

SENIORS LEAD IN HOME TRACT MEET

GIRDNER MAKES POINTS BUFFICIENT TO WIN MATCH.

Good Records Are Made by High School Athletics in Inter-Class Contest—Freshmen, Sophs and Juniors Finish in Order Named.

The first annual track meet was held at the ball park last Saturday. The four classes of the high school were the contestants and the seniors won the meet by a wide margin. Dave Girdner making enough points to win in his own name. All in all the event's results were close. In the baseball throw Marlin, 18, won first place with a heave of 288 feet. Whittney, 14, and Williamson, 12, were tied for second and in the throw-off Whittney led Marlin's mark by 12 feet and was awarded second.

The seniors took all the dashes, either Weaver or Dave Lopez in ahead of the runners. Hazard, of the Freshman class, was their point winner, scoring 23 points. He started in all the jumps—in the high jump he was the only one out of 5 feet 11 inches and he raised 4 inches and made it with ease. In the half-mile relay the seniors were first, sophs second and juniors third. The juniors had a good chance to win. On the second lap the junior runner was crowded out of the track

by the sophomore contestant and fell. The freshman coming behind stumbled over him and there was a grand mix-up. After the spill the best the juniors could get was third place. Summary: 60-yard dash—Weaver, 11, first; D. Girdner, 12, second; Williamson, 13, third. Time, .06 4-5. 100-yard dash—D. Girdner, 12, first; Weaver, 11, second; Hazard, 15, third. Time, .23 2-5. "ONE MUST MARRY"

High School German Students Present Play in Foreign Tongue for Athletic Association Fund.

The German Department of the high school very creditably acted the last night in the play, "Lustspiel-Einer Muss Heiraten," presented at the high school last Friday evening. The entertainment was under the direction of the German instructor of the high school, Miss Ruby Ramsdell, and was given on the beautiful stage of the athletic association. Although there was not as large an audience present as might have been wished for, the auditorium was nearly filled and the enthusiasm of the crowd gave evidence of the acting ability of the students. The evening was opened up with the "Mittelspiel" "Prolog" and "Die Wacht am Rhein," by the high school orchestra. The cast of characters of the playlet were: Jakob Zorn, professor in a university—Dave Girdner; Wilhelm Zorn, his brother-in-law—professor—Dana Elliott; Gertrude, their wife—Olga Brocke; Luisa, her niece—Mabel Mickelwait. The closing numbers of the evening were greatly appreciated and were given as follows: Song—"Du, Du, Negel mir im Herzen"—First year class. Song—"Du bist wie ein Blumlein"—Leah Woods. Folk dance—Mary Mithner, Irene Wagner. Song—"No Lovers"—First year class. Reading—"Assisting Uncle Joe"—Ethel Moore.

GLASSES WILL TUG AT WAR

Rock Will Be Drawn Across Rock Creek and Stone Will Likely Get a Bath.

On Friday evening a tug of war will take place over Rock Creek between the juniors and seniors of the high school. This event was made necessary by the fact that in the adding up of the points won by each class in the games and meets of the past year it was found that the freshmen and sophomores tied for first place and the juniors and seniors tied for second place, the former having 47 points and the latter 41. The athletic enthusiasm of the classes demanded that the tie should be broken and the high school council, composed of a boy and girl from each class, chose the tug of war as the final event of the year. The regulations of the tug are only what is available boys—in the senior class, the juniors shall choose six star boys as shall bring their weight up to the weight of the eight senior boys, a margin of 25 pounds being allowed either way; second, that the freshmen

and sophomores shall choose enough men to bring the weight up to 2,500 on either side, a margin of 25 pounds being allowed either way; the last of each team shall be tied to the rope to insure bravery when the fatal side is nearing the brink of the stream. The winning class will be awarded three points and the class championship of the school will be determined. The events of the past school year in which the seniors were awarded were football, boys' basketball, girls' basketball, boys' indoor baseball, girls' indoor baseball, wrestling, ticket selling, declamatory contest, gymnasium meet, track meet, and baseball.

Week in Society

Summer seems to have found her way at last into this realm, and the lure of fishing expeditions, evening lawn parties and moonlight rides has won too strong for the pleasure lovers to resist. Even now crowds are spending their Sundays and leisure moments in picnics on the river or at trout streams in the nearby mountains.

While many of the society ladies of Twin Falls donated their services and facilities toward the success of the "Whites" last week, instead of into the channels of gala hours at cards and receptions, there were some who found time also for the giving of a few informal parties.

