Martin Schwab, Jr.

TWIN FALLS, IDAHO.

Importer and breeder of Percherons, Belgians, Shires and Coach horses.

My second importation of Stallions will land Thursday. They consist of three Royal Belgians and one German Coach Stallion. They are as good as money can buy, coming three and four-year old and weighing up to 2500 pounds. Any community in need of a Stallion will find it profitable to inspect these grand horses or write me. I guarantee my Stallions and, being a resident and property owner here, my guarantees can be made good easily. Prices and terms most liberal to responsible parties and a square deal to all. These Stallions should go into the hands of good men at once, and will leave thousands of dollars in this section of the country.

You will find the horses at McMaster & Smith's big sale barn until I can build barn on my own property on Blue Lakes boulevard. I am here to stay—support an honest home business.

PROVIDING FOR THE CERTAIN FUTURE

WITH AN ICE CREAM SOCIAL ON JUNE 26

Kimberly Ladies' Will Provide Refreshments Proceeds from Sale of Which Will be Used in Defraying Cost of Graves Walks.

KIMBERLY, Idaho, June 9.—Sweatmen and Wilson have begun work on an addition to their hardware and furniture store which is being built in the rear. This room will be used for a workshop and to store surplus goods, but the building has already been found to be too small. Their business is growing and Kimberly is glad to know that they have more room to do business.

Wm. A. Gill has moved into his new residence which he has built on Turner's addition. This is a nice house and helps the looks of that part of town.

R. R. Steele has contracted for the lumber to build a new residence on the 10-acre ranch which he recently bought from P. W. Hess.

The Ladies' Pioneer club met last week with Mrs. Hummel east of town. Over 20 ladies were present and a nice time reported by those present. The next meeting will be held at the home of Mrs. Martin Sullivan south of town.

A. McDonald has been on the sick list for some days past, but is better at this writing.

The hall is being repaired and painted. Mr. Campbell has finished the wood work and Frank Schell is decorating the inside wood work and walls. The rolling is being painted white. This will greatly add to the looks of the building when completed.

Martin Sullivan is having a deep well drilled on his large ranch two miles south of Kimberly. Cochran and Schaffer have the contract and it is hoped that water will be struck at a reasonable depth.

Mrs. Ed Perry expects her sister to visit her soon from Provo, Utah.

The T. & K. Milling company has received several cars of wheat the past few days, which is being stored in its warehouse. This will insure the mill of plenty of wheat to work on during the summer. They have enough on hand to turn out good flour until the new crop comes in this fall.

J. S. Black is on the ground looking after the bank building. He has erected the lime house and is getting the basement ready to put in the framework for the concrete forms. A car of dimension lumber has arrived and sand will be on the ground in a day or two.

The Ladies' Pioneer club will meet on this occasion.

The ball game between the Citizens and the regular team was played on Thursday afternoon. Everybody enjoyed the game which resulted in a score of 13 to 1 in favor of the regular team.

W. H. Thomas and E. T. Newbery had an exciting runaway last week on the streets of Kimberly. They were in a race to see who could get off the car on one of the bridges. The team was rather wild anyway, so this gave them a chance to bolt, and things were lively for a while. The accident was fortunately in getting off the car, a few bruises and a broken buggy.

A sister of Mrs. Roy McMaster arrived last week from Missouri and will visit here for a while.

Mrs. E. C. Youngs and Miss Alice E. Norton left Friday for the east on a visit.

Mrs. W. P. Breckon and son, will leave the last of the week for a visit to Nebraska friends and relatives.

The father of H. M. Fletcher is here from Illinois visiting his son. We hear that Mr. Fletcher will return to his old home with his father, which is bad news to his many Kimberly friends.

Fred A. Yoigt was here in his auto Saturday, when he met Messrs. Buhl, Baird and several other prominent farmers, who came in on the train from the east. They got off and accompanied Mr. Yoigt to Twin Falls in his machine.

Rupert Merrill has returned from attending school in Utah and is spending his vacation with his parents east of town.

