

JEROME TO HAVE A CUMBER YARD

TWO PROMINENT CHICAGOANS INTERESTED. Ostrander-Reed Lumber Company incorporated and will be ready for business in Jerome and Wendell in about 30 days.

JEROME, Ida., March 4.—The Ostrander-Reed Lumber Co., Ltd., which was recently incorporated under the laws of Idaho, will shortly open lumber yards in Jerome and Wendell. The company has secured a site for its yard on Main street and will lose no time in getting its stock of lumber on the ground.

Mr. Ostrander is the gentleman who recently had an exciting race through the sagebrush with Fred Ramsay of Twin Falls for possession of a tract of land on which both wanted to file. Mr. Ostrander won the race and now he is about to make another and a bigger winning by locating on the North Side.

Concerning Mr. Ostrander's departure from Chicago, The Lumbers World of the city said: "General regret has been expressed by many of his friends by reason of the approaching departure of Ernest J. Ostrander, for many years associated with the Rittenhouse & Embrose company, at 3500 Center avenue, this city, for southern Idaho, where he intends to embark in business. Mr. Ostrander, in the course of a few weeks' vacation recently, made a trip through the Snake river country, the great agricultural region, which was recently opened up by the Twin Falls Land & Water company and is now regarded as one of the greatest agricultural districts of the country. So impressed was Mr. Ostrander with the possibilities of the future that section that upon his return to Chicago, February 1, he tendered his resignation as secretary of the Rittenhouse & Embrose company, disposed of his holdings of stock in the company and the company and intends leaving for the northwest February 18, in company Mrs. Ostrander, for the purpose of seeking permanent location. His thoughts have turned in the direction of the lumber business and it is his intention to locate several lumber yards in the northern Idaho territory at some of the new towns that are springing up like magic in what heretofore regarded as almost a desert region.

"Ernest Ostrander is one of the young men of the Chicago lumber trade who have made good in the lumber business. He started with the Rittenhouse & Embrose company as a salesman in June, 1892, and in the nearly 16 years elapsing since then he not only learned the lumber business in all of its departments but became a member of the company with which he started and two years ago was elected its secretary. He is enthusiastic about his new enterprise, and he has received the value of the northwest will remove him from the scores of friends who know and esteem him; they and all join with the lumber world in wishing for him a most successful and prosperous career in the southern Idaho ventures."

E. G. Reed, who is associated with Mr. Ostrander, was for 10 years purchasing agent for the National Lumber company, but he was recently discharged and shot. He has been carefully tested by Jake Fritz and pronounced fit in all respects. Like his partner, Mr. Reed is a very genial gentleman, anxious to approach and very quick at repartee. Both gentlemen are of the genuine western type and they will make the Jerome location a success. The new yard at Jerome and Wendell will be opened in about 30 days.

Earl Ferguson made a business trip to Hagerman Tuesday.

J. C. Golden, at the Jerome restaurant, left for his ranch near Rupert Thursday.

R. S. Cookham is convalescing from the injuries he received in a recent runaway.

Seven thousand acres was the record of sales on the North Side during the month of February.

Geo. Dillich of Washington, North Carolina, purchased last week through the Falls North Side Realty Co. a fine 40-acre tract near town.

some of them being stationed at Jerome and the remainder on the west end of the tract. The new mail schedule went into effect on Monday morning. Hereafter the mail will leave Jerome at 7 A. M. and arrive at 5 P. M. Ross D. Updegraff, the newly appointed mail carrier, has put into service an entirely new outfit of wagons, harness and some fine horses. Six passengers will be on the first trip out. Dan W. Updegraff will drive during the summer.

ANOTHER SCHOOL IS NEEDED

In That District North and West of Filer. PEAVEY, Ida., March 4.—Mr. Knappstein of Chicago arrived last Wednesday with his family to make his home on the Twin Falls tract. He will locate on 40 acres which he has recently filed on about one mile north of Peavey switch.

Mr. and Mrs. W. F. Stridley and Mr. and Mrs. Vining attended the supper given by the Filer Commercial club and report it as a grand success. Those who missed it are sorry for it. Otto Yalst is wearing a smile that rivals "Sunny Jim." "A boy—"

A few touches of paint are being applied to some of the ranch barns near Peavey with a very good effect. There is great need of a school northwest of Filer. There are 20 or more children who are not near enough to any school to attend.

Lowden Bros. have engaged in blacksmithing at Peavey. Ernest Higdon of Tulsa, Oklahoma, is visiting his uncle and aunt, Mr. and Mrs. B. F. McFadden near Peavey.

BACK FROM THE CHILLY EAST

Bob McCollum Returns From a Visit in Chicago. R. M. McCollum returned yesterday from Chicago, where he has been for the past month on business connected with the companies with which he is affiliated. He said he nearly froze to death in the Windy City on several occasions when he read the weather reports from Idaho he was violently attacked with homesickness. Mr. McCollum stated that the system of advertising practiced by the National Lumber company completely eclipsed anything he had ever heard of. He attended two illustrated lectures in halls, which were packed to the doors with the people who attended those lectures did not come out of mere curiosity was proven by the way in which they appeared at Mr. Hollister's office afterwards and inquired for further information and literature. Further proof of the interest taken was found in Twin Falls and the results of the advertising campaign were apparent.

In the reading hotels and on the railway trains, Mr. McCollum added, he heard people discussing Twin Falls and the results of the advertising campaign. He established his fact that the little city of three years, of which he had the honor of being the first citizen, was doing nothing the attention which he merited.

Mr. McCollum will now divide his time between the North and South side projects.

STREET LIGHTS.

