable bitterness was displayed, the convention was devoid of sensation. The west end delegates were impotent, as they were at Albion not long ago. They displayed no tact, no generosity and no backbone. The proposed line to be followed in the event of county division is as crooked as a Virginia worm fence.

## ALFALFA YIELDS WELL AT HANSEN

**Farmers Are Busy Building Homes—Construction Crew Engaged in Repairing Railway Track—Grubbing Operations Are Active.**

**HANSEN, Oct. 3.—**G. M. Bunnell and John Walton are out for a few days in the hills.

Mrs. C. O. Morrell was in this vicinity Sunday last.

W. H. Barker, the Heyburn brick dealer, was in Hansen this week.

Judge Hansen was a stage passenger from here to Rock Creek Monday last.

Miss Gertrude Rupert returned last Thursday from Rupert, bringing her little niece with her.

The construction crew has been camped at Hansen this week repairing the tract east of here.

John Holderman and Jeff Taylor left Sunday last for Goldendale, Wash., where they will visit for a short time.

Born to Mr. and Mrs. J. D. Morrill, Monday, October 1, a son.

The Wheeler Lumber Co. shipped a car of paint to this point last week.

Postmaster Rauch harvested his second crop of alfalfa this week, which went two tons per acre. E. L. Ricks' third crop went one ton, and H. G. Holm's third crop went three tons per acre.

A. D. P. Keith, who has been in the Palouse country, near Pullman, for some time harvesting his 600 acres of wheat, which was mostly fall sowing and which went 40 bushels, and spring

able-ballooning T. T. Rutledge was chosen chairman of the meeting. W. N. Rose and Charles Adamson were elected clerks. T. J. Rauch and Charles Upton were chosen judges of the election. Ballot-boxes were arranged and voting began, the heaviest portion of the vote coming in early. The result of the ballot is as follows: For delegates to the county convention, W. N. Rose and Charles Adamson, constables, Charles Upton; justice of the peace, Rev. G. W. Crater. The delegates go unopposed and are free to act for the best interests of the county and precinct.

### RESULT OF THE PRIMARIES

**Red Hot Battle Fought Out on Personal Issues.**

The Republican primary election on Monday was the most exciting battle in the history of Twin Falls politics. There were no political issues. Efforts were made to put up a compro-

## SENATOR W. B. HEYBURN RECEIVES WARM WELCOME

Distinguished Statesman Addresses Largest Audience Ever Assembled in Twin Falls—Campaign Issues Clearly Defined and Squarely Met—Senator Answers Questions Bearing on Mormon Issue Submitted by Political Opponents and Intended to Embarrass.

The reception accorded to Senator Heyburn in Twin Falls yesterday afternoon and last night fixed the high place which he occupies in the hearts of the people of this section. From the inception of the Twin Falls project Senator Heyburn has watched it with a keen eye. Every move for the benefit of the enterprise has received his loyal support. It required but a suggestion that Twin Falls needed this or that and he would be ready to oblige. From time to time he visited the tract, noted its progress and spoke words of encouragement to those who were laboring to build it. It is not surprising, therefore, that his audience last night was limited to the capacity of the Ring theater. The enthusiasm of the audience was in keeping with its proportions and the senator's address harmonized with both. It was a splendid effort and its effect upon his hearers won the senator volumes of applause.

Senator Heyburn met every issue fairly. He never once evaded a question and when he was asked how he proposed to vote on the seating of Reed Smoot, or if he favored the appointment of polygamists to state offices, his replies were direct and instantaneous. In answer to the first question Senator Heyburn said he would first hear the evidence in the Smoot case and then vote as he deemed right. He would be responsible to the state for that vote and he would not shrink the responsibility. It was not necessary that he should cast his vote in the Smoot case in Twin Falls. As to the appointment of polygamists to office, Senator Heyburn said most emphatically that he was opposed to such action. Were the name of any polygamist presented to him with the evidence showing such polygamy he would himself prosecute the case without cost to anybody. He had always been opposed to polygamy, said the senator, and he had been consistent in his opposition.

The issues of the campaign were reviewed by Senator Heyburn forcefully and effectively. He spoke of the various bewildering clouds which were being thrown across the political sky for the purpose of diverting public at-

tention from the real issues. They were efforts to break into the ranks of the Republican party and they would prove futile for the reason that the Mormon voters were clearly intended to be misled. The doubtful days of Democracy were too well remembered by the people to permit of their revision. The Republicans had transformed panic into prosperity and the people appreciated that undeniable fact and would not be weaned from the party which stood for right, justice and national advancement. Senator Heyburn called attention to the excellent administration of Governor Gooding, which, he said, should commend the governor and the Republican state ticket to all who had the welfare of the state at heart. Republicans should never forget their party, said the senator. It mattered not what the local issues were; it mattered not who led. They might fight for positions in the line of battle but when once aligned they should move together upon the common enemy. Factional fights were not battles of annihilation but party arguments. All could not be leaders and it were better to be a loyal private than a disgruntled camp follower. During the course of his address the senator was applauded again and again. This morning he called upon the party leaders and took a drive about the city.

### CLEVER YOUNG ORATOR.

Hon. Karl Paine of Boise, Democratic candidate for attorney-general, delivered a scholarly, eloquent address to a large audience in the Ring theater on Wednesday evening. It was by far the best presentation of the Democratic side of the campaign heard in Twin Falls thus far and Mr. Paine was enthusiastically applauded. His arguments were well knit and he did not go to extremes. He left a very favorable impression and made a large number of friends.

UNITED STATES SENATOR WELDON B. HEYBURN.

sowing 25 bushels per acre, is expected home soon.