Grubs-to-be To Guess.

Miss Ruby Ashmore, one of the spring bride-to-be, is continuing to be the recipient of the favors of many of the Twin Falls hostesses. And as a pre-nuptial affair, Miss Ashmore was a guest of honor at a luncheon given by Mrs. Foote and the Misses Ramdahl at the home of the latter Saturday afternoon. Spread peas, snap-dragons and ferns formed the centerpiece of each of the two tables where the four-course dinner was served. The guests were carried out in the pink and white, the decorations of the flowers. Following the luncheon the guests proceeded to the home of Mrs. Foote, where a mock wedding was performed and a general good time was enjoyed until a late hour in the afternoon.

The present were: Misses Ruby Ashmore, Gladys Ashmore, Ruby Jackson, Jane Maxwell, Frances Slaton, Nell Peterson, Schmidt, Howard Brown, Jean McMillan, Jesse McMillan, Zina Donahue, Zita Donahue, Decker, Petrie, Cross, Moore, Woods, Jenette, Elmore, Bryant, Gracewell, Duncan, From, Dygart, Porter, Stockley, Kinney, and Mesdames Willer and Grey.

Mr. and Mrs. Martin Entertain.

The young people of the Baptist church were entertained at the home of Mr. and Mrs. Martin on Thursday evening, May 16th. Dinner was a light lunch was served.

The guests were: Misses Agnes Johnson, Lella Beck, Lucille Davis, Alexa Neumann, Mabel Martyn, Rose McDonald, Ethel Minnely, Edna Hines, and Mrs. D. A. Henderson.

Mr. and Mrs. Martin, R. D. Albert, N. A. Jackson, W. E. Henry, G. L. and D. D. Dobson, C. E. Minnerly and J. Davis.

Sewing Club Meets.

On Wednesday afternoon of last

week the Winonaud club held its regular weekly meeting at the home of Mrs. Pitcairn, where the usual program of social songs was given. This was the first meeting since the club has chosen its colors, and Mrs. Pitcairn had carried out the pink and white scheme in a very beautiful effect.

Those present were: Mrs. Duke, a guest, and the members of the club, Mesdames Brockway, Felling, Johnson, Mann, McElwain, McClintock, McLaughlin, Ostrander, Peter, Slinger, Spackman, Thompson, Warner and Wenchamp.

At the close of the afternoon a very tempting lunch was served.

TEACHERS ENTERTAINED

Invitation to All Ladies.

The ladies of the Twentieth Century club have invited every lady of Twin Falls to attend the card party to be held at the Masonic hall on the afternoon of May 24 at 2:30. Bridge, 500 and the new game of hearts will be played by an enjoyable group of ladies. This afternoon is being held to raise money towards the building fund of the new school. Tickets can be purchased at the door or from Mrs. M. J. Swecley, president of the club.

Mr. H. H. Miller was hostess to entertain the school-teachers Tuesday, as a farewell before their departure for their respective homes after the closing of the schools in Twin Falls. Dinner was served at an early hour in the evening and a sewing contest was held later, resulting in the presenting a collection of lines to the guests to enter the list of matrimony.

The guests were: Misses Lockett, Moore, Porter, Stockley, Bryant, Combs, Wood, Cross, Kell, Peterson, Francis and Decker.

The Emerson class met with Mrs. H. Scott on last Friday afternoon. The subject for study was "The Reinforcement," and it was taken up with much interest by every member of the club. A collection of lines to the club was given, and the subject was discussed with much interest.

The guests were: Misses Lockett, Moore, Porter, Stockley, Bryant, Combs, Wood, Cross, Kell, Peterson, Francis and Decker.

Miss Hamlin has issued about 75 invitations for an at-home this afternoon from 4 to 6 o'clock, at the H. J. building, corner of Fifth avenue and Third street north.

Miss Gladys Dwight entertained a few of her friends at a tatty pull Friday evening at the Dwight home on Second avenue north.

TEACHERS ENTERTAINED

Instructors Are Guests at Buhl Party Before Leaving for the Summer Vacation.

Buhl, May 21.—On Thursday evening of last week Mrs. W. H. Harvey very delightfully entertained the teachers of the public schools before they start for their homes to spend the summer. It was called a backyard party, as the guests were all taken to the Harvey home on Broadway street. The chief amusement was croquet, after which what was played until about 11:30, when a big "feed" was thoroughly enjoyed. After the party a music of all kinds was enjoyed until a late hour.

