

FINEST CANAL SYSTEM THEY EVER INSPECTED

Noted Engineers Selected to Pass Upon the Physical Condition of the Twin Falls Project Pronounce It Strictly First Class—Canals—Are a Conspicuous Advantage—Dam, Reservoir and Canals—Are Sound as a Dollar and Tight as a Drum.

The board of engineers selected by the state, the Canal association and the Land & Water company has practically concluded the inspection of the dam and main canal system. The laterals will be carefully scrutinized and any other questions which may be brought before the board will be given attention. With the exception of Mr. Waller of Pullman, the engineers comprising the board have returned to their respective homes. Mr. Waller, who represents the Canal association, is still at work. The other members of the board will return later, having been called away on other important business.

While the engineers have neither submitted a report nor expressed their opinions for publication or private information, they have conveyed a good many impressions. They are unanimous in declaring that the Twin Falls project is the grandest they have ever seen. Mr. Johnston and Mr. Waller both so stated without the slightest hesitation.

It had been represented to the engineers that the Miller dam was leaky and defective. They found it to be one of the very best dams they had ever examined and they said so. Most rock filled dams have no puddling on the upper side, which is the north side in the case of the Miller dam, and as a rule water seeps through the rock near the top until the interior is filled with silt. The Miller dam is in the best possible condition. It is becoming lighter and stronger day by day. The headgates and holding apparatus delighted the engineers, who voiced their strongest approval of the arrangement.

The engineers were told that the Dry creek reservoir was an element of danger but they found it to be the reverse. On the west end they found some seepage but this being effectively checked by the settling of the bank, it will require no work and is so trifling that it is scarcely worth mentioning.

On the main canal some wash was encountered in places, due to wind and wave action. This can easily be remedied by rip rapping. Water was cut off at Millon on Monday morning and when the engineers reached the rock cuts where leaks had been reported, the flow was less than a foot deep. Not a leak nor a semblance of a leak was found. Had there been any waste it would easily have been detected. Southeast of Murtagh a service across the bottom of the canal was encountered which showed apparent evidence of a previous leak, but when tested with flat it proved to be as tight as a drum. The engineers will probably recommend that it be filled.

It may be found necessary to substitute concrete for the wooden flumes at the intersection of Rock creek and the high line canal. The engineers will also, in all probability, recommend the construction of concrete openings in the main canals, although former State Engineer Wayne Darlington authorized the use of wooden openings because cement was not to get into the openings had to be made. Likewise it is believed that the examining board will hold that all laterals built by the company are satisfactory and that the company should build all checks and headgates therein; also that the company should furnish all measuring devices which, while not required at present, are a burden provided for in the contract. The coulee system is pronounced to be most desirable. It does away with

four land, affords perfect drainage, provides an excellent method of disposing of and utilizing waste water, requires the least by way of a minimum and is altogether one of the best features of the system. The company will have to clean out the bottoms of the coulees and also confine the water within a reasonable channel and cut out needless curves.

There has been more growing over the coulee system than any other feature of the system. The farmers claim that the company was taking advantage of the coulees to save lateral construction. This is a measure was true as by using the coulees the expense of building between 300 and 400 miles of laterals was saved. But the fact remains, and the examining engineers are outspoken in this direction, that the coulee system is the best and most economical of all. In most irrigated districts it costs the farmers as much to get rid of their water as it does to get it. Here the waste product is done away with entirely. No matter where a man may be located, there is always a coulee available for drainage and waste water. Another feature of the coulee system of vital importance to the settlers on this tract is the fact that it permits of a winter water supply. If all coulees were abandoned and laterals constructed in place of them, the sluggish flow of the laterals would render the running of water in them in winter impossible. In coulees the current is swift and water can be run without much danger of a blockage. If the flow in the laterals were equal in velocity to that in the coulees the laterals would be torn to pieces. Still another feature of the coulee system which should appeal to the farmer is the fact that laterals have to be maintained while coulees do not. It would cost a neat sum of money to patrol 300 or 400 miles of laterals. Coulees are not troublesome and the savings thus effected amounts to a considerable sum.

It is not understood that the inspecting engineers are to pass upon the interpretation of the contract between the company and the settlers. That is a question for lawyers, not engineers. It affects the delivery and distribution of water. The engineers are merely to determine the physical condition of the system. It is possible that they may make some recommendations along this line, however. For instance: Is a man obliged to build a dam in a coulee in order to get his water? Is he compelled to dig a mile of lateral to get water on his land even though the water may be available within half a mile? These are legal questions and not engineering problems. They will be taken up by the state land board, no doubt, and the settlers will get a square deal.

The gist of the report will be that the Twin Falls canal system is as excellent as possible. That its physical condition is strictly first class and that the construction is such that the maintenance should be lower than elsewhere.

THAW JURY DISAGREES.

The foreman of the jury in the sensational Thaw case reported today that they were unable to agree upon a verdict. Judge Fitzgerald discharged the jury and the trial ended.

SCHOOL ELECTION.

The school election last Saturday resulted in the re-election of the old board, comprising C. D. Thomas, Frank E. Chamberlain and E. B. Williams. Most people supposed there would be no opposition to the election of the old board but a second ticket was placed in the field and a lively contest resulted in the vote standing: F. B. Chamberlain 149, E. B. Williams 140, C. D. Thomas 139, W. A. Babcock 115, C. M. Hill 107, W. F. Pike 105. This shows that Twin Falls can always be relied upon to turn out a respectable vote when a scrap is in sight. At the meeting which preceded the election the tax levy was fixed at 10 mills on the dollar, instead of 12. It is expected that the schools will receive a fair sum of money from the city when the supreme court passes upon the right of the schools to receive half of the revenue resulting from liquor licenses and fines.

A petition for the establishment of an independent school district in Twin Falls is in the hands of the board and will be acted upon in the manner provided by law. When the district is created the school board will be increased to six members, the additional members to be appointed by the county commissioners. Two members will hold for one year, two for two years and two for three years. The board will elect its own treasurer, pass upon the qualifications of teachers and choose its own textbooks. Action on the petition for an independent district will be taken within 15 days, consequently the change will be made at an early date. There are several minor advantages attached to the independent district which have not been enumerated.

NEW COUNCIL MEETS.

The members of the new city council met in the Community club rooms on Tuesday evening. Number of citizens attended the meeting and were favorably impressed with the businesslike manner in which the mayor and aldermen went about their work. Mayor Volgt was in the chair and his kept things moving lively. Aldermen Davila, McMaster, Dean and Pilgrem were in their seats and displayed keen interest in the task before them.

It was announced that the council would meet on the first Monday of every month. No special meetings will be called unless an emergency arises. The city work will be systematized and lost motion will be cut out.

W. A. Babcock was appointed city attorney; C. W. Dyer, chief of police; Alfred Peterson, night patrolman, and Sylvester Egan street overseer.

A "Spotless Town" campaign will be opened and the city will be cleaned up and span. W. W. Himmelfarb gave notice that at the next meeting of the council he would ask for a franchise for an independent telephone company and that the company was ready, if the city instead, to deposit a sum of money sufficient to construct the system as a guarantee that it would be built if a franchise were granted. Particular attention will be given to the laterals in the city limits during the irrigation season in order that they may fulfill their purpose and do no damage. Aldermen Davila, Dean and Pilgrem were appointed a committee to confer with the county commissioners regarding the construction of a jail for the joint use of the city and county. The arrangement is unlikely.

SUPREME COURT PASSES UPON SURVEY QUESTION

Holds, in Effect, That Those Who Filed Upon Land According to the so-called Company Survey Are Entitled to What They Filed Upon and Cannot Be Dispossessed by Any Subsequent Filings—District Court Reversed in Case of Taylor vs. Reling.

The supreme court of Idaho has reversed the judgment of the district court in the case of Christopher D. Taylor vs. Reinhard Reling, involving the validity of the survey in township 10 south, range 17 east. Taylor brought suit to quiet title to lot 1, section 7, township 10 south, range 17 on the lines of what is commonly called the company survey, Reling having sought to follow what purported to be the government lines, thereby depriving Taylor of a strip of ground which he supposed to be a part of his original filing. C. M. Pico and John E. Davies, counsel for Reling, filed a demurrer to Taylor's complaint in which it was contended that the land in question was sold according to the government survey and not according to the survey made by the company. The district court sustained the demurrer and dismissed the complaint. The case remanded with instructions to overrule the demurrer and permit Reling to answer if he desires to do so. If he does not desire to answer judgment will be entered in favor of Taylor.

Justice Sullivan's Opinion. Justice Sullivan, after refuting the facts alleged in the complaint, said in part: "The one question presented is whether, under the facts alleged, the respondent Reling is estopped from claiming title to said strip of land 226 feet wide along the north side of said lot 2, and whether the plaintiff is entitled to have the title to said strip quieted in his favor. It is contended by counsel for appellant that the defendant is estopped from claiming title to the line of division between said two lots in other than when they both supposed it to be when they selected their lands and made their purchases, whether the line is where the same was located by the government survey or not, regardless of whether it is where it was located by the government survey, that the rights of plaintiff and defendant as to the dividing line between them does not depend upon the government survey, and counsel insist that the rule of law which must determine the equities between the parties to this suit is that where two persons purchase adjoining lands with reference to a divided line which is accepted by them at the time of purchase, neither can thereafter question the correctness of that line even though as a matter of fact a mistake has been made in locating it.

