

RAILROAD FUTURE OF TWIN FALLS

A FEW MILES OF NEW TRACK WILL BRING MUCH BUSINESS

Logical Trend of Construction Means That We Will Become "Common Point" Have Through Los Angeles Trains and Thousands of Tourists.

That Twin Falls will eventually occupy most prominent position on a railroad, over which through trains will ply direct between Los Angeles and Butte, Mont., was further supported in theory last week, when...

As the "Goldfield" line it has been discussed as a necessity in railroad and mining circles ever since the fact became apparent that ores of coast-southward Nevada...

In the meantime, furthermore, there has developed a very large passenger travel between the Montana-North Dakota country and southern California, at all seasons of the year.

The contemplated diversion of this traffic seems quite assured now to a train system, for instance, from Butte to Coalinga, thence to Twin Falls, thence over a line 115 or 120 miles in length to either Wells or Coburn...

There must be constructed, before this train system can be operated, 250 miles of double track...

Quite good authority exists for believing that the railroad to Coburn will be under construction in less than eighteen months...

Twin Falls faces a future therefore from the railroad standpoint that is exceedingly encouraging to the belief that within two years she will enjoy advantages as a distributive center...

A gigantic market is then also opened to everything raised here, through the ease with which it may be consigned to Los Angeles...

Another picture, too, which this railroad project affords is that of a land investor as it does for the investor in city property...

WOOL SCOURING PLANT SUGGESTED

EASTERNEER THINKS TWIN FALLS GOOD POINT FOR ONE

Sends to Commercial Club His Conclusions, Based on Information Contained in Advertisements He Has Read, and Proposes to Investigate.

There is a possibility, that H. R. Terry, who has written the Commercial club for definite data, may come to Twin Falls and investigate the outlook here for the establishment of a scouring plant and woolen mill.

As a result of the read of this city and Southern Idaho he also gathered impressions this gentleman favorably and he entertains a belief that such enterprises as those could be inaugurated here successfully and developed to very large extent...

Mr. Terry resides in St. Paul, and in a letter to Secretary Stoltz, says he is an experienced wool dealer, and consequently...

My attention has been called to Twin Falls by your booklet, and I believe that a woolen mill, scouring plant and factory for the manufacture of clothing could be established in your city.

Mr. Stoltz has informed Mr. Terry that he will be welcomed here and extended an invitation for him to come on and look over the site...

FOUND THE GOLDEN GOOSE.

Fowl's Claw Contained Miniature Placer Mine.

Wallace Pines: P. J. Peterson believes that he has discovered the goose that laid the golden egg, the long sought for fowl famed in song and story.

While Mr. Peterson was cleaning the sand he had excavated, a miner yesterday afternoon he observed some yellow specks intermingled with the sand that came from the crop of the fowl.

Mr. Peterson bought the bird at Monday's market for \$1.00 and before Thanksgiving and he is attempting to trace through the butchers the locality from which the fowl was shipped.

Another picture, too, which this railroad project affords is that of a land investor as it does for the investor in city property...

The concern will manufacture and sell Wright aeroplanes, and also seek to protect the Wright patents and give the two system inventors time to further develop their machine.

TWIN FALLS FARM BRINGS BIG PRICE

DESIRABLE "FORTY" SELLS FOR \$175 PER ACRE.

Seller Bought It Two Years Ago for \$75 per Acre, Added Some Improvements, and Gained \$3,000 Profit in the Deal.

Ownership of the Chris. Rehnman place, a highly-improved farm of forty acres, one and one-half miles north-east of Twin Falls on the Shoshone falls road, passed to B. L. Rathbun this week for a consideration of \$7,000, or at the rate of about \$175 per acre.

There is a thousand dollar residence, twenty-three acres in clover and alfalfa, two acres of bearing orchard, a granary, good barn, sheds, and several other improvements of a minor character on the property...

Mr. Rathbun, who is a leading citizen and member of the Home Realty company, considers that, although the price paid is probably as high as any property of this class has commanded in the vicinity of Twin Falls...

Change of ownership of this property again emphasizes the opportunities that have existed here as present now, and likely to remain in evidence for several years in Twin Falls vicinity for making money out of real estate.

The new owner believes he will set to orchard next spring, such parts as are not now devoted to other crops and uses.

SEEKS CREAMERY LOCATION.

Twin Falls Resources Under Investigation by Prospector.

W. H. Hood of Sheldon, Ia., has been discussing the outlook for establishing a large ice cream factory and creamery in Twin Falls county, Secretary Stoltz of the Commercial club.

This visitor arrived last week and became favorably impressed with the tract and business as he engaged in this line of business for several years at Sheldon, Iowa.

Mr. Hood explained that he came west prospecting for a new location, which fact is indicated by resolutions passed at his departure from Sheldon that were adopted by his old associates...

WILL SELL FLYING MACHINES.

Wright Bros. Incorporate Their Ideas for Commercial Purposes.

For the manufacture, sale, use and give the two system inventors time to further develop their machine.

The concern will manufacture and sell Wright aeroplanes, and also seek to protect the Wright patents and give the two system inventors time to further develop their machine.

The factory will be located at Dayton, Ohio, while the general offices will be in Gotham.

DR. BAUGH DENIES SELLING CORNER

SAYS WILL BUILD BOON HOWEVER FOR NEW BANK.

Settlement of Much Gossip and Speculation of Verbal Character That Kapt Twin Falls Realty World Interested for Ten Days.

Dr. W. H. Baugh informed the news, by phone from Shoshone Falls, that he does not sell the lot he owns on the north corner of Main avenue and Shoshone street in this city for \$23,000, or any other price.

Several parties, he further said, have been approached, however, for use of the building for banking purposes, but the identity of the gentleman who would secure it was not, at first, disclosed.

The building, continued the doctor, may be one, but the doctor, who he thought not having been decided, would it be until the contract with the tenant shall have been finally signed.

Another rumor declared that C. D. Willey was the purchaser. This gentleman, however, merely said, in passing, through Mr. Willey, he having been quite indisposed for the last week, and compelled to keep indoors.

HOLLISTER BANK WILL START. Expected to Open Soon, and Water J. Pipes Are Being Laid.

Expected to Open Soon, and Water J. Pipes Are Being Laid. Monday and announced that the water mains are all laid in the town, and that workmen would at once proceed to place the main line between the recently-dredged well of the spring water and the coming metropolis of the Salmon tract.

Electric Service to Soon Be Supplied Over That.

Hagerman Sun: Superintendent of the town of Twin Falls yesterday and will be found at the works at Lower Salmon falls at the time now.

TWIN FALLS FUTURE "ICE MAN." Gives Big Dinner to Idahoans in Chicago Last Week.

J. H. Woods, who was a visitor in Twin Falls, who is a low crested albatross and arranged to inaugurate a storage warehouse and ice plant here, gave an elaborate dinner in Chicago, where he has been residing, on the 29th of November, to members of the Twin Falls and Jerome Commercial clubs...

Invitations to the dinner were received by the Commercial club officers, and the fact that it was given suggests to these gentlemen that little doubt exists of the company's intention to inaugurate the proposed plant in the near future.

TWIN FALLS POULTRY SHOW.

Big Premium List Arranged and Many Entries Expected.

Twin Falls annual poultry show will open on the 15th inst. in the new arena on Shoshone street.

A large list of premiums is offered, practically every business institution in the city having generously contributed to this end, and many entries are anticipated.

MR. JESSIE E. YOHAM AND FAMILY.