J. W. Thompson, who is running Professor J. R. Hinton's grubbing machine, moved his outfit to Fred Nesbit's ranch Thursday and grubbed 16 acres. From there he went to Filer, at which place he has the contract to grub Nesbit's H. Triplett ranch.

E. W. Smith purchased lumber at Hansen this week for the purpose of erecting a new residence.

Fred Nesbit has just completed a new house on his ranch.

Those who are repairing their buildings are Nick Smith, George Bunnell and J. Walton.

Mr. and Mrs. J. B. Luce of West Liberty, Iowa, are expected here soon to visit their many friends and their daughters, Mrs. Ball of Twin Falls and Miss Atwood of Hansen.

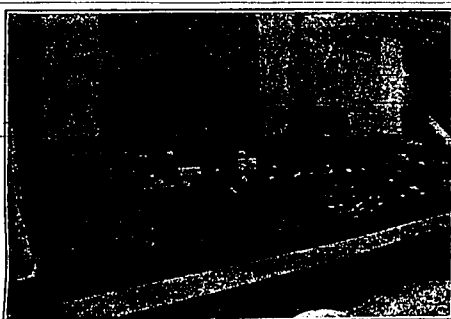

Mrs. John Bunnell, proprietor of the Washington house, Twin Falls, and Mrs. Lloyd McDougall were visitors of Mrs. Charles Upton Sunday last.

The Republican electors of Hansen assembled at the Rauch building last Monday to hold their first primary but finding the room too small to accommodate the assemblage the body adjourned to the Weeter Lumber Co.'s office. Charles Adamson called the meeting to order and after consider-

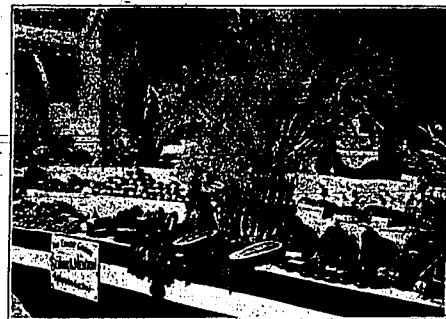

able ticket, but the Thomas-Boyd-Kimball-Chamberlain-West machine determined upon a war of annihilation. They spurned all peace overtures and backed upon their old bushwhacking tactics. Kimball was in the saddle once more. The catechists were horrified at the ticket which they opposed. "Why, there isn't a single depositor in McCord's bank on it," was their exclamation. That settled it. It would not do to hold a primary in each precinct nor was it safe to call a caucus. A gum shoe meeting was called, a catechist ticket put up and the battle was on. The vote resulted:

## GAME PRESERVES THE ONLY HOPE

**AMERICAN FIELD POINTS OUT  
 THEIR MANY BENEFITS**  
 Gives Many Sound Reasons Why the  
 Different States Should Establish  
 Them Without Delay—Otherwise  
 Game Will Be Exterminated.

Within the memory of many old time sportsmen, however, a constant game was so abundant in the forests, on the plains, prairies and broad savannas of the portion of North America included in the United States that the extinction of any species seemed at that time highly improbable, if not impossible. The earlier settlers were true sportsmen than many who followed them, for they killed the same animals and birds which were so plentiful only to procure the means of subsistence in a virgin country, where game could be hunted and sustenance for domestic creatures be had only after much hard labor had subdued the wild land to an arable condition. As time passed, however, a constantly increasing tide of immigration flooded the easterly part of the United States and spread out over the country. The pioneers of this country were followed by other homesteaders, who took up lands further in the interior and these in turn were followed by those who founded towns, villages and cities. Driven before this westward march of humans the game, more particularly the mammals, gradually retired, their numbers being constantly decimated by hunters who slaughtered ruthlessly for hides and heads, the meat being a secondary consideration with many, until some species—the buffalo, for instance—became practically extinct, and others were found seldom except in sections still covered by forests, or among mountains. The game suffered less than the animals, but even of those some of the most wary, such as the wild turkey, are found only in the wilder and more remote districts, and not at all in hundreds of localities where the game was numerous, whereas the wild pigeons have almost deserted the North American continent.

Several decades since the necessity of protection for the remaining fauna of the country became apparent, and a sentiment thereto having been fostered, protective measures of more or less stringency were enacted by the legislatures of the states, with a view of perpetuating the supply of game. From time to time when existing conditions appeared to demand further legislation, these laws have been amended and new ones have been passed, all with the same intent; but unfortunately in the constantly growing army of shooters many may be found who pay little respect to game laws, and it is impossible to compel obedience to these laws in the case of every man who goes forth with a gun, especially when a game warden has a wide stretch of country to patrol.

The rapid settlement of lands and the growing scarcity of game (for various causes, some of which have been noted) has caused the formation of many shooting clubs, the members of which purchase or lease desirable tracts of land, whereon they may preserve the game usually birds—and shoot during the legal open seasons. Some states have taken up the propagation of game birds of some varieties, in order to replenish the supply of small game and, although these efforts are as yet largely experimental, it would seem that state and national game preserves are most feasible adjuncts to the preservation of our game. That our national legislators have been impressed with this view seems evident from the fact that the game of the Yellowstone National park is rigidly protected by soldiers of the army, and a national forest reservation for big game has been established in the Wichita mountains, Oklahoma, as well as game reservations in several other states.

