

FOURTH YEAR

TWIN FALLS NEWS, TWIN FALLS, IDAHO, FRIDAY, JUNE 12, 1908.

NUMBER 33

## PYTHIANS REVISE GRAND STATUTES

MANY IMPORTANT CHANGES ARE  
MADE

Profitable Meeting Concluded Yesterday—Knights of Khorassan Made Merry With Many Tyros Who Seek for Higher Knowledge.

Margulous, indeed, are the possibilities of production under the Carey system in the course of 24 hours there can be raised so many varieties of things agricultural and other-wise as were garnered in Twin Falls during the year as an organization known as the D. O. K. K's. This cabalistic selection from the alphabet in no way indicates an invasion of this section by the Klu Klux or the Molle Molle, or a fresh faction of Idaho Democracy.

D. O. K. K. is a short cut to Dramatic Order, Knights of Khorassan, its membership composed of those who are brave enough to tackle a Bengal tiger or sufficiently reckless to lay a wager on the Pocatello football team. The ceremonial was held in connection with the meeting of the grand lodge of Idaho, Knights of Pythias, which concluded a three day session Thursday. The ceremony, which was in charge of the temple of Lewiston, was given Wednesday night. It started early and was continued until 47 tyros had been roasted, basted, and handsomely carved.

The evening's joy was inaugurated with a D. O. K. K. parade, led by the Twin Falls band. Following marched the officers of the visiting temple, in gorgeous robes, and behind them stalked the royal beast, a camel that had been for this occasion especially stuffed with excolat and other breakfast food. A burlesque band, tyros on mules, doctors, undertakers, red cross nurses, prospective widows, shrouded and weeping, and the long line of tyros, led to a rope, completed the procession.

The procession was both inspiring and awesome. It awe'd one horse and distributed a lovely little buggy of Harry West's over the principal boulevard. Several other animals climbed telephone poles. After overything was ready in the largest tent in the auditorium in the school building—the tyros were led forth to the slaughter. A detach-ment of the visiting temple, in gorgeous robes, and behind them stalked the royal beast, a camel that had been for this occasion especially stuffed with excolat and other breakfast food. A burlesque band, tyros on mules, doctors, undertakers, red cross nurses, prospective widows, shrouded and weeping, and the long line of tyros, led to a rope, completed the procession.

Tuesday. The system of trials was changed so to conform to the appeal procedure from the justice to the district court. Heretofore appeals have been taken similar to those from the district to the supreme court of the state. The payment of sick and funeral benefits was left optional with subordinate lodges. The statutes were changed in all particulars where it was found necessary to do so in order to conform to changes made by the supreme lodge.

Officers were elected as follows: Grand chancellor, Sherman O. King, Boise. Grand vice chancellor, Dr. C. B. Shirley, Boise. Grand master, Vic Elver, Nampa. Grand master at arms, Clement Wilkins, Coeur d'Alene.

Grand inner guard, W. E. Nixon, Twin Falls. Grand outer guard, H. M. Thoson, Boise.

Grand tribune, Guy Flenner, Boise. Grand trustee, three years, T. Jones, Lewiston.

James Smythe of Montpelier was elected trustee to fill the unexpired term of Trustee Sweet of Montpelier. James H. Harto and A. W. Post were re-elected grand keeper of records and seal and grand master of exchequer respectively.

While their brethren were engaged in the consideration of the weighty questions pertaining to the welfare of the order in Idaho, the Pythian Sisters reviewed their work for the past year, elected new officers and partook of the hospitality of their sisters in Twin Falls. Their sessions were held in I. O. O. F. hall, where they devoted much time to the work of their order.

The following grand officers were elected: Grand Chief, Mrs. W. A. Hart, Coeur d'Alene; Grand Senior, Mrs. Bard of Wallace; Grand Manager, Miss Kate Dyer of Rathdrum; Grand Junior, Mrs. Louise Balmbridge of Twin Falls; Grand Manager of Records and Correspondence, Mrs. Signis of Boise; Grand Representative of the Supreme Lodge at Boise, Mrs. Della Hollister of Rathdrum; Grand Outer Guard, Mrs. Greek of Silver City; Grand Inner Guard, Mrs. Matthews of Mountainhome.

The memorial services of the order were held in I. O. O. F. hall on Wednesday afternoon. Mr. Ashton sang and played a piano solo and there were vocal solos by Mr. Balmbridge and Miss McGrath.

On Wednesday evening the members of Twin Falls chapter No. 21 and the visiting delegates met at the Commercial club where they held an informal reception. At 9 o'clock they went in a body to the Iris theater, where Mr. Benoit had courteously reserved 40 seats for them. Mr. Benoit provided a special program for his guests, included in which were appropriate songs by Mr. Ashton. The ladies were very appreciative in expressing their appreciation of Mr. Benoit's courtesy and they feel very grateful to him for his kindness. After the theater party the ladies went to the Mission Cafe, where Mr. Burg, himself a Knight, had prepared for them the delectable of banquets. All expressed warmest and pleasure at the nature of the arrangements, the beauty of the decorations and the excellence of the service. Frequent reference to the unbounded hospitality of Twin Falls and the thoughtfulness and care bestowed upon every detail, was made by the visiting guests.

While the banquet was in progress, the visiting Grand Chief, Mrs. Gordon of Hope, and the Grand Manager of Records and Correspondence, Mrs. Signis of Boise, were presented with handsome gifts.

## BIG CELEBRATION FOR THE FOURTH

COMMERCIAL CLUB OUTLINES  
THE PLANS.

Strong Committees Appointed to Look After the Various Features of the Program—Everybody Fired With Enthusiasm.

The Fourth of July celebration in Twin Falls this year will be a regular Whoop! Hurrah! affair of the genuine old time variety, with plenty of sport, fireworks and an abundance of patriotic sentiment on tap. The program will be a hummer and the most fastidious pleasure seeker will find something in it to please him. Twin Falls is happy. It has a right to be happy for it has basked in the smiles of good fortune for many months and the people feel like getting out loud and cracking their heels together.

At a meeting of the Commercial club this week the following committees were appointed to take charge of the arrangements:

Advertising—W. F. Hill, R. M. McCollum, G. B. Frazer. Sports—Don Bryan, Johnny White, Cole Wilson, Everett Sweeney, Tommy Woods.

Orator of the day—C. D. Thomas, James McMillan. Grounds—R. W. Jones, H. F. Ball, H. A. Schwab, Frank Benoit.

Program—M. J. Sweeney, C. J. Hahn, J. M. Maxwell, L. A. Warner, Fireworks—T. C. Macaulay, C. C. Bedford, A. N. Sprague.

Entertainment—C. M. Hill, E. J. Ostrander, L. L. Salladay, W. H. Weaver, C. H. Mull.

Finance—O. A. Stalker, W. J. Eldridge, E. C. Loring, Don C. Bryan. Marshals of the day—A. D. McKinlay, C. W. Dyer.

Transportation—D. E. Sullivan, R. M. McCollum, J. C. Moore. Decorations—Lee W. Glass, Ed Hartdegen, Mr. Tyler.

President of the day—Alex McPherson. Official bill posters—Stuart H. Taylor and O. A. Stalker.

Gaze upon those committees and then let your buzzum swell with pride. Think of Alec-McKinlay and Charlie Dyer, mounted on fiery savanahs, flitting up and down the principal streets giving their instructions with military precision and keeping the excited proletarians in line. Picture Alex McPherson delivering his patriotic speech, flavored with a strong Scotch accent and paraded with occasional boasts for Twin Falls. Think of the fireworks and what a glorious excuse they will furnish the married men for staying out late. Think of the official bill posters, telling through the sagebrush with rolls of posters and pots of stickum under their tired arms.

Everybody is enthusiastic and determined to make a great go of the celebration.

When the members of the finance committee call on you, please bear in mind that you live in the best town on the best irrigated tract on earth; that Providence has been kind to you and that in subscribing for it is worthy a cause you will do yourself and your city honor. Come through everybody.

## GRADING ON THE SOUTHERN ROAD

COMMENCED ON THE HIGH LINE  
ON SUNDAY.

Contractor Young Now Has Outfit at Work—First Shovelful of Dirt Turned by Stella Perrine—Dick Cookham in Charge.

A simple little ceremony was enacted on the route of the Idaho-Nevada Southern railway, just south of the high line canal, a few miles southwest of the city of Twin Falls, on Sunday morning, which, in years to come will be conceded to have been one of the most beneficial moves in

the most graceful of fact manner. Miss Stella seized a shovel and turned the first sod, just as she would have begun to spade one of her flower beds at home. The contractor shouted "All right, boys," and the dirt began to fly.

What thoughts passed through the mind of Mr. Perrine as he witnessed the beginning of the consummation of one of his fondest dreams, he kept to himself. Jake Fritz tightened his lips and wagged his head. "They can say what they please," said Jake, "but this road is going through and don't you forget it. Some people have tried to make light of every public movement in this part of the country and I guess the people who are doing the work are becoming used to it. Their mournful song will be like the Merry Widow waltz; people will get sick of it after a while. I would like to see some of the crack-ers try to dance some of the big deas that Bert Perrine has put through. They would know what they

## Buhl Realty Is Eagerly Sought

INVESTORS ARE FLOCKING TO  
WEST END.

George Marshall Sells 120 Acres—Adjoining the Townsite, on Which He Filed Only Two Years Ago, for \$135 Per Acre.

Buhl, Ida., June 10—A special train bearing a party of eastern capitalists, piloted by P. S. A. Bickel, Alexander McPherson, Fred Reed and Governor Gooding, arrived in Buhl Saturday afternoon. The visitors took in the town, being shown all points of interest by their guides and the citizens. They were well pleased with the general appearance of the west end of the tract, declaring that it was superior to anything they had seen on their journey here. It is not at all unlikely that some of them will return and invest some of their millions in Buhl and the surrounding country. This is an ideal locality for any of the various manufacturing establishments using farm products for raw material, which was doubtless apparent to the visitors.

John A. Jacoby, former manager of Hotel Buhl, is visiting some of his old friends here. Mr. Jacoby and his family are now living in Nampa, but they are all anxious to come back to Buhl to live and do so in the near future. Mr. Jacoby owns a ranch two miles south of town, which he is going to improve shortly. He was surprised to see the rapid growth made by Buhl in the last few months.

Miss Alice Stetzelberger of San Diego, Calif., was a guest of Hotel Buhl for several days last week. E. A. Krothner of Bellingham, Wash., was among the landseeks on this end of the tract last week.

Emma Howell of San Diego, registered at Hotel Buhl Thursday. H. Brown of Oroville, Ohio, was riding around the country with our real estate men last week looking for a suitable place of land on which to make himself a new home.

J. H. Angree of Chicago, Ill., registered at Hotel Buhl Thursday. E. Davis of Pocatello, Colo., was looking over this end of the tract Friday with a view to investing in land. H. A. Carris and J. A. Jollison of Idaho Springs, Colo., bought 100 acres of miles south of town Friday, and will soon return to take up their residence on it.

Mrs. R. B. Bergstrom arrived from Pennsylvania Saturday to join her husband, who owns a ranch two miles south of town. Mrs. Bergstrom is delighted with the country and is glad to make it her home.

A. J. Tucker of Colorado Springs, spent several days of last week looking over this end of the tract and formed a good opinion of it. He will doubtless make an investment before going back home.

Mr. and Mrs. J. Warren White entertained W. H. Hall and W. W. Monahan at dinner Sunday. The latter said about how the two old batches behaved after getting their legs under the mahogany, the better they will like it. Would not tell on Tull for the world.

J. H. Day and Joe Waters came up from Twin Falls last week to take in the Buhl tract. They do not do this every now and then as they progress in Twin Falls. Immediately after they do so a new building is started in the power city. That town knows that she has to hurry to keep ahead of Buhl, and so she keeps watch that the West End city does not catch up unawares.

