

MILNER OPENING A GRAND SUCCESS

APPLICATIONS RECEIVED FOR 48,000 ACRES More Than Half of the 30,000 Acres Opened Has Been Sold and Demand Continues—Sales of Town Lots Aggregate Over \$50,000.

MILNER, Idaho, April 25.—The success of the first opening on the north side on Monday surprised the most sanguine booster on the tract. Even Bob McCollum, and Major Reed, the prize optimists, were compelled to admit that they had underestimated the demand for land and the probable number of visitors. Better still, the interest continues and the land is still going like hot water at a crowded picnic ground.

When the drawing commenced the company held certified checks calling for no less than 48,000 acres of land, or 35,000 acres in excess of the tract opened for entry. Scores who arrived after the drawing started were disappointed because they were unable to secure chances. Everything moved with clockwork regularity. Of course the kicker who wanted the box shaken up after each card was withdrawn was there, together with others of the dandier variety, but a fairer drawing was never conducted. The first number was drawn by Miss Slaughter, daughter of Martin Slaughter of Colorado Springs, and the second by Mrs. Nixon of Twin Falls. Strangers who arrived at the last moment were among those who secured good numbers and scarcely a man connected with the project in any way drew less than 200.

As predicted, the first choices were all along the line of the electric rail way to be built from Milner to Gooding and Bliss. All the early firms took quarter sections.

Milner town lots to the value of \$1,000 have been secured, the sales on the opening day amounting to over \$15,000. Harry White of Wallace drew the first number and selected two lots in the heart of what is to be the business section. George E. Evans of Twin Falls drew No. 2 and secured two excellent lots.

Notwithstanding the crowd, there was little or no discomfort. There was plenty to eat and ample sleeping accommodations. At the company house everybody who showed up in the dining room was furnished a good meal free of charge. Many strangers, who supposed the house was a hotel, offered to pay for their meals and were surprised when their money was refused.

Land seekers are arriving on every train and are finding ground to suit them. To date the sales amount to 18,000 acres. Everybody secured the best piece of land on the tract, of course. They are willing to admit that there are other good tracts but the particular one which they secured has no peculiar advantages which make it more desirable than any other. This is the Twin Falls split.

General Superintendent McWaters and Jerome Hill, Jr., Bob McCollum and Major Reed are deserving of congratulation upon the happy manner in which they conducted the proceedings. There was not a hitch or a ground from beginning to end.

CONTRACTOR R. W. Farris is unloading five cars of machinery for work on the canal, consisting of hoisting engines, electric drills and the like.

SCHOOL NOTES.

Professor Morley of the State university at Moscow visited the school last Monday. In the afternoon he spoke very interestingly in behalf of the university.

Miss DeBow is attending to her duties again after several days' illness.

The shorthand class received a box of beautiful carnations Monday from their former teacher, Miss Kierstead, Mrs. Kierstead held a high esteem by all her former pupils.

Miss Esle Hubbell goes to Pocatello today to take part in the dictionation contest. The best wishes of the school are with her.

Three days have been set aside for the closing exercises of the year, which ends May 10. Wednesday, May 8, will be inspection day, when all parents and friends are invited to come along with the winners of the prizes.

As an additional incentive, C. E. Booth has offered a \$15 gold silver trophy cup to the winning team in the girls' basket ball tournament. The second best team will receive a \$5 kodak from Sprague's pharmacy. Four teams will compete.

SITES FOR COUNTY BUILDING.

Several Have Been Offered to the County Commissioners. The county commissioners are still in harness, passing on bills, considering road petitions and otherwise shaping the destinies of the new county.

They have recently taken possession of J. J. Cateough as constable in the Duble precinct and that of William L. Plerton as justice of the peace in the Milner precinct, both positions being held by the same party formerly occupied by the Shelton-Holtzman Lumber Co. They would give the county a ground space 120x160 feet. A tender of seven lots on the west side of Shoshone avenue, cornering on the park, has been made, which would give the county 170x120 feet, has likewise been made, which is another plot of seven lots on the south side of Main street just beyond the News building. All sites are offered free of cost to the county and competition is keen. The commissioners will carefully consider all offers and accept that which seems the best.

PLANS FOR THE LATERAL SEWERS

COUNCIL ABOLISHES ORIGINAL DISTRICT

Laterals to Be Built by Property Owners Because of the Impossibility of Disposing of Bonds—Arrangements for Street Sprinkling.

The lateral sewer system was thoroughly discussed at the council meeting last Friday evening when the ordinance creating lateral sewer district No. 1 was repealed for the reason that it would be impossible to sell bonds for the construction of the system at the present time and the city cannot afford to maintain a sewer commission under the circumstances. Laterals sewers will be built in the business section of the city by the property owners themselves under the supervision of the city engineer and in accordance with the proper specifications. They will cost each property owner about \$1 per front foot, or \$25 per lot. A majority of the property owners have already signified their willingness to pay this amount in cash and have the work done immediately, and thus do away with the red tape and expense connected with a bond issue and also saving the interest on the bonds. The individual expense would be trifling compared with the benefits derived as the city grows and the property owners fall in line the lateral system will be extended. Extensions will be made in any event whenever the property owners are willing to do for them.

