MISS ETHEL MOORE WINS IN CONTEST

"THE TORMENT" ABLY DECLARED, GAINS FAVOR OF JUDGES.

Member of High School Freshman Class Takes First Honors—Professor of Elliott Chosen One of Declaratory League Officers.

Miss Ethel Moore, a member of the freshman class in the city high school, carried off first honors in the annual Southwestern declamatory contest held at Caldwell, yesterday evening.

Miss Moore was the choice of winners in all departments of the contest held in the local high school some weeks ago for the purpose of selecting a representative of the city to compete in the annual declamatory contest held at Caldwell.

Miss Moore's theme in the declamatory contest was "The Torment." She was accompanied to the contest by Miss Stockley, teacher of Latin in the city school. Miss Moore's home is in Eugene, Oregon, but she resides with her uncle, P. H. Crow, of the county clerk's office, while attending school in this city.

Selected representatives of eleven high schools in the southern part of the state took part in the contest, which was held under the auspices of the Idaho High School Declamatory League. The schools represented were: Nampa, Coeur d'Alene, Pocatello, Shoshone, Emmet, Hiley and Star. Each school had one representative in the contest, which was divided into three divisions—the humorous, the oratorical and the dramatic. An elaborate reception was given the various school representatives following the contest.

PRETTY HOME WEDDING

Miss Ruth Stafford and Samuel Gamble Afo-United in Marriage—Tuesday Afternoon.

One of the prettiest home weddings of the season was that celebrated on Tuesday afternoon at the residence of Mr. and Mrs. Albert D. Stafford on Eighth avenue east when their daughter, Miss Ruth Stafford, became the bride of Samuel Gamble, son of Mr. and Mrs. M. F. Gamble, the Rev. Dr. John Gourley officiating.

Both bride and groom entered the room to the beautiful strains of Lohengrin's wedding march, played by Miss Stanton, and took their places before an arch of ferns and carnations. The bride was dressed in a gown of white tulle and carried cream roses.

Following the ceremony and congratulations a delicious wedding dinner was served, after which the bride and groom departed on their wedding trip amid showers of rice and old shavings. Only the immediate relatives witnessed the ceremony.

Both bride and groom are well known here and highly esteemed by a large circle of friends, who join in extending congratulations and sincere good wishes for a long and happy wedded life.

After a short wedding trip Mr. and Mrs. Gamble will be at home May 19 on the groom's farm three miles south of Twin Falls.

BLACKSTONE-DYER WEDDING

Miss Inez Dyer, a daughter of Mr. and Mrs. C. W. Dyer, of Sixth avenue east, and J. Oliver Blackstone were married by the Rev. John Gourley, D. D., at the Presbyterian church yesterday morning.

MURPHY-ADAMS WEDDING

John M. Murphy, of Dahl and Mrs. Ella Adams of Houlton, were married at the Avanti house by the Rev. Mr. Gourley last Monday. They will reside in Hail.

Amusements

Orpheum.
Needs three reels of interesting photo plays. The Orpheum in this week presenting Smith and Decker in a good play entitled "The Hell Boy and the Devil," an act of comedy, singing and dancing.

The Idaho Land Show, the latter part of the week, pictures of the "Tiptoe Act" as it appeared when seen in all the principal towns and some of the notable people who were passengers on the ill-fated ship. On Monday and Tuesday of next week pictures of special interest to local people will be shown of the Idaho exhibit at the Chicago Land Show, also scenery about Twin Falls.

PASTOR LEAVES FOR SUNNY CALIFORNIA

REV. JOHN GOURLY, D. D. TAKES VACATION FOR HIS HEALTH.

Delivers Strong Temperance Sermon on Eve of His Departure—Other Pastors Discuss Coming Election to Large Audiences.

Owing to the necessity of changing climate for the benefit of his health, the Rev. John Gourley, D. D., pastor of the Presbyterian church, left on Tuesday evening for Los Angeles and California.

He was accompanied by his daughter, Miss Margaret Gourley. The Rev. Mr. Gourley's health has been failing for some time past and it was upon the advice of his physician that he gave up his work for a portion of the summer. His congregation are appreciative of his untiring efforts in his service to the church, and took the initiative in granting him a vacation of at least two months for the purpose of regaining his health.

Following the program of the other city pastors, the Rev. Mr. Gourley devoted his afternoon Sunday morning to a discussion of the local option question. He took as his subject the "Price of Blood," and, while not at all lacking in fervor, interested voters to ballot against lowering the city and county open to the saloon.

Other Pastors Discuss Election. The question of the coming election was freely discussed in other of the city churches at the Sunday services.

DEATH OF INFANT SON.
Hess Town, the eight months old son of Mrs. Arthur Hess, who resides east of Hansen, died last Friday after a short illness due to pneumonia.

