

MILIONS ARE SECURED FOR RAILWAY

TWIN FALLS ELECTRIC ROAD, FINANCED, WILL BEGIN OPERATIONS OCTOBER 1.

Mortgage Deed for \$2,000,000 is Obtained for Completing Loop Line from City to Shoshone Falls at Once—Equipment on the Way.

The Twin Falls railway, from this city to the Shoshone falls, has been financed for early completion. A deed of trust, given by the railway company to the Central Trust company of Illinois, was filed in the local court Monday by the local president of the company, who returned from the east last Sunday an announced closing of the deal. The completion of the railway is assured. The deal carries with it a mortgage for \$2,000,000 an amount sufficient to put the railway in a permanent plan in connection with the road.

From this time on the work of completing the loop line to Shoshone falls will be a matter of time. With the exception of a few short links the main grading has practically been completed and the rails, ordered and on the way, will soon be laid. Every effort will be made to have the line in operation by October 1. Two steel cars, each of 45 passenger capacity, of the latest Edison storage battery design, have been ordered and will be on hand for service by the time the road is completed.

From the city the loop line will follow the Blue Lakes highway to the north road near the canyon, thence south to the falls. From the falls the line runs south to the east extension of Addison avenue, which road it follows west to the highway, entering the city on the west side.

From the city the loop line will follow the Blue Lakes highway to the north road near the canyon, thence south to the falls. From the falls the line runs south to the east extension of Addison avenue, which road it follows west to the highway, entering the city on the west side.

Highest Bridge in World. With the loop line in operation, further extensions and developments will be rapidly carried out. The line is already graded from the falls to the canyon, the terrain, under present plans, of the road. Connecting the north and south side lines will be the great high bridge which will span over the canyon at a short distance below the falls. This will be the highest bridge in the world, the plans calling for an span 640 feet, above the falls. The bridge will be 1,130 feet in length. The only bridge to compare in height is a railroad bridge in Switzerland. This steel girder bridge will afford to tourists a view of the falls and will be a drawing card for visitors on route to the northwest.

Perrine Closes Deal. The successful closing of the deal, by which the completion of the railway is assured, was the result of the efforts of I. B. Perrine, president of the road. Mr. Perrine has spent much time in the east during the last few months and he feels now that another positive move has been made toward the realization of the plans upon which he has for years been working.

Officers of the railway company are: I. B. Perrine, president; E. B. Williams, first vice president; A. S. Stammers, second vice president; C. M. Smith, secretary; D. B. Mooman, treasurer; J. C. Moore has resigned as assistant secretary, owing to the necessity of one of the secretaries remaining in Chicago.

RETURN TO STAGE LINE. W. W. Anderson has resumed his former position as driver for the stage line. He has made arrangements to join the stage of the Lubin Motion Picture company on the first of the Elgin carnival. It was announced that he remains in Twin Falls.

Henry Musgrave went down to Bogert Saturday night to look after his farming interests.

A VOTER'S DUTY

It is your duty as a citizen to register and vote at the primary election. Do not fail to do this on the ground that "there will be plenty of others with more time than you to vote."

Remember that hundreds of your neighbors feel just the same way. Take the necessary time to register and vote the primary ticket. It is essential that good men be chosen and this is impossible unless all will exercise the full duty of citizenship in this important matter.

REPUBLICANS OF THE COUNTY: We must have a ticket chosen by a majority of all the people—a ticket that will have the strength to command a full measure of support in the coming election.

Remember this and do your duty at the polls next Tuesday. Remember also that you will be barred from this duty unless you register. E. L. ASHTON Chairman Republican County Central Committee. J. H. WISE Republican State Committeeman

POLITICS IS THEME AT CLUB LUNCHEON

CANDIDATES MAKE HUMOROUS REFERENCE TO EFFORTS.

C. A. Robinson Says Increased Acquaintance Ample Repays Him for All His Work to Secure Nomination.

It was confidant day at the Commercial club yesterday when the members gathered for their regular weekly luncheon. The expected speaker, Mr. C. A. Robinson, was given up to short talks by those present on various subjects.

Clarence A. Robinson, who is a candidate for the nomination of senator on the Republican ticket, was what might be termed the principal speaker of the day. His popularity being well attested in the hearty laughs which followed his humorous account of his efforts in campaigning over the county. He declared that even if he failed to secure the nomination, he would amply repay for all his work in the number of new acquaintances made and the really valuable fund of information secured as a result of his trips over the country.

Perrine Closes Deal. The successful closing of the deal, by which the completion of the railway is assured, was the result of the efforts of I. B. Perrine, president of the road.

Officers of the railway company are: I. B. Perrine, president; E. B. Williams, first vice president; A. S. Stammers, second vice president; C. M. Smith, secretary; D. B. Mooman, treasurer; J. C. Moore has resigned as assistant secretary, owing to the necessity of one of the secretaries remaining in Chicago.

RETURN TO STAGE LINE. W. W. Anderson has resumed his former position as driver for the stage line. He has made arrangements to join the stage of the Lubin Motion Picture company on the first of the Elgin carnival.

Henry Musgrave went down to Bogert Saturday night to look after his farming interests.

