TWIN FALLS NEWS, TWIN FALLS, IDAHO, FRIDAY, NOVEMBER 2, 1906.

NUMBER 1

## GOVERNOR IS GIVEN A GRAND RECEPTION

Addressed the People Assembled in Twin Falls—Wine of the Ring Theater. When the Governor Arrived at the Ring Theater, When the Governor Arrived at the Ring Theater, When the Governor Arrived at the Ring Theater.

Governor Frank R. Gooding won the support of the people of Twin Falls last Saturday night when he addressed the largest audience ever assembled to hear any speaker in this city. The governor's address was straightforward, frank and thoughtful. He left nothing to be taken for granted, nor did he indulge in political platitudes or grand state flights. His talk made a deep impression on the minds of the people. Long before the hour set for the meeting, people began to gather at the Ring Theater. When the governor arrived, the entire audience was aroused and crowds thronged the streets. The standing room was thronged and even the rafters were filled with enthusiastic citizens to show their loyalty to their executive or to state.

The governor was introduced by Dr. Boyd and received a rousing ovation. He professed his remarks to be a reference to the marvelous management of the Twin Falls tract. He stated, however, that he had been transformed into a sagebrush desert into a garden of Eden by the management of the capital. It was the grandest irrigation project in the country, said the governor, and it had been a pleasure to him to watch it grow and to see the progress. His policy as governor and chairman of the state board, had been one of fairness to the company and justice to the state and to the settlers. He had been reasonable in his demands and the company had always shown a disposition to do what was right.

The day's fast approaching, the governor, "when this meeting project will pass into the hands of the settlers, I am sure you will be assured that the transfer will be made in such a way as to protect the interests of the settlers. The company will be required to live up to the letter of its contract, nothing more and nothing less. An employee of the state to make a thorough inspection of the entire system for the purpose of satisfying the state land board that all work required is performed. This is a tremendous undertaking and the best of care will be given to the transfer of ownership. That transfer will be made at the proper time and in the proper manner." This statement was enthusiastically applauded.

Governor Gooding aroused tremendous applause by announcing his intention to work for the division of Cassia county and the location of the county seat in Twin Falls. With a Republican legislature and Republican representatives from the county it would be possible to secure the seat without difficulty. On the other hand, the people of the Twin Falls tract would come before the state legislature and present their case. Republican legislators would hesitate to create a Democratic county, and it was a foregone conclusion that the next legislature would be Republican by an overwhelming majority.

On state and national issues the governor followed the line he has pursued elsewhere throughout the state. The address which he delivered at Halley, and which is contained in this issue as a supplement, covers the ground fully. The governor's address was a practical talk in which he reviewed the local situation logically from a local point of view. The major cause of sound reasons why the Twin Falls tract should support the Republican ticket in its entirety and he was frequently applauded. At the conclusion of the meeting the governor was surrounded by a throng of friends who congratulated him upon the splendid impression he had created. Governor Gooding was then escorted to the Commercial club, where an informal reception was held. Cigars and refreshments were served and the rooms were crowded until midnight.

### AUTO JOURNEY TO TWIN FALLS

Two Boise Gentlemen Make the Trip in Comfort. James E. Clinton, Jr., and Craig Coffin of Boise arrived in Twin Falls on Wednesday evening in Mr. Clinton's "Autocar." They left the capital on Friday morning, October 26, stopping at several places on route to visit friends.

The first run was to Mountainhome, a distance of 60 miles by the route traveled, which was covered in four and a half hours. The car was out for dinner at Canyon creek. The road led the travelers through Orchard and was in fair condition. The road from Mountainhome to Twin Falls is about seven miles, was made in 15 minutes.

Leaving Mountainhome on Saturday morning, the motorists went to Blue Lakes, a distance of 14 miles. After dinner at Clover creek the journey was resumed to Bliss, Idaho. The total mileage for the day was 10 and the average speed was 15 miles an hour and over a very uneven road.

The worst road they encountered on the entire trip was between Bliss and Hagerman. The deep sand impeded progress and the run occupied an hour and 15 minutes, including a short stop for lunch. The tourists remained in Hagerman until Monday evening, when they went to Charles Le Moyne's ranch opposite the mouth of the Salmon or Snake river, a distance of about 10 miles. The road was rough and the approach to the ranch was difficult.

About 2 o'clock on Tuesday afternoon Mr. Clinton and Mr. Coffin left Mr. Le Moyne's hospitable home for Blue Lakes, taking the road on the north side of the river. The road was sandy and rough in places. They arrived at Blue Lakes about 4:30 on Wednesday afternoon, when the travelers started for Twin Falls. The car climbed the stiff grade on the south side of the river at a speed of four miles an hour, taking the steepest part without the slightest trouble. It alighted a little on the ferry and showed a disposition to duck at Perrine's coiler, but otherwise behaved so splendidly. The three miles run from the top of the grade to the Hotel Perrine was negotiated in seven minutes.

### SURVEY ADJUSTMENT

For the purpose of getting the land owners in that district affected by the discrepancy between the government and the company survey together, in order that an effort may be made to agree upon some proposition to submit to the Twin Falls Land & Water Co., a meeting will be held on election day, Tuesday, November 6, in the Commercial club rooms, Craven building, Twin Falls, at 3 p. m. It is desirable that every person interested should be present in order that they may have an understanding among themselves in regard to this highly important question. Do not fail to attend.

### THRESHING AT CLEAR LAKE

Good Yields of Grain Reported From That Section. CLEAR LAKE, Oct. 30.—H. Smalley is threshing his oats and barley. His crop is much heavier this year than ever before. Oils System has several men at work this week threshing his wheat. Mrs. B. E. Briggs met with a painful accident on Sunday while out driving with her family. The wagon seat tipped over backward, throwing the occupants out of the vehicle. Mrs. Briggs sustained injuries to one of her hands, which was bruised and cut.

CORN FIELD, TWIN FALLS EXPERIMENTAL FARM.

Splendid results in the breeding of corn have been obtained on the Twin Falls tract. Cassia county flint corn this year produced 12 and 14 rows, whereas it grew but eight rows last season. It also produced two ears to the stalk. Several varieties of yellow dent corn, grown from seed selected from fields on the Twin Falls tract, matured perfectly and early this year. Last season the yellow dent grew one ear to the stalk. This season it produced one ear and a nubbin and next year it will produce two ears. This advancement is the result of selection and breeding. The ears which mature earliest are saved and saved for seed. Only the best ears are selected. The advancement made this year is convincing proof of the possibility of breeding any variety of corn on the Twin Falls tract. The experiments with Cassia county corn conducted in

### VIGOROUS STIRRING OF THE POLITICAL STEW

Republicans and Democrats striving strenuously for victory—Former Will Close Their Campaign with a Grand Rally at the Ring Theater Tonight—Democrats Arrange a Rousing Reception for Chief Justice Stockslager on Saturday.

As the end of the political campaign approaches all parties are making strenuous efforts to strengthen the support of their tickets. The Republicans will close the county campaign with a grand rally at the Ring theater this evening at which all the county candidates will be present. Each candidate will deliver a brief address. An attractive feature of the meeting will be a vocal solo by Mrs. W. O. Taylor, whose splendid talents have already made her a great favorite. As many of the Republican candidates are strangers to the people of Twin Falls, the meeting this evening will afford the public an opportunity of forming their acquaintance. They will all be found sterling men who have the welfare of the county and tract at heart, and it is to the interest of the settlers at this end of the tract that they should be elected.

They are pledged to work for county division and their support should not be of the half-hearted kind. It should be remembered that once the county is divided the new county will have its own officers and it is only fair to the people of the east end that they should have the privilege of selecting their officers. Governor Gooding's visit had a revivifying effect upon the Republicans and they have done telling work during the last few days. Mr. C. O. Boyd, James McMillan, C. H. Mull, E. B. Williams and S. T. Hamilton were appointed a committee to take charge of the local situation and headquarters were opened in the Boyd building. Mr. McMillan was elected chairman and he has been ably engaged all week. Mr. McMillan reports confidently that the Twin Falls tract is very favorable to the Republican ticket and predicts a majority for it of not less than 600 from this end of the county. Approximately 1500 voters have registered on the tract.

During the week the Republican county candidates have held several meetings, all of which were well attended. At every place visited the Republican candidates and workers were warmly received and made many votes. The Democrats have planned to give Chief Justice Stockslager a cardinal welcome tomorrow evening. He will be met at the train by a committee of leading Democrats and the Twin Falls men which will escort him to the Hotel Perrine. At the conclusion of the meeting in the Ring theater, which will be addressed by Judge K. I. Eddy and Miss Fernand French, the Democratic candidate for state superintendent of public instruction, Judge Stockslager will be given a reception at the Twin Falls Commercial club rooms. It is the judge's intention to deliver a political address but he will speak briefly upon commercial and industrial development. Judge Perky is a very entertaining and forceful speaker and Miss French is also possessed of conspicuous talent in this and other respects. Miss Durphy, Democratic candidate for county superintendent of schools, will also be heard. Miss Durphy is one of the teaching staff at the Twin Falls school and has also taught in Kimberly. John Janney, C. M. Price and Herbert S. Osburn have been campaigning in the east end of the county all week and report having received cordial receptions at all points. They addressed the largest meeting of the

### REORGANIZATION OF Y. M. C. A.

PLANS FOR NEW QUARTERS IN CONTEMPLATION. Effort Being Made to Secure Sufficient Support to Warrant the Furnishing of Commodious Rooms with Gymnasium and Baths. A strong effort is being made to reorganize the Y. M. C. A. in Twin Falls on a permanent basis. The plan is to furnish rooms and install a gymnasium with tub and shower baths. Ivan B. Rhodes of Portland, Oregon, state secretary of the association, visited Twin Falls on Monday and Tuesday and took an active interest in the work of reorganization. At a meeting held in the association rooms on Tuesday evening, at which Mr. Rhodes was present, a committee consisting of C. O. Melges, W. H. Endridge, C. E. Blaboe, W. H. Weaver and G. B. Frazer was appointed to make a canvass of the city for the purpose of ascertaining the number of members it would be possible to obtain in the event that the association secured suitable quarters and equipped a gymnasium and bath rooms. The committee is still at work and about 60 memberships have been pledged in addition to donations of approximately \$100. Several locations have been inspected. The committee will report at a meeting to be held in the association room next Wednesday evening. W. Parker, C. Colles and L. P. Jones were appointed a committee on constitution and by-laws. Rev. John H. Schenck presided over the meeting.

