## RANKS SPLIT QUESTION OF DELEGATE

### LOCAL WILSON AND CLARK FOLLOWS PREPARE FOR FIGHT.

Thomas Jefferson Soon Forgotten When Democrats Turn to Burning Question of Home Politics—New Club Organized, Favoring Clark.

The fun has started in the Democratic camp. The war patrol has been applied and among themselves. The split has divided into the Wilson and Clark camps and the split is on. The delegates and the June 3, after which all will attack the pipe of peace.

The interesting situation took place at last Saturday evening. At that time a representative body of the party adherents gathered in Union hall to discuss the Democratic nomination for Governor.

The main speaker of the evening was Fred C. Hols, private secretary to Governor Hawley. Mr. Hols spoke of the influence and position in history of Thomas Jefferson. He spoke of the chances of the Democratic party in the coming national and state elections, predicting a party victory in both.

With honor accorded to Jefferson, the thought of the party turned to local politics. The question of the delegate to state delegates to the national convention at Baltimore brought forth a number of speakers.

With a party division thus clearly defined, a new organization was organized, a state delegate to the national convention at Baltimore brought forth a number of speakers.

## W. H. HORNIBROOK LEAVES

### Well-Known Local Attorney to Enter Law Office in Albany, Oregon.

W. H. Hornibrook, attorney from Twin Falls, who is well known both politically and as a practicing lawyer in Twin Falls, has bought a daily paper in Albany, Oregon, and will assume the management of it. Mr. Hornibrook will move his family to Albany, his brother taking over the law business of Hornibrook & Hornibrook in which the senior has been a partner since he sold the Chronicle of Twin Falls.

He states that he is glad to get back into the game, but feels very necessary of going outside of Idaho to do it. Mr. Hornibrook has been regarded as a power in local Democratic circles and he is expected to be missed both politically and otherwise.

## COUNTY WILL VOTE ON LOCAL OPTION

### MAY 22 HAS BEEN SET AS DATE FOR ELECTION.

Both 'Wets' and 'Dry' Are Making Campaign Claims on Result—Pre-emption Expected to Be Active, But Free from Strife.

The county local option campaign is on. Wednesday, May 22, has been set by the county commissioners for the election. The decision was made by the county commissioners after reviewing the petitions submitted, asking for a vote on the question whether Twin Falls county should be a 'wet' or a 'dry' county.

The state law requires that such a vote be taken on the date of the general election of the county. As the petition contained more than 1,500 signatures, and as, according to the law, 100 would have been sufficient, providing the number were all qualified, the petition was in the hands of the county commissioners for their consideration.

Both the 'wets' and 'drys' are expected to carry on an active campaign. Predictions and claims are being advanced by both factions. It is expected that the vote will be won from many of those who voted 'dry' at the previous election, but that the 'drys' will also carry over from the 'drys' at the former election.

## BRUNEAU PROJECT IS ASSURED

### WELPOME OF SOUTHERN IDAHO AGRICULTURAL LINES.

### MANY MILLIONS OF DOLLARS WILL BE EXPENDED SOON

### Six Hundred Thousand Acres Adjoining Twin Falls South Side Tract to Be Placed Under Irrigation by Means of Canal System and Dam at American Falls—At Least Twenty-Two Million Dollars to Be Spent.

Many millions of dollars, the expenditure of which will begin in the near future, will be used in converting southern Idaho into the largest irrigation area in the world. Six hundred thousand acres, adjoining the Twin Falls irrigation project, will be taken under irrigation. This will include 100,000 acres of irrigated and irrigated land in this section of the state. A great dam across the Snake river, to be built at American Falls to conserve the spring flood waters, will be conveyed to western Idaho by the BrunEAU project, which will be 140 miles in length. The sum of \$25,000,000 is estimated to be the cost of the new project, \$5,000,000 of which must be expended in the construction of the new canal as a single item in the disbursement.

I. B. Perrine, who is associated with the development of Idaho irrigation projects, left for New York and Washington last Tuesday evening, for an indefinite stay for the purpose of further arranging for the promotion of the Twin Falls irrigation project. Mr. Perrine returned from the east only last week, and his early return to the metropolis is necessary with the determined purpose of the promoters in pushing the project to completion.

Mr. Perrine is leaving for the east. Mr. Perrine stated that the financial backing for the completion of the project is practically assured. ## MOTORCYCLISTS TO MEET

### Club Will Be Organized and Plans Laid for "Hill Climb" on Dec. 17.

A meeting of all the motorcycleists of Twin Falls and vicinity will be held at the Commercial Club rooms next Saturday evening at 7 o'clock for the purpose of organizing a motorcycle club and to discuss future plans. At least one motorcycle contest has been decided on. This contest will be a "hill climb," and will be held at Shoshone falls on Decoration Day, May 30. Other contests are "warrior" races, and it is likely that some definite plans in that direction will be formed at the meeting next Saturday evening.

### STEAMER TITANIC STRIKES ICEBERG AND SINKS WITHIN A FEW HOURS—ONLY SMALL NUMBER OF PASSENGERS AND CREW SAVED.

### ED—MANY NOTABLES BELIEVED TO HAVE MET DEATH.

New York, Feb. 17, 3:30 p. m.—The Campdenun wireless station at Halifax just the Associated Press the following today:

"We are now in communication with the Carpathia and in a position to announce; unofficially that the Titanic struck an enormous iceberg and sank." Over 2,000 were lost. Seven hundred survivors, mostly women, are on the Carpathia."

The attention of the Campdenun station was at once called to the obvious error that would give the total loss and saved at 2,700, whereas the total of passengers and crew was about 2,200. In reply the following was received:

## NEW POSTOFFICE NEEDED

### More Floor Space Required Than Is Now Available—Present Lease Expires Next January.

Postmaster Greenhow has received a communication from Post Office Inspector P. J. Neill of Boise, authorizing the construction of a new post office for the Twin Falls post office for the local office.