KIRKNESS IS A SUGGESTION

"See Idaho First" Exhibit at Boise—Oliver Public First Real Idea of State's Attractions.

That the Kirkness, or "See Idaho First" exhibition at Boise last week was a success, is voiced by those of this city who visited the Kirkness and favorable Idaho newspaper comment. Secretary Spangler of the Commercial club has this to say of the exhibit and its influence upon the visitors:

"Many of the main attractions in the 'See Idaho' department of the Kirkness were the two large photographs of the great Shoshone and Twin Falls. Many of the great northwest and visitors of the great northwest, including two of the most wonderful sights of the west. The pictures were the subject of much comment from Kirkness visitors, and the surrounding country were expressed by many after seeing the pictures, who have never visited this part of the state."

The scenic advantages of Idaho are just becoming known, and the Commercial club of Boise belongs credit of introducing them to the public.

MRS. TERRILL DIES

Artesian City Resident Well Known in Twin Falls, Succumb at Hospital. Mrs. Mary Margaret Terrill, 25 years of age, of Artesian City, died at the city hospital last Thursday. She was the wife of Frank Terrill, formerly of Twin Falls, and was born in Hopar, Oregon, in September, 1887. Besides her husband she is survived by her father and mother, Mr. and Mrs. C. F. Wallace, two brothers and one sister, all of Medical Lake, Washington, formerly of the general service. Her husband was killed in a mining accident at Artesian City, with the Rev. Mr. Shoemaker officiating. Interment was made in the Twin Falls cemetery.

When you go to Boise to stop at the Oregon hotel, it is a new place, with cafe in connection. Rates are very reasonable. Located on Ninth street between Grove and Front streets. Everything is clean and up to date.

GOOD LITERATURE

Commercial Club Reads Well Supplied With Information Regarding

The Twin Falls has received from the city of Washington, D. C. a United States Geological Survey "A Reconnaissance of the Boise Basin," by C. B. Macmillan, and a copy of the same has been placed in the reading room of the Commercial club, and a copy of the same is being sent to the public that there is other good literature about the Twin Falls country here which may be had if you have friends in the reading room of the Commercial club.

For those who wish to see the Twin Falls country, send them literature.

The Cream of the Cotton Cottole

The pick of the cotton seed chosen for the making of Cottole. The seed is crushed, the oil extracted and refined by our special process—and the finished result is the purest, cleanest, most healthful vegetable-oil cooking on the market.

Lard-soaked food retards digestion. Cottole-soaked food aids digestion, your money and take your choice!

SENATOR HEYBURN REPHRASES

The News is in receipt of a letter from Senator William B. Heyburn about the Twin Falls post office situation, which is herewith reproduced for the reason that it sheds much light on an important matter:

Editor Twin Falls News, Dear Sir:
In your issue of the 18th of this editorial column there appears an article which explains the appropriations for public buildings at Pocatello, Coeur d'Alene and Twin Falls. You state that it would be interesting to ask you to present for passage a bill for \$300,000 for a post office at Pocatello and Coeur d'Alene with no reference whatever to the need of a new post office at Twin Falls. I would like to convey the following information for the benefit of the people of Twin Falls who are anxiously awaiting an appropriation for the construction of the new federal building. In providing for the erection of a federal building, the site of the city and the federal offices to be accommodated must be taken into consideration; and also the order in which the buildings are to be erected. In the case of Pocatello, the site was inaugurated. In addition, the Committee on Public Buildings and Grounds of the Senate by a special resolution determined to always give preference to bills providing for the erection of public buildings in cities where the United States Court is held. As you are aware, the United States Court holds terms at Pocatello and Coeur d'Alene, while at Twin Falls there are occupied. About \$250,000 per annum is paid out in the rent of buildings for the federal offices at Coeur d'Alene and Pocatello. The site of the proposed new federal building at Pocatello was provided for on the 15th of March, 1908, nearly four years ago. The site at Coeur d'Alene was provided for on June 25, 1910, nearly two years ago, and the site at Twin Falls federal building was authorized on May 4, 1911.

You state that the bill for the post office at Pocatello and Coeur d'Alene provided \$300,000, as a matter of fact, the bill for Coeur d'Alene is but \$175,000 and for Pocatello \$200,000. In view of your editorial raising the question of preference, I trust you will give this matter the same consideration that you have given the situation. I hope to have the bill providing for the federal building at Twin Falls favorably reported to the Senate at an early date.
Very truly yours,
W. B. HEYBURN.

The last paragraph of the Senator's letter should prove excellent news to the people of Twin Falls. Upon the report of the Senate action will undoubtedly be taken at once, and

the prospect of the bill going over until the next session is considerably lessened.
The News extends its thanks to Senator Heyburn for his very excellent letter.

