BRYAN TELLS OF COMING OF COMING DEMOCRACY

PREDICTS HOT OLD TIME IN POLITICS DURING THE COMING SUMMER.

Special Business Trip of Peerless Leader of Twin Falls Is Made Political Capital by Democratic Followers—Big Crowd Hears the Colonel.

"I am a progressive. I will be with the progressives at all times. The Democratic party has some progressive, and it has some stand-patters. I hope the Democratic party will nominate a progressive for president."

Speeches were delivered in Colton hall Tuesday afternoon by the Hon. William Jennings Bryan. Cheers and applause greeted the speaker as he would time and again refer to the members of the Democratic party as stand-patters in a humorous strain, especially the Republican party, especially the progressive wing, for having staked their necks to the party which would win the other wing.

It was a capacity crowd that gathered to hear the Colonel Bryan's standing room, and only a seat space at that, was all that remained when the speaker and the Republican committee entered the hall at 7:30 o'clock. Fully eight hundred persons, representing the various parties of the city, composed Mr. Bryan's audience. The speaker was introduced by the Hon. W. F. Perry, of Jerome.

Mr. Bryan responded to the introduction for the delivery of an address upon any one of a large variety of subjects which the night closed with a talk on "The Coming Democracy."

As both speaker and audience seemed highly interested in the address, the speaker was introduced by the Hon. W. F. Perry, of Jerome.

Mr. Bryan was met at Salt Lake City by Mr. Perrine and his wife, who accompanied him from the night train to Twin Falls.

Among his predictions Mr. Bryan stated that a "hot old time" is in store in political circles this summer. "The problems have always enjoyed success over the fight in the Democratic national convention, but this year it will be a big place to see the Democratic party in the hands of the people."

As he is usually content, Mr. Bryan stated that his opinion of the Democratic party is that it is a party of the people, and that it is a party of the people, and that it is a party of the people.

MIKADO GREATLY ENJOYED

Members of Twentieth Century and Apollo Clubs Give Finished Performance of Light Opera.

One of the most delightful entertainments recorded in Twin Falls people in a long time was that of Thursday and Friday nights last, when the Mikado, Gilbert and Sullivan light opera, was given by the Twentieth Century and Apollo clubs.

The production was the work of the Twentieth Century club, assisted by the members of the Apollo club, and was put on in all the detail of which the stage facilities were capable. The Mikado was well drilled, the stage settings elaborate, and the costumes in many cases equal to those seen in a professional company.

U. J. Keld in the role of the Mikado, and contributed a splendid performance, and contributed a splendid performance, and contributed a splendid performance.

HOLLISTER-PERRINE TENDERED RECEPTION

COMMERCIAL CLUB MEMBERS RECEIVE INFORMALLY.

Enthusiastic Greeting Last Saturday Evening Entertained "Get Together" Spirit—Addresses Made Concerning Merits of Country.

Members of the Commercial club and their friends were hospitable to Mr. Hollister and Mr. Perrine, who were in this city last Saturday evening in an informal reception held in the club rooms. The gathering was exceptional in the extent and cordiality of the reception.

The main address of the evening was made by H. L. Hollister, who was sympathetic in assuming his hearers of his faith in the Twin Falls country.

Mr. Hollister's address was a most interesting one, and was well received by the audience. He stated that he was in the Twin Falls country, and that he was in the Twin Falls country.

NIEGE HAS UNCLE ARRESTED

Claims Relative, Though Not Her Husband, is Father of Her Children.

With the arrest last Monday of Charles Abrons on a charge of assault on the person of his niece, Marie Hanson, who is the wife of the late John Hanson, the courts here have been confronted with one of the most unusual and most interesting cases which they have had to deal with for some time.

When the case was investigated by District Superintendent Hawk he learned from the complainant that Marie Hanson had been living with her uncle since she was 12 years of age, at which time she was left alone by the death of her mother. It was also claimed by the woman in her statements to Judge Shields and Mr. Hawk that she is the daughter of Charles Abrons, who is now in jail on a charge of assault on the person of his niece, Marie Hanson.

