

TWIN FALLS NEWS, TWIN FALLS, IDAHO, FRIDAY, MAY 14, 1909.

FIFTEENTH YEAR

## OCCIDENTALS WIN ONLY ONE GAME

### TWIN FALLS DRUBS THEM HARD AND OFTEN

Filer Will Be Here on Sunday With McCreary in the Box—Captain Krangel Has Built Up an Excellent Team for Twin Falls.

The Occidental baseball players "went," leaving a bad odor behind them. They managed to grab just one game out of the five from Twin Falls and that was yesterday. The boys who were used to perform on the slab and who still have a few curves up his sleeves, had some fun with the boys who had an off day in the field as well and the combination resulted in defeat for Twin Falls by a score of 14 to 8 on Saturday.

## HANSEN AGAIN WITHOUT DEPOT

### SOMEBOY "SWAPERS" THE OLD DUMPER

Whid West Show Has a Tame Ending—School Children Enjoy a Picnic at Rock Creek—Baseball Club Organized and Officers Elected.

HANSEN, Idaho, May 13.—Miss Stella Smith returned to her home at Miller Sunday, after a pleasant visit with friends at Hansen.

A special meeting of the Christiana Educators' Association will be held today to elect a delegate to the state convention to be held at Boise on the 26th, 27th and 28th of this month.

Mr. and Mrs. G. R. King returned from their recent trip to Idaho, after a pleasant visit at the W. R. Zubank's home, west of town.

J. T. Hinton makes regular shipments of his fine fruit to the Spokane market.

Mrs. Besse Harris, who has spent the winter with her daughter, Mrs. J. T. Hinton, returned to her home Wednesday, after her son was very ill at Granite, Idaho.

Mr. and Mrs. W. T. Trullitt left last week for Challis, Idaho, where Mr. Trullitt is heavily interested in real estate, and expect to make that place their home.

## STATE SUMMER NORMAL SCHOOL

Will Open at Pocatello on June 23 and Continue to August 5.

The third annual session of the Pocatello State Summer Normal school will be held from June 23th to August 5th, 1909.

## FAMOUS FARM TO BE DISPOSED OF

### NOTABLE LAND SALE AT GOODING ON MONDAY, MAY 17.

Two Additions to the Town Will Be Opened and Ex-Governor Gooding Will Sell His Big Farm in Acres Tracts to Homesteaders.

Monday, May 17, will be a memorable day in the thriving city of Gooding. From an alfalfa field to a town with a population of 1500 in one year is a wonderful stride, yet Gooding accomplishes this development in 12 months and has only just begun to grow. The townsite has been directly managed on liberal lines.

## WEDNESDAY EVENING

### LECTURE BY DR. T. C. HILFF

On the subject of "The Church and the State" will be given by Dr. T. C. Hilff, of the Methodist Episcopal church, at 7:30 p. m.

## IMPROVEMENT IN TRAIN SERVICE

### ENJOYED A BOUNTIFUL SPREAD Pleasant Social Evening at the Denny Schoolhouse.

The evening of May 13th will be remembered by the members and friends of the local Farmers' union, which meets at the Denny schoolhouse, as one of the important events of the year.

## DEDICATION OF METHODIST AUDITORIUM

### WEDNESDAY EVENING, MAY 12

The Methodists of Twin Falls will worship for the first time in their new church auditorium on Sunday, May 16.

## LIVE IN IDAHO, NOT IN NEVADA

### WARRANT FOR DISCOVERY MADE BY ROWLAND SETTLERS

Have Been Paying Taxes and Voting in Elko County, Nevada, for Years While Their Homes Are on the Idaho Side of the Line.

If you had chased three daring horse thieves in a hizzard for three days and had captured them with difficulty, only to find that you were on the wrong side of the line, wouldn't it make you mke you mad?

On the morning of February 19, Deputy Sheriff George Patrick of Three Creek, with a posse, captured Frank Walsh, Jesse Costes and Bill Tonnell with 23 head of horses in their possession which were alleged to have been stolen.

The prisoners were brought to Twin Falls and turned over here to Sheriff Clark of Elko county, Nevada, in which county the offense was supposed to have been committed.

The discovery was made that the settlement in which the alleged crime was committed is in Owyhee county, Idaho, and not in Elko county, Nevada.

Tommy Rutledge was in from the home on the twenty first day this week for some more seed and grub. Seems like the climate out there requires more in the present part of the year.

French Bros. shipped in a lot of water under lateral "L." This is the way to do it. That pipe will be in good condition 100 years and long for while wooden pipes are very short-lived in this country.

Rick Hansen is reported on the sick list today. Sore throat, but nothing serious.

Frank Brewer and his assistant, Charles Uhlig, went to Rock Creek Wednesday to do some carpenter work for Chris Peterson of that place.

The Pathfinder, the big auto, did not pass through Hansen on its way to town.

Very enjoyable time was reported by the "school children" as well as a goodly number of the patrons of the school on their picnic to Rock Creek last Friday.

Mr. and Mrs. W. T. Trullitt left last week for Challis, Idaho, where Mr. Trullitt is heavily interested in real estate, and expect to make that place their home.

Naman Cunningham and wife arrived from Fort Gibson, Okla., Tuesday to visit their father, P. H. Cunningham, and are so well pleased with Idaho that they will locate in this vicinity.

Quite a number of our young people were entertained at the home of T. J. Aultry Saturday evening in honor of Miss Stella Smith of Miller, who was visiting here. Music and games followed by refreshments made the evening very enjoyable.

J. V. Beauchamp of Twin Falls has purchased the H. H. Van place, one-half mile east of the townsite.

Those interested in baseball met Saturday evening and elected S. McCoy manager, W. B. Robinson captain and J. W. Gooden secretary and treasurer, and now expect to get in trim

## REPRESENTATION VERY DESIRABLE

### AT THE NATIONAL IRRIGATION CONGRESS.

Field Representative of Board of Control from Spokane Points Out Why Twin Falls Should Be Prominent at This Gathering.

John S. Hughes, field representative of the board of control of the Seventeenth National Irrigation congress, which meets in Spokane, August 24, is spending a day or two in Twin Falls for the purpose of promoting interest in the National Irrigation congress.

Mr. Hughes is anxious that we shall not only send a delegation to the congress, but that we shall send our own and a large marching band to represent this city in the march of many visitors and delegates from the west.

"Preparations for the congress are going forward rapidly. The officers are now issuing the Official Call of this great congress, and it is sent to governors, mayors and public bodies all over the United States.

After supper a short literary program and social time were enjoyed. We would say to other locals that do not have the greatest they desire, take your families and enjoy a social evening, get acquainted and get in closer touch with one another.

There is no reason why the farmer and his family should be debarred from social privileges and amusements. The union at this place now has a membership of 40, with five new applications. A number of individuals have expressed their interest in joining and our next Saturday evening, May 15, they will be admitted.

There is no reason why this should not be a very successful local union of the Twin Falls tract.

"Among the notable persons who will be present at the congress will be Chief Justice Brandeis of the Supreme Court, D. C. Addresses will also be given by F. H. Newell, chief of the reclamation service, M. O. Lott, chief of the hydrographic survey, J. S. Dennis, assistant to the second vice president of the Canadian Pacific railway. These gentlemen will also address the congress.

## DEDICATION OF SUNDAY, MAY 23

### OF METHODIST AUDITORIUM IN TWIN FALLS.

Dedication Services Will Be Conducted by Dr. T. C. Hilff, Who Will Also Lecture on Friday Evening, May 21, and Monday, May 24.