Prof. Wilfred C. Wheeler of the University of Illinois, at Champaign, committed suicide by taking poison on the 18th inst.

ELKS CLUB HAS SPLENDID ROOMS

TO BE OPEN SATURDAY NIGHT FOR MEMBERS.

Furnishings Are Being Placed As Rapidly as Possible and Other Preparations in Progress for Forthcoming Installation in Near Future.

Twin Falls Elks club room will be opened tomorrow (Saturday) evening for all members in good standing of the order, local and visiting, but not for the public until after the installation of the lodge, which will occur as soon as arrangements can be made. In point of accommodations for lodge work, transaction of lodge business, and social associations, the Twin Falls lodge will stand at the top of the list.

These headquarters, over the Booth Mercantile company's store, occupy eight separate apartments, arranged to the architect of the building for the special service to which they are being applied.

At the rear is a large and bright, modern bathroom, which was being on two sides. Between this apartment and the front rooms are ample lavatories, opening into a spacious hallway, including those, and three reading rooms, all large, well lighted and ventilated.

Within the last week luxurious furnishings have been arriving, and are being put in by George B. Haverstick, who, in charge of the contractors and exerting every energy to see that the "fixings" in place as quickly as possible.

Indications are that Twin Falls Elks therefore are to at once be credited with possessing just about the best equipped headquarters of any lodge in Southern Idaho, and the city itself is expected to send forth, to all brethren abroad, that, though young years it begins "right" and is composed of progressive leaders in a live, bustling community that never does things by halves.

ANOTHER GARAGE PROMISED.

Petrol Agent Buys Site—Other Real Estate Gains Transitions.

L. A. Burson has purchased lots 33 and 34, block 10, corner of 10th street, opposite the recently-erected Carlico & Warburg building, through Woods & Thomas agency, for \$8,000, and is commencing as soon as possible, a garage and automobile salesmen, who will be handled almost exclusively the famous Petrol machines, manufactured in Milwaukee, for which the location is especially adapted for the purposes indicated.

Other sales by Woods & Thomas agency include 10 acres in section 22, township 11 S., range 17, from L. Overholt to B. L. Carey, at \$50 per acre. The purchaser is a Salt Lake investor, who contemplates selling this tract, which is not now raw land, in the Salmon tract, but believed to be especially adaptable for the purposes indicated.

The new company has sold forty acres, two miles north of Florin, in the Sucker Falls country at \$75 per acre, for Mr. Bart to John Dillner, and the same acreage recently sold from A. N. Sprague of this city, to Aljains.

CASH COMING TO CITIZENS.

Entertainment Fund for Dairymen Not Needed.

Secretary Stoltz of the Commercial club has been informed by the secretary of the Idaho State Dairymen's association that the latter organization has decided to hold its next convention in Caldwell, rather than Twin Falls, next January.

As a result of the decision by the association that if the Commercial club would raise certain funds the meeting would be brought here, it appears, however, that the members of the organization preferred meeting in a more central point than Twin Falls, which induced the change of plans of the committee.

Secretary Stoltz says that all Twin Falls citizens who subscribed cash to the fund for this convention's entertainment can have the same by calling upon him.

What the West Is.

Lewiston Teller: The western states have lost 100,000 in population since the States and less than one-twentieth of the population. This is why the east looks on the west as the land of opportunity.

Edward Johnson of Glenn's Ferry registered at the Hotel Perrino Monday.

MRS. JARR'S FREAK PUZZLES HUSBAND

THE HIRED GIRL PLAYS IMPORTANT HOUSEHOLD PART.

Gertrude Was to Have Been Discharged until the Wife Learned a Neighbor Woman Wanted to Give Young Lady Employment.

"Oh, dear, I don't know what to do about Gertrude!" said Mrs. Jarr...

"What's camping out got to do with Gertrude?" asked Mr. Jarr.

"Well, I can't stand her, and I've simply got to get rid of her," said Mrs. Jarr.

"The nerve of that woman!" said Mrs. Jarr.

"No, no, indeed!" "You must have mistaken me."

"Well, not to oblige Mrs. Hickett," said Mrs. Jarr, hotly.

"But if you were going to let her go you wouldn't mind whom she engaged with, would you?" asked Mr. Jarr.

"I care a good deal," said Mrs. Jarr.

"That awful Mrs. Hickett will be here any minute," said Mrs. Jarr sweetly to Gertrude.

"Oh, I wouldn't mind that, ma'am," said Gertrude.

"And Mr. Jarr, overhearing all this wondered who it was that had remarked that the thing not to be explained was the way of a man with a maid."

Big Alfalfa Profits. Hagerman Sun: D. Barlog, who owns one of the fine valley places...

A "CHUM'S" VALUE IN MARRIAGE

THE WIDOW AND BACHELOR DISCUSS TRUE LOVE.

They Elucidate the Subject in its Many Phases, and the Conclusion is That the Debate is Indeed a "Draw."

"Did you know," remarked the Widow, toying with the stem of her wine glass...

"That's because it is a dream," commented the Bachelor, blowing a ring and glancing through it at the violator of the Widow's tur toque.

"Or devils," gurgled the Widow.

"Beginning as chums right down on the earth," explained the Bachelor.

"I suppose so," she agreed grudgingly.

"After all," murmured the Widow pensively.

"Yes," agreed the Bachelor, grudgingly.

"For instance," went on the Bachelor.

"And he'd know just what I was going to do and say, and what I was thinking!" cried the Widow in dismay.

"Yes," agreed the Bachelor with a nod.

"Oh, well," suggested the Bachelor, musingly.

Geese for sale. R. F. D. No. 2, Box 44.

