COMMERCIAL CLUB

MEMPHIS

Week in Society

The past week has been a quiet one in Twin Falls society, but many affairs are concerned, although there have been a number of small informal parties. The members of the younger set seem to have entirely overlooked the fact that New Year's Day is here, and the party season is far from over.

The potato banquet to be given by the members of the Commercial club Saturday evening, will be the motif for a number of informal high jinks parties among the wives of the club members. It is, perhaps, rather unusual for a club so far removed from the pleasure of the evening with any more keen anticipation than their wives.

Luncheon Club Entertained

The Luncheon club, one of the oldest organizations in Twin Falls, was delightfully entertained by Mrs. D. E. Morse.

At a recent meeting of the club it was decided that light refreshments be substituted for the four-course luncheons which have been served in the past, and the weekly price reduced to \$1.00 to be paid in advance.

At the close of the session a prize will be awarded to the one having the highest score for the series.

The members present were Mrs. James E. Ostrand, Mr. J. S. Sweeny, Mr. McCallum, Harry Allen, Mr. Wilson, Charles Hobbs and J. E. Morse.

Fancy Dress Party

Mrs. G. F. Baker was hostess at a jolly fancy dress party at her home Friday evening. The guests were dressed in various garb, "costumed" and a number of amateur costumes were worn. Games and music were enjoyed until a late hour when delicious refreshments were served.

Those enjoying Mrs. Baker's party included Grace Barker, Leslie Morrissey, Ernest White, Burton, Hazel, Jellison, F. L. Ball, Tyler, and the Misses Teasdale and Bullis.

Five Hundred Club Meet

The Justamente Five Hundred club, which comprises the gay set of the inn and a small number of their friends, was entertained by Mrs. Gilmore Kinney on Tuesday evening of last week. The first prizes were awarded to Mrs. Book, who received a diamond pendant, and Mrs. Chamberlain, who received a silver key ring.

The prizes for lowest score, a white veil and half a dozen cigars, were won by Mrs. T. J. Woods and Mr. Watson.

Mrs. Dudley Watson will be the next hostess.

Anniversary Party

Mr. and Mrs. Himes entertained a few friends Sunday evening, the occasion being their seventeenth wedding anniversary. Supper was served at one large table, which was prettily decorated with pink and white carnations, the same flowers being used to garnish the same.

Those invited were Mr. and Mrs. Kenneth, Mr. and Mrs. Spangler, and Mr. and Mrs. Watson and Mr. and Mrs. Read.

Infernal - Kensington

Mrs. Bradley and her daughter, Mrs. Dixie, were the hosts for their friends at an informal Kensington on Saturday afternoon, when the hour was pleasantly spent with sewing and games.

A delicious three-course luncheon was served and tables, which were festooned with crystal vases of pink and white carnations.

Mrs. Dixie entertained the H. N. S. bridge club last Saturday afternoon. Mrs. Wright and Mrs. Leslie Morrissey were the guests of the club.

Mrs. T. O. Boyd entertained the Auction Bridge club at her home Saturday evening.

Mrs. Everett Sweeny will entertain at her home, followed by bridge, on Friday.

CLUBS

In Commemoration of Liist

The meeting of the Twentieth Century Club on Tuesday afternoon was an open one, with the musical department in charge of the program while the social side was good.

In commemoration of the ninth and the great anniversary of the founders on the program were the compositions of Franz Liszt.

Mrs. Chamberlain, who, as a child, was one of the delightful numbers of the program, sang a solo which was charming throughout, and the music was thoroughly enjoyed. An encore number was also beautifully rendered.

The Ladies' chorus, "In the Time of Roscoe," was another enjoyable number, and the young member of the chorus was well done. The effect as a whole was excellent.

As original recitation by Liszt, was the composition of the numbers of the program.

The piano concerto by Liszt, was on his popularity, and Mrs. J. D. Bain Lain followed an interesting paper, "Liszt, the Real and Legendary."

Mrs. Morrison's rendition of "Mozart," transcription by Liszt, was a success, and the delightful numbers of the program were enjoyed.

