

REPUBLICANS OF COUNTY IN GOOD SPIRITS

GATHERING OF FAITHFUL AT OYSTERS DINNER IS WELL ATTENDED.

Plans Discussed for Coming Campaign and Feeling Reached High Point of Enthusiasm—Senator La Follette May Speak in Twin Falls.

The Republicans marshaled their forces Saturday, when forty of the tried and true met at Oyster's restaurant for the big oyster-dinner. Practically every precinct in the county is represented and the enthusiasm for party success ran high.

After the dinner—practical plans for the campaign were discussed, and definite arrangements made for getting the county issues before the people.

The Republicans approach the active part of the campaign with confidence in the outcome, believing they have the advantage of facts to back up their claims for consideration by the voters.

NO-PLAGE-LIKE-TWIN FALLS

Alexander McPherson Says Tract Is Superior to Any Section in West—Northwest or Canada.

"There is no richer soil or country anywhere than here on the Twin Falls South Side. I say it unqualifiedly. We have the finest water right in the world, and the best place to know of," said Alexander McPherson, formerly state horticulturist, as he left last evening for his home in the irrigation congress at Salt Lake City next week, after which he will go to Long Beach, California, to assist Mrs. McPherson, who is in ill health.

Mr. McPherson was in Twin Falls early in the summer—on his way through the north and Canada, and since that time has been at Howell, New Mexico, where he has been engaged in irrigation work and orchard experiments "for the past year. He has interests on the tract and this visit was one of business connected with his property holdings.

ELECTRIC LINE PROGRESSING

Buhl Council Expected to Grant Franchise—Ralls Now Being Laid in Twin Falls.

A report is expected from Buhl to that the council of that city last evening granted a franchise through that corporation to the Twin Falls Railway company. A special charter Thursday evening supplementing the franchise would be granted. The changes were easily made, and a force of engineers are now at work surveying the proposed line from the center of Main avenue. The tracks will soon be laid to the boulevard. Large shipments of ties and rails are now on the way and the road will be ready for track-laying as fast as the material arrives.

VISITS BUHL CHAPTER

About 20 members of Twin Falls Chapter No. 27, O. E. B. visited Buhl last evening, and spent a very pleasant evening.

Mrs. G. B. Stewart, Miss C. P. Stewart, and Mrs. M. Stewart came over from Castledorf Sunday and spent the first of the week shopping.

R. W. SPANGLER RESIGNS

Will Sever Relations With Commercial Club as Soon as Successor Can Be Secured.

Robert W. Spangler has announced that he will tender his resignation as secretary of the Commercial Club. His resignation had not been officially presented to the board of directors, but will take effect as soon as the board can make arrangements for his successor. Owing to the absence of several members of the board from the city yesterday, the regular day for their meeting, a meeting could not be held, but one will be called as soon as possible.

Mr. Spangler has served as secretary of the Commercial club for the past two years, coming here from Gooding, Idaho, where he was the editor of the Gooding Herald. Prior to that he was secretary of the Denver Motor club, and while a resident of Chicago was secretary of the Chicago Auto club and associate editor of Motor Age. He did not announce any plans for the future, immediately following his severing of official relations with the club.

ERNEST E. KRENGEL ANSWERS SUMMONS

DEATH CLAIMS PIONEER REB—DENT OF TWIN FALLS.

A Native of Germany, He Had Spent Many Active Years in America—Had Been Prominent in Business and Lodge Circles Here.

Ernest Edt Krengel, 64 years of age, died at his home, 254 Third avenue east, last Monday morning at 3 o'clock. His death followed an illness which began a week or so ago. He had been ill for two weeks prior to his death, but was at first thought not to be serious.

Mr. Krengel was born in Germany. He was one of the pioneer residents and mechanics of this city, having conducted a blacksmith and repair shop here since 1907. He came to America when 18 years of age and resided first in Wisconsin. He removed to this city in 1875 and settled in the Williams valley. From there he moved to British Columbia, where he was master mechanic in the Roanoke district. He came to Twin Falls in his family five years ago from Nez Perce, Idaho.

Mr. Krengel had been active during his entire life, having engaged in the mercantile business in all those years until attacked by the family which called him away. He had a large family, and was very sympathetic with the mourners.

Mr. Krengel was prominent in the Woodmen of the World lodge, of which he had been a member for a number of years. Besides his wife, there are three sons and two daughters to mourn Mr. Krengel's death. They are Charles Krengel, 23, of Idaho, living in the city of St. Mary's, Idaho, and Florence, Azalia and Walter Krengel of this city. A sister in Chicago is the only child of his first wife, who is in America. Mr. C. E. Krengel arrived from St. Mary's yesterday afternoon.

The funeral services will be held at 10 o'clock tomorrow at the home, 254 Third avenue east, and will be under the direction of the Woodmen of the World, with Rev. J. M. Anderson officiating. Interment will be in the Twin Falls cemetery.

MOTOR BOAT ON RIVER

A. Kinsey Arranging for Service from the Shoshone Falls to the "Devil's Corral."

Those desiring to pay a visit to the "Devil's Corral" will shortly have an opportunity of doing so by motor boat. A. Kinsey, owner of the resort, states that the boat has been ordered and will be shipped at once. It will be placed in commission on the river this fall.

The route will be from Shoshone falls to the corral. The scenery along the river at this point is remarkable for its beauty and the corral has been practically cut off from sight except on account of its inaccessibility by land.

At the present time there are nearly a dozen deer in the corral, besides a host of smaller wild animals. Later this is the intention to put in a few more traps and goats if they can be secured.

The Devil's Corral has long been known as one of the show places of Southern Idaho, but in its absence of publicity it has been little visited. Mr. Kinsey is regarded as an authority on the care of wild animals.

WARNING IS GIVEN TO YOUNG OFFENDERS

FOURTEEN BOYS ARE ARRAIGNED IN THE JUVENILE COURT.

Judge Shields Deals With Petty Delinquents in Successful Manner—Boys Are Placed on Probation and Parents Are Requested to Assist.

Fourteen youthful offenders were arraigned in Judge Shields' juvenile court last Thursday, when charges of petty-theft were placed against them. All the boys were placed on probation, their parents were notified of their delinquencies and the boys will make weekly reports to Judge Shields.

Several petty theft investigations done by Deputy Sheriff Ormsby rounded up the boys, who constituted several bands organized for the stealing of copper wire, tin cans, tin cans, tin cans and packages from farm wagons and selling the same to who ever would purchase. The investigations were made by the sheriff and his men from merchants, shops and farmers. The boys arrested ranged in age from 12 to 18 years, a number of them coming from the city of Twin Falls. Following their confessions of guilt the boys were given warning of commitment to the state industrial school, but were placed on good behavior. One was now on parole and another offense will result in his commitment.

FINA TIME AT ENGAMPMENT

Judge Shields Returns From Los Angeles—Holding Golden Gate State.