ANNOUNCES PLATFORM

Mark M. Murtough Issues Open Letter to Voters of County Asking Support.

Mark M. Murtough, candidate for nomination as senator from Twin Falls county, to be voted for at primary on July 30, 1912, has addressed an open letter announcing his platform.

Mr. Murtough's Letter Follows: To the Voters of Twin Falls County: The present political situation is unsettled and for fear that in the turmoil of the day my criticisms may be misconstrued, I write: I am a Republican. The principles enunciated by

MARK M. MURTAUGH.

the state convention are progressive to a degree. They have in heart and mind the common good for all. I know the party will carry on work of practical, progressive, constructive legislation.

I firmly believe this campaign sooner or later will develop into a contest of sound principles, not personal intrigues. I will accept no nomination without entering energy into the legislation.

Further pledge if elected to use all honorable means at my command to secure the re-election of Hon. Wm. E. Barnah, that he will return to Washington, D. C. as our United States senator to continue his great record and service to the United States and to further his progressive efforts in behalf of Idaho. He is our own best friend and no teacher or farmer can doubt the meritorious work he has done and continues to do for the home-owners of the West and particularly for the home-builders of the Gem state of Idaho.

Another Object in View. It is stated on all my cards that I am the taxpayer's candidate. I stand for public economy and equitable taxation. I have had it during the past administration of state and county. Certainly we say "No." All taxpayers of this county can attest to that.

I want to see a reduction of taxes, which can be had through economy in the expenditures of the public money. The levy and collection of taxes in this county has been only as necessary for the purposes of the county and state on an economic basis and yet some

Inspector-irrigation system. Governor Hawley and Party View Salmon and Oakley Projects.

BROUGH ENDS IN FIGHT

Pittman in Hospital, Result of Blow from Balch—Balch Out Under \$5,000 Bond.

Charles Pittman, Kimberly farmer, who at the Twin Falls hospital in a serious condition as the result of a blow from John Balch, and John Balch and John Balch, Jr., neighbors of Pittman, Pittman and his son are out under \$5,000 and \$2,000 bonds, respectively, and over the night with a deadly weapon. They will be given a hearing in Justice Sumner's court, Kimberly, July 29, so far as could be learned, the three men participating in the fight were its only witnesses.

The fight took place last Saturday evening in the vicinity of the Pittman and Balch homes, about a distance south of Kimberly, and was the result of a long-standing grudge between the men, they have expressed their animosity in damage suits in the county courts during the past few years. Upon their meeting last Saturday evening an altercation arose over the difficulties and the fight was on. Pittman's injuries consist of a fractured nose and badly fractured jaw bones, rendered by a blow from Balch with a two-inch plank by Balch after Pittman had been knocked to earth. Balch claims he struck Pittman in self-defense, and that Pittman was the aggressor in the tract.

Prosecuting Attorney Hicks and Deputy Sheriff Harrison went to Kimberly Sunday and placed Balch and his son under arrest. Upon his arrival at the hospital Pittman's condition was considered serious, but at this time it is believed he will completely recover, except for the fact that his injuries will disfigure him for life.

EASTERN BUYERS ARRIVING

Hay and Potato Merchants Sending Representatives to Secure Contracts on Season's Crops.

Eastern and middle western hay and potato merchants have their representatives already on the tract country for this season's alfalfa and tuber crops. While some of these represent firms that have been buying the Twin Falls hay, a number of them have arrived to secure contracts for the first time, having been attracted by the optimistic crop reports that have gone out in the last few weeks. The indications are that the crops this season will be much heavier than ever before produced on the tract. The average of the first cutting of hay has been between two and three tons per acre, and the final average for the season is expected to reach the six tons per acre mark.

WELL KNOWN FAMILY HAS NARROW ESCAPE FROM SERIOUS CASE OF PTOMAIN POISON

A severe case of what is believed to have been ptomaine poisoning, in which practically an entire family entertained for hours, is reported from the home of L. A. Snyder, last Thursday night. Five persons were afflicted and prompt medical aid alone is probably responsible for the fact that none of the cases resulted fatally.

The Snyder family is one of the best known in the tract. Last week Mrs. Snyder and their guest, Mrs. Nellie and Miss Edith Throckmold of Salt Lake City, the dinner on Thursday night consisting in part of pork chops, Miss Mar the Snyder ate but a small portion of the meat and was only slightly affected by the action under the respective head-gates, and that the ditch riders were incompetent to perform their duty from numerous reasons. The members of the board, it was stated, that a number of personal difficulties had arisen between the ditch riders.

WOTE TO BE TAKEN ON BRIDGE BONDS

WILL BE HELD IN CONNECTION WITH PRIMARIES.

City Engineer Mull Strongly Urges the Issuance of Bonds and Points Out Need of Two Steel Bridges Over Rock Creek.

The issuance of bonds, amounting to \$25,000 for the construction of two bridge-approach Rock Creek at points in the city limits, will be submitted to vote in connection with the primary election next Tuesday. The bridges, ordered in some time ago, will cross the creek at the Ottumler road west from the north-west corner of the city, the terminus of Main avenue, and at the south extension of the Blue Lakes boulevard beyond the Short Line tracks.

