## IMPORTANT LEGAL IS FILED

### Branches of Oregon Short Line Deeded Back.

#### PARENT COMPANY TAKES OVER ALL LINES IN THIS SECTION.

Projected Lines Out of This City and Buhl Are Included in Deed.

The following deed, filed in the county recorder's office, probably throws some light on the purpose of the Oregon Short Line to, at some time complete the Buhl-Valley extension and the Twin Falls-Valley Pass cut-off to the Southern Pacific, inasmuch as both lines are surveyed and right-of-way sections are deeded with the already completed branches of the irrigated section. The deed is as follows:

Indenture, made this 21st day of October, 1910, between Minidoka & Southwestern Railroad Company, hereinafter called "Vendor," a corporation of the State of Idaho, and Oregon Short Line Railroad Company, hereinafter called "Vendee," a corporation of the State of Utah.

Whereas, the Vendor owns the lines of railroad constructed and under construction, hereinafter described, which are now leased and operated by the Vendee as branches of its main line of railroad; and

Whereas, the Vendee owns all of the outstanding shares of the capital stock of the Vendor, except the qualifying shares owned by the directors of the Vendor, and holds the entire indebtedness incurred by the Vendor in the construction and improvement of its railroads and appurtenances and all bonds issued by the Vendor thereon; and

Whereas, the holders of all the outstanding capital stock of the Vendor, standing captioned in writing; duly executed by them, authorized, approved and consented to the sale and conveyance hereinafter set forth; and

Whereas, a consideration of the release, discharge and cancellation by the Vendee of all bonds and other indebtedness of the Vendor held by the Vendee and the surrender for cancellation of all shares of the Vendor owned by the Vendee, the Vendor has granted, sold and conveyed unto the Vendor, grant, sell and convey unto the Vendor, the following described railroads of the Vendor, constructed, under construction, or to be constructed:

- (a) A line of railroad extending from a point of connection with the Oregon Short Line Railroad at Minidoka Station, Lincoln County, in a general westerly direction to the Snake River in Buhl, Twin Falls County, in the State of Idaho, a distance of about 74.831 miles; with a projected extension of said line northwesterly through the towns of Brunau and Guffey, in Owyhee county, Idaho, to the Idaho-Oregon state line, and thence westerly and northerly through Malheur County, Oregon, to a point of connection with the Oregon Short Line Railroad at Nyssa Station in said last mentioned County and State, a distance of about 175.066 miles.
- (b) A branch line of railroad, extending from the Twin Falls Branch, extending from Twin Falls, on line (a) above mentioned, in a general southerly direction through Twin Falls County, Idaho, a distance of about 29.025 miles; with a projected extension of said branch line in a general southerly direction through Twin Falls County, Idaho, to the Idaho-Nevada state line, intersecting said state line near mile post 31, thence in a general southerly direction and southeasterly direction through Elko County, Nevada, to a point of connection with the Central Pacific Railway at Valley Station, in said last mentioned County and State, a distance of about 90.833 miles.
- (c) A branch line of railway nearly constructed, known as the Oakley

## NEW SECRETARY OF CLUB ARRIVES

### Robert W. Spangler Accepts Commercial Club Job.

#### MAN OF WIDE EXPERIENCE IN PUBLICITY WORK.

Formerly Secretary of Chicago Automobile Club—Old Newspaper Man and Publicity Agent.

The new secretary of the Commercial club arrived yesterday from Boise. He is Robert W. Spangler, formerly editor of the Gooding Herald and publicity man for the Chicago and Denver Automobile clubs.

The directors in securing Mr. Spangler, feel that they have a competent man to fill the place made vacant by the resignation of Secretary J. F. Hotta.

Mr. Spangler is a genial, approachable man, one who will be able to keep the good will of the members and one who can, by his personality, gain ready attention from prospective investors and capitalists.

For a number of years Mr. Spangler was assistant secretary of the Chicago Automobile club and in that capacity virtually had the entire work of the club on his hands. During occupancy of the office the membership was greatly increased. Later Mr. Spangler accepted the secretaryship of the Denver Auto club and in that position built the club up from 40 members to over a thousand. His publicity work in both capacities was the means of bringing in many members and in obtaining many needed road reforms in and about both Chicago and Denver.

## NEW ROAD IS ASSURED

### Competitive Road from Salt Lake to the Far West—Capitalists Have Deinite Program.

#### \$500,000 BONDS ASKED TO INSURE IT FOR TWIN FALLS.

Salt Lake To Boize the Plan—Later to the Far West—Capitalists Have Deinite Program.

As a result of the efforts of local business men to interest investors in the actual construction of a competitive railroad, the results are probably assured. The capital is forthcoming and actual steps have been made. A working proposition has been submitted and a possible route well outlined. The only thing that remains is for the business men and people of the tract to raise a bonus of \$500,000.00 to insure the route to Twin Falls as well as to insure its extension on the tract.

The route, as now tentatively outlined, is a northwesterly direction and will make for this country. Whether or not this road will make Twin Falls the objective point depends on the acceptance or refusal of the Twin Falls people to accept the proffered offer of the promoters. As the cost is ultimately the objective point the road will probably be built through Buhl and the Brunau country. Twin Falls may be the terminal for some time as the extension from here westward may not be taken up immediately after the building of the road as far as Twin Falls.

