

TWIN FALLS NEWS

FOURTH YEAR.

TWIN FALLS NEWS, TWIN FALLS, IDAHO, FRIDAY, JANUARY 17, 1908.

NUMBER 12.

OFFICERS OF CANAL ASSOCIATION CHOSEN

George E. Harlan of Buhl elected president of the organization—Strong Representative Man Ara Placed on the Governing Board and the Re-organized Association Begins its Labors Under the Most Favorable Auspices—Permanent Quarters to be Secured.

President, George E. Harlan, Buhl.
Secretary, I. R. Darrow, Twin Falls.
Treasurer, John Costello, Twin Falls.

HARVESTING ICE AT MILNER DAM

THIRTY CARLOADS SHIPPED TO TWIN FALLS.

Coyotes Are Raiding the Chicken Coops—Masquerade Ball—Proves Very Enjoyable—J. E. Bower is Building a large Storehouse.

MILNER, Ida., Jan. 16.—Great quantities of ice being cut from Snake river this week. Thirty carloads have been shipped to Twin Falls. D. G. Longenberger has put up 70 tons and Webb & Henry 50 tons. The North Side company ice house is also being filled.

Rev. J. H. Barton of Boise held church services in Milner hall Sunday. The morning and evening services were well attended and very interesting.

The mask ball held in Milner hall Saturday evening was a great success. The costumes were very attractive and some very amusing in their grotesqueness. The music was good and everyone seemed to thoroughly enjoy the evening. The crowd unmasked at 11 o'clock, and while the onlookers had guessed who a good many of those masked were, there were some surprises.

Mr. and Mrs. D. C. MacWatters, who have been absent in the east for a month, returned home today. Work on the canal and headgates is progressing in a very satisfactory manner. The rock work will be finished this week.

Mr. and Mrs. W. G. Smith have moved to Twin Falls to make their home. Loren Galloway has bought out the Milner dairy from T. H. Strong.

R. W. Faris left last night for Onawa, Iowa, to look after his interests there, where he is putting in a large drainage system.

Major F. R. Reed left last evening for Shoshone, after spending Monday and Tuesday in Milner.

Wm. H. Brown greatly surprised his many friends in Milner Sunday by returning from Salt Lake City with his bride. Mrs. Brown was formerly Miss Jessie Hall of Salt Lake. Mr. and Mrs. Brown will go to house-keeping in Milner.

Mrs. C. R. Larimer's father and mother, Mr. and Mrs. Brotherton of Steamboat Springs, Colorado, have been visiting her for the past 10 days. Mr. and Mrs. Brotherton left yesterday for Twin Falls to visit their son, E. B. Brotherton.

Mr. and Mrs. W. L. Cooper and children have gone to Albion to visit Mrs. Cooper's parents. Her mother, Mrs. Bennett, fell on the ice and was quite badly injured.

W. J. Blakely, who has been connected with the North Side company office force for several months, left Saturday evening for his home in Wheeling, Ohio, where he will remain for some time.

R. T. MacNamara and Lange Howard spent Sunday in Twin Falls with C. A. McClelland who is ill in the hospital there. Mr. McClelland is reported much better.

R. S. Fosenden spent Tuesday afternoon in Twin Falls. Mrs. Lucy Grinnell and Mrs. Evelyn Hamme have gone to Twin Falls. From there Mrs. Grinnell goes to Albion and Mrs. Grinnell to Rupert where they will make their homes in the future.

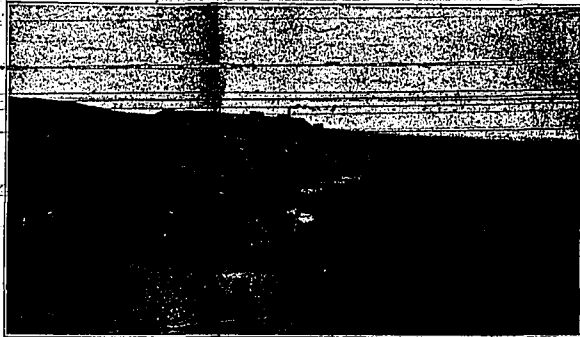

Mr. and Mrs. Wiley Blair of Halley are visiting Mrs. Blair's sister, Mrs. A. C. Clements. Mr. and Mrs. Blair will reside in Milner in the future.

Mrs. W. A. Mianick and Miss Alma Sherell of Twin Falls spent Saturday and Sunday with Mrs. A. C. Clements and attended the dance Saturday night. Fentress Hill is spending a few days in Boise this week. O. R. Peterson and family have moved to Burley where they make

NORTH SIDE CONSTRUCTION

There has been a popular impression of late that the money market was wobbly at the knees and that progress was checked in consequence but the North Side Twin Falls Land & Water Co. furnished no corroborative evidence. The company has been moving along just as it did from the first, regardless of monetary conditions. Not an instant has been lost in construction work and water will be delivered to the North Side set-

ters on schedule time. The photographs from which the cuts which appear below were made were taken recently by Paul S. A. Bickel, chief engineer of the North Side company, and they show what the North Side people are actually doing.

This shows what is called Culvert cut. It is 4 1/2 and three quarter miles long and it took a heap of digging. Since the picture was taken the cut has been almost finished. It will be completed in a few days.

This represents a rock cut on the North Side main canal, one mile in length. It required a good many pounds of powder and lots of hand drilling but Mr. Faris has practically finished the work and water will soon be trickling through the walls of lava rock.

This might be taken for an embryo sagebrush city, but it is not. It shows the construction camp of Donald Grant & Co. whose contract on the North Side begins where Mr. Faris stops. Mr. Grant has only 100 horses and nobody knows how many men employed on the work and he will only finish on schedule time.

The main canal shown in the above is 60 feet wide on the bottom and carries seven feet of water. They are very wide away on the North Side and the irrigators have

them who have taken land under that system will have water at their doors before they are many weeks older. The North Side people have shintered all records in construction work

under favorable conditions and they have done themselves and the state of Idaho proud. Hats off to the men who do things and do them quickly and effectively.

their home this spring and summer. Mr. and Mrs. J. M. Curtis, who have been visiting their daughter, Mrs. D. Freeman, returned last evening to their home in Cunningham, Kansas.

J. M. Grimm was in Shoshone Monday attending the meeting of county commissioners. Mr. Grimm presented a petition from the North Side farmers and business men to have the Milner toll bridge taken over by the county.

J. L. Belmont went to Rupert Tuesday on business. Mr. and Mrs. J. A. Plowman of Heyburn spent Sunday with J. M. Grimm and family on their farm on the North Side.

Robert Drose spent Sunday with his family at Rock Creek. Mr. and Mrs. J. E. Dower of Rock

Creek were in Milner for a few days last week. Mr. Hoyer is building a large granary in Milner on Riverside avenue for storing hay and grain which he has for sale.

Alex McPherson was in Milner on business last Saturday. Mrs. V. C. Morgan left last evening for Boise where she will visit with her sister.

Mrs. Beth Webb, who has been visiting her daughter, Mrs. J. H. Henry, returned to her home in Twin Falls Monday evening.

Mr. and Mrs. A. J. Henry and family and Mr. Elmer Webb returned Friday from Desert, Utah, where they spent the holidays. Mrs. Henry's mother, Mrs. S. A. Webb returned with them and will make her home in Milner in the future.

J. H. Heyer was in town last week. Mr. Heyer attended the ball Saturday night masked as a Teddy Bear. Hereafter Mr. Heyer will be known as Teddy Heyer.

Harry Gny of Pittsburg arrived in Milner last week. Mr. Gny has accepted a position with the North Side company as chief clerk and bookkeeper.

The coyotes are making fierce raids on Milner chicken coops lately. Scott Murray lost four fine thoroughbred chickens the other night. The animals are becoming so bold that they appear about the village in the day time.

Will all those having library books out please return them. As soon as they are all in a new case will be produced.

ELECTRIC POWER ON CONSTRUCTION

ALL NORTH SIDE CAMPS WILL BE SUPPLIED.