The present quarters, adjacent to the Hotel Perrine, the lease in the building is expiring on the 1st of January. The quarters are inadequate for the demands of the office owing to the constantly increasing business. The office has been in the present quarters for four years past. The present room allows only about 2,000 square feet of floor space, which is not sufficient for the present business. It is estimated that quarters allowing for about 3,000 square feet be obtained. The fixtures and furniture in the present quarters, which is in the location of a new building before many years will be only temporary. The cost will be about \$35,000. Mr. Greenhow is now looking for the new office quarters. A lease, varying from five to ten years, will be made.

## CONVENTION HELD BY TEACHERS A SUCCESS

### COUNTY INSTRUCTORS ENJOY TWO DAYS' SESSIONS.

Professor Meek of Boise and Professor Farr of Chicago, well-known educators, delivered strong and practical addresses on timely topics.

The annual meeting of the Twin Falls County Teachers' association held in the high school auditorium on Friday and Saturday of last week was a successful one.

The first session was opened with music by the high school orchestra, followed by an address on "Impressions of Teachers," by Rev. W. S. Woodhull, pastor of the Methodist church. This address was a splendid presentation of the subject and the speaker held the closest attention of his entire audience throughout the address. After a very enjoyable musical number by the girls' glee club the remainder of the day was given over to school visitation.

The evening session opened with an excellent 30-minute concert by the high school orchestra. Other musical numbers that added much to the interest and enjoyment of the session were given by the boys' double quartet and the girls' glee club.

### This Principal Address:

The principal address of the evening was given by Superintendent Chas. S. Meek of Boise. Professor Meek is one of the foremost educators in the United States and is well known as one of the strongest advocates among educators of the industrial system of education. The address, "Teaching American History," was exceedingly practical and interesting. Professor Meek urged the humanizing of historical characters by means of anecdotes and interesting bits incident to the entire program. The lecture was along agricultural lines; the keynote of the lecture being expressed in the

sentiment, "The man who makes two blades of grass grow where only one grew the year before, is doing a greater service for his country than the man who goes to war."

### Saturday Session.

On Saturday morning the last session of the meeting was opened at 10 o'clock with a piano duet by Vesta Thomas and Nellie Teasdale. Two other special features of the morning's program were the solo by Professor Meek and a Dutch dance given by Mrs. Miller and Irene Fink, both of which were much enjoyed.

Professor Meek gave another strong address in the opening of this session, his subject being "What is Needed Most in the Present School System to Make it Practical." He advanced the practical theory that whatever course of study and training would best fit a student for actual service in life should be the course the student should have. The privilege of following Professor Meek's address was followed by a general discussion.

Professor J. M. Markel, superintendent of the high schools, gave a general and practical 45-minute talk on "Helps in Teaching Agriculture in the Grades." Superintendent Elliott, in a brief ten-minute talk at the close of the session, summed up the teachings of the entire meeting in a very clear and forceful manner that was most helpful to the association.

While there was not a large attendance from the people of the city, owing to the inclemency of the weather, a large percentage of the teachers of the county were present at each session.

## GOOD ROADS MEETING

Lantern Slides and Speeches to Renew Interest of Local Enthusiasts in Good Roads.

A good roads meeting, for the purpose of reviewing the work accomplished on the Hansen-Buhl road three weeks ago, and to discuss the advisability of continuing the work in this county in the future, is planned to be held in the Commercial club rooms within a short time. Speakers from among the workers on the road will tell of the good accomplished, and will voice their approval of continuing the movement.

An interesting feature of this meeting will be the showing of good road lantern slides. Word has been received by Secretary Spangler from the Automobile Club of Southern California, at Los Angeles, saying that slides, showing the good roads built in that state by that association, are on the way to be shown here at the good roads meeting. While these views will be a boost for southern California and their good roads, they will, on the other hand, give an excellent idea of what may be accomplished here and elsewhere by a systematic working of the roads. Slides will also be shown of pictures taken by Professor Elliott of the work done on the Hansen-Buhl road and the results accomplished. Announcement of the date of the meeting will be made on the arrival of the slides from California. These slides are being sent through the western states to be used in good roads meetings.

### ARTESIAN CITY

Artesian City, April 16.—J. B. Cochran was a business visitor to Twin Falls last Wednesday.

A. S. Loos had his brother-in-law, Dewey Craner, in Oakley last Thursday for medical treatment. Dewey had been here for several weeks for his health.

The survey party working on the south side pumping plant were working in this vicinity last week. One of the party stated that they expected to put water out here this year. This is good news for the dry farmers.

J. B. Cochran has moved into the Bower cottage for the summer.

Mr. and Mrs. J. B. Cochran are planning an auto ride to Goat Springs this week.

Mrs. Frank Terrill is able to be home after her illness in the county jail.

Miss Edith Craner is spending the week at her home at Oakley because of the sickness of her brother Dewey. Jack Collier has been appointed watermaster for Dry Creek district this season.

Mrs. Bower's father, S. L. Land, has been visiting his former home the past week from Rock Creek.

### Peter Costello and J. Stillwell

Peter Costello and J. Stillwell moved out from Twin Falls the 10th part of last week.

Fred Blackburn has moved onto the Binnema ranch for the season. Mr. Blackburn recently moved in from Canada. He states that he has his full complement of cattle and sheep permanently. He says that last year's crop of grain was snowed under in Alberta, early in the fall and is still in his field unthreshed.

J. B. Strong returned from Burley Wednesday, where he had been working. His son Claude went to take his place for a few days.

J. B. Cochran is preparing to put down another deep well for J. E. Bower.

Deputy Assessor T. T. Rutledge is working this week in the vicinity of Miltreath.

Mr. and Mrs. Orson Strong visited Twin Falls Saturday.

