BONDS COMMAND GOOD PREMIUM

TWIN FALLS CREDIT IS HIGHLY REGARDED.

Premium of Over Seven Per Cent is Paid for the Issue of \$20,000 of City Bonds by One of the Leading Bond Houses in the West.

That Twin Falls city bonds are regarded as gilt edge security by the leading bond houses in the west is shown by the bids received for the construction of street crossings and the improvement of the fire department.

For each purpose named bonds were voted in the sum of \$10,000. The bids were opened on Monday evening when the bid of McCoy & Co. of Chicago, who bid a premium of 11.80, was accepted.

McCoy & Co., Chicago.....\$21,480 Wm. R. Compton & Co. St. Louis.....21,064 C. B. Clifton, Chicago.....20,801 Jas. H. Adams & Co., Los Angeles.....20,787 Wm. H. Hayes & Co., Cleveland.....20,184 Wm. Newcomb & Co., Chicago.....20,676 Parson Sons & Co., Chicago.....20,812 Union, Sutherland & Co., Kansas City.....21,100

While the council accepted the highest bid, that of McCoy & Co., it did not take any action with respect to the improvement.

In about six weeks hence there will be a city election and the present council, having in mind the experience of the county commissioners, no doubt, is disposed to leave the improvement question to the incoming administration.

That the improvement are urgently needed is a question which has been the subject of many questions, and that the incoming council will be quite able to undertake the task is likewise apparent.

The council will be held with a clear field to do as it pleases with the money.

TWIN FALLS TO BE DRY COUNTY

COMMISSIONERS DECLINE TO ISSUE LICENSES.

Application of Moore & Wamsley of Twin Falls is Rejected by the Board Which Has the Right to Refuse Liquor Licenses.

The county commissioners, by a vote of two to one, refused to renew the liquor license of Moore & Wamsley of Twin Falls.

The refusal was not based upon any objection to the character of the saloon conducted by the applicants, but upon the proposition that no more licenses should be granted in the county.

Under the law, the commissioners have the right to refuse licenses if they see fit. The application of Moore & Wamsley had been before the board for several days.

Chairman Sherman was in favor of renewing the license and so voted. Commissioners McMaster and Newberry opposing. The action of the board is accepted as meaning that Twin Falls county will be "dry" after the license heretofore granted have expired.

The liquor dealers are much concerned over the decision of the board and are now offering their property for sale. They assert that they will not be given a chance to understand that their license would be renewed, and that while they would be subject to the operation of a possible local option measure, their business would not be disturbed by the commissioner.

With that understanding most of them supported the Republican candidates. They have no appeal from the decision of the board, and unless there is a change of sentiment the county will be "dry" in less than 12 months, probably before the local option measure is passed or not.

It is probable that the liquor dealers will test the law and they announce that in any event they will make a fight, probably through the national organization which has representatives in every state looking up such matters as a feature of the liquor trade.

The commissioners who opposed the license have not made any official announcement beyond stating that they were excited by the people who knew how they stood on the matter, and in their opinion no more licenses should be either granted or renewed.

JEROME DRAWING

The acreage tracts at Jerome, which were drawn for yesterday, went like hot cakes.

There were 31 tracts in all and 22 were taken within an hour and a half after the drawing opened.

The line-up for registration was a quarter of a mile long. At least that's what Bob Frazer said.

Anyway it was a fine drawing, and while everybody didn't get what he wanted, all got good bargains.

The cubes were placed in a big churn from which they were drawn by Mrs. F. M. Sturgeon, the wife of Mr. Sturgeon, the dropper. Mrs. Sturgeon is a lucky woman.

For the first number she drew was her own name, which was no possible chance of partiality.

PIONEER LUMBER YARD IS SOLD

Harley Milner and C. R. Shaw Dispose of Business.

Harley O. Milner of Twin Falls and C. R. Shaw of Boise, who for the past four years have been engaged in the lumber business of the firm name of the Twin Falls Lumber Co., disposed of their business this week.

It is to be sold to J. B. Johnson of Orange, Iowa, Mr. Johnson being in the lumber business for several years in Iowa, North Dakota and Washington.