The Methodists of Twin Falls will worship for the first time in their new church auditorium on Sunday, May 16.

The auditorium has a seating capacity of 275 additional seats and room for 100 additional. If the present rate of growth is maintained, it will be a very fine one.

The church building will be second to none in the state. It has been built with an eye to the future and the members of the congregation have been liberal in providing for their own.

Ground was broken for the new building of the Methodist Episcopal church by the pastor, Rev. W. H. Parker, to whose individual efforts the erection of so splendid a building was made possible.

The opening of the auditorium is in a manner a personal matter of the pastor, Rev. W. H. Parker, to whose individual efforts the erection of so splendid a building was made possible.

# LAND OPENING

AT

## Gooding, in Southern Idaho

### The Golden Opportunity to Secure a Home

of 5, 10 or 20 acres where all kinds of fruits can be grown to perfection, such as apples, pears, plums, peaches and all small fruits and berries.

1,200 Acres of THE HOME RANCH OF EX-GOV. GOODING, adjoining the Townsite of Gooding, on the Main Line of the Oregon Short Line and Junction of the Idaho Southern, which serves the great Twin Falls North Side Tract, will be offered for sale to Home-Makers Only,

### Under Carey Act Rules on Monday, May 17th, 1909

This land will be sold on easy terms to the man who will improve it and build a home. Not a single tract of this land will be sold to the speculator, but only to the man who is willing to enter into a contract to cultivate it and build a home thereon within a year; and not more than 20 acres will be sold to any one person.

These tracts will be sold at prices ranging from \$360 per acre for those adjoining the townsite to \$200 per acre for those most remote. None of this land is more than one-half mile from the Idaho Southern Railroad, now being operated and which will soon be turned into an electric line.

A large proportion of this ranch has been in alfalfa for the past 10, 15 and 20 years and is now in cultivation to sugar beets, alfalfa and grain.

### First-Class Water Right With Each Tract

Easy terms will be given, one-fifth cash at time of purchase and balance in ten annual payments with interest at rate of 6 per cent.

### Deposit Required

A deposit of \$100 must be made with the Gooding Townsite Company BEFORE NOON OF THE 17TH OF MAY by those desiring to participate in this drawing. If no selection is made money will be refunded.

Twin Falls, Idaho, May 10, 1909. The board met this day pursuant to adjournment of May 1st, 1909.

The board examined and approved the bond of Hubl product, and granted such petition, and appointed Frank L. Chudas constable of Hubl product.

The board considered the petition of P. W. Monahan and others, for the appointment of Frank L. Chudas to be constable of Hubl product, and granted such petition, and appointed Frank L. Chudas constable of Hubl product.

The board considered the petition of P. W. Monahan and others, for the appointment of Byron O. Barnes to be overseer of road district No. 11, and granted such petition, and appointed Byron O. Barnes to be overseer of road district No. 11.

The board took up the petition of James H. Chambers and others, for the division of school district No. 20, and the creation of a new district from a portion thereof, which petition was referred to the board.

Commencing in the center of the south line of section 16, township 10 south, range 14 east, and running thence south to the center of section 33, same township and range; thence east to the quarter corner of section 36, same township and range; thence north to the northeast corner of section 24, same township and range; thence west to the place of beginning.

The board took up the petition of Mrs. A. J. Tucker and others for the division of school district No. 20, and a change in the boundary lines thereof, which petition was referred to the board.

The board ordered the auditor to credit George R. Herlan, assessor, \$117.50 as balance allowed upon the delinquent roll of 1908, as follows: Paul J. Johnston—Twin Falls, lot 4, block 2, assess. 1908 \$88.00, paid J. McMillan No. 1143 \$4.34, pen. \$10.00, credit \$4.77

J. M. Rice—NE 1/4 SE 1/4 19-10-17 assess. 1908 Newton add. lot 5, total \$139.00, Sol. Ex. \$11.00, paid J. McMillan No. 1428 \$18.82, pen. \$1.88, total \$20.70

GEORGE BASSETT, Twin Falls, Idaho

# HAGERMAN

The Capital of the most favored valley in Idaho

The Palisades of the Gem State

## Townsite Opening, Saturday, June 5

Choice of lots to be determined by drawing similar to the procedure under the Carey Act

### HAGERMAN

In addition to the lot sales, there will be placed on the market tracts of from one to ten acres of the richest fruit land adjoining the townsite. An inch of water will be furnished for every acre sold.

### HAGERMAN

will have a gravity system of the purest spring water. No other town in the state is so blessed in this respect. It will also have a telephone system, electric light and power and an electric railway connection. Daily stages to and from Bliss and Wendell make close connections with all trains. Ample accommodations for the public. A hotel to cost \$40,000 will be built.

### HAGERMAN

is located in the heart of the most beautiful valley in Idaho, beginning with the famous Thousand Springs and terminating with the turbulent Malad, the greatest trout stream in the state.

### HAGERMAN

is a tested fruit section, producing peaches, apricots, pears, apples, plums and all kinds of small fruits. It is the earliest producer in southern Idaho, being well sheltered. It has a superabundance of water, coming from mammoth springs of which there are thousands in the valley.

Write to us for literature. You should have a map from which to make your selections before the drawing.

ADDRESS ALL COMMUNICATIONS TO

# ORCHARD INVESTMENT CO.

HAGERMAN, LINCOLN COUNTY, IDAHO.

### Cambronne Registered Percheron Stallion

Bred by Chevalier, imported by Dunham & Fletcher, Wayne, Ill. Foaled April 20, 1904. Jet black with star on forehead. Weight 1800. This horse is stronger in Brilliant blood than any animal ever imported to this country, tracing back to the famous Brilliant on both sire and dam's side. Will make the season at the Farmers Real Estate & Livestock Co's barn, Twin Falls, Idaho.

NICK SMITH, Owner.

### HAGERMAN OFFERS HANDSOME PRIZES

FOR THE BEST FISH DISPLAYS ON OPENING DAY.

The Biggest Sturgeon, for which a Prize of \$25 is Offered by P. E. Dussault, Will Be Barbecued and Served Free for Dinner.

Not since the first settler cast his lot in the beautiful valley has Hagerman known such an awakening as it is now experiencing. With every advantage enjoyed by an agricultural and horticultural community, the people have lived in an atmosphere of independence and content, ever ready to extend hospitality to the stranger, but satisfied to let other communities do the shouting. It was inevitable, however, that the valley could no longer remain hidden under a bush, as it were. Its attractions were too numerous to remain unnoticed. Capital came and, realizing that they were, the pioneers were obliged to part with their large holdings and make room for home seekers. Large farms have been cut into acreage tracts, the townsite has been resurveyed and will soon be opened to the public, and the valley will in a short time sustain a population many times greater than that which it now supports.

The pioneers of the valley are taking kindly to the changed order. They readily absorbed the progressive spirit with which they had always been endowed. It needed but a touch to quicken the latent energy and now the valley is being talked of all over the state. Nobody dreamed that the old timers could be induced to part with their valuable farms, but how Street soon convinced them that fortune lay at their feet and they had but to stoop and reach it.

