FIRST SEGREGATION 40,000 ACRES

IS YOUR SUN RISING OR SETTING?

IT'S UP TO YOU TO DECIDE

Buy a Farm on Our Tract and be Independent! Here are the Reasons:

- 1 **BEST LOCATION:**—This great tract of 40,000 acres is located in Lincoln and Blaine Counties, Idaho, on the Wood River Branch of the Oregon Short Line Railway, with railroad station at the company's new town of Alberta, Idaho, 16½ miles northeast of Shoshone. Telephone wires cross our lands. Electric power will be furnished by the company's plant at Alberta.
- 2 **BEST WATER RIGHTS:**—Our rivers, Big Wood River and the Malad River, drain the highest mountains of Idaho (see map) and insure by Government figures an unsurpassed water supply. The watershed of the rivers covers over 1250 square miles and is protected by the U. S. Government Forest Service. Our reservoir is a natural wonder, impounding 9,500,000,000 cubic feet of water.
- 3 **BEST SOIL:**—Rich sandy loam of unsurpassed fertility. Land slopes to South. Absolutely no alkali. Wheat, barley, rye, oats, alfalfa, sugar beets, vegetables, fruits, etc., grow in quantities that tax credulity.
- 4 **BEST CONSTRUCTION:**—The highest U. S. Government Engineering Standards followed throughout in construction of dams, head-gates and canals.
- 5 **THE BEST DRINKING WATER** is readily obtained from wells. No man who has the health of his family at heart will fail to appreciate this point.
- 6 **BEST CLIMATE:**—Long warm summer days with cool nights. No-dust storms. Cyclones and damaging hot winds are unknown. Average altitude: 4200 feet.
- 7 **BEST GRAZING LANDS:**—The immense forest reserves on our North, under U. S. Government supervision, offer to every ranchman on our tract unrivaled pasture at his very door for his sheep and cattle.

Don't Take Our Word for It, Investigate the Project for Yourself

Our Contractors have been at Work since November, 1906; Canals will be Completed within six months, under bond

SPECIAL RAILROAD RATES

The Oregon Short Line Railway Co. will make a rate of 2 cents a mile from all points on their line. Selling dates from: Pocatello, Nampa, and Intermediate points June 21, 22, 23, 24; from all other points June 20, 21, 22, 23. Final limit of all tickets June 31st.

The Settler Is Protected, As All Work Is Done Under Heavy Bonds to the State

The lands will be sold for \$35.50 per acre with a perpetual water right. Payable in 10 annual installments, with interest at 6 per cent. First payment \$3.00 per acre on purchase price of land, and 25¢ per acre to the State. The drawing will be under the supervision of the State Land Board of Idaho at Alberta, at the office of the Co.

SPECIAL ROUND TRIP RATES

Butte to . . .	Alberta \$15.45	Twin Falls to Alberta \$5.1
Pocatello to . . .	" 4.95	Shoshone to . . .
Idaho to . . .	" 10.35	Boise to . . .
Salt Lake to . . .	" 11.80	Huntington to . . .

Proportionate rates from all other points.

NOTE THE DAY

DO YOU KNOW That farm lands on the adjoining Twin Falls tract are selling at \$50 to \$250 an acre and still increasing in value? Our Big Wood River lands are bound to be worth as much and more. GET WISE!

NOTE THE PLACE

ALBERTA TOWNSITE
"THE TOWN WITH A GUARANTEE"

40,000 acres of farm land are exclusively and immediately tributary to Alberta. An electric plant on Little Wood River at this town will furnish power for lighting, for beet sugar factories, and manufacturing generally. Hotel, office building, post-office already under construction. The town, because of its advantageous location, must be the supply station for the vast construction work of the Company.

HOW IDAHO STUDENTS EDUCATE THEMSELVES

State University at Moscow Offers Every Inducement for Energetic Young Men to Earn Their Expenses While Securing an Education—Many Profitable Avenues Open to Those Who Are Willing to Aid Themselves—No Other Similar Institution so Attractive in This Particular.

(By R. O. Jones.)