The subject of more national reservations for game, especially game birds, was presented recently to Secretary of Agriculture Wilson and other officials at Washington by Charles Payne of Wichita, Kan., who is well known as a dealer in game animals and birds for stocking purposes, and who has been an observer of the fauna of our country for many years. Mr. Payne firmly believes that prompt measures should be taken to preserve the game birds by establishing several large reservations in the southwest—Oklahoma or the Indian Territory—where he says the birds thrive more readily than in any other part of our country, and he sought to enlist for such a movement the sympathies of men high in the councils of the government.

The American Field is heartily desirous of such reservations for several reasons. Many thousands of acres of land in that part of the country are idle or used solely for grazing, and could be put to a better use as reservations for the preservation and propagation of one of our choicest gifts from nature—the beautiful and useful game birds. It seems almost taken for granted that the most favorable opportunity for establishing the game reserves is now before us. The growing scarcity of game demands active measures, if the animals and birds shall be perpetuated; and without interfering with the work of states in that direction, the strong arm of the government can supplement their efforts most effectively by establishing such reservations. The stern enforcement of the Lacey law in the manner in which the United States deals with transgressors. Most devoutly it is hoped this matter may be brought before the next session of congress, and that more reservations may be legalized and appropriations made therefor. If such shall be the result of the present session, those who have borne the laboring oar may rest assured that future generations will rise up and bless them—American Field.

## DIFFERENCE IN VALUE OF COWS Some Make Money for the Owners, Others Don't Earn Keep.

Professor W. J. Fraser of the Illinois experiment station says: "Here at the experiment station are two cows, the story of whose worth is worth telling wherever cows are kept. They were both bought for good prices, but they didn't turn out alike. In one of the experiments, the two cows, in opposite directions, yet it is hard to tell which has the more valuable message to Illinois dairymen. These animals are neither freaks nor creations of the college, and they have not been abnormally developed to produce different results. They were brought up on the same farm and obtained their early education in the same herd of 100 cows in the Eighth region. Here at the university, with the same identical surroundings and equal opportunities, they have drifted far apart in character."

It is not a difference of hide or color, nor of size, nor of the amount and the color of the milk, but a difference of beauty or intelligence or moral. The only difference worthy of note is the difference in work, in earning money for the owner. Here is how they differ.

The milk of these two cows has been weighed and tested and an exact record of its amount and quality kept for the whole period, and every pound of the feed consumed by each cow, both summer and winter, has been set down in definite terms. During the past three years cow No. 1 has produced 34,171 pounds of milk containing 1214 pounds of butter fat, and cow No. 2 in the same time has yielded 10,764 pounds of milk, containing 350 pounds of butter fat. In each case, the one cow brings in a clear profit of \$42.50 a year, and the other lacks \$2.86 of paying for her board at market prices of feed.

Forty such cows as No. 1 would return a dairymen a clear profit of \$1701 per year, and a herd of 50 would make him \$2408 above all expenses. The latter is a very good stroke of business, and to do with a herd of 50 could be maintained on 200 acres of good land. But what about cow No. 2? Her record embarrasses the situation and would embarrass the dairymen owning her too. If she had made \$2.86 profit, there would be at least something to compare with. Then it would only take 16 such cows to equal a herd of 50 like No. 1. Didn't do it. It was \$2.86 less instead of profit. For profit in milk production, a thousand or a million such cows would not equal one of the other kind. Here is where numbers don't count, or rather where they count in the wrong direction. This is one of the few places that algebra comes in, for comparison, if any, must don with a minus sign.

The man with 50 cows like No. 1 could clear up every month of 10 years to buy another farm of 200 acres (at \$100 per acre) and have more than the price of a third such farm to go into farm expenses and improvements. But his neighbor, with a herd of 50 cows like No. 2, losing \$2.86 every year and having to pay out of pocket all the expenses of living, would, within the decade, have his farm well plattered with mortgages with the probability of losing it all.

The Mormons can fight and they  
can play politics. That fact must now  
be patent to the Twin Falls delega-  
tion.

Throats and overdrafts had no ter-  
ror for the delegates from Filer and  
Buhl. They stood pat for a square  
deal. All honor to them.

Frank Kimball, one of the organiza-  
ers of the "American" party, used to  
eat fried Mormon for breakfast,  
stewed Mormon for dinner and roast  
Mormon for supper but he lost his ap-  
petite when the crisis came.

The Republicans have named their  
county ticket and it is the duty of all  
loyal members of the party to stand  
by it. It matters not who the candi-  
dates are, they represent Republican  
principles and command Republican  
support. Everybody despises a bol-  
ter, even those to whom he lends his  
aid. As Senator Heyburn stated on  
the floor of the convention, "There is  
always a political tomorrow." What-  
ever mistakes may have been made,  
the Republicans of Cassia county  
should bind the wounds they sustained  
in the skirmishes and get in line be-  
hind the ticket. It was poor policy  
on the part of the Twin Falls dele-  
gates to assume that they had the  
power to dictate to the eastern end  
of the county and assert that no  
Mormon should be placed upon the  
ticket. George A. Day has twice re-  
presented this county in the Idaho leg-  
islature and his worst enemy cannot  
accuse him of being slothful or ne-  
glectful of its interests. He has been  
an active and effective worker and if  
he pledges himself to work for coun-  
ty division with Twin Falls as the  
county seat no fair minded man can  
rightfully assume that he will not do  
his duty. Mr. West has been placed  
on record regarding county division  
and the location of the county seat.  
He cannot do otherwise than live up  
to his pledges. His colleagues in the  
legislature would not tolerate any in-

justice to the Twin Falls tract. Gov-  
ernor Gooding, who will be elected for  
a second term, has always kept faith  
with the people of Twin Falls and will  
continue to do so. Let these Repub-  
licans who have held back, and even  
insulted their candidates, work for  
the success of the party and the en-  
tire county and state ticket will win  
in November.