Herbert Hunter of Colorado Springs, Colo., was a Buhl business visitor last week. J. E. Smith of Chicago, Ill., spent two days in Buhl the forepart of the week.

Geo. Wade and J. W. Jackson of Castleford were in town Monday on business.

W. F. Proctor was in from the ranch for a few hours Tuesday. H. A. Pringle of Glenwood, Iowa, is in Buhl seeking big investments.

G. W. Keel of Twin Falls visited Buhl Monday. Dr. A. T. McCusker of Boulder, Colo., arrived in town Saturday and is preparing to erect an office here.

Wyatt Kent of Twin Falls came up from that town Sunday on a pleasure trip.

Mr. and Mrs. W. A. Hill and Mr. and Mrs. C. M. Hill and C. F. Hill of Twin Falls came up from that town Saturday and remained until Sunday afternoon.

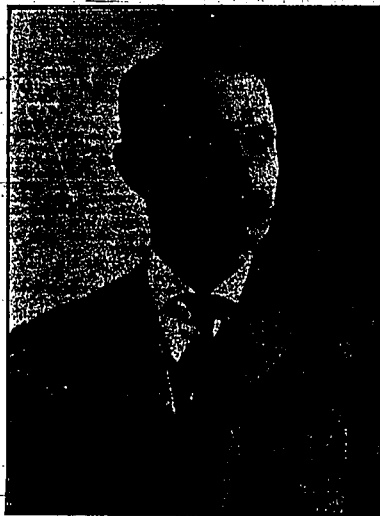

C. J. Dally of Davis, Ill., was a Buhl business visitor Monday. J. H. Feeler, W. A. Power and C. M. Loyd came up from Twin Falls Tuesday on a short business trip.

J. C. Harper of Salt Lake City, Utah, registered at Hotel Buhl Saturday. J. W. Smith has opened a harness shop on Main street across from the postoffice in the Land & Water Co.'s building. He has a first-class stock of goods and is a capable harness maker. Prosperity is his.

J. H. Schooler and F. M. Hart were summoned to attend the district court as jurors.

Deputy Sheriff went to Twin Falls Sunday to be present as a witness in the district court Monday.

(Continued on Page 8)

A. B. PERRINE

the development of the state of Idaho. It was the turning of the first sod on the grade of the Idaho-Nevada Southern railway, a road which is destined to provide an outlet to the Pacific coast for the products of the great Twin Falls tracts. There was no hark of trumpets or waving of banners. Few were aware that work on the road was to begin at that point and there was no demonstration of any kind.

On Sunday morning I. B. Perrine, accompanied by his young daughter, Stella, and Jake Fritz, drove out to the construction camp. Had circumstances permitted, he would have chosen a week day, but the calendar is not used by the men who are reclaiming the desert. The contractor had his men and teams ready and to him time was money.

are up against them." Dick Cookham is the engineer in charge of the work. He has a mile or so cross-sectioned for the contractor and is prepared to keep well ahead of the grading. There is no particularly difficult work between the high line and Hollister and it is possible to make rapid progress. It is largely a question of moving dirt. Once the right of way from Twin Falls to the high line is procured, another force will be put on the grade at Twin Falls. The Commercial club is making strenuous effort to secure the signatures of all the land owners prior to that there may be no obstruction to the building of the road. Most of them have signed and it is hoped that the others will fall in line gracefully and permit the work to go ahead without interruption.

Four-roomed house, plastered, one-half acre of ground, \$1250.00. Terms.

Don't forget that we write Fire Insurance

## TOO SPEEDY FOR BURLEY PLAYERS

IRRIGATORS SMOTHER BOYS FROM UP THE CREEK.

Later Played Their First Game—With Out Practice and While They Showed Flashes of Their True Form They Stood No Show.

It was a shame to give such a drubbing to such good old scouls as "Old Hutch", Glenn Dewey, "Husky" Mc Klesick, Bridger and other popular favorites of the Burley baseball club, but the Twin Falls Irrigators are a vexatious herd just now and sentiment cuts very little ice with them and they put it all over Burley on Sunday. The Burley boys were severely handicapped. They had not played together this year and had no practice to speak of. Their batting eyes were dim and their fingers clumsy. Given a chance to work together and they can put up a game that will make any team hustle. As it was they were meat for the local lads who were full of ginger. The score was 18 to 1 in favor of Twin Falls and only seven innings were played. Bridger tossed a good game, considering his support. Glenn Dewey had worn a uniform in a coon's skin. Jim Bridger's good left arm had grown stiff from lack of practice, with the ball, "Old Hutch" played from away back when in condition, could not have held a sleeping baby in his hands on Sunday and "Husky" McKlesick, the burly one, the team looked as though he had wintered well and pounds overweight. The rest of the visitors played because they are good fellows and like the game. They came over on a pleasure jaunt without a lick of practice and did not do themselves justice.

The Irrigators were sprightly and highly spiced. They allowed Burley to sneak in a run in the first when with two down and a man on second, Chapin picked up a tiny grounder in front of the plate and heaved high to Farrell. If "Butts" had ever helped to hang clothes on a line he would have pulled down the throw but he let it go over his head and the man scored from second.

Alon Bliss worked easy and held the visitors down to four hits. He plugged two of them in the ribs but only walked one and he showed that he is rounding into form by fanning 11 of the enemy. He will steam up all right with a little more work and when he does there will be nothing to it but Twin Falls.

Chapin caught his usual tidy game and made the circuit four times. He stopped two of Bridger's incoherencies which caught him in the solar plexus but he said it was a pleasure to meet them.

Guy Holohan had one solitary chance and he ate it without any comment. Twice he tapped Bridger safely and three times he crossed the plate.

Lou Kiersted contributed a nice peg and swallowed the two flies that came his way without discomfort.

"Butts" Farrell had a picnic at first, having hit three putouts. Bliss and Chapin saved him a heap of work. Paul Robertson did the moving picture act in center. He nearly lost his eyesight looking for chances but none came his way. He and "Butts" Bliss might have played a game of checkers for all they had to do.

Gil Kinney treated Bridger's offerings brutally, slapping them all over the lot. His two three-baggers were both productive and he ran the bases like a scared coyote. Just to keep even with Guy Holohan, he picked up a couple of chances as prim as a Puritan maid.

Wingo was as active as a cat, covering a full 40 acres and working all the time.

American League will be here on Sunday with a strong team and will be in shape to give the Irrigators a hard battle.

The score:

Twin Falls.									
	AB	R	H	PO	A	E			
Holohan, 3b	5	3	2	0	1	0			
Kiersted, 1b	5	1	1	2	0	0

RAGS WANTED—Cash paid for clean rags at the News office.

## DEVELOPMENT SURPRISED THEM

Prominent Californians Pleased With Twin Falls Tract.  
Miller J. Trask, president of the Sparks-Harrell Cattle Co., and a prominent attorney of Los Angeles, California, and Philip B. Fraser, president of the Farmers & Merchants bank of Stockton, California, were in Twin Falls last Saturday on business connected with the Sparks-Harrell estate, of which they are executors. Mr. Trask visited what is now Twin Falls county six years ago. Mr. Fraser had heard of the project but had never seen it.

"I am simply amazed," said Mr. Trask. "Six years ago I drove up from Wells, Nevada, with my wife. We stopped at Rock Creek and from there we took a trip to Shoshone falls. I went over the same route with Mr. Fraser today and I could scarcely credit my own senses. At the time of my previous visit, the Twin Falls project was being talked of, but few believed it would materialize. It has materialized into a magnificent reality. We passed by some of the finest crops of grain and grasses today that I ever saw in my life. Your farmers all seem to be of the right sort, progressive and industrious, and the tract looks beautiful. I was greatly impressed and I congratulate you upon your wonderful achievement. You have a magnificent enterprise and you are developing it on first-class lines."

Mr. Fraser expressed his high appreciation of the Twin Falls tract, saying it was an exceptionally thrifty and prosperous section. "It is a splendid undertaking," said Mr. Fraser, "and I admire the men who furnished the capital and likewise the farmers who have demonstrated the value of these sagebrush plains when irrigated. You have done a great work in providing homes for a splendid class of citizens and I predict that the lands watered and those which will be watered from the Millner dam will soon sustain a large and prosperous community. Your project is good, to look at and the pretty fields and healthy young orchards show what you can do."

Mr. Trask and Mr. Fraser left on Saturday evening for Salt Lake City, where they will return to their homes. They had a pleasant trip overland from Wells and reported good roads as a rule, though they encountered some snow on the divide south of Cortez.

### SUNDAY SERVICES

Presbyterian church, Rev. John Gourley, pastor. Services held every Sunday in K. P. hall. Sunday school at 10 A. M. Preaching service at 11. Evening service at 8:00.

Methodist church, Rev. Henry W. Parker, pastor. Sunday school at 10 A. M. Preaching service at 11. Evening service at 8:00. Junior Epworth league at 4, senior at 7:00.

## TWIN FALLS NEWS

George B. Fraser, Editor.

Published every Friday by  
THE NEWS PUBLISHING COMPANY  
TWIN FALLS, IDAHO.

Subscription Rates.  
One Year, in Advance, \$2.00  
Six Months, in Advance, 1.00  
Balance information regarding the  
city and country promptly and cheerfully  
furnished. Address all communications to  
The News Publishing Company, Twin  
Falls, Idaho.

Entered as second-class matter, De-  
cember 2, 1904, at the postoffice at Twin  
Falls, Idaho, under Act of Congress of  
March 3, 1879.

The Film Films, the "only strictly  
moral newspaper published in Idaho,"  
is the latest exponent of truth on the  
Twin Falls tract. Brother Hill  
Perrine White and youths they will  
endeavor to trace the footsteps of the  
editor of the Films, to the end that  
we may attain journalistic parity.  
Aside from this lofty claim, the Films  
looks as though the editor knew his  
business, even if he does, optimize  
morality. He shows the right kind  
of boosting spirit and when he calls  
at the News office, which he has failed  
to do as yet, he will receive a  
hearty welcome. I love a good boost-  
er and I despise a knocker.

With Montana, Kansas and Okla-  
homa in the grasp of disastrous  
floods, Nebraska and Iowa recuperat-  
ing from death dealing cyclones and  
other sections of the country more or  
less disturbed by unusual climatic  
conditions, Idaho basks in sunshine,  
secure in the knowledge that no cap-  
rice of the elements can effect the  
bountiful crops promised this year.  
Floods, cloudbursts and cyclones are  
unknown in the Gem state. "The most  
annoying visitation the Twin Falls  
tract has ever had was the heavy  
rainfall of last week, which, while  
discomforting to the visitors, was  
worth thousands of dollars to the  
farmers. Frosts have wrought no  
damage worth mentioning in Idaho  
this year, although their ravages have  
been sorely felt in many other local-  
ities. On the Twin Falls tract the  
young fruit trees are perfectly healthy  
and are growing at an amazing rate.  
Scores of farmers will have peaches,  
cherries, apples, and apricots this  
year on trees which are just begin-  
ning to bear. The crops could not be  
better and the growth of grasses is  
phenomenal. The public park in the  
center of Twin Falls is covered with  
a heavy mat of grass which almost  
drowns the mowers. The shade trees  
are making wonderful advancement  
and the whole tract has an appear-  
ance of prosperity which impresses  
all who view it.

WANTED—Land to clear by con-  
tract. Henry Kimmel, Twin Falls.

We can rent your house at once.  
Hardwick & Stout, East Main.

"Mama, is that boy in the bot-  
tle on your table?"  
"Merry, no, dear!" she replied.  
"That is mulligan."  
"Oh," said little Johnny, "perhaps  
that's why I can't get my hat off."  
The Methodist Recorder.

