House Committee Gives Endorsement and Recommends That He Be Given Free Hand.
Washington, Jan. 23.—Dr. Harvey W. Wiley, chief of the Chemistry bureau of the department of agriculture, the storm center of the pure food law administration controversy last summer, is given a clean bill of health by the house committee that investigated the charges and countercharges. The committee in its report, which will be presented to the house on Friday, endorses Dr. Wiley along the lines except upon important technical details. The Republicans' members of the committee were formerly opposed to making the report unanimous. The report of the subcommittee was amended in a number of particulars, including the removal of the name of the board which investigated and passed expert judgment upon the greater food problems.
The report pays much attention to the Hansen board, to the activity of Solicitor McCabe, who was the principal opponent of Dr. Wiley in the case, and to the action of the board. Dr. Wiley is given a free hand in the enforcement of the pure food and drug laws, thus limiting very largely the power formerly exercised by Solicitor McCabe. This limitation already has been put into effect by President Taft.

POCAHELLO WINS VICTORY

Supreme Court Orders Water Rates to Be Fixed by Commission.

Boise, Idaho, Jan. 19.—The supreme court today orders a grant for the Pocatello waterworks. The Pocatello waterworks, requiring \$1,000,000, is the most important of the waterworks projects in the state. The supreme court has ordered that the water rates be fixed by a commission. The commission will be composed of representatives of the city, the water company, and the public. The commission will have the authority to fix the water rates at a level that will allow the water company to recover its costs and provide a reasonable profit. The commission will also have the authority to fix the water rates at a level that will allow the city to provide water to its citizens at a reasonable cost. The commission will report its findings to the supreme court.

COMMISSION STILL IN THE AIR

REPUBLICAN CAUCUS MEASURE PASSES HOUSE AND WILL BE RUSHED THROUGH SENATE—MAGLAIN-MARTIN EFFORT CONTINUED TO LEGISLATIVE SCRAP HEAP.

BOTH SIDES MAY DECIDE TO UNITE ON BRAND-NEW TAX BILL

Farmers Introduce Dramatic Commission Bill Favored by Ten Republicans and All Democrats—Governor May Use His Veto Power and Appointing Power to Secure Measure to His Liking—Hornbrook May Succeed Nugent as Democratic State Chairman.

SPECIAL SESSION IN A NUTSHELL
First week last state a triumph for Hornbrook. The MacLain-Martin revenue bill that was considered by a special house committee of 15 throughout the week has been discarded. The Republicans at the opening of the present week introduced a bill to make a united front for a tax commission. This bill provides for amending the worst evils in the present tax system, but cuts out the tax commission. This reduces the matter to a purely party fight for a tax commission. Representative Farmin on Wednesday introduced a drastic tax commission bill in the house. Ten Republicans and all the Democrats are said to favor it. It is given out, but not officially, that Governor Hawley will use his veto power and his appointing power to the limit to secure a measure to his liking, and it is hinted that there are Republicans ready to cooperate with him. All senators and representatives are present with the single exception of Senator O. F. Fago of Bonner county, whose wife is dangerously ill.

Boise, Idaho, January 23.—After skimming the bill for an hour or two at the expense of the Republicans in the legislature, the house committee on the bill to create a tax commission has thrown out the bill. The bill was introduced by Representative Farmin on Wednesday. It provided for a tax commission to be appointed by the governor. The committee has decided to recommend that the bill be passed. The committee has also recommended that Dr. Wiley be given a free hand in the enforcement of the pure food and drug laws. The committee has also recommended that the water rates be fixed by a commission. The committee has also recommended that the water rates be fixed by a commission.

DEMOCRATS HARD AT IT

The Democratic minority, not to be outdone in the game of politics, met in caucus today to discuss the water rates and to a man voted to work for a bill for a tax commission. Today the only real question before the legislature is the water rates.

HOSPITALITY APPRECIATED

Courteous Letter from President of Idaho's Swine Breeders' Association.

