

FARMER SHOT TO DEATH IN FATAL ROW

QUARREL OVER HAYRAKE TOOTH CULMINATES IN KILLING OF THOMAS FISHER.

Assault Admits Shooting, Following Attack in Which Buggy Whip Was Broken Over Head of the Accused Man—Will Claim Self-Defense.

Thomas Fisher, 35, lies dead in the Crosby morgue, and Bert Buchanan, 26, is held in the county jail for the killing of Fisher. Perry-Rief, eye-witness to the shooting, is also held pending the coroner's inquest this afternoon at 2 o'clock. The shooting took place at the east side of the Sterling creamery—Wednesday afternoon at 5 o'clock and followed a brief quarrel over a broken hayrake tooth belonging to Fisher. Buchanan fled immediately after the shooting and gave himself up a short time afterwards to the authorities while officers were scouring the country in an effort to locate him. Fisher died in about ten minutes after the shooting.

Fisher Assaults Buchanan.

According to the story told by Rief last evening, Buchanan shot Fisher after the latter had assaulted Buchanan with a buggy whip, breaking the whip-cock over his head. As Rief, Buchanan's next neighbor to Fisher one mile west of this city until a short time ago, when he moved to the farm at Twin Falls, about a mile east of Twin Falls. About the time of his removal he borrowed a hayrake of Fisher and so far has not returned it. Fisher, who lives on the Buchanan farm a short time ago and Buchanan promised to pay for or replace a tooth in the rake that had been broken.

Yesterday afternoon, according to Rief, who resides at Kimberly, he and Buchanan drove to the Sterling creamery in this city and found that Fisher had just unloaded cream and was about to leave for home. Buchanan, an alighted from his buggy, leaving Fisher to handle the cream. Fisher then entered the creamery when he became engaged in an altercation with Fisher about the hayrake. Fisher then struck Buchanan a terrific blow over the head with his whip. Buchanan staggered back, drew his revolver and fired one shot into the center of Fisher's right thigh and cutting a large artery, resulting in death in a few minutes.

Gives Himself Up.

Not knowing to what extent he had wounded Fisher, Buchanan fled toward Rock Creek, which is located about a mile and a half west of the O. K. heavy barn and concealed himself in a meadow. At the barn he asked that an officer be sent for and he was arrested by Police Judge Smith. Smith answered the call and took Buchanan to his office and detained ex-Sheriff Dyer to place him in the jail. Buchanan admitted the shooting, claiming that the act was in self-defense following the alleged assault upon him by Fisher. The body was removed to the Crosby morgue and the coroner's inquest was held this morning, at which it was held that the inquest will be held in the court house.

VISITORS TO BE RECEIVED

Salt Lake Business Men Will Be Entertained in This City Next Wednesday Evening.

The Twin Falls Commercial club is preparing to entertain the Salt Lake Commercial club excursion who will arrive here Wednesday, September 11, at 5:30 p. m. on a special train. There will be about 100 men in the party, and if the train is on time, and the weather permits, a trip to Shoshone falls will be made immediately on arrival. A reception will be tendered the visitors at the high school auditorium, to which the citizens in general are invited. The Twin Falls band will meet the train, and the following reception committee has been appointed by the Commercial club:

- L. T. Wright, J. A. Barrett, L. S. Lee, E. C. Alexander, G. E. Booth, J. A. Sinclair, W. H. Eldridge, J. M. Maxwell, C. A. Robinson, G. B. Chaney, E. P. Wilegerson, A. H. Wilker, H. J. Young, Carl G. Anderson, E. R. Williams, H. E. Barber, D. S. Hoff, Harry Ball, Louis Bennett, G. E. Eldred, C. A. Brose, M. V. Chapin, A. B. Colwell, Glenn L. Cox, W. E. L. Crozier, J. A. Gullikson, C. M. Gates, J. A. Malone, C. O. Meiks, D. B. Norman, M. H. Morrison, H. A. McCormick, H. Waller, L. P. Roberts, A. H. Sande, E. W. Risala.

VETERANS OFF FOR ANNUAL ENCAMPMENT

TWIN FALLS TO BE REPRESENTED AT LOS ANGELES.