Work Has Commenced on Line From Jerome Which Will Cover the Entire Construction System—Jerome Has New Waterworks System.

FEROCIE, Ida., Jan. 14.—Work was begun last week on the power line to be run between this place and the construction camps on the east. It is proposed to furnish these camps with electric power for construction purposes, and on the completion of the work the poles will be used for a private telephone wire.

Chief Engineer Bickel, who was in Jerome several days last week, reports the work on the main canal progressing finely. Paris-Kosel will complete their contract on the first section in a few weeks with the Donald Grant Co. is pushing the work on its portion of the canal rapidly. At the present rate of progress water will be delivered to Jerome and on the lands south and east of this aggregate by mid-summer. Plans for the construction of the laterals are under way.

A party of eight, in company with H. L. Hofflander of Chicago, arrived Saturday and looked over the tract with a view to investment.

Fentress Hill was in town a few hours Saturday on route from Boise to Milner via Twin Falls.

Daniel Beaton of Wendell, who was a Jerome visitor Saturday, was nursing a lame foot, the result of a mix-up with a wagon wheel. Mrs. Beaton who had been visiting friends and relatives in Halley for the past two weeks returned Thursday.

The city waterworks are at last established on a firm basis. Now pipe, pump and fixtures have been installed and a permanent water supply is now assured. Water was turned into the pipes Sunday and Jerome is no longer on the water wagon.

C. W. Foote of the Cookinham camp of engineers spent Sunday in Twin Falls.

Lee W. Gills came over from Shoshone falls on Saturday. About 25 sheep belonging to the Kearns Sheep Co. strayed into town last week and were corralled by Earl Fee.

Harvey Hurlbush returned on Monday from Butte where he had been visiting the past two weeks with relatives and friends.

POISONED TWO VALUABLE DOGS

THOROUGHBRED COLLIES TAKE COYOTE BAIT.

J. J. Tolman of Murtaugh has had Luck in Trying to Kill Pests—Farmers Get Together and Form Permanent Organization.

MURTAUGH, Ida., Jan. 16.—The Canal association organized Saturday evening and elected Hyrum Pickett to represent Murtaugh on the governing board. The district officers elected were: President, J. S. Walker, vice president, E. D. Hunt, secretary, W. E. Beers and treasurer, A. A. Tolman.

Victor Honan who purchased P. E. Walker's homestead relinquishment moved here from Shoshone the past week.

Hyrum Pickett and J. J. Tolman attended the Wool Growers' convention held in Pocatello last week.

W. P. Jones has installed a feed mill on his farm north of Murtaugh.

Mr. Goss, who drove his 12-horse and mule team here from Nevada recently, has moved on to the Stone place north of town.

John Silvers has brought a fine brood sired Chinn from Kansas which he will use for breeding purposes.

Mrs. W. P. Jones spent a few days the past week with her sister who lives near Haanen.

A literary society will be organized at the schoolhouse Friday evening. Mrs. W. H. Emanuel and little daughter Bernice have returned home from an extended visit with relatives in Illinois, Indiana and Kansas.

Several farmers are busy this week putting up ice. It is quite thick and of good quality.

John Jones has moved his family to his ranch east of town. J. J. Tolman the past week placed some strychnine about the canal to catch coyotes. Unfortunately his two thoroughbred collie dogs, "Bob" and "Coyote" died immediately. J. J. Tolman has gone to his sheep camp over near the Salmon river. Misses May and Fannie Reed are visiting at their home near Marlon for a few days.

A number of our people are attending the Farm Show which is being held at Twin Falls this week.

President, George E. Harlan, Buhl.
Secretary, I. R. Darrow, Twin Falls.
Treasurer, John Costello, Twin Falls.

The above are the officers elected to conduct the affairs of the Twin Falls Canal association for the coming year. They were elected at a meeting of the governing board held in Twin Falls last Saturday and their individuality is such as to merit the highest confidence. The governing board consists of the following members:

Murtaugh, Hyrum E. Pickett; Haanen, John R. Hites; Kimberly, W. Thomas; Rock Creek, M. W. Johnson; Twin Falls, T. W. Potter, John Costello; Filer, George Vilot, I. J. Cline; Maroon, A. L. Houghtalen, Walter Parrish; Buhl, G. E. Harlan, W. O. Buel, Clayton Diver.

This is a thoroughly representative board and one in which the land owners may safely repose the utmost confidence. The members are conservative and thoughtful men who have the welfare of the tract at heart and who may at all times be relied upon to do what is best for the community.

In selecting George Harlan for president, the members of the governing board honored themselves and honored a gentleman who richly deserved the leadership. Mr. Harlan possesses of strong executive ability and commands the respect of all who know him. He is a cautious man, fair minded and honorable in all respects. The same is true of all other members of the board. All they need is the united support of the association.

At the meeting on Saturday 30 new members were enrolled. Every district was represented and the proceedings were harmonious throughout. C. F. Gloystein, A. McPherson and J. A. Waters were appointed a committee to secure permanent quarters for the association. P. J. Holohan, E. B. Fletcher and John Ault were delegated to draft the by-laws of the association. Another meeting of the governing board will be held tomorrow afternoon.

The districts organized as follows: Murtaugh, J. A. Walker chairman, W. E. Beers secretary.

Rock Creek, Frank Bower chairman, T. M. Atkin secretary.

Haanen, Nick Smith chairman, W. N. Ross secretary.

Kimberly, M. H. Wright chairman, Martin Sullivan secretary.

Twin Falls, C. E. McClain chairman, I. R. Darrow secretary.

Filer, W. P. Shinn chairman, S. Ludlow secretary.

Maroon, W. R. Swicegood chairman, Fred E. Drake secretary.

Buhl, P. W. Monahan chairman, E. A. Wyatt secretary.

This is an excellent organization and one of which the farmers may justly be proud.

Judge Stockslager acted as temporary chairman of the meeting on Saturday and gave a brief outline of the work of the association. The principal discussion was upon the question of increasing the membership. It is imperative that every land owner on the tract should join the association at once and should take an active part in the work. There is much to be done and the "bird of time" is on the wing.

SCHOOL NOTES.
The enrollment is steadily increasing. At present it is 700 and the largest attendance 680. Every room is crowded and a part of the auditorium is at present being used for recreation purposes. A new building for the high school will be an absolute necessity next season as the lower grades will need the rooms now occupied by the high school.

A great deal of interest is being taken in the debate with Albion which is to take place on Feb. 7th. The preliminary debate will be held today to determine who shall represent Twin Falls. It has not been decided yet where the debate will take place.

The senior class of the high school is already making preparations for commencement. Miss Faith Gant was class president. Red and white have been chosen for class colors. The majority of the class want to give a play instead of having the regular commencement day program.

The following were elected officers of the high school literary society last Friday: President, James Shields, vice president, Harry Eaton, secretary, Fredrick Jaynes, treasurer, Miss Nettie Stroud, and treasurer, Kenyon Green.

Notice for Publication—Notice of Proof of Application of Water to Beneficial Use.

Noticed is hereby given that on the 5th day of February, 1908, at Rock Creek, county of Twin Falls, state of Idaho, proof will be submitted of the application to beneficial use of 6.4 cubic feet per second of the waters of Dry Creek in accordance with the terms and conditions of permit No. 697, heretofore issued by the state engineer of the state of Idaho.

- 1. The name and post-office address of the person holding said permit is Sarah D. Bower, Rock Creek, Idaho.
2. The use to which said water has been applied is irrigation and domestic use.
3. The amount applied to beneficial use is 6.4 cubic feet per second.
4. The place where said water is used is lots 3 and 4 of SE 1/4 of SW 1/4 of section 21, township 11 S., range 20 E., and lots 3 and 4 of section 6, township 11 S., range 20, E. B. M.

Notice for Publication—Final Proof.