It is stated by the officials that Abrons does not deny the charge of assault on the person of his niece, Marie Hanson, and it is possible that a hearing will be held on a great official charge.

BRYAN IS GIVEN AN OVATION AT JEROME

CITIZENS TURN OUT TO WELCOME DISTINGUISHED VISITOR.

The speaker was optimistic of the Twin Falls country and of Democratic advance—Special Train Brought in Many Enthusiasts.

Jerome, Feb. 23.—(Special to the Twin Falls News.) The citizens of Jerome have given a most enthusiastic welcome to Mr. Bryan, who is in the city on a special train brought in by the Twin Falls country.

Mr. Bryan was met at the station by a large number of citizens, and was introduced to the various members of the community. He was then taken to the hotel, where he will remain during his stay in Jerome.

Mr. Bryan's visit to Jerome is the result of his tour of the Twin Falls country, and he is expected to remain in the city for several days.

Twin Falls Girls Further Clinch Their claim to Championship of Southern and Eastern Idaho—Freshmen Defeat Sophomores.

The Twin Falls girls' basketball team clinched the championship of Southern and Eastern Idaho at the high school gym by trimming the Blackfoot high school team by a score of 21 to 14. This game decided the championship of eastern and southern Idaho. Twin Falls already had the title in this section, and Blackfoot was the champion of the western section (over fifty other teams over there).

The game could hardly be called a playoff for Twin Falls. It was a runaway. Never before did the home team show up to such advantage. From the start to the finish the girls made a great machine, every part doing its work at the right time and place. The guards, especially, played an excellent game. In the whole game Blackfoot did not have more than two open throws. Olga Brown's work was spectacular. The forward work was equally good. Her line of jumping and springing are not to be found in the athletic calendar. Hazel McClellan, while not playing the spectacular game of her past, was invaluable, and when guarded, her opponent might as well have presented her with the ball in the first place, as her chances for making a basket were too slim to be noticed.

During the first half, and in fact all through the game, Blackfoot never got near enough to the ball to start a conversation with it. It remained in Twin Falls territory practically all the time. The element of luck was noticeable. Nearly all of the baskets made by Twin Falls showed that the girls had been putting in hard work in the practice hours and could not be fooled. When Blackfoot was in the first half, was over the score was 10 to 2.

The remainder of the game was a mere formality, with that game before then some. Blackfoot managed to make two more free throws and Twin Falls scored ten field goals and one free throw. The Blackfoot center seemed to be so placed more for ornament than for use, and Lucile Cameron played rings around her all through the game.

As the forwards did all the scoring their playing showed up to the best. The guard, Eugene Costello broke all her former scoring records by making five field goals. Lydia McMaster also had luck in the first half, only making one basket but the game has been strong in the second and made five more. Miss Downing of Blackfoot was the only one to score for her team. Out of nine attempts she made four free throws.

Referee—Wheeler is to be praised for his impartiality in which he made his first station, in the head of the inter-scholastic league in this section. Not a single protest was made during the game, and a clear game has never been seen in the city.

The lineup: (31) Blackfoot—(4) McMaster, (3) Adams, Costello, Downing, Ramsey, Brown, Hoover, McClellan. Field goals—McMaster 4, Costello 3, Free throws—Costello 1, Downing 4. Time of halves—20 minutes.

Freshmen Defeat Sophomores.

Undergraduates Take Former Stars Into Camp by the Tune of 31 to 8.

The alumni have proved themselves to be "has-beens" in the ball game as well as in football. Last Thursday they scored their third straight game to the Twin Falls high school. The score was 31 to 8.

This game was the last hard practice game of the Pioneer game and the high school boys showed up in the gym.

During the first half the alumni have now a great air and at the end of this season the score was 17 to 0.