Mrs. Strong overlanded her time up town and missed the evening train. She not only missed the train, but missed a party given at her home that evening. All present at the party enjoyed themselves even in the absence of the hostess.

Others from here to the Hot Springs Saturday are as follows: J. B. Conroy, F. J. Eaton, Jack Collier and J. E. Strong.

### FINE PARK GROWING AT SHOSHONE FALLS

WILL BE GREAT SCENIC ATTRACTION IN THE WEST.

One Thousand Trees Receiving Care for the Making of a Shady Grove—Other Improvements Will Make Site a Beauty Spot.

With the aim of making Shoshone Park one of the greatest scenic attractions west of the Rocky mountains, improvements are being made and have been made at this falls that are really adding to the attractions of this site. A fine grove, now growing above the falls, is the making of one of the most attractive parks in the west.

Last year, in the instance and through the efforts of the Twentieth Century club, assisted by the Commercial Club, ten thousand trees were planted in the Shoshone Falls Park above the falls along the sloping walls of the canyon. The trees were donated by J. A. Waters, the well-known nurseryman, and comprise all the varieties that will thrive in this country, being maple, elm, poplar, cottonwood and the best of the shade varieties. Both quick and slow-growing trees were planted, it being the purpose to remove the former after the latter have attained a good growth. A re-

plant will soon be made of the few that failed to get a start last season. Arrangements have been made by the county commissioners for the care of the trees this year. Mr. Waters will give of his services for the best care of the trees as based on his experience.

As a further attraction to the park, arbors have been built and will be set with Virginia Creepers, and bushes and shrubbery of various kinds will also be planted. Improvements of a general nature will be made that will add to the site as a beauty spot.

The Twentieth Century club is taking much interest in the development of this park as are similar clubs elsewhere for the improvements in other state parks. It is hoped that an appropriation will be secured from the next legislature toward this end. With the building of the Oregon Short Line bridge across the river above the falls, and the promoting of good roads through this country, it will be the aim to offer an attraction for tourists, both by train and motor car, to visit white on transcontinental sight-seeing.

### PICTURES FOR KIRKNESS

Large Views of Twin Falls and Shoshone Cataracts to Be Exhibited at Boise.

At the Twin Falls exhibit at the Kirkness to be given in Boise next week under the auspices of the Columbian club of that city, two fine pictures—one each of the Twin Falls and the Shoshone falls, are being prepared for shipment.

The pictures are being made by the Ames studio and are 40 by 49 inches in size. The framing is being done by the Twin Falls Sash and Door company, formerly the Adams-Curtis company. With the frame which will be of Mission oak, the completed pictures will measure 52 by 72 inches, and will be entirely a "home product."

With the close of the Kirkness, the pictures will be returned to Secretary Spangler and will be given away to the exhibitors. In their enlarged form they are an elegant piece of art.

### LEAVES FOR VACATION

County Treasurer W. J. Young Will Resume Duties of His Office About July 1.

Prior to his leaving this city last Friday morning for Colorado and California, County Treasurer W. J. Young stated that he had appointed as his acting treasurer, James E. Keech, his real estate partner. Mr. Young expects to return to Twin Falls about July 1, at which time he will resume the duties of treasurer as heretofore.

Mr. Young's leaving the city for a three months' trip is for the benefit of his health. Accompanied by his family he went to Rocky Ford, Colorado, where they will make a short stay. Afterwards they will go to San Diego, California, where they will spend the remainder of the approaching early summer. They were accompanied as far as Colorado by Miss Edith Young, who returned to her home in Iowa. Mr. Young stated that he is not at this time moving from this city for an indefinite stay, as had been the impression.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's Cough Remedy. It not only gives relief—it cures. Try it when you have a cough or cold, and you are certain to be pleased with the prompt cure which it will effect. For sale by all druggists.

**Week in Society**

The past week has been a busy one in social circles, with parties, receptions and important club meetings, to the exclusion of smaller society events, a number of clubs having postponed their regular meetings this week, therefore, this is the season for the purpose of the club members and the events of the final meetings and parties. Among the social events are the two large parties to be given on Thursday afternoon and evening by Mrs. W. F. Wood and Mrs. P. J. Costello at the home of Mrs. Costello. On Tuesday of next week occurs the "breakfast" to be given by the Twentieth Century club which prior to it was one of the most delightful occasions of the season.

**Reception.**  
One of the most charming society events of the week was the reception given by Mrs. A. D. Norton and daughter, Mrs. James A. Walker, on Saturday afternoon of last week, from 1 to 3 o'clock. The rooms were beautifully decorated with ferns, palms and flowers, following the predominant color scheme of the season in green, yellow and white, which with the many handsome pieces of antique furniture lent a charm to the scene that was most pleasing. Assisting in the hosting in the receiving line were Mrs. W. F. Wood, Mrs. M. J. Sprengle, Mrs. H. W. Clouche, Mrs. J. J. Graham and Mrs. O. B. Young, member of Mrs. Norton, and for the second hour, Mrs. Chas. H. Scott, Mrs. P. J. Chamberlain, Mrs. S. T. Hamilton and Mrs. O. B. Young.

**Refreshment.**  
A delightful luncheon, which was served in the dining room, which for the first hour, was presided over by Miss Mac Scott and for the second hour by Mrs. W. H. Greenwood, and assisting them were Misses Rita Wall, Elizabeth Flowers, Olga and Clara Brose.

