EIGHTH YEAR

TWIN FALLS, IDAHO, THURSDAY, SEPT. 12, 1912

NUMBER 48.

KEY OF CITY IS GIVEN TO SALT LAKERS

UTAH BUSINESS MEN'S SPECIAL SPENDS EVENING IN TWIN FALLS.

Visitors Are Given Reception and Trip to Shoshone Falls—Get Acquainted With Business Men and Members of Commercial Club.

Thirty-five representative business men and members of the Salt Lake Commercial club were the guests of the Twin Falls Commercial club and business men of this city last evening. A royal welcome was given the visitors, who resided at midland for the northeastern part of the state. Arriving in the early afternoon by special train, accompanied by the field band, of Salt Lake, they were taken to the hotel and the dinner was taken at the hotel. The Salt Lake Commercial club and business men were met at the train by a reception committee and taken to the hotel. The Salt Lake Commercial club and business men were met at the train by a reception committee and taken to the hotel.

TWIN FALLS NEEDS WEST COAST OUTLET

In speaking of the rich territory that may be opened up to Oakland, the Chamber of Commerce Bulletin of that city says:

The demand of the labor-mountain country for the most direct outlet to the Pacific coast, is one of the greatest of the rich farming lands that are being developed in that section and for the outlet of the minerals that have value only as transportation facilities are at hand, has been strikingly illustrated by the report of a representative of the Oakland Chamber of Commerce on the results of a visit of inspection to Twin Falls and Southern Idaho. That district is looking toward Oakland as the logical outlet to which it should connect with the west coast. The direct railway connection will be an accomplished fact within the near future. Oakland and mining men and merchants will certainly profit by such a connection. The thing most important to the representatives of the Chamber of Commerce on this trip was the way in which the mountain region realizes the great commercial change that is being brought to it.

OUTLOOK IS BRIGHT TO ADDISON T. SMITH

CANDIDATE LEAVES—ON CAMPAIGN TRIP—OVER STATE

Explains Why Pocatello Has Secured Post Office Appropriation—Believes That Next Congress Will Pass Bill for a Federal Building Here.

After spending a few days in staling up the local political situation, Addison T. Smith, Republican candidate for congress last Saturday morning, left for Pocatello on the morning train to confer with party leaders. From Boise Mr. Smith will make a trip through the northern part of the state. Mr. and Mrs. Smith arrived from Washington last Saturday evening and during her husband's absence Mrs. Smith will reside in the Healy home on Seventh avenue north. Before leaving for the north Mr. Smith said the political outlook is bright for the city and that he believes will be one of the Idaho congressmen at Washington next March. Referring to the post office appropriation he said the bill is now pending in the senate and that it is his hope that it will be passed this year. "I believe that the appropriation for the federal building here is better secured at this time than at any time in the past," he said. "I believe that the appropriation for this city will be secured at the next session of congress. A section of a Democratic house and senate would cause the nearest 'blocking' of this city securing the appropriation in the near future, as that party has gone on record as opposed to expenditures for federal buildings here at the present time."

WILL ANSWER MURDER IN THE FIRST DEGREE

BUCHANAN HELD WITHOUT BOND FOR THE KILLING OF FISHER.

Charge Placed Against Prisoner at Hearing Before Justice Smith—Sidney Pendleton an Important State Witness.

G. B. Buchanan, who shot and killed Thomas Fisher at the Sterling, crematorium on Wednesday last week, must answer the charge of murder in the first degree in the district court. The charge was placed against him at the preliminary hearing held before Justice Smith last Saturday. It is likely that the trial will be held during the October term of court. An important witness for the state, Sidney Pendleton, an employe of the crematorium, testified at the preliminary hearing last Saturday. Pendleton is alleged to have seen Buchanan fire the shot which caused Fisher's death. Perry Holt, who was present at the time of the shooting, testified at the hearing before Justice Smith on Friday that he did not see the shot fired. Pendleton, in the main, reports of the shooting previously given and he will be a star witness in the trial in the district court. Fisher was killed by Buchanan in the morning of September 10, 1911. Fisher was a member of the Mormon church and Buchanan is a member of the same church.

LOOKING TOWARD THE TWIN FALLS COUNTRY

The following letter received at the Commercial club from Porto Vehn, Brazil, is evidence that southern Idaho, and especially the Twin Falls country, is attracting attention in foreign lands as well as at home.

"Greetings: Kindly send me information regarding land in your part of the state. Some of the fellows here are interested in the west and want me to take a chance. Yours truly, 'G. MUELLEN'."

ROOSEVELT IS TOURING IDAHO TODAY

ALL PARTY LINES ARE REMOVED IN RECEPTION FOR THE COLONEL AT BOISE.

Present Situation Worries Old Guard—Borah's Refusal to Support Taft Will Give Him Good Share of Progressive Support.

(Special to The News.) Boise, Sept. 11.—The coming of Colonel Roosevelt to Boise next Thursday is expected to bring a crisis in the affairs of the third party in Idaho. This event is also expected with great anxiety by the Republicans, especially the leaders who are anxious to see the election of President Taft and the success of the "colonial Roosevelt" in the state. Colonel Roosevelt will be given a royal reception here without any fanfare. There are many prominent men who will be glad to meet a former president and pay him the tribute that is due every statesman who has done important things to advance the welfare of his nation. There are many who feel that the Roosevelt visit will be the beginning of a new era in the politics of Idaho. It is expected that the Roosevelt visit will be a real party rally, though the regular party leaders, these men will be of the opinion that the visit of the colonel is a hearty handshake and a hearty cheer which they have no intention of voting for him this year.

ELECTRIC LINE—COMING ON

Grading Being Done in City and Ties and Rails Here Ready for Placement.

Work on the electric railway grading within the city limits is being rapidly pushed to completion. A force of men are now at work on Second street south, and the work will soon be finished on the boulevard. Another span of the railway company announces that the first stretch of track will be laid along Second street south, thus making it possible to lay the track through on a royal reception given without any fanfare. There are many prominent men who will be glad to meet a former president and pay him the tribute that is due every statesman who has done important things to advance the welfare of his nation. There are many who feel that the Roosevelt visit will be the beginning of a new era in the politics of Idaho. It is expected that the Roosevelt visit will be a real party rally, though the regular party leaders, these men will be of the opinion that the visit of the colonel is a hearty handshake and a hearty cheer which they have no intention of voting for him this year.

EXCAVATION FOR POST OFFICE

Work Has Been Started Toward Erecting Temporary Building on Main Avenue.

Ground has been broken for the foundation of the building and work is being done on the site of the proposed federal building on the corner of Main avenue and Third street west.

Considerable progress has been made in the excavation during the last three days and a force of men is now working on the site. Work is expected to be completed within a few days and the building work will be well on its way.

NOMINATIONS ARE MADE

Justices of the Peace and Constables Are Placed on the Republican Ticket by Committee.

The Republican committee has announced the nominees for the offices of justice of the peace and constables. The nominees are: Justice of the Peace, J. W. Taylor; Constable, J. W. Taylor. The committee also announced the nominees for the offices of justice of the peace and constables. The nominees are: Justice of the Peace, J. W. Taylor; Constable, J. W. Taylor.

MAY LOCATE FACTORY HERE

Builders of Iceless Refrigerators Have Here This City Good Place in Which to Settle.

D. T. Stewart of Los Angeles is spending the week in Twin Falls looking for a location for a factory to produce iceless refrigerators. Stewart is a member of the firm of Stewart and Stewart, who produce iceless refrigerators. Stewart is a member of the firm of Stewart and Stewart, who produce iceless refrigerators. Stewart is a member of the firm of Stewart and Stewart, who produce iceless refrigerators.

GET AWAY WITH CLOTHING

Entrance Gained to Palace Cleaning Establishment and Clothing Worth \$150 Taken.

An entrance was effected to the Palace Cleaning establishment, located on Main street, and clothing amounting to about \$150 was taken. R. E. Winnans, proprietor, notified the sheriff and police, but as yet no arrests have been made. The clothing was taken from the establishment and is being held for identification.

ALL TO HONOR COLONEL

Progressives, Republicans and even Democrats will vie with each other in doing honor to the distinguished visitor, and his reception in Boise promises to be one of the finest in the history of the city.

