

PROMPT ACTION IS DEMANDED

Danger of Losing Jarbidge Trade is Imminent.

DEETH, NEV., IN LINE FOR CAMP TRADE.

Little Nevada Town Hales Fund of \$4000.00 To Build Road and Capture Trade.

That Twin Falls merchants need to take action in order to hold the trade of Jarbidge is apparent, after the action taken by the little town of Deeth, Nevada. This little town of barely 700 people has raised \$4000.00 to build a road from that town to Jarbidge. The county of Elko has donated an additional \$1000.00. This means that a good road will connect these two towns. That Twin Falls can hold the trade if it desires is the opinion of those who are familiar with conditions. Deeth is a small town on the Southern Pacific, located about 55 miles from Jarbidge. It realizes that the trade of this county is being sought by the merchants of Deeth. It has a warrant the expenditure of \$4000.00 to connect the points. Freighters say, however, that the trade can be held by Twin Falls if the city will repair the road between the two points at the present time there are a number of dangerous spots along the road. At Deeth's creek the freighters mire as in the case at fords on the line. There is the need of five or six bridges so that in the spring and late fall it will be possible to load the crocks. The grades in some places are bad, one being at Killy Wilkin's canyon. Unless these faults of the road are remedied there is danger that the trade will be diverted to Deeth.

Few of the merchants realize what the Jarbidge trade amounts to at the present time. One freighter has hauld \$3000.00 of supplies every month for the past ten months. It is a conservative estimate that at the present time there is \$2000.00 of goods in the camp in Twin Falls each month. With the prospects that are before the city there is every reason to suppose that this will be tripled in a few months. The installing of the stamping mill will warrant this. The merchants do not want to lose the trade but for realize that it will be lost if action is not taken.

M. R. Moore, who recently returned from Jarbidge, says that \$2500 will place the road in excellent shape. This will build the road in a few weeks. "It must be understood," said Mr. Moore, "that while there is an opportunity to hold the tremendous trade of the Jarbidge district there will be work done outside of this county. Silver City, Nevada, the county seat of Elko county, is not going to build the road for the moment except to turn from it as it is too far west. In Twin Falls holds the trade they must fix some of the roads outside of this county. The road must be built from this side. The fact that this side has the contract for carrying the mail for four years, and that the trade can be held by this side if the road is repaired." Mr. Moore reports that there are now about 500 men in and around Jarbidge. In connection the report of the Brum-Kinney people of this city will be of interest and it only goes to show that action should be taken now. The Brum-Kinney Co. report that they have received word from camp to the effect that the company's working outfit will be in property are in over 400 feet, several strings of quartz running from five to fifteen dollars having been cut and engineers who have been working for the past week, after getting the dip of the ledge from the Four M Lense and the McCloy and the Curley Lenses, report that the ledge will have to be driven some twenty-five feet further before cutting the main ledge. On account of soft ground which is in evidence, timbering has to be done which has somewhat delayed the headway with the tunnel.

The Four M Lense, after sinking fifty feet on the ledge and with the grade struck showing greater strength and width, have started to drift two ways with the idea of blocking out. They are well sucking, big grade at the rate of two to three inches per day. Mr. Parks, on the Rainbow Lense, has reported that he has encountered the ledge at a depth of 350 feet, and shortly expects to be able to report the width of same.

The other lenses are still showing the result of work and the ledge is being uncovered wherever work is being done.

The company has secured, and will shortly install, one of the most complete mills for milling the ore which has ever been put out by Chambers & Williams, the largest mill in the world. The mill is absolutely complete in every detail and consists of a crusher with the complete comminution and operation of the mill. The contract calls for the shipment complete on or before seven weeks and the approximate weight of the entire outfit

RALLIES OVER ENTIRE COUNTY

Republicans Will Endeavor To Reach Voters.

PLAN COUNTY WIDE MEETINGS IN ORDER TO STATE ISSUES.

School Houses Will Be Visited—Candidates Will Be Present to Meet the Voters—Dates Are Announced.

With election day exactly two weeks away, politics are beginning to be the absorbing topic of conversation, candidates are on the move and chairmen are making word-of-mouth contact of the pluralities that their candidates will have. The last two weeks will be a lively one in the political arena of this county for the Republicans are holding the speakers up and are making a thorough canvass of the county.

The chairman of the Republican county committee has prepared a list of the dates of the speakers and the literary outside of Twin Falls is as follows:

Plonsant View school house, Wednesday, October 26, 7:30 p. m.

Union school house, Thursday, October 27, 7:30 p. m.

Kimberly, Friday, October 28, 7:30 p. m.

Springa school house, Saturday, October 29, 7:30 p. m.

Marona school house, Saturday, October 29, 8:00 p. m.

As the most of the meetings a large delegation of the candidates will be present. At the Marona school house meeting, Senator Sweeley will defend the record and a copy of the Tenth session of the legislature.

WILL HOLD MEETING.

Important Gathering of Farmers To Be Held in Union Hall.

The secretary of the Farmers Union in Omaha and Chicago is preparing a meeting for all the farmers on the road, the meeting to be held in Union hall on Saturday next, October 29, at 7:30 p. m.

At this meeting the important matter of marketing the enormous hay crop will receive attention and will be discussed. It is a matter of some importance to the matter a conservative estimate is that there will be between 10,000 and 15,000 tons of hay in this county. There is a solution to this question and every farmer is urged to come out and hear the discussion.

TO SHIP THE 28TH.

Twin Falls Display for Omaha Show Already Ready.

The big exhibit which the Commercial club is preparing for exhibiting in Omaha and Chicago is nearly ready for shipment and the car loaded with exhibits will leave on the 28th. George H. Smith and A. P. Senior, who will be in charge of the exhibit, expect to leave shortly after the first of the month in order to get exhibits ready in the display space contracted by the club.

It is 235,000 pounds. The Quanner Crusher has a capacity of 500 tons per day and this amount it will pulverize to 60 mesh. The amalgamation and cyanide outfit will turn out 150 tons per day. The company is finishing on taking custom work unless the tonnage desired can be furnished by the Patrick workings and company in a position to install two or three such mills as this should the district warrant it.

This mill will be installed by experts from the companies supplying it and will be turned over to the company only after it is in good working condition and the company has made arrangements for the services of an expert mining engineer and cyaniding expert who can take care of the cyanide work. The mill can be run by water, steam, gasoline or electric power, and for the time being it is expected that the steam will be the power used and bids will be accepted in the near future, in Jarbidge for the furnishing of the wood which will be consumed. Bids will also be in order and accepted in the near future, for the hauling of this 235,000 pounds of freight into Jarbidge and it is expected that the steam freighters will find in bids. This freighting and contracting will be in charge and overseen by a contractor who has had a long experience in the work of the government. The installation of this mill will have considerable bearing on the future of the camp and is looked forward to with much enthusiasm and excitement by those interested in the camp, and, without doubt, it will mean considerable to Twin Falls.

