

CRIPPEN PUSHES ROAD WORK

Jarbridge the Goal for Twin Falls and Death Crews.

JARBRIDGE REPORTS THAT TWIN FALLS HAS ADVANTAGE.

Railroad Officials Visit Camp In Streets of Death Road—Prospects for Telephone Line.

Jarbridge, Nov. Dec. 1.—President Ray and Engineer Fitch made a trip of inspection over the new Jarbridge-Twin Falls road being built by Jarbridge, today they were very much pleased over the results already accomplished in the short time in which it has been at work. It has already finished over half a mile of the hardest part of the road and it is finished in most excellent condition. The road is wholly on the existing Jarbridge good road roadbed. He is making it wide enough so that one wheel will not have to run on the over-hill and hence it is as good as the existing Jarbridge road. The road when finished will be as good as could be made and will be an honor to the builder and the Twin Falls backers, as well as a permanent piece of work, and a great benefit to the camp of Jarbridge and to the merchants of Twin Falls.

The necessity of this road is made more apparent from the visit to the camp the past two days of Mr. McCall, of Death, and Mr. J. J. Moore of Elko, who is in the charge of the Western Pacific railway. These men say that the new road being built from Death is progressing very rapidly and that they are making very good time. They further say that the road gage expects to be in Jarbridge to take Christmas dinner with the camp.

It is now a race between the two road outfits and Mr. Crippen has the advantage of having the lower country to build in and the upper country to contend with. There is much less snow this season than last at this time of the year and it is to be expected that the winter season will be an extra severe one and the snow was deeper than has been in this range of mountains for many seasons. Mr. Crippen is a man of considerable experience in road building and especially in rocky country. His very fortunate in securing the services of such a man and we can depend upon it that every dollar of money expended by him will be well repaid in the most work possible. He is a worker himself and everyone under him has to get in and drill. The amount of work accomplished in the short time has been at work here is the best evidence of what he can do. He is finding in the winter season, which is occurring this soft weather as he fully realizes the fact that he can work to good advantage in the solid rock and that when the winter is in will be the dirt. Mr. Crippen has established camp right at the point of work so that he can have the advantage of traveling back and forth to their work.

If one of the other of these roads is not finished before the winter sets in for good, the camp will be up against the winter and the winter will be very little travel into the camp, supplies will be in short and the price of all kinds of things will be very great, but it looks now that very few Jarbridge would have both roads finished before the winter.

The Elko people are talking very strongly of a telephone line into the camp. They have the money in hand to build it and are figuring on contracts for the poles. The people are wondering about the line that Twin Falls was going to have from Jarbridge to the camp can stand for two lines, as the business is going to be here.

The mishap of the camp are making a wonderful show here and is doing here a lot of business to be done here.

WENDELL HAS CRACKSMEN.

Light Fingered Gentry Are Busy at Hail City.

The Wendell Hardware Co., and Weinberg stores were broken into a few nights ago and several articles stolen. The combination on the Wendell hardware store was unlocked and the cracksmen fumbled with it until the darned thing became locked and then all hope was lost from the store. The cracksmen were overlooked by the burglars, and on this particular night there was some \$700 dollars in the vault, taken in from the store and is not bolted to the floor and could easily be carried away—thus delaying the game until another could be bought.

DROWNING AT AUGER FALLS

Breaking of Cable Precipitates Victim to Watery Grave.

WAS ATTEMPTING TO CROSS ON MINER'S CABLE.

Water Shut Off at Milner Dam in Effort to Recover Body—Survived by Wife and Four Children.

With the sudden snapping of a cable in mid-stream, J. O. Vermillion, aged 30, was drowned in the rapids at Auger Falls Sunday morning. As yet the body has not been recovered, although the water has been shut off at Milner dam in an attempt to lower the water level. The accident happened six miles from Twin Falls, near the ranch of S. T. Hamilton, at Auger Falls. At this point the miners are placing work on the sand bars, have improvised a temporary cable system which enables them to make the passage of the river, water being run to the place where and extremely treacherous stretch of the rapids. Two wires are stretched across the river and support a small board, on which one desiring to ford the river sits. The basket is lifted across by the gripping of the wires by the hands. The unfortunate victim assumed to make the trip. The first part of the trip was accomplished safely, but when in mid-stream one of the cables broke, and without an instant's warning Vermillion was precipitated into the rapids in which he died. The current is so swift that after falling into the river the body was near again, it being carried along by the swift under current.

As soon as the authorities at Milner were notified an order was issued to shut off the water at the dam. This was done late Sunday evening and it was hoped that the water will have suffered enough at the rapids. An order can be made for the body with morning. It is possible that the body may be found in the rocks of the rapids. The victim is a man of about thirty years of age and has a family of a wife and four children. After the accident they came to the residence of J. F. Vermillion, who lives at Gem, Idaho, has been notified and left for Twin Falls yesterday to create an order was issued to shut off the water at the dam. The reason is known for the attempted trip that cost the man his life, as it is not thought that he had any particular reason for crossing unless it be for the novelty of the trip.

MR. E. FOREST TAYLOR.

And Colonial Players Presenting "At Valley Forge."

The annals of Colonial days contain many more to be done in the case of a woman, and during the Revolutionary war there were many instances of sacrifice and sufferings. The play is a very interesting one, well authenticated story of Virginia Preston, a Colonial belle, who, having repudiated the suit of Lord Henry Carleton, fled to the country. Her father because of her love for an officer in Washington's forces. This is the theme of William L. Roberts' great play, "At Valley Forge," which will be offered at the Luna theatre on December 8, 9 and 10.

STILL WEARING SUMMER SUITS.

Visitor Writes to Oregon Praising Fine Weather Here.

The Clayton (Oregon), Mail, publishes this week a letter from a resident of that city, who is enthusiastic about everything on the tract. Among other things he writes of the weather. He has the name of having the most Idaho school teachers in southern Idaho, only forty-two, and some fine weather. He writes that he is still wearing his summer suit, and that he understands that they have fine weather here. He writes that he is glad to hear of the town and climate.

"We are looking orders" for Early Bureks seed potatoes. Get supply in quantity. Get in early. Narrow Brook Seed & Supply Co. Dec 1 Jan 1911

SIX CONTESTS ARE FILED

Commissioners, Clerk, Attorney And State Senator Named In Complaint

Irregularities in Vote Charged. Will be Carried to Supreme Court for Final Decision. Democrats Will Not File Contests.

Afternoon proceedings were filed yesterday to set aside the seating of the three county commissioners, county attorney, recorder and state senator, contested offices are to be held by Democratic incumbents and if the suit is successful it will mean that the Republicans will again control. The contests are instituted in every case by the defeated candidates. The specific charges alleged is that there were erroneous and illegal canvassing and returns of the votes cast in ten of the nineteen precincts of the county. Yesterday was the last day that the proceedings could be entered as the law provides that any contest proceedings must be instituted not later than twenty days from the fourth of November. The law reads that a contestant must be accompanied by the fees necessary to pay for the expenses of the suit. This has been done.

The contest means if the case is decided against the men who have been declared elected by the contest, they will have to forfeit their office and as well any money that they have received from the county for their services up to the time that others are found to be seated. In case the contest is not declared against them the costs of the suit will be declared lodged against the contestants.

The contestants and contestees named in the proceeding are John R. Ault vs. A. J. Hinton vs. B. J. Hinton vs. A. C. Taylor, J. W. Hardin vs. O. G. Zell vs. A. C. Hicks, for county recorder; M. J. Sweeley vs. W. H. Hornbrook, for state senator.

Some of the defeated candidates have large leads to overcome, although in the case of the commissioner the plurality is very small. Taylor or Hinton has a lead of 25 over Moore. Ault was 61 votes over the count, while Zell had Hardin by 275 votes. Thus making the contest very close.

The other contestants, Sweeley and Hornbrook still larger leads to overcome.

In the complaint of Sweeley against Hornbrook, charges were made that he had used money or things of value during the progress of the election, although it is not specified that the same was used for illegal purposes. It is charged that the money was used with both electors and others.

It is also alleged that since election Hornbrook had received certain favors and the inference is that this comes as a result of favors extended in the campaign. He asks for a return of the money. This contest is to be decided by the state senate.

Democrats this morning stated that the contest on the part of Sweeley is probably the most important. The contest is not heard at this time. They point out that there is a law that provides that legislative contests shall not be served later than Nov. 28, or twenty days from date of election. If the contest is charged that the money was used with both electors and others.

That by the determination of the contest hereby instituted it is necessary that there be an inspection of the ballots and poll books of each and every precinct. The contestees of Twin Falls county heretofore specifically named, and referred to, shall be the holder of said ballots as far as they pertain to the precincts of office mentioned in this complaint for which the parties to this contest were contestants in this court.

Wherefore the contestant prays an order, judgement and decree be entered herein as follows: That by said order the several officers having charge of the ballots and poll books in said several precincts which were cast and used in the election of the county of Twin Falls, each other person or persons in whose possession or custody the same may be, be required to deliver the same to such person or officer as the court may direct, in order that they may be delivered to the presiding judge of this court.