Gushing Young Lady (to famous  
actor)—"Oh! Mr. Sinclair, I did so  
want to have a talk with you, I'm  
simply mad to go on the stage."  
Sinclair—"Yes, I should think you  
would be, my dear young lady!"—Phila-  
delphia Inquirer.

He—"Do you remember the night I  
proposed to you?"  
She—"Yes, dear."

He—"We sat for one hour, and you  
never opened your mouth."  
She—"Yes, I remember, dear."

He—"Ah, that was the happiest  
hour of my life!"—The Catholic Mir-  
ror.

Falls, Idaho; State Savings Bank, Topeka, Kansas; Jerome State  
Bank, Jerome, Idaho.

RAILWAY WORK AT  
MILNER RESUMEDGRADING WILL BE STARTED AT  
ONCE.

Bridge across Snake River Will Be  
Built So Soon as the Water is Low  
Enough—Splendid Development on  
the First Segregation.

MILNER, Ida., June 11.—Instruc-  
tions have been issued to start the  
work of grading for the electric rail-  
road from Milner once and also the  
work of erecting the steel bridge as  
soon as the water is low enough. This  
work will be actively started within  
a week and will mean much for Mil-  
ner.

Every one present thoroughly en-  
joyed the dance at Riverside Inn on  
Saturday evening. The dancing was  
done by the orchestra and under a very  
attractive light assembly room.

Miss Grace A. Kierstead, who is  
spending the summer at Rock Creek,  
was a guest at Riverside Inn over  
Sunday.

John D. Haughey spent Sunday at  
Riverside Inn, returning to Twin Falls  
Monday on the noon train.

R. H. Schmalhausen and Captain J.  
McManus returned Sunday evening  
from an extended driving trip.

W. E. Moore of Pittsburgh, Pa., A.  
J. Wiley of Boise and C. A. Corp  
Pittsburgh have been spending several  
days in Milner this week transacting  
business in connection with the North  
Side company. Mr. Moore and Mr.  
Wiley left for the coast last evening.

D. C. MacWaters drove to Jerome  
Friday of last week and returned to  
Milner via Twin Falls Saturday eve-  
ning.

C. B. Smith of Jerome spent Sun-  
day with his family in Milner.

K. L. Eagan and family arrived in  
Milner Tuesday.—Eagan, George, Mc-  
Eagan has leased the Riverside Inn.  
Mrs. C. B. Smith entertained a party  
of children Tuesday afternoon in hon-  
or of the third birthday anniversary  
of her little daughter, Marjory.

The Ladies Wednesday club met  
with Mrs. Larimer this week and  
spent a very pleasant afternoon.

Miss Eugene Longenecker left  
Tuesday evening for an extended visit  
with friends and relatives in Colo-  
rado.

Piez Wilson of Twin Falls is re-  
presenting the state on the work on  
Salmon river tract contracts, which  
are being sent out from the Milner  
office. Mr. Wilson will probably re-  
main in Milner for several weeks.

H. K. Belmont has resigned his  
position as purchasing agent for the  
Twin Falls North Side Land & Water  
company to go into other business. W.  
C. Edwards has been appointed to fill  
the vacancy.

R. L. Rice, after much deliberation,  
has decided to purchase a lot and  
erect a dwelling. Mr. Rice  
also expects to bring his family to  
Milner which will add greatly to the  
refined atmosphere of the place and  
bring about a new chapter in the  
history of the town.

Major Fred R. Reed returned to  
Shoshone last evening after spending  
several days in Milner.

Mr. and Mrs. Howard of Buhl spent  
several days this week at Riverside  
Inn, on their honeymoon trip.

G. T. Ingersoll of Salt Lake was a  
business visitor in Milner Monday  
and Tuesday.

F. Trump of Springfield, Ohio,  
transacted business in Milner this  
week. Mr. Trump is interested in  
turbine water wheels. One of these  
wheels is being erected at the power  
plant in Milner.

S. J. Fell of Philadelphia and C. E.  
Fall of Buffalo were in Milner business  
visitors Wednesday.

Leo W. Glass spent Wednesday in  
Milner superintending some work on  
the telephone system.

J. C. Portland was a Milner busi-  
ness visitor this week.

A. M. Brooks spent Friday of last  
week in Twin Falls.

Almost the entire office force of  
the North Side company spent the  
most of last week in Twin Falls help-  
ing out in the Salmon river opening.

Through the Milner Real Estate &  
Engineering company, George W.  
Green has transferred his Carey act  
claim in the N<sup>2</sup>W of SW<sup>2</sup> of 32-19 to  
E. F. Wylie.

Harry Gay, who recently resigned  
his position as bookkeeper for the  
North Side company, has returned to  
Pittsburgh. The vacancy has been  
filled by R. L. Rice, formerly of Pitts-  
burgh.

The Ladies' club spent a very de-  
lightful afternoon last Wednesday  
with Mrs. M. J. Kirkpatrick. Ice  
cream and cake were served.

The tennis rackets, balls and shoes  
have been received by the different  
members of the Milner club and as  
soon as the weather clears up they  
will start playing. We hope soon to  
be in condition to challenge all other  
teams in this section of the country  
and give them a run for their money.

Captain J. McManus of the U. S.  
Army is registered at Riverside Inn.  
Captain McManus will probably de-  
cide to take up his residence in this  
part of the country.

J. E. Sealey has been appointed  
ditch rider No. 4 on the canal system  
of the first segregation.

The first segregation is beginning  
to look like a thickly settled com-  
munity with the number of people  
out on their land proving up this sum-  
mer. A number of them have large  
acres cleared and crops in.

M. T. Miller of Wilson lake has a  
large part of his land cleared and in  
crop for this season.

J. P. French of Twin Falls and  
some of his friends have filed on 200  
acres in the first segregation.

Samuel P. Atherton filed on an addi-  
tional 80 acres last week on the first  
segregation.

For solar excavating or tree cul-  
tivation, call J. P. Smith and Sons,  
P. O. Box 136, Twin Falls, Idaho.

## BREVITIES

Cards are out announcing the marriage of J. W. Voorhees and Miss Myrtle McManis on June 24th at Pocatello.

Clifford P. Fell, who is a well known attorney in Buffalo, N. Y., arrived in Twin Falls on Monday and will spend 10 days in looking over the country. He is connected with several large companies and he came to inspect the project for some of his clients.

Mrs. E. B. Williams and daughter, Miss Lesley Williams, departed on Tuesday evening for the Atlantic coast. They will visit relatives of Mrs. Williams in Maine and will make brief stops in Chicago, Philadelphia and Boston before they return. They expect to be absent for several weeks.

J. H. (Dad) Pape has four houses under construction and nine under contract in Twin Falls. He has a large business that is a cranberry merchant. Dad is going to buy to night to get more machinery for his new planting mill, which was recently purchased. He has a large building on his share toward building up the city of Twin Falls and has done it well. Dad asserts that he will live to see the day when Twin Falls will be the biggest city in the state and he is justly proud of his part in its development. He has always been loyal to the core and both his skill and loyalty are thoroughly appreciated.

Mabel Cole entertained several of her young friends at the home of her sister, Mrs. Gaut, on Tuesday afternoon, it being the eleventh anniversary of her birth. The afternoon was spent in playing games and singing. Miss Fern Gaut playing the accompaniment for the children. At 6 o'clock Mrs. Gaut served a delicious birthday dinner. The table was prettily decorated with pink and white ribbons and pansies from the garden of Mrs. Holahan. The guests were: Miss Peterson, Lillian Johnson, Gladys Chappel, Helen Fisher, George Chappel, Lou Holahan, Ross Johnson, Edna Cole, Miss Dittler, Miss Rose and Miss Walcott. Mrs. Peterson, Fern Gaut, Mrs. Holahan, Mrs. Fisher and Mrs. Gaut.

M. J. Swooley and Everett M. Swooley made final proof on their farms on Monday and returned to their legal grind. Everett is undecided as to whether he should dig a shaft into the correspondence of his father. He drove a tunnel and stole it down. He says that his good right shoulder has become so accustomed to the shovel and the hoe that he cannot leave a handball across the street and it is with extreme difficulty that he presides over a typewriter. Still, of course, if the game was close and Twin Falls really needed a unit, then he would be ready to go. He is actually up against it well, there is no telling what he might do under the circumstances. Swooley has been having caught a trout in the lateral from which his farm is watered. He has the skill in the trout was cooked to prove his statement.

Two landseers inspected the west end of the South Side tract last Sunday. They returned to Buhl about the same time and came kept close watch to see that the other did not head for Twin Falls to file. One of the men got away on the train Sunday evening and he is now in Twin Falls. He hunted up Fred Volgt and put up his check for 40 acres. The man who was left at Buhl heard that his competitor had stolen a march on him, so he hired a rig at 1 o'clock in the morning and drove to Twin Falls. He was sitting on the doorstep of the investment company's office when Bob McMahon arrived on Monday morning, waiting to make his filing. Bob was in a tight fix as both men had a good case. After considerable argument between the two, the man who applied for the land on Sunday evening was allowed to make the filing and he was so pleased he took 40 acres. He is aware he has the best land on the tract.

The precipitation during the wet spell last week measured 2.68 inches, a record for this time of year in southern Idaho.

Rev. H. B. Hudson of New York City, field secretary of the International Reform Bureau for Oregon, spent last Sunday morning at the Baptist congregation and the evening at the Presbyterians. Dr. Hudson presented his cause in a most convincing way. He is doing some special work in Idaho for a few weeks.

Since June 1, 3820 acres of Carey set land in the vicinity of Buhl has been sold by the Twin Falls Investment Co. The company has almost sold town lots in Twin Falls aggregating in value \$50,000 since the Salmon opening and the demand for both land and lots is as keen as ever.

J. W. Banbury, an honest farmer from Box Canyon, came up to see the sights yesterday. Mr. Banbury has put out 25 acres of orchard this year and he has one of the grandest farms in the state. His eldest son arrived from Chicago this week and is now mastering the mysteries of irrigation.

Charles Hill has a new automobile which runs as smooth and noiseless as a second story window. It is painted a rich Mercedes red and Charles is puzzled to secure a dog of the right color to match his machine. The car came from Detroit and is known as the Northern. It has a high clearance and looks as though it were made for use in this part of the country.

S. D. Clinton, the engineer, discovered two pretty 40's on the west end while surveying in that locality this week. "Clint" says they are the best any land on the tract and he fails to understand why they should have been overlooked. He made his filings on Wednesday and he has raised the price of his land \$10 an acre every day since.

The Great American one-ring circus will give performances in Twin Falls this evening and tomorrow afternoon and evening. It is a compact and clean show, in which all the features are comprised in a space which will permit of their being enjoyed by the entire audience. Nat Reis, the noted showman, is the man behind which is a guarantee that the circus is as represented.

The Snake River Crawfish Co., with headquarters at Pocatello, is now prepared to deliver Idaho crawfish in hermetically sealed cans. There is no more delicious crustacean than the Idaho crawfish and the company has found a way to preserve and preserve them in place of them within the reach of all. They are cooked according to the recipe of the famous Quella Café in Portland, Oregon, and they should make a hit. Every spring in Lincoln county is full of crawfish and the company should have no difficulty in obtaining a supply for the market.

While accompanying the party of bankers who visited Shoshone falls last Friday afternoon, Governor Gooding, who was driving the team hitched to the rig in which he rode, was dragged from his seat through the breaking of a doubletree. The governor stuck to the horses and stopped, thus maintaining his reputation for courage and coolness in trying moments. The visitors thought he had a perilous experience but the governor, who has been accustomed to all sorts of mishaps in the sagebrush, laughed and declared it was a good joke to get a little tumble like that.