Probate Judge Shields, state commander of the Idaho G. A. R., returned here last Friday from Los Angeles, where he attended the 40th annual campment of the Grand Army of the Republic. The remainder of the day he will be in the city, and will be engaged in enjoying a tour of southern California before returning home.

At the time of his death Mr. Macaulay was 54 years of age. He was born in Londonderry, Ireland, and came to the United States in 1857, locating in Chicago, where he engaged in the trade of carpenter and builder. After several years residence there he removed to Columbus, Nebraska, where he was married. Here, as well as in the states of Nebraska, Montana and Idaho, he continued as a building contractor, erecting many large buildings. He was engaged in the construction work of the Northern, Pacific and Union Pacific railroads. He moved with his family to this city 15 years ago, and had just completed building a new home when his fatal illness overtook him.

TROUT FOR ROCK CREEK

Thirty Thousand Fish Are Picked in Stream Near This City, to the Anglers' Delight.

Anglers in Twin Falls and vicinity are already planning to take their books and lines to Rock Creek next season and make the greatest catch of trout on record. There should be plenty of trout in Rock Creek, and the bait by that time, as 30,000 native trout were placed in the stream near this city last Monday evening.

BUMPER POTATO YIELD

Two Hundred and Thirty Sacks per Acre Are Secured by W. T. Combs.

Two hundred and thirty sacks per acre from six acres is the latest record reported in Twin Falls. W. T. Combs on his farm three miles southwest of Kimberly. There are two acres yet to go, and in point of production even better results are looked for.

NEW REALTY FIRM

Meeks, Denton, Williams and Bolton Will Engage in Business in This City.

A new real-estate firm, composed of Dr. Denton, W. C. Williams and J. P. Bolton of San Mateo, California, partners will be in their new office, 149 Main street, east, beginning with October 1. Each member of the firm has been engaged in real estate business in this city for many years and will have extensive interests on the tract. Mr. Williams will have direct charge of the office.

TWIN FALLS TUBERS FOR EASTERN HOTELS

BIG CONTRACT BEING NEGOTIATED BY GROWERS' ASSOCIATION.

Local Shippers Cannot Fill Large Number of Orders Owing to Car Shortage—Potatoes Being Placed in Storage Awaiting Cars.

More orders for potatoes are being received in this city than can be filled by the several shippers. The chief reason for the failure to fill these orders comes from the car shortage, from which there is a present no relief in sight. Large quantities are being placed in storage daily in this city in order that cars may be filled as the potatoes are ready for arrival.

The potato growers' association is now negotiating a contract for 50 cars of choice baking potatoes to be used for the leading hotels of Chicago, Buffalo, New York and Boston. Some of these potatoes are to be used in the dining-car service of the big express lines. It was necessary for the potato industry to be one of the greatest boosters for the potato industry, the Twin Falls farmers could position themselves as the leading grower of the association. It was stated yesterday that he is needing 50 cars at this time to move the potatoes from here to Chicago, and is early in the week owing to the car shortage. It was requested that the order be filled at once.

JOHN MACAULEY IS CALLED BY DEATH

PASSED AWAY MONDAY MORNING AFTER TWO WEEKS ILLNESS.

WAS BORN IN IRELAND AND HAD Spent Many Years in This Country as a Building Contractor—Funeral Will Be Held Tomorrow Morning.

John Macaulay, 54, died at his home, 254 Third avenue east, early last Monday morning, after a two-week illness. The immediate cause of his death was kidney trouble. The funeral services were held from St. Edwards Catholic church, his home, at 9:30 o'clock, where requiem mass was sung by the Rev. Fr. Hahn, pastor of the church. The interment was in the Twin Falls cemetery. At the request of Mr. Macaulay's family, the Rev. Fr. Hahn, pastor of the church, officiated at the funeral.

At the time of his death Mr. Macaulay was 54 years of age. He was born in Londonderry, Ireland, and came to the United States in 1857, locating in Chicago, where he engaged in the trade of carpenter and builder. After several years residence there he removed to Columbus, Nebraska, where he was married. MISSIONARIES VISIT CITY

Deliver Interesting Talks at Baptist Church Last Evening—Left Today for Coast.

Sixteen missionaries arrived in Twin Falls last evening on route to the Philippine Islands and China and held an interesting talk at the Baptist church to a large audience. Three of the group will go to the islands and the remainder to China. They are interested in remaining a number of years. There are a number of doctors among these missionaries. They left this morning for their respective ports of departure by way of Portland and Seattle.

ORDERS TO CLEAN UP

State Sanitary and Dairy Inspector Smith of Boise Finds Conditions Needing Attention.

Dr. M. W. Smith of Boise, deputy state sanitary and dairy inspector, visited here last Friday and found a few number of orders for the cleaning up of premises and alloys in town. He found in many places that rubbish and garbage had been allowed to accumulate in the rear of restaurants. Chicken yards and other places were left in a filthy condition, and strict orders were left for a cleaning up at once.

BLK GIVE DANCE

The Blk gave their opening ball of the season at Gollion hall last evening. A large number of the lodge members were present, and the evening was decorated with the emblems of the order. B. P. O. B. is being placed around the wall, and an impressive and grand given the history of the order was held.

NO BURL DAY AT CLUB

West End Representatives Fall to Come for Weekly Luncheon as Announced for Yesterday.

Yesterday had been announced as Burl Day at the Commercial club luncheon. But when the hour for the weekly lunch arrived, all representatives from the neighboring clubs had failed to put in an appearance. It is likely that another Burl day will be arranged, as those who had expected to be on hand yesterday found it impossible to attend.

A brief talk was made the club members by Rev. Mr. Woodruff. He spoke of the advantages he has derived from attending the club luncheons and in hearing from those who are interested in the welfare and progress of the city. He also spoke of the making a speech, George Aiken announced that Twin Falls is now being shipped to Pennsylvania and other markets. It was stated that the demand in eastern and southern markets. About twenty-five members of the club were present.

NUSENT AND HAWLEY AND SWORD POINT

GOVERNOR AND FORMER STATE CHAIRMAN ARE WIDELY SEPARATED.

Sensational Toga Is One of Contention and Doves of Peace in Wild Fight—Progressive Democrats Will Support Borah for Re-Election.

(Special to The News.)

Boise, Sept. 24.—Political intrigue is not confined to the Republican ranks in Idaho this year by any means. The Democrats are having their own troubles and have little time to offer the rupture in the Republican ranks.

There have been premonitions from the "Republican" world that a split in the Democratic organization with Governor Hawley as the leader of one faction and John E. Nugent, who made the city of Boise, has come and war to the knife is on the program.

"Nugent has made it plain to his friends that he is in the race for candidate for the United States senate, not so much that he hopes or expects to succeed Senator Borah, but to show that Governor Hawley shall never attain to that honor.

Radical Differences in Party. This dual between Nugent and Hawley represents the radical differences that exist in the Democratic party of the state. It runs into every voting precinct. It is as radical and far-reaching as any split in the Republican party.