The Ladies Aid society of the Presbyterian church met with Mrs. C. D. Snyder on Friday afternoon of last week.

The Guild of the Episcopal church met with Mrs. W. S. Harris Wednesday afternoon.

The temperance address by Rev. J. H. Smith on Friday evening was attended by a large audience. The Buhl brass band gave a concert on the street before the church. The program was very nicely brought out the temperance side of the program. The music by the Harmonic male quartet was greatly enjoyed.

John Hinckley and A. V. Mounca were called to Twin Falls Saturday morning on the ferry.

Miss Gada Weeks, who has been teaching in the Buhl public schools for the past year, returned to her home in Denver, Colorado, Saturday morning.

Mrs. J. D. Murphy left for Denver, Colorado, Monday to make a short visit.

President Howell of New York City, accompanied by Messrs. Bancroft, Madison and Gibson, on Wednesday of the Oregon Short Line, were in the city Monday. They report themselves as well pleased with the prospect of the new line.

Harrison Hess, who has been employed by the Jensen Creamery company of Pocatello, has moved to Montpelier, Idaho. He has been succeeded by Mr. Carter.

Richard Burke of Moscow, Idaho, was in the city this afternoon on business.

An episcopal social was held at the Presbyterian church on Wednesday evening of last week. The members of the church all agreed to earn a dollar to help defray expenses of repairs and painting the church. The proceeds to date are \$100.00. The church is expected to give in about their experience while earning this dollar. The many bills of poetry given added zest to the amusement of the evening. Refreshments were served and an old-fashioned spelling bee closed the evening's entertainment.

Miss Alice Bice, who has been teaching at Lewiston, Idaho, for the past year, returned to her home in this city last Monday.

Mr. and Mrs. H. E. Wilkinson left Sunday evening for Salt Lake City, Utah.

Miss Hazel McBee left Sunday for Portland, Oregon, where she will spend the summer.

Sam Hewey of San Antonio, Texas, was here the first of the week looking after business interests.

J. W. Smith, representing the Smith Candy company, was in Buhl Tuesday afternoon calling on merchants of the city and Castleford. He was accompanied by Mr. Roberts of the Idaho Wholesale Grocery company.

John and Mrs. W. C. Gentry from Colorado were looking over from the first of the week.

Satisfied With Tract.

E. Von Sykka, a former resident of this city, who has been traveling in the western coast states this winter, returned to Buhl Sunday afternoon. He says that during his travels this winter he has seen lots of beautiful scenery, but none of it compares to him as does the South Side Twin Falls tract. He is more than over a firm believer that the Buhl country is the state's best.

Wm. Van Alder, who has been living in Jarbridge the past winter, was in the city this afternoon. He is a member of the Clark, representing the Clark wine fruit ranch, was in the city Sunday calling on friends for the first time in many years.

W. A. Gill is a new arrival to the Buhl country from Newport, Kentucky.

Mrs. A. A. Pearce was the hostess at a very enjoyable evening for the teachers on last Wednesday evening. A general at-home was held, but the best seemed to create the most excitement. Delicious refreshments were served.

Union Temperance Service.

The churches of the city united in a union temperance service at the Buhl church on Sunday evening. C. V. Dicks, Mr. Ames and Rev. Mr. Chas. Dornheim all gave short addresses. There was a good crowd in attendance to benefit the relief orphans.

Mrs. W. H. Harvey entertained eight couples at five hundred more or less this week. Mrs. Harvey rendered a number of beautiful piano selections. Delicious refreshments were served but the waltzing and dancing received its share of attention.

Miss Marlon Smith, who has been teaching school here the past winter, left Saturday for a short visit in Chicago. From there she will go to Montreal and about June first will sail for the old country.

Wm. J. Lowenstein of Atlanta, Georgia, has been spending a few days in Buhl at the home of his sister, Mrs. L. Strauss. Mr. Lowenstein is en route to Portland, Oregon, and other western points.

THE BEST SERVICE AT FAIR RATES

The most valuable telephone service is the service that makes communication possible with the greatest number of people. That is the significance of the term universal service. The great Bell System approaches very nearly this ideal condition. If you have a Bell Telephone, you are connected with a system that serves twenty million people. Isn't that worth while?

And isn't it some satisfaction to know that the rates you are paying are only sufficient to cover operating expenses, and pay a fair rate of interest on the investment? No bonds on which to pay interest, no water in the stock; in fact, and here's the big thing that commends The Mountain States Telephone and Telegraph Company, for every dollar of capital stock issued, there is \$1.15 invested in plant.