IDAHO DOUBLES HER POPULATION

Census Returns Give Over One Hundred per cent.

TWIN FALLS LEADS ELEVEN COUNTIES.

Ade County Leads Nez Perce By Five Thousand—Custer Has Three Thousand and One.

The official census count credits Twin Falls county with 13,543 population. It is not known what the percent gain is, as there was no such county existence in 1910. There are eleven counties with less inhabitants than Twin Falls county. The entire state population little more than equals that of the city of Denver, but the gain has been phenomenal. The increase over 1900 is 16,332, or 101.3 per cent. Idaho, Bonanza, Lincoln, Shoshone and Twin Falls counties have practically the same returns, as there is less than 500 difference between them. Of the individual counties, Ade leads Nez Perce, its nearest competitor, by 5,000. Following Nez Perce come Fremont, then Canyon, and Blaine fifth. Custer county is last with a population of 3,001.

WILL NOT ENTER LEAGUE.

Twin Falls Will Not Enter Tri-State League As Proposed.

That Twin Falls will not enter the proposed Class "A" league composed of Boise, Twin Falls, and Great Falls, Blaine, Salt Lake City and Ogden, is certain.

In order to enter the league Twin Falls was to have placed a forfeit of \$500 in the hands of L. M. Thiel, Salt Lake, who is the promoter of the proposed league. This has not been done and there is no probability that the town at this time is to be held tomorrow in Salt Lake City.

The program was reviewed in this city on Friday from Mr. Thiel, stating that if W. C. Cody of Boise, has put up the forfeit, which insured a place for Twin Falls for Boise. He asked the Twin Falls act at once and advise him as to the action.

Some time ago the Salt Lake people stated that they were to be given the franchise of Twin Falls as they thought that it would pay good returns. As soon as those who were interested in the proposed change saw that the sentiment was not for it they wired back to Mr. Thiel that Twin Falls people would not take the franchise and that the Salt Lake people could have it if they desired. That is the present standing of the matter. It is not probable that the Salt Lake people will take the franchise on their own responsibility.

GIVE SPLENDID RECITAL.

Mrs. Harry Smock, Assisted by Ladies' Orchestra, Renders Program of Merit.

The recital given last Friday evening in the Baptist church by Mrs. Harry Smock and the Ladies' Orchestra, was of high order and was deserving of a large house. The program was broad enough to satisfy the desires of all music lovers.

The program made provisions for eleven numbers, six for the violin and five for the orchestra. Of the violin numbers probably the most effective number was Kuenzler's Cradle Song, with its simple swinging rhythm. The other popular Schubert's Sonatina was also given a beautiful rendering. The popular numbers by Mrs. Smock: The Blue Bell of Scotland, by Gushkin Laurie, with variations, were also well received.

Of the orchestra numbers the Daughters of Love Waltzes was the most pleasing. The playing of the orchestra was especially pleasing in that the performers were in perfect accord and one another through the entire program.

ANOTHER VAUDEVILLE TEAM

Clayson and Fuller the Second Attraction at the Orsis.

Manager Anderson of the Orsis theatre, who has contracted with the Scott Booking Agency of Boise, for all their main attractions, has announced that the week of the Clansmen and Fuller team will head the bill at the Orsis this week. Post and Gibson, who were here last week, are booked for next week to Gushkin Laurie, who make Twin Falls on their return trip.

Farmers' County Union Meeting. The County Union meeting will be held at Buhl, Saturday, December 17, at 10 a. m. J. B. EABY, Sec'y.

HIGH SCHOOL HOLDS CONTEST

Miss. Ethel Davies Wins First Place.

WILL REPRESENT TWIN FALLS IN STATE CONTEST.

Mrs. Carmen Cox Secures Second Place—Entertainment As a Whole Was Exceptionally Good.

Miss Ethel Davies won the declamatory contest held Friday night with a declamation entitled "The Red Disc." Miss Carmen Cox secured second place. Miss Davies, by virtue of winning first place, will represent Twin Falls in the state contest to be held in the spring. The patrons and others interested in the Twin Falls high school, were immensely pleased and gratified at the amount of talent shown by the young people who took part in the preliminary declamatory contest that evening. There was a large audience present and the program was unanimous in declaring it to be the best entertainment of its kind ever given in Twin Falls. Every one of the able contestants acquitted themselves with credit, and their coach, Mrs. W. E. Anson, is to be complimented upon the splendid manner in which the young people delivered their declamations.

The following is a program of the evening: Piano solo—Miss Graham. ORATORICAL CLASS. Retinal Address to the Romans—Rollo Crater.

Calanthe's Defence—Thadous Patton. Lincoln, A Man Called of God—Charles Younger.

Musical Dramatic Class. Club. Dramatic Class. The White Swan—Grace Dargor.

The Red Disc—Ethel Davies. For the Honor of Old Yale—Mae Jones. Song of Croesus—Miss Keer. Musical HUMOROUS CLASS. Toasts—Carmen Cox.

Mrs. Burgess' Dinner Party—Vesta Thomas. Uncle Dan's Apparition and Prayer—Ruth Wainwright.

Musical. Two Grandchildren—Gir's Glee Club. Judges—Superintendent Thompson, American Falls; Miss Wallace, Buhl; Superintendent of Schools, Elko.

Immediately following the list of "two Grandchildren," by the Girls' Glee Club, the decision of the Judges was announced. Miss Ethel Davies, in the oratorical class was awarded to Chas. Younger, and second place to Miss Carmen Cox. In the dramatic class, Rollo Crater, in the declamatory class, Ethel Davies received first place, Miss Grace Barger a close second, Miss Carmen Cox won first place in the musical class, and Miss Ruth Wainwright second.

Miss Ethel Davies was chosen from among all the contestants to represent Twin Falls in the state contest to be held here next spring. Miss Carmen Cox was chosen as alternate.

It was apparent from the first that Miss Davies' splendid articulation, and the wonderful voice with which she delivered "The Red Disc," would easily win first place for her. Mrs. Cox, in her "Toasts," a very difficult piece, with splendid technique, and careful attention to the finer points of declamation.

Others especially deserving of favorable mention were Charles Younger and Miss Grace Barger. The former spoke on "Lincoln, A Man Called of God," delivering this great address with a force and vigor of speech, and an ease of gesture which showed that she is a high type of performer. "The Going of the White Swan," with a pathos that moved the whole audience and her delineations of character were excellent.

TOBEY-JONDREAU.

Popular Musician Weds Commercial Instructor.

At seven-thirty o'clock Saturday evening at Lincoln, Miss Ethel Davies and Mr. Peter Ericson, on Eighth avenue, Astor, occurred the marriage of G. A. Tobey and Miss Ethel Jondreau. The ceremony was performed by Rev. Mr. H. E. Cullison, in the presence of only one or two of the immediate friends of the bride. Immediately following, Mrs. Peter Ericson served a fine wedding supper.

Mr. Tobey is a musician of ability and although he has been a resident of the high school for many years, he has many friends among the young people of the city. Miss Jondreau has been in charge of the musical department of the Twin Falls high school for the past three years, and has built up and developed the department of music for the young people will leave a good record for Denver, Colo., where they will make their home.

Warner Bros. Attorney for Plaintiff.

To be business manager of a home-
which is the position of most every
housewife—to READ THE AD-
VERTISERS—know-values—
and merchants know that they de-
sire, if a merchant were trying to
sell something at "top price" he would
be wanted to advertise it.

Advertising will not sell even a
high-class article for more than it's
worth. Ad-readers "know-values";
and merchants know that they de-
sire, if a merchant were trying to
sell something at "top price" he would
be wanted to advertise it.

WANTED—At The Times' office,
clean, cotton rags, at once.

PLAN MACADAM ROAD

Buhl Farmers Figure On Improving
County Roads.

Buhl, Idaho, Dec. 5, 1910.
Miss Ruth Howard went to Twin
Falls Friday evening to visit over
Sunday at the home of her sister, Mrs.
F. J. Grossman.

Mr. and Mrs. O. M. Capron left Fri-
day evening for Choyenon, Wyo., to
act as witnesses in a law suit against
the O. S. L. Railroad Co. They will
also visit with relatives for a few
weeks.

T. R. Albe, who has been spending
the past year in Buhl, left Thursday
evening for Thoro, Washington.

Miss Anna Nihart returned Tuesday
evening from an extended visit with
relatives and friends in the east.

H. B. Lewis was down from Twin
Falls Tuesday, taking final proofs.

O. J. Schaar, the O. S. L. watch in-
spector, was in the city from Pocatello
Thursday on business.

H. A. Brize of Twin Falls; was the
guest of Mr. and Mrs. Chas. D. Snyder,
Tuesday.

The Hineses Hartwell were in from
Rosenworth Tuesday, and went to Twin
Falls on the evening train.

E. R. Sherman was a Twin Falls
business visitor, Tuesday.

C. J. Sexton left Friday evening
for Sioux City, Iowa.

Miss Isabelle Wallace and Prof. W.
C. Thompson went to Twin Falls Fri-
day evening to act as judges on the
Oratorical contest of the Scholastic
League of Southeastern Idaho.