He is greatly pleased with the outlook in Twin Falls and is fortunate in being able to establish a business which has been commercially established on a high commercial plane.

Harley Milner opened the first lumber yard in Twin Falls and his early experiences in freight handling make an interesting volume. He was also postmaster for the time and his postal business became so heavy that he could not afford to handle it.

Mr. Milner is about to build a handsome residence at Wealdence and this will probably embark in another line of business.

CLOVER CREEK OPENING

According to the pioneers, Monday, Feb. 8, the date of the Clover Creek opening at Gooding, was very successful.

The opening was from a climatic standpoint in many years, and the opening was a conspicuous success. The 25,000 acres in the aggregation, over 15,000 acres have been sold and filings are still being made.

Ed Kinney, the popular telegraph operator at the Twin Falls depot, had repaired and is now associated with George Allen in the warehouse business. His place at the depot is filled by Oliver O. Twist, who arrived on Wednesday with his family.

A movement has been launched for the drilling of a deep well in Twin Falls. Several citizens have announced their willingness to subscribe to a fund for such a purpose and a company will likely be formed in a few days. The site for the well has not been selected, but it will probably be located on the highest point available within the city limits. The plan also contemplates the installation of a large pump and possibly a standpipe.

ARRANGEMENTS WERE PERFECT AT THE CLOVER CREEK OPENING AT GOODING.

Fillings Made at the Rate of 1300 to 1400 Acres Every Hour—Visitors Praise the Lincoln Inn, the New Hotel Opened in Gooding.

MILNER, Idaho, Feb. 11.—The drawing for the land in the North Idaho extension of the Twin Falls, North Idaho and Water company, held at Gooding, Idaho, February 8th, was a phenomenal success in every way. Although there had been practically no guests, more than 1000 company did not want to draw a name on account of the probability of element weather, the town was packed to its limits with a splendid class of people, all eager to secure some of the land about to be put on the market. There were 1204 registrations. The new hotel, the Lincoln Inn, was opened in time to take care of a large part of the crowd, and is certainly to be commended on the efficient way in which it handled its guests, more than 1000, the number being accommodated that the hotel had been planned for.

The drawing itself was the most successfully managed of any of the country, due to the untiring efforts of Secretary Hurlbut, who had every detail thoroughly thought out and planned for. There was a most substantial class of entrymen. The very best of feeling prevailed throughout the entire occasion. There were no quarrels, no disturbances, no unpleasantness of any kind. Every one seemed to be happy and satisfied and to be thoroughly enjoying themselves.

The average fillings were between 1300 and 1400 acres per hour, the best on record. The average at the opening was between 1000 and 1100 acres per hour, and at the Salmon river opening, Twin Falls, about 1000 acres per hour. The contracts of the first two days' sales have been all fully executed, signed up on behalf of the company and placed in the hands of the State Land board. About 35,000 acres of land have been sold off and the balance is being filed upon daily, the people who did not get what they wanted in the first drawing remaining over to register the land. Altogether it was a most businesslike, satisfactory and successful drawing and a credit to southern Idaho.

Mrs. Theresa Pangburn died at the home of her daughter-in-law, Mrs. B. P. Ward, on Tuesday, February 9, aged 65 years. She had been an invalid for eight years, being crippled by rheumatism. The funeral occurred on Wednesday at 2 p. m. from Miller parlors.

Mrs. E. E. Heaton has opened the La Verne rooming house on the second floor of Hill & Taylor's garage on Shoshone street. The rooms are large and comfortable and nicely furnished. In such a convenient location, the La Verne should quickly become popular.

Arnold Frankell is now assistant engineer, as it were, at the Commercial club. He reduces the hot air to liquid form, burnishes the billiard tables, entertains the visitors and keeps tabs on Harry Alton. There was keen rivalry for the position between Arnold and Jake Fritz and Jake lost out because it was proved that he was once in Mountshonome.