The proposition is now up to the people of Twin Falls. It is that the Twin Falls country shall raise a bonus of \$500,000.00 in cash and secure in addition the right of way across all deeded lands on this tract. The investors in this country, all of whom have a new outlet for the tract and to effect in Twin Falls a \$40,000 passenger depot, a \$20,000 freight depot and railroad yard, are willing to advance \$100,000. This will mean an expenditure of \$160,000.00 on their part to the \$500,000.00 demanded from the tract. It means that without a bonus of \$400,000.00 be called upon the raise the \$500,000, that \$160,000 will immediately be returned in the way of buildings and yards.

It is proposed that all towns on the tract will be linked together by electric lines, making Twin Falls the center. This proposition will be placed in writing and the interested capital has given assurance that they will adhere to the agreement as far as they are concerned.

That the road will prove to be an incentive to the Oregon Short Line to push extension work cannot be doubted. What action they will take is a matter of conjecture, but it is safe to say that they will do something.

As is well known, the Oregon Short Line has long contemplated a branch from Ogden to Rupert, which is on the Twin Falls branch. If this is done and the proposed line is put into operation then there will be two lines that will be bidding for the business of the tract. The Oregon Short Line route will connect with this line at Rupert, while the proposed line will have its point of this tract at Twin Falls. If the offer made is accepted, The mileage of these roads will have from Salt Lake to Twin Falls will be practically the same.

At present the matter is under advisement, but there is positive assurance that if the people of the tract will raise the demanded bonus that the road will be assured. Matters have passed beyond the point of doubt and the plans are well formulated. It is believed that the business men and people of the tract will take. It is practically assured that by 1913 there will be a competitive road. That is assured as a result of the negotiations now pending. The results obtained can only after earnest work on the part of certain business men. The capital that is

## AGREED PRICE IS \$40 AN ACRE

### Arbitration Committee Makes Its Award.

#### SALMON DAM CONTROVERSY ADJUSTED.

1100 Acres Valued at \$46,400, With \$3000 Additional for Improvements Made On the Lands.

Awards were made this week in the Salmon dam controversy. The agreed price is \$46,400 for 1100 acres. In addition the three claimants were awarded \$3000 to compensate them for improvements made upon the property. Those whose lands are involved are L. A. Norton, Lewis Harrell and Alexander Green, et al.

The disputed case arose when the Salmon dam was being constructed two years ago. At that time offers were made by the company to pay a certain price to those whose lands would be submerged, for the acreage which would be lost to the settlers. The price was not satisfactory and as a result no settlement was made. This led to a dispute, and to settle the matter it was necessary to appoint a board of arbitrators to settle upon the value of the land. The board appointed consisted of John F. Hansen, George Crocker and J. W. Craven. The award served upon is \$46,400, which is approximately \$40.00 per acre. An additional allowance of \$3000.00 was made for improvements on the land.

The attorneys for the defendants were W. P. Guthrie and J. C. Rogers, while S. H. Hays and S. T. Hamilton represented the plaintiffs.

## CONTEST KEEN IN TWIN FALLS

### Rivalry Over County Offices Is Close in Cases.

#### SEVERAL SURPRISES DEVELOP IN VARIOUS CONTESTS.

Hayford, Finch, Hornbrook, Strunk, Vanauddeln, Warner, Hicks Carry City by Substantial Leads.

Interest in the city on the election of the county officers was very keen. Special interest centered on the races for senator, probate judge, county attorney, sheriff and treasurer. It was known that in the majority of these offices there was a tight race. The results show that in many cases the straight ticket was forgotten as a comparison of the vote cast for French and some of the county officials will show. Several of the candidates had numerous backers who worked for their election during the day.

The results of the election in Twin Falls on county officers follows: Sheriff: Sweeney lost in all precincts. First, 192 to 99; Second, 313 to 217; Third, 212 to 94. Hornbrook 1209; Sweeney 61.

Hicks defeated Nihart for representative by a majority of 28 in the city—988 to 871.

Jane defeated Monahan for representative by a majority of 65, carrying all precincts.

Moore lost to Taylor by 36 votes. Each candidate carried two precincts. Finck ran slightly behind Strunk in the race for commissioner, receiving a vote of 823, while Strunk led by 78, a total of 898.

For commissioner of the Third district, Zuck and Hardin had a close race. Zuck 829, Hardin 802.

Finck polled a big vote and defeated Hinton by an even hundred, 925 to 825.

As was expected, Thompson and Vanauddeln ran a close race for sheriff in the city. Vanauddeln winning by 87 votes. He carried all precincts except the Fourth.

For treasurer, Dr. Pike lead young by 78 in the city. He carried all wards except the Second. He polled 819 to 691. Judge Shields lost the city to Warner by 96 votes. He carried only one precinct, the Second.

Hayford, with 348 votes, easily led in the city for the assessor's office. Dyer, who some had predicted would carry the city, was beaten by a majority of 114. He lost every precinct.

Finck polled a big vote to carry by a majority of 57. Crosby succeeded in carrying three precincts.

The unexpected happened when Hicks pulled a big vote from Hill in every precinct in the city. He probably received the largest vote in the city of any candidate. His total vote in the four precincts was 1122, while Haly polled 672, a majority for Hicks of 450.

Election morning came accompanied with a high wind and disagreeable weather conditions generally. The unfavorable weather in the morning made the vote as cast, very light. Up until noon only about 740 had voted. In the afternoon still more unfavorable weather was in order and things pointed to another small vote. In the middle of the afternoon things cleared up slightly and pedestrians went to the polls. As a result the vote at six o'clock showed a big increase as at that time 1780 had voted. The polls were crowded from that hour until closing time. The vote was nearly as large as was expected.