FEDERAL COURT IN TWIN FALLS

The likely passage of the federal appropriation bill for Twin Falls calls attention to the fact that a term of the Federal Court in Twin Falls is one of the things which ought to be provided for. A federal building big enough to house the court while in session is entirely reasonable, and, while it may be a little late in the day to take up the matter at this time, there can be no doubt but that the claims of Twin Falls are good and a proper presentation of the matter in the first place might have secured it.

Twin Falls has just had much need of a Federal Court term in Twin Falls, and more than either Moscow or Coeur d'Alene. Local attorneys call attention to the fact that the volume of Federal Court business originating in this district is growing steadily larger and will continue to grow, while under present conditions a day's journey to Boise is necessary every time a personal appearance in court is required of a Twin Falls man.

Senators Borah and Heyburn and Congressman French would have been disposed to look kindly upon such a proposition from this section, and it might be that even now some action could be taken. The need and the reasonableness of such a claim should be readily conceded.

A PUBLIC GOOD THING

Mayor Fritchman of Boise sounded a note of real progress at the Wednesday luncheon of the Commercial Club when he advocated a system of county roads to be built by the county through the issuance of long-term bonds which

might be either taken up or refunded.
The bond issue presents the only method of securing public improvements at the cost to the taxpayer. Future gear will reap the benefits in common with out, and it seems entirely fair that it is they should be asked to share the

THE SMALLPOX BOGY

Twin Falls is in the grip of an epidemic of smallpox. It is so bad that two children unable to attend school and it has been for days.
Locally the situation is not taken. The disease is in an unusually mild form, but the few cases which have so far been reported are on the high road to recovery. As local physicians, the quarantine is the most disagreeable incident of an attack.

ILLUMINATING POLITICS

There is just one good thing about the controversy in high or low circles is that if the leaders get mad enough it is apt to get kind of a good deal of formation.
The man who talks with rage in private, little attention to the things he should not be left unsaid, and in public benefits. The effect at times is somewhat hard on the party.

WHEN ADVERTISING IN THE NEWS

"Let's All Go to Idaho," says a new advertisement now being published in eastern and middle western papers. Union Pacific Railroad company. The advertisement is well written and does not exaggerate the facts. It should be of real benefit to Idaho.

Strange Logic

Editor News: If there is more whiskey consumed in our city today than when the saloons were open, as Constant Reader's newspaper your last issue, why should the county go to the expense of holding another election? Whatay, selling for profit, and profit depends upon consumption, and in local opinion evidently, according to Constant Reader's news, increases the consumption, why not let good enough alone? If prohibition does not prohibit, as Constant Reader has taken the pains to determine, what mode of raising funds is the most equitable? Why should the friends to take the initiative in petitioning for a local option election? The standard rules of logic would lead the mind to conclude that a course inaugurated by the saloon interests indicated not only a bad business policy, in that it calls for a large expense at a time when the people can least afford it, but liable to injure their present prosperity, for if they should succeed in carrying the election and win the "consumption of whiskey" which, according to Constant Reader, local option has induced, would be ruinously reduced by the open saloon. Strange logic indeed. Let no advocate of a dry town be misled by such sophistry. It is in the saloon system which has made our city have been free from saloons and open den of iniquity for the last two years. The truth is, it is because the profit by the saloon system is so small, that the effort is being made to secure again a wide-open town. Twin Falls is in the making, and it is to be highly commended for trying out the saloon, providing better parks and erecting magnificent school buildings and churches. It is a credit to a spirit of progress. There is no backward step to be taken, and future generations will rise up to bless and honor the memory of the present voting generation.
ANOTHER READER.

POLICE CATCH GAMBLERS

(Continued from Page 1.)
It is well known that the city as a result of hot lanterns. When he appeared before Judge Shields, he stated that he was himself upon the mercy of the court because, honestly, he had only played one hand.

TROPHY FOR CRACK GUNNER

(Continued from Page 1.)
A crack shooter expects no larger allowance of one-half target missed. The class shooter expects no larger allowance of all targets missed. Target allowance will be shot at next regular meet, and may be either shot on specified targets during practice events, or counted from first target in regular meet race.

VISITORS ARE ENTERTAINERS

(Continued from Page 1.)
They then off to spend the bonds, as they see fit. Our school road, laws

should also amend first and I hope this club and other commercial clubs will get busy on the subject and see that the next legislature does its duty whether it elects a United States Senator or not.

I am pleased to note the friendship existing among the towns of southern Idaho. I think this is the largest factor in the influence of commerce organizations and the league of southern Idaho commercial clubs.

Major Reed Optimistic

In a few brief remarks Major Reed spoke of the "re-merit" along with the creation of the state at the present time. The Major states that in his travels over the north and south he finds the people here and there a distinct optimistic spirit. He reports that on the North Side more than fifty families have already taken up the cause of this issue, and that a large number of others had signified their intention of so doing. He stated that this section of the state is not so far from the truth, and that things are going to go through. He reports that plans are now in the making that will add greatly to the agricultural and economical welfare of the county.

