| Coroner              | 200             |

The county commissioners perfected their organization on Monday, when the bonds of the various county officials were submitted and approved and the officers were sworn in. This took some time and it was late in the evening before the work was finished.

The county was divided into precincts as follows: Milner precinct, taking in that district between the canal and the river from the dam to the section line six miles west; Murtaugh, from the Milner line to the point where the section line between sections 15 and 16, township 10, range 12, intersects the river, south to sections 2 and 4; Hansen, from the west line of Murtaugh to the half section line in section 10, township 10, range 12; Kimberly, from the middle line of section 1 and the river six miles south to the low line, following the low line to the corner, south to sections 12, 7, 2, 10, and 16, and then south to the high line; Twin Falls, south from Main street, south to the high line the western boundary line the range line between ranges 10 and 12; Twin Falls, north from Main street to the river, taking the township line to the half section line south of the township line on the Bull road; Filer, from Main street to the high line; Bull, west of Filer and Maroon to the Salmon river; Rock Creek as it stands; Butte and Roseworth as they stand. These are the precincts, and for identification only, the lines varying slightly in detail. Rock Creek, Murtaugh, Hansen, Kimberly and Milner precincts constitute the first commissioner's district; Twin Falls precincts the second, and the remaining precincts the third.

The commissioners contracted with the Idaho Department store for rooms on the second floor of that building, including a vault and the use of the lodge room for court purposes. The building includes light, heat and the cost of installing the vault.

An agreement was made with the city whereby the county secures the use of the city jail at a rental of \$5 per month. Deputy Sheriff Dyer brought over John Osborn and the Italian who are awaiting trial in the Alphon trial.

Recorder West is doing a land office business, his receipts for the first three days exceeding \$50.

## SPRING ACTIVITY AT KIMBERLY

Fine Entertainment is Arranged for March 22.

KIMBERLY, March 21.—Ed Donmore was in town from his ranch on Rock creek Thursday.

Frank M. Prothero, one of the best settlers in this vicinity, having disposed of all his interests here, left on Thursday for his old home in Wisconsin.

The Ladies' Pioneer club was on Monday entertained last Thursday afternoon at the home of Mrs. G. H. Truitt.

Mr. J. M. Mayo and family arrived on Thursday's train from North Yakima, Washington. Mr. Mayo has purchased the DeWilder place a mile west of town.

John Mungler, who had charge of the lively stable here for some months, but who is now working his ranch south of Hansen, was in town Thursday.

Work on our new hall is progressing nicely. The floor of the building are all covered now and the roof is being laid.

O. M. Banta and Charles Nelson arrived last Friday with a carload of stock and implements from Las Animas, Colorado. Mr. Banta has rented a portion of W. S. Starr's place and Frank Prothero ranch.

H. T. West made a trip to Boise the latter part of the week.

Elmer North, who has been working with the O. S. L. engineers west of Twin Falls, for several months past, has returned to his place north of town which he expects to put in crop this year.

Walter Bros. A. B. Norton and Al Jones were among those who visited here from Rock Creek last week.

Mr. J. James returned last Sunday from Rock Springs, Wyo., where he has been working all winter.

Leoster North, who is with one of the survey parties on the north side of the river, spent Sunday with his brother here.

W. C. Newbury is having an addition built to his house. A. E. Green is doing the work.

Although there was not a very large crowd at the auction sale held on the F. A. Morse farm, all the things sold brought a very good price. Mr. Morse expects to leave within a few days for Colorado.

S. W. Garner returned on Monday last on a visit to his old home in Tennessee.

Meritt Staley and W. D. Harris, who left last week for Coalville, Utah, to mine, returned last evening. They brought back about ten head of horses and 15 cows.

James McMillan went to Albion Wednesday morning on county business.

Henry Stevers bought a team from Fred Gray recently.

Dr. D. P. Albion was in town from Rock Creek Tuesday.

Curtis B. Hawley of Salt Lake, manager of the International Electric company, spent Tuesday here.

E. C. Crocker, representative of the Fairbanks-Morse Co., arrived here Wednesday.

Elmer North had the misfortune lately to lose one of his horses through its sudden death.

Blacksmith Lee has been busy this week making a scrubbed rake for O. S. Morgan of Rock Creek.

D. W. Boles returned from California Tuesday. He had gone there recently to leave two of his young children with their relatives.

Commissioner John F. Hansen took the train here on Sunday for Twin Falls.

The ladies of the Twin Falls Methodist church have prepared a splendid musical and literary program which will be given in the Kimberly school house on Friday evening, March 22, at 8 o'clock. The program will consist of a piano solo by Miss Nina Baker; male quartet consisting of C. E. Cole, C. A. McMaster, A. P. Senior and F. Higfield; vocal solo by Mrs. Bonham; piano solo by Miss McManis; reading by C. E. Cole; piano duet by Mrs. Burdington and Mrs. E.

## NORTH SIDE OPENING TAKES PLACE AT MILNER, APRIL 22

### ONE FARE FROM ALL POINTS IN IDAHO

Thirty Thousand Acres of Choice Land, for Which the Water Right Will Cost \$30 an Acre, Will Be Opened for Settlement—Selections Will Be Made by Drawing.

The opening of the first 30,000 acres of land under the Twin Falls North Side Land and Water company's canal system will take place at Milner on Monday, April 22, under the supervision of the State Land board. Entries will be made by drawing, the same as heretofore, and the price of the land will be the same, 50 cents an acre, payable half down and half when final proof is made. The water rights cost \$30 an acre, of which \$5 is payable at time of filing and the remainder in 10 annual installments.

The Oregon Short Line has granted a rate of one fare for the round trip to Milner from all points in Idaho.

The Milner townsite will be opened on the same date. Milner will be the junction city connecting the 180,000 acres on the north side with the railroad by electric railway and will be the shipping point for a large territory. The company is building a \$30,000 hotel and other large structures are planned, including a bank and several business houses. One-fourth payment down is required on the lots.

Bob McCollum and Major Reed have everything geared for the opening, which is expected to eclipse all others in point of interest. There are indications of an exceptionally large attendance.

Lewis, vocal solo by Mr. Higfield; reading by Miss Belle Baker; piano solo by Willie Colburn; vocal solo by Boyd Fuller; piano duet by Miss Nina Baker and Miss Caille Williams; vocal solo by A. P. Senior and piano duet by Mrs. C. E. Cole and Miss Cole. The male quartet has been rehearsing in the Rock Creek canyon for a week and it is whispered that they intend to "lose the show." They tried to rehearse at the home of Mr. Senior but they scared the children and caused two runaways. The members of the quartet claimed that on account of the wet weather they were unable to cultivate their voices but they expect a dry spell before the date of the entertainment. Everybody east of Coeur d'Alene will be entertained. It is understood that the Kimberly Farmers' association will furnish strong men to hold the horses of the patrons while the quartet is performing. Nobody can afford to miss this program.

## HANSEN LAND CHANGES HANDS

Many Good Sales Were Made During the Past Week.

HANSEN, March 21.—There will be a dance at the hall Saturday night, March 23.

Nick Smith shipped a quantity of oats to Heyburn last Saturday.

Mrs. F. M. Towne and daughter Ethel were guests of Mrs. T. J. Rauch last Thursday.

J. W. Frahm purchased lumber recently for additional improvements on his ranch.

Mrs. N. H. Nichols and son Stephen left Saturday for Nez Perce. Tom Dineen arrived here this week from Portland, Oregon.

## ADVERTISED LETTER LIST

List of letters remaining uncalled for in the postoffice at Twin Falls, Idaho, for the week ending March 16, 1907.

Belknap, J. W.  
Brundridge, Bessie  
Curly, N. A.  
Ezell, Daniel  
Edgington, Leo  
Johnston, Samuel  
Miller, Mrs. Clara  
Meneal, E. C.  
Owens, Wm.  
Prine, Tolle  
Williams, Edith L.

When calling for above letters, please say, "Advertised, March 16, 1907."