State Commander Shields, of Idaho, will have charge of delegation from this State—Delegates to Meet Extended Until.

A delegation consisting of Judge W. C. Jones, W. H. Shields and daughter, Miss Muriel Shields, and son, John Shields, Captain and Mrs. L. H. Barnes and Mrs. Mrs. Peter Shields, will leave for Los Angeles, California, to attend the annual national encampment of the G. A. R. which will be in session all of next week. The delegation will leave for Salt Lake City for one day, to take in the sights of Utah—Leaving there yesterday evening they will arrive at Los Angeles Thursday afternoon at 4 o'clock.

Judge Shields, who is department commander for the state of Idaho will immediately upon his arrival open headquarters for the department for the state of Idaho at the Royal hotel.

Although the ranks of the Grand Army are rapidly thinning the encampment this year is promised to be one of the most largely attended of any held in recent years, and it is estimated that there will be about 40,000 veterans in line. The line of march, however, has been greatly shortened and carriages and automobiles are unable to accompany the veterans to march in the ranks.

There is a strong sentiment among the soldiers to have an encampment near Washington and to have what would probably be the final review of the Grand Army down here in the city of Washington. This first review at the close of the war. There is a great deal of talk, however, of holding it on the battlefield.

CONFERENCE CLOSES AFTER BUSY SESSION

THE REVS. WOODHULL AND PARKER TO REMAIN HERE.

New Methodist College Will Likely Be Located at Gooding—Field Secretary Appointed—La Grande Selected for Conference Next Year.

One of the most important conferences of the Methodist church of Southern Idaho and Eastern Oregon closed in the Methodist church last Monday afternoon. Heavy routine of business matters before the conference accelerated the holding of sessions the first day of this week. Monday afternoon, heavy routine of business matters before the conference accelerated the holding of sessions the first day of this week.

The location of a Methodist college was the main question that came before the conference. At last Thursday evening's meeting a resolution was passed authorizing the building of a college in southern Idaho and indicating that the location of the college will be located at Gooding. A delegation, headed by former Governor Gooding, was appointed to select a site for the college. An offer of cash and land to the amount of \$25,000 being made to the conference. Mr. Gooding, a resident of Gooding, Idaho, is to be used in paying for one year of the college. The Rev. W. Woodhull, pastor of the church at Gooding, was chosen as field secretary of the college.

Overlook Meeting Held. Bishop Nashall Luce, of Helena, Montana, presiding officer of the conference, delivered the sermon at the union services held in the high school building last Sunday morning. An overflow service was held in the Methodist church for a large number of persons who were unable to attend the regular service. Conference delegates spoke in the various city churches in the afternoon.

The examination of candidates and the appointment of committees for the coming year were the important business matters transacted Saturday's session. The election of the annual conference was determined at a meeting of the bishop and cabinet Sunday evening and presented to the conference this morning. The Rev. W. Woodhull was again selected to the Twin Falls church, while the Rev. M. Parker continues as the pastor in this city.

It is said that some few years ago a similar outbreak took place near Twin Falls and that the rabbits were practically cleaned out, although they have since become quite numerous. The Rev. W. Woodhull, pastor of the church at Twin Falls, has been seen over the affected area is said to be extraordinary.

HEAVY FROST LAST NIGHT

Damage Is Feared from Freezing and Low Temperature, Which Continued for Several Hours.

Reports from various parts of the city early this morning state that a heavy frost set in during the latter part of the night. Much concern is being felt for the peaches, tomatoes and melons that are about ready for the market. The frost is estimated as a possible damage that may have resulted from the drop of the mercury. The self-registering thermometer at the present time indicates a temperature of 33 degrees continued from 3 until 6 o'clock. The frost is estimated as a possible damage that may have resulted from the drop of the mercury.

P. E. Dean, who has the contract to lay the ties and steel will bring his work immediately, while the grading contractor has a force of men finishing and putting the final touches on grades at various places.

STRANGE DISEASE

HARD ON THE RABBIT

Animals Die in Large Numbers. Several Miles of Buell. Farmers Declare They Will Be Saved Hundreds of Dollars for Fencing as a Result of Outbreak.