However, in the last round of the scoring went on in different fashion. The high school kept up their scoring, but a change in the line-up of the alumni strengthened their team and they scored eight points:

- C. Girder and Whitney played a field goal from the guard's position.
- D. Girder scored for the alumni.
- The line-up was:
 - Alumni: C. Girder, Downing, Bolton, Taber, Kirkpatrick, Adams, McMaster, Whittier, Sinema, Adams, Baller, Crater, I. G. C.
 - High School: D. Girder, Costello, McClellan, Stettin, Field goals—C. Girder 4, Kirkpatrick 3, Whitney 4, Baller 1, D. Girder 3. Total score—31 to 8.
- Free throw—Whittier.

PIONEERS CLINCH THE CHAMPIONSHIP

TWIN FALLS TEAM OVERWHELMED IN FINAL GAME.

Match to Decide the Title Pooled Off at Burley on Inferior Floor.

Locals Play Well, But Lose, 45 to 15.

The boys' team of the Twin Falls high school met their Waterloo when they went up against the Pioneer high school at the Burley opera house last Saturday afternoon. It will be remembered that Pioneer defeated Twin Falls a week before this game in the local gym. The game at Burley was a play-off to decide the championship of southern Idaho.

A special train carrying about 150 Twin Falls spectators left here at 11 p. m. and arrived in Burley about 2:30. The opera house in which the game was played is on the second floor of a building and is in-turn a moving picture theatre, dance hall, basket ball court and amusement place. It is less suited for basket ball than for any of the other three purposes. The floor was altogether too slippery and both teams had more or less trouble in keeping their feet.

As in the game between the same teams in this city, Twin Falls did not start until the second half. That they played a good game, but not good enough to cut down Pioneer's lead. The losing of this game puts Twin Falls out of the running.

It is the opinion of nearly every one that Twin Falls was outclassed and for that reason no excuses are offered. However, it must be said that Pioneer did play in wonderful luck. Many of their baskets were made from over the heads of the Twin and when guarded at that. And then, although the backboards were intact and the baskets far from being firm, the Pioneer kept making baskets. The ball in fact fell into the baskets many times. Twin Falls were scarce, to say the least.

The team-work of Pioneer was superior to that of Twin Falls and it seemed that no matter where the ball flew it was fated to fall directly into the hands of one of the forwards.

Charley Girder played his position at forward like a veteran and made more points for his team than any other member of the team. I. G. C. gave him the sobriquet of the "Big Swede," and after that he was known by that name. This name is joked and has a shadown evidences of having had a couple too many.

Booby and Holmes of Pioneer did most of the scoring for their team, while Sullivan ran a close second, Kelly of the same team proved to be a marked success at making free throws.

The lineup: Pioneer: C. Girder, Downing, Bolton, Taber, Kirkpatrick, Adams, McMaster, Whittier, Sinema, Adams, Baller, Crater, I. G. C. High School: D. Girder, Costello, McClellan, Stettin, Field goals—C. Girder 4, Kirkpatrick 3, Whitney 4, Baller 1, D. Girder 3. Total score—31 to 8. Free throw—Whittier.

A WOMAN'S GOOD LOOKS

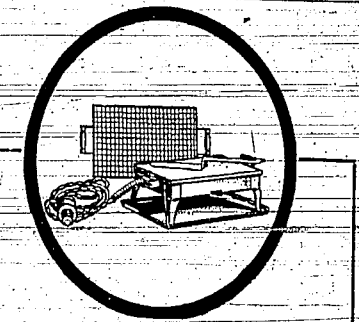

Depend on her general health of those irregularities which are essentially feminine, starting from early womanhood, she suffers from frequently recurring derangements that upset her womanly beauty. It is so beautiful she grows into that mellow, age without wrinkles and crowfoot about the eyes or the blue circles underneath. It is largely the rule that such women suffer little, or not at all, from womanly derangements which up the health and leave in the face the tell-tale signs of pain and suffering. Dr. R. V. Pierce, the famous specialist in the diseases of women, found a prescription in his early practice that cooled the organism peculiarly to womanhood, and the majority of the women who were afflicted by these troubles passed through those painful periods that scathed and aged her face. This remedy became the well-known Dr. Pierce's Favorite Prescription, that has benefited thousands of women and saved them from misery and suffering at different periods in life.