### SHOOTING AFFRAY AT OAKLEY

Constable Wells Instantly Kills a Fighting Prisoner. Constable H. Wells of Oakley shot and instantly killed Fred Taylor, a prisoner whom he was taking to jail on Wednesday evening. Taylor attempted to escape from the officer, who commanded him to halt and fired two shots in the air to frighten him. The third shot hit Taylor in the back and the bullet passed through his heart. Taylor, it is reported, had been drinking and boisterous. Wells threatened to arrest him in the afternoon when the constable took Taylor to jail. Taylor is well known and prominent in Oakley.

# WHERE ELECTORS MAY REGISTER AND VOTE

Boundary Lines of Voting Precincts on the Twin Falls Tract as Defined by the County Commissioners—Places of Registration and Election Officers—Voters should be Careful to See That They are Registered in the Precincts in Which They Belong.

In order that all electors on the Twin Falls tract may be advised regarding the boundary lines of the voting precincts, the following republishes the boundaries of all precincts, together with the names of the registrars and the officers of election. It is necessary that electors should be careful to register in their own precincts, otherwise they will not be qualified to vote.

The voting precincts, registrars and election officers are as follows:  
**Butte precinct**—Beginning where the line between townships 10 and 11 intersects the Owyhee county line, thence east along said township line to Salmon river, thence south along Salmon river 12 miles, thence east to the range line between ranges 16 and 17 east, thence due south on said line to the Nevada state line, thence west along said line to the southwest corner of Cassia county, thence north to the place of beginning.  
 The following election officers are hereby appointed for said precinct: Registrar, Mrs. Geo. D. Reynolds; Judges, D. B. Hartwell, Robert Rogers and W. B. McMillan; distributing clerk, J. Emery. The voting place for said precinct is designated as the Butte schoolhouse.

**Buhl precinct**—Commencing where the township line between 10 and 11 intersect the Owyhee county line, thence due north to Snake river, thence south along said river to where section line between sections 10 and 11, township 9, range 16 east, intersects Snake river, thence due south to the high line canal, thence west along said canal to Salmon river, thence down Salmon river to the intersection of township line between ranges 10 and 11, south, thence west to the place of beginning.  
 Registrar, Mrs. J. L. Barstow, W. B. Harris and E. A. Milner.

**Filer precinct**—Commencing at the point where the section line between sections 9 and 10, township 9, range 15 intersects Snake river, thence east along Snake river to the point where section line between 22 and 23 intersects Snake river, thence north to the high line canal, thence westerly along said high line canal to where said canal intersects section line between sections 33 and 34, township 11, range 15 east, thence north to Snake river, the place of beginning.  
 Registrar, E. H. Ruttler; Judges, Neils Lind, John Voorhes, T. D. Connor; distributing clerk, H. B. Loren.

**Twin Falls precinct**—Beginning at the point where the section line between sections 22 and 23, township 9, range 16 east, intersects Snake river, thence east along Snake river to where the township line between ranges 17 and 18 intersects Snake river, thence south to the point where said township line intersects the high line canal, thence westerly along said high line canal to where it intersects the section line between sections 2 and 3, township 11, range 16, thence north to Snake river, the place of beginning.

The above precincts, for the purpose of voting convenience, is subdivided into two wards or voting districts as follows: Beginning at the southeast corner of section 13, township 10, south, range 17 east, thence west thence north to the center of Main street of Twin Falls to the northwest corner of said section 10, thence west to the southwest corner of section 11, township 10, range 16. The territory north of this line is designated as Twin Falls voting precinct No. 1, and the territory south of this line is designated as Twin Falls voting precinct No. 2.

**Twin Falls precinct No. 1**—Registrar, Kennedy Packard; first set of judges, Don C. Bryan, H. Wall, S. Woodhoad; second set of judges, C. O. Morrell, James A. Waters, Charles Eldred; distributing clerk, J. H. Shields.  
**Twin Falls precinct No. 2**—Registrar, W. A. Ring; first set of judges, E. Reed, C. A. McMaster, C. B. Cartwright; second set of judges, T. R. Paulson; J. P. McRae, B. T. Newby; distributing clerk, E. L. Litter.

**Kimberly precinct**—Commencing at the point where the township line between ranges 17 and 18 intersects Snake river, thence east along Snake river to where the line between sections 10 and 11, township 10, range 18 east, intersects Snake river, thence south to the high line canal, thence westerly along said canal to the township line between ranges 17 and 18 east, thence north to Snake river, the place of beginning.  
 Registrar, J. D. McMillan; Judges, J. Johnson, D. Jenkins, W. S. Starr; distributing clerk, A. R. Moore. Voting place, school house.

**Hansen precinct**—Beginning at a point where the section line between sections 10 and 11, township 10, range 18 east intersects Snake river, thence east along Snake river to the point where the line between sections 16 and 15, township 10, south, range 19 east, intersects Snake river, thence south to the southeast corner of section 4, township 11, south, range 19 east, thence west to the southwest corner of section 2, township 11, south, range 18 east, thence north to Snake river, the place of beginning.  
 Registrar, T. J. Rauch; Judges, Nick Smith, George B. Doughty, M. P. Swan; distributing clerk, E. E. Ricks. Voting place, postoffice.

**Rock Creek precinct**—Commencing at the point where line between ranges 16 and 17, township 9, range 16 east, intersects Snake river, thence east along said range line to where it intersects the high line Twin Falls canal, thence south along said canal to the intersection of township line between ranges 17 and 18 east, thence north to the intersection of the low line canal, thence south along the low line canal to the southeast corner of section 2, township 11, range 18 east, thence east along said section

### GREAT TWIN FALLS CANAL SYSTEM

45,000 Acres of Carey Act Land

Still open for original entry under this Canal System

Land, 50 cents per acre. Perpetual water rights, \$25 per acre, ten annual payments.

Vehicles from Buhl furnished free to those who desire to inspect land. Prospective entrymen accompanied by competent locators.

# BUHL

Marysville Canal Complete.

Public announcement has been made that the Marysville canal system is now complete and the lands are now open for entry.

These lands are located in Fremont county, north of the city of St. Anthony, and in a territory famous for the production of enormous crops of wheat, oats, rye, barley, alfalfa, clover, timothy, sugar beets and many varieties of hardy fruits.

The total cost of land and water is \$25.00 per acre, a price that is remarkably reasonable and perhaps the last really cheap water right that will be offered in this section. Water privileges are granted extending over a period of ten years, so that any American citizen 21 years of age can avail himself of the opportunity to secure a good piece of land.

Parties owning lands under this canal system which were improved this year are refunding \$75 per acre. Where can you equal it?

Write us for particulars.

CLINTON-HURTT & CO. Ltd.  
Boise, Idaho.

For Sale.  
Fruit and alfalfa ranch only 2 miles from Hagerman; quarter mile from school; free spring water in unlimited supply; 100 acres improved, balance easily brought under cultivation; roomy house, corrals, etc. Only \$6,000, reasonable time.

Also other valuable tracts for sale. Address W. VAN TORNS, Hagerman, Idaho.

Buhl, located 17 miles west of the city of Twin Falls, will be the leading city on the west end of the tract and a starting point for a large area, including the stock districts of Rock, Butte and Roseworth, likewise the farming and fruit growing districts of Hagerman, Kanoka Flat and Salmon. The contract for the railway extension from Twin Falls to Buhl has been let and the line will reach the new town in December. Buhl will have water, electric light and electric power before the close of the year. The property values in Twin Falls have increased 500 per cent in less than two years. The same opportunities for investment are available at Buhl. Now is the time to buy. Write for literature and for information.

ABOVE EVERYTHING ELSE

the Studebaker Wagon is built with the qualities that make wagons desirable. Light-running and built for durability because the lumber is seasoned right before being used. Made to stand up under heavy loads.

## THE STUDEBAKER WAGON

Is built from first-class material down to the minutest detail. The slow-growing, fine-grained, long-fibered black birch from the rocky hills of New England is used in the hubs, select white oak is made into spokes and felloes and choice second growth, butt cut hickory is used for the axles. Every other part is carefully selected. The wheels, tough and hard, are forced into place & the axles under 100 tons pressure. Studebaker disc shoulder spokes are driven into the hub under the same tremendous pressure. Best and toughest iron and steel strongly reinforces every part where needed. The Studebaker is

**WANT THE TWIN FALLS TRADE**  
 Pocatello Jobbers Profit by the New  
 Railway Tariff.  
 "A big thing for Pocatello" is the  
 consensus of opinion as to the effect  
 of the reduced rates from Chicago to  
 Pocatello. The announcement in the  
 Tribune that on and after November 24 a sweeping  
 reduction in rates from Chicago to  
 common points and Mississippi river  
 and Missouri river points, to Salt  
 Lake and Utah common points would  
 be made, with an extension of the new  
 tariff to Pocatello on the route from  
 Idaho Falls to the north, created a  
 general feeling of joy in the Gate  
 city. The cut places Pocatello on a  
 better commercial footing than Salt  
 Lake and Ogden, which two cities  
 have heretofore been the jobbing cen-  
 ters of the intermountain region, and  
 will result in constituting this point  
 the wholesale distributing point of  
 inland empire bounded on the west  
 by Boise, on the north by Idaho Falls,  
 on the south by Cache Junction and  
 on the east by Lemmon.