The salaries of the city officials here and follow: City clerk, \$300 per annum; city attorney, \$600; city police judge, \$300; chief of police, \$800; night patrolman, \$500 per annum; city engineer, \$125 per day while actually engaged in city work. The sprinkling problem is more complicated than it was last year for the reason that the city has not sufficient funds to maintain the sprinkling mains. The property owners on Main street and Shoshone avenue have agreed to pay for the sprinkling of five blocks on Main street and that portion of Shoshone avenue between the depot and the park. Twelfth and Thirteenth avenues, on which the dust accumulation is a disagreeable degree, will also be sprinkled and it is probable that arrangements can be made to cover a larger area.

The following standing committees were appointed: Finance—Aldermen Pilgerrin, Davis and McMaster. Streets and alleys—Aldermen Davis, Dean and Pilgerrin. Health—Aldermen McMaster, Davis and Dean. Fire and water—Aldermen Pilgerrin, McMaster and Davis. Drains and sewers—Aldermen Dean, Davis and Pilgerrin. In each committee the first named alderman is chairman.

Visiting Journalists. Hon. John Lamb of the Silver City Nugget and W. E. Wheeler of the Idaho Falls Register arrived today. Mr. Lamb has been here before, but this is Mr. Wheeler's first visit.

HANSEN TOWNSITE LINED WITH TREES

TWO PARK BLOCKS BEAUTIFULLY DECORATED.

Peach Trees in Bloom and Small Fruits Thriving Splendidly—Many Settlers Are Coming in With Cattle loads of Effects.

HANSEN, Idaho, April 25.—E. S. Neill of Heyburn was a guest of T. T. Rutledge on Thursday. Mrs. W. N. Rose, Geo. L. Doughty and Albert Ball were Twin Falls visitors this week. E. S. Hamilton, accompanied by Mr. Slaughter of Colorado Springs, made Hanson a call last Thursday. Janio Johnson of Twin Falls spent a couple of days at the Williams home this week. John Brewer has sold his ranch on mile north, consisting of 120 acres. Mr. Smith recently sold his 80-acre ranch north of this place. E. F. Hayes, recently from Oklahama, has rented P. H. Smith's ranch three miles south.

Miss Taylor of Kimberly was a guest at the home of Mrs. J. Munger last week. Mr. Tyler of Heyburn is making trip deliveries this week in this vicinity. H. C. Phelan of Heyburn was a visitor over night with T. T. Rutledge, returning home Tuesday morning on the freight train.

Misses Fern and Ethel Towle spent a very pleasant afternoon at the home of Mrs. F. Rauch on last Saturday. The O. S. L. painting gang worked here this week and retouched the switch-boards. E. Ricks shipped a car of potatoes this week to Heyburn. A carload of farming implements arrived here this week for J. F. Hansen and Son of Rock Creek.

Miss Pittenger of Anna Nurseryman, was in town last week to make deliveries of fruit trees. The new lot, was in the construction of the new hotel. A brother of John and Arthur Babcock arrived here last Saturday from St. Paul.

Jeff Taylor, a landowner in this vicinity, returned from Goldendale last Saturday. Miss McNeer has sold his last year's crop of potatoes, which will be shipped to Heyburn. F. J. Jerome made a trip to Twin Falls this week, returning with a load of fruit trees.

F. M. Towne was in town this week, taking out material for flume purposes. Jesse Allen of Goldendale arrived here last Friday to reside on his ranch, which he purchased this spring from Floyd Vanactor of Goldendale, Wash.

Mr. and Mrs. Ed Smith are being heartily congratulated upon the birth of a son, which the doctor left at their home on Saturday, April 20. T. J. Barnes made a business trip to Kimberly this week, taking out a load of posts from Welter's Hanson yard on his return trip. Robert Edgar of Mountainhome spent a few days in Hansen this week. Mr. Edgar, accompanied by Miss McKee, visited the Shoshone falls on Sunday last. A. M. Cummings has been appointed ditch rider to fill the place of Ralph Woodhouse, resigned. Mr. Woodhouse is now traveling and offering for sale a new water wheel patented by Louis Oliver of this place. A large crowd from this place was present at the land opening at Milner last Monday. Frank Thompson drove No. 61. Mr. Thompson had spent some time traveling over the north side project, therefore was able to make a good selection. Mr. Teale of Goldendale, Wash., arrived here last Friday and was among those present at the land opening.

GREAT ACTIVITY IN REAL ESTATE

LARGE NUMBER OF TRANSFERS ARE EFFECTED.

Local Dealers Have a Busy Week—Land Seekers Attracted by the North Side Opening Visit Twin Falls and Make Investments.

