

## COMMISSIONERS BEGIN LABOR IN NEW COUNTY

Dr. Crocker is Elected Chairman of the Board—Officers Will Assemble in Twin Falls on the 18th When Their Bonds Will Be Approved and Their Duties Will Commence—W. O. Taylor Selected to Adjust Finances With Cassia County.

Dr. George L. Crocker, John F. Hansen and L. E. Salladay, the newly appointed county commissioners, held several important meetings during the early part of the week and will meet again on the 18th, when the bonds of the other county officials will be approved. Dr. Crocker was chosen chairman of the board. No permanent organization could be effected until the bond question was settled, but a good deal of work was outlined.

The Pioneer Bindery & Printing Co. of Tacoma, which was represented by William Howe, secretary of the company, was awarded the contract for furnishing the county with record books. Mr. Howe will return to Twin Falls on the 18th to confer with the county officers regarding the character of books they desire.

W. O. Taylor will go to Albion on Monday to adjust the division of property and money between Cassia and Twin Falls counties. This work will keep him occupied for some time as it is necessary that the division should be carefully made.

No arrangements have yet been made for the transcribing of the county records. Auditor and Recorder J. Y. Haight of Cassia county will have to be consulted in regard to this work. The commissioners are going about their labors cautiously. They are determined to make a good start and every act will be carefully weighed. Their policy will be conservative and progressive. Wherever it is possible to effect a saving it will be done, but the welfare and development of the county will always be the first consideration.

The commissioners have not been consulted regarding their attitude with respect to the bridge across the Snake river at Twin Falls, but they have expressed themselves in favor of public improvements judiciously made. No county offices have been secured but the commissioners have been offered their choice of several desirable locations.

### GIRLS THROWN FROM HORSES

Exciting Experience of Two Murtaugh School Children.

MURTAUGH, March 7.—Mr. Fred Bacon, who had his arm broken two weeks ago, is able to do some one-handed work now. The Misses Elva and Alice Tolman had a very exciting ride last Tuesday evening. They rode to school on one horse. After having mounted to ride home the horse became excited, throwing both off. Little Alice fell on her right shoulder, spraining it very badly. At first it was believed to be broken, but at this writing she is getting along nicely.

Frank Weinhelmer has filed on another 40 acres of land. All of the little corners are being taken up now. P. E. Walton's father has been visiting him this week. James Emmitt made a trip to Twin Falls Wednesday. E. D. Hunt of Ogden, who filed on 40 acres east of Murtaugh, has planted five acres to orchard and some have already been planted. A number of the farmers now have about completed their plowing. Mr. Tush and Mr. Newbery were inspecting the laterals in this vicinity last week.

## COMPANY NAMES DITCH RIDERS

RALPH WOODHOUSE AND CHAS. UPTON CHOSEN.

Will Be Stationed at the Drop of the Low Line and Will Care for the Ditches in the East End of the Tract—Big Potato Shipment.

HANSEN, March 7.—Nick Smith was a Twin-Falls visitor last Monday.

John Muger has just completed the building of a stable on his ranch, P. E. near Murtaugh, was trading in Hansen last Saturday. F. W. Brower is hauling potatoes to town, which go in the P. H. Smith warehouse.

Twin Falls visitors last Saturday were Professor Hinton and wife, John Walton and Bunnell brothers, F. P. Hinton, and the primary teacher, Miss Bessie Mooker, visited Twin Falls schools last Monday.

Gift-giving time will soon be here. Don't neglect to purchase your seed and be ready for operations.

J. P. Jerome and G. L. Rothend are busy this week loading two cars with potatoes for P. H. Smith, destined for Montana points. Ball brothers are looking every day for a car of stock to arrive to put on their ranch. The car will be accompanied by a prospective investor from the state of Iowa. E. F. Cousins, south of town, expects to go into the poultry business, making a specialty of Brown Leghorns of pure blood.

Charles Upton and Ralph Woodhouse have been employed by the Ditch & Water Co. as ditch riders. They are stationed at the drop of the ditch and will look after the ditches in the east end of the tract, Tom Gardner having resigned his position with the company.

### POPULAR MANAGER APPOINTED

E. W. Davis Engaged by Snake River Implement Co.

E. W. Davis has been appointed local manager for the Snake River Implement Co. Mr. Davis has a wide acquaintance on the tract among the farmers and his selection was a popular one with them as with others. He has no end of friends and his business ability is on a par with his unbounded geniality.

## RUPERT BUYING KIMBERLY GRAIN

SHIPMENTS STILL CONTINUE FROM THAT SECTION.

Wet Weather Interferes With Farming Operations—Farmers Continue Very Active—Joe Neilson Finishes Work on the High Line.

KIMBERLY, March 7.—Henry Sleverson, who has been working in the mines at Rock Springs all winter, returned home last Friday. He intends to farm his place this season.

J. A. Johnson shipped a car of grain to Rupert last week. Besides this, several other cars have been shipped from the warehouse to that place.

The Ladies' Pioneer club held their regular meeting Thursday afternoon at the home of Frank Caningham. The program rendered proved a delightful success.

A jolly party gathered at the home of Mrs. E. T. Newbery Friday evening. Although the weather was miserable at that time, all who ventured out were well repaid by generous hospitality.

Charles Mabbutt, who has been attending the Normal school at Albion all winter, returned Saturday morning.

Merritt Elgner has again taken charge of the livery stable. Frank Jolly party gathered at the home of Mrs. A. R. Moore over Saturday.

Merritt Stanley and William D. Harris left on Monday for their former home in Conville, Utah. They expect to bring a carload of horses and milk cows back with them.

Frank M. Prothero, who sold his place some time ago with the intention of returning to Wisconsin at once, still remains with us. He finds it a difficult matter to leave a country that he knows has such a grand future.

Edgar Perry and wife have moved into the new house just completed on the Hardy place, the portion of which they have rented.

D. M. Winsor of Boise spent Monday visiting his brother on his ranch near here.

Quite a party from Kimberly attended the entertainment given in Twin Falls Monday evening.

It will be made a business trip to Rupert this week.

The bad weather of the past few days has caused much delay in the farm work. The ground is so wet now that plowing will remain impracticable for several days.

Several of the larger boys who have been attending school through the winter have had to stop now that spring has come and help with the farm work.

Bad weather has prevented much progress being made on the hall. The building has all the siding on now and a few more weeks of good weather will see it completed.

R. M. Newbery has moved out to the point where the company has built a house for him. He will ride the ditch here this summer.

W. L. Cooper, the brewmaster from Twin Falls, was in town Tuesday. He states that there is a good demand for brewm in this country and that no one need hesitate to plant it as a crop.

Bad weather has caused the Horn thrasher to remain idle on the J. N. M. water place for several days this week.

Joe Neilson, who has had an outfit working on the high line whenever the weather would permit this winter, has at last completed his contract and brought his outfit home. He expects to go to the north side to work as soon as the weather becomes more settled.

A Clyde has purchased from J. W. Hill the restaurant building.

### CONSOLIDATED IN THE FIELD

Big Implement House Opens a Branch in Twin Falls.