W. H. GREENHOW,  
Postmaster.

C. E. Fitch has arrived from St. Louis, accompanied by his wife and family. They have rented a house in town until such time as Mr. Fitch gets his farm residence ready for occupancy. Mr. Fitch was here at the drawing two years ago and secured a farm on Cedar draw under the high line. He said Walter Craven had praised Twin Falls so highly to him that his faith in human nature had almost been shattered, but after seeing the wonderful development with his own eyes he could scarcely restrain himself from falling upon Walter's neck and weeping. Never again, said Mr. Fitch, would he doubt the word of a Missourian. Mr. Fitch is negotiating with Carl Hahn for a setting of eggs from the latter's "reporting hen" and he may go into the poultry business.

## FILED FOR RECORD

A. J. McDonald to Charles A. Smith, warranty deed to the SW 1/4 of the SW 1/4 of section 20, township 10 S., range 16 E.; consideration \$200. State land board to Frank Russell,

## CITY OFFICIALS ARE NOMINATED

STRONG NON-PARTISAN TICKET SELECTED.

Fred A. Voigt the Popular Choice for Mayor; E. W. Davis, C. A. McMaster, John J. Pilgerlin and P. E. Dean for Aldermen.

At a well attended mass-meeting in the Ring theater last evening the above named non-partisan municipal ticket was selected. The required positions were put out and the ticket is now in the field without opposition.

L. M. Lucey presided over the meeting and T. J. Woods served as secretary. There were no speeches and no traces of friction. Fred A. Voigt and J. S. Keel were placed in nomination for mayor and the ballot resulted in the selection of Mr. Voigt. For treasurer there was a spirited contest between C. B. Channell, John M. Maxwell and C. C. Bedford. Mr. Maxwell winning by a good margin. Stuart Taylor had a walk over for the city clerkship and Charlie Mull took the nomination for engineer with equal ease. Judge Smith had no opposition for police judge. The meeting divided on the nomination of aldermen, each ward selecting its own candidates. The meeting was harmonious throughout and no sore spots were left.

## NEW OFFICERS ELECTED AND NEW BLOOD INFUSED

The Y. M. C. A., which may truthfully be said to have been dormant during the winter months, has taken a fresh lease of life and will hereafter be a prominent factor in the social life of Twin Falls. The dormancy was not due to any lack of interest upon the part of those who have the welfare of the association at heart but was owing to the inability of the association to secure quarters commensurate with its importance and requirements, consequently the members were forced to wait until they could take the right steps.

At a meeting held in the association rooms on Tuesday evening the following officers were elected: President, Boyd H. Fuller; secretary, C. E. Colles; treasurer, C. E. Blaboe; Rev. H. N. Parker, B. H. Fuller and C. E. Colles were appointed a committee on by-laws and C. O. Melzer, G. B. Fraser, C. E. Colles and C. E. Blaboe were selected as a committee on membership. B. H. Fuller, Dr. J. M. Rogers and Fred Nihart were appointed a committee to have charge of the Sunday afternoon meetings, which will be held at 4 o'clock. The first of these meetings will take place next Sunday at the Odd Fellows hall. It is expected that Ivan B. Rhodes, state secretary of the association, will be present at this meeting and will deliver an address.

Rev. G. R. Archer, pastor of the Methodist Episcopal church of St. Anthony spoke at the Tuesday evening meeting on the benefits to be derived from the Y. M. C. A., delivering a very thoughtful address full of sound suggestion.

## CHANGES IN THE LAWS OF IDAHO

BROUGHT ABOUT BY RECENT LEGISLATION.

List of Several Important Measures Which Have Received the Signature of the Governor and Which Affect Every Section of the State.

The following measures passed by the Ninth legislature and signed by Governor Gooding contain the emergency clause, which makes them immediately effective. A brief abstract or summary is given for the purpose of giving the public a general idea of the new laws and the amendments to the old ones, which are already in effect:

### Anti-Wild Cat Bill.

S. B. No. 2, by Mitchell, the anti-wild cat bill, prohibits the making of false or exaggerated statements, either verbal or printed, of the affairs, financial condition or property of any corporation, joint stock association, partnership or individual with the intention of giving a greater or less apparent value to the shares or other property of such concern than they are really worth. The infringement of this act is defined as a felony and is made punishable by imprisonment for not more than two years and a fine of not to exceed \$10,000.

### Powers of Judges.

S. B. No. 80, by Richards, amends an act relating to the powers of a district judge sitting in chambers and revises sections 2520 and 2519 of the statutes relating to the same with the object of increasing such powers.

### Careless Use of Firearms.

S. Sub. No. 15, by Buller, prohibits the careless use of firearms, provides punishment for such carelessness and for the recovery of damages occasioned thereby. It provides that any person who shall intentionally, without malice, point a firearm at any other person shall be guilty of a misdemeanor or be subject to a fine of not more than \$50 and not less than \$5. In case the weapon is discharged without injury to any person, the fine shall be not less than \$100 and the offender may be imprisoned in the county jail for a period not to exceed six months or be punished by both the fine and imprisonment at the discretion of the court.

Should the person aimed at be injured by the discharge of a firearm pointed intentionally without malice at him the person responsible for the discharge of the weapon shall be guilty of a misdemeanor and be punished by a fine of not more than \$50 or imprisonment in the county jail for a period of not more than one year. Should death ensue as the result of the wound the person offending shall be deemed guilty of the crime of manslaughter.

### Legal Advertising.

S. B. No. 25, by Richards, sets the rate to be charged for all official notices required by law to be published in any newspaper, by the state, by state, county or municipal official, at \$1 per vertical inch, single column measure, consisting of not less than 10 lines in nonparell type or its equivalent, or 50 words to the inch, for first insertion, and 50 cents per inch for each subsequent insertion. For table or figure matter the charge is fixed at \$1.50 per vertical inch, consisting of not less than 14 lines in nonparell type, and 75 cents for each subsequent insertion; fractional inches to be charged as one inch. Any advertisement less than one inch shall be charged as one inch.

### Probate Court Amendment.

S. B. No. 57, by McCutcheon, amends section 3342 of the statutes concerning the holding of terms of probate courts and the probate business therein. The new law provides that the terms of the probate courts may be held on the fourth Monday of each month, the same as the original statute. In addition, it says that any decision, decree or order may be made or rendered by the court at any time without regard to term time. For the transaction of all civil other than probate business and all criminal business, these courts are always open the same as heretofore.

### Fees of Notaries.

S. B. No. 63, by McMillan, amends section 298 of the revised statutes, relating to fees of notaries, by setting the rate of \$2 per line for all services of notaries in the drawing and serving of notices of protest. Under the old law a notary was empowered to charge 50 cents for recording every protest and 50 cents a folio for drawing any paper in connection therewith. The official was entitled to \$2 for copying each protest and \$1 for its service. Under the old law a notary could run the expense up in these cases to an exorbitant figure through the frequent serving of notices, etc. The rates with regard to taking an acknowledgment or proof to a deed or other instrument, and for administering and certifying an oath are allowed to remain the same as before, at 50 cents and 25 cents respectively.

### Sheriff's Deeds.

S. B. No. 67, by Buller, provides that deeds made by sheriff, collectors, administrators, trustees and other officers in their official capacity shall be indexed by the recorder in the name of the owner of the premises conveyed in transfer, by the officer, naming him and his office.

### To Exterminating Pests.

H. B. No. 26, by Frazee, as amended, provides that upon petition of four or more of the taxpayers in the county in question, the several boards of county commissioners may, at the time taxes are levied by them for state and county purposes, levy a tax not to exceed five mills on the dollar for

the purpose of exterminating crickets, grasshoppers, rodents and other pests. These taxes are to be applied by the commissioners as a board of control to oversee the extermination of such pests, their compensation to be fixed by the county commissioners.

### Paving in Cities.

H. B. No. 29, by McCutcheon, amends section 1 of the act of March 5, 1905, relating to the paving and curbing in incorporated cities in the state by changing the application of the law from any city having a voting population of over 700 to only those cities incorporated under the general laws of the state, thus excluding the ones incorporated under special laws.