The bridges will cost, together, not to exceed \$25,000, and will accommodate traffic to and from the city market designs. They will afford roadways over the creek-canyon without approach grade, and will accommodate traffic to and from the city market designs. They will afford roadways over the creek-canyon without approach grade, and will accommodate traffic to and from the city market designs.

Some time ago representatives of ten bridge construction companies appeared before the county commission to discuss the matter of financing the unwillingness of construction companies to accept a contract on term payments as succeeding may be issued. The commission repudiate such contracts. In view of the fact that the county road and bridge fund at the present time is not sufficient to start the building of these bridges and in view of the recently enacted state law which provides that no jurisdiction warrants may be issued, the commission is desirous to increase the levy this year, decided upon the filling, for the bond election next Tuesday. In speaking of the matter, the county engineer, C. H. Mull, a few days ago said:

Multi-Use Bonds. "The voters should by all means declare for the issuance of the bridge bonds at next Tuesday's election. These bridges have been needed for years. They will be of benefit both to the farmer and the resident of the city as well as to the traveler passing by. They will be of benefit to the farmer and the resident of the city as well as to the traveler passing by. They will be of benefit to the farmer and the resident of the city as well as to the traveler passing by.

During the discussion by the members of the board, it was stated, that a number of personal difficulties had arisen between the ditch riders. The matter of suit against the company for damages to future to deliver water was also considered, but no action was taken.

Claim Ditch Riders Incompetent. During the discussion by the members of the board, it was stated, that a number of personal difficulties had arisen between the ditch riders. The matter of suit against the company for damages to future to deliver water was also considered, but no action was taken.

Another Object in View. It is stated on all my cards that I am the taxpayer's candidate. I stand for public economy and equitable taxation. I have had it during the past administration of state and county. Certainly we say "No." All taxpayers of this county can attest to that.

THIRD PARTY MOVEMENT TO CULMINATE IN CONVENTION TO BE HELD AT ST. ANTHONY

(Special to The News.) Boise, July 23.—It seems that Idaho is to have a Roosevelt convention at St. Anthony, N. M., on August 1. It will be a mass convention and will probably take in the field for president and vice president. It is reported that a plan is being made to place a state ticket in the hands of this St. Anthony convention. The plan is to have a ticket in the hands of this St. Anthony convention. The plan is to have a ticket in the hands of this St. Anthony convention.

governor, a majority of 1,400. This elected Hawley over Governor Brady. Since that time there have been all kinds of political friction in Fremont county. Both parties are shattered into warring factions. Some time ago a meeting was held at the home of the late Wood S. Parker, at his home, Parker is a strong patriot in politics. He has been in all parties but not long in any one of them. Parker's taxpayers league was organized on August 4.

CURRENTS IN DEMAND

J. M. Spackman Makes Shipments East—Demand Has Exceeded the Local Supply This Season.

J. M. Spackman, who resides northeast of the city, reports that the supply of red currants in this section of the county will not fill the demand from eastern markets. Mr. Spackman has made several shipments east and that week received an order for all the red currants he could furnish. He is sending all his own crop but purchased all that could secure, making in all 23 crates shipped to one party. He says that the demand has been greater than could be met by the local supply.

DEEP CREEK

Deep Creek, July 23.—Mrs. F. D. Durke arrived in Twin Falls from Seattle to spend the summer with her husband on their ranch.

The Ladies Aid society was entertained on Thursday by Mrs. Breese. The next meeting will be held on August 14th in the school house.

Mr. and Mrs. A. W. Husted, H. N. W. Haines and Miss Husted, all of Twin Falls, spent the last of the week at the Hill ranch.

Stanley Bryantone sustained a severe cut on the head by the breaking of the harness while driving a horse last week. Dr. Murphy dressed the wound and the little lad is getting along nicely.

Brotherhood returned Sunday from an outing at Clear Lake.

BUMPER CROPS SPECIMENS

Specimens of Twin Falls bumper crops are on display in the Commercial Club Rooms.

Mr. and Mrs. J. E. Carr and Mr. and Mrs. M. Jordan left on Monday for their vacation with friends around Three Creek.

Mr. Hattig of Roseworth called on Deep Creek friends on Sunday.

Hooker-Wishart Company of St. Louis will install office here.

Papers of Incorporation for the Hooker-Wishart Colonization and Improvement Company were filed Tuesday by J. C. Moore.

Ross, Emil and Victor Strubbe.

Party for Little Folks.

Mrs. Stuart Taylor invited a number of little tots to celebrate the fourth birthday of her daughter, Allison. A delightful afternoon spent with games, the guests were seated at a long table and served with all the goodies the delectable child "All" meant. The large fruited birthday cake occupied the center of the table and a pretty little harmony scene and a Jack Horner pie combined a favor for each guest decorated either end. Those present were Peggy Wall, Jane Maxwell, John Maxwell, Arthur Peavey, Mabel Wotton, Morris Robinson, Elmer Babcock, Constance Stalker, Ivo Hull, Viola Evans, Clinton Evans, Clifford Evans, Fred and Dorothy Hill, Fredrick and Orin Hill, Marjory Woods, Margaret and Frankie McAtee, Margaret Harlan, Elizabeth Miller and Alfred Strunk.