## DARE NOT SIGN THEIR NAMES

Authors of "Catechism" Afraid to Dis-  
close Identity.

The authors of the scurrilous "cate-  
chism" put out by the Thomas-Boyd-  
Kimball-West-Chamberlain faction, in  
which they pandered to the lowest ele-  
ment in the community, are afraid to  
boast to append their names to the sec-  
ond "burgeon." The wonder is that the  
men whose names appeared on the  
catechism "dare" would long their  
names to such campaign methods.  
There is only one way to discover and  
punish the authors and this way will  
be followed. If they have any courage  
let them open the hall and let it be  
opened at any event. Chairman Ham-  
ilton of the board of trustees has lived  
in Twin Falls since the town was  
started. He does not spend half his  
time in Butte, Utah, and the other half  
in telling people that he is the Mes-  
siah of the town. His name is on the  
assessment roll and in his hands  
he holds the keys to the town. If they  
piled shoulder upon shoulder, the con-  
vention is over but there are a  
few tag ends to be cleaned up. Among  
these are the leaders of the vicious  
faction, the men who never lifted a  
finger for the party until they knew  
where they were going to land. These  
men are Frank D. Kimball, Truman O.  
Boyd and M. J. Sweeney. If they are  
men of honor let them come out in the  
open and show their colors. The people  
will be told what they are and  
what they are capable of. When Mr. Ham-  
ilton asked his views in regard to the  
slandering lying sheet for which these  
men stood he said:

"Why did the chairman of the  
board of village trustees, just at the  
time of the assessment roll, close his  
eyes to a spasm of virtue and close  
up certain resorts?"

"The chairman of the board of trust-  
ees has stood against the existence  
of houses of prostitution from the  
date of the organization of the town  
and all such houses are closed to re-  
main closed to the end of his term of  
office. Not a single house of the kind  
of such houses be arrested and prosec-  
uted, but these frequenting the houses  
and found therein will be included."

"2. Who promised to employ white  
labor from among our own citizens in  
constructing the sewer system and  
are now threatening to employ for-  
eign labor if they are defeated at this  
primary?"

"This is evidently aimed at the  
council as a body. Personally and for  
the other members I wish to state  
that no such statement was made or  
thought of by any member of the  
board. The members are Ameri-  
can citizens whose names are known  
to the public. The citizens of Twin  
Falls would doubtless like to have  
the so called "Catechism" republished  
over the names of its authors. It is  
the purpose of the board to construct  
the sewer system by the labor of citi-  
zens of Twin Falls and of Twin Falls  
tract. There never has been any other  
statement or intention, and members  
of the board will be glad at any time  
to discuss this with any other munici-  
pal matter with any citizen."

"3. Is it necessary to ask why the  
people are paying a double price per  
month for water and how it hap-  
pened that all valuable city franchises  
were given away?"

"4. Is it necessary to ask how the  
people of Twin Falls have been de-  
prived of a voice in the management  
of city affairs since the organization of  
the town; or why they have been refused  
the inalienable rights of American citi-  
zens? The answer is that they have been  
defeated by the use of their own mon-  
ey against them in the courts."

"As to how it happened that fran-  
chises were granted for city water and  
other franchises: The water franchise  
was discussed by the Commercial club  
of Twin Falls and by the citizens for  
a long time and was held from pub-  
lic sale until a better franchise could  
be obtained and finally passed at a  
public meeting, of which the Commer-  
cial club and the citizens had due no-  
tice, that the franchise is not exclu-  
sive is a matter of record and  
subject to be read and understood by  
any citizen of Twin Falls. Neither  
by any of the franchises granted by  
the city exclusive."

"If the individual who wrote this  
question was not here at the time the  
franchise was granted it is no fault  
of those who were here and took part  
in this meeting. If he was here and  
did not make himself heard at the  
proper time, his question comes with  
very poor grace at present."

"As to the people of Twin Falls hav-  
ing a voice in the management of city  
affairs: There never has been a time  
when the board or any of its members  
would not have been glad to have  
heard from and advised with its citi-  
zens; and there have been many mat-  
ters which have been taken up through  
the Commercial club and with citizens.  
It has always been the purpose of the  
board of trustees to do the best for  
the town that was possible, and that  
those who have been here have been  
familiar with conditions from the first  
will realize this. Three vacancies  
have occurred in the board of trustees  
and were offered to the Catechism  
party who refused to accept the ap-  
pointments."

"For the benefit of the writer of  
these questions I wish to state that  
we are anxious to take up any of  
these matters for consideration at any  
time, and if the gentleman wishes  
to make his identity public, I shall be  
glad to discuss the questions with  
him openly in public, taking his first  
question as the subject for the first  
meeting. I believe that nothing but  
the truth is necessary to be said in this  
connection."

## MORE BUILDINGS FOR FILER

Several Ranchers Are Erecting Splen-  
did Residences.

FILER, Oct. 2.—The "Hotel Filer"  
has been adorned with a new sign  
which improves the appearance of the  
building and can be read for a great  
distance.

Miss Florence Carnahan spent last  
week visiting at the home of Mr. and  
Mrs. Farnsworth at Kanabok flat.

Mr. Reynolds spent a few days in  
the country last week.

We are glad to learn that the rail-  
road will soon be here.

A large number of Filer people took  
part in the Republican primary on  
Monday.

Jim Scott is at Hagerman this week.  
Miss Edna Pense left last week for  
Maryland, where she will  
attend school.

K. Farnsworth has built a new barn  
and added several other improvements to  
his place.

Hugh Toole and William Fishinger  
of the Wallace Cigar Co., whose prop-  
erty are here in charge of A. D.  
McKinley are building and otherwise  
improving their ranch.