The women polled a heavy vote and at noon in two of the precincts the women had polled a larger vote than the men. As the weather became more unfavorable it was apparent that many voters were needed to get out the vote. The men in the city and every available automobile was pressed into service. The campaign managers made every effort to get every voter and as soon as it was discovered that a voter had not cast his ballot he was sought out.

The vote in the county was not as heavy as was predicted. It was not possible to get out the full vote for

## HAWLEY WILL BE NEXT GOVERNOR

### Heitman Concedes His Election By Majority of 500.

#### REST OF REPUBLICAN STATE TICKET ELECTED.

Next Idaho Legislature Will Be Safely Republican—Have 18 in Senate—House Majority Is Assured.

Reports received up to the time of going to press, indicate clearly that Hawley has been elected governor. His majority is small and estimates vary from four to seven hundred. Probably when the returns are in it will be close to the half hundred mark. Later reports show that Brady carried the southeast. All were by small majorities. He carried Oneida county by 1300, however. Hawley was successful in the northern tier of counties. The Morrison vote was well divided. Hawley, if anything, receiving the larger vote.

The rest of the state ticket was elected by margins ranging from 6,000 to 15,000. Congressman French received a majority of about 15,000. Returns are not all in, but are accurate enough to warrant the above unjunctures.

The Idaho legislature will be Republican in both branches. This is conceded by the Democratic managers and by the heads of the "wet" movement in Boise, although there are a few counties yet in doubt. A tabulation of the returns on most of the counties, estimates on the others, shows the Republicans have 11 seats in the senate and a clear majority in the house. There is little doubt that the Republicans will have 13 in the senate. There are enough Democrats and Republicans "wets" in the senate to prevent the adoption of a resolution submitting a state wide prohibition amendment. The following tabulation shows approximately the legislative vote: Boise, Idaho, Kootenai and Nez Perce in doubt:

## LODGE ENTERTAINS

### Members of the Fraternal Brotherhood Proved Themselves Royal Hosts.

On Wednesday evening the members of the Fraternal Brotherhood entertained a number of their friends at a social and dance at the Elks' hall. The earlier part of the evening was devoted to various games and amusements, after which the work of the Brotherhood was briefly outlined in a short address by the lodge president, Geo. B. Schweiger. Dancing was indulged in from ten till twelve, and all present reported a most enjoyable time.

The Fraternal Brotherhood is a new lodge recently organized in Twin Falls which has been progressing interestingly rapidly, as a beautiful and expensive banter has been offered by the supreme lodge to the chapter in Idaho making the greatest increase in membership, and it is the intention of the lodge to secure this honor for Twin Falls. The following are the officers recently chosen to head the local brotherhood: J. A. Bybee, past president; Geo. H. Schweiger, president; J. C. Webb, vice president; Miss Jennette Wyker, secretary; Mrs. J. C. Webb, treasurer; Mrs. Dona J. Bybee, mistress at arms; Mrs. J. A. Bybee, chaplain; Clarence Case, sergeant; W. B. Haag and O. W. Dougherty, trustees; W. L. Hendricks, inner doorkeeper, and Walter James, outer doorkeeper.

## MISS EDITH BERGER.

### Two Attractions at the Orsis Last Few Evenings.

The dime show on Main Street had special attractions Monday, Tuesday and Wednesday. Henry, the Jailbreaker, in an exceedingly clever act, well deserving the credit he received. Miss Edith Berger in her song specialty, received unqualified applause. By special request from our many patrons she has promised us a return engagement in the near future, appearing in the latest song and dance specialty. The best in notion pictures, together with these two acts, formed an excellent program.

## BUYS GROCERY STOCK

### John H. Wolfe Takes Over the Gilmore Grocery On North Main.

The deal was closed this week whereby the grocery known as the Deo Five, trading to G. V. Hunsare & Co. on North Main, was sold to John H. Wolfe.

Mr. Wolfe came to Twin Falls nearly three years ago from Elgin, Ill., and during this time has been in the employ of Fry & Co., where he won the friendship of all by his strict attention to business and never-failing courtesy.

## INITIAL DAY SUCCESSFUL

### Idaho Department Store Crowded On Saturday.

The aisles of the Idaho Department store on Saturday of last week were crowded in every part of the big store at the first opening of the big Eruption sale. Manager Sinclair stated to The Times that it was the biggest crowd in the history of the store and that in every department heavy sales were made. Mr. Sinclair is a believer in the use of printer's ink and takes no half-way steps in getting before the public, hence the wonderful success of the Eruption sale.

## STALKER TO MOVE SOUTH

### Well Known Clothing Firm Putting On a Big Sale.

Stalker, the Cihhler, has rented the McDonnell building on Main avenue and will move from his present quarters January 1st. In order to get rid of the heavy stock Mr. Stalker is putting on a big sale preparatory to moving south to his new location. He has the prices going south, too, and expects to make his southern departure create a sensation.

represented gave assent to the proposition only after they had seen what the actual possibilities were. They are convinced that the tonnage offered by the country is sufficient to warrant the undertaking and are now willing to see the deal through.

## BUYS \$6000 FIRE ENGINE FOR CITY

Bids Opened Monday Evening For New Equipment.

### CONSTRUCTION BILLS ALLOWED IN DIFFERENT DEPARTMENTS.

City Physician Stocklager Resigns and Dr. Alexander Appointed to Vacancy—Many Bills Allowed.