This has been a busy week for the Twin Falls real estate dealers, who are enjoying a splendid run of business as a result of the north side opening. Scores of land seekers who were not lucky enough to secure what they had picked out on the north side came to Twin Falls and bought land on the south side. As an offset, many who were here looking over the south side met, mentioned to draw low numbers on the north side and fled on land there.

Hill & Taylor traded over several valuable properties, including four lots in the west corner of Shoshone avenue and Tenth avenue, which were sold to R. C. Beach of Lewiston for \$5200. By securing the four lots, Mr. Beach will be able to build a fine home and he will have five 25-foot lots facing on Shoshone avenue, each of which will be 25x100 feet. Mr. Beach has made several good purchases on the Twin Falls tract but none better than this. Hill & Taylor also sold to Professor Potter of the Twin Falls school 40 acres of land, situated on the south side of Bull. They also disposed of 320 acres six miles south of Bull, the property of William Libbert of Lewiston, to two unnamed purchasers; 60 acres four miles east of Bull to B. A. Vincent of Milwaukee for \$1100; lots 13 and 14, block 9, Twin Falls, the property of Marquette and May Hall, for \$250; 10 acres of Iowa, the southeast quarter of section 21, township 10, range 15, for \$125 an acre; 100 acres belonging to J. A. Wortman, four miles south of Twin Falls, to B. A. Vincent of Earlings, Iowa, for \$52.50 per acre.

Day, Dean & Co. likewise had their busy moments. They sold to Frank Hill of Taylor's land, one-half quarter of the southwest quarter of section 15, township 10, range 15. To other Iowa parties they disposed of several parts of the northeast quarter of section 12, township 10, range 15, and the southwest quarter of the southwest quarter of the same section in township 10, range 15; also the southeast quarter of the northeast quarter of section 23, township 10, range 17, the property of Mrs. Rolmenschneider, to Mrs. Bell; likewise the northeast quarter of the southeast quarter of section 12, township 11, range 17, the property of A. S. Brown, to Mr. Robertson, and the northeast quarter of the northeast quarter of section 21, township 10, range 15, for John Gourley of Mr. Mills of Washington.

T. J. Woods was on the go all week. He had in town long enough to make out a list of his sales, which included some tiny pieces of land. The Brunk Brothers & Realty Co. sold several pieces of acre lands in the vicinity of Hansen and Bull during the week and report other deals ready to close.

Guy Street is engaged in closing up a number of good sales which he negotiated during the week. C. E. Evans turned over some good tracts in the vicinity of Twin Falls and also concluded the sale of a business block in town, the terms of which will be disclosed in a few days.

Mr. Peavey is at home, where he was called on account of his wife's illness, and St. John Skinner is so busy that he has no time to talk to impetuous newspaper men. St. John located a number of people on the north side and turned some nice deals on the south side.

John R. Newton completed the planting of the shade trees on the Hansen townsite on last Saturday. Every street is lined with trees 20 feet apart, a different variety on each street. The two park blocks are planted with six varieties, which consist of ash, maple, Carolina poplar, locust and boxelder. There are 150 trees in one park and 519 in the other. The artistic manner in which the trees are arranged in the parks denote considerable experience on the part of Mr. Newton.

OSBORNE & FERNEY'S Great Millinery Sale Beginning Saturday, April 27 AND TO CONTINUE JUST ONE WEEK. We have several new ideas in Hats—it is just like another opening—everybody is cordially invited. Have you seen our display of Trimmed Hats? It is complete. We have the latest styles of hats "around five dollars" that you ever saw. ELDRIDGE CLOTHING AND TAILORING CO.

Commissioners' Proceedings

Twin Falls, Twin Falls County, March 23, 1907. The board met this day pursuant to adjournment of yesterday, present: George L. Crocker, chairman; John F. Hansen, L. E. Salladay. Whereupon the following proceedings were had, to-wit: The board ordered for the purpose of dividing the county into election precincts the following named and bounded districts to be declared to be the election districts of Twin Falls county. All but one of the districts were described as follows: Commencing at the point where the section line between sections 4 and 5, township 11 north, range 20 east, intersects Snake river, and running thence south to the south line of section 12, township 10 south, range 17 east, and then north to the point of beginning.

10 east, and section 7, township 10 south, range 17 east, and running thence south to the intersection of the range line between ranges 16 and 17 east, with the high line canal; thence east to the high line canal to the intersection of the same with the range line between ranges 17 and 18 east; thence north on said range line to the intersection of the same with the low line canal; thence down said low line canal to the north and south quarter section line in section 1, township 11 south, range 17 east; thence north through the center of the sections traversed to the northeast corner of the northwest quarter of section 24, township 10 south, range 17 east; thence west two and one-half miles to the place of beginning.

WILL INVADE THE GATE CITY

Twin Falls' Ball Tossers Arrange to Play in Pocatello.

The Twin Falls Irrigators will combat their old-time opponents, the Pocatello Indians, at the Gate City on Sunday, May 6. A special train will convey the Irrigators and their sympathizers from the Empire City to the frontier town on the banks of the Portneuf. The old familiar cry of "Ah Ha" will again do violence to the atmosphere and every loyal baseball fan will grow one year younger.