Delightful Dinner Party.

On Monday evening of this week Mrs. and Mrs. Greeshow entertained at a delightfully appointed dinner party complimentary to Mrs. Lindsay, who is visiting her sister, Mrs. Channell and Mrs. Greeshow. Around the large table, which was attractively decorated with arrangements of

ed. Mr. and Mrs. Channell, Mr. and Mrs. Booth, Mr. and Mrs. Bodford, Mr. Lindsay and Mrs. Greeshow.

Camp Fire Club.

Azalia Trengle, Doris Liebenow, Sarah Hikan, Marjorie Pickett, Jeanette Prothro, Anna Smith, and Beverly Madsen, Eleanor Taylor enjoyed a camping trip to Brock Creek last Sunday. It is the plan to form a Camp Fire club.

Honoring Mrs. Lindsay was the very enjoyable party given on Friday afternoon by Mrs. C. C. Bedford at her home on Eighth avenue. Taylor enjoyed a camping trip to Brock Creek last Sunday. It is the plan to form a Camp Fire club.

NOTED SPEAKER COMING

Dr. Stackhouse Will Speak at Baptist Church and at Union Evening Service in High School Sunday.

Dr. W. T. Stackhouse, New York, secretary of the Laymen's League, movement of the large eastern corporation, will speak at the convention in this city next Sunday. Services will be held in church at 12 o'clock and in the evening at 8 o'clock. A literary service will be held at the churches dispensing literary service to attend a meeting.

Speeches

ELKS RETURN IN AUTO

Messrs. Peavey and Bursan Are Home from Portland—Made Record Trip in Ford Car.

Three and a half days from Twin Falls to The Dalles is the record set by Arthur J. Peavey and L. A. Bursan in a Ford car. The pair returned Monday night after what is described as one of the most enjoyable outings of a number of years.

The two left Twin Falls in time to beat their rival Elks' from this section. From The Dalles the trip into Portland was made by steamer, as there is practically no wagon road connecting the two cities.

Three new tires comprise the sum total of accidents and delays of all kinds. The weather for the most part was excellent and the whole trip was thoroughly enjoyed. In the big parade the little car was a conspicuous feature. Packed with a banner reading "Twin Falls to Portland in three and a half days," driven by Mr. Peavey with Mr. P. Pape of Tula, Okla., occupying the seat of honor, hundreds cheered its progress from the curbs.

Following the stay at Portland Mr. Peavey and Mr. Bursan went on to Seattle, where they said good-bye to Fred Volck, who left on a trip to Alaska. They spent a day or two in Seattle before starting on the return trip.

Mr. Peavey expresses himself as highly impressed with the evidence of splendid growth in both Seattle and Portland, but declares that he is glad to get back again to the future fruit center of the world.

FOR TREASURER

THOMAS M. ROBERTSON.

An Expert Bookkeeper and General Accountant of Long Experience, Candidate for the Democratic Nomination for the Office of County Treasurer.

Copy of a personal letter that passed between two of the wisest residents of the county, each of whom are large property holders and taxpayers: Twin Falls, Idaho, July 23, 1912. Mr. Lawrence Hansen, Rock Creek, Idaho.

Dear Sir: I want to write to you in regard to Mr. Thom. M. Robertson, who is a candidate for the Democratic nomination for the office of county treasurer. For this office we want to nominate and elect the man best suited by training and experience, and in my judgment Mr. Robertson is that man.

He is a man of college education, after which he was in the accounting department of a large railroad system, also having been chief accountant for several of the large eastern corporations. His character and politics add much strength to the Democratic ticket in the November election. I trust that he may receive the majority of the votes in the Rock-Creek district.

Yours very truly, W. N. CLARKE. (Signed) A personal letter from a lawyer to a banker telling of the qualifications of Thom. M. Robertson, and why he should be elected county treasurer: Twin Falls, Idaho, July 24, 1912. Mr. W. H. Turner, Cashier of Kimberly, Kimberly, Idaho.

My dear Sir: Regarding the office of county treasurer in Twin Falls county, I want to say that I think we can not exercise too much care in nominating and electing to this office the man best suited by training and experience to discharge the duties of same. I know of no one better qualified by such training and fitness than Mr. Robertson, and I trust that you will do all that is in your power to secure him the Democratic nomination and the election in November.

Mr. Robertson is an expert bookkeeper and general accountant of long and successful experience. On leaving college he entered the general accounting department of one of the largest of the eastern railroads, in which department he served for five years. Since that time he has always been engaged in accounting and office work, having had entire charge of the bookkeeping department of several of the large eastern corporations. During his four years' residence in Twin Falls his duties have been largely clerical, therefore from point-of-character, general fitness and ability, the voters of this county could not hope to do better than secure such a treasurer as Mr. Robertson would make. Yours very truly, J. G. DAVIES, Attorney at Law.

ELECTRIC SIGN INSTALLED.

Big Addition to City's Display Lights—Made by Power Company.