Hundreds of dollars will probably be saved to the farmers of the west end of the tract as a result of the outbreak of a peculiar disease among the rabbits which is reported to be killing them off rapidly. A few miles west of Buell, the rabbit disease has broken out in a number of places, and a live rabbit is said to be a rarity where formerly there were hundreds.

Mr. W. Woodhull, who returned from this section a few days ago, states that the farmers are very much interested in the outbreak and have no doubt that the outbreak of the disease will have saved large sums for fencing which has now been rendered unnecessary as a result of the dying off of the animals. A. W. Husted of Twin Falls, owner of an 80-acre tract west of Buell, stated yesterday that he had contemplated orders for fence wire amounting to more than \$200 as a result of the virtual wiping out of the past in his section of the country.

It is said that some few years ago a similar outbreak took place near Twin Falls and that the rabbits were practically cleaned out, although they have since become quite numerous. The Rev. W. Woodhull, pastor of the church at Twin Falls, has been seen over the affected area is said to be extraordinary.

MRS. PACKARD NAMED

Well-Known Twin Falls Resident Is Appointed Probation Officer of Juvenile Court.

Mr. Kennedy Packard on Tuesday of this week was appointed by Probate Judge Shields to the position of probation officer attached to his court. The appointment was made as the result of a petition by a number of members of the "Twentieth-Century Club" who had been petitioned by the county official with power to act. ### SINSEL FINDS FRUIT IN FINE CONDITION

SAYS BIG SHIPMENT WILL BE MADE FROM TRACT.

Chief Inspector Visits Orchards and Says There is Nothing to Prevent Bumper Yield—Arranging for Shipments.

Charles J. Sinsel of Boise, recently appointed as chief fruit inspector of the Oregon Short Line has begun active operations in arranging for the collection and shipping of fruit from the various districts of the state. With Deputy State Inspector Brennan Mr. Sinsel visited a number of the orchards of the north and south sides last Saturday and Sunday and is now making arrangements for the shipping of what he says will be a bumper fruit yield from this tract.

"It is two years since I have been here," said Mr. Sinsel before leaving for Boise, "and the development of orchards in that time is wonderful. I have been engaged for the past eight years in buying and shipping fruit from this state to the eastern and foreign markets, and this tract gives the best promise of any fruit yield with which I have come in contact."

### Fine Healthy Orchards.

In going over the tract I did not find a single diseased tree in any of the orchards visited," said Mr. Sinsel. "The orchards here are in a very healthy condition. The matter of growing fruit and are following it up with the result that this country is almost one of the best fruit yielding areas for its age in the entire country. An average of thirty-five cars 'are being shipped daily from the Pacific coast. It will not be a great while before the Twin Falls country will be the standard upon which the shipments of other districts will be based."

"The proper care and cultivation of the orchards is of course the first essential. When it comes to shipping however, it is necessary for the orchardists to co-operate for the best results—individual shippers, especially on a small scale, cannot expect to confer the best results or receive the best prices. Various localities can offer various grades of fruit, and the uniting of the growers in shipping the called for grades will support the demand and establish the reputation for the district in which the fruit is grown. I cannot emphasize the importance of this matter too strongly. "The best of assistants are being selected in the work of selecting and preparing for shipment the various districts produce. Competent men will have charge of the work in this vicinity and there is no doubt that satisfactory results cannot be accomplished this season."

### IS PLEASED WITH TRACT

Freeman Daughters; Democratic Candidate for Secretary of State—Pays Brief Visit to City.

Freeman Daughters of Stumptown, Idaho, candidate on the Democratic ticket for the office of secretary of state, was a visitor in Twin Falls last Saturday for the first time on his way for the north well pleased with southern Idaho. Mr. Daughters, who is the superintendent of the Randport schools, at the former newspaper man is sitting up the political situation over the state before starting out on his regular campaign in the near future. "I am leaving the city," Mr. Daughters said. "While I had often heard of your country and its progress, I have traveled across the state through the desert not knowing what this country really is. On this trip I came from Gooding to Twin Falls by train and stage, and my attitude at the development of the north and south tracts cannot be expressed. There is abundant evidence of an exceptionally rich soil and a population that understands the farming of the land. I expect to visit this country again before the campaign is over, and while I will be busy for some time, I hope to have a little more time in which to get more acquainted with the Twin Falls tract."