BREVITIES

W. W. Olson was in Buhl Saturday. Clyde Olson visited Buhl Wednesday. The poultry show will open on Dec. 13th. J. J. Miller of Buhl was in the city Monday. C. L. Woodworth went to Buhl Tuesday. F. H. Rogers was in from Buhl Monday. E. Kierstead was here from Milner Saturday. E. G. Schoney took the train Friday for Buhl. F. C. Hull went to Buhl Saturday on a business mission. Martin Schwab and wife are visiting relatives in Paris. W. Buckley visited Hansen Monday on a business mission. Miss J. M. Pitt of Buhl was among the Buhlers here Wednesday. The Elgin of the Snake Creek came in Tuesday on a business mission. Miss Nan Vance was calling on Buhl friends Saturday and Sunday. The Bridge club of '05 was Wednesday afternoon with Mrs. Pike. E. L. Tolman was visiting the county seat Saturday, from Murtaugh. G. D. McQuiver is planning an extensive orchard in his Buhl place. Mrs. John Hancock and children have arrived from Salt Lake. Judge Stockinger was attending court this week in Mountain Home. A meeting of the canal association will be held tomorrow (Saturday). M. M. Murtaugh returned Saturday from an extended visit in Salt Lake. T. L. Osborn was among the Twin Falls people who visited Buhl Monday. Pocatello Tribune: Mrs. J. B. Hall of Twin Falls is in the city for a few days. A meeting of the Farmer's union is being held this afternoon in Odd Fellows hall. Ben Brewer is at Hansen, engaged in carpenter work with his brother Frank. John Hansen's familiar figure was visible Wednesday among Hotel Rogers guests. Mrs. H. C. Swanson went to Salt Lake Tuesday, where she will visit relatives. A motor crusher will begin to make material for Twin Falls pavements about Feb. 15. Mr. and Mrs. H. B. Lue's guest, Miss Maud Rice, returned Sunday to her Lewiston home. S. S. Morgan of Kimberly was disposing of his household effects at auction here Saturday. E. W. Cameron, a Buhl real estate dealer, spent Thursday here on business. Mrs. I. F. Willard is recovering satisfactorily from an operation for appendicitis undergone here. An entertainment for the library fund, in which local talent will participate, is soon to be given. Mrs. J. B. Bennett of Murtaugh was a Saturday visitor, transacting business with Twin Falls merchants. Miss Agnes Barry, daughter of Martin Barry, has arrived from Keokuch, to remain permanently here. Mr. and Mrs. Thomas Costello arrived Monday from Oregon, where he had been investigating a business proposition. The Ladies' Missionary society of the Presbyterian church gave a Japanese tea yesterday afternoon in the church parlors. A teachers' examination was inaugurated yesterday in Supt. Potter's office, and will continue until Saturday evening. Carpenters are making good progress on Dr. Pike's new dwelling on Third avenue north, near Second street north. Mr. and Mrs. J. W. Voorhees, after spending a couple of weeks here, returned Friday to their home at Rupert. The Presbyterian ladies will serve a chicken pie supper in the church basement, Thursday evening, Dec. 9, 5 to 8 o'clock. Price 25c. A. C. Brown of Rupert was buying his week end on the tract, offering \$11 per ton for b. b. for resale to the railroad construction camps on the Illinois-Rupert cut-off. Idaho Falls Press: Major Fred R. Reed and P. B. Black, the purchaser of the Twin Falls Land and Water company, were visitors Saturday and Monday. W. Warren, W. S. Houghson and R. D. Hoyt of the Warren Construction company of Portland, have been at the Perrine this week, while making arrangements for paving Twin Falls next spring. Miss Stella Perrine is in daily attendance at the Chicago irrigation exposition with her father, I. B. Perrine. Happy Magnus Norman of Donald Grant & Co., has been spending several days this week at the Hotel Perrine. Mrs. Geo. Alken is expected home here later than Sunday, from Salt Lake, where she was in the city on illness and death of her father, Joshua Fielding, whose funeral occurred last Tuesday. Little Miss Winifred Hayes entertained her friends in the city afternoon in honor of her third birthday. The guests present were: Polly Thomas, Grace Hill, Marjorie Baker, Andy Baker, Imogene Craven, Irene Costello, Margaret Mackay, Constance Stalker, Marion Hooper, Richard Cookinham, William Selver and Harry and Oliver West. S. Osborn and O. W. Gilmore have purchased the grocery store formerly owned by C. W. Wallick, on north Main, just above the C. W. & M. building, and intend to conduct an up-to-date grocery. Both young men are well known in the city and are capable of giving their friends and customers the best of service. Mr. Osborn has had fourteen years experience in the grocery business. Dr. J. Brown Lewis has sold his four-acre tract, a mile north of the city, for \$3,000, and at one time thought he would remove to some other location, but will remain for an indefinite period. Mrs. Lewis will go to California for the winter, and the doctor has moved into the city, he says in order to the better attend to his large business.

B. L. Hammond of Jerome was a visitor here Tuesday. Jas. Munroe of Buhl was among the Perrine's guests Friday. R. Owens was in the city Friday from Jerome. R. M. Ware was here Tuesday from Buhl. J. C. Osgood of Jerome was a Hotel Perrine Saturday. D. H. Roberts was in the city Saturday from Jerome. Mrs. L. S. Lambing was in Twin Falls from Filor Monday. Frank Weidman of Jerome was a visitor in Twin Falls Friday. Mrs. Elizabeth Bogie of Filor was visiting friends here Sunday. Franz Weidman came in Monday from Murtaugh on business. Miss Evelyn L. Cowell registered Saturday at the Hotel Perrine from Buhl. Although farmers are receiving as high as \$13.50 per ton for some of their hay. L. W. Swett of Blue Island, Ill., was among the week's arrivals at the Perrine hotel. Weekly hops of the Twin Falls dancing club have been changed from Friday to Thursday evenings. County Commissioner R. Sherman of Buhl was here on a brief business visit Friday. Cashier Robinson of the Commercial & Savings bank visited the Filor region last week. Miss Edna Frederick of Jerome was a Hotel Perrine guest Saturday. Mrs. J. W. Koane of Buhl was in the city Tuesday. Much praise was heard this week of the Orvis vaudeville program and it was conceded to have been exceedingly meritorious. Geo. F. Allen was a Filor visitor Saturday on business connected with the Nibley-Channel Lumber company of which he is manager. Recent wet weather is reported to have injured the Twin Falls county bean crop seriously, causing prices to advance somewhat this week. Mrs. W. H. Swett, who is occupying his new house in East Idaho, just completed perfectly in many local details. The Misses McManis and Moran, students in second and eighth grades respectively, at the Lincoln school, have resigned their positions. Miss Kate McManis gave a bridge party Monday evening at the residence of Mr. and Mrs. D. Flynn. Arthur Vandermilt, an experienced metropolitan department store expert in many branches, has been engaged for Christmas decorations and holiday window dressing of the Booth Mercantile company. Mrs. W. R. Swicegood of Filor is expected to entertain in the city, preliminary to starting on a visit to relatives in the east, while her better half is prospecting in Jarbridge. Assembly was held Wednesday night at the school for the school year, during which Mr. Ashton gave an interesting description of the beginning and progress of a trial, giving for example, a description of the trial. The Episcopal ladies' "holiday shop" will be held on the 16th inst., when there will be on sale some especially fine drawn work from Kiel's hands, hand knitted sweaters, etc., all really "worth while" for Christmas gifts. The rainy weather limited attendance at the school festival to so small a number Monday and Tuesday evenings that the Farper players closed their engagement Wednesday and departed several days sooner than it had been expected. Mrs. E. S. Larned entertained at five hundred Thursday afternoon a party of twenty guests, at the residence of E. M. Swicegood, when a very pleasant time was enjoyed by all. First prize was won by Mrs. R. M. McCollum and the consolation by Mrs. Wilbur Hill. Mrs. J. B. Torsey called brought to Twin Falls by L. B. Stanley from Kentucky was being judged by dairymen as the very best types of milk-producing animals and command attention of everybody interested in the dairying industry, in order that the opportunity may not be lost for these beauties to stay on the tract. Officers have been chosen by Twin Falls lodge No. 45, A. F. & A. M. for 1910, as follows: H. H. McNeal, worthy master; W. F. Pike, senior warden; C. H. Hill, junior warden; J. M. Maxwell, treasurer (re-elected); W. W. Denoyer, secretary. Installation will be held early in the new year. W. W. Humphrey left last evening for St. Paul to attend the annual stockholders' meeting of the Mondak and Yellowstone Stage company, which is being held at the company's offices in St. Paul, it being a Minnesota corporation in which Mr. Humphrey is largely interested, being the original investor and operator since the Yellowstone Park corporation which he was the vice president and general manager for several years. Mrs. Stewart Taylor entertained Tuesday afternoon in honor of her father, Boyd Taylor, who is a bride of a very recent date. Hearts of rod formed an artful and ingenious decoration as they were interspersed with flowers and ribbons in the two brilliantly lighted rooms where the guests played "hearts" to their hearts' content. The table decorations were also in hearts. So also did the refreshments correspond to that love emblem. The guests were: Mesdames Stalker, Bedford, Mitchell, Woods, Lacey, Fry, and the Misses Maxwell, Fox and Bryant. The first prize for high score in the game of the afternoon was awarded to Miss Bryant, and the second fell to Miss Georgia Maxwell. The guest of honor was presented with a beautiful piece of silver. Miss Ortha Waters celebrated her sixth birthday Sunday by entertaining at a luncheon tendered by her parents, Mr. and Mrs. J. A. Waters. The table service was amidst beautifully embossed surroundings, where in silver and chrysantheums prevailed. Mrs. L. S. Ayotte assisted Mrs. Waters in making the happy young guest's happy. Those invited were Misses A. Edsboro, Edna Michener, Rachel Murphy, Edith Ramsey, Flora Patz, Ada Clauson, Maud Murphy, Mary Howe, Clara Manny, Leah Woods, Essene and Zora Waters and Effie Ayotte.