Determined to make the opening of the Hagerman townsite on June 5 a grand success, the good people of the town have offered a number of prizes which would be considered novel in other localities, but are quite appropriate in Hagerman. For instance, Pete Dussault, the popular cashier of the Hagerman State bank, has offered a prize of \$25 for the largest sturgeon caught in the Snake River in the Hagerman valley and exhibited at the opening, and \$15 for the second largest. Hagerman is famous for its sturgeon. It will be recalled that George Parton brought a 675-pounder to Twin Falls at the time of the Salmon opening last spring. This fish was exhibited in a tank for several days. Larger sturgeon have frequently been caught in the Hagerman valley. Mr. Dussault hopes that his prize will bring forth a monster. Kinney & Owens, the engineers, will give \$15 for the largest

trout, \$10 for the second largest and \$5 for the third largest. Competitors for this prize should bear in mind that the law limits a day's catch of trout to 20 pounds. Great discrimination will be necessary in making the awards in this instance. Judge Urrlaub ought to be one of the judges. Modesty forbids the mention of another suitable judge. To do the thing right, the boys ought to induce Mrs. Dillatash to cook the trout and let the judges eat them. The only possible objection to this arrangement is that she might have to set the dogs on the judges to drive them away from the table.

Billy Coltharp offers a prize of \$15 for the best string of different varieties of fish caught in the Snake River in the vicinity of Hagerman, \$10 for the second and \$5 for the third. Billy does not state whether crawfish are included in this contest. Presumably he will draw the line at suckers also. Extra not mentioned though they are plentiful around the Salmon falls. It will be necessary for Mr. Coltharp to specify what kind of fish are to be included. One might go out baited for suckers and find them disqualified. Supposing the man with the prize sturgeon should show up with a line of squawfish, whitefish and whitefish, what then? William will have to be specific. A man might present one eel, one crawfish, one sturgeon, one sucker, one rainbow trout, one bullhead, one whitefish and one squawfish and claim the prize.

Judge Anboles tenders \$5 for the best string of frogs legs. As this is the concert season for frogs, there should be no difficulty in securing enough for competition. The young frogs are now large enough to shift for themselves and Mr. B. Frog will have to hunt the deep holes in order to save his nether limbs.

For the largest basket of crawfish Morris & Roberts will give a prize of \$10, and for the second largest \$5. The most alluring of all announcements is that the big fish will be barbecued and served free for dinner on the evening of the opening day. Who is going to hold Billy Coltharp during the operation has not been announced. The good people of Hagerman have offered these prizes voluntarily, without the solicitation of the townsite company. It is natural that they would do something of the kind for there is no more hospitable a community on earth. It will be worth a trip to Hagerman on the opening day to witness the prize competitions. There will be fish galore, and such fish as are rarely seen.

**Board and Room**  
In a private family for gentlemen only. Apply 445 Main avenue north.

TWIN FALLS NEWS

George H. Fraser, Editor. Published every Friday by THE NEWS PUBLISHING COMPANY TWIN FALLS, IDAHO.

Subscription Rates. One Year, in Advance, \$2.00. Six Months, in Advance, \$1.00.

Reliable information regarding the city and country promptly and cheerfully furnished. Address all communications to The News Publishing Company, Twin Falls, Idaho.

Entered as second-class matter, December 2, 1904, at the postoffice at Twin Falls, Idaho, under Act of Congress of March 3, 1879.

Frequent complaints have recently been made of promiscuous shooting and reckless rock rolling at Shoshone falls. Careless young men have been shooting high power rifles in the vicinity of the falls, endangering life and property.

The government officials have recently concluded a series of tests of seeds obtained in the open market in various portions of the country which are anything but complimentary to the seedmen.

It is very important that Twin Falls county should send a good exhibit to the Alaska-Yukon-Pacific at Seattle. The county commissioners have made a liberal appropriation for a display and they ask the co-operation of all public spirited citizens in their effort to exploit the resources of the county.

English sparrows are a pest in Twin Falls. They nest in awnings, chimneys, eaves troughs, stone pipes, wherever they can find footing. The sparrow has not a single good quality to recommend him.

WEATHER REPORT FOR MONTH OF APRIL

Table with columns: Date, Maximum, Minimum, Precipitation, Prevailing Wind, Character of Days. Data for April 1st to 30th.

Monthly Summary. Temperature—Mean maximum, 57.3; mean minimum, 28.8; mean, 43. Maximum, 71, on the 25th; minimum, 17, on the 26th; Precipitation—Total, 34 inches; greatest in 24 hours, .16, on the 21st; number of days on which .01 or more precipitation fell, 3; number of clear days, 13; number of partly cloudy days, 17; number of cloudy days, 0.

Quaker Oats Griddle Cakes. Try them today! The family that hasn't eaten Quaker Oats griddle cakes has a delightful surprise coming to it.

Hundreds of thousands of packages of Quaker Oats are consumed in Germany annually and almost all of this goes in the form of Quaker Oats griddle cakes. In the New York cereal restaurant of the Quaker Oats Company these griddle cakes are very popular.

most desired, offers to give the district a site for their new schoolhouse, but on consulting the county attorney in regard to releasing a part of her claim to the school district for school purposes, his decision was that it would invalidate her claim according to government laws and regulations. It seems that a claimant can relinquish a 40 acre tract if he so desires and still hold his title good to the remaining 40, but no provision is made by the government for releasing a smaller tract and a government 40. Now it looks as if the Pioneer school district will not proceed to wait until the claimant who resides in the district can convey up to their homestead and receive patent for the same before they can go ahead and obtain a title to a new schoolhouse and employ teachers. The school district when the school districts of the Twin Falls North Side tract needed money to build schoolhouses and employ teachers, but their own security and estate that could be used for this purpose, that they appealed directly to the Twin Falls North Side Land and Water Company and they responded promptly and liberally and advanced the money themselves or secured it directly from outside parties and their own security and estate and turned it over to these new school districts so that they were able to go ahead and build their schoolhouses and employ teachers without waiting for taxable property in their districts.

It will be some time yet before the people of the Minidoka project are entirely relieved of the burden of the government red tape. The last case on evidence in the Pioneer district No. 23, lying close to Rupert. This matter is due to the north and is likely to take in a fair slice of the main line of the O. S. L. consequently it is blessed with a liberal amount of railroad tax. As a result of this condition of revenue and a large school population they have already maintained a school of three grades and it has the reputation of being a most excellent school; but the district has outgrown its schoolhouse and so would like to bond the district railroad tax. As a result of this commodious structure, where several more teachers would be employed. This would make one of the strongest schools in the county, but right here is where the government restrictions and red tape come in. The lands of the settlers are still government lands, and this precludes the possibility of bonding the railroad tax. The settlers can't bond the railroad tax and obtain title to the land until there is another objection to the land. Hunter, who owns a very nice place located where the new school site is.