Asks Aids for Veterans

At the close of the speaking Willard Hafter, president of the Commercial Club, after thanking the visitors on behalf of the club members and ladies, he requested that such members of the club who are owners of automobiles place them at the disposal of the war veterans on Memorial Day. Plans are being completed for making Memorial Day one long to be remembered in this city, and to accomplish this end, it is deemed advisable to take part in the march which will be conveyed by cars.

WEST SWING FOR ROOSEVELT

(Continued from Page 1.)
to take into consideration the wishes of the great states of the east where Republican victory is to be won this year if it is won at all. These men are not so glib as to allow their war veterans to be disappointed, crossing the Rocky Mountains for a candidate this year, no matter how well equipped that candidate might be. It would be a long jump for that party to cross the Mississippi, the Missouri, and great plains and backbone of the continent for the head of it.

Still Talk of Hughes

Republicans have never been noted as "rainbow chasers" in politics. They are not so apt to be led by the name of one of the "dark horses" in that of Charles E. Hughes, justice of the United States supreme court, President Taft and Colonel Roosevelt set aside, look up for Hughes.

Charles J. Heltman, chairman of the Republican state committee, was in the city the past week and naturally his presence here gave rise to much speculation. He had conferred with several of the party leaders, but the object of his visit he kept to himself. It is surmised that there is quietude about the party here. A tentative agreement at the coming state convention as to a state ticket to be supported at the primaries has been reached. There will be some important state-making done at the Lewiston convention, Chairman Heltman's presence here has been announced that a special

train will carry the southern Idaho delegates to the state convention, and all arrangements for this train are now being made.

Frank J. Goodling was in the city in the past week, and to earnest inquiries as to whether or not he was to be a candidate for governor. He replied that it would not be necessary for others to know his intention at the time, that when he was ready to announce his intention he would present the activity of his friends; as for his own political position, he was under serious consideration and was only waiting for the psychological moment to enter the race.

New Scrap Among Democrats

Open war has broken out among the Democrats locally, and naturally Judge K. I. Perky is in the fore front of the scrimmage. The breaking point was reached when the Ada County government, in some sort of star chamber meeting, endorsed Frank B. Kibrik for national congressman at the city of Judge Perky was out of the city at the time. When he reached home he went to the chairman of the committee, John M. Reagan, and had letters declining to attend the state convention and denouncing in strong terms the snap judgment taken by the committee. He made a plea for the rule of the party and made it plain that he was in the fight to the finish.

The secret back of this outbreak of Judge Perky's is that four years ago when contesting delegations were sent to the Democratic national convention from Idaho, Judge Perky was an anti-Dubois delegation. He, with other Dubois delegates admitted. At that time Judge Perky was a unanimous choice of the anti-Dubois for national committeeman. He was turned down and Bl Donnelly, the Dubois man, was chosen.

Judge Perky has been smarting under this defeat for four long years. He has been counting the days till his vindication would be accomplished, and now in the moment of victory, to have the cup snatched from his lips is too much. He will fight, and the fight will be worth watching. Kibrik's friends report that as Judge Perky has tied himself up to Judson Harmon, he must get out of harm's way. He has made his political bed and that if he does not find it comfortable and pleasant he must lie in it. It is understood here that the fight on Judge Perky is led in reality by John F. Nugent, chairman of the Democratic state committee, who has a long record of service for his high honor in the party, should the fortunes of war bring any high honors to the party; the fight is certain to intensify the party in every county in the state.

A party of Oregon Short Line officials on a special train making a tour of inspection along the line here in Twin Falls for a few hours last Friday and looked over the local situation and made their impressions. The party was composed of the following: Chief Engineer W. H. Bancroft, Assistant Manager E. C. Mansfield, Superintendent of motive power J. F. Duiss, Assistant General Manager F. H. Kalkreuth, and Division Superintendent A. B. Stevenson.

Mrs. and Mrs. Harry White of Boise, who visited here last week, the guests of Mr. and Mrs. J. M. Maxwell, left on Friday for Chicago and other cities, where they will visit for some time.

T. F. H. TAKES FIRST GAME

(Continued from Page 1.)

Kelly changed places and Flynn took Beebe's place. Rowberry had been gone steadily over this time. Then the ninth inning was given a life on an error. Flynn and Sullivan grounded out, Rend hit to left and Miles started for home; Morse got a perfect fly and touched the runner, who was far out of the line at that time, but the umpire called him safe. This one punk decision was the only bad error on the part of the umpire, and it cost Rowberry a shut-out game. The game was further featured by stars in seasonal fielding. Morse's catch of a foul fly and his subsequent somersault, and the all-around playing of the Twin Falls infield.