Both Followed Private Survey. The allegations of the complaint show that the government monuments had been obliterated and could not be found, and that before these parties made selections of their lands and before they purchased, said township had been surveyed by a competent surveyor and visible monuments set at the corners of the legal subdivisions thereof, and that the parties hereto selected their lands according to the lines thus established; that the defendant made his selection first and knew at the time appellant was making his selection that the latter was depending upon the line so fixed by said survey, and also knew that appellant made valuable and lasting improvements on his side of said division line with the full knowledge of the defendant, and defendant is now claiming that the true boundary line between these parties is at a place other than that the one accepted by them at the time they made their pur-

This picture shows the coyote in his native sagebrush. Do you see him? It was taken a short distance northwest of Bull on the day following the heaviest snowfall of the season. Within 10 days after the picture was taken, a farmer who lives less than half a mile from the spot where the coyote stood when the shutter of the camera was snapped, marketed green onions in Bull, and he did not grow them in a hot-house. On the hillside shown in the picture is one of the finest building stone quarries in the west. In the same vicinity are immense seams of splendid pottery clay.

Commissioners' Proceedings

Twin Falls, Twin Falls County, March 18, 1907.
The commissioners as appointed by his excellency, Governor Gooding, to-wit: George L. Crocker, John F. Hansen, L. E. Salladay, met this day for organization as the board of county commissioners of Twin Falls county, Idaho.

Whereupon E. R. Williams, Esq., notary public, administered the oath of office to George L. Crocker, John F. Hansen and L. E. Salladay, and thereupon the board approved the bond of George L. Crocker as county commissioner, in the penal sum of \$5,000, with the Title Guaranty and Surety company as surety thereon.

Whereupon the board approved the bond of John F. Hansen as county commissioner, in the penal sum of \$5,000, with the Title Guaranty and Surety company as surety thereon.

Whereupon the board approved the bond of L. E. Salladay, county commissioner in the penal sum of \$5,000, with the Title Guaranty and Surety company as surety thereon.

Whereupon the board ordered the bonds of the three commissioners to be filed.

Whereupon the board organized by electing George L. Crocker chairman of the board, John F. Hansen and Salladay, Crocker not voting.

Whereupon Harry T. West took the oath of office as clerk of the district court and ex-officio auditor and recorder, and submitted his official bond for approval; and thereupon the board approved the official bond of Harry T. West, after three days' notice thereof at \$10,000, such bond being in the penal sum of \$10,000, with the United States Fidelity and Guaranty company as surety thereon, and ordered the same filed.

Whereupon the board ordered that the official bonds of the county officers, by statute to be fixed by them, be and the same are hereby fixed as follows:
Assessor and tax collector... \$40,000
Treasurer... 40,000
Clerk of the court and ex-officio auditor and recorder... 30,000

Whereupon the official bond of Frank A. Hutto as county attorney, in the penal sum of \$3,000, with the Title Guaranty and Surety company as surety thereon, was approved and ordered filed, and the official oath of office was administered and filed and the said Frank Hutto duly qualified as county attorney.

Whereupon the bond of George D. Alken as sheriff, in the penal sum of \$10,000, with the American Surety company of New York as surety thereon, was duly approved and ordered filed, and the official oath administered to the said George D. Alken.

Whereupon the board ordered that W. O. Taylor be employed as accountant and appraiser on behalf of Twin Falls county in the settlement between Cassin and Twin Falls counties, and that his compensation be fixed at \$8 per day and necessary transportation expenses to and from Albion.

Whereupon the board, after due consideration, ordered that the annual salaries of the county officers be fixed as follows:
Sheriff... \$1,660 annually
Treasurer... \$850 annually
Probate Judge... 1,000 annually
Superintendent of schools... 800 annually
Assessor and tax collector... 2,500 annually
Clerk of the District court and ex-officio auditor and recorder... 1,000 annually
County attorney... 1,500 annually
Surveyor... 250 annually
Coroner... 100 annually

Whereupon the official bond of James McMillan as assessor and tax collector, in the penal sum of \$40,000, with the Title Guaranty and Surety company as surety thereon, was submitted to the board for approval, was duly approved and ordered filed, and the official oath of office duly administered to the said James McMillan as assessor and tax collector, and thereupon he was declared to be duly qualified.

Whereupon C. W. Dyer presented to the board an appointment as deputy sheriff, duly signed by George D. Alken, sheriff, and thereupon the said C. W. Dyer was duly sworn in and declared qualified as deputy sheriff.

Whereupon the board ordered that, by reason of the appointment by Governor Gooding in conformity with the net creating Twin Falls county, the following appointees are entitled to salary as hereby ordered to file with the clerk of this board their appointments as such officers, to-wit:
Harry T. West, clerk of the district court and ex-officio auditor and recorder.
George D. Alken, sheriff.
Carl J. Hahn, county treasurer.
Frank E. Chamberlain, probate judge.
Edna Dow, superintendent of public instruction.
James McMillan, assessor and tax collector.

Whereupon the board ordered that the following proceedings were had, to-wit:
Frank A. Hutto, county attorney.
Charles H. Mull, surveyor.
John D. Boers, coroner.
Whereupon the board ordered that this board do now adjourn until tomorrow morning at 10 o'clock.
GEORGE L. CROCKER, Chairman.
Attest: HARRY T. WEST, Clerk.

Twin Falls, Twin Falls County, Idaho, March 19, 1907.
The board met this day, pursuant to adjournment of yesterday, present: George L. Crocker, chairman, John F. Hansen, L. E. Salladay, and Harry T. West, clerk.

Whereupon the board appointed the following precinct officers:
For Milner precinct, W. L. Peterson, justice of the peace; Bert Johnson, constable.
For Mullan precinct, J. E. Steinhour and W. E. Boers, justices of the peace; A. H. Bates, constable.

For Hansen precinct, G. W. Crater, justice of the peace; E. L. Ricks, constable.
For Kimberly precinct, G. W. Osborne, justice of the peace; E. W. Tyler, constable.
For Rock Creek precinct, Lawrence Hansen, justice of the peace; Henry Lawson, constable.

For North Twin Falls precinct, Kennedy Preclard and W. J. Smith, justices of the peace; D. B. Fox, constable.
For Marra precinct, A. D. McKinlay, justice of the peace; W. R. Swickard, constable.
For Filer precinct, E. H. Rettig, justice of the peace; William Higgins, botham, constable.

For Lulu precinct, Thomas R. Alton and M. D. L. Barstow, justices of the peace; J. Warren, White, constable.
For Butte precinct, George G. Reynolds, justice of the peace; W. J. Manekin, constable.
For Mullan precinct, G. G. Conover, justice of the peace; J. J. Catough, constable.

Whereupon the board ordered that the sheriff be allowed a cost of \$100 per month for feeding prisoners in the county jail.

Whereupon the board ordered that the amount of a salary of \$1,000 per month be accepted.

Whereupon the board ordered the clerk of the board to advertise for bids for medical attendance upon the county's indigent sick, and for the furnishing of prescriptions, drugs and supplies for the county's indigent sick, and for the fumigation of all cases of a contagious nature wherein county judgments are concerned.

Whereupon the board instructed the clerk of the board to notify the printing houses of Twin Falls to submit bids for the county printing.

Whereupon, on motion of L. E. Salladay, which motion was carried unanimously, it was ordered by the board that the safe ordered by the First National bank be purchased by the county at \$225.00.

Whereupon the board authorized the sheriff to purchase for the sheriff's office, two trousers, four pair handcuffs, one mitt.

Whereupon the board ordered that the communication from the sheriff in regard to the building of a jail be made special order for the first day of the regular April session.

Whereupon the board ordered that this board do now adjourn until tomorrow morning at 10 o'clock.
GEORGE L. CROCKER, Chairman.
Attest: HARRY T. WEST, Clerk.

Twin Falls, Twin Falls County, Idaho, March 20, 1907.
The board met this day, pursuant to adjournment of yesterday, and upon the following proceedings were had:
Whereupon the board, having in response to their request, through the clerk of this board, received bids for the county printing from the Twin Falls Times and from the Twin Falls Times, proceeded to open the same, and having duly considered each bid, ordered that the bid of the Twin Falls Times be and is hereby accepted.

On motion of John E. Hansen, duly seconded and carried by unanimous vote, that the contract for the publication of the proceedings of the commissioners, for the publication of the delinquent tax list, and for all other legal notices required by the commissioners to be published, be let to the Twin Falls Times, they being the lowest and best bidder for the same.

On motion of L. E. Salladay, which motion was unanimously carried, the board ordered that the contract for the printing of the letter heads, envelopes, stationery, legal blanks and similar printing be awarded to the Twin Falls Times, they being the lowest and best bidders for the same.