ANSWERS ALL CHARGES

Gov. Brady Assumes The Aggressive In Speech at Airdome.

Monster Crowd in Attendance--Over 300 Turned Away--Wins Many Votes.

Besides defending his own record and the record of the Republican party during the last few years, Governor Brady assumed the aggressive at the Airdome rally Saturday evening. He answered all the allegations made by the Democratic nominees and in return compared the last administration under the Democratic regime in a way that resulted unfavorably to Democracy. He had the sympathy of the immense crowd with him for the well-accused him was one who they executive could well be flattered with. As a result of this rally Republican county leaders feel that the nominal Republican majority in the county will be greatly augmented, for they realize that the meeting was a vote winner for the speaker.

Previous to the speech of the Governor, Lieut. Governor Sweeley gave a few remarks, referring briefly to the personal attacks on the Governor and gave some light on the case. He also came out with an earnest endorsement of Senator Sweeley, and branded the statement that Senator Sweeley had not aided the county option bill, as a lie. He urged the return of the Senator.

Attorney J. H. Wise introduced the Governor as the man who worked for the people of the state and said his own Gov. Brady felicitated Twin Falls on the hearty reception accorded him and stated that the entire state had done likewise. He said that his present campaign had been made by him to be one of men rather than principles. He declared that he had been by the way of the element and had been accused of everything on the calendar. He had been maligned as no one else had ever been. The purpose of his speech was to defend and punish him for his stand on the local option law. He stated that it was a notorious thing that his opponents had accused him of any great so that if there was wrong doing it must have been because of inability. "Two years ago," he said, "I asked you for your suffrage and you elected me. I told you at that time that I would return after serving you well. I am now here at the end of 21 months. I am here to say that I have done my duty to the best of my ability. My administration is an open book. I hope that when my tale is told that an intelligent audience will give me a vote clearing me of all charges."

He declared that it was an axiom in politics that it was impossible to get good officers unless their work was appreciated. If his work was not good then they should repudiate the charges and elect him again. He then voiced the belief that a man should take care of the state property that is his own, for he is simply its steward. Idaho now has \$34,000,000.00 assets which is a big sum to be properly safeguarded.

A thorough comparison of the Democratic and Republican administrations was then gone into, showing how the only heritage that the Democrats left after leaving office was a debt of \$60,000 and every department office of the state had failed to come out even with the acceptable work done. Then proceeded to show by statistics how under the Republican administration things had reversed. Every department had made money over the

Democratic showing. The bonds that the Democrats left for the Republican to not had been paid off and that there was a comfortable margin, estimated at \$27,000.00, to be turned over after allowing the payment of the Democratic bonds. Besides the above amount there will be \$58,000.00 on hand for working fund. He called attention to the fact that it had been the policy to lend money to the school bonds—money that had been given out to the Democratic banks where it brought no return to the state.

In regard to the many charges launched against the land board, he declared that the trouble was easy to find and equally easy to remedy. He stated that when the state was admitted to statehood that the charter provided that the governor should be off the board. As the state has grown he is now on 11 boards. He also must keep track of all the funds, some \$4,000,000.00. He also must audit all claims and sign all papers, which means that he must sign 2,500 warrants. There are now 2,500,000 acres of public land, valued at eighty-five million dollars. This requires more attention than the present board can handle. He said he can give. He advocated a non-partisan commission to meet this difficulty. He declared that Hawley was going around the state and through his work before a jury and trying to land himself before the Democratic jury, but he would appeal and demand a change of venue.

In the demand of the Democrats for an explanation of the \$5000 dinner was forthcoming. He reviewed the entire affair, showing how every allegation against Hawley's bill had been refuted. He himself had contributed \$150.00 to help pay expenses of the fair. He stated that Hawley "wanted him to go the fair as the representative of the state with overalls on and a basket with a lunch in it hanging on his arm."

Returning again to the land board he reiterated his statement that he would close the same national forest, but located in Fremont county, Idaho, becomes subject to settlement under the homestead laws on November 2. On the same date lands will be restored in the Beaver Head national forest, to the amount of nearly 100,000 acres, located in Blaine and Beaver fields counties, Montana.

MASS MEETING FOR TONIGHT

Business Men Invited to Discuss Jarbidge Conditions.

NECESSITY FOR KEEPING UP BONDS TO BE SHOWN AT MEETING.

Twin Falls Will Take Steps to Retain Royal Patronage of the Miners.

Twin Falls business men who have organized the massive bid for Jarbidge during the past twelve months, will be pretty certain to attend the meeting which is called for tonight in the Commercial club rooms at eight o'clock. The meeting is called by the board of directors of the club in response to a very urgent need to retain the interest in Jarbidge. The merchants who are in the position to grasp the enormous amount of trade from that camp do not care to have it slip away to some other city, and will at the mass meeting give some of the things which this city could do toward retaining control.

LAND RESTORED TO ENTRY.

Large Tracts of Land in Western States Now Open.

Washington, Oct. 22.—Large tracts of land in Montana, New Mexico, Utah, Oregon, Idaho and Wyoming, most of which were eliminated from the national forests under the executive proclamation of July 1 last, were restored today to settlement under the entry on November 21, next. Practically all of the land in Colorado and Washington were made subject to entry earlier in the week. The secretary of the interior also restored to settlement today and to entry on November 21, about 10,000 acres in the Great Falls, Mont., land district, formerly withdrawn. Another large tract is in Uinta county, Wyoming, consisting of 5,840 acres of the Fargate national forest. A tract of 10,000 acres in the same national forest, but located in Fremont county, Idaho, becomes subject to settlement under the homestead laws on November 2. On the same date lands will be restored in the Beaver Head national forest, to the amount of nearly 100,000 acres, located in Blaine and Beaver fields counties, Montana.

GAVE SPLENDID RECITAL.

Entertainment at Christian Church Satisfies Audience.

The dramatic recital given by Mrs. W. E. Aaron, assisted by a number of other members of the church, numbers, proved a most delightful treat to those who attended last Friday evening. Mrs. Aaron was encouraged heartily after each number and her dialect sketches were exceptionally well received. The piano duet by Misses VanMeter and Gram, the solo by Miss Mathews, and the violin numbers by Mrs. Smock, were worthy of the applause given them.

FILER DEFEATS TWIN FALLS

High School Lads Go Down Before Filer Huskies.

The Twin Falls high school football team played at Filer Saturday afternoon and were defeated five to nothing. The result was rather a surprise to the boys' team as they had won by a good score in the first game. Filer had improved greatly in the interim and outplayed the local team at all stages. Governor Brady was one of the spectators at the game. The deciding game will be played at an early date when Twin Falls hopes to repeat its first victory.

ARE OFF FOR JARBIDGE.