The city didn't meet Monday evening in regular session and transacted important business. The bids for the fire engine were opened at this meeting and order issued accepting the bid of the American-La France company for a No. 2 steamer at \$5386. The second bid of the Nott company was for \$6200. The new engine is a motor boat manufactured and the one ordered is similar to those in use in the larger cities.

Dr. L. B. Stocklager resigned as city physician and Dr. Alexander was appointed as his successor.

Estimates of Whittier and Mitchell on the concrete for paving the amount of \$1887.00 were accepted and the orders given to draw warrants.

\$10,500 was allowed the Warren Construction company for having the city already done under estimate approved by the city engineer.

F. W. Whittier was allowed \$8422 for work on sidewalks, which sum will be paid out of assessments against abutting property owners.

A plumbing license was granted to A. C. Fouts.

The Twin Falls Trades Assembly had a representative present in the person of L. D. Robinson, who protested against the employing of alien labor by the Warren Construction company in the paving of the city streets. As there is a statutory provision governing this matter, Mr. Robinson is demanding that the company be compelled to comply with this requirement, also. The objection was also made that white men do not desire to work with the foreigners.

The Warren people also had a representative on the floor who contended that the company was not compelling any laborer to work more than eight hours and that if the laborer did he always received additional wages as all men are paid at the rate of 30 cents per hour. He also stated that any white man who wanted a job could easily obtain the same and that he had offered work to all that applied.

The point of contention between the Construction company and the Assembly is that while the company are

not violating the eight-hour law directly they have avoided this law by adopting an hourly wage scale instead of a day scale. The prevailing wage for day labor in the city is \$2.00 for eight hours, which is equivalent to 37½¢ per hour on the eight-hour basis. The white laborers of the city are therefore either compelled to work for \$2.00 for eight hours' work or work ten hours for \$3.00—the wages paid by all local contractors for only eight hours labor.

After considerable discussion the council decided not to interfere in the matter, as it was thought the best way to the controversy could adjust the matter.

The plumbing inspector, William Oik, came before the council with a complaint against W. F. Cooney, who he charged, had not fulfilled his part of a contract when he agreed to pay for the license for doing the work on the bank & Trust building. The point that he was making was that Cooney was not paying the license demanded. The council did not take any action against Mr. Cooney, but insisted that they would enforce the laws in this respect.

The gas franchise, which was referred to the promoters two weeks ago, was taken up again at the request of the people who are asking for the franchise, Earl Miller Co. The council two weeks ago adopted a resolution to the effect that the city should be given 50,000 feet of gas per month. The company has introduced another set of resolutions, section 10 of which provides that the amount shall have the free use of half that amount, 25,000 feet per month. The new resolutions introduced to be voted upon at the meeting next Monday night, follow:

Section VII, Paragraph 1.—The charges which said paragraph, his associates, successors or assigns shall make to the users of gas furnished by him shall not in any case exceed \$150 per 1000 feet, to be measured through two meters, one at the entrance and one at the exit, and agreed that in case a majority of the consumers of gas furnished by a company to be organized under this franchise shall be dissatisfied with the price charged for gas, then the rates to be charged may be determined by commissioners to be selected as follows: Two by the city council of the city of Twin Falls, the two said commissioners to be taxpayers of said city, must be selected by the grantee herein, his successors or assigns, and in case a majority of the four commissioners so selected cannot agree on the rates to be fixed, they must select a fifth commissioner, who must also be a taxpayer of said, and if they cannot agree upon a fifth commissioner, then the city with commissioners is to be appointed by the probate judge of the county of Twin Falls after ten days' notice to him by the said commissioners that they are unable to agree upon a fifth commissioner. Said fifth commissioner so appointed to be a resident

tax-payer of said city.

Section VIII.—As a further consideration of granting this franchise, the grantee herein, his associates, successors or assigns, agree to furnish to the city of Twin Falls for the use of any of its city buildings, street lighting or other public purposes, at such place or places as may be required by the said city, 25,000 cubic feet of gas per month, free of charge.

Section X, Paragraph 1.—This ordinance is granted upon the express condition that the said Earl E. Miller, his associates, successors or assigns, shall within thirty (30) days from the passage and approval of the same, file an acceptance of the same in writing with the city clerk, and by April 1, 1912, commence active work in the construction of the plant and laying of the pipes in the streets and alleys of said city, and that by January 1, 1912, the said grantee shall have laid and in operation and ready for supplying customers at least two (2) miles of main pipes within the limits of said city of Twin Falls; and that unless the above conditions are complied with in the time herein specified, this ordinance shall be and become void and of no effect.

### SHOW SKILL OF GARDENERS

Dwarfed Trees Product of the Knowledge and Patience of the Japanese.

These charming dwarfed trees are entirely a product of the patience and skill of Japanese gardeners, says a writer in St. Nicholas. The dwarfing of these is kept a secret by them and has as yet never been found out or imitated to such a marvelous degree by any other nation. While there are dwarf fruit trees grown in Europe, especially in Germany and Holland, no such tiny specimens have ever been produced there. The trees which are used for dwarfing by the Japanese embrace all varieties of conifers, such as pines, cedars, cypripediums, junipers, many evergreens, such as ilex, citrus trifoliata, etc.; some flowering plants like azaleas, maples; also some fruit trees, such as oranges and plums, which blossom and bear the most tiny fruits to perfection. It is claimed for some specimens of cedars that they are over 500 years old. These very ancient trees are handed down from father to son in some families, regarded as priceless heirlooms. It is to be regretted that so many of these beautiful dwarfed trees are lost through ignorance of the attention they require. The danger lies in overcare more than in neglect. Too many people imagine that these pretty foreigners need special attention and coddling, when, on the contrary, a great deal of fresh air, a reasonable amount of water and not much warmth are the chief requirements. They are all hardy, and too much warmth in overheated rooms is sure to kill them.