The games between Pocatello and Twin Falls were the most spirited of last season and though the Pocatello club managed to win them all they were closely contested. The best of feeling prevailed and the players will meet next month as friends. The people of the city to the Twin Falls visitors last year and will gladly do so again. When the Indians take the warpath on the greatest irrigated tract on earth they will be giving a rousing welcome in the Empire City.

Both teams appear to be weaker than they were last year and there is scarcely time to wait to do much. Pocatello will miss the services of the two Fredells, who did so much toward defeating Twin Falls in the exciting contests of last summer. However, they still have Capt. Carney, who is generally able to round up a bunch of winners on short notice. "Foxy Bill" is always beaten before the game but generally manages to have the most runs at the end. This year he is reported to be weeping to such an extent over the deplorable condition of his mine at Doe-Louis is thinking about cancelling the contract for street sprinkling. Bush Livermore declares that Pocatello couldn't beat the Fort Hall Indians last year a very good reason why Twin Falls should get busy.

Captain Ed Kuhl of the Irrigators is busy cranking for local timber and he thinks he may be able to pick up a few yards before the Pocatello game. Lou Klersted promises to bat over 300, now that he is called "papa." Everett Sweater, but his old wagon tongue with which he brought in many a run for the Irrigators last year, but he has arranged with Sheriff Alkon to have his pick of the two Capt. Carneys which the Power company shipped from Spokane last week. Johnny Hayes is busier than a cranberry merchant at Milner but his clerks are in favor of his being behind the bat when the empire takes command at "Pokey." Guy Holzhorn will be greatly missed and in the present moment there is no pitcher in sight. There is reported to be an abundance of new talent available and if Captain Kuhl happens to land an odd pair of spectacles he will give the Pocatello artists a good run for the opening game.

FAREWELL TO THE OLD BROOM

Vacuum-Sweepers Are the Latest Device Used in Cities.

"The problems of the housekeeper are receiving from the architects of modern architecture a solution which they have long claimed in vain," writes John L. Anderson in the May Woman's Home Companion.

"The solution of the sweeping problem is a case in point. In one of the newest apartment houses there is not a broom to be found from cellar to garret, or rather from the third sub-cellar to the air-cleaning chamber on the roof. Every suite throughout the building is equipped with a vacuum cleaning apparatus. There is a pipe connected with the vacuum chamber in the basement in every suite, while a flexible hose long enough to reach to the furthest corner of every room is supplied, which may be readily attached to a nozzle in this piping just as you would connect a garden hose. The vacuum is controlled by a siphon. It is not necessary to pass the nozzle of this vacuum hose over the carpet, rug or drapery, or every particle of dust is instantly drawn up into the hose. The dirt collected in this way passes quickly through the hose into the pipe, and thence, perhaps a matter of a dozen stories, to a chamber in the subcellar, where an attendant shovels it up and carries it away.

"The nozzle which picks up this dust allows no particle to escape, so that in all this sweeping there is literally no dust. Incidentally it removes more dust than the most persistent and vigorous broom. The entire operation of sweeping might be carried on with the sweepers in evening dress, so far, at least, as cleanliness is concerned. The work of hours is reduced to minutes."

OREGON'S POLITICAL TRIUMPH

Bosses and Machines Are Rellegated to the Scrap Pile.

This is the subject for an intensely interesting and timely article in the May issue of the Pacific Monthly, published in Portland, Oregon—interesting to every citizen because it tells of the use of supreme power by the people. Timely because it offers a sure and safe antidote for the poison and graft of corrupt machine politics. The subject is handled graphically by E. P. Sweeney, a well known newspaper writer, who gives an extremely interesting and authoritative account of the direct legislation-direct nominations movement and other great reforms which have placed Oregon in the forefront of the world's political progress. "It has been said that every form of government except a pure democracy has been weighed and found wanting." Oregon has practically become a pure democracy. "A peaceful revolution has been accomplished. It has remained for Mr. Pease, who has followed the movement from its inception, to tell the story intelligently and interestingly.

Oregon competently confronts the necessities of its people with startling statements somewhat as follows: "If our representatives do not represent us, we have power to force them to do so."

"We can reject any law that we don't want, or ourselves enact any law that we do want."

"We have knocked out the boss and the machine."

"We have just elected two United States senators in twenty minutes without 'boodle' or 'bribe' or 'plum', and our legislature has just completed a session of extraordinary activity, untroubled by any charge of corruption."

"And for such achievement the state and the United States at large may give thanks for the persistence of a small coterie, once laughed at by politicians as 'Pops' cranks and 'disinherited' led by a 'dreamer'—W. S. 'Ren'."

"It can truthfully be said that no subject of greater interest or moment to the people of the entire country, has ever appeared in our national press. Let us hope that every believer in our national slogan, 'A government of the people and for the people,' may read the story of western freedom and success, and that it may be accepted which falls not on spout ground but in fallow fields to sprout and spread throughout our nation."