Mr. H. H. McCandless, State Chemist of Georgia, before a recent gathering, gave emphatic testimony to the high quality of Cattelle's. He said: "The name of this product (Cattelle's), and the proclamation that it is the best cotton seed oil, has done more to bring cotton seed oil truthfully and favorably before the public than anything else in recent history."

Week in Society

The past week in society has been a busy one, with an unusually large number of dinner parties, formal and informal, on Thursday and Friday evenings; the guests later enjoying the performance of the Mitado. The most interesting event of the week was the party given by Mrs. Hartley and Mrs. Hill on Friday.

Delightful "500" Party.
The largest event of the week and one of the prettiest affairs ever given in Twin Falls was the "500" party given by Mrs. W. B. Hill and Mrs. W. P. Guthrie, at the home of the former, on Friday afternoon.

The rooms were artistically decorated in pink and white carnations and ferns, and formed a charming background for the many lovely gowns worn by the guests.

The card tables were arranged in the large living-room and the sun-parlor. Mrs. O. A. Stalker won the first prize for high score, a set of sterling silver tea spoons, and Mrs. G. W. Schroul received the second prize, a magnificent bunch of carnations.

The hostess of the party, Mrs. W. B. Hill, was assisted by Mrs. F. M. Buckley. At the conclusion of the game Mesdames McCollum, Lavering and Sinclair assisted the hostess in serving delicious refreshments.

The invited guests were: Mesdames J. Allen, Alford, Baker, J. Buckley, Buckley, Duffell, Dullis, Boyd, Durston, Booth, Craven, J. Costello, J. Costello, Dunlap, Fisher, Felling, Gresham, Hahn, J. A. Hamilton, Hartman, Hance, Lavering, J. Maxwell, Milner, McCollum, McAttee, Mitchell, Morgan, Robbins, Senior, Sinclair, E. W. Swartz, M. J. Sweely, Shroul, Stalker, Shanik, Ormsby, W. T. Wood, T. J. Woods, Wilcox, Welton, Pollock, Malone, Clonch, Blockinger and Storor, and Miss Boyd.

"Washington's Birthday" Party.
Mrs. A. D. Ostrander and her mother, Mrs. Ada Holmes, entertained a number of their friends at a very pretty Washington's birthday party last Thursday afternoon, at the home of the former.

The guests were received at the door by Master William and little Miss Lenora Ostrander, dressed as George and Martha Washington, the latter wearing a dress made from the silk which was used in

her grandmother's wedding gown in the year 1841.

The decorations of hats, table and flags were suggestive of the day, the same ideas being further carried out in the refreshments. Vocal and instrumental music furnished the entertainment for the afternoon, which passed all too quickly for those present.

Luncheon Club Entertained.
On Monday afternoon Mrs. Chas. Robbins entertained the Luncheon Club and a few guests at bridge, held at home on Ninth avenue, when Mr. Chadwick of Boise, a former member of the club, was the guest of honor.

The club prize for high score, a dainty handkerchief, was won by Mrs. Welton, and Mrs. Reed received the guest prize for score, a beautiful bunch of carnations. The guest of honor was also presented with a magnificent bunch of carnations.

Present were Mesdames McCollum, Robbins, M. J. Sweely, Welton, Ostrander, Boyd, Chadwick, Wilcox, Alken, Reed and Miss Boyd.

Dinner for Miss Young.
Miss Young of Albion was the honored guest at a beautifully appointed dinner given Monday evening by Mrs. O. M. Elliott at her home on Seventh avenue east.

Between the courses the guests were handed cards decorated with implements best known to culinary art, and containing a list of questions to be answered by the name of the preceding course, different motifs forming the answers to questions following the next course, and so on.

These invited were Miss Young, Mrs. Crocker, Mrs. Spangler, Mrs. Dixon and Mrs. Reid.