Two Freighters Start For Little Nevada Town.

That the inhabitants of Jarbidge are consuming lots of food on this day is shown by the wagons and trailers that passed up Main street about noon yesterday. These were freighters carrying a load of the other four, both being on trailers, starting on the long trip to the Nevada town. The lead train made quite a show with the horse. The estimated weight of the combined loads was 14,000 pounds.

CHICAGO FIRM GETS BONDS

About Fifteen Bidders Submit Figures.

BONDS ARE FOR \$40,000, PAYABLE IN 20 YEARS.

Allerton-Green and King, of Chicago, was the successful bidder for the \$50,000.00 bonds offered by the city. These bonds are in the denomination of \$1000.00 each, payable in twenty years from date. The call for bids stipulated that the rate of interest should not exceed six per cent. Interest is to be paid semi-annually on January 1 and July 1 of each year. There were some fifteen bids opened at the meeting last night and there was very little difference between a number of the bids. After sifting them all through, the Chicago firm was selected to handle the issue. Their bid was 5 1/2 per cent, with a premium of \$270.00. Another bid which was very close to this, called for a five per cent rate, but demanded 2 per cent of the issue for attorney's fees and the cost of bond issue. A number of the bids were as high as the legal rate as provided by the charter—8 per cent. All of the bids were accompanied by a certificate of \$1000.00, as evidence of good faith and as a forfeit should the successful bidder fail to comply with the provisions of the bid. The issue of the \$50,000.00 is to be used for street paving, street improvement, and the fire department, \$25,000.00 for paving of the streets; \$7,000.00 for street improvements; and \$18,000.00 for the fire department. These items were all included under the one issue of \$50,000.00.

WILL BUILD INTO IDAHO.

C. & N. W. Coming From Lander, Wyo., To Pocatello.

The New York Commercial is authority for the statement that the Chicago and North Western will build into Idaho from Lander, Wyo., to a connection with the Oregon Short Line at Pocatello, the latter road to be used for street improvements and \$10,000.00 for the fire department. These items were all included under the one issue of \$50,000.00.

DOUBLE TRACK TO MINIDOKA

Will Bridge Snake River at American Falls For Tracks.

A "G. M. O." (general manager's order), has been issued to complete surveys for double tracking the Short Line between Pocatello and Minidoka and between Corps of surveyors are now busy busy on the work with instructions to complete the surveys as quickly as possible. Word has also been transmitted to the supervising engineer's department to build the new steel-girder bridge across the Snake at American Falls wide enough to accommodate two tracks. The tremendously heavy traffic on the Short Line, both east and west of Pocatello, has made imperative the provision of better facilities for handling trains on the congested districts. The double track work between Pocatello and Minidoka is now practically completed.

DARROW WILL DEFEND DIEZ

Defender of Moyer and Hayward to Aid Wisconsin Murderer.

Portland, Ore., Oct. 22.—When John Diez, defender of the "Californian" Dan Moyer and his wife and son, are brought to trial for the murder of Deputy Sheriff Sharp recently when they duped him into the Diez cabin, Attorney Clarence Darrow, of Chicago, will defend them, according to reports here. Darrow came here to meet Diez, his defense of Moyer and Hayward in the Wisconsin case. Darrow is now in Portland, Ore., and will be in Chicago on October 25 and will be in Portland on October 26 and 27.

On All of Your Printed Matter, It Represents Good Workmanship, Good Values, and Good Conditions.

It is necessary in order to get the measures endorsed by the Republican party through the legislature that a working majority be returned to the house this election. If you believe in the platform of the party you should give your vote to Fred Nihart and F. W. Hess in order that your will may be worked out in its completeness. Just remember that the Democratic platform does not promise much outside of one measure, the Initiative and referendum. On the other hand there are a number of important planks in the Republican platform which are needed in this section. The Carey act commission plank in particular, means a great protection to every settler in the irrigated district. It is primarily essential to this tract. The platform also endorses local option, which is being tried out in so many counties. The railroad commission in the platform should be given your consideration. With the whole southern half of the state in the control of one road such a commission may mean much to every shipper of produce on the tract.

HOW FRENCH STANDS AT HOME.

If a man was vindicated from the charges of being an undesirable political boss over his home people and a "back number" who had perpetuated his reign in office only by means of manipulated conventions Burton L. French is certainly the man. He was beaten two years ago in the convention in which he had appeared to be the people in the recent primaries, he was legally supported and vindicated the state over. In his home county of Latah, where his enemies had charged him through the newspapers with being an "obnoxious boss," and predicted his complete downfall, the people rose up and gave him a majority of something like 900 over his opponents, who are recognized as very capable men. To further show their belief in him and to send forth to the entire state their estimate of the man, the Republicans, in their recent platform utterances say:

We congratulate the people of Idaho upon the nomination of Hon. Burton L. French as representative in congress. Mr. French has already represented our state in congress during a period of six years, and accomplished many things for Idaho during the time of his distinguished service. He is clean, able, honest and courageous. We predict his election to the high office of representative in congress by an overwhelming majority, and are confident that his work in behalf of all the people of Idaho, on account of his wide experience and great knowledge of the people of the state, will, in the future, eclipse his enviable record of the past. We point with pride to the nomination of this man under the direct primary law as an illustration of the fact that party conventions do not always carry out the will of the people.—Orangeville Globe.

Those who expected to hear Governor Brady sidestep the allegations of Candidate Hawley, were disappointed after the meeting Saturday night. The entire speech was a telling rebuttal of each and every charge of the opposition. No charge was overlooked and even so superficial an allegation as the \$55.00 dinner episode was given an airing that showed that it was simply a desperate attempt of the Democrats to find a weak point in his administration.

The Democratic charge of extravagance was used as a boomerang when he showed how every department of the state government had been placed on a paying basis, while under Governor Hunt's rule every department with the exception of two would run at a loss. The Democrats had a debt of \$80,000.00 for the Republicans to pay off and this has been paid and still there is a balance of nearly a quarter of a million dollars. The "land board" was also taken up by the "sawyer" of the charges. Governor Brady showed that

the real trouble was that no adequate provision had been made for handling the land business which now has assumed great proportions. A non-party commission was advocated to meet this new condition. His exposure of Laneson and Church in his speech showed that he is desirous of exposing the corruption in his own official family. He delivered a "backstab blow" to the Democratic chieftain about the different prices charged on the various projects when he showed that it is absolutely necessary to do so and that the rate in cases was set by the voters themselves by petitions. His stand on the temperance question showed the real intent of the two parties. He declared the temperance issue to be the prominent issue, whereas Mr. Hawley in his Twin Falls speech said that he did not regard it as such. The stand of the Governor was clear and there was no chance of misgiving as to his sincerity. His clear and straight defense won him commendation as well as votes.

AN EFFICIENCY AND ECONOMY COMMISSION.