Hanson and Kimberly played ball here Sunday. A good crowd was present and a good game was put up by both sides. The score resulted in favor of Kimberly, being 11 to 6.

Mr. Milton has bought a tract from Frank Burritt and also one from C. T. Newbery. The latter was recently purchased from the Albert tract and Mr. Newbery turns it at a nice profit.

George F. Peterson sold three acres to Hyrum Strong at \$175 per acre. This is without any improvements, and is still going up around Kimberly.

Excursions East via Oregon Short Line.

To Denver, Omaha, Kansas City, Chicago, St. Louis and other points, June 4, 5, 11, 12, 16 and 20th. See agents for later dates, and further particulars.

Money to lend on improved property near Twin Falls. Henry J. ...

Students of the Normal school who live in the southern part of the state. Of the 200 students the Normal over one-fourth of them come from the south— from Boise, Pocatello, Nampa, Meridian, Payette, Weiser, Halley, Mountain Home, Caldwell, Holleruss and Twin Falls.

This is the first time a special train has been chartered for the purpose of taking the normal students home to gather. A chaperone accompanied the students. The newly built branch line of the Oregon Navigation company from Hilaria to Lewiston shortens the trip to and from south Idaho by more than 12 hours. By having a special train, the inconvenience and extra travel met with in the southern part of the state were entirely avoided. In September next a special train will leave Pocatello for Lewiston bringing the old and the new students to the Normal school. This train, too, will be in charge of a chaperone, who will take care of the students en route for the north.

Miss Martha Sawyer of Twin Falls returned home on the special train.

Tell Them That You Saw Me

And That I Saw the Wood, But Tell Them That the Wood I Did Not Saw.

Sounds somewhat involved. We not only saw the wood, but we also saw the wood. If you ever saw our wood you saw the finest timber that ever went into a stove. What's the use of stewing when you can get a nice, quick fire by using our wood? Save your fuel bill and your temper by buying your wood from us. You will feel better and live longer.

MURTAUGH'S WOOD YARD

Cambronic Registered Percheron Stallion

Bred by Chevalier, imported by Dunham & Fletcher, Wayne, Ill. Foaled April 20, 1904. Jet black with star on forehead. Wought 1800. This horse is stronger, firmer blood than any animal ever imported to this country, tracing back to the famous Brilliant on both sire and dam's side. Will make the season at the Farmers Real Estate & Livestock Co's farm, Twin Falls, Idaho.

USE

MILWAUKEE

HARVESTING AND HAYING MACHINES

because the Milwaukee machines are the most satisfactory machines in the world.

Because Milwaukee machines are strong, durable, simple and efficient.

Because Milwaukee machines are correctly designed, and in construction the best workmanship is employed, and only the highest grade of materials used.

The Milwaukee machines have proved of great assistance to the farmer, therefore should use the Milwaukee line because in summer, fall and winter, the Milwaukee leads.

Storker Wagons and Buggies; Binding Twine and Machine; Harness, Tents and Wagon. NOTHING BUT THE BEST.

CAMBRONIC Twin Falls

BREVITIES

Mr. J. W. Howe, came over from Abernethy on Monday night.

A. Carter is completing a pretty seven-room bungalow on Sixth avenue east.

Mrs. W. A. Stuart left on Thursday for Kansas, where she will stay for a time with her relatives.

Dr. D. Brown has moved his dental parlors to the Moorman building just completed on Main avenue.

Dad' Fred of Salt Lake City is in Twin Falls, looking for solo players. Fred Volgt and Mark Muriagh preferred.

Daniel Hamer has been serving as court stenographer this week in the absence of Max Hartwig who is on guard elsewhere.

C. P. Hoff, who is now division engineer on the southern branch under P. H. Robinson, has arrived and assumed his duties.

A. V. Irvin came in from his farm on Sucker flat Monday, brown as a berry and hard as nails. He reported everything lovely in that vicinity.

Sam Woodhead is building a two-story house, 28x30 feet on his farm north of town. It will be a pretty house and Sam's friends hope he may live long to enjoy it.