Secretary Spangler of the Commercial club in receipt of a letter from President J. M. Royson of the Idaho Swine Breeders' Association. The letter is very nicely expressed and the appreciation of the association for the courtesies extended during the convention. The letter follows:
"Dear Mr. Spangler:
"We wish to take this opportunity of expressing to you and to the Twin Falls Commercial club the appreciation felt by the Idaho Swine Breeders' Association for the magnificent hospitality and the splendid arrangements made for our convention in your city of Twin Falls on the 23rd instant.
"The city of Twin Falls may rightfully claim the distinction as a convention city—and while you may not consider this recognition on the part of the swine breeders' organization of much moment please rest assured that our appreciation is sincere and as small as you may be, we hope that this recognition will be of some benefit to the city of Twin Falls. Believe us to be,
"Very sincerely yours,

Week in Society

This week has been one of the busiest in the annals of Twin Falls society—in a long time. A number of parties have been given in honor of Mr. Stalker, who will leave for Phoenix in a few days, and Mrs. White, who expects to move with Mr. White to Phoenix, Arizona, in a near future. In addition there were a number of other affairs, all of which have contributed materially to the week's activity.

Attractive Luncheon

One of the pleasant social events of the past week was the luncheon given by Mrs. H. S. Sweetser at her home last Friday afternoon. The place cards were—Miss—little marine scenes painted by Mrs. Sweetser. After the luncheon the friends gathered for a social evening of bridge. Mrs. Dodd winning the prize, a beautiful Venetian scene, also painted by Mrs. Sweetser. Those present were Mesdames Dodd, Morrell, Allen, B. H. Morse, McCollum, Craven, W. H. Baker, J. D. Rogers, J. The guests were Mesdames Oakley, Allen, Williams, White, Hirdigan, Senior, Laverling, Milner, Wood, Spangler, Morrell and Dodd.

The many friends made by Mr. and Mrs. E. P. Tippet on their recent visit in it here will be glad to learn that they have returned to Twin Falls and will probably make their home here. Mr. and Mrs. Tippet are the parents of Mrs. George Kenneth and Mrs. Robert Spangler.

Mrs. Dudley Walton entertained the Justusmen "500" club at the Inn last Tuesday evening. Dr. W. O. Taylor and Mrs. Greenow captured the "500" prize, and Mrs. Winton and Mr. Strawberry, the second prizes. Mr. McLean will entertain the club this week.

The Elk Club House was the scene of a pleasant dancing party last Thursday evening. Dancing was enjoyed by the club members and their guests. Those present were Mesdames Hanco, Scott, Stalker, Wickor, Moore, Connelly, H. H. McLean, Spangler, Kenne, Read, Dixon and Longley.

Mrs. Wood will entertain on Friday afternoon in compliment to Mrs. Oakley, who will also be the honor guest at a party given by Mrs. Bedford on Saturday.

Mrs. Burton E. Morse will entertain the Auction Bridge club at dinner Saturday evening.

Mrs. Stalker will entertain Saturday evening for her guest, Mrs. Spangler.

Mrs. Charles Robbins will entertain the Luncheon club next Monday.

CLUBS

Twentieth Century Club Meets

The parliamentary and social department of the Twentieth Century club met at the home of the leader, Mrs. M. J. Sweetser, the attendance being a large one. Mrs. Stalker delivered the parliamentary drill. Mrs. Stalker gave a paper on "Child Labor." Practically no money was received for the program was exceedingly good.

That the members may get the full benefit of the parliamentary drill, the department has a question, five days every Monday for five weeks, or every other Monday, during the mornings. The next meeting will be on Monday, January 28, from 9:30 until 11:30.

Visits Home Industry

The domestic science department of the Twentieth Century club made their first visit to the home industries of Twin Falls on Tuesday, when they inspected Varney's candy kitchen. Mr. Varney made them all different kinds of candy for the benefit of the department furnishing the recipes for the same, and at the conclusion of the visit a question, five days every Monday for five weeks, or every other Monday, during the mornings. The next meeting will be on Monday, January 28, from 9:30 until 11:30.

The Fortnightly Club met at the home of Mrs. B. E. Morse Monday evening.

Owing to the absence of a number of the members the time was spent in a discussion. The club will again meet with Mr. and Mrs. Morse, at which time the club will commence their new alliance with Mrs. P. A. Pray will review "Pragmatism" by William James and Mr. Elliot will read a paper of Prof. Jones' sequel.