The Consolidated Wagon & Machine Co. has leased the premises formerly occupied by the Twin Falls Hardware Co. on lower Main street and has opened a Twin Falls branch. The Consolidated is the biggest institution of its kind in the west, manufacturing as it does 42 hours in Utah and 16 in Idaho. It carries numerous lines and transacts an enormous business. H. C. Duffin will be the Twin Falls manager. G. G. Wright of Idaho Falls, a prominent officer of the Consolidated, was in Twin Falls on Monday and said that the company would shortly secure permanent quarters here and would put up its own building. This means that Twin Falls will soon have another fine business block.

## SNAKE RIVER WILL BE BRIDGED AT TWIN FALLS

State Makes an Appropriation of \$10,000 for Construction—County Will Raise Similar Amount—Cost of Structure Estimated at \$20,000—Bridges Will Be a Boon to the Farmers on the South Side of the River, as It Will Give Easy Access to Good Market.

The Snake river will shortly be spanned by a bridge at the Twin Falls. The structure will cost approximately \$20,000 and the state will contribute half of the amount, the balance being provided by the county. The bridge will link the north and south side projects and will give the farmers on the south side a means of ingress to the north side during the construction period. Vast quantities of hay and grain will be consumed on the north side while the works are being built and the north side is being settled, and the south-side farmers will be provided with a home market and a means of reaching it. The major portion of the first tract of 30,000 acres to be opened on the north side is nearer to Twin Falls than it is to Milner and the bridge will touch the west end of this tract.

It is believed that the farmers in the vicinity of Kimberly, Hansen and elsewhere will gladly contribute labor in the building of the approaches. Engineers estimate the cost of the approaches at \$5000. I. B. Perrine has offered to give \$1000 toward aiding in the construction of the bridge and there is every indication that ample funds will be forthcoming. The intention is to rush the bridge to completion as construction work will begin on the north side in a few days and there is no time to lose.

Representative Harry West has earned the gratitude of the people of Twin Falls for his promptness in introducing the bill making the appro-

riation for the bridge and for his efforts in pushing the measure through. The bill is now in the governor's hands, having passed the senate yesterday, only two votes being cast against it.

### SCHOOL NOTES.

Two new pupils were enrolled this week in the high school—Irma Swan, a Junior, and John Swan, a sophomore. They are from Kansas.

The seventh grade basket ball girls sold candy at the entertainment last Monday night. They had fair success, clearing about \$15. A entertainment given by the Leonard Jackson company the high school team cleared \$15.

The Literary society elected officers for the remainder of the year last Friday. Those elected were: John Dinsman, president; Ida Crider, vice president; Christian Brown, secretary; Harry Eaton, corresponding secretary; Richard Frary, treasurer, and Fred Shoffel, marshal.

The teachers hold a special meeting Wednesday evening to make arrangements for the program on Arbor day. Miss DeBow, the county superintendent, will designate the day on which Arbor day will be observed. It will probably be in the first week of April. Mr. Waters will deliver an address to the students. The public is invited to attend.

In the Auditorium last Monday afternoon Miss Baker, fourth grade teacher, gave an excellent recitation instead of the regular fall. Miss Baker handled her recitation easily and maintained perfect control of her voice.

The teachers' meeting last Friday was very good. Miss Wolf gave a very able paper on "Geography and How to Teach It." Miss Durphy's paper on "English Grammar" was exceedingly helpful and interesting. Then everyone gave an account of the features and successes of the month. Mr. Chamberlain, president of the school board, and who was once a teacher, was present and gave many helpful suggestions on the subjects discussed. The next meeting will be held March 8. Following is the program:

- "Best Methods of Teaching Reading"..... Miss Bonbright;
- "How to Arouse Interest and Activities in the Dull and Careless Pupil"..... Miss Hall;
- "The Shirts"..... Miss Baker;
- "Review of Educational Journal"..... All

The contestants for the declamatory contest on April 5 are taking much interest in their work. Mr. Parke and Mrs. Stalker will assist them. A good program will be given and all the recitations promise to be exceptionally good. The contestants and their recitations are:

- "The Deepest Notch in History"..... Hazel Shelds;
- "The Doom of Claudius and Cynthia"..... Dell Fuller;
- Forum Scene from "Julius Caesar"..... Hazel Shelds;
- "The First Settler's Story"..... Blanche Parker;
- "The Man Without a Country"..... Vera Cole;
- "Morley's Conversion".....

Big Four Oats. From a photograph taken in the field of Fred E. Ramsay, near Twin Falls. Mr. Ramsay is six feet three inches and a half in height; with his shoes on and critical examination of the picture will show that he was not on his knees, although he is not lacking in devotion.

# Think It Over

IF YOU are dissatisfied with the Groceries you are getting we would be pleased to furnish you with goods that we know to be right—good, pure, wholesome, fresh Groceries at a price that is fair to you and ourselves. Our methods of competition and our claim for your patronage are based upon up-to-date, straightforward and business principles.

# RULES TO GOVERN FIRE DEPARTMENT

## CONSTITUTION AND BY-LAWS ARE ADOPTED.

Strict Discipline to Be Enforced—  
Members Will Be Fined for Neglect of Duty or Violation of the Rules of the Department.

### CONSTITUTION.

#### ARTICLE I. Organization.

Section 1. This organization shall be known and designated as the Twin Falls Volunteer Fire Department, and shall consist of not to exceed 30 active members.

Section 2. The objects are declared to be the extinguishing of fires and the preservation of property; and as an aid to the accomplishment of these objects and the consequent efficiency of this department, to increase and extend the interest and attachment of its members, cultivate and promote social intercourse and moral and intellectual improvement.

#### ARTICLE II.

Section 1. The officers of this department shall consist of one president, one vice president, one secretary, one treasurer, one fire chief and one assistant fire chief, and they shall be known as department officers.

Section 2. All department officers shall be elected by the members of this organization at the regular annual meeting of each year and shall hold office one year, unless sooner removed or they resign, and they shall be members thereof. Vacancies may be filled at any regular meeting.

Section 3. To each company of this organization there shall be a foreman, who shall be elected. Said foreman are to be known as auxiliary officers and shall hold office for one year unless sooner removed or they resign, and they shall be members thereof. Vacancies may be filled at any time.

#### ARTICLE III.

##### Duties and Powers of Officers.

Section 1. President—It shall be the duty of the president to preside at all meetings of the department, preserve order, and strictly and impartially enforce the constitution and by-laws of the same; appoint all committees unless otherwise provided for; sign all drafts upon the treasury and call all special meetings. He shall not vote on any question, except the election of officers and members, except in case of an equal division, when he shall cast the deciding vote.

Section 2. Vice President—It shall be the duty of the Vice President, in case of the absence or inability of the president to act, to perform all the duties of the president.

Section 3. Secretary—It shall be the duty of the secretary at each meeting to call the roll of active members and keep a book to be kept by him for that purpose, keep a record of the attendance of each member, and shall, before the close of each meeting, report the names of all members attending thereat and also the members and names of any who have been absent from regular meetings without being excused. He shall, in a book kept by him for that purpose, keep a correct record of the proceedings of the department at all meetings. He shall, within one week after the election of any member or an officer, notify such person of his election, said notice to be in writing. He shall collect all fines and penalties, and pay the same to the treasurer, taking a receipt for same.