A. Creazy is building a residence  
on his land near Filer.

Mr. Seaton, who has been ill for  
some time, was taken home on Satur-  
day.

Quite a number enjoyed a surprise  
party given by Mrs. Farnsworth in  
honor of Mr. Farnsworth's birthday  
on Saturday evening. Games were  
played, refreshments were served and  
the evening was a splendid time.

Some of our little boys are in need  
of discipline. They have caused a  
great deal of disturbance at public  
meetings.

Mr. and Mrs. Charles Lay were in  
Twin Falls last week.

A. Duquesne has been hauling hay  
believe that those who have been in  
the ditch camp for the last week.  
The C. T. U. held its  
"Mothers' meeting" last week at the  
home of Mrs. Lark. The next meeting  
will be with Mrs. Larkin.

The Republican primary election  
was held in Filer hall yesterday and  
was warmly contested, though the full  
Republican vote of the precinct was  
not brought out by as many as some  
farmers being too busy to come to the  
polls. H. B. Larkin, A. J. Peavey and  
Mr. Drake were the judges. The  
clerk was Charles Lay and J. C.  
Carnahan 59, McKinley 46, Sweeney  
43, Vintag 46, Getty 34, Caylor 14,  
Rettig 10, Crocker 11, Linder 8,  
Brown 11, Draz 8, Pierce 8. The five  
first named will represent the Filer  
precinct at the county convention in  
Twin Falls on Thursday.

Ladies love THURSDAY.

## BREVITIES

Ed Kinney of Hanna, Wyoming, is now visiting his sister, who is one of the teachers in the Twin Falls school.

H. Murphy of Elgin, Oregon, who owns a farm near Elgin, is here for the purpose of leasing his land for the next year.

The Ladies Aid society of the Presbyterian church will meet with Mrs. Henry J. Wall on Wednesday afternoon at 2:30. Come prepared to sew.

Mr. and Mrs. B. Morgan, Nisbet left on Sunday for Boise. Mrs. Nisbet had the pluck but not the health to remain on the farm any longer. They will return in the spring.

General Manager R. W. Faris of the Land & Water Co. drove over from Gooding on Wednesday. He brought in some of the finest land in the Snake river valley on his clothing.

Homer Aze and Miss Aze, I. W. Goddard and daughter, returned from the Creek on Sunday. Mr. Goddard and Mr. Aze brought several teams with them and have contracted for a lot of plowing on the tract.

The school trustees met on Monday evening, when a very satisfactory report was received, showing a handsome balance to the credit of the district. Hereafter the trustees will meet on the first Monday of every month.

The Prohibitionists of Twin Falls will meet on Monday evening, October 8, at the Christian church for the purpose of electing delegates to the county convention which will be held in the same place on Wednesday, October 11.

The laterals in the vicinity of Twin Falls are filled with fresh water muscels which the small boys delight in digging. In the older laterals the bladders are so small that they are as long as six inches. They seem to be larger than those found in the river. The school children have been industriously digging them out of the bottom of the lateral which passes east of the Biggell school.

On Wednesday evening Mrs. J. V. Baker entertained with a delightful 4 o'clock tea. The earlier part of the afternoon was spent in playing "500." In which Mrs. Barrett was most successful, winning first prize, a gold souvenir spoon. Those present were Mesdames Ball, Mitchell, Perrine, Allen, McCollum, Tush, Barrett, Boyd, Baker, Misses McCollum and Luke.

Ed. McGregor and Miller Evans, two young men of Twin Falls, are in the city today and may decide to locate here if something shows up. They have been connected with the Idaho Department store at the Falls, but decided to make a change. Both these young men came up with the Twin Falls team here last summer and said that they rather liked it here than to the Gate city—Postoffice Tribune.

If you want to see a neat, clean and modern establishment, call at the sewing factory of Bonora Bros. It is worth a trip to see how they wash bottles. The Bonora have sewed wool continuously since they began business here and they have equipped a very artistic and effective establishment. Their machinery is all new and they have spared no pains to beautify their factory and make their product all it should be. They take pleasure in showing visitors through the factory and it is a most interesting place to see.

Senator Al Page of Wardner has graduated into a full fledged farmer. He has raised a crop of grain and a good one. "Or come at it and not eat it" is his motto. He farmed by proxy, but he got the results. The senator owns a large amount of land on the Twin Falls tract and has been spending liberally in improving it. From 51 acres of wheat in section 6, township 11, range 18, he harvested 1653 bushels and from 32 acres of oats he gleaned 1640 bushels. From 10 acres of oats on the property which he bought from A. M. Johnson, Senator Page threshed 700 bushels. The senator has cleared 640 acres this year, which comes very near being the record.

Miss Nellie Ash of Twin Falls and D. D. McLennan of Seattle were married in Portland on Monday evening. Miss Ash left Twin Falls on Sunday afternoon, to the sincere regret of a large number of friends. She was accompanied by Miss Lena Perrine. Miss Ash has been one of the most popular young ladies in this city for many months. She is an accomplished and talented woman with a wealth of those qualities which make woman-kind the salvation of the race and Mr. McLennan is to be envied for having won her. Miss Ash is a true American girl of the best type and her Twin Falls friends wish her and her husband godspeed in their future journey.