The Emerson Club met at the home of Mrs. Frank Chamberlain last Friday afternoon.

Mrs. Elliott handled "Culture" from the "Conduct of Life" which proved of so much interest to the members that the subject is to be continued at the next meeting, which will be with Mrs. K. H. Dixon.

Mrs. Stalker will entertain the regular literary meeting being postponed.

MORSE'S SENTENCE COMMUTED

Banker and "Big King" Cannot Live Under "500" Club. — President Taft tonight commuted to expiration of the fifteen-year sentence for violation of the national banking laws, under which Charles W. Morse, big New York banker and "Big King" had served two years in the federal penitentiary at Atlanta, Ga.

The commutation of sentence, which gives Morse his complete freedom—but which, unlike a pardon, does not restore his civil rights—was granted upon recommendation of Attorney General Wickham and Surgeon General Tuckey, U. S. A.

According to Mrs. Roosevelt's report Morse could not live one month longer in confinement, and even a short probably would not live six months.

HORTICULTURISTS MEET

Tenth Annual Convention of the Idaho State Horticultural Association will be held at Weiser, January 25 to 27, 1912.

The Tenth Annual convention of the Idaho State Horticultural Association will be held at Weiser, January 25 to 27, 1912. Twin Falls is well represented among the list of speakers. John H. Johnson, state horticultural inspector, or being down for an address on "Flies, Fruits and Her Markets." Alex. McPherson, "The Future of Western Fruit—Comparative Study" and J. A. Waters, "Fruit Production." Among other prominent horticulturists, who will speak are: H. B. Smith of Bryde, "The Census and Enumeration as Factors in Horticulture"; Secretary A. G. Johnson, State Horticultural Association; O. J. Singer of Boise, who has served as a judge at the National Apple show; Robert Scheicher of Lewiston, whose subject will be "Foreign Grapes," and A. J. Thibault of Boise, who will talk of "Commercial Raspberry Culture." Mr. Sherman will be remembered as the man who has a 40-acre field of "Honey" in the U. S. State fair, which has excited considerable interest in this section.

For this event the Oregon Short Line Railway company will make a flat rate of 2 cents per mile each way.

Here is a woman who speaks from personal knowledge and long experience, Mrs. E. E. Bowen of Boise, who has known four summers that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it. For sale by all dealers.

NO ONE STRONGER THAN HIS STOMACH.

The celebrated Dr. Abernethy of London was firmly of the opinion that disorder of the stomach was the most prolific source of human ailments in general. A recent medical writer says: "Very delicate constitutions and flaccid nerves at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body." He continues: "so we may be told by Dr. (Liggett) the stomach." He goes on to show that the stomach is the vital center of the body. For weak stomachs and the consequent indications of dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

"Several months ago I suffered from a severe pain right under the breast-bone," writes Mrs. G. M. MURKIN, of Corvallis, Cal. "I had suffered from it off and on for several years. I was suffering from heart-trouble, did not know what was the matter with me. I tried several medicines, but they did me no good. Finally I was told to try Dr. Pierce's Golden Medical Discovery. I did not dare to eat anything more. When I swallowed anything it seemed that it would burn my throat. I grew very thin and weak, from not eating. I was told to take Dr. Pierce's Golden Medical Discovery. I took the first dose of it and found myself getting better from day to day. I could eat a little without pain and grew strong fast. Today I am strong and well and can do a big day's work at it. Can eat everything and have put on 15 lbs. wonderfully. I will say to all sufferers write to Dr. Pierce. He has my noblest gratitude."

ANOTHER IDOL SHATTERED.

All over but the shouting, would seem to be the general verdict of the newspapers as far as the candidacy of Woodrow Wilson is concerned. Now, first impressions are generally correct, but, at the same time, there are one or two points which do not appear to have been taken into consideration in the finding.

The fact must not be lost sight of that, so far as its rate, this same Woodrow Wilson is just about the strongest man the Democrats have got as a presidential possibility, and if there is any way at all of patching up the present rift in the party cloak, something of the kind is due to come off.