### To Extermination Amendment.

H. B. No. 84, by White, amends section 2 of the act of March 22, 1901, relating to state revenue, by including in the property specified therein as exempt, that of divorced women and by changing the which subdivision of the same heading to read that the "tools of a mechanic, farmer, miner, prospector or householder and the implements and machinery of farmers not exceeding \$200 in value (instead of \$400 as formerly) shall be exempt," and by cutting out the 12th subdivision of the same, which exempts all irrigation canals and ditches except those rented.

### School Taxes.

H. B. No. 201, by Sewell, amends section 84 of the act of March 5, 1903, establishing a system of free schools by empowering the boards of trustees to raise the tax for school purposes from 15 to 20 mills.

### New Complaints.

H. B. No. 10, by judicial committee, by request, given prosecuting attorneys the right of filing new complaints in criminal actions and proceedings in the justice or probate courts where the original complaint is defective or void.

### Change of Venue.

H. B. No. 216, by the judicial committee, by request, amends section 2285 of the statutes relating to the change of place of trial in probate and justice courts by requiring the defendant to serve written notice on the prosecuting attorney of his intention to apply for such change of venue at least 24 hours before the time set for such trial. If the defendant fails to give such notice such change may be granted upon the payment by the defendant of all accrued costs.

### Incorporation Law.

H. B. No. 232, by Gleason, amends the act of March 10, 1901, providing for the incorporation and regulation of trusts, companies and other abstract and safety deposit companies, by including therein section 3, which provides that all such corporations shall have a paid up capital of not less than \$25,000, which shall be invested in property within this state or represented by cash deposited within the state, and that a proper affidavit must be filed with the secretary of state to that effect. All such companies must also be subject to regulation and examination by the state bank examiner.

### Regarding Appeals.

S. B. No. 70, by McCutcheon, amends sections 8043 and 8047 of the statutes relating to appeals in criminal cases. The change made in section 8043 is in the first subdivision, which, as amended, reads that an appeal may be taken by the state from a judgment for the defendant on a demurrer to the indictment or information. The first subdivision in the original law provided that the appeal was to be taken only from a judgment for the defendant on a demurrer to the indictment.

Section 8047, as amended, reads: An appeal taken by the state in no case stays or affects the operation of a judgment in favor of the defendant until the judgment is reversed; provided, that when an appeal is taken by the state on any grounds stated in the fifth subdivision of section 8043, the decision or appeal shall be for the future guidance of courts only, and shall in no way affect a judgment in favor of the defendant.

Section 8047 formerly read: An appeal taken by the people in no case stays or affects the operation of a judgment in favor of the defendant until judgment is reversed.

### Affecting Verdicts.

S. B. No. 127, by McCutcheon, amends section 4224 of the statutes relating to decisions of the supreme court, by adding the provision that whenever a case is submitted to a jury to support a verdict the same shall not be set aside.

### Road Inspection.

H. B. No. 177, by Webster, adds to the duties of county commissioners by requiring their personal visitation and inspection of the public roads in their several districts, gives them authority and control over district road districts, and provides for the holding of special meetings for the consideration of road questions, and provides penalties for failure on the part of the commissioners to perform their duties as specified.

The commissioners shall meet in special session on the second Monday of May and September for the consideration of questions pertaining to their new duties. Each member of the board must submit a report of the condition of the roads in his district, the work he has done thereon and an estimate of the cost to be incurred. Any county commissioner who shall willfully or negligently fail to perform any of the duties specified in this bill will be subjected to a fine of not less than \$50 nor more than \$200, to be recovered upon his official bond by action brought by the prosecuting attorney of the county wherein the delinquent commissioner resides.

### Water Distribution.

S. B. No. 140, by McCutcheon, amends the act of March 19, 1902, relating to the regulation of irrigation districts and providing for the acquisition of water and its distribution, by changing the method of describing lands from a description by corners and bounds to a description by location by section.

### Miscellaneous.

H. B. No. 206, by White, creating a state board of education, and S. B. No. 111, by Buller, making minor changes in the change of venue law.

Sunday Rest Bill Has Been Signed by the Governor.

Following are the provisions of the much talked of Sunday rest bill, to which Governor Gooding has affixed his signature:

Section 1—That the first day of the week, commonly called Sunday, is hereby set apart as a day of public rest.

Section 2—It shall be unlawful for any person or persons in this state to keep open on Sunday any place for the sale of any business, trade, or sale of goods, wares or merchandise, any shop, store, building, or place of business whatever; provided, that hotels and restaurants may furnish lodging and meals; and provided, that this section shall not apply to livery stables, or to drug stores in so far as the sale of medicines or sick room supplies are concerned, or to undertakers while providing for the dead, or to news stands in so far as the quiet sale and delivery of daily newspapers is concerned, nor to sale of non-intoxicating refreshments, candies and cigars.

Section 3—Any person or persons violating this section shall be guilty of a misdemeanor and on conviction thereof said offender shall be fined in any sum not less than \$25 nor more than \$100, or shall be imprisoned in the county jail not to exceed 30 days, and upon a second conviction by both such fine and imprisonment.

Section 4—It shall be unlawful for any person or persons in this state to keep open on Sunday any saloon or place of any kind or description in which spirituous, vinous, malt or any intoxicating liquors are at any time sold or exposed for sale, to be sold or exposed for sale, or to give or sell, or otherwise dispose of, any spirituous, vinous, malt or any intoxicating liquors except as provided for in other parts of this act; or to keep open any theater, playhouse, dance house, race track, merry-go-round, circus or show, concert saloon, billiard or pool room, bowling alley, variety hall, or any such place of amusement.

Any person or persons violating this section shall be guilty of a misdemeanor and on conviction thereof said offender shall be fined in any sum not less than \$20, nor more than \$250, for each offense, and shall be punished by imprisonment in the county jail not to exceed 30 days, and upon a second conviction any license which may have been granted for opening and maintaining any such place of business shall also be rendered void and not be renewed within two years next thereafter.

Section 5—It shall be unlawful for any person or persons in this state to engage on Sunday in horse racing. Any person or persons violating this section shall be guilty of a misdemeanor and on conviction thereof said offender shall be fined in any sum not less than \$5 nor more than \$100, or shall be imprisoned in the county jail not to exceed 30 days, or both by both such fine and imprisonment.

Section 6—It shall be the duty of each prosecuting attorney, sheriff, constable, city or town marshal, or any and all other public officers in this state to inform against and diligently prosecute any and all persons guilty of the violations of the provisions of this act, either upon credible information as to any such violation, or upon reasonable cause to believe that there has been any such violation.

Any said officer who shall refuse or willfully neglect to inform against and prosecute said offenders against this act shall be deemed guilty of a misdemeanor and on conviction thereof shall be punished by fine of not less than \$50 nor more than \$500, and the court before which said officer shall be tried shall declare the office or appointment held by said officer vacant for the remainder of his term.

Section 7—All acts and parts of acts, other general or special, in conflict with the provisions of this act are hereby repealed in so far as they conflict with the provisions of this act.

#### STATE NEWS.

The postal department has increased the pay of Idaho clerks \$100 per annum.

Judge Fremont Wood has overruled the motion of the defense for the discharge of Moyer, Pottibone and Haywood.

Judge Alfred Budge, whose district formerly included what is now Twin Falls county, is reported to be seriously ill.

A. K. Stenunberg, one of the most prominent financiers of the state and a brother of the late Frank Stenunberg, former governor of Idaho, died at his home in Caldwell last Saturday.

Mayor Rossi of Wallace has closed all the gambling houses in that city and has announced that no more gambling will be permitted during his administration. He has two weeks more to serve.

Settlers under the government reclamation projects are concerned over advice from the department to the effect that the government may, if it so desires, cut their units down to 40 acres. The land that is cut off will go back to the government for homestead entry.

Frank Hunt of Swan Falls has been recommended by Senators McBurn and Hildreth for the Republican nomination to succeed George A. Robethan, who has served one term and was an applicant for reappointment. Hunt was endorsed by the Republican state organization. The salary is \$3,000. Hunt has resigned the speakership of the house of the Idaho legislature, so it is understood here, to accept this position.