Mr. and Mrs. J. F. Stoltz have arrived from Chicago. Mr. Stoltz was here before, when he filed on a farm on the North Side. He told Mrs. Stoltz that the sun shows every day to Twin Falls and he is now busy trying to convince her that the present gloomy weather is merely the outcome of some meteorological con- cernation which is beyond the control of the weather bureau. He will make good before long on the weather question.

The Rose Lake Lumber Co. opened its yard this week, under the management of J. N. Sprinker. A page one of the pioneers and the largest individual land owner on the Twin Falls tract, is the owner of the Rose Lake sawmill. He has been a booster of the finest type from the begin- ning and in Mr. Sprinker he has a genial and wide-awake representative who knows the lumber business from knotholes up. Several cars of lumber for the new yard have already ar- rived and many more are on the way. The yard is located on Shoshone street, between the railway track and Rock creek. Mr. Sprinker's wife and child accompanied him and he is still endeavoring to explain to Mrs. Sprinker that the weather is very unusual for this time of year in Twin Falls.

Gorman Lutheran services will be held in the Christian church on Sunday, Feb. 14, at 2 p. m.

Rev. R. A. Lundell of Laramie, Wyo., will conduct services in the Baptist church on Sunday morning and evening.

A. Guilbert has purchased lot 7, block 102, on Main street, in the Hotel Perrine block, for which he paid the irrigated lands Co. \$5500. Mr. Guilbert has owned the adjoining lot, No. 3, for some time and it is his intention to erect a fine two-story building with a frontage of 50 feet.

J. Hatfield, traveling salesman for the Hamilton, Brown Shoe Co., with headquarters in Portland, has now acquired 380 acres on the west North Side segregation. Mr. Hatfield was one of the original entrants securing a fine section of ground which he made that proof. Through Woods & Thomas he has added to his holdings until he now has the acreage stated.

The production of the cantelona, "Queen Esther," for which rehearsals have been going on for weeks, will be given in the school auditorium Friday and Saturday evenings, Feb. 19 and 20. The cantelona is given for the benefit of both the Presbyterian and Methodist churches. Costumes have been ordered from Salt Lake and a very creditable performance of "Queen Esther" will be given.

W. H. Barry arrived on Friday from Chicago and is now located in Wendell. Mr. Barry, who it will be remembered, built the Shoshone falls power plant, and built it mighty well, by the way, is going to erect build- ings in Wendell and Jerome and will have offices in both towns. He has shipped his two automobiles to Wen- dell and will make the dust by when they arrive. One of the cars is a six-cylinder Locomobile and the other is a White steamer. Mr. Barry at- tended the opening at Gooding.

O. B. Fuller, who has been assist- ant postmaster in Twin Falls for the past two years, has resigned and J. M. Butler, late of Shoshone, Idaho, has been assigned to the position. Mr. Fuller has been an efficient and popu- lar officer and his departure is re- gretted by the patrons of the office. He has filled the office under very trying conditions, the work being much more than any man could han- dle satisfactorily. Always obliging and painstaking, Mr. Fuller won the respect of all with whom he came in contact and the best wishes of the community will follow him in what- ever business he may undertake.

At the meeting held at the Grand hotel, Mrs. Reynolds had weather in Colorado.

Miss Alice Crimmins of Twin Falls places in there from Salt Lake City, where she had been located for some time.

George A. Wolfe of Boise, district manager for the Western Union Life Insurance Co., is a guest at the Hotel Perrine. Mrs. Wolfe did not accompany him this trip, having heard that the streets were muddy.

P. J. Holohan has returned from a tour the west. He has been away since early in November and had Mrs. Holohan not met him at the depot the chances are he would have been lost. Mr. Holohan is in excellent health. He has ordered an automobile and intends to enjoy himself during the summer.

The addition to the independent meat market has been completed and John Peitz is putting on airs. "Doc" Heidrick and Will Lytle everything in shape at the big hotel built by the Farmers Real Estate Stock & Grain Co. for the location of a carload of Oregon ma- rees which Nick Smith is expected to bring in this evening. Nick has been out west for some time, picking up the cream of the country, and he has secured a splendid lot of ma- res. The big barn covers a ground space 15x125 feet and is splendidly fitted. There are quite a number of farm horses on hand for sale which were carefully selected in the east. These horses are going fast and there is considerable inquiry already for the mares brought by Mr. Smith.