As far as Wilson's utterances of former days are concerned, it will readily be apparent that the leaders have a strong argument in the claim that the viewpoints of a college professor and politician must necessarily differ on a good many fundamental points. They have already begun to spread the gospel to this effect, and as long as it seems apparent that the chances with Wilson are a little better than the chances with some one else they will keep on spreading.

Colonel Henry Watterson is admittedly a power in Democratic politics, but there are a good many among the newer Democratic school who are not as prone to accept his utterances as final as were the rank and file of a decade ago.

Perhaps he was a real Democrat then.

THE MAIL ORDER BUSINESS.

Not an argument, but an actual presentation of the facts in the case, is the following story illustrative of the workings of the mail order business.

MAKING GOOD

There is no way of making losing friends like "Making Good", and Dr. Pierce's medicines well exemplify this, and their friends, after more than two decades of popularity are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards. A good, honest square-deal medicine of known composition is

Dr. Pierce's Golden Medical Discovery.

It still enjoys an immense sale, while most of the preparations that have come into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of. There must be some reason for this long-time popularity and that is to be found in its superior merits. When once given a fair trial for weak stomach, or for liver and blood affections, its superior-curative qualities are soon manifest; hence it has survived and grown in popular favor, while scores of less meritorious articles have suddenly flashed into favor for a brief period and then been as soon forgotten.

For a torpid liver with its attendant indigestion, dyspepsia, headache, perhaps dizziness, foul breath, rusty coated tongue, with bitter taste, loss of appetite, with distress after eating, nervousness and debility, nothing is as good as Dr. Pierce's Golden Medical Discovery.

It's an honest, square-deal medicine with all its ingredients printed on bottle wrapper, no secret, no hocus-pocus humbug, therefore don't accept a substitute that the dealer may make a little bigger profit. Insist on your right to have what you call for. Don't buy

Dr. Pierce's Favorite Prescription

Expecting it to prove a "cure-all." It is only advised for women's special ailments. It makes weak women strong, sick women well. Less advertised than some preparations sold for like purposes, its sterling curative virtues still maintain its position in the front ranks, where it stood over two decades ago.

As an invigorating tonic and strengthening nervine it is unequalled. It won't satisfy those who want "booze" for there is not a drop of alcohol in it.

Dr. Pierce's Pleasant Pellets, the original Little Liver Pills, although the first pill of their kind in the market, still lead, and when once tried are ever afterwards in favor. Easy to take as candy.

ABERNACLE WITNESSTHAT

which shall be spoken against, that the thoughts of many hearts may be revealed. How wonderful a prophecy! It reminds us of the words of St. Paul: "that our Lord is a stone of stumbling and a rock of offence" and many in Israel, that many stumbled, some disbelievers. And St. Paul said: "of the rising again of many who stumbled." He declares: "Israel hath not obtained that which he desired; but the election hath obtained it for the rest were blinded"—"stumbled"—"turned aside from Divine favor" (Romans xi, 7). Nevertheless he assures us that at some time "the elect," the Church of Christ, shall have been completed by the power of the First-Resurrection; that Divine favor shall be bestowed on natural Israel, through Elect spiritual Israel. "They shall obtain mercy through your mercy."—Romans xi, 25-33.

Not a sufficient number of "Israelites" indeed were found to complete the fore-ordained elect; and hence the mystery—west beyond Abraham's name—must be gathered during this Gospel age the safety of every nation, people, kindred and tongue. These must all be found before the blessing shall be given to Israel and to the remainder of the race offering to them restitution and humane perfection.

A stately woman, Anna, a Prophetess, over a century old, rejoiced in the coming of Jesus as a babe was worshipped of us and thanks will now be a cause of gratitude to God for those who behold Him at the age of thirty, concerning Himself a "wonderful and marvelous thing" which he realized that He had been begotten by the Holy Spirit to be a New Creature, of the divine nature.

Those who saw the Master's faithful in performing the sacrifices of His resurrection—during the three and a half years of His ministry, shall all have for which to give God praise, and when He had finished His course in Calvary, and was raised from the dead the third day, and forty days ascended up on high where He was before, happy were they who recognized that further development of the Divine Plan for man's salvation, His blessing of all the families of the earth.