Colonel Roosevelt is scheduled to arrive late in the afternoon, to deliver a talk to the people of Idaho. It is expected that the Roosevelt visit will be a real party rally, though the regular party leaders, these men will be of the opinion that the visit of the colonel is a hearty handshake and a hearty cheer which they have no intention of voting for him this year.

BORAH OPPOSED TO THIRD PARTY TICKET

H. WISE DECLARES HE HAS CONSISTENTLY OPPOSED IT.

Senator Borah is unalterably opposed to the placing of a third party ticket in the state, said J. H. Wise, state committeeman from Twin Falls, at a meeting here Wednesday afternoon. Wise said that he has consistently opposed the placing of a third party ticket in the state, and that he believes that the best way to advance the interests of the state is to support the Republican ticket.

POTATO EXPERT APPOINTED

Eugene H. Grubb Will Consult With Growers Along Route of Oregon Short Line.

D. E. Burley, general passenger agent of the Oregon Short Line, has selected Eugene H. Grubb as a potato expert to consult with growers along the route of the Oregon Short Line. Grubb is a well-known potato expert and will be in the state for several weeks.

BIG PEA CROP THRESHED

L. A. Snyder Secures 245 Bushels From Five-Acre Tract—Crop a Frying One.

The largest crop of peas, so far reported from the Shoshone region, was threshed on a five-acre tract near Pocatello. The crop amounted to 245 bushels and is of a fine quality. The farmer, L. A. Snyder, is very pleased with the results of his crop.

ROBINSON CANNOT ACCEPT

Candidate for State Senator Will Be Unable to Serve on Republican State Committee.

George A. Robinson, a candidate for state senator, has declined to accept the nomination of the Republican party for the state senate. Robinson is a well-known politician and has a strong following in the state.

NEW REALTY FIRM

Thompson and Beauchamp Take Over Business of Thompson Realty Company This Week.

The Thompson Realty firm, one of the oldest and best established in the city, has been taken over by Thompson and Beauchamp. The new firm will continue to operate on the same lines as the old firm.

GOVERNOR HAWLEY TO SPEAK

Will Open Democratic Campaign and Deliver Keynote Speech in This City Saturday Evening.

Governor James Hawley, according to present arrangements, will open the democratic campaign in this city Saturday evening, February 14. Hawley will deliver a keynote speech at the time.

RECEPTION AT HIGH SCHOOL

The opening address of the evening was delivered by Willard Hance, president of the Twin Falls Commercial club, who welcomed the visitors and was greeted by the girls of the high school.

The evening was a success and the visitors were very much pleased with the reception. The girls of the high school were very helpful and made the evening a most enjoyable one.

WILL OPEN DEMOCRATIC CAMPAIGN

Deliver Keynote Speech in This City Saturday Evening.

Governor James Hawley, according to present arrangements, will open the democratic campaign in this city Saturday evening, February 14. Hawley will deliver a keynote speech at the time.

HAS A PLINY OF FRIENDS

"Senator Borah is all right," said Mr. Wiser yesterday. "He is making his campaign according to his own best judgment, and he has just as many friends as ever around Boise. He is one of the best men in the country."

The political situation is rapidly changing up and the issues becoming more and more important. The introduction of a third party ticket is bound to have a bad effect on the progress of the campaign.

MUST CHRISTIANITY—GO!

After an interruption of two weeks, the special sessions being delivered at the University of Idaho, on the subject of "The Second Coming" will be resumed next Sabbath morning. The aim in the next session, the fifth in the series, will be to present the new plan that is proposed to take the place of the old "Long list" of new religions will be the subject of Scripture under the leadership of Scripture.

W. J. TAMM OF FLORIDA

Will Give Talk at Twin Falls This Week. Mr. Tamm, recently returned from a pleasure trip through Nebraska and Kansas.

KIMBERLY BOOSTERS GUESTS AT LUNCHEON

Kimberly Fair next Saturday, September 14, and for the promotion of mutual interest among all residents of the tract. The fair was the first of the year and was very successful.

The fair was very successful and the visitors were very much pleased with the results. The fair was a most enjoyable one and the visitors were very much pleased with the results.

CLAGSTONE MAY RECONSIDER

It is true that Clagstone has said since the primary that he would not be a candidate on the Progressive ticket. However, he has not yet decided and he may reconsider.

Clagstone has a strong following in the state and is a well-known politician. He is sure to be a candidate for state senator in the next election.

BORAH CONFUSES MATTERS

Senator Borah has added materially to the confusion in the Republican ranks by his refusal to support President Taft. This will not support President Taft. It is true that the senator says at the same time that he will not join the third party.

The confusion in the Republican ranks is a most unfortunate one. It is sure to result in the election of a Progressive president.

BACK FROM JARIBIDE

Mr. Memphard Reports Fine Vacation at Jaribide. A. A. Memphard and wife, who were on a vacation at Jaribide, are back in the city. They had a most enjoyable trip and are very much pleased with the results.

MAKE GOOD SHOOT.

C. B. Channel, Dr. Snook, J. M. Maxwell and Harry Maxwell spent Sunday at Moorland Lakes, five miles north of Boise, where they were successful in shooting a large number of ducks. The ducks were very fat and the shooting was a most enjoyable one.

CLAGSTONE MAY RECONSIDER

It is true that Clagstone has said since the primary that he would not be a candidate on the Progressive ticket. However, he has not yet decided and he may reconsider.

Clagstone has a strong following in the state and is a well-known politician. He is sure to be a candidate for state senator in the next election.

PREPARING FOR FAIR

Kimberly Boosters Plan Big Day There Saturday, September 14—Varied Entertainment Provided.

Kimberly, Sept. 10.—The committee are all at work on the street. There is a tent or two will be erected. Three from Twin Falls, Canal company, in which to place some of the exhibits. Professor Markel of Hull has been secured to deliver the address 11 a. m. in the park. Mr. Markel is one of the wittiest and most entertaining speakers on the tract. Stops at Twin Falls on the same evening. He will deliver a short address at the afternoon and deliver a short address to the people. As he is to speak in Twin Falls on the same evening, it is very favorable to secure him as one of the main attractions. It is a little too early for a first-class trip on Saturday.

The committee for the fair indicated that they would compete for some of the prizes offered. Handbills have been distributed giving the time and place for the fair and look it over and bring in something. "The small child of J. R. Lode died Wednesday evening—about thirty last. Wednesday about thirty last. He went to St. Hill. Filer and Dahl on a setting acquainted trip and distributed programs and prizes here along the route. A number of automobiles, but the trip was made without accident. Several of our citizens are to attend the Lincoln school Wednesday, September 11th. We are glad of the inclination and their semi-business and want to see the fair a success.

Local parties are shaping up. The Democrats have nominated W. R. Dubu. The Republicans have nominated E. J. Giblin. The Republicans have nominated E. J. Giblin. The Republicans have nominated E. J. Giblin.

The school census shows that we have 100 boys and 100 girls of school age in the district, making a total of 200. This is a good increase over last year.

The school opens Monday morning with the following teachers in charge: Miss Mabel White, Miss Margaret Barber, Mrs. Ada Ritchie, Miss Hazel Parkhill, Miss Christy Johnson, Miss M. Williams, Mrs. J. E. Dwyer.

Nearly all the rooms are crowded and many more enter another teacher will be appointed. Miss Langford spent a few days at Dubu. Brooks of Three Creek purchased a new car. Mr. D. Vandermark spent Sunday at Twin Falls.

W. A. L. Stowe is spending several days in Salt Lake City. C. W. Cady has charge of the drug store in his absence. E. Vance Brown expects to leave in a few days for Tennessee, where he will spend the winter.

Seven refrigerators care are on the way to the fair. Very little extra effort for a train load of potatoes could be sent from the Twin Falls tract on Thursday. The yield is good, making an average from 100 to 200 bushels per acre.

The Kimberly Concert band will have charge of the dance to be given here Saturday evening. The band is an admission fee to be charged for those that dance. This is done to cover expenses incurred by the band during the day and also for the orchestra at night. Through error some of the bills state that the dance was to be free, but it is not.

HOT-WATER WELL DRILLED

Vein Feeding Bone Wells at Artesian City, Tapped by Moberg Men and Parks.