The work of the so-called "Keep Commission" is still animatedly discussed in the Government bureau at Washington. Its members were Charles H. Keep, James R. Garfield, Frank H. Hitchcock, Lawrence O. Murray, and Gofford Pinchot. It was appointed by President Roosevelt to obtain information which might lead to a more economical administration of the departments. It brought to light many interesting facts concerning the government's mechanism. President Taft is now continuing his investigation, and has found it effective also in his private secretary, Mr. Charles Dyer Norton, who as Assistant Secretary of the Treasury had begun such a work on his own account. In his effort towards a more economical administration and the institution of more scientific business methods the President's plan is to have a commission of experts to be headed by Dr. Frederick A. Cleveland, Director of the Bureau of Municipal Research of New York City and already employed as a member of the White House staff. Those experts are to investigate means for co-ordinating administrative methods, curtailing expenses, and amending deficiencies. Furthermore, in each department there is to be a sub-commission of three members to co-operate with the central organization. The result should be, if not a standardization of all forms of administrative activity, at least a proper comparison of the cost and efficiency of the same forms of activity in the various departments. In particular, however, there should result the institution of a budget, a statement to be submitted to Congress of contemplated receipts and disbursements by the executive departments. There should certainly be an opportunity to compare proposed appropriations with those for the previous year, and, in general, a statement of affairs so simple and orderly that the man in the street may understand. If the new commission shall inaugurate efficiency and economy in the transaction of public business, it will deserve well of the country. It will also add to the President's prestige by being the third such commission appointed by him, the others being the Tariff and the Railway Securities Commissions.—The Outlook.

KIMBERLY NEWS NOTES.

Governor Brady Makes Strong Speech At MHI Town. Kimberly, Idaho, Oct. 22, 1910. Mr. J. P. Hennings, who purchased the business property recently, here and is expecting his car of household goods and farm tools. Mr. Hennings will plant several acres more here this fall, and is very enthusiastic over the showing made in this country in the past five years and predicts a great future for the fruit industry. Mrs. B. Wilkins, who has been on the sick list for the past week, is reported much improved at this time. J. F. Dehann arrived Wednesday from Centerville, Mo., where he has been visiting after business matters and looking after some property near Hoffacker, as well as property in and adjoining Kimberly. Mrs. Dehann says she is on the sick list this week. Mr. J. B. Doylock from Spokane, Wash., is here this week, looking after his land interests two miles south of town. The measuring social given by the Royal Blue club bunt, proved a grand success. At the appointed time the band appeared on the Main street, and under the leadership of Rev. Leitch played their first piece of music. The measure of the band was appreciated by a good turnout of home people, all of which are interested in the success of the band. At the close of the measure the band was invited to the church, where supper was served, each person being measured and charged for their meal accordingly. The measure of the band was \$22.00, and everybody had a good time. Mr. and Mrs. W. T. Hudson arrived Saturday from their old home in Wisconsin, where they have been visiting for the past two months. Mr. David Wolf and wife, friends of Mr. O. Q. Zuck, arrived Saturday from Latah, where they have been directors of the Kimberly Land & Orchard company. Governor James H. Brady addressed a large audience at the MHI town meeting at Kimberly, Mr. Brady was accompanied here by Lieutenant Governor Sweetser, Judge Walters, Sena-

tor Sweeley and several other candidates of Twin Falls county. Governor Brady's remarks were plain and to the point, and did not fail to impress his audience that he was stating facts. The hard times dance given Friday evening proved to be a very enjoyable affair. Don Dunweeks, who has been quite sick for the past week, is reported somewhat improved at this time. W. C. and C. T. Newbury were transacting business on the North Side Wednesday of this week. E. U. McIntire, W. H. Turner, E. T. Newbury and W. F. Breckon, drove to Twin Falls Saturday evening to hear Governor Brady speak. The crematory building is progressing rapidly under the management of Mr. A. R. Campbell and will soon be completed. If you haven't already registered this fall, you should do so on or before Saturday, October 8th. If you wish to vote on November 8th, the Kimberly Concert band have been engaged to play for the Republican rally Friday evening, October 22nd, at Kimberly. School will be closed this week while the teachers are attending the institute at Pocatello. J. T. Morrow, the hay baler, came up from Twin Falls, Sunday. Mr. Smith, local manager for the Utah-Idaho Elevator company, went to Rupert, Sunday to spend the day with his brother. E. W. Davis from Twin Falls, was in Kimberly Wednesday of this week, buying potatoes. John W. Harlin shipped a car of potatoes Friday of last week.

GOV. BRADY AT BUHL.

Receives Enthusiastic Reception on the West End. Buhl, Idaho, Oct. 22, 1910. Probate Judge Shields was down from Twin Falls Friday evening in attendance at the speech of Gov. J. H. Brady. D. B. Hartwell was over from Roseton on Thursday, transacting business. J. R. Hinton, Republican candidate for county auditor and recorder, was in Buhl Friday. Mrs. Rose Hobbs arrived Thursday evening from Oxford, Mich., for a visit with her brother, A. W. Bishop. Mrs. M. W. Conway was over from Jarbidge, Sunday. Dr. Chas. Weatherbee was in filler on professional business the first of the week. County Coroner Chas. J. Walker was in the city Friday. Mrs. L. Straus entertained Monday evening in honor of her husband's birthday. R. M. McCollum, J. W. Craven and Thos. Robison were in Buhl the last of the week in the interest of the McCollum estate. W. H. Harvey left Tuesday for Spokane, on business. Attorney Edgar L. Ashton of Twin Falls, was among those who attended the speech by Gov. Brady on Friday evening. Mr. F. Prince made a business trip to Wendell, Thursday. E. F. McIntyre, the Kimberly butcher, was in Buhl, Monday on business connected with the barbecue which was held at Deep Creek Friday afternoon, in honor of Governor Brady. Percy L. Prothro was down from Twin Falls Monday in the interest of the Engles, and states that an article will be organized in Buhl in the near future. Messrs Evans and Johnson have commenced the section of the second story to their 25 foot stone addition to the Buhl Furniture House. L. O. Hayford, candidate for county assessor and tax collector, was in Buhl Friday evening to attend the speech by Governor Brady. A. W. Walker returned Friday from a business trip to Boise. W. G. Thompson, Democratic candidate for sheriff, and P. H. Crow, chairman of the Democratic central committee, passed through Buhl Thursday on their way to the Democratic rally at Castleford. Fred J. Adams returned Wednesday from a business trip in Seattle. Attorney Arthur O. Ostrom was in Twin Falls on legal business, Friday. T. E. Moore, Republican candidate for county commissioner of District No. 1, was in Buhl, Friday on political business. Miss and Mrs. H. Hazard, were up from Clear Lakes, Thursday. Mr. Van Ausdela was in Buhl, Friday on political business. D. Weaver was the last of the week for Newton, to visit his brother, R. L. Weaver, at that place. Attorney J. B. Hall was down from Twin Falls Friday evening to attend Governor Brady's speech, but was unable to be present on account of sickness. Miss Bertha Bentley left Friday morning for Mitchell, Neb., where she went on business connected with her homestead there. Fred Mills was in Pocatello on business this week. E. A. Sprague and Mrs. Mable Stepher, who have been visiting at the home of their brother, Mr. W. Morrison, left Saturday for their home in Loveland, Colo. The ladies of the Methodist Aid society had a large turnout at their oyster supper, Friday evening, which they deserved in every way, for the supper was an elegant one. Besides clearing the amount of \$60.00, Gov. Jas. H. Brady made them a present of \$20.00, for which the ladies desire to thank the governor, very heartily. A large audience greeted Governor James H. Brady when he gave his address Friday evening in the Buhl opera house. Wm. H. Parish acted as chairman of the evening and first vice president of the evening was Governor Sweetser, who gave the preface to Gov. Brady's speech. Next came the speech by the governor, which was especially interesting as being very much pleased with being able to speak to the people of Buhl, and also told of the warm reception of the evening and the people of Deep Creek, four miles west of Buhl in the afternoon, where he was honored with a barbecue, there being about three hundred people present. He then denied the charges which the Democrats had accused him of in former speeches, and gave proof to