### RIGHT OF WAY REFUSED

City Council Does Not Allow Portion of Local Railway to Extend Franchise.

The petition of the Twin Falls Electric Railway company for right of way on Second street west from Sixth avenue west to the Oregon—Idaho line railway is a distance of 277 feet, was denied for the present at least by the city council at last Monday evening's meeting. The petition was not allowed on the ground that the extension would block the possible entering of a new railway into the city from the south.

### VISITING CHRISTIAN MINISTER.

The Rev. Mr. Lockhart of Arkansas Occupying Local Pulpit.

The Rev. J. J. Lockhart of Jonesboro, Arkansas, arrived in this city and is temporarily occupying the pulpit of the Christian church. The Rev. Mr. Lockhart will remain here for a month, at least, with the possibility of his locating here permanently as the pastor of this church.

### BIG DELEGATION FROM IDAHO

Good Representation from Gem State to National Irrigation Congress at Salt Lake, September 20.

Salt Lake, Aug. 31.—Idaho's representation at the Twentieth National Irrigation Congress which opens at Salt Lake September 20, promises to be one of the strongest sent from any of the western states, according to reports received by Chamberlain George A. Snow, who has already received notice of the appointment of more than twenty-four delegates from the Gem state. Several candidates who are boosters are back of a plan to arrange for a special excursion from Salt Lake to some of the thriving irrigation districts of Idaho immediately after the close of the congress. Those behind this movement believe that at least a full tripload of delegates and visitors will be coming to Salt Lake this trip.

Idaho's interest in the congress has an important factor in its success and that state has been among those receiving the greatest benefits from the work of the congress. The fourteenth congress was held at Boise in 1906 and this meeting has been regarded as one of the most successful in the history of the organization. The Boise congress meeting was the only session held in Idaho. Ogden, Utah, has entertained the congress on one session and the twentieth congress will be the second the Salt Lake has entertained; the congress having been organized in response to a call issued by Arthur L. Thomas, territorial governor of Utah in 1892.

### TALENTED MUSICIANS HEARD

Professor and Mrs. Andelin, Well Known at Home and Abroad, Please Local Audience.

Two of the best musicians that a Twin Falls audience have ever had the pleasure of hearing appeared here in a filled house at the L. D. S. church Monday evening with a distinctly varied repertoire of vocal and instrumental selections. The artists were Professor and Mrs. Andelin of Berlin, Germany, who are on a vacation tour of the part of the country before resuming their studies this fall in Andelin. Professor Andelin is a man of exceptional ability and pleased his audience to the greatest extent. His selections all were unobjectionable, from his efficient classical selections to his folk songs. Mrs. Andelin was an expert accompanist and also gave a number of most pleasing selections.

### RECORD PRICE FOR ORCHARD

F. A. Voltz Pays \$675 Per Acre for Choice Tract of Fruit Land.

Boyd H. Fuller last week sold ten acres of orchard land situated about a mile north of the L. D. S. church at a price of \$675 per acre, making a total of \$6,750 for the piece. The trees, which reached maturity this year, are in a very heavy crop. This is the record price for orchard land in this vicinity and demonstrates the fact that good fruit orchards are in demand and will bring a good price. Recently an offer of \$1,000 per acre for a ten-acre bearing orchard near Twin Falls was made and the offer was declined because the acreage comprising a third of the tract.

### ELECTRICAL ADVANCEMENT.

Why is more electrical current used for heating and cooking in Southern Idaho than elsewhere? It is not due entirely to the high cost of fuel. It is because our naturally progressive class of citizens have been quick to realize the liberal policy of the Great Shoshone and Twin Falls Water Power Company in its attitude toward the public. They have been able to outdo their less fortunate friends elsewhere on account of the low rates charged for cooking, heating and other purposes. The electric kitchen has proved to be in every advance of all other forms from the standpoint of economy, convenience, cleanliness and reliability. The Company has employed experts to assist in selecting and making use of all kinds of modern electrical conveniences. Its engineers and commercial department have been at your service with an abundance of interesting electrical information. They have been and are still paid for helping you.

### SABBATH SCHOOL LESSON

SEPTEMBER 8, 1912

#### THE MISSION OF THE TWELVE.

Matt. 9: 35 and 10: 16.