Artesian City, Sept. 10.—Moberg and Parks are much pleased at the results of their drilling operations up to date. They struck water at a depth of 50 feet and soon tapped the hot vein. To ascertain if they had tapped the same source of Artesian water as the wells at Twin Falls, the latter were shut off. This procedure caused the new well to gush forth with a strong flow. The results of the tests at Moberg and Parks tapping the lower flow, all the parties interested, assisted by Engineer M. M. Struthaus, took measurements of the flow of the water well for future reference. The barzen thresher finished the harvest home dance, with a New Year's party and pulled to J. B. Dow. Blue Lakes taking in the week. T. B. Drury of Marlon visited the friends here the latter part of the week. W. H. Lee and J. B. Lee drove out to Kimberly on Friday.

SPUD CROP AT MURTAUGH

Three to Four Carloads Being Shipped Daily—Claims First Shipment of Season.

Murtaugh, Sept. 10.—Murtaugh is proud of her potato crop this year and she has the right to be, as she was first in shipping on the O. B. branch road. The first carload was shipped July 15 by E. H. Hanz and Mr. Eden. Since then all the farmers began to ship and for the last three weeks it is safe to say that Murtaugh has shipped from three to four carloads per day. John Senical, residing northwest of here, says his crop averaged 200 bushels to the acre. Mrs. Elmer Hunt went to Twin Falls Tuesday. Mrs. Bertha Dandrick of Seattle Washington, lectured here Tuesday night. Rev. Mr. Parker of Twin Falls visited at the Thrasher home Wednesday. J. D. Dyer of Artesian City was in town Wednesday on his way to the Hub City. Leo Johnson went to the Hub City Friday. Mr. Walker has received his new auto and is learning to run it. A. L. Bradley of Twin Falls has just shipped a few days with the Hill family this week. Mrs. Ben Satter is visiting her daughter, Mrs. Stevenson, at Minner. The frost Wednesday night did considerable damage to garden truck. Mrs. Lawrence and family arrived Friday from Terrell, Idaho, where they have been farming. Mr. Dillon went to Minner Friday with garden truck, among which were several melons. The thrashing crew are at work at F. J. Terrell this week. School will begin Monday—morning in this section. The teachers are expected. Miss Banoret will take the primary. Professor Law will take the sixth to eighth grades and Mrs. Law will take the high school. Edgar Blenhour is out taking the school census this week. Mrs. Russell is helping Mrs. Ben Jones this week. Mr. and Mrs. J. E. Stohman and son Harrison drove to Shoshone Falls Sunday. At Hansen Mr. and Mrs. Fowler-Johnson here.

ROGERSON

Rogerson, Sept. 9.—Arthur Pango, Jr., shipped nine carloads of sheep this week. W. D. Dunn canvassed this section in search of range horses for shipment to the eastern market, but was unsuccessful in getting any. The oats yield was said to be the highest. Mr. J. W. Langford is visiting at Dubu. H. P. Giblin went to Twin Falls Saturday on business. Edward McGowan has purchased two lots on Shoshone street, just opposite the hotel, and will build a house to erect a store building and expand the present three-room residence for business by October 1st. This will give Rogerson two stores and will perhaps be beneficial to both as well as to the people at and tributary to this point. John McLean is visiting at Twin Falls. Geo. J. Snyder went to Jarbidge Saturday.

W. B. McMillan has lately disposed of his interest in the Oakes and McMillan store and has bought in the live and feed business with Donald McMillan. He will be in charge of the business under the firm name of McMillan and McMillan.

Harold Dodd went to Cedar Creek last week. Miss Langford spent a few days at Dubu. Brooks of Three Creek purchased a new car. Mr. D. Vandermark spent Sunday at Twin Falls.

John Peters of Amsterdam was a caller at Rogerson Thursday evening. A number of our people attended the opening dance given by the manager of the new hotel at Amsterdam last week.

D. Vandermark spent Sunday at Twin Falls. Christ Brown has taken up a home stand east of Rogerson near the Duck Springs ranch. The Overton Sheep and Land company lately purchased a carload of full blood bucks, which were unloaded at Rogerson and driven from here to the Antelope ranch.

Miss Susie West returned to Filer last week, after spending a vacation of six weeks on the homestead north of E. E. Deaner is moving the buildings from the lots on Shoshone street to make room for a store building. J. F. Emery is looking out his wheat for marketing at Twin Falls. Mr. Wiseman was in town Monday purchasing a new frame. Burley is thrashing Mr. Wiseman's grain.

G. Washburn came in from San Jacinto Monday. He had been in the hills of Idaho, getting up the hay crop for the Vineyard Land & Stock company. "Dry farms" have been tried on near this point of late by parties from Filer and vicinity.

Lester Joslin has a field of winter wheat which will yield about 25 bushels per acre or better.

DEEP CREEK NOTES

Deep Creek, Sept. 10.—Mrs. A. C. Mary entertained Mrs. Whitney on Friday. Mrs. John A. Olson has been entertaining her brother from the east for a number of days. Will Christman, who arrived a few days ago from Emmet, Idaho, is now in at the home of his uncle, A. Larson. Sherman Poe spent Sunday and Monday at Snake river. Ole Hughes has come to Squirrel, Idaho, for an indefinite stay. Miss Anna Larson returned home Sunday after spending two weeks with Mrs. N. J. Jones. There will be a special business meeting of the members of the Hillside lodge on next Saturday evening. The attendance is desirable. Matters of importance are to be discussed. There will be given on Saturday evening, September 21, under the auspices of the Royal Highlander lodge, a harvest home dance, with a New England supper. Messrs. Sandhagen and Olsen will furnish the music. Entertainment will be charged 25 cents each for admission to the hall, children 10 cents each, and ladies free. The dance will be by the committee. The supper will be charged for all the friends here the latter part of the week. W. H. Lee and J. B. Lee drove out to Kimberly on Friday.

ROCK CREEK NOTES

Rock Creek, Sept. 10.—Lo Roy Burr came from Missouri a few days ago to live with his grandfather, who had returned from the soldiers' home at Idaho, where he has been for some time. Henry Hansen brought a load of sheep from Hanes Thursday. P. P. Larson and Iura Killgore made a business trip to Kimberly Wednesday. Miss Madge Atkin was at Hanes taking a music lesson Thursday. Mrs. Ad Patterson and children left for Ogden, Utah, Saturday. She is expected to return in a few weeks. Chas. Vance is going to sell his farm at Rock Creek and move to Kansas. H. P. Larson and daughter Anna were Twin Falls shoppers last Wednesday. Thomas Deegan, the superintendent of the V. L. and S. company's ranches, has been visiting the Rock Creek ranch a few days this week. Miss Katie Losen is spending a few days at Cottonwood with friends. Orv Jones and Tim Jones, motored over from Goat Springs Tuesday to see about some thrashing business. H. P. Larson was at Rock Creek a few days ago. Joe Albee, who returned from Twin Falls a few days ago, is improving and is able to walk around the house with crutches. The ditch rider, Mr. Ackelson, is spending a few days in Dubu visiting friends, and Ray Cline is taking his place riding the ditch while Mr. Ackelson is away. Robert Gray went to Goat Springs Tuesday to spend a few days. IMPRACTICAL. "She is very liberal in her character," answered the choir "liberal" but not always practical. For instance, she wanted to send a remittance to Africa to aid sufferers from the sleeping sickness."—McCallie Magazine.

"You never hesitate about offering to explain the tariff and banking—aren't you?" "Certainly not," replied Mr. Wiseboy. "You are thoroughly informed on those subjects." "I don't have to be, I assure my listeners that I can explain it and they take my word for it rather than their own."—Washington Star.

"Man, (to boy in swimming)—If the water's so cold, why don't you come out?" "Boy—Oh, I want to get some other tool-to-come-in-life!"

Two Are Injured. While out horseback-riding Sunday afternoon Miss Ida Cox and her cousin, Miss Carman Anderson, were seriously injured by the sudden turning, throwing both girls to the ground. It was feared that Miss Ida's hip was broken, but on further examination it was found to be quite so bad shape as was feared.

Miss Valma Hallis of Burley is the guest of the Misses Elva and Alice Harlan. Mr. C. H. Harper was on the sick the few days this week. Miss Bertha Hancock returned Saturday to resume her duties as teacher here. She has been visiting with her parents at Marshall, Minnesota, this summer.