Very few spectators witnessed the game. With this game as a starter it is hoped the townpeople will patronize the sport as a good article of ball with production. The athletic association is at considerable expense in bringing visiting teams and the games must be patronized if the season is to be a success.

The Score:

Potato Doughnuts

(Recipe by Mrs. Helen Armstrong.)
You will find these doughnuts both delicious and digestible; there's no "cast-iron" or "hard-indigestion" in them.
Cream three tablespoons of sugar, and three yolks of eggs well beaten with one white. Stir in one cup of freshly washed potato and one-third cup of milk. Sift two and one-half cups of flour with three teaspoons of baking powder, half a teaspoon each of salt and ground mace, also a little nutmeg; and add to first mixture, mixing thoroughly. Bake as necessary to make doughnuts. If you do not have all doughnuts before attending to the fry, have Coldstone three inches deep in kettles and set temperature with a piece of bread.

ROYAL BAKING POWDER

Absolutely Pure
Absolutely has no substitute

Many mixtures are offered as substitutes for Royal. No other baking powder is the same in composition or effectiveness, or so wholesome and economical, nor will make such fine food.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar

ARE YOU GOING TO BUILD?

SEE US BEFORE YOU BUY OSTRANDER LUMBER CO.

THE SMART-BET HAS PLACED ITS SEAL OF APPROVAL ON SOCIETY HOSIERY

Coler Phillips, the famous New York artist, has said woman must have most of her attention on the silces and stockings that dress her feet.

To be right, no woman of to-day can afford to wear ill-fitting shoes and shabby stockings, and no woman, however expensive, look well over a flimsy, cheap looking hose.

SOCIETY STOCKINGS

Are woven of heavy pure silk, are exceptionally long, with reinforced heel, sole and toe and double knit garter top. They have all the durability of the old time silk combined with the beauty of the silk. In their weaving the greatest care has been taken, with the result that there is no unseemly lagging at the ankle or instep.

SOCIETY STOCKINGS knit their part—they are fine, sleek and thoroughbred.

SOCIETY HOSIERY is not on sale at the shops—but must be purchased from us direct by mail. In this way we eliminate the dealer's profit, greatly reducing the cost to you and also prevent the substitution of an inferior grade of hose.

These stockings positively will not run; they come in all colors and will be sent by mail to any address, all charges prepaid. If an inspection you are not satisfied—you to be the sole judge—your money will be refunded.

Special prices to introduce our Specialty Silk Hosiery good for ten days only.

FEED PRICES ADVANCING

Scarcity in All Kinds of Feed Throughout the Northwest is Boosting Prices.

Lewiston, Idaho, April 27.—Feed of all kinds is reported unusually scarce throughout the west and milling companies are unable to satisfy the demand at \$10 a ton of \$2 per hundred. Similar conditions are reported from the middle west states and this condition is said to be directly responsible for the high price of hogs and the probable further advance in hogs and cattle.

Statement is made that the supply of barley and oats is practically exhausted and the demand for feed has resulted in large quantities of high-grade wheat being manufactured into feed products. This turn in affairs has advanced the price of wheat 25 cents during the past few weeks, statement being made by buyers that the present condition are such as to advance the quotations for exporting or milling purposes.

Stockmen report a scarcity of hogs and cattle throughout the northwest and grain buyers predict that fewer cattle and hogs will be fattened until the new crop is on the market and the present feed conditions are being shipped out of the country while the bulk of the wheat crop was marketed before the first of the year.

In the northwest sections the \$40 per ton feed has resulted in a usual demand for poultry flocks and this department of the Lewiston-Milling company has enjoyed an exceptionally large business from the time the product was first placed on the market.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected parts freely with Chamberlain's Liniment and it will soon disappear. Sold by all dealers.

MORE IRRIGATED LAND

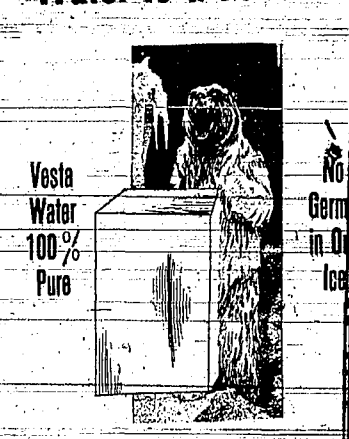

New Project Covering 8,000 Acres, Located Near Nampa, is Now Being Promoted.

Another large irrigation project has been launched in southern Idaho. Twenty-seven hundred acres of land on the Enterpise Flats, located about sixteen miles from Nampa, and adjoining the river on Quaw Creek flats, adjoining, making in all eight thousand acres, will be put under water by means of lifting water from the Snake river through a pumping plant, the completion of which is planned by November 30 of this year, according to the Boise Capital News.