Charming Dinner Party.
On Friday evening Mr. and Mrs. J. H. Sawyer entertained at a charmingly appointed dinner party, the guests later enjoying the performance of the Mitado. The antique decorations were very appropriate, the dining-room being banked with Japanese cherry blossoms, while a small red humming bird was stood guard in the center of the table.

Dainty Japanese cards marked the place of each guest. Covers were laid for Miss Cowell and Miss Boyd, of Stater, Mr. and Mrs. F. M. Buckley, Mr. Eble and Dr. Brown & Co.

S. N. S. Club Entertained.
The club entertained the S. N. S. club and a few other guests last Saturday afternoon at the home of Mrs. J. H. Sturges.

day afternoon at bridge. The club prize, a pair of silk hose, was awarded to Mrs. Dwight, and the guest prize, a novelty neck piece, was won by Mrs. J. J. Robinson. The program provided the club were Mesdames McCollum, Burton, Alken, Harry Allen, Robbins, R. E. Morse, Wilcox, Reboen and Miss Boyd.

Series of Dinners.
Mr. and Mrs. P. H. Smith, who have recently moved into their new home on Seventh avenue north, gave a series of delightfully informal dinner parties last week.

Their guests were Mr. Felling and Mr. McCormick, Dr. McGill of Lewiston and Mr. McVickers of Camada, and Judge and Mrs. Stockinger.

Dinner for Mr. and Mrs. Chadwick.
Mr. and Mrs. C. A. Robinson entertained a few friends at dinner Saturday evening in compliment to Mr. and Mrs. Chadwick of Boise, who formerly lived in Twin Falls. Covers were laid for Mr. and Mrs. Welch, Mr. and Mrs. Wilcox and Mr. and Mrs. Chadwick.

Informal Dinner.
Mr. and Mrs. C. H. Chapin entertained a few friends at dinner Friday evening, and later, with their guests, attended the performance of the Mitado.

Informal Evening.
Mr. and Mrs. Welton invited a few friends in Saturday evening for an informal game of bridge.

Mrs. A. J. Jones invited a number of friends to her home last Thursday afternoon to celebrate Washington's birthday. The rooms were very prettily decorated with appropriate decorations, the real cherry tree full of ripe cherries being especially attractive.

Young George, with his basket was a hit, and evidence, and the national colors predominated in the dainty refreshments. Present to enjoy the afternoon were Mrs. Ostrander, Mrs. Hill, Mrs. Ball, Stapleton, Stuart, Wilson, Hatten, Gallord, Innis, Weatherford and Miss Hazel Oakley.

CLUBS
Party for Juniors.
The Twentieth Century club will give a party to the junior members on Friday night, March 8th, in the Masonic temple.

This party is given to all the young people who are members of the club. The young women of the club are requested to hand in the names of a young man to Miss Josephine Wilson, chairman of the Junior department, who will send a written invitation to the gentleman in the name of the organization.

These will be informal dancing the early part of the evening, followed by a German "led" by G. T. Chapin. The program will include a variety of favors tables: Mesdames Graham, Will, Tucker, Senior, Elliott, Dauber, Hall, McLain, Gulbert, and Miss Hamlin.

A large number of the ladies of Twin Falls attended the meeting of the Twentieth Century club on Tuesday afternoon, which goes to show that the wives and mothers of the city are greatly interested in domestic science.

MUCH GOOD IS DONE IN PROBATE COURT

JUDGE SHIELDS A FRIEND OF JUVENILE DELINQUENTS.
Boys and Girls Under 18 Years of Age Are Given Chance on Probation for Correction for Offenses—Results Are Encouraging.

Activities in Probate Judge Shields' court this week have largely been devoted to juvenile causes. The recent appointment of J. W. Hallow of Boise as Southeastern Idaho superintendent of the Children's Home-Finding and of the Children's Society of Idaho will tend to still further increase the work of the juvenile department of the Probate Court.

Offenders Given a Chance.
Probate Judge Shields has just reasons to be gratified with the success of the juvenile work. Boys and girls, who are branded at home as incorrigible, or who are accused and perhaps proven guilty of theft, and who are given to understand as being "bad" boys and girls, are finding a friend in Judge Shields. It is his aim to give all opportunity to correct juvenile delinquency through advice, warning and assistance, both to parents and children, as a first means rather than commitment to the state schools. The state schools are resorted to when juveniles either refuse to or can not be reformed.