Ensigns Jesse Pitt
were passengers to Twin Falls, Fri-
day evening.

C. Ivon Price made a business trip
to Frisco Friday evening.

The Misses Nora Johnson, M. Becker
and Florence Russom went to Twin
Falls Friday evening to visit over Sun-
day with friends.

S. A. Dickey of the Buhl Nursery
Co. received a carload of fine young
fruit trees, Thursday evening.

Wm. Syator and Lou Bowman drove
down to Clear Lakes, Friday, to take
a look at the country.

Mr. T. W. Snodgrass and family
were entertained at dinner Monday at
the home of Mr. and Mrs. J. N. Hop-
kins.

Jack Shank of this city, has been
appointed by Recorder-elect Finch, as
his deputy.

Ligh Pugh, formerly of this city, but
now of the Blanton Jewelry Co., of
Twin Falls, is in Buhl for a few days
looking after property interests and
shaking hands with old friends.

Miss Mary Pearce arrived in Buhl
this city Friday from Randolph, Va., to
visit at the home of her sisters, Mrs.
Thos. Howard and Miss Lucinda How-
ard.

Atty. Arthur W. Strom was in Twin
Falls Thursday on legal business.

The Buhl Choral Society will hold
a "Box" at the M. E. church Thurs-
day evening.

They are planning to
give another opera in the near future.

E. J. Shermernon was called to
Chambers City, Saturday, by the
sudden death of his father, at that
place.

Mrs. Mary Pearce arrived in Buhl
Friday from her home in Randolph, Va.,
to spend the holidays at the home of her son
E. A. Pearce.

Mrs. Sam Nihart left Tuesday even-
ing for Sacramento, California, where
they will spend the winter.

The farmers west of the southwest
corner of Buhl, as far out as three
miles, are planning to put in a mac-
adamized road in the near future. This
will mean a great deal to Buhl.

Mrs. G. E. Holthorn of Twin Falls,
is visiting with Miss Maude McKinley
of this city.

GOOD CAUSE FOR REJECTION
Author Forget to Make His Detective
a Dope Fiend According to
the Formula.

"This detective story will not do,"
said the magazine editor, handing
back the manuscript.

FACTORY GIRLS DIE FINE

Twenty-five Dead and Half a Dozen
Dying; Twelve Being Killed by
Jumping From Windows.

New York.—A fire caused by an ex-
plosion of gasoline, which swept
through the upper floor of a four-
story factory building in Newark, N. J.,
on Saturday, caused the death of
twenty-five girls, while half a dozen
are dying and twenty-two are less se-
riously hurt.

Twelve were instantly killed by
jumping from windows and fire es-
cape landings.

Eight others died in hospitals from
injuries sustained in the same way.

The others were burned to death
and the bodies of most of them are
buried under a great heap of ruins.

More than 600 girls were at work in
the building when the panic started.

MICHAEL CUDAHY CALLED.

Packing House Magnate Began His
Career in Milwaukee.

Chicago.—Michael Cudahy, founder
of the packing firm bearing his name,
died Sunday night at a hospital here
of double pneumonia. Mr. Cudahy
had been ill five days, the disease be-
coming serious Saturday morning.

Mr. Cudahy was born in Callan,
County Wick, Ireland, on October
17, 1841. He came to the United
States with his parents in 1849, the
family settling at Milwaukee. In
1855, while a boy of fourteen, Mr.
Cudahy became an employee in a Mil-
waukee packing house and this marked
the beginning of his career in the in-
dustry in which he took a prominent
part.

Known Too Much and Was Killed.
Denver.—Denver's Italian quarter is
wild with excitement over the discov-
ery of the body of one of their coun-
trywomen, frightfully mutilated, in a
roadside ditch, six miles north of Den-
ver. Giulano Cellanto, a member of
the colony, said he believed the body
to be that of his wife, Mrs. Dorinda La-
bata Cellanto, who has been missing
since last Saturday.

The police say the woman
was probably murdered to keep her
from divulging information desired by
the authorities.

Strikes Churchill with Whip
Male Suffragist Attacks British
Home Secretary at Depot, But is
Thwarted by Detectives.

London.—Winston Spencer Church-
ill, home secretary, was attacked in Lon-
don Saturday night after a speech at
Bradford, was attacked in the train
by a male suffragist with a dog whip,
who cried out "take that, you cur."

Two detectives, who accompanied
Mr. Churchill, parried the blow and
sawpowered the secretary's assailant,
who is believed to be the man who
interrupted Mr. Churchill in the course
of his address and was expelled from
the meeting after a struggle.

When the train arrived at London
three women tried to assault the home
secretary, but the detectives drove
them off.

Crippen Denied Guilt to Last.
London.—The last statement of Dr.
Crippen is published in a Sunday pa-
per in the form of two final letters to
Miss Lennox. The letters are not re-
produced in their entirety, it being ex-
plained that they contained certain
personal confidences, but nothing in
the nature of a confession. Crippen
throughout declared his innocence to
Miss Lennox. The papers carry a re-
sümé of Crippen's will, bequeathing
everything to Miss Lennox.

Wending on Trial for His Life.
Louisville.—Almost one year from
the day the crime was committed, Jo-
seph Wending, charged with the mur-
der of Alma Kellner, who was mur-
dered in St. John's Catholic church,
was placed on trial on Monday.

Lineman Electrocuted.
Tooele, Utah.—Mat. R. Green, aged
24 years, a lineman in the employ of
the Clark Electric company of this
city, met death by being electrocuted
while repairing one of the company's
lines-between-Stockton-and-Tooele.

Telephones in Jerusalem.
Jerusalem.—Telephones will in all
probability be installed here Sat-
urday, as a system is being installed
in all cities by the Turkish telephone
department.

Deadly Duel With Razors.
Chicago.—Two men carved each
other to death with razors here Sat-
urday night following a quarrel over
two young girls. A third man in the
fight who was badly slashed about the
head, managed to make his escape.

Mob Hangs Negro.
Mayo, Fla.—Richard Lowe, a negro,
was quietly lynched several miles out-
side the city before noon Saturday, for
entering the bedroom of the daughter
of R. M. Cobb, in the heart of Mayo
late Friday night.

Strike Leader Convicted of Murder.
Paris.—A jury in the court of ses-
sions at Rouen Thursday imposed the
death penalty on Secretary Bernard
the Coal Hangers' union, who was
convicted of instigating the murder of
Foreman Donze during a strike.

This Newspaper---and Your Store!

WOULD you consider that this newspaper was well managed if it issued according to the mood of its publishers--instead of at regular, stated and invariable intervals? Would you think it a good newspaper if it printed a 12-page issue at one time and a one-page, hand-bill size, issue at another time? Would you feel that it was serving its constituency effectually if, now and then, it suspended issue entirely--to be resumed at some time when the publishers felt inclined?

Your store serves your patrons with store news through its advertising. They assume that there is always store news worth telling--store news that is important to them.

Is it not a poor policy for a store, as it would be for a newspaper, to serve its patrons in a spasmodic, un-dependable way? If your store is important to the people of the city, your advertising is important to them all the time--not merely now and then

The amount of your advertising space yearly should not vary any more than the size of a newspaper varies, and the appearance of your advertising should be as frequent and as regular as the appearance of this newspaper.

HARRIMAN LINES MERGER.

Fifty Million Corporation Will Include
All Branches in Northwest.

Portland, Ore.—The Oregon Rail-
road & Navigation company late Wed-
nesday made official announcement that
all the Harriman lines in the Pa-
cific northwest, including the North
Coast Railroad company, but excepting
the Southern Pacific company's line
and the railroad water line subsidi-
ary to it, have been merged into one
company to be known as the Oregon
& Washington Railroad & Navigation
company.

The total mileage coming under the
control of the Oregon & Washington
Railroad & Navigation company will
be 3,073 miles.

The purpose of the merger, according
to the statement, is that further
bond issues are required to carry on
new roads and extensions now under
way, and those projected. It was found
necessary to form a corporation with
enlarged powers, one especially hav-
ing the right to make a larger bond
issue.

Elephant Executed.
New York.—It took five hundred
grains of cyanide-of-potassium, the
most deadly poison, to kill Gypsy
Queen, a trick elephant, executed on
Friday for the murder of her keeper,
Robert Schliel, on October 20. Less
than one grain is ordinarily fatal to
man, and the first convulsive sym-
ptoms supervene almost before the vic-
tim can set down the glass from which
he swallows. Gypsy Queen was born
in Africa, thirteen years ago and
was one of the largest elephants in
captivity. She stood 8 feet 7 inches
high.

New Ride Under the River.
New York.—For the first time in
the history of transportation on this
continent, passengers for Washington
and points for the south and west
walked into a station on Manhattan
Island Saturday night, stretched out in
their berths, and rode through with
out changing under the Hudson river.
The Pennsylvania station was for-
mally declared open at one minute
past midnight, and the first train
rolled under the Hudson river one
minute later.

Wanted—Clean cotton rags at the
Times' office.

bargain. In perfect condition. Easy
terms. Call on or address Boyd Bul-
ler.