PENNY-A-DAY LIBRARY FUND. Novel Plan Adopted for Raising Maintenance Revenue. In order that it may serve the people of Twin Falls to better advantage and supply means that are already in excess of the facilities, the Twin Falls library is being incorporated. The work of this institution is therefore to be carried forward on a much broader basis. W. Z. Smith is president, Mrs. W. T. Pike vice president, Mrs. F. B. Hall second vice president; Mrs. B. E. Morse secretary, Geo. E. Prater treasurer, and Floyd Hardin librarian. Carefully prepared estimates show that about \$5,000 are needed to supply the required new quarters and furniture and to raise the money to secure 1,000 such subscriptions. Twentieth Century club is said to have agreed to make the monthly collections on this account. Every home in the city will be asked to contribute a penny a day, and subscribers to this fund will be entitled to the use of all books and periodicals in the institution. Even such an income as this fund will bring it is believed by the management that the library can be sustained and enlarged as the growth of the community continues, while other arrangements can be effected under which a library building yet erected and its maintenance, on yet larger scale, provided for as in other cities which usually draw revenues from the regular annual tax levies collected. UNCLE SAM THREATENS ZELAYA. Nicaraguan President Has Aroused Wrath of American Government. The United States government has severed all relations with Nicaragua, over which President Zelaya presides, on account of complications arising out of the recent execution of Americans in that country. It is reported that Uncle Sam soon have to openly avow support of the revolutionists and use the strong arm power of this Nation to straighten out the relations with Nicaragua. American interests as well as punish Zelaya for what are declared by the Washington officials to have been unwarranted murders of citizens of this country. Zelaya's representative at Washington was given his passport Wednesday. 12,000 SWITCHMEN ON STRIKE. Entire Northwest Paralyzed by Great Railroad Stop. A gigantic strike went into effect on Dec. 1 of all switchmen on the Great Northern and Northern Pacific and the railroads effectively paralyzing business throughout the West Northwest. Telegrams from St. Paul on the 2d announced that 12,000 railroad men were directly involved between that city and Seattle. No freight was being handled and manufacturers as well as merchants in the West and in the industry was being forced to lay off their employees. The Minneapolis flour mills closed Tuesday night, and fears were entertained that the Butte mines would have to close Thursday evening. Railroad officials have concluded to make no concessions to the men, and were reported to have agents there in eastern cities who are in the course of time from these sources. ROCK CREEKERS ARE WILLING. Largely Co-operating With Promotion of Irrigation Project. C. F. Romig, of Rock Creek was in the city Thursday after having visited Kimberly, and said that he has experienced considerable success in securing signatures of property owners in the Rock Creek country who are willing to take water for irrigating their now arid homesteads from Don Bryan's projected storage reservoir system. "I do not believe there will be any trouble experienced whatever," said Mr. Romig, "in procuring contracts from owners for the 20,000 acres that Bryan wants in order to enable him to carry out his project as contemplated. He is camping at the site of the reservoir this week, and measuring the water flow of the creek, in order to have data on this point up to date. "Personally I have no doubt whatever of there being fully as much flow in the creek at this time as the reservoir site will impound, and much more. "All the indications are that the project will be carried through successfully; but since the rainy season commenced Bryan has had trouble finding the land owners he seeks to confer with, because the bad roads are keeping them more or less at home." TWIN FALLS TO HAVE MILL. Will Be Grinding Flour Early Next Summer. Twin Falls will have an up-to-date flour mill with 250 barrels daily capacity, according to present plans of the Twin Falls Milling & Elevator Co., as announced by Manager L. Z. Brackmridge. It will be located in conjunction with the firm's existing plant here. Work is expected to start next spring. In the meantime the shareholders will have been fully provided throughout the tract for assembling the wheat crop early at this point. C. P. Meredith, assistant manager of the West End Irrigation project, came in from Buhl Tuesday, and among other things said that operations have ceased on the work until better weather is in sight. For up-to-date photos, go to Disbo's. Found at Stapleton's, Stapleton's, Pickard's and Whitton's hand-painted china. Finest Line in the City. See the News for engraved wedding invitations, cards, etc.

TWIN FALLS BONDS IN DEMAND. Eleven Firms Make Bids on Issue for High School. Twin Falls \$10,000 issue of 5 per cent high school bonds was awarded to H. C. Speer & Son, of Chicago, by the board of directors of Independent District No. 1 last Monday, for a premium of \$305 and interest, the having been the best bid in hand out of a list of eleven competitors. The other bids were: Parson, Son & Co., par and interest for 5 1/2 per cent bond; B. A. Keane & Co., par and ten basis premium on 5 per cent bond; Ulen, Sutherland & Co., \$278 premium on 5 per cent bond; N. W. Halsey & Co., \$15 premium on 5 per cent bond, less \$600 interest for 5 1/2 per cent bond; W. J. Roth & Co., \$3,822 premium for 6 per cent bond; A. B. Leach & Co., \$2,107 premium on 5 1/2 per cent bond; J. E. Causey & Co., \$508 premium and interest on 5 per cent bond; Wood, McNear & Moore, \$1,030 premium on 5 1/2 per cent bond, and \$970 for legal expenses; Idaho State Land board (by photo) par and all legal and other expenses. Died. ABRAMS.—On Friday, Dec. 3, 1909, Mrs. Besie Abrams aged 50 years, at their residence south Third street. The remains were taken to Hunt & Co.'s parlor, where short services will be held at 4 p. m., after which the remains will be sent to her former home at Council Bluffs, Ia., accompanied by her husband, J. A. Abrams. TWIN FALLS MARKETS. Hay Higher, Wheat Steady, and Also Garden Products Higher. The Twin Falls Milling & Elevator Company Thursday morning quoted as follows: Wheat, choice milling, bulk, per hundred pounds.....\$1.30 Oats, good feed, sacked, per hundred pounds.....1.05 Potatoes, choice white varieties, sacked, per 10 lbs.....45¢@55¢ Choice alfalfa, baled.....10.00@11.00 Navy beans, per 100 lbs.....3.00@3.25 Following are garden product and orchard quotations to producers prevailing Thursday morning, as reported by the Twin Falls Grocery & Mercantile Company: Potatoes, per 100 lbs.....\$ .50 Turnips, beets and carrots, per 100 lbs.....1.00 Dry onions, per 100 lbs.....2.00 Cabbage, per 100 lbs.....2.25 Apples, choice, per box.....2.50 Apples, cooking stock, per box 1.75 Hubbard squash, per 100 lbs.....1.50 Navy beans, per 100 lbs.....4.50 OMAHA LIVE STOCK MARKET. Cattle 10 to 15c Lower and Strong for All Kinds of Sheep. SOUTH OMAHA, Nov. 27.—The security of good killing steers caused a fairly active trade in this division, but prices show little change from the close of last week. Good cows and heifers held up well, but the common and mediums met a decline of 10¢@15c. Weather conditions are bad and as a whole the trade has recently been very unsatisfactory, with working in many districts. Good to choice range beefs are quotable at \$5.50@6.25; fair to good, \$4.00@5.25; good to choice cows and heifers, \$4.00@4.50; fair to good, \$3.50@3.90; veals, \$5.00@7.00; good to choice stockers and feeders, \$4.50@4.90; fair to good, \$3.75@4.25. Most of the sheep here this week have been from newly fed lots. The market as a rule has held steady and strong for everything desirable. Good killing lambs are quotable at \$7.00@7.50; yearlings, \$5.00@6.75; \$4.75@5.25; ewes, \$4.10@4.75. CLAY, ROBINSON & CO.