**One O'clock Luncheon.**  
A delightful luncheon, which was given by Mesdames A. D. Norton and James A. Walker on Wednesday afternoon of last week at their home on Fourth avenue north. Yellow and white, the prevailing colors of the latter season, were much in evidence in this luncheon. Assisting Mrs. Norton in serving were Mrs. Kirk Booth and Miss Olga Brose. Following luncheon the guests enjoyed "600", the prize for high score, a beautiful bouquet of flowers, being won by Mrs. D. L. Sweely. Following were the

guests: Mesdames J. H. Seaver, P. H. Smith, D. Thomas, W. Clouche, H. T. Hamilton, Lucy Graham, E. J. Ostrander, M. J. Sweely, R. W. Spang, W. H. Greenwood, C. R. Scott and D. L. Youngs, mother of Mrs. Norton. **Entertainment for Mrs. Tyler.**  
Mrs. W. E. Nixon was hostess at a delightful informal party on Thursday evening as a courtesy to Mrs. G. D. Tyler, who, with her husband and family, left yesterday for their new home in Mountbush, Oregon. Daily refreshments were served by the hostess, who was assisted by Mrs. M. B. Nixon and Misses Anna Officer, Nell Bullis, Georgia Maxwell and Bula Fox.

**Entertain "500" Club.**  
One of the very pleasant card parties of last week was that of Tuesday evening, when Mrs. W. F. Wood presided. The Twentieth Century club entertained the Tuesday Evening "500" club at their home on Sixth avenue east. Mrs. C. H. Burton and F. M. Roberts were awarded the prizes for high score. Delicious refreshments were served, the hostess being assisted by Mrs. P. T. Mitchell.

**Card Club Entertaining.**  
The Wednesday Evening Card Club was pleasantly entertained last week by Mrs. and Mrs. W. S. Hill at their home on Seventh avenue east. C. E. Booth and Mrs. O. A. Stalker won the prizes for high score and O. B. Laverne secured the guest's prize. Mrs. E. C. Laverne assisted the hostess in serving.

**Entertain P. E. O. Society.**  
On Thursday of last week Mrs. A. N. Sprague was hostess to the members of the P. E. O. society. Following a delightful social session, delicious refreshments were served, the hostess being assisted by Misses Nan Greenwood and Jolena Comba.

**Wednesday Afternoon Bridge Club.**  
The Wednesday Afternoon Bridge club was very pleasantly entertained last week at the home of Mrs. J. E. Hartigan. Mrs. C. E. Booth was the fortunate winner of the club prize for the highest score, a pair of silk hose being the prize.

**The Cotillion.**  
The Cotillion given last Wednesday evening by the Twentieth Century club was one of the most enjoyable parties of the season. The attendance

was good and excellent music was furnished by Brown's six-piece orchestra.

**N. N. Club Meets.**  
Mrs. W. P. Guthrie entertained the N. N. Bridge club at her home on Wednesday of last week. Mrs. A. P. Miller secured the prize for highest score, the prize being two doles of cards.

**CLUBS**

The newly organized Current Events department of the Twentieth Century club met on April 13 and elected Mrs. W. W. Humphrey chairman. The chairman then appointed Mrs. W. W. Williams secretary and treasurer, and Mrs. E. Packard chairman of the program committee for the coming club year. The object of this department will be to keep in touch with the world's work and progress of today. While this department will devote considerable time to current events of interest, occurring at home and abroad, it will devote more time to studying all the live issues before the public. It will also give considerable time to book reviews and endeavor to read several new publications during the year. The first study work attempted in the fall will be along the lines of broader use of public property which will come under the general head of Social Care Development. The topic at the first meeting in October will be "The Little Red School House and the Mission." At least one lecture will be secured dealing with this general subject.

An adjourned meeting of the Twentieth Century club was held at Elks' hall on Tuesday afternoon, when the various committees for the coming year were appointed. The following delegates to the State Federation to be held in Boise the latter part of June were elected: Mesdames Elliott, Dixon, Humphrey, Wilbur, Hill, North, Packard, Clouche, and Miss Nelson, with Mrs. Norton and Mrs. E. C. Laverne as alternate for the last meeting of the club for the year.

The Fortnightly club will hold their closing gathering of the year at the home of Mr. and Mrs. J. H. Sauer on Monday evening of next week.

The N. N. Bridge club meets this week with Mrs. C. O. Longley.

The Winodan club meets this week with Mrs. A. H. Ostrander.

The S. N. S. Bridge club postponed their meeting of this week.

**WEDDINGS OF THE WEEK**

**Hood Larson.**  
The marriage of Miss Vivia L. Hood and E. V. Larson of Twin Falls, Idaho, was quietly solemnized Wednesday evening at the home of the bride's parents, Mr. and Mrs. P. P. Hood, 1177 West Third street, Twin Falls, Idaho. The ceremony was performed at 8 o'clock in the presence of the immediate relatives by the Rev. C. B. Medbury, pastor of the Episcopal Church of Christ. The bride is a graduate of the Drake university primary department and a popular member of the "Twin" club. The groom is the son of Mr. and Mrs. George Larson of Story City, and is a graduate of the liberal arts department of the law department of the University of Iowa. Mr. Larson will be at home after April 23 in Twin Falls, Idaho, where Mr. Larson is practicing law. The out-of-town guests were Mr. and Mrs. George Larson, Story City; Mr. and Mrs. J. C. Shering, Parkersburg; Mrs. W. W. Morrison, Oklahoma City, Oklahoma, and Miss Lona O'Connell, Perry. —Doe Mies (Iowa) News.

—Turner-Palmer.

A pretty home wedding occurred on Monday evening of last week at the home of Mrs. M. J. Turner on Blue Lakes boulevard, when her daughter, Alice May, was united in marriage to Guy C. Palmer of Canyon, Oklahoma. Rev. W. B. Woodhull, pastor of the Methodist church, officiating. Only the immediate members of the family were present.

**Miss Turner Has Lived In this City for the past five years, having graduated from the local high school in the fall of 1907. Palmer is a graduate of the business man of Canyon, Oklahoma, where the young couple will reside at first. A visit in Denver and Kansas City. **Floret Martin.**  
Miss Floret Fima and F. J. Martin, both of Dahl, were united in marriage Saturday afternoon in the office of the minister, Pastor J. W. Shields, who performed the ceremony. The young people will make their home on a ranch near Dahl.