BREVITIES

Mrs. Kate Millinger of Holly, Colo. is the guest of Mrs. J. Sprinker. Mr. and Mrs. D. J. Dittler have gone to North Yakima for the summer. The expected to return to Twin Falls in the autumn. C. Slindee, who was formerly engaged in business in Twin Falls, came over from Burley last Saturday. He was greatly surprised over the growth of the city during his absence. Dr. C. A. Edmes arrived last Wednesday night from Alba, Jasper county, Mo., with a carload of effects. The doctor said he had some hard weather behind in old Missouri. German Lutheran services will be conducted in the Christian church Sunday afternoon, May 16, at 2 o'clock. All Germans are cordially invited to attend. Rev. Landell's subject at the Baptist church on Sunday evening next will be "Parental Responsibility." This will be a series of papers. A large choir of young girls will sing. Swedish Lutheran services will be held in the hall near the Maple Pharmacy on Sunday morning, May 16, at 11 o'clock. All Scandinavians are cordially invited to be present. Mrs. D. W. Brunk, assisted by Miss Amy Keith, entertains the Ladies of the State Ball on Tuesday evening. Light refreshments were served. One of the features of the entertainment was a guessing contest, in which Mrs. Will won the first prize. H. B. Lewis, representative of the State Bank, has moved his office from the Hotel Perrine to the Twin Falls investment company's building on the east corner of Main avenue and Second street. E. B. Williams left on Saturday evening for his home in Maine, where he will visit for about a month. This is the first vacation Mr. Williams has enjoyed for some time and he proposes to take full measure. He will certainly be put some Twin Falls literature in his suitcase. Mrs. L. J. Miller gave a "baby party" on Tuesday, in honor of her daughter's birthday anniversary. About 20 babies were present and they all had a glorious time. Beautiful presents, consisting of soured spoons, rings and lilac, were given to Baby Miller, who received them with smiles and gratitude of delight. Dainty tables were set and refreshments were served to the grateful visitors. Annie Alha Jones, the daughter of Mr. and Mrs. R. W. Jones, died on Thursday, May 13, aged eight years. She was stricken with measles, but the attack was severe she was not believed to be in a dangerous condition. The body was taken to H. E. Hunt & Co. and prepared for shipment to American Fork, Utah, whence it will be taken on Saturday evening. Mr. and Mrs. Jones have the sincere sympathy of many friends in their hour of sorrow. There will be an important meeting of the city council on Monday evening at which, it is expected, an application will be received for a waterworks franchise. The parties seeking the franchise have been negotiating successfully with the Twin Falls Waterworks company and have finally decided to put in a plant of their own. They are experienced in the waterworks business, having several plants in the east. Their intention is to put down mains of the dimensions required by the insurance companies where any paving is laid on either Main avenue or Shoshone street. They guarantee an abundant supply of pure water, not obtained from a tank, and ample pressure for fire protection.

Mr. and Mrs. George D. Aiken have moved into their new home on Third avenue north. G. D. MacQuiver of the Eldridge Clothing Co. of Wendell, who has been visiting friends in Twin Falls, returned to Wendell on Wednesday. The Pennsylvania club will hold its first annual banquet at Ring's grill for Denver where they will entertain S. T. Hamilton of Philadelphia and the toast. Hon. John T. Morrison, former governor of Idaho, will be the guest of the club. S. H. Young and daughter, Miss Edythe Young, will leave on Monday for Denver where they will attend the general assembly of the Presbyterian church. They will afterwards visit at their old home in Rocky Ford, Colo. The Pathfinder car limped into Twin Falls last Friday night at 8:50 and left at 5:30 on Saturday morning for Boise. It was in charge of Wendell and Bliss for 48 hours, but finally got away again and is now speeding through Oregon. The county commissioners met on Monday and completed a lot of unfinished business. The most important action taken was the creation of a good roads district, beginning at the southeast corner of town and extending southward to the high line canal. Nate Franklin of Pocatello is making a tour of the Twin Falls tract this week. Mr. Franklin is used to cover the territory between Pocatello and Glenns Ferry in five days, but it now takes almost as many weeks to get over it, owing to the rapidly changing conditions. Mr. and Mrs. George A. Sherman and their two children arrived from Opesia county last week and are now the guests of Mr. Sherman's father, E. R. Sherman, chairman of the board of county commissioners, on his farm at Buhl. President F. F. Johnson of the First National bank came down from Wallace this week. Mr. Johnson said that northern Idaho had his share of unpleasant weather this winter, but conditions there were very satisfactory. The Oregon Short Line is adding 50 feet to its freight warehouse and building a platform four feet wide along the entire length of the building. The weather this winter, necessary by the increase of freight traffic. Mrs. H. F. Allen was suddenly called to Vancouver, B. C., on Thursday by a telegram announcing that her brother, William Metreger, had been accidentally shot. No further particulars were given. She will likely remain in Vancouver for several weeks. Berry & Swank are making rapid progress on their building adjoining that of the Consolidated Wagon & Machine Co. of Main avenue. The structure is 25x75 feet, two stories high and will be modern throughout. It is being constructed of cement blocks. The lower floor will be used by the firm as a plumbing shop and the upper story will be divided into offices. Al Page of Wardeer came down this week to count his losses. He now has so many that St. John Slindee cannot count them, so he claims. The right of way committee "touched" Mr. Page for \$200 before he had time to brush the dust from his clothing. He must have added another hundred to his count and called it square. Clarence Dietrich, private secretary to Governor Brady, was here on Tuesday. Mr. Dietrich said the governor was greatly disappointed because of his inability to address the graduating class of the Twin Falls high school this evening. He has been suffering from influenza for three weeks and his physical has forbidden him to leave home. Form letters will be sent by Mr. Dietrich will officiate in Mr. Brady's stead.

J. E. Redmond of Mountainville, Ore., is here for a visit and to look after his property interests. D. M. Winsor of the Western Motion Picture Co. came in on Thursday to take a look at his farm near Kimberly. Work is progressing on the German Lutheran church building on Third avenue west. The foundation is in and the walls are going up. P. J. Costello has commenced work on his new residence on Second avenue west. It will be a large, modern example of handsome design. J. D. Landis arrived this week from the east where he has been looking after the interests of the Twin Falls Shoshone Land & Water Co. of which he is president. Don McKay came over on Wednesday from Jerome. He said the North Side town was as lively as ever and building operations have not slackened. A. J. Wiley, consulting engineer, and C. MacVatters, general superintendent of the North Side company, are inspecting the work at the Salmon river dam today. Mr. and Mrs. H. O. Milner expect to move into their new home on Main avenue northwest this week. They have a large, imposing house which is furnished in modern style throughout. Thomas Costello returned this week from southern California. He spent the winter in Honolulu, returning by way of Los Angeles. Mr. Costello said he found Twin Falls much wherever he visited. H. L. Hollister came here this week from Chicago, noting the improvements, especially the work on the Salmon tract. Mr. Hollister expressed his satisfaction over the attitude of the people of Twin Falls with respect to the right of way question and praised their liberality. Don H. Bark, formerly foreman of the experimental farm in Buhl and now in the employ of the government, was here during the week looking after his interests in Buhl. Mr. Bark has a farm there which looks better to him today than ever. Mark Murtaugh has gone to Nevada to report on two large irrigation enterprises in that state. He will make a thorough investigation of both projects in the capacity of consulting engineer and will likely be absent for some time. Mrs. Murtaugh accompanied her husband to Nevada, where she will remain until he returns from Nevada. Superintendent MacVatters of the North Side company has received a Pine-Harford roadster for use on the work. The car was driven from Salt Lake City in one day by Mr. D. J. Dittler and came through without a scratch. Mr. Dittler brought the auto to Twin Falls on Thursday and turned it over to MacVatters. It is a 40-horsepower machine of pretty design. Gay Holahan and O. M. Gant represented Twin Falls at the trap shooting tournament in Boise. P. J. Holahan was also there. Likewise K. L. Eagan of Milner. Mr. Eagan had first day with him and was high gun the first day and second high the next. Pete Holahan led the professionals. The Twin Falls representatives, none of whom had ever shot in a tournament before, did very nicely. A number of members of the Eastern Idaho Press club, who attended the meeting in Gooding, took the train at Twin Falls on Monday evening. The Twin Falls press club was limited, as they and little time at their disposal. The editors spoke highly of the manner in which they had been treated in Gooding and were glad to hear they were new to them. They were amazed at the development on the North Side.