Judge Uhrhieb is up from River- side. He came here to investigate the report that Jake Fritz and Ar- nold Frankell, wholesale and retail dealers in the west of Salmon exten- sion. The famous bushwhackers were attracted to the ledge by a swarm of bees and on examination they found that the bees bore Judge Uhrhieb's brand. Jake has negoti- ated with Chester Dalrd to engage 200 girls to "string" the candy and Johnson, had located a rock candy ledge for the trip. These facts were obtained from Arnold Frankell, assist- ant secretary of the Commercial club, and are therefore authentic.

CLIMBED TREES AFTER CHICKENS

NIMBLE STUNT OF CLEAR LAKE

Forget to Lock Up His Chickens and
Had to Get Them Out of the Trees

Had Taken Refuge.

E. A. Daak was called to Shoshone
this morning on important business.
She expects to be absent for several
days.

J. F. Smith went to Twin Falls
last Friday to visit with his family

loy have been over on the Twin Falls
tract looking at some land which they
propose to clear.

W. O. Wann has moved to his
farm on the North Side tract. He is
settling out 40 acres in apples.

Charles Marsh has been over-
taken by the hoodoo which has pursued the
young men in this locality of late.

Mr. Marsh was the only man who had
not made with an accident this winter,
prior to date. The hoodoo landed on
him one evening last week. Just be-
fore retiring he looked out of his bed-
room window and saw several chick-
ens pecking in the trees. It was a
bright moonlight night and the fowls
were easily discerned. Mr. Marsh
concluded that he had shot the hen-
house with an accident this winter,
prior to date.

The fowls were roosting high
in the trees. He tried to get them
down but they refused to budge when
Mr. Marsh attempted to "shoot" them into
the henhouse. There was nothing to
be done but to climb the trees and dislo-
cate the chickens, and Mr. Marsh pre-
ceeded to climb. Climbing trees by
moonlight is not a pleasant under-
taking, and Mr. Marsh vows that here-
after he will count his chickens be-
fore he locks the henhouse. There
are too many coyotes in this vicinity
to leave chickens out at night.

Jim Bowman, who is feeding his
sheep on the Johnson ranch, came
down to the ranch on Sunday to see
how they were getting on.

Miss Dossie Davernore was the
guest of Mrs. O. E. Syster for a few
days this week.

Another Car of Horses.

Nick Smith of the Farmers Real
Estate & Live Stock Co. is on route
for Twin Falls with another carload
of brood mares and work horses,
which will be placed on sale at the
big barn, just completed.

This company sold 20 head of
horses last week. This, with the
heavy sales of the preceding week,
furnishes evidence that its
buyers know the right kind of horses
—the kind wanted in this market.

Watch for the NEW ONES. They
will be in soon and will be on sale
at the new barn, Second street and
Third avenue west, the live stock
headquarters of the Farmers Real
Estate & Live Stock Co.

It is wise for the Twin Falls farmer
to buy their trees from the Twin Falls
Nursery and avoid danger and delay
in shipment and risk of trees not be-
ing acclimated. I grow my own trees
and I am not a tree broker. JAMES

KIMBERLY POSTOFFICE RAISED IN CLASS.

Ladies' Pioneer Club Elects Officers—Supply & Produce Company Increases Capital—Road North to the Twin Falls to Be Opened.

KIMBERLY, Idaho, Feb. 10.—S. L. Marsh returned to his home in Wisconsin on a business trip. He expects to dispose of his property there while on this trip and come back to Kimberly to engage in business. He has been the congressional clerk at the Kimberly Supply & Produce Co.'s store for some time and has tried Idaho to his satisfaction. Hence his determination to locate here permanently.

P. J. Pringle has bought a new tract on Blue Lakes boulevard, near the city limits, at Twin Falls. He will probably build a residence on it later so as to be near his nursery business. It is a very desirable location, as indicated by the price, \$300.