Temporary Heat Quickly

Did you ever stop to think of the many ways in which a perfect oil heater can be used? If you want to sleep with your window open in winter, you can get sufficient heat from an oil heater while you undress at night, and then turn it off. Apply a match to the burners, when you get out of bed, and you have heat while you dress. Those who have to eat an early breakfast before the stove is radiating heat can get immediate warmth from an oil heater, and then turn it off.

The girl who practices on the piano in a cold room in the morning can have warmth from an oil heater while she plays, and then turn it off. The member of the family who has to walk the floor on a cold winter's night with a restless baby can get temporary heat with an oil heater, and then turn it off.

PERFECT SMOKELESS OIL HEATER

Absolutely smokeless and odorless

is valuable in its capacity of quickly giving heat. Apply a match and it is immediately at work. It will burn for nine hours without refilling. It is safe, smokeless and odorless. It has a damper top and a cool handle. An indicator always shows the amount of oil in the tank.

It has an automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that the wick can be cleaned in an instant. The burner body or gallery cannot become wedged, and can be quickly unweeded for reworking. Finished in Japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

Dealers Everywhere. If not at yours, write for descriptive circular to the nearest agency of the

Continental Oil Company

(Incorporated)

IN THE GEM STATE

The Hyburn Milling company is putting out from 40 to 50 barrels of flour daily.

It is probable that the next legislature will be asked to make an addition to the present state board of education.

Forest reserve officials authorize the statement that behead from burned over forests can be freed from the asking.

F. Franz and wife were arrested on the charge of selling liquor in Moscow without a license. They were released on \$500 bonds.

Charles Hugerth, an Oregon Short Line railway passenger conductor, whose home was in Pocatello, died in a Salt Lake hospital on Sunday.

The total vote cast for governor at the late election was 86,189, including the Socialist vote, as against 84,415 on the same office in 1908, or a falling off of 10,254.

Farmers about Idaho are reporting that the turkey crop this year is plentiful in numbers, but that the birds are much lighter in weight than in previous years.

While engaged in showing out dynamite to the former of Crook construction camp on the P. & N. railroad, Joe Creamer was instantly killed and another man was seriously injured.

The new depot at Hatley was thrown open on Thanksgiving day. The new structure is about one-third larger than the former one and will serve the purpose of a growing town.

Chas. D. Saxton, who for the past twenty years has been a resident of Boise and vicinity, has completed and put into operation an invention of an automatic hose water supply system.

While engaged in his work, William H. Dumbley, a brakeman on the Oregon Short Line, was killed near Glenn's Ferry, by being thrown from the top of a car and falling between the moving cars.

Following a siege of typhoid fever, Dr. Granville Harry Todd, aged 30 years, a practitioner of Boise, died in a Salt Lake hospital Saturday night. The disease was contracted by Dr. Todd six weeks ago.

The state board has completed its canvass of the returns from the recent election. The official figures give James H. Hawley, the Democratic candidate for governor, a plurality of 885 over Governor Brady.

A decision has been rendered by the supreme court which, in effect, declares that a corporation can not confiscate a poor man's property, the case in question being a test case involving condemnation of land by railroads.

Deputy Forest Supervisor Benedict, who has been overseeing the planting of thousands of trees in the Boise national forest reserve, has returned to Boise and reports that the recent work in this line is the most extensive which has ever been attempted in this state.

The grand jury at Roswell, N. M., has indicted J. B. Eldridge of Boise on a charge of subornation of perjury in connection with the alleged tampering with a witness in the trial of W. T. Wells, a capitalist, for murder, during which Eldridge was one of Wells' attorneys.

It is reported that B. E. Corbin, cashier of the Union Savings and Trust company of Boise, has been lost and has probably perished in the wilds to the north of St. Anthony, in the Yellowstone Park country, while hunting. His friends are still hoping he will be found alive.

At the meeting of the county superintendents of schools in Boise, Miss S. Belle Chamberlain, the state superintendent of public instruction, was presented with a beautiful pearl brooch set with twenty pearls, representing the twenty counties represented at the convention.

Walter Rising, charged with the murder of Ida Mae Todd, the 11-year-old blind girl, who was known to rise, Boise, and Jerome (Wild Horse) McQueen, on July 23 last, near Rymer, Colo., was found guilty of first degree murder before the district court in Greeley, Colo.

Sing Lee, the Volmer laundryman, charged with taking liquor to the Nez Perce Indian reservation, was acquitted. He admitted he had secured some medicine from a Chinese herb doctor, which was made by using certain herbs and berries in a liquid mixture containing alcohol.

"Wild wheat grown in the arid regions of Palestine" has been received from F. D. Farrell, director in charge of the southern Idaho agricultural extension, and will be planted in Idaho. This wheat grows in Palestine with an average moisture of five inches of water, which is less than the arid regions of Idaho receive.

It is reported around Coeur d'Alene that the Coeur d'Alene Lumber company, the oldest mill in that city, having a capacity of nearly 150,000 feet of lumber every ten hours, has been sold to the Milwaukee railroad for switch grounds.

That the market for pedigreed horses is better than during any year in the past decade is the opinion of Idaho horsemen. They claim that there has never been such a demand for high-grade animals as there is today, and that there is scarcity of work animals in southern Idaho.

The attendance of the State Teachers' association meeting in Boise was the greatest, which any state association ever recorded on the books, there being 341 people who are engaged in the educational profession in this state present.

TO GUARD SECRETS

COMPOUS "BISHOP" MANSELL

Great Priests of Peterborough Was Thoroughly Squelched by Sir Buelick Harwood of Cambridge.

He was the last pluralist head, holding as he did the bishopric of Peterborough and the manse of Trinity at the same time. Small of stature, but of a pomposity which by no means served to conceal the meanness of his understanding, he cherished in particular that vulgar error which confounds a lord of parliament with a peer of the realm. It is remembered of him that, offended with the place assigned him at the table of a Cambridge host, he left the dining room without comment, or disclosure made, ordered his carriage and drove back to Trinity. Next morning his host—Sir Buelick Harwood, the then professor of physics—waited upon him at his lodging to inquire "in what particular" he had incurred the displeasure of the lord of parliament with a peer of the realm. It is remembered of him that, offended with the place assigned him at the table of a Cambridge host, he left the dining room without comment, or disclosure made, ordered his carriage and drove back to Trinity. Next morning his host—Sir Buelick Harwood, the then professor of physics—waited upon him at his lodging to inquire "in what particular" he had incurred the displeasure of the lord of parliament with a peer of the realm. It is remembered of him that, offended with the place assigned him at the table of a Cambridge host, he left the dining room without comment, or disclosure made, ordered his carriage and drove back to Trinity. Next morning his host—Sir Buelick Harwood, the then professor of physics—waited upon him at his lodging to inquire "in what particular" he had incurred the displeasure of the lord of parliament with a peer of the realm.

"One Touch of Nature." He was very black and very ragged and dirty, and he was being slowly pulled up on top of a granite block to the still uncompleted roof of the big office building. Just as he started his hat flew off and lodged itself back of a neighbor's head.

CALL FOR APPLE CONGRESS.

Growers to Meet in Denver and Discuss All Phases of Apple Growing.

Denver—Governor Shafroth issued a call on Friday for the first annual convention of the American Apple Congress to be held in Denver, December 16 to 17, at the Albany hotel. The governors of all apple-growing states are invited to attend and send delegates. It is the purpose of the congress to discuss the phases of apple growing, including methods of fighting frost, insects and other hindrances, fruit packing, shipping, marketing, railroad transportation and legislation. The Denver Chamber of Commerce will advertise the convention and several thousand delegates are also expected.

Tolstoi's Last Message.

St. Petersburg—Tolstoi's last article on "Effective Means," written in the Optima monastery last November 11, has been made public. Tolstoi expressed wish that he says that capital punishment will soon be abolished because even school boys know inherently it is wrong. Quoting Kent, he says that "Delusions which cannot be disproved" should be banished by accumulating the knowledge of what is man, what his surrounding world, what his destiny; hence, what man can and must do and principally what he cannot and must not do.

Schooner Wrecked Off Alaskan Cape.

Juneau, Alaska—Four members of the crew of the power schooner Sea Light, which was wrecked near Cape Ommaney, at the southern end of Baranof Island, are believed to have been lost in a storm which swept the north Pacific Monday. The Sea Light, which had eight men in her crew, was wrecked. The men got out in two dories, four men in each boat. One of the boats arrived at Sitka Friday with the report of the wreck of the schooner and the probable loss of the men to the other dory.

Cholera Suspects Coming West.

Quebec—Thirty-seven storage passengers from the steamer Royal George, on which a case of cholera was discovered, are being sent by various points in the western part of the United States along with the other storage passengers, who were released from detention Thursday night. The thirty-seven were subjected to a rigorous examination at the hands of the American inspectors but no real danger of holding up them was discovered, and they were finally allowed to proceed on their way.

Judge Stricken With Paralysis.