Section 4. Treasurer—It shall be the duty of the treasurer to receive all money collected by the secretary, and give his receipt for same. To pay all bills when ordered, and keep a correct account of all receipts and disbursements by funds and pay such orders as may be drawn and countersigned by the president and countersigned by the secretary. He shall at any time when requested by the finance committee or by the department allow his books to be inspected by the finance or any special committee appointed by the department for that purpose. He shall keep separate accounts with each of the funds created or established by this constitution or by act of the department, and at all times the condition of each fund, and the standing of each fund, and at each annual meeting shall render a true report covering the transactions of the year. He shall, before assuming the duties of his office, give a good and sufficient bond, to be approved by the finance or any special committee, and countersigned by the president and countersigned by the secretary. Upon the election and qualification of his successor in office he shall deliver to him all money, papers, books and other property belonging to the department.

Section 5. Fire Chief—The fire chief shall be present at all meetings, and shall have direction of all operations of the department thereat. He shall render to the department at each regular meeting a report of the preceding meeting of alarms, amount of damage, and the amount of insurance.

Section 6. He shall divide the same into such companies or divisions and assign the members to such apparatus or duty as he may deem best. He shall see that the fire apparatus, as provided for in the constitution of the town of Twin Falls, are strictly enforced, and at the last of each month, in company with one of his assistants, visit such places as are dangerous and other dangerous explosives are kept for sale or stored and

see that the ordinance regarding same is being strictly obeyed. He shall at least once each month, in company with one of his assistants, inspect the entire apparatus of the department and report the condition of same to the department at its regular meeting.

Section 7. Assistant Fire Chief—In the absence of the fire chief, he shall assume all the duties of the fire chief, and at least once each month, in company with one of his assistants, inspect the entire apparatus of the department as prescribed in Section 6.

Section 8. Foreman—Each and every foreman of every company of the department shall have the assistance of members of his company, take the proper care and give the proper attention to the apparatus of his company. He shall see that the apparatus is kept clean and in proper condition to be used at alarms of fire at all times. He shall see that the house in which the apparatus is kept is kept clean and open for inspection of the citizens or any one who may take the interest to examine same. He shall at all times be subject to the orders of his superior officers as to placing of his men at fires.

#### ARTICLE IV.

##### Membership.

Section 1. Any person shall be eligible to membership who is an actual resident of the town of Twin Falls and the immediate vicinity who is more than 18 or less than 50 years of age, nor unless he is of good moral character and of sufficient strength to perform the duties of a fireman.

Section 2. All applications for active membership shall be in writing, signed by the applicant and endorsed by one member of good standing and shall state the age and place of residence of the applicant and shall be presented at a regular meeting of the department.

Section 3. All elections of membership shall be by ballot and a majority of all ballots cast shall be required to elect.

Section 4. No person shall be deemed a member or have any right to vote at a meeting of the department until he has signed his name to the constitution and by-laws.

Section 5. Honorary membership may be conferred upon any person who the department may deem proper by a majority vote at any regular meeting.

Section 6. Honorary members shall have a right to vote with the department, but shall not be entitled to vote, hold office or be called in the roll call.

#### ARTICLE V.

##### Meetings.

Section 1. The regular meetings of this department shall be held on the second and fourth Wednesdays in each and every month. Special meetings may be called by the president or chief upon the written request of five members, which written request shall be read at such meetings and placed on file with the secretary.

Section 2. All meetings shall be held at department House in Twin Falls at 8:00 p.m.

Section 3. The regular annual meeting of each year shall be held on the second Wednesday in January.

Section 4. No member who is in arrears for any fine or penalty shall be eligible to membership at any meeting of this department, nor on any question involving the alteration of the constitution and by-laws, for the election of any officer or member, or upon any question involving the payment of any money.

#### ARTICLE VI.

##### Expulsion.

Section 1. A majority of all the members present at any regular meeting may expel a member for any of the following causes: For willfully disobeying his superior officer at any fire, in going to or returning therefrom, or being on parade; for willful destruction or injury of any of the department property; for refusal or neglect to pay a fine imposed for a period of 60 days for absence from two consecutive fires without reasonable excuse.

#### ARTICLE VII.

##### Standing Committee.

Section 1. The finance committee shall consist of three members, who shall be elected by ballot at each annual meeting. Vacancies shall be filled by ballot at the next regular meeting after occurring.

Section 2. It shall be the duty of the finance committee to examine and approve or reject all bonds that may be given by any of the officers of the department, and to report upon such bills, accounts, etc., which may be referred to them by the department, and perform such other duties as may be required of them by the department.

Section 3. It shall be the duty of the finance committee to attend to the care of any member of the department who may be disabled while performing his duty at fire or practice and shall report to the department the expenses incurred in same.

#### ARTICLE VIII.

##### Bills.

Section 1. All bills or claims shall be approved by the finance committee and when so approved shall be paid by an order drawn upon the treasurer, signed by the president and countersigned by the secretary.

#### ARTICLE IX.

##### General Powers.

Section 1. The department shall have power to pass such by-laws and make such regulations, not in conflict with this constitution, for the ordinances of the town of Twin Falls, as may from time to time be deemed necessary, to assess and collect fines, forfeitures and penalties for the violation of any of the provisions of this constitution and its by-laws and regulations.

#### ARTICLE X.

##### Amendments.

Section 1. This constitution may be amended at any regular meeting of the department upon a two-thirds vote of all the members present who are in good standing.

#### BY-LAWS.

Section 1. The roll shall be called at the opening of each meeting.

Section 2. All meetings shall be

conducted in accordance with parliamentary usage and customs, not in conflict with this constitution and by-laws or the ordinances of the town of Twin Falls.

Section 3. Upon the alarm of fire being sounded, each member of the department shall go forthwith and with as much haste as possible to the place where the apparatus to which he has been assigned is kept, or if too far distant from such place, then directly to the fire, and report to the foreman of his company, and any member who fails to be present at any fire without a reasonable excuse shall be fined one dollar for the first offense and two dollars for each subsequent offense.

Section 4. Any member who shall fail to attend to any regular meeting shall be fined twenty-five cents for each offense.

Section 5. In absence of any superior officer the member who is first present at the fire, and report to the alarm is sounded shall have charge of such apparatus and shall exercise all the authority usually exercised by such superior officer in his absence, however, that upon the arrival of such officer he shall assume control of the apparatus, and no member, except as herein provided, shall give orders to or exercise any authority over any other member upon a penalty of one dollar for each offense.

Section 6. No member shall be permitted to leave a meeting-room during the meetings of the department without permission of the presiding officer.

Section 7. Any member who shall act or conduct himself in a boisterous, noisy, disorderly or disrespectful manner during any meetings shall be fined by the presiding officer the sum of 25 cents to \$5 for each and every offense, and in default of the payment of such a fine for a period of 30 days he is to stand suspended until such fine is paid.

Section 8. Any member who shall absent himself from any drill meeting shall be fined 25 cents, unless excused by the chief, or foreman of his company. Under no condition is any member to be excused from attending such drill, and in default of the payment of such fine for a period of 30 days he is to stand suspended until such fine is paid.