The cut in class and commodity  
 rates ranges from 5 to 30 per cent and  
 will not only result in cheapening the  
 cost of living in this section, but will  
 also result in the establishment in  
 Pocatello of big wholesale and jobbing  
 houses to supply the trade of the Gate  
 City's new commercial territory, which  
 comprises some of the most rapidly  
 developing districts in the west, in-  
 cluding the territory tapped by the  
 Twin Falls branch, the Malad branch,  
 the Halley branch, the Park branch  
 and the Mackay branch.

It was feared at first that while Pocatello,  
 under the new tariff, is granted the same  
 advantage as the common points, there  
 might be a "nigger in the woodpile"  
 somewhere in the shape of a discriminatory  
 distributing rate out of Salt Lake City,  
 which would permit jobbers there to  
 successfully compete with Pocatello for  
 the trade of this region. The suspicion was  
 expressed that, in spite of the fact that  
 the local rate from Salt Lake City to  
 Pocatello is 85 cents per 100, Salt Lake  
 City might still be able to ship  
 commodities to Twin Falls, for in-  
 stance, as cheaply as Pocatello could  
 ship to the same point. This suspicion  
 proves to be unfounded. From Local  
 Agent Lowrie it is learned that the  
 distance tariff obtained out of Salt  
 Lake City and Pocatello, and that the  
 Gate City can compete with Salt Lake  
 at all points equidistant. The rate  
 from Salt Lake to Twin Falls is \$1.15  
 from Pocatello to Twin Falls 85 cents.  
 The advantage lies in the long haul.  
 However, Pocatello still has 15 cents  
 per 100 the best of it, and against  
 such odds Salt Lake City cannot com-  
 pete.

Under the old tariff, it cost Salt  
 Lake jobbers \$4.10 to deliver freight  
 to Pocatello. The new tariff places  
 while it cost Pocatello merchants \$4.15  
 to supply Twin Falls. This was be-  
 cause the old rate from Chicago to  
 Salt Lake was \$2.10, and from Salt  
 Lake to Twin Falls \$1. The new rate  
 from Chicago to Salt Lake is \$2.85,  
 and the same tariff of \$1 applies be-  
 tween Salt Lake and Pocatello. The  
 old rate from Chicago to Pocatello  
 was \$3.30, and from Pocatello to Twin  
 Falls 85 cents, making a total of \$4.15.  
 The new rate from Chicago to Twin Falls  
 is \$4.15, with the additional advantage  
 of possessing big wholesale stocks to se-  
 lect from. Under the new tariff the  
 rate from Chicago to Pocatello is \$2.35,  
 the same as to Salt Lake, and with  
 85 cents added to Twin Falls, the to-  
 tal is \$3.20, as against Salt Lake's  
 \$3.85, the 15 cent advantage therefore  
 being with the Gate City, a cut of 20  
 cents per 100 in the old tariff.

The same proportionate advantage  
 lies with Pocatello with relation to the  
 remainder of the territory now under  
 the commercial control of the Gate  
 City.

The cut means big things, and local  
 merchants are preparing to meet the  
 full advantage by increasing their  
 stocks and going after the wholesale  
 trade.—Pocatello Tribune.

**Notice to Contractors.**  
 Sealed proposals will be received by  
 the chairman and board of trustees  
 of the village of Twin Falls, Idaho,  
 until 8 o'clock p. m. November 17,  
 1906, for the construction of a trunk  
 and outlet sewer system in and for  
 said village, to be paid for in cash in  
 accordance with the plans and speci-  
 fications on file in the office of the  
 village engineer. All bids must be  
 sealed and addressed to the village  
 clerk. The approximate quantities of  
 work to be done are as follows:  
 6772 linear feet of trench excavation  
 from 0 to 6 feet deep.  
 2712 linear feet of trench excavation  
 from 6 to 8 feet deep.  
 3260 linear feet of trench excavation  
 from 8 to 10 feet deep.  
 655 linear feet of trench excavation  
 from 10 to 12 feet deep.  
 1800 cubic yards solid rock excava-  
 tion.  
 2565 linear feet 6-inch vit. sewer  
 pipe in place.  
 2705 linear feet 8-inch vit. sewer  
 pipe in place.  
 1000 linear feet 10-inch vit. sewer  
 pipe in place.  
 1087 linear feet 12-inch vit. sewer  
 pipe in place.  
 4232 linear feet 15-inch vit. sewer  
 pipe in place.  
 4685 linear feet 18-inch vit. sewer  
 pipe in place.  
 150 feet cast-iron pipe.  
 55 manholes, 4 feet in diameter,  
 14 manholes.

Each proposal must be accompanied  
 by a certified check for 10 per cent  
 of the amount bid, payable to the  
 village clerk of Twin Falls. Success-  
 ful bidder will be required to furnish  
 bond for the faithful performance of  
 the contract.  
 Copies of the specifications, forms  
 of proposal, contracts, etc., may be  
 obtained from the village clerk.  
 The board of trustees reserves the  
 right to reject any and all bids.  
 By order of the board of trustees of  
 the village of Twin Falls, Idaho.  
 IRVING R. DARRON, Clerk.

**Winter's Blasts**  
 will not inconvenience you if your  
 house is in good condition. Take time  
 for the forelock and see C. W. Hawk,  
 contractor, builder and carpenter,  
 Sixth avenue, between Eleventh and  
 Twelfth streets, Twin Falls.  
 Children cry for IRONBREW.

**FARM NOTES.**  
 Many farmers are giving their land  
 a thorough soaking at present. Fall  
 irrigation is very beneficial to land,  
 which will be reaped under crop the  
 following spring.

Vegetarians will doubtless hail with  
 delight the advent of a new potato  
 with blue skin and yellow interior,  
 which is about to be placed upon the  
 market. This potato is known as the  
 Solentian, which was the result of  
 the result of scientific cultivation at  
 Reading, England. It has a distinct  
 flavor of its own resembling a cross  
 between turnips and asparagus.—Ex-  
 change.

I have found the following plan a  
 complete success for getting rid of  
 wild cats. I have tried this method for  
 about four inches deep in the fall.  
 Then in the spring, some time in  
 April, before any kind of weeds start,  
 I harrow the field thoroughly each  
 way so that it is level and loose on  
 the surface, then leave the field alone  
 until about May 7 or until the wild  
 cats have come through the ground  
 and are from one-half to one inch high,  
 so that the slower ones shall have  
 ample time to germinate. Then I take  
 a disc if the ground is very hard, or  
 a sun shining warm, and go over the  
 field, singly but thoroughly, cutting ov-  
 ery inch. After one day the single  
 plants will not have the desired ef-  
 fect, though it will help.

The jackrabbits are rapidly disap-  
 pearing from the Twin Falls tract and  
 will soon cease to be a pest. Where  
 over clearing has been done the rab-  
 bits have vanished. They are still  
 plentiful in the southward, however,  
 and it behooves the farmers to protect  
 their trees. It is better to enclose the  
 tree trunks in wire netting or some  
 other suitable covering than to try  
 and exterminate the rabbits by poison,  
 as the bunnies will continue to  
 come down to the cultivated tract all  
 winter from the foot hills and poison-  
 ing them will not have the desired ef-  
 fect, though it will help.

The ordinary dairy ration given to  
 cows during the cold months is prob-  
 ably 23 or 25 pounds of alfalfa, from  
 six to eight pounds of bran  
 daily, and this is the common old Colo-  
 rado diet that has been in use for the  
 last 27 years. A better ration, how-  
 ever, do not make a perfectly bal-  
 anced ration. The proportion of pro-  
 tein to carbohydrates and fat in a ra-  
 tion consisting of 30 pounds of alfalfa  
 and eight pounds bran is 1 to 3.7.  
 This is too narrow a ration. As a gen-  
 eral rule our cows should have about  
 one of protein to four or five of car-  
 bohydrates and fat. Crushed oats and  
 barley can be added with a little roots,  
 a much better ration is provided which  
 will give more satisfactory results.  
 Alfalfa and bran are both highly nutri-  
 tious and consequently supply too  
 much of that particular element. Bran  
 is entirely eliminated if the oats  
 and barley are available, and the ration  
 could be made up with 30 pounds of  
 alfalfa, three pounds of oats, four  
 pounds of barley and six pounds of  
 roots. This would give a nutritive ra-  
 tio of 1 to 4.5. These figures are based  
 on the daily requirements of a 1000  
 pound cow and of course will have to  
 be increased in proportion according to  
 the length of time she has been  
 milking.—Denver Field and Farm.

When virgin soil in this new country  
 or that which has lain undisturbed  
 for several years is broken up it is al-  
 ways best to plow deep from the be-  
 ginning, for the deeper mineralized  
 layers will be about as fertile any,  
 except the top inch or two. It is wis-  
 e, never to plow the same depth  
 twice in succession. In general, fall  
 plowing should be from seven to nine  
 or ten inches and spring plowing from  
 five to seven inches deep. A large  
 land company is now plowing ten  
 inches deep a tract of 4000 acres a few  
 miles east of Denver. There are many  
 special cases in which these rules do  
 not apply and these have often been  
 described in this paper. The soil is  
 plowed in order to look up its tex-  
 ture and get air into it as well as to  
 turn under stubble, manure, etc., to  
 make humus. Killing weeds is an-  
 other object accomplished by plow-  
 ing. After a soil has been thoroughly  
 pulverized to great depths, so that  
 there is no danger of turning up  
 weeds, the soil is plowed in the  
 better the crops. But the cost also  
 increases with depth, so that ordi-  
 narily it does not pay to plow more  
 than about ten inches deep, but this  
 item does not cut so much of a figure  
 with the big steam traction plows as  
 with horses.—Exchange.

To avoid moving our heavy hard-  
 ware to our new store, we are offering  
 10 per cent discount on all heating  
 stoves and ranges.  
 SPOFFORD WEST HDWE CO.  
 Opp. McCormick's Bank, Main Street.

**Government Lands.**  
 Every American citizen should avail  
 himself to use his rights under the  
 Carey act.  
 The best values in the west for the  
 money are under the Careyville, Grant  
 & Thompson act in Fremont  
 county, Idaho, where land and water  
 costs a total of \$20.50 per acre, with  
 the payment privilege extending over  
 a period of 10 years.  
 The quality of the soil is unexcelled.  
 It is, however, particularly adapted to  
 the growing of grains, grasses and  
 range beefs. The soil system is com-  
 plete and a large acreage has been  
 opened for entry.