A cement sidewalk is being laid in front of the Smith and Bradley building on Main avenue. Mr. and Mrs. George F. Sprague have come to Boise where Mrs. Sprague will visit for a time. President C. B. Hurt of the Twin Falls investment Co. was in Twin Falls last Friday, attending a meeting of the directors at which it was decided to move the office of the company to Boise for a time, pending those desiring to file on lands on the west end. B. A. Halter returned from the east where he visited for several weeks. Mr. Baker stated that Twin Falls had nothing to complain of in the matter of climate. The east and middle west had suffered severely, he stated, and the fruit crop in most states would be seriously affected. Macaulay & Co. opened "The Lobby" clear store in the Rogerson hotel corner of the Twin Falls city square, which are of massive oak, are the work of the Adams, Pilgrimage Co. and are a credit to the planing mill. The store is well lighted and is very attractive. "The Lobby" is fitted up in the very latest style. "Volo," known in private life as Vern Lettner, who "keeps the gap" in the Twin Falls city square last Thursday afternoon which almost resulted in his death. The track on the chute down which he coasted was slick and he lost his footing and fell, causing him to miss connections below. He sustained severe internal injuries but his condition is now satisfactory. Fred Volst has sold his big Northern touring car to Archie Milner, and has purchased two Buicks, one for his own use and the other for Waterman. Fred Volst has been taking driving lessons from Carl Lind and is now quite a "shover." He has killed a few chickens and a dog or two and is thinking about fastening a sausage machine on the front of the car. Excavation for the Twin Falls Bank is in progress. The basement will extend under the sidewalk on both Main avenue and Shoshone street. It is a mammoth affair and necessitates the use of considerable steel space but nobody will object to the inconvenience. Twin Falls can well afford to be liberal in granting the rights of steel for the erection of buildings of this character. Careful examination of the young orchards shows that there will be quite a few peaches, pears and cherries at the Twin Falls this year and a full crop of apples, unless killing frost should come later. In some instances the peaches have been nipped and the cherries touched, but in no case so severe as to kill more than half the crop. Some orchards escaped entirely. The apple trees are in particularly good condition. Reports from local creek are to the effect that normal conditions prevail there and there will be fully as much fruit as there was last year.

owner. But this was but the beginning of the show. Down at the new stockyards the cowboys had a genuine wild horse race and soon it became known that one of the boys was going to ride him. The horse had the reputation of having thrown seven men in less than three minutes, and consequently the entire population turned out to see the fun. The horse was brought inside the enclosure in due form, roped, thrown down and added in his true cowboy fashion, and when finally allowed to gallop, he was a real beauty. The crowd for the high fence on all the spectators and the rider or twister, as he is called in cowboy parlance, commenced to make his preparations to mount. After taking off his coat (in spite of the hot shower) and rolling and lighting a cigarette, he approached the horse with all kinds of misgivings visible on his face. However, he mounted and did it in good style and without wavering, and of course, everyone expected to see him land in the dust, but let the horse did not move. Repeated efforts on the part of the twister failed to have any effect on the horse, and after a few minutes Jim's partner had to go to his saddle and fetch the omnipresent quirt. The quirt had the effect of making the broncho, but could not induce him to buck, and after several rounds in the enclosure, the gates were opened and the last seen of the wild west show was Jim riding the broncho off south just the same as any other old work horse, and the disappointed spectators had nothing to do but go home without an opportunity to discuss Jim's ability as a broncho, twister.

### CONTRACT FOR KIMBERLY WELL

IS AWARDED TO M. F. COCHRAN AND PAUL SCHAFFTER.

Well is Now Being Drilled on the School Ground—Doddson & Black of Pocatello Secure the Contract for the New Bank Building.

KIMBERLY, Idaho, May 12—A. J. Wilson's brother and wife from Omaha are here visiting Mr. Wilson and family. They like Idaho and are thinking of locating and going into business in Kimberly.

E. U. McIntire has installed a new ice derrick in his butcher shop to fill his refrigerator. It works perfectly and was made by our local machinists—Swearingen and Gill.

W. A. Gill has begun work on his new residence north of the depot that he recently purchased from the Kimberly Realty Co. He will build a nice cottage which will be quite an improvement to that part of town.

James Budd has a new "light runner" mail wagon to carry the mail on route No. 1 out of Kimberly. This makes a nice appearance as well as being quite comfortable to the driver.

J. B. Rice of Rock Creek, was here Tuesday. He has sold his stock in the Elevator Co., and will deliver it at once.

Barney Leonard is doing the brick laying on W. N. Rose's house at Hansen, and will soon have the brick work complete.

Marshall Barnhouse was called to the Palouse country last week by the serious illness of his wife's father.

W. C. Newbery has sold the north half of his ranch, south of the city limits, to a Nebraska man for \$122.50 per acre.

E. U. McIntire has been in Oxnard on business the past few days and returned Tuesday.

Newbery Bros. have sold their fine gray team to Mr. Culver for a price near the \$300 mark. This is an excellent driving team and is well worth the money.

A fall house greeted the local play "Snow White." Last week the various members of the play rendered their parts well, and about \$15 was the amount of the receipts, which was applied toward paying off the church debt. The management wish to thank the public for their attendance and good orders.

Miss Flossie Barrows is assisting in the dry goods department of the Kimberly Supply and Produce Co.'s store.

George Laft arrived Friday from California, where he has spent the last year. He started back in an automobile but encountered bad roads and a break down so disassembled the machine and returned on the train. He says an automobile is too slow travel to get back to Idaho any day. He has taken charge of his fine ranch near town and likes it better than California.

S. C. Dunn of Three Creek, Idaho, was here this week on business. He let the contract for building his new school to O. W. Oberbach, which will be completed in time for the fall term of school. He bought an additional two and a half acre tract adjoining his tract on a quit claim from Mr. Thomas and is making one of the nicest homes in town, which is appreciated by the realists of Kimberly.

The dance at the hall given by the baseball boys was well attended and a nice sum was taken in for the school. Their matter on a quit claim has been ordered and will be here in a few days. The ball grounds have been fixed up and are now in excellent condition.

The I. D. S. church was dedicated Monday afternoon and a ward organized, under the Casala stake, which includes the territory from Hansen to the west end of the county. The following officers were elected: Bishop B. Wilkins; first counselor, S. F. Siring; second counselor, Joseph H. Budwicks; superintendent of Sunday schools, Ed Perry. Among the notable members of the church present from a distance were Apostle Lyman and Messrs. McMurrin, Jack and Pank.

The school board recently re-elected Professor E. C. Davis for another term, and also Mrs. Davis and Miss Hall. General satisfaction is expressed over the election. The principal will receive a salary of \$125 per month and the assistants will receive \$70. Several other teachers will be elected later.

Mr. Bybee of Twin Falls is surveying an estate near the city. He recently purchased by Messrs. Thomas and Albert. The 40 north of the mill will soon be placed on the market in tracts.