LITERARY FILER IS VERY ACTIVE

TO MEET IN ENTERTAINMENT ONCE EACH MONTH.

School Buildings No More Useful to District Are Sold and Scatter All Over Town for Private Purposes—Personal News Notes.

FILER, Ida., Dec. 1.—The first meeting of the Filer Literary society was held in the school building last Friday evening. The school house was well filled and a good program rendered. It was decided by the program committee to have one literary and one dramatic school and debate each month. Everyone will be cordially welcome to attend and take part in the literary.

The Ladies Aid society met at the home of Mrs. M. G. Ripley Wednesday, to make arrangements for a bazaar to be held before Christmas.

As was previously advertised, the old school buildings were disposed of at auction, last Saturday morning, Nov. 27th. The Methodist brethren bought the east half of the main building, consideration \$297; Filer Hardware Co., the west half for the construction of a new building. The laugh bought the old and first school building and will remodel it and use it for a dwelling. The consideration was \$100. The building purchased by O. Summers for \$12. The Methodist brethren will move their portion over on their lots on Fifth street and the same will be used as a house of worship.

The Filer Hardware Co. will move their building just east of their present quarters and it will be used for furniture, carpets, and other goods. They intend carrying a complete and up-to-date line of these goods, a thing that Filer has needed for sometime.

The Smoison brothers have returned from the West End project and report the work shut down for the winter.

John Summers arrived Wednesday afternoon at his former home in Washington a few months.

Mrs. Chas. Wetherbe, Misses Dunn and Carmahan, Messrs. James Garrod and Frank Wetherbe, and the Floriettes who attended the dance in Buhl, Thanksgiving evening.

Dr. Crocker of Twin Falls attended a conference at this place Wednesday evening.

J. W. White, editor of the Buhl Pioneer, was shaking hands with his friends, Monday.

Geo. Bord, who has been a resident of Filer for the past year, started for Illinois. Mr. Bord says he likes Filer and expects to return at some future date.

Large stocks of Christmas goods have been received by our merchants. Mr. and Mrs. Lyman Stuart went to their ranch near Hien Friday, after spending Thanksgiving with their parents. Mr. Stuart expects to continue his fall plowing.

Mrs. M. G. Ripley was a Twin Falls visitor on Wednesday evening. Mrs. T. E. Moore departed Monday for Chicago, where she will visit her daughter, Mrs. Barker, who has recently undergone a severe operation for appendicitis.

Hon. A. D. McKinlay was shaking hands with his Filer friends the first of the week. Geo. F. Allen, manager of the Nibley-Channel Lumber company, made a business trip to Twin Falls Saturday.

Mayor Osborne of Curry and Mr. Coburn of Twin Falls were among the business visitors to Filer this week. Mrs. Elizabeth Doolie spent Sunday in Twin Falls visiting friends and attending the Catholic services.

HANSEN TO HAVE STATE BANK SOON

SEVEN MORE CARS OF HOBS GO TO PORTLAND.

Depot is Finished and Will Have an Agent in About Thirty More Days—Big Basket Social Yields Much Pleasure.

HANSEN, Ida., Dec. 1.—Construction work on the depot building here is completed. The school house, as most everything does at this point, is progressing rapidly. An experienced railroad station agent will be here in two weeks. Under Mr. McCammon, on the main line of the Short Line, and take charge of this station about Jan. 1. Thereafterward Hansen will greatly enjoy and very much appreciate the advantages of better railroad facilities.

President Faeh of the Hanson township committee was here Monday week on his way to Portland.

W. N. Rose received a fine piano this week from Salt Lake. Material for the elevator has arrived and work will start on the same as soon as possible.

Frank Brewer commenced work this week on his carpenter shop, the dimensions of which will be 25x40 feet.

Work is progressing rapidly on the Larson residence. A guest at the home of Ducaletti was a friend of the boy's sister, Mrs. Henry La Course last week.

Fred Walker shipped three carloads of hay this week. The carload of Murtough is spending the week with her sister, Mrs. Eva Walton, who resides at her brother's ranch, one mile south-east of Hien.

Frank Brewer of Twin Falls is assisting his brother Frank with his work at this place. Much aid is needed by the local carpenters to complete the building in town.

Mrs. Walker of Chicago completed the final floor on her land near Rock Creek, last Monday. M. E. Brock, crop and wholesale dealer of Twin Falls, is a Hansen business caller on Monday.

An Iowa capitalist will soon establish a stock bank here at institution which is sadly needed, owing to the high prices which the farmers of this vicinity are yearly reaping from their bovine crops.

Owing to the pleasant renewal of good weather, C. E. Edwards started his threshing machine again Monday, in an attempt to get the rest of the crop in. The stacks before the coming of the snow.

Frank Brewer sent two of his assistants to Rock Creek Monday to complete the residence of Peter Larson.

M. F. Attry and family have returned to their old home in Illinois and will take up a permanent residence there.

Carl Dumrose and Henry Hansen were callers here Tuesday, Mr. Hansen being on his way to the county jail.

Mr. Murray of Albion arrived here on the train Monday and took the stage for Rock Creek. Joe Neilson, Hansen's roadreaper, is getting his men to work and has long our highways will be in a splendid condition.

Henry Hansen is having plans drawn for a modern residence which will be built in the near future. Mr. and Mrs. Cunningham have taken possession of the old postoffice building and are ready to accommodate those seeking room and board.

G. L. Redhead and family were guests at the H. La Course home, on Thursday last week. Seven carloads of hogs were shipped from our yards last Wednesday for the Portland market.

J. G. Eichenlaub, ditch rider in this vicinity, will leave soon for Rocky Ford, Colo.

HOW TO GROW ALFALFA FEED.

Instructions Promulgated by the Authority on Proper Methods. Denver Field and Farm: The best alfalfa seed on this continent is probably grown in the Hagerman valley of Southern Idaho. The seed sells for 15 cents per pound and as the yield is 1,000 pounds to the acre the crop is worth \$150,000, which beats peach culture and may appreciate the professor's cabbage profits.

The way to grow alfalfa seed is to sow in drills so that the plants may top over and get all the sunshine that is possible. To do this only two or three pounds of seed are required for an acre. Use a seven-inch grain drill, plug two holes and leave one and set the plow so as not to drop the seeds too thick.

When the plants are up begin cultivating with a Planet Jr. horse drill, such as the gardeners use. Keep the irrigation running regularly so that there may be no check in the growth, and lay by the crop when the vines spread so that the cultivator cannot get ahead and the thing is done.

Never put seed alfalfa through a threshing machine but use one of the new hullers made for the purpose and reclean before sacking.