Avail yourself of the opportunity to  
 secure a good piece of land. For fur-  
 ther information address  
 CLINTON-HURTT & CO., Ltd.,  
 Boise, Idaho.

**NOTICE.**  
 All residents and property owners  
 in the village of Twin Falls are hereby  
 notified that all vaults and cesspools  
 must be thoroughly disinfected and  
 put in sanitary condition at once; and  
 that all persons who own any kind  
 of or nature must be removed with  
 like promptness.  
 By order of the Board of Trustees.  
 S. T. HAMILTON, Chairman.

TWIN FALLS NEWS

George B. Fraser, Editor. Published every Friday by THE NEWS PUBLISHING COMPANY TWIN FALLS, IDAHO.

Subscription Rates: One Year, in Advance, \$2.00; Six Months, in Advance, \$1.00. Reliable information regarding the city and county promptly and cheerfully furnished.

REPUBLICAN STATE TICKET. United States Senator: W. B. BOWEN of Ada. Governor: FRANK R. GOODING of Lincoln.

REPUBLICAN COUNTY TICKET. Senator: GEORGE A. DAY, Oakley. Representative: H. T. WEST, Kimberly.

ate that the constitution and laws of the state of Idaho made ample and sufficient provision for the punishment of polygamy within the state, and that Mormonism in so far as related to polygamy had been driven from the state.

Vote the straight Republican ticket. It stands for county division, Twin Falls as the county seat, law and order; direct primary.

Hon. W. L. Jones, congressman from North Yakima, Wash., writes Mr. W. F. Guthrie of this city in regard to the Mormon question as follows: "It seems to me from what I can see in the papers that the Mormon proposition is really only a bogey man to get Dubois into the senate."

The movement to reorganize the Y. M. C. A. is deserving of hearty support. The association has become a part of the business and social life of nearly every city in North America and its benefits have been fully demonstrated.

The fact that a limited number of disappointed office-seekers and chronic malcontents have joined the opposition to Governor Gooding is leading some intelligent voters into the belief that there is a widespread revolt against the ticket. A closer investigation must, however, reveal the fact that the men who make the most noise do not carry elections.

This is the record upon which Governor Gooding appeals to an intelligent constituency for an endorsement of his administration, and it is such an argument that influences the silent thinking vote of a state-like Idaho.

Senator Dubois stated in a speech on the floor of the United States sen-

ate that the constitution and laws of the state of Idaho made ample and sufficient provision for the punishment of polygamy within the state, and that Mormonism in so far as related to polygamy had been driven from the state. In every county in the state of Idaho the senator has stated and now states that polygamy is being practiced throughout the state of Idaho and that the crime is permitted to exist and continue unpunished.

Do You Know that two years ago the vote of Cassia county was about 1500 and nearly all of these people are still here? Do You Know that the average Republican majority two years ago was about 700? Do You Know that since last election the vote of the county has more than doubled, and that the Democrats concede that there are three Republicans to one Democrat on the Twin Falls tract?

Do You Know that if this is the case it gives a Republican majority of about 1300 votes, that the Democrats hope to win from us with the Mormon bogey man, and you do know that they can't do it? Do You Know that a vote for Gooding is a vote for county division and the appointment of Republican county officers in this new Republican county?

Do You Know that in the last legislature of 72 members there were only four Democratic members, and that it is impossible for them to have a Democratic majority in the incoming session? Do You Know that the most important question coming before this legislature so far as this Twin Falls tract is concerned is the election of a Republican United States senator, and to secure county division, and to secure these it is necessary to send a solid Republican delegation to the legislature from this county?

Do You Know that you are misinformed when told that owing to the constitutional limitation of the number of members in the senate we cannot get a division of the county at this session of the legislature, for it can be done and will be done if you do your duty. Do You Know that it would be only neighborly for us to assist the old county to elect the men for their county officers that have been selected, and that it is immaterial to us who they are, for we will get a brand new set of our own when the legislature meets?

Carey lands at Marysville, Idaho. For full particulars write Gilman-Hurt & Co. Ltd., Boise, Idaho.

MR. WEST MAKES A HIT AT FILER

REPUBLICAN CANDIDATES WELL RECEIVED. Surveyors and Graders at Work on the Railway Extension—Typhoid Fever Prostrates Entire Courtney Family—Improvements Continue.

FILER, Oct. 30.—The Republican rally at the schoolhouse last evening was quite a success and many statements were made on the ability of the speakers, especially Mr. West, who was well received. Mr. and Mrs. Wells of Nez Perce have arrived and are making improvements on their homestead southwest of town and will soon prove up.

An Ordinance to Provide for the Construction of a Sewer System within the Village of Twin Falls and Creating a Local Improvement District to be called "Local Sewerage and Improvement District Number One." Be it ordained by the Chairman and Board of Trustees of the Village of Twin Falls: Section 1.—That it is hereby declared the intention of the Board of Trustees of the Village of Twin Falls to create a local improvement district for the purpose of constructing therein a sewer system, and such district is hereby created and designated as "Local Sewerage and Improvement District Number One."

Do You Know that the average Republican majority two years ago was about 700? Do You Know that since last election the vote of the county has more than doubled, and that the Democrats concede that there are three Republicans to one Democrat on the Twin Falls tract? BREVITIES

Governor Gooding dined at the home of Mr. and Mrs. R. M. McCollum on Sunday.
W. R. Swicegod left Saturday for southern Utah, where he will inspect some mining properties.
Don Alken left today for Johnson, Wash. where he will spend the winter. He took a grant of Twin Falls literature with him and a number of grain samples for the skeptics.
Paulson Bros. have shipped a quantity of sorghum to Albion and Colfax, Washington. Parties in those cities read about it in the Colfax Argonne and in the News and wrote to Paulson Bros. for a supply.
Mrs. Steele entertained a few guests to dinner on Sunday in honor of the young ladies boarding with her. Those invited were Mr. and Mrs. Seebach, Mr. and Mrs. Jenkins, Messrs. Craven and Colles, and Misses Dehno, Mankner and Myers.
A local fire company has been formed with R. W. Steele as chief, F. F. Tague as secretary, and Dennis Holchman, foreman, Lou Pettit and Ed Hartigan, assistants. Two squads will be formed and the necessary apparatus will be ordered.
Bradley & Cameron have improved the appearance of their pretty restaurant by the addition of a quantity of mission furniture which they have recently. Mr. Cameron is engaged in growing palm-leaves and each patron will be furnished with a palm leaf fan next season.
At 8 o'clock on Wednesday evening Messrs. W. P. McCarthy, M. J. Swicegod and H. T. West, addressed the people of Friday Monday evening on the real issues of the day. They were ably assisted by the songs of the Twin Falls Glee club. The attendance was large and the audience appreciative.
A huge triangle which will be used as a fire alarm has been suspended from the corner of the Liberty street on Ninth street. It is a formidable piece of furniture and gives forth sounds which would put a pack of coyotes to shame.
The convention of the League of Southern Idaho Commercial clubs, which was to have been held in Twin Falls on November 1st, has been postponed on account of the inability of the railway company to grant rates for the delegates without the 30 days notice required by the new act. The rates have now been remanded until this matter is adjusted the date for the convention will be set.
An exquisitely appointed dinner was given at the home of Mrs. J. V. Baker last Friday evening. For a centerpiece there was a silver openwork filled with chalcid. Blue Lakes fruit and cut flowers, resting on a square of delicate Mexican drawn work. Covers were laid for eight. The guests were Mr. and Mrs. McCollum and Mr. and Mrs. Lacy. The latter evening was spent in playing "500."