And thereupon the board ordered that the county attorney prepare contracts with the printer in conformity with these orders.

Whereupon the board took up the matter of districting the county into commissioner's districts, and the hour for adjournment arriving, and they not having completed the same, the board ordered that this board do now adjourn until tomorrow morning at 10 o'clock.
GEORGE L. CROCKER, Chairman.
Attest: HARRY T. WEST, Clerk.

Twin Falls, Twin Falls County, Idaho, March 21, 1907.
The board met this day, pursuant to adjournment of yesterday, present: George L. Crocker, chairman, John F. Hansen, L. E. Salladay, and Harry T. West, clerk.

Whereupon the following proceedings were had, to-wit:
The board ordered that the county be divided into three districts, to be known as commissioner's districts, the boundaries and designations of which were to be as follows:
District No. 1, to be composed of all that part of Twin Falls county lying and being west of the following described line:
Commencing at a point where Rock creek joins the Snake river; in section 23, township 9 south, range 16 east; thence running up the channel of Rock creek to the point where the same intersects the range line; thence following the range line south to the intersection of said range line with the high line canal, thence in a westerly direction down said high line canal to the intersection of the same with the range line between ranges 16 and 17 east; thence north on said range line to the intersection of the same with the north and south quarter section lines in sections 1 and 12 of township 11 south, range 17 east; thence north on said quarter section line (the same being through the center of the sections traversed) to the intersection of the same with the Snake river in section 36, township 9 south, range 17 east; thence down Snake river to the place of beginning.

Third commissioner's district, to be composed of all that part of Twin Falls county lying east of the following described line:
Commencing at a point in section 26, township 9 south, range 17 east, where the north and south quarter section lines intersect, and running thence south through the center of the sections traversed to the intersection of said line with the low line canal; thence up the low line canal to the intersection of the same with the high line canal, thence in a westerly direction down said high line canal to the intersection of the same with the range line between ranges 17 and 18 east; thence south on such range line to the intersection of the same with the high line canal, thence in a westerly direction down said high line canal to the intersection of the same with the range line between ranges 10 and 15 east; thence south on such range line to the south line of Twin Falls county.

Whereupon the board took up the matter of districting the county into election precincts, and the hour for adjournment having arrived and the work not being completed, the board ordered that this board do now adjourn until tomorrow morning at 10 o'clock.
GEORGE L. CROCKER, Chairman.
Attest: HARRY T. WEST, Clerk.

Seed Potatoes
Extra fancy white stock. Seed of those potatoes was grown on non-irrigated land. RAISE THE BEST. It costs no more than to raise scrub. These potatoes have been quoted at from \$20 to \$1.50 per hundred higher than other varieties in Idaho and other markets all winter. Are bringing \$2.00 per hundred now in western markets. Secure your order early.

TWIN FALLS NEWS

Official Paper of Twin Falls County
George B. Fraser, Editor.

Published every Friday by THE NEWS PUBLISHING COMPANY TWIN FALLS, IDAHO

Subscription Rates. One Year, in Advance, \$2.00 Six Months, in Advance, \$1.00

Relative information regarding the city and county promptly and cheerfully furnished. All communications should be addressed to the News Publishing Company, Twin Falls, Idaho.

Entered as second-class matter, December 12, 1904, at the postoffice at Twin Falls, Idaho, under Act of Congress of March 3, 1879.

The decision of the supreme court

In the case of Taylor vs. Reeling is one of great importance to the property owners in this township. While the opinion in itself does not decide anything, excepting that Taylor should not have been demurred out of court, it states very distinctly the law in the case and it shows the status of those who flood on land in this township according to the company survey. In effect the court says: "You are entitled to the land on which you flooded, regardless of the government survey; the corners which were shown you by the agent of the Land & Water company when you flooded are your corners; no man can come in on alleged government lines and take an inch of ground away from you." Those affected by the decision of the court will now have an opportunity to sit down and do a little thinking. They may reflect upon the foolishness of their actions in listening to every curbsome lawyer in town. It does not pay to be stubborn or grasping. The man who moved his fences to the alleged government lines will now have to either move them back or settle with his neighbor. Every case will stand on its own merits. If a man flooded on government corners and was not shown company corners, and his lines conflicted with those of his neighbors there would be a tangle, but fortunately there are few if any such cases. The decision of the court settles the question of law, not of fact. As previously stated, every case will rest on its own merits. Every citizen will get exactly what he thought he was going to get when he flooded and nothing more, nothing less. The question might have been settled months ago had it not been that certain entrymen thought they would profit by following the government corners and other entrymen were timid about sticking up for their rights. The time to settle the survey question is now. The way has been indicated.

There has been a great deal of talk recently about the city park. It has been reported that the Townsite company proposed to gut up the park grounds into lots and sell them. This report was dilated and repeated so often that people began to believe it, just as many believed that a man who filed on land by the company survey would lose whatever portion of his land the government survey might cut off. To quiet any rumors regarding the park it may be stated that it will remain what it is and where it is. It will be turned over to the city when the city is ready and willing to maintain it. The Townsite company has beautified the park and paid the cost of maintaining it for two years. Lots have been sold facing on the park at an increased price because the park was established. The Townsite company will not give up the park or any portion of it for public buildings. No man who put up a fine home fronting on the park will have a fall stick up in front of his door. The park affords a fine view to those who have built around it and it is a valuable protection against fire. In years to come it will be what it was always intended to be, a beauty spot, a playground and a breathing place.

The main sewer system is nearing completion and the lateral question will soon come up. Doubt is expressed regarding the ability of the city to float lateral sewer bonds. It is necessary that the contractor or contractors who build the laterals be paid in cash. If any property owner should insist upon his legal right to pay his proportion of the cost of the laterals in yearly installments there would be an awkward hitch. Approximately the laterals will cost \$1 per front or running foot on either side of the alleys. In other words, if a man owns a 50-foot lot the lateral would cost him \$50 and he would likewise have to pay for his own connection in addition. Apparently the only feasible way is for the property owners to get together, organize lateral districts and pay for the sewers in full as they are

built. This would do away with bonds, interest and red tape, and would give immediate results. The construction of the laterals would add to the value of the property which they served and the burden of paying for them is one which will not grow lighter with age.

TO BEAUTIFY KIMBERLY PARK

Pioneer Ladies Are Doing Their Part - Most Nobly.
KIMBERLY, April 11.—T. C. Stayner left on Saturday for a visit to Salt Lake. J. T. Gaskill will fill his place at the lumber yard during his absence.
Friday evening a number of our young men attended the box social given by the Hanson school.
M. H. Wright of Rock Creek has been recent visitor here the past week. He is desirous of disposing of his ranch near town, having decided to go to Tacoma, Wash.
C. W. Snow has been working in Blaine county all winter, returned last week to look after his farm this summer. He rode through from Pocatello on a mule.
G. C. Tyler Bros., proprietors of the nursery here, have been very busy the past week delivering trees. He has made large shipments to the Mindoka area.
D. S. Morgan received word of the death of his brother at Oden last Sunday and left for that place immediately.
George Holyak has commenced hauling rock for the foundation of the mill and work on same will be started at once. William Sharp has the contract.
Dr. E. F. Oldham of Oakley spent Saturday in Kimberly. He was so unlucky as to miss the freight train Monday morning and had to drive home.
Mrs. J. M. Brown of Moses, Colo., arrived here on Monday to be with her father, R. T. Newbery, during his illness.
Warren Stanley left on Monday for his home in Coallville, Utah. He has been here in the time with his brother, M. E. Stanley.
The canal company has had a crew of men cleaning out the coulee that runs through the townsite back of the depot.
Ward Tennant arrived on Monday with a carload of stock and household goods from Mindon, Nebraska. His father, S. Tennant, has been here some time and recently purchased the Goodall place west of town.
H. A. Parridge of Nampa stepped out here in the morning, drove out and inspected his property near the high line.
It behooves every public spirited citizen about here to stem out Saturday to help finance the park. The Ladies' Pioneer club has secured the site and already has it plowed and sown and now ask the town folks to turn around and put up the fence which they have purchased. As soon as the fence is completed trees will be set out and lawn planted. The ladies will serve free lunch to the workers, both at noon and evening.
Another car of grain was loaded at the warehouse Tuesday for Rupert. It has been here in the time here in T. C. Stayner's place during his absence, was sent to Barley Tuesday morning to take charge of the Nibley farm. H. Lumbard said there.
C. B. Channel was here Tuesday looking after his business.