I, H. S. Sealos, of Twin Falls, do hereby give notice of an act of the legislature of the state of Idaho, commonly known as the "Carney act," approved March 7, 1908, which contains SW 1/4 of SE 1/4 and SW 1/4 of SW 1/4 of sec. 22, T. 9, R. 20, E. B. M., do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove that I have resided on and cultivated said land as required by law, before E. B. Williams, representative of the state land board, at Twin Falls, Idaho, on the 5th day of February, 1908, by two of the following witnesses: C. D. Thomas, P. B. Johnson and E. J. Mazon, all of Twin Falls, Idaho.

Notice to Creditors.

Estate of Peter Pearson, deceased. Notice is hereby given by the undersigned, administrator of the estate of Peter Pearson, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said administrator, county of Twin Falls, state of Idaho. Dated Jan. 6th 1908. C. J. KAHN, Administrator of the estate of Peter Pearson, deceased.

Department of the Interior, General Land Office, Washington, D. C., November 27, 1907.

Notice of Restoration of Public Lands to Settlement and Entry.

Notice is hereby given that the acting secretary of the interior has vacated departmental order of withdrawal in so far as the same affects the withdrawal for irrigation purposes under the act of June 17, 1902 (32 stat., 388), for use in connection with the Minidoka project, Idaho, of the following described lands in the state of Idaho, and by his authority such of said tracts as have not been heretofore fully restored and are not otherwise withdrawn, restored, or appropriated, will be subject to settlement under the public land laws of the United States on and after February 24, 1908, but shall not be subject to entry, filing, or selection until March 25, 1908, at the United States land office at Hailley, Idaho, warning being expressly given that no person will be permitted to gain or exercise any right whatever under any settlement or occupation begun after November 26, 1907, and prior to February 24, 1908, all such settlement or occupation being forbidden. Lots 1 and 2 of section 21; lots 1, 2, 3, and 4 of 1/2 of SW 1/4 and 3/4 of SE 1/4 of section 22; lots 2, 3, 4 and 5 of SW 1/4 of SW 1/4 of section 23; and NW 1/4 of NW 1/4, SW 1/4 of NW 1/4 of section 25, township 11 S., range 16 E., Boise, principal meridian.

Commissioner of the general land office, FRANK PIERCE, Acting secretary of the interior.

Notice of Attachment.

In the district court of the fourth judicial district of the state of Idaho, in and for Twin Falls county.

P. J. Costello, Plaintiff, vs. G. J. Neimeyer, defendant.

Notice is hereby given that a writ of attachment was issued out of the above court in the above entitled action against the property of G. J. Neimeyer on the 19th day of December, A. D. 1907, commanding the sheriff to attach the property of the said defendant for the sum of two thousand and one hundred dollars, over and above all legal set-offs or counter-claims.

Witness my hand and the seal of said court this 21st day of December 1907. H. T. WEST, Clerk of the district court.

Notice of Attachment.

In the district court of the fourth judicial district of the state of Idaho, in and for Twin Falls county.

Pioneer Storage & Commission company, limited, a corporation, plaintiff, vs. S. S. Wheeler, Wm. Hoops, A. D. McKinley, J. T. Willis, Geo. Bassett, John Peters, D. L. McClung, Clark Stanton, H. A. Kellog, E. G. Cheney, Wm. Cheek, H. H. Jacobs, W. W. Humphrey, Roy Ashworth, C. W. McVaine, P. H. Smith and J. W. Craven, co-partners as The Twin Falls Horse company, defendants.

Irvine, P. H. Smith, and J. W. Craven, co-partners as The Twin Falls Horse company, defendants.

Notice is hereby given that writ of attachment was issued out of the above court in the above entitled action against the property of S. S. Wheeler, Wm. Hoops, A. D. McKinley, J. T. Willis, Geo. Bassett, John Peters, D. L. McClung, Clark Stanton, H. A. Kellog, E. G. Cheney, Wm. Cheek, H. H. Jacobs, W. W. Humphrey, Roy Ashworth, C. W. McVaine, and J. W. Craven co-partners as The Twin Falls Horse company, on the 21st day of November, A. D. 1907, commanding the sheriff to attach the property of the said defendants for the sum of three hundred and seven and 6/100 dollars and interest thereon at the rate of 7 per cent per annum since the 2nd day of July 1907, over and above all legal set-offs and counter claims.

Witness my hand and the seal of said court this 23rd day of November, A. D. 1907. H. T. WEST, Clerk of the district court.

Terms of Court.

In the district court of the Fourth judicial district of the state of Idaho, in and for Twin Falls county.

Order Fixing Terms of Court. Under and virtue of the authority in this respect by the statutes of Idaho, I hereby fix the terms of court for the Fourth judicial district of the state of Idaho for the year 1908, to commence and hold in the counties of said district as follows, to-wit:

- Monday, March 2nd and Monday, September 8th. Lincoln County.
Monday, March 23rd and Monday, September 21st. Elmore County.
Monday, April 6th and Monday, October 5th. Blaine County.
Monday, April 27th and Monday, October 26th. Twin Falls County.
Monday, May 26th and Monday, November 23rd. Cassia County.
It is further ordered that this order be filed and entered of record by the clerks of said courts in each county of said district, and that the same be published two consecutive weeks in a newspaper published in the respective counties. Done at chambers this 2nd day of January, 1908. EDWARD A. WALTERS, Judge of the Fourth judicial district of the state of Idaho.

Notice of Sale of Real Estate at Private Sale.

Under authority of an order of sale by the probate court of Twin Falls county, Idaho, dated December 30th, 1907, I will sell at private sale the following described real estate, belonging to the estate of Arthur C. Pratt, deceased, to-wit:

Lot eighteen (18) in block eighty-eight (88) in City of Twin Falls, according to the recorded plat of said city and the east half of the north-west quarter of section twelve (12) in township 10 N., range 20 E., range seventeen, (17) east of the Boise Meridian, all situate in the county of Twin Falls, state of Idaho.

Said last above described real estate to be sold subject to a contract made with the Twin Falls Land & Water company for water right for said land, which is a first lien thereon and on which there is yet unpaid the sum of \$20.00 per acre for each acre of said land which said contract is to be assumed by the purchaser of said land.

This sale will be made on or after February 1st, 1908 and bids in writing will be received by the undersigned at the office of W. A. Barbeck in Twin Falls, Idaho.

Terms of sale: Five per cent of the purchase price to be paid in cash on confirmation of sale by the court. Deeds at expense of purchaser. Dated December 30th, 1907. IRVING R. DARROW, Administrator of the estate of said deceased.

NOTICE.

New Forms for Applications and Proofs.

New forms of applications for homestead entry, seller's additional homestead entry, desert land entry and for timber or stone award statements, timber or stone final proofs, and yearly proof in desert land cases, have been adopted, and on and after March 1, 1908, no entries will be allowed in the class of cases above mentioned unless executed upon the new official forms, or upon forms which are exact duplicates thereof, both as to wording, arrangement and size. Each of said forms is a combination of the several forms and affidavits formerly required to be filed in such cases, and the use thereof will result in a saving of time, labor and expense to the local land office, proof-taking officers and claimants.

R. A. BALLINGER, Commissioner.

Aljas Summons.

In the district court of the Fourth judicial district, state of Idaho, in and for the county of Twin Falls.

The Pioneer Storage & Commission company, limited, a corporation, plaintiff, vs. S. S. Wheeler, Wm. Hoops, A. D. McKinley, J. T. Willis, Geo. Bassett, John Peters, D. L. McClung, Clark Stanton, H. A. Kellog, E. G. Cheney, Wm. Cheek, H. H. Jacobs, W. W. Humphrey, Roy Ashworth, C. W. McVaine, P. H. Smith and J. W. Craven, co-partners as The Twin Falls Horse company, defendants. State of Idaho sends Greetings. To S. S. Wheeler, Wm. Hoops, A. D. McKinley, J. T. Willis, Geo. Bassett, John Peters, D. L. McClung, Clark Stanton, A. H. Kellog, E. G. Cheney, Wm. Cheek, H. H. Jacobs, W. W. Humphrey, Roy Ashworth, C. W. McVaine, P. H. Smith and J. W. Craven, co-partners as The Twin Falls Horse company, defendants.