Mr. LaCook of Hanes was in town Friday. Julius Ingard, Mr. Sator and son Ben and C. W. Fredrickson went to the hills Saturday on a vacation. Mrs. Lee Johnson and Mrs. Lily Dillon went to the Hub City Monday.

LEABES HOTEL

C. B. Taylor of This City Enters Business at American Falls. C. B. Taylor of Twin Falls has leased the Hotel Grand at American Falls and took possession September 1st. Mr. Taylor is a hotel manager of many years experience and was owner of one of the first hotels in this city. Until recently he was proprietor of the Dubu hotel at Dubu. Mr. Taylor is one of the promoters of the Snake river valley and one of southern Idaho's ardent boosters.

Father really ought to have his picture taken

—he hasn't had a photograph since that, funny looking one in the cut-away coat that he was married in. ("Twas a noon wedding, you know.)

Yes, mother says 'twas a good one of him as he looked then, but really, for the sake of the family, there should be one of him as he looks now.

AMOS STUDIO Twin Falls

RAILWAY OFFICIALS PREDICT A GREAT CAR SHORTAGE

There are no extra trains in the coal trade, and these extra seem to be indicating the approach of one of the most serious car shortages that this country has had in a number of years. In this respect we are not making any prophecy on our own account. On the contrary, we are repeating the words, not of iron with coal, but of various railroad officials, who have made confessions of railroad incapacity and want to warn business men to prepare for a equal. A railroad president, who has been at the head of transportation lines for over twenty-five years, made the definite and positive prophecy that the shortage of cars this year will be more distressing than has been in twenty years. To substantiate his statements, he recalled the rather acute shortage of short duration which came in 1907, which was caused by railroad terminal congestions, and which was better some for a matter of several weeks. He recalls the definite car shortage which came the first of January, 1910, and lasted for something over three weeks. He recalls other definite periods of car distress of short duration, and points out definitely not only the cause but the effect of those shortages.

Then he makes the startling announcement that the shortage of cars which is coming, as he says, on or shortly after the first of September will be not only more intense than those shorter periods, but it will last in all probability through the remainder of this year, and will likely last until the weather moderates again next spring.

STRAUS & GLAUBER

Show for Miss Henstock.

The second in a series of pre-nuptial affairs to be given this month in connection with the wedding of Miss Henstock to Harry Alexander was recently announced. It was a china show at which Miss Vesta Thomas was hostess. Monday afternoon the house was attractively decorated in red and white, hearts and the large table on which the china was placed was so decorated in hearts. Progressive games were played, the winners being presented with candy hearts and the prize was awarded to Miss Henstock, who at the end of the games possessed the largest number of the hearts. The guests were: Misses Beulah Henstock, Margaret White, Margaret Corley, LeRoy Williams, Beatrice Orlando, Fern Costello, Florence Costello, Ruby Booth, Lisa Shurtliff, Olga Press, Mary Miller, Viola Bruuk, Harriet Warren, Ruth Wall, Marie Dorey, Lyda McMaster, Nora Giribon, Beila Perin, Marie Roberts, Low Tait, Edith Barker, Cella Harrison and Mrs. Ethel Bonting.

Preside at Luncheon.

Mrs. T. O. Boyd and daughter, Miss Lydia Boyd, presided at club luncheon of Mrs. Mary and Miss Alken of Evanville, Indiana. The three to whom each luncheon was given were lastingly decorated in different shades and lavender, the center pieces blue pyramids of sweet peas, lilies and gladioli. The purple and white lights added to the general effect and long and merry were enjoyed in the chandeliers. The color scheme was also carried out at the luncheon, some dainty and drollous dainties being served. A few games of bridge followed. Mrs. Craven presided at the party for Miss Mary, Mrs. Martin and Miss Alken received several guests.

AID IS DESIRED IN GOOD ROAD BUILDING

PLANNED TO TAX AUTOS TO HELP PAY EXPENSE

State Legislative Bill is Being Prepared Asking for \$2,000,000 Bond Issue, Graduated Fees, Based on Horse Power, to Pay Interest.

National good roads came in for repeated reference during the sessions and debates of the senate recently closed at Washington. It is evident that there is a constantly growing belief that the federal government before long must concern itself with the construction of trunk line roads to transverse the country. In testimony which gives evidence of a constant increase in the future.

In their names of delegates to the American Good Roads congress to be held in Atlantic City during the first week in October, the governors of many states are selecting those prominent in automobile club circles and who have made themselves thoroughly acquainted with the needs of, and the improved construction and systems of road building. At this congress will be the exhibition of the latest and best machinery for the construction of highways, and practical demonstrations will be given in the vicinity of Atlantic City.

Idaho Follows Oregon.

Senator Bourne of Oregon, who is chairman of the senate committee on road roads, is seeking information on the matter. He is also sending out the "advantages of federal aid in the construction of good roads in the various states." Robert W. Spangler, secretary of the Idaho State Automobile Association, has written Senator Bourne saying that at the time of meeting the association of automobilists in Idaho would cooperate with the American Automobile Association in an endeavor to work out the good roads problem, and as a part of the legislative committee of the association in this state is preparing a bill providing for the issuance of \$2,000,000 in bonds for road building. It is proposed to pay the interest on these bonds by taxing automobiles at so much per horse power, and gradually cut the bonds. The plan will likely be adopted in many states where the good roads question is becoming a concrete proposition.

Senator Mayburn Favors Movement.

Speaking of good road construction in the State of Idaho says: "When the government enters upon this class of work it should be for the construction of roads up to standard but not all at once, but by a progressive construction that would result in a reasonable time in a system of permanent good roads for Idaho." He also represents the many automobile associations would retroactively through Twin Falls, on transcontinental tour.

Stag Party as Surprise.

Messrs. H. C. Buford, assisted by Messrs. Harry Allen, E. C. Lavering and C. E. Booth, gave a 7 o'clock dinner to a number of Mr. Buford's friends Tuesday evening in honor of the latter's birthday. Following the formal card was played until a late hour. The guests were: Messrs. Maxwell, Allen, Murtaugh, E. Swelley, Wilson, Mull, Booth, Burton, C. C. Lavering, H. Lavering, McKee, Baker, T. J. Woods, Channel, Bayley, Hahn, Nixon, Mitchell, L. T. Wright, and Fisher.

Keystone Club.

Mr. and Mrs. H. H. Miller and Mrs. Bert Stelmer were hosts and hostesses to the members of the "Keystone" club at the Miller residence on the Kimberly road last Friday evening. The gathering was a social affair, and the tables were laid under the trees in camp style. The corn was prepared under the camp fire. The evening was spent with music and a social good time. About forty of the club members were present.

Mrs. Elliott Hostess.

Mrs. O. M. Elliott entertained Tuesday afternoon at a Kensington, at her home on 14th avenue east. Elaborate floral decorations were used, the rooms containing immense bouquets of asters and other September flowers, including orchids, roses. A large number of ladies were present and the afternoon was spent in sewing and playing games.

Novel Evening at Falls.

Mr. and Mrs. R. W. Spangler entertained their guests with a novel affair at the falls, on the 10th of September. The affair was a social affair, and the tables were laid on the hill, where two large bouffees were kindled.

WANT TWIN FALLS FRUIT

One of Largest Fruit Shippers of New York City Visits Orchards on Track.

John Ray, of the firm of Ray and Hatfield, fruit shippers of New York City, visited the tract the latter part of the week with a view of securing fruit for his orders. He was accompanied by a number of orchardists by J. A. Waters and Mark Murtaugh and was surprised beyond expectation at the quantity of fruit now on hand and ready for the market.

Mr. Ray is very anxious to open negotiations with the growers here, as he found that a large percentage of the fruit can be classed as fancy and extra fancy grades. He pointed out that the fruit can be shipped from the tract this season, providing a competent man can be secured to select and superintend the packing of the fruit. Mr. Ray says he is lacking here for the successful marketing of fruit. The officers of the Fruit Growers Association have wired to the River, Oregon, for an experienced fruit packer to superintend the work here.

FATAL CUTTING AT DOWNEY

Chancy Sessions of Downey, Idaho, received a fatal stab in the throat on Monday last week at the hands of Walter M. Williams, better known as "Tomsoness." The exact cause of the cutting affair is not known, although it is stated that Williams had been the first cause of a misunderstanding and an attempt on the part of Sessions to interfere with Williams' business. Sessions was stabbed in the throat with a pocket knife, severing the jugular vein. He died three hours later.