The Workmen of the World will meet in Union hall on Friday evening, June 17, at 8 o'clock. All members of the order are urgently requested to be present at this meeting.

All Germans are cordially invited to attend the German Lutheran service at the Christian church next Sunday afternoon at 2 o'clock, to be conducted by the pastor, Martin O. Mueller.

The resignation of Street Commissioner Ryan has been demanded by the city council. It has been charged that Ryan had worked done on his farm at the city's expense and an investigation will probably be made.

C. A. Robinson and H. H. Steadman, both from Shelton, Neb., are among the recent arrivals to locate in Twin Falls. Quite a number of workmen moved to Twin Falls where they are heartily welcome.

Building permits have been granted by the city council to D. B. Moorman and George B. Carrico. Mr. Moorman is erecting another building on Elmore street and Mr. Carrico has the foundation in for his structure on the same thoroughfare.

George H. Jacobs and Miss Rosalina A. Hill were married in Twin Falls this week. The bride recently arrived from Minnesota and the groom is well known in Twin Falls where his many friends will be glad to see him.

where she will visit her relatives. Mr. Sweeley accompanied his wife to Idaho. He is now engaged in deting the family dog which is pounds overweight as the result of overeating.

The Dreamland dancing pavilion, 50x100 feet, solid maple floor, one of the best in the intermountain region, will open during the last week in June. It is located on Third avenue west, near Sheoshone street. Further details concerning the opening will be furnished later.

The city clerk has been directed to purchase an automatic water pressure gauge which will be installed in the fire hall. The gauge will keep an accurate and permanent record of the pressure in the mains and will show the character of the fire protection afforded by the Waterworks company.

Del Sprague attended the opening of Hartman last Saturday. He reported a splendid crowd and a very large sale of both lots and acreage.

Paul August Hagner, a former subject of Emperor William in Germany, was granted his final naturalization papers in the district court this week.

General Manager Bancroft, Chief Engineer Ashton, Superintendent Jones and other officials of the Short Creek line in Twin Falls on a special train yesterday and went to Bull this morning.

Henry Belmont, the Milner merchant was drafted as a juror and has been chafing in Twin Falls all week. Judge Walters excused him for good behavior on Thursday evening and he went home today.

A. P. Senlor marketed the first strawberries of the season on Friday June 4. He reports a splendid crop of uniform berries. The Blue Lakes berries made their appearance this week, about a fortnight later than usual on account of the backward season.

C. D. Thomas left on Wednesday afternoon for Nez Perce, Idaho, to look after his property interest. The advent of the Northern Pacific has caused quite a stir in Nez Perce and there will be a hold on their property there, will profit materially thereby.

M. H. Pape has been awarded the contract for the erection of a two-story business block which D. Lyman is to build on Second street east, between Second and Third streets east. The structure will be 26x100 feet with a full basement. It will be built of brick, with a concrete foundation.

Wm McDonald arrived this week from Meadow Grove, Neb. He was engaged in the mercantile business there but has sold out and will locate on the Twin Falls tract. Mr. McDonald sold his farm near Bull last fall for \$75 per acre. He will bring his family here so soon as he is settled.

Amos Walton died at the home of his daughter, Mrs. Ball, seven miles east of Twin Falls, on Thursday, June 1. The funeral occurred on Thursday, June 3, interment being in the Twin Falls cemetery under the direction of J. J. Miller. Deceased was 82 years old and was the grandfather of the Ball brothers, who have the heartfelt sympathy of many friends.

William Cheek will leave on Monday for Seattle where he will take charge of the Twin Falls county exhibit. He is prepared for the forwarding of all exhibits left in Darrow Bros. seed store, Twin Falls. It is highly desirable that exhibits should be forthcoming as fast as possible as the display thus far obtainable is by no means representative of the county.

June, an inspector will be sent to Twin Falls to report upon the application for city fire delivery and ascertain if the requirements in the way of sidewalks and house numbering have been complied with. The Twin Falls postoffice will exceed the revenue requirements by over \$5,000.