One of the freight crews on the Twin Falls branch has been laid off and the time of the accommodation train changed. The train is supposed to leave Minidoka at 7 a. m., reach Twin Falls at noon and Buhl at 1:15. According to the schedule it should leave Buhl at 1:45; Twin Falls at 3 p. m. and reach Minidoka at 6:30 p. m. It is now 24 hours behind the schedule and is losing time rapidly. Nobody can find out anything definite about its movements and patrons are much disgruntled. The company has been asked to put back the second crew as business is heavier than ever before on the branch and it is an imposition upon the shippers to give them such treatment.

Guy Fleener, private secretary to Senator W. E. Borah, represented the Boise lodge at the K. P. convention. He had attended the Salmon opening only a few days ago and when asked if he did not intend to remain in Boise another day and go to the Damrosch concert, he stated that he had just returned from a Damrosch concert in Twin Falls and was going to try another in the same place. Mr. Fleener was more successful in eating on his second trip than he was on his first and his clothes fitted him snugly when he left.

Mrs. Grace Chaffer, wife of Ralph Chaffer, died at the home of her sister, Mrs. John B. Nowell, last Friday night. Mrs. Chaffer had been in Twin Falls less than a week, coming here from Kansas a week ago last Sunday. She was 35 years old and had been married only four months. Besides her husband, she is survived by her parents and three sisters. The funeral services were held at the home of Mrs. Nowell Sunday afternoon at 3 and were conducted by Rev. Goutley. Interment was in the Twin Falls cemetery under the direction of L. J. Miller.

Charles MacAuley and Cole Wilson of the Liberal cigar store have an electric contraption for keeping their cigars moist which resembles a cross between a windmill and an umbrella. The umbrella, which is about a foot in diameter, revolves and blows air through a series of tubes, which are 50 degrees. With about three inches of the rim submerged in a pan of water. The windmill, which is operated by an electric motor, forces air through the tubes and keeps the cigars moist and there you are. It is quite a clever contrivance and the singular feature about it is that it delivers cold air, not hot air.

## FORSAKES BRONCHO FOR AUTO

Otis Syter a Late Convert to the Touring Car.

Otis Syter has an automobile. Not one of the cheap tobacco tag or premium coffee mills, but a Winton, one of the best cars made. He bought it, says from L. V. Banbury, who brought it out from Chicago a few weeks ago. There would be nothing surprising in this transaction, were it not that Otis, as he is affectionately called by all who have the good fortune to enjoy his friendship, has spent the major portion of his life in the saddle. He is an expert on the automobile, single or double lined, with or without a spade bit, outlaw or family pot, it is all the same to Otis. He can ride anything with ease and he has been known to forsake the saddle for the soft cushions of the up-to-date automobile is a puzzle which his many friends have thus far failed to unravel. Otis lives at Clear Lake, in the most beautiful spot on the face of the earth. He and his good wife have everything that is conducive to comfort; a nice home, all sorts of fruit, and a superb service, with and without web foot, the finest kind of fishing, scenery that would make a nature lover out of the most rabid cynic, in fact all that makes life worth living.

Mr. Syter is a recent convert to the automobile. Long experience with fractious horses has made him cautious. Being accustomed to the saddle, he naturally reaches for the horn on the auto. He discovered that the auto horn was not used in mounting the machine, as a horseman might infer. It was somewhat different from the saddle, he found. Otis liked the sound of the horn so he used it at first to put the horse to the test. He called the chickens. It answered the purpose and served to familiarize the poultry with the machine to such an extent that they tried to roost in the tonneau. Bit by bit Otis mastered the car until he was able to climb the Snake river canyon. He now has it tamed so that it will eat out of his hand and one of these days he is going to come over to Twin Falls and surprise the natives.

In their Clear Lake property, Mr. and Mrs. Syter have a fortune. When Jake Fritz dug the Snake river canyon he evidently spent more than enough time on Clear Lake. It is said that he built the Devil's washboard, to do his washing. The lake covers several acres and is fed by countless springs, moving into several creeks. The visible outlet is the Devil's wash-

board, but there are indications that much of the flow from the lake finds its way to the Snake river underground. Back of the Syter home are natural bridges and subterranean streams. In these streams, which come to the surface at intervals, are some of the biggest and most beautifully colored trout that ever gladdened the heart of a fisherman. The lake is alive with big trout and at the foot of the washboard are monsters which will test the stoutest tackle. Mr. and Mrs. Syter have a splendid orchard which has been bearing for years, and they have room for thousands of additional trees on their fertile acres. Mr. Syter has a ferry which connects with a road running directly north from Buhl, from which Clear Lake is distant four and one-half miles. Some day in the near future Clear Lake will be one of the great resorts in the Snake river canyon. Rich in natural beauty and easily susceptible of embellishment, it is a fruitful and fascinating spot which is bound to attract attention.

## CONCERT BY CLEVER CHILDREN

Pupils of Miss Fargo Give Delightful Piano Recital.

The pupils of Miss Fargo gave a delightful piano recital in the Dine theater on Wednesday afternoon. They all showed talent and the effect of careful training and their performance was highly creditable and was greatly enjoyed by the invited guests. After the recital, Miss Fargo took the children over to the Candy Kitchen where they were served with refreshments. Following is the program:

Les Symples Waltz	..... Bachman
Lillian Johnson and Helen Oakley	..... Sweet
May Bells	..... Stewert
Sweet Daffodils	..... Wenrich
Ferne Costello	.....
Bubbling Spring	..... Ford
Birth of the Flowers	..... Rock
Mountain Bells	..... Kinke
Helen Oakley	.....
Moonlight Reverie	..... Allon
Margaret Conway	.....
Memories of the Ball	..... Strogon
Ring-a-Ling-a-Ling	..... Spaulding
Mabel Cole	.....
Blush Rose Waltz	..... Fears
Ferne and Florence Costello	.....
Stars of the Midnight	..... Persley
Cupids Dance	..... Wenrich
Lillian Johnson	..... Lamoth
Valde Strenuous	..... Wainwright
Elate in E Flat	..... Grace Barger
March Militaire	..... Dessarz
Mabel Cole and Fern Gaut	.....
Regiment Passing	..... Wilson
Birth of the Flowers	..... Gilmore
Bachelor's Button	..... Wenrich
Florence Costello	.....
Whisperings of Love	..... Kinke
Dance of the Merry Legs	..... Lo Fargo
Fern Gaut	.....
Rainbow Falls	..... Persley
Helen Oakley and Lillian Johnson	.....

## HANSEN HAS A CRACK BATTERY

YOUTHFUL BASEBALL PITCHER IS A PUZZLE.

Is Only 16 Years of Age, Yet He Held Down the Clever Kimberly Batters in an Exciting Contest of Eleven Innings.

HANSEN, Ida., June 11.—T. J. Rauch and William Good left for Spokane last Friday. Mr. Rauch has rented his farm at Hansen and will remain with his family in Spokane for a year. Mr. Good will probably return to Hansen in the near future to take up his residence, being very much pleased with this garden spot. The Hansen and Kimberly baseball teams met again last Sunday on the Kimberly diamond in an 11-inning contest. It is unnecessary to say how the score stood, as Hansen does not know defeat. The umpire was fair in his decisions and rendered them promptly. Hansen is credited with eight tallies and Kimberly with seven, though Hansen was really entitled to nine runs. Our pitcher, who is but 16 years old, cannot be beaten for age or inches and our catcher is entitled to much credit for his part in the game.

Mr. Fell of Buffalo, N. Y., arrived in Hansen on Monday and went out to join his brother, G. W. Fell, who is in charge of the survey party near the low line canal. L. J. Prior arrived from the Yakima country on Monday and is erecting a dwelling on his ranch northeast of town. He will clear his land and put in wheat this fall.

Mr. Jackson, who was in the employ of J. W. Frahm, spent the week on the North Side where he has a tract of land. Miss Frances Brownlee is assisting Mrs. W. N. Rose this week.

T. N. Williams was a business visitor in Twin Falls on Monday. He closed a deal for the sale of his ranch near Hansen, the selling price being \$100 per acre, so it is reported.

Joe Darrin and family arrived from Norton, Kansas, last week and expect to make the Twin Falls tract their future home. They are old friends of Prof. Hinton and are sleeping with him for the present. Mr. Darrin is highly pleased with the country. Woods is looking after Mrs. Rose and the new baby.

A. W. Price says his strawberries will be on the market in a few days. He has a bumper crop. Mr. G. Anderson is in Payette on business. Mr. Brooks and Mr. Redman moved

## A Good Bank Balance

Is a sure sign of independence. We would like to have you open an account with us, and now is a good time to begin. We pay interest on time deposits.

SAFE DEPOSIT BOXES FOR RENT.

## The Commercial &amp; Savings Bank

L. A. WARNER, Cashier.

out to their homesteads this week. P. P. Walton of Murtaugh was in Hansen on Wednesday, visiting his brother, John Walton.

A. E. Ketch of Pullman, Wash., who spent a week on his Hansen ranch, left for home last Saturday. He will rent his place at Pullman in the fall and ship his stock and machinery to his Hansen farm.

George Washington is engaged on the North Side this week, showing a party of his Kansas friends their future homes, one mile west of Jordan. Dr. Collins is a member of the party and may decide to practice here. No use, doctor, nobody gets sick in Sun-ny-Idaho.

Adamsor McMillan is rounding up his stock here this week. In all probability he will touch them light on account of the coming election.

Card of Thanks. I desire to express my sincere thanks to all who so kindly sympathized with me in my recent bereavement.

We have several custom buyers for improved farms at reasonable prices. Hardwick & Stout, East Main.

LOST—Gold bracelet. Return to Probate office. I. D. store building. Berthe L. Bentley.

## \$2,000 GIVEN AWAY

TO THE PERSON DRAWING THE 50TH NUMBER OUT OF THE BOX.

If you want the \$2,000 or to buy as good a stallion or Jack as ever came over the Rocky Divide read what I have to say.

I will make the season of 1908 in Twin Falls at the Dredger's Corral across 13th avenue, opposite Miller's Livery barn, with my Famous Registered Morgan Stallions and the Great Percheron Horse, King Brilliant, the premium winner, also Honest Bob, the Kentucky bred mammoth Jack. The season will last from March 1st to Sept. 1st, 1908.

Terms of Service. \$10.00 cash for season, and for every mare bred, the owner will be entitled to a drawing number and the holder of the lucky number will get the choice of either of the following:

Frank E., the Registered Morgan Stallion, winner first premium Sweepstakes & Silver medal at Nebraska and Iowa State Fairs, over all in his class, either in German, French or American coach and roadsters.

King Brilliant, the magnificent Percheron, or Honest Bob, the Kentucky Mammoth Jack.

We will give reasonable terms to parties wishing to insure mare in foal or living colt.

We will have the drawing on the first day of September, 1908 and on the same day will sell at auction to the highest bidder the stallions or Jack now owned by me after the selection of the lucky number. I will offer on the same day \$15 each for the best colt from each horse or Jack that I now own. Colts to be the get of last year's breeding. One or two year's terms will be given on the Stallions sold at auction at 10 per cent with good security.

Don't forget the 1st day of September, 1908 the date for the drawing of the \$2000 Stallion, the premium awarded to the best colts and the auction sale of the Registered Morgan Stallion, King Brilliant the Percheron, and the Kentucky bred Mammoth Jack. All are as good as the best. If you miss this sale you will miss bargains.

DOC. HEDRICK, Attendant

C. A. McMASTER, Owner, Twin Falls.

## What service will you get from that next suit of clothes?

Isn't it all a matter of quality?

Don't you know it will depend entirely on the "make" of the goods you happen to select?

Isn't what you pay for them so much as what you get for your money?

You can get a pile of wear and satisfaction out of a suit of SINCERITY make, because of the very superior tailoring that's in them.