The land to be brought under irrigation lies on the southern bank of the Snake river and adjoining the Genie irrigation district. Most of the land is at present under cultivation; the water being derived from artesian wells, but as the supply is limited, and the land considered generally rich, the whole tract is to be brought under the new system, and easy terms for water rights are to be given to the settlers. When completed, it is stated that the project will be one of the finest and most complete in the state.

Not Ship But Men Make Real Loss

Salt Lake Writer Treats Titanic Disaster in New and Interesting Way

Not the value of the dollars and cents represented by ship and cargo, but the value of the men who lost their lives in the Titanic disaster is the really costly part, says Judge C. G. Goodwin of Salt Lake in a powerful editorial in the Salt Lake Telegram.

Judge Goodwin treats his subject in a new way and one that is bound to impress upon the world the terrible extent of the loss. The article follows:

"The newspapers are telling of the losses suffered when the Titanic went down. They will never be estimated. The thousands of dollars, millions of dollars, are all material things, but they scarcely count at all in the mighty catastrophe.

"Suppose those who died, instead of going down to their graves in the sea, could have been tossed into the interior of a great wilderness, say, Africa, filled with savage beasts and men.

"We can imagine them, in council, considering the situation, and it is possible to catch and describe their thoughts—something like this:

"Miller—'This is not so bad. I will take the situation as it comes, and then come in, give it to him and send him back with it, and in a month we will have a whole tribe working for us and bringing in food.'

"Straus—'This will be a great field for Mrs. Straus and myself to organize these wild men, teach them the usefulness of labor, the advantages of civilization and care in their lives and the goodness of God.'

"Gusenheim—'Do you know that the men about here are all filled with miners? I think I will build a furnace with Wick's help and six months we'll have a currency here within six months. As I will tell you, I will tell you. We will open a depository, and within a year have more gold and iron and such feathers than you ever saw.'

"The other men all agreed with Miller. I think I will build a furnace with Wick's help and six months we'll have a currency here within six months. As I will tell you, I will tell you. We will open a depository, and within a year have more gold and iron and such feathers than you ever saw.

"I think for martial glory must be aroused among them, some more effective weapons than their spears and arrows, and I have had some ideas here about teaching them how to fight. I will see to all that."

Futrelle—"I will pick up their language as quickly as possible, then with Stead's help write some stories and read to them, and thus start in their hearts a desire for learning and their minds an idea of God."

"Harris—'Write a drama, Futrelle, I too, will learn the language and teach them how to portray it. I have some ideas of my own.'

"Hays—"I would like to get out of here, the topography of the country is all easy for building a railroad. If Gusenheim can build a furnace, by it and by we can make bolts and wheels and then nothing will be in the way but the building of a railroad."

"Boehling—"When you get to making bolts you can at the same time cast five different sizes of iron pipes."

"The above is merely to give an idea that no civilization can cover the last of the Titanic and those on board.

"There were men there who could pretty nearly have founded a civilization in the wilderness; its material labors; its system of education; its literature; its sciences; its means of defense; its method of business; the civilization of men, which extends beyond this world; the benign rule of justice; the majesty of knowledge, the happiness of mercy."

"When you turn your eyes to death who can estimate the loss? Each of several of them could have made a whole district prosperous by the education of men; all by their bearing; each could have been a little provision to a thousand poor men; some of them, already by what they had done had drawn the attention of thousands of men.

"They in their persons represented the labor and the study of many generations; they were the result of a long process of impending death and the presence of the sorrow over their fate.

"One might as well as say that the Titanic can be produced, but these men cannot be restored; neither can the loss which the world suffered in their deaths ever be computed.

"The tolls exacted by the Titanic sea are fearful ones."

OBSERVE ARBOR DAY

Hansen School Pupils Plant Trees and Flowers, and Entertaining Program is Given.

Hansen, April 30.—The students of the Hansen school celebrated Arbor Day first, by giving a program consisting of music and reading, which did credit to the teachers. After an interesting talk by the principal, Mr. DeCarman, the pupils spent the remainder of the afternoon planting flowers and trees. The teachers should feel encouraged, judging from the large attendance.

Miss Emily Claborn of Kimberly visited Mrs. E. Hinton Friday.

The freight receipts in and out at the Hansen depot amounted to \$27,000 during the month of March.

Will Woodson has rented the ranch belonging to his sister, Mrs. Pierce, on the 21st of March. Plans are made to return to her old home in Washington, D. C., in June.

John Hale of Kimberly was visiting over Sunday with some folks.

PARK MUSIC FOB FILER

Proceeds of Leap Year Dance Will Be Used in Improving Grounds—Weekly Concerts.