**Faust Thatcher.**  
Miss Addie Faussett and Albert Thatcher, both of this city, were married on Saturday evening by Judge W. S. Smith.

**TO ENTERTAIN SOCIETIES.**  
Presbyterian Missionary Society Will Be Host to Sister Organizations. The Missionary society of the First Presbyterian church will entertain the missionary societies of all Twin Falls churches on Thursday evening. The entertainment to be given in the Presbyterian church parlors, will comprise both a morning and afternoon session. Plans will be made to entertain all members of local missionary societies will be heartily welcome. An enjoyable day is anticipated.

**LAST INDUSTRY VISIT**

Members of Twentieth Century Club Are Guests of Robertson-Jank Packing Plant

The last of a series of visits to home industries was made Wednesday of last week by the members of the Twentieth Century club. Under broad purpose in view, this department of the club has paid visits to various industries in Twin Falls, with the result that both manufacturers and housewives have been much benefited by the experience. The manufacturers have been gratified by the interest and consideration displayed by the representative women of Twin Falls who have visited their establishments, and the women, in turn, have been highly pleased by the courteous, open manner with which they were received by the manufacturers and conducted through the establishments the various processes in each place being carefully demonstrated and explained. Next week the club will visit those industries which it did not visit this year.

The visit last week was made to the Robertson-Jank packing plant. The members met at the berries from which they were covered in "business to the stock yards." The human process of killing was first explained to the visitors, who did not care to see this part of the work demonstrated. The rendering of lard, dressing of soap and the manufacture of overwrust was in operation, all of which with the uses of the modern, sanitary machinery, was thoroughly explained. The tour through the various departments was very interesting and instructive.

One member of the visiting party is quoted as saying, while driving through the cattle yards, "I have never seen this big and there will be ten times as many head of cattle in these yards and they will be raised on the Twin Falls tract, and we as woman will claim some part in helping build up our manufacturing industries."

**DR. EVANS SAYS:**

In moving our office from the Perrine Hotel building to the new location we feel we have a room better suited to our work and have equipped with dark room electrical apparatus and all the best approved instruments for measuring the errors in refraction of the eye. The work will now be done in a darker weather as well as in clear weather. If you prefer to have your eyes tested — or for reading — lamp light we can use the dark-room in daytime or in the evening by appointment.

With eighteen years' practical experience Dr. Evans does not hesitate to undertake the most complicated cases. We are permanently located and you always be able to find us. Our offices are well equipped and our aim is to give the best service and a "square deal" always.

**SOCIETY HOSIERY**

THE SILK STOCKINGS, WITH THE BLYE WEAR AND FIT

Colin Phillips, the famous New York artist, has said woman must lavish most of her attention on the shoes and stockings that dress her feet.

He is right. No woman of today can afford to wear flitting shoes and shoddy stockings, and no shoe, however expensive, look well over a flimsy, cheap looking hose.

**SOCIETY STOCKINGS** long, with reinforced heel, sole and toe and double knit garter top. They have all the durability of the old time hose combined with the beauty of the silk. In their wearing the greatest of care has been taken, with the result that there is no unnecessary sagging at the ankle or instep.

**SOCIETY STOCKINGS** look their part—they are fine, sleek and thoroughbred.

**SOCIETY HOSIERY** is not on sale at the shops, but must be purchased from us direct by mail. In this way we eliminate the dealer's profit, greatly reducing the cost to you and also prevent the substitution of an inferior grade of hose.

These stockings positively will not run; they come in all colors and will be sent by mail to any address, all charges prepaid. If on inspection you are not satisfied—you will be the sole judge—your money in full will be refunded.

### A GOOD MOVE.

The Merchants and Manufacturers' association of Twin Falls has taken a step in the right direction in the sending out of a circular letter to its members urging upon all the necessity of living up to the tenets of the organization in the matter of making purchases at home.

The circular says in part:  
No great good can come from organized efforts along this line until our own members adopt the same rule of home patronage, purchasing at home as gratification for their own consumption, in which they are not dealers, as the public cannot be expected to take kindly to the appeals of this organization when own members are violating the spirit and purpose of its object.

The News desires to lend its endorsement to

the principle involved. If every man on the tract whether he be a member of the M. & M. or not, would take this injunction to himself and live up to it, Twin Falls in a few months would hold a position unique in the annals of civic growth of cities. She would attain a degree of prosperity which would be reflected in the improved condition of every person in any walk of life. The credit of the community would be improved and better prices would be readily possible through the greater sales which would be made and as a result of the distribution of a greater amount of cash in Twin Falls county.

The Association takes the position that in order that its efforts may meet with the fullest support, its own members must first be above suspicion. Right again.

In the ranks of the Association are men who have consistently opposed out-of-town purchases for years and who have gone out of their way to see that not a single member of their families indulged in the practice to the extent of a single nickel. But, on the other hand, it is well known to the members themselves that this rule has not been followed by a good many others.

The mailing of the circular serves to call attention to a weakness which should be corrected, and in a large measure it probably will be.

### NO MAN CAN TELL.

It is well understood among publishers and newspaper men that no denial of any article previously published can completely undo the work of the original publication. In other words, "Lies are like ivy over a tree; the more you cut them, the faster it grows." The more vicious the falsehood the faster it travels. Truth, being more prosaic in the subject matter dealt with, spreads more slowly and so the evil one worked, keeps on going and no man can tell where it will stop or how much harm may be done by it.

A rise in point is that of the Iowa Homestead, a weekly publication of Des Moines, which in an effort to discredit the political ambitions of one of Iowa's sons saw fit to give publicity to such severe criticism of Idaho lands and land resources. Every one in Idaho knows just how utterly baseless were the stories printed. A number of Iowa papers have since done their best to annihilate the

effect of the falsehoods, and Idaho men and women have not been slow to take up the cudgels in her defense, yet no less than three different letters have been exhibited at The News office by Twin Falls people written from Iowa in which the writers refer to the stories of fraud and worse in Idaho lands. "We are not sure whether we will come to Idaho at all now," says one letter, "there is so much talk of people losing their money in Idaho-land investments."