The two criminal cases on the district court calendar were disposed of this week. In the first case, that of the State vs. Joseph O. Toiman, in which rape was charged, the jury brought in a verdict of acquittal. "Gully of assault" was the verdict in the case of the State vs. W. Coffey, also charged with rape. Margaret Moon was granted a divorce from Daniel P. Moon and given custody of the minor children. Judge Wallace adjourned court on Thursday evening until Monday morning, June 14.

Where he examined the project and the southern part of the state. He will leave in a day or two for consultant on two other important projects, one under consideration in Oregon and the other in contemplation in Washington. He will make a report on the feasibility and probable cost of the latter.

While Mark Coffin was planning along in his automobile the other day he had occasion to blow the horn while approaching a farm house. A flock of geese mistook the honk for a friendly greeting and rushed out into the road, greatly to their own and to Mark's confusion. Mr. Coffin is now fully convinced that a goose lacks intelligence and he is going to change the tone of his horn to avoid future trouble.

P. H. Hopkins, general commercial superintendent; N. R. Jones, commercial superintendent for Idaho, and H. E. Simpson, general superintendent of traffic of the Shoshone Mountain Bell Telephone Co., arrived in Twin Falls on Saturday and left Saturday afternoon for the west, overland. They came for the purpose of locating a toll line from Bull to Boise by way of Glenn Ferry which the company will build, this summer.

Pickpockets have been active on Oregon Short Line trains on the Idaho division of late. Several citizens of Twin Falls have been "touched" and the officials of the road now have detectives on every train. The pickpockets work in pairs and travel in Pullmans. According to reports of lessee men on the railway officials, the pickpockets must have secured over \$1,000 in cash during the past 10 days.

William Cheek has sold his farm, the southeast quarter of section seven, township 10, range 18, to the Woods Brothers of Shelton, Nebraska, for \$110 per acre. The deal was made through Hamilton & Newton. The farm cost Mr. Cheek \$50 per acre not so very long ago. It is in a high state of cultivation and is a magnificent piece of property. Mr. Cheek has no intention of leaving Twin Falls and will secure another farm.

A special train, bearing 60 members of the Chicago Association of Commissioners, is due in Twin Falls tomorrow, Saturday. The party is composed of bankers, bond men, merchants and others prominent in the business world of Chicago. They are on their way to the Seattle exposition. The train was routed another way, but through the efforts of H. L. Hollister the routing was changed to take in the side trip to Twin Falls.

The second unit has been successfully installed at the Shoshone falls power plant and is in operation. From the level of the outlet pipe of the first unit to end of the bulleye, a distance of 13 feet, the end of the penstock was found to be filled with sand in which a number of bull heads were embedded. The fish were alive and active. The sand was beautifully washed and will make the finest kind of building material. It will be saved for use when the power plant is enlarged.

President Frank H. Buhl of the Twin Falls Land & Water Co. of Sharon, Pa., George A. Baird of Chicago and Ira Bassett of Cleveland, Ohio, executors of the estate of Felix L. Kimberly, and Judge Wallace of Newcastle, Pa., were in Twin Falls last Friday and Saturday. They came west to attend the annual meeting of the directors of the Twin Falls Land & Water Co. Mr. Buhl, Mr. Bassett and Mr. Baird were exceedingly well pleased with the crop conditions and the general outlook on all parts of the tract. They drove from Kimberly to Bull in automobiles and had a good look at the country.

FOR SALE—Fifty full blooded White-Leghorn-hens. CHEAP. Apply PERCY KINGSBURY. Ranch one-half mile NW of city.

LOST—On road between Hendrick's blacksmith shop and Kimberly, on 30-40 Winchester rifle. Reward if left at Star livery stable, Twin Falls.

Notice for Publication—Final Proof. J. Walter M. Heyl, of Bull, Idaho, who made entry No. 2423, under the provisions of an act of the legislature of the state of Idaho, commonly known as the "Carey act," approved March 2nd, 1899, which embraces the 10% of NE 1/4 of section 20, township 10 S., range 13 E. B. M., do hereby give notice of my intention to make final proof to establish my claim to the land above described, and that I expect to prove that I have resided on, reclaimed and cultivated said land as required by law before H. B. Lewis at Bull, Idaho, on the 23rd day of June, 1909, by two of the following witnesses: G. H. F. C. Ware, D. C. Weaver and J. H. Heyl, all of Bull, Idaho.