John F. Hanson of Rock Creek was a Twin Falls visitor on Wednesday.
Hon. E. A. Walters of Shoshone, Republican candidate for district judge, spent several days in Twin Falls this week.
W. C. Williamson of Meridian is supplying in a second carload of dairy cows, having disposed of nearly all his first shipment.
Harry White of Wallace, who has a quarter section between Flor and Buhl, arrived in Twin Falls last Saturday and left for home on Monday.
Superintendent McPherson left on Wednesday for Moscow to attend the meeting of the state board of horticultural inspection of which he is secretary.
Fred E. Ramsey harvested 420 bushels of potatoes from a 10-acre field. The field was rented to him and netted Mr. Ramsey \$60 an acre.
The Royal Neighbors of America will hold their next meeting in K. P. hall, over the Idaho Department room, on Wednesday evening, November 7, at 8 o'clock. All members are requested to be present.
English Lutheran services will be held in the Christian church next Sunday at 3 p. m. The pastor will be held in the Flor in the schoolhouse Sunday evening at 8 o'clock by Rev. W. H. Sobanek.
Amos Hedrick and J. C. Hedrick of Twin Falls, who are in St. Alphonsus hospital, Boise, suffering from typhoid fever, are expected to recover passed the crisis. Their speedy recovery is expected.
The members of the Presbyterian Ladies Aid society will meet with Mrs. Davis on Wednesday, November 7, to sew for the Christmas bazaar. All members are especially urged to attend this meeting.
Tuesday evening at the Marion schoolhouse, Messrs. W. P. McCarthy, M. J. Swicegod and H. T. West addressed a full house on the political situation. Charles E. Cole captured the audience with song and the very antipathetic it was the most enthusiastic meeting ever held west of Twin Falls.
George Lacy has harvested a magnificent crop of Early Ohio potatoes. He irrigated his spuds only once during the season and they are exceeding nicely, popping open like puff balls. The crop is estimated in June and have been ripe for nearly three months. They averaged 200 bushels to the acre.
J. O. Nibley, who is now located at Meacham, Oregon, stopped over in Twin Falls yesterday on his way to Salt Lake City, where Mrs. Nibley has been visiting. Mrs. Nibley said he was amply repaid for his sidetrip by the splendid improvement he saw in the appearance of the city.
Another effort will be made on Tuesday afternoon to reach an agreement between the Liberty street and some form of proposition to the Land & Water Co. Those interested in the question are requested to meet in the Commercial club rooms, Graham building, at 3 o'clock on the afternoon of election day. It is absolutely necessary that all concerned be present as united action must be obtained. The matter is of such importance that question does not improve with age and harmony is imperative.
Services will be held by Rev. C. Van Dor Donck in the Catholic church, Twin Falls, on Monday, Tuesday and Wednesday evenings at 7:30 on Wednesday, and Wednesday mornings at 8 o'clock. Catechism school Monday, Tuesday and Wednesday afternoons at 3 o'clock. Upon the basis of these services, which are largely dependent upon the action of Bishop Orlortex with respect to the assignment of a priest to this city, and it is therefore desirable that there should be a large attendance.
W. A. Ring has exchanged his Main street property in Twin Falls for the one on the east side of Rock Creek. This is one of the finest ranches in the county. It is watered from Rock Creek. Mr. Ring took possession of it last week. He will improve the building and make it a popular resort during the winter. The departure of Mr. and Mrs. Ring will be a great loss to the many warm friends they have formed in Twin Falls.
Joseph H. Seaver is building a model farm residence one mile south of town. Mr. Seaver is fortunate in having a coulee through his land from which he will be able to secure water by a hydraulic ram. His home will be furnished with baths and stationary washstands with hot and cold water. The water will be pumped up to use the power obtained from the coulee for the generation of electric light, power and heat for his own use. This is surely an ideal farming place in an up to date community.
A rich treat is in store for the musical lovers of Twin Falls. The formation of a vocal and instrumental recital to be given in the K. P. hall, Idaho Department store building, by Mrs. W. W. W. and Miss Myrtle McManis, on Monday evening, November 12. The program which is now being arranged will appeal to those who enjoy the music of the piano. Mrs. Taylor possesses rare native talent which has been perfected by thorough culture with elaborate instruction. She is already a strong favorite in Twin Falls, although she has only made two or three public appearances here. Miss McManis is one of the leading piano soloists in the west and an interpreter of unusual ability. Her technique is superb and her recitals have invariably attracted the largest audience of musicians. The program will be printed next week.

Mrs. Waters, wife of Captain Waters of Yellowstone park, is the guest of Mr. and Mrs. W. W. Humphrey.
B. E. Howells of Oakley, Republican candidate for county attorney, attended Governor Gooding's meeting on Saturday night.
W. H. Philbrick of American Falls, the well known woolgrower, and Mary E. Philbrick of Rex Beach, N. H., are guests at the Hotel Perrine.
W. T. Spicer of Colorado Springs was a Twin Falls visitor this week. Mr. Spicer is deeply interested in irrigation and the Twin Falls tract impressed him very favorably.
President F. H. Buhl of the Twin Falls Land & Water Co., George A. Baird and A. C. Milner were in Twin Falls on Saturday, Sunday and Monday attending a meeting of the company officers.
The glassblowers are giving entertaining exhibitions in the Red Front building of the Liberty street glass store. Their work is exceedingly clever and they are attracting large crowds daily.
Miss Lena Perrine has returned from Portland, where she attended the wedding of Miss Nolle-Ash. Miss Perrine had a delightful visit. She stopped over in Shoshone for a brief stay on her way home.
B. S. Senesong of Boise purchased 2000 bushels of potatoes, Twin Falls, last week. The Short Line has granted a rate of 25 cents per hundred on potatoes from Twin Falls to the capital.
Miss Margaret Roberts of Boise is the guest of her sister, Mrs. W. O. Taylor, at the Perrine. Miss Roberts is a well known social worker of the state and she reports that the recent convention in Boise was the most successful in the history of the federation.
R. W. Salsburg, L. M. Earl and L. B. McCormick of Salt Lake City arrived in Twin Falls last Friday. Mr. McCormick, who is a son of W. S. McCormick, remained three days inspecting the tract. He expressed his surprise and satisfaction, saying it was the best irrigation project he had ever seen.
F. M. Langford of Bridge, O. L. Becher, W. F. Yarnall and O. E. Hale of Albion, candidates for assessor, representative, sheriff and probate judge on the Democratic ticket, spent several days on the Twin Falls tract this week, making acquaintances and working for their ticket. They report having received a hearty welcome at all points and they left for home well pleased with the result of their visit.
W. H. Hutton has closed a deal with Frank & Evans, brick makers, and an artisan well on the property of the latter adjoining the city limits. An eight-inch hole will be drilled to a depth of 100 feet, if necessary, to get water for water. This enterprise is fraught with great importance to the people of Twin Falls. If a good supply of artesian water be struck it will mean many benefits. Mr. Hutton is well equipped for the work, which he will begin immediately.
As the result of a quarrel over a dice game O. B. Olson was stabbed in the abdomen and seriously wounded by W. R. Taylor at Kimberly on Sunday evening. Olson and a man named Ratty were playing dice and Taylor was looking on. In some way Olson and Taylor became involved in a dispute and Taylor was knocked down. When he got up he grappled with Olson and they wrestled until they were separated, when it was found that Olson had been wounded. Olson was taken to Twin Falls for surgical treatment and is reported to be improving. Taylor was arrested and charged with assault with a deadly weapon in the late afternoon murder. He was later released under a bond of \$1000.
Mr. and Mrs. Fred L. Harris left on Monday for Chicago, where they will resume their residence. Mr. Harris having severed his connection with the Land & Water Co. The departure of Mr. and Mrs. Harris is sincerely regretted and it is hoped they will find it possible to return to Twin Falls, where they have many warm friends. Mr. Harris endeavored himself to the patrons of the company by his frank and fair treatment of all its clients. He was prominent in all committees in the community and the public and an indefatigable worker for the welfare of Twin Falls. The best wishes of a host of friends follow him in his new field.

SCHOOL NOTES.
The attendance is rapidly climbing up to the 600 mark. School commenced on September 3 with 312 pupils. Today the enrollment is 470 and the average attendance 435.
There are 49 pupils enrolled in the high school and 30 in the commercial department.
Miss Grace Kiersted, who instructs the class in stenography and typewriting, is an experienced teacher and very proficient in this special work. The pupils are displaying much interest in their exercises and are making very rapid advancement in it.
The pupils in each of the four higher grades are keeping a very neat weather record and a record of the rainfall in connection with their study of agriculture, which is very practical as well as beneficial.
James A. Waters of the Twin Falls Nursery presented the school with 30 chrysanthemum plants, three of which have been placed in each room. The plants are thriving splendidly and add materially to the beauty and cheerfulness of the rooms.
The school boys have completed the assembling of the 500 chairs for the auditorium, thus saving the district a considerable sum of money. The boys enjoyed the work between their lesson periods and profited greatly by the experience.
Superintendent McPherson will soon begin a regular course of lectures on agriculture in the auditorium. This will prove a very interesting and helpful feature of the school work as Mr. McPherson has had considerable experience with boys and girls and hold their attention.
There are now seven rural routes and seven wagonloads of merry boys and girls from the country come rolling into the school every morning, returning to their homes in the evening. Each wagon averages 25 pupils. Besides the seven rural routes, wagonloads of private conveyances transport pupils to and from the school.
Four independent literary societies are now in operation. The most successful is expected in each of them. Several red hot debates are in prospect.
The boys' baseball team and the High school girls have played some close games and they show considerable skill in this, the greatest of American sports.
The school girls' basketball team is practicing hard and intends to challenge the High school girls of Pocatello and Shoshone in the near future.
The tennis courts are nearing completion, and those interested in it may soon enjoy themselves to the fullest extent out of school hours in this splendid amenity.
County Superintendent Lowe spent three days visiting and inspecting the Twin Falls school. He visited every grade and very thoroughly inspected the work being done.

WEATHER REPORT FOR MONTH OF OCTOBER
Table with columns: Date, Maximum, Minimum, Range, Prevailing Wind, Character.
Data for Oct 1-31: Max 83, Min 35, Range 48, Wind NW, Character Clear.
Summary: Temperature—Mean maximum, 67; mean minimum, 34; mean, 50; maximum 85 on the 2nd; minimum, 14 on the 22nd; greatest daily range, 50. Number of days with .01 inch or more precipitation, 4; clear, 25; partly cloudy, 1.

Pioneer Harness Shop
WHEN you come to town, call and see our stock of HARNESS and SADDLES, ROBES, BLANKETS, WHIPS, etc., and get our prices. If we cannot sell to you, we may help you in buying elsewhere.
When you buy of us YOU HAVE OUR GUARANTEE, which is worth something because WE ARE PROPERTY OWNERS AND PERMANENT BUSINESS MEN WITH A REPUTATION TO SUSTAIN. We make our own harness.

Merchants Life Association
Question—What is the object of the Merchants Life Association?
Answer—To furnish life insurance to its members at actual cost.
Question—What is the plan?
Answer—A plan of conservative medium between ordinary assessment and the old line insurance. Cheaper than fraternal. No local lodge dues to pay.
Question—Whom do you insure?
Answer—Men and women between the ages of 18 and 50 who can pass a first class medical examination.
W. M. KUNKLEY,
State Manager, Pike Bldg., Phone 19, Twin Falls, Idaho.

Clearing and Plowing.
I have 200 acres to be cleared, plowed and leveled, under the high water table in the Salt Lake irrigation on Saturdays at Maple Hill farm, 2 1/2 miles southwest of city. Also want to purchase 6000 yearling and two-year-old Jonathon and Home Beauty apple trees.
T. W. POTTER,
Twin Falls.
Help Wanted.
Married man wanted without children, both to work on ranch one mile from Twin Falls. Inquire at News office.