Isn't that eminently fair to the public.

SOCIETY HOSIERY

THE SILK STOCKINGS, WITH THE STYLE, WEAR AND FIT

Color Phillips, the famous New York artist, has said woman must lavish most of her attention on the shoes and stockings that dress her feet.

He is right. No woman of today can afford to wear ill-fitting shoes and shoddy stockings, and no shoes, however expensive, look well over a flimsy, cheap-looking hose.

SOCIETY STOCKINGS

Are woven of heavy pure silk; are exceptionally long, with reinforced heel, sole and toe and double knit garter top. They have all the durability of the old time hose combined with the beauty of the silk. In their weaving the greatest care has been taken, with the result that there is no unseemly bagging at the ankle or instep.

SOCIETY STOCKINGS look their part—they are fine, sleek and thoroughbred.

SOCIETY HOSIERY is not on sale at the shops, but must be purchased from us direct by mail. In this way we eliminate the dealer's profit, greatly reducing the cost to you and also prevent the substitution of an inferior grade of hose.

These stockings positively will not run; they come in all colors and will be sent by mail to any address, all charges prepaid. If on inspection you are not satisfied—you be the sole judge—your money in full will be refunded.

Special prices introduced our Society Silk Hosiery good for ten days only.

TWIN FALLS NEWS
Official Paper of Republican Party of Twin Falls County

for the betterment of the Twin Falls tract will go far towards actually ensuring such a result. Twin Falls county has spoken. It is enough.

Wile the Taft fortunes are eliminated from the situation, the Roosevelt nomination cannot be regarded as an actual certainty, although for argument's sake he is admittedly a good as nominated. But there is still one course open to Taft which might prove a distinct set-back to the Roosevelt strength, namely, the selection by Taft of a third candidate who might be expected to develop strength enough of his own to carry the convention with the Roosevelt nomination. A long shot, but not an impossible one.

WHAT FISHER THINKS

The Borah three-year homestead bill, from latest reports, is not yet safe from the hands of its enemies. It is now the object of a bitter and determined opposition to understand the reason for the bitter opposition to a measure so manifestly meritorious in every particular. This bill would have become a law early in the session of congress, had not Secretary Fisher injected himself into the situation with his substitute bill.

This substitute bill provided that proof of residence on homesteads could be made five years after entry, but that an entryman should not be required to establish residence on the entry until two years after entry was made. Under this bill, a speculator could make his speculation in a few days, and at the end of that time relinquish and permit a speculator to file, who in turn could hold the entry for another two years, and relinquish to a third speculator. This method could be carried on for years, without any work being done on the land, and without residence being established. The land would thus remain unproductive and unimproved indefinitely, while people of honest intentions looked in vain for land upon which to settle and make their homes.

The main objection to the Borah bill seems to be that it was introduced by a western man to benefit the suspicion of the watch-dogs of the public domain. Were the suspicions of the easterners as to the honest intentions of the people of the west well-founded, there would not be a speculator, it would be the domain of a few honest men, who would be in the vest pockets of the so-called western land-grabber.

The western land-grabber of today is an interesting study. He is a man who is not ashamed to work; he has a wife and several children, sometimes a cow and a team of horses, and he lives in luxurious idleness in a 12x14 mansion with a lean-to kitchen, and amuses himself grubbing sagebrush and growing dry-farm wheat.

Secretary Fisher probably understands very

WHERE HEITMAN STANDS.

Judging from current newspaper accounts, State Chairman Charles L. Heitman would appear to have sprung into the limelight with a vengeance as a result of his convention visit. Those who know Mr. Heitman, however, are not inclined to judge hastily and when all is said and done there is not one chance in a hundred but what his action at Lewiston will meet with the unqualified approval of a majority of the voters of the state.

From the very first Mr. Heitman has been an outspoken advocate of the candidacy of President Taft, but at the same time he has lost no opportunity to impress upon the people that, should Roosevelt receive the nomination, he will lend his very best efforts towards his election. This seems to be clean politics, and it would be unfortunate indeed if, as the result of any misunderstanding, Mr. Heitman's record as a Republican should in any manner reflect.

On the facts of the matter it seems fair to take Mr. Heitman's word first. He claims that no understanding whatever was entered into by him whereby he was to go to Chicago as a delegate, but to lend his support during the convention to the Roosevelt forces. Any such action would be difficult to understand in Heitman's case; there would be nothing to gain and much to lose. The idea of a compromise in the case of one delegate for Taft seems entirely reasonable, and the News prefers to wait for further light before coming to a decision as to the truth or lack of truth of the rumors referred to.