- The 25 street are lights, for which the city council recently provided, will be located as follows: Fifth St. and Main St. Seventh St. and Main St. Ninth St. and Main St. Eleventh St. and Main St. Shoshone Ave. and Blue Lakes Ave. and Fifth Ave. Shoshone Ave. and Ninth Ave. Shoshone Ave. and Thirteenth Ave. and Sixth St. Shoshone Ave. and Eleventh St. Shoshone Ave. and Sixteenth St. Shoshone Ave. and Seventeenth St. Shoshone Ave. and Eighteenth St. Shoshone Ave. and Nineteenth St. Shoshone Ave. and Twentieth St. Shoshone Ave. and Twenty-first St. Shoshone Ave. and Twenty-second St. Shoshone Ave. and Twenty-third St. Shoshone Ave. and Twenty-fourth St. Shoshone Ave. and Twenty-fifth St. Shoshone Ave. and Twenty-sixth St. Shoshone Ave. and Twenty-seventh St. Shoshone Ave. and Twenty-eighth St. Shoshone Ave. and Twenty-ninth St. Shoshone Ave. and Thirtieth St. Shoshone Ave. and Thirty-first St. Shoshone Ave. and Thirty-second St. Shoshone Ave. and Thirty-third St. Shoshone Ave. and Thirty-fourth St. Shoshone Ave. and Thirty-fifth St. Shoshone Ave. and Thirty-sixth St. Shoshone Ave. and Thirty-seventh St. Shoshone Ave. and Thirty-eighth St. Shoshone Ave. and Thirty-ninth St. Shoshone Ave. and Fortieth St. Shoshone Ave. and Forty-first St. Shoshone Ave. and Forty-second St. Shoshone Ave. and Forty-third St. Shoshone Ave. and Forty-fourth St. Shoshone Ave. and Forty-fifth St. Shoshone Ave. and Forty-sixth St. Shoshone Ave. and Forty-seventh St. Shoshone Ave. and Forty-eighth St. Shoshone Ave. and Forty-ninth St. Shoshone Ave. and Fiftieth St. Shoshone Ave. and Fifty-first St. Shoshone Ave. and Fifty-second St. Shoshone Ave. and Fifty-third St. Shoshone Ave. and Fifty-fourth St. Shoshone Ave. and Fifty-fifth St. Shoshone Ave. and Fifty-sixth St. Shoshone Ave. and Fifty-seventh St. Shoshone Ave. and Fifty-eighth St. Shoshone Ave. and Fifty-ninth St. Shoshone Ave. and Sixtieth St. Shoshone Ave. and Sixty-first St. Shoshone Ave. and Sixty-second St. EDITH LINDSAY STOCK COMPANY
Will Open Engagement at the Rink on Monday Evening.
Luko Cosgrove, director of the Edith Lindsay company, has arranged for a stock season at the rink, commencing on Monday, March 9.

every city in the inter-mountain region and they are welcome wherever they go. Their productions are always clean and carefully prepared and they have a large and loyal clientele. Their last engagement in Boise, which was concluded a few days ago, lasting 20 weeks. They intend not going beyond their ability and what they do is well done.
Among the plays which Miss Lindsay and Mr. Cosgrove will present during the early part of the Twin Falls engagement are "Timothy Holman," "By Wits Outwitted," "Little Christian" and "Josh Whitcomb."

B. Williams at Twin Falls, Idaho, on the 21st of March 1908 by two of the following witnesses: Charles E. Swan, of Kimberly, Edward E. Cozzens and Charles Pierce of Hansen, Idaho.

COST OF COOKING BY ELECTRICITY
5 1-2c PER DAY PER PERSON
THE FOLLOWING IS A COPY OF A LETTER, WHICH SPEAKS FOR ITSELF:
Portland Ry. Light & Power Co. Portland, Oregon, August 26, 1907.
Gentlemen: In reply to your request for a statement of how much it costs me to cook by electricity, I take pleasure in informing you as follows:
The outfit that I have in use consists of the following devices:
1 oven. 1 1/2 qt. frying pan.
1 broiler. 2 2-qt. combination cookers.
1 8-in. disc stove. 1 chafing dish.
1 7-in. frying pan. 1 1-qt. water heater.
1 coffee percolator 300 watt size.
The average amount of current consumed per day during the test was 2.76 K. W. H., which at 5 cents per K. W. H. amounts to 13.8 cents per day, of \$3.87 for the 28 days of the test.
The first two weeks of the above record there were two in the family. The last two weeks there have been three. The cooking has been done by my wife all of this time, and all of our cooking has been done on the electric outfit.
THEREFORE, the cost per person per day was 5 1/2 cents.
The advantages of the electric outfit are the cleanliness of the utensils and the easiness with which they are kept clean; also the absolute lack of offensive odor during the operation of cooking. The latter reason is practically the strongest point for use in Portland as it was the principal cause which led me to install the electric outfit. My wife used to be so nauseated from the offensive odor of the gas that she was practically unable to eat after cooking the meal.
I trust this data will be of service to you and I gladly give you the privilege of using it as you may see best.
Yours very truly,
(Signed) EDWIN F. BARBOUR,
No. 439 E. Fourteenth St. N.

Notice for Publication
Department of the Interior
Land office at Hatley, Idaho.
Notice is hereby given that Charles O. Workman of Rock Creek, Twin Falls county, Idaho, has filed notice of his intention to make final five year proof in support of his claim under additional homestead entry No. 2384 made April 18th, 1903, for the NE 1/4 of SW 1/4 and NW 1/4 of SE 1/4 of section 5, township 12 south, range 20, E. B. M., and that said proof will be made before John F. Hansen, U. S. Commissioner, at Rock Creek, Idaho, on March 14th, 1908.
He names the following witnesses to prove his continuous residence upon, and cultivation of the land, viz: Henry Workman of Murtaugh, Andrew J. Fuller of Rock Creek, James M. Bower of Rock Creek and Clinton, Melroy of Murtaugh, all in Twin Falls county, Idaho.

Notice for Publication—Final Proof
I, Magnus P. Swan, of Hanson, Idaho, who made entry No. 328, under the provisions of an act of the legislature of the state of Idaho, commonly known as the "Carey act," approved March 2nd, 1899, which embraces Lot of section 37 of township 10, of range 18 E. B. M., do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove that I have resided on, reclaimed and cultivated said land as required by law, before E. B. Williams at Twin Falls, Idaho, on the 21st of March 1908 by two of the following witnesses: Charles E. Swan, of Kimberly, Edward E. Cozzens and Charles Pierce of Hansen, Idaho.