The large number of young men and women at the University of Idaho who, dependent upon their own resources and abilities, are obtaining an education and assuming positions of importance in all lines of student endeavor has aroused considerable interest in this class as such. Can a student work his way through? Does Idaho university offer enough places to provide student labor opportunities? Can life be made comfortable? Does this man fit his or her social structure and impede his progress in any manner?

The purpose of this paper is to discuss fully the "Self-supporting Student at Idaho"—and to answer in this article all the questions concerned with him, unless especial care is taken to cover the subject in detail.

It is estimated that at least 20 per cent of the present student body belongs to the class mentioned. This percentage of Idaho has always accounted and is the most interesting crowd to us as well as the consequence in attendance the number of students in Idaho today. The students about, day and night, in Y. M. C. A. rooms, and a number of the students, especially sometimes, has to do considerable searching before he can locate a man to do work. Each man's commencement means the graduation of a large number of employees, and in the fall there is developed a stringency in the labor market.

We shall now examine in detail the amount of work available during the regular sessions of the two semesters.

In the dormitory we find ten or fifteen hours a day spent in washing, ironing, washing, mending, taking care of rooms and doing various other things. The preceptress has direct supervision of this work.

(2) Besides the dormitory there are the boarding houses and the student clubs, which easily accommodate eight or ten extra "lights" of the average size. The dormitory buildings always offers a good spending for the zetonia student. There will be on the completion of the magnificent administration building, seven splendid buildings on the campus requiring ten acres. At present two are erected, and the Agricultural college, built in the Minto building, is an excellent building, and one in the assay department. These receive regular employment and there is usually extra work for outsiders.

(3) In the office of the president, the dean and the registrar there are three or four students doing typewriting and other general office work. A person handy with the keys can do considerable extra work making typewritten copies of orations, themes, etc.

(4) Town offices have to be cleaned and repaired by the students for this work. Seven boys go down early in the morning, put the rooms in order, and are ready for college recitations at 8 o'clock.

(5) The university farm accommodates one or two students regularly throughout the year, and gives them work on Saturday afternoons.

(6) Besides those extra incomes there are a number of students in private families working their way, general reporting for newspapers, several acting as supply agents for the students, several clerking in stores for half a day, etc.

(7) Besides these extra incomes there are a number of students in private families working their way, general reporting for newspapers, several acting as supply agents for the students, several clerking in stores for half a day, etc.

(8) In the first place we find from 20 to 25 of this class of college in the Coeur d'Alene mines each summer. Nature has filled the mountains and hills of that region full of silver, lead, gold and mica. The district is now producing hundreds of millions of dollars and prospects. The mining corporations have always in every way possible been glad to help the student. The price paid per day ranges from \$2 to \$3.50, according to location. Board averages \$3.00 per month and is made considerably cheaper by "baching."

(9) In addition to these there are about 20 students who work on the fire patrol. This work is out in the open air and is very agreeable and stimulating. The wage is \$2.00 per day and expenses.

(10) The country surrounding the university is especially agricultural. Thus throughout the entire summer term most of this kind is to be had to satisfy the most anxious. During harvest time, about two months especially, bush work is paid. A large number of students avail themselves of this opportunity each vacation.

(11) We have found that there is labor and that are willing, determined young men can work his way through. But there are other considerations favorable to such a course. The university is thoroughly representative. Every student is a poet of money and the blood is the equal of any other one available. There is room of the easiest, none of the superfluous in our eastern institutions. Furthermore there are no University Avenue Five Hundred clubs. A person's standing and reputation are principally based upon himself. He occupied positions of trust in the student body or assumes a part in student activities solely through his own abilities. The Idaho spirit is powerful enough to make this thing a reality. Then the self-supporting student meets with friends

chip and assistance on every hand.

For ample proof of the place of the poor boy fighting his way through in various positions, we have but to look at the great number of prizes and honors conferred on them in the past.

The Kaufman scholarships, aggregating up to the present \$1800, have been awarded to 24 students. By the terms of these scholarships the recipient must be of high collegiate standing. It is important to note that all of these students were wholly or partially supporting themselves.