FOR PROSECUTING ATTORNEY.

Elsewhere in this week's issue of The News will be found the announcement of the candidacy of C. M. Booth for the nomination of county prosecutor on the Republican ticket.

While Mr. Booth is a comparatively new man in the practice of law at other points in the state, notably at Railey, where his work in connection with a number of cases of statewide interest made him a host of friends. While serving in the capacity of special agent engaged in legal work in the Department of the Interior, he made a splendid record for a young man, and since coming to Twin Falls he has shown himself to be possessed of a vigorous personality and marked ability in his profession.

A GREAT VICTORY.

To the people of Twin Falls county The News extends its sincere congratulations upon their voting at the polls in the cause of clean citizenship.

There is nothing of the "hung jury" air about the victory, no question of judgment or weakness in the result. The weather was perfect and the people interested. The splendid majority should constitute the chief reason for a general acceptance of the will of the community, without quibble, by all.

Now that the matter is ended for the present, it is sincerely to be hoped that the entire issue may be laid aside indefinitely. There is nothing to be gained, by either side in keeping such a controversy open, while such action could hardly fail to interfere with the progress of the tract in a material sense.

That this progress will be even greater and the benefits more real and apparent under the prohibition system than under the saloon regime, The News sincerely believes. But a spirit of hearty co-operation among all classes

THE RESULT IN OHIO.

The result in the presidential preference primaries in Ohio may be regarded as setting the seal of oblivion upon the political ambitions of President Taft, at least so far as the present campaign is concerned.

It is not a pleasant sight, this humbling of a great man, and the victory, splendid as it is, should be accepted in a spirit of moderation, tempered by the knowledge that the Roosevelt gains spell which in the mouth of one to whom victory was very close.

THE LEWISTON CONVENTION.

That the Lewiston convention was a disappointment to Taft and Roosevelt men alike would seem to be the consensus of opinion of a good many of these present. But this may be, the result puts Idaho squarely on record as endorsing the candidacy of Theodore Roosevelt and this in itself should be eminently satisfactory in Twin Falls county.

AMERICAN JOURNALISM.

(Toledo Blade).

Notwithstanding all the faults of our newspapers, there is one that can be said in behalf of American journalism. It stands for unselfish work for community betterment.

It is manifestly suicidal when a newspaper supports personal politics or a party policy. Hence a conviction and tradition has grown up in the newspaper fraternity that no newspaper should ever support a party policy, according to the best intelligence of the editor.

Who can measure the harm accomplished by the American newspaper as a fighter of wrongs, as a persecutor in campaigns of public enterprise, and business advancement.

Wherever a note needs to be improved, wherever a charitable or benevolent society needs help, wherever a man is unjustly treated, wherever a case is being fought, the newspaper is the first to help. Here and there a paper follows the yellow streak into regions of crime, and there it does good services; there it shows recognition of the honest character of journalism as a profession.

It is a credit to the newspaper by helping obtain all legitimate news, and by a tendency to extend assistance to the oppressed through advertising and editorializing.

ALL AUTHORS ARE TALKATIVE

If You Know One, Be Tactful and Let Him Converse About His Work.

I know nothing about really great authors, but I think I speak for a large number of the followers of the trade when I say that they like to talk about their work, one great reason being that writing is a lonely profession. If you write, as a rule you must do it by yourself, or if you do attempt to do it in company, you or the company will be sorry. Therefore, when the writing is done, and a sympathetic listener offers, the writer is glad to wipe out some of the lonely hours with a little conversation.

So, if you know an author, don't let him know that he is called; treat him like a human being. Let him talk a little, and do not be shocked if he manages to keep the terra cotta hot by telling you a little conversation.

Do not say, as an eager acquaintance once said to me: "Oh, I do think it is so interesting to write. It must be just fascinating when you understand some back story. I discovered that I meant proofs in the case of Shakespeare; but the mistake of that single word made me, who am usually so glib, to stop at my trade, for the time being. But I really did not care ever to speak of it again. So, respect, let the poor author talk, but be tactful." Atlanta Monthly.

Proof of Elephant's Sapidity.
Elephants are always quoted as being the most sagacious of animals. A story comes from Bombay, India, of a man who saved the life of an Englishman recently. This man, who was the son of one of the sealed on the summit of one of the high peaks, and fell almost under his blind wheel. The elephant was just behind the gun and saw the danger the man was in. He lifted the wheel with his trunk, and kept it held up until the carriage had passed quite clear of the man. The act was witnessed by an officer of the artillery.