R. A. Carter & Co.

New Device for Irrigating
Invention of B. Morgan Niblett and William L. Hubbell of Buhl.
B. Morgan Niblett of Boise and William L. Hubbell of Twin Falls have been granted a caveat from the government for their new invention, which is a syphon system has been in use for centuries, the application of it as an irrigator for farming purposes has never been patented.
Mr. Hubbell, who has rented Mr. Niblett's ranch at Twin Falls, has used it all summer with great success. He has irrigated 40 acres in exactly one hour and says that he can irrigate 400 acres with the syphon in less time than he can irrigate 10 acres in the old way without it.
One of the greatest features of the device is that with its use there is absolutely no waste of water, as every drop is absorbed by the water being applied, and where it is needed and its centrifugal flow washes no deep furrows in the land. Another is the fact that the head ditch is not cut anywhere for headgates. This also means a tremendous saving of time and expense to the farmer, besides the fact that the farmer irrigates his field in less than one-tenth the time that it now takes him, makes a great saving to him, as he can apply the remaining nine-tenths of that time in other directions on the farm and needs less hired help.

Community of Interest Creates Similarity of Tastes

ALL WHITE HELP EMPLOYED

Another effort will be made on Tuesday afternoon to reach an agreement between the Liberty street and some form of proposition to the Land & Water Co. Those interested in the question are requested to meet in the Commercial club rooms, Graham building, at 3 o'clock on the afternoon of election day. It is absolutely necessary that all concerned be present as united action must be obtained. The matter is of such importance that question does not improve with age and harmony is imperative.
Services will be held by Rev. C. Van Dor Donck in the Catholic church, Twin Falls, on Monday, Tuesday and Wednesday evenings at 7:30 on Wednesday, and Wednesday mornings at 8 o'clock. Catechism school Monday, Tuesday and Wednesday afternoons at 3 o'clock. Upon the basis of these services, which are largely dependent upon the action of Bishop Orlortex with respect to the assignment of a priest to this city, and it is therefore desirable that there should be a large attendance.
W. A. Ring has exchanged his Main street property in Twin Falls for the one on the east side of Rock Creek. This is one of the finest ranches in the county. It is watered from Rock Creek. Mr. Ring took possession of it last week. He will improve the building and make it a popular resort during the winter. The departure of Mr. and Mrs. Ring will be a great loss to the many warm friends they have formed in Twin Falls.
Joseph H. Seaver is building a model farm residence one mile south of town. Mr. Seaver is fortunate in having a coulee through his land from which he will be able to secure water by a hydraulic ram. His home will be furnished with baths and stationary washstands with hot and cold water. The water will be pumped up to use the power obtained from the coulee for the generation of electric light, power and heat for his own use. This is surely an ideal farming place in an up to date community.
A rich treat is in store for the musical lovers of Twin Falls. The formation of a vocal and instrumental recital to be given in the K. P. hall, Idaho Department store building, by Mrs. W. W. W. and Miss Myrtle McManis, on Monday evening, November 12. The program which is now being arranged will appeal to those who enjoy the music of the piano. Mrs. Taylor possesses rare native talent which has been perfected by thorough culture with elaborate instruction. She is already a strong favorite in Twin Falls, although she has only made two or three public appearances here. Miss McManis is one of the leading piano soloists in the west and an interpreter of unusual ability. Her technique is superb and her recitals have invariably attracted the largest audience of musicians. The program will be printed next week.

### CURRENT WORLD.

Daring highwayman dynamited a government treasury wagon on the streets of St. Petersburg and secured \$195,000.

Eight persons lost their lives in the Chamber of Commerce building in Kansas City, which was destroyed by fire last Friday.

Miss Samona Guerra, who worked as a waitress in Goldfield and Bodie hotels in Nevada, recently grabbed a million when she struck a rich strike in a lode which netted his benefactor \$300,000.

Joseph Phillips, the originator of the Phillips clucking peach, the greatest canning peach grown, died at Marysville, California, last week. Although his discovery made many fruit growers rich, he died a pauper.

At the seventy-fifth annual convention of the National Methodist Sunday School union in Topeka last Saturday morning, John H. Vincent spoke against the holding of long family prayer.

The war department is engaged in rounding up a large band of rebellious Ute Indians who have left their reservation in Wyoming and are headed for the Cheyenne reserve near Fort Collins, Colorado.

As a result of the advance in the price of silver bullion, silverware manufacturers have raised the price of silverware. New lists are being sent out by the manufacturers. The price of holiday gifts will be materially increased.

Articles of incorporation have been filed by the Transalaska Siberian railway which is to connect the western hemisphere with the Arctic continent by an air-rail route. This will be done, it is claimed, by tunneling under Bering strait.

The Duke and Duchess of Marlborough have parted because of incompatibility of temper. The duchess, who was formerly Countess of Vandevelde, lived in a beautiful house in London and her own dowry, but is precluded from going to Blenheim castle. The two children are with the duchess.

E. H. Harriman and his associates have secured control of the Utah Light & Power Co., of which W. H. Bancroft, D. E. Buckley and E. W. Cram have been elected directors to succeed Joseph F. Smith, W. H. Winder and Anton Lund. This gives Mr. Harriman possession of the street railway and lighting systems in Salt Lake City.

An electric train on the West Coast of Scotland today jumped the tracks on a trestle bridge at Atlantic City on Sunday afternoon and 53 passengers were sent to a watery grave. The accident was due to the fact that the train was too heavy for the bridge. A number of bodies have been recovered and several are still in the wreckage.

The superior court of San Francisco county has issued an order restraining Acting Mayor Gallagher from removing the Rialto building from office because the latter had announced his intention of investigating municipal rottenness in San Francisco and engaged Francis J. Honey as his assistant. Gallagher sought to appoint his henchman, Abe Ruff, to the position, which, not, it was feared, would stifle the investigation.

At noon on Monday, when the signal was given by the explosion of a big charge of dynamite, thousands of men began a dash from Thome, Nevada, into the Walker Lake Indian reservation, in a mad rush for supposed valuable mining property. Launches, automobiles, horses and even burros were thrown into the lake. The excitement has been shown in permitting certain prospectors to enter the forbidden ground and stake out their claims. Owing to the extent of the territory to be searched by a small force of Indian police, it has been impossible to keep thousands of prospectors in check, and there is no doubt that many were on the inland desert of the reservation before the signal was given.

The following statement regarding prospective changes in President Roosevelt's cabinet has been made public at the White house: "On the retirement of Secretary Shaw and Attorney General Moody from the cabinet the following changes will be made: Secretary of the treasury, George B. Cortelyou; postmaster general, George Von L. Meyer; attorney general, Charles J. Bonaparte; secretary of the navy, Victor H. Metcalf; secretary of commerce and labor, Oscar S. Strauss." The general understanding for some time has been that Secretary General Moody will resign January 1, and that Secretary Shaw will follow him March 4 next. Mr. Meyer, who will become postmaster general, is a native of Massachusetts, and has been well known as a business man. The appointment of Mr. Strauss raised considerable surprise, as it will be the first time a member of the Hebrew race has been a member of the president's cabinet. He was born in 1850, and is well known as a merchant, legislator and author. He represented the United States as minister to Turkey on two different occasions, and was appointed by President Roosevelt to fill the vacancy created by the death of former President Harrison as a member of the permanent court of arbitration at The Hague.

### STATE NEWS.

M. A. Kurtz, one of the founders of the town of Nampa, is dead.

Thomas Morgan of Poplar, Idaho, and Susan Willbur were married in the Salt Lake temple. Morgan is 91 years of age and his bride is 47.

Arthur Smith, a pioneer of the Wood river country and for many years proprietor of the Altus hotel in Halley, died in that city on Monday evening of heart disease.

The football team of the University of Oregon defeated the Idaho university eleven at Moscow last Friday by a score of 12 to 0.

Burley is riating majestically from its ashes. Since the disastrous fire in the city, which caused business structures were destroyed, seven business blocks and one handsome residence have been erected. Material is on the ground for two additional business blocks.

John M. Parks, aged 19; Leroy McCoy, aged 19, and Wallace O. McPherson, aged 19, of Ketchikan, Idaho, have been awarded Carnegie bronze medals for their attempt to rescue Charles McCoy, aged 28, in a premature explosion of dynamite in the Carbonate Hill mine, June 19, 1905.

Alfalfa has gone up to such a high figure at Nampa that the alfalfa men plan to raise the price of their crop. It had been running regularly since the opening of the season, and a ready market for its product, but the company cannot manufacture the most at a profit if the hay costs more than \$6 a ton delivered. The price of alfalfa delivered is now \$9 a ton, and consequently the mill must close down, giving a profit of some \$100,000 to the wine and equine consumption.

A full blooded Indian, giving the intense name of William Smith, succeeded in borrowing \$400 from the Kettentbach Grain Co. at Lewiston, by high financial methods. Driving a handsome four-horse team, and accompanied by other Indian boys, who were good looking outfits, Smith appeared at the company's warehouse and asked for a loan, offering to give a mortgage on the horses and his crop of wheat. The loan was made and the Indian frequently visited the company's office and reported the condition of his crop. When he failed to deliver the grain in the fall, a search was made which resulted in the discovery that Smith owned neither horses, crop nor land and had merely been making a bluff.

The following officers were elected by the Idaho State Federation of Women's clubs at the Boise convention last week: President, Mrs. Albert Butterfield, Wolsler; first vice president, Mrs. J. H. Forney, Moscow; second vice president, Mrs. Guy Bowen, St. Anthony; corresponding secretary, Mrs. O. Fred Wolsler; recording secretary, Mrs. William Kettentbach, Lewiston; treasurer, Mrs. Glasgow, Warden; federation directors, Mrs. E. B. Foster, Coeur d'Alene; Mrs. W. H. Ridenbaugh, Boise; and Mrs. Bert Ryan, Blackfoot; delegates to the biennial at Boston, Mesdames: Butterfield, alternates, Mesdames: Shoff, Hays, Bowerman and Beatty.

RETURNS FROM SUGAR BEETS  
Obtained by Farmers in Upper Snake River Valley.

The sugar beet crop in Idaho this year is a good yield and of excellent quality. It has met the requirements and the experience of previous years has put farmers in a position to get good results. Those who prepared early in the fall and planted early have the best crop, and are heading every effort to get their harvest done again this fall for the crop of 1907.