Jesus went to all the cities and villages, teaching in the synagogues, and preaching the gospel of the kingdom and healing every sick man and every diseased among the people.

36. But when he saw the multitudes, he was moved with compassion on them, because they fainted, and were scattered abroad, as sheep having no shepherd.

37. Then said he unto his disciples, The harvest truly is plenteous, but the laborers are few.

38. Pray ye therefore the Lord of the harvest, that he will send forth laborers into his harvest.

10: 1. And when he had called unto him his twelve disciples, he gave them power against unclean spirits, to cast them out, and to heal all manner of sickness and all manner of disease.

2. Now the names of the twelve apostles are these. The first, Simon, who is called Peter, and Andrew his brother; James the son of Zebedee, and John his brother;

3. Philip, and Bartholomew; Thomas, and Matthew the publican; James the son of Alphaeus, and Lebbaeus, whose surname was Thaddeus;

4. Simon the Cananite, and Judas the brother who also betrayed him.

5. These twelve Jesus sent forth, and commanded them, saying, Go ye into the way of the Gentiles, and preach the gospel of the kingdom to every creature.

6. But go ye not into the sheep-steads of Israel, for ye are witnesses that ye have been shut out of them.

7. And as ye go, preach, saying, The kingdom of heaven is at hand.

8. He that will take upon him to bear the cross, and follow me, let him deny himself, and take up his cross, and follow me.

9. Whosoever will save his life, shall lose it: and whosoever will lose his life for my sake, shall save it.

10. For that which a man shall give up, shall he receive a hundredfold more, and shall inherit life everlasting.

11. And into whatsoever city or town ye shall enter, inquire who in it is worthy; and there abide till ye be sent forth.

12. And when ye come into an house, salute it.

13. And if the house be worthy, let your peace come upon it: but if it be not worthy, let your peace return to you.

14. And whosoever will not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet.

15. Verily I say unto you, It shall be more tolerable for the land of Sodom and Gomorrah in the day of judgment, than for that city.

Golden Text: "He that receiveth you receiveth me, him that receiveth me receiveth him that sent me."

34. And when ye come into an house, salute it.

35. And if the house be worthy, let your peace come upon it: but if it be not worthy, let your peace return to you.

36. And whosoever will not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet.

37. Verily I say unto you, It shall be more tolerable for the land of Sodom and Gomorrah in the day of judgment, than for that city.

Golden Text: "He that receiveth you receiveth me, him that receiveth me receiveth him that sent me."

38. And when ye come into an house, salute it.

39. And if the house be worthy, let your peace come upon it: but if it be not worthy, let your peace return to you.

40. And whosoever will not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet.

41. Verily I say unto you, It shall be more tolerable for the land of Sodom and Gomorrah in the day of judgment, than for that city.

Golden Text: "He that receiveth you receiveth me, him that receiveth me receiveth him that sent me."

42. And when ye come into an house, salute it.

43. And if the house be worthy, let your peace come upon it: but if it be not worthy, let your peace return to you.

44. And whosoever will not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet.

45. Verily I say unto you, It shall be more tolerable for the land of Sodom and Gomorrah in the day of judgment, than for that city.

Golden Text: "He that receiveth you receiveth me, him that receiveth me receiveth him that sent me."

46. And when ye come into an house, salute it.

48. And whosoever will not receive you, nor hear your words, when ye depart out of that house or city, shake off the dust of your feet.

### EASTERN ORCHARDIST PLEASUED WITH TRACT

#### PREDICTS FIRST RANK STANDING AMONG FRUIT SECTIONS.

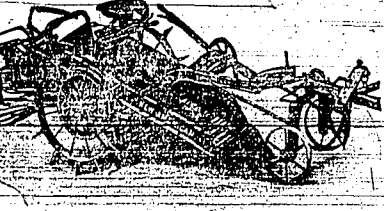

Thomas Butler, Experienced Missouri Nurseryman and Fruit Grower, Makes Three Months' Study of Twin Falls Tract.