### ROCK CREEK NEWS.

Rock Creek, Idaho, Nov. 8, 1910. Don C. Bryan is in Salt Lake City this week.  
John A. McLaughlin was doing lunch business here Thursday last.  
John F. Tolson was called to Salmon river and Twin Falls, on business.  
Miss Ellen Larsen was visiting Mrs. Geo. Crockett Sunday.  
Adam Patterson's father, Alex Patterson, of Hooper, Utah, was visiting at the Shoe-Bote ranch last week.  
Announcement has just been received of the marriage of Horace W. Norton, Jr. of Howell, Mich., and Miss Mabel Reeves, of Lansing, Mich., Wednesday, October 20th.  
Mrs. A. D. Norton returned from Twin Falls Friday last.  
Miss E. Fayette Johnson spent last week with friends in Twin Falls.  
Many of the Rock Creekers took advantage of the closing out sale at Kimberly last Saturday.  
Orlando Romig, formerly of Rock Creek, is reported as quite a hunter. Since going to Canby, Ore., last December, he has won a prize through the "Saturday Evening Post," between \$500 and \$550. His last prize was a cash prize of \$350. A few months ago he won a Shetland pony, harness and cart, valued at \$150. He also won a prize of \$50 for selling "The Ladies' Home Journal." He would any keep it up little lad, and you will be one of America's capitalists, yet.  
Nephil Larsen was laying in his winter's supply of groceries at Kimberly, Saturday.  
A. McDermid was at his ranch Sunday.  
Miss Edna Tilley and Miss Emily Claborn visited Mrs. Ed Tilly Friday.  
J. N. Graham was at Twin Falls, Saturday.  
Mrs. G. W. Osborn and daughter Mildred, were at Kimberly taking in the sales, Saturday.  
J. N. Graham has returned to his old home at the Romig ranch.  
T. M. Aiken and Peter Newman were at Kimberly, Saturday.  
Miss Leanna McDermid attended the Halloween party given by the Ladies' Clubborn and Tilley, and reported a delightful time.  
Mr. and Mrs. Ed Tilly, Harold Tilly and Miss Leanna McDermid were at Artesian City, Sunday.  
Pat Monahan and M. A. Stronk addressed an audience on the political topics of the day at the hall Thursday night.  
Since Old Acolu turned his winds loose to play with Will Tilly's house, he decided to move it up for his father to take care of.  
Mr. and Mrs. Magnus Larsen, Mr. and Mrs. A. P. Murray and Mrs. L. F. Larsen, were trading at Kimberly Saturday.  
Louis Harrell of Salmon river, is shaking hands with his many friends here today.  
This being election day, it seems quite lively on the streets. Rock Creek seemed to get quite wet before the rain came up this afternoon.  
W. N. Reso and family came up from Hanson, Sunday, for apples.  
Next meeting of the Ladies' Aid club will be with Mrs. Lawrence Hansen, Friday, November 18th.  
Alex Gray was called to Twin Falls on business, Monday.  
The final report brought up from the polls tonight by the Judges, is that the Democrats carry Rock Creek by a large majority.  
The ladies took in \$56.00 as a result of their work Tuesday. The proceeds to be given to the Cemetery association.  
Mr. and Mrs. C. J. Domrose are entertaining a new baby girl at their home today.  
Miss Lynn Burke is reported sick this week, unable to attend school in Twin Falls. She was brought to her home last Friday.  
Miss Beesie Deal is on the sick list this week.  
A large crowd attended the dance Tuesday night and all report a delightful time.  
It is said that this is the first time in 15 years that this precinct has gone Democratic.

### UNCLE STANDS FIRM

Valladares Notified to Behave or Be Shot Full of Holes.  
New Orleans, Nov. 4.—The United States gunboat Princeton, at anchor off Amagua, Honduras, is cleared for action and its guns are trained upon the governor's residence, now occupied by General Jose Valladares, leader of the revolt against the Davis government, according to a special cable to the Pleayune from San Salvador.  
The dispatch states that Valladares yesterday insulted the American consular agent at Amagua, George Schumuck, and threatened to fire upon his residence. Immediately upon being notified of this Commander Hays of the Princeton, prepared his ship for action and sent word to the noted revolutionists that if foreigners were molested he would shoot the governor's palace full of holes. The dispatch adds that chaos reigns throughout the western portion of Honduras and that inflammatory manifestoes are being circulated by Valladares and his followers.

### WASH THAT ITCH AWAY.

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?  
But you need not leave home for these distant springs. Relief is right here in your own home town!  
A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and health as that of a child.  
If you have not already tried it, get at least a 25 cent bottle today. We assure you an instant relief. City Pharmacy, Sprague & Wiley.