NICE PROFIT IN WINTER APPLES

HOW AN INEXPERIENCED GROWER SUCCEEDED.

Made a Nice Profit and Did not Receive Fancy Prices for His Product—Same Can Be Done on the Twin Falls Tract.

The following, which was taken from the Orange Judd Farmer, shows what can be done with winter apples. The Twin Falls tract is certainly a winter apple country and what the writer, E. L. Stewart, has accomplished can be done here. Mr. Stewart gives his experience as follows:

So long ago as 1892, while working for a railroad in eastern Washington, I felt that I must leave farming for a more substantial business in order to provide for my family. About this time I met a representative of an irrigation company, who pictured the advantages of the Yakima valley to me so well that I decided to investigate the resources of this region. My first impression of this country was that it was composed of submergible and would be considered very costly if bought at 15 cents an acre. This impression gave way to a very different one on my seeing a few of the cultivated places in and around North Yakima, where the bearing apple orchards were valued at that date at the fabulous price of \$200 to \$500 per acre. I bought a small tract of land on the Yakima river, about six miles west of Prosser. It was purchased on a five-year payment plan, and cost me, with water rights, \$55 per acre, with a yearly maintenance charge of \$1 per acre.

For a while I continued my work as agent, meanwhile hiring help to fence, clear and level my land. But this was very expensive and a part of the work cost me \$35 per acre. With these expenses and meeting the payments on the land, I was not able to plant any trees until the latter part of 1895, when I planted six acres to Spitzburgs and Red Cheek Pippins. These were planted half of each in alternate rows. I did not know how to get the pollen of each variety more easily distributed by bees and insects, as I had read that some varieties of fruit were self-sterile and thought it a safe plan to assume that all varieties might be more or less so. The trees were planted 22 feet apart in what is here known as the circular form, acquiring 108 trees to the acre.

For the first three years I had to grow corn, potatoes, beans and garden truck between the rows. In this way I was enabled to cultivate the young orchard two or three times each season. I quit regular work at this time and moved onto the place in order to give the orchard my most careful attention, for it was now growing up and required considerable care. I would go over it with harrow four or five times between each watering, of which we gave it three during the season.

In the spring of 1901, after losing a lot of revenue, due to the blowing out of the trees, I had a second lot of the orchard with red clover. This stopped the blowing out. I was badly frightened, however, in the fall of 1901 that my clover was at least one-third alfalfa. I had read that alfalfa must not be allowed in an orchard. I concluded, however, to let the alfalfa alone and watch the results. That six years ago and the alfalfa is still there. It has never been disturbed by plow or cultivator since it was seeded, and it never will be so long as the orchard keeps up its record of the last four years. Each spring I cut all stubble and allow all growth to decay on the ground. This furnishes a much of decaying vegetable matter, which I believe keeps the alfalfa in the best condition and furnishes through the decay of this vegetable matter a supply of potash and other plant foods, besides storing up free nitrogen. The Spitzburgs are now 11 years old and have been bearing eight years regularly, increasing each crop, until during the past season they produced over 3000 boxes of fancy export apples. The following is a statement of the produce obtained from this orchard which was planted in December, 1895:

	No. boxes	Value
1898	60	54
1899	200	214
1900	325	325
1901	605	605
1902	1,108	1,020
1903	1,400	1,400
1904	2,550	2,450
1905	2,350	2,705
1906	5,625	5,991
Total	14,323	\$14,777

Our grade apples brought me \$1144 and vinegar from apples \$100. Adding these two items to the above, you see I made a total gross sale of \$16,218. The expenses of the orchard previous to 1906 were \$2113; during 1906 they were \$1914 making a total of \$4126. This left a net return to date of \$12,092. The sales for the year 1907-4 included the furnishings of all material and the packing of the apples by the barrel. For all the other years I paid all expense. It is interesting to note the expenses in detail for the year 1906, which were labor, including irrigating, spraying, pruning, scamping, tree trunks and cleaning bands, \$82.50; Paris green, \$41.80; lime, \$30; packing, \$275.00; hauling, \$121.35; grading, \$139.75; Marketing boxes, \$25; packing, \$219.90; box shooks and nails, \$26.25; paper, \$200; a grand total of \$1913. The receipts for 1906 for merchantable ap-

ples were \$5991, and from off grade apples \$476, a total of \$6467. Subtracting the expenses of \$1913, leaves a net return of \$4553; for six acres, or over \$725 per acre.

TIMBER TESTS AT UNIVERSITY

Relative Value of Timbers of Idaho to Be Ascertaind.

The University of Idaho has just entered into a co-operative agreement with the United States forest service to carry on a series of tests to determine the relative value of the commercial timbers of the state. All the tests will be made at the university in accordance with the methods used by the government, and at least once a year a testing engineer of the forest service will make a careful inspection and report upon the progress of the work.

These tests will be of considerable value in ascertaining for what purposes and uses the timbers of Idaho are best adapted. Bridge stringers will be tested to determine the fitness of different species for the construction of trestles and bridges; the spike-holding power will also be investigated to determine just what species can be advantageously used for railroad ties, and tests will be made to determine the relative hardness, which property is very important in material used for paving blocks. The forest service at other laboratories in various parts of the country is making tests on important timbers from other sections, and by co-operating with the service the university will secure results which will furnish an accurate basis for comparing Idaho timber with timber from other states.

At this period when the supply of different species which are practically used in the needs of various industries is being rapidly exhausted, substitutes for the disappearing species are being eagerly sought. The timber tests as carried on by the government are designed to show how hard, tough, stiff and strong different woods are, in this way making it possible to determine intelligently what species will best serve as substitutes for the ones nearing exhaustion. The results of the investigations will be published from time to time and distributed to the individuals and corporations interested in the use of forest products.

Wanted at Once.

Parties with team and tools, wanting a fine, well fenced 80 acres, 1 1/2 miles from Twin Falls, should apply to WILL BURTON, (Perrine & Burton's store) Twin Falls.