MINISTERS' OUT ALL NIGHT

Didn't Intend to Be, But Couldn't Help Themselves—Return Home Safe But Very Hungry.

Out all night surrounded by water, putting in eat nor bedding, and no way to get home, was the plight in which the Rev. W. H. Parker and son, the Rev. W. S. Woodhull and son, the Rev. Samuel J. Chesley or Gooding and H. S. Bolton found themselves late last Friday afternoon below Pilar falls on a small island in the Snake river. The party was rescued Saturday morning and arrived home with a hungry feeling their worst complaint.

The party had gone to the falls on Friday on a fishing and duck hunting trip. Leaving their tent at the top of the canyon they went to the river and secured a boat in which they crossed to the north side for duck. They were busy watching their corals and lines, the boat, containing all provisions and supplies, broke moorings and proceeded down the river. No one coming in sight to effect a rescue the party was forced to spend the night without shelter or food. Early Saturday morning persons passing the falls were hailed by the helpless party and a boat was secured for their transport to land.

TWIN FALLS NEWS

A Progressive Republican County Seat Newspaper.

Published Thursdays by the Twin Falls News Publishing Company Twin Falls, Idaho.

Entered as second-class matter December 2, 1904, at the post office at Twin Falls, Idaho, under the act of Congress of March 3, 1879.

THE EDITORIAL "WE."

A friend recently asked: "Say, how is it that you never refer to yourself as we in your editorials. Other papers do."

grawful proceedings, "threw us out" of our second-story window. This would probably have been all right had not the editor of the question declined to swear to a complaint in the premises unless the petition were drawn in the first person and the "we" used exclusively in reference to the editor and his troubles.

THE POSSIBILITIES.

In a remarkable analytic article in the North-American Review the real candidates for president now before the people are set forth as being Woodrow Wilson and James S. Sherman.

the country have for people been called upon to face so completely and exacting a problem.

BALLOTS AND COMMON SENSE.

A number of ballots in use in South Dakota in 1910, under the operation of the initiative and referendum, are being exhibited around Twin Falls.

They are about ten inches wide by about six feet long, and embrace six proposed legislative measures, ranging from the regulation of the embalming and transportation of dead bodies to the organization and maintenance of a state militia.

JUDGE NOT—JUST YET.

Let none be too hasty in his condemnation of the man in the present political controversy.

ROSES IN TWIN FALLS.

Now is the time to plant roses. The planting is not expensive, the cultivation not difficult, the returns are large in proportion.

Such experiments as have been made here show beyond doubt that this climate is particularly suited to the growing of many different varieties.

THAT POST OFFICE APPROPRIATION.

The fact that Pocatello now has fifty thousand dollars available with which to begin work on a federal building in the railroad city need not be regarded as affecting the chances of Twin Falls.

THE BULL MOOSE TICKET.

A Bull Moose ticket in Twin Falls county is a dead issue, but not so in the state of Idaho. It is now regarded as practically certain that there will be a third state ticket.

It is confidently expected that Governor Hawley will devote much of his time here to an attempted explanation of the 1911 tax hold-up.

ROOSEVELT IS TOURING.

It is announced that he will work for the progressive principles for which he has labored and planned in recent years.

But in addition to all this there was a fundamental difference between the two men that could not be bridged.

Senator "B" Strong Support.

Most of the Progressives profess to be well satisfied with Senator Borah's record, but the more radical among them feel that he should cut loose from the Taft organization altogether and cast his lot with the new party.

Democrats Will Split.

Judging from the expressions heard from Democrats themselves the leaders of that party made the first serious blunder of the campaign when they defeated John F. Nugent for state chairman and elected Ben R. Gray.

THE FIGHT AGAINST NUGENT WAS LEAD BY GOVERNOR HAWLEY.

There is no doubt that the fight against Nugent was led by Governor Hawley. In his address before the Idaho convention there Nugent was made the situation in the platform convention that followed.

Hawley Branded Reactionary.

But in addition to all this there was a fundamental difference between the two men that could not be bridged.

Interesting History of a Model Farm

Forty Acre Farm of John W. Hardin at Kimberly One of First on Tract

Note:—This is the first of a series of similar articles which will appear in The News, with a view to giving to the world a part of the evidence in support of the belief of The News that the Twin Falls tract is the greatest fruit and agricultural country in America.

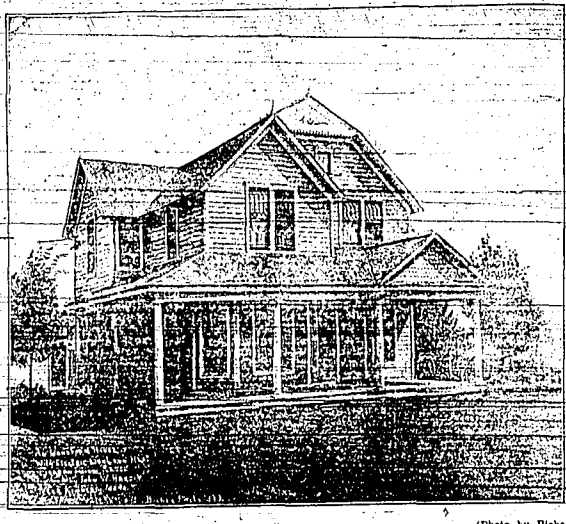

Would \$15,000, cash, induce you to sell a 40-acre farm, 22 acres of which are in orchard not yet bearing? It

in pasture, including the buildings, yard and barn lots. Sufficient hay is secured from the ten acres to feed all stock, no grain being raised—used as an article of feed, supplying more than a necessary amount of dairy products for family use.

Has Modern Home.

The Hardin home is a nine-room house, modern in every respect. A cold and hot water system has been

Hardin said: "When we came here two years ago last May I knew nothing about irrigation farming or fruit growing. However, I went to work and set out my twenty-five acres in orchard and made up my mind to learn the business from the bottom up. Fruit Inspector G. W. Brennan gave me full directions and advice about the attention and culture required for orchards. His instructions have been followed as closely as possible, with

The Hardin Home. (Photo by Bisbee)

was not an inducement for John W. Hardin, who owns one of the finest orchards on the tract, located one-quarter of a mile east of Kimberly.

Mr. Hardin's home and orchard tract lies in one of the best sections of the Kimberly district. It is ideally

installed, and an up-to-date heating plant guarantees comfort in winter equally as well as in any city home. Care and attention also, even in keeping one of the "best hand-picked" lawns and homo flower gardens on the tract, and a shade tree about the home

the result that my home orchard is, I think, without a doubt equal to any orchard of its age on the tract.

Land Values Realized.

"It is true that recently I refused \$15,000, cash, for my home. If it is worth that amount now to some one else, I believe it will be worth a great deal more to me when the orchard is in bearing. While it has required a great deal of attention to bring the orchard up to its present state, we have enjoyed the work. And, withal, we have had plenty of time for other things besides work.

"My present indications of the older portions of our orchard will bear a large quantity of fruit next year. However, I do not think I will allow any quantity to mature, as it is by far best for the trees to acquire a sturdy growth before its strength is allowed to go to fruit.

Location Satisfactory.

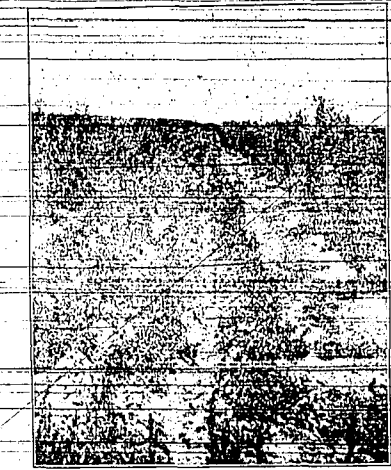

"I don't know where I would rather have a home and orchard than on the Twin Falls tract and in the Kimberly district where we now live. Climate conditions are ideal for fruit growing, and with the proper care, including a study of the subject and an intensive cultivation, especially on a small tract, there is no reason why anyone should not get out an orchard and make a success."

SUCH IMPERTINENCE.

"What's the matter with you and Mrs. Gubba?" asked Mr. Hardin. "I detect that woman," replied Mrs. Nang. "But why, do you detect her?" asked Mr. Nang.