W. M. HEYL, Entryman.

FRICION MUST BE ELIMINATED ON THE RAILWAY

IN GOVERNMENT RECLAMATION SERVICE.

Secretary Ballinger Reported to be Disatisfied With the Conduct of the Bureau and May Depose F. H. Newell as Its Head.

Unless there is a change of program, F. H. Newell will retire from the office of director of the United States reclamation service, some time during the coming fall, probably to be succeeded by some man now in the government service, says a Washington dispatch to The Statesman. When that man will be has not yet been determined, but the indications are that he will, in addition to an engineering education, have a comprehensive knowledge of the law. Mr. Newell, unless he so desires, will not sever his connection with the reclamation service, but will be retained as an engineer—probably a general consulting engineer.

About the time there was a change of administration it was learned that certain western senators were anxious to secure the removal of Mr. Newell from office. That effort failed. In fact, those who talked most about securing the removal of Mr. Newell were the last to make any serious effort to accomplish their purpose. The agitation they started was of short duration. In time it completely died out.

But it develops that Secretary Ballinger is not altogether satisfied with the way the reclamation service has been conducted. While he finds no evidence of corruption or crookedness; no yielding to political influence; no flagrant maladministration, he finds more or less dissatisfaction, some little friction, and what he is inclined to regard as looseness in the conduct of that bureau of his department.

The situation in brief, is this: While Secretary Ballinger finds no fault with the engineering work of Mr. Newell, and has respect for his ability as an engineer, he has grown strongly to the opinion that he can find a more satisfactory administrative officer to take general supervision of the reclamation service, and become its business manager, so to speak. He recognizes that Mr. Newell's abilities lie along the lines of engineering rather than administration, and it is that fact which inclines him to the opinion that a change should be made. By retaining Mr. Newell as an engineer, he can save to the reclamation service the valuable advice of the present director on all problems affecting construction, while by appointing a new director he believes he can overcome those unsatisfactory features of administration which do not meet with his approval.

Secretary Ballinger is not ready to recommend a change at the present time, for he desires to get more detailed information before taking such a radical step. During the summer the secretary will personally go upon a number of irrigation projects, especially those that have given rise to complaint and to trouble. On the ground he will find out for himself what has led to unsatisfactory conditions, and who is to blame. If his investigation fails to bear out his present belief, and if he is satisfied that no fault attaches to Mr. Newell, as director, he will alter his plans, and Mr. Newell will remain at the head of the reclamation service. On the other hand, if investigation sustains the secretary in the impression he now holds, he will recommend a change in favor of his return to Washington in the fall.

The inclination of Secretary Ballinger to urge a change in the head of the reclamation service is not due to the activity of politicians who have quarreled with Director Newell; it is not due to the recommendation of any one. It is due to his own experience with the reclamation service since he became secretary of the interior. As a government machine, that service is not running as smoothly as might be desired. The entire harmony between the service and the present head of the interior department. On many details of administration the reclamation service under previous secretaries, has followed a policy that does not meet with the approval of Secretary Ballinger. Being a man of high standing, Judge Ballinger insists that his ideas be followed by all branches of his department.

It should be said, in full justice to Mr. Newell, that he has not worked at cross purposes with Secretary Ballinger, but rather at his direction. Nevertheless there is one fact that stands out between the secretary and the present secretary that was noted between the service and Secretary Garfield. Under Garfield the reclamation service took the lead, and the secretary approved; now the secretary takes the lead, and the service must follow his directions.

Sale of State Lands.
Burley, Idaho, June 15, 1909.
Five 20 acre parcels in each direction from stations in Idaho, Mont., Ore., Utah and Wyoming to Burley, Idaho. Children under 5 years free and under 12 years one-half fare.
Dates of sale and time from stations in Idaho and Oregon tickets will be sold June 12, 13, 14, 15. From all other stations June 12, 13, 14.
Continuous passage. Final return June 25, 1909. For further information inquire of agents Oregon Short Line.