WANTED—A live, energetic man, with team, to take the place of the Falls county for Dr. Ward's Remedies, Flavoring Extracts and Spleas, no experience necessary. For particulars write, The E. L. Mitchell Medical Co., St. Anthony, Idaho.

TWIN FALLS NEWS

Official Paper of Twin Falls County, Idaho. Published every Friday by THE NEWS PUBLISHING COMPANY TWIN FALLS, IDAHO.

Subscription Rates. One Year in Advance, \$1.00. Six Months in Advance, \$0.60.

Reliable information regarding the city and county promptly and cheerfully furnished. Address all communications to The News Publishing Company, Twin Falls, Idaho.

Entered as second-class matter, December 2, 1897, at the postoffice at Twin Falls, Idaho, under the Act of Congress of March 3, 1879.

The press dispatches announce the recent visit in Washington of a delegation of Idaho sheep men. They went ostensibly in the interest of the speed limit law, but it developed during their stay that they were far more interested in the forest reserve question.

The delegation wanted congress to enact a law requiring railroads to maintain an average speed in hauling stock of 10 miles an hour between feeding points, including all intermediate stops.

WHAT HO! FOR THE NORTHWEST Don Bryan and S. H. Bolton to Change the Landscape.

Don C. Bryan and S. H. Bolton are going to change the appearance of the northwestern section of the city. That potato patch which you used to see on the left hand side of Main street, opposite the Ditzon house, will be the scene of their operations.

They acquired 10 acres there yesterday and they have already proceeded to disturb the hitherto peaceful contour of the street. They are going to split up the 10 acres into building tracts, smear it with trees, grab the street and do all and sundry necessary to make it a desirable residence section.

EXTRA ATTRACTION The management of the Lecture Course have the pleasure of announcing An Evening of Grand Opera With the Great American Grand Opera Singer MADAM LILLIAN BLAUVELT

BREVITIES

Miss Myrtle McManis arrived from Pocatello on Wednesday for a visit.

Fred Cockburn, cashier of the Jerome State bank, who has been suffering from a severe cold, is mending rapidly and will soon be able to return to work.

At the regular meeting of the city council on Monday, A. N. Sprague and E. B. Williams were appointed to fill the vacancies existing by reason of the resignations of F. H. Eastman and E. W. Davis. The councilmen talked over the location of the street lights, passed upon the bills and transacted other routine business.

J. F. Cockburn of Pittsburgh, cashier of the American Waterworks & Guarantee Co., is visiting his son, Fred F. Cockburn, at the Jerome bank. Mr. Cockburn, Sr., is delighted with the country and the people, all the more so because he found his son enjoying his health and discovered that the young gentleman had many good friends in Twin Falls and elsewhere on the tract who took a keen interest in his welfare.

The Transcontinental Trio will give the last number in the lecture course next Wednesday evening. Mr. Catter is an entertainer who is in his particular field and his work in this way most effective and never fails to carry the entire audience. Miss Drake, the dramatic reader, has had considerable experience on the platform and is a reader of unusual strength. Miss Goff, the prima donna contralto has a beautiful, low, rich, deep contralto voice which she uses with remarkable effect. The trio give a very pleasing program which will be one of the best numbers in the entire course.

H. A. Stroud & Co. report the following land sales for the week: The Flier-Bryan farm of 520 acres to the Landreth Investment and Development Co., consideration \$77,000; lot 11 in Surtees subdivision to G. C. McAllister, consideration \$18,000; the Pratt 80, 2 1/4 miles northeast of town to Joseph Lamson, consideration \$7,000; the Fred Wilson 20, 3 miles southeast of town to Chas. A. Baker of Chicago, consideration \$34,000; the F. H. Eastman 80, adjoining the townsite on the southwest to E. H. Bent, consideration \$14,000; the Jas G. Whitney 10, 2.6 miles north of town, consideration \$19,200; the Jas. Bybee 40 acres, 1 mile east of town to John Wigginsworth, consideration \$6,000; the W. A. Moomaw 120 acres, 1 1/2 miles north of town, to L. H. Blaboe of Phoenix, Ariz., consideration \$14,400; the G. T. Cummings 40 acres, 3/4 mile from town, to J. K. Mullen of Kansas City, Kansas, consideration \$7,700; total acreage 1084, total considerations \$148,600.

Judge W. J. Smith, who has been down with the grippe is able to attend to his duties again and his many friends have canceled their orders for floral tributes. Twin Falls does not look natural when Judge Smith is missing.

A congregational meeting of the members of the Presbyterian church was held last Monday night at the Methodist church at which time it was voted to build a new building of pressed brick and the trustees were chosen as a committee to go ahead and make all necessary arrangements to push the work as fast as possible.

Xenia Doris Wheat, daughter of Mr. and Mrs. J. M. Wheat, died at the home of her parents, 1 mile east of town on Saturday last evening. The funeral was held on Monday, Rev. John Gourley officiating. The interment was in the Twin Falls cemetery under the direction of H. E. Hunt. Her many friends and the bereaved parents extend to them most sincere sympathy.

The first of the Lenten teas was given at the residence of Mrs. McCollum. The members of the guild made merry practicing for the "Ladies Minstrels" performance which will be produced during Easter week. The ladies were very large notwithstanding the unpleasant weather. The guild will meet with Mrs. Homer Craven on Thursday, March 12.

The entertainment given by the Friday brothers and Miss Canfield at the school auditorium last Saturday evening was altogether delightful. The entertainment was well received and their audience at the start. Every member was honored. Miss Canfield made a splendid impression. It was one of the very best attractions offered in Twin Falls and a return engagement would be welcomed.

James Dunks and Miss Pearl Crockett were married at the residence of the bride in Rock Creek on Wednesday, Judge Lawrence Hanson officiating. Miss Crockett is the daughter of E. Miller, one of the pioneers of this city. Mr. Dunks was a young hustler of the right type. Both bride and groom have a host of friends who wish them a full measure of happiness.