"Why, she thinks that she is as good as I am," snorted Mrs. Nang, Cincinnati Enquirer.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets as needed, you should become both healthy and beautiful. For sale by all dealers.

In the Apple Orchard.

properties in acres, and the entire farm of 40 acres, saw the buildings, was built in two years ago this past winter. The farm is an outstanding one, may be done on the tract along scientific and intensive lines. It is known as "Pleasant View Ranch."

Only Two Years Old.

Although only two years old, the trees are loaded with fruit spurs for next year. For the last two seasons Mr. Hardin has carefully trimmed back his trees, allowing for the best of growth before bringing the trees to bearing. No water has been turned on the orchard this year yet, except for the potatoes and berries between the rows.

The orchard consists of 2,100 fruit trees, the greater portion of which are apples. The varieties of apples and berries are: 2000 acres, Jonathan, 400, Rome Beauty, 600; Delicious, 200; and mixed varieties, 200. Other trees are: Peaches, 120; pears, 400; cherries, 70; plums, 40; prunes, 70; and apricots, 40. Besides the fruit trees there have been planted 1,100 grape vines, 1,000 black raspberries, 400 downy mild, 600 gooseberries and 700 currants. As explained by Mr. Hardin, a large quantity of small fruit has been placed between the tree rows as a source of revenue until the orchard is in full bearing. During the season just closed Mr. Hardin disposed of 3100 worth of berries from 200 two-year-old raspberry bushes alone on the local market. He expects to secure at least 2,000 sacks of potatoes from plants between the orchard rows this year.

Aside from the twenty-five acres in fruit, the Hardin ranch contains 10-acre alfalfa field and five acres

TO CONDUCT QUESTION BOX

Important Subjects Will Be Answered from Time to Time at Baptist Church.

The membership and congregation of the Baptist church are being given the opportunity to ask such questions as they may wish concerning the teachings of the Scriptures and the Christian life. These questions will be answered at their importance may seem to demand from the pulpit from time to time. Next Sunday evening will be given to answering these two: "What is an 'unpardonable sin'?" and "Can we bring our sin-sick friends to God for healing with the same certainty of cure that people had when asking physical healing for their friends when Christ was on earth?" Bring your questions with you when you come and drop them in the question box in the vestibule. The subject of the morning sermon next Sunday will be "The Man Who Sees."

"THE PURE FOOD GROCERY"

Try This Peach Punch

Made from some of the choice home grown peaches we have in stock this week. It's a most excellent drink, something absolutely different, you know, and wholly refreshing. Here's the recipe:

Boil together a pint of water, and one cup of sugar for five minutes. Set this aside to cool while you prepare the fruit. Mix together one cup of pineapple and three cups of ripe peaches. Add the juice of one lemon. When the syrup is cold, add the fruits and one quart of iced water, or carbonated water if available.

We can recommend this to you, and you can have all the available material sent right up. Better call at the store this morning and look over the fruit.

CLARK-FLETCHER MILL STARTS AFTER LONG CLOSE-DOWN

Evidence of Values and What Can Be Done With Jaridge Ore
—Work on Other Properties—
Making Good Showing.

(Special Cor. Twin Falls News.)
Jaridge, Nev., Sept. 7.—The principal work that has taken place in camp during the past two weeks has been the starting up of the Clark-Fletcher mill, which has been closed down since January. The mill proved a failure for the reason that the charge failed to save enough values to keep the concern in motion. The ore was of the Clark-Fletcher type, a value of about \$10, and of the amount fully half was wasted. The company was heavily involved for supplies and wages, and that fact prompted the managers to rush as much ore as could possibly be handled. Over-crowding the capacity of the mill, and the fact that the ore was further involved, for the reason that the amalgam was scored off the plates and run down the creek. At times as low as 100 lbs. of ore was saving an amount insufficient to pay expenses and satisfy old scores.

It was always contended that had the previous management been satisfied with a 30 to 35 per cent run over twenty-four hours they would have pulled through and paid up all indebtedness. But the idea of milling for the amount of ore that could be brought in, handled, prevented, and carrying in excess that was a provocation of the undoing of the old company.

New Methods Employed.

The present management are cruder and better over the plant, approximately 30 tons every 24 hours. It is apparently about the limit with the present crushing capacity. The saving is something like 70 per cent of the values. It is expected that 75 per cent may be reached. In such cases the mill will most gratifying results and will meet the requirements of the treatment of Jaridge ores. With good crushing capacity and an amount of ore that is not so high as to reason why more than 5 per cent of the values should be lost.

The machinery is working very well, but is expected to be better shape in a week or so. The amalgam taken from the plates shows a substantial profit—so far, while the percentage of ore is gradually being increased. About 17 men are employed, which force will likely be added in a few days. The try-out of the Clark-Fletcher mill is showing what can be done with Jaridge ore solely by amalgamation. It will be expected that the mill will pay, with a loss of 20 to 25 per cent of the gross value, a handsome profit would be assured by installing the best and most improved machinery and up-to-date methods. It also shows that Jaridge ores have a good milling value, and that they can be done at a profit under the present conditions. We hope to see Manager Faulkner put the property clear of debt in a short time and that the prospect, which had such a long career, will be one that will return dividends and be forever out of the red ink column.

The Alpha.

Mr. Hollis, the man who has the say on the Alpha, says that the last week making an examination of the property. What he thinks of is going to do no person appears to know. From Jaridge, the National, where he is heavily interested, Manager John A. Jesse went out to Salt Lake with Mr. Hollis. At the Alpha the work of connecting the shaft and tunnels is still going on. By all the surveys the distance is thought to be about 1000 feet. The shaft through is hanging off longer than the men expected. The ore showing is all that could be looked for. The Alpha is larger and shows high milling rates.

Other Mines.

The Flaxis tunnel is in over 200 feet. The rails and car are expected almost any day now. They are highly needed.

Success property has recently been examined by a strong company who thought well enough of the showing to acquire the property. The mine, but not considered large when the amount of ore in sight is taken into consideration.

Work is going along at the Bluster with a success of men employed. A tunnel is being made from No. 2 to No. 1 tunnel, and a winze is being dropped from No. 2 on the lead. The ore in the winze shows a high value. The south drift is being extended, an average of 100 feet showing a \$15 value. An assay from the winze showed \$12 for the full width.

The Pavik.

People who are in a position to know claim there is good reason for belief that the Pavik company will be reorganized and the property will be working again soon. The eastern stockholders have taken the matter up, and Attorney Wise of Twin Falls has written to ask the eastern stockholders to receive most encouraging news from those in the east who are dealing with the matter. The scheme of reorganization outlined to your correspondent seemed a most feasible and business-like one. After having two experts pass upon the property the eastern stockholders could recoup their losses by risking a few dollars more. The intention is to remodel the mine and generate electricity for mill power.

That sounds good and I hope it is true. And I would venture to say that if the new company can generate electricity for mill power, they can also for power of their property. It would remodel the mine to suit custom ore. I have a trade that will surprise a custom mill is needed in

Miss May Lynch, who has been employed here in the Idaho office, was taken out to Elko the first of the week to be operated upon for appendicitis. Telephone reports say the operation was successful. J. P. Kennedy was out to Elko this week on important business. Edward J. Mcintosh, of Twin Falls, was victorious this week—September 3 was primary election day. This is a Democratic precinct. The prospect for the coming year is encouraging. While the catalogue of nearly every other important college in the Pacific Northwest shows a falling off in the number of students in the last college year, due doubtless to the financial depression, that of Idaho's State University shows a steady increase. It seems safe to say that the enviable reputation of the university for thorough work has not little to do with the popularity of the institution.

GOOD YEAR AT UNIVERSITY

Past Record Attracting Many New Students—Faculty Increased and Many Improvements Are Made.

The prospect for the coming year at the University of Idaho is encouraging. While the catalogue of nearly every other important college in the Pacific Northwest shows a falling off in the number of students in the last college year, due doubtless to the financial depression, that of Idaho's State University shows a steady increase. It seems safe to say that the enviable reputation of the university for thorough work has not little to do with the popularity of the institution.

Additions to the Faculty.