E. E. Dowers of Rock Creek was in town Monday after a load of lumber. He reports that Rock Creek is very high and the ford due south of town is impossible to cross with a loaded wagon.
George Peterson left on Tuesday for a short trip to Boise.
M. H. Reeves, special agent for the American Central Insurance Co., spent Wednesday here looking over the records of the local offices of the Johnson and E. Prothero returned from Salt Lake City Wednesday. Mr. Johnson, who sold out here and left with the intention of going to the mining camp at Nevada, has changed his mind and is now on his way to Coos Bay, where he expects to invest and make his future home. Mr. Prothero went to Salt Lake, to secure his special-reading rights in the "leg," which was badly broken last September by a kick from a vicious horse. The doctors informed him that unless he was operated on, he would be the only thing to do was to let it alone.
Ray Dunken has been laid up the past week with a bad cold in his knee. R. T. Newbery, who has been to ill for the past week or more, is much improved at present.
Both the Wise boys have gone to work for Joe Nielsen on his ranch. The last hard day of Saturday made the track through here so soft that it was necessary to issue a 10-mile-an-hour prohibition regarding the track. This has since been removed, however, and now the trains run on their old schedule. A gang of Japs has been camped here some time ago while they worked their coal, but unless more men are put on shortly this track will be almost impassable.
Numerous shipments of trees have been received here during the past week from various points. E. E. Skinner received a large shipment of shade trees to set out all around his place.
James McMillan went to Milner on Monday with the board of engineers who are looking over the canal system to judge as to its fitness to be turned on.
Miss Olga Brose of Rock Creek was visiting here Monday afternoon.
George Hartok, the Ogden voter, paid Kimberly one of his regular visits Monday.
Mrs. W. Webster, who has been quite ill, is gradually improving.

HANSEN SCHOLARS ENTERTAIN

School Social Proves to Be a Splendid Success.
HANSEN, April 11.—Albert Ball was a county seat visitor last Tuesday. W. J. Thompson and Will Lytle spent Sunday last in Twin Falls.
T. T. Rutledge and T. J. Rauch made a business trip to Twin Falls last Monday.
Mr. Cleveland has been driving the stage the past week between this place and Rock Creek.
H. Jones has proved up on his ranch five miles east and returned to his home at Sholey, Idaho.
Miss Nellie Hassad, who is attending school at Twin Falls, came out Friday evening for a visit with her parents, returning Sunday.
A school election was held at the schoolhouse last Saturday, at which Nick Smith was re-elected school trustee.
Clifford Roberts and Miss Almada Roberts left Wednesday evening for Boise, where they will visit with relatives and friends.
H. A. Parridge of Nampa spent a day at his ranch south of town arranging for the summer's work. Peter Lytle is going for a visit with Mrs. Rhoda Cryder, who had been visiting at the home of E. M. Towne, left on Saturday last for her home at Susan, Idaho.
Conductor Fuller of the freight train is taking a lay off and "Sharky" has been promoted to a higher position during Mr. Fuller's absence.
A cartload of woven wire arrived in Hansen for Nick Smith this week. He intends to enclose a portion of his ranch for hog pasture.
Henry Cleburn is loading a car with oats destined for the Mindoka country.
C. A. Ball was joined on last Saturday by his wife and daughters from West Liberty, Iowa, who have come to make their home here.

The Ball brothers of Twin Falls came out on Saturday evening for a visit at the home of their parents.
In passing through Hansen last Thursday Alex. McPherson expressed great pleasure at the improvement Hansen had made in the way of shade trees.
Nick Smith, one of Hansen's most progressive farmers, has had so many things at work in slight of town that the aggregation reminds an onlooker of a grading camp.
H. A. Young, contractor under the Paris & Keel Construction Co., who has the contract for constructing the canal out from Milner, passed through Hansen last week inquiring about grain and workmen.
All handcars on this line are now running on a new time, in consequence of an accident caused by a handcar loaded with Japs, while going at a rapid speed, colliding with a dog, which disabled the car and sent the Japs rolling down the grade. The Japs escaped with but slight injuries, but the dog's head was severed from its body.
Miss Nettie Durphy, teacher of the eighth grade in Twin Falls school, came out Friday evening to attend the school entertainment. Miss Durphy taught Hansen school last spring, when a large tent was used as a schoolroom. She expressed delight at seeing Hansen now possess such a fine school building.
The school entertainment and basket social given on last Friday night was a splendid success. Much credit is due Professor Hinton and Miss Meeker for the success of the occasion. The pupils were well drilled and as a result the different parts were fine. After the program followed the basket social. The baskets belonging to the little girls of the primary room were sold to the boys of that grade for 25 cents. With C. L. Redmond as auctioneer the other baskets were sold to the highest bidder, prices ranging from \$1 to \$2 each. The receipts from the social amounted to \$72.50, which will be used for the purchase of a library for the school. The little folks occupied the primary room and had a jolly good time by themselves while the older people occupied the principal room. The people of Hansen wish to thank their neighbors for their attendance and liberal patronage. After the social the young folks gathered at the hall and engaged in dancing. Everybody seemed to have a merry time.

"Improved Viking" suits for boys should mean much to mothers, as they are made in a manner to withstand the hard wear and tear a boy ordinarily gives his clothes. They combine style and durability in a most pleasing manner. The illustrations above will give you some idea of the individuality these suits possess. "Viking" suits are labeled. We guarantee them.

BREVITIES

The county has ordered a second book typewriter which will be used in copying the records at Albion.

Rev. John Gourley will speak at the Y. M. C. A. men's meeting on Sunday hall. After the meeting there will be a short business session.

Miller & Colvin, contractors, who came here to build A. S. Anderson's residence on Blue Lakes avenue, have decided to locate in Twin Falls and follow their business.

Don Kunkely has accepted the position of day clerk at the Hotel Perino.

Mrs. W. L. Oakley and daughter Helen are visiting relatives in Salt Lake City.

Superintendent G. H. Olmstead of the Short Line came to Twin Falls in his private car on Tuesday.

Mr. and Mrs. M. W. Kunkely left on Tuesday for a tour of the state which Mr. Kunkely is making in the interest of the insurance company of which he is the state agent.

A movement to build a flour mill with local capital was started this week and in a few hours enough was subscribed to cover a mill with a capacity of 100 barrels per day, and as much more might easily have been secured. The question of forming a home company is now under consideration and it is believed has every appearance of being a success.

Mrs. A. F. Tago is visiting her grandmother in American Falls.

President F. H. Buhl of the Land & Water Co., who went to Boise last week on business, was suddenly called to Detroit by the death of his brother, Dr. D. Buhl. He will soon return to Idaho.

John MacRae, the well known wool grower and stock raiser, has purchased three lots in Buhl. Now if the Buhl spellbinders can induce John to build he will surely give them a structure of which they may be proud. Go after him, boys; we will all help you.

Mrs. W. B. Wolfe will be obliged to close her dining room on Sunday because of her ill health. Her physician has informed her that she must rest for a time. Mrs. Wolfe will recuperate until she regains her wonted strength, when the dining room will be reopened.

D. S. Spencer, assistant general passenger and ticket agent of the Short Line, was a Twin Falls visitor on Monday and Tuesday.

John R. Newton has the contract to plant 3,000 trees on the Hansen townsite. The trees are on the ground and will be planted immediately.

State Mine Inspector Robert N. Holl arrived on Tuesday and went out to his desert claim southwest of Twin Falls.

Don C. Bryan has 102 young pigs, the offspring of 14 Poland China sows. The youngsters are all healthy and strong and they are growing like alfalfa. It is a pretty sight to see them scrambling about and incidentally it is convincing proof that the Twin Falls tractor will soon be a great hog-cultivator.

Phonographs EDISON Records

If you want the best Phonograph that is at the disposal of the American people, buy an

Edison Phonograph

The one phonograph which does not represent sound, but which exactly reproduces it—reproduces all the variations of the voice, all the accents and peculiarities of the voice. The Phonograph which renders perfectly the most delicate tones, without the disagreeable cracking, buzzing and whining sounds so peculiar to most Phonographs.

A large and complete stock of EDISON PHONOGRAPH RECORDS—always on hand.—This line is made up from the newest and most popular selections.

Sole Agents for EDISON Phonographs and Records.

Arthur Ketchum, who visited in Twin Falls last week, followed Johnny MacRae's example and bought a lot in Buhl. Mr. Ketchum is out here on a visit from Iowa and is very favorably impressed with Twin Falls.

The Ladies' Aid society of the Baptist church met with Mrs. Burgess on Thursday afternoon and will meet with Mrs. Pollock on Thursday, April 18.—The ladies wish to extend thanks to those who aided them at their Easter sale.

B. A. Baker sold a full blood Belgian colt, 10 months old, for \$300 to an Idaho Falls purchaser. The colt was shown at the fair last fall and attracted much favorable attention among horsemen on account of its perfect form. It cost no more to raise than a scrub and the price which it brought proves Mr. Baker's contention that it pays to raise good horses and heavy ones.

T. J. Woods has moved his office from the Hotel Perino to a specially constructed fireproof, beam roof structure erected between the Liberal cigar store and McCormick's bank. Tommy said he wanted to get as near to the curb as he could and he certainly did. His den is real cute, but he has no room to keep a cat.

W. W. Humphrey went to Salt Lake on Tuesday to attend a meeting of the Montana & Yellowstone Stage Co. of which he is vice president. The object of the meeting is to perfect arrangements for transporting tourists through Yellowstone park during the coming season. There are indications of enormous travel and the company will have to provide extra equipment.

Bedford Drug Co.