Mrs. Fannie L. McManus, wife of Charles McManus, who lives 3 1/2 miles north of Twin Falls, died at the hospital early Tuesday forenoon after an illness of three weeks. Mrs. McManus is survived by her husband and two sisters, Mrs. John P. Day of Paris, Ky., and Mrs. M. E. McManus of this city. The funeral services will be held Sunday afternoon at 2 o'clock from Miller's undertaking parlors and interment will be in the Twin Falls cemetery.

Mr. and Mrs. Ed Braun arrived this week from northern Idaho and after a short stay in Twin Falls they went to their home in Buhl. Mr. and Mrs. Braun were married in Lewiston, Idaho, on February 12 and have since been visiting in the northwest. Mrs. Braun was Miss Kate Becker of Russell, Idaho. Mr. Braun needs no introduction. He has located about half the farmers on the Twin Falls tract. His home is at the hands of the Buhl Bachelors club.

C. D. Thomas will visit Burley on Monday. He is a member of the consolidated school board and is also scheduled for an address in McCammon on the 13th. Mr. Thomas has recently visited Rexburg, St. Anthony, and Cody, Idaho, where he explained the benefits of the centralized schools and told how the Twin Falls school has succeeded so far in satisfying the people. In particular he pointed out the interest in Twin Falls in general to note the interest taken in the centralized schools and to remember that Twin Falls was the pioneer in this line.

F. F. McAtee, dental surgeon, has secured a suite of rooms with Dr. Bent on the extensive and elegant style. He does everything by electric power, even to taking the money away from his patients. If the patient refuses to die, Doc shocks him into a helpless condition and extracts his checkbook. Sam Grant of the Donald Grant Construction Co., who was in the doctor's clutches on Wednesday, stated that Dr. McAtee had an electric hammer that beats any plug driver he ever used on construction work. Doc also has a moving picture show which he sets in front of his victims and what they are convulsed with laughter he slips his deadly electric stump puller into their nasal vents and snatches out their molars. He has engaged Jake Fritz on whom he will practice many stunts. Joking aside, the doctor has a swell place and his chest measurement is increasing daily.

The movement to organize a building and loan association in Twin Falls took definite form on Wednesday evening when J. M. Maxwell, C. J. Hahn, C. E. Vetter, C. M. Hill, H. H. Wall, W. A. Babcock, C. Harder, G. F. Sprague and W. H. Eldridge were chosen directors of an organization to be known as the Building and Loan Association. The plan is to be perfected upon the desired scale. The committee on organization consists of A. J. Peavey, G. F. Sprague, J. M. Maxwell and L. E. Salladay. The intention is to secure a building of not less than 1000 shares of \$100 each, payable in installments of 50 cents per month. These shares will mature in 34 months, the holders receiving \$1000 for each share costing them \$750. In the event of the death of a shareholder, the amount paid in by such shareholder becomes immediately due to the estate, thus offering a stable form of insurance as well as an investment. A strong effort will be made to secure sufficient stock subscriptions to insure the building of a new home each month. The plan should appeal to all who desire to see Twin Falls a city of homes.

The 20 ladies comprising the Wednesday Afternoon Bridge club gave a party complimentary to the members on Tuesday evening at the hospitable home of Mr. and Mrs. Nixon. The hostess was ably assisted by the management committee, consisting of Mrs. Wilbur Hill, Mrs. Tyler and Miss McCollum. The salad mixers are deserving of encomium, but their modesty forbids further mention. Mesdames M. J. Sweeley and McCollum acted as the evening's emcees. At the conclusion of the games the first favor, was awarded to Harvey Hurlbaeus of Jerome and the second to C. M. Hill. Miss McCollum was awarded the inward prize for the highest yearly average and the club championship. Mrs. Alken second, Mrs. Lewis third, Mrs. Barrett fourth and Mrs. M. J. Sweeley fifth. The favors were handsome solid silver forks. The guests departed at a late hour, hoping they might spend many such pleasant evenings at the cozy Nixon home.

COUNTY FUNDS ARE INCREASED

LAND & WATER COMPANY PAYS IN \$15,053.50.

Amount Was Claimed by Casals County as Back Taxes on Dam and System for 1905 and Part of It Returned to Twin Falls as an Asset.

The county commissioners and the Twin Falls Land & Water Co. reached an agreement this week whereby the company will pay the county \$15,053.50, back taxes for 1905, with accrued interest. The dam and canal system was assessed in 1905 by Casals county and the company declined to pay the taxes for the reason that the assessment was excessive and that the works were really not subject to assessment at all, inasmuch as they were being constructed for public use and would not be subject to taxation after they had passed into the hands of the settlers. The question has been dragging through the courts for the past two years and was until the meeting of the commissioners on Tuesday, still unsettled. Realizing that the county is growing out of its boots and that more funds are needed for all purposes, the company being the largest taxpayer in the county, is naturally interested in its development.

When the county was divided, Casals county turned over to Twin Falls county a certain amount of the Land & Water company for one-half of \$11,551.96, being the amount of taxes levied against the company in 1905. It was agreed that Twin Falls county was thus practically "out and injured" to the extent of approximately \$6000, for which it would have to fight in the courts.

By the terms of the agreement entered into between the company and the commissioners on Tuesday, the company pays the county in cash \$6555.00, being the amount claimed by Casals county against the Land & Water company of the current expense fund. The current expense fund is thus increased to this extent. The commissioners have determined to turn the balance, amounting to \$4996.96, into the road and bridge fund. This move will enable the county to save fully 40 per cent in the purchase of bridge material. Whereas the county has hitherto paid from \$22 to \$37 per thousand for bridge material, it will now be able to buy material for \$10 per thousand less. Stating the fact in another way, the county will be enabled to build \$15,000 worth of bridges for \$10,000. The cost of the original building should put the roads in fine shape, so far as the bringing in is concerned. With co-operation of the county and the company, Twin Falls county should have a first class road system. Now that the county is in position to do its full part, the farmers will doubtless lend their assistance and in a short time there should be no more unbridged laterals to cross.

WANTED—Team of horses, must weigh 2400 or better and be sound; M. A. Stronk, Section 3-11-17.