"DAGO" CRITICIZES AMERICANS. Says We Are "Only Coarse Working-men" Suddenly Enriched.

An Italian book issued under the title "The American People" and written by a famous literary light of Rome declares that "the Latin (Italian aristocracy of course) is jarred on every turn by the American and their habits and their customs. Even in these things which attract the foreigners there is always something or somebody to outrage unpleasantly until finally the stranger reaches the conclusion that he is in some barbarous land."

"The American is never a man of culture, but is only a coarse working-man, suddenly enriched and growing luxury, though without the taste or knowing how to use it. The American theater and music hall are nothing but a mass of puerilities, and the Americans are absolutely dead to anything that is not material—wholly lost to the finer sensibilities."

Now is the best time to contract with Tyler Bros. of the Kimberly Nursery Co. to furnish your orchard for next fall, when you are good and ready. They have saved one large orchard company several thousand by contracting ahead one year.

reaching that mark. During the early part of the evening the following program was rendered: Music, Hansen orchestra; selection, Henkens Goes to the Picnic; H. C. Seranton; instrumental solo; Mrs. O. M. Rush. Then followed the playlet, "The Unlucky Ben," in which the cast of characters was as follows: Mrs. M. Reeder, Marguerite Edwards; Johnny Reeder, Edwin Smith; Elsie Reeder, Susie Hilly; Eva Gilbert, Florence Smith; Palmer, George Smith; Music, Hansen orchestra pantomime, "Cat Sausage," song, quartet, Messrs. Edwards, Smith, Hauchins and Seranton; music, orchestra. Immediately following the program a dance was held until a late hour.

TROJAN POWDER The Successor to Nitroglycerin Dynamite DOES NOT FREEZE TROJAN SAVES TIME. WHY? FIRST. No time is lost in thawing, as TROJAN cannot freeze. SECOND. The rock is always well broken. No re-shooting is necessary. THIRD. Delays caused by accident are minimized. TROJAN does not explode by impact or jar. FOURTH. Cases of TROJAN do not have to be constantly turned, because there is no glycerin to run in hot weather. In tunnel and mine work, users of TROJAN can return to work in a short time; there are no fumes, no sickening gases.

TROJAN explosives are manufactured in all disruptive grades, and are being used successfully in tunneling, railroad work, irrigation, quarrying, coal and other mining. TROJAN is unchanged in any climate, and does not deteriorate with age.

### MURTAUGH ENJOYS BIG THANKSGIVING

EVERYBODY WAS INVITED TO COME AND EAT.

Occasion Exceedingly Pleasant Also Because of Entertainment Given in Connection by High Grade Local Talent—Personal News Notes.

MURTAUGH, Ida., Dec. 1.—One of the finest Thanksgiving dinners of the state was given at the school house here last Thursday. Everybody was invited and many came with well filled baskets. Several large tables were weighted down with the finest of the land Turkey at either end and a border of the same. A well arranged literary and musical program was given in connection with the dinner. All enjoyed themselves and gave thanks for the prosperity of the community.

Frank Welnhammer was a business visitor to Twin Falls Monday.

Mr. Parks of Twin Falls passed through here Monday on route to Arden City.

Mrs. F. Welnhammer was shopping in Twin Falls Tuesday.

The Short Line section gang have been on his sheep shed this week, having bought B. F. Jain's entire crop, amounting to a carload.

J. E. Bower is hauling potatoes to work on his sheep shed this week. When completed it will be one of the best shelters for sheep in the state. It is made large enough to hold 2,500 head of sheep.

The water pipes leading into the Oregon Short Line water tank became clogged and Pumpor Smith had to empty the tank to make the necessary repairs. However, there was no delay in refilling, to keep the engines supplied.

Andy Hansen shipped two cars of hay to Minner this week and is now loading another for same place at \$13.50 per ton.

W. F. Jacks sold his eighty acres from joining the townsite on the north to P. L. Johnson of Iowa, a relative of our townsman, F. L. Johnson. He will ship from that place at an early date.

J. O. Goss has been on the sick list for the past week. Symptoms of typhoid fever.

Contractor C. A. Dillon has the Walker barn almost completed. When done there will be a grand opening. J. E. Steinhour was a passenger to Hansen Thursday.

Mrs. Dalin of Burley spent a few days visiting at the home of E. L. Tolman, returning home Wednesday. Ed Hanson who has been driving a survey party on the North Side returned home Wednesday. The roads became so muddy that the engineers decided to lay off for better roads.

Ida Lee Brees received a large shipment of tin and copper ware this week.

County Commissioner E. T. Newberry paid this locality a visit last Monday. Mr. Newberry was going over the new county road which passes this place.

### STORK IS SHY IN KANSAS.

Report Says There Are 2,000 Less Babies This Year Than Last.

Telegrams to Chicago and St. Louis newspapers the last week from Topeka declare that the Kansas baby crop is not keeping pace with the increase in farm products and the general growth of the state. Reports compiled by the state health and agricultural departments show an increase of \$15,000,000 in the value of

farm products during the past year, with a decrease of 2,000 babies, and the admission is made by the officials that the stork is neglecting the Sunflower commonwealth, having visited 2,000 fewer homes than he did last year.

Dr. S. J. Crumline, secretary of the state board of health, who has collected and forwarded these infant statistics to the census bureau at Washington, was asked if he could make any apologies on behalf of the state.

"None, sir," he replied. "To be frank about the matter, there are just two reasons. One is that in a good many Kansas homes babies are becoming unpopular. They won't have them, and they don't have them. The other reason is that a great many

women are engaging in commercial life and do not marry. These two things tell the whole story of the stork's absence in a nutshell."

### TESLA HAS NEW SYSTEM.

Declares Can Transmit Language or Sound Through Earth.

A system of wireless telegraph or telephone which utilizes the earth instead of the air as a medium for the transmission of sound, has been perfected by Nikola Tesla, the wireless telegraph expert.

his ear a receiver that will cost but \$2 or \$3, will be able to hear grand opera at Milan or Vienna. It will render telegraphic communication incredibly cheap."

### Doit Display.

The Booth Merc. Co. are displaying a wonderfully large assortment of both dressed and undressed dolls this week.

\$45,000 FOR FARM... SELLER CLEAR \$4000 OFF TWO MONTHS INVESTMENT... One of Biggest Twin Falls Deals of Year and is Expected to Be Followed by Arrival of Other Corn State Investors.

Are Going From Twin Falls Next Week and One of Them Thinks the District Has the Resources for a "Boomer".

Everybody Working in Buhl, Every Monahan, the News Correspondent, is Kept Exceedingly Busy by the Continuous Doings Thereabout.

BUHL IDA, Dec. 1-7. W. Craven came up from Twin Falls Monday, and went down to Clear Lake to look over the power site of the Twin Falls Light and Power company, and to make arrangements for resuming work on construction of the flumes and plant.

W. R. Meeker came up from the county seat Saturday on business. C. P. Hoff of Roseworth was in Buhl Saturday on business. B. W. Glenn of Twin Falls was a Buhl business visitor Saturday.

Collars That Are Too Easy... PIONEER HARNESS CO. A. L. BRADLEY, Prop. Twin Falls, Idaho.

F. Krueger of Stanton, Nob. this week purchased from C. S. Mead of North Yakima, Wash., 120 acres of Twin Falls and three-quarters of a mile from Kimberly, at \$85 per acre, the sale price aggregating about \$45,000 and constituting what is probably the largest deal in farm land made in the county this year.