Pharmaceutical + Chemists

C. C. BEDFORD, Mgr. : : : Twin Falls

Owing to the heavy traffic the Twin Falls branch train has been run through to Pocatello eight days during the present month. There are an unusual number of passengers, more than at any time since the road was opened.

A. A. Kosson of St. Paul has accepted a position with the Hub Clothing & Tailoring Co. Mr. Kosson is a very affable gentleman upon whom the western fever germs have set their mark. He is at home in the Hub and is making hosts of friends.

It has become the fashion in Twin Falls to look forward, likewise backward, to the excellent records being kept by the Ladies' Aid societies of the different churches. The Presbyterian ladies, who have a reputation to sustain in that line, will give a demonstration in the Crayton building, on Main street on Saturday evening, beginning at 5:30. The bare announcement should be sufficient to crowd the serving room but it will be to announce that the Presbyterian ladies have made extra preparations for the event, which will cost those who participate just a cent each, provided they do not take away any of the silverware, which will be loaned for the occasion and which is priceless.

P. J. Holohan is making preparations to build a single story, concrete block structure, 25x100 feet, on his Main street lot adjoining H. B. Johnston's home store. The building will be two stories high and will be so constructed as to permit of the addition of a second story when necessary.

The vault in the Idaho Department store building has been carried to the roof and the office of the store has been moved to the south side. This is a big improvement as the south side is splendidly lighted and easy access to the vault is afforded. The vault is being used by the county on the second floor.

G. R. Easley of Mackay is the guest of his sister and brother-in-law, Mr. and Mrs. E. B. Williams. Mr. Easley was connected with the White Knob Copper Co. for several years and has been prominently identified with the mining industry. He thinks highly of Twin Falls but nevertheless he bought a pair of mountain boots and it looks as though he were headed for the hills again.

O. Elwood Carter and Miss May Burlingame were married by Judge Smith on Wednesday. Mr. Carter is a popular young carpenter and builder who has recently been occupied in erecting buildings near Buhl. His bride came from Seattle, but she said she loved Buhl and the way she looked when she said it carried conviction. The best wishes of a multitude of friends are extended to the happy couple.

Adding New Accounts

On Time and Savings Deposits.

The Commercial & Savings Bank

Engineer A. J. Wiley, who had the misfortune to break his leg by a tumble in the tunnel at Shoshone falls, went to Boise yesterday, having recovered sufficiently to travel. He will return shortly to complete his work on the power plant.

The fine ladders have been making some fancy trial runs and are developing great speed. The cart which was damaged by the collapse of the old school building has been repaired and is now in perfect condition for service. Now that the streets are fit for travel the boys will doubtless work for records.

John Schenck, who came here from Dixon, Illinois, 14 months ago and settled on his farm in the Maroa district west of Twin Falls, died at his home on Wednesday morning, aged 61 years. He was survived by his wife, five daughters and two sons. The daughters are Alma Schenck of Decatur, Ill.; Mrs. Agnes Wright of Chicago, and Mrs. Henry M. McGrath. The sons are H. A. Partridge, Margaret Schenck and Ora Louise Schenck, who are here. Of the sons, George is in Decatur and William and Hugh are at home. The funeral took place today from the family residence, Rev. John H. Schenck officiating. Interment was in Twin Falls cemetery under the direction of Undertaker Hunt. Mr. Schenck was a most estimable man, a tender and thoughtful father, a splendid neighbor and a man who stood high in the affection of all who knew him. The heartfelt sympathy of the community is extended to the bereaved family.

While in Twin Falls last week Robert Lockerson purchased another lot on Main street, adjoining the one which he already owned opposite the Idaho Department store. Mr. Lockerson is preparing to build on his property and when he does it will cheer up that end of the block amazingly. It is safe to predict that Mr. Lockerson's building will be an ornament to the city.

H. S. Martin has leased the southeast quarter of the northeast quarter of section 15, township 10, range 37, the old cemetery site. Twenty-eight bottles are interred on this land and the lessee has given notice that they must be removed by May 1. In the number are 10 or 12 county cases; Italians killed on the works, Indians and others. It will be necessary to move these bottles to a cemetery and in all probability the expense will fall upon the county. Undertaker Hunt, superintendent of the Twin Falls cemetery, has already moved 23 bottles to the cemetery. The cost of removal is \$23, which includes the expense of the plot in the Twin Falls cemetery. Those interested should communicate with Mr. Hunt immediately.

COUNTY COMMISSIONERS MEET

And Dispose of a Ponderous Grist of Routine Work.

The county commissioners have been in session all week, passing on claims, settling on the boundaries of voting precincts, road and school districts, receiving and considering petitions for roads and bridges and performing divers and sundry duties imposed upon them. They are making haste slowly as constantly changing conditions due to the rapid development of the tract call for extreme caution. The commissioners are making county history and doing good work. The bill of Dr. John Colburn for medical attendance upon Indians was accepted at a rate of \$300 per year.

The Bedford Drug Co. was awarded the contract for supplying medicine to county charges. County Surveyor Mull was directed to prepare a map of the county upon a suitable scale. There is no such map in existence and it is urgently needed. County Recorder West was authorized to supervise the transcribing of the county records and allowed to pay the clerks six cents per folio for transcribing and two cents per folio for proof reading and certification. An allowance of \$400 was made for a clerk to look after the work at Albion.

Be sure and read the Idaho Department store advertisement this week. It will save you money.

The Bradley & Smith building on Main street presents a somewhat huddled appearance. The woodwork in front has been painted a dazzling red which will later be trimmed with a suitable color to match. The interior of Ferney's drug store and the restaurant will be deftly decorated and the building will be made very attractive.

Free Baseball Goods

Idaho Department Store

SPLENDID HORSES IN TOWN

Local Stables Are Full of High Class Animals.

There is some choice horseflesh in the various livery stables of Twin Falls, not quite so much as there was a few days ago because of the many sales which have been made, but still enough to delight the eye of the horse lover. It has become noised about that good horses will always sell in Twin Falls while poor ones cannot be sold away. Judging from the way in which the high class animals are selling, it is evident that the farmers are looking for quality only.

At the McFall stable are three magnificent stallions from the Bureau. Gray stock farm at Pullman, Washington. One of them is an eight-year-old dappled brown Percheron that weighs an even ten and looks like a three-year-old gray Percheron, tips the beam at 1800 and has all the marks of a winner. The third of the trio is a two-year-old French coacher, beautifully formed and as gentle as the proverbial sucking dove.

Smith & McMaster's quintette, quartered in their own barn opposite Galliher's stable, are always an attraction. They consist of two top notch Percherons, two of the naggiest Morgans that ever wore bridles and a soulful jack that makes his presence known every 15 minutes. There is generally a crowd of farmers around the Smith & McMaster stable, admiring the animals, than which there are no better.

At the Farmers corral J. O. Wyatt and Walker Smith of Maroa, Ill., have quartered their second shipment of draft horses. There were 40 horses in the shipment which arrived last Friday and seven teams were sold three days later. The horses had a hard trip, being 11 days on the road. They went 26 hours at a time without feeding and were only given five hours rest between runs. As a result the loss in weight per animal amounted to about 200 pounds. Considering the severity of the trip, they look remarkably well and their appearance is improving daily. The Maroa horses have the weight, the bone, the muscle and the disposition. They stand up nicely and it is safe to state that every team in the lot can walk fast enough in front of a plow to keep a long-legged man busy between the handles. Messrs. Wyatt and Smith were fortunate in that the first shipment of Maroa horses which came in about three weeks ago turned out so well. The second lot average up just as well as the first, and from indications they will sell just as readily.

J. A. Galliher brought over 20 head of horses from the Pierce ranch on Raft river a few days ago. Some of them he has sold, others are for sale and the rest will be kept in livery. There are some nice drivers in the bunch and also some excellent saddle horses.

J. N. Woods has an elegant three-year-old Percheron stallion at the Par-

mers corral. The colt is native born, full-blood, coming four years and a handsome iron gray, short coupled, trim limbed, fine action and as gentle as a lamb.

In the same stable is a black Hamilton colt, the property of Theo. T. Davis of Buhl. This is a trim and dainty traveler, weighing about 1100. His sire is a noted trotter and the son looks as though he could go some if he had a chance. Mr. Davis is looking for a good man to handle the animal.

There are many other excellent horses on the tract outside of Twin Falls and the showing at the fair next fall ought to be something extra good.

SCHOOL NOTES.

The High school society wishes to extend a vote of thanks to those who kindly aided them in making their entertainment a success Friday night, and especially the actors, Miss Wolfe and Miss Manker.

The High school society wishes to play baseball with the firemen Friday, April 12. It will be a exciting game, more so because the firemen will be sporting brand new red suits. Never mind that, but come and root for us.

The declamatory contest last Friday night was as good as expected and more. The pieces were all very good and showed a great deal of hard work and preparation. A fair-sized audience filled the auditorium and were very attentive and appreciative through the entire evening. The first prize was awarded to Miss Elsie Hubbell. She recited "The Doom of Claudius and Cynthia" in a clever way and every one agreed that she was entitled to the honors. Miss Dell Fultz was the second choice of the judges. She recited the forum scene from "Julius Caesar." Miss Hubbell goes to Pocatello April 26.