Not all the publicity in the world will serve to re-establish Idaho lands in the good opinion of all the people, and Idaho citizens will never know just how many more families might have taken up land here this year had it not been for the Des Moines editor's extraordinary outburst. And herein lies the rub, true or false just the same, the mischief has been done and can never be fully corrected.

But it is unfortunate that some law does not exist for the correction of the morals of the man who penned the lies in the first place.

### THE TITANIC DISASTER.

In all the terrible history of the sea there is perhaps no blacker page than that which records the sinking of the Titanic in mid-ocean with her cargo of nearly three thousand souls. From the latest accounts it is fair to assume that many of these will be saved, but the death list will reach appalling figures just the same. The theory of non-sinkable ships would seem to be not at all unright, yet when the facts are gathered it may be found that not the ship, but some one man, was at fault. The cause of the disaster will undoubtedly be established in time and in the meantime the prayers of a nation go up for the success of passengers and crew.

### EXPLANATIONS IN ORDER.

In view of the fact that there is every likelihood that the Twin Falls post office appropriation bill will be shelved for the balance of the session if not longer, it would be interesting to see Senator Hayden just what his idea was in presenting for passage a bill providing \$300,000 for post offices at Pooleville and Cour d'Alene with no reference whatever to the needs of Twin Falls.  
The fact that these two towns were provided

for while Twin Falls was ignored on top of the fact that the local site has been bought and paid for would seem to have some bearing.

### A LOSS TO TWIN FALLS.

Twin Falls loses a good citizen in the person of W. H. Hornbrook, who leaves May first to assume the proprietorship of a daily newspaper in Albany, Oregon. Mr. Hornbrook has served the county as senator during the current term and was slated for the position of chairman of the Democratic state central committee in the coming campaign. His going leaves a vacancy in the ranks of Democracy which it is generally conceded will be hard to fill.

### WHY THE MISSISSIPPI?

The Father of Waters is certainly living up to his original appellation this year. With millions of dollars' worth of property destroyed, the great stream has more than justified the title of "an endless river spread out," which is the closest interpretation from the Indian that can be reached.

### JOY AMONG THE DEMOCRATS.

The fires of Democracy still burn, and burn brighter than in the vicinity of Twin Falls, but the faithful will persist in sustaining brands and building little fires of their own. Delegate to the national convention—Ad may be trouble, but get 'em separately or they may be loyal.

### DO A LITTLE NOW AND THEN.

After a rain or whenever you have time, get out the drag and go over the mile or two of road nearest you. The roads are now in good shape but "eternal vigilance is the price of safety" and they won't last long without continual care and attention.

### SOUND ADVICE.

In another column will be found an editorial reprinted from the "Spirit Lake Herald" which is well worth reading. The writer preaches political burlesque at any cost if the Republican party is to win this year, and in the view set forth The News heartily concurs.

### LEAVE THEM TO ROT.

Editor News: You will allow me to say in your paper to call to the attention of the farmer on the different sections of the Bulletin that it is time to use the King drag right after each rain and don't wait too long. The value in using this simple piece of road making consists in doing so at the right time. Put the drag on as soon as it is through raining, while the top of the mud is still wet and slippery. After this mud is scraped into the rut it is packed by the traffic and becomes exceedingly hard. A road taken care of in this way will hold up in good condition all summer long and until the fall rains come. If the mud is not scraped out, the great road destroyers, the water and the mud, will hold up in good condition all summer long and until the fall rains come. If the mud is not scraped out, the great road destroyers, the water and the mud, will hold up in good condition all summer long and until the fall rains come.

### MORE THAN 2,000 LOST.

The steaming steamer, Carpathia, has 853 survivors on board, according to reports received at the White Star office in New York. This increases the list of saved by about two hundred from the previous report. But with the revised figures there remain 1,350 persons, passengers and crew, of the Titanic who today are unaccounted for, approximately the same number as the steamer Virginian and Parisian, of the Allan Line, picked up survivors were "despised" when the Sable Island wireless station was informed that the Parisian had picked up no survivors and a wireless message from the captain of the Virginian said "I started off on a mission to London—New York and Paris are grief-stricken and overwhelmed by the news of the disaster. Terrible sorrow through the steamer's office in all these cities—waiting hour after hour for news.  
Many men of prominence on both continents are among the missing.  
Colonel John Jacob Astor is believed to be among those drowned. His wife and her maid are said to be in the Carpathia.

## Announcements

J. Meyer, vice president of the Braden Copper company, still are unaccounted for. Whether Charles M. Meyer, president of the Grand Trunk was saved is not known. His name was not among those reported rescued by the Carpathia. A Canadian dispatch stated that the Carpathia had rescued. His wife and daughter were rescued.

### Scout Cruisers Hurry North.

President Taft late Tuesday afternoon directed the secretary of the Navy to order the scout cruisers, Trip and Chester to be sent from Hampton Roads to meet the Carpathia and send by wireless to the government a complete list of the survivors of the Titanic. The Chester was caught by wireless about 40 miles off the Chesapeake capes and by 4 o'clock, was steaming northeast at 20 knots an hour, aiming to get as quickly as possible into touch with steamers having news bearing on the disaster.