Cleveland, O.—Federal Judge Robert W. Taylor was stricken with paralysis Friday night at a church festival. He was removed to a hospital, where he died. While serving in congress from 1895 to 1903, Mr. Taylor conducted the polygram trial of Representative Brigham Tolson. Since his retirement to his farm, Judge Taylor has become widely known as an arbitrator in industrial disputes.

Cardinal Against Woman Suffrage.

Baltimore—Avoid following those who desire woman suffrage," said Cardinal Gibbons in a talk to the students of St. Catherine's Normal Institute, where he was the guest of honor at the celebration of the Feast of St. Catherine. "Do not follow in the steps of those," he continued, "who have become maniacs in their ways and who fight for a place in politics. The place for woman is in the home."

Lawmaker a White Slave.

Pittsburg—Jesse Blueston, a former member of the Pennsylvania legislature, and Samuel Moensen, were found guilty of complicity in the white slave trade, the verdict being opened in the criminal court on Friday.

Extradite Alleged Uxoricide.

Kansas City—Andrew Brown of San Francisco, who was recently arrested here on a charge of murdering his wife in that city, was started to the coast on Friday in charge of Detective Murphy.

Mr. Dresser: Underwear is important to you because it is next to you. Your outer clothes cannot fit unless your underclothes do. We have got all sizes in underwear for men slim or men stout. Our underwear will keep you warm but we won't warm you on the price. Come and let us keep you warm.

The pitiable ending of the Peary-Cook polar controversy with a confession from Dr. Cook that he did not know what he discovered or when he discovered it, places a man of keen intellect and of considerable prominence scientifically, in the light of a charlatan. It is to be hoped that the matter will drop from the public mind into the oblivion it deserves. Heretofore men of science have been given credit for truthfulness and sincerity, to which they have measured up to a large extent, and the scientific world has in the past been able to point with pride to the high standing of its exponents. Affairs like that of Dr. Cook only tend to place scientific research on the wrong plane, with the cheap bids for tawdry notoriety.

From the reports coming to this paper, the present board of county commissioners seem to be wasting a lot of unnecessary time causing the editor of this paper in their transactions of the county's business. The editor would suggest that they would get along a whole lot better if they would proceed to business before them and adjourn so that the minutes might be published. The Times has deep personal interest in the minutes in order

to discover just when and why its bill for county work was turned down. The reasons advanced by the individual members do not seem to agree with their real deep seated motive for refusing to pay a legitimate bill. There are several other little counts which hinge upon those minutes and for which some taxpayers are anxiously waiting the tardy adjournment of the board.

There is not a doubt but that the direct primary law of this state is in for some hard knocks in the next session of the legislature with possibilities of its being knocked out altogether in the process. The law probably needs many changes, which should be made to conform to conditions in Idaho where travel makes returns slow and uncertain, by providing for transmission of returns from the official ballots by the judges as soon as the count is complete. It should provide adequate instructions to judges so that the ballots should not be sealed up until a copy of returns has been taken off. It should make the second choice into a privilege, not a duty or cancel that feature altogether. In some measure the second choice vote has been used by the sharp politicians in allowing his tools to secure office which under the direct primary should not occur. It leaves open the whole field for political chicanery to divert popular will to its own purpose, thus in its essence nullifying the whole purpose of the law. There is no doubt in the past election that many candidates won out in the primary election who were not the choice of the largest number and that the second choice vote was played up to its full worth by men who could not get a pleasant look as first choice of an intelligent people.

The section referring to the expense account of the candidates was a wise provision and had it treated there, would have resulted in great good, but when the amount was limited, the power of disposal curtailed, it left by one course of action, that of subterfuge and deceit. It made the honorable candidates as helpless as the inmates of a prison, and give to the dishonorable a glorious chance to take advantage of the scruples of the honorable candidate. The Times believes thoroughly in the primary system and does not believe that it is a vicious law in any respect, nor does The Times believe that the fundamental principle of the law—the doing away with machine politics—can be ever overcome by the mistakes or the corruption practiced through its weakness.

IDAHO DEPARTMENT STORE

KNIGHTS OF PYTHIAS CELEBRATE

Seventh District Organization Is Not Perfected At Meeting.
Saturday night the local lodge of Knights of Pythias held forth in session somewhat out of the ordinary. It had been announced that the 7th district of the organization would be formed, but due to a misunderstanding as to the date the representatives of the other lodges were not present. The lodges that are expected to form the 7th district are Halley, Shoshone, Gooding, Mountain Home, R.

port and Twin Falls. It was regretted that the other representatives failed to come as a suitable program had been arranged.
The program was carried out, however, by the local members who were out in force. Drills were held during the evening, the prizes being won by J. A. Waters and F. L. Ball. The winners received jewels suitably inscribed. Later in the evening the members went to the Hogerson Grill for a banquet.

Idaho Standard Apple Boxes For sale by Nibley-Chamuel Lumber Co. Twin Falls—Kimberly—Filer.

SETTLERS WILL NOT SIGN.

Stockinger Advised Them Not To Sign.
E. J. Hanson, Ole Nelson and E. A. Brookman went to Twin Falls last Thursday to interview Judge Stockinger in regard to some questions affecting themselves in common with other settlers on this project. On being asked about signing up the new form of contract for high land desired by the reclamation service, Judge Stockinger advised not to sign it, as

the contract signed up for water when the project was first begun was still in force. That contract called for watering all land at \$2 per acre, and if settlers signed up this new one it would take the place of the old one, said the judge.—Hoyburn Review.

H. M. Striker, a prominent mining man of Gallatin, Ill., who has spent the past two weeks in the city, investigating the copper mines at Contact, left Monday evening for his home in Illinois, taking more than a hundred samples of the Contact ores. Mr. Striker has an option of several Contact properties, and has men of capital to back him, if the assays of his samples are favorable.

John Mead was a visitor in Pocatello, Sunday.

H. C. Pottoroff came up from Buhl to spend Sunday with friends in the city.

George H. Russell, formerly a resident of this city, but now living at Ashton, was looking over the many old friends in the city this week.

Judge Geo. A. Allen, the second number of the League course at the E. church, Friday evening, Dec. 8. Subject: "The Needs of the Hour." The greatest lecturer on this year's program.

E. A. Wilcox returned Saturday from a short business trip to Salt Lake City, and left early Monday evening for Boise to look after business for the Great Shoshone & Twin Falls Power Co.

The many friends of Miss Dese Glenn, a former resident of this city, will be pleased to learn of her return from her home in Cambridge, for a visit at the home of her cousin, L. L. Breckenridge. Miss Glenn is accompanied by her sister, Miss Edna Glenn.

J. O. Andrews, an expert mining engineer of Virginia City, Nev., who has been visiting in his brother, E. E. Andrews of this city, for the past few days, left Monday evening for his home in Montana. The first time the two brothers have seen each other since they last met eighteen years ago.

Everett Sweeley returned Monday noon from a trip to San Antonio, Tex., where he was a delegate from Idaho to the Trans-Mississippi Commercial convention held in that city. Mr. Sweeley returned by way of California, where Mrs. Sweeley accompanied by her father, will remain for a few weeks.

A party composed of Dennis Holbrook, Paul Holbrook, W. Wood, O. J. Gant, Harry Allen, S. Sprague, Joe Gallister, Art Harrison, J. M. Maxwell and W. B. Vincent, left Sunday evening for Milner, where they expect to make a launch belonging to Holbrook and Gant, and make a trip up the river to the Mindoko dam, looking for ducks and geese.

E. B. Darlington, assistant chief engineer for the Twin Falls Salmon River Electric Light & Power Co., spent a few days in Twin Falls the latter part of the week. Mr. Darlington states that the great dam for the Salmon river reservoir for Milner, where they expect the tract are practically completed now, making one of the most extensive and complete irrigation systems in the state.

Mr. and Mrs. C. R. Wade were pleasantly surprised Saturday evening by a crowd of friends and neighbors who waited in to spend the evening at their home, 636 Main. Both the city and the country were represented at the gathering, and Mr. and Mrs. Wade will leave Thursday for California, where they will spend the winter. They will probably return to Twin Falls in the spring.

Mrs. J. P. Johnston returned Saturday from Portland, Ore., to join her husband, who recently purchased an interest in the O. K. Barber Shop. Mr. and Mrs. Johnston have been spending the summer in Portland, but will make their home in Twin Falls for several months, in order that Mr. Johnston may give his personal attention to his extensive business and property interests on the tract.

Geo. Carrion and Joe Marshall returned Monday noon from a trip to Mexico, where they each purchased big tracts of land. Both men were in the center of the district in which instructions regarding government and rights with American property owners were taking place. Mr. Carrion left the district at night in a box car, and he is being held by Mr. Marshall. The car just behind them was riddled with shot from the guns of the Mexican insurgents.

John Mead was a visitor in Pocatello, Sunday.

H. C. Pottoroff came up from Buhl to spend Sunday with friends in the city.

George H. Russell, formerly a resident of this city, but now living at Ashton, was looking over the many old friends in the city this week.

Judge Geo. A. Allen, the second number of the League course at the E. church, Friday evening, Dec. 8. Subject: "The Needs of the Hour." The greatest lecturer on this year's program.