After forty years experience as a nurseryman, during which time he has visited the leading fruit sections of the country, Thomas Butler of Amity Missouri, states that the Twin Falls tract is such a "fruit country" that he has returned to his home last week after spending three months at that tract, visiting his son, Harvey Butler, now in charge of the tract, and the nursery firm of Hich and Butler of Kimberly. During his stay on the tract Mr. Butler made a thorough study of the soil and watering systems for orchards and became enthusiastic over the conditions as he found them and of the future he saw on the tract for fruit culture. As an expert nurseryman and orchardist Mr. Butler believes the Twin Falls tract will be a most famous fruit section of the country. He believes that the returns and financial values that will be obtained from the orchards in this tract will be within the next few years cannot be estimated. "While here Mr. Butler found no difficulty in placing orders for nursery stock and found the farmers taking an active interest in the growing of fruit. "If I were a young man," said Mr. Butler, "and had made up my mind to engage in fruit growing, knowing what I now do about this country and its possibilities, I would consider no other than the Twin Falls tract. I know of no fruit country that has as bright a prospect as this. It may not be such a promising tract in years as it will be very busy in that time when I do not here again expect to see wonderful changes and progress in the fruit industry." Mr. Butler is a member of the State Horticultural society of Missouri, a state institution. STUDENTS HOLD REUNION. Pleasant Evening Spent at Home of Rev. Mr. Neher. ### CARPENTER BEATS DAY IN FAST BOUT

CLEANESE AND BEST EXHIBITION OF BOXING SEEN RECENTLY.

Both Men Repeatedly Applauded for Clever Work and the Decision Made With Mutual Approval.

In a fast and snappy ten-round bout at Colleen hall Monday night Jack Carpenter, the popular Salt Lake boxer, won the decision over Jess Day, of the Pacific coast.

Both men were in fine fettle. Carpenter weighing in at 145 and Day tipping the scales for a few pounds more, neither having any advantage in height and reach. With the first gong the mill opened. In a slashing style, with Day the aggressor, finding Carpenter's head with straight lefts and the latter feeling his way for a right uppercut. Day had a shade the best of it at the close of the round, and in the second round, knockdown Carpenter came back like a rubber ball and rushed his man to cover, with uppercuts and left batters for the face. Day resisting to a most effective counter to save himself.

**Carpenter Gains Strength.**  
With the beginning of the third lay Carpenter showed his old form and gradually became master of the situation, although Day broke from cover at times with effective straight lefts. Carpenter's clever ducking from straight drives for the face and his right uppercut from cover bothered Day and forced him to resort to the defensive. Carpenter paid off his account in the sixth by putting Day to the carpet with a clip on the chin.

Carpenter led the way from the seventh to the finish, although Day broke from cover with vicious lefts to Carpenter's chin in the eighth, which served to even matters up.

**Day Hard Protested.**  
It was apparent that neither man

could hope to score a knockout, but Carpenter kept his lead by fast work and a heavy uppercut for the chin. Day appeared to be in some distress in the ninth, and worked on the demand forcing his man from cover. Carpenter fought in his well-known style of aggressiveness, with an air of confidence from the beginning. The bout was close throughout, with no suggestion of rough work.

Referee Thomas, handled the men with ease and his decision met with the approval of the spectators.

### TIES FOR SECOND PLACE

E. M. Sweeley Gives Good Account of Himself at Pacific Coast Handicap at Portland.

Everett M. Sweeley returned Sunday from Portland, Oregon, where he attended and participated in the Pacific Coast handicap tournament held on Tuesday, Wednesday and Thursday of last week. Mr. Sweeley admitted some of the best trap shooting in the northwest and tied for second place in the handicap. There were over a hundred amateurs present from the best clubs in this section, and the contest was won by professionals, and they were royally entertained by the Portland Gun club at banquets and excursions.

### BOHOO!—TO BE ESTABLISHED.

A school of millinery and dressmaking will be established in Twin Falls in the near future. Complete arrangements for the location have not as yet been made, but further announcements will be made later in connection with the location. Pupils entering this school will be given complete instructions from the foundation to the finish by experienced dressmakers, as well as the latest and best styles of teaching will be made. Each pupil will have individual instruction and will be advanced as fast as her capabilities will permit. The course in either millinery or dressmaking can be finished in from five to eight weeks, including both seasons' styles.