Name.....Street No.....

Phone.....State.....

BREVITIES

Alfred East of Boise, who recently purchased a valuable tract on Blue Lakes avenue from D. S. Spencer, visited in Twin Falls for several days this week.

Superintendent H. E. Hunt of the Twin Falls cemetery has moved six bodies from the Martin farm to the cemetery this week and is preparing to move others. All bodies must be moved prior to May 1.

H. E. Quigley, superintendent of construction on the state capitol building at Boise, came down to attend the drawing and look over the tract. Mr. Quigley was delighted with the new country and will probably secure a plot of ground near Twin Falls.

C. J. Sybertson and Andrew Sybertson of Coeur d'Alene, Idaho, have purchased 320 acres southwest of Buhl from Arthur Hall. They secured a good bargain and will make the property produce revenue before the leaves begin to turn.

The Snake River Implement Co. has received a 26-horsepower Minneapolis traction engine and a 12-horsepower for the Cheney brothers of Kimberly. It is a formidable looking combination and has the appearance of being able to change the landscape on short notice.

Frank Sorenson and Paul Smith have arranged to give a May dance at the rink next Wednesday evening. They are going to import an orchestra from Albion and they promise their guests a splendid program. The young gentlemen are very enterprising and equally popular and as social leaders they should make a hit.

The Power company's spy team had another brain storm yesterday when they parted company with their driver who was hauling water from the spring to the plant. The horses took up the grade and never stopped until they reached the brink of the canyon at Blue Lakes, where they were found a few hours later.

Walter Bedford of Caldwell is visiting his brother, C. C. Bedford, of the Bedford Drug Co. He came to attend the minor drawing and is looking over the tract in search of suitable property. Coming from Caldwell, Mr. Bedford knows the value of irrigated land and the project looks good to him.

Gus Johnson will move his barber shop from the Main street front in the Hotel Empire building to the room recently vacated by T. J. Woods, facing on the Shoshone avenue side of the building as soon as the plumbing is completed. George P. Sprague and Alex McPherson will occupy the present barber shop as an office when the change takes place.

C. Horbert Lee of Boise, who attended the opening at Milliner, came down to Twin Falls for a short visit.

Fred Armstrong, janitor of the Y. M. C. A., is seriously ill at the home of his father, Rev. James Armstrong of Garfield, Utah. He is suffering from cancer of the stomach and the physicians give no hope of his recovery.

A business meeting of the members of the Presbyterian church was held at the church hall on Wednesday night. Several routine matters were attended to and the meeting adjourned subject to the call of the trustees, which will be made early next month.

W. H. Cassidy, grand chancellor of the Knights of Pythias for Idaho, paid an official visit to the Twin Falls lodge on Wednesday night and delivered an address. The meeting was open and a large number attended. A movement has been started to form a Pythian Sisters lodge here.

W. S. Morley, professor of mathematics at the University of Idaho, paid the church hall on Wednesday night and delivered an address. The meeting was open and a large number attended. A movement has been started to form a Pythian Sisters lodge here.

Rev. J. H. Schenck of the Baptist church received word on Saturday afternoon that his son, Bert R. Schenck of Muncie, Indiana, had been seriously injured in the paper factory where he is employed. While working at a machine his right arm was caught between the cog wheels and badly lacerated.

C. A. McMaster has sold his Hansen ranch to his associate, Nick Smith, who will hereafter look after the farming while Charley takes care of the stock growing. No tract seems to be too large for Nick and he always manages to get results. Mr. McMaster's home is in the city and he has enough blooded stock to keep him busy, to say nothing of his duties as chairman of the health committee.

Addison T. Smith, register of the United States land office in Boise and one of the Twin Falls pioneers, watched the excitement at Millner on Monday and came over to Twin Falls that evening to look at his farm which is located at the east end of Shoshone avenue. He put up the price of his land and \$50 an acre after seeing the local improvements and who can blame him?

A good-bye party was given by Miss Elva McCollum on Wednesday evening in honor of Miss Ethel Manker, who left on Wednesday afternoon for Loveland, Colorado, where she will instruct for next year and she and her family were present and a delightful time was enjoyed. Miss Manker has been re-engaged by the school board as a substitute instructor for next year and she hopes that by resting during the summer her health will permit her to return to her work in Twin Falls.

A. D. Barnes of Norris City, Minn. is visiting J. S. Keel and will remain for a few weeks.

Mrs. W. P. Gathrie, who has been ill for some time, is reported to be convalescent.

Miss Mary Gourley and Miss Margaret Wolff left this morning for Montevita, California, where they will visit for several weeks.

John A. Egerton, assistant deputy consul of the Modern Woodmen of America, spent several days in Twin Falls this week in the interest of the order.

The Brunk Brokerage & Realty Co. has moved into rooms 2 and 5, at the head of the stairs in the Idaho Department Store building.