E. A. Wilcox returned Saturday from a short business trip to Salt Lake City, and left early Monday evening for Boise to look after business for the Great Shoshone & Twin Falls Power Co.

The many friends of Miss Dese Glenn, a former resident of this city, will be pleased to learn of her return from her home in Cambridge, for a visit at the home of her cousin, L. L. Breckenridge. Miss Glenn is accompanied by her sister, Miss Edna Glenn.

J. O. Andrews, an expert mining engineer of Virginia City, Nev., who has been visiting in his brother, E. E. Andrews of this city, for the past few days, left Monday evening for his home in Montana. The first time the two brothers have seen each other since they last met eighteen years ago.

Everett Sweeley returned Monday noon from a trip to San Antonio, Tex., where he was a delegate from Idaho to the Trans-Mississippi Commercial convention held in that city. Mr. Sweeley returned by way of California, where Mrs. Sweeley accompanied by her father, will remain for a few weeks.

A party composed of Dennis Holbrook, Paul Holbrook, W. Wood, O. J. Gant, Harry Allen, S. Sprague, Joe Gallister, Art Harrison, J. M. Maxwell and W. B. Vincent, left Sunday evening for Milner, where they expect to make a launch belonging to Holbrook and Gant, and make a trip up the river to the Mindoko dam, looking for ducks and geese.

E. B. Darlington, assistant chief engineer for the Twin Falls Salmon River Electric Light & Power Co., spent a few days in Twin Falls the latter part of the week. Mr. Darlington states that the great dam for the Salmon river reservoir for Milner, where they expect the tract are practically completed now, making one of the most extensive and complete irrigation systems in the state.

Mr. and Mrs. C. R. Wade were pleasantly surprised Saturday evening by a crowd of friends and neighbors who waited in to spend the evening at their home, 636 Main. Both the city and the country were represented at the gathering, and Mr. and Mrs. Wade will leave Thursday for California, where they will spend the winter. They will probably return to Twin Falls in the spring.

Mrs. J. P. Johnston returned Saturday from Portland, Ore., to join her husband, who recently purchased an interest in the O. K. Barber Shop. Mr. and Mrs. Johnston have been spending the summer in Portland, but will make their home in Twin Falls for several months, in order that Mr. Johnston may give his personal attention to his extensive business and property interests on the tract.

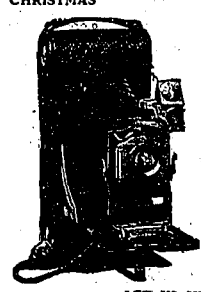

Geo. Carrion and Joe Marshall returned Monday noon from a trip to Mexico, where they each purchased big tracts of land. Both men were in the center of the district in which instructions regarding government and rights with American property owners were taking place. Mr. Carrion left the district at night in a box car, and he is being held by Mr. Marshall. The car just behind them was riddled with shot from the guns of the Mexican insurgents.

Twins Falls Electric Railway. Twin Falls' first electric railway, with a track membership over the city window. This is an electric train, and is a small part of their large holiday display.

MEMBERSHIP ON THE INCREASE. Commercial Club Gaining Members—Committee Hard at Work. Twenty-one new members in two weeks is the record for the Commercial club. Ten new members made application this week. A committee of eighteen members is out for new members and prospects. The club membership card is being distributed in the immediate future look bright. The following made application this week: E. B. Boon, E. J. Roberts, E. J. Dunlap, E. J. Roberts, H. W. Spang, C. A. Sawelle, O. J. Reed.

RECOGNIZE DAIRY POSSIBILITIES. Outside Men Substantiating Faith in That Industry by Investing. Dairying seems to have received a marked impetus in the last few weeks. With definite action taken by the Farmers' Union towards getting in stock and additional encouragement given by outside capitalists, the future seems bright. A. J. Hammond of Elgin, Ill., who has been pending the past fortnight in the city looking over the dairying possibilities, will return to Illinois this week to make a favorable report to the group of men who delegated him as their representative. His favorable report means that a colony of dairy farmers will come to Twin Falls in the spring. The men who are here are simply waiting his endorsement of the proposition. J. E. Macfar of Portland, bought forty head of cows which he will use for dairying purposes on the tract. Three Bull farmers, E. W. Calmer, Fred Childs and Gustav Kautz were in Twin Falls yesterday and are all interested in the dairying prospects of the tract. One of these men, Gustav Kautz, has brought 55 head of Holstein cows for use on his ranch.

CHRISTMAS GIFTS

A KODAK

Brownies For The Children

Kodaks For The Older Ones

LET US SHOW YOU THE EASTMAN LINE

The City Pharmacy

E. H. Pugh made a business visit in Buhl, Friday.

Ivor J. Chugg transacted business in Filer, Friday.

Ray Taylor of Hanson, was a visitor in the city, Friday.

E. Lucas of Buhl, was a guest at the Rogerson a few days the latter part of the week.

I. B. Perrine left Friday evening on an extended business trip to Chicago, and other eastern points.

Arthur L. Swin of the firm of Swin & Aldrich, was looking after business for the firm in Kimberly, Friday.

Geo. H. Adams of the Adams-Pilgrimage Lumber Co., was looking after the business interests of the firm in Filer, Monday.

L. E. Salladay of the Twin Falls Hardware Co., returned Saturday noon from an extended business trip to Ellensburg, Wash.

Mark Coffin of Boise, who has been spending the past week in the city, left Saturday evening on a business trip to Salt Lake City.

Miss Dena Pierson visited at her home in Hansen, Friday.

O. M. Gant was a business visitor in Burley, Tuesday.

John Visser was numbered among the Twin Falls visitors in Filer, Monday.

County Superintendent T. W. Potter was visiting the schools in the west end of the tract on Monday.

John Hall returned Monday noon from Harrison, where he spent Sunday with his parents, Mr. and Mrs. C. A. Hall.

Miss Julia Hatch of Portland, one of the Presbyterian field missionaries in the Oriental field, addressed several of missionary meetings at the Presbyterian church the latter part of the week, and left Saturday noon for Buhl.

John T. Woodcock, Alfred J. Woodcock and W. G. Mann of Hillsdale, spent a few days in the city the latter part of the week.

W. Z. Smith of Smith & Smith, the candy manufacturers, returned Saturday noon from a trip to Murtagh, where he spent a day or two drumming up business.

Alynn Sheldon of the Twin Falls Hotel, was a passenger to Burley Saturday evening to look after business connected with the company's branch office at that place.

V. E. Coburn was down from Milner Saturday on a short business trip, while here Mr. Coburn engaged the orchestra for next Saturday night, when a big Bremen's ball will be given at Milner.

A. G. Fisher and Ernest White returned Friday noon from a hunting trip, northeast of Ashton about five miles from where R. E. Corbin is lost. They secured two elk in the country between Robinson Creek and the Yellowstone National Park, which they brought home with them.

Gifts For Men. No matter what year. Booths are showing large lines and new things: Lunning robes, smoking jackets, ties, sweater coats, hats, and many more and innumerable little gifts for everyone.

Gifts For Year. No matter what year. Booths are showing large lines and new things: Lunning robes, smoking jackets, ties, sweater coats, hats, and many more and innumerable little gifts for everyone.

BOYD H. FULLER

Will sell at a bargain, a fine, large style EVERETT piano, in perfect condition. Easy terms. Phone 108 or call at 108 Shoshone West.

Quality is what Counts

Even the Smallest Stones

Which are clear and white and finally cut, sparkle with the same brilliancy as the large ones. A diamond ring is the Christmas gift ideal and from our stock may be selected only the diamond of quality, whether it costs \$10.00 or \$100.00.

It's not always the biggest store that has the biggest bargains, and when you cut shopping for your Christmas gifts this year, if you visit this store you'll find this particular true.

HOWARD SPUNG
128 Main St.

Jewelry of Highest Quality Reasonably Priced

The prevailing idea that good jewelry is always high priced, is wrong—load wrong—a fact that you know if you have ever traded at this store.

The giving of jewelry is more a matter of knowing what to buy, rather than how much you pay.

Come in and let us help you make your selections. An appropriate gift, though not expensive, is far more to be desired than an expensive, but inappropriate one. We'll point the way to correct buying. We carry a fine line of rings, brooches, neckties, belt pins, bracelets, beauty pins, belt pins, collar pins, neck chains, locket chains, watch chains, necklaces, toilet ware, manicuring sets, desk sets and many other pieces of sterling silver.

Our watch line is most complete, gold and gold filled, plain and diamond set cases. Call in and take a look, whether you intend buying or not. You will be welcome.

O. B. STAPLETON, Jeweler and Optician

"Where Quality Counts"

Think of that Christmas Present Now Plan For It Save For It Buy It NOW

19 DAYS Until Christmas

Great Holiday Display. Many fine gifts are being shown for the Christmas season. The Best Men's window displays showing some exquisite goods and do credit to a large city. Their display shows great values in cut glass and china, and hand-painted plates in beautiful subjects at 75c and \$1.00 each, and it features at \$1.00, what \$1.00 or \$1.50 will buy in cut glass. The quality is superb. Two new wares are shown—the Royal Vienna, a brown ware of English make and a pure-white, lustrous German ware of excellent design, each one in expensive. Drawn work pieces are on sale at \$1.25 to \$2.00, that are bargains.