### Two revenue cutters also were notified to stand in readiness to proceed to the Carpathia, if necessary.

In the event that the Carpathia is unable to dispatch the cruiser North Carolina

### SNAGS APPEAR IN PATH.

Then, too, the anti-Dubois men who have been making the headlines in the White House region in the White House "Dubs" would be "nothing do it" if any Idaho man who had ever opposed the "Dubs" were to be elected to the office. With the realization naturally of honor causes of ire and had "Breg" Governor Hawley "Breg" Hawley, who has been in the White House to understand that he was with them and then transferring his allegiance to "Dubs" in the state.  
What was once the Stenbocker's office of the party.  
Some time ago it was announced that U. S. Stenbocker, brother of the assassinated governor, had been chosen Idaho senator by the Champ Clark force. Coupled with this news, the fact that the whole Stenbocker wing was in line for Champ Clark. Now comes the assertion that a large majority of the Stenbocker wing have renounced hostilities against Dubs and that this of necessity throws them into opposition to Champ Clark. The situation grows warm.

A superb quality of Imported Silk Hosiery that equals \$2.00 silk.

## What the Buss Says:

I have sold many different brands of hosiery in Twin Falls and experience shows the Burlington brand the best finished, best dyed and most durable line obtainable. If a single pair, 10c to \$1.50, turns brown or gives unsatisfactory wear return it. These hose are made longer length, more perfect foot measure and longer, finer fiber than any other line. In offering the Burlington hose to you I feel confident in the article as up to our high quality of merchandise. Buying, as I do, in quantity for our large exclusive dry goods store enables me to give you lower than competitors. This is a hard country on hose and I'm confident this is the hose to build on, with its quality of wear and its superb finish of fineness. This department is receiving much attention from me and I'm giving the trade better goods for less money. Ask the salesman to show you.

### CARPENTER DEFEATS JOE GANS ON POINTS

BOXERS KEEP THINGS LIVELY IN TEN-ROUND MATCH.

Good Crowd Witnesses One of the Best-Glove Contests Ever-Billed in This City—Decision Metis With Approval of Fans at Contest.

Jack Carpenter, the Salt Lake glove artist, won the bout with Young Joe Gans (colored) of Donora, before a packed house at Cullison hall on Tuesday night, after ten rounds of the fastest boxing ever seen inside the ropes in this section of the state. Of chieftain made kept the crowd in good humor until the men appeared in their corners. Both were in fine fettle and in splendid condition and keen for the tap of the bell. They weighed in at 134 pounds, Carpenter being eight pounds lighter than in his former appearance here with O'Brien.

Lively from Start.

With the first gong, Carpenter started the performance with lightning-lefts to the face and his right upper-cut. Gans appeared to be bothered by the Salt Lake boy's aggressiveness and speed, and depended upon his feet and clever blocking to save himself from harm.

Carpenter went after his man in the second, and in the furious milling that followed, challenged Gans' method of fighting. The colored boy was worried by Carpenter's left jab, and struck the white boy twice in the breakaway. There were cries of foul on every side, and the noise from the crowd was deafening. Carpenter kept to his tactics of leading the way, and with the first four rounds in his favor, rubbed his man in the ropes in the fifth with straight lefts and right hooks to the face, and tried desperately to land a right upper-cut to the chin at close quarters, but Gans saved himself by blocking and fought back at his man viciously and stubbornly. The crowd was on its feet yelling for the finish, but the tap of the bell stopped hostilities.

Gans beat in sixth.

Gans got to his man in the sixth and sent Carpenter's head back and started the claret flowing from his

nose and mouth and dropped, his left eye in mourning. Carpenter was forced to the ropes, but came back with a rush and a smile and mixed it up with Gans at close quarters. After barely five minutes Gans appeared to be in some distress from the swift onslaught of blows of his opponent, and resorted to running; hence from corner to corner, with Carpenter calling to him to come into the center and fight. The white boy got to his man time after time with straight lefts to the face, and forced him in the ropes, but Gans covered and saved himself and could be depended upon at all times to fight from the ropes with vicious swings and right hooks. The seventh and eighth rounds found the men fighting straight up, Gans appearing to be in distress and took a full crouching position, apparently for relief. Carpenter forced him to the corner and onto the ropes, fighting from Gans—blows failed to land.

The colored boy rallied in the ninth and held his own for a time, but in the tenth Carpenter was at him again and Gans went into clinches time and again to save himself. The crowd was cheering wildly; and with both men making viciously the lap ended, and the referee raised Carpenter's glove. The decision was well deserved, and met with the approval of the spectators.

Carpenter's fighting was a revelation to local sports who have seen him in previous performances. Gans fought gamely and used his head well, but was clearly outpointed in every round except possibly two. The contest was clean, and the men shook hands in Gans' dressing-room after the battle.

Carpenter will leave for Salt Lake in a few days with his manager, and will try to make arrangements for a bout with a top-notch in the near future.

It was stated after the fight that Gans was suffering from a bad injury to his shoulder before he entered the ring, received while training for the bout, and that he was greatly handicapped on that account. His shoulder was bandaged by a physician after the bout, who, it is reported, stated that Gans was in poor condition at the time he entered the ring.

### HEYBURN HOPES TO PASS SENATE BILL

DEMOCRATIC HOUSE MAJORITY MAY BLOCK APPROPRIATION.  
Twin Falls Post Office Will Be Patterned After Evanston, Illinois, Federal Building, and Will Be One Story High.

Recording the present situation toward securing a congressional appropriation for the erection of a federal building and post office in Twin Falls, the following letter from United States Senator Heyburn was received by Secretary Spangler the first of this week:  
"I am hopeful that an appropriation will be secured during the present session for the erection of a federal building and post office in Twin Falls. While the Democratic majority in the house has gone on record as opposed to any omnibus public building bill during this session, I am hopeful of receiving a favorable report from the committee on public buildings and grounds in the near future, and of securing the passage of the bill in the senate."  
The photograph sent you by Mr. Addison T. Smith, secretary of the committee, is believed to be the best type of building for a post office alone, and was selected from a number submitted. For its construction the most imposing and beautiful in design of any that has been erected. As there is no other federal business at Twin Falls other than the post office, of course the building will be of but one story."  
The photograph to which Senator Heyburn refers in the above letter can be seen in the Commercial club rooms, 11-13 of the Federal building recently erected in Evanston, Illinois, and is accounted to be the most imposing building in use. The federal building in Twin Falls, which will be closely patterned after the Evanston building, will be erected at the corner of Main avenue and Second street west.