But more blessed were those who at Pentecost received the Holy Spirit as a bettering power and those who since have received the same, evidence that they are the children of God and of children, then heirs of God and joint-heirs with Jesus Christ their Lord to the great inheritance—of the real heavenly promise made to Abraham, that through them all the families of the earth shall be blessed.

All Israel shall be saved. St. Paul assures us that blindness happened to Israel, not permanently, but merely for a time, until the full number of "elect" from the Gentiles should come. He declares that all Israel shall be saved from their stumbling. This is the very "rising again" referred to in our lesson.

The Apostle declares that this is God's Covenant with natural Israel and that they, also, shall be taken away and they shall obtain mercy through the Church's mercy. In other words, when the Church shall be glorified in the First Resurrection, Divine blessing shall extend to all the families of the earth. God hath concluded them—all in unbelief—that He might bestow mercy upon all.—See Romans xi, 25-32.

Are You Using Electric Light?

Good household lighting can be afforded by every family of moderate means. The average monthly bill for residence lighting in this city under the \$1.00 minimum is approximately \$1.50 per month, and in small houses approximately \$1.35 per month.

For an average price of \$1.50 per month is sold absolutely the best, the cleanest, the most convenient and safest lighting in the world.

This is a dull month for the electrical contractors. They are willing to make prices lower than ordinary. A considerable saving in labor can be effected if with a large number of contracts they can proceed from house to house. To parties occupying their own houses which require wiring an additional inducement is being made by the Great Shoshone and Twin Falls Water Power Company. For further information in regard to this, inquire at the office.

If you are a renter you will find that most landlords will wire their houses if their tenants really want electric light. Wired houses secure good tenants.

COMMISSION STILL IS UP IN THE AIR

(Continued from Page 1)

Republican, revenue manager. Mr. Swelley's experience in the legislative assembly with his intimate knowledge of tax conditions in this section of the state was invaluable to the committee set apart to study the revenue bill. He was approached on the subject of being a candidate for House of Representatives in the year 1908. He declines personal matters.

Republican Revenue Bill

When the House of Representatives met Monday morning the mask was torn off with the introduction by Captain B. G. Davis, representative from Oneida county and secretary of the legislative committee, of the revenue bill that had been prepared in the joint caucus of Republican senators and representatives.

The introduction of this bill was understood to be a formal notice that the Republicans, as a party, would have nothing to do with the MacLacHart bill and that they would carry out their own program, having a slight majority in each branch of the legislature.

This Republican bill is conservative. It is opposed to radical changes of any kind in the present tax system of the state. It opposes the tax commission which is the heart and center of the MacLacHart bill, and around this point the chief fight of the special session will be made.

As many of the provisions of this bill are practical and have been included into law, it is worthy of consideration. It is based on the present law and is intended by its authors to correct some of the errors known to exist in the present revenue system.

To the present exemption on the property of widows, orphans and soldiers, the addition of provisions for widowed women, Y. M. C. A., fruit and nut-bearing trees in orchards till they are four years old, grapes in vineyards till they are three years old, private libraries to the value of \$100, and homes to the extent of \$200, when the total value does not exceed \$100.

Full cash value is adhered to in the making of assessments with the proviso that 40 per cent of full cash value is to be taken in all cases in fixing tax rates.

County commissioners are required to pass an annual appropriation bill in April based on estimates furnished by the various county officials and of payments, and expenditures for the year are limited to the estimates.

Shares of stock in banks and trust companies are assessed by adding and deducting the value of the real estate which is to be assessed as other property is assessed. No deduction for debt to the bank are allowed.

Powers of Commissioners

County commissioners acting as assessors of the county are given power to increase as well as decrease valuations and without application from the property owners. They are required to make a final assessment on or before the second of this giving them more time for qualifying.

Appropriation of state moneys among the counties is established by the valuation of the current year instead of the previous year as at present.

The numerical system of assessing and listing real estate is substituted for the present alphabetical system, and where the tax on personal property is a lien on the real estate, it may be satisfied on the real estate list.

The assessors are also required to prepare complete plat books of all real estate in their counties.