Miss DeBow has just completed the examination papers of the eighth grade. They were all good and nearly all the class passed successfully. The High school will become much larger next year by the entering of these pupils. Following are the names of the successful ones in the order of their grades: Clara Hill, Mary Sawyer, Ruth Adams, Norma Musgrave, Viola Maloney, Clifford Parrott, Jasper Rogers, Ethel Davies, Carl Hoag, Edith Starr, Arma Martell, Donald Adams, Alice McDougal, Mabel Gray, Willie Van Vels, Walter Boyd, Emilio Crandall, Donald McPherson, Grace Barger, Martha Taylor, Jacob Sinema, Herbert Sinema, Edna Howe, Albert Woodhead, Reno Beird, Ed Waters, John Jones, Ernest Waters, Margaret Garvin.

BAILEY & CO

Finest Candies at Lowest Prices.

Choice Irrigated Lands

Improved Lands for Sale, Located in the Payette Valley. Prices Reasonable.

Terms to Suit.

Level, smooth land, three miles from Emmett, has been plowed and leveled. This last fall 50 acres of fall wheat was put in and was well plowed; is well fenced with heavy cedar posts a rod apart with four strands of galvanized barbed wire.

There is a good house, 14x22, with cement foundation, good well with pump on it, good barn for five head of horses, wagon shed 16x24, chicken house 10x12; everything is put up in the best possible manner. All of the outbuildings are of dressed lumber with shingle roofs and everything painted, including roofs.

House is painted white with green trimmings, everything else red with white trimmings.

Land adjoining it on the east sold by the state for \$47 per acre. Will sell 80 acres or the full 160.

Smooth, level land with just a gentle slope, making an ideal farm for irrigation. Has been plowed in two shapes, is all in fall wheat, has good stable for 10 head of horses, it being 16.48x60; wagon shed 32x24, 10 feet high; chicken house 10x12; large, roomy cellar, and the farm is well fenced with cedar posts a rod apart and four strands of heavy galvanized wire.

Five-room house, cement foundation, very nicely built and well finished, heated and good enough for anybody to live in; very conveniently arranged, with pantry, closets, etc.; good well with pump. Also have joining it on the east 160-acre fenced and cleared, no other improvements. Will sell all or part.

Same style of improvements as on the northeast quarter section 30 referred to above. 50 acres in fall wheat, which is in fine condition.

There is a telephone in each of these houses and the land is situated convenient to the irrigation system and the cream of the celebrated Emmett bench, it all being situated in township 7 North, 2 West, Boise Meridian.

These places will be sold on long time at 8 per cent and will be parcelled out if so desired.

We have a full equipment of horses, wagons and farming tools which can go with this land if so desired.

Water will be ready for delivery as early as it is needed this coming Spring, as the ditch has been completed and is being puddled at the present time.

These places are all conveniently located as to range in one of the best sheep countries in Idaho.

Lumber is worth \$20 per thousand delivered at the ranch and brick at the town of Emmett is selling from \$7 to \$8 per thousand. All the buildings above mentioned have shingle roofs and everything has received two coats of paint. Houses have oiled floors and are finished in first-class manner.

The Northwestern Investment Company, Ltd.

BOISE, IDAHO.

Twin Falls Carey Act Land Sale

Another Chance to Make Money

Milner Townsite

The terms of sale of the town lots at Milner are as follows: One-fourth cash, the balance in three annual payments at 6 per cent interest.

MILNER is located in the east end of Twin Falls county, on the line of the Twin Falls branch of the Oregon Short Line railroad, 32 miles from Maliloka, where you change cars from the main line.

MILNER has been christened the JUNCTION CITY, and is one of the most picturequely beautiful townsites in Southern Idaho, being located as it is, right at the great Twin Falls dam, and overlooking the lake the dam has created, and from which point the famous South Side Canal has its source, which has already successfully reclaimed 240,000 acres. It is from here also that the North Side Canal is being constructed that will reclaim 180,000 acres of exceptionally fine lands on the north side of the river. The North Side Canal and Lands have the advantage over the south side in that there are three mammoth natural reservoirs that will retain sufficient water to irrigate the entire tract at all times and under all conditions.

MILNER has been christened the JUNCTION CITY for the reason that it is the starting point of the proposed electric railway and the gateway to the great North Side Tract, and also from the fact that the two great irrigation canals have their source at this point.

MILNER—As a pleasure resort it will have no equal in Southern Idaho, for the reason that Snake river is navigable for a distance of 43 miles above the dam, with no rapids or dangerous places. Fine fishing, shooting and boating is bound to be a feature, with gun clubs, sportsmen and pleasure seekers.

30,000 Acres of Carey Lands, Under the North Side Canal of the Great Twin Falls Canal System, Open for Entry April 22, 1907.

A New Country—New Opportunities for the Homeseeker and Business Man, at MILNER, on MONDAY, April 22. 30,000 Acres of Choice Carey Lands Will be Opened for Sale, Also the New Town of MILNER Will be Thrown Open for the Sale of Town Lots.

Special Railroad Rates

Special Rates have been secured over the entire Oregon Short Line system in Idaho, Montana and Utah at 2 cents per mile each way, including main line and branches. Dates of sale of tickets are April 17, 18, 19, 20, 21, and from stations between Boise and Pocatello, including Twin Falls branch, tickets will also be sold on April 22. Final return limit, 15 days from date of sale.

Carey Act Lands

These lands will be sold on the following terms: Thirty Dollars and Fifty Cents per acre, with a perpetual water right; interest to commence only when water is ready for delivery; first payment on water right is \$3 per acre and an purchase price of land to the State of Idaho, 25 cents per acre, balance in nine annual payments, 6 per cent interest. Second payment of Two Dollars per acre two years from date of filing.

There will be an advanced price on all lands located one mile each side of the proposed electric railroad, but this advanced price does not become operative until the electric road reaches the lands.

The lands will be opened by drawing under the supervision of the State Land Board of Idaho at MILNER, in the office of the Twin Falls North Side Investment Company, Ltd.

MILNER—With its location and conditions, situated and backed by a strong corporation, is bound to become an important distributing point, as well as a desirable place to abide and to do business. People looking for business locations will further their interests by visiting Milner on the opening day, and making investigations of the wonderful possibilities for its future. With over three million dollars to be expended; with a thousand men employed in canal construction and settlers buying their supplies as they take up their homes on their claims, Milner is sure to become one of the important commercial points of Idaho. The Oregon Short Line is building a large warehouse and will begin the construction of a splendid depot at once.

MILNER IMPROVEMENTS—The Company has already constructed a Company house in which are located the main office at Milner, at a cost of over \$10,000; a General Land Office at a cost of \$2,500; the foundation for the new FIFTY-ROOM HOTEL is completed, and it is the intention of the Company to have it ready for the entertainment of guests in 90 days. The hotel is beautifully located, overlooking the dam and the falls, and will be modern and up to date, steam heat and electric lights, and will cost \$40,000. The plans have been drawn for a TWO-STORY BANK BUILDING, the upper part of which will be used for public hall and ledger rooms. The town will be provided with a splendid WATER SYSTEM now being constructed; an ELECTRIC LIGHT SYSTEM is now being installed and several thousand SHADE TREES BEING PLANTED.

AN EXPERIMENTAL FARM, for the purpose of demonstrating to the settlers of the North Side Tract the proper and successful methods of conducting irrigated farms, has been established in Milner Townsite, adjoining the O. S. L. Ry. Station.

SHERMAN LUDLOW, Entryman.

Notice for Publication—Final Proof.
 I, Amos E. Green of Kimberley, Idaho, who made entry No. 741, under the provisions of an act of the legislature of the state of Idaho, commonly known as the "Carey act," approved March 2, 1899, which embraces the SW 1/4 of NW 1/4 of section 20, township 10 S., range 18 E., do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove that I have resided on, reclaimed and cultivated said land as required by law, before E. B. Williams, representative of the State Land Board, at Twin Falls, on May 11, 1907, by two of the following witnesses: William Cheek of Twin Falls, and Charley Swan and R. R. Taylor of Kimberley, Idaho.
AMOS E. GREEN, Entryman.

Notice of Proof of Completion of Works and Application of Water to Beneficial Use.
 Notice is hereby given that at 12 m. on the 3rd day of May, 1907, at Rock Creek, county of Twin Falls, Idaho, the completion of works for the diversion of 1-1/2 cubic feet per second of the waters of Snake river to said application to beneficial use of said water in accordance with the terms and conditions of permit No. 2569 heretofore issued by the state engineer of the state of Idaho:
 1. The name and postoffice address of the person holding said permit is Wm. S. Huggins, at Rock Creek, Idaho.
 2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place above intended use, in accordance with the plans accompanying the application for such permit, is 1-1/2 of 1 cubic foot per second.
 3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 1-1/2 of 1 cubic foot per second.
 4. The place where said water is used is for domestic use.
 5. The date on which the work which said permit is prepared to establish is October 29, 1906.
JAS. STEPHENSON, JR., State Engineer.
 First publication March 15, 1907.