Nugent and his friends charge the governor with being too reactionary with conducting his administration in the interests of the corporations, by giving anything but a progressive plan to the eyes of the Bryan and Woodruff school.

When Nugent was beaten for state chairman and Ben B. Gray put in his name for the republican nomination of 12 to 14 the Nugent men charged openly that the result was brought about by a deal between the governor and the republican party, the lumber and mining companies of north Idaho.

Political Debt Charged.

These charges are specific. It is asserted that just before the meeting of the state committee Fred Fiedler, who had the reputation of being made a state spokesman, that there be held conferences with Harry L. Day and Jerome J. Day, the two candidates for governor from north Idaho, and that as a result of his conferences the whole north swung to the support of the governor's team, Day for chairman and Fred Fiedler for state spokesman. This was done, it is charged, in spite of the fact that at least two state committeemen had previously thrown themselves to the support of Nugent.

Favor Borah Above Hawley.

It is further charged against Governor Hawley that he has never been a Republican, and that if he were sent to the senate his influence would be thrown wholly against the principles and policy of which William stands. Many of these Nugent men are frank to say that they would, very much rather have Borah in the senate than Hawley. It is stated that Governor Hawley was originally a Harmon man, that when he returned from his swing around the state he was a member of the interior in President Harmon's cabinet.

Some time after that the Harmon men flattered out the Governor Hawley landed in the camp of Champ Clark. He worked for the "Horn" Dawg candidate until his dog died in the hands of the "Horn" Dawg candidate. He was then elected to Wilson when Murphy, of Tammah Hall, Roger-Bullfinch, Tom-Tammah and the crowd went with the hands.

All this amid Democratic history is coming to the surface now. It is also generally reported that Governor Hawley has been hand-gloved with Fred T. Dubois from the beginning, and that even now he is in a contest with Dubois for the Democratic politics of the state.

Will Announce Candidacy.

John P. Nugent is to announce his candidacy in a public address in this city on some evening next week, a few days. Whether he speaks up (Continued on Page 4.)

Farmers' Bayers Threshers

CARS NEEDED AT KIMBERLY

Large Quantities of Hay and Potatoes Ready for Shipment With No Relief in Sight.

Kimberly, Sept. 24.—The freight situation is getting no better here. As a result there are only 140 or 150 shippable orders in for 48 cars. Hundreds of tons of baled hay are standing in the sheds, potatoes are piled ready to load, which may be spoiled or frozen if this should the weather or frost get and rain. The roads are in excellent shape for hauling now and it looks as if the farmers would be damaged thousands of dollars worth unless the railroad can furnish cars as needed. Perhaps the Short Line is doing all that it can to handle the business now, but that is not helping the farmer who has to foot the bill. Reports have been sent out all summer in regard to the prospect for crops. The canal company said and is ready to show the water. This emergency should have been provided for certainly to a much greater extent than it is being cared for at this time.

Mr. James Russell is buying oats and storing them in the old hall building. He has about 10 cars bought and is anxious to ship them, but no cars was intended.

M. S. Paulus is threshing his alkali crop, which is making nearly ten bushels per acre. The crop is being threshed on ground. Mr. Paulus has been growing this crop for about four years and has been very successful, having made a net profit of \$100 per acre. The red clover and giving a better yield. Mr. Paulus has about 40 acres in it.

Ed Chalmers returned from Portland Monday, where he shipped two loads of hogs. He reports the market on the decline and expects it to drop to about 10 cents per pound. He is bringing \$250 to \$275 per hundred on the Portland market now.

Cal Owens and wife are visiting their parents in Washington.

W. A. Griffin and family have moved to Bellevue, Idaho, where they will make their home in the future.

Morgan Hays recently sold his farm of 160 acres for \$10,000.

The booster club at Kimberly was a success financially, as well as every other year. All expenses have been paid and \$400 for the next year will be used in the next annual fair.

The Short Line has a force of workmen erecting stockades here. This is a much needed improvement and has been asked for by the farmers and shippers for six years; but it has been neglected ever at this late date. A best dump is also to be erected here for the beet crop, which is very promising at this time. Beets will be harvested in two or three weeks now and it is thought that they will also prove one of the very crops of the year.

Mr. F. O. Gray and son are visiting relatives at Payette, Idaho.

D. F. DeWitt has come in Waterbury, Idaho, to see his mother. He has about 1,500 lambs that he will winter here.

Zuck & Hays sold the S. B. Hurrell land about five miles southeast of Kimberly to the La Crosse Railway. There were about 31 acres in the tract that sold for \$3,000.

Mrs. A. G. Ellis is visiting friends at Payette in the Camas Prairie country.

Yanco P. Brown and Frank Taylor, of Boise, are here, where they will spend the winter.

Mr. Shephard of Monett, Missouri, has been employed by the Kimberly school for the next year and will be in charge of the school. He has been in charge of the school for several years and has a fine record.

There were about 31 acres in the tract that sold for \$3,000.

Mrs. A. G. Ellis is visiting friends at Payette in the Camas Prairie country.

INJUNCTION STOPS WELL

Action Brought Against Parks and Moonman by Bowers for Alleged Interference of Flow.

Arstan City, Sept. 24.—Just as Cochran reached the depth of 200 feet on the Parks-Moonman well, Mr. Bower served an injunction on the owners and the workmen to cease work. Mr. Bower also brought suit for the sum of one thousand dollars for damages to his underground flow of water. For the past ten days Engineer M. M. Murtaugh has had personal supervision of the Bower wells for the purpose of ascertaining if Park and Moonman interfere with the flow of water. On Mr. Bower's arrival from Ogden Mr. Murtaugh informed him that there was a marked decrease in his water flow and on Saturday the injunction was served. Parks and Moonman state that they are ready to put up bonds to cover any damage to the water wells and proceed with their well. Mr. Murtaugh has had expert witnesses to his measurements of the water and is prepared to show a loss of water if Bower spent several days last week in Ogden. They are glad to get back to a good country. While in the Utah city Mr. Bower purchased new fittings for his pump wells and will have them put in place this week.

Mr. and Mrs. C. O. Workman came down to Twin Falls Saturday, where they have been running a drill for several months. Mr. Workman states that they are now down 250 feet with a test pipe. The well has a flow of 150 gals. per day. They have a light flow.

Stannell and Workman will put down a deep well for L. J. Robinson at Cottonwood as soon as they can get to it from the Oakley country.

The school is progressing nicely. The lawyer is well. The school room is pretty well crowded. When another year rolls around, we will have a new one of larger dimensions.

A. L. Hiltbrunner took his witness to Rock Creek Monday and made final report to the county clerk. He is before U. S. Commissioner at Boise, Idaho. This is the first report made here under the new three-year homestead law.

J. E. Strong has leased John Pelkies ranch near Rock Creek and will move from here to it soon after Mr. Pelkies leaves on Monday.