Mrs. O. A. Stalker will accompany Miss Estie Hubbard to Pocatello today. Miss Hubbard will represent the Twin Falls High school in the declamation contest which will take place in the Gate City tonight.

John Erickson sold 40 acres of his farm just east of Blue Lakes avenue to Ross E. Bonham for \$75 an acre, while Mr. Bonham disposed of another 30 acres which he patented some time ago to Carl Kilne of Emmetsburg, Iowa.

Frank Lytle entertained in honor of Raymond Hatch of Boise at the home of Mr. and Mrs. C. A. McMaster on Tuesday night. Games were played, jokes were cracked and the guests had a grand old time. The refreshments were very tempting and the evening passed all too quickly.

A few ladies were most pleasantly entertained by Miss Ethel Manker last Thursday evening at the home of her sister, Mrs. G. F. Baker. The favors were given Mrs. Hays and Miss Dyer. Those enjoying the evening were Mesdames McCollum, Hays, Mitchell, Ball, Taylor, and Misses DeBow, McCollum, Ball, Parsons and Dyer.

Calvin E. Grey, son of Mr. and Mrs. Sidney Grey, who was stricken with measles, died on Sunday night, aged three years and nine months. Undertaker Hunt embalmed the body for shipment to Albion, whether it was shipped on Monday morning. The passing of little Calvin was particularly sad, and the bereaved parents had lost another son about one month ago. They have the sincere sympathy of all in their hour of sorrow.

Charley Hawk writes to the News from Ely, Nevada, where he arrived on April 3. He reports that wages are good and work plentiful in the copper camp. The mammoth smelter which is expected to make Ely a second Butte, is being completed and the prospects are encouraging. Charley has been hard at work since he reached Ely and the tone of his letter is cheerful. He reports having met several former citizens of Twin Falls.

S. F. Keel, formerly of the Eureka Keel Construction Co., was an interested spectator at the drawing. He came over from his home in Nampa to see one of the crowning results of his handiwork.

George Dewitt and Laura Dewitt of Colorado Springs, brother and sister of Mrs. Ed Coase, have arrived in Twin Falls and will make their home here, Miss Dewitt attending to the office work and Mr. Dewitt looking after outside business for the Braun Dry Co.

J. S. Hoxsey returned last week from Spokane, where he had been since last week. He brought a party of thoroughbred irrigators with him to file on the north side. Mr. Hoxsey said he was pleasantly surprised to see the improvements in Twin Falls.

Ben S. Boyce of Ottawa, Illinois, was one of the fortunate to secure land on the Twin Falls tract this week. Mr. Boyce is editor and publisher of one of the leading poultry papers in the country and is in position to do the tract a world of good. He thinks highly of the project.

Attorney General Guheen and his assistant, E. C. Snow, arrived two days before the drawing and went over the tract. Mr. Guheen thinks that the Twin Falls project is the finest example of irrigation in the country and as a member of the land board he has been particularly friendly to the tract.

Secretary of State Robert Landon secured a choice 30-acre tract on the north side, with which he is greatly pleased. With Mr. Landon and Miss Chamberlain on the state land board and all the other members of the board equally friendly the settlers may rest easy.

John Downing, Ned Bowles, J. F. O'Connor, A. B. Gough and Senator James Redman constituted the Montpelier delegation at the drawing and a jolly crowd they were. They were not a bit shy about telling where they came from and they made a host of friends during their stay.

Miss S. Belle Chamberlain, state superintendent of public instruction, who came from Boise, to see the drawing at Millner, visited her Twin Falls farm on Tuesday, in company with Miss Carrie Mobley. She went to Albion on a tour of inspection and promised to return home at an early date.

John P. Gray of Wallace arrived on Wednesday afternoon and took a drive over the west end of the tract on Thursday in company with Harry White. Mr. Gray is one of the leading attorneys in north Idaho and was, until the latter's election to the senate, the law partner of Senator Heyburn. He met many old friends on Coeur d'Alene ridge and was highly pleased with the looks of the tract.

Phonographs EDISON Records. If you want the best Phonograph that is at the disposal of the American people, buy an Edison Phonograph. The one phonograph which does not represent sound, but which exactly reproduces it—reproduces all the variations of the voice, all the accents and peculiarities of the voice. The Phonograph which renders perfectly the most delicate tones without the disagreeable crackling, buzzing and whining sounds so peculiar to most Phonographs. A large and complete stock of EDISON PHONOGRAPH RECORDS always on hand. This is made up from the newest and most popular selections. Sole Agents for EDISON Phonographs and Records.

Bedford Drug Co. Pharmaceutical + Chemists. C. C. BEDFORD, Mgr. Twin Falls.

The Commercial & Savings Bank. TWIN FALLS, IDAHO. Capital, \$25,000. OFFICERS AND DIRECTORS: J. W. Hayward, Pres. H. H. Jacobs, Vice Pres. Russ W. Allred, Vice Pres. L. A. Warner, Cashier. Mr. J. Sweetey. Our Features are Our Commercial Department Our Savings Department. We pay 4 per cent on Certificates of Deposit and Savings Accounts.