Men That Go Women's Work.
Among some of the American Indian tribes of the southwestern United States, says a writer in World Magazine, there is a curious custom of men occasionally assuming the work of women as a life occupation, and that it seems to be due to a preference for female labor, the man seeking his identity as far as possible by assuming woman's garb.

ARTESIAN CITY NOTES.

J. E. Stannell was down from Oakley Sunday, going to business to see the Dalmore convention. He is down about 100 feet on the deep well near Oakley.

The Artesian ladies will give a Sunday on Monday on Mrs. Wm. Gardner. Will give particulars later.

J. E. Bower moved to Twin Falls Wednesday on business. He is down here through last week on route to the shearing pen at Rock Springs on Dry Creek.

Wm. Hansen moved his sheep the past week to his corral on Dry Creek. One load of wool was hauled out on Monday.

Sam Strong was a Twin Falls county visitor on Thursday last.

Earl Barnhill is working for T. T. Rutledge this week, putting in spring grain.

C. O. Workman visited Rock Creek Sunday.

"Good gracious, Besley, how did you get so soaked up?"

"Why, I saw two men fighting and stepped in between them."

"And they pummeled you, is that it?"

"Well, I guess they did. I saw two men coming to the middle man," Cleveland Plain Dealer.

HARDY BERI INDIANS.

Can Outrun a Horse and Go 60 Miles Without Food.

From an ethnological standpoint one of the strangest peoples in the western hemisphere is that tribe known as the Beri Indians, living in the extreme part of the state of Sonora, Mexico, along the shore of the Gulf of California and the island of Tiburón in the Gulf.

This little immortal Beriland has never been practically explored, partly because it lies behind a desert barrier and partly on account of the war between the Mexicans and the blood-thirsty inhabitants.

These Indians are of superb physique, able to run a foot race with the best of the half Mexican without rope or projectile; able to run across the desert, waterless and footless, so rapidly as to outrun any pursuer; able to abstain from food and water for days; habitually to pass barefoot through cutting thickets and over the steepest slopes without thought of comfort.

They speak a distinct language and strictly neutral in mountain marriage is hereditary. The remains of ancient ruins in Serriland indicate that the inhabitants have always been their country free from foreign invasion and that for centuries their customs and habits have always been the same, remained unchanged. Detroit Free Press.

POPULAR GIRL GIVEN SHOWER.

Mrs. Olsson is Guest of Honor at the Annual Banquet Shower.

On last evening at the home of Miss Nell Bulla a pre-nuptial affair was given in the order of a boulevard party to Miss Amy Olson, whose marriage to J. L. Busby of Boise will take place this spring. This little party of honor was an entire surprise to Miss Olson, as she was supposed to be on her way to the theatre. After being invited for a few minutes she became interested in the conversation and did not notice the approach of the crowd until they were at the door. The honored guest received many presents and useful gifts. The company departed with a most cordial thank to the bride-to-be for the evening granted her.

Most of the invited guests—who were present were: Misses Amy Olson, Frances Olsson, Hazel, Pook, Hartman, Paul, Skeen, Irving, and Mrs. H. H. Olson, H. H. Olson, C. M. Jordan, Banks and Nellie Rank.

DISSEMBLING ARE SERIOUS.

(Continued From Page 1.)

Klayton, a radical Bryan man, was given the endorsement of Ada county for national committeeman, and in this way the first definite move toward the formation of a Bryan campaign in our county has spoken, and has been the first issue in every one who has been whether a Bryan or a Clark delegation be sent to the Dalmore convention. This is the real crux of the situation—Bryan or Clark? This means, in large measure, DuBois or anti-DuBois. The means that the Democratic party in Idaho are to take in the Bryan or Clark campaign will be much affected by the Dalmore convention.

CLAYTON, MORRISON AND HAINES.

A development of the state convention worthy of note is the practical elimination of all candidates, Morrison, Haines and Haines. It is now reasonably certain that the choice of the Republican voters will be made from the trio at the Dalmore convention. This is because he is satisfied that he can help Morrison, who is the son and heir of the Dalmore convention, and who is satisfied that he can help Morrison, who is the son and heir of the Dalmore convention, and who is satisfied that he can help Morrison, who is the son and heir of the Dalmore convention.

The proceeds of this city, gave it some very flattering comments.