The annual election of officers of the bank was held Tuesday. The directors were elected as follows: Henry Jones, H. P. Larson, Nephel Larsen, W. Webster, W. S. McCortch, Ed Claiborne and W. H. Turner. The old officers were re-elected. Bids for the erection and completion of the new bank building were opened and were as follows: Doddson and Black of Pocatello, \$16,222.00; Halferly, Kendall and Cavanaugh of Kimberly, \$17,024.50; H. O. Koepfen of Richfield, \$18,230.00; A. E. Reeves of Twin Falls, \$18,525.00; Blissett and Holmer of Twin Falls, \$18,950.00; Alway & Co. of Twin Falls, \$19,060.00. The contract was awarded to Doddson & Black. They built the schoolhouse here last year. Mr. Sampson of Twin Falls secured the contract for drawing plans for a heating plant; part of the work will be done on the installation while the building is being erected.

The contract was let last Saturday by the school board with M. F. Cochran and Paul Schaffter to put down a deep well on the school grounds. Work commenced Tuesday morning and the hole is going down fast. These gentlemen agree to furnish a well that will supply 2000 gallons per hour and charge \$2.00 per foot for drilling. They are also to guarantee water. This is something that Kimberly has need of for a long time and it is a big step in the right direction for the growth of Kimberly.

## BALSAIRE

### Percheron Society of America

Sire Calypso 25017 (4457) by Theis 25016 (40871) by Bealque (1902) by Brilliant 111-11116 (2919).

Dam Eloise 20895 by Tripoli 11110 (20034) by Gilbert 5154 (451) by Brilliant 1271 (765).

Calypso is the greatest sire in America, having won more prizes on stallion showing four of his get than any other stallion of the draft breeds.

Balsaire is richly bred in Brilliant blood; is one of the best sons of Calypso, being good enough to take the blue ribbon in the yearling class at the Great International Stock Show at Chicago in 1907. He is of that fashionable dark grey color; has the finest of high clean action; plenty of quality and while only a three-year-old, weighs 1900 pounds.

Will make the season at our farm, one mile east of Hansen.

## NORTH SIDE LANDS

We have listed with us eight 40-acre tracts which range from one-half mile to 1 1/2 miles from Jerome. This is good land and does not require residence thereon. The land is very good and is close proximity to Jerome makes these tracts very desirable investments. Write us for information and prices.

We have a large number of relinquishments for sale of North Side lands and the prices are very attractive. Remember that the Clover Creek lands sold at \$45.00 per acre, which is equivalent to \$10.00 bonus on North Side tract.

Our prices for relinquishments range from \$3.00 per acre bonus upwards.

There is considerable activity in lands on the North Side now and this is the time to buy if you want to invest, or to sell if you have land and wish to dispose of it. Inquiries cheerfully answered. Correspondence solicited.

# U. S. GOVERNMENT CAREY ACT LAND IN THE FAMOUS SNAKE RIVER VALLEY, IDAHO

There still remains about 20,000 acres of the finest fruit and farm lands in the world, to be entered in tracts of forty, eighty, one hundred and twenty and one hundred and sixty acres, in the Shoshone and North Gooding segregations, a part of the

## BIG WOOD RIVER IRRIGATION PROJECT

Water for the irrigation of these lands will be furnished by April, 1910.

### MANY TWIN FALLS PEOPLE

have recently made filings under the Carey Act on lands of these segregations, and a number of others have expressed an intention of doing so. This is the last chance the people of Idaho will have to secure valuable government land and first-class water rights under the Carey Act for \$35.50 an acre, payment of this amount being continued over a term of ten years. Would it not be wise to take advantage of this?

### Final Opportunity

Parties who desire to see these lands will be shown over the segregation free of charge by applying to our representatives either at Gooding, Richfield or Shoshone, or on application to me.

## RICHFIELD TOWN LOTS

are the best investment in town property anywhere in the State of Idaho at the present time. Water for the irrigation of over 40,000 acres of rich land was turned into the canals on April 1. This will result in the settlement of over 300 families on the lands immediately surrounding Richfield, insuring large increase in all lines of business pursued, and the continued and permanent advance of property values there.

WILL PETITION THE COUNTY COMMISSIONERS.

Ball Game Between Filer and Rupert Has a Turbulent Termination—Young Folks Enjoy a Barn Dance at the Walters Ranch.

FILER, Idaho, May 12.—Mr. and Mrs. F. E. Allen left Tuesday evening for their old home in Alabama, Ala., where they will spend about four weeks visiting with relatives. They expect to return by way of Seattle and take in the fair at the Exposition. Harlan Fisher and family have moved into the Dale house on Fifth street.  
 Wm. H. Hewes, who has been in Buhl for the past few weeks, has returned to Filer and engaged in the real estate business. Mr. Hewes is occupying a nice office in the Filer Films building on Yakima avenue.  
 Dr. P. McCreary of Twin Falls was in Filer Sunday.

Walter McCreary, Will Harris and the Misses Carson and Mrs. Klemann drove to Twin Falls Thursday to see the ball game between Twin Falls and the Occidentals of Salt Lake.  
 Mrs. M. E. Honk, who has been visiting relatives in Kansas, returned the first of the week and the family is settling in their new home, just south of town.  
 G. H. Erdman has installed a bulletin board in his pool hall, where an exact record of the baseball teams of the coming season will be kept.

H. Carnahan and family expect to move into their new residence, corner Yakima avenue and Sixth street, the latter part of the week.  
 The Menonite church is receiving a coat of paint, which adds greatly to its outer appearance. The inside walls are being tiled. The pews and other furniture will be installed this week, and soon the building will be ready for dedication.

S. C. Stewart, clerk of Filer camp No. 5515, Modern Woodman of America, on Monday of last week received a draft for \$200 in payment of beneficiary of Charles Andrews, whose death occurred April 1. The draft was delivered promptly to the beneficiary, Mrs. Elizabeth A. Andrews, wife of the deceased. Mrs. Andrews left Monday evening of this week for her old home in Benton Harbor, Michigan.

The Filer baseball team played its first real game of the season on the local diamond last Sunday, when they crossed bats with Rupert. The teams were very evenly matched and the game was exciting from start to finish, but we are unable to report the score, as the game ended in a row.

Quite a number of the young people of Filer attended the barn dance at the William Walters ranch, north of town, last Saturday evening. All report a good time.

S. C. Stewart, clerk of the Filer Commercial club last Monday evening, E. B. Ripley and S. C. Stewart were appointed as a committee to circulate a petition to be presented to the county commissioners in regard to incorporating.

The O. K. orchestra, with Victor Pense as manager, will give a dance in the Johnson hall next Saturday evening.

The McCreary ice cream parlor opened last Saturday and so far has been doing a rushing business. It is now located just west of the Filer Drug company in the building formerly occupied by the Filer Commercial club for club rooms. The building has all been remodeled and repainted and is up-to-date in every respect.

Miss Anna Kierman, who has been visiting her sister, Mrs. H. E. Fisher, left Monday evening for her home in Illinois.

Point out if you can any good quality possessed by any 24000 five-passenger car that the Cadillac 20-horsepower, \$1400 car, does not possess.

**GAUGING WATER AT MILNER DAM**

MEASUREMENTS ARE TAKEN BY GOVERNMENT.

Heyburn Baseball Team Defeats Milner in First Game of Season—Company Automobile Makes Run of 250 Miles From Salt Lake in One Day.

MILNER, Idaho, May 12.—Mr. and Mrs. J. H. Davison were in Twin Falls yesterday afternoon.  
 L. T. Pahm has moved his family into the house on Riverside avenue recently occupied by Mrs. Ella Fritz.  
 S. G. Parks of Tampa is visiting his brother, R. C. Parks, of the West or Lumber company.