Ed Claborn has a large force at work putting up ice this week. He will supply Kimberly with the best weather next summer and is getting a very good quality of ice about six to eight inches in thickness.

Frank Coon, who recently sold his place near town, has been over to the Contact country on a prospecting trip. He likes the country very much and says it compares very favorably with the Butte country, which he is familiar. He expects to invest in town property at the opening of the townsite of Contact, which will take place in the spring.

The postoffice at Kimberly will be a money order office very soon. This will be a great convenience to the citizens of the new rural route, which is to be established in the near future. Quite a number of orders are issued on the office here which have to be returned and secured on the Twin Falls office, and the new establishment will do away with such annoyances.

The Kimberly Supply & Produce Co., incorporated for \$25,000, and will take in new capital, making it one of the strongest business firms in the smaller towns on the tract. The company did an immense business last year and by enlarging their business will do still more the coming season. All the old officers will remain in the new rural route, the only change will be new capital and new business.

The Ladies' Pioneer club, H. met last Thursday and elected the following officers for the ensuing year: President, Mrs. W. H. Turner; vice president, Mrs. F. M. Kendall; secretary, Mrs. M. E. Fisher; treasurer, Mrs. J. G. Higley. The club has in charge of the local public park here which is decided to them and they are taking care of it, having fenced the grounds and planted a new lawn of grass. They also own an interest in the local hall building, and the club also serves as a means of social intercourse among the members. The next meeting will be held the first Thursday in March at the home of Mrs. Fisher.

It was reported that Ben Taylor, our barber, had sold his barber shop but later the buyer decided to let the trade lapse and the transfer was not made.

O. M. Banta was at work putting in a bridge north of town last week, getting ready to move the household goods of Mrs. Butler to the Perrine ranch, two miles north of town. The latter arrived this week from Colorado with a car of emigrant goods and will farm near Kimberly next season. The above bridge is on the road north to the scenic Twin falls and only needs one more culvert in order to open it from Kimberly direct north to the river. The club here has been trying for the past three years to get this road open and at last the end is in sight. Our commissioner, E. T. Newby, says he will see that it is finished as soon as the weather permits.

W. F. Brechon was representing Kimberly at the cooling opening Monday. He hasn't reported whether lumber he drew yet, nor how much land he filed on, but seems well pleased with Kimberly and the weather on the south side since his return.

J. M. Staples is to move to the Zuck place for a short time until he gets ready to move to the North Side.

Mr. Brock, the insurance man, representing the Merchants Life, was in our midst the present week doing business.

H. D. Scott and George Holyoak were in Oakley attending conference over Sunday. B. Wilkins, Mrs. Fisher and Mrs. Holyoak were attending conference at Twin Falls Monday.

Jan. N. Clyde has sold his interest in the livery business to his partners, E. T. and C. T. Newby, and the business will be conducted by them in the future under the title of Newby Bros. Their barn is completed and they already have nearly all the dry business in town. Mr. Clyde has not announced what he will do in the future, but his many friends hope he will still remain in Kimberly.

The sale at Hansen Tuesday by George Washington was fairly well attended and articles brought fair prices, considering the weather, which was against sales that day. The sale was conducted by H. B. Luo as auctioneer and W. H. Turner as clerk.

H. M. Fletcher is up and around again after a siege of inflammatory rheumatism.

The little child of W. Webster has been quite sick the past few

days, but is now recovering and is expected to be back to normal in a few days.

WEATHER MAN IS VERY UNPOPULAR

DOES AS HE LIKES IN SPITE OF SENTIMENT.

Chicago, Tribune Applauds Idaho for Its Sensible Stand on the Japanese Question—Reckless Chauffeurs to Be Photographed.

(From Our Special Correspondent.)