### WOMEN RAID SALOON.

Secure Strong Evidence of Sale of Liquor—Warrants Sworn Out.  
Balmou, Nov. 6.—Five ladies of Balmou, leaders in church and social circles, raided the Buckhorn saloon and it is alleged, secured evidence which should result in a conviction for selling intoxicating liquors. The ladies were a "bevy of beauties" from E. Lincoln, who went into the saloon with another young man. There they bought a few cents worth of alleged "whisky," which was placed in the marked bottle. This bottle Lincoln handed over to the delegation of ladies who were waiting outside the saloon. The ladies pulled the cork and, to the best of their knowledge and belief, pronounced the contents to be alleged whisky. As they then marched into the saloon, where they found two business men standing before the bar so sociably indulging in alleged soft drinks. The spokeswoman of the crusaders addressed the amoral bartender, Frank Adams, saying: "Well, Frank, you did not expect to see us, did you?" It is said that Adams threatened that no whisky was being sold there, and that he grabbed the glasses on the bar and threw them into a tub of water. The ladies declare that the cartridges arising from the liquids did not resemble that associated with any soft drinks with which they are acquainted.  
Formal complaint was lodged with the county attorney, and the case will be heard before Judge McCracken next week. Several other cases of alleged violation of the local option law will be heard at the session of the district court in December. Some of these cases relate to the Buckhorn saloon, the evidence being secured mainly through the efforts of detectives in the employ of the saloon proprietors.  
In the coming election here party lines will be obliterated and the issue fought out solely on the personal standing of each candidate on the liquor question.—Statesman.

### TIDAL WAVE SWEEPS NOME.

Fifteen Houses and Cabins Lost and Much Damage Done.  
Nome, Alaska, Nov. 4.—A tremendous surf, believed to have been caused by terrific volcanic action in the floor of the Bering sea, swept the coast late yesterday, leveling across the Nome sand spit and flooding the city. Two houses and fifteen cabins were lost, great damage was done to shipping and thousands of dollars' worth of provisions were swept out to sea.  
There was no loss of life, but the ninety dwellers on the sand spit had narrow escapes in getting to safety. Late last night the flood reached its crest and is now rapidly subsiding.  
The schooner Mary Sachs was plectured up from her moorings by the mighty rush of water and was deposited in a split dweller's yard. All the other boats laid up for the winter were swept far up on the beach by the waves.  
Collars in the stores on Front street are full of water and the stocks soaked. It was only by plugging openings about the warehouse of the Pacific Cold Storage company that the men were able to prevent the building from being carried away. The contents are being cared for by their friends.  
The unusual marine disturbance was not accompanied by any wind, and it is generally believed that the rush of water was due to a tidal wave. For several months Mount Bogoslof and Mount Shishaldin, near Unimak pass, have been smothered in fire and lava. Short intervals, and the Bogoslof islands have been undergoing peculiar contortions. Reports are anxiously awaited from other points along the coast.

Ink at \$100 a Pound.  
"The best India ink—it should really be called China ink—never leaves China," said a missionary. "It costs \$100 a pound, and the scribes use it in writing the correspondence of the royal family and the mandarins."  
"India ink is made of the oil of the poisonous seeds of the osageum or colts foot tree. Marsh and pork lard are added to this oil, and then, by means of combustion, all is changed to lampblack."  
"The lampblack paste mixed with glue is beaten for days on an anvil, fine musk is gradually mixed in to give perfume, and the purest gold leaf to give a rich luster. Finally the ink is dried in molds for about a month."  
"What makes the best India ink so costly is its purity, and, above all, the long time given to its combustion and subsequent beating. If you saw its beauty you wouldn't think it dear at \$100 a pound."

How Could He Do It?  
"Dear me," gasped Mrs. Hollonutt, "there's a terrible item in the paper. My word, but the poor man must have been stung!"  
"Well, what is it?" asked the husband.  
"Why, one of those unfortunate Marshall runners over in New York swallowed a spongy!"  
"What? Let me see." After carefully reading the paragraph Mr. Hollonutt flung the paper down. "There never was a woman yet who could grasp a simple fact in print. This fellow says the fellow swallowed a spongy."  
"I know it doesn't in those exact words," assented his wife; "but, then, how on earth could the poor man throw up the sponge if he didn't swallow it?"

Sarcasm Confidences.  
"Brooks," said Rivers, "can you give me a synonym for 'utility'?"  
"I've used that word twice already."  
"I suppose I can," growled Brooks, "but what's the use?"  
"Use? Use? Thanks; that'll do." The Thompson rattled off the type: "Use; been; again."

ing away with undesirable legislation. The loss of Senator Beveridge to the senate and to the people of Indiana by its Democratic tendency have voted out their strongest member in the senate.

The Commercial Club starts in a new epoch with the advent of the new secretary, Mr. Spangler. The work of the club needs active work on the part of the secretary. It needs strong financial backing from the members. Publicity cannot be carried on by a live secretary and a dead membership. It needs active effort on the part of all. Twin Falls is large enough to have a membership of four to five hundred each putting in two dollars per month as dues, thus putting the club on its feet financially. A unity of boosting strength should be the effort of the directors made possible by more get-together meetings of the club membership. Directors and secretary cannot make up for a solid rank of boosters each putting his energy into giving money and thought and time to the club work. Let's get together and give Mr. Spangler the support that he needs in the work of the club.

who are morally and mentally fit to cope with the conditions. All prejudice and party dislike should be put aside and every encouragement given to the new officials in the transaction of county business. Intelligent co-operation should give place to ignorant and vicious kicking. The taxpayers should not be allowed to infringe on rights belonging to the officials.

With a Democratic senator and two representatives split between the two parties, Twin Falls should be able to get recognition from both sides in a close vote. The men who will represent the county are worthy of the honor given them, and should give Twin Falls county a place in all legislative enactments.