Notice. OPENING OF NEW MILLINERY PARLORS

We do not expect to sell all the hats sold, but when a lady once purchases one of our hand made hats she usually buys again.

BECAUSE—They look like real imported French Patterns. BECAUSE—They cost about one-half as much as other good hats. BECAUSE—They will wear a year without coming to pieces.

They are the Paris hats of America. This season's styles are undoubtedly the prettiest ever shown with flowers true to life. We also have a full line of nobby street hats for very early Spring. We extend a cordial invitation to all ladies to call and inspect our splendid line of millinery.

WILLIAMS & WILLIAMS

XTRAGOOD CLOTHES FOR BOYS

Berthimer, Stein & Co., Makers

ELDRIDGE'S

TWIN FALLS, IDAHO.

In a few plain words, here is what you get in an XTRAGOOD suit: A heaping measure of quality for every dollar you spend; and the satisfaction of seeing your boy look as well as any lad more expensively dressed.

Beautiful styles for boys 3 to 10, finished in a most attractive way.

Suits for boys, 7 to 17, smartly tailored to give utmost wear and style.

\$2,000 GIVEN AWAY

TO THE PERSON DRAWING THE 50TH NUMBER OUT OF THE BOX.

If you want the \$2,000, or to buy as good a stallion or Jack as ever came over the Rocky Divide read what I have to say.

I will make the season of 1908 in Twin Falls at the Breeder's Corral across 13th avenue, opposite Gallagher's Livery barn, with my Famous Registered Morgan Stallions and the Great Percheron Horse, King Brilliant, the premium winner, also Honest Bob, the Kentucky-bred mammoth Jack. The season will last from March 1st to Sept. 1st, 1908.

Terms of Service. \$10.00 cash for season, and for every mare bred, the owner will be entitled to a drawing number and the holder of the lucky number will get the choice of either of the following:

Frank E., the Registered Morgan Stallion, winner first premium Sweepstakes & Silver medal at Nebraska and Iowa State Fairs, over all in his class, either in Gorman, French or American coach and roadsters.

King Brilliant, the magnificent Percheron, or Honest Bob, the Kentucky Mammoth Jack.

We will give reasonable terms to parties wishing to insure mare in foal or living colt.

We will have the drawing on the first day of September, 1908 and on the same day will sell at auction to the highest bidder the stallions or Jack now owned by me after the selection of the lucky number. I will offer on the same day \$15 each for the best colt from each horse or Jack that I now own. Colts to be 10 per cent of last year's broodling. One or two year's terms will be given on the Stallions sold at auction at the 10 per cent with good security.

Don't forget the 1st day of September, 1908 the date for the drawing of the \$2000 Stallion, the premium awarded to the best colts and the auction sale of the Registered Morgan Stallion, King Brilliant, the Percheron, and the Kentucky bred Mammoth Jack. All are as good as the best. If you miss this sale you will miss bargains.

METHOD OF TESTING SEED CORN

By Which a Great Saving May Be Made By Farmers.

During the past two months, members of the Purdue Experiment station at Lafayette, Ind., have made a study of the seed corn of the state and find the vitality of much of it to be in a serious condition. The unusual cold, wet season of 1907 did not allow the ears to mature and dry out before the time of frosts. In the early part of October much of the corn was still in a very moist and immature condition and the serious hard frosts which came at that time materially injured its vitality. The result of these conditions is that those corn growers who depend on late selected seed are now finding on close examination many ears of questionable vitality. For these reasons all seed corn should be specially selected and thoroughly tested. A test of each individual ear should be made and all weak or dead ears should be discarded.

This test can be made in several ways. The following is suggested as a reliable and satisfactory one: Take a box made of inch lumber and of any convenient size, say about two by three feet and three inches deep.

Through the ends and sides, about 2 1/2 inches from the bottom, bore small holes two inches apart. Through these holes string a light galvanized wire, which will divide the box into squares two inches to the side. Then fill the box with garden soil or sand, and it is ready for use.

The eggs, which are laid on the floor or on the floor of a row so they can be numbered. From ear No. 1 remove five kernels, each from a different part of the ear, and place those in square No. 1; remove five kernels from ear No. 2 and place in square No. 2 and so on until all the ears have been tested. After placing the kernels moisten the material in the box thoroughly and cover with a glass or a rug to keep the surface from drying. Place the tester in a room of ordinary living-room temperature, or about 70 degrees F. After five days examine the corn, and any on that fail to show a strong germination of the kernels should be removed and discarded.

This method of testing is simple, convenient and rapid and means much in securing strong, germinative seed. Only 14 ears are required to plant an acre. With an average yield each ear means five bushels in the fall. When a man can test two or eight bushels in a day and locate definitely all weak or bad ears can be afforded to neglect this important step in the preparation of his seed corn. C. I. CHRISTIE, of the Purdue Experiment Station, is the Breeder's Gazette.

SALT IN NATIONAL FORESTS

Keeps Stock Quiet and Preserves the Range.

The requirement that all cattle, horses and sheep grazing under permit on the national forests be given salt at frequent intervals is a regulation which has been found to go a long way in protecting the range and conserving the forage crop.

Experience has shown that the want of salt makes stock restless. If cattle and horses are not supplied as they need it, they roam and wander, haunting old salting grounds used in previous seasons, trampling the forage plants instead of eating them, and in the process of their wanderings injuring the range. But if their cravings are supplied, they scatter peacefully over the pasture grounds and feed at their leisure.

Salt is so necessary to the easy and profitable handling of sheep on the range that the stockmaster would think of getting along without it. If sheep do not receive this usual supply, the great difficulties that they can be held in bonds or kept in camp at night. So far as sheep are concerned, no regulation by law is really necessary, because the owners, for their own convenience, will salt their flocks. But cattle are not herded, and the owners might neglect to salt them, if the regulations were not strictly enforced.

Stock on different ranges require varying quantities of salt. Sheep need less on dry range than on green. An average quantity for 1000 head of sheep would be from 1000 to 1500 pounds each year. For a like number of cattle, from 5000 to 10,000 pounds a year is required. Horses need less than cattle.