Many Under Care.
At the present time Judge Shields has a large number of boys under his personal supervision, or probation. These probationers, given a chance and assistance for correction, are in good luck in the way of reform for causes which otherwise would have necessitated their being sent to the state school. Regular reports are made in person by these juvenile charges to the court, and the Judge Shields the status of the boys is most encouraging.

Girl Given Home.
One of the most stubborn of incorrigible cases that has come before Judge Shields has been given attention this week. On complaint of the father a 13-year-old girl, was taken by the court and given a home in this city where she will be cared for during poor behavior. The complaint was to the effect that the girl refused the belief of Judge Shields, and had made the acquaintance of improper society. The girl's school is the final remedy for cases that cannot otherwise be arranged.

WANT TWIN FALLS STUDENTS AT U. OF I.

BOOSTERS WILL ADVERTISE THE STATE UNIVERSITY HERE.

Students from Southern Idaho at Moscow Want Local High School Graduates to Attend College With In the State.

Morrow from a social and business association of the Twin Falls in the local hall the evening of Feb. 16. There was a good attendance and an enthusiastic meeting was held.

Under the direction of the social committee the first part of the evening was spent in a program of entertainment, sack races, crack races, elephant races, a chewing race, climbing and various athletic contests.

Prizes were given to the winners. At about 11 o'clock the generous lunch afforded a pleasant diversion. During the process each person took his turn at telling a story of some incident that had happened in connection with the Twin Falls section.

Following the social hour a business meeting was held. The booster committee reported concerning association stationery. It was decided to buy uniform stationery bearing the name of the organization for the use of the club and also its members. All present expressed themselves in favor of having a summer meeting somewhere in the home country for the purpose of advertising the university. A committee consisting of Harry McAdams, L. J. P. Taylor, J. H. Taylor and J. H. Taylor was appointed to decide on the place and time of meeting. There was a discussion concerning the summer meeting in southern Idaho and of working to keep Idaho students in Idaho. F. H. Dalton, W. F. Taylor and J. H. Taylor were named as members of the students' committee. The committee was instructed to cooperate, if possible, with the publicity bureau of the university in securing the names of high school graduates and in drawing their attention to the merits of the U. of I.

The P. O. association is composed of about 20 students representing nine towns in the counties of Twin Falls, Teton, Cassia and Blaine.

SOCIAL HOUR ENJOYED.

New Members of Baptist Church Tended a Festival.

One of the most delightful social events ever given at the First Baptist church took place last evening. It was of the nature of a reception for the new members who were welcomed into the church and congregation since the beginning of the present pastoral. The first of last September a year ago. All the details of the program and decorations were looked after by the Pious Ultra and the Junior Missionary classes of the Sunday school.

The program was semi-patriotic in honor of Washington's birthday and consisted of music and readings, and an address by the pastor. The pastor congratulated those present with several readings. Mr. Worrell rendered a violin solo, accompanied by Mrs. Harman. The piano. Refreshments were served in the basement of the church following the program.

BEEF CULTURE BOOMING.

Five Thousand Acres Will Be Cultivated Near Burley This Year.

With the locating of a sugar factory at Burley practically assured, beef culture on a large scale is being planned. Practically all of the original 5000 acres promised have been secured. The plan is to plant large sugar factories have been visiting the farmers in the vicinity of Burley examining the soil, and giving the farmers such information in beef culture as may be of benefit to them during the coming season. With the large acreage to be devoted to beef culture this year and the great interest in the project, it is predicted that the Burley district will become one of the leading beef producing sections in the country.

AMSTERDAM THRIVING.

A thrifty state of affairs is reported from Amsterdam, one of the new settlements. The project was first planned by some former residents from Holland, is situated four miles south of Hoilator. A large acreage will be placed under cultivation in that neighborhood this season, and considerable building is planned.