H. C. Randall is making good progress on his store-dwelling. When completed it will be one of the neat at homes in the county.

AMSTERDAM NOTES

Amsterdam, Sept. 23.—Mr. and Mrs. Stewart spent the latter part of the week in Twin Falls.

The electric-light men are working in the vicinity of Amsterdam. Light will soon be installed here.

Mr. Benjamin left Monday evening for Twin Falls after bidding his family friends adieu. He does not expect to return to Amsterdam.

Charles Gushwa was out from Twin Falls Friday oversteering the work done on the electric line.

J. J. Howell received an injury while unloading one of the electric light poles last week. He received a bad bruise under the chin. He immediately went to Twin Falls for medical treatment.

Mr. Reeves and Mr. Crawford made two trips over to the Salmon dam in search of ducks last week. They were successful each time.

George Duggins, L. B. Nelson, W. G. Vandervort, J. H. Richmond, A. L. Towne and J. E. Keiser, employes of the Electric Light company, were in Twin Falls Saturday evening for a visit with home folks.

Dale Kunkel and Clair Hibbard were in Rogerson Friday evening.

Mr. and Mrs. Arthur Gale and children were in Twin Falls Saturday returning Sunday.

Mr. Henry Peters and two children, Arthur and Hazel, of Twin Falls, have been spending the week with the water-lawyer, Guy Peters, at the hotel.

Mrs. Wolfe of Jaridge was in Amsterdam Tuesday. She was on her way from Jaridge to Twin Falls.

Mrs. Lambert, visiting here by being kicked by a horse last Wednesday, it is believed they will not prove serious.

Guy Peters and his workmen are building a new two-room school house near Jaridge between Amsterdam and Twin Falls.

Mrs. Wolfe of Jaridge was in Amsterdam Tuesday. She was on her way from Jaridge to Twin Falls.

Mrs. Lambert, visiting here by being kicked by a horse last Wednesday, it is believed they will not prove serious.

THOUSAND DOLLARS IN PRIZES AT FAIR

CASH TO BE PAID FOR THE BEST EXHIBITS.

Arrangements Being Completed to Make Fruit and Potato Fair One of Best Ever Held in State—Rules and Premium List Given.

One thousand dollars in cash prizes will be given for the best exhibits at the Twin Falls county fruit and potato fair to be held in this city October 3 to 12.

The committee in charge of the fair are urging all farmers to bring to the fair the best fruit and potato crops they have.

The fair will be held in the city of Twin Falls, Idaho, on the grounds of the fairgrounds.

Rules and Regulations. The fair building will be open for the placing of exhibits on Monday, October 7th.

The judge must not award prizes to any unworthy exhibit whether or not there be competition in that class.

The judge in making awards will give due consideration to the following points:

1st. Value of the varieties for their required purposes.

2d. Uniformity of the exhibit and conformity to the most desirable type of the variety.

3d. Apparent carelessness of handling.

4th. General appearance and artistic arrangement of the exhibit.

5th. Any fruit showing injury by insects or uniformly in the display.

6th. Any fruit showing injury by insects or uniformly in the display.

7th. The judge must not make any allowance for lack of knowledge by exhibitors as to the display of vegetables.

8th. The judge must not make any allowance for lack of knowledge by exhibitors as to the display of vegetables.

9th. The judge must not make any allowance for lack of knowledge by exhibitors as to the display of vegetables.

10th. The judge must not make any allowance for lack of knowledge by exhibitors as to the display of vegetables.

BIG SEED AND GRAIN FIELD AT KIMBERLY

SECTION ONE OF BEST ON TWIN FALLS TRACT.

Remarkable Results Obtained by Entertaining Farmers of That District—Record-Breaking Yields Reported on Potatoes and Grain.

Kimberly, Sept. 18.—Kimberly is a village of 300 people, has three general stores, one bank, two blacksmith shops, one barber shop, flouring mill, alfalfa mill, grain elevator, farmers' warehouse, three churches, a \$20,000 school building, hotel, nursery, drug store, pool hall and one real estate office.

The land surrounding the town, for depth of soil, entire absence of rocks, slope for irrigation and productive area has been pronounced even by land-men from adjoining towns and the very best on the Twin Falls tract.

This can perhaps best be illustrated by giving some of the better yields of the year, which are as follows:

P. H. Hays, 17 acres of alfalfa seed, yielded six acres of alfalfa seed to the amount of \$214.

A. G. Shadon, whose farm adjoins the Kennedy place, sold ten acres of alfalfa seed, and five acres of mixed white clover and bluegrass 600 pounds of white clover seed per acre and 100 pounds of bluegrass seed not sold.

Hundred Dollars an Acre. C. E. Williams, five miles south-east, yielded almost 100 per acre on his 25 acres of alfalfa seed which yielded 10 bushels and 18 pounds per acre.

Ernest Smith, five miles south-east, has built 40 acres of alfalfa and eight acres of red clover, all of which averaged six bushels of seed per acre, and has 100 acres of alfalfa seed to sell, and will realize from his crop this year between \$2,000 and \$3,000.

Gray Grain Yields. So much for the clover seed; now as to the matter of grain yields:

E. H. Hutter, who lives seven miles southeast of Kimberly, threshed from one and a half acres of measured ground 161 bushels of wheat, 147 bushels of barley and his entire field averaged 72 1/2 bushels.

W. H. Anderson, three miles north-east, threshed 212 bushels of wheat from two acres.

Thomas Gibson, three miles north-east, threshed 890 bushels of wheat from 10 acres.

J. E. Beverance, one-mile west, threshed 775 bushels of wheat from 10 acres of land, and yields of from 100 to 115 bushels of oats are so common as to excite no comment.

Sugar beets are being grown in a commercial way for the first time this year and there are a number of fields which the field superintendent estimates at from 20 to 35 tons per acre.

Good Returns from Spuds. Potatoes are being loaded, many cars daily, from the fields, which are yielding 200 sacks and upwards per acre, and will be sold for \$1.00 to \$1.25 per sack, a return of over \$100 per acre.

Peas for seed were raised this year for the D. M. Ferry Seed company of Detroit, with the following results: Check and Crisp, two miles southwest of Kimberly, 344-700 acres, yielded 38 bushels per acre, per acre, valued at \$8.40 per acre.

C. Snyder, five miles west, had an average of 40 bushels worth \$87.00.

A. M. Cook had 11 acres of 120-Ad variety, which yielded over 60 bushels per acre and are bringing him between \$110 and \$125 per acre on land that cost him \$140 per acre two years ago.

NOTICE FOR PUBLICATION

Department of the Interior, U. S. Land Office at Halley, Idaho, September 11, 1912. Notice is hereby given that Ell H. Hays of Kimberly, Twin Falls county, Idaho, who on July 21, 1907, made homestead entry No. 5423, Serial No. 04679, for lots 2 and 3, section 19, township 11 N., range 20 E., T. 11 N., R. 20 E., Meridian, has filed notice of intention to claim final five-year proof, to establish claim to the land above described, before John F. Hazen, U. S. Commissioner, at his office at Rock Creek, Twin Falls county, Idaho, on the 11th day of November, 1912.