#### CURRENT WORLD.

By an explosion of fire damp 75 miners lost their lives in the shaft of a coal mine at Weinsbach, Germany, last Saturday.

The motemen and conductors of the Butte street railway system struck last Saturday and the trolley system of that city is tied up.

It has transpired that the war between Nicaragua and Honduras grew out of the alleged theft of a mule. Fighting is still in progress.

The members of the board of supervisors of San Francisco have been summoned by the grand jury and sensational charges of graft and extortion have been made.

The Ohio and Alleghany rivers have been on the rampage and have wrought damage amounting to \$25,000,000. The Truckee river in Nevada is also out of its banks and has caused great property loss.

The business men of Goldfield, Nev., and the Mine Owners' association of that city have declared that the operations of the Industrial Workers of the World must cease in the big mining camp.

Reports of experts of the ordinance bureau tend to show that the discharged shells which were picked up in Brownsville after the shooting affray which led to the discharge of Company D of the Texas 10th infantry were fired from guns in the possession of members of that company.

Helicon Hall, the home of Upton Sinclair's co-operative colony at Englewood, N. J., was destroyed by fire on Saturday last. Lester Briggs, a carpenter of Providence, R. I., was killed, and Mrs. Grace McGowan Cook, a well known writer of short stories, suffered what is believed to be fatal injury.

Angry at his two sons, Milton and Fred, because they built a fence when he had told them not to do so, E. G. Crow, a farmer at Empire, Nev., secured a rifle and shot both sons, injuring them seriously. His older son, George, was standing near, and grabbing another rifle shot the father through the head, killing him instantly.

Reliable information regarding the city and county promptly and cheerfully furnished. Give all communications to The News Publishing Company, Twin Falls, Idaho.

Entered as second-class matter, December 12, 1905, at the postoffice at Twin Falls, Idaho, under Act of Congress of March 3, 1879.

Superintendent Alkon of the power company returned this week from Kootenai county, where he went to purchase poles for the power lines. He obtained the poles at Sand Point but found that he could not move them. Mr. Alkon was informed by the O. R. & N. that the Northern Pacific already had about 3000 O. R. & N. cars which it would not return, consequently the O. R. & N. declined to allow any more of its rolling stock to fall into the hands of the Northern Pacific. Mr. Alkon called upon the traffic manager of the Northern Pacific, who referred him to the superintendent. The superintendent turned him over to the car accountant, a very haughty official, who positively declined to permit a transfer of the poles from Northern Pacific to O. R. & N. cars at Spokane, although Mr. Alkon offered to pay the local rate from Sand Point to Spokane, which would increase the cost of the poles 35 cents each. Nor would the Northern Pacific allow any of its cars to fall into the possession of this O. R. & N. The reason given for refusing to transfer the poles at Spokane was that the company insisted upon billing its cars through to their destination. Thus Mr. Alkon was unable to move the poles. He finally induced the O. R. & N. to divert cars to the Northern Pacific and he is inclined to believe that the power company will have to furnish an armed guard for the rolling stock. The experience of Mr. Alkon shows conclusively that the Northern Pacific is not keeping pace with western development. Under the circumstances it is not surprising that the Interstate commerce commission has work to do in Spokane.

The enormous losses caused by floods during the past week emphasize the need of preserving the forests. While floods have prevailed since the days of Noah, it cannot be denied that in recent years they have, in many sections, been directly attributed to the denudation of the forests. It is possible to cut and remove mature timber without destroying the young trees or leaving the land so bare that it will not hold snow. The Truckee river, which is now on the rampage, was a well behaved stream until the land in the vicinity of its head waters was stripped and burned. The same is true of many other streams which have been ruined by the depredations of the lumbermen. While it is true that we must have lumber, it is equally true that we can obtain it by harvesting the timber in a proper manner.

The non-partisan municipal ticket nominated at the mass meeting last evening is thoroughly representative and progressive and should give the city splendid government. Fred Velt is an active and up to date citizen who can be relied upon to act and act promptly and effectively. The ordinances will be strictly enforced under his regime and there will be no lagging in public improvements. The candidates for aldermen are all prominent business men who, if they conduct the affairs of the city as they manage their own business, will make Twin Falls one of the best governed towns in the state. The men selected for the other municipal offices are competent and highly respected and it is fortunate that the citizens should have united upon the ticket.

The county commissioners are proceeding cautiously and conservatively. They are not splitting hairs, neither are they plunging. Every move is carefully considered and there is system in every act. The commissioners have a difficult task before them but they also have the ability to perform it and they are doing their work thoroughly.

## SCHOOL NOTES.

The seventh grade baseball team was badly defeated by the High school team last Friday by a score of 21 to 9. The High school boys are looking for some one else to play now. The declaratory contest has been postponed from April 5 until April 12.

The Arion day program will be given at 9 a. m., April 12. Each grade will plant something of its own choice and will have the care of it. Each plant will be dedicated to some person. After the exercises all of the pupils will be given a plant by Mr. Newton to plant at home.

Last Monday afternoon Miss Hall gave a very interesting paper on "Helen Keller." Miss Hall emphasized the point that since Miss Keller had achieved so much without sight, hearing, or what are possessed of those who can achieve even greater things.

The eighth grade are taking the state examinations under direction of Mrs. Shallock this week. Reports will be given later.

## Millions of Dollars Lost by Farmers

THE LOSS to the farmers of the United States from "SMUT" and other fungous diseases of wheat, barley, oats and other grain amounts to millions of dollars every year.

The spores or seed of the fungus are on the seed grain which you plant; when the grain sprouts and grows the fungus grows too; it follows up through the stalk into the blade and into the ear, and the result is blighted grain. The same holds true of "SCAB," which has proved such a blight to the Irish potato crop.

We want to remind you that you have been contributing your share to this tremendous loss, and that you can stop it by treating your seed grain and potatoes with some good germicide which will kill the fungus. Probably the most effective of these agents is FORMALDEHYDE; but the economy in its use depends upon its strength and purity. We carry the stock Formaldehyde prepared by PARKS, DAVIS & Co., and we guarantee its strength and purity. You can't afford to take any chances in this matter; when your seed is in the ground it is too late to correct the mistake; if you buy weak, adulterated Formaldehyde it will not show until the grain is half rotten.

Can You Afford to Use It? The price of a bushel of wheat expended for Formaldehyde will add several bushels to the next harvest. It takes as much land and labor to raise a light crop as a heavy one. Think it over and come to see us.

Directions for Use  
Add one pint of Formaldehyde to 40 gallons of water and mix well by stirring. Place the grain in heaps on the floor and wet it well with the solution, turning continually with a shovel so as to wet all parts of the grain and prevent drying. Repeat the treatment in a few hours.

Barley and Oats require a larger quantity of the water solution to soak through the chaff. After the soaking the grain can be planted at once, but it is better to wait until the following day.

Potato scab may be prevented by soaking the whole potatoes in the diluted solution for two hours. They are then ready to be planted at any time.

These Directions are Approved by Superintendent McPherson.

## BREVITIES

Harry J. Byrns of the Byrns-York Co. of Boise, was a Twin Falls visitor on Monday.

Miss Grace Kierstead has recovered from her recent illness in Boise and is working pretty hard to catch up with accumulated work.

German Lutheran service will be held in the Zion Lutheran church at 2:30 p. m., followed by English services at 3:30 p. m.

John D. Spencer has commenced suit in the district court against Bernard Stricker to recover on a promissory note for \$154, issued May 21, 1906, and due October 15, 1906.

Mrs. W. J. Young and Mrs. Conway will entertain the Ladies' Aid society of the Presbyterian church at a reception to be given in honor of the visiting officers on Thursday, March 28, at the residence of Mrs. Conway.

An action has been instituted in the district court by Twin Falls Lodge No. 23, I. O. O. F., against Don C. Bryan and O. C. Smith requiring the defendants to convey to the plaintiff lots 17 and 18, block 103, Twin Falls townsite.