Cheney, Wm. Cheek, H. H. Jacobs, W. W. Humphrey, Roy Ashworth, C. W. McVaine, P. H. Smith and J. W. Craven, defendants.

You are hereby summoned and required to appear in an action brought against you by said plaintiff in the said district court, and to answer the complaint of the above named plaintiff therein, within twenty days (exclusive of the day of service) after the service on you of this summons, if served within this judicial district, or if served elsewhere, within forty days. The said action is brought for the purpose of recovering the sum of \$307.06 and interest thereon from the 2nd day of July, 1907, at the rate of 7 per cent per annum, which amount the defendants agreed to pay the plaintiff on said last mentioned date, over and above all costs, on account of services rendered by plaintiff to the defendants in the housing and caring for the stallion, "Socialist", from June 1st, 1906, up to sometime in the month of July, 1907, which stallion was during all said time owned and controlled by the defendants, and for feed furnished by the plaintiff to and for said stallion at the request of the defendants and for services rendered to the defendants at their request in standing said stallion as a stud for the services of mares during the time hereinbefore mentioned.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will take judgment against you and each of you for the sum demanded in the complaint, namely for the sum of \$307.06 and interest thereon from the 2nd day of July, 1907, at the rate of 7 per cent per annum to and including the date of service of this action.

Attest my hand and the seal of the district court of the Fourth judicial district, state of Idaho, in and for Twin Falls county, this 7th day of January, 1908.

H. T. WEST, Clerk. JOHN E. DAVIES, Attorney for Plaintiff, Residence at Twin Falls, Idaho. (Seal).

Notice to Creditors.

Estate of Jake Diehl, deceased. Notice is hereby given by the undersigned administrator of the estate of Jake Diehl, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice, to the said administrator at Albion, county of Cassia, state of Idaho.

Dated Nov. 22nd, 1908. ANDREW LOUNSBURY, Administrator of the estate of Jake Diehl, deceased.

Two rood Brussels rugs, 9 x 12 and 9 x 10 nearly new for sale. Call Mrs. Herriot, Recorder's office.

Mining location blanks at The News office.

Commissioners' Proceedings.

Twin Falls, Idaho, December 7, 1907. The board met this day pursuant to a call for such meeting, duly signed by two members of the board, and for which notices were duly posted as required by law.

Present: Geo. L. Crocker, chairman and John F. Hansen. Whereupon the board considered the order made Oct. 17, 1907, in regard to application of Geo. Bassett for a liquor license, and decided that said order could not be rescinded, but that the action of the prosecuting attorney, by appealing to supreme court is hereby ratified.

The matter of the application of George Bassett to be granted a license to sell intoxicating liquors at Shoshone Falls comes before the board for its consideration, in its relation to the cause of action, now pending in the supreme court of the state of Idaho, wherein this board is appellant, and said George Bassett is respondent; and it is hereby ordered by the board that all actions, on appeal thereon, taken by the prosecuting attorney of this county, F. A. Hutto, be stayed until the hearing is had and approved, and that the said Hutto be and is hereby directed to proceed any and all proceedings to proceed any and all proceedings in the supreme court of Idaho.

It is by the board ordered that the county attorney be, and he is hereby authorized to institute damage proceedings against any and all persons destroying or damaging bridges and culverts on county roads, without appeal order in each case from the board.

It is further ordered, that the county attorney institute proceedings to ascertain whether or not the Twin Falls Land & Water Co. own the canal, to construct bridges and culverts, over and across its canal, in terms, culverts and other water courses.

Whereupon the board adjourns sine die. Attest: GEORGE L. CROCKER, Chairman. H. T. WEST, Clerk.

Application for Grazing Permits.

NOTICE is hereby given that all applications for permits to graze cattle, horses and sheep within the CASSIA NATIONAL FOREST during the season of 1908, must be filed in my office at Pocatello, Idaho, on or before February 20, 1908. Full information in regard to the grazing fees to be charged, and blank forms to be used in making application, will be furnished upon request.

P. T. WRENSTED, Supervisor.

Nursery Business.

One-third interest in established and thriving nursery business for sale at a very reasonable price. Reasonable increase in business. Working partner desired. Inquire J. V. Marshall & Co.

SHORT ELECTRICAL DISSERTATION

The advantages of electric light over all other kinds are so manifest, we need not call your attention to them. But what of the other uses to which electricity may be put for your comfort and convenience? Have you a small room in your house or a corner that needs a little additional heat? An electric heater will fill the bill.

Do you enjoy a light, clean, crisp breakfast of perhaps coffee, eggs and toast? Get a coffee percolator, a boiler and a toaster and prepare your breakfast at the table. Does baby require a little warm milk in the very early morning?

Save your temper and prolong your life by getting an electric baby milk warmer. There are many uses to which electricity may be put that make life safer and more enjoyable and lend ease, economy and cleanliness to housekeeping.

NO INVESTMENT EQUAL TO THIS

IRRIGATED LANDS GIVE BEST RETURNS.

Panlca May Come and Banks May Be Crippled, but the Land Produces Bountifully and the Farmer Controls His Own Destiny.

There has developed, practically within the past five years, an opportunity for investment which not only enables people profitably to employ their savings or surplus funds, but which also has a vast human significance and interest. This opportunity has developed from the work of reclaiming hitherto arid or unproductive soil by means of irrigation. State private capital has been introduced as an aid to this activity, the result is that what are commonly known as irrigation bonds have come within the investment field. These bonds have a story that touches the whole American people. A knowledge of it is necessary to a full understanding of the situation.

The United States is the largest land-owner in the world. The public lands, sold and unsold, aggregate nearly one-billion and a half of acres. Of this great empire nearly five hundred millions of acres are in what is known as the arid region. The climate in these localities is very dry. The soil, as a rule, does not lack fertility, but it does lack moisture. Most of the fertile land of the north, east and south is under cultivation. Thus there remains undeveloped only that arid area which has been called more than once "the hope of the nation's farmers," and which must be conquered. Irrigation is the method of conquest. It is a process as old as the Egyptians, and it has been used in this country for many years, first by individuals, and later by the government, which realized the need of new land for the support of the constantly growing population. Already in numerous states the desert has been made to bloom and bare stretches to be productive. The Salt River Valley of Arizona and many parts of California are notable examples.

There can be no irrigation without water. The government could not dig enough canals to accomplish what is wanted. Thus it happened that individuals went into the business of selling water, because it was a commodity with a price on it.

This business began with two or three men forming a company, building a series of canals and selling the water to farmers. The usual method of irrigating is by means of canals with many branches. But these original purchasers of water encountered many difficulties. For example, a farmer who owned 100 acres of land sometimes only wanted to buy water for 40 acres. The cost of building a ditch to water the 10 acres was as great as that of a ditch for the whole farm. As a result, many of these original companies lost money and failed.

Then it was that the United States government organized the work. In 1894 congress passed what is known as the Carey act, which gave each arid state the right to select one million acres of land and control the irrigation and cultivation of it. Seven states have taken advantage of it. Wyoming has been the most active in this work. It is the successful carrying out of the provisions of the Carey act which has made possible the best class of irrigation bonds now on the market, because the issuance of these bonds has had the official sanction of both national and state governments.

Any reputable company of business men or capitalists may take advantage of the act. What the company does is to sell what is known as water rights, which means water to irrigate farms. In order to furnish this water the company must dig canals, and in order to dig the canals, it must have money. This is why it issues the bonds and uses the proceeds to build the canals.