Witness my hand and seal at Kimberly, Idaho, this 11th day of September, 1912. J. F. HORNE, Register.

Eliberta Peaches Now is the best time to can and preserve peaches, as they won't last much longer. All hand packed fruit of good size, and PRICES GUARANTEED THE LOWEST, quality considered.

Entertainment at Fairs. One judge from each district representative will be appointed. The pupils from the various schools will give an interesting literary entertainment, as well as display exhibits of their regular school-room work. Addresses will be made by parents, trustees and exhibitors. To enliven the day's exercises, there will be athletic contests between the two teams. The Superintendent Potter is very anxious for all the trustees and parents to attend our school fairs and thus encourage the boys to study and repair implements, machinery, furniture, harness and make useful articles for the home and farm, prices will be given for best exhibits of such work done by them. There will be essays on country raising, bee culture, gardening, country life and its advantages; and maps of Twin Falls county and Idaho that will be entered in this contest.

Mr. Orghal was the owner of several dilapidated houses, and the way he dealt with his tenants would have turned Shylock green with envy. No one knew how it was his house stood. Report had it that the wall paper held them together; but in one house the paper had come off, and the tenants were the last to be ejected dangerously. Forthwith Mr. GRADIN raised the rent. "Five shillings more a month!" said the wretched tenants. "And with those bulging walls!" "Certainly, madam," said the landlord, blantly. "You have more ground than I do, and you are the better off for it."

Special Premiums and Prizes. All exhibits under special prize or premium lists become the property of the parties donating prize, at close of the fair.

ACCOUNTANTS GIVEN JOB

When the present county commissioners assumed office they began to look about to see how best to perpetuate the Democratic succession in county politics.

So they made a blanket charge of extravagance and mismanagement. They did not cite any specific case, they hired for fifteen hundred dollars a firm of Salt Lake accountants, told them what they wanted and turned the county building and its records over to them.

It seems essentially fitting that the report rendered by the expert placed in charge of the work should prove a vindication of the old Republican board, for this was the sum total of what it accomplished.

Some of the findings as to individuals contained in this document are amusing when viewed in the light of what the board expected to find.

ROOSEVELTS SPEAKING TOUR.

It cannot be said that Roosevelt has added materially to his strength as a result of his recent swing around the circle, but it is a question if this fact will have any effect whatever

of the strength of the earnest body of men and women responsible for the third party movement.

Never until the present campaign has Roosevelt undergone the experience of being called upon to answer questions from the audience.

But the party is always bigger than the man, and in no case is this more nearly true than in the case of Roosevelt.

The proposition to found a third party in American politics as a protest against the overweening ambition and consummate selfishness of the Republican leaders in national affairs is sound in every particular.

SOME INTERESTING EXAMPLES.

Table with columns for tax years (1910, 1911) and various land parcels (N.E. 1-4 N.W. 1-4, etc.) with associated tax amounts.

In obtaining the above figures no attempt was made to select isolated instances of greatly increased taxes, but the data was selected at random, without discrimination.

In its next issue The News will publish other interesting facts bearing upon the question of extravagance of the present county commissioners.

NOT POLITICS, BUT MEN.

After all, what has politics got to do with the selection of men to fill the county offices? There is not a single real-political principle involved from start to finish, aside from the political prestige of both the parties.

SOME FINE POINTS.

Especially if Fat. After a woman has reached a certain age it is impossible for her to look young in a hobbie skirt—Tokio Blade.

Psychological Mystery. We do not understand the psychology of the crowd. The crowd cheers Dixie and tries to sing "The Star-Spangled Banner"—Topeka Capital.

New Sport in Washington. There are members of congress who apparently find their greatest pleasure in filing up propositions for President Taft to veto.—Washington Star.

Doesn't Seem Very Sad Yet. For a man who is to die the corpse for November Professor Wilson maintains a remarkably cheerful exterior.—Pittsburgh-Gazette Times.

Investment Hint. The man who has a "good" third-seld-somewhere. It along—Memphis News-Scimitar.

Doesn't Seem Exactly Right. Why do we speak of a married man as a "sinner"? He didn't lie—he got her!—Judge.

Silence Beams Oppressive. It is a very quiet day nowadays when somebody isn't sounding a keynote.—Pittsburgh Chronicle-Telegraph.

Snuff as an Eye Liniment. Snuff was once used as an eye liniment. "The Complaint Household," Accomplished Gentlewoman's Companion, with "run 100-100" editions by 1785, extols its virtues.

"See here!" angrily exclaimed the shopkeeper when he had recognized his "bread." "You have broken my window!" "Sure I have," assented the Clerk, "and didn't you see me running home to get the money to pay for it?"

It is a mistake for the man who gets up in the morning with a bad taste in his mouth to attempt to get rid of it by quarreling with his wife or whipping the children.

of view of the voters on the county ticket this fall, and in this the voters are absolutely right.

The local Democratic party has done much towards educating the people on the utter fallacy of machine politics in county affairs.

Opposed to this ring this fall is a body of men the keynote of whose campaign will be frankness on every single issue.

The present shortage of freight and refrigerator cars in Twin Falls county should prove about the best argument that has yet been advanced for the advent of another railroad into this section.

THE CAR SHORTAGE.

Present conditions serve to establish one fact—and that is that the present facilities are inadequate, yet year after year the same conditions have prevailed.

The fact of the matter is, if the Minidoka branch were double tracked and strung with cars from one end to the other there would still not be sufficient to move the crops as they should be moved.

THE UTAH MINE STRIKE.

What threatens to become one of the really serious strikes of the nation is that now in progress at the little mining town of Bingham, Utah.

Apert from the merits of the case, it seems unfortunate that any industrial controversy should be allowed to come to the point where, on practically the opening day of the strike, the strikers should throw up breastworks and ball cartridges should be distributed to the small army of deputy sheriffs now in the field.

There is a rug in the court house which cost the tax-payers over three hundred dollars. It is not a large rug, but it is of soothing shades and pleasing design.

GO AND LOOK AT IT.

It may be that the tax-payers do not know that they bought such a rug, but they did. The warrant was issued some three months ago.

LEST WE FORGET.

In reviewing the present campaign and the struggle for supremacy of the three presidential candidates let none forget that when the election is over the nation will still prevail:

"We must not be envious. Though passion may have strained, it must not break our bonds of affection. The mystic chords of memory, stretching from every battlefield and patriot grave to every living heart and hearthstone all over this broad land, will yet swell the chorus of the Union, when again touched, as surely they will be, by the better angels of our nature."—ABRAHAM LINCOLN.

Thompson & Beauchamp SPECIALS. This is the best bargain in city lots in the city: Lots 1 and 2, block 2, Terrace Park addition, fine corner, 100x175 feet, north and east front, the price today is \$295. It will be reduced \$5 per day until sold.