W. R. Swisegood of Flair and A. E. Fox of Wallace, Ida. both very much experienced, geological miners, will start next week for Jarbridge, at the head of the Brunau, with the expectation of finding it a region that will develop one of the greatest gold camps of the country.

BUHL IDA, Dec. 1-7. W. Craven came up from Twin Falls Monday, and went down to Clear Lake to look over the power site of the Twin Falls Light and Power company, and to make arrangements for resuming work on construction of the flumes and plant.

W. R. Meeker came up from the county seat Saturday on business. C. P. Hoff of Roseworth was in Buhl Saturday on business. B. W. Glenn of Twin Falls was a Buhl business visitor Saturday.

LEGAL BLANKS. Of every character and description arranged from the best legal forms and brought strictly up to date. A full supply always on hand at the Twin Falls News office.

are sure to be uncomfortable to the horse. Unsafe, too. Hasty fitting harness is bad for the animal, and also for the buyer's pocket-book.

Mr. Krueger also announced that he will be accompanied by quite a colony of his friends who commissioned him to see what this region offers and make reports as he might find them.

"Quite a number of men are going in to look over this region as soon as they can get ready."

Things have become so strenuous in Buhl that even a thorough capitalist, and a number of other capitalists of the city, have been pressed into service.

WEST COUNTY LINE IS MOVED. Twin Falls Loses Thirty Rods to Owyhee County.

WANTED. Contracts for Sagesbrush Grubbing. Good workmanship. All hand grubbing.

Visible Writing Originated. TWELVE YEARS AGO IN THE UNDERWOOD STANDARD Typewriter.

Gov. Brady is a builder. Seeks Development Instruments for State Rather Than Political Glory. Welter Signal: "We would like to call the attention of the people of Idaho to a certain project."

The fact that experienced miners such as these are to investigate Jarbridge at once assures the expectant public that the surface work will be done with all the time value which will be correctly declared to be merely characteristic Nevada "bull quartz".

### A TALE OF LUCK AND GOOD CHEER

STORY OF HAPPY SMILE THAT BROUGHT A FORTUNE.

How Young Man Got on the Road to Prosperity and Eventually Was Made President of the Singer Sewing Machine Company.

Good luck and happy opportunities seldom come to the man who grows. There is no man to whom so much good luck and rare opportunity came all in one clasp as to Frederick G. Bourne, the proprietor of the New York Yacht club and multimillionaire. Possibilities may grant and chances may smile about Mr. Bourne's coast from poverty to the heights of fortune who are familiar with this history untold story of success albeit cheerfully that few men were ever better equipped with a magnetism for sunshine.

A little more than three decades ago Frederick G. Bourne toiled by day behind the counter of a department store. They were worries and cares in those days, and the wages were meager indeed, especially for a man who had a wife and growing family. There were worries and cares aplenty for this young man, but somehow he shouldered them with a smile and looked out into the future with profound optimism.

His employer liked him and then forgot him. He could have stagnated behind the counter for years had not fate willed to the contrary. Edward Clark, partner of Isaac M. Singer, the inventor of the Singer machine, heard Fred Bourne sing one day and admired his voice. More than by his voice he was taken by the engaging presence of the young man. His smile was magnetic. It exhaled cheerfulness and good nature. Edward Clark felt an attraction he could not shake off. He made inquiries about the young man, and his interest increased.

He learned that Frederick G. Bourne could cheerfully toil overtime for the sake of more comfort for his family; that while others in the same class with himself growled and grunted in this young man would work at whatever he could get to do.

So good luck burst upon F. G. Bourne. He was made agent of the Clark estate. In addition to a handsome salary Mr. Clark gave one of the fine houses rent free to his new agent to live in. This marked a sudden transition from poverty, or at least very humble ease, to luxury.

Reports from Rupert are to the effect that the United States government officials, having in charge the federal irrigation works on the Minkola tract, have finally and irrevocably refused to permit the Oregon Short Line railroad company to build a tunnel through the "Blae-Rupert cut-off" unless the grade is high enough to pass over the canals and ditches without hindering the flow of water therein.

The railroad engineers had planned to siphon the water of canals and ditches under the track, thus permitting a lower general grade and bringing the cost of construction down to a low minimum and obtaining a more practical grade from the standpoint of fast time possibilities for trains.

But the engineers, despite many overtures from the railroad company, they would cause endless trouble to the farmers in later years, through clogging by weeds.

The grades of the railroad have therefore had to be raised, since the work was inaugurated and construction is said to have been seriously delayed while the engineers were making these changes.

Awful Mine Death List. Latest information from Cherry Hill, the seat of the fearful coal mine disaster, says that rescue efforts had been abandoned, because fire had broken out afresh in the workings. More than 150 bodies of victims had been located, but the flames prevent recovery. All hope was abandoned of finding any more than the twenty survivors whose recovery had been previously reported. The death list remains therefore almost as large as at first announced—between 300 and 400 men.

Write Geo. C. Tylor, orchardist for handling the Kimberly Nursery Co. about caring for it for three of four years. Trees are going fast. In the contract being signed up. Got yours in on time.

### MONEY MAKING IDAHO INDUSTRIES

ALFALFA GROWING AND SHEEP RAISING THUS CLASSIFIED.

Example Cited of the Profits in These Pursuits and Description of the Procedure With the Ewes and the Lambs.

Hagerman Valley Sun: John Curran, one of the oldest settlers and one of the most successful farmers and stockmen in this fertile valley, has a large field first planted to alfalfa in the spring of 1888 and which has been in crop continuously ever since, which produced six tons of hay to the acre this season.

Last season Curran lambled 4,000, and the present season, beginning in the middle of February and ending in March, 5,000 ewes. The increase from these was 110 per cent. One thousand of these lambs were loaded for market on the 3rd day of July, when they were three months and twenty-five days old. Their weight in Chicago was sixty pounds and they sold on the market for \$3.60 per hundred, which netted \$5.03 per head.

The alfalfa and sheep industries are two of the most interesting and at the same time most remunerative enterprises of Southern Idaho. After the lambing, which occurs in February and March and which takes place on the home ranch, the sheep are started for the mountains, grazing gradually along, gaining strength and weight every day, across the huge sagebrush flats, until, as the snow disappears and the green grass commences to show, they reach the summer range (which Uncle Sam has held for them at so much per acre) and there in the mountain fastness, far away from the haunts of man, with plenty of green grass and an abundance of water, they grow fat and at the same time lay in the dollars for their owners until time to ship the first lamb, which is usually early in July; they way for the mountains and the markets of the coast. Then as the chill days of autumn commence to warn both man and beast that winter is approaching, the vast herds are started toward the mountains, where the huge stacks of alfalfa have been put up to tide them through the long winter days until spring once more opens up, and the same routine is gone through with again.

SPokane's BIG APPLE SHOW. Prize Winners Were Apples, and Sent to Foreign and Domestic Markets. If the apples displayed at the National Apple show, which closed in Spokane on Nov. 20, were placed side by side they would stretch over 72 1/2 miles of ground, says a telegram from that city.

There were 1,525,831 apples, the average diameter being three inches, and having a total of almost 381,458 feet.

The entries included thirteen full cars of 630 boxes, ten limited displays, thirty-nine free-for-all exhibits, of which twenty-one were from irrigated tracts; seventy-three entries in the state and provincial groups, representing twenty-three states and provinces of British Columbia and Nova Scotia; ninety-nine ten-box, 135 five-box and 278 single box displays, also 1,323 plates of five apples each.