The plan of organization is as follows: Under the Carey act the company which is usually called an irrigation and land company, can go to the state engineer of the state with arid land and ask him to segregate or set aside a tract of land for irrigation purposes. Usually this is from 60,000 to 100,000 acres. The company agrees to build canals and maintain them for the farmers who settle in its territory. The state is willing to set aside this land because it means the developing of hitherto useless land, the incoming of new people and an increase in the state's prosperity. The canals, too, are willing to cooperate, because colonization benefits them. The land for irrigation is usually selected under the direction of the state land officers, but only land is taken which is in the vicinity of a large body of water. Application for this land must be filed with and approved by the department of the Interior at Washington, which controls the public lands. When all these requirements are met the company may proceed to build its canals and dispose of the water rights.

of the irrigation and land company until the company is ready to deliver the water. It is kept in the state treasury until this time arrives. This is an assurance for the settler.

By the provisions of the Carey act as soon as 20 per cent of the land, irrigated and watered by the canals, is sold, the irrigation property passes into the hands of the farmers who bought the water rights. This is a new phase of co-operative ownership. Although four big canals have already been built in Wyoming under the law, not enough of the land has been sold to permit the carrying out of this provision.

The irrigation and land companies get purchasers for their water rights by advertising and running farmers' associations. The railroads always give reduced rates on the land, and places like Illinois, where most of the farm land is under cultivation, have found it a good plan to buy water rights for their sons and start them in life in a new region.

Where and how do the bonds come in? You have already seen how a land and irrigation company may take advantage of the provisions of the Carey act and sell water rights. As soon as the land grant is approved the company issues bonds in denominations of \$500 and \$1000. They are issued like the bonds of any other industrial company, and bear the name of the company. As already explained, the proceeds of these bonds are used for canal construction.

To most of the bonds of a reputable company are underwritten or bought outright by some large banking or investment house in Chicago or New York and placed on the market. They usually sell at a price and since they are six per cent bonds, the yield is six per cent. They seldom run for more than 30 years and are issued to retire serially. This means that a certain number are paid off every year. Some New York and Chicago banking firms make a specialty of building high-class irrigation bonds, and make elaborate investigations of the property first. One of the important things for them to find out is that the proceeds of the sale of the bonds are used on actual canal construction.

The security behind these bonds is, first, the canals and irrigating machinery. In this respect the bonds constitute a first mortgage on the company's property. The second security is what may be paid off every year. It should be a company which has taken advantage of the Carey act first of all, and the proceeds of the sale of bonds must be used for the building of canals.

In addition to the bonds issued by irrigation and land companies there is still another kind of irrigation bond which is available for the average investor. These bonds are called municipal irrigation bonds, and are issued by districts in arid regions for the purpose of raising funds to increase their irrigation. They bear the same relation to the district that a municipal bond does to a city, and the security is the same. Each is issued for the purpose of getting money to do a specific thing, and is secured, first, by the good name of the community, and, second, by the taxes. Municipal irrigation bonds are issued in the same way as the bonds of irrigation and land companies, and may usually be bought at par and yield six per cent. They are issued serially, too.

The particular kind of irrigation bond for the average investor to avoid is that issued by an irresponsible company that has secured an option on land which is seldom, if ever, developed. There are many companies of this kind in existence. Sometimes they have grants of lands in Mexico. Therefore, in buying irrigation bonds, it is necessary to make a careful investigation and only buy through a house in whose integrity you have every confidence.—Saturday Evening Post.

SECOND HAND STORE.

Under New Management. We have bought the stock of goods in what is known as the Beard Second Hand Store. We purpose to carry in stock both new and second hand goods. Second hand furniture, stoves, etc. bought and sold. Also cabinet repair shop in connection. Give us a call. H. N. HAMPTON, Prop.

FOR SALE—Thoroughbred Poland China pigs. Address Phillips & Greenwood, American Falls, Idaho. Everything in legal blanks at The News office.

Thousands of Dollars Lost in Railroad Wreck

One of the most serious railroad wrecks of recent years, occurring on the Continental line, has caused a tremendous loss to fruit shippers. A freight train laden with fancy Del Monte California peaches was wrecked in such a manner as to damage 30,000 cases of these fine quality peaches. The fruit was not injured but the cans being badly smashed made them unfit for the eastern market. These cans have been beautifully relabeled and are offered for sale at a big sacrifice. We have the sole agency for the Twin Falls Tract of this consignment of fruit and while they last will sell at a saving to you of 50 per cent. Call on us. Buy them by the can or case. Every can guaranteed first quality.

TWIN FALLS NEWS

Official Paper of Twin Falls County, George B. Fraser, Editor.

Published every Friday by THE NEWS PUBLISHING COMPANY TWIN FALLS, IDAHO.

Subscription Rates. One Year, in Advance, \$2.00 Six Months, in Advance, \$1.00

Believable information regarding the city and country promptly and cheerfully furnished. Address all communications to The News Publishing Company, Twin Falls, Idaho.

Entered as second-class matter, December 2, 1904, at the postoffice at Twin Falls, Idaho, under the Act of Congress of March 3, 1879.

The recent stringency in the money market has served to direct attention to western irrigated lands as an investment. This was passed through the financial flurry without a scratch, principally because western securities are of such a character that they are unaffected by monetary disturbances. On the Twin Falls tract land values have increased more than 300 percent on an average since the canal system was built. This increase was due entirely to the productive quality of the land. The value of farm land on the Twin Falls tract is based solely upon the possibilities in the way of returns. These returns have been more than satisfactory since the tract was opened and capital has in consequence been interested. The investor in Twin Falls lands has taken no risk. Intelligent application of water is the only requisite necessary to produce crops. Frosts, floods, cyclones and other menaces, to agriculture are unknown in the arid west. A glance at the weather report for 1907, which appears in this issue, is convincing proof of this fact. Land cannot burn up or blow away and the man who is fortunate enough to own a farm in the Snake river valley need have no fears for the future. His investment is safe and remunerative. Stocks may fluctuate in value and dividends may be curtailed, but irrigated lands are always productive and in most instances they give better returns than more alluring investments. They are immune from financial storms and they guarantee profits year after year regardless of monetary conditions. Elsewhere in this issue appears an article taken from the Philadelphia Saturday Evening Post which calls attention to the stability of irrigated lands as an investment. The article is conservative and timely. It shows conclusively why people should invest their savings in securities which are absolutely stable. Idaho has the land bargains and the Snake river valley, from end to end, is as sound an investment as a government bond.

The farmers have shown a commendable spirit in perfecting their organization. They have only made a start, however, and they must keep everlastingly at it until they are prepared to take over the vast canal system and operate it economically. Their work has only commenced. They have formed the nucleus of a grand organization and if they stick together harmoniously and labor for their mutual benefit they will have accomplished a great work. Not only have they the opportunity to set an example for other Carey act projects but through their organization they should be able to do business on a wholesale basis and make their own markets. They should do able to offer their products by the trainload and open up their own avenues for trade. The prospects are very pleasing and the farmers will undoubtedly take advantage of their opportunity. As a class the Twin Falls farmers are second to none. Among them are many of the brightest and best agriculturalists and horticulturalists in the country, likewise several of the leading stock-growers and wool-growers. The opportunities are illimitable and failure to grasp them would be unardonable.

The improvement in the Short Line train service of late calls for favorable comment. The trains are running on time and the people are no longer discommoded. The Short Line officials have taken pains to give the best possible service on the Twin Falls branch and their efforts are appreciated. Freight is being moved with celerity and the old "kick on the railroad" has had the props knocked from under it. Fairness compels the statement that the Short Line is strictly on its good behavior. Here's hoping that it has a good memory.

Rate Wanted. Cash paid for old tags delivered at The News Office.

WERE GIVEN A WHEAT SHOWER

HANSEN CITIZENS INTRODUCE A NOVELTY.

Substitute Wheat for Rice in Showing Their Good Will for Newly Married Couple—Farmers Organize District Association.