P. W. Davis left Sunday evening on a business trip to Gooding expecting to be gone for several days.  
 E. C. LaRue, government hydrographer, assisted by Wm. O'Neil of Salt Lake, spent several days in Milner measuring the flow of water in the river and the North and South Side canals at this point.

Mr. and Mrs. L. F. Jones of Murphysburg were the guests Sunday of their daughter, Mrs. Rufus Hansen, at the company house.  
 A. J. Seckner, now in charge of the Milner area, has moved into the Hayes Cottage on Electric avenue.  
 C. A. McClelland and crew of Jerome are spending a few days in Milner settling stakes in the rock and across the island in the river at this point for the electric road.

Mr. C. D. Weaver of Twin Falls was a professional visitor in Milner Tuesday.

J. H. Meyer and E. A. Johnson came up from Twin Falls Sunday morning in Mr. Meyer's automobile to attend the ball game. They left Monday morning for Oakley and Albion on a several days' trip.

Hort Spencer returned Monday afternoon from Jerome, where he had been for a couple of weeks.

C. R. Larimer and L. T. Pahmer returned Sunday from a two days' fishing party on the Snake river, brought with them a fine lot of trout.

Miss Fennice Porterfield spent Monday and Tuesday in Twin Falls, having some dental work done.  
 Miss Ethel Moore of Twin Falls is the guest of her sister, Mrs. R. F. Jesse.

Frank Skazone was a Burley business visitor Monday.

Mr. and Mrs. George Schodde and Mr. and Mrs. Frank Adams of Heyburn attended the ball game Sunday afternoon.

Tommyson Bridger of Albion was transacting business in Milner Monday.

Bishop Smith of Marjon was in Milner Monday morning on route to Kimberly.

E. C. Schleck spent several days last week in Boise looking after business matters.

Mrs. R. C. Hughes and children of Ripon, Wis., arrived in Milner Saturday. They will spend some time on their ranch in the first segregation proving up. Dr. Hughes joined them at Minidoka Friday evening.

The new North Side company's automobile was brought to Milner Saturday from Salt Lake by F. L. Hotterill. They made the run 250 miles in one day. The machine has been purchased for the use of D. C. Macwatters, general superintendent of the Twin Falls North Side Land & Water company.

The Heyburn baseball team came down Sunday to play the Milner team. This was the first game of the season for Milner and as they had not had as much practice as they needed and for several other good reasons the score was very much in favor of Heyburn. There will be a return game Sunday, May 16, at Heyburn and we all hope for better results.

The daily passenger train was delayed about an hour and a half at Milner Sunday on account of some repairs having to be made on the engine. This delay enabled a number of people to come over to town to take lunch at Riverside Inn and view the dam.

## KING HILL VILLAGE OPEN ON MAY 20

TOWN LOTS AND FARM TRACTS TO BE SOLD.

Elmore Development Company Will Have Charge of the Opening - Is Destined to Be Distributing Point for a Large Area.

King Hill, the youngest member of the stretch of southern townships, will make her debut on Thursday, May 20. For a debutante, the new town has many advantages. Nature placed it in a favorable location and its sponsors propose to give it every opportunity. As the distributing point for the King Hill Carey act segregation has thousands of acres of magnificent land to draw from. On the north is the Clover creek extension of the Twin Falls North Side project, while adjoining the King Hill project on the south will be the big Brunson tract. With these advantages King Hill should prosper, and it undoubtedly will. Being on the main line of the Oregon Short Line, since King Hill an added advantage.

The King Hill tract is destined to support a large population. The soil is exceedingly rich and deep, the water supply unlimited and the irrigation works of the very best construction. With an altitude of only 2500 feet, the King Hill tract can grow the best of fruit and grow it earlier than most sections. It is inevitable that the tract will soon be cut up into small holdings and every acre placed in cultivation. The land is much too valuable to remain in sagebrush.

In addition to the town lots, a number of small acreage tracts will be placed on the market. These tracts vary in size from 2 1/2 to 10 acres and should make excellent fruit farms. Acreage and lots will be sold under the Carey act rules, choice being determined by drawing. Registration will open on May 18 and close at noon on May 20. A deposit of \$100 is required of each prospective buyer, which will be returned after the drawing provided no selection is made. The opening is being conducted by the Elmore Development Co. of which Frank B. Cross is general sales agent at King Hill. Excursion rates from Idaho points will be in effect to King Hill on May 18 and 19.

To the Patrons of the Twin Falls Waterworks Company, Limited.

Considerable adverse criticism has been directed at the water supply furnished the city of Twin Falls, both in the public press and by private individuals. Some of the criticism has been in a measure justified. However, it is unjust to the company, if it should be remembered by water users that the defects in the water supply are being remedied as fast as men and money can do it. The company planned to have the five million gallon reservoir and the filter plant in commission before this time, and fully believed they would be. But unfortunate delays of one kind and another for which the company is hardly responsible, have prevented pushing the work as rapidly as planned. The company and its officers are just as anxious as any water user can possibly be to have a perfect system and water supply, and are sparing no expense to bring about that end of affairs. The reservoir will be in use the latter part of the week. The filter will be in operation within 10 days or two weeks. When the filter is in operation, the water will be clarified and purified to an extent to satisfy the most fastidious.

It is only fair to say, too, that the efficiency of a water system and its pressure depend in some measure upon the water users themselves. If taps are left open, leaking stopcocks,

Write  
**C. B. HURTT, Manager Land Sales Dept.**  
BOISE, IDAHO

baths allowed to go unprepared, sprinkling hose left to run without nozzles and waste of water and water pressure permitted, in the various other ways that many of the water users practice, it cannot be expected that any system will keep up to its own best standard. The company asks the co-operation of the water users and promises a water system and a water supply that will be worthy of progressive Twin Falls.

There is one other thing that should be borne in mind in fairness to the company, and that is the phenomenal growth of Twin Falls, which growth has far exceeded the hopes and plans of the most sanguine. The town has fairly outdone itself in its rapid strides forward and has upset the calculations of even the most far-sighted. A water system which as originally laid out was adequate to supply a community much larger than it was then believed Twin Falls would ever be, soon became inadequate. Changes were immediately made to meet the rapidly changing conditions and still other changes and improvements were soon found to be necessary and are being made in anticipation of the further growth of Twin Falls.

All that the company asks is to be met in the same spirit in which it is working, which is to give Twin Falls a water system which will help "boost."

TWIN FALLS WATERWORKS COMPANY, LIMITED.  
Dated May 11th, 1909.

# TOOK PITY ON THE BACHELORS

AND INVITED THEM TO A HOME COOKED DINNER.

Now the Buhl Bachelors' Club is in Danger of Losing Two of Its Hitherto Staunch Members - Work Commenced on the Creamery.

BUHL, Idaho, May 12.—Work was commenced last week on the foundation of the creamery and is progressing rapidly. The building will be completed in a month, and will soon after be turning out the finest butter to be found in the country. J. W. Thomas arrived in Buhl from Moscow Saturday to take charge of the works and is now superintending the construction of the building. He is a graduate of the Idaho college at Boise and well qualified for the position he is to occupy. He will be held in better esteem in the creamery.

The Pathfinder passed through Buhl Saturday morning at 7:45. So great were the roads around Buhl that the machine sped to its full limit, and as a result all the occupants were without headaches when the car passed down Broadway, but they did not mind that, as the weather was fine.