BUNNELL-BITTENCENDER

Pretty Wedding Is Solemnized at Rogerson Hotel—Elaborate Reception Follows in Cafe. A pretty wedding took place last evening in the parlor of the Rogerson hotel when Miss Jessie Bittenbender became the wife of Mr. Body Eugene Bunnell. Rev. W. S. Woodhill officiated in the presence of the immediate family and a few intimate friends. The bride was charming in a gown of white chiffon over white muslin, a neat veil and an exquisite bouquet of white roses complemented the bridal toilet. The bridesmaids were attired in blue and white, and the bridesmaids' and 'fall flowers.' 'O Promise Me' was sung previous to the ceremony by Mr. Will F. Mikesell, and 'Dona Sweet' played Mandala's Wedding March as the bride and groom came into the room. After the ceremony an elaborate dinner was served in the Rogerson Cafe. The long table was very pretty with bouquets of sweet peas and pansies, a large low bowl of the latter gracing the center. Covers were laid for Mr. and Mrs. Body Eugene Bunnell, Rev. and Mrs. Samuel Bittenbender, Rev. and Mrs. Woodhill, Mr. and Mrs. Arthur and Mrs. Delos Sweet, Mr. and Mrs. William Graham, Mr. and Mrs. C. E. Jones, Mrs. E. Miller, Misses Gertrude Mikesell, Edna Graham, Agnes Graham, Nellie Rauch, and Messrs. Will F. Mikesell, O. J. Child and Clay Nibler. Mr. and Mrs. Bunnell is the youngest daughter of Mr. and Mrs. Samuel Bittenbender, and has been a resident of the Salmon tract, during the summer, having come in the early spring from Poston, Nebraska. The groom is a resident also of the Salmon tract, and came to Idaho recently from Iowa. Mr. and Mrs. Bunnell will leave the last of this week for Alberta, Canada, where they own considerable property and will make their home there definitely, after a tour of the middle western states. Ray's now Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale at all dealers. (Advertisement)

ARE FLOWER SHOW JUDGES

Last Saturday Jerome's Civic club gave its second annual flower show and the ladies' officers met with great success, says the Tribune-Tribune. There was a profusion of beautiful flowers, and a lively interest in the exhibit was taken. J. A. Waters, the club's president, and Mrs. P. B. Nixon, an experienced florist, judged the show. For three years Mrs. Nixon has judged the Prexyterian flower show in Twin Falls, and is considered very competent in that line. Mrs. Nixon said she had never seen so many beautiful asters and sweet peas as were exhibited at Jerome. Mr. Waters said the show was fine and splendid as could be seen anywhere and both the judges complimented the ladies of the club well as the exhibitors at the show very highly, and congratulated the community on so much interest in a beautiful subject. Money to loan—Swim & Aldrich. (Advertisement)

GUARD AGAINST TYPHOID

Dr. Alexander States That Filter Rather Than Water, Arid Causing Number of Cases. Much anxiety is being felt by the people of this city and tract over the number of cases of typhoid fever that have been reported in the last few weeks. Regarding the matter Dr. Alexander, city health officer, states that the larger percentage of the cases are in the country, perhaps not more than a dozen cases being in the city. From what he has learned the infection has been brought on by flies rather than by impure water. As boiling the drinking water is a timely safeguard against typhoid, this is advised by the physicians at this time. Separation Sometimes Good. Being sometimes a matter of rightness friendship. The great cause of the frequent quarrels between relations is their being so much together. Citizen-Say, officer, there's a riot going on in the flat building over there. Officer—That's nothing. It's only some installment man collecting the easy payments on the furniture. At Our Church. 'Tis an edifying spectacle to see a millionaire pass the collection plate. 'Tis a sad sight to see a pauper—giving nothing—quarrel with the millionaire. 'Tis a way in which be deposed to.

MY BEST.

Fine 15 acres, all in 2-year-old commercial apple orchard, at \$250 per acre. Good terms. Three miles from Twin Falls. Will give immediate possession or take care of it.

Farmers' Union Outlines Plans

Advanced Legislation Program Adopted by the National Body at Chattanooga—Actions of Convention Attracting Wide Attention in Business and Political World

At a recent convention of the National Farmers' Union held in Chattanooga, Tennessee, an important legislative program was adopted. There are a number of items in the program that will attract wide attention in the business and political world. The stand on the banking and currency system is one of them. It is proposed to place the order against the national banks and also the Aldrich currency plan. The program was adopted with little objection.

RESOLUTIONS ADOPTED BY THE FARMERS' UNION

- The report of the committee is as follows:
1. The election of United States president by direct vote of the people.
 2. The election of supreme court judges by the people.
 3. The election of United States senators by vote of the people.
 4. We endorse income and inheritance taxes as a method of raising revenue.
 5. That the rules of the national house of congress be amended so as to make it impossible for the speaker and chairman of committees to block or control legislation.
 6. That the banking laws be made in the interest of borrower as well as the lender.
 7. That congress shall not delegate to individuals or corporations the right to regulate the circulating medium as is now delegated to the national banks.
 8. That the natural resources, iron, coal, petroleum, phosphate beds and potash beds and water power be reclaimed from corporate monopoly and be held for the benefit of all the people.
 9. That the initiative, referendum and recall be adopted by the national government so that the government may be responsive to the will of the people.
 10. That the policy of the government should encourage home ownership of land, and to that end alien ownership of land should be prohibited.
 11. That corporations should not be permitted to own more land than is needed for the conduct of their business and not at all for farming purposes.
 12. That individual ownership of land should be restricted by graduated taxes and by absentee taxes.
 13. That immigration should be effectively restricted.
 14. That legal primaries shall take the place of political conventions.
 15. That all corrupt practices not should be enacted by the national government and all the states, making it a felony with heavy penalty for affixing or receiving bribes.
 16. That a parsonic system be conducted by the government for the benefit of the people.
 17. That public schools should be conducted not less than six months each year and elementary agriculture and domestic science shall be taught.
 18. That county agricultural high schools should be established in every county where practicable.
 19. That agricultural and mechanical colleges shall provide a course in marketing and distribution.
 20. That we heartily endorse all legislation pending in congress to promote vocational education.

TELLS OF PROSPERITY

J. C. Moore Reports for Tract White on Recent Visit to Salt Lake City.

J. C. Moore, representing I. D. Parvin of Twin Falls, Idaho, is in the city today on business and made the following report: "We expect great harvests in the Twin Falls district. Wheat runs 40 bushels, oats 60 to 120 bushels, potatoes 300 sacks to the acre, and a splendid fruit crop, as well as a good lot of hay. Last season our average crop averaged five tons to the acre. In fact, that was the largest production of hay in the state, there being last year about 50,000 tons of hay in our district, bringing \$15 a ton. Our district has the distinction of shipping the first cartons of strawberries east of this state. It has the largest number of having the only cheese factory in the state and the largest corn barn in Idaho. I am glad to see your beautiful city again and to note its growth since my last visit here. The Hotel Utah is a wonderfully attractive structure." -Denver, N.Y.