Sixty of the winners of the Watkins oratorical night were poor men waiting at the dormitory in the winter or swarming in the hot阳光. Some have won \$1000.

Students—especially the poor boy—have ever put off the platform to defend the prestige of his home town, his boyhood, "telling alone" the number of self-sacrifices, the number of acts of unselfishness, the power of the degradation activity, the strength of the student's association, the half-harvest, basket half-track and field, debate and oratory. It is a mad effort in behalf of the individual to such students at Idaho, but it is the best defense to the poor boy working his way through for every possible encouragement is given him to advance. The work is pleasant and is within the reach of every one as a result of the Y. M. C. A. current and other agencies. The fact that he is working his way through is the best guarantee in any way endear his social position, but arouses in other students and in the faculty respect and admiration for him—it has been shown by the numerous scholarships and other prizes and honors awarded to the poor students. His own labor seems to be his best intelligence, yet the person places determined, courageous and finally successful. The great men of the world have arisen from the ranks through this process. Idaho university offers opportunities; the door is open for every young man to go forward who realizes the power of education.

The future of the university? Watch Idaho grow. Although yet an infant in years she has already an influence and prestige in the northwest unsurpassed by neighboring institutions. In the last few years the student body has increased remarkably, and with three more large new buildings added, now toward new responsibilities in debate, oratory, football, baseball, track and basket ball the university has been a leader. The state itself, with its resources, is undeveloped; its possibilities are just being realized with the realization will naturally come greater wealth and population. As for the variety, well it will always keep abreast. And it will always find room for the student who wants to support himself during his college career.

BUHL SCHOOL SITE SELECTED

Plans for the Structure Are Now Being Prepared.

BUHL, Idaho, June 12.—J. M. Griffith of Hermiston, Oregon, father of W. C. Griffith, arrived in town last week and took up his residence at the old school. Mr. Griffith said that this beats any country he ever saw, and he is formerly from the Grand Valley of Colorado, the famous pearl country of that state.

The bank safe of the Citizens State Bank, which was held by the Buhl institution is now doing business and Buhl has two banks.

Buhring had a successful year last Friday and gave an entertainment Friday and Saturday evenings. The scholars and students of the high and secondary schools in the primary and higher grades by their manner in which they performed their parts. A. L. Smith, a student at Buhring, Ford graduated in the eighth grade. At the Saturday evening entertainment, President of the class, Mrs. Jean White, Professor Wyatt, J. W. Yeare and others sang.

There was a musical program, and a son, sonorous and sweet voice, of the young people, trim and well dressed, in their Sunday best, in school and at home, will be long remembered by all who were present. Miss White told the story of the difficulties that had to be met and overcome in getting the school started and success. Miss White tendered a scholarship gold medal to be awarded at the Buhring graduation, which was accepted by E. A. Miller on behalf of the trustees.

That the scholars are good—Professor Wyatt will take to the sagebrush for the summer and make preparations for the number and make preparations for the new term.

Scott-Dole's team away Monday, driving from in front of the Parker's home, and went northward towards Hinecky heights. The driver got them down Broadway but was pushed out of the wagon in front of the hotel. The horses were frightened by a company store building. No one was hurt, but little damage done to the wagon.

Mr. McCullum passed through Buhl Thursday on his way to a new town—a location over there.

W. S. Oakley and family of Twin Falls were in town Saturday.

Mrs. H. Cornick of Pocatello was a guest at the electric light house.

W. S. Clegg, who was a member of the Western High School.

A. W. Jones and F. D. Klimstra of Twin Falls were in town Saturday.

Ed Larson received a big four-horse team.

Leon Calhoun of Castle Ford came up from Salmon river Monday and returned to town Tuesday.

James F. McDonald, son of Alex McDonald of Buhl, was in town Tuesday. He is now looking over the country, being induced to do so by the enthusiasm of his father, who has been here. He is particularly anxious returning home that the young man does not come back and find that this country is good and that it is worth while to purchase three business lots and 40 acres.

The citizens of Milner, Illinois, are among the strangers who came in last week to look over the west end of the town.