J. B. Hall of Lansford, North Dakota, and went to Milner, where he will be an attorney and is looking over this section of the state with the view of locating if he finds a suitable spot. He likes the looks of the Twin Falls townsite and it would not be surprising if he decided to remain here.

Jack Howe came in from Abbey on Monday and went to Milner, where he will join the engineering department of the Twin Falls North Side Land & Water Co. He had sworn off engineering, as he was becoming an expert farmer, but his services were needed and he laid aside the plow for the time being.

The Ladies' Aid society of the Baptist church has arranged to give a 20-cent Easter tea in the building next to the Odd Fellows hall on Saturday, March 30. They will also conduct a provision sale, making a specialty of colored eggs for the little ones and "scripture cake" for those who have a sweet tooth.

P. J. Paulson returned last Thursday from Denver, where he stopped over for six weeks on his way west from Minneapolis. Mr. Paulson went to Minneapolis last autumn to undergo an operation for appendicitis which was successfully performed, and he has been improving amazingly and he is now 10 pounds heavier than when he went away. Mr. Paulson said the winter had been very severe in Minnesota, but he had a thermometer never got above 10 degrees below zero, ranging down to 32.

L. Anderson, who arrived from Pullman, Wash., last week, has purchased 10 acres of land on Blue Lakes avenue from C. H. Olmstead and will immediately erect a \$2000 house on the property. Mr. Anderson brought with him the lumber for his house and the carpenters to build it and will waste no time in erecting his new home. In addition to this purchase Mr. Anderson has bought farm lands on the tract to the reported value of \$15,000. This includes a tract of 320 acres near Hansen, every foot of which he proposes to place in cultivation this year. He means business and his acquisition will be a distinct gain to the city. Mr. Anderson is a splendid citizen and he has great confidence in the future of Twin Falls.

Smith & McMaster have a "Missouri canary" at their barn and breeding corral opposite Gallier's stable on Thirteenth street. The canary is a handsome bird and weighs 1200 pounds. He bears a striking resemblance to the famous steeple of Democracy. His pedigree is as long as the nose of a horse, but he never gets unhappy at times and his ravenous lamentations bring tears to the eyes of strong men. Frank Lytle, who looks after the bird from the "show me" state, declares that the canary sings only when he is blue and the reason he becomes blue so often is because he is blue in the blood, which he got from the far away plains of Australia. Charley McMaster named the canary "Honest Bob," as a compliment to Bob McCollum, who is said to have for stable companions "Lucky" and "King Brilliant," two magnificent Percherons, and "Frank E." and his handsome son, two of the finest type of Morgans. All five have been on the Twin Falls tract for a year and judging from their fine condition it would seem that the climate and feed agreed with them.

## Formaldehyde

## Bedford Drug Co.

Pharmaceutical + Chemists

C. C. BEDFORD, Mgr. Twin Falls

George P. Sprague has been confined to his bed all week by an attack of sickness.

Services will be held in the Catholic church Sunday morning, March 24, at 10 o'clock by Father Bousmann.

J. H. Shields has moved with his family to his farm near Buhl. He will occupy D. E. Burley's residence until his own is completed.

Ivan B. Rhodes, state secretary of the Y. M. C. A., will be in the city over Sunday and will speak at the city meeting in Odd Fellows' hall on "The Things That Make a Man."

C. W. Dyer is short one house dog, principally Newfoundland. The missing animal is large and of a brown color. He strayed away a few days ago and the deputy sheriff would like to get it back.

The Misses Hood are working a wagon change in the appearance of the Cash store. Their stock is coming in and they are making a very pretty display.

The heaviest rainfall of the season occurred on Wednesday night when it stormed for hours. Occasional peals of thunder and flashes of lightning accompanied the rain. Within a few tranches, which are 10 to 12 feet in depth, were filled to the brim, but the water soon soaked into the ground.

Double shifts are now being worked on the power plant at Shoshone falls. A miniature electric lighting plant has been rigged up for the night crew, which is engaged in riveting. Mr. Barry will return from the east on Sunday. Splendid progress is being made.

The Famous Shoe store is now in its new quarters in the Boyd block and has fitted up a neat and attractive shoe display. Within a few tranches that Keel put up all the stock on the shelves without the aid of a step ladder, which goes to show that he was intended by nature for a shoe dealer.

Manager H. C. Duffin of the Consolidated Wagon & Machine Co. returned yesterday from Idaho Falls, where he was called on a sad mission. While at home Mr. Duffin buried his baby boy. Mrs. Duffin has been quite ill, but is improving. Mr. Duffin and his friends in Twin Falls who condescend with him in his sorrow.

The village trustees have divided the city into two wards with Shoshone avenue as the boundary line. Ward No. 1 includes all that portion of the city northwest of the avenue, and Ward No. 2 includes the section on the southeast. W. J. Smith is registrar for Ward No. 2. Dr. J. M. Rogers has been appointed registrar for ward No. 1 and will have his office in the News building on Saturday.

The male population is agitated over the arrival from New York of a woman, 27 years of age, who has taken charge of the dressmaking parlors in Osborne & Ferney's store. Mrs. Meadows has inspected all the late arrivals and has concluded that she is a menace to their pocketbooks. This is the Easter hat season and the means of the city will be the greatest. Men are too galled to let Mrs. Meadows know their fears and she may never hear of them.

Settlers are coming in at a lively rate and most of them are bringing their stock and effects. Since the first of the month the average has been one car per day. Carloads have been received since March 1 by A. C. Van Auden, L. Thomey, H. P. Tandy, W. A. Moorman, A. P. Hill, E. L. Silinke, C. Little (Wheat), J. Trumble, L. B. Jennings, G. W. Parsons, P. Knippen, L. Stevens, E. J. Malone, Wyatt & Miller. The settlers are bringing in fine stock, such as registered cows, registered swine and excellent horses and poultry.

The first marriage license issued in Twin Falls county was granted by Recorder Harry West to Jesse S. Stanley and Mrs. Clara Stanley of Kimberly, who were married in this city last evening. Though bearing the same name the contracting parties are not even remotely related. Mr. West was shy on license blanks but he wrote out a license in due form which he declares, will hold in all kinds of courts. Mrs. Stanley will be presented with the big broom offered by the Twin Falls Broom factory to the first couple married in the Twin Falls city. This will relieve Jim Stanley of a grave responsibility, as the precious broom has been in his charge for some time and he was beginning to think they might be something in the race suicide theory.

It is remarkable what an attraction Charley Booth's show window has for the lot of this time of year. Lucky bachelors!

Arthur J. Peavey has accepted a position with C. T. Hamilton & Co. Mr. Peavey has a farm four miles east of Buhl which he has leased for the season.

The members of the first department will meet at Frank Lindsey's furniture store on Main street on Wednesday evening, March 27. It is desirable that the members of the department be present.

George Wilson and Miss Blanche Slack of Albion on Tuesday and have taken up their residence in their home on Thirteenth avenue. The home and garden have many friends in Twin Falls who wish them a full measure of happiness.

J. O. Wyatt will bring in another crop of horses from Mars about the first of April. He disposed of his first carload in short order and will, no doubt, meet with the same success with the second. He has a horse that can always be sold in Twin Falls, there is no demand for that which is inferior.

County Clerk Joseph Y. Haight of Cassia county came over on Wednesday evening to assist the commission and Mr. West in transferring county records and documents. Everything is in fine shape and there has not and will not be a hitch of any kind in the transfer. Mr. Haight had all the papers in perfect order.

Two big transfers were made through S. T. Hamilton & Co. during the week. One was a transfer of 4000 acres from Will Perrine for \$5000 and P. H. Smith acquired 40 acres of C. S. Loveland's quarter section south of the city for \$1500. Both of these transfers were made by Mr. Morgan's land adjoints the townsite, while Mr. Smith's is about a mile south.

At the council meeting on Wednesday evening the trustees voted to pay J. T. Willis \$250. In addition to the \$200 allowed him by the commission for compensation for the damage to his land by reason of the sewer drain. Trustees Harder, Smith and Sprague were appointed a committee to confer with the county commissioners in regard to the use of the city jail by the county.