HANSEN, Ida., Jan. 16.—Last Saturday night 40 of the Hansen ranchmen met at the schoolhouse and organized a district association with Nick Smith as chairman, F. M. Townie, vice chairman, W. N. Rose, secretary, and W. E. Hovest, treasurer. J. B. Hinton was elected as a member of the governing board. The friends and neighbors of Mr. and Mrs. J. C. Jones gave them a surprise party at their home last Saturday night. The evening was passed in a social way and all had a very pleasant time. Granddame Mrs. Luella Wheat were entertained last evening by Judge Chamberlain of Twin Falls. Tuesday evening the couple left for Spaulding, Idaho, the "home" of Mr. Glenn. A large number of friends were at the depot to see the couple. A shower of "wheat" was given them as the train pulled away from the station. The school report for the month ending January 10th showed 41 boys enrolled, 28 girls and an average attendance of 12.7. The average absence was 3.18 while the average number of tardies following were neither tardy nor absent for the month. George Lacourse, Meral Lacourse, Harry Lacourse, Willie Holm, Steve Nichols, Harold Clinton, Carl and Ned and Polio Crater send Ernie Smith. S. T. Hamilton was in town the first of the week with several prospective buyers. W. N. Rose was appointed superintendent of schools to fill the vacancy caused by the removal of E. L. Ricks from this district. Governing committees are headed for Twin Falls today. It is rumored that they are going to learn how to ride the goat.

IMPROVING DEPARTMENT STORE

Capacity Will Be Increased and the Departments Rearranged.

The Idaho Department store is undergoing a transformation. When completed, will vastly improve the interior appearance of the big store and increase the capacity for display. Beginning at the stairway, the gallery will be carried to the rear and around the grocery department. This will give much more room than it is now possible to obtain with present conditions. The portion of the gallery from the stairway to the rear will be devoted to ladies ready to wear goods and to dresses, which department the management proposes to make one of the features of the store. The gentlemen's furnishings department will be located on the ground floor beneath the gallery and to the rear of this department will follow the shoe stock. This arrangement will allow of more space for the drygoods department which is to be vastly enlarged. The office will be cut back to the width of the vault, making it more light and convenient. The grocery department will remain where it is at the rear and in the basement. The gallery above the grocery department will be utilized for wrapping and cash, the cash carriers being transferred from the office. The new arrangement will add greatly to the appearance of the store and will give the management a chance to display the immense stocks which they have ordered for Twin Falls.

R. C. Beach of Lewiston is now president of the Idaho Department Store, the capital stock of which has been increased to \$50,000. J. W. Craven is vice president and G. B. Banta secretary and treasurer. These officers, with H. H. Seebeck and C. D. Thomas, constitute the board of directors. Mr. Banta is general manager of the store and is permanently located here. Mr. Banta will adhere to the line so successfully followed by Mr. Beach and will conform to the latter's ideas of how a large department store should be conducted. Mr. Beach will continue to be in charge of the store to that extent keep in touch with the business. Mr. Banta is thoroughly familiar with Mr. Beach's methods, having been associated with him for years. Another new face from north Idaho is that of W. H. Monroe, who comes from Kenosha to assume charge of the shoe department. The grocery department will be under the direction of J. E. Hill, assisted by R. C. Letcher and Jimmy McGregor. The linen and quilts will be sold away in the office. Mr. Sinclair will supervise the clothing and gentlemen's furnishings departments, assisted by Chas. Crayder. Misses Misses Mabel Horn and Miss Barretto will lend cheer and order to the drygoods department. This makes a splendid organization and it will be because it will be done, there is no business to be done.

Notice. All county warrants issued prior to January 1 will be redeemed by the county treasurer on presentation at his office in McCornick & Co's bank in Twin Falls. C. J. BAHN, County Treasurer. FOUND—Drab, 2-button lady's glove size 6 1/2. Call at Eldridge's store.

FILER IS STILL SHIPPING GRAIN

SEVERAL CARLOADS DIBATCHED EVERY WEEK.

Two New Settlers Arrive and Invest in Farm Property—Filer State Bank Will Open for Business When Its Safe Arrives.

FILER, Ida., Jan. 11.—Lester Coffin of Lewiston since two days in Filer last week looking after his lands and his interest in the Idaho-Store Co. Mr. Coffin was well pleased with the business for the year just closed and expressed the greatest confidence in the future of Filer. W. R. Swilcock, who was injured in a mishap on Clark's grade last week, is reported to be rapidly recovering. His ankle was severely turned and he was taken up, he takes something more than a down hill tumble to put a Missouriian out of business. James Christoff of Clark's Ferry on the Snake river, was a business visitor in Filer on Monday. The safe of the Filer State bank is daily expected, and when it arrives the bank will be ready for business. The safe was shipped direct from the factory and should be here now. Several carloads of grain are being shipped from Filer every week. It is stated that the railway company has an agent stationed here, the business of shipping has been greatly facilitated. John Taylor of North Kalama arrived in Filer yesterday to look over the country and to visit with his brother, Sam Taylor. He has concluded to stay and invest in some Filer land. A brother of A. H. Bonner from North Dakota has invested in 80 acres southwest of Filer and is building a neat three-room house on his property. Mr. Bonner was convinced on his first trip that now is the time to invest in Filer lands. Dr. Newbury is quite busy ministering to the health of the general public. R. C. King is reported to be quite ill with appendicitis.

BREVITIES

R. C. Beach and Lester Coffin left on Monday for the north. Mr. Coffin, who is interested in the Idaho Store Co. at Filer and also owns considerable farm land on the Twin Falls tract, will be visiting with present conditions and the outlook for the future. Miss Mary Jean White, Mrs. E. A. Wyatt, Mrs. F. S. Marshall and Mrs. D. P. Albee of Buhl attended the meeting of the Eastern Stars in Twin Falls on Monday evening. Miss White went on east to her home in Harrisonville, Mo. She will return to Buhl later to remain permanently. The postoffice department has given Senator Hoyburn assurances that mail service will be established six times a week between Shoshone and Jerome. This is good news for Jerome and the action of the department and that of those responsible for it are duly appreciated. Herman S. Martin, the well known engineer, has been engaged by the state to inspect the construction work on the Rich Side and Salmon projects. His assignment is in accord with a recent ruling of the board by which it was decided that the state should have an inspector on all canal systems hereafter in order to avert the possibility of misunderstanding in regard to the carrying out of specifications and contract requirements. Mr. Martin is a thoroughly capable and experienced engineer and he knows this section of Idaho like a book. State Engineer James H. Stephenson, Jr. inspected the dam and tunnel sites on the Salmon river last Sunday in company with W. H. Rosencrans and M. P. Aronold of Arnold Co. and John E. Hayes. He was very favorably impressed with the sites which are ideal in his estimation. Mr. Martin is the largest and best equipped electrical laboratory in the world.

BREVITIES

Rev. John Gourley preached at the schoolhouse in Hansen last Sunday afternoon.

Dr. Truman O. Boyd and Mrs. Boyd returned from Los Angeles, Sunday afternoon.

German Lutheran services will be conducted by Rev. W. H. Schenke in the Christiana church Sunday at 2:30 P. M. All are cordially invited.

Episcopal church services were held in the K. P. Hall in this city last Sunday morning and evening. Bishop Funston of Boise conducted both services, which were well attended.

At the meeting of the city council Monday night permission was granted to have the fire bell rung every Sunday morning at 10:30 and in the evening at 7 P. M. for church purposes.

C. D. Thomas will be in Rexburg Saturday of this week attending the county teachers and trustees meeting. In the afternoon Mr. Thomas will give an address at the "Consolidation of Rural Schools."

S. E. Bruce of Pomeroy, Wash., is in the city after spending several months in Washington. Mr. Bruce has a fine ranch at Kimberly and will spend the next few months there looking after it.

There will be a meeting on Thursday, January 23, in the parlor of the Hotel Perrine for the purpose of organizing an Episcopal guild. All ladies of the town or tract who are interested are cordially invited.

Edward Davis left for Pueblo this morning on a business trip. Mr. Davis took with him several samples of the grains and apple raised on the Twin Falls tract and will endeavor to interest some of his former fellow citizens of Pueblo in Twin Falls. Mr. Davis will be absent about 10 days.