5,000 Acres State Lands.
To be sold at auction at Burley, Idaho, on June 15th. Reduced rates will be made at Oregon Short Line railroad; tickets on sale from Idaho and Oregon points June 13th, 14th and 15th; from Utah and other points June 12th, 13th and 14th. Agents for rates or write W. T. Jack, Burley, Idaho, for further particulars.

STRAYED—A black mare, mule weighing 900 or 1000 pounds and about three or four years old came to my place. Inquire T. J. Fitch, 37 1/2 miles south of the Falls, rural route No. 2. No liability, pay charges and take her home.

Dam Eloise 20985 by Tripoli 11110 (20034) by Gilbert 5154 (401) by Brilliant 1271 (795).
Calrpo is the greatest sire in America, having won more prizes on stallion showing four of his get, than any other stallion of the draft breed.
Balsaire is richly bred in brilliant blood; is one of the best sons of Calrpo, being good enough to take the blue ribbon in the yearling class at the Great International Stock Show at Chicago in 1907. He is of that fashionable dark gray color; has the finest of high clean action; plenty of quality and while only a three-year-old, weighs 1900 pounds.
Will make the season at our farm, one mile east of Hansen.

HORSE OBJECTED TO THE BARBER
 AND TOSSED HIM SKYWARD FOR A TIME.
 Filer Citizens Are Treated to an Exciting Exhibition of Broncho Busting Involuntarily Given by Local Tonsorial Artist.

FILER, Idaho, June 9.—Mrs. R. E. Brown is spending a few days in Twin Falls.
 Rev. Charles F. Wheeler returned last week from an extended trip through Oregon.
 D. H. Davis, who had been in the Twin Falls hospital for the past three weeks, returned to Filer on Friday of last week.
 Miss Alice Carnahan is now keeping books for the Filer Hardware company.
 E. M. Savage of Burley was visiting in Filer the first of the week.
 Ben Hirly was in from the Daum ranch and spent Sunday with friends in Filer.
 Lew Morehead, who came here about four weeks ago from Aberdeen, Wash., has bought a 40-acre ranch from N. V. Sharp north of this city. Mr. Morehead expects to move his family here and take up his residence here at once.
 A. V. Douglas, former editor of the Filer News, who sold out his paper here last fall and located in Meridian, has again sold out in Meridian and moved to Nyssa, Oregon, where he has purchased a newspaper plant.
 E. B. Harding, brother of M. B. Harding of this city, arrived the first of the week from Troy, Kansas. Mr. Harding expects to spend the summer here.
 Mr. and Mrs. Charles Wetherbee spent Sunday with Mr. and Mrs. J. Searls at their beautiful country home southwest of town.
 Mrs. H. Drannell, who had been spending a few days with her husband in this place, returned to her home in Salt Lake City the first of the week.
 Wm. Harris, Filer's popular tonsorial artist, gave a public demonstration on Friday evening of last week of his ability as a broncho buster. Mr. Harris, wishing to take a little ride, mounted a strange horse which was tied on the street and upon lighting in the saddle soon found it was no rocking horse he was astride. The horse started making balloon ascensions, high dives and playing leap the loop all at once and gave the trainer his money's worth. Mr. Harris furnished lots of sport for the on-lookers but experienced a rather rough ride and one which he will not care to repeat. He says that here