Filer, April 30.—There will be a leap year dance given in the opera house on Saturday evening by a number of the best of the town in vicinity. Excellent music is to be provided, also several amusing features for the evening. The proceeds of the dance will be expended in the purchase of park seats for Yakima avenue, to be placed around the band stand. Filer has a delightful park but it is the average is used during the summer overgrown as a central gathering place. It is the band concert every Saturday evening during the summer months, which will prove a great attraction to every one.

FILER NOTES

The wrestling match on last Saturday evening was attended by a large and enthusiastic crowd. The large Marcel of Idaho Falls outweighed the Filer man, Lester Muzzar, by some twenty pounds, and succeeded in throwing him in eight minutes in the first bout. Muzzar threw him so skillfully in the second fall with the seconds on the head and arm lock that Marcel refused to try for the third time and the contest was given to Mr. Muzzar. The Filer Athletic club are planning to have state championship wrestling matches here in the near future between the Filer champion and the champion of the state.

Mrs. Rudolph and family, who have been visiting friends in Filer will be looking for a permanent location since coming from Illinois last winter, moved to their new home, a fine farm two miles north of Twin Falls.

About twenty of the younger crowd of Filer visited the great Shoshone falls on last Sunday. They were disappointed in the weather, report a most delightful time.

Mrs. and Mr. T. E. Moore entertained at dinner at Sunday night, Mr. and Mrs. D. S. Chapman, and Mrs. R. A. Reynolds, Mr. and Mrs. B. Barker, and Mrs. Mrs. E. H. Allen, and Mrs. Mrs. Lewis Stricker, of Alton, Michigan.

Mrs. H. H. Schildman attended on Monday the luncheon given in Twin Falls by Mrs. H. A. McKee.

Amos Jones has purchased the moving picture machine from the opera house and is installing the same in the great market building recently vacated by the Alexander Meat company.

Mrs. Leo Alexander left on Sunday morning for a visit to her relatives with relatives and friends in the Yakima valley, Washington.

The money is available within ten days of date of application, and the rates and payment periods are the most flexible.

ONTARIO GUN TOURNAMENT

Local Marksmen Will Attend Shoot May 3 at One of West's Leading Clubs.

Local shotgun enthusiasts are anxiously interested in the announcement of the first annual tournament of the Ontario gun club which will be held in Ontario May 3, and a number are endeavoring to be ordered their arms, which they will be enabled to make the trip.

The shoot will consist of six 20-bore events and two 16-bore events, and the cents deducted and \$150 added money will be made.

The friends of the Ontario gun club wish to be among the best in the west and elaborate preparations have been made to entertain and care for the shooters.

COAL NOW SELLS CHEAPER

Reduction Allows for Summer Storage and Possible Shortage in Next Winter's Supply.

An announcement of great importance to the public in connection with the coal situation for the summer season is that the summer storage rates on coal will be in effect on August 1.

This means that all those who have placed to store coal for next winter may buy it from local dealers at 50 cents less per ton than they have paid all winter. This is possible because of the reduction in freight by the railroad and the prices to encourage the shipment of the product on the part of the dealers through the summer.

The saving may seem small in dollars here. The O. C. R. L. reduces the freight 25 cents per ton, and the mines make a similar reduction.

The saving may seem small in dollars here, but in the aggregate the gain is large and the danger of a possible shortage during the winter months is materially reduced.

HE COULDN'T HEAR

The PAWBOY with a regular drop into a saloon on the lower end to the delight of the customers began to play popular airs. The saloonkeeper summed that the music added to the atmosphere of the place when they came around from behind the bar and whispered to the aid:

"You all right in play, sonny, but make that trumpet. I'm just after my wife, and she's lying upstairs."

The boy played softly. The subdued music that he seemed to "please" his audience. They cut him and began to fill out an eye by one. The saloonkeeper hurried around from the bar.

"Sign, sonny, he heard you couldn't hear!"

BREAKING A WILL

"So you were successful in your effort to break your uncle's will?"

"Yes, I won out easily."

"And how much did you finally get?"

"After paying the lawyers I took down \$2,500."—Detroit Free Press.

OBITUARY

Hansen, April 30.—Little Ross Towne, the infant son of Mr. and Mrs. Arthur J. Towne, passed to his heavenly home at 10:30 a. m. Friday, April 26, 1912, at the home of F. M. Towne, under a three weeks illness of pneumonia. He was born on the 21st of August, 1911, and was just eight months and twenty days old when he claimed him. He leaves to mourn his loss—his mother, Miss Little; sister, Miss Margaret; and his father, a good many relatives and friends. Burial services were held Sunday in the church of Hansen, Rev. Mr. Shoemaker of Twin Falls conducting the services. Beautiful floral offerings were given by the many friends of the family. Interment in the Twin Falls cemetery.

LOCAL BREVITIES

Dennis Holaban of Harley spent Sunday in Twin Falls.