Notice of Application for Permission to appropriate the Public Waters of the State of Nevada.
 Notice is hereby given that on the 28th day of March, 1907, in accordance with section 23, chapter XLVI, of the statutes of 1905, one JOHN E. HAYES and GEO. F. SPRAGUE of Twin Falls, Idaho, county of Twin Falls, state of Idaho, made application to the state engineer of Nevada for permission to appropriate the public waters of the state of Nevada, and that said application is to be made from Salmon river and tributaries and all flood and storm waters at points in section 23, township 47 N., range 18 E., by means of a dam 160 feet high, and 1-1/2 cubic feet per second to be conveyed to points in T. 11 S., R. 14 E., S. 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.
HENRY THURTELL, State Engineer.
 Date of first publication, March 29, 1907.
 Date of last publication, April 26, 1907.

Notice of Attachment.
 In the District court of the Fourth Judicial district of the state of Idaho, and in and for Twin Falls county. Duane E. Fox, plaintiff, vs. T. R. Ducey, defendant.
 Notice is hereby given that a writ of attachment was issued out of the district court of the Fourth Judicial district of the state of Idaho for T. R. Ducey, defendant, to recover the sum of \$87, with interest from December 6, 1905, and costs of suit.
 Witness my hand and the seal of said court this 5th day of April, A. D. 1907.
H. T. WEST, Clerk of the District Court, Twin Falls County, Idaho.
W. P. GUTHRIE, Attorney for Plaintiff.

Notice of Attachment.
 In the District Court of the Fourth Judicial District of the State of Idaho. Order fixing terms of court in and for Twin Falls county.
 Under and by virtue of the authority in me vested by the statutes of the state of Idaho, I hereby fix the terms of court of the county of Twin Falls in and for the Fourth Judicial district of the state of Idaho for the year 1907, to commence and be held in said county of said district for said year, as follows: Monday, May 13, 1907, and Monday, November 25, 1907.
 It is further ordered that this order be filed and entered of record by the clerk of said county and that the same be published two consecutive weeks in some newspaper published in said county.
 Done at chamber this 5th day of April, 1907.
EDWARD A. WALTERS, Judge of the Fourth Judicial District of the State of Idaho.

Notice of Dissolution of Partnership.
 Notice is hereby given that the partnership heretofore existing between John MacEira and Robert Rogerson under the name and style of MacEira & Rogerson, was dissolved on the 1st day of April, 1907, dissolved by mutual consent. All monies due the firm and all bills receivable will be received by Robert Rogerson, by whom all accounts against the firm and all bills payable will be paid.
 (Signed) JOHN MACERA,
 ROBERT ROGERSON.
 Dated this 5th day of April, 1907.

In the Probate Court of the County of Twin Falls, State of Idaho.
 In the matter of the estate of Jasper Harbeck, deceased—Notice of hearing of petition for probate of will.
 An order having been this day made fixing the time for hearing the petition for probate of the will of Jasper Harbeck, testator, on Monday, the 22nd day of April, 1907, at 2 o'clock p. m. of said day, at the courtroom of said court, at the courthouse in the county of Twin Falls, state of Idaho, has been appointed as the time and place for proving the will of said Jasper Harbeck, testator, for hearing the application of A. J. Harrell for the appointment of him of his testator's executor.
 Witness my hand and the seal of said court this 25th day of March, 1907.
F. E. CHAMBERLAIN, Probate Judge and Ex-Officio Clerk.
 (Seal) **J. P. HOWELLS, Attorney, Abbot, Idaho.**

Notice of Publication.
 Notice is hereby given that at 2 p. m. on the 18th day of March, 1907, at Rock Creek, county of Twin Falls, Idaho, before John F. Hanson, United States Commissioner, proof will be taken of the completion of works for the diversion of 4 cubic feet per second of the waters of Cottonwood creek and South Fork Cottonwood creek, in accordance with the terms and conditions of permit No. 2569 heretofore issued by the state engineer of the state of Idaho:
 1. The name of the person or corporation holding said permit is James B. Rice.
 2. The postoffice address of such person or the place of business of such corporation is Rock Creek, county of Twin Falls, state of Idaho.
 3. The number of such permit is 1909, and the date set for the completion of such work is May 15, 1907.
 4. Said water to be used for irrigation and domestic purposes.
 5. Said works of diversion will be completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 4 cubic feet per second.
 6. The amount of lands for which such water is available is 200 acres, particularly described as follows: E 1/2 of SW 1/4 of section 31, W 1/2 of SW 1/4 of SW 1/4 of section 32, township 13 E., range 17 E. (unimproved).
JAS. STEPHENSON, JR., State Engineer.

Contest Notice.
 State Land Department, Boise, Idaho, March 23, 1907.
 A sufficient contest affidavit having been filed in this office by Frank D. Randall, contestant, against "Carey act" entry No. 873, made January 21, 1907, in section 23, township 10 S., range 15 E., by Conrad Schellman, contestee, in which it is alleged that the said Conrad Schellman has not resided on, reclaimed or cultivated or irrigated said land or any part thereof; that he has obtained no extension of time from the State Land Department to do anything on the premises and has failed to reclaim or cultivate or irrigate said land or attempt to irrigate or cultivate said land, and that he has done nothing to disprove his failure to do so, and that he is hereby notified to appear, respond and do evidence touching said allegation at 10 o'clock a. m. on Friday, May 3, 1907, before the recorder of the State Land Department in Boise, Idaho.
 The said contestant having, in a proper affidavit, filed in this office, shown due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.
J. I. CHURCH, Register.
 Attorney for Frank D. Randall, contestant, Twin Falls, Idaho.
 First publication, March 29, 1907.

Contest Notice.
 Department of the Interior, United States Land Office, Hattley, Idaho, March 25, 1907.
 A sufficient contest affidavit having been filed in this office by Florence E. Taylor, contestant, against James D. Crawford, contestee, made January 22, 1907, for 5 acres of land in section 23, township 10 S., range 21 E., by John J. Crawford, contestee, in which it is alleged that said James D. Crawford has not resided on, reclaimed or cultivated said land, and that he has done nothing to disprove his failure to do so, and that he is hereby notified to appear, respond and do evidence touching said allegation at 10 o'clock a. m. on Friday, May 3, 1907, before the recorder of the State Land Department in Boise, Idaho.
 The said contestant having, in a proper affidavit, filed in this office, shown due diligence personal service of this notice can not be made, it is hereby ordered and directed that such notice be given by due and proper publication.
J. I. CHURCH, Register.
 Attorney for James D. Crawford, contestee, Hattley, Idaho.
 First publication, March 29, 1907.

Excellent stock for horses or farm machinery. Address Box 70, Filer, Idaho.

BUHL IS FAIRLY "SIZZLING"

Wonderful Activity in the City by the Setting Sun.

BUHL, Idaho, April 9.—Jim Patten is raising a mustache and it is already strong enough to sleep alone without any one having to sit up with it at night.

Clifford Millikin, reputed to be the most handsome ranchman on this end of the tract, came in to town last week to buy a cow. He said that he found so many strange things in this western country that he was going to look for more, and acquired for a brindle cow, because he said that he was told that such a colored cow would give spotted milk.

G. H. Erdmann came in from Ellor, Wednesday to transact some business. Mr. Erdmann has 100 acres of Deep creek which he is making preparations to prove up on. He will soon be butting in to the acreage.

Thomas F. Evans and wife drove in from their ranch in the vicinity of town Thursday on a business visit. They have a fine residence on their ranch and are delighted with the country and glad to have their friends.

J. F. Firth came up from Thousand Springs last week, bringing his famous black stallion with him, which he had on exhibition at the livery stable of J. H. Schaefer for several days.

Beymour Fairchild and family arrived in this vicinity the latter part of last week and are now on the tracts to grub sagebrush. He did much of this work last summer around here.

Judge Hurlbut brought a load of sheep from the two miles west of Buhl ranch last Thursday and has been busy ever since delivering them to purchasers around the country. The judge brought another load of sheep, the old one on Snake river which he will plant to orchard. He has ordered the lumber for building a ferryboat at his home place. He was paid the money worked by a gasoline engine and when it is in operation the road from Hagerman to Buhl will be shortened several miles.

A Farlow, wife and daughter, Exline, arrived from Twin Falls Wednesday and are now comfortably located in the dwelling home of Geo. E. Smith on Main street west of Hotel Buhl.

M. B. Kearney rode up horseback from Twin Falls Thursday and returned the same day. He was paid the balance money on his business block which burned down a few weeks ago and he is now making preparations to build a more substantial block. He says that he will be no more laborer in it than is absolutely necessary; that it will be constructed of the sandstone which Scott Dole is taking out of the quarry north of town.

Dr. T. M. Gilmore returned from Boise Friday. While there he took the examination for doctors from foreign states. His name was on the list and he took with him from here to be placed in St. Luke's hospital in the capital city, was operated on during his stay and he reports that the operation was successful in every particular and that Miss Lindstrom will soon be all right again.