after he will stay off strange horses.
 C. Sauter and H. Fletcher, both of Denver, Colo., rented the Filer Cafe from Mrs. R. M. Gaskill and took possession Monday. These gentlemen are both experienced men in the restaurant business and Filer is now assured of one of the best eating houses on the tract.
 H. Curmhan and family are now nicely located in their new home on Yakima avenue.
 Born to Mr. and Mrs. L. H. Stewart on Saturday of last week, a nine-pound boy.
 John Kosharek, who has been in Old Mexico in the interests of a corporation with headquarters in Boise, returned last week and has been spending a few days with his brother in this city. Mr. Kosharek was very well pleased with the country and says Old Mexico is a land of opportunity to look no longer the contractors would have the work completed by September 1.
 Born to Mr. and Mrs. E. Elliot on Friday of last week, a boy.
 A very pretty wedding took place at the home of Mr. and Mrs. C. A. Vining, just north of town, on Saturday evening, when their daughter, Miss Minnie Vining, was united in marriage to Ed Sinclair.
 S. C. Turnpseed and Wm. Harris played ball in Buhl Sunday.
 John Buchanan drove to Hagerman Saturday and played ball with the Hagerman team Sunday.
 M. W. Young and Miss Stella Biechmann were married Wednesday at the home of the bride's parents in Buhl. Mr. and Mrs. Young will make their home on the J. W. Stewart ranch just west of town.
 Bob Rosenberg is in from the Salmon river tract and is spending the week with J. Searls and family south of town.
 John Kalbfleisch has commenced his new house on his domestic orchard tract recently purchased of E. H. Rottle.

WILL BE WATERED
FROM CREEK NEAR
FROM CREEK NEAR
FROM CREEK NEAR

BRONCHIO AND POVERTY FLAT.
 Idaho, June 9.—Fred Keller was a Twin Falls visitor Wednesday taking in a load of dressed beef for the Twin Falls market.

W. E. Beers purchased a car of hay from Mr. Keller last week at \$12 per ton. A. L. Stangnigh is nearing completion and water will be turned from Dry creek into it at an early date. The water is large enough to carry water for several acres of land. This supply of water will make a portion of Poverty flat "blossom as the rose." Mr. Strong has guided a number of men to the enterprise. There is an abundance of water going to waste down Dry creek at present and will probably last until the middle of July when the snow will be pretty well gone from the hills.

The ranchers have made a stand and the herd is being obeyed. They rounded up a bunch of horses last week belonging to Rock Creek and corralled them. A poundmaster was placed in charge of the stock and a small fee charged for the release of the animals. The homesteaders think it is hard enough to try to live up to the requirements of the homestead law and make a living without having their crops destroyed by roaming stock.

A pleasant evening was spent one night last week at the Deeringer home, games and dancing being the order of amusement. Williams and Durkin have purchased James Hamilton's ranch which he moved up on a new tract.

W. R. Ashdown will shortly make proof on his homestead.

W. F. Brewer is fencing a portion of his homestead and making some other improvements this week.

A. Deeringer had had luck with his claim. When he took out the forms the archway closed in.

Mr. Deen, who had been visiting with her son, departed last week for Kansas City.

Mr. Wire, a Missouri landseeker, was out to M. E. Eden's last week and made a fancy bid on Mr. Eden's homestead; but found it was not for sale. The same gentleman took a 10-days option on a 40-acre tract of Carey act land belonging to Mr. Eden. Mr. Wire stated that if he made the purchase he would bring out several of his neighbors who were desirous of investing in Idaho land. Mr. Eden has as fine a field of dry land potatoes as can be seen on the tract.

Five Wheat-bushes were being hauled by Mr. Terrell this week. Mr. Miller of the Independent Meat Market of Twin Falls was purchasing beef cattle from J. E. Bower last Friday.

New and second-hand typewriters bought, sold and exchanged. HILL & TAYLOR.

The defendant Curley and others thereby impose a burden on the plaintiffs and the other taxpayers of said county by making said building cost more than the reasonable value thereof and more than the cost thereof and in excess of the bid made for the construction thereof, and will expend a large portion of the amount received from the sale of said bonds for a purpose not authorized, greatly to the damage, injury and inconvenience of these plaintiffs and the other taxpayers of said county; and the defendant C. Harvey Smith will give his orders for the said change in material and work of construction on said building, greatly increasing the cost thereof to an amount for which no limit is fixed, and the defendant George Curley will carry out said orders and will change the material on the face of said building from brick to stone as above alleged, all of which will be to the great and irreparable injury of the plaintiffs and the plaintiffs and other taxpayers of said county have no plain, speedy or adequate remedy at law.