The piano concerto by Liszt, was charming throughout, and the music was thoroughly enjoyed. An encore number was also beautifully rendered.

The Ladies' chorus, "In the Time of Roscoe," was another enjoyable number, and the young member of the chorus was well done. The effect as a whole was excellent.

An original recitation by Liszt, was given by Mrs. Packard.

Mrs. Daube sang "Liebe, strasse in her usual charming manner, which was followed by Mrs. Williams with a paper on "Student Life."

Why don't you go in there and see what we have to offer?
We are here to please.

Fortnightly Club
The Fortnightly Club met with Mr. and Mrs. D. E. Moore Monday evening.

Mrs. Robbins and Mr. Morse read clever papers on business ethics, Mrs. Robbins handling the subject concerning with the earliest struggles of the woman to provide food and Mr. Morse taking business from an official stand point.

Mrs. M. J. Sweeny and Mr. Orstrand handled the subject, "What is the Matter with Twin Falls," and while they gave a number of suggestions for the improvement of the city, particularly the public parks, a Y. M. C. A. organization, street railways, etc., they convinced all present that Twin Falls was right now greatest little city on earth.

The Windham club met last Wednesday with Mrs. Dr. Wilson. The next meeting will be with Mrs. Hobcock.

The domestic science department of the Twentieth Century club met on Monday afternoon at the home of Mrs. O. M. Johnson.

Mrs. Bryant read a very interesting paper entitled "How Food Values and the best methods of cooking. Mrs. Harlan had a good paper on casseroles cooking, and Mrs. McRoberts gave a number of good receipts for "rarefied" chicken cooked in the casseroles.

The club decided to visit Vorey's candy kitchen on Tuesday afternoon of next week.

The P. E. O. society, a literary organization, met with Mrs. Jenkinson Friday evening.

The Emerson club will hold its regular meeting with Mrs. Chamberlain Friday afternoon of this week.

AGRICULTURAL SCHOOL AT BUHL

Date Set for Week Beginning Feb. 1, 1912.

Buhl, Idaho, Jan. 11.—In a letter received by President Charles McQuarrie of the Buhl Commercial club Tuesday from Prof. Glinn of the Agricultural school, the definite date set for the school in Buhl was given as the week beginning February 1st.

The school is to be conducted for the farmers which will equal in value years of practical experience. It will afford him an opportunity to gain knowledge from the experience of the agriculturists who have spent years in research and know best how to cultivate the soil and raise the crops.

It will be an opportunity for the farmer who is handicapped by technical points in irrigation and other agricultural matters, to seek for and receive enlightenment.—Buhl Herald.

UNUSUAL CASE FILED

Action to Establish Bubertarian Water Right

An unusual case was filed in district court on January 9 in which the plaintiff seeks to recover damages for the alleged injury to the flow of an artesian well by reason of a number of oil wells drilled in the neighborhood, thereby diminishing the flow of water. Jones brothers appear as plaintiffs and the Salmon River Land and Water company, H. C. Vaughan, George White, F. Jewett, John Lind, H. C. Chapman and B. J. Bradley are made defendants.

The suit, in which the question is situated near Hellgate, claims that they claim that they are injured by reason of wells—were subsequently sunk by the defendants in the same locality, and which they claim materially diminished their water supply.

George J. Larson and J. C. Rogers appear for the plaintiffs.

PRELIMINARY WORK STARTED.

Engineer James A. Bybee and a party of four surveyors were running lines for the Twin Falls Artesian City Gas Company, 10th and Biddle Streets, halfway company between the Corners and the rock over Shoshone River, about two miles from the city in the west.

They were followed by a force which took up the work of blasting and grading. The work proved difficult on account of the unfavorable weather conditions, but a full crew will be on the job as soon as spring opens.

DOUBLE WEDDING CEREMONY

On Monday morning Judge Smith of justice court had the honor of performing a double wedding. E. L. Baker and Miss Sarah Cundiff and Benji R. Baker and Adeline Baker being the contracting parties. Mr. Baker and the newly married Mrs. Baker are brother and sister, and all gave Buhl as their address.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. F. B. Bright, Wilson, Pa., whiskey.