Some duties of the assessors are provided for where the amount of the taxes exceeds \$100. Payments are to be made in January and July.

Property owners are protected against the "tax title" sharks. Tax deeds cannot be issued unless the holder of the tax certificate has notice of the occupation of the property and on the record owner at least three months and not more than five months before the time for redemption has expired and the owner cannot be found.

A notice must be given by the assessor in the newspaper printing the property involved.

and Adjourn

After adjournment of the legislature the session of this meeting quickly as possible and adjournment by Governor Hawley for session. It is argued that all the work can be done this week and an adjournment taken Saturday night.

PROFITS IN DAIRYING

Money in Butter Fat at 35 Cents with Alfalfa at 24

Per Ton

In a recent issue Hoar's Dairyman publication a letter was published in which he asks if there is a good profit in the dairying business with alfalfa hay at \$4 per ton and butter fat at 35 cents. The correspondence is published as the conditions mentioned are almost identical with those of this tract. It is a question of alfalfa hay at \$4 to \$4 per ton of butter fat, and the cost of alfalfa hay to the farmer probably does not exceed \$4.

Alfalfa Hay at 24 Cents per Ton

"May I have your opinion as to the probable success of a dairy herd of 20 good Holstein cows under the best of alfalfa conditions. I have 100 acres in alfalfa and grain, and 80 acres in native grass pasture. I am 20 miles from a railroad, with a daily express to the nearest city. A creamery quote us today 35 cents for butter fat. There are no dairy cows in the country, and any kind of a milk cow brings \$15. Alfalfa hay is worth 24 cents at the rail-road. Alfalfa hay is worth \$1.00 per ton in the stack, oats that will go 42 pounds to the bush are worth one cent per pound at the ranch. Corn will not grow here.

I do not receive much encouragement from my neighbors who raise alfalfa to sell to sheep and cattle feeders, but I believe a dairy will pay well.

Germany, Wis., J. S. W. The reply to this inquiry will be: Alfalfa hay is worth only 24 cents per ton, and butter fat 35 cents per pound, there is a handsome profit in feeding alfalfa to dairy cows. Alfalfa hay is worth only 24 cents per ton, and butter fat 35 cents per pound, there is a handsome profit in feeding alfalfa to dairy cows.

Who corn cannot be grown, we think mangos are the best root crop to grow. The digestible nutrients in alfalfa are about 60 per cent. Alfalfa is a most excellent feed for dairy cattle, and supplement the alfalfa hay with it.

A mixture of ground oats and barley, equal parts by weight, will supplement alfalfa very nicely, and when a mixture of these and alfalfa is fed, a small amount may be given to each animal. Notwithstanding the cow will do very well upon alfalfa and any other kind of feed, she will do better with both and still better when some grain is fed.

IMPORTANT DISCOVERIES MADE

Too Much Water Used—Alfalfa Seed

Wasted—Formula for Removing Potato Scab

In making up his report on the experiment work done at the Gooding experiment station by the United States Dept. of Agriculture, the following results, which demonstrate conclusively the practical value of these experiments are to the Idaho farmer.

In the duty of water experiments, which have extended over a period of three years, Mr. Bark finds that last year's maximum yield in grain was obtained on a plot in which only a foot and a half of water was used, or just half the amount of water applied to this land, and the lowest yield from the plot on which the entire amount of water furnished, three feet, was used.

Alfalfa Seed Wanted

An international result was reached in the experiment of seed planting of alfalfa. It was found that 13 pounds of seed to the acre brought as large crops as twice that amount, which has been the usual amount used. Thus the best results were obtained with alfalfa being sown 13 pounds per acre at 20 cents a pound, or \$1.40 an acre in seed alone, on their ranches.

Another highly successful experiment has been made in removing scab from potatoes. Formerly a solution of one pound of formaldehyde to 40 or 50 gallons of water was used, and was found not only to remove almost all of the scab spores, but not to injure the potato at all. The potatoes are put in a sack and dipped into a barrel of this one pound to 100 gallons solution, and allowed to remain in it for two hours, when they may be planted.