Old hunters, in the days of the pioneers, know that deer and buffalo traveled long distances to lick salt in saline springs. The blue licks on Light Mountain, and the adjacent and similar mineral spring on Elk river, in West Virginia, were famous for the herds of deer, buffalo, and elk which frequented them. The adjacent ground was so deeply tramped that the marks were to be seen many years after the places ceased to be visited by those animals.

Can't Be Separated

Some Twin Falls People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers.

You can't separate them. And you can't get rid of the backache until you cure the kidney ache. If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. L. M. Capps, living in the eastern part of Blackfoot, Idaho, says: "My experience with Doan's Kidney Pills, though slight, was very satisfactory and convinced me of the efficiency of this remedy. I have been annoyed of late on with a weakness of the kidneys and a lameness across my back. Learning about Doan's Kidney Pills, and desiring to try them, I procured a box, took them according to directions and soon noticed an improvement in my condition. I had only used the contents of the one box but nevertheless received the most satisfactory relief."

For sale by all dealers. Price 50 cents. Eastern-Milburn Co., Buffalo, New York, sole agents for United States. Remember the name—Doan's—and take no other.

It is wise for the Twin Falls farmers to buy their trees from the Twin Falls Nursery and avoid danger and delay in shipment and risk of trees not being acclimated. I grow my own trees and I am not tree broker. JAMES A. WATERS, P. O. Box 694, Telephone 4A, Twin Falls.

WANTED—A good farm hand. Apply to M. Koppelman, SW corner section 19-10-15 or write to Buhl, Idaho.

Nursery Business.

One-third interest in established and thriving nursery business for sale, at a very reasonable price. Reason—Rapid increase in business. Working partner desired. Inquire J. J. Marshall & Co.

Seed for Sale

I have California durum wheat and Big Four oats for sale on my farm 1 mile east and 6 miles south of Kimberly. The above grain is clean and of fine quality. Wheat yielded 45 bushels, oats 83 bushels this year on raw land. M. W. Johnson, Rock Creek, Idaho.

FOR SALE—A great bargain for the next 30 days. 482 acres adjoining Hansen. Well improved orchards, pastures, meadows and rich farm lands. Best land in 4 counties with stone basement. This ranch can be cut into 10 to 20 acre lots with good building places, all fronting on public roads. \$100 per acre. \$1000 cash, balance on long time. White & McMaster, Twin Falls, Idaho.

Men can show you the best line of high grade bugles and spring wagons in the city.

You will make no mistake in listing your property with H. A. Stroud & Co.

How to Pay for Your Farm Out of the First Year's Crop.

PLANT "DICK LOWE" WHEAT

The "Dick Lowe" wheat came from Georgia. Mr. Lowe received a very small quantity, planted same in his garden, and from that source got the seed started. Our entire crop, raised on our ranch north of Plover was all from the "Dick Lowe" wheat and free from all obnoxious weeds of any kind. Where planted on the new ground it averaged sixty bushels to the acre. Mr. Grant, our neighbor here, got his seed from us the year previous. We both sold our entire crop raised for the season of 1907 to the Minor-Perrine Lumber company of Buhl, Idaho, expressly for seed, at an advanced price.

We heartily recommend this wheat to all farmers as being superior to any other wheat known for fall or spring planting.

Hyde, Kelsey & Ward, Springville, Utah.

Springville, Utah, Sept. 20, 1907.

To Whom It May Concern:

We, the undersigned farmers of Springville, Idaho, have for a number of years planted the "Dick Lowe" wheat in the month of September, beginning about the 15th and continuing until the last of the month, as a fall wheat. We averaged from sixty to seventy-five bushels per acre when properly cared for. We would recommend in case of dry season that the land be watered before plowing in the fall, to insure sufficient moisture to bring the crop up. We highly recommend this wheat to all farmers as the best all around wheat known.

Stephen Hutchings, Silas Hutchings.

Springville, Utah, Sept. 21, 1907.

To Whom It May Concern:

I, Joseph Vano, a farmer of Springville, Utah county, Utah, furnished to Hyde & Kelsey Co. February 1907, eighty bushels of the "Dick Lowe" wheat, which they planted on their farm near Plover in April and May the same year and from which the Twin Falls Experimental Farm received its seed. I have used this wheat on my farm for a number of years, sowed in the spring receiving the following results: In 1906, an average of seventy-eight bushels per acre; in 1907, eighty-one and one-half bushels per acre, machine measure, the same over-running six pounds per bushel in actual weight.

I heartily recommend this wheat to all farmers as the best yielder I ever used, and will mature with less water than any other irrigated wheat.

Yours truly, Jos. Vano.

Spanish Fork, Utah, Sept. 19, 1907.

As manager of the Gem Roller Mills of Spanish Fork, I desire to certify that the "Dick Lowe" wheat which is raised in Utah county, and is in general favor with the farmers, is a wheat that yields exceptionally well to the acre, and for milling purposes it is par excellence. The flour from the "Dick Lowe" wheat is first class, producing a very strong flour and white as snow. I take great pleasure in recommending the "Dick Lowe" wheat both to farmers and millers.

James L. Hales, Manager, Gem Roller Mills.

Springville, Utah, Sept. 17, 1907.

"Dick Lowe" wheat. It is a good yielder to the acre and for milling purposes it cannot be duplicated, as it produces more flour per bushel than any other wheat. The quality of the flour from the "Dick Lowe" wheat is first class, as it is a strong flour and very white; therefore, I take pleasure in recommending the same.

Springville Flouring Mills, For Sale by E. Smith, Mgr.

The Miller-Perrine Lumber Co. Ltd., Buhl, Ida., still have a limited amount of the pure "Dick Lowe" seed wheat on hand to dispose of, which has been carefully cleaned by hand through the faning mill, and is in first class condition.

Notice of Dissolution.