Mrs. Richard S. Cookinham and son have returned from Boise where they visited for two months. Richard, Jr., has grown upward at the rate of about an inch a week and has developed great sprouting powers. P. F. Smith of Wallace tempted fate unsuccessfully at the big drawing. He drew a low number for a friend, Mr. Jones, but was unlucky himself. Mr. Smith was formerly mayor of Wallace and is one of the most popular citizens of the big mining town. The Twin Falls tract appealed strongly to his good judgment and he will undoubtedly secure a piece of land to suit him before long. He was heartily greeted by a large number of old friends from the Coeur d'Alene.

Idaho Department Store

Janitor 640.80
Drivers, seven wagons 2,516.30
Interest on bonds 905.98
Total \$19,896.24

Balance the district owes the county \$17,986.35
Less deposit in bank 223.41
Total indebtedness, not including bonds \$1,686.15

There is one month's salary due the teachers at the end of this month, and there will be due the entire two months' salaries of both tax and county and state money, so that at the end of the fiscal year, August 1, 1907, the district will probably be out of debt, except the bonded indebtedness of \$30,000. All of the desks, seats, chairs are fully paid for, and there is no indebtedness on the district, except the bonded indebtedness. It has taken an enormous amount of money to both equip and maintain a school on taxes alone, when the enrollment jumps from 105 to 600 in two years. There are enough desks bought and paid for to seat two more schoolrooms that will be required for next year, and with the school fully equipped the only expense we will have next year to run the school will be the salary account.

Respectfully submitted, by the School Board, C. D. THOMAS, Clerk.

The following is a trial balance showing the conditions of the district. The books during the next two weeks will be left at Hill & Taylor's for public inspection by any one that desires to look at them.

Trial Balance April 20, 1907—Showing Totals for Three Years.

Debit.

RAILS ARE LAID INTO ELDRIDGE

SHORT LINE COMPLETED TO THE NEW TOWN.

Side Tracks Are All Located Within the City Limits—Construction of Bridge Across Cedar Draw Will Probably Take Three Weeks.

ELDRIDGE, April 25.—Mrs. J. J. Lyons left last week for Allamogoa, N.M., where she will visit for a short time. Miss Gladys Mungravo visited her sister, Mrs. Ira Vinton, for a few days last week.

G. Sommer is farming M. B. Harding's land this season. Fred Drake was unlucky enough to lose one of his registered Duroc Jersey sows a few days ago. John A. Eggers of Heyburn, assistant deputy consul of the Modern Woodmen of America, is expected in Eldridge in a few days to organize a camp.

A quantity of trees were delivered here yesterday by the Nampa nursery. James McCann has rented D. C. Allen's ranch and will open it this season. Bob Steele of the Twin Falls Manufacturing Co. was an Eldridge visitor on Tuesday.

E. J. Jump hauled a consignment of posts from Twin Falls on Saturday for the Western Lumber Co. Mrs. J. J. Vinton were Twin Falls visitors on Tuesday.

The railway has been completed to Eldridge and the smoke of the locomotive looks good to those who have waited long and so patiently. The road passes through the townsite from east to west, parallel with and two blocks north of the main business street. The side tracks are all within the townsite limits. The construction of the bridge across Cedar draw will make a terminus of Eldridge for two or three weeks. It is expected.

ORDINANCE NO. 1.

An Ordinance Adopting a Seal for the City of Twin Falls, Idaho.

Be it Ordained by the Mayor and Council of the City of Twin Falls, Idaho: That the corporate seal of the City of Twin Falls, Idaho, be circular in form, with inner and outer circles. The outer circle to be one and seven-eighths (1 7/8) inches in diameter and the inner circle one and three-sixteenths (1 3/16) inches in diameter. It shall bear in the space between the circles "City of Twin Falls, Twin Falls County, Idaho," and upon the space within the inner circle "Seal."

Section 2.—That the seal impression of which is described in section one of this ordinance be and hereby is adopted and declared to be the seal of the City of Twin Falls.

Passed by the council of the City of Twin Falls, Idaho, this 19th day of April, 1907.

Approved by the mayor this 19th day of April, 1907.
FRED A. VOIGT, Mayor.

Attest, STUART H. TAYLOR, City Clerk. (Seal.)

ORDINANCE NO. 2.

An Ordinance Fixing the Salaries of the Officers of the City of Twin Falls.

Be it Ordained by the Mayor and Council of the City of Twin Falls, Idaho, that the salaries of the various officers of the City of Twin Falls be and the same are hereby fixed at the following amounts, to-wit:

- Salary of city clerk: \$300 per annum
- Salary of city attorney: \$600 per annum
- Salary of city engineer: \$750 per annum
- Salary of chief of police: \$900 per annum
- Salary of night police: \$900 per annum
- Salary of city expert at rate of \$7.50 per day while actually engaged in work for city, and for other work to collect and retain for his services such fees as are allowed by law or that may be prescribed by the ordinances of the city; also to be furnished office room by the city free of rent.