THE FARMER'S OPPORTUNITY

I am offering my thoroughbred sheep for sale to the farmers of Southern Idaho and will give them a chance to see for them out of the increase. I shall not ask for any cash payment, but will expect proper security to be given. Full information will be furnished to any farmer who will write to me at Gooding, Idaho. I am not willing to sell my thoroughbred sheep to any farmer who has only a fair pasture. Write for information. I am satisfied this is your opportunity. If you want to run a small flock of sheep on your farm, after a thorough investigation in different parts of the state where sheep have been run on alfalfa pasture, I wish to withdraw the exceptions made in my former notice, and I am now willing to deal with the farmer who is able to furnish plenty of any kind of good pasture and is able to give the sheep proper care. F. R. GOODING.

FEATURES AT BOISE FAIR

Prizes to Be Awarded in Fruit-Packing Contest—Fair Takes Place October 7 to 12

Boise, Sept. 11.—Individual fruit packers are given an opportunity to display their skill for a number of cash prizes during the week of the Idaho Intermountain fair, which takes place at Boise from October 7 to 12. A special fruit-packing contest open to any or all packers has been announced as an added feature of the horticultural department of the fair. Prizes aggregating \$30 have already been offered for the first three best packers by the Pacific Packing company and \$25 additional will be added to the first two prizes, the total to be distributed as follows: first, \$30; second, \$20; third, \$5. Apples, boxes and wrappers will be furnished by the fair association and the only condition imposed is that not to exceed 12 minutes be allowed for each of the five boxes to be packed.

For soreness of the subject whether induced by violent exercise or injury, there is nothing better than Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers. (Advertisement)

GOVERNMENT SHARES IN THE PROSPERITY

OFFICIAL TELLERS OF CUSTOMS RECEIPTS FOR FISCAL YEAR.

Influence of Good Crops and Business Offsets Political Struggle—Customs Receipts Are Growing Steadily and Large Surplus is Predicted.

Washington, D. C., Sept. 12.—Prosperity, which has returned to the farmer by promises of record-breaking crop yields, and industrial activity which the big mills and shipping yards will be maintained by government prosperity, which of itself bespeaks general prosperity. It looks as though the turbulent politics of a presidential year and the prospects of an overhauling of the tariff schedules will not arrest the current spending period. So far, our prosperity, said the Treasury, according to the Chicago Record-Herald.

Customs Receipts Grow.

Customs receipts have been steadily increasing since the first of the present calendar year. Last January I was called upon for an estimate in customs receipts during the fiscal year ending June 30, 1912. At the time there was a deficit of \$9,000,000 as compared with the fiscal year of the preceding period. At the previous year, I could see nothing that led to indicate improvement, and I estimated a probable deficit of \$18,000,000.

Shortly afterward the customs receipts commenced to increase, and instead of the estimated deficit the customs revenues were only \$4,000,000 less last year than during the previous year. Since the beginning of the present year, the situation has improved still today, with less than three months gone, our receipts are approximately \$19,000,000 more than during the same period last year.

Predicts Large Surplus.

"At the present rate we will have a surplus of approximately \$50,000,000 in customs receipts this year. The situation is remarkable in view of the continued agitation for a revision of the tariff downward. Prospective tariff legislation has in the past almost invariably entailed importations, and generally a presidential election has begotten importations. The only explanation of our offer is that importers are no longer so influenced by politics or prospective tariff legislation. It is an unusual but gratifying situation, and proves that our national prosperity is so substantial and permanent that political agitation cannot disturb it."

Dr. Harry W. Wilton adds his testimony in support of the general prosperity of the farmer, saying that he sold 22 steers for about \$2,500.

WANTS TWIN FALLS HAY

California Cattlemen Desires to Purchase Large Amount of Alfalfa for Cattle Feeding.

A letter has been received by Secretary Spangler of the Commercial Club from J. E. Blankton, Fresno, California, in which the latter has expressed his desire to purchase hay from the Twin Falls tract that can be purchased at a reasonable price. Mr. Blankton wishes to purchase between 1,000 and 5,000 tons of alfalfa here and is anxious to learn at what price the hay can be secured. It is his purpose to ship cattle onto the tract to feed the hay prior to shipping his stock to the market.

Secretary Spangler says that he will be pleased to hear from farmers on the tract who have hay in the stock to sell in order that he may notify the inquirer at the earliest possible date.

ELECTRICAL ADVANCEMENT.

Why is more electrical current used for heating and cooking in Southern Idaho than elsewhere? It is not due entirely to the high cost of fuel. It is because our naturally progressive class of citizens have been quick to realize the liberal policy of the Great Shoshone and Twin Falls Water Power Company in its attitude toward the public. They have been able to outdo their less-fortunate friends elsewhere on account of the low rates charged for cooking, heating and other purposes. The electric kitchen has proved to be well in advance of all others from the standpoint of economy, convenience, cleanliness and reliability. The Company has employed experts to assist in selecting and making use of all kinds of modern electrical conveniences. Its engineers and commercial department have been at your service with an abundance of interesting electrical information. They have been and are still paid for help.

If you want money on a fine farm, let me give you the best rate to be had. An honorable deal and no delay. HENRY J. WALL makes many FARM LOANS

SABBATH SCHOOL LESSON

SEPTEMBER 29, 1912

LESSON XIII—SEPTEMBER 29, 1912
Golden Text: "The words that I speak unto you, they are spirit, and they are life."—John 6: 63.

Review for the Quarter.
Lesson I.—What wonder for the power of Jesus' words?
How did the scribes account for his success in casting out demons?
How did Jesus show the absurdity of their fanaticism?
Lesson II.—What is the parable of the sower?
Why were some hearers so unfruitful?
What are the characteristics of the good hearer?
Lesson III.—What are the three parables that grow out of the third? Which is the most comforting of the three?
How does the lesson of the mustard seed differ from that of the leaven?
Lesson IV.—What is the parable of the tares?
How should the wicked be treated?
What is the destiny of the wheat?
Lesson V.—How does the lesson of the treasure differ from that of the pearl?
How does the lesson of the drag-net differ from that of the tares?
What is the parable of the house-holder?
Lesson VI.—What is the story of the storm at sea?
What is the story of the Gadarene demoniac?
What do these incidents teach us about Jesus?
Lesson VII.—What was Jesus' answer to the man who said, "I will follow thee whithersoever thou goest?"
Lesson VIII.—What prophecy did Jesus make at Nazareth?

DR. GAEBELIN COMING

Noted Bible Teacher Will Begin a Six Days Conference Here—Sunday, September 29.

The Rev. Dr. Gaebelien of New York city will begin his six days conference here on Sunday, September 29, continuing through Friday, October 5. Dr. Gaebelien is one of the foremost Bible interpreters of today; he is a well-known editor and Bible conference conductor. He was one of the editors of the 1911 edition of the Oxford Bible, commemorating the three hundredth anniversary of the King James version of the English Bible.