Spung's Jewelry store is the place to get the right price on a diamond. Dec 9

CERTIFICATES of DEPOSIT

Of Interest To Investors

The Government Bond idea adapted to Savings Bank methods. This should interest you. Why?

Because this plan is new and a vast improvement over old forms and because the certificates are issued for three years instead of one only, and have interest coupons attached SAME AS BONDS.

Because the interest is 4 per cent, PAYABLE SEMI-ANNUALLY for three years.

Because they are issued in denominations of \$100.00 only, so if need be you can cash one without disturbing the interest on others.

Because the trouble of looking after money invested this way is very little. You simply remove interest coupons and cash them at the bank or any other.

Because they can be used as collateral to their face value and are convertible into cash at any time.

Because they can be purchased and interest collected by mail.

Because if you will write us we will mail you a sample Certificate for inspection.

If requested we will send a representative to show these Certificates of Deposit and tell you all about it.

You Can Also Open a Small Savings Account on Deposit of \$5, \$3 or even \$1

and we will loan you free a handsome little steel safe holding about \$15.00 in silver. Into that you drop your daily savings and deposit here when convenient. Interest 4 per cent, compounded semi-annually and you can draw your money any time.

DIAZ PLACES BLAME

SAYS RECENT RIOTS IN MEXICO ARE POLITICAL DOINGS OF FRANCISCO MADRERO

Venerable President Declares That Mexican People Love Peace and Understand Its Benefits and Will Not Accept Any Revolution.

New York.—President Diaz of Mexico has addressed the following telegram to the editor of the New York American, published here Sunday morning.

"The recent riots in certain portions of Mexico are the political doing of Mr. Francisco I. Madrero. According to the proclamations published, upon throwing himself into a revolution, his object was to obtain the presidency by force, since he was unable to do so by the votes of fellow citizens.

"This political movement will not extend, since hitherto it has limited itself to riots in Puebla, Gomez Palacio, Paral and Ciudad Guerrero. In all these places they have been repressed by the police and the federal forces. The rest of the republic has remained completely tranquil.

"The Mexican people love peace and understand its benefits and will not accept any revolution. Further, the citizens understand that the interests would be in danger in the hands of persons who profess Socialism and carry on an anarchistic propaganda.

"No danger exists here either for the natives or for the foreigners, but in places where there have been riots, to which I have referred, order was re-established a few hours later and every one is attending to his affairs, with no more excitement than that created by a sensational newspaper. On the other hand, the government is supported by public opinion and a well disciplined army."

FIFTEEN REBELS KILLED.

Diaz Troopers Drive Malcontents Into Mountain Fastnesses.

Chihuahua.—In an engagement near this city on Sunday, which lasted from 9 o'clock in the morning until 2 o'clock in the afternoon, 600 federal troops routed a force of 400 rebels, driving them repeatedly from strong positions and compelling them to take to the mountains.

The revolutionists lost fifteen killed and many wounded. There were no fatalities on the federal side, but several persons, including three officers, were wounded.

POPULATION HUNDRED MILLION

Estimates From Census Figures Announced Show 103,952,377 People in United States and Possessions.

Washington.—That the population of the United States and its possessions now exceeds 100,000,000, is the latest news made here from the census figures so far announced.

The population of the United States, Alaska and Hawaii is 93,371,648. Neither of these include Guam and Samoa.

New York, Chicago and Philadelphia are now three of the largest cities in the world. The population of eight American cities exceeds the half-million mark.

Will Attempt to Shelve Cannon.

Washington.—It is generally understood that the opponents of Speaker Cannon will endeavor to deny him over the privilege of the leadership of the minority forces at the next session of congress. Ordinarily, with a change of the parties in power in the house, the retiring speaker would be accorded the place of minority leader. But this is evidently not going to be the case with "Uncle Joe." The movement to deprive him of this leadership has already started.

King George Surprises Britons.

London.—By announcing the privy council for Monday, on the eve of dissolution of parliament, King George selected the most optimistic method of showing his determination to act as a constitutional monarch in a great constitutional crisis. This step, rarely taken, will reassure the country, banish the last suggestion that the king has taken any part in being the principal spokesman of the British parties together for a final judgment as to the course the king should pursue.

Incomes of Incorporations.

Washington.—The income of the 262,490 corporations of the United States which are subject to tax under the corporation tax law was \$3,125,470,000 for the year which ended on June 30, according to the returns.

Babies Are Starving.

Chicago.—The citizens' strike committee, which has investigated conditions in the families of striking garment workers, reported Saturday that five thousand babies are starving as a result of the labor war.

MISTAKEN OF SCIENTISTS

Paradise and Alry Made Errors About Submarine Cable and Airplane.

Mr. Humphrey Davy's dramatic pronouncement against electric lighting is not the only instance of a clever scientist being hopelessly wrong. The early history of submarine cables furnishes two striking examples. Consulted on the scientific side of the great transatlantic cable, the first cables were made too small. Then he said that "the larger the wire, the more electricity would be required to charge it" and in this quite wrong opinion he was supported by other eminent electricians. As a result of this dictum the current was increased until the operation literally "electrocuted" the wire and the cable broke down. It was Lord Kelvin who by sending messages through heavy cables with incredibly weak electric currents proved that Parady's was mistaken.

Sir G. B. Airy submitted the project to mathematics and arrived at the conclusion that a cable could not be submerged to the necessary depth, and that if it could not reach the signal could ever travel from Ireland to Nova Scotia. In aviation Professor Newcomb, one of the cleverest mathematicians America has produced, who died last year, declared that he had automatically investigated all the conditions and found that the heavier than air machine and the possibility of an airplane motor being reliable in the reduced atmosphere pressure above 3,000 feet was by several experts said to be out of the question a few months ago. Drexel's character was certainly a bit erratic above the clouds last week, but he rose to an altitude of 6760 feet.

SHE MEANT WHAT SHE SAID

Young Woman Was Determined Not to Have Her Rejected Suitor Hanging Around.

"So it's all over between us?" "Yes," she replied very firmly. "I told you so the last time you called. You must not annoy me any more by coming here."

"Have no fear," he returned; "you'll never see me again."

There was a half-concealed threat in his voice as he departed, but the girl heeded it not. She was happy in the thought that she had dismissed him forever.

Suddenly there was a strange sound outside. The girl ran to the window and looked out. Swaying in the still evening air was the form of her rebelion lover. He had hanged himself with the hammock rope.

It was so time-to-either scream or faint. She ran to the drawer in the sideboard, and in a moment reappeared with a carving knife. With one stroke she cut her throat. When he came to the girl was standing calmly over him. He looked into her eyes, but there was no sign of forgiveness in them.

"Begone!" she cried, with a wave of her hand. "I thought you understood me when I told you a moment ago that I didn't want you hanging around here any more."

The Power of Right.

As I myself look at it, there is no fault nor folly of my life—and both have been many and great—that does not rise up against me, and take away my joy, and shorten my power of possession of sight, of understanding. And every past effort of my life, every gleam of righteousness or good in it, is with me now, to help me in my grasp of this art and its vision. Go on as I can, rejoice in or interpret other, my power is owed to what of right there is in me.

I dare to say it, that because through all my life I have desired and not evil; because I have been kind to many; because I have been kind to all; have willfully injured none, and because I have loved much, and not selfishly; therefore, the morning light is yet visible to me on those things, and you who read may trust my thought and word in such work as I have to do for you, and you will be glad afterward that you have trusted in them.—Ruskin.

A Feilible Father-in-Law.

Two of the glided youth of Providence, R. I., were in Newport and came upon a newboy. "Let me be a paper," said one of them, giving the boy 50 cents. "I can't change that," said the boy. "Lead me a nickel," the glided youth asked his companion. "Oh, indeed, let him have the 50 cents."

Ice Caves.

Now that a new ice cave, which is said to be the largest in the world, has been discovered in the Austrian Alps, it is appropriate to remark that any traveler who is anxious to see an ice cave without going so far can visit one, without difficulty, from either Thur or Interlaken. It is situated half way down the precipice which falls from the Sugarloaf into the Juustial. The approach to it involves no very difficult scrambling; but it is unwise to enter unless guided by some one who has been there before. The ice is slippery, as less apt to be, and there are some opportunities of sliding down a slope to destruction.

BRAZILIAN REBELS VICTORIOUS

Government Pardons Murderers of Officers of Warships and Mutineers Surrender Captured Vessels.

Rio Janeiro.--The ships of the Brazilian fleet which have been in the hands of mutinous sailors since November 22 were surrendered to the government at 7 o'clock Saturday evening. This action, followed by the granting of the mutineers' demands by the government, included amnesty to all concerned in the revolt, higher pay and less work for the sailors and the adjustment of certain minor grievances.