Don McKay, father of Mrs. I. B. Perrine and Mrs. George Evelev, is here from his home in Cranbrook, British Columbia. Mr. McKay formerly lived in Shoshone and had not seen the city since. He was a sagebrush desert. He was stationed at the change, which he could scarcely credit. Mr. McKay and Mrs. P. Fryar were in Buhl to visit Mrs. George Evelev early in the week, returning on Wednesday.

Maud S. Fryar, wife of George R. Fryar of Twin Falls, died unexpectedly on Monday, aged 23 years. The body was taken to Miller's undertaking parlors, where it was embalmed for shipment to San Springs, where the funeral occurred on Thursday. Mrs. Fryar was the daughter of Mr. and Mrs. John Scott of Tacoma and her death was a severe shock to her many friends, whose sincere sympathies are extended to the bereaved husband.

State Engineer Stephenson is here conferring with Engineer Hamming, who is making a preliminary examination of the tract prior to the inspection by the engineering board which will begin about the first of April. Mr. Stephenson is particularly anxious that all complaints of whatever character should be made to Mr. Hamming. He is desirous that every section of the tract should have an unrestricted opportunity to present its grievances, if such there are.

Articles of incorporation have been filed by the Citizens State Bank of Buhl, of which L. D. Allred is president, John Lorenz vice president, R. W. Allred cashier and J. W. Hayward and L. A. Warner directors. The bank will open for business as soon as its capital and will likely lease quarters until its own building is completed. R. W. Allred, who is to be cashier of the Buhl bank, is very much pleased with the looks of Buhl and vicinity and is confident that the new bank will thrive.

The J. G. C. met with Mary Miller last Saturday. The girls set a whole some example to their elders by putting in their time darning socks and dressing dolls. This will relieve Jim Perry of a grave responsibility, as the precious broom has been in his charge for some time and he was beginning to think they might be something in the race suicide theory.

Carl Hahn owns a "reporting hen," which is worth \$100 to any person who wants just that kind of a bird. The hen refuses to go to roost in the evening until she has shown Mr. Hahn the location of the egg which she deposits daily. Mr. Hahn was puzzled to find the hen roosting on his front doorstep every night. When he came home she would cackle and strut about, apparently trying to attract his attention. When he was late to roost, she would lay in the henhouse. Carl thought the hen had a "brain storm" until he met C. E. Fitch of St. Louis, who informed him that he had a genuine "reporter." Mr. Fitch said this particular and rare variety of poultry was bred in the Ozark mountains and trained to report to their owners whenever they laid eggs. He advised Carl to follow the hen and she would lead him to her nest. Sure enough, Carl tried the experiment that evening and the hen led him to a small little nest in the yard in which she had laid a dozen beautifully colored Easter eggs. When the eggs were removed the hen gave a satisfactory cackle and went to roost with the other fowls. Anyone who doubts this story is at liberty to inquire of Mr. Hahn for proof.

Judge E. A. Walters arrived last evening and is today settling the judicial machinery of Twin Falls county in motion.

The railway grade between Twin Falls and Buhl lacks but three miles of being finished and the steel is down for a distance of 3 1/2 miles west to the second coulo, where a bridge is being put in.

John Balsch, who came to Twin Falls from Pallando, Colorado, has received a carload of trees for his farm north of town. Mr. Balsch is putting in 20 acres of peaches and 10 acres of grapes, apples, soft shell almonds, cherries, pears and small fruits. He will have five varieties of grapes, including Muscat and Flaming Tokays. Mr. Balsch is an experienced horticulturist and he knows exactly what he is undertaking. His Pallando land brought \$1500 an acre and he expects to make his Twin Falls property equally valuable. Mr. Balsch is much interested in soil, soil and manure, which he will do well on the Twin Falls tract, though they are harder to grow than the hard shell variety, which has already proved a success at Blue Lakes. He brought two handsome Jersey cows, which are record breakers at milk producing. Mr. Balsch has put up two large buildings on his farm and is planning a fine residence.

## 30,000 Acres OF Carey Act Land

The State Land board of the State of Idaho has set the date for the first opening of the 180,000 acres of Carey Lands under the Twin Falls North Side Canal for

## Monday, April 22, '07

The first opening is for 30,000 acres and will take place at Milner, Idaho, under the supervision of the State Land Board. Entries will be made by drawing the same as at the openings for entry of the lands under the south side canal.

These lands are sold at 50 cents per acre and the water right \$30 per acre. Twenty-five cents to the state on making filing and \$3 per acre for the water right at time of filing. Terms on balance in ten annual payments.

This is an exceptional opportunity to secure fine farms close to the dam and makes a short canal to reach the lands. Take the Oregon Short Line to Minidoka and change cars for Milner.

## Milner Townsite

Milner townsite will be thrown open for the sale of lots on April 22, 1907. This will be the Junction City, as electric lines are projected to connect up North Side lands with the railroad at Milner and grading has already been commenced.

Foundation for \$30,000 hotel has been completed; bank and company headquarters are to be located at this town, as well as several other enterprises. Water system is now being installed. Terms on lots are one-fourth in cash and one, two and three years on deferred payments.

## RECLAMATION SERVICE TO BE INVESTIGATED

Grave Charges Filed by Special Agent of Interior Department Against Supervising Engineer Ross and Others Connected with the Work in Idaho—Ross Makes Strenuous Denial and Demands Immediate Investigation.

Secretary Garfield of the interior department is taking up serious charges made by Special Agent A. R. Green against D. W. Ross and other engineers of the reclamation service in Idaho, which were filed some time ago. The secretary refuses absolutely to discuss the matter, saying that the report of Green is confidential. It has been the policy of the department to always retain such reports as secret until finally investigated and some action taken pro or con. It is stated that the federal grand jury, which has been called at Boise to investigate land fraud matters, will inquire into the facts alleged by Green. Green was the original investigator who started the land fraud cases in Oregon, which were taken charge of by F. J. Honey some time ago and are still in progress which resulted in the conviction of Senator Mitchell and congressman Williamson and the indictment of Congressman Hornum, who is now on trial, and also the conviction of some prominent Oregon politicians and the indictment of another not yet tried.

**State of Charges.**  
The charges in general are that engineers and other officials of the department are "standing in" with favored contractors in some instances, and in other instances have thrown out bids in order to make connections on the purchase of machinery by the government and to "profit in other ways."

In Idaho the Boise-Payette irrigation project has been under special scrutiny. Supervising Engineer D. W. Ross are in direct charge of the work, reporting to superiors in Washington.

Evidence has been secured bearing on the relations of the contracting firm of Hubbard & Carlson, having headquarters at Boise, with certain department officials. It is charged in affidavits now on file that this firm has received many special favors and explanation has been asked of the reason for this.

The affidavits now on file with the secretary of the interior also make charges that certain persons have been favored with advance "inside" information as to irrigation projects, whereby they have been able to speculate on the land to be benefited.

One instance is cited wherein the government engineers pretended to favor one project, giving out newspaper interviews to this effect, while the clique on the inside was picking up land which would be helped by any other project. When the clique had secured the land it wanted, the interior department officials changed front and decided in favor of the other project. A life insurance company in one of the middle states is declared to have profited \$125,000 by this transaction.

The affidavits deal with the harnessing of contractors who were not "on the play," so as to freeze them out and give a monopoly to the select who were favored by "extra" and in other ways. It is declared that capable and honest engineers who stood in the way of the grafts were removed or transferred where they would prevent the carrying out of the schemes.

It is understood here that the work in Utah, Nevada and other western states has been under investigation with general reference to commissions on purchase of machinery. In Idaho much evidence has been collected as to discriminations between various contractors. This evidence has been given to Washington.

**Demands Investigation.**  
D. W. Ross has telegraphed the department demanding an immediate and searching investigation. He bitterly denounced Colonel Green and the newspapers friendly to the service have severely cast that official and predicted his removal.