Idaho Department Store

offset them. He also outlined the work in brief of the governor, and told of his travels throughout the state. He stated that he was not in favor of liquor, but gave the reasons why, telling several pitiful and touching stories of his experiences as governor, in which prisoners were awaiting their death just from the cause of liquor, and he felt that to sign his name to a certain piece of paper would save them from death, were he to do so. He ended by stating that he had done his duty by the state, telling of his experiences when he first came here as a boy, of what the people of Idaho had done for him, and that he had made all of his money here and wished to give his services to the state. "Let me live and die in Idaho," was his closing exclamation. Harry Conkline went to Twin Falls, was in Buhl Friday evening. A. W. Bishop made a business trip to Twin Falls, Saturday evening. Mr. and Mrs. E. R. DuBoise were down from Twin Falls the last of the week visiting with friends, and looking after business matters. Harry Conkline went to Twin Falls Saturday evening to visit friends in that city.

Smoke JUAN DE FUCA. Clear He. June 9 10

(Trade Mark)

PRIEBE Will formally open his new store on Friday. You are all urged to come. The entire Day will be given over to showing you the up-to-the-minute fixtures and stock. Traveling men pronounce this the most complete and best appointed store in the northwest. We will have six salesmen to show each and every one what our new facilities are. We will be open until 11 o'clock Friday evening. No goods will be sold after six.

We have a store that is up-to-the-minute in every respect. It is a credit to Twin Falls and places us in the front rank of Jewelers. We are anxious that everyone call and inspect our store and so have set aside this particular day that all may come to the public opening. We have sent out some 300 invitations but have not reached everyone that we would like to. The invitation is for all. We are to stay open until 11 o'clock as there is a large reception to be held Friday afternoon and we want to give these ladies an opportunity to see the store as well as those who cannot get away at any other time. No goods will be sold after 6 o'clock.

W. R. PRIEBE, the owner of this magnificent store, has a record which shows that he has absolute knowledge of all phases of the jewelry business. He was born in Rochester, Minnesota, and when a young man worked in one of the stores in that city. He then entered the employ of the Ried-Orr Co., manufacturing and wholesale jewelers, where he was employed for six years. While in their employ he made a study of all branches of the trade with the expectation of its being his vocation. He severed his connection with this company in 1892 for the purpose of taking up a course of study in optics. Mr. Priebe attended the Northern Illinois College of Ophthalmology and received the degree of Doctor of Optics. Next he passed a graduate course in Engraving, after which he went back to the Rochester firm where he was employed for another year.

Desiring to perfect himself in the art of watchmaking Mr. Priebe attended the St. Louis School of Watchmaking, perfecting himself in the work of chronometers, timers and foreign watches. Shortly after this he came west, being at Spokane and Water-ville, Washington. At the latter place he took charge of the jewelry department for Mr. A. Gubbert and remained with him for three years, when he came to this city as his junior partner. On May 15, 1908, Mr. Gubbert was bought out, and in February, 1909, Mr. Priebe bought out Mr. Gubbert and took possession of the store on Main street.

The growth of the business of the Main street store is a matter of local pride, and soon it became necessary to look about for larger quarters with the result that space was reserved in the new bank building where he now has the finest equipped store in the West. Traveling men are unanimous in this statement, and this reflects creditably upon the progressive spirit of the owner, who has endeavored to keep pace with the growth and the demands of his trade. Mr. Priebe has made his business what it is by his ability and efforts to give the best that there is.

MR. ALFRED BOHNE, as Gold and Silver Smith, has had ample experience in the branch that he follows. The trade was learned under W. T. Jennings, of Sterling, Illinois, who is reputed to have the finest store in the state of Illinois, with the exception of the Chicago stores. His courteous attention to the Twin Falls trade has won many friends for the store. Mr. Bohne has been with Mr. Priebe for the past year.

GLEYS L. COX, the head watchmaker of the store, served his apprenticeship in Albia, Nebr., and after mastering the trade, came West, going first to Boise, where he remained for one year with the best known house in that city. Later he came to Weiser, where he remained for two years. Mr. Cox has a permanent home in this state as his parents are residents of Payette. Mr. Cox has demonstrated that he has fully mastered the science of watchmaking, which insures that his branch will be in capable hands. He has been with the present firm for two years.

MR. CLARENCE E. ALLEN, the optician in charge, has diplomas from leading schools which qualify students for practicing the allied branches of this subject. He received in May, 1910, a diploma from the Southwestern Optical College, located at Kansas City, Mo., receiving the degree of Doctor of Optics. He successfully passed the Idaho State Board examination in June of this year. The Southwestern Optical College has the credit for being one of the most exciting schools in the country, which speaks well for Mr. Allen's record.

EXCLUSIVE RIGHTS I have the exclusive rights on the following well known goods: Rockford Watches, Joseph Meyer & Bros. Sterling Silver and Souvenir Spoons, Pickard's China, Exclusive designs on all Cut Glass, White-Wile-Warner Rings, Halls Detachable Umbrellas, Conklin's Self-filling Fountain Pens.

We also handle the well known Howard Watches, A. & Z. Co's. Chains, New York line of 14K Jewelry.

The Facilities and Equipment of This Store Cannot be Surpassed in the West, as an Examination Will Show.

One of the special features of the store is the diamond room, something that few of the stores even in the largest cities can boast of. It is to the left as you enter the building, next to the private office of the proprietor. There is a nicely arranged space for the showing of the diamond stock—a special table of mahogany—comfortable seats and more privacy than the ordinary store affords. That this will be one of the popular parts of the store will soon be demonstrated.