They will wear and hold shape, and fit you as long as you want to wear them. It's the way they are made.

If you are willing to have this proven to you, then give us the chance to supply your wants in this direction.

## COMMENT--CAUSTIC; COMPLIMENTARY

HOW NEWSPAPERS IN DIFFERENT CITIES VIEWED THE OPENING OF THE SALMON TRACT.

### MARK BATES IS MUCH WORRIED

Parma Editor Fears the Advent of the Wicked Speculator.

It is stated by the newspaper correspondents that there was present at the land sale of the Salmon river project, at Twin Falls, 5000 people. It might have been an interesting move on the part of one or more of the newspaper representatives on the ground, to have ascertained what proportion of that vast assemblage of land "thirsty" individuals were desirous to gain title to a few acres of virgin soil with a determined purpose to enter upon the task of real farming. If the raw lands in Idaho are to pass through the hands of two or three speculators before they finally reaching the husbandman who tills the soil and makes the desert to bear and blossom with the fruits of patient, well directed industry; the quality only in a heavy one and no good to the state of Idaho in days to come. That much has been done to interdict speculative buying at Carey and Payette is true, yet the fact remains that the great proportion of the selections made at Carey act land sales are purely and openly speculative ventures. That these are the facts are to be deplored and in this analysis the writer has no intention to cast any aspersions upon the manner of the transaction nor yet the motives of the promoters. If it does seem that the proportion of speculative to industrial entry could be materially altered in favor of the latter and to the large and lasting benefit of the whole state.—Parma Herald.

This is from the pen of my old college pudding chum, Mark Bates of the Parma billow. When he reached Twin Falls, his peepers were evidently not on the job when he passed through that portion of the Twin Falls tract between Milner and Twin Falls, else he would have seen with his own eyes more than enough to convince him that the lands are all being reclaimed, that the settlers are here. But Mark will know the settlers are here when he gets the election returns from Twin Falls county next November. I beg to remind my friend that there is today under cultivation and producing wealth on the Twin Falls tract, more land than there is under irrigation in the Boise and Payette valleys combined, and we think only of the third year of you. Next year there will be under cultivation from the Milner dam more land than the total area of the Boise and Payette valleys combined. How do I know it? Look at what we have done and consider what we are doing. Now Mark, if the speculator is such a bugaboo, how does it happen that so much Parma money is invested in and around Twin Falls? How does it happen that so many people from Payette are settling in and around Kimberly? It is not because the Payette valley is not what you claim for it. The Payette valley is one of the garden spots of Idaho and your farmers can and do get more for their land there than the Twin Falls farmers receive for their holdings. You have demonstrated; we are demonstrating. Don't worry about the future of the county of Idaho, Mark. Idaho will be all right so long as it goes Republican. Don't lose any sleep over Twin Falls. It is a lusty child and can take care of itself.

### BYRD TREGO IS INTERESTED

Blackfoot Editor Evidently Enjoyed the Excitement.

Over 4000 people who had gathered for the land opening were either standing in line or assembled in the hotels and business houses. It was reported that Monday's rain had driven a thousand people away who wanted to drive out and across the country but got weary of staying in the rain. All hotels and lodging houses were full, and employees were tired out with working overtime. At the Hotel Perrine Dr. McKee, the dentist, said that every town in Idaho seemed to be represented among the boosters who were there distributing literature, except Blackfoot, and he had been wishing some of the real estate men would just come and stand around and hand out literature and lecture about the upper Snake River valley and its resources. Addressing the writer, he said: "Haven't you brought something with you to let these people know that Blackfoot is on the map?" We drew a list full of "Idaho Republican passes" from our overcoat pockets and he said: "Now just watch and see how hungry these people are for printed matter," and he began to pass out "passes" to those nearest him. It was like showing red apples to school boys. They gathered round and reached for one apiece, and all the time the doctor was saying: "You're welcome sir! Welcome as the flowers in May. Everybody likes them; father reads them, men reach for them, boys grab them, the ladies ask for them—You're welcome, madam—glad to supply you—and you, and you, and you, as long as the pack lasts, and here is a gentleman with a thousand in his pocket who will take my place for I have to go to my office," and he laughingly elbowed his way toward the door, leaving the writer to call out the following matter for the Idaho Republican. Some other fellow stood near, handing out literature about Filer. O. H. Barber was boosting for Gooding on the main line, another man was lecturing about Payette, and two fellows from Idaho Falls had an audience listening to the praises of "Sunnyland." J. M. Bennett of Water had some fellows buttonholed on a topic of his own, General Funston of the U. S. Army stood between two speakers listening both ways; Editor Hackney of The Meadows Eagle was talking Meadows. Colonel Manning of

The Capital News was distributing sample copies of Sam Rice and others were standing in line trying to get into the dining room. Joel Priest was taking notes for The Sale Lake Herald, Clark, the Novelty Knife man, was discussing the Mormon question with a Chicago man, and a hundred men came and went every 15 minutes to change the scene. In the nooks and corners of the building men were dictating letters, whole rows of clerks were working on land and water contracts, while Mormon and anti-Mormon Democrats mingled everywhere adding to the crowd and to the general push and pull of the occasion.

Out on vacant lots about the town indices of various purchases were being hung in teats and customers were packed until standing room was all taken.

In one tent was a sturgeon on exhibition, taken from the Snake river near Hagerman the day before, and was dragged out on land by the use of a horse attached to the end of the snag line. The fish measured 10 feet long, 7 inches high, its weight was estimated at 600 to 700 pounds. They were exhibiting it in a tank built on a wagon gear, and charging 25 cents admission to see it. The sturgeon was about dead, and was one of the big little wonders of the town.

Merchants were selling rubbers, umbrellas and raincoats as fast as they could wrap them up, the street sprinklers were standing by the roadside, and the printing houses were rushed to death with orders for printing—Blackfoot Republican.

This was written by Byrd Trego of the Idaho Republican at Blackfoot, who portrayed the happenings at Twin Falls at the time of the opening as they impressed him. It is a nice, neighborly story, written in a kindly vein. Mr. Trego has always been friendly to Twin Falls, as Twin Falls has always been friendly to Blackfoot. He appreciates what we are doing here, he does not hesitate to give us credit. Mr. Trego has been here before and he understands the situation thoroughly.

### BROTHER BRADLEY GOT A PLUM

Montpelier Journalist Files on the Salmon Tract.

The opening of the Twin Falls of the Salmon river project was the greatest event in the history of this now irrigated empire, and may be said to be one of the greatest and openings in the history of the country. Over 4000 people registered for land and approximately all of the 80,000 acres offered for filing were sold out before the close of the day. In early numbers out of the box made filings and in many cases handsome bonuses were realized by those who drew early chances, and made good filings. The first number out of the box was drawn by a man from Greeley, Colo.

There were a number of Montpelier people who either went personally to the drawing or sent their proxies. The editor of the Examiner drew number 96 and secured a choice piece of land within six miles of Twin Falls. The other numbers from Montpelier all came out late and no filings were made.—Montpelier Examiner.

Editor Bradley of the Montpelier Examiner knows Twin Falls like a book. He was at the Milner opening and he made a good turn of it. He will do equally well on the Salmon. The Budge brothers and other prominent citizens of Montpelier have land near Twin Falls and they bought it after thorough investigation. It may be that Mr. Bradley and Mr. Budge have no intention of grabbing sagebrush, but have they not the right to take advantage of the splendid opportunities which Twin Falls offers to investors? Who, if not the citizens of Idaho, has the right to profit by the reclamation of the state's desert lands? Mr. Bradley and Mr. Budge cannot be sawed with a hammer.

### STILL KNOCKING TWIN FALLS

Rupert Pioneer-Record Emits a Pitiful Anvil Song.

The sale of the Carey act lands on the Salmon river tract, held at Twin Falls last Monday, was a howling success, from the standpoint of the promoters. The expenditure of thousands of dollars in sky-rocket advertising resulted in a genuine land stampede from all points of the compass, made up largely of speculators of the quick-flick class, who had been led to believe that the purchase of 40 acres of Salmon river land meant an independent fortune. There were over 4000 registrations for the drawing, totaling for 500,000 acres of land, while there were only 50,000 acres to be disposed of, counting lava rock and all. On the day of the drawing 30,000 people were on hand. It is doubtful whether one in a hundred of those who filed had any knowledge whatever of the character of the land, except what they had read in the company's pamphlets. One man gave a thought to the source of the water supply. None of them couldn't tell a water right from a rail fence. Hundreds who did see the land turned back in disgust, claiming that it was not at all what the company's alluring books and smooth-tongued boosters. But of course they were of the unreasonable class designated as grabbers and kickers. There was a steady down-pour of rain at Twin Falls and the cold drizzle and seas of mud rather tended to dampen the ardor of the fortunate buyers.

Special train loads of people came from as far east as Chicago to attend this sale, which again demonstrates that there is no such thing as a land opening, and furthermore that

## COMMENT—CAUSTIC; COMPLIMENTARY

(Continued from Page Six.)

Idaho irrigated lands are regarded as gilt-edged investments by eastern speculators. The cost of these Salmon river lands will be about \$55 an acre, including interest on deferred payment—Rupert Pioneer Record.

This, from the Rupert Pioneer-Record published in a glass house. It is a direct and unequivocal knock. It is editor has the right to his opinion regarding the advertising methods employed by the company. Probably he did not get any of the "smooth-tongued" editor's explanation. Will the editor kindly explain why the reclamation service, which has been engaged in trying to reclaim the Minidoka tract ever since the inception of the reclamation project, informed the public over the signature of an official of the department of the interior that water rights on the Minidoka project would not cost more than \$12 to \$15 per acre? This information was given out to knock the Twin Falls enterprises just at the time the project was opened. Five private irrigation corporations in the state ever indulged in such misrepresentations? Has the Twin Falls company ever resorted to such unscrupulous tactics? Why did the townships of Twin Falls withdraw from entry after it was plotted and lots were sold? Who did it? Why did the department inform the south end authorities of the reclamation project? Why did the department inform the south end authorities of the reclamation project? Why did the department inform the south end authorities of the reclamation project?

The department of the interior, which has been engaged in trying to reclaim the Minidoka tract ever since the inception of the reclamation project, informed the public over the signature of an official of the department of the interior that water rights on the Minidoka project would not cost more than \$12 to \$15 per acre? The department of the interior, which has been engaged in trying to reclaim the Minidoka tract ever since the inception of the reclamation project, informed the public over the signature of an official of the department of the interior that water rights on the Minidoka project would not cost more than \$12 to \$15 per acre? This information was given out to knock the Twin Falls enterprises just at the time the project was opened. Five private irrigation corporations in the state ever indulged in such misrepresentations? Has the Twin Falls company ever resorted to such unscrupulous tactics? Why did the townships of Twin Falls withdraw from entry after it was plotted and lots were sold? Who did it? Why did the department inform the south end authorities of the reclamation project? Why did the department inform the south end authorities of the reclamation project? Why did the department inform the south end authorities of the reclamation project?

## OBJECTS TO DESERT ENTRIES

Editor of Paris Post-Maintained to Regard Thereof.

Several of our citizens who went to Twin Falls, expecting to take a law for land, came back very much disgusted with the way things were going on. The advertisement stated that there would be 50,000 acres of land for sale. There were found that at least 17,000 acres of the best land had been taken under the Desert act and secured by those who had a tip on the inside. If it is as stated it is unfair and casts a stigma over the whole proceedings. We hope that the matter will be fully investigated and the guilty parties exposed. It is known that these parties had a right to so enter. We think differently. Would these parties have ever thought of entering upon land there under the Desert act without first knowing that the water was to be brought there? It would serve these parties just right if they should be made to relinquish the land they have taken out to let them have water from the canal. We stand for justice and denounce all such kinds of frauds.—Paris Post.