The Great Shoshone and Twin Falls Water Power company have erected a large electric sign on the roof of their building at the corner of Main street and Second street north, which will add greatly to the electrical display of the city.

Electrical signs are not only attractive, but add greatly to giving a city a metropolitan appearance, and Twin Falls is rapidly coming to the front in this respect. Together with its cluster lights and many electrical signs it takes front rank among the best-lighted cities in Idaho.

SATURDAY, JULY 27

Members of the family traveling should not be content with providing means by which those left at home may reach them quickly, but should communicate with the home frequently, and particularly when there is bad weather, transportation delay, disturbance of public order, or any other unusual condition where the traveler happens to be. Bad news flies fast, and is magnified by distance. These things cause apprehension at home.

No other medium conveys the personal assurance and causes such peace of mind as the long distance telephone talk can give.

TWIN FALLS IDAHO

EDITORIAL PAGE OF THE NEWS

JULY 25 1912

TWIN FALLS NEWS

Official Paper of Republican Party of Twin Falls County

Published Thursdays by the Twin Falls News Publishing Company Twin Falls, Idaho.

D. A. READ, Manager. Subscription Rates: One year, in advance \$2.00. Six months, in advance 1.25.

Entered as second-class matter, December 2, 1904, at the post office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

THE LEADING ISSUE. The national Democratic platform adopted by the Baltimore convention brings directly before the people of the country the question of the tariff.

The national Democratic platform adopted by the Baltimore convention brings directly before the people of the country the question of the tariff. The platform reiterates its declaration in former years, denying to Congress power under the constitution to levy customs duties except for revenue.

It is altogether likely that the paramount issue of the campaign will be the tariff. If so, the campaign will be one of an educational nature on one of the most important subjects of national concern.

THE COLLAPSE OF A PAGAN IDOL. Down goes the Josam house in Chinatown, New York, by decree of the Six Companies.

Down goes the Josam house in Chinatown, New York, by decree of the Six Companies. A meeting hall in correspondence with the progressive ideas of the new civilization will take its place.

Advantage of the space between the young orchards is being taken by many farmers who have planted this ground to potatoes and beans.

Need not on the part of farmers to cut the weeds along their fence lines has been commented upon by numerous agriculturists and prospective investors who have visited this city recently.

AT THE POLLS. During a city election in New York a block of trained reporters marched in an end side by side.

Dr. Sticklehouse, a prominent worker in the League's "missionary" movement, will speak at the Baptist church and high school auditorium next Sunday.

Don't fail to register before date day. If you haven't registered do so at once—now.

tion at home and the cost of production abroad, in order to place those products on an equal basis of competition.

Prohibitive tariff and protective tariff should not be confused. The former represents a tariff so high as to prohibit foreign made articles from admission into this country.

A prohibitive tariff is recognized as a pernicious principle, and open to objection on constitutional grounds. A protective tariff results in revenue to the government, creates a fair basis of competition between home and foreign products, and protects the wage scale of this country.

A DUTY OF CITIZENSHIP. On next Tuesday the voters of both political parties in this state will have the opportunity of choosing their candidates to go before the people next fall.

The duty of the voters is plain. It is as important to nominate good men on the two tickets as it is to elect them in November.

THIRD PARTY MOVEMENT. Roosevelt, not long since the favored official source in Washington—that is, Progressive party official sources—to the effect that out of consideration for Senator Borah.

Local candidates for the legislative and executive offices are being named and the deep blue sea these days.

When Allen learned that Parker had done in Roosevelt county he was not over there hoping to head him off in order that a more representative convention might be held in Boise.

Thousands Expected. Allen, who is long on optimism, asserts that the party is already organized in twelve of the larger counties.

MOVEMENT HAS OPPOSITION. Some of the more conservative Roosevelt men are opposed to this move to demand a county-wide convention.

THE POTATO BOOK ISSUED. E. H. Grubb, Joint Author, Well Known on Track, Has an International Reputation.

ed: A progressive principle put into actual practice must be upheld by the conduct of the people, or it will fall into disrepute.

THE THIRD PARTY. It would appear that the Roosevelt party is to cut some figure in Idaho after all.

As The News has before stated, it is too early yet to dismiss the third party movement with a word.

FOR NEW BRIDGES. In the excitement incident to the primary election of next week, it should not be forgotten that the selection of candidates before the people for the various state and county offices is not the only question to be decided on July 30.

Local candidates for the legislative and executive offices are being named and the deep blue sea these days.

When Allen learned that Parker had done in Roosevelt county he was not over there hoping to head him off in order that a more representative convention might be held in Boise.

Thousands Expected. Allen, who is long on optimism, asserts that the party is already organized in twelve of the larger counties.

MOVEMENT HAS OPPOSITION. Some of the more conservative Roosevelt men are opposed to this move to demand a county-wide convention.

farmers of that section with the city and its markets has long been admitted.

It is hoped that a really representative vote will be polled on this most important question.

SMITH FOR CONGRESS. On this, the eve of the primary election, The News would say a good word for Addison T. Smith of Twin Falls county.