Mrs. E. W. Davis has issued 60 invitations to an "At Home" on Friday afternoon to introduce her niece, Miss Alice of Pueblo, Colorado. She was assisted by Mesdames McCollum, Eastman, Alken and Ramsay, and Mesdames McCollum and Wolfe. Those invited were Mesdames McCollum, Williams, Sweeney, Sprague, Boyd, Baker, McCollum, Mitchell, Hahn, Ramsay, Dodds, Holman, Ball, Eastman, Smith, Eastman, Sebeck, Dunn, Tush, Nixon, Thomson, Milner, Wall, Barrett, Pike, Kunkley, Shannel, Blerer, Hill, Peck, Taylor, Conway, Channell, McKeen, Levis, Peckard, McCollum, Spickard, Oakley, Newton, Fuller, Clear, Misses Young, McCollum, Bullis, O'Neill, Kinney, McManis, De Bow, Barrett, Ash, Gouney, Wolf, McKee, Evans, Meyer, Baker, Durphy, Dyer, Perrine, Cole, Robinson. The ladies who are attending the reception will go en masse to the McCollum home to call on Mrs. E. W. Horton of Shoshone, who is here visiting her nephew for a few days.

Mrs. E. W. Horton of Shoshone is the guest of her nephew and niece, Mr. and Mrs. R. M. McCollum.

Mrs. C. J. Hahn left on Thursday for Salt Lake City and the east, where she will visit for a time.

Lutheran services will be held in the Christian church on Sunday afternoon at 3 o'clock by Rev. W. H. Schnake.

T. J. Woods has sold his farm of 40 acres in section 12, this township, to H. H. Sebeck and thus another good farmer is added to the list.

H. B. Johnson has returned from Boise, where Mrs. Johnson has been undergoing medical treatment for some time. Mrs. Johnson is now recovering rapidly.

State Engineer James Stephenson, Jr., is here for the purpose of making a thorough inspection of the canal system. He will begin at the Milner dam and go over the entire system.

Bradley & Cameron have installed a well range and are now serving short orders. They are making a specialty of fish, game, meats and oysters, and have arranged their service very tastefully.

Corey Bros. outfit has arrived and work has commenced on the Bull station. The contractors will bring abundant equipment to Twin Falls in order that they may work all the teams they can secure.

Ten new fire hydrants have been ordered by the village trustees. They will be delivered in the near future. The pipe line is nearing the village and connection with the city mains will soon be made.

The baseball club will give a dance at the Ring theater this evening. The club has done valiant work for Twin Falls during the past season and is deserving of hearty support. There will be no doubt be a large turnout of citizens to show their appreciation.

George A. Kincadee of Pullman, Wash., and Miss May Koeth of Twin Falls were married at the home of the bride by Rev. John Gourley on Thursday, October 4. Both bride and groom are well known in Twin Falls and are in receipt of the hearty congratulations of a multitude of friends.

Mr. and Mrs. John Polkes have arrived from Kellogg with a carload of effects, including two prize dogs. The friends of Mrs. Polkes are offering to set back the wedding cake in the flower garden on the tract next year. Here's hoping that the Jack rabbits will not molest it.

Freight traffic has picked up wonderfully during the past month. During the month of September the outgoing tonnage was 47,000 pounds, or 40 tons, "it" is increase over that of September last year. The incoming tonnage was 2,850,000 pounds, also a great increase. The traffic between the points on the Twin Falls branch is increasing weekly.

The Eldridge Clothing & Tailoring Co. has rented the Davis block opposite the Hotel Perrine on Main street. Mr. Eldridge knows how to fit up an establishment and with the space at his command in the new quarters it is safe to assume that he will make a showing which will compel a great deal of attention. Full details of the furnishings and fittings will be made later.

General Joseph Formault, Joseph Plakam and Alfred Eoff of Boise are guests at the Perrine. General Formault is one of the pioneer irrigators of the state and was profoundly impressed with the rapid progress of the tract. Mr. Plakam is assayer at the United States assay office in Boise and has been prominent in Republican politics for a decade. Mr. Eoff is one of the leading bankers of the state and also a successful fruit grower. He thinks highly of the tract.

L. E. Prothero, who suffered a broken leg through the kick of a horse a few days ago, is making good progress on the road to recovery, but it requires a great deal of patience to convince him of the fact. Mr. Prothero is not accustomed to confinement and he chafes under the restraining hands of his friends who are legion. He is wearing out the carpet in the Carter home and trying to convince him that he needed a rest anyway and the nature of his business in disguise. A good, active man like Mr. Prothero needs to have a leg broken once in a while to hold him down.

The Stothard, West Co. of Oakley has purchased from C. D. Thomas and T. J. Woods the lot on Main street between the Tobin building and the Pioneer National bank temporary quarters for \$2500. They were offered \$4500 for the property shortly after they acquired it. The company has also purchased the hardware stock of the Pioneer Storage & Commission Co. on Main street, opposite McCormick & Co's bank, and will transfer it to the new building which will be located on the lot just purchased. This building will be 25x35 feet and will be constructed of concrete blocks. The blocks have been purchased, the contract will be let immediately and one story of the structure will be finished this autumn. Frank Halverson will manage the hardware department. T. J. Woods will have charge of the tin shop and Mr. Stothard, who is a prominent rancher and cattleman on Willow creek, will look after the implements and hardware which will be added. Messrs. West and Halverson are well and favorably known in Twin Falls and Mr. Stothard is a well known friend man also who will soon make friends.

Strayed. Rangy framed dark bay horse, white spot on forehead, branded E with horn on left shoulder, formerly belonged to Ed Bates of Basin, weight about 1100, rope around neck. Reasonable reward for return or information leading thereto. ERDMANN'S LIVERY STABLE, Twin Falls, Idaho.

Discuss the Boys' Clothes

Question with Us

WE can tell you most about the clothes your boys should wear, and can show you most in the way of clever workmanship, durable fabrics and reliable, honest merchandise.