Last spring many farmers hesitated about planting beets and when the Republican published some articles showing the advantages of adding to their farms, they were ridiculed by some and accused of being bought by the sugar company. However, the thoughtful farmers determined that they would plant 2500 acres were planted. The factory needed 5000 acres and now this is the condition.

Farmers who raised beets are receiving cash for their product as soon as harvested and could borrow money on it if needed during the summer. The merchant who sold goods on account to the beet raiser is secure for he knows where the money is coming from to pay him. The average tract in the valley, so far as estimates can be made at present, will yield 100 an acre with a \$40 expense. In cases where the family did the work of raising the beets, all of that \$40 is retained by the family, as wages except \$250 for seed and possibly something for implements bought.

The farmer who raised wheat receives a gross income from the land and less than that from the beet land, and unless he sells for a low price he still has the wheat in his bins and knows not when he will turn it into ready cash. Yet he who has raised beets this year are keeping in touch with the business and will have the advantages next year as compared with their neighbors who have their beets in the warehouse all summer. Next year the acreage will probably be vastly increased, and as the factory enters to contract for more than 5000 acres, those who come in for contracts late may not get them. The men who stick to the business and raise the beet crop successfully are well as in the preference, and it will not be an unusual experience in this industry for beet contracts to be at a premium for the crop of 1907—Blackfoot Republican.

Grain sacks, 5 cents apiece.

H. B. JOHNSON.

# Blue Lakes Fruit

The finest Winter Apples in the country at prices which cannot be equaled elsewhere.

Pears and Peaches better and cheaper than can be obtained in any other market.

Recollect, the Blue Lakes Fruit is picked fresh and not subjected to long shipments.

Come and lay in your winter supply.

Yards at RUPERT, BURLEY, KIMBERLY, TWIN FALLS, FILER.

# Link's Modern Business College

THE REPRESENTATIVE BUSINESS SCHOOL OF IDAHO.

Stands for the highest, broadest and best in business education. Ideal location and environment. Elegant and complete equipment—now throughout. Courses strictly practical. Faculty composed of specialists.

Patrons consist of young men and women who are characterized by intelligence, ambition and earnestness of purpose. Its graduates are sought by business men as bookkeepers, stenographers, cashiers, secretaries, managers and practical office assistants, and by high schools and commercial schools as teachers.

A high standard of scholarship is maintained throughout the school. Every department is thoroughly organized. Students receive individual instruction.

We teach the celebrated Gregg system of shorthand. It is the easiest to learn, the easiest to write, most rapid, most legible. We specialize on TOUCH TYPEWRITING, the only method of operating the typewriter by which great skill is attainable.

We perform our whole duty toward our students and the public, in an honest, earnest and conscientious manner.

WE TRAIN YOUNG MEN AND WOMEN FOR SUCCESSFUL BUSINESS CAREERS.

If you desire a good position you can prepare you in the SHORTEST TIME possible and at the LEAST EXPENSE consistent with thoroughness. Your success is assured if you complete a course in LINK'S MODERN BUSINESS COLLEGE.

# Fall Term Opens Sept. 4, 1906

If you cannot enter on the opening day, enter any time. The sooner you enroll the sooner you will enjoy the benefits. For further information, call, telephone or write. Address

A. T. Link, Principal

1014-1018 West Main Street, Boise, Idaho. Both Phones.

# Agricultural College of Utah

No tuition—Entrance fee \$10.00—Write now for Illustrated Catalog. Address THE REGISTRAR, AGRICULTURAL COLLEGE, Logan, Utah

**BUHL CONTINUES TO MAKE GROWTH**

**ANOTHER SCHOOL BUILDING IS FOUND NECESSARY.**

**Land-buyers-seeking locations in new settlers establishing residence—President H. H. Buhl of Water Company visits his namesake.**

**BUHL, Idaho, Oct. 31.**—We are enjoying glorious weather these days. It is simply beautiful. Mr. Buhl and family made a business trip to Rock Creek Thursday and returned home Saturday.

**T. J. Woods of Twin Falls** was a Buhl visitor on business yesterday. Frank Bowler of Rock Creek, one of the former proprietors of the Hotel Buhl, was in town Thursday and was surprised at the growth the town had made in the last few years. A. McDonald, the Salt Lake contractor who built the Burtley residence, left for his home in Salt Lake City, Sunday, but he left splendid evidence of his high quality of work as a builder in the fine work he did in the construction of the building, which is now finished and almost ready for occupancy. And he liked this and the tract so well that he bought a piece of it before he took his departure, so he will be back to see us again and we will all be glad of it. "Mac" is all right.

**J. Lynch of North Yakima** arrived in town last week to look after his interests here. He intends starting out for the mining camps of Nevada next week after he gets his affairs here in shape to suit him.

**George R. Dunn** will leave tomorrow for next week for California to spend the winter.

**School opened Monday** morning with a large attendance and Professor E. A. Wyatt and Miss Wynifred Evans as teachers. The building was so large enough to accommodate all the scholars and the school board was obliged to get two.

**Joe Hinckley's house** was found to be on the line between his property and the McCollum ranch and he is moving it on to his own lots.

**Mr. and Mrs. C. Tice** of Filer drove to Buhl Sunday. Tice is negotiating for the purchase of town property here.

**Thomas Clinton of the Buhl** Rockcastle Co. went to Maladewa Tuesday to meet his wife and children, who are on their way from Indian Territory to join him here, which is to be their future home.

**E. A. Milner** went to Rock Creek Sunday and on Monday filed on a fine sand stone claim under the stone and timber act. This claim is within one and one-half miles of Buhl and contains fine building stone.

**Clifford Evans** is building a two-story residence on his ranch, two miles west of town.

**J. R. Perrault of Boise** was a visitor in town Thursday.

**L. W. Smart of Walla Walla, Wash.** is in Buhl for the purpose of looking over the country with a view to locating here.

**H. Bonner and A. H. Bonner** of Boise spent several days of last week in town.

**Roy Stewart of Pullman, Wash.** is in town and inspecting the country around Buhl with a view to buying some of it.

**D. S. McCurdy of Walla Walla, Wash.** is a guest of Hotel Buhl.

**H. S. Haws of North Yakima** arrived in town Friday and is a guest of Hotel Buhl.

**J. Howell and wife of Abney, Idaho,** were Buhl visitors Friday.

**George H. Higgins of Twin Falls** registered at Hotel Buhl Friday.

**B. Fleming of St. Louis** arrived in town Saturday and is taking rides with Ed. Braun.

**A. Carl of Burley**, who had been looking after his interests here for several weeks past, returned home Sunday.

**H. B. Buhl of Sharon, Pa.**, the man whose name this town bears, accompanied by Geo. A. Baird of Chicago,

**Arch. Milner of Salt Lake and R. W. Farin of Twin Falls** came in Sunday to see how his namesake was getting along and was well-pleased with what he saw. He said that Buhl would be a city in the not far distant future. He himself can make his prediction good even if there was nothing to help him, but he has the backing of the unlimited natural resources around the town. The growth made by the crops around Buhl in the first year warranted the prediction. Mr. Milner conferred with the committee on the company office building in the city.

**C. J. Blinham and A. Moyors** of Twin Falls were in town Sunday. Nat. Owsley of Hagerman spent several days of last week in town on business.

The Buhl Lumber Co. is building a cement and coal house in connection with its lumber yard. Frank Johnson and W. O. Taylor of Twin Falls were shaking hands with friends in Buhl Monday.

The recent event of the season took place at Hotel Buhl—Monday night. Mrs. Goo, J. Evelyn celebrated her birthday and entertained many of her friends and society people. Among those present were E. A. Milner and his daughter, Miss Edith Mr. and Mrs. F. S. Marshall, Mr. and Mrs. C. S. Peck, Mr. and Mrs. Don H. Bark, Mr. and Mrs. A. H. Nihart, Miss Mary L. Hinckley, Mrs. A. A. Wyatt, Mr. and Mrs. J. W. Belknap, Miss Lulu Barstow, and Messrs. A. J. Milner, George R. Dunn, P. J. Lynch and R. H. Cost. Refreshments were served at midnight. The game played was high five. Mrs. Nihart and C. S. Peck won first prize and Mrs. Belknap and R. H. Cost won the booby prize. All right.

Superintendent McPherson had his stereopticon machine with him last Monday night and gave a very entertaining and instructive illustrated lecture on the subject was cattle, their care, breed and relative values, considering their breed and quality. From what he said and showed by pictures and lantern slides, it was evident that that would spend his time and talents feeding, scrubbing and caring for them. After the close of the lecture, Superintendent McPherson made an telling remarks on the importance of organization by the farmers. He related many instances that came within his own personal experience and also increased in price from 25 to 50 percent through farmers organizing. His talk was supplemented by Mr. McPherson, who related his own experience with the farmers right here on the tract—how he had brought in a potato buyer, guaranteeing him a certain number of car loads of potatoes, but although the spuds were in the country he could not produce them because of the negligence of the farmers to attend their own meetings, where he expected to bring them and the buyer together. Having learned that this end of the tract was entitled to another delegate to the Twin Falls Farmers' union, he was elected and a meeting was held in Twin Falls, Saturday, November 23. G. E. Harlan was elected in addition to the three already selected to attend the meeting. T. W. Berry showed several fine specimens of potatoes raised on his ranch adjoining the town. This calls to mind the fact that our people are selling of potatoes in the section of trying to get an alcohol factory here. We can certainly supply the potatoes, which seem to be the raw material greatest in demand for that purpose. Some of our leading men are considering the project.

**WHY**  
don't you see T. J. Woods & Co. and get that fire insurance policy you have been thinking about?  
If you want to file on 100 acres of Croly land with only cost you \$25.00 per acre, under the Marysville canal system, write Clinton-Hurt & Co., Ltd., Boise, Idaho, for information.