Much interest was taken in the school election in the numbers of people coming in from all parts of the district to take part in it. There was quite a tangle for a while, as nearly every state in the Union was represented and it knew something about the school laws of the states from which they hailed and sought to apply them in Idaho, which created some confusion. A copy of the school laws was found and the laws of this state bearing on the questions under consideration dug up, after which everything went along smoothly.

B. Boyd was elected for the two-year term and Ed. Larson and A. J. Miller tied for the one-year term, and T. W. Berry and H. Holborn tied for the three-year term. In all probability the ties will be decided by the candidates drawing lots.

Bernard Reed came in from his ranch on Deep creek Sunday. He reports great activity among the ranchmen in his neighborhood.

Charles Coker, foreman on the high line canal works, was a Buhl visitor Monday. He reports great difficulty in working owing to the recent heavy rains. He stated that he would soon commence work on the low line canal at the point where it terminates and build it on west for several miles farther and would eventually bring it to the Salmon river. He went to Twin Falls on business.

Paul Tonseth of Walla Walla, Wash., arrived in town the latter part of last week and immediately took up his residence on his ranch two miles southwest of town and commenced clearing of a tract of brush preparatory to getting in a crop.

Scott Dole is visiting at his brother-in-law's ranch in the vicinity of Butte. J. J. Harvey of Brunson, who is employed by the Thousand Springs Land and Transportation company, came up from Thousand Springs Thursday with a fine French coach horse which he is keeping at A. H. Schaefer's livery stable for breeding purposes. The horse is a beauty and is for sale.

Frank Russell drove in from his ranch the miles east of town Monday night. He had the misfortune to be kicked by a horse and was quite lame.

R. B. Hudson, Miss Katie Hudson and Mrs. Nellie Johnson and visitors Monday, but did not play long, as this is the busy season on the ranches in this neck of the woods and no one has any time to waste.

Robert Johnson and Dale Criss of Gooding arrived in town Monday evening with nine head of horses for the market.

J. W. Porter of Salt Lake registered at Hotel Buhl Thursday.

Thomas H. Denthorne of Oriona, Iowa, spent several days of last week looking over the tract and was well pleased with the country.

Joe Day brought out the members of the board of examining engineers who are to investigate the condition of the canal system on the tract Friday. The board consists of O. A. Walker of Priddy, H. H. Goodrich of Cheyenne, Wyo., C. F. Johnson of Cheyenne, Wyo., and Jas. Stephenson, Jr., of Boise. Mr. Walker said that the board would not take any information from any one who had it to give relative to the condition of the canals, laterals and draws anywhere on the tract and it was hoped by the members of the board that the information would be forthcoming. They started in at once on their tour of inspection.

J. J. Resevant came in from his ranch Tuesday business. He is going to plant some hops this year as an experiment. He thinks they will do well on this end of the tract.

W. C. Jones of Twin Falls was a Buhl visitor Friday.

J. F. Hoger of Prineville, Oregon, was a guest of Hotel Buhl for several days last week.

C. C. Jones of Twin Falls came up from town Thursday with the new landing of Hotel Buhl, to help him bring up his furniture and put it in place.

John A. Jacoby, the new landlord of the hotel, accompanied by his wife and children, came up Thursday from Twin Falls to see the location and the possession of the hotel Sunday morning but owing to some misunderstanding did not do so but went back to Twin Falls where he is expected to today to take possession.

Wm. R. Pember of Mondovi, Wis., is a land seeker on this end of the tract.

G. H. Miller of Idaho Falls, Idaho, is a guest at Hotel Buhl.

W. H. Reeves of Oakland, Calif., is registered at Hotel Buhl.

T. J. Eberburg, Wash., is looking over the country in the vicinity of Buhl for the purpose of selecting a place of land on which to build a new hotel.

Chris Rehmon of Greeley, Iowa, is looking for land on this end of the tract.

John A. Talley of Okla., Iowa, is studying the country and contemplating taking a piece of it.

W. A. Miller and wife of Grand Junction, Colo., arrived in town Monday to see the country and to plan their future home. They are from a sagebrush country and know all about it.

They come from the famous peach belt of Governor's land.

Chas. Carter of Twin Falls has just finished building several residences for the ranchmen southwest of town and returned to Twin Falls Tuesday.

A. B. Crawford took a run in from his ranch Monday to transact some business at the market.

W. H. Clifford of Hagerman came up from town Monday with a load of apples and started towards Twin Falls Tuesday.

H. M. Allred of Boise came up from Twin Falls on Tuesday's mail stage. Mr. Allred is going to have charge of the Citizens' State bank, which will be opened in Buhl. According to all accounts, this bank will be well backed with capital as it is said that there are several millionaires interested in the project.

The firm of Parker & Marshall are leveling the ground back of the post-office for the purpose of building an addition to the building.

Dr. James Monroe is doing the sagebrush at his ranch one mile northeast of town. He says that it is much easier work to grub rock for building purposes and grub sagebrush than it is to saw off bones.

A. B. Nelson of Manson, Iowa, arrived in town on the stage Tuesday to see the country and to plan his operations on his 80 acre mile southwest of town.

William Tripp dodged the sagebrush last week Tuesday to come in to town for his mail.

Melges & Hays, our new farming implement firm, arrived from Twin Falls Tuesday with a whole train load of farming machinery and are busy putting it in place. They have also a large stock of harness and other things which are for sale on the ranch. They occupy the old post-office building, but only temporarily. They will commence at once to erect

a building of their own in which they will have more room.

Thos. T. Davis and wife, who own a ranch of five miles east of town, were business visitors Tuesday.

HEAVY RAIN AT CLEAR LAKE Very Little Irrigation Will Be Needed to Grain.

CLEAR LAKE, April 9.—A heavy rain fell on Saturday which wet up the ground considerably. It would seem that very little irrigation will be needed for grain this year.

W. H. Clifford, the fruit man, returned last night from a trip on which he sold a load of apples and left this morning with another load for Buhl.

Charles Ingerson left for Buhl yesterday, accompanied by his father. He will remain at home for a few days as the last rain made the ground so wet that he cannot get out.

Mrs. S. D. Briggs of Salmon river were over at Clear Lake on Sunday visiting friends.

Mrs. Charles Ingerson is on the sick list this week.

Otto Syter has received a new cable for his ferry and will suspend it today.

W. Briggs finished pruning his fruit trees this week.

Mrs. John Dalquist returned today from Hagerman, where she had been for several days on business.

Mrs. M. A. Jones is improving from the illness which has troubled her of late.

Otto Syter bought a watch a few days since, the case to him. He tried it in all positions without avail and Otto began to think harshly of the man from whom he obtained the watch. Finally he decided to return it. Within the case were found two jaw boulders large enough to fill a wheelbarrow, half a stack of hay and many of the citizens of which an accumulation of dirt. Otto used the boulders to tamp down the "dead man" for his ferry cable, sold the hay and alfalfa seed, besides quite an accumulation of dirt. Otto used the boulders to tamp down the "dead man" for his ferry cable, sold the hay and alfalfa seed, besides quite an accumulation of dirt.

102 acres improved land, all under fence, a cross fence house, elms and corns; 40 acres in alfalfa, lucerne stand; one of the very best farms on the tract, four miles northwest of town. Also 500 bushels Towner seed wheat; 40 tons alfalfa, one good spring cow and calf, one sow with pig, one sow with four pigs. W. H. COX, P. O. Box 264, Twin Falls, Idaho.

Strawberry Plants. 20,000 healthy plants for sale; also one stack, mixed land and out, price \$40. A. G. LAMMERS, P. O. Box 676, Twin Falls.

Lost Cow. Strayed away, red cow with white face, weight about 100; liberal reward for her return. F. J. COSTELLO, Twin Falls.

BAILEY & CO Picture Framing a Specialty. Fine Supper in Prospect. The Ladies' Aid society of the Presbyterian church will serve supper in the Craven building on Saturday, April 13, beginning at 6:30. The feast will cost 75 cents. The hungry man who misses it will regret his carelessness for the rest of the month if not longer.

Farm for Sale. 80 acres, deeded, all good land, six miles to Twin Falls, price \$100 per acre; \$1,450 cash balance on long time and easy payments at 6 per cent interest. Come and see me, or write to A. G. LAMMERS, Piler, Idaho.

Hay for Sale. 160 tons good alfalfa in stack. ROBERT BROSE, Rock Creek.

Public Notice. Public notice is hereby given that I have leased for cultivation the SE 1/4 of NE 1/4 of section 15, township 10 south, range 17 east, containing that plot formerly used as a cemetery, from which all bodies must be removed not later than May 1. H. S. MARTIN, Twin Falls, Idaho.

Groom Wanted. A good horseman to take charge of and care for the 4-year-old standard bred Hamiltonian pacing stallion, "Jet Fullman," now at the Farmer's corner. The right man may have the benefits and use of the horse for the season by breaking him to drive; or will sell cheaply. No cent and has kind disposition. Reference required. THEO. T. DAVIS, Buhl, Idaho.

The Liberal Cigar Store is headquarters for A. G. Spaulding sporting goods.