The XTIRAGOOD brand has given satisfaction to more people than any other make of boys' clothes. More XTIRAGOOD clothes are worn than any other kind. People who know about the different grades of boys' clothing prefer to buy XTIRAGOOD. It is guaranteed absolutely; maker and dealer both pledge you full satisfaction.

For these reasons it will pay you to talk over with us the style your boy could wear, the pattern that will best suit him and the price you should pay. Discuss these matters with us at once and in our store.

## Extraordinary Offer

For a Short Time Only

In order to introduce and get my Bromide Enlargements before the people, will offer

## 100--Pictures--100

FOR EXTREMELY LOW PRICE OF

\$8.00

This includes Frame, Glass, etc. These pictures will be 16x20 inches in size, your choice of 5 styles of frames, oak, oak and gilt, or all gilt. These frames are extra heavy, extra large, with frame that usually sells for \$4.50 each.

The work I guarantee to be first class in every way, and if you are not perfectly satisfied you need not take them and you are not making but the trouble of bringing me the photo that you want the enlargement made from. Please do not confuse these pictures with the cheap pasted pictures that the traveling fakirs offer you and are never satisfactory. I am here with you to stay and my living depends on my getting out of bringing me the photo that you will be pleased with, for I want you to come again.

This offer holds good for month of October, 1906, and for only 100 pictures. I know this will not be enough for all of you, but first come first served. Don't blame me if you come too late.

Yours truly,

C. E. Bisbee

## Buhl Takes On Fresh Impetus

### ASSURANCE OF THE RAILROAD CAUSES REVIVAL

Many Settlers Coming in—Election Are Slow in Registering—Plans for a Dam on Snake River Above Upper Salmon Falls.

BUHL, Oct. 2.—W. D. Garlock, of Twin Falls was a visitor in Buhl Saturday.

A large number of strangers came in last week and spent some of their time looking over the country.

Hotel Buhl is increasing its help, its increasing business making it necessary.

The Buhl Lumber company is erecting several buildings on its lots on Locust and Ninth avenues.

George Bickelhaup has his store in the Shiloh building in shape for business. He has a stock of general merchandise.

The Buhl Union school gave a basket social Friday evening. John Hinkley was the auctioneer, and so well did he succeed in that role that some of the baskets brought fancy prices.

Professor B. Wyatt, principal of the school, received a teacher's certificate last week. He took the examination in Boise and passed, making a good grade.

The corn on the experimental farm is cut and has made a fairly good crop, considering the time and circumstances under which it was planted.

We have considerable of a population around and in Buhl, but there does not seem to be many voters among them, or else they do not take enough interest in public affairs to induce them to register.

The registrar will soon have to send in his estimate of the number of ballots which will be required for this precinct, and his estimate must be based on the number of names registered at the time of sending it in, allowing for contingencies. No one can vote who is not registered. Women vote in this state.

Arthur Hall of St. Louis, who was here about a month ago and filed on a section of land for himself and for others by power of attorney, about 12 miles south of town, came in last week with several loads of farming implements and set to work at once to clear off the sagebrush and make substantial improvements. He will return to St. Louis this winter and come back in the spring to make the ranch his permanent home.

M. D. L. Barstow and J. M. Shank attended the Democratic county convention at Twin Falls Friday.

Thomas Clinton and Mark Henderson have leased the postoffice building and will put in a stock of general merchandise, making another business house for Buhl.

Adrian Warner came in from his ranch Thursday. He says that contributions in money, lumber and labor are being made for the purpose of building a bridge across the Salmon river in the vicinity of his ranch about 12 miles south of town. The bridge will cost about \$800.

Ed. Braun is still kept busy showing prospective land buyers around the tract in this neighborhood. He says that if the land continues to be taken up as it has been for the last few months he will soon be able to make a garden in her travels through Washington or elsewhere between here and there as good as the one Mr. Russell has, and he says that his is

not as good as one as he expects to have next year. Mrs. Russell also said that she thinks more of this country now than she ever did before.

Lester Russell, son of Frank Russell, is on the sick list, but he is expected to be up and around soon.

John Melvion has completed his residence on his ranch one-half mile east of town.

A party consisting of Misses Edith Milner, Lulu Barstow, Mary L. Hinkley, Mesdames F. S. Marshall and Ward, Irving Ward and Harry Hinkley went to Salmon Falls Saturday for an outing and returned Monday.

They report having had a good time, good fishing and lots of watermelons.

Mrs. O. B. Hess of Seattle, Wash., is visiting her friend, Mrs. Don Bark, at the experimental farm.

Rapid progress is being made in the construction of the power plant at Thompson Springs. It is expected that it will be completed early in the spring. It is said that it will be the largest power plant on the river. It is within 10 miles of Buhl on an air line.

Surveys have been made on both sides of the Snake river from Salmon falls to Judge. Uhlau's. Riverdale ranch for the purpose of locating a water line to run above the ordinary level of the water in the river, to which line it is intended to raise the water by building a dam above Salmon falls. The water can be raised to this line without doing any damage to the ranches along the banks of the river.

When the dam is built there will be 10 miles of smooth water over which excursion boats can be run without any inconvenience, making that part of the river a desirable location for pleasure seekers and lovers of grand natural scenery.

M. B. Kearney spent three days of last week in and around Hagerman taking orders for dry goods.

Rev. John H. Schenck, J. W. Rogers, E. R. Hobbs, F. T. Mitchell, Olaf Pearson, H. W. Ball, D. A. Stout, C. H. Lovisee, Bert Schultman, J. C. Vaughn, Charles H. Mull, all of Twin Falls, registered at Hotel Buhl during the week.