Section 9. Any member who shall be intoxicated while on duty at any fire, parade or drill, or who shall conduct himself in a riotous or disorderly manner or shall not respectfully toward or be guilty of willful disobedience to the orders of his superior officer while on duty, shall be subject to a fine of 25 cents to \$5 for each and every offense and may be expelled, at the discretion of a majority of the members present at any regular meeting.

Section 10. No member who stands suspended for the non-payment of fines at the expiration of the 30-day limit shall have his name presented for reinstatement for a period of 30 days and shall then be considered as a new applicant, and after liquidating his indebtedness shall be voted upon as prescribed in Section 2 of Article 4.

Section 11. The order of business at all regular meetings of this department shall be as follows:

1. Calling meeting to order.
2. Roll call.
3. Reading the minutes.
4. Presentation of excuses.
5. Reports of committees.
6. Reports of officers.
7. Unfinished business.
8. Application for membership.
9. Balloting for members.
10. Special business.
11. New business.
12. Election of officers.
13. Consideration of bills.
14. Miscellaneous business.
15. Adjournment.

Section 12. The Twin Falls Volunteer Fire Department February 1907. Easter greeting cards are the latest. See them at Biebo's.

### PRaised WORK OF THE LAND BOARD

LEGISLATORS COMPLEMENT E. L. MARVIN.

System of Records Instituted by That Official Has Saved State Large Sums—Appropriations Are Materially Reduced.

BOISE, Idaho, March 3.—The state never has had a legislature more careful in considering action, which had to do with the state's finances, than the Ninth session, which is just drawing to a close. Immediately after the convening of the legislature the state affairs and federal relations committees in both the house and senate began the work of investigating the work of the past two years in the various state offices. On February 21 the house committee reported at some length, commending all departments of the state for efficiency and recommending that the requests made for appropriations for the coming two years be allowed. A part of the committee report attracted special attention is where the state land department is dealt with. The committee says:

"While each of the departments is entitled to the highest commendation for the manner in which they are being kept and conducted, yet we desire to call particular attention to the great work of the land department, and especially that of E. L. Marvin. Mr. Marvin's services were secured by the land board about two years ago and from what we are informed together with the examination made in his office, he is no doubt especially qualified to perform the duties of his office. For the system of records concerning the timber lands of the state established by him, together with his careful and accurate services rendered, have saved the state a large sum of money and protected its timber. We find that he is now receiving a yearly salary of \$20,000, and that unless the salary is increased the state will not be able to retain him in said office. We therefore recommend an increase in his salary of \$10,000 annually. We also recommend an increase of \$500 in the salary of Mr. M. I. Church, register in the state land office, who is a very capable officer."

Embedded in the report of this committee were suggestions from the heads of the various departments of the state, relative to the needs of those institutions in the way of appropriations. All these suggestions had been incorporated in the report, with favorable recommendation.

There was a joint meeting of the appropriation committee of the house and the finance committee of the senate today, which lasted several hours. Each of the state officers were called upon to explain the needs of the departments of which they are the head. Representatives of the university, Lewiston and Albion Normal schools, Pocatello academy and other state institutions were in attendance and presented the claims of their respective institutions for consideration. After a session which lasted about five hours the joint committee adjourned, having reached the conclusion given below as to appropriations needed. Conclusions on bond issues were as follows: Lewiston Normal, \$40,000; Albion Normal, \$20,000; Academy of Idaho, \$21,000; State university, \$50,000; Idaho industrial training school (St. Anthony), \$50,000; Soldiers' home, \$5,000; Orofino asylum, \$45,000; State Capitol building, \$30,000. Total, \$361,000.

Appropriations for various departments were decided on as follows: Governor, \$19,400; secretary of state, \$26,180; state auditor, \$21,300; attorney general, \$18,000; state treasurer, \$15,500; superintendent of public instruction, \$11,900; traveling librarian, \$7,400; bank examiner, \$9,000; mining inspector, \$5,000; state land department, \$700; board of agriculture, \$12,000; pure food commission, \$5,000; board of equalization, \$500; board of pardons, \$300; judicial clerk and state immigration commissioner being absent and unable to be present at the meeting, the appropriation for these departments was passed over, and Mr. Lovoy, chairman of the appropriation committee, was instructed to see these two officers and reach a conclusion which he should include in the bill to be introduced in the house on Tuesday. Appropriations agreed on for the maintenance of the various state institutions were as follows: State university, \$75,500—(less interest accruing from loans and earnings of endowment funds); Lewiston Normal, \$66,710—(less interest and earnings of endowment funds); Albion Normal, \$24,000—(less interest accruing from loans and earnings of endowment funds); Academy of Idaho, \$21,000; Soldiers' home, \$17,500; St. Anthony industrial training school, \$41,000; penitentiary, \$100,000; deaf, dumb and blind school, \$32,000; Blackfoot asylum, \$20,000; Orofino asylum, \$45,000.

Gov. Gooding last week appointed a full set of officers for the new county of Twin Falls, as follows: Commissioners, George Crocker, John Hanson, E. L. Sullivan; auditor, H. T. West; assessor, James McMillan; treasurer, Carl Hahn; sheriff, Geo. Alkon; attorney, F. A. Hytto; surveyor, C. H. Hall; probate judge, F. E. Chamberlain; superintendent of public instruction, Edna Dobow. The officers for the new county of Bonper have not been named by the governor, who will probably make his announcements this week. He will also have to appoint a county commissioner for Cassia county and two members of the board of commissioners for Kootenai county, this action being necessitated by the fact that at last fall's election these officers were regularly elected, but have been legislated out of office by the division of the counties of Cassia and Kootenai.

There are two county division bills, which are looked on with great interest, still under consideration. The bill to create Clearwater county from the east end of Nez Perce has passed the house and is now under consideration in the senate, while the senate bill creating Kamiah county from Nez Perce county, including in the new county practically all the Nez Perce prairie country, is under consideration in the house. There are strong lobbies here working either for the passage or defeat of these measures.

Bargains in plows and harrows at the Pioneer Storage & Commission Co's sale. See big ad.

Call and see enlargements of pillow tops at Bisbee's.

"How did you make your fortune so quickly?"  
"Oh, I just strolled around the stock exchange every day, with my eyes open and my hands pocketed."  
"In whose pockets?"

"How much do you charge for shaving?"  
"That depends entirely on how many times I draw blood. Sticking plaster is now selling at about 30 cents a foot."

"I got a shock from a 'lectric battery today," said the first hobo. "Gee! It's a funny kind of a feelin'; feels just like takin' a bath."  
"Sny," exclaimed the other one, "you must have a great memory."

### OREGON SHORT LINE.

Settlers' Rates.

Daily, from March 1 to April 20, 1907, the same cheap, one-way second class settlers' rates will be in effect from the cut to points on the Oregon Short Line as have heretofore been made in the spring and fall months, as follows:

From Chicago	To Huntington and main line
Bloomington	Intermediate points
Peoria	Chicago
St. Louis	Bloomington
Kansas City, Leavenworth, Atchison and St. Joseph	Peoria
Council Bluffs and Omaha	St. Louis
St. Paul and Minneapolis	Kansas City, Leavenworth, Atchison and St. Joseph
Proportionate rates will be made from other stations in Illinois, Iowa, etc.	Council Bluffs and Omaha

Stations on branch lines will be made local on junction points.  
D. E. BURLEY, D. S. SPENCER, G. P. A. Assistant G. P. A.  
D. E. SULLIVAN, Agent, Twin Falls.