**HIGH LICENSES FOR SALOONS**  
New Law Provides for Straight License of \$750 per Year.

The new liquor license bill passed by the recent legislature did not carry an emergency clause and will not become effective until 60 days after the date on which it was signed by the governor.

The principal provision of the bill is a straight license of \$750 for over a year of whatever grade. In the state heretofore there has been a graduated system, from \$100 to \$300, and then to \$500. The bill was at one time passed with a graduated scale, providing a \$200 license for precincts of subdivisions under 150 voters; \$300 up to 500 voters, and \$750 above 400 voters. At the time this amendment was agreed to—which was after the bill had been recommended to the house, with a straight license fee of \$750—another amendment was made requiring the county commissioners to refuse to grant a license in precincts where a majority of the voters position against it. Later, this amended bill was returned to the committee of the whole, the petition provision was stricken out, and a straight license for restored. Some amending was done in the senate, but nothing affecting the provisions of the bill.

Besides the license fee, the measure requires a bond of \$3000 before a license can be issued. This bond may be collected in case of prosecutions arising out of "misconduct or illegal selling of liquor." The commissioners may refuse to grant a license with or without cause, wherever in their judgment it will not serve the best interests of the people of the community. The old law did not make it optional with the commissioners; they were obliged to issue the license if requested. The new law, however, may be revoked upon sufficient complaint against the licensee of keeping a disorderly house.

The emergency clause was attached to the original bill, making it effective immediately upon the governor's signature, but this was stricken out, and the bill will now have 60 days after his signature before it becomes a law.—Statesman.

**TROUBLESOME SPRING FLOODS**  
Several Western Streams Are Out of Their Bounds.

A number of the larger streams in the west are carrying an abnormal flow of water and are causing great damage. The Truckee river in Nevada has been running over its banks for several days and has wrought havoc. The steel bridge over which the Southern Pacific crosses the Truckee at Verdi, Nevada, has been carried away and the track in the vicinity of the bridge has been damaged. It is possible to transfer passengers and mail at the break but it will be several days before through communication is established.

The Los Angeles & Salt Lake railway will not be able to repair the damage to its roadbed through the Meadow Valley wash and beyond Las Vegas to the southwest for a fortnight.

The northern and central California rivers are overflowing and immense damage has resulted thereby. A large part of Oroville has been inundated and Marysville is under water. The Morrison island bridge across the American river has been washed away and other bridges are in danger. Railroad and telegraph communications are interrupted in all directions. At Logan's Ferry, in Monterey county, the Southern Pacific track has been covered to a depth of 20 feet by a landslide.

In Idaho the Boise and Payette rivers are up to within 15 inches of the extreme high water mark and slight damage has resulted.

The Snake river is going up but is still only slightly above normal.

## Choice Irrigated Lands

### Improved Lands for Sale, Located in the Payette Valley. Prices Reasonable.

#### Terms to Suit.

Level, smooth land, three miles from Emmett, has been plowed and leveled. This last fall 60 acres of fall wheat was put in and was well-plowed. Is well fenced with heavy cedar posts a rod apart with four strands of galvanized barbed wire.

There is a good house, 14x28, with cement foundation, good well with pump on it; good barn for five head of horses; wagon shed 16x24, chicken house 10x12; everything is put up in the best possible manner. All of the outbuildings are of dressed lumber with shingle roofs and everything painted, including roofs.

House is painted white with green trimmings, everything also red with white trimmings.

Land adjoining it on the east sold by the state for \$47 per acre. Will sell 80 acres of the full 170.

Smooth, level land with just a gentle slope, making an ideal farm for irrigation. Has been plowed in fine shape, is all in fall wheat, has good stable for 10 head of horses, it being 10.48x50; wagon shed 32x24, 10 feet high; chicken house 10x12; large, roomy collar, and the farm is well fenced with cedar posts a rod apart and four strands of heavy galvanized wire.

Five-room house, cement foundation, very nicely built and well finished, tiled and good enough for anybody to live in; very conveniently arranged, with pantry, closets, etc.; good well with pump.

Also have joining it on the east 100 acres fenced and cleared, no other improvements. Will sell all or part.

Same style of improvements as on the northeast-quarter-section 30 referred to above. 60 acres in fall wheat which is in the condition.

There is a telephone in each of these houses and the land is situated convenient to the irrigation system and the cream of the celebrated Emmett bench, it all being situated in township 7 North, 2 West, Boise Meridian.

These places will be sold on long time at 8 per cent and will be parceled out if so desired.

We have a full equipment of horses, wagons and farming tools which can go with this land if so desired.

Water will be ready for delivery as early as it is needed this coming Spring, as the ditch has been completed and is being put into the present use.

These places are all conveniently located as to range in one of the best sheep countries in Idaho.

Lumber is worth \$20 per thousand delivered at the ranch and brick at the town of Emmett is selling from \$7 to \$8 per thousand. All the buildings above mentioned have shingle roofs and everything has received two coats of paint. Houses have oiled floors and are finished in first-class manner.

**DECIDED AGAINST TRUSTEES**

Twin Falls Had Right to Become City of Second Class.

The supreme court of Idaho has decided that Twin Falls had the right to change its form of government from that of a village to a city of the second class without holding a village election. The case in which the decision was rendered was that of Boyd vs. Bleckel, wherein the plaintiff applied to the district court for a writ of mandamus compelling the trustees to call an election as a city of the second class. The trustees having refused to call such an election for the year that no village election had ever been held. This district court granted the application for the writ and the trustees appealed to the supreme court, which affirmed the decision of the court below. The decision was written by Chief Justice Allshouse, who said in part:

**A Happy Home**

In the Upper Snake River Valley

Fine climate and plenty of water. Cheap for all purposes. Farmers own the canal; ditch maintenance yearly 10 cents to 25 cents per acre. The greatest irrigated agricultural country in the world. 75 to 120 bushels of oats, 40 to 60 bushels of wheat, 75 bushels of barley, 12 to 20 tons of beans, 500 to 500 bushels of potatoes are a fair average. We can show you oats in the granary today, threshed last September, that averaged 101 bushels per acre and will weigh now 48 pounds to the bushel. Small fruit in abundance and the finest apples in the land, free from moth or scale.

No. 1—210 acres of Eain bench, unimproved, good water right, \$7,500.

No. 2—100 acres on Eain bench, near sugar plant, improved, 100 lbs for beans, plenty of water; \$90 per acre.

No. 3—60 acres, an abundance of water, well improved, one-half mile from St. Anthony, \$6,000.

No. 4—750 acres of Eain bench, improved but no buildings. Corner one-half mile from town, \$55 per acre.

No. 5—160 acres, new house, good barn, two miles from St. Anthony, 25 shares of water, \$45 per acre.

No. 6—160 acres, three miles from Ashton, level, fine to irrigate, 100 lbs for beans, 100 bushels of wheat, 15 acres alfalfa, 60 acres flat plowed, \$2,500 water right, which is more than sufficient, one of the finest tracts in the country; \$1500 per acre, \$4000 at once. Will carry one-half to three-fourths of same at 8 per cent.

No. 7—40 acres, one-half mile from a new town, level as a floor, \$75 per acre, fine for suburban tracts.

No. 8—80 acres, high rolling prairie, five miles from depot; a relinquishment; \$20 per acre without water; will furnish water for 10—200 acres, five miles from depot, \$25 per acre, easy payments, 6 per cent.

No. 11—2000 acres, nine to 12 miles from railroad and new town, fenced, partly in cultivation, no buildings, good water right, some small timber, balance high rolling prairie; suitable for colony; \$2750 per acre, terms reasonable.

No. 12—80 acres, one mile from depot, good water right, assignment and 100 lbs for beans, \$20 per acre, \$1,000 cash, balance ten annual payments 7 per cent.

No. 13—80 acres, relinquishment, eight miles from depot; running water, \$500 cash.

No. 14—100 acres, relinquishment, nine miles from depot, unimproved, \$200 cash.

Will carry one-half to three-fourths the price of any of above described lands, except relinquishments, on long time at from 6 to 8 per cent interest. Write

## GREAT AWAKENING AT BUHL

Settlers and Land Seekers Continue to Flock In.