Somebody has been stuffing my friends Wallin or Walter Hoge, the Salmon reclamation, which is about 100,000 acres and no less. Desert entries, aggregating perhaps 10,000 acres, were made on the tract prior to the reclamation. With this the water rights are being sold at a high price. Every American citizen

has the privilege of exercising his right to desert claim. Two years ago the Jones brothers of Rock Creek drilled an artesian well about a quarter of a mile south of the line of the Salmon canal, which flows over 100 inches of water. Later they drilled another well from which they obtained an equally good flow. About a mile from these wells is another drilled some years ago by Mr. Norton, which has yielded a constant flow. When the Jones brothers drilled their first well, attention was directed to that section of the country and scores of desert entries were made in the vicinity, the entrymen believing they could irrigate their lands with artesian water. On Deep Creek, within the Salmon reclamation, two families, who had taken up a number of desert claims along the creek, built a dam across the stream last year to store water for the winter to irrigate their lands. This reservoir is now full to overflowing. No doubt there were many who took up desert claims in anticipation of being able to buy water rights from the reclamation service, but the majority did not. Many have purchased water rights already, finding it cheaper to secure water in this way than to drill for an artesian flow. The majority of the desert claims were taken up in good faith. The company could not prevent the filings and should not be held responsible therefor. Everything is clear and above board in Twin Falls, gentlemen. We invite the fullest investigation.

## MADE UNFAVORABLE IMPRESSION

Mr. Brady Calls Attention to Effect of Democratic Banners.

James Brady, a well-known newspaper publisher in a Salt Lake paper, properly points out how the demagogues of the Dubois type hurt the state of Idaho. He claims that hundreds of Idaho homesteaders have come to take a chance at the drawing for "land under the Twin Falls-Salmon river project, left without completing the project. Everything is clear and above board in Twin Falls, gentlemen. We invite the fullest investigation.

What effect the Democratic banners may have had upon the strangers who came to take up land under the Salmon canal, is a matter of conjecture. The fact that nearly 90 percent of the land was taken before the rush was over would indicate that the visitors were not very much perturbed. But as the Democratic banners certainly did not do as much harm as did the knockers who came here and tried to boost their own localities by misrepresenting Twin Falls. All who came were not knockers, by any means, but there were enough anvil operators to hurt by their malicious statements. They raised doubts in the minds of many who pulled down their cheeks and left for other states. It was a disgraceful piece of business, an unwarranted "baiting" of the people who have rarely, if ever, lived a hand for the betterment of their own communities. Water will find its level, and the community is far better than its citizenship and can never rise above that level.

## A VOICE FROM THE CEMETERY

Distant Wall from Idaho Falls Because It Was not on the Map.

Several of our citizens who went to Twin Falls, expecting to take a law for land, came back very much disgusted with the way things were going on. The advertisement stated that there would be 50,000 acres of land for sale. There were found that at least 17,000 acres of the best land had been taken under the Desert act and secured by those who had a tip on the inside. If it is as stated it is unfair and casts a stigma over the whole proceedings. We hope that the matter will be fully investigated and the guilty parties exposed. It is known that these parties had a right to so enter. We think differently. Would these parties have ever thought of entering upon land there under the Desert act without first knowing that the water was to be brought there? It would serve these parties just right if they should be made to relinquish the land they have taken out to let them have water from the canal. We stand for justice and denounce all such kinds of frauds.—Paris Post.

Somebody has been stuffing my friends Wallin or Walter Hoge, the Salmon reclamation, which is about 100,000 acres and no less. Desert entries, aggregating perhaps 10,000 acres, were made on the tract prior to the reclamation. With this the water rights are being sold at a high price. Every American citizen

help and will bring about the condition all wanted. It is a good deal quicker than simply waiting for the great army of homesteaders and investors to find out for themselves. The thousands of good homesteaders and investors in the middle west are seeking an outlet for their surplus money, and energy. If the resources and undeveloped resources of this part of Idaho could be brought before them in the right way the railroad could not bring them in fast enough. Business, now good, could become more than a mere volume of business. The water rights would be bought and brought under the magic spell of the flow and water. It can be done. It has been done. The Idaho reclamation project. Idaho Falls got her share? Got to go to Idaho Falls Register.

Mr. Wheeler knows better than this. When he talks of land 80 miles away from a railroad, he misrepresents the facts. He should go out and see the Southern, the Salmon canal, and the fact of the matter is that the land to be of great benefit to Idaho Falls. He should remember that Twin Falls has precisely the same freight rates as Idaho Falls and just as good a market, and will have a much better market in the near future. He knows, or should know, that there is half a million horsepower of electricity in the Twin Falls section, and that the Twin Falls section is now under construction at the lower Salmon falls. He need not worry about factories. Twin Falls is only three years old and it has as big a population today as Idaho Falls.

The fact that the Twin Falls section is now under construction at the lower Salmon falls. He need not worry about factories. ## Doing Their Duty

Scores of Twin Falls Readers Are Learning the Duty of the Kidneys.

To alter the blood, is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow. Urinary troubles, diabetes, Doan's Kidney Pills cure them all. Dr. J. A. Quillin, living on Idaho St., Blackfoot, Idaho, says he does not hesitate to recommend Doan's Kidney Pills as they have proven of great value to me. I suffered severely from an improper use of my kidneys, my back ached a great deal and at times caused me much suffering. Last spring I was having an acute attack when I procured a box of Doan's Kidney Pills. They proved of great benefit to me and my kidneys and back were strengthened. I have recommended Doan's Kidney Pills to others suffering from kidney complaint.

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for United States. Remember the name—Doan's—and take no one else.

Clatern Building. Notice, G. H. Larnore, practical electrician, 20 years' experience in all electrical work. All work guaranteed. Reasonable prices. Orders with W. J. Young at Hamilton &amp; Co. office. The Liberal carries a full line of Spaulding sporting goods. For out door photos of any kind see Bibbe.

## OUR LITERARY CLUB.

We always like to meet with Mrs. Brown. She has the coolest home there is in town. A "homey" kind of home, you know, a place

Where you can sit and sort of rest your

I know of houses gewgawed with style, that when you enter you put on a smile—

A sort of social shine, as you might say, so that you'll hardly be an elf.

But oh, how dreadful tired I should get if I should turn forever with that set.

No, give me Mrs. Brown—whose happy

Can just lounge down and rest, and rest, and rest.

Her rooms are low and broad, and quiet

That restful green, and all the pictures—

lean

At comfortable angles, and you chat in low and cozy tones—And there's a cat!

Of course a cat, that yawns there in the sun

A picture of content, like everyone.

Then Mrs. Brown brings out her dainty

Of tea things, and we know that we shall

get

The very nicest, dearest cup of tea—

The CHAS. &amp; SANBORN'S brand, you know, and we

have all of us been using it round town, it's always safe to copy Mrs. Brown.

## BUHL REALTY IS EAGERLY SOUGHT

(Continued from Page 1.)

M. B. Osgood was a Twin Falls business visitor Monday.

Fred Nihart is booked up on the jury for this term of court.

George O. Marshall sold his 120 acres adjoining the townsite on the east for \$135.00 an acre, which shows how land values are climbing around Buhl. Mr. Marshall lived on this land a little over two years ago.

Fredrick Winter is building a dwelling house on Main street west of the postoffice.

Considerable business of much importance was transacted by the Commercial club at its regular meeting Tuesday night. Several committees reported progress on roads and bridges. A motion to petition the county commissioners to declare Broadway and Main streets in the townsite of Buhl, county roads, was carried. A committee was appointed to make preparations for a Fourth of July celebration. It was decided to make another effort to induce the county commissioners to open up the road leading north from the northeast corner of the townsite to the Snake river. E. B. Sherman was declared to be satisfactory to the club as road overseer of the district. The committee on Fourth of July celebration was instructed to report Friday evening at a special meeting as to the advisability of holding the celebration.

A handsome young lady arrived at the home of Mr. and Mrs. G. B. Harlan Tuesday evening and will make her future home with the family. Mother and child are doing well, but George has that faraway look coupled with the smile that won't come off. Let him alone boys. He will come around all right after a while and then we will have the cigars.

C. H. Baftington of Des Moines, Iowa, is stopping at Hotel Buhl for a short time.

F. H. Green came up from Twin Falls on business Tuesday.

W. H. Hannay and C. M. Waters of Pullman, Wash., are among the land-seekers on this end of the tract.

Frank Bartle of Red Cliff, Colo., is a new resident of Buhl. He says that he is tired eating gold and lead ore, and will try alfalfa and other farm products for a while. He is here to stay.

Mesdames G. L. Eveleth, F. A. Eveleth and D. P. Albee entertained at a farewell surprise in honor of Mrs. E. A. Wyatt Wednesday afternoon, June 10. The lady was invited to Hotel Buhl to meet a friend of Mrs. Eveleth to be proved to be the guest of honor herself. A number of pretty presents were given in memory of the occasion. Refreshments were served by the hostesses. Those present were: Mesdames Taylor, Marshall, Albee, Evans, Hargreaves, Mounce, Layne, Peck, Davis, Snodgrass, Morgan, Monroe, Schooler, White, Shields, Hayward, Harlow, Johnson, Traylor, Hinchey, Nihart and A. J. Milner.

Mrs. Wyatt will leave on Saturday for Colorado Springs, Colo., to spend the summer with her mother and other relatives.

The St. Elizabeth guild will serve strawberries and cake at the park Saturday evening, June 14. Everybody welcome.

The Misses Hazel Alfred and Lola Taylor entertained Tuesday afternoon in honor of Miss Ina Craig at the home of Miss Alfred. Music was the feature of the afternoon's entertainment. Dauby refreshments were served to the following guests: Misses Irene Ford, Addie Howard, Lillie Lindstrom, Esther Howard, Alma Lindstrom, Edna Weaver, Cora Schooler, Ruth Howard, Laura Griffith, Laura McKay, Renta Shark, Elea Hubbel, Gretchen Miller, Linnie Miller, Ina Craig, Lola Taylor and Hazel Alfred.

The regular meeting of the Buhl Rebekah lodge No. 29 was held Tuesday evening and the following officers were elected for the ensuing term: Past grand, Mrs. F. S. Marshall; noble grand, Mrs. Edgar A. Little; vice grand, Mrs. Allison Nihart; recording secretary, Miss Nan Vance; financial secretary, Mrs. Frank Eveleth and treasurer, Mrs. George Eveleth.

Misses Hazel Alfred and Lola Taylor spent Thursday with Mrs. T. T. Davis.

J. H. Schooler was in Twin Falls the early part of the week.

Miss Alma Lindstrom was in Twin Falls Monday and Tuesday having some dental work done.

Mr. Pat Lynch, who has been in Buhl for a couple of weeks, left for Yakima Monday.

The Union Ladies' Aid society held a very enjoyable meeting at the country home of Mrs. T. T. Davis Monday afternoon. Fourteen members were present. At the close of the business session a social hour followed during which refreshments were served.

Mrs. J. H. Shields and Miss Nan Vance were Twin Falls visitors Wednesday.

Miss Nora Ferris returned from Pocatello Saturday.

Miss Charlotte Fond was the guest of Miss Day Shank Sunday.

The Misses Linnie and Gretchen Milner returned Friday from Pocatello where they have been attending school.