Said salaries and compensation to be payable in monthly payments, and to be in full pay and compensation for all services rendered and duties performed by the said officers respectively, as required by the laws of the state of Idaho and the ordinances of the City of Twin Falls.

Passed by the council of the City of Twin Falls, Idaho, this 19th day of April, 1907.

Approved by the mayor this 19th day of April, 1907.
FRED A. VOIGT, Mayor.

Attest, STUART H. TAYLOR, City Clerk. (Seal.)

ORDINANCE NO. 3.

An Ordinance Repealing Ordinance No. 34 of the Village of Twin Falls, Idaho, Entitled "An Ordinance Creating a Lateral Sewer District No. 1."

Be it Ordained by the Mayor and Council of the City of Twin Falls, Idaho, that Ordinance No. 34 of the Village of Twin Falls, creating Lateral Sewer District No. 1, be and the same hereby is repealed.

Passed by the council of the City of Twin Falls, Idaho, this 19th day of April, 1907.

Approved by the mayor this 19th day of April, 1907.
FRED A. VOIGT, Mayor.

Attest, STUART H. TAYLOR, City Clerk. (Seal.)

Choice Irrigated Lands

Improved Lands for Sale, Located in the Payette Valley. Prices Reasonable. Terms to Suit.

Level, smooth land, three miles from Emmett, has been plowed and leveled. This last fall 50 acres of fall wheat was put in and was well plowed; is well fenced with heavy cedar posts a rod apart with four strands of galvanized barbed wire.

There is a good house, 14x28, with cement foundation, good well with pump on it; good barn for five head of horses; wagon shed 16x24, chicken house 10x12; everything is put up in the best possible manner. All of the outbuildings are of dressed lumber with shingle roofs and everything painted, including roofs.

House is painted white with green trimmings, everything oil red with white trimmings.

Land adjoining it on the east sold by the state for \$47 per acre. Will sell 80 acres or the full 160.

Smooth, level land with just a gentle slope, making an ideal farm for irrigation. Has been plowed in fine shape, is all in fall wheat, has good stable for 10 head of horses, it being 10.5x50; wagon shed 32x24, 10 feet high; chicken house 10x12; large, roomy collar, and the farm is well fenced with cedar posts a rod apart and four strands of heavy galvanized wire.

Five-room house, cement foundation, very nicely built and well finished, dated and good enough for anybody to live in; very conveniently arranged, with pantry, closets, etc., good well with pump.

Also have joining it on the east 160 acres fenced and cleared, no other improvements. Will sell all or part.

Same style of improvements as on the northeast quarter section 30 referred to above. 50 acres in fall wheat which is in fine condition.

There is a telephone in each of these houses and the land is situated convenient to the irrigation system and the cream of the celebrated Emmett bench, it all being situated in township 7 North, 2 West Boise Meridian.

These places will be sold on long time at 8 per cent and will be parceled out if so desired.

We have a full equipment of horses, wagons and farming tools which can go with this land if so desired.

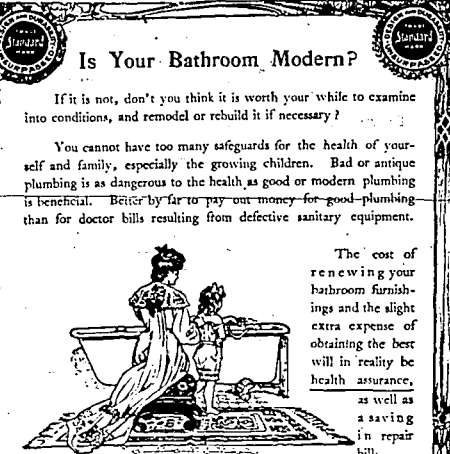

Water will be ready for delivery as early as it is needed this coming Spring, as the ditch has been completed and is being put out at the present time.

These places are all conveniently located as to range in one of the best sheep countries in Idaho.

Lumber is worth \$20 per thousand delivered at the ranch and brick at the town of Emmett is selling from \$7 to \$8 per thousand. All the buildings above mentioned have shingle roofs and everything has received two coats of paint. Houses have oiled floors and are finished in first-class manner.

The Northwestern Investment Company, Ltd.

BOISE, IDAHO.

Is Your Bathroom Modern?

If it is not, don't you think it is worth your while to examine into conditions, and remodel or rebuild it if necessary?

You cannot have too many safeguards for the health of yourself and family, especially the growing children. Bad or antique plumbing is as dangerous to the health as good or modern plumbing is beneficial. Better by far to pay out money for good plumbing than for doctor bills resulting from defective sanitary equipment.

The cost of renewing your bathroom furnishings and the slight extra expense of obtaining the best will in reality be health assurance, as well as a saving in repair bill.

Unquestionably the best bathroom equipment made is the famous "Standard" Porcelain Enamelled Ware, every piece of which is unconditionally guaranteed by the makers. We have samples in our showrooms. A conference with us will give you much helpful information.