Mr. Smith aspires to go to Congress, and in this Mr. Smith should have the loyal support of the Republicans of Idaho and of this county in particular.

There is no question as to his experience, ability and general fitness, and for years past he has been a good friend to this section.

It is knowledge of the needs of this section alone should prove one of the very best arguments possible in his favor.

THE RED BANDANNA. The red and white bandanna handkerchief is a grand old rag.

It must have blushed a deeper shade of crimson when it found itself around the neck of Jim Blinn, Olinus W. Perkins and Dan Huna, and learned that it had become the emblem of the American Board.

FOR SENATE. E. H. REITZIG, Of Filor, Republican Candidate Before the Primaries.

In a joint statement to the people of Twin Falls county, E. H. Reitzig, candidate for the nomination of senator in the Republican ticket, says that they have been fair.

I also said that as a farmer I thought our legislative and other important offices of state ought to be held by farmers who are, or should be, qualified to legislate in the interest of farmers.

THE PRIMARIES. E. H. REITZIG, Of Filor, Republican Candidate Before the Primaries.

WORK BEING PUSHED IN JARBIDGE MINES

GOOD ORE GRADES ARE SECURED ON SEVERAL CLAIMS.

Accident Befalls Stage Line Mail Car—Government Forester and Botanist Studying the Floriculture of District, Finding New Species.

(Special Correspondence.) Jarbridge, Nev., July 25.—At the Alpha shaft is being dropped down as rapidly as two shifts can do it. We understand a third shift of miners will be started soon. The shaft is being sunk on the lead which inclines into the hill. The lead shows an increase in width, which will assay \$40 and better to the ton. A fan has been installed at the portal of the tunnel and the air is much improved. The tunnel is now in hard country rock, for in some unaccountable manner the lead was missed. The tunnel is being driven in a westerly direction, but a steeper dip into the hill than was expected, which makes the face of the tunnel at least 40 feet from the lead. The tunnel will be holed through from day to day proving that the Alpha has a continuous ore body of good value.

The Bluster and Success.

Work on these two properties is being pushed right along, with the result that more ore is being exposed to view. In the Bluster, it is claimed, 50,000 tons of ore is in sight. The Success people claim they have a larger ore body blocked out. In view of the Success mine feel of ore at an average of \$24, while in the Bluster the lead values of from \$10 to \$20 are showing up. It is almost certain that the Bluster and Success are in the same vein, so it will be reasonable to suppose that values will be about the same. The Bluster property has the larger number of feet on the lead which makes it the more reliable.

A few days ago the Success miners cut the lead in the lower tunnel. This gives a vertical depth of 450 feet and goes down towards the Jarbridge district. At this writing enough work has not been done to determine the extent of the lead, but it is reasonable to suppose that the value are as good as in the upper workings.

The Bluster people are building an assay office along the Jarbridge road and will be able to do all their own sampling.

The Bourne-Middle.

This tangled up mess is gradually being straightened out. Word has come from Elko that Ernie Bean and his pals are out of the way and something tangible in the way of definite results may be looked for. A letter came to the lien holders here recently that the property was to be turned over to a gentleman by the name of Shurtliff and that he was to pay over to the preferred creditors \$31,000 a month out of the royalties which usually go to owners of the ground. This was a most unbusinesslike proposition, there was nothing about security. The creditors here did not take kindly to such a settlement, so a representative was sent to Elko to block the proposed deal with the result that Shurtliff and his pals were called upon to put up a bond for all the indebtedness. The deal was null and void for over \$31,000. The bond was not forthcoming and Shurtliff and company are now to be re-elected upon the same terms as factors in the mining development of Jarbridge. Settlement of the tangle is being taken up in another way, but the results can be considered unsatisfactory as they have been so far.

The Pavlak Again Examined.

Brian S. Held and C. E. Hold have completed an examination of the Pavlak mine and the results are in the interest of custom stockholders who are too heavily involved to let the venture pass without finding out. If there is not a show to recover the money they have already put up.

The Swastika.

C. D. Anderson and W. A. Flower have been in town this week. They came out to see what their mine, the Swastika, was doing. They were with their resident manager, showed them around and claims they were well pleased with their investment. The Swastika claim is located above the

PRaises SHOSHONE FALLS

Chicago Man, After Extensive Traveling, Says One of World's Wonders is Located Here.

While a guest of Mr. and Mrs. J. L. Daubo last Friday and Saturday, Frank Strauser, a well-known business man of Chicago, who shows accurate directions of the tract and canyon, the Shoshone falls and Blue Lakes being the chief points of interest. In speaking of the falls Mr. Strauser said:

It is one of the most wonderful sights I have ever seen. It is beyond description. I have traveled over the world, both in America and abroad, and I have never seen its equal. On three different occasions I have toured Europe and have seen beautiful and wonderful, but here you have what cannot be surpassed by any waterfall of which I know. This is my first visit to this part of your state and the development that has taken place since the tract was opened can not be realized. I wish I could have been here five years ago to have witnessed the growth that has taken place. If your forest water falls were in Europe, all railroads would strive to reach it before their competitors, and Americans would go to Europe to see it. But here it is with its tremendous volume of water, surrounded by a magnificent setting, and a "top miles" any people don't know that such a natural sight. I don't expect to see anything to equal it very soon again.