AMERICANS AT OXFORD

Ludwig Catough Represents Idaho Students Among Rhodes Scholars in England.

University of Idaho, Moscow, Feb. 24.—Under the provisions of the will of Cecil Rhodes, the South African Empire-builder, 173 young men from the United States, Germany and the British colonies are now pursuing their studies at famous old Oxford University. These Rhodes scholars, as they are known, draw an allowance of \$1000 a year for three years. In the United States 120 scholarships are awarded every three years in each state of the union. Idaho's first Rhodes scholar, Lawrence Catough, of the University of Idaho, is the latest Idaho boy to enjoy the benefits of the Rhodes bequest. Ludwig Catough of Idaho, took up his residence at Oxford last fall. Other Rhodes scholars from this state were Carol H. Foster of Veleer, McKenney Morrow and George W. Curtis of Idaho, and Tony T. Crooke of Frederick, Kansas.

President Maclean has just received from the trustees of the Rhodes bequest a statement which contains much interesting information about the Rhodes scholars and their work during the academic year 1911-1912. There were 176 Rhodes scholars in residence at Oxford, of whom 89 were from the United States, 77 from the British colonies and 10 from Germany. They were distributed among the various colleges which comprise Oxford and vary in groups ranging from one to seventeen. The distribution was partly upon their own choice and partly upon their merits as judged by the college authorities. Each selected scholar sends in a list in the order of his preference of the colleges at which he wished to enter. The authorities of each college then select from the applicants for admission those whose scholarship records and credentials seem to them most satisfactory. The number admitted to any one college is strictly limited. Last year 37 scholars were studying for advanced degrees in law, letters, medicine and science. Of these 27 were in the B. A. degree, 14 were taking the Literae Humaniores course (philosophy and the classics), 4 were taking work in jurisprudence, 3 in physiology, 2 in engineering, 2 in chemistry, 2 in geology, 1 in botany, 1 in physics, 18 in history, 10 in theology, 8 in English literature, 6 in mathematics, and 3 in modern languages. Eleven were taking special work in economics, 6 in forestry, 2 in anthropology, 1 in geography, 1 in rural economy, and 1 was preparing for Indian civil service.

Rhodes scholars represented Oxford against Cambridge in rowing, rugby, association football, cricket, tennis, track, hockey, ice-croquet, cross country running, boxing, and water sports. Two American Rhodes scholars took part in the international track meet last year between Harvard Yale and Oxford-Cambridge. One of these, a young man from Kansas, in the 440 yard hurdles race, won the meet for the British university, for this was the deciding event of the day.

The following list indicates the lines of work taken up by Rhodes scholars who had completed their three years at Oxford by 1911: law, 66; religious work, 19; civil service (Germany), 13; medicine, 11; scientific work, 9; business, 8; journalism, 6; mining and geology, 5; agriculture, 3; diplomatic service (Germany), 2; education and consular service (U. S.), 2; Indian civil service, 2; forestry, 2; colonial service (British), 1; colonial service, 1; army, 1; secretarial, 1; miscellaneous and unknown, 10.

MRS. ROBERTSON IS CLAIMED BY DEATH

SUCCUMBS AS A RESULT OF SEVERE BURNS.

Was Making a Visit to Her Former Home, When She Suffered Injuries From Fire—Husband and Three Small Children Survive.

Mrs. Thomas M. Robertson died at her former home, Scotland Neck, North Carolina, last Monday, according to a telegram received that evening by George F. Sprague from Thomas M. Robertson, husband of the deceased. Mrs. Robertson's death was due to the severe burns she received two weeks ago when her dress caught fire from an open grate by which she was standing.

Mrs. Robertson was visiting her sisters at her former home, where she had gone the first of last December, and from where she had planned to return to Twin Falls last week. Prior to the first of last week her condition had greatly improved, and strong hopes had been held for her complete recovery. Following a sudden reaction her condition became alarming, and Mr. Robertson was advised by his wife to hasten to her bedside. He left on Tuesday of last week and arrived in time to be with Mrs. Robertson for a few days before her death.