The Christian Endeavor society gave a very interesting program and social last Thursday evening in the schoolhouse. The program was in the hands of a social committee composed of Misses Nan Vance, Hazel Alfred and Mrs. Evans, while Mrs. Alfred, Mrs. Shields and Mrs. Albee served the refreshments. The music was

furnished by the Misses Vance and Alfred, Mrs. Shields, Mrs. Marshall and Mrs. Alfred. Messrs. Hayes, Boyd, Johnson, Knight and Farlow. The following program was rendered: Music, "The Soldiers' Farewell" recitation, "Entertaining Her Sister's Best", Margaret Shields, music, "How Can I Leave Thee", solo, "Good Night Little Old Good Night", Emma Farlow, recitation, "Cable", Miss Hazel Alfred, solo and chorus, "Massa's in the Cold, Cold Ground", Mr. Farlow and chorus, recitation, "Shamus O'Brien", Parker V. Lucas, music, "My Old Kentucky Home", music, "The Natural Spell", Mr. B. Boyd, teacher. Pupils, Mrs. Shields, Misses Hazel Alfred, Nan Vance, Mrs. Evans, Messrs. Hayes, Johnson, Farlow and Knight.

Notice for Publication—Final Proof. I, Eula B. Fox, of Twin Falls, the assignee of J. S. Redsell, who was the assignee of Hans L. Hansen, who made entry No. 1985, under the provisions of an act of the legislature of the State of Idaho, commonly known as the "Carey act," approved March 2, 1897, which embraces the NW 1/4 of section 1, township 10 S., range 17 E. B. M., do hereby give notice of my intention to make final proof to establish my claim to the land above described and that I expect to prove that I have resided on, reclaimed and cultivated said land as required by law, before E. B. Williams, representative of the state land board, at Twin Falls, Idaho, on the 11th day of July, 1908, by two of the following witnesses: J. M. Maxwell, J. C. Maxwell and C. H. Foster, all of Twin Falls, Idaho. EULA B. FOX, Entryman.

WANTED—By young couple, two or three good furnished or unfurnished, for light housekeeping or will board. Good part of city only. Hardwick & Stout, East Main.

TWIN FALLS, IDAHO

**BETTER PROJECT  
DOES NOT EXIST**SAID CONGRESSMAN REEDER,  
CONCERNING TWIN FALLS.Kansas Representative and Congress-  
man Mondell of Wyoming Pay  
Highest Tribute to Idaho's Greatest  
Irrigation Enterprise.While the bill granting the state of  
Idaho an additional million acres to be  
reclaimed under the Carey act,  
was pending in the house of repre-  
sentatives, the press dispatches re-  
ported Congressman Reeder of Kan-  
sas as being hostile to the measure.  
The transcript of the congressional  
record shows that Mr. Reeder was  
not opposed to the measure, provid-  
ing the necessary conditions were  
sought by the state would be handled  
as were those on the Twin Falls  
tract. In the course of the debate  
Congressman Mondell of Wyoming  
asked Mr. Reeder:"Has the gentleman ever been up-  
on a Carey act project?"  
"Yes sir," said Mr. Reeder, "at  
Twin Falls, Idaho.""Is there a better irrigation project  
on the face of the earth?" asked  
Mr. Mondell."No sir," replied Mr. Reeder, "that  
is a wonderfully good project and I  
want to say that if I could be con-  
vinced now or at any time in the fu-  
ture that all the lands that are being  
used will be used in any such way as  
in that project I should be for it."Congressman Reeder voted for the  
bill on its final passage. His atti-  
tude was correctly forecasted by the  
News while the bill was before the  
house. Mr. Reeder has seen the Twin  
Falls tract and to his credit be said  
that he did not hesitate to reiterate  
what he said when he was here, that  
it was the best irrigation project he  
had ever seen.Congressman French did valiant  
service for Idaho against great odds.  
The record shows that he was con-  
sistent and persistent in fighting for  
the grant of an additional million  
acres and that he conducted the war-  
fare in a dignified and forceful man-  
ner. He had all the facts at his com-  
mand and his arguments were power-  
ful and convincing. The following  
extracts from the congressional record  
show the nature of the debate:Mr. Reeder—Mr. Chairman, since  
we passed that nation irrigation law,  
my attention has been called to the  
effect of the land laws upon projects  
of irrigation, and when my attention  
was called to the question of appro-  
priation of 8,000 acres of land under  
the present resolution, I naturally  
proceeded to examine into this resolu-  
tion, with no intention of opposing  
it, because as the law is written it  
furnishes from these lands homes for  
the people on the land under the very  
best conditions possible, which is a  
great advantage to the nation in the  
production of the very best class of  
citizens. But when I came to look  
into the matter, I learned there was  
a probability that the lands were not  
being legally used. I went to the  
department and questioned the secre-  
tary of the interior in an endeavor to  
learn whether these lands were being  
so used as intended in the Carey law  
and I found that under the law they  
did not have authority to learn any-  
thing about their final disposition.Now, I think that while I cannot say to  
you I am satisfied the lands are being  
wrongly used, for I am not absolute-  
ly convinced of it, but I do think  
there is a great question whether  
in the outcome you will find these  
lands are not being utilized as the  
Carey law directs.Mr. Mondell—Will the gentleman al-  
low me to ask him a question?

Mr. Reeder—Certainly.

MR. MONDELL—HAS THE GEN-  
TLEMAN EVER BEEN UPON A  
CAREY ACT PROJECT?MR. REEDER—YES, SIR; AT  
TWIN FALLS, IDAHO.MR. MONDELL—THERE A  
BETTER IRRIGATION PROJECT  
ON THE FACE OF THE EARTH?MR. REEDER—NO, SIR; THAT IS  
A WONDERFULLY GOOD PROJECT.AND I WANT TO SAY THAT IF  
COULD BE CONVINCED NOW OR  
AT ANY TIME IN THE FUTURE  
THAT ALL THE LANDS THAT ARE  
BEING USED WILL BE USED IN  
ANY SUCH A WAY AS IN THAT  
PROJECT I SHOULD BE FOR IT.When I found I could not get the in-  
formation that I desired, I asked, "Who  
can not we have this information?"And I was answered that, while it  
would cost but little to get the in-  
formation, it could not be obtained  
under the present laws.Mr. French—Mr. Speaker, antici-  
pating the objections of the gentle-  
man from Kansas, I inquired of the  
governor of my state, as well as of  
the registers of the land offices in the  
southern part of the state, where the  
desert lands are, and I wired to each  
one of them these questions:Do actual settlers live on Carey act  
lands in Idaho?Are lands passing into large hold-  
ings of 400 persons or more?What percentage of land is being  
put into crops this spring?The answer of the governor is as  
follows:Boise, Idaho, April 18, 1908.  
Hon. Burton L. French,House of Representatives, Wash-  
ington, D. C.Actual settlement and cultivation  
must be made on Carey lands before  
final proof is allowed by state. State's  
agent makes personal inspection of  
settlement and cultivation, and all  
claims of final proof. Law allows 10  
acres to individual. Present average  
holding on Carey lands of this state  
is less than 100 acres. There is a steady  
decrease in average individual hold-  
ings of Carey lands in Idaho. Fully  
half Carey act lands where water is  
available are in cultivation.South side Twin Falls, project, re-  
claimed under Carey act, water was  
first turned on land three years ago.this month. There has been created  
valuation of more than \$15,000,000;  
population of more than 10,000 peo-  
ple. New county has been created for  
this tract alone. Bonds have been  
sold for erection of schoolhouse at  
Twin Falls City to cost \$60,000. State  
of Idaho has taken these bonds. There  
are now five good-sized towns on this  
tract, with schoolhouses and churches.  
Power plant has been installed at  
Great Shoshone falls. All this is now  
wealth. Not a dollar of taxable prop-  
erty was on this tract of land four  
years ago. People of Idaho only ask  
for opportunity to develop their state.

F. R. GOODING, Governor.

Now, Mr. Speaker, I would like to  
ask unanimous consent to insert the  
other telegram which I have received  
answering these questions, if I may  
have that privilege.Mr. Williams—I am, sorry, but I  
shall have to object to the insertion  
of anything in the record. The gen-  
tleman can read them.

Mr. French—Then Mr. Speaker,

would any in answer to the gentleman  
from Kansas—that the degree which the  
land does not pass to private owner-  
ship and patents issue thereof in  
greater number than that mentioned  
is because, under the terms of the  
bill, the settlers have ten years to  
pay for the water, and they do not  
need to prove up until a considerable  
time after they have gone onto the  
land. The fact of the matter is the  
first Carey act tract in Idaho is only  
begun, and is the one referred to by  
the governor, where the lands were  
settled some twenty years ago, and  
only three crops have been raised  
on the land. The state of  
Wyoming is just a very little ahead  
of the state of Idaho in the work un-  
der this act.Mr. French—I want to say this,  
that when the resolution was pending  
I asked the gentleman from Kansas  
(Mr. Reeder), and other members of  
the committee did, as I remember it,  
whether or not he could point to a  
single instance where there had been  
a branch of faith or violation of the  
good faith that should exist under  
this law. He did not point to one,  
he did not mention a single name of  
an official of the department—though  
we were there as a committee—that  
could point to a single violation of  
the law. I WANT TO SAY THIS, IF  
YOU GO TO TWIN FALLS, IDAHO, TO WHICH HE  
REFERS, YOU WILL FIND AS CON-  
FIRMED—NOT ONLY BY THE GOV-  
ERNOR, BUT BY OTHER TESTI-  
MONY THAT I HAVE RECEIVED—  
YOU WILL FIND THAT THE AVERAGE  
OWNERSHIP OF LAND THERE  
IS 50 ACRES. THIS IS AGRICULTURE  
OF LAND FOR EACH INDIVIDUAL. IT  
WAS A SAGEBRUSH PLAIN FOUR  
OR FIVE YEARS AGO, BUT NOW IT  
IS A VERIFIABLE GARDEN, WITH  
OVER 50 PER CENT OF THE LAND  
IN ACTUAL CULTIVATION, WITH  
HOMES, CHURCHES AND VIL-  
LAGES EVERYWHERE, AND I DE-  
FY ANYONE UPON THIS FLOOR  
OR ELSEWHERE TO POINT TO A  
SINGLE CASE WHERE A SINGLE  
VIOLATION OF THE LAW HAS OC-  
CURRED. I WANT TO SAY THAT  
ANY INVESTIGATION THAT COULD  
BE MADE, AND WHICH I WOULD  
THOROUGHLY APPROVE OF,  
WILL SHOW THAT THE BEST AND  
FAIREST LAW OPERATING FOR  
THE RECLAMATION OF THE BEST  
LANDS THAT CAN BE IRRIGATED  
THROUGHOUT THE ARID WEST.

## HARVESTING AND HAYING MACHINES

because the Milwaukee machines are the most satisfactory machines in the world.

Because Milwaukee machines are strong, durable, simple and efficient.

Because Milwaukee machines are correctly designed, and in construction the best workmanship is employed, and only the highest grade of materials used.

The Milwaukee machines have proved of great assistance to the farmer, often being the means by which he attains success.

Farmers, therefore, should use the Milwaukee line because in spring, summer, fall and winter, the Milwaukee leads.

## WENDELL GROWING LIKE A MUSHROOM

FOUR BUSINESS BUILDINGS NOW  
BEING BUILT.

Surveyors Trim the Wendell Blues in an Exciting Game of Baseball—Sneak Thief Visits Tolley and Stainaker's Camp.

WENDELL, Ida., June 8.—R. H. Schneeloch and Captain McManus of Milner were here on Saturday night.

J. H. French, general manager of the Milner Mining & Milling Co., spent Sunday in Shoshone.

J. J. Rowley and family of Haller spent Sunday with Mrs. Rowley's parents, Mr. and Mrs. Dan Boston.

The Wendell Mandolin and Guitar club gave a pleasing concert on Saturday evening.

Net Orvaly, R. M. Taylor, Henry Welcher and George Tracer visited in Hagerman on Sunday.

R. H. McGraw of Hagerman called on Wendell friends recently.

John Dahlquist of Abbey was in Wendell on business the first part of the week.