TWIN FALLS NEWS

George B. Fraser, Editor. Published every Friday by THE NEWS-PUBLISHING COMPANY TWIN FALLS, IDAHO. Subscription Rates: One Year, in Advance, \$2.00; Six Months, in Advance, \$1.00.

The legislature has voted an appropriation of \$10,000 for the construction of a bridge across the Snake river at the Twin Falls. While the legislators were here, the guests of the city two weeks ago, the members of the bridge committee inspected the site at the Twin Falls, and announced their willingness to support a bill making an appropriation for the bridge.

It is a pity that the state cannot obtain possession of the great Shoshone falls, which are rightfully located on a school section. By a flagrant perversion of the survey line the falls were thrown on land owned by Senator Clark of Montana.

The Twin Falls tract is buying butter at the rate of more than \$1000 per month. The local supply is far below the demand. A creamery is needed and the farmers should be encouraged to buy more dairy cows.

There are many important matters to come before the Commercial club and it is desirable that there should be a well attended meeting without delay. Two efforts to secure a quorum were made this week without success.

Twin Falls county is now a reality, and if it grows with the same rapidity that characterizes the life of Twin Falls city it will be most creditable to the state.

WILL NOT AFFECT POWER PLANT Decision in Hollister Case Is Not Harmful.

The federal court has adjudged H. L. Hollister guilty of contempt and has imposed a fine of \$500 upon him for his alleged construction of a dam at Shoshone falls near the mouth of the power tunnel. The decision was a great surprise, but that is another story.

The Sin of the Coppeter Man. The coppeter man said a wicked word. When he hit his thumb one day, he said it was because I heard. En it's some'chin' I dassent say.

En the coppeter man took a board on his side it on make some curls, En I hung 'em onto my ears on head. En it made me look like girls.

En he squinted along one side, he did. En he squinted the other side twice, En he told me, 'You squint it, kid.' 'Cause the coppeter man's reel nice.

En there'd be no coppeter man to be had. If it wasn't for words like that. En if there wasn't no coppeter men we'd all have to live in the barn.

Notice for Publication—Final Proof. I, Arthur J. Peavey of Filer, Idaho, who made entry No. 1576, under the provisions of an act of the legislature of the state of Idaho, commonly known as the "Caroy act," approved March 2, 1899, which embraces the N 1/4 of SE 1/4 and the SE 1/4 of NE 1/4 of section 2, township 10 S., range 15 E., do hereby give notice of my intention to make final proof to establish my claim to the land above described.

Choice Lands for Sale. We can sell you the choicest irrigated lands at a price and on terms that will be satisfactory.

THE NORTHWESTERN INVESTMENT CO., Ltd., Boise, Idaho.

Best rooming house in city, completely furnished, doing a good business. Inquire at News office.

Millions of Dollars Lost by Farmers

THE LOSS to the farmers of the United States from "SMUT" and other fungous diseases of wheat, barley, oats and other grains amounts to millions of dollars every year.

Directions for Use. Add one pint of Formaldehyde to 40 gallons of water and mix well by stirring. Place in hoops on the floor and wet it well with the solution, turning continually with a shovel so as to wet all parts of the grain and prevent loss.

These Directions are Approved by Superintendent McPherson. Sprague's Pharmacy

NOTICE TO ENTRYMEN.

Notice is hereby given that under the provisions of the contract between the undersigned and the State of Idaho, dated January 2, 1903, and also under the provisions of the various contracts made with settlers under the canal system of the Twin Falls Land & Water Company, there is hereby levied against the respective purchasers under said canal system an assessment, tax or charge of 80 cents per acre, for each and every acre irrigated, for the purpose of maintaining and keeping in repair the said canal system.

Notice to Canal Contractors. Office of the Chief Engineer, Twin Falls North Side Land & Water Co., Filer, Idaho, Feb. 19, 1907.

TWIN FALLS LAND & WATER CO. - FRED A. VOIGT, Secretary.

Sealed proposals will be received at this office until 8 o'clock p. m. Tuesday, March 12, 1907, for the excavation of four (4) miles of canal containing about 93,000 cubic yards of lava rock excavation.

BREVITIES

There is a fine opening for a good blacksmith at Milton. Mr. and Mrs. E. B. Williams have moved to their residence on Peach street between Shoshone and Eighth streets. Archdeacon E. Ruffin Jones of Pocatello will conduct Episcopal services in the Commercial club rooms next Tuesday evening at 7:30. Judge C. O. Stockinger drove over from one of his sheep camps on the north side last Saturday and took the train at Twin Falls for Boise. Harley Miller has purchased through T. J. Woods two lots adjoining the company building recently bought by Frank Hutto on Shoshone avenue. Frank H. Eastman has purchased 80 acres adjoining the townsite on the west from Mrs. Philip Welsner for \$122 an acre. He was offered a pleasant advance on his bargain a few hours after the deal was closed. The lot and the building in which W. B. Garlock's office is located on Main street was sold through the instrumentality of C. E. Evans this week for \$6800. This is practically equivalent to \$5000 for the lot. Norma Musgrave won the prize offered by the Hub to the first person who guessed what was missing from the window last week. The missing article was a sleeve button and its absence was carefully concealed. The sewer pipe is laid to Fifth street, two blocks from Shoshone avenue, and the work is progressing rapidly and smoothly. Messrs. Burdett and Larson expect to complete their contract well within the estimated time of five months from the date of beginning. W. M. Dawley of Granger, Wyo., is here looking over the tract. Owing to the muddy condition of the roads he decided to come back a little later when he will probably select land for himself and some of his friends who are thinking of coming to Idaho. Mr. Dawley said the project impressed him very favorably. August Braun has returned from Uniontown, Washington, where he had been sent to investigate the alleged Twin Falls doctrine all the time he was away and he said the improved appearance of the tract more than compensated him for his efforts. Mr. Braun has a splendid farm between here and Shoshone falls and the trolley road will run in front of his place. Dr. A. P. Owens has arrived from Vineta, T. accompanied by his two daughters. Dr. Owens was here earlier in the winter when he occupied the Fox building on Main street which is occupied by the Bedford Drug Co. and also acquired some fine desert land south of town. The water in the drive wells on his desert claim is such which good flows of water have been struck by others. By utilizing water power from a nearby coulee, J. H. Seaver, whose ranch is a mile south of town, has transformed his home into a thoroughly modern residence. A run, set in the coulee forces the water up to the house, where it is plumbed into the baths, closets and lavatories. The idea is splendid, being practical and effective, and it will doubtless be followed by others. The Pioneer Storage & Commission Co. is clearing decks for the coming week in its clearing out its stock of implements, harness, etc. in order to make more storage room. The company will pay more attention to the handling of grain hereafter. It has sold in the stock of second hand furniture and has returned to Idaho. Mr. Champlain made excellent progress and obtained a splendid training and education which will be of great benefit to him. He was a first class yeoman and his physical training has made a splendid man of him. He also toured the world on the cruise of Tacoma, which trip was an education in itself. Mr. Champlain will now devote his attention to engineering.