The trustees of the Presbyterian church are planning for a musical and literary entertainment which will be held in the school auditorium, Thursday evening, Jan. 30th. An excellent program is being arranged and a splendid concert is assured. C. M. Hill and Dr. W. F. Pike have the matter in charge.

John S. Gourley entertained a party of friends at dinner at his home Tuesday evening. The dinner was given in honor of Mr. Gourley's friend, Carl Anderson of Wooster, Ohio, who is in the city visiting for a few weeks. After the dinner, the evening was pleasantly passed in a social way. In the party were Board H. Fuller, Jay Green, Frank and Will Lytle, Samuel and Max Gamble, John Lelecher, Charles E. Colles, John S. Gourley and Carl Anderson.

Alton Packard, the cartoonist, who appears here on February 19th has been drawing pictures and amusing people for the past week. His name on a lecture course is a guarantee of an evening of wholesome fun and a good laugh. In style and method he is entirely original. He carries all his accessories, easels and materials, draws and sketches on enormous canvases and sheets of paper over 7 feet square. There are the largest sheets of paper made and are manufactured by the ton especially for his use. Mr. Packard appears as the next number in the lecture course and no doubt will be greeted by a large audience.

George A. Scott, whose ranch is a short distance above the bridge on the Salmon river, and Homer A. O. of Three Creek came in on Tuesday. They both favor the opening of a new and better road on section lines between Twin Falls and the dam site on the Salmon. This road, in their opinion, could be opened without much trouble or expense and it should be opened at once as travel is likely to be heavy in the spring. There is a direct and level road now from the high line canal to Deep creek, which was opened by P. H. Smith, Carl Hahn, Walter Craven and others. All that is now necessary is to construct between this road and the lower road leading from the Warm creek field to the Salmon. A better road than the latter might be opened west of Deep creek, while the ground is frozen.

The Ladies Aid society of the Presbyterian church will meet with Mrs. L. J. Miller next Thursday afternoon.

The Tatro stock of the People's drug store will be sold at a sheriff's sale next Friday morning.

The Brunk Brokerage & Realty company dissolved partnership this week. Mr. Brunk is leaving the firm. Mr. Brunk will still continue in the real estate business.

Miss Hazel Lilly left the city Wednesday afternoon for Pueblo, Colo., where she will finish her schooling. Miss Lilly will return to Twin Falls early next summer.

Rev. J. H. Barton of Boise was the guest of Rev. Gourley over Friday, Saturday and Sunday. Rev. Barton was in Buhl where he will conduct services Sunday.

The Epworth league society of the Baptist church will give a box social at the church next Friday evening. Everybody is invited to attend. The ladies will provide well filled lunch baskets which will be auctioned off to the highest bidder.

The infant son of Mr. and Mrs. Roy McMaster died at its parents home in Kimberly Tuesday. The body was brought to the W. C. T. U. services held from the home of C. A. McMaster Thursday at noon. Rev. J. H. Schenck conducted the services and interment was in the Twin Falls cemetery.

The local W. C. T. U. will hold a meeting with the school teachers at the home of Mrs. Arthur Hauer this evening. A very interesting program was given. The subjects to be discussed are "How the W. C. T. U. can help public school teachers" and "How the W. C. T. U. can help the girls." During the evening the girls' quartet will sing. Refreshments will be served.

At the annual meeting of the Twin Falls cemetery association held recently the resignation of H. E. Hunt as superintendent was accepted. Mr. Hunt has been connected with the cemetery association since its organization and has carried out the duties of his office very faithfully and it is mostly due to his efforts that the cemetery grounds are in their present splendid condition. The officers elected for the coming year were C. M. Hill, president, F. A. Snyder, superintendent, S. H. Taylor secretary.

The Leap Year ball given by the young ladies of the city in K. P. hall Thursday evening was a brilliant success in every way. The hall had been elaborately decorated with different colored streamers and presented a very pretty sight when the electric lights were turned on. A three piece orchestra furnished the music for the dancing which was enjoyed until a late hour. For those who did not dance, refreshments were provided. Punch was also served during the evening.

Benjamin Wolpert, who has rented E. Froehner's mill of the St. Regis block on Shoshone avenue, has arrived with his wife and children and is preparing to open an up to date clothing store in the premises. Mr. Wolpert is not in a hurry. He has sized up the situation and has concluded that Twin Falls is entitled to the best, consequently he will not open his doors until he has the stock he needs. In about 30 days he will be ready for business and with such a good location and a stock which has been picked from the cream of the eastern markets he should furnish Twin Falls with something to be proud of and he undoubtedly will.

The Springs club met at the home of Mrs. Alken Tuesday afternoon. The roll call was responded to by quotations from Thomas Buchanan Reid after which several matters of business were attended to. Mrs. Hayes read a paper on some notable figures of the reconstruction period. President Johnson, Cyrus Field and fighting "Bob Evans" were the men chosen as representative. During that period also lived Oliver Wendell Holmes, Mrs. Harriet Beecher Stowe and Henry D. Thoreau. Biographical sketches with readings from their writings were given by Mrs. Alken, assisted by Mesdames Packard, Chamberlain, Perrine, Hayes, Ault and Sawyer. The next meeting will be next Tuesday to meet again with Mrs. Alken.

The new brick burned at Buhl is attracting wide spread attention. It is pronounced equal to the best in the west and several samples have been sent away for inspection. Buhl seems destined to be the brick producer of the Twin Falls tract.

Bishop Funston of Boise visited in Twin Falls on Saturday and Sunday, conducting services on Sunday afternoon. The bishop is well pleased with the prospects for an Episcopal church in Twin Falls and he declares that the building will be a credit to the city.

The estate of the late Arthur C. Pratt, which includes the lot next to the Commercial building on Main street and 80 acres of excellent land between the city and Shoshone falls, is now offered at private sale by W. A. Babcock, city attorney of Twin Falls. There is no better city or farm property on the tract and it should bring a good price.

Edwin V. Berg and Miss Beatrice E. Canine are to be married at the home of the bride's parents, Mr. and Mrs. Wm. R. Canine, Saturday afternoon. Rev. H. W. Parker will perform the ceremony. Both young people are well known in this city. Berg was for a long time connected with the Twin Falls Land & Water company but now is in business for himself as a real estate agent. He is a very bank building. Miss Canine is a young well known for her musical ability. The couple will be at home to their friends after February 1st.

John D. White and C. A. McMaster have formed a partnership in the real estate business under the firm name of the Farmers Real Estate company. They have secured an office in the Babcock building, next to the postoffice. It is their intention to buy and sell real estate, horses and cattle. If experienced and business acumen count for anything, the new firm should be a hummer. Mr. McMaster is one of the most successful farmers on the tract and he knows whereof he speaks when he talks farm lands. Mr. White is a conservative and reliable judge of realty and a gentleman like his associate. The new firm should do well.

The Majestic theatre has been having "capacity houses" every night during this week. The pictures are the best that have been shown yet, in fact they seem to grow better each week and the audiences are increasing in size. The moving pictures of the "Trip through the Alps in Switzerland" and "Auldin's Lamp" are excellent. The former was particularly appreciated. It was instructive and of an educational value. More pictures of a similar nature would prove very entertaining to the majority of those attending the performances. The past week the managers of the theatre finished the work of making the theatre as completely fire proof as possible so that there is no possible danger of any fire.

Mr. and Mrs. William Cheek have the heartfelt sympathy of the community in the death of their son, Dr. Spurgeon Cheek, which occurred in Los Angeles following a surgical operation for abscess. The operation was performed at Searchlight, Nevada, where Dr. Cheek was practicing. It was not considered serious and with Dr. Cheek's magnificent physique and otherwise perfect health, no fears were entertained. However, he grew worse and it was decided to remove him to Los Angeles but he barely lasted the journey. Dr. Cheek visited Twin Falls, coming here with his father when the former located. He was exceptionally popular and bore an excellent reputation as a physician and surgeon.