I know from personal experience that Chamberlain's Compound Tonic is far superior to any other.

For camp there is nothing that equals it.

For sale by all dealers.

Weak Over-worked Women

Who are broken down and made invalids by the drudgery of never ending duties, or by over-frequent bearing and nursing of children, and burdens and strains which the weaker sex have to bear, are deserving of sympathy. But while sympathy is commendable what these unfortunate good, honest, square-deal Restorative Tonic and Strength-giving Nerve—one compounded and carefully adapted to act in harmony with nature, ever sensitive organization.

Who so well fitted to select, carefully proportion the ingredients ready for the cure of these distressing and often pain-wracking weakments, as the carefully and thoroughly educated and regularly graduated has had a long and successful experience in treating just this class of cases.

Dr. Pierce's Favorite Prescription

THE MEDICINE IS

THE ONE REMEDY Now, and for over 40 years, sold by druggists

Peculiar Weaknesses, and Distressing Ailments, gotten up by all

the above qualifications.

THE ONE REMEDY which absolutely contains neither alcohol nor

Worms (rank poison) nor Injurious or habit-forming drugs.

THE ONE REMEDY which is so perfect in its composition, and

cure effects as to warrant its makers in printing its every

thing, on its outside wrapper, verifying the same under seal.

In all the above most important particulars, the "Favorite Prescription" alone—in a class all by itself—is woman's most reliable and trust-worthy

sickness and distress. It is a pure glycerine extract made from American

found by long-time experience most valuable in curing woman's weakness

ments. The leaders in all schools of medical practice have endorsed each

as one of the best known remedies for the complicated affections for

mentioned. These professional endorsements should count for far more than

any testimonial. A booklet full of them sent free on receipt of name and

THE BIBLICAL TESTAMENT TIMES

ple," as well as in sending His Only Begotten Son at great cost to man's Redemer—that He might be just and still be the judge of those who do evil. Romans III. 26.

Savior Signifies Life-Giver.

The message declared that a Savior had been born—the Anointed, the Lord. He was to be the antitypical Moses, the antitypical Aaron, the antitypical David, the antitypical Elijah. In addition to His mission pictured in these various typical characters, He was to be the Savior.

He was to be the Savior—the Deliverer—the Mediator of the New Covenant—so long looked for, however, by prophet and people.

There is a special force or meaning in this word, Savior—it signifies life-giver. The Syriac version is the one in which Jesus is translated life-giver, and this was likely the language spoken by the other cities of Palestine at that time. As it is, no special fitness or appropriateness is in this name life-giver? What had man lost, and what would he wish to have back? The Scriptures answer that Adam lost life and came under the curse of death, and that he did die. He did not lose his son, for he was created. He lost earthly life, an Eden, human perfection. And Jesus declared that He "came to seek and to recover that which was lost." Matthew XXIII. 35.

He was provided with a perfect, human life, "by the grace of God might taste death for every man," and that by thus suffering the Just for the unjust, the penalty of the sinner, He became the "Redeemer" or the Restorer of Adam's race. He had a full right to restore to perfect life and to all that was lost as many as would receive it at His hand—thankfully. Throughout His entire Messianic reign of the thousand years He will be the "Redeemer" of all who will be willing and obedient, up out of sin and death, conditions to perfection and everlasting life and earthly human pleasure.

The Hallelujah Chorus.

In verse 14 we have a kind of Hallelujah chorus of angelic response to the offering of the Lamb of God, already given. As here, the highest glory given to God in the highest, and of course peace, good will toward men." How grand! How inspiring! But we see not yet that glorious condition achieved.

The proper story is that God is not yet in the world, but has not yet come; nor does God yet wave his banner over even so-called Christians.

What is the matter? Ah, said the apostle, that is a secret, a mystery, hidden from past Ages and Dispensations. The mystery is that God not only intended to bring the world to heaven, but does not yet have his banner over even so-called Christians.