BUHL, March 20.—Mrs. Andy Wilson left Monday for Tokerville, Utah, to visit her parents and friends there for two months.

E. W. Gorrill, recently of Mountain home, Idaho, bought out Harry Earr, the barber, and is conducting the business at the same place, in the barber shop of Hotel Buhl. Mr. Gorrill and his wife have taken up their residence temporarily in Andy Wilson's house, where they will live during the absence of Mrs. Wilson in Utah.

Alex McDonald has built a house on his ranch a mile and a half south of town and has gone to live there for the purpose of making final proof.

W. S. Harris gave a bachelors' dinner last week to some of his lonely friends. It was a great feast, and the party homely enough, and they enjoyed it well not soon forget it.

Professor E. A. Wyatt went to Twin Falls Saturday and filed on a 40 about four miles south of town, and sent a power of attorney from his son, who lives in Kansas, to Twin Falls Monday to file on another 40. The professor is enthusiastic over the future prospects of this end of the tract and his own good fortune in getting in on the ground floor.

St. Patrick's ball was a brilliant affair and a huge success all around. It was attended by people from all the surrounding country. The young and the old were there in large numbers, and everybody was glad to get the first ball given in honor of Ireland's patron saint in Buhl will long be remembered by those who were there and was a great honor to St. Patrick and to Buhl.

Jack White, editor of the Buhl Pioneer, attended St. Patrick's ball but was driven to desperate expedients to avoid going alone, and as a last resort had to sacrifice his whiskers.

Don McKay, father of Mrs. George L. Eveleth, arrived in town Thursday from Cranbrook, British Columbia. He was accompanied by his other daughter, Mrs. I. B. Perrine of Blue Lakes. He will spend some time in Buhl and will then return to his former home, but he intends coming back to Buhl in the fall to reside here continually. He passed over the Twin Falls tract 22 years ago and predicted then that the Snake river valley would some day have a population of 500,000 people, and he is yet young enough to live to see his prediction verified. He is already boasting for Buhl and childing his grandson, Don, for being a smasher.

J. W. Howe and wife came up from Abbey Saturday night and left for Klinger Monday to accept a position as civil engineer on the north side project.

T. R. Allen will soon commence the erection of a residence on the north side of the townsite, on the Barstow ranch.

G. A. Farlow and family, who are residing temporarily in Twin Falls, have rented the Eveleth dwelling house on Main street and will occupy it about the middle of next month. Geo. Wade came in from his ranch Thursday on business, but did not stay long, as the sagebrush is still demanding his attention.

A. F. Frodenhagen was a Buhl visitor Friday.

George R. Dunn arrived from southern California Thursday, after basking all winter in the sunshine of that glorious climate. Mr. Dunn has extensive interests in and around Buhl, and will commence at once to improve his property in town and country. Business requires him to depart for the Palouse country in a few days and will detain him there for some weeks, after which he will return to Buhl to superintend the work on his ranches. He contemplates a trip to the contact country. He said that he heard great talk about it in California and Nevada, and he believes it will turn out to be as good as Ely, Nev. We are all glad to have George back in Buhl. He is a whole-souled, generous and pleasant young man, and to know him is to like him; hence his welcome back to Buhl.

W. M. Alfred of Boise was in town Friday looking up a good location for a bank. He went to Twin Falls Saturday and is expected back again this week to begin preparations for establishing a bank here. He has great confidence in the future of this end of the tract and particularly in Buhl.

Earn Davis came up from Twin Falls Thursday and spent a few hours in the City of the Setting Sun.

C. F. Raymond of the Magic City

was a Buhl-visitor Friday.

Mrs. F. E. Southern of Twin Falls was a guest of Hotel Buhl one day last week.

Mrs. A. A. Samplate of Twin Falls registered at Hotel Buhl Thursday.

Miss Maude Smith of Twin Falls came up for a short stay Thursday and spent several days the guest of Hotel Buhl.

T. J. Woods, the Twin Falls real estate man, was a Buhl business visitor Friday.

E. E. West of Georgia was a home-seeker on the tract around Buhl last week.

E. S. Stewart and A. C. Stewart of Allen, Neb., spent several days of last week looking over this end of the tract with a view to filing on some of it.

A. D. McKinlay came up from Coeur d'Alene ridge Friday night to shake the dust from his feet at St. Patrick's ball and to do it in that line.

J. L. Malone of Ellensburg, who is at St. Patrick's ball, and it looked well on him.

N. J. Jordan came in from his ranch Saturday on business.

J. J. Doll and D. D. Doll of Walla Walla, Wash., took a few days to look over the country on this end of the tract and went to Twin Falls Tuesday to make filings.

Robert Fleming of Ellensburg, Wash., was a guest of Hotel Buhl two days of last week and left for Washington Monday. He made investments in the neighborhood of Twin Falls and Buhl while on the tract. He will soon return to commence operations on his property.

John Skinner and E. R. Charles of Twin Falls were in town Saturday on business.

A. B. Crawford gave the sagebrush on his ranch a rest, Saturday and came into town to see how much it had grown in the last two weeks.

W. W. Humphrey, the genial lively stable keeper of Twin Falls, made a flying business trip to Buhl Tuesday. He says the roads are well-lot it go at that.

Ed. Braun reports a thousand acres sold so far this month. Get rid of it, Ed., and give the other real estate men a little show.

Mrs. T. M. Gilmore has established a millinery department in Ed. Larson's clothing store in the Hotel Buhl building, and from the appearance of the show windows there will be something doing in that line about Easter. She has a large stock of the latest styles in feminine headgear, and more on the road, which she is expected every day. As an old bachelor sizes up the display he is apt to think that he has not been as unlucky as he might be, if some one of the many he had proposed to in his early and foolish days had said "yes."

Ed. Larson is in Twin Falls for a load of groceries. He has added groceries to his other stock and will have a big department store when he gets them in. Mrs. Gilmore is doing the clerking for him in his absence. But Allen resigned that position a few days ago.

Dr. Gilmore's residence on Main street is about completed, but he will not occupy it himself. He rented it for a year to C. S. Peck, but he is going to build another for himself. He says that if people were not so dad gasted healthy in this neck of the woods he would build several houses. He is going to Boise in a few days on business.

J. H. Schooler took a load of passengers to Twin Falls Tuesday.

George L. Eveleth is in Twin Falls on business.

E. P. Hunt of Boise, traveling salesman for the Shaw Advertising company of Kansas City, Mo., was in town yesterday taking orders for 1908 calendars.

J. J. Snelson and C. A. Snelson came in from Sand Springs Tuesday evening.

J. B. Hall of Sandford, N. D., came in on the stage Tuesday to take a look over the country.

R. R. Updegraff of Twin Falls came in on the mail stage Tuesday afternoon.

The school entertainment, which was announced for March 22 has been postponed for one week and will be given Friday evening, March 29, at the schoolhouse. The postponement was made necessary by the fact that the costumes ordered from Chicago were not received in time to allow suitable preparation. A novel feature of the program will be the rendering of the whole of Goldsmith's "Deserted Village," parts having been assigned to 14 different pupils. Songs will be given by the scholars and their friends, and Principal Wyatt has prepared a historical lecture for the occasion. Those who know the success of his previous efforts assure the patrons that if they hear this one they will not be disappointed. Admission free. A full attendance desired.

Mrs. George L. Eveleth and Mrs. I. B. Perrine entertained at the Hotel Buhl in honor of their father, Don McKay, on Tuesday evening, March 19. Cards and a general good time were indulged in until midnight, when refreshments were served in the dining room. The following were the guests: Mr. and Mrs. E. A. Wyatt, Mr. and Mrs. T. M. Gilmore, Mr. and Mrs. P. S. Marshall, Mr. and Mrs. M. D. L. Barstow, Mr. and Mrs. T. R. Allen, Misses Milner and Hinckley, Messrs. F. J. Monahan, B. Boyd, J. R. H. Cost, G. R. Dunn, E. R. Charles, John Hinckley and A. J. Milner.