To your right are the quarters for the three watchmakers and engravers, with ample room for a fourth as soon as the business demands another. In the rear is the balcony, which has been used into one of the most complete optical parlors in the state. A special advantage feature of this arrangement is a full sized room, 10x20, where we can use the twenty-foot test, which enables us to detect any minor defects, impossible under less favorable conditions. Besides, we have all the latest instruments known to the profession.

To the left of the balcony is the jewelers' workshop and the manufacturing department which a glance will show to be as complete as any in the larger cities. Here the jewelers are to make over the old jewelry and make special order pieces. The diamond setting for this firm will also be done in this room.

The cases that encircle the room are all of special design. The first case to the left is the ring case, arranged in the form of an "L." To the right is a like case for watches. The large jewelry stock is tastefully arranged in a massive horseshoe case. A large wall case to the left is set aside for cut glass display. The large mirror and all the shelves in the case are plate glass. The next case is the silver case. The right wall case contains the stock of Pickard's china. There is also a special case for the fountain pen stock. All the fixtures are of mahogany and all have marble bases. The shelves are of plate glass. An attractive feature of each case is the lighting. Each case has at least four lights in its interior which insures perfect lighting.

Underneath the balcony is the large safe where all valuables and goods left by people for repairs are kept. This safe, which is the only one of its kind in the Northwest, is the largest jewelers safe made. It weighs five tons. It is fire proof throughout as well as burglar proof, for it has eight layers of steel on the door, all of different composition, which would require a burglar to spend one hour and a half with an electric drill to open. To insure further safety Mr. Priebe is a member of the Jewelers Security Alliance—a protective organization which is stronger than the Bankers-like organization—besides this there will be a man sleeping in the store each night. This will insure absolute protection for all goods left by customers and makes this the best protected store in the state.

The Misses Mildred Hall, Mabel Wheeler, Ruth Stafford and Ina Craig, entertained at an autumn party given last evening, at the home of Mrs. Stafford, for the members of the Senior class. The Stafford home was beautifully decorated in the autumn colors, and Hallows' games and amusements were enjoyed. Dainty refreshments were served by the hostesses. There were more than twenty present and the affair reported as being one of the most delightful of the season.

Dr. and Mrs. F. F. McAttee entertained at cards on Friday evening in honor of Dr. and Mrs. Harry Smith, who have recently returned to Twin Falls in the latter part of the week. The McAttee home was decorated with asparagus and carnations, which gave a charming touch to the decorations. The game for the evening was progressive divo hundred, at which Mrs. T. O. Boyd and Mr. C. B. Channell showed themselves the most proficient and most successful respectively a cut glass dish and a pack of cards in a leather case. Following the games the hostess served dainty refreshments, in which she was assisted by Mesdames W. H. Greenhouse, W. S. Hill and A. E. Mann. Those present were Messrs. and Mesdames P. Allen, T. O. Boyd, E. F. Allen, C. E. Booth, W. H. Greenhouse, C. B. Channell, J. E. Hartogian, W. S. Hill, H. L. Lewis, Fred Morse, L. F. Morse, O. Miller, W. E. Calmer, Harry Smith, C. D. Thomas and Mrs. A. E. Mann.

The Lamb—I see my finish!

Mr. Dresser:

The wool in our clothing does not come—no part of it—from the cotton fields. Many a lamb has had his fleece shorn for the benefit of our customers.

We sell our customers only such clothing as we ourselves know to be good. The cloth is all right; the fit is all right; the price is all right.

Come in and see just how good a suit of clothes you can buy from us for \$20

The Twin Falls Times comes to our table this week in the form of a semi-weekly and is chuck full of interesting matter of local interest. The Times is a credit to the pushing city of Twin Falls and reflects also to its bustling editor, who is ever to the front when it comes to hustling for his city or county—Shoshone Journal.

Proper Publicity.

Makes Sale a Success, Says Twin Falls Merchant.

The value of well-directed publicity in business was never better exemplified than in the selling out sale of the Palace Clothing store, Twin Falls, under the direction of the Sweeney Co. of Milwaukee. This sale has been under way for the past several days and will draw to a close as soon as every bit of stock is sold. As the stock is sold, the figures show a steady increase to interest most everyone. Mr. Barney Geas, head of the Palace Clothing Co., reports that the sale is the greatest in the history of all other sales held by him. "I attribute this to the fact that we have gone to the public, to the public of course," said Mr. Geas today. "However, it was necessary to let the public know this and to let the fine companies connected with Sweeney and Geas out by him we have so far made the sale a grand success." Practically all the newspaper advertisements carried in the Palace Co. Twin Falls sale, was in the Times.

We have disposed of a great portion of our stock, and have been through the different lines. We have decided to give the balance a final and heavy discount. The store will be closed on Friday, October 22nd, and will open on Saturday, October 23rd, under the ban of a heavy cut to clear it quick. Watch for our later announcements in this paper. It will be good news and profitable to you all.

SEEK DAIRY SHOW RECORDS

Cheese Weighing a Ton Will Be Exhibited at Coliseum.

With every branch of the dairy industry represented, from the cow that produces the milk to the butter, cheese and finished creamery products, the fifth annual national dairy show will open on Thursday at the Coliseum and will continue for nine days.

Canada and the United States will also be represented. Promoted and supported by the associations vitally interested, representing a billion dollars, the show aims to protect the consumer as well as the producer.

One of the chief exhibits will be a one ton cheese, which is so big that the maker, a Wisconsin manufacturer, built it upon a freight car, using a great hoop of galvanized iron fifteen feet in circumference. It required over twenty tons of milk to furnish the curd for the cheese, which is four feet and eight inches in diameter and three feet nine and a half inches in height. It is the largest cheese ever made.

Another interesting feature will be the demonstration of scientific feeding of infants in which over fifty babies will participate. The exhibit will be inaugurated by the Chicago milk commission.

In the cattle department 400 of the choicest dairy cows of the country will be on hand, and some animals are of all ages and each was selected because of some particular record. They comprise breeds of Jersey, Guernsey, Holstein, Ayrshire, Brown, Swiss and Dutch Belted.

The regular meeting of the Twin Falls, Idaho, chapter of the Methodist church, A. M. E. church, will be held on Friday, November 1st, at the Methodist church. A full attendance is desired.