Personal and General.

W. W. Flak is now postmaster. His station is at Jarbridge. J. M. Glasson of Wallace, Idaho, is in camp acquiring some ground. Sheriff Joe Harris of Blaine county came in Tuesday and started out on Wednesday to collect the grazing tax on foreign sheep in this part of the county. Messrs. Kidwell and Frank came in Wednesday to look after their interests in the Carter country.

TWIN FALLS, IDAHO

TRUSTEES' ASSOCIATION ENDORSES T. W. POTTER FOR COUNTY SUPERINTENDENT

Office of Twin Falls County Trustees' Association, Room 22, 1912.

T. W. Potter, County Superintendent, Twin Falls, Idaho.

Dear Sir: Your letter of the 5th instant, received at the office of County Superintendent of Schools, and your unwillingness to resign become a candidate unless the school trustees of the county were notified with your consent and requested your continuance in office. The contents of your letter have been submitted to the trustees of the county and numerous replies from the majority of districts have been received, strongly commending your present and past work and urging for the best interests of the schools of the county that you continue in the county. With such assurance from the school trustees of the county, and our own personal knowledge of your excellent ability and thorough practical experience, we feel assured that you will continue to do the best for the work you have so ably and bravely carried on for some years past. We

need more men in school work with progressive, practical ideas, such as you have advanced. It is difficult to understand why the practical, business-like man who has so long been out of our schools and so much missed upon educational development. There is nothing of so great importance as the proper education of our children and the successful supervision of our schools. The position of County Superintendent is a very responsible one and requires much practical business ability and experience along with scholarly attainments. This, too, we need an enthusiast; without this quality there can be no success. You have proven to the school trustees and people of the county that you possess all of these qualities to a large degree and the best interests of all our schools demand your reelection. We also believe the office should be non-political in the strictest sense of the word.

Yours ably and bravely carried on for some years past. We

W. P. BRIDGMAN, Secy., Kimberly, Idaho.

If you want printing done, by all means have it done right. The News printing department has made equipment of type of latest faces, and men of skill and experience to handle them.

JOHN M. HAINES IS VISITOR ON TRACT PROMISES BUSINESS ADMINISTRATION IF ELECTED.

Dolan Man Says He Favors Ebrah for Senate and Pledges Himself to Support Party Platform, Both State and National.

"Put me down as a Borah Republican, state and national platform Republican and a Tatt-Republican," said John M. Haines, candidate for the nomination of governor during his recent visit to the Twin Falls track west.

Mr. Haines stated that he was on the last leg of his trip over the state and that he had been in the hands of the candidate. He left his Saturday morning for Jerome and Wendell.

Mr. Haines expresses full confidence in the outcome of the primary election. He states that he has received assurances of support which he believes will be sufficient to ensure his nomination.

Is For Law Enforcement.
Asked as to his views on matters political, he stated that he will make his chief stand on a platform of law enforcement and the carrying out of the law in every part of the state. He is in support of the Chicago convention. "I am supporting Tatt," he said, "for the same reason that I would support any other nominee of the Chicago convention. Tatt was the choice of the convention and I believe it to be the best man for the job."

Mr. Haines stated that he is in support of the present local option law in both letter and spirit, and if elected he will do everything possible to further its enforcement as long as it remains on the statute books. "But it should be borne in mind that the local option law is not the only law on the books, and I desire to have it thoroughly understood that I am for the enforcement of such legislation as will result in increased prosperity and peace. I believe in the protection of the lumber, the mining and the wool industries, and further, believe in the encouragement of these kind of industries to the full measure of my ability. I stand on my record as a business man, and if nominated, I expect I promise to give the people a business administration."

"I am an old resident of Idaho, and when I say I stand on my record, I do not mean my political record. I do not mean my business record. I do not mean my record as a politician. I mean my record as a business man. I have been such that any business man may safely take my word when I say that I favor an administration of the state's affairs along business lines. This applies to every branch of the state's business, from the conduct of the public land business down.

Has Faith in Idaho.
"I had faith in Idaho when I first came here from Pennsylvania, and believe that the future of the state was never brighter than at present. If elected I will do everything within my power to help Idaho take her rightful place as one of the greatest and richest of all western states and one of the most prosperous in the whole country."

TO THE VOTERS OF TWIN FALLS COUNTY.
I am a candidate for the office of Assessor and Tax Collector. For the past two years I have served as assessor in this county. My capacity I have been brought in close contact with all county officers, especially that of the assessor and tax collector, and my business record is familiar with the needs of that office.

"Desiring to stand on my record as a business man, and believing that I have faithfully served the taxpayers in this capacity—endeavoring at all times to work for their best interests—I would appreciate your support at the primaries July 30th.

You can vote at the primary election unless you are registered.

JOHN M. HAINES, Dolan Man, who is Candidate Before the Primaries for Governor on the Republican Ticket.

PROGRESSIVE PARTY CALL

State Convention Will Be Held at St. Anthony July 30—To Name Full Ticket.