The exhibits covered three and a half acres of floor space and were seen by representatives of every territory and province in America and visitors from various parts of Europe.

Twenty boxes of prize-winning apples were sent to President Taft, ten boxes to the emperor of Japan and fifty boxes were presented to King Edward and King William and members of the royal families in Europe and to the president of France.

ENGLAND'S POWER IS WEAK. Doleful Declarations by One of Her Chief Statesmen.

There are all sorts of trouble in the British parliament, over the national budget, which has been under discussion for a month; and yet this emergency is scarcely so alarming to John Bull as the dilemma of the leaders of the House of Lords continuously call to the attention of the people which the army and navy faces.

On this subject Lord Chas. Beresford says: "Confidence among employers and capitalists in our supremacy at sea is threatened for the first time since the battle of Trafalgar. There is an alarming shortage of men, an evil which is accentuated by the inevitably increased requirements of the future.

Five More Automobile Victims. In a collision between an automobile, driven by one of the victims and a street car in Los Angeles, Nicholas Jacobs, his two sons and two daughters were almost instantly killed. Jacobs was a prominent real estate dealer, well-known throughout Southern California.

Fresh, homemade bread every day at the Twin Falls Grocery. Second door from postoffice.

## TAFT APPROVES BIG BOND ISSUE

SAID TO HAVE INDORSED BALLINGER'S REQUEST.

Therefore Interior Department Formally Asks Congress to Authorize \$30,000,000 Government Securities for Reclamation Project.

A Washington special telegram in last Monday's Boise Statesman says: In his annual report to the president, made public today, Secretary Ballinger outlines a plan of legislation which, if followed by congress, will remove many of the points of difference between the interior department and forest service, and will also guarantee the practical development of the remainder of the public domain. Of all the recommendations made

by the secretary, none is more important to the west than his urgent plea for a \$30,000,000 bond issue to facilitate the construction of irrigation works. This recommendation is in strict accord with appeals so often made by Senator Borah, and both Secretary Ballinger and Senator Borah now feel hopeful that this bond issue will be authorized.

One other suggestion made by Senator Borah that has been incorporated in the secretary's report, is that congress make special appropriation for surveying railroad lands within forest reserves so that these areas may be forced to bear their just share of taxation.

The secretary finds that this railroad land, now exempt from taxation, because unsurveyed, would pay an annual tax of approximately \$300,000 if surveyed. He strongly urges an appropriation for this purpose.

The report is one of the strongest ever put forth by a secretary of the interior, and while straightforward, plain and convincing, is absolutely devoid of sensational features.

There is no reference whatever to recent sensations; no stars cast up

on any other branch of the service; nothing upon which to base startling yarns of quarrels in the official family. The report is entirely dignified in its terms and has been approved by President Taft.

### STANDARD OIL WIDELY HELD.

Names of Prosechers, Actors and One Ex-Senator in List.

The list of more than 6,000 stockholders of the Standard Oil Company as presented in evidence at the anti-trust trial in the federal circuit court, which was decided against it recently, is widely divergent in personnel.

Many members of foreign nobility are included in the list, and one former United States senator, together with actors, singers, ministers and charitable and educational institutions appear along with financiers, business men and heirs of former stockholders.

Among the nobility represented are: Comte D. D'Aranson, France, 28 shares; Comtesse Gaston D'Arcelet, New York, 30; Marquis Desmirs De Chenon, 7; Baron Raymond De Bont-

court, Paris, 66; Alvis Morris, 200; Comte De Montemelin, Paris, 10,000; Marquis Guilaime De Fothman, Paris, 50; Comte Charles M. S. De Yall-court, 5; Baron Rene Louis Labure, 2; Baronne Labure, nee Barthelemy, 5; Wilhelmine Pauline Labure, 5; Sir W. Ramsay, K. C. B. London, 5.

Chauncey M. Depew, former United States senator from New York, appears on the list as holding 400 shares. John Drew, the actor, is credited with 90, and Mrs. Josephine Drew, 8. Lillian Nordica, the prima donna, has 30 shares. General John A. Wiley, Franklin, Pa., 50 shares.

Rev. William C. Bittling, pastor of the Second Baptist church of St. Louis, is not the only minister reported on the list. Among others the name of Rev. James W. A. Dodge, Tuckahoe, N. Y., 35 shares, appears.

### AMERICAN SHOW IN EUROPE.

Great Exposition Planned for Next Year to "Push" Yankee Sales. An American exposition will be held in Berlin (considered the com-

mercial heart of Europe) during June, July and August of next year, designed primarily to extend American trade relations with Germany and other European countries. It will present an epitome of American industrial achievements, natural resources and progress along artistic and intellectual lines, and will be the first all-American exposition ever held in a foreign country.

J. Pierpont Morgan of New York and Prince Henry of Prussia are honorary presidents, and David R. Francis, president of the St. Louis world's fair, and John Wasmaker are honorary first vice presidents. Prince Henry will head the German reception committee.

### CARTER FAVORS WARRANTS.

Would Have Secretary of Treasury Draw Them.

A dispatch from El Paso, Texas, quotes an interview with Senator Carter of Montana, chairman of the senate committee on irrigation, in which he proposes to have the secretary of the interior issue warrants

for \$100,000,000 and have the proceeds of the treasury to be paid into a national treasury, the money to be paid as soon as the money is paid from irrigation enterprises. This, said Senator Carter, would save all reclamation work now under way to go forward without interruption.

Senator Carter said also he would favor a change in the present law which requires ten equal payments for lands, and have a system of gradual payments, small for the first few years and increasing later. This system, in the belief of Senator Carter, would be of benefit to farmers as payments for their land would become heavy until the farms were well under cultivation.

### To Whom It May Concern.

## No Speculations in Buying Anything of this Big Store

NO question of material excellence, moderation or permanent satisfaction is ever asked twice by the same person in our store. The first of anything he or she might wear out of the Big Store answers every question that they might think of. Then, knowing that if it be not satisfactory they can come and tell us and we will make it right, removes every feature of speculation.

Men's Clothes from \$15.00 to \$35.00  
Ladies' Suits & Cloaks, \$12.50 to \$40

Men who acquired the habit of wearing our Furnishings when this store started, have been enjoying satisfaction longer than the fellows who were slow to come in, but they're not a bit more enthusiastic than the new comers.

### Men's Furnishings

Wool Underwear from \$1.00 to \$7.00 per Suit  
Negligee or Pleated Shirts in a vast range of color effects

**\$1.00 to \$3.50**

Night Robes, Ex. cut, 60 in. long.  
**75c to \$2.50**

New Fall Neckwear, patterns exclusive with us.  
**50c to \$1.50**

The Lady who wanted nice, pretty furnishings, always came here for it. We're always looking for more business.

### Ladies' Furnishings

G. D. JUSTRITE CORSET  
**\$1.35 to \$5.00**

Ladies' Hosiery from 25c to \$3.50.  
Gloves and the finest French make  
**35c to \$3.50**

Muslin Night Robes  
**75c to \$3.50**

Outing Gowns  
**85c to \$2.25**

Our Art and Fancy Work Departments are filled to the brim with pretty things that would make everybody happy, and especially the housewife, who likes the pretty things that make her little home look more homelike.

### Christmas Suggestions

Pillows and Covers  
Pillow Cords

A great line of stamped stuff in both the Pillows and Linen Covers.

Ask to see the line of  
Lunch Cloths  
Tray Cloths  
Side Scarfs