J. H. Wemes, S. F. Wemes and Ted J. Louder of Filer were visitors in Buhl Monday.

W. O. Taylor, representative of the state board of land commissioners, was in town Monday, taking testimony in final proofs. Several persons proved up.

H. W. Ball of Ball Bros, contractors, of Twin Falls has been here for several days taking the bank fixtures in place in the State bank of Buhl and other fixtures in the offices of the Milner-Perrine Lumber Co.'s offices.

The State Bank of Buhl has changed its front appearance and its customers have to look through the bars at the cashier now just like in any old bank, but the cashier hasn't lost his balance. He is just as polite and courteous as ever.

Mrs. E. A. Wyatt, wife of Professor Wyatt, arrived in town from Colorado Springs, Colo., Sunday evening. She is delighted with the country and says that she never saw things grow like they do here. Mrs. Wyatt is a cultured lady and will be gladly welcomed by our society people.

The Republicans held their primary election Monday and elected George L. Eveleth, A. J. Milner and Charles W. Arthur delegates to the Republican county convention at Twin Falls.

Mrs. D. W. Southworth arrived in town Sunday from Boise and is a guest at Hotel Buhl while waiting for her husband to come in and take her out to his ranch, which is to be their future home.

School begins Monday morning, October 15. E. A. Milner is erecting a temporary building for that purpose on Hinkley heights, near his residence, which can be used for school purposes for a month or two until a more suitable building can be procured.

Superintendent McPherson was obliged to apologize to the young folks Monday night for disappointing them in not having his big pictures with him as he promised at the previous meeting. He got them mixed up with

other pictures and found that it would take too much time to get them out. He had to come away without them. He promised faithfully, however, that he would have them with him next Monday without fail. Notwithstanding the disappointment of the young folks and many of the old ones, the pictures he had with him were not without interest. He showed many beautiful scenes of the St. Louis and Portland world's fairs, and some from Washington, D. C. The pictures which had the most practical interest for the audience were those which he has exhibited showing good and bad roads, and the methods employed to make the bad ones good. He showed that with comparatively little cost this country can have the most kinds of roads, roads on which one horse could do as much as four on the present ones.

Frank Sorenson made a flying visit to Buhl Sunday, returning to Twin Falls the same day. He was surprised at the progress made by the town since he was here last.

Frank Sorenson left for Salt Lake Sunday afternoon. His many friends here will miss his genial countenance from among them.

## SORGHUM MILL FOR KIMBERLY

IT IS NOT VERY LARGE BUT SOMEWHAT HEFTY.

School Opens Under Favorable Conditions—Sunday School Children Enjoy Picnic at Hansen—Large Quantities of Produce Shipped.

KIMBERLY, Oct. 3.—Dave Cotter left on Saturday to join his brother at Winona, Wash., where he expects to spend the winter.

School began last Monday. The attendance is much larger than it was last year and until the new building is completed conditions will be somewhat crowded. However, this will have to be endured for only a very short time, as work on the new building is being rushed. Under the efficient guidance of F. W. Hoot and Eva Budd a prosperous school year is assured.

Zahara Moon is very ill with typhoid fever at his home northwest of town.

Lawrence Harris, who has been here during the illness of his brother William, returned to his home in Utah on Friday. He was very favorably impressed with the possibilities of this country and will probably return to locate permanently.

W. R. Ashdown arrived from Salt Lake on Friday. Mr. Ashdown is to take charge of the Kimberly restaurant, which he has leased for some time. He is connected with the restaurant business and intends to conduct a first class bakery, which will prove a great convenience to the numerous bachelors about here.

Last Saturday was the gala day for the Sunday schools about here. Wagon loads of young folks left here for Rock Creek, where they were joined by others from Hansen. Exercises were held in the Rock Creek schoolhouse in charge of Mr. Albee, after which the luncheon was spread in the grove on Judge Hansen's place. The refreshing shade proved so enticing that departure for home was delayed until the sun had set. The time was very enjoyably spent and the first annual picnic goes down to history as a grand success.

The large steam thrasher that has been about here finished threshing for Master and Besairie and left for the Nick Smith ranch near Hansen on Saturday. This machine has done very satisfactory work wherever it has been.

J. A. Johnson threshed his oats from the field and recommends that method as being the best.

T. A. James returned to Rock Springs on Saturday after having made visit with his family here.

Albert McEwen received a canoe mill by freight this week. The machine proved quite a curiosity to many, not being much larger than a wash tub but weighing 1300 pounds. Mr. McEwen has about eight acres of cane which he intends to bolt down into old fashioned sorghum.

H. C. Pettifohn, who has been with a surveying party on the north side of the river, returned home Wednesday.

Outs Cheney is busy taking care of his sorghum cane before it freezes. He has quite a patch of excellent cane which he intends to make into syrup.

Large quantities of produce are being shipped from this point daily to be distributed between here and Minidoka.

Frank Lytle left for Boise on Tuesday morning to be at the bedside of his brother Charles, who is seriously ill at that place.

The Western Lumber company unloaded two more cars of lumber this week.

Frank Burritt is building a new home on his ranch adjoining the town site. Since moving upon his place he has done much toward its improvement.

G. C. Tyler, our burglar, who has an excellent stock of trees here, returned from Heyburn on Tuesday.

The corrugated iron for the covering of the warehouse which has delayed its completion somewhat, has at last reached here. Nothing can prevent it being hastily finished now, so that the anxious farmers can get their grain under cover.

### SOCIALIST TICKET IN FIELD