The Knights of Pythias have launched a scheme which should meet with the hearty approval of all. The Grand Lodge of Idaho will meet in Twin Falls in June and the local brethren propose to see that the guests do not slip or get silvers in their feet at Shoshone falls. To be fully appreciated the catarract must be seen from below and as yet no one has had the opportunity to provide steps whereby the journey can be made in comfort and safety. The Knights intend to put in steps of permanent character and if they do they should have the right to carry their names on every step for they certainly have conceived a clever idea. The public should assist them liberally in caring for their guests and in doing what should have been done years ago.

YARD FACING RAILROAD TRACK AT THE FOOT OF 12TH ST.

AFTER THE SEARS-ROEBUCK CO. INDICEMENTS RETURNED AGAINST MALL ORDER HOUSE.

Regarding the indictment of Sears-Roebuck, at Des Moines, Iowa, W. J. Pilkington, editor of the Merchants' Trade Journal, who secured the indictment, writes: "There is no question but what this concern will be convicted when this case comes to trial, and you need not be surprised if other indictments follow closely on the heels of this one."
Mr. Pilkington denies that retail merchants' associations are back of the indictment, as has been reported in some quarters.
The indictment is based upon three instances in which it is alleged the Sears-Roebuck company misrepresented articles listed for sale in its catalogs, which were sent out through the mails. Besides the catalogs, it is claimed the firm sent out letters, circulars, pamphlets, order blanks and letter heads designed to deceive and defraud the customers.
The first count charges that on June 12, 1907, the company devised a scheme to obtain money by false pretenses from Dr. C. F. Spring of Des Moines. On that date, it is alleged, a letter was mailed to him by the Chicago company, in which it was stated that the Sears-Roebuck company had a large quantity of white lead paint made in our own great paint factory under the supervision of the most expert painters. They have the finest machinery and are able to place over them our most liberal guarantee, which you are doubtless familiar with."
The indictment declares that Sears-Roebuck Co. did not manufacture the paint in its own factory, that its paint was not of the highest grade and was not equal to any ready mixed paint on the market, regardless of price as advertised in the catalog, and that the paint did not contain white lead.
When Mr. Pilkington commenced the investigation, it is claimed, he bought a number of cans of the company's paint and made a test to ascertain if there was white lead in it. He maintains there was no white lead, but just common clay. After satisfying himself, he says, he secured evidence of a specific case in the instance of Dr. C. F. Spring.
R. H. Mills, rural route No. 1 mail carrier in Des Moines, is the alleged victim named in the other two counts of the indictment.
On May 25 Mr. Mills ordered a ring advertised in the Sears-Roebuck Co. catalog, to contain four pearls and four sapphires. The ring he received, he says, did not contain pearls or sapphires, and was materially inferior in quality to the ones described in the catalog. On May 6, Mr. Mills ordered another ring advertised to contain 12 pearls and two rubies. The ring he received, it is claimed, contained neither pearls nor rubies. Both the catalog and the rings were sent through the mails, and if these contentions were true, it would constitute a violation of the federal statute forbidding the use of the mails for fraudulent purposes.
It is said that a large mass of evidence is in the hands of the general officials in regard to the company and its methods of doing business. The federal grand jury consumed several days examining witnesses. A transcript of all this evidence has been made and the indictments were drawn after careful consideration by Assistant Attorney General Stewart.
It is said that Mr. Pilkington secured his clue as to how to proceed against the Chicago firm from a St. Louis case, in which a liquor concern was prosecuted in the federal court for selling a poorer grade of whiskey than that advertised in the firm catalog. The company in that case was fined for using the mails to defraud, Common's Stock Declines.

So closely following the announcement that the Sears-Roebuck company had been indicted charged with the fraudulent use of the mails, that the fact may naturally be taken as a contributory cause, comes a decline in the price of rather a large number of stocks on succeeding days which brings its present market value down to about 30 points under the price at which the same stock was floated about a year and a half ago.
The present condition of the company's business based upon its profits during the past six months and the position which has been forced upon it by the above indictment, bringing with it considerable unfavorable advertising has not increased the popularity of the firm's securities among investors.—Detroit Trade.

FINANCIAL SKIES CLEARING

President Buhl Takes Optimistic View of Conditions.

F. H. Buhl of Shoshon, Pa., financial backer of the first Twin Falls project and one of the ablest financiers in the country, was in Salt Lake last week closing up some business matters. He was interviewed and the following statement about financial conditions was printed by the Tribune:
"Cashier's checks have become rather a curiosity," he said, "inasmuch as the banks are paying with cash preferably to continuing the operation of clearing-house currency at 6 per cent interest. Men who have speculative inclinations can obtain no financial assistance, but there is an abundance of money for ultra-conservative investors. The presidents of three banks in the east approached a man of good business judgment the other day and asked him if he could not use some money, saying there was plenty of it.
"I do not believe the country has caused to be the effect of the recent money flurry. If it did not result disastrously, it was because the financiers did the best they could and avoided sending good concerns to the wall. The recent money has now been passed and an effort will be made which will result in the weeding out of those concerns which are not absolutely sound, and I am satisfied there will be a general revival. I believe that there will be slack everywhere, and that for a year, at least, the country will encounter a period as keen in its effect as the panic of 1893."
"But the country is so fabulously wealthy there can be but one inevitable result, and that is a complete recovery and an era of prosperity. I have not a shadow of a doubt that the Twin Falls tract; there is nothing new on my mind and I contemplate no tentative investments."
"How much money in all have you invested in Idaho?" was asked.
"I should say, the aggregate was three and one-half millions, and I want to tell you that it spotted my credit for a long period. McCormick will tell you that a few years ago I could not borrow a 10-cent piece in Salt Lake City. But that has all passed, and I insist on saying I am the daddy of the fine project in Idaho."
Mr. Buhl is not a prominent member of the prominent family of that name. His brother, Theodore Buhl of Detroit, president of the Parke-Davis company, died about a year ago. Mr. Buhl is said to be worth many millions. He is retired from the steel business and is devoting his energies and money to irrigation.

COMFORTING WORDS

Many a Twin Falls Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders; to be enabled to make any kind of sufferer grateful, To tell how this great change can be brought about will prove comforting words to hundreds of Twin Falls readers.
Andrew A. Anderson, living in Rexburg, Idaho, says: "I think very highly of Doan's Kidney Pills. For a long time previous to using them I suffered from a disordered condition of my kidneys accompanied by severe pains in my back and hips. I finally got so bad that I could not walk but a very short distance without having to sit down. At last, I procured Doan's Kidney Pills and some two years ago, procured a box and began their use. I have been in fine condition since and give Doan's Kidney Pills the credit."
For sale by all dealers. Price 50 cents.

WOULD IMPROVE THE CURRENCY

SENATOR HEYBURN INTRODUCES RELIEF MEASURE.

Believes There is Sufficient Currency Were it Properly Distributed, Senator Gives His Views Upon Financial Question.

Senator Heyburn, of Idaho, who has given considerable study to the money and currency question, is talking about the currency question, that it seems to him there is actually a surplus rather than a deficiency of currency.

"The per capita in circulation," said Mr. Heyburn, "is greater than ever before, and larger in proportion to the population than in any previous period."

"The Aldrich bill provides for the issue of \$250,000,000 of circulation based upon the deposit of government bonds, state, municipal, and other approved securities."

"I have introduced a bill, the purpose of which is to make a more safe and conservative distribution of the reserve—in fact, to keep the reserve and the community to which it belongs."

Bill for Distribution. "I have introduced a bill, the purpose of which is to make a more safe and conservative distribution of the reserve—in fact, to keep the reserve and the community to which it belongs."

Money in Reserve Cities. "Under existing law certain cities are designated as reserve cities in which the national currency may be deposited."

"The act now in existence in the United States is about one-fourth of the bank deposits held by the national, state and private banks and trust companies, "the dollar of actual money," the dollar of credit is behind three dollars of credit."

Being no longer in the employ of The Twin Falls Land & Water Co., I have prepared to do any work in my line...