J. H. White was in Shoshone on legal matters last week.

S. T. Hamilton made a business trip to Jerome a few days ago.

M. Earl Peit was in Burley on business the first of the week.

Mrs. and Mrs. J. W. Tanner of Filer spent Tuesday in this city.

A. S. Brown and W. H. Barnes were recent visitors at Pocatello.

Vice Pullman of Holyburn was a recent business visitor in this city.

Misses Nina Baker and Grace Worthington visited in Oakley on Saturday last week.

W. E. Abraham and George Corlow of Burley transacted business here a few days ago.

N. Swearingen of Kimberly was in Twin Falls attending to business matters Wednesday.

A daughter was born Sunday to Mr. and Mrs. John E. Dow, who reside in the south addition.

Dr. and Mrs. D. P. Allen of Rock Creek spent last Saturday and Sunday with friends in Twin Falls.

John Gourley and Mr. and Mrs. W. D. Tracer spent last Sunday and Monday with Mr. Gourley.

T. J. Douglas of the Douglas Coal company was in Pocatello on business the latter part of the week.

Attorney A. M. Bowen of the law firm of Bowen & Porter, 438 N. Idaho street, was in Pocatello on business the latter part of the week.

Mr. and Mrs. George Hills of Pittsburg and visiting the guests of Mr. and Mrs. V. H. Chanler.

Mr. and Mrs. M. J. Sweeley returned from Salt Lake City Friday, where Mr. Sweeley was called on legal business.

Miss Perneal French, dean of women of the University of Idaho, visited Twin Falls and the schools of the tract last week.

Attorney H. C. Hazel of the law firm of Longley & Hazel went to Shoshone the first of the week to look after some legal matters.

E. W. Risley, district manager of the Mountain States Telephone and Telegraph company, was in Salt Lake City on business last week.

Mr. H. Pope and John Peters went to Pocatello the latter part of last week to attend the dedication of the Odd Fellows' hall at that place.

Mr. and Mrs. N. A. Hamilton arrived here last week from Kansas City, Mo., and expect to spend the summer with their son, Robert Hamilton.

Mrs. M. Pavlik of Jaruligo is spending a few days in the city on her way home from Halley, where she was called by the death of a relative.

Mr. and Mrs. T. J. Murphy of Holyburn, editors and publishers of the Southern Idaho Review, spent last Saturday and Sunday in this city.

Mr. and Mrs. T. J. Murphy and children of Holyburn visited here last week, and expect to spend the summer with their friends at 532 Third avenue east.

Attorney and Mrs. E. V. Larson arrived in the city from the east last Thursday afternoon and will be here with their friends at 532 Third avenue east.

J. J. Stanford, an officer of the Twin Falls construction company, which is acquiring property on the north side of Sunday with his friend, J. E. Williams, the city attorney.

W. P. Guthrie and D. E. Sullivan went to Boise on Friday last week, where the former took the degree in the Masonic order.

J. E. Henley, proprietor of the Oxford hotel, has taken over the Waverly home and will hereafter operate both places of business. Both are well known rooming houses of the city.

Waynes Green has accepted a temporary position with the Twin Falls Times. He will take the place of C. D. Saviers, who leaves Saturday for a three weeks' vacation in California and Oregon.

On Friday last week twenty-seven cars of fat-cattle were shipped from Hansen to an eastern market. This is said to be one of the largest shipments of the kind ever sent from the Twin Falls tract.

Mr. and Mrs. John Chiar left Saturday for Salem, Oregon, to attend the funeral of Mrs. Chiar's father, who passed away suddenly at his home in Salem, his death being caused from injuries received a few days before when struck by an automobile.

Mrs. Robert W. Spangler, editor of the Idaho Club Woman, returned from Boise Monday, where she attended the Kirzness given by the Columbia club of the capital city. Mrs. Spangler represented the Twentieth Century club of this city at this great club event, which was one of the most successful and enjoyable club affairs ever held in the state. Idaho products and "two Idaho firsts" were featured and "boosted" enthusiastically.

The Twin Falls Country AT THE Chicago Land Show

The exhibits of the irrigation section of Idaho occupied more space at the Chicago Land Show than any other two states. The reproduction of the Chicago Land Show brings the show to you and you can view the exhibits of the states, Mexico and Canada, as well as if you had really attended the show. All the exhibits of the Twin Falls country, the Boise and Payette valleys, are shown in colored slides, also slides showing the development of Southern Idaho, the growing of tobacco, sugar cane and cotton in the South, industries of the Pacific Northwest, scenic views of Glacier National Park, motion pictures showing the evolution of harvesting from Biblical times to the present day, perfected machinery drawn by traction engines. Shows you how to plow an acre of ground in four minutes. Motion pictures of farming by dynamite.