What is the matter? Ah, said the apostle, that is a secret, a mystery, hidden from past Ages and Dispensations. The mystery is that God not only intended to bring the world to heaven, but does not yet have his banner over even so-called Christians.

What is the matter? Ah, said the apostle, that is a secret, a mystery, hidden from past Ages and Dispensations. The mystery is that God not only intended to bring the world to heaven, but does not yet have his banner over even so-called Christians.

SOCIALIST MEASURE ADVOCATED

Postmaster General Recommends Government Ownership of Telegraph Lines.

Washington, Jan. 14.—Acquisition of the telegraph lines of the United States by the government and their operation as a part of the postal service will be recommended to congress soon by Postmaster General Hitchcock. He has had this recommendation under consideration for a long time. A resolution has been introduced in the House which authorizes the Postmaster General to make a thorough study of the operation of foreign controlled lines and postal telegraph systems of foreign countries he has decided to follow the matter for consideration.

"Should this recommendation be adopted," Mr. Hitchcock said today in a statement of his intentions, "I am convinced it would result in important remedial and in material lower telegraph rates than now are in effect."

The great majority of countries are operated in connection with the postal service. These telegraph systems serve an average population of \$60,000,000 and in every instance they have been found to be of important practical benefit to the people.

Mr. Hitchcock said that the bill, if passed, will probably be adopted.

Roosevelt's SECRETARY BUSY

Setting Up the Colonel's Chances in Sojhd South

Birmingham, Ala., Jan. 13.—Ormsby McHarg, former Assistant Secretary of Commerce and Labor, who is now in Birmingham, is said to be making arrangements to enter the interior-Roosevelt Presidential campaign.

McHarg has asserted repeatedly that he has no personal business, but the fact he is visiting Judge Oscar Hundley and Joseph H. Thompson, both of whom recently endorsed Roosevelt seems to confirm the report that he is working for the president's nomination.

McHarg asserts that Roosevelt's experiment in the East is overwhelming.

WITHDRAWALS PERMITTED

Nebraska Will Not Compel Candidates to Run

Lincoln, Jan. 12.—Colonel Theodore W. Wright will not be compelled to stand as a third candidate on the next primary ballot if they insist on withdrawing.

This is the second ruling made this afternoon by Secretary of State Wright, who heretofore has contended that the party must renominate him but unless the two men will withdraw it. In order to have their names removed the two candidates are obliged to send written declarations on or before March 19.

CHARLES J. WALKER CLAIMED BY DEATH

SUGGUMBS TO INEVITABLE AT 1:30 ON SUNDAY LAST.

Final Illness Was of Short Duration and End Came as Shock to Community—Deceased Leaves a Wife and Little Daughter.

A half-glimpse was had over Twin Falls yesterday of the body of Charles J. Walker, who died Saturday morning at the death of his son Charles J. Walker, or which occurred at the family residence at 1:30 p.m.

While it was generally known that his health had not been the best of late, he had been in full strength during the past few days, in accord with his good health and spirits, and his sudden death was a shock to the community. In fact, only his intimate friends knew that he was seriously ill. The case is particularly sad as he was a young man in the midst of his activities and leaves a young wife, and

two children and was attended in a family by the secret society of which he was a member, and a large circle of friends which he had made during his residence in this city. Nov. 9, 1908, Woodfull of the Methodist church was buried in the Twin Falls cemetery.

Besides his wife and little daughter, Mr. Walker survived by three brothers: Walter H. of Prosser, Wash., F. J. Walker of Takoma Park, D. C.; W. F. Walker of New Haven, Conn., and Jerome M. H. S. Johnson and Mrs. J. W. Jasett, both of whom reside in Jacksonville, Florida. The only one of his immediate family able to be present was Walter H. Walker, Mrs. Walker's mother, Mrs. F. L. Johnson, Mrs. Jasett, and Mr. Jasett, all of Gilchrist, were here on a visit and were about to return a week ago, but Mr. Walker being taken suddenly ill, they fortunately decided to remain.