The firm of Woods, Evans & Thomas has dissolved partnership. E. Evans will continue the business under his name, he having purchased the entire insurance business and the rentals. All accounts against Woods, Evans & Thomas up to February 5, 1908, will be deposited with C. E. Evans and will be paid by the old firm of Woods, Evans & Thomas. All accounts due Woods, Evans & Thomas up to February 5th may be paid to any one of the three members who are hereby authorized to give receipt for same.

T. J. WOODS, C. E. EVANS, C. D. THOMAS.

FOR SERVICE—Thoroughbred Durham bull, 3 years old, service 2, S. B. Camp, 1 1/2 miles south, 1/2 mile east of the southeast corner of Twin Falls.

Notice.

The state law requires that applications for liquor licenses or the renewal of the same must be made to the sheriff not less than 20 days before any regular adjournment of the board of county commissioners, who meet on April 13, July 13 and October 12 this year.

G. D. AIKEN, Sheriff.

BUHL BOOSTERS OUTLINE PLANS

COMMITTEES ARE APPOINTED TO
PUSH MATTERS.

Herd Law Being Ignored in Buhl, Greatly to the Annoyance of Citizens—Enjoyable Banquet Given by the Odd Fellows.

BUHL, Ida., March 4.—Richard Body died on Tuesday at his home, six miles south of town. The remains were prepared for shipment by Undertaker Johnson, and were taken to Reading, Pa., by William Body, son of the deceased, for interment. The entertainment advertised to be given Friday night, was attended, but by a few, the reason being that the night was rainy and disagreeable. The dance which was to take place after the close of the entertainment was not given. The Brotherhood band of Twin Falls furnished the music.

H. E. Powers of Omaha, Neb., an old friend and classmate of Prof. Wyatt, is in town with several friends, looking over the country with a view to making investments. He has a good opinion of the country, and thinks it has a great future.

The Odd Fellows gave a banquet in the dining room of the Hotel Buhl Saturday night, which outdid anything so far held in the town. After exemplification work in the lodge, the members and their wives, daughters and sweethearts invaded the hotel, the tables in the dining room of which were loaded with things too numerous to mention, and proceeded to do justice to the spread. There were 70 persons present. John Hickey delivered the welcoming address, and the Buhl brass band furnished the music. The surrounding country was well represented, among the different societies being Hagerman, Roseworth, Brunau, Three Creek, Castleford, Flier, Abbey and Twin Falls.

The Commercial club banquet, to be given in celebration of the completion of the Castlerock road and bridge across the Salmon river, will take place in the dining room of Hotel Buhl tomorrow night, and promises to be an imposing affair. It will be given under the auspices of the Commercial club, and no pains or money is being spared to make it a success.

Mr. and Mrs. G. L. Evelyn went to Abbey today for a load of turkeys for the occasion.

Miss Vera Austin and Lester B. Richardson, both of Austin, Idaho.

Mrs. A. E. Nihart went to Twin Falls Monday to see her friend, Mrs. Thomas Holmes, who became suddenly ill in that town last week while taking the teachers' examination. She reports Mrs. Holmes as getting along all right.

O. E. Carter is painting his residence in Park View, north of the city park.

Geo. L. Evelyn went to Twin Falls Tuesday on business.

The herd law does not seem to be in force on this end of the tract. Cattle and stock are still ranging on the townsite, now being known as the town. Of all the tracts set out by the company at the opening of the townsite, but few are left in good condition, and these few will not remain so for long unless the herd law is enforced. Besides, many people who have won their residence lots to lawn grass complain that the cattle and stock go on the lots, and trample the grass, and destroy the crops on the ground, as it is not at this time of year.

It is reported that the street grade will soon be at work on the streets. This is good news and it is time for the work to be done.

At their second regular meeting held Tuesday night, the Buhl Boosters adopted a constitution and by-laws. The formal name of the club is "The Buhl Improvement Society of Buhl, Idaho." Several committees were appointed, among them being a committee to make arrangements for a grand ball to be given on St. Patrick's night, for the benefit of the club, a promotion committee, a soliciting committee and a railroad committee. The purpose of the club is declared by the constitution to be the promotion of the interests, advancement and general welfare of the west end of the Twin Falls tract. The initiation fee is one dollar and monthly dues are 25 cents. The regular nights are Tuesday of each week at the Elton drug store until other quarters can be found. The club has a membership of 30 now. It is an organization in which every person owning land or other property should take an interest and do what they can to help it along.

M. B. Osgood will start for Salt Lake Friday on an extended business trip.

D. D. Southworth was in from Tonkawa ranch on Friday.

J. W. Martin of Kimberly spent a few days in Buhl last week.

E. F. Benson of Scandia, was looking over this end of the tract Saturday, looking for a suitable piece of land.

D. V. Guild of Twin Falls came in on a short business trip last Saturday.

Mrs. L. A. Hayford came in from the ranch last week and spent several days visiting her son, Roy.

E. F. Bartlett of Twin Falls was in Buhl on business last week.

Mr. and Mrs. John Graf and Mr. and Mrs. E. Gilbert of Maroa were guests of Hotel Buhl for several days last week.

Frederick Winter will have his personal property sold at auction sale next Tuesday. He intends going to California to reside but still holds his land here.

C. H. Glenn of Flier came up from the Midway town on Sunday and stayed between trains.

Mr. and Mrs. John H. Bliss of Abbey were Buhl visitors Saturday.

Mr. and Mrs. William Walters of Flier spent some time in Buhl on Monday.

Miss Laura Bartholomew of Fillmore, Utah, aunt of Mrs. Geo. L. Evelyn, is coming to Buhl soon to make her home here.

Mr. and Mrs. C. Harder of Twin Falls were Buhl visitors on Monday.

Assessor James McMillan is around on official duty and having interviews with the property owners on this end of the tract.

A. L. Houghtaling of Sucker Flat was in Buhl for a few hours Monday.

M. W. Linscott of Butte, Mont., was among the prospective land purchasers in Buhl Tuesday.

W. C. Webster, of Spokane, Wash., special agent of the Imperial Fire Insurance company of Colorado, was in town today to see how E. W. Monahan, the local agent for that company, was getting along in his business.