### NEW HIGHEST SKYSCRAPER

New York Building Will Be 750 Feet High—Will Cost Enormous Sum of \$13,500,000.

New York, April 13. The latest habitable building in the world is going up on Broadway between Barclay street and Park Row. It will weigh hundreds of thousands of tons. It rests on 65 pillars of cement, reaching down to solid rock from the street level. This building, the tower light of which, 750 feet in the air, will be seen 95 miles out at sea, has in it 20,000 tons of structural steel.  
The 30,000 square feet of land on which the building stands cost about \$4,500,000. The cost of construction will run to \$9,000,000. The whole pile is an investment of approximately \$13,500,000.  
There will be a floor space of 23 acres and 3,000 offices, and the daily population of the building will be 10,000.

### Towers Above Them All.

Compared to other, and until recently termed "highest sky-scrapers," this latest structure overshadows the tallest in this city towers to a point 650 feet above Madison square, while the Singer building, at this time second in height, reaches 713 feet above Broadway. With its 550 feet height, Washington's monument at the national capital, is now reduced to the second class of tall structures.

### KNEW MORE THAN ALL OF THEM.

The lawyer-are you acquainted with any of the men on the jury?  
The witness—Yes, sir; more than half of them.  
The lawyer—Are you willing to swear that you know more than half of them?  
The witness—Say, if it comes to that, I'm willing to swear that I know more than all of them put together.  
Cash paid at this office for clean cotton rags in good sized pieces—no scraps.

### BIG POTASH BED FOUND

Quantity Sufficient to Supply the United States 30-Years Discovers in California.

Potash, in the commercial form, undiscovers in quantity to supply the United States for the next thirty years, has been discovered by government scientists in Bearings Lake, San Bernardino county, California, according to an account appearing in the Los Angeles Examiner. The estimate of the field in the geological survey and the bulk of the deposit is estimated to amount to 4,000,000 tons, but the authorities, from data in their possession, consider that estimate conservative, and believe that more than 10,000,000 tons of potash is available there.  
The great value of the find is that the product is in readily available commercial form. Potash is known to exist in many places in the United States, but in most of the cases no commercial means has been found to use it.  
The dried-up lake has received the drainage from the surrounding hills for three-hundred years, and vast quantities of concentrated minerals thus have accumulated in it.  
Similar dried-up lakes containing valuable deposits, it is believed by officials there, exist in the arid regions and will be discovered.

### Why He Was Late.

"What made you so late?"  
"I got behind."  
"Well, that is no reason why you should be an hour late getting home to supper."  
"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach."  
"Did you tell him to take Chamberlain's Colic, Cholera and Diarrhoea Remedy?"  
"Sure, that is what he needs." Sold by all druggists.

### MAKING INVESTMENT IN FEED

Man With New Viewpoint May Make 200 Per Cent. Per Annum Interest.

To look upon the buying of milled feed as an investment rather than an expense may change a dairyman from a miser into a business man. For, while the short-sighted individual may feed one ton of work of concentrates per month to a good cow and realize therefor \$1.50, the man with the new viewpoint, get a return of 45. He has gone the same number of times to the grain and feed mill, and milk the same number of times; and cleaned the stable the same number of times, yet the simple investment of \$3 has at the end of one month earned 50 cents interest. If he turns this 13 over again and again as a business merchant does, at the end of six months the investment has been doubled. In other words, it has made 200 per cent. per annum interest.

### WHY EVERY MAN SHOULD INSURE IN THE NEW YORK LIFE

BECAUSE: It has an honorable record of fifty-seven years.  
BECAUSE: Its policies protect nearly one million families.  
BECAUSE: It has over 634 million dollars in assets—its legal liabilities amount to \$381,094,712. It holds in reserve for dividends and contingencies \$103,589,268.  
BECAUSE: It has over 566 million dollars in Policy Reserve Funds as calculated by the New York State Insurance Department.  
BECAUSE: It will pay in dividends in 1912 over \$111 million dollars.  
BECAUSE: It is purely mutual. It has no capital stock. All of its assets, surplus and earnings belong to its policy-holders.  
BECAUSE: It believes in publicity. It files its Annual Report with the Department of Commerce and Labor of the United States; with the Insurance Department of the State of New York, with each of the State Insurance Departments in the United States (except the State of Texas, where on account of hostile laws it does not do business), and with the governments of most of the civilized countries of the world.  
BECAUSE: Its policies are free of restrictions as to travel, residence and occupation, contain liberal guarantees, and the Company's record for the prompt settlement of claims is second to no other company.

We would be pleased to show you through our stock, no matter whether you decide to buy or not. They're priced from \$18.00 to \$30.00. We're others cheaper, but those we will guarantee in every respect. Come in and see them!

It's Style. You want when selecting a Corset. However, you can't well afford to sacrifice style for comfort and service.

G-D Justrite Corsets are always first in the matter of style and comfortable because built along the right lines; and were certain of the service because of the high quality of the models used. The new models are sure to interest you. Askew.

"Best Ever" and "Admiral" Clothes for Boys. Priced from \$3.00 and up. Among the new arrivals in our Boys' Clothes Department we are showing the prettiest new suits, brown, tan and blue, and in styles that are the very latest. Many mothers have been asking for Suits with two pairs of trousers. We now have them. We would be pleased to show them to you. All Suits have all the newest features in boys' tailoring and priced within reach of every one.

Furnishing Goods Notes. Have you purchased your Underwear and Shirts for Spring and Summer? Don't forget our Furnishing Goods Department is always the most complete in southern Idaho and we made it better this season. New Shirts. New Underwear. New Neckwear. New Hosiery. And every little want that it takes to complete the dress of the most critical man.