W. F. Gossell of Seattle, Wash., registered at Hotel Buhl Thursday.

C. E. Finch, Oregon, a Ruth visitor Friday.

Hicks of Twin Falls was up from that town for a few hours Saturday.

F. E. Wilkins of Cheyenne was a guest of Leo Green.

Leo Green of Salt Lake was a west end inspector Saturday.

W. C. Thompson of Emporia, Kansas, has accepted a position as clerk with the Buhring Co.

W. C. Thompson, of the Salmon river looking over that country with a view of getting some land there.

The members of the Twin Falls Land & Water Co., and trustee of the Buhring fund, came up Saturday afternoon to inspect the schoolhouse site for the building, and after consultation with the architect, selected the south half of block 56, which is across the street from and west of the city park. The schoolhouse will be on the school building as soon as the plans and specifications are prepared, which it is expected will be in about a month.

Frederick Silbert is doing the sagebrush act for the purpose of making final proof to the purpose of making final proof to the purpose of making final proof.

D. T. Duffy, who lives on a ranch five miles west of the Salmon river, was born in New Mexico and has been living in the same neighborhood for 20 years. He has 200 acres of land, 200 acres of land from the public domain on the west side of the Salmon river, and 200 acres of land for the purpose of reclaiming the land. They are now building a ditch and dam, and the land to be covered by this system is said to be of the very best in the country. The land is being grown on a part of this land without irrigation.

J. W. Thompson has just signed a lease for 100 acres of land on the south side of the Salmon river for the purpose of reclaiming the land. They are now building a ditch and dam, and the land to be covered by this system is said to be of the very best in the country. The land is being grown on a part of this land without irrigation.

W. C. Thompson, mayor, should issue a proclamation declaring it a nuisance to have any buildings or houses on the trees that line the streets.

P. J. Jerome reports his little son's health improving.

The Kerley butcher shop is approaching completion and will be open for business in a few days.

The Kerley butcher shop is approaching completion and will be open for business in a few days.

Frank Hayward of Twin Falls, together with a party of 10, drove through Buhring Sunday on their way to visit Morgan, G. Head and wife.

W. S. Blane and wife, who have been living on Mr. Blane's ranch a mile south of the city park, are making improvements thereon, will leave their home in a few weeks. Mr. Blane will settle up his business affairs in Iowa and return to Buhring in the spring time.

John E. Bissell, who came to town Tuesday evening from the city of the sunsets, Fort Verde, Wash., was a Buhring passenger on the Blackley fast mail Tuesday evening.

BUHL, IDAHO

EPWORTH LEAGUE MEETING TODAY**CONVENTION TO BE HELD IN THE METHODIST CHURCH.**

Large Number of Delegates Expected from Near-by Counties—Attractive Program Prepared—Visitors Will Be Shown Falls and Lakes.

The twelfth annual convention of the Northern Idaho District Epworth League will be held in the Methodist church, Twin Falls, this afternoon. Delegates from states are expected from Spokane, Blackfoot, St. Anthony, Idaho Falls, Mackay, Hailey, Challis, Weiser, and other towns, Falls, and elsewhere, and preparations have been made to take care of the large number of visitors.

This is an annual interest and program is always anticipated.

The program has been arranged during the past year, especially on the Twin Falls side, and the arrangements have been made whereby the delegates will be driven to Shoshone and the meeting will be held on Monday and it is hoped that many will remain over to see the wonderful sights.

Follow the program:

Friday, June 14.

2:00 p. m.—Arrival of train and assignment of delegates to places of entertainment.

8:00 p. m.—Address of welcome, Rev. H. W. Parker, Twin Falls response, Rev. C. B. Dalton, Boise; social hour.

Saturday, June 15.

8:30 a. m.—Devotional service, led by Rev. J. C. Johnson, Idaho Falls.

8:50 a. m.—First department conference, in charge of Thomas E. St. John, Recitation, Mabel James, "Under the Violets," Recitation, Harry Lacourre, "Am I Too Young," Recitation, George Baker, "Helping Somebody," Song, "South Winds," Recitation, Merle Lacourre, "Helping Somebody."