Therefore the plaintiffs ask that a judgment and decree be ordered and entered herein as follows: First, Enjoining and restraining the defendant, Elbert D. Sherman, Charles A. McMaster and Edward T. Newbury, as county commissioners, from changing the contract entered into with the defendant Curley in the manner proposed as above alleged, whereby the cost of the construction of said court house and jail will be increased beyond the bid made therefor and beyond what the same can be constructed for, and from expending in the construction of said building any portion of the amount which is received from the plaintiffs and other taxpayers of said county, and from changing the face and character of said building and entering into a contract for the payment thereof without giving notice thereof and receiving bids for a building of that character.

Second, Enjoining and restraining the defendant C. Harvey Smith from ordering or consenting to any change in the material or work on said building which changes the face thereof from the material provided for in the contract first entered into by the said defendant Curley into all stone, and from making or ordering or consenting to any changes in material or work which will make the cost of said building, including the sum required to furnish the same, exceed the amount received from the sale of said bonds.

Third, Enjoining and restraining the defendant George Curley from changing the material in the face of said building as proposed, or doing extra work on said building in addition to or different from that specified in his said original contract, which will make the total cost of said building or his charges therefor against said county exceed, including the sum required to properly furnish and equip said building, the amount of money received from the sale of said bonds, less the amount agreed to be paid as commission to the defendant, C. Harvey Smith.

Fourth, Giving and granting to the plaintiffs such other, further and fuller relief as they may be entitled to by law, including a judgment against the defendant for the costs of this action and their disbursements of suit.

SWEETLEY & SWEETLEY, Attorneys for Plaintiffs, Residing at Twin Falls, Idaho.

All the people seek is enlightenment. Public sentiment is decidedly opposed to a further issue of bonds for courthouse purposes. They be-

HEAVY INCREASE IN BUSINESS
 At Twin Falls Station During the Month of May.
 During the month of May 25 straight carloads of freight were received at the Twin Falls depot and 127 straight carloads were shipped. This is an increase of 122 carloads over the receipts of last May and 57 carloads over the shipments. The increase in less than carload shipments for the month of May amounted to 181,776 pounds and the increase in pounds forwarded was 76,184. Cash receipts increased \$49,337, the increase on ticket sales alone amounting to \$1,000, which would indicate that quite a few people traveled to and from Twin Falls during the month. There were 82 straight carloads of merchandise forwarded in May showing that Twin Falls is becoming a distributing point. In addition to the merchandise, 15 carloads of grain, 16 carloads of potatoes, seven carloads of hay and 15 carloads of miscellaneous freight were billed out. Of the carload lots received, 70 were of emigrants' effects, two brick, 25 coal, 107 lumber and ties.

Agent Sullivan will shortly move his office to the new freight depot, which is being nicely fitted up for his accommodation. The baggage and express matter will be handled by a new man engaged for that purpose, while the telegraph and telephone business will be looked after at the present telegraph office. These changes will greatly improve the service. The continual increase in business has been a heavy strain on the working force, but now that the express, freight and telegraph departments are to be segregated the public will be better accommodated and the employees relieved of much of their hard work.

BRIEF NEWS ITEMS FROM CURRY
 Farmers in That Vicinity are Very Busy Irrigating.
 CURRY, Idaho, June 10.—The farmers in the vicinity of Curry are busily engaged in irrigating, with the exception of those who soaked their ground before seeding and let nature bring up their crops unassisted.

J. R. Fuller is preparing some ground in which to plant corn. John Fischen has completed his cornmill and is now ready to transport the hurried and restless. Charles Turber left on Monday on a trip to the hills. R. L. Letch has been enjoying a good many horseback rides since he got his new saddle.

S. C. Sexton left on Monday morning with a load of hay for his farm in the southern part of the county, on which he is doing a good deal of work this year. Dick Elder is firmly of the opinion that irrigating tends to injure a man's chance of redemption. There are probably others who share his belief. W. Pond has hauled in his summer supply of wood.