About 20 of the boys from the engineers camp attended the Salmon opening at Twin Falls. Ed Staples was the luckiest member of the bunch drawing No. 23. He selected 120 acres which in time he expects to convert into a fruit farm.

Dick Miller and R. E. Todd of Indianapolis and A. V. Kennedy of Spokane each purchased 120-acre tracts near town last week.

Business called H. Tolley to Gooding on Saturday.

Quite a brisk hallstom passed over Wendell on Saturday afternoon.

Kartze & Co. are bustling building operations. The combined store and bank building is nearing completion; the double store block is well started and the foundations for the lumber office and lumber shed are being built.

J. C. Brubacher of Sioux City, Iowa, is looking over land with the intention of locating here.

William Jackson of Hansen called on S. Nelson Sunday evening.

C. A. Peterson, S. Nelson, Earl Miner and Charles Bjorkman were in Jerome Sunday.

Joe M. Schantz of Hartford, Wis., has joined Kartze & Co's force of carpenters. Mr. Schantz recently purchased 3 ranch south of town on which he and his wife expect to locate in the spring.

Messrs Dingler, Wilson and Kinney tried fishing in Snake river Sunday.

The camp of Tolley and Stainaker was robbed last Wednesday afternoon. Factors, money and clothing worth several hundred dollars were taken.

W. A. Stenkolph of Council Bluffs, Iowa, has purchased 160 acres in sections 23 and 24. He expects to move his family here in August.

A. N. Fulton, also of Council Bluffs, will soon move his family to a ranch near town.

The Surveyors' baseball club organized on Sunday evening when the following officers were elected: Warren Cheek captain, E. B. Berry manager, Ray Yates treasurer. The club is unusually strong and playing dates are desired.

A very exciting baseball game was played at Engineers' park on Sunday afternoon between the Wendell Blues and the Surveyors. It was a fine exhibition of scientific ball, the score being 6 to 4 in favor of the surveyors.

McClelland and Berry alternated in the box for the Surveyors and each did fine work. Many spectacular plays were pulled off. The most exciting feature of the game was a home run by Jarvis. The attendance numbered about 200. Irvine umpired the game. The lineup was:

Wendell Blues: Surveyors  
Kendall ..... r ..... Turley  
E. Tolley ..... ss ..... Wood  
Burton ..... 1b ..... Beckett  
Ingram ..... cf ..... Johnson  
Vance ..... 3b ..... Jarvis  
C. Tolley ..... 2b ..... Yates  
G. Norton ..... lf ..... McClelland  
Taylor ..... c ..... Cheek  
S. Norton ..... p ..... Berry.

Smawley—"Do you believe that money talks?"  
Ardup—"You bet I do. I no sooner get my hands on a dollar than it says 'Good-by.'"—Chicago News.

"I have often marveled at your brilliancy, your aptness at repartee, your—"  
"If it's more than five dollars, old man, I can't do a thing for you. I'm nearly broke myself."—Houston Post.

When Theodore Roosevelt was police commissioner in New York, he asked an applicant for a position on the force:  
"If you were ordered to disperse a mob what would you do?"  
"Pass around the hat, sir," was the reply.—Catholic News.

"There," said Rimer, in conclusion, "clever idea, isn't it? I thought I'd work it up into a ballad." "Why not a quatrain?" suggested Crittiek. "Oh, that's too short." "I don't believe any editor would think so."—Philadelphia Press.

Teacher—"You have named all domestic animals save one. It has bristly hair, it is grimy, like dirt, and is fond of mud. Well, Tom?"  
Tom (shamefacedly)—"That's me."—Chicago Tribune.

"Well," said the young lawyer, after he had heard his new client's story, "your case appears to be good. I think we can secure a verdict without much trouble."

"That's what I told my wife," said the man, "and yet she insisted at first that we ought to engage a first-class lawyer."—Philadelphia Press.

## OREGON SHORT LINE.

## KIMBERLY GETS A RURAL ROUTE

TO COVER QUITE AN EXTENSIVE TERRITORY.

Contract for Erection of New School Building, 12, Awarded to Mr. Dodson of Pocatello—Structure Will Cost \$18,960.

KIMBERLY, Ida., June 10.—Mrs. Emma C. Young has returned from a visit to Boise and come to her home at Rock Creek.

Harry R. Smith was here from Rock Creek Saturday on business.

John F. Hansen was in town Saturday looking after his big shipment of wire, nails and other supplies for his store.

S. B. Prouty has been here several days delivering lectures for the French-American Art company.

J. A. Harader, secretary of the Kimberly Real Estate Agency, went to Payette Saturday to be gone several days looking after the interests of the firm there. In the meantime the other members of the local agency are taking care of the buyers.

The Kimberly Real Estate Agency sold W. T. Hudson's place four miles southeast of Kimberly to E. R. Wilfong for \$75,000 per acre. Mr. Wilfong is another desirable addition to Kimberly vicinity and Mr. Hudson will not leave but places his money in the new hotel which he is building on East Main street. The rock is all on the ground for the foundation and W. M. Sharp and son are busy laying it up.

J. W. Colley has returned from Payette with several good horses and will soon begin work on his ranch on the North Side which he obtained from W. H. Thomas.

At the recent election of the Old Fellows lodge W. E. Lewis was elected noble grand and E. Wilkins was elected vice grand.

The Kimberly Supply and Produce Co. has been busy for several days unloading farm machinery, wire, etc. in its warehouse north of the railroad.

J. E. Syrett and wife arrived Saturday and the contractors are busy on their rooming house just south of the depot. The frame work is up and Kimberly will soon be able to house the strangers within its gates.

Mrs. Susan Protheroe has purchased the lot west of her home place and is preparing to erect a neat cottage which she has already rented to W. R. Graham.

Boy McInerney is sick again. His many friends hope it is nothing serious as he has had his share of sickness the past year.

Mr. Phillips, editor of the News, is here this week looking after the interests of his paper and making an agricultural report.

We have met the enemy and we are there. Kimberly and Hansen crossed bats here Sunday and played 11 innings. Frank Burlington was umpire and a large crowd witnessed the game which was well played from start to finish.

Kimberly takes its defeat in good spirit as the Hansen team was too much for them. The final score was 8 to 7 in favor of the Hansen team. Mr. Hall, the local manager of the Western Lumber Co., has the lumber on the ground for his cottage which he is building in the east end of town. D. M. Parks, who has been here for the past several months intends to start for California next Saturday. We hope that Mr. Parks will decide to return to Kimberly after seeing some more of the country.

Postmaster Brecken received notification from the department at Washington that the rural route for Kimberly would run three miles west; one mile north; one mile east; one mile south; one mile east; one mile north; two miles east; three miles south; four miles west; one mile north; two miles east and one mile north to Kimberly. The route will be 24 miles in length. People are signing up and they will have to forego boxes as provided by the government. If you are on the line get ready to have your mail delivered to you daily. The people who are not accommodated by this route will have to get busy and see if a petition will not persuade Uncle Sam to be a little more liberal with his routes out of Kimberly, but this one is very much appreciated and will do until we can get others.

The foundation, made of lava rock, for the Methodist church has been completed by W. M. Sharp and the lumber is on the ground for the building which is being pushed to completion.

Foundation rock is on the ground for the real estate office. It will be 22 by 40 feet, and on the east side of Main street south of the railroad right of way.

Webster and Turner are building a barber shop on the south of the drug store building and the drug store will occupy the entire building, part of which has been used by Mr. Beck as his barber shop.

The contract for the erection of the new school building has been awarded to Mr. Dodson of Pocatello. The bids were received. The contract price is \$12,000.00. This includes eight rooms, four on the first floor and four on the second. On the third floor will be an assembly room 22 by 40 feet. The outside wall will be of red pressed brick and the trimmings will be of concrete. The inside walls will be of brick and the floor will be made by M. P. Swan and son just west of town. The building is to be completed some time in September.

Mr. and Mrs. William McCrory of Henry, Nev., are visiting Mr. McCrory's parents, Mr. and Mrs. L. E. McCrory.

For fine views and postcards go to Shisco's. Henry J. Wall, Abstracts, 12 years experience.

## JEROME BUSINESS MEN FORM A CLUB

DEVOTED TO THE WELFARE OF THE NEW TOWN.

Presbyterians Are Building a Church—Baseball, Diamond and Tennis Grounds Will Soon Be Ready—Building Boom Under Way.

JEROME, Ida., June 9.—Mrs. E. J. Osterman spent Sunday in Jerome with her husband.

Colonel and Mrs. Avery were Jerome visitors for two days last week. Mr. and Mrs. J. M. Halo drove to Twin Falls on Monday.

A. B. Truman of the Shoshone Journal was in Jerome last week, looking up subscriptions, and news items. The Jerome Commercial club was organized on Tuesday evening at a meeting held in the office of the Osterman-Reed Lumber Co. The following officers were elected: President, E. J. Osterman; first vice president, C. H. Chapin; second vice president, Ernest Tacha; secretary and treasurer, Harvey Hurlbut. Major Reed was present and materially assisted in perfecting the organization. W. S. Kuhn was elected an honorary member. The club is composed of active and progressive business men who are loyal to Jerome and its interests and will take advantage of every opportunity to boost for all that is good.

The family of F. W. Hastings arrived in Wendell this week and will in future reside there.

The Jerome Country club will give a dancing party in the Chapin building on Saturday evening, June 13. The patronesses are Mrs. Piper, Mrs. George Taylor, Mrs. R. R. Kartzke, Mrs. E. G. Reed, Mrs. J. M. Halo and Mrs. A. Becker. A number of out of town guests are expected and a good time is anticipated by all.

Major Fred E. Reed and his friend, Mrs. G. G. Trank of New York City, drove over from Gooding on Friday last and spent several days in Jerome and vicinity, visiting Shoshone falls and other points of interest.

Mrs. Paul R. Kartzke entertained the Card club at her home on Thursday evening. The meeting of the Commercial club on the same evening interfered somewhat with the card party but a very pleasant entertainment was enjoyed by those present. H. W. Hurlbut will be host at the next meeting.

The family of H. D. Cook took possession of their new home west of town last Wednesday.

Rev. Rankin, though active in Jerome, are by no means confined to the town limits. Houses are going up on the ranches on every side. W. P. Rector is putting up a cozy little home on his farm adjoining the townsite on the south.

O. Rogers, who arrived with his family from Washington last week, is arranging to build on his land east of town at once.

Rev. Rankin, W. Nickwart and E. C. Sellers, traveling missionaries of the Presbyterian church, arrived in Jerome last Saturday and on Sunday they held the first church service ever held here. The meeting was in the restaurant building on Lincoln avenue.

Monday evening the missionaries started work on a temporary church building located on Main street. Rev. Rankin has for several years been engaged in the work of establishing churches in new towns throughout the northwest. Credit certainly belongs to the Presbyterians for being the first in the field in Jerome.

The Trull building on Main street is assuming proportions, likewise the store building adjoining that of the Jerome Mercantile Co.

Bufford E. Keany, general manager of the Berwyn-Idaho Development Co., passed through Jerome Monday on his way to Twin Falls. Some 20 residents of Berwyn, Ill., have taken adjoining tracts of land on Wendell and have formed a stock company for the purpose of developing their property on a more systematic and important basis than has been possible by individual effort. Their experiment will be watched with interest.

The work of grading and leveling the park, under the direction of the Jerome Country club, is progressing rapidly. Few towns are as favored as Jerome in having skilled engineers who have a personal interest in the comfort of the citizens and the beauty of the city. With favorable weather it will be possible to have the baseball diamond and the tennis court ready for use in a short time.

A sum party enjoyed a picnic and a camp dinner at Shoshone falls on Sunday and incidentally a few other pleasures incident to a day by the water.

### OREGON SHORT LINE.

United Commercial Travelers Convention, Salt Lake City, June 18, 19 and 20.