The following resolutions were passed by the Modern Woodmen of America, Camp 10830:

WHEREAS, In the divine providence of God, it has pleased him to remove

OF INTEREST TO FARMERS

Recent Experiments as to Water Requirements for Various Crops

Some facts which ought to benefit hands of every farmer in the state are contained in the following article on the duty of water by Don H. Bark in charge of the investigations of the Department of the Interior along those lines.

"The application of the proper amount of irrigation water for maximum crop production is a difficult problem and one which is not well understood by most agriculturists. Different crops require different amounts of water, but just how much more or less is required by one crop than another is the vital question. Experience teaches us that it is just as easy and fully as harmful to apply too much as too little."

The Irrigation Investigations branch of the U. S. Department of Agriculture, in co-operation with the state engineer's office of Idaho, has been conducting a vast series of practical

CHARLES J. WALKER

half daughter born but six weeks ago. Mr. Walker was born in Pittsburgh, Pa., January 31, 1882, and came to the city from Elizabethtown, Washington, in July, 1903. By appointment he succeeded former Coroper Hunt, whose undertaking business he purchased, and was chosen to assist him in the choice at the election of 1910. He was a member of the First Methodist church, in which he was an active worker, and also of the Modern Woodmen of America, the Independent Order of Odd Fellows, the Knights of Pythias, and the Moose Lodge.

Orders Attend Funeral

The funeral services were held from the undertaking parlors at 2:30 Tues-

from our midst our beloved Neighbor Charles J. Walker, he it

Resolved—that the Modern Woodmen of America extend their sympathies to the bereaved family of the beloved Neighbor, and be it further

Resolved—that we, as a Lodge, do extend to the family our sympathy in this, their hour of bereavement. And be it further

Resolved—that the Lodge be presented with a copy of these resolutions, and that they also be published in the Twin Falls paper, and that a record of these resolutions be spread on the minutes of our Lodge.

T. J. DOUGLASS,
D. G. SWINNERTON,
MDW-B-12000 Committee.

J. W. Copeland of Dayton, Ohio, purchased a bottle of Chamberlain's Cough Remedy for his boy who had a cold, and before the boy could use the boy's cold was gone. Is that not a good reason to pay a five dollar doctor's bill!!! Sold by all dealers.

friends at her home Friday evening a week ago. Games of various kinds were played and refreshments served during the evening. The young folks all report a jolly time.

J. F. Curr shipped the car loads of hay last week. Cars were also filled by A. Larson, C. G. Bonnechere, C. M. Larson, James Larson and others.

Mr. and Mrs. C. M. Larson of Minidoka have completed their house and barn on his ranch in section 18.

William Acton, who has charge of Le Moyne Bros' sheep, was a guest of N. J. Jordan Wednesday of last week.

At the first meeting of the Tillicum club, the members were delightedly entertained by Mrs. Florence Whittemore, who sang a solo and a duet with "I'm a Little Teapot."

The speaker was well qualified to discuss the country, having been a resident there for a number of years. Interesting photographs helped to explain the various places and customs of the country.

Upon request Mrs. Whittemore told some of her personal experiences during the recent election-being of particular interest.

The next meeting will be held January 17, and Mrs. Aug. Johnson will discuss "Household Economy."

experimental during the past two years in Idaho to determine this item and results have been secured which are destined to be of immense help to every irrigator in the state.

The amount of water applied and the yields secured upon hundreds of plots have been measured accurately and after carefully summarizing and tabulating results, much useful data has been obtained that should be in the hands of every irrigator in the state.

Results secured during the season of 1910 were published in the biennial report of the Idaho state engineer and it is hoped that the results of the entire investigation in the near future in a departmental publication.

Results of Deep Interest

The results with grain-at-the-Ground Co-operative Experiment Station during 1911 are typical of those secured throughout the state. Twenty-one fields of spring wheat divided into three groups, each receiving different amounts of water ranging from nothing up to a total depth during the season of three feet. An average of 1000 pounds of grain per acre was produced on the plots which received

the greatest amount of water.

Most of the plots received 1000 pounds of grain per acre.

It is believed that the results of this investigation will be of great value in the future in a publication.