The warships in the hands of the mutineers included the Minas Geraes, the San Paulo and the Bahia, the Rio Grande, Du Sul and the Deodoro. After the announcement of the surrender they proceeded out into the bay and re-entered the harbor at 1:30 o'clock, no longer flying the red flag.

Jean Candido, the leader of the mutineers, in company with forty other sailors, abandoned the Minas Geraes some time Friday and the minister of marine dispatched an officer to board the battleship and ascertain whether it was the intention to deliver over to the vessel.

About the same time it was rumored that the officers who had been named to take command of the warships after their surrender would decline to do so, fearing the fate of Captain Neves, the former commander of the Minas Geraes, and several other officers, who were killed by the sailors which they offered resistance the night of the outbreak. The rumor caused considerable alarm, but proved to be without foundation.

In the Probate Court of the County of Twin Falls, Idaho.

In the matter of the estate of Josephine B. Deako, Deceased. Notice for publication of time appointed for proving will, etc.

Pursuant to an order of said court made on the twenty-third day of November, 1910, notice is hereby given that Saturday the tenth day of December, 1910, at 10 o'clock a. m. of said day, at the court room of said court, in the city of Twin Falls, county of Twin Falls, has been appointed as the time and place for proving the will of said Josephine B. Deako, deceased, and for hearing the application of J. W. C. Deak for the issuance to him of letters of administration with the will annexed, when and where any person interested may appear and contest the same.

Dated November 23, 1910.
MURIEL SHIELDS, Clerk.

WEDS WEALTHY SOCIETY GIRL

Malcom Baker, Formerly of This City, Married in Newark, Ohio.

E. A. Wilson is in receipt of a copy of the Newark (Ohio) American Tribune, containing the following account of the marriage of Malcom Baker, formerly of Twin Falls, to Miss Helen, formerly a wealthy society girl of Newark, Ohio, and daughter of the mayor of that city. Mr. Baker came to Twin Falls from Goldfield, Nev., spent a year or more here in the employ of Burton E. Morse, leaving here last fall to take a responsible position with a big mining company in West Virginia. During his residence in Twin Falls, Mr. Baker made many friends and was very popular among the young people here. The account of the wedding follows: The account of the wedding follows:

Among the most beautiful and elaborate social events of the season was the wedding Tuesday evening, when Miss Helen Irving Jones, the charming daughter of Mr. and Mrs. C. C. Jones, of 107 Hudson avenue, became the bride of Mr. Malcom Hoyle Baker, son of Mrs. J. J. Baker of Coshocton. The ceremony was solemnized in Second Presbyterian church, of which the bride is a member, and the officiating clergyman was the pastor, Rev. Wm. Cosgrove. For the occasion the church was made a veritable bower of beauty with its decorations of palms, ferns and yellow chrysanthemums. The color scheme of yellow was carried throughout in the decorations.

At eight o'clock, the appointed hour, the bridal party entered the church as Lehigh's Wedding March was played by Miss King, and proceeded down the aisle to the altar, where they were met by Rev. Cosgrove, who united them in the holy bonds of matrimony before a large number of relatives and friends of the young people. The double ring ceremony was used and the bride's father gave her away. The bride looked beautiful in a crepe meteor gown, made Princess and trimmed in pearls and real lace. She wore a full-length veil, which was caught in her cofiture by a wreath of orange blossoms and carried a shower bouquet of lilies of the valley. Her attendants were Miss Bertha Fulton, Miss Bertha Latimer, Miss Adelaide Jones and Miss Anne Davis as bridesmaids, while her sister, Mrs. Fulton attended. They wore the English half veil, caught up with yellow roses and carried yellow chrysanthemums. The matron of honor wore her wedding dress of white satin and carried yellow roses. The groom's attendant was Mr. John Nichols of Coshocton and the ushers were Mr. Harry Bean of Mt. Vernon, Mr. William Lynde and Mr. Junior Bestwick of Coshocton, and Mr. Fulton Van Voorhis of Granville.

As the bridal party left the church Monday night, the wedding party was played. After the ceremony a reception and dance was given in Assembly hall, which was artistically decorated

with smilax and yellow chrysanthemums and the lights gave a subdued glow by being shaded with yellow crepe paper.

During the evening the bride and groom left on a wedding trip in the east. Upon their return they will make their home in McWhorton, W. Va.

The bride is the charming and accomplished daughter of Mr. and Mrs. C. C. Jones and has many friends in Newark and surrounding cities who will miss her socially. She attended Newark high school and later went to National Park Seminary, from which she graduated in 1917. She was a member of the Alpha Epsilon Pi Society. The groom was a student at Kenyon and a Beta Theta Pi. He now holds the responsible position of coal mining superintendent at McWhorton, W. Va. Both Mr. and Mrs. Baker have the congratulations and best wishes of their many friends. They received many presents in token of the love and esteem in which they are held by their friends.

Among the out-of-town guests were Mr. and Mrs. Geo. Pennell of Ashtabula, Kan., Mr. and Mrs. Chas. Lytle of Marquette, Mich., Mr. Geo. Williams of Milwaukee, Miss Marie Butler, Mr.

and Mrs. J. M. Clarke, Mr. and Mrs. Edgar Seeds, Mr. and Mrs. P. Schaus, Mrs. Alfred Wilson of Columbus, Mrs. Harriett Williams and Mr. Herbert Williams, Mr. and Mrs. Stephen Jones of Chicago, Walter Darling of Canton, Mrs. Ida Hay, Mr. and Mrs. Chas. Hanson, Mrs. J. R. Johnson, Mrs. Harriett Baker, Miss Anne Anderson, Hugh Hay, Lee Williams, William Lynde and others of Coshocton.

During the day Mr. C. C. Jones received a telegram from Mayor Ozaki and wife of Tokio, Japan, who now are visiting in this country, stating that they were sorry they could not attend the wedding, but sent congratulations. The mayor entertained Mayor Jones and wife at Tokio, Japan, when they made their recent trip around the world.

There are some stores in town that you ought to know better than you do. There are some store ads in this paper that you ought to READ—not merely LOOK AT.

HAS DEVERSIFFED DISPLAY.

"Five Years From Sugarbush" Exhibit Wins Commend.

The Twentieth Farmer, published at Oush, in its issue of November 22, has a write-up of the Horticultural show held in that city. In the write-up favorable comment is given to the local display.

"The Twin Falls exhibit, 'Five years from sugarbush,' says the Farmer, attracted much attention from the rest of the display. In this exhibit there were some very remarkable samples. One stand of alfalfa measuring eight feet in height, represented 'as the fall season's growth, having never been disturbed during the growing period. Other samples showing a four-foot growth, where the original stalk had been cropped three times during the season. The three cuttings claim a yield of seven tons per acre per season. The crop value of this alfalfa in stock is \$500 per ton.

Hubbard squash were displayed that measured four feet in circumference; Potatoes that for appearance, size and smoothness would many times exceed the \$1.20 per bushel quality that the housewife in Omaha is obliged to accept as the choice in the market. These potatoes have the avowed evidence of the grower, L. A. Snyder of Twin Falls, Idaho, to have yielded as high as 400 bushels per acre as claimed to be the average of potato crops in this locality. A sample of 'Dick Lowe,' a spring wheat that yielded seventy-seven and two-thirds bushels per acre on a twenty-five-acre field, was another feature of interest in this display and caused many wheat growers to stop and scratch their heads and observe the plumpness and weight of the grain. This exhibit was in charge of O. H. Smith, who modestly explained all the details to the interested inquirer.

FALLS OVER CLIFF.

Skull Badly Crushed and Death Soon Follows.

Butler Rape, a well known resident of this section, was killed suddenly last Sunday afternoon by losing his foothold on a dikehill and being precipitated over a rocky cliff and to the bottom of the canyon a quarter of a mile below.

Mr. Rape and his neighbor were out Sunday morning on a cat's and getting them in from the approaching storm on the breaks of the Salmon, in the country near the top of the Whitebird grade. Rape had dismounted and was walking along the edge of a rocky cliff when he lost his foothold. Realizing the eminent danger he tried to tie his companion, "My God, I am gone," but nothing could be done to save him.

His companion, who had to gain the bottom of the canyon by a circuitous route, found Rape in a dying condition. He made the sufferer as comfortable as possible under the conditions and hastened to the nearest

ranch from where Dr. Campbell of Grandville, was summoned.

When medical aid arrived the old gentleman had expired. Undoubtedly he lived but a short time, as his skull was terribly crushed and he had also suffered internal injuries of a serious nature. The body was brought to the Baller Undertaking Parlors of this city and is now being prepared for burial tomorrow afternoon.

Mr. Rape was born in Taylorville, Ill., and was 75 years of age. He was a resident of the Dardick (Wash.) region for a number of years and came from there to Camas Prairie in 1900, and Walter Rape, who owns large farms near the place where their father was killed; G. E. Rape of Abanah. He is survived by four sons, George and Edward Rape of Tucuman—Granville Free Press.

Remember Monday and Tuesday, Dec. 12 and 13, at M. E. church. Cartwright Concert Co., for the benefit of the debt on the band stand.