CONTEST BOUND ISSUES BOOK

The motorists of Twin Falls will be interested in a new book which has just been published by the Twin Falls Commercial club. This book with the compliments of the Idaho State Automobile association. This book is issued by the Commercial club, and contains the official results of all road, beach, speedway, track, bill club, pleasure car and commercial vehicle reliability contest held during 1911 under the rules and sanction of the American Automobile association. It contains a revised list of records officially allowed and accepted by the Contest board, a summary of all Golden Tours, list of registered drivers, licensed motorists, registered stock cars and other data of interest to the trade and industry, as well as the racing fraternity, and is a most useful book of reference.

HOLLISTER

(Continued from Page 6)

Thomas V. Jordan of Rogerson spent some time in Hollister Monday before leaving on the evening train for Twin Falls.

Mr. and Mrs. R. S. Lindsay returned Monday evening after a several days visit in Idaho Falls. Mr. and Mrs. Perry R. Crawford departed Monday evening for Hansen, where they intend spending several weeks.

Their first child, a son, just as the father wished it to be, was born Wednesday evening to Mr. and Mrs. Oliver Davis in Twin Falls.

Mrs. C. E. Holderman and daughter Hollida, went to Twin Falls Wednesday evening, where Miss Hollida is receiving treatment for her eyes.

R. H. McDowell, who, during the fall and winter, has had charge of the pump and the well of the Hollister Water Works company, departed Saturday for Jerome.

R. H. Gates of the firm of Gates Brothers, architects of Twin Falls, was in Hollister Wednesday evening attracted by the possibility of securing the contract on the new school building in the town.

Tom O'Donnell, who until recently has been in the employ of the Salmon River Land and Water company, after a several weeks' visit in Twin Falls, and Salt Lake City, returned Thursday and will probably resume his position here.

Better than the Hollister should be without call during the recent cold weather, when there was temporarily none to be had in town, Master S. H. Holbeck of the Hollister Lumber company, bought a carload on the track at Twin Falls and had it shipped Saturday to a stream of cutters, and carrying out the fuel, evidences the best and popular appreciation of the fuel.

Enabled by reason of the fact of the first of this week to resume operation of the power hoist outfit which was prevented recently by heavy snow fall in the vicinity of Hansen, the local members of our balling crew departed Sunday for that place. In the party were Martin Anderson, J. H. Dickson, J. F. Fiskler and John Heck. Mr. and Mrs. P. R. Crawford joined them Monday.

A neighborhood social and dance was enjoyed by several guests at the home of Mr. and Mrs. William Hoops, north of Hollister Monday evening. Much of the dance was furnished by Homer Butler. Present were Mr. and Mrs. O. H. Banta, Mr. and Mrs. M. Yeager, Mr. Ellen Butler and children, Mrs. J. Z. Burrows, Messrs. Don Hamilton and Jimmie.

SPEAKER FOR CONVENTION

Fred B. SMITH to be at Boise "Five Days of the Eight-day Campaign"

Definite information from Boise to the effect that Fred B. Smith, the famed evangelist, will arrive here on Wednesday, January 24, and participate in the remainder of the campaign of the Men and Religion Forward Movement.

His speaking will bring with him the international quartet, the men comprising this quartet are regarded as the finest Gospel singers now before the public. This will be a great attraction to all lovers of Gospel music.

Mr. Smith is the most forceful and successful talker to men who is now known in the world. He has addressed great gatherings of men in almost every portion of the earth. Our opportunity not miss this rare opportunity to hear him.

PLEASED WITH CONVENTION

J. B. Sison, proprietor of the Longgar Dairy Farm, a short distance from this city, returned Friday from a convention held at the Idaho Dairy association convention held in Twin Falls the forepart of last week. Mr. Sison brings back encouraging reports regarding the success of the association, and the successful and beneficial convention just closed. Dairyman from all parts of the state were in attendance, displaying much enthusiasm over the dairy prospects for Idaho in the future. A practical judging contest was conducted in conjunction with the program, for a purpose of which an exhibit of high-class stock was shown.

The program consisted of a number of lectures and papers by dairymen of various subjects, among which was a paper contributed and read by Mr. Sison, on preparing soil and raising corn in an irrigated county.—Nampa Record.