TELEPHONE CO. STARTS WORK

Building Leased and Operation of Line Will Be Started.
Kimberly, Idaho, Oct. 19, 1910.
Merritt Blagor just returned from Jarbridge and the contact country. He says everything looks good.
E. M. Newbury, the Kimberly blacksmith, was twisting in town Wednesday of this week. Mr. Newbury met with a painful accident a few days ago, when he was kicked by a horse, breaking two ribs.
The Kimberly Telephone Co. received three car loads of poles Saturday of last week.
Messrs. Osborn & Owens went to Rock Creek Monday, having a contract to build a house for Mr. Marion Tarzan, seven miles south of Kimberly.
Mr. Carl Canine and Mrs. Hunt of Burley, were married in Twin Falls Saturday of last week. They were met at the train Monday morning at Kimberly by Mr. and Mrs. L. J. Keck, who accompanied them to Hansen, making the first of their travels with the usual shower of rice and old shoes.
Mr. and Mrs. Canine will spend a few days in Salt Lake City before returning to Burley, where they will make their future home.
Mr. Christian Newmann and Miss Hattie Brown were united in marriage Tuesday evening at 8 o'clock by Rev. Jas. Leitch of the Methodist church. The many friends of both the bride and groom wish for them a long, happy and prosperous life.
Governor J. H. Brady will address the people of Kimberly previous to the old Woodman and Old Fellows' ball Saturday evening at 11 o'clock. Come out and hear the issues of the campaign discussed by Idaho's popular governor.
Don't forget the Epworth league meeting Sunday evening at 6:30 p. m. at the Methodist church.
The creamery company have a gang of carpenters at work this week on the new creamery building in the southwest part of town.
Mr. Joe Gibson is erecting a fine residence on his ranch northeast of Kimberly.
W. F. Breckon spent a few days last week attending the state fair in Boise. He says the state fair in Twin Falls Country fair compared favorably with the exhibits at the state fair, both in fruit and vegetables. In the quality of their dry goods the Twin Falls county has them out-classed, but all in all the state fair of Idaho has nothing to be ashamed of.
F. Heger, who has charge of the construction of the Kimberly Telephone company's line, started a gang to work Monday morning and no time will be lost in getting the system in working order. A building has been leased for three years to be used as a central office, and everything arranged to begin operation as soon as the system is completed.

NOTICE OF SALE OF BONDS.

Notice is hereby given that the Mayor and Council of the City of Twin Falls, Idaho, intend to issue negotiable municipal coupon bonds of said city, dated January 1, 1911, to the amount of \$50,000.00 in the denomination of \$1,000.00 each, payable in 20 years from date, with option on the part of said city to pay and redeem the same at any time after the expiration of five years thereof. Interest on said bonds not to exceed the rate of six per cent. per annum, and to be payable semi-annually on January 1st and July 1st of each year.

Said bonds to be sold upon the best terms and the lowest rate of interest at which they can be negotiated. Bids will be received by the Mayor and Council of said city of Twin Falls, Idaho, at 8:00 p. m. on the 24th day of October, 1910, for the purchase of said bonds. No bids to be considered for less than the par value of said bonds and accrued interest at time of sale.

All bids must be sealed and addressed to the Mayor and Council of said city and bonds will be sold for cash to the bidder bidding the lowest rate of interest thereon.

A certified check for \$1,000.00 must accompany each bid, payable to W. E. Nixon, City Treasurer of Twin Falls, as evidence of good faith, the amount thereof to be forfeited to the city as liquidated damages in case the successful bidder fails and neglects to comply with his bid.

The Mayor reserves the right to reject any and all bids.

By order of the Mayor and Council of the City of Twin Falls, Idaho.

Dated this 22nd day of September, 1910.

CAMPAIGN NEWS

Edited and Compiled by the Republican County Committee

WILL HE EVADE THEM.

Some Pertinent Questions for Democratic Candidates.

When the Democratic candidate for governor comes to Idaho Falls, instead of indulging in his usual line of blarney, Governor Brady, and attempting to hide the real issues of the campaign, would you suggest that he commit himself on a few things that the people really want to hear him talk about?

The people want to hear the facts concerning the temperance question, and the management of the state's affairs by the Democratic and Republican parties.

Can you explain why the last Democratic state land board only did a business of approximately \$106,000, and Governor Brady a business of \$2,500,000?

Can you state why Governor Brady has earned for the state of Idaho the good sum of \$200,000 from the land department alone as against approximately \$25,000 under the last Democratic administration?

Can you explain why in the revenue department of the state Governor Brady has earned for the state of Idaho over \$250,000 against approximately \$450,000 under the last Democratic administration?

Can you explain why every Democratic senator in the last legislature voted against the Carey act commission, a non-partisan commission three experienced men to devote their time to the supervision of Carey act projects?

Can you explain why every Democratic man in high official railway circles that you would veto the railway commission bill, and yet you say you presented such a plank to your platform committee and that you are personally in favor of such a commission; what do you propose to do if you are elected? Will you sign or veto such a measure if passed?

Is it not a fact that you are personally in favor of a high license instead of county local option?—Post (Idaho Falls) Oct. 18, 1910.

Are you in the market for a type-setter to buy or trade? (See 311) & Taylor.

CAMPAIGN IN BOISE.

Governor Brady's Prospects Regarded As Very Bright.

All its activity at the capital city as the day of election approaches. The campaign has been a hot one thus far and the people have taken an active interest in the issues. At Republican headquarters, the feeling is that the entire Republican ticket will be re-elected with a much larger majority than ever before in the history of the state. This sentiment has been crystallized by the fact that from every corner of the state, reports have been received to the effect that Governor Brady will be continued in office and with him the rest of ticket re-elected.

Even in localities where the Democrats have claimed as their stronghold, representative men visitors in the capital city, report to be very strong for the present administration. They claim that Governor Brady has made an excellent executive; has fulfilled every party pledge and has at all times worked in the interests of the people in the state. His attitude on matters which pertain to the general welfare of the people of the north as well as the south, has at all times been one of great personal interest. These men who are in the following terse statements of these men, they all predict success for the party at the general election.

P. M. Smith, cashier of the Heyburn State Bank of Heyburn, said this week: "Lincoln county will be sold for Brady and the rest of the ticket. We are considered a little reactionary in our action, but we always line up when it comes to election time. Our county has always rolled up big Republican majorities and this year it will be no exception to the rule."

"That Fremont county will be safe for the present incumbent, is the opinion of J. O. Webster of Grant, who was in the city early in the week. We will not leave a stone unturned in our fight to elect the entire ticket," said Mr. Webster. "The issue of the campaign for our people is temperance question. We know where Governor stands. He has not hesitated to state his position at all times and the people believe in him."

A prominent Democrat of Elmore county, F. E. Wilson of Hammett, was in the city early this week and declared that he was for Governor Brady for the manner in which he has treated the settlers as chairman of the land board. "I am a Democrat," he declared, "but I am not so hidebound that I will knock my own interests to advance the ambitious members of my own party. You frequently hear the settlers remark that they are sure they will be protected as long as Governor Brady is on the land board."