CHICAGO, Feb. 5.—A fine bunch of prospective settlers from the Twin Falls country left Chicago on Tuesday evening last, and your correspondent is wondering whether the weather is as bleak and as contrary as the beautiful country of vast possibilities as here in Illinois, and in fact, in all places. If so, then in thought, anyhow, some one is being scolded. The weather man had better go out of business, for Jupiter Pluvius, like the Nevada legislative assembly, seems disposed to do just as he hangs pleased, and this is garden of consequences to the other fellow. Really, people in this part of the country have just awakened to the fact that Nevada is trying to do something. It has mixed itself up with California and the Jap question. The press here has taken it seriously, and some of our writers, while handling the subject with a pen charged with diplomacy, wing a sharp shaft of sarcasm in the direction of "the asparagus state."

The Washington correspondent to the Chicago Tribune says: "If there were not such a serious side to it the attitude of Nevada in regard to the relations between the republic of the United States and the empire of Japan would be about the funniest thing that has happened to President Roosevelt during the entire period of his long and busy administration. Nevada has long been known as a horrible example in the sisterhood of states. If Nevada had not been what Nevada is, Arizona would have been admitted to the Union long ago. It was the fear of creating another Nevada that kept Arizona out in the cold, and now, just at the critical time, Nevada has made a fool of itself, and has done it in a way which makes the admission of Arizona at the present time a physical, political and international impossibility."

The article, very cleverly written, as are all Raymond's articles, his writings being characterized by spirit of fairness, of earnest thought of the subject, sounds a note as to the common sense attitude expected from the neighbors who state that it is a good idea to foster the same feeling instinct which should be of interest to the readers of the Twin Falls News. After paying a compliment to the intelligence and political standing of both Senators Nixon and Newlands of Nevada, both of whom had an interview with the president at the White House regarding the "drastic anti-Japanese legislation" evinced by the "asparagus state," continues:

"At the same time Senator Borah of Idaho, at the request of the president, put himself into communication with some of the leading men of his state, and announced that in his judgment Idaho should not take up the Japanese matter at the present time, and certainly not in any sensational or foolish way."

As you see in the rub: "And certainly not in any sensational or foolish way!" Hurrah for Borah! And I tilt my hat to Idaho when it comes to the necessity of taking up this question, but I have to do so with a dispassionate and without sensationalism. The Twin Falls country in solving many questions affecting the social and economic life not only of its own people but of the state and the nation also. You are destined to accomplish, cherish the thought and forge ahead in things that count for a good wholesome development and your evolution as a people. Idaho signifies the "gem of the mountains" and its vast irrigated tract in the southern portion of the state must and will add lustre to that diadem.

We are to have a rogues' gallery of "frenzied chauffeurs" in Chicago, if the chief of detectives can have his way. The maimed bodies and frequent loss of life arising from the reckless driving of irresponsible chauffeurs is a strenuous method of punishment. Every carolous chauffeur arrested has to submit to his photograph being taken by the chief of detectives. These photographs are to be used for the purpose of identification, so that an habitual violator of the law will meet with his deserts. Employers of chauffeurs will be indicted, as they will have opportunity to inspect the gallery if suspicious of the questionable drivers. If these reckless chauffeurs had only something like the wails of your canyons to yell up against occasionally, then there would be no need of this particular "rogues' gallery" in Chicago.

Do you receive bees through the mails in the Twin Falls country? If so, it may interest you to know that the mail authorities and postal officers have been at out regarding the reception of the honey-makers. It appears that the Hawaii quarantine officers, protected by rubber gloves, make an examination of bees that are sent into the country, to find out if they are free from disease. Lately people have been sending them through the mails, and the postal authorities refuse permission to the quarantine officers to open this class of mail. The matter was referred to the postmaster general, Washington, who has decided that owing to lack of authority to examine and inspect queen bees coming to the territory through the mails he cannot guarantee, as they should, be guaranteed. Instructions have been sent to the

one-half of the regular school day. When one thinks of the magnificent school buildings which you have in the Twin Falls country, set amid an environment of God's blessed out-of-doors, the free course pressing every crook and cranny of the buildings, with the chinko singing its matin and even-song to the bonnie lads and ladies as they clamber in and out of the vehicles that carry them to and from these well-equipped, light and airy schoolrooms, there is a world of glory in the heart for the children that must perform at school under any other conditions than those so well guarded by the education laws of Idaho.