The commissioners elected are all good, honest, business men, with common sense, and should, unless hampered, give the county a splendid administration. The balance of the officers elected are thoroughly reliable in every way, and can be counted upon to do their best to protect the interests of the county.

The Press Club has back of it. The Eastern Idaho Press Club sometimes recommends legislation, but it is the policy of the club to recommend nothing that cannot stand upon its merits and be useful to the people of the state.

Two years ago they recommended the passage of a law requiring the official ballot to be published two times in two newspapers of each county, one paper of each political party if possible, so the voter can study the ballots thoroughly before going to the polls, and it met with the endorsement of the legislators and was enacted. That is why everybody has a chance to become familiar with the ballot this year, whereas under the old law they know little or nothing about it until they arrived at the voting place, and nobody gets a chance to give it more than a hurried consideration then.

If you like the new system thank the Press club for it. At the next session of the legislature they will ask for some modifications of the direct primary law.—Idaho Republican.

The results in this county, while perhaps from the republican standpoint are unsatisfactory, yet taken as a whole the voters of the county are to be congratulated upon the candidates elected. Clean, clear cut men of both parties will control the destiny of the county for the next two years, men

MRS. P. J. HOLOHAN DEAD Well Known Pioneer Succumbs at Sherwood, Oregon. News of the sudden death of Mrs. P. J. Holohan on Saturday morning at Sherwood, Oregon, came as a shock to her many friends in this city. Mrs. Holohan has been ill for some time and only a short time ago left for the coast in hopes of the change being beneficial. For some time the deceased had been suffering from cancer of the liver and Mr. Holohan, who was with her, left expecting to come to this city, intending to move to Sherwood permanently. On Saturday the telegram was received announcing her demise at the old parental home in Sherwood. Mr. Holohan and his sons immediately left for Sherwood in response to the telegram, the funeral and interment being at the above place. Mrs. Holohan was about 49 years of age, and was born in Oregon. For six years the deceased has been a resident of this city, where she has a host of friends. Her sudden death has shocked the life thus taken away. To her sons, who has been a devoted mother and to her husband a loyal wife, and the community losing a respectable woman and pioneer resident.

Dear friend: Prunes, when you stew them are a mighty nice thing to begin breakfast with. Dont you think so? There is lots of difference in the kinds of prunes you get though. If you want to get real nice prunes you must go to a grocery store that carries good prunes and other fruits. Prunes are nice and healthy too. They make a good economical breakfast fruit. Your friend, JACOB. P. S. All kinds of dried fruits, the best to be had, at

MORMONS WIN COUNTY.

Nail Lake City, However, Goes 500 For Americans. The interference of the Mormon priesthood in the election in Salt Lake county turned defeat into victory for the church. The church carried Salt Lake City by about 600 votes and elected Harry S. Harper, Justice of the peace, and George Tingey, constable. The entire county ticket carried the city, but the Mormon ticket had a plurality of 3600 votes in the county, which gave it the election by 3000 votes. The American vote in Salt Lake City fell below the estimate of the party, being almost 500 less than that polled by Mayor Bradford a year ago. There were a large number of Americans who failed to go to the polls and the American supporters must because of the stay-at-home vote. In addition to that fact there were a considerable number of Gentiles who were influenced by the threat of the church Republicans to vote for that ticket instead of for the American ticket.

EMIGRATION MOVING WEST. Flow is Now to Western States, Due to Fertility Recently Gleaned.

During the last few years thousands of farmers in the middle west and thousands of dollars have gone into Canada, Oklahoma and Texas. This has been the result of the well-organized effort from the middle west and lack of competition on the part of the west and northwest.

The history of pioneer movement has been since the settlement of our country the people have moved eastward across the continent. For example, the people of Virginia settled Kentucky; the Kentuckians settled Missouri; the Missourians are now in Arkansas, New Mexico and Arizona Colorado has drawn most largely from Nebraska, Kansas, Iowa and Illinois.

Today the Missouri river valley is furnishing most people and more of farmers in the new states than from any other territory, because of the fact that the surplus earnings are large and a great many farmers are buying or bought their land at a low price, are able to sell out at a big profit and they very naturally figure on doing the same thing over again in a new country.

For the first time there is an organized movement to direct this tide of immigration westward. The movement has been started by the publishers of the Omaha Bee and the Omaha Herald and the Omaha Press, which publications have been doing a very large amount of space and a very considerable effort in this direction.

Sure Death to Flies. Fly papers are to be superseded by a fly expeller. "In our experience," says the London Lancet, "the best exterminating agent is a weak solution of formaldehyde in water (say two teaspoonfuls to the pint) and this applied to the ground, has been confirmed by others. It would appear that flies are attracted by a weak solution of formaldehyde, which they drink. Some die in the water, others get as far only as the immediate vicinity of the plate of water, but all ultimately succumb, and where they occur in large numbers hundreds may be swept up from the floor."

Special Employment. "I don't see you on the messenger force now, Jimmy," said the lad with the cowboy hat and beard. le ticket for state officers has been elected by majorities larger than those given Governor Campbell two years ago. All Democratic congressional nominees were elected.

**IOVA.**  
Des Moines, Ia.—Governor Carroll (Rep.) Was heavily scratched all over the state. On the basis of the returns received early, Carroll should win by about 5,000. Republicans claim all congressional districts except the Second, Fourth and Sixth. Judge Proulx (Rep.) seems safe in the Seventh district.