A call has been issued by the Taxpayers' Progressive Party of Fremont county for a convention to be held in St. Anthony July 30 for the purpose of nominating a county and legislative ticket, in line with the universal demand for a progressive movement. Following the receipt of commitments from numerous prominent citizens of Idaho requesting the organization of a Progressive party and the holding of a state convention to nominate a state legislative ticket and elect delegates to the National Progressive party to be held in Chicago August 5, the following call has been sent out:

Notice is hereby given to the qualified electors of the State of Idaho who are interested in the Progressive movement, to attend and take part in a state convention to be held at St. Anthony, Idaho, on the 30th day of July, A. D. 1912, for the purpose of perfecting said organization, the nomination of three presidential electors and a full state ticket, also for the selection of delegates to the convention of the National Progressive party to be held at Chicago, August 5, 1912, the adoption of a platform and for the transaction of such other business as may be necessary.

By order of committee: W. C. Hummel, chairman, and W. D. Parker, secretary.

R. J. DAY, Republican Candidate for Representative Before the Primaries.

Everyone should hear Dr. Mackhouse in his evening talks next Sunday.

ANNOUNCES PLATFORM.

(Continued from Page 1)

For efficient support of administration of all institutions and departments of our state and county. Assure equal taxation on equitable value of property, whether belonging to a farmer or any individual or corporation, without favoritism or discrimination. If I go to the coming legislature as your senator, will use every effort to correct the tax situation and support proper laws that will give us much-needed relief of adjustment.

Roads and Bridges.

Our county is suffering for the want of good and proper road construction of such character that the ranchers' crops can be speedily and easily conveyed to our several towns and shipping points.

Being an engineer, I know what good roads are and what they mean for us. Building of county roads has been my good fortune. We should have good roads for the amount of money already spent on our local highways.

Good roads means good loads and good time. Good roads insure heavy loads with minimum team service. It is a saving of labor to have safe roads. Good dirt roads are to be had if properly managed. Improved macadam roads are better than any other kind. We should endeavor to secure state funds for a state road to traverse our county east and west for Twin Falls. It is the main link between the two sections of the state.

Regarding bridges, I am working for more crossings by bridges across Snake river. We should have legislation that will help this county and adjacent county and I stand ready to support any bill that will do such, and that which will support the construction of good roads to the bridges and throughout the country.

An Agricultural College.

If elected, will work for and support a bill that will give us the much-needed institution for agricultural training for the many boys and girls of this irrigated section. The college should be in the farming and ranching section. No better community affords such location and opportunities as does Twin Falls county. We want a college on this tract.

Fruit Growers and Ranchers.

Some attention should be paid for yearly maintenance of our inspection of fruit trees and culture of same. Funds sufficient to keep up the good work of inspection department so that our fruit growers will not be worried with or in the least with any kind of instruction all the year around. Enough funds should be allotted for this necessary to our new state country, which in time will be forty and in the state.

The rancher with his stock, dairy and crops should also have such advice that would help in every way to better the standard. That advice should be available by proper education given throughout the state and to that end I shall endeavor to get relief for our rancher, farmer, and fruit grower. No better community affords such location and opportunities as does Twin Falls county.

Irrigable and Non-Irrigable Lands of This State.

The irrigable and non-irrigable lands susceptible of cultivation must be populated, and if the state will take in hand and send more official representatives into the homestead communities, cities and states of the east to personally solicit the right kind of home builders and land seekers, better results will follow, and hereby pledge myself—whatever my fortunes in this campaign to aid you in securing such legislation in the next legislature to further advance such laws that will help the Gem state and our country.

I have already extended an invitation to every citizen of Twin Falls county, ladies and gentlemen alike, regardless of political parties to examine my record. If you have interest in the plains to do this, then you surely realize that I am not using the part of a politician opportunity. My present attitude is absolutely consistent with my record. Therefore, if my intention and ideas meet with your approval, if you consider me consistent, fulfill my promise, if you favor a man of action for your state senator with ability to "handle" ideas and get results; if my notions fully and wholly to my progressive ideas command your confidence, then I earnestly petition your support. For I shall need same to win the primary for our Twin Falls and the coming election in November next.

I shall be highly favored if you will kindly address me or my friends a line, either criticizing or commending my candidacy.

Very sincerely yours,
MARK M. MURTAUGH.

FOR REPRESENTATIVE.

Very one should hear Dr. Mackhouse in his evening talks next Sunday.

REMINGTON-UMC

AUTOLOADING SHOTGUN

For singles—trip or field—just load in a shell, press the button and—PULL! The slide makes it easy. You don't have to tug at the barrel or watch an on-and-off device. The action stays open after each single shot is fired. It always stays open when the magazine is empty. Five shells ready to get the crick-neck under the shoulder control of the trigger finger. The recoil recoils for you—like another shell hit takes the strain off the gun—the discomfort out of the kick—all without diminishing the drive behind the shot.

Simply take-down a few terms of the readily handled magazine—cleaning, carrying and interchange of barrels quick and easy.

Send for a motion picture booklet telling how the kick is used—how a friction device found only on the Remington-UMC Auto-loading Shotgun takes the punishment out of heavy loads.