"Bonner county will go strong for Brady and the rest of the ticket. This is the statement of Dr. H. M. Snaver, who was in Boise recently attending the meeting of the livestock sanitary board. "Our county is in splendid shape this year," he continued, "and there are no sore spots in it as a result of the primaries. Brady is going to come out of the northern part of Idaho with a larger majority than at the last election and if the people of this section of the state give the governor the same support that he received here two years ago, we will elect him by 15,000 majority."

When David S. Ross, ex-Mayor of Milwaukee, spoke in Boise against prohibition, during the Ada County local option campaign, James H. Hawley, the Democratic candidate for Governor, introduced him, and in the introductory remarks he said:

"Among the monstrosities passed by the last Legislature there is none so iniquitous as that known as the local option law. "This bill, my fellow citizens, is not an enactment to advance the cause of temperance, but it is a makeshift, ad hoc compromise by which they thought they could get on the great wave of public feeling and ride into the harbor of political reform."

Mr. Hawley made it clear in this speech that he is an anti-prohibitionist, and an opponent of local option of every kind; that he believes in the open saloon, and in that only.

Mr. Hawley, after declaring his intention to run for the nomination as Governor, made the following declaration in the public press.

"I do not believe that (the temperance question) is a living issue believed at the time (when the county local option law was passed) that present local option instead of county local option, was to the best interests of the State.

"It is an old-time Democratic principle that those entrusted with the execution of the laws shall see that they are properly executed, irrespective of the private opinion of the officer whose duty it is to enforce them. "I will, if elected Governor, enforce this law, as I will all of the other laws of the State, so far as it lies within my official duty to do so. I am opposed to changing the law from county option to statewide prohibition. Even if I were a believer in statewide prohibition, as a matter of public policy, still I would oppose a law to that effect until the local option law has been given a more thorough trial than it has had."

Mr. Hawley was chairman of the platform convention of the Democratic candidates, at which the following plank was adopted: "We hereby pledge the Democratic party to the continuance of the existing local option law with the county as a unit, and for the strict enforcement of the same." This certainly is turning political somersaults with a vim.

In his private conversation he declared that there was no measure passed by the Legislature so iniquitous as that known as the local option law.

An candidate for the nomination of the office of Governor he stands on the platform of continuance of the existing local option law. Taking him at his word he must be a "local optionist" at the present time "for political purposes only." And then he would have us believe that it is the old-time Democratic principle that those entrusted with the execution of the laws of the State shall see that they are properly executed, irrespective of the private opinion of the officer, whose duty it is to enforce them.

He follows this saying with the declaration that if elected Governor he will enforce all of the laws of the State so far as it lies within his official duty so to do.

In 1903 Mr. Hawley was a candidate for Mayor of Boise, and as such candidate he made a similar pledge relative to the laws and ordinances of that city. A Civic League, composed of ministers, church members and others who believed in law and order, was in existence at the time and a great majority of the members of the League supported Mr. Hawley. Some of the most active members of the W. C. T. U. worked for his election. It was elected, and during his administration Boise was known as a wide open city. While it might have been his private opinion that it was not wise to enforce the laws and ordinances mentioned, why did he not then apply what he said to the old-time Democratic principle? By enforcing them in respect of his own private opinion as chief executive of the city?

Why did he not then fulfill his pledge to the people of enforcing the laws and city ordinances?

What reason have we to believe, in the light of the past, that he will do so in the future as Chief Executive of the State?

The tenor of his declaration of principles is to avoid committing himself specifically to any position on the liquor question.

Being personally opposed to prohibition, his election would be considered, and rightfully, a triumph of the liquor interests.

WHITHER ARE WE DRIFTING?

Marion—What were t' favors at Mrs. Swell's dinner?

Myrtle—Motor cars.

Marion—What horse power?

Myrtle—Only 20.

Marion—Isn't she the stingy old party?

Chinese Good to Animals.

The Chinese of Oakland, Cal., have formed a society for the prevention of cruelty to animals. The Chinese are really humane people. It is said of a man who for a long time has been president of an American-humane society relatives that years ago he asked Anson Burlingame, then American minister to China, whether a society for the prevention of cruelty to animals ought not to be formed in that country.

"It isn't needed," said Mr. Burlingame. "The Chinese are naturally good to animals. Such a thing as cruelty to animals is rarely heard of there."

New Year's Row.

Mrs. Perkins (cently by accident)—Jonathan, we've been married 40 years New Year's day and never had a cross word yet.

Mr. Perkins—I know it I've stood for 'awin' purty well.

Mr. Perkins—Jonathan Perkins, you're a mean, hateful, deceitful old thing, an' I wouldn't marry you ag'in for love nor money!—Exchange.

Idaho the Legislature to the county assessors to succeed themselves.

Shall Section 6 of Article 18 of the Constitution of the State of Idaho be so amended as to provide for the election of county assessors to succeed themselves?

No. 2. Shall Section 6 of Article 5 of the Constitution of the State of Idaho be so amended as to authorize the Supreme Court to call a district judge to sit on the Supreme Court in disqualification or inability, by reason of illness or absence, to sit on the hearing of a case.

No. 3. Shall Section one of article 16 of the Constitution of Idaho be so amended as to permit the Legislature to authorize the State Auditor to make a sufficient appropriation to complete the construction of the State Capitol Building at Boise, Idaho.

No. 4. Shall Section 7, Article 18 of the Constitution of Idaho be so amended as to provide for the election of a member of the State Board of Land Commissioners.

A Boon to the Cook

Is a high grade, clean coal that will "bake your bread" to a golden brown and cook your dinner without hitch or hindrance. There is no coal mined that is superior to the Rock Springs, and there is no one so careful to send it to your order well screened and satisfactory as

TWIN FALLS TRANSFER CO

EXPEDITION COMES TO GRIEF

Wellman and Members of the Party Are Rescued.

New York, Oct. 18.—A wireless message to the New York Times from Captain Down of the Royal mail steamer Trent, says the Trent picked up Wellman and the crew of the America this morning. The airship had been abandoned. The rescue was made in latitude 35.43, longitude 68.18. The position reported by Captain Down indicates that Wellman and his 150 men were picked up at a point about 150 miles east of Cape Hatteras, off the North Carolina coast. Atlantic City, Oct. 18.—When informed of the rescue of Walter Wellman and crew, Mrs. Wellman exclaimed, "Thank God for the good news, I am overjoyed to learn that my husband and the brave men with him are safe." Mrs. Wellman was eager for particulars and expressed deep regret when informed the America had been abandoned. The crew of the airship America, in abandoning their craft, lowered themselves into the lifeboat, which swung beneath it. They then cast the lifeboat off and were float in the sea. The airship, relieved of the weight of the lifeboat, shot up high into the air and was rapidly blown away. The transfer of the Wellman party from the lifeboat to the Trent was effected with much difficulty.

NOTICE OF WRIT OF ATTACHMENT

In the Fourth Judicial District of the State of Idaho in and for Twin Falls County.