T. J. Jones has paid the fire insurance of Dr. T. J. Jones, who was injured on his farm, not long ago. Eldest Wm. W. Wilson of the Church of the Living God with wife and family Shoop in Rock creek, just above the city dump, on Sunday, March 17. Mr. and Mrs. R. A. Crawford have arrived from Minook, Ill., and have taken up their residence on Mr. Crawford's farm southwest of town. Father Busmann will conduct services in the Catholic church in Twin Falls on Sunday morning at 10 o'clock. County Attorney Frank A. Hutto has been appointed a notary public for Twin Falls county. Mr. Hutto has secured an office room in the First National bank building. John Chabourn of Albion has been appointed commissioner for Cassia county for all the summer months by Dr. Crocker, who is now chairman of the Twin Falls county board. English Lutheran services will be held in the Christian church, Twin Falls, next Sunday at 3 p. m. by Rev. W. H. Schmale, pastor. Services will also be held in the Filer schoolhouse on Sunday at 10:30 a. m. Mrs. S. T. Hamilton was entertained by Mrs. I. B. Perrine on Monday evening at the Wagner Hotel, Colorado Springs. Mrs. Mark Kuhn was the guest of Mrs. Perrine on Tuesday of last week. The first artesian well on the north side will be driven on the line between sections 21 and 22, township 8, range 18, three miles east of Sugar Lake and 11 miles from Shoshone falls. The ladies met with Mrs. Wilbur Hill last Friday afternoon to enjoy a few games of bridge. The favors were given to Mrs. Sweeley and Mrs. Eastman. The next meeting will be with Mrs. J. V. Baker this afternoon. The Great Shoshone & Twin Falls Power Co. has been incorporated with a capital of \$1,000,000 and has taken over the holdings of the Shoshone Falls Power Co. W. S. Kuhn is president, J. B. Perrine vice president and J. B. Van Wagoner secretary of the new company. The formation of this company means a great deal to Twin Falls, involving as it does the development of several power plants on the Snake river in this section of the state. The firemen are going to have a dance in the Ring theater on the 18th and it would be very unwise to make any engagements for that date. The boys have made their minds that their dance will cause the public to forget all previous entertainments of the kind. They are going to toss the social ball right up into the ceiling and keep it there. Besides the department needs the money and it is up to everybody to fall in line and buy a ticket for the dance. Mr. and Mrs. Scott W. Hazen and Mr. and Mrs. E. P. Ring visited Mr. and Mrs. A. L. Besaire at Kimberly a few days ago. Mr. Hazen reports that the boys and girls at Mr. Besaire's farm. Mr. Besaire is one of the best farmers in the country and he likes to have everything shipshape. Not long ago that portion of his fence posts above the upper strand of wire disappeared. Mr. Besaire thought perhaps the jackrabbits had gnawed away at the posts. It was proved an ailment. The tops were missing and Mr. Besaire was wrathful. Hazen suggested that the posts might grow if they were treated or it might be possible to splice the tops on. He offered to supply Mr. Besaire with a bushel of auger holes for the purpose and the plan is being considered.

Louis Pond's birthday anniversary was celebrated at Sunnyside on Wednesday in a manner which made the occasion worthy of long remembrance. A merry crowd gathered at the surprise party and a jolly time was enjoyed. Vocal and instrumental music, choruses, etc., were unawakened from the impromptu program and the guests had a delightful party. Irene and Leah Woods danced bewitchingly and every guest contributed to the entertainment of those present. Mr. and Mrs. J. A. Woods, Mr. and Mrs. E. E. Heston, S. C. Sexton, Mrs. Mary R. Crysler, Clifford Tarront, Bert Fuller, Irene Fuller, Scott Fuller, Oris Crysler, Mark Pond, Ray Pond, Maurice Lyons, Earl Buchanan, Will Jinks, Misses Lottie Pond, Dell Fuller, Eva Buchanan, Mrs. Crysler, Leah Woods and Irene Woods. The guests were very hospitably received by Mr. and Mrs. Pond, who gave them a royal welcome.

John Ericson has sold another five acres of his land on Blue Lakes avenue for \$200 per acre. The fire insurance companies have made a substantial reduction in rates in Washington and Idaho by eliminating the increase which they made after the San Francisco disaster. Through the instrumentality of Frank Husted the Oregon Short Line has put in an 18-cent rate on wheat from Twin Falls to Idaho marketing points. The Ladies' Aid society of the Presbyterian church will hold its annual election of officers on Wednesday, March 13, at the home of Mrs. E. W. Davis. Mrs. W. D. Leland lost a valued cross pin a few nights ago in a surprising manner. The pin simply disappeared without a clue. Mrs. Leland is anxious to recover it and has offered a reward for its return to her at the Hotel Perrine. J. O. Wyatt brought in a carload of farm horses from Maroa, Ill., a few days ago and disposed of them in short order. The first three teams sold for \$600 each and there was a spirited demand for them at that figure. The horses were a fine lot. Most of them went to the west end. Sheriff George D. Aiken has announced his intention to appoint Charles W. Dyer his deputy. Mr. Dyer was twice sheriff of Kootenai county and is a splendid officer. Mr. Aiken is now in Kootenai county purchasing poles and crossarms for the power company. The musical Dumbars have a delightful entertainment in the school auditorium on Monday evening. Their performance was on a par with that of the Lenora Jackson company and was probably more pleasing in that it struck popular fancy. The auditorium was crowded, there being a large attendance from outside the city. V. R. Lanstrom, superintendent of the eastern Idaho division of the Rocky Mountain Bell Telephone Co., is in the city superintending the installation of the company's new office in the First National bank building. The Twin Falls office will be built up to date and one of the best equipped in the state. C. A. McMaster has purchased the temporary school building which has been used as a grain warehouse and has dismantled two-thirds of the structure. The lumber is being used by him in the construction of a stable and breeding corral which he is erecting on Thirteenth avenue, opposite to the Galt's heavy stable. Mr. McMaster will keep five stallions and a Jack in this stable during the summer.

The Dinner club held a most delightful session with Mr. and Mrs. Aiken last Saturday evening. After discussing the most toothsome menu the remaining hours were spent in playing "500." The favors, two spoons, were won by Mrs. Sweeley and Mr. Booth. Those present were Mr. and Mrs. Aiken, Bertrot, Eastman, Hamilton, Sweeley, Tush, Boyd, G. F. Sprague, Mrs. McCollum, Messrs. Sam Champlain and C. E. Booth. Now is your chance to get the finest makes of implements at cost. Pioneer Storage & Commission Co.'s closing sale. M. W. A. All members of the M. W. A. of Camp No. 16836, are earnestly requested to be present at the next regular meeting March 13. There will be an open address to the camp and Royal Neighbors and their friends by State Deputy T. W. Bartley. Notice. Notice is hereby given that on March 23, 1907, the members of the First Baptist church of Twin Falls will vote on the matter of authorizing the trustees of said church to mortgage its property on the corner of Seventh avenue and Tenth street to the Baptist Home Mission society for the purpose of building. J. M. ROGERS, Church Clerk. Patented Land for Lease: Half of a quarter section, patented, unenclosed, 2 1/2 miles from Hansen; will lease from two to five years; terms reasonable. Address PETER LINK, Hansen, Idaho. When you want a transfer wagon call up central and say, "Skidoo," 23, Braun's.