Several additional instructors have been engaged for the Agricultural College, and the women of the state will be glad to learn that the department of home economics (cooking, sewing and household art) has been strengthened very materially. For six weeks in the past summer Miss Pamela French, dean of women at the university, made a tour of those institutions in the middle west and east that are noted for their work in home economics. She brought back a fund of information regarding the manner in which the work in home economics is carried on in these institutions and is made of details that will be of great help in designing the woman's building for the coming summer. Miss French, one of the most successful women in the country in that line of work—Miss Jessie M. Hoover—has been engaged as the head of the department of home economics and Miss Grace Schurmertner has been engaged as an additional instructor in the department. There will therefore be four instructors in the department. For the department of physical training for women Miss Isabel Stevens has been engaged. She will offer a new offer a course in playground supervision.

Athletic Ground Improvements.

Owing to the cooperation of the Latah County Fair association over \$5,000 has been expended on the improvement of the athletic field in the summer. A fine grandstand has been erected. It is raised high above the so that it commands a fine view of the field. It is built on a foundation of a roof and the back and sides are boarded in so that the spectators will be shielded from sun and wind. The seats are large, roomy and comfortable. The structure will easily seat 2,000 people. No other college in the northwest has so fine a grandstand on its athletic field.

Big Auditorium Building.

The splendid auditorium, erected at a cost of \$50,000, is now in the last stages of construction. Bids for operators to eat it will be opened in a few days. It is confidently expected that the great hall will be available for use by the opening of November. Lectures, recitals, concerts, debates, operas, meetings of the student body, and all the many similar events that help to make up the college year will henceforth be held in this auditorium.

Altogether the prospects for a successful year in every way are most encouraging. The people of Idaho have put themselves behind their state university. They support it, and they are convinced that it is working intelligently and successfully for the benefit of all the children of all the people.

SECOND TIME

Up in Vermont the hotel business is real business, and the man who takes a room and eats a meal at one of the hosteleries is expected to pay for it without fail. If you don't believe it, take a run-up to Vermont and try. Take the house bill. In one of the hotels of the state there is a hotel property called "Jolly Jokers."

One morning after breakfast a guest was about to depart without paying his bill. Jones walked slowly to the door with him and in a steady tone said:

"Mate, if you should happen to run your bank roll between here and Vermont you will remember that I must get any of it."—Popular Magazine.

I am offering my thoroughbred sheep for sale to the farmers of Southern Idaho and will give them a chance to pay for them out of the increase. I shall not ask for any cash payment, but will accept proper security to be given. Full information will be furnished to any farmer who will write to me at Gooding, Idaho. I am not willing to sell my thoroughbred sheep to any farmer who has any alfalfa pasture. Write for information. I am satisfied this is your opportunity. If you wanted to run a small flock—of sheep—on your farm.

MAIN LINE FOR RUPERT

West-Bound Freights Pass Over Rupert-Bluff Cut-Off—Advantage for East-End Town.

Rupert is now on the main line. If through freight trains are considered in the evidence, for beginning with September 3 the west-bound freights are taking the branch from Minidoka to Rupert and then from there the Rupert-Bluff cut-off. This line is only over two three miles longer than the regular line, and it is a great advantage to the west-bound heavily-loaded trains, as the steep grades on the main line can be avoided. The first through train passing over the Rupert line was drawn by a 1,000 class engine, and contained 41 cars loaded with 3,000 tons of freight.

For scores of the muscles, whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all druggists.

ELECTRICAL ADVANCEMENT.

Why is more electrical current used for heating and cooking in Southern Idaho than elsewhere? It is not due entirely to the high cost of fuel. It is because our naturally progressive class of citizens have been quick to realize the liberal policy of the Great Shoshone and Twin Falls Water Power Company in its attitude toward the public. They have been able to outdo their less fortunate friends elsewhere on account of the low rates charged for cooking, heating and other purposes. The electric kitchen has proved to be way in advance of all others from the standpoint of economy, convenience, cleanliness and reliability. The Company has employed experts to assist in selecting and making use of all kinds of modern electrical conveniences. Its engineers and commercial department have been at your service with an abundance of interesting electrical information. They have been and are still paid for helping you.

SABBATH SCHOOL LESSON

SEPTEMBER 15, 1912

JUDGMENT AND MERCY.
Matt. 11: 20-30.

20. Then began he to upbraid the cities which were not his mighty works were done, because they rejected him.

21. Woe unto thee, Chorazin! woe unto thee, Bethsaida! for if the mighty works, which were done in you, had been done in Tyre and Sidon they would have repented long ago in sackcloth and ashes.

22. But I say unto you, It shall be more tolerable for Tyre and Sidon in the day of judgment, than for you.

23. And thou, Capernaum, which art exalted as heaven, shalt be brought down to hell; for if the mighty works, which have been done in thee, had been done in Sodom, it would have remained until this day. For I tell you, That it shall be more tolerable for the land of Sodom in the day of judgment, than for thee.

24. At that time Jesus answered and said, I thank thee, O Father, Lord of heaven and earth, because thou hast hid these things from the wise and prudent, and hast revealed them unto babes.

25. Even so, Father, for so it seemed good in thy sight.

26. All things are delivered unto me of my Father; and no man knoweth the Son, but the Father, neither knoweth the Father, except the Son, and he to whomsoever the Son will reveal him.

28. Come unto me, all ye that labor and are heavy laden, and I will give you rest.

29. Take my yoke upon you, and learn of me; for I am meek and lowly in heart; and ye shall find rest unto your souls.

30. For my yoke is easy, and my burden is light.

Golden Text: "Come unto me, all ye that labor and are heavy laden, and I will give you rest."—Matt. 11: 28.

DECIDE YOURSELF

THE OPPORTUNITY IS HERE BACKED BY TWIN FALLS TESTIMONY.
Don't take our word for it. Don't depend on a stranger's statement. Read Twin Falls endorsement. Read the statements of Twin Falls citizens. And decide for yourself. Here is one case of it.
Mrs. G. W. Reels, Main avenue, Twin Falls, Idaho, says: "Last winter I became afflicted with kidney trouble and I suffered greatly from pain in my back and distended kidneys. Dr. Don's Kidney Pills were recommended to me at that time and I procured a supply at the drug store. The first effect was that my system at once and continued to drop away all my aches and pains. I felt highly of Don's Kidney Pills and I give you my entire recommendation. I am able to recommend them. Price 50 cents. Sole agents for the United States, Foster-Milburn Co., Buffalo, N. Y. Remember the name—Don's—on the other."

INTEREST SHOWN IN DISPLAY OF FLOWERS

MANY EXHIBITS ENTERED IN SHOW FOR PRIZES.
Annual Show Given by Presbyterian Ladies to Successful Affairs—Church Artificially Decorated in Profusion of Buds and Blossoms.

That interest in flower culture is fast becoming an important factor among the people of Twin Falls and vicinity was evidenced at the annual Flower Show given by the ladies of the Presbyterian church last Thursday afternoon and evening. More than four hundred growers and admirers of flowers visited the exhibition where the best that the tract produced were entered for the contest of five awards. The show was held in the church auditorium, where decorations were profuse with flowers, many of which were of unusual beauty. Entertaining programs and refreshment booths added to the pleasure of the afternoon and evening. The show was served to about three hundred persons in the church basement.

The garden idea in the church decoration was skillfully carried out. The altar was covered with flowers and they faced a fitting introduction. Garden seats and fountains of hot vines, and the garden relief, were of great-sunflowers, further contributed to the effect. The little carved alcoves of the church were covered with flowers. Under a lattice roof of boughs of cherry blossoms the Japanese maidens served tea. Next to them, among "decorations" of potted plants and ripe grain, stood refreshment for sale.

Unique Exhibit.
The buttonhole-bouquet booth, attended by Mrs. Malprop, was one of the most interesting of the exhibits. On the table in this booth lay an unique exhibit, brought in by Mrs. Malprop, being a stem—less—thirteen inches in length on which were massed more than forty-five crab apples. "Baskets of fruit and flowers" were on sale in thick quantities. The booth was extremely attractive with white lattice work and large pink chrysanthemums. Besides many other interesting exhibits, the young ladies also sold Indian made in the booth on electric burners and in chafing dishes.

The entertainment was furnished by the children in charge of Miss Nelson and was highly enjoyed. The program consisted of songs, recitations and dancing. The "Crown of the Queen of flowers" and Julia Packer welcomed all friends into the auditorium. A number of well-known artists were present by the orchestra under the direction of Mr. Beck.