**Milner-Perrine Lumber Co.**  
Complete Stock of Lumber and other Building Material at  
**Buhl - Idaho**

**IDAHO INTERESTS IN THE BALANCE**

**STATE NEEDS REPUBLICAN REPRESENTATION.**

**Election of W. E. Borah to the Senate and Burton L. French to the House Would Increase Effectiveness of Idaho Delegation.**

**WASHINGTON, D. C., Nov. 1.**—Idahoans are justly proud of having the best interests of their state at heart, are extremely anxious that Mr. W. E. Borah shall be elected to the senate of the United States, and Hon. Burton L. French retained to the house of representatives.

The fact that a Democratic senator (true to the policy of his party) is placed in the embarrassing position of opposing measures which have made and are making Idaho one of the prosperous states of the great northwest, should alone be sufficient to determine the attitude of every voter who recognizes the result attained by the principle of tariff protection in its application to the growing industries of the young commonwealth.

If the people wisely regard the welfare of the state as paramount to a flimsy, worn-out issue, sprung for the sole purpose of attempting to mislead and blind them as to the real issues, the Republican ticket, containing candidates of most progressive spirit, will receive an unprecedented majority.

From the viewpoint of one familiar with the situation here, and who knows the workings of congress, perhaps it will not be amiss to briefly set forth a few logical and sensible reasons why the interests of Idaho should have in that body a solid Republican delegation.

If the state of New York (a little over half as large in area as Idaho) sends to congress a delegation which materially cripples the state's legislative influence. An old and settled commonwealth, its share of legislation is conceded by an established custom, its people for the most part live in cities and are not dependent for their well-being upon national enactments. The new states, on the other hand, are placed in an entirely different attitude. Ninety-seven per cent of Idaho's population reside in rural districts and are dependent to a great extent, upon national legislation for the upbuilding of their institutions and the development of their varied and natural resources.

If Senator Dubois were the most influential member of his party in the senate, what would be his status, or the status of any other Democratic senator in shaping legislation which Idaho requires—in order to enable it to advance commercially and industrially? Therefore, to continue the present present position of Idaho is to further technically deprive the state of one-third of its small working representation. Should the senator be changed to Mr. French, should he be elected for the house, Idaho would have simply an effective one-third representation. Thus it can be seen that such a condition (owing to the legislative needs and demands of the state) would severely impoverish a delegation which otherwise could accomplish much for its people.

If the people of Idaho should be committed to government ownership, free-trade and other vagaries of Democracy, by returning a Democrat to the senate, they could gain absolutely nothing, for it would require eight years to change the political complexion of the senate if the Democrats were successful in every senatorial contest from now on.

The present position of Idaho (and his friends are legion), need have no apprehension that he will not "make good" in the senate. He is the type of young man that is taking a consistent and active position in that distinguished body. Having openly announced in his most brilliant and clean campaign that he will support the advance and policy of President Roosevelt, he will have a weight and influence here that will greatly redound to the credit of the "Gem of the Mountains."

As for Mr. French, he has served in the house the allotted time required to make his service of the greatest benefit to his constituents. He is an aggressive and effective worker because of the cause of his state, and it would amount to the rankest folly to supplant him by a new man, and especially of opposite political persuasion. Mr. French has received, and will receive, important committee assignments; he has occupied a most conspicuous position for two or three years, and the question of his reelection should be made most emphatic in his favor on election day.

Having rented my farm, I wish to sell at private sale all my thoroughbred Berkshire hogs, consisting of brood sows and young pigs—also a full line of farm implements and household goods.  
A. H. KELLOGG,  
Half Mile South New Bridge.

**ADVERTISED LETTER LIST**  
List of letters remaining uncalled for in the postoffice at Twin Falls for the week ending October 27, 1906:  
Eden, Graham, Helen  
Grove, S. L. (2)  
Harris, Nelson  
Hurd, Charles  
Ishibashi, Harry  
Meadley, T. T.  
Smith, Harry  
The editor for above letters, please say, "Advertised October 27, 1906."  
W. W. DUNN,  
Postmaster.

**Young Men**  
Your address counts for much in this world. If you are well-dressed you will be well-received. It is not necessary that you should carry all your possessions on your back in order to make a good appearance. Your pocketbook may be lean but we can make you look like a gentleman just the same. You need not be extravagant in order to be well-dressed.  
**Suits for Young Men, Ready to Wear \$8 to \$15**  
Custom Made, \$15 to \$50  
GILT-EDGE LINE OF FURNISHINGS  
**THE HUB**  
Clothing & Tailoring Co.

**WAREHOUSE TRACK ALMOST FINISHED**  
GIVES KIMBERLY FARMERS SHIPPING FACILITIES.  
Grain Warehouse is Being Enlarged  
—Shipment of Coal Relieves Fuel Situation—Christian Endeavor Society is Organized.

**KIMBERLY, Nov. 1.**—The grading for the track to the warehouse has begun. Tom Logan has the contract and will have the job completed in a very few days, when the railroad company will lay the rails.  
The Democratic candidates for this end of the county held a meeting in the schoolhouse last Friday night. The meeting was well attended.  
The first year of year-water raised for the Nibley-Cannell Co. was all sold out of the car in one day and relieved the situation somewhat.  
Reginald Henderson, of "railroad" days which had been camped here for some time moved to Murrough on Monday. They are unloading engine cinders at all cinders to prevent washing.  
Joe Nielson has moved his outfit to the high line west of Cottonwood, where he has a contract putting in the upper bank of the canal.  
Charles E. Lowe, county superintendent of schools, visited Kimberly Tuesday.

A Jolly party gathered at the Pettibone home last Friday evening to see the new Logans as the contract and will have the job completed in a very few days, when the railroad company will lay the rails.

Work on the addition to the warehouse is going on rapidly and it will probably be ready by the time it is needed.  
J. E. Hanley and Gus Johnson started out on a hunting trip Thursday morning. They have been out for more than a year, returned home Wednesday.  
Mrs. A. L. Besire is ill with typhoid fever.

John T. Hansen, the Rock Creek merchant, was in Kimberly on business Thursday.  
Mildred, the young daughter of Mr. and Mrs. Hansen, suffered a sudden and painful accident Thursday morning. In some manner she fell from a chair and struck her nose on the edge of a tub, which it severely injured.

Some of the younger members of the community indulged in the customary Halloween granks Wednesday. However, nothing of a serious nature, however, has been reported.  
Mrs. A. L. Besire is ill with typhoid fever.

Frank Froehner, son of Mrs. Susie Froehner, who has been away for more than a year, returned home Wednesday.  
M. N. Fisher, who has been turning the water in the "W. H. Turner," has finished his contract.

T. W. Scott left on Sunday for Oregon, where he intends to teach school this winter.  
O. A. Banta and C. E. Nelson, from Las Animas, Colorado, spent a part of the week looking over this portion of the tract and went home intending to return in the spring to locate permanently.

A Christian Endeavor society was organized at the schoolhouse last Sunday evening. The members reported for young people here who will join and it promises to be a success.

**Wanted.**  
By responsible married man, a permanent place on a large ranch as manager. Apply or address News office.

**Snake River Implement Co.**  
TWIN FALLS, IDAHO

**USE WOOD FOR BURNING BRICK**  
**HANSEN BRICKMAKERS CANNOT OBTAIN COAL.**  
Forest Reserve Proves a Blessing to the Farmers Who Are Obtaining Their Supply of Fuel from the Hills to the Southward.

**HANSEN, Nov. 1.**—A. L. Eftos received his car of household effects on Wednesday last.  
Charles Adkinson left on Wednesday evening for Tacoma, Wash., where he will spend the winter.  
Sunday school is held here every Sunday at 9 o'clock at the old school building.

Miss Hazel Moore visited on Sunday last night with Miss Roxie Diville.  
Mrs. C. O. Morrell was visiting in this vicinity last Friday.  
Mrs. Sadie Walton returned with Mrs. T. J. Rauch on Sunday last.  
N. H. Nichols ordered a new line of dry goods this week.

Joe Hanson took the train at this place on Saturday morning for Albion, returning on Monday.  
Ezra Williams and J. C. Jones, accompanied by their families, drove to Rock Creek on Sunday.  
The school house is now being rushed to completion. Four carpenters are working on the building.

Mrs. Pratt Walton returned to her home at Rupert on Wednesday last, after spending several weeks visiting relatives here.  
John and Arthur Babcock have gone to Filer, where they will work during the week.  
George Trueblood and Bert Jones commenced work on Monday last clearing the sagebrush from 120 acres of land lying west of Twin Falls.  
U. R. Smith is building a house for Mr. Stegour at Murrough.

John Nichols and family and Misses Pearl and Myrl Simmons returned last Friday from Filer, where they spent the past two weeks.  
Mr. Keith's team ran away last week, throwing Miss Sadie Keith from the wagon, injuring her but not seriously.  
Lloyd Towne, W. N. Ward and Will Lytle left Monday morning for the forest reserve and returned on Wednesday evening with three loads of wood.  
Wood is being hauled from the local reserve for the purpose of burning the new kiln of brick as coal cannot be had.

Professor J. H. Hinton made a trip here last Monday morning for the forest reserve and returned on Wednesday evening with three loads of wood.  
Wood is being hauled from the local reserve for the purpose of burning the new kiln of brick as coal cannot be had.

Mr. Keith's team ran away last week, throwing Miss Sadie Keith from the wagon, injuring her but not seriously.  
Lloyd Towne, W. N. Ward and Will Lytle left Monday morning for the forest reserve and returned on Wednesday evening with three loads of wood.  
Wood is being hauled from the local reserve for the purpose of burning the new kiln of brick as coal cannot be had.

Mr. W. N. Rose, who spent the last one month with her parents at Soda Springs, returned on Monday last, accompanied by a little son three weeks old.  
J. W. Thompson returned from Filer last Friday with Professor Hinton's grubbing outfit, having completed his work at that place. He will commence on Monday next to clear the acre for John Hoene, two miles north of town.

**Wanted.**  
Young chickens, fresh eggs. MRS. WILCOX, Twin Falls, Idaho.