## SENATOR HEYBURN WINS A VICTORY

### CURTAILS POWERS OF THE FORESTRY BUREAU.

No More Reserves to Be Created Without Approval of Congress—French Secures an Increase of Pay for Letter Carriers.

WASHINGTON, D. C., March 5.—Thanks to the continued and determined efforts of Senator Heyburn, the senate has passed an amendment to the agricultural appropriation bill which, in effect, provides that hereafter no forest reserves shall be created except by act of congress. This is a very important provision, and is what Senator Heyburn has been fighting for ever since he entered the senate. Heretofore forest reserves have been created by executive order upon the recommendation and at the will of some official of the bureau of forestry, and the representatives of the people of Idaho, those elected to look after the interests of the state, their senators and congressmen, have had nothing whatever to say upon the important matter of creating reserves. This is the greatest victory Senator Heyburn has won in his long opposition to the creation of forest reserves in Idaho. And while nearly every senator from the northwest has recorded his opposition to the forest reserve policy of the department, yet to Senator Heyburn is due the supreme and lasting credit for originating the movement and pushing it to success. He told of the injustice of the present forestry policy when everybody else was silent on the subject. He stirred up an opposition to forest reserves that kept the agricultural appropriation bill (which carries appropriations for the expense of the forestry bureau) in the senate for a week when it would ordinarily have passed in two hours. Senator Heyburn accepted the amendment that no forest reserves shall hereafter be created except by act of congress as sufficient for the present, when he could possibly have obtained further concessions, as many amendments tending to curtail reserves had been offered, and he could have hampered the service severely had he desired to do so. He had worked up a following of senators that could have secured most any concession had they kept up the fight. The senator, however, recognized that it was not best to go too far and try to do everything at once. In securing the above named amendment Idaho has gained a great deal, and in the succeeding sessions of congress, while Senator Heyburn is a member of the senate, he can continue to so control the forestry service of the government that it will be a benefit to the state instead of a detriment.

Personally, Senator Heyburn very materially increased his already high standing in the senate by the character of opposition he put forth. The senate recognizes in him more and more each day one who must be consulted on great national problems, and especially on matters concerning the welfare of Idaho.

### More Pay for Carriers.

Congress has decided to increase the salaries of rural and city delivery carriers. The matter has been fought out during this entire session, but finally those favoring the raise in salary for this class of public servants won out and the increase will go into effect. One of the most active in securing this increase of salary was Congressman French of Idaho. Ordinarily Mr. French is opposed to high salaries in the government service, but the present pay of those affected by this increase is so manifestly unjust that he, together with others, took up the task and after several months of hard work succeeded in having the increase made. In a recent speech which he made in the house on this question, Mr. French took the position that as the postal service comes into closer relation with the people than any other department of the government, inefficiency in this department is immediately and keenly felt by the people and therefore should be carefully avoided. He claimed that the salaries paid to rural and city carriers, clerks in post offices and on mail trains are lower than the salaries paid to other workmen of equal responsibility in private enterprises, and for this reason these employes of the government are either compelled to work at a sacrifice to themselves or seek employment elsewhere. This, of course, cripples the service because of frequent changes and breaking in new

### Harry Ward's Minstrels.

A bright, clean minstrel performance bubbling with new songs and novel specialties. It is noticeable that not an old song or worn out feature is to be heard or seen throughout the entire performance. The company carries 30 white performers and the crispness of the first part and the snappy way the entire program is rendered is reflected in the excitement. Among the features to be mentioned are Jacobs and Sardell, acrobatic coniques; Professor Home with his remarkable troupe of educated cantors; Master Fletcher, a phenomenal boy soprano; Alexander, a monologist of exceptional ability; Frank and Zeno, eccentric song and dance artists; George Maynor, America's foremost contortionist, and the bag-punching act of Cuttill. A full military brass band and grand concert orchestra take all together, the company is of exceptional merit and deserving of the liberal patronage it has been receiving throughout the state. It is noted that they have played many nights with the "Standard Room Only" sign displayed, and if all the requests for return engagements are so commensurate with the company would double and finish the season filling these dates. They come to the Ring Theater for one night only, on Tuesday, March 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25. Band parade and concert on the streets at noon.

You will never have so good an opportunity to get Parma alfalfa seed as that offered this week by the Pioneer Storage & Commission Co.

## Choice Irrigated Lands

### Improved Lands for Sale, Located in the Payette Valley. Prices Reasonable. Terms to Suit.

Level, smooth land, three miles from Emmett, has been plowed and leveled. This last fall 50 acres of fall wheat was put in and was well plowed; is well fenced with heavy cedar posts a rod apart with four strands of galvanized barbed wire.

There is a good house, 14x28, with cement foundation, good well with pump on it, good barn for five head of horses; wagon shed 16x24, chicken house 10x12; everything is put up in the best possible manner. All of the outbuildings are of dressed lumber with shingle roofs and everything painted, including roofs.

House is painted white with green trimmings, everything else red with white trimmings.

Land adjoining it on the east sold by the state for \$47 per acre. Will sell 80 acres for the full 160.

Smooth, level land with just a gentle slope, making an ideal farm for irrigation. Has been plowed in fine shape, is all in fall wheat, has good stable for 10 head of horses, it being 16x48x60; wagon shed 32x24, 10 foot high; chicken house 10x12; large, roomy cellar, and the farm is well fenced with cedar posts a rod apart and four strands of heavy galvanized wire.

Five-room house, cement foundation, very nicely built and well finished, heated and good enough for anybody to live in; very conveniently arranged, with pantry, closets, etc.; good well with pump.

Also have adjoining on the east 160 acres fenced and cleared, no other improvements. Will sell all or part.

Same style of improvements as on the northeast quarter section 30 referred to above. 60 acres in fall wheat which is in the condition.

There is a telephone in each of these houses and the land is situated convenient to the irrigation system and the cream of the celebrated Emmett bench, it all being situated in township 7 North, 2 West, Boise Meridian.

These places will be sold on long time at 8 per cent and will be parceled out if so desired.

We have a full equipment of horses, wagons and farming tools which can go with this land if so desired.

Water will be ready for delivery as early as it is needed this coming Spring, as the ditch has been completed and is being puddled at the present time.

These places are all conveniently located as to range in one of the best sheep countries in Idaho.

Lumber is worth \$20 per thousand delivered at the ranch and brick at the town of Emmett is selling from \$7 to \$8 per thousand. All the buildings above mentioned have shingle roofs and everything has received two coats of paint. Houses have oiled floors and are finished in first-class manner.

# BUHL BOOM IS ON IN EARNEST

## RAILWAY GRADERS REACH THE WESTERN CITY.

Engineers Are Surveying the Right of Way and Laying Out Sidings—Grading Ball Is Arranged to Celebrate St. Patrick's Day.

BUHL, Idaho, March 6.—A railroad grading camp, with a large number of men and teams, is established on the townsite. The sagebrush is being cleared off the right of way and the lava ashes are lying in all directions. The Buhl boom is on in earnest, and the town is buried in an avalanche of business.