**FLORIDA.**  
Jacksonville, Fla.—Early returns show local opponents in lead on proposition for prohibition amendment to the state constitution. All Democratic congressmen are elected.

**GEORGIA.**  
Atlanta, Ga.—Georgia returned the usual solid Democratic congressional delegation today. Early returns indicate that Falter Akerman, the only Republican candidate, was overwhelmingly defeated by Gordon Lee, incumbent.

**ALABAMA.**  
Montgomery, Ala.—The Seventh congressional district of Alabama, M. W. Howard, Republican, and John T. Burdett, Democrat, incumbent, ran very close in the early returns, both claiming victory. The other Democratic congressional candidates were elected. For governor, Emmett O'Neal, Democrat and local opponent, is elected by about 50,000 majority.

**ARKANSAS.**  
Little Rock, Ark.—The Democrats made a clean sweep in today's congressional election. Baldwin's election as governor by at least 6,000.

**DELAWARE.**  
Wilmington, Del.—Indications are that the Republicans have carried the state, including a majority in both houses. This would mean the re-election of Senator DuPont, Republican.

**CONNECTICUT.**  
Norwich, Conn.—C. W. Conatuck, chairman of the Democratic state central committee, claims Baldwin's election as governor by at least 6,000.

**NEW YORK.**  
Returns indicate John A. Dix, Democrat, has been elected governor of New York over Henry L. Silmon, Republican, by between 55,000 and 65,000 plurality. These figures may be changed slightly by returns from upstate rural districts.

**NEW YORK CITY.**  
New York City gives Dix a plurality of at least 100,000, which more than off-sets the greatly reduced plurality of the Republican up-state. Two years ago the greater city gave Chandler Tor governor less than 50,000 plurality.

**ILLINOIS.**  
In Chicago there has been a Democratic landslide, and reports from other cities show largely decreased Republican pluralities. Joe Cannon has been returned, but by a greatly reduced vote. In the city of Chicago, the Democrats have gained six of the ten congressmen.

**MONTANA.**  
In the west, Montana has elected a Democratic legislature.

those in the country would not go out to vote. It is estimated that several of the outside precincts showed only a two-thirds vote.

Press reports show that weather conditions over the entire state were unfavorable and that the full vote was not out. Republican state managers claim that if the weather had been good that some of the results might have been changed.

On state officers there was a tendency to vote the ticket straight and the scratching of the ballot was not as much in evidence save in the case of Governor Brady, who ran behind French. He carried only one precinct, the Second. He was especially low in the Fourth where Hawley had a majority of 70. French led the ticket, carrying every precinct except the First, which was won by Bowen by a majority of 36. Attorney General McDougall came in for a defeat at the hands of Moore, who carried three precincts and the city by a majority of 52. The other state officers received a vote up with the rest of the ticket.

**NATIONAL ELECTION RESULTS**  
Democrats Gain Governors and Have Control of National House.

Chicago, Nov. 9.—The Democrats elected 226 congressmen, the Republicans 164, and the Socialists one; total, 391. Majority of house, 195; Democratic plurality, 30; Democratic plurality, 60. Complete returns on the election of representatives to congress indicate that the Democrats will have a working majority of 30 in the next house. The number of Democrats elected to congress, according to the latest returns, is 226.

The Republican representation will be 164, or eight seats less than the Democrats now have, in the Sixty-first congress. The Twelfth Pennsylvania district, also normally Republican, is given as Democratic, though the result there is not absolutely certain.

Absolute confidence is not felt in the returns for some of the Wisconsin districts, where it is not impossible that official figures will change the total of the two parties.

**WASHINGTON.**  
Seattle, Wash.—So far as known on only one county in the state of Washington went Democratic in the congressional election. The plurality of Republican supreme judge candidates is estimated at 40,000 as against 47,371 for Tatt in 1908.

The most interesting result of the election is the ratification of the women suffrage amendment to the state constitution. The amendment will become a law as soon as the governor receives the official count and proclaims that the amendment has been ratified.

**COLOMADO.**  
Denver, Colo.—John F. Shafroth, Democrat, has been re-elected governor of Colorado by a plurality esti-

mated as high as 15,000. He has carried Denver county by at least 12,000, and his party leaders claim that he has also carried the outside counties by at least 3,000. Republican State Chairman McDonald conceded Shafroth's election here, but is claiming the election of several of the Republican candidates on the state ticket. Democratic Chairman Bradley asserts that the whole state ticket has been carried by a large plurality. Consequent on a constitutional amendment for initiative and referendum has carried 2 to 1.

**CALIFORNIA.**  
San Francisco, Calif.—Late returns do not materially alter the indicated plurality for the entire Republican state ticket of from 20,000 to 30,000. A long ballot, complicated by a number of constitutional amendments and proposals, has greatly delayed the count and little more than one-half of the total precinct returns have come in. Those covered the cities and populous regions, however, and the returns from the sparsely settled counties will not affect the result.

**MASSACHUSETTS.**  
Massachusetts has elected Foss, the Democratic candidate for governor, by a large plurality. Connecticut and New Jersey, too, are in the Democratic column.

Ohio, the home of the president, according to the returns received up to election date, elected Harmon, the Democratic candidate.

**LOUISIANA.**  
New Orleans, La.—As usual the Democratic nominees for state and congressmen were elected without exception in today's election. The constitutional amendment providing for a state bond issue of \$5,000,000 in support of the proposed international exposition to be held in New Orleans in 1915, was overwhelmingly adopted.