Harry Sharp opened the Delmonico restaurant on Main street in the building formerly occupied by the Buhl restaurant. The new eating place opened for business yesterday. A daughter was born Wednesday night to Mr. and Mrs. J. W. White. Mother and child are doing well, and the male population are still smoking on the father.

W. S. Harris took occasion last Sunday to show a few of the bachelors' club how happy and comfortable they might be. He invited Ben Howard, Ben Williamson and P. W. Monahan to have dinner with him and Mrs. Harris. The invited guests lost no time in accepting the invitation, nor did they keep the cook waiting their appearance for the feast. They were there on time and had time to spare, and the way they made the good things disappear left Mrs. Harris no reason to suspect that her cooking was not first-class. The two boys looked sorry that they could find room for no more, as to the other, he does not know how he looked, but he felt like taking some home with him. Messrs. Howard and Williamson have been wearing a serious cast of countenance ever since they had that feast, and it looks very much as if they would take long chances on incurring the displeasure of the rest of the members of the club by becoming bachelors. It would not be hard to capture them, now.

Don Bark arrived in Buhl Sunday from Boise. Mr. Bark was the fore-

man of the experimental farm here in 1908. He still owns property on this street. The agency employed by the government in the reclamation service. His many friends in Buhl were glad to see him. The street opened for business last Saturday.

Mrs. Blittie Van Pintel and her two daughters, Misses Lizzie and Jennie, returned from their trip to the proprietors of the Vienna cafe on Broadway, having purchased the establishment last week from Mr. Thompson. Mrs. Van Pintel left for the outside Monday evening.

Work was commenced Saturday on the foundation walls of the Baldwin building on Broadway. When completed, the building will be occupied as a general merchandise store.

County Attorney W. E. Guthrie was in Buhl yesterday on legal business. Frank Clark was appointed constable Monday in place of W. T. Shodgrass, resigned.

Jim Patton returned from Twin Falls Monday. He spent the most part of last week at the county seat. He wanted to take a sail in the airship and was badly disappointed when it was unable to do so. He wanted to get up high enough to see what Misspuri looked like at a distance.

James Walker and Jack Curtis of Rock Creek were Buhl visitors Thursday.

Frank Fuqua of Pocatello registered at Hotel Buhl Thursday.

J. B. Steele was over from Three Creek Saturday on business.

Judge C. O. Stockinger was up from the county seat Saturday on legal business.

W. C. Williamson of Denver, Colo., registered at Hotel Buhl Monday.

Mrs. E. T. Meredith of Des Moines, Iowa, is a guest of Hotel Buhl.

Charles A. Marsh came up from the county seat Monday on a short business trip.

E. E. Hicks was over from Roseburg Monday, transacting business with our merchants.

County Assessor George Harlan and Walter Craven drove up from Twin Falls today and spent a short time in Buhl transacting important business.

F. D. Bradley and G. S. Burgess of Twin Falls were Buhl business visitors last week.

Frank Eveleth, who has been sick in Salt Lake for about two months with pneumonia, and also had the misfortune to lose his wife there, Mrs. Eveleth having died as the result of an operation, returned home Sunday. He looks as though he had a hard struggle, but he is doing nicely and will soon be fully recovered.

Miss Celia Crumpton of Kallispell, Mont., is stopping at Hotel Buhl.

F. W. Wardwell of Wendell was in Buhl Monday for business.

Larson & Swanner are moving their stock of general merchandise into

their new store rooms on Main street. Miss Grace Temple of New York is a guest of Hotel Buhl.

H. B. Lewis of Twin Falls is in Buhl today taking final proofs.

C. W. Ballinger is over from Wendell today on important business.

R. C. Barnes and Belle Taylor are up from the Magic city doing business with Buhlers today.

The Twin Falls Investment company has moved its general office to Buhl. H. H. Cost, the general manager of the company, opened up the office for business this morning in one of the north store rooms of the hotel.

## SCHOOL NOTES

The members of the Eighth grade entertained those of the Seventh grade in the Bickel school auditorium on Wednesday afternoon. Appropriate decorations in class colors greeted the guests. The following program was skillfully rendered:

Piano solo, "The O'Connell," Arland O'Neil.

"Green Mountain Justice," Willie Turner.

Piano duet, Lesley Williams and Mary Miller.

"The Last Hymn," Margaret Conway.

Indian club drill by nine girls.

Piano solo, "The Oration on Garfield," Mary Griffith.

Chorus, Eighth grade girls.

Class history, Pauline Davis.

Piano solo, Olive Van Meter.

Class prophecy, Carl Hafer.

Class song.

The high school class day program was carried out on Thursday afternoon as follows:

Piano duet, "Charge of the Hussars," (Wynlath) Ida Crider, Wilton Peck.

President's address, James Shields.

Vocal solo, "Good-bye Sweet Day," (Vain) Ethel Davies.

Class song, Vera Cole.

Oration, John Swan.

Violin solo, "Angels Serenade," (Brang) Isador Friedman.

Recitation, Allie Turner.

Vocal solo, "The Song That Reached My Heart," (Jordan) Wilton Peck.

"To the Juniors," Kenyon Green.

A Gilpinse of the Future, Helen Ball.

Piano solo, "Pons Le Eoin," (Dunant) Miss Ross.

Class will, Ida Crider.

Farwell address, Hazel Shields.

Class song, class.

The commencement program, which will be given in the auditorium this evening, will consist of:

Invoication, Rev. Parker.

Piano solo, "Let Mazurka," (Saint-Saens) Audrey Hoas.

Commencement address, Hon. John T. Morrison.

"My Morning Song," (Rand) girls' chorus.

Presentation of diplomas, president of school board, J. A. Waters.

"Let Again 'Tis Evening," (Veanze) girls' chorus.

Motto—Onward and Upward.

Colors—Green and white.

# Take a Hint

## WAKE UP

to the fact that there is Comfort in a Soft Collar Shirt

Flower—White carnation.

Class Roll—Allie Mae Turner, Bertha E. McDougall, Hazel Elma Shields, John Swan, Vera Margaret Cole, Kenyon Green, Ida Crider, James Hecht Shields, Helen Holmes Ball.

Governor Brady was to have delivered the address, but on account of illness was obliged to cancel the engagement. Former Governor John T. Morrison will appear instead.

The party who was to have rented the store rooms in the Gilbert building not having completed the necessary arrangements, persons desiring to rent these rooms may now address the owner regarding same. A. Gilbert, Twin Falls, Idaho.

FOR SALE—On easy terms, one 25-horsepower Russell traction engine, practically new; has had very little use and good care. Inquire of J. W. Craven or W. T. Potts, Twin Falls, Idaho.

The Cadillac 30-horsepower is the best five-passenger car that money and brains can produce, regardless of cost. \$1400 at the factory.

## FRUIT TREES.

General line of fruit trees and plants for the family orchard. We have the finest stock of 150,000 apple trees one year old for commercial orchards grown in this country. If you are going to plant an orchard, write us or come to the nursery and see the trees.

We still have some of the leading varieties unseed. They are propagated from the best of fruiting trees and are absolutely true to name—thrifty, healthy and well-rooted.

The nursery is two miles north of Twin Falls, near the river canyon. BLUE LAKES NURSERY, J. B. Perrie and B. W. Steloum, Props. Telephone, 184-82-6 rings.

Notice.

Opening of the Coeur d'Alene reservation to take place soon. For information write the Coeur d'Alene Reservation Co., Lewiston, Idaho.

Legal blanks of all kinds at the News office.