The flower exhibit was a source of delight to those who were anxious to see a good display, and the ladies in charge of the show are grateful for the flower growers of the tract for their interest and kindness in contributing. Displays of flowers of all kinds possible at this time of the year were to be seen, especially roses, dahlias, gladioli and aster brought in by growers who are making specialties of the several varieties. Sweet peas, nasturtiums and pansies of great size and beauty were displayed in large numbers. Mr. Erwin's display of cut flowers was greatly admired, and J. A. Waters brought in a quantity of exquisite roses. Prominent among them were the white "Crown of the Queen" and the fragrant red Grouse Tiplet, so prominently adapted to the climate and soil in bearing.

Beneficial these whose contributions made the success of the show possible, the kindness of those who loaned property and otherwise worked for little or no compensation is greatly appreciated by the ladies.

The desire that the flower show be recognized as a social event rather than as a money-making enterprise was fully realized, and it is hoped that the interest in flower culture throughout the tract will be greatly stimulated.

GOLDEN WEDDING DAY BRINGS BEST WISHES

MR. AND MRS. PHILLOE HAVE LIVED TOGETHER FIFTY YEARS.

No Formal Celebration Held, But Friends Extend Congratulations—Buy But Happy Half Century.

To celebrate their golden wedding anniversary it is a pleasure that comes to Mr. and Mrs. H. Philloe, 727 Rhoads street north, were married fifty years ago Tuesday, September 10, and are receiving the congratulations and the wishes of their many friends for many more years of life together.

Mr. and Mrs. Philloe, who have lived in Twin Falls for the past two years, were married September 10, 1862, at Litchfield, Michigan, at a time when that portion of the Wolverine state was in timber. They made their first home at Jopewille, Michigan, removing from there to Bluff, Nebraska, at the time of the closing of the civil war in 1865. From Bluff Mr. and Mrs. Philloe removed to Twin Falls, Idaho, in 1910, where they now reside in the same state, residing there a number of years before coming to Idaho two years ago. They are

aged in Nebraska for thirty-eight years.

Wife Pleasers.

For the greater portion of his business life Mr. Philloe was engaged in the lumber industry, devoting many years to the business while a resident of Nebraska. He was a mason by trade and while residing at Bluff followed his trade in the summer seasons and engaged in teaching school during the winters. Mr. Philloe was born in New York state, a short distance from Niagara Falls. Mrs. Philloe was born in Michigan, her parents being among the pioneers who opened up the great timber regions of that state. Mr. Philloe has been a member of the Masonic lodge for fifty-two years, being one of the oldest members in the state. He was for thirty years an elder in the Presbyterian church, and with Mrs. Philloe has been active in church work for an extensive real estate owner, and active in business.

Other than regarding the congratulations of their friends, Mr. and Mrs. Philloe made no celebration of their golden wedding day. In speaking of the day they said:

Busy Half-Century.

"The past fifty years have been busy ones. Besides raising a family of seven children, there was always something to do that kept us busy. While the children were small, residing out-of-care, we never spent a night away from home for more than

twenty years. During the past number of years we have traveled extensively from coast to coast and from north to south. We love the wide open trail and the people here as well as anywhere we have ever lived.

"While the fifty years together have been busy ones, we have had many pleasures. While, like others, we have had our sorrows and trials, we have seen more of joy than of grief. We have tried to think back over the things that have happened during that half century, but there are too many of them, and yet, pleasant to think about. We have lived a happy half century together.

They were born to Mr. and Mrs. Philloe seven children, five of whom are now living, three daughters and two sons. They are Mrs. Judge W. E. Norris, Washington, D. C.; Mrs. George Wilbur Hood-River, Oregon; Mrs. J. W. Philloe, Twin Falls, Idaho; Mrs. J. G. Philloe, Wayne, Nebraska; George Philloe, Worthington, Michigan, and Louis and Edith Philloe, both deceased.

SMALL FIRE IN BARN.

From an unknown cause, a fire started in the office of the old Star Brewery barn on East Main avenue, Monday morning at about 1 o'clock. The fire department responded quickly to the call and the blaze was put out with little damage to the building. It is supposed that a lighted match in the hands of some prowler was thrown into a pile of papers and thus the fire started.

CASSIA COUNTY FAIR.

Cassia county will hold its annual fair at Athliss September 24, 25, 26 and 27. Large premiums have been offered for displays of farm products, and a lively interest in the fair is anticipated. It is expected this year's fair will out-rival any heretofore given.

WOOLERY-FORD WEDDING.

L. A. Woolery and Miss Jennie Ford, both of Durley, were united in marriage Saturday evening at the Fernhill hotel in the presence of but two witnesses, Rev. Mr. Henry performing the ceremony. Mr. and Mrs. Woolery will make their home at Durley.

TWIN FALLS WOMAN HONORED

Mrs. Swesley and Mrs. Hill Chosen as Officers of First District Federated Clubs.

At the meeting of the First District Federation of Women's Clubs at Montpelier, Mrs. M. J. Swesley was elected president for the ensuing club year, and Mrs. Wilbur Hill, corresponding secretary. The other officers and executive committee were: Mrs. D. W. Standford, of Pocatello; second vice president, Mrs. E. A. Pano of Montpelier; Mrs. J. M. Spradell, Mrs. M. Shilling of Burley; treasurer, Mrs. Wm. J. Ince of Pocatello; auditor, Mrs. Austin Harris of St. Anthony.

BACK FROM JARBIDGE.

Frank Healy and Party Return from Tour of Inspection. Frank and Dr. Alexander returned some days ago from a trip into Jarbidge. The members of the party report a delightful outing and express themselves as surprised at the growth which the district is making. All have no "interest" in this section, and all are confident that some day the camp will be the center of one of the largest mining districts in the country. Frank Healy is interested in 32 claims near the camp, on which a good deal of work has been done. He claims to be in control of this property and the prospects of a good producer later on are regarded as excellent.

NEW ELECTRIC HOME.

Senator F. W. Gooding Building Residence of Latest Modern Type. Senator F. W. Gooding is building a cottage at Gooding, Idaho, for his daughter, which when finished will be the coolest and most up-to-date residence in Gooding. It will contain six rooms, which are equipped with electric and gas plumbing, and an electric range will be installed. The woodwork will be of the best of materials and the floor will be of hard wood. The cottage is expected to be entirely finished within a month, and will then be known as the Gooding cottage.

SHOES POPULARLY PRICED.

Booth's Make Special Attraction. The idea of a specially priced shoe line is a new one in Twin Falls, and Booth's have opened up by making a special of \$2.50 shoes for ladies. It is a marker for success, as they have taken the regular \$1.00 lines, including some \$1.50 shoes, and making a specialty of \$2.50 for the prettiest, noblest, newest lasts in town, blacks and patents are being shown, and the success of the idea is measured by the marked increase in sales.

BEFORE POLICE JUDGE.

When arraigned before Judge Smith last Friday, Bill Connor, wanted on amination and was held to the district court under \$1,500 bond on two charges, namely, assault upon L. B. Starnhal, night clerk at the Regency hotel, and resisting and interfering with an officer. He furnished bond.

Other Cases.

Robert Hero, arrested last Saturday night on a charge of drunkenness and disorderly conduct, was fined \$20 and costs by Judge Smith last Monday. The fine was paid.

Blankets That Are

Because it's marked 10-4 or 11-4 does not make it so—Many blankets marked 10-4 are larger than others marked 11-4. Measure every one in inches—that tells. After measuring, inspect the quality of material and its finish, and then if it's backed up by a store reputation you can feel confident in a purchase. In offering our blankets and quilts to the trade we feel assured we are offering the best values possible and we can prove it to you. Of course if you're looking for shoddy, don't come; but our endeavor in searching the mills through has brought to us some values in large size blankets of good weight and quality at \$1.25, \$1.50, \$1.75, etc., that we are willing to stake our reputation on and in wool we are first and foremost.

Underwear It Tells

One may economize on luxuries, but when it comes to underwear it's difficult to know where to start. So much depends on the foundation for the gown—the comfort of its fit and the health of its wearer are subjects of underwear consideration—and that covers the success of each individual every day in the year. The Athena underwear is a line of integrity—a garment that will fit and wear with comfort and the economy it holds over others is a matter for us to demonstrate to you. We are only too glad to show you.

Mentor Underwear Reduced

We will handle Athena alone and are closing out many garments at great reductions.