The case of Peck vs. Lindstrom was tried in the Anderson billiard hall. Mr. Addison kindly donating the use of the hall for the purpose. The jury rendered a verdict in favor of the plaintiff. Attorney P. W. Monahan represented the plaintiff and Attorney G. H. Munyon of Filer the defendant. It was the first legal battle in Buhl and was strenuously contested on both sides. Mr. Munyon is a hard fighter, but the evidence was against him. It was tried before Justice of the Peace Stanislaus D. Barstow and attracted considerable public attention.

Thomas Clinton and his family moved out on his ranch, a few miles south of town Friday and has started on the sagebrush. Morton Henderson took up his residence on his ranch just south of town last week and is getting ready to put in a crop.

W. T. Nesbit has commenced preparations for cultivating his ranch this year.

George L. Eveleth is confined to his bed with a severe case of grip. But is on the way to recovery and will soon be up and able to attend to business again.

A. J. Milnor is preparing to build a handsome residence on his property on Hinecley Heights. The building will be 25x70 feet, with a stone foundation and basement, a story and a half high, with a billiard room up stairs. As soon as it is completed and ready for occupancy, Mr. Milnor's family will come here from Duluth, Minn., and take up their residence in Buhl to stay.

W. T. Snodgrass and family have moved into their new residence on Main street.

Owing to the fact that St. Patrick's day falls on Sunday this year, it has been decided to hold the ball on Friday evening, the 15th, as our people are very religious and will not break the Sabbath even for St. Patrick. So make your arrangements accordingly. The entertainment will be given on the same night, and Professor Wynn will deliver an oration which promises to be a good one, as it is known that the professor is putting a great deal of work on it. It will be well worth hearing.

Charles Coker, foreman on the works on the high school, located just south of town, was a Buhl visitor Sunday.

Engineer John McDonald spent several days of last week in Twin Falls on business connected with his duties as engineer in charge on this end of the tract.

There are now 75 school children enrolled in the school here.

Professor Wynn has designs on becoming a blotted handbird on this end of the tract. Ed Braun took him out last week to show him how to do it.

Jim Patten has fully recovered from his attack of the grip and the patrons of the Idle Hour are again taking his smiles with the rest of it.

Professor J. W. Farris of the Pocatello academy was a business visitor in Buhl last week. He was here last summer and was surprised at the progress made by the town and country since that time.

C. E. Carver of Myrtle Point, Oregon (the Coos Bay country), wife and children are the guests of Mr. and Mrs. T. W. Berry. Mr. Carver says that the Coos Bay country is a pretty good country but that it will take time to develop it. This country looks so much better to him and Mrs. Carver that they are going to invest in land

and settle down close to Buhl. Mrs. Carver will prove a welcome addition to our society people.

The smiling and happy countenance of Fred Nitter is again aglow. William Scott Döig returned last week from Boise and will commence operations on his business block at once.

E. R. Sherman of Tromontig, Utah, who owns a ranch on this end of the tract, was in town the latter part of last week making arrangements to buy his land cleared for seeding this spring.

Mr. and Mrs. Foreman of Lewiston, Idaho, were guests of Hotel Buhl Thursday.

W. L. Brown of Twin Falls spent several days of last week in Buhl on business.

J. L. Smith and wife came in from their ranch Monday on business.

W. H. Clifford came up from Hagerman Saturday on business and registered at Hotel Buhl.

F. W. Deans of Twin Falls was a Buhl visitor Saturday.

J. W. Jackson came in from Ferguson Flats Saturday and reports the sagebrush was rapidly disappearing in his neighborhood.

H. C. Vanavado of Twin Falls was a guest of Hotel Buhl Saturday.

W. D. Southworth came up from Ferguson Flats and spent a few days in town last week. He longs for the day when there will be roads between the flats and Buhl.

George Williams of Soda Springs registered at Hotel Buhl Saturday.

H. W. Faidley of Twin Falls came up from the Magic City Monday on a business trip.

W. J. H. came in from his ranch six miles south of town Saturday. He has completed his residence and is now into the sagebrush.

W. J. Bunn of Astoria, Oregon, was in town Monday looking over the country.

R. L. Cox, T. V. Murray, H. H. Blom and E. North, a party of civil engineers, are registered at Hotel Buhl. They are surveying lines for yard side tracks, establishing depot and freight house sites and other railroad facilities to town.

The Buhl Trading Company has added meat to its many other articles of commerce.

Miss Katy Graman entertained a party of young friends Friday evening. The guests dined until 11 o'clock, when a dainty luncheon was served, and then they danced some waltzes until a late hour.

B. Hardy, the lone barber of Filer, was a Buhl visitor last week and made the acquaintance of the lone barber of the City of the Setting Sun.

It is rumored that they are contemplating forming a trust.

Geo. B. Hageman, solicitor for the Boise Statesman, was a business visitor in Buhl last week and procured several subscriptions for his paper.

Clot Allen is clerking for Ed Larson in the latter's clothing store and is a good one.

T. W. Waaghor is building a residence on his 100-acre ranch nine miles south of town. He is also getting ready to burn the sagebrush on a big piece of the ranch.

W. D. Southworth is building an addition to his residence on Ferguson Flats.

Jim Waters and Joe Day of the firm of Day, Dean & Co. of Twin Falls were in town Tuesday on business.

Alex. McKinlay of Court d'Alene ridge spent a few hours in town Monday transacting business.

Clifford Millikin came in from his ranch Tuesday and had a scientific survey run on his grazing horse. He lighens us all to keep our eye on him and the sagebrush for the next month. He is going to try to beat Fred Kraut's record of nine acres in six days.

W. W. Kunkely of Twin Falls arrived on the mail stage Tuesday and is a guest of Hotel Buhl.

John P. Methven took a run into town on business Tuesday.

There is not a "single-knocker" in Buhl, but we have a smasher who is a dandy at the business. Don Eveleth is 16 months old and the busiest, liveliest and most energetic individual in this busy, bustling, booming town. Don's father is sick with the grip and the doctor prescribed brandy and quinine for the patient. The medicine was in the sick room and it was Don, who managed in some way to get hold of the bottle containing the brandy. He tried to follow the Kentucky colonel's style and pull the stopper out, but this proved too much for his little fingers. However, there is no such word as fall in Don's vocabulary, and finding that the cork would not come out, he performed the Carrie Nation act. Raising the bottle above his head, he dashed it on the floor and smashed it into a piece, then lugged and assumed an "I-know-something-to-some-way" expression of countenance. Your correspondent asked him what he would have done if he had succeeded in getting the cork. His only answer was a laugh, and remembering that he had important business to attend to toddled off, leaving the scribe to guess at the answer to his own question.

## ADVERTISED LETTER LIST

List of letters remaining unclaimed in the postoffice at Twin Falls for the week ending March 2, 1907:

# Hats That Attract

Besides being an abomination, an inferior Hat is a severe strain on the pocketbook. It loses its shape and color and it has no lasting qualities. We do not sell that kind of a Hat. See our 1907 styles and note the finish.

Our Ready-to-Wear Clothes are to all intents and purposes custom made. They are made by experts on designs furnished by the best designers in the country.

**We Pay Particular Attention to Orders Received by Mail.**

No use driving in through the mud when a 2-cent stamp will bring you the goods.

## THE HUB

# Clothing & Tailoring Co.

Main Street, Twin Falls