The death of Mrs. Robertson removes a loving wife and mother, and casts a gloom over one of the Twin Falls well-known families. She was the mother of three children, all boys, the oldest of whom is less than five years of age. The children were with their mother on her eastern visit and at the time of her death. Mrs. Robertson was a member of the Episcopal church. While no definite word has been received, it is likely that funeral will be made at Mrs. Robertson's former home.

MIKADO GREATLY ENJOYED

(Continued from page 1)

Three he was ably assisted by Mrs. Daube. The part of Katsusha is one of the most difficult on the bill, and to say that it was well taken is to imply a high-order of artistic and dramatic ability. Mrs. Daube was equal to every situation, her delightful voice being heard to advantage in every number.

Mrs. George W. Kenneth gave a fetching portrayal of the part of Yum Yum, in which she was ably assisted by the other "two little maids from school," the wards of the local high school. Mrs. Irene Dwight and Mrs. Ethel Booth. The song numbers of the parts were ably rendered, while the lines themselves were well read by all three. The costumes worn in these scenes added not a little to the stage pictures, all of which showed careful and painstaking care on the part of the stage manager.

Poo Bah Well Taken.

Dr. G. T. Higgins as Poo Bah gave a splendid performance in spite of the fact that he was evidently suffering from a severe cold. His deep, rich voice enabled him to bring out every shade of meaning of which the part is capable, while his acting was almost of a professional quality. His familiarity with the text of the piece was readily noticeable to the audience and his rendition of the part was one of the best in the entire cast.

A. P. Saylor, as the Mikado of Japan, managed to inject a line or two into his part little dreamed of by the authors of the piece, but his audience was with him and the effect was at all variance with the text. The part was well sustained throughout and the comedy element was not lost sight of. Like Dr. Higgins, Mr. Saylor was apparently suffering from a cold, although this interfered but little with the quality of his work.

C. I. Thompson as Nanki Poo made the most of a comparatively weak part, his voice being heard to advantage in his song numbers. W. H. Nixon and Zenas Smith took the parts of attendants to the Mikado in easy fashion, making the most of their somewhat slim opportunities. The balance of the cast was well chosen and well drilled.

Cast Ably Directed. To Mrs. A. L. Puckard and Mrs. Oertrude Knebel, belongs the credit

for a large part of the success of the performance. Both gave freely of their time and talent, and the result was readily apparent in a number of different ways. The musical direction of the piece was in charge of Mrs. Gilbert and H. H. Miller, and here too the application of patience and perseverance had contributed in splendid measure to the production. The numbers by the Twin Falls orchestra were among the best music of the kind ever heard in the city, and this feature added much to the strength of the bill.

Upon the conclusion of the piece expressions of the warmest commendation were heard among the audience on every hand.

represent the Snake River Improvement Co. here this summer.

E. D. Reese has sold his sheep to a Tex Angular buyer and they will be shipped to the California town. He will have about eight or nine double-decked cars and they are said to be one of the best bunches of fat lambs that ever have been fed on the Twin Falls tract. Mr. Reese is well satisfied with his feeding here and may return next winter with about six thousand sheep if he can get out at the right price next fall.

Newry Bros. sold their sheep last week to Archie McFarland at \$4.00 per hundred. The lambs averaged 78 pounds each, which was a gain of about twenty pounds per head during the winter feeding.

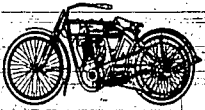

Ed Claborn has gone to Hilldale, where he is looking after his North Side ranch.

The stores, post office and bank were closed on the 22d and the town was very quiet.

Jones Bros. of Hollister had a wagon here a few days ago getting supplies for their cattle camp, which is located the other side of Jarbidge.

"My little son had a very severe cold. I was recommended to try Chamberlain's Cough Remedy, and before a small bottle was finished he was as well as ever," writes Mrs. H. Sinks, 29 Dowling Street, Sydney, Australia. This remedy is sold by all dealers.