Dr. Gaebelien comes to this city under the auspices of the local churches. He will speak at the Sunday morning service in the First Methodist church at the Sunday afternoon and evening services in the Methodist church. The remaining days of the conference will be held in the First Baptist church. The public is invited. Following is the conference program:

- Conference Program.**
Sunday—11:00 a. m.—3:30 p. m. subject, "Two Young Men." 8:00 p. m. subject, "The Way Into the Kingdom."
Monday—3:30 p. m.—"The Gospel of Matthew, the King and the Offer of His Kingdom." 8:00 p. m.—"The Gospel of Luke and the Work."
Tuesday—9:30 a. m.—"The Gospel of Matthew: the Mysteries of the Kingdom." 8:00 p. m.—"An Important Question—Is Christ Coming Again? For What and When?"
Wednesday—3:30 p. m.—"The Masterpiece of God: First Adversity: \$499 p. m.—"The Jewish Question: What is the Future of the Jew?"
Thursday—3:30 p. m.—"The Masterpiece of God: Second Adversity: \$499 p. m.—"The Great Drama and Victory: What God Revealed to a King and Through a Prophet Concerning the People."
Friday—3:30 p. m.—"The Riches of Christ and How We Share Them."

NEW MAIL ARRANGEMENTS

Railway Clerks Will Back Mail for City Distribution—Complete Address Will Greatly Assist.

Beginning within a few weeks the railway mail clerks between Twin Falls and Blincoona will make the afternoon mail up into packages, consisting of the letters for each carrier and for the several box sections of the post office. Upon the occasion when the mail is one hour late in arriving the carriers will have time only to distribute the mail already assigned to them by the railway clerks, as each carrier must have returned to the office by 4:15 in order to get the mail picked up on route. In the past, going west or east, owing to the delay in receiving the mail generally late, the post office officials request that the patrons of the office have all mail, especially letters, addressed with street or box number, in order that they may receive their letters the same afternoon, as only the mail addressed will be put up by the clerks on the train.

However, will be distributed immediately after the train arrives, but that addressed to the manager will be the first to be distributed at the post office. The placing of the street and box number on the letters will serve as a great advantage to the patrons.

During the summer months mothers of young children should watch for any unusual appearance of the loaves. When given information that this is the case, they should immediately call for a doctor. (Advertisement)

See Nitely-Channel Lumber company for apple boxes.—Advertisement.

What proverb did he quote? What examples did he cite? Lesson IX.—What caused Herod to remember John the Baptist? Why had Herod's sons—John and Herodias? What was the occasion of his death? Lesson X.—Why was Jesus moved with compassion? To what apostal work were the twelve set apart? How were they expected to behave? Lesson XI.—Why did Jesus reproach the cities of Galilee? With what cities did he compare them? What invitation did he extend to the lowly? Lesson II.—Why did the disciples faint? Why did Jesus receive the multitude kindly? How were the five thousand fed?

Success.
That Sabbath school best accomplish its mission that is carefully leading the pupils into the communion of the church; and that Sabbath school has failed to accomplish its purpose that fails to impress upon the pupils the need of Jesus Christ as their personal Savior—Christian Observer.

"Thank God for the man who is cheerful." In spite of life's troubles, I say; Who sings of a brighter tomorrow? Because of the clouds of today, His life is a beautiful sermon, And this is the lesson to me—Meet trials with smiles and they van- ish. Face cares with a song, and they flee.

CHURCHES

ASCENSION PROTESTANT EPISCOPAL CHURCH.—Services will be held regularly every Sunday at 11 a. m. Sunday school at 10 a. m. Holy Communion at 11 o'clock first Sunday in each month. HAD BEEN DECORATED.
It's easy to be generous when your own demand is satisfied. There once was a little girl who invaded the drawing room where her sister's fiancé was waiting.

"Here," said the child, "here is candy for you," and she gave Harry Mc-Donnell a handful of lollipops.

CONCLUSION.
Insurance Solicitor: "Well, doctor, I don't know. No, I haven't thought it necessary. You see, I've been treating King for the last seven years. Insurance Solicitor: "That's enough. It has survived that he must be a person of wondrous vitality."

FIRE AT HALLEY

Blaze Started in Post Office and Wiped Out Several Buildings in Business Center.

Halley, Sept. 19.—A disastrous fire in this town last night destroyed the post office, a dry goods store, a barber shop and one saloon. The fire started in the rear of the post office; where there was a box of exploding except what was carried in the safe.

Postmaster Joe Full telephoned to Postmaster E. H. Miles of Shoshone at an early hour this morning advising him of the violation of the fire and asking for temporary office supplies, which were promptly forwarded by Mr. Miles by the morning train to the branch from Shoshone. Full carried \$1,400 insurance, which will not cover half his loss. The other losses were estimated as proportionately heavy.

It is understood that the town water supply was temporarily cut off for repairs to the system and that there was a delay in getting the fire apparatus to work.

EFFORT IS MADE TO OBTAIN LOWER RATES

MATTER IS PRESENTED TO UNION PACIFIC OFFICIALS.

Secretary Spangler Communicates With Officer of Kansas City Commercial Club and Urges That Rate May Be Given Lower Rate.

In answer to a letter asking that an endeavor be made to obtain from the Union Pacific officials a reduction in the freight rates on hay from the Idaho producing territory to Kansas City, Secretary Spangler has telegraphed an answer from H. G. Wilson, transportation commissioner of the Kansas City Commercial club. His letter is as follows: "For your information will say that we are using our very best efforts and arguments with the Carrier to convince them of the necessity for such a reduction in order to promote the industry and welfare of their own territory, for while it is true that by such a reduction in the rail rates it would extend the scope of our dealers' buying territory, it is nevertheless true that with the abundant hay crop in Kansas, Nebraska and Missouri, this market is not compelled to go to Idaho for its supply as was the case last season, when the hay crop failed or very light, and we are therefore trying to convince the Union Pacific and their connections of the necessity of their justifying their rates on a basis that will permit the dealer in this market to bring his range of buying and at the same time create an outlet for the season's crop. We have said to the Union Pacific company that, with a rate of 30 or 35 cents from Idaho to Kansas City there would undoubtedly be a considerable movement to this market, but in correspondence with Mr. H. G. Kall, G. P. A. of the Union Pacific, that gentleman is insisting under the impression that the current rate of 15 cents per hundred pounds is sufficient to move the traffic, but his judgment on the theory of last year's movement. "We have, however, gone into the matter some further with him and in hope that he will take the correct view of the situation."

REV. TURNER NOT COMING

Has Accepted Another Call and Will Not Be a Candidate for Presbyterian Pulpit.

Word has been received by H. E. Powers, clerk of the session, from the Rev. George H. Turner, of Swanton, Pennsylvania, saying that he could not come to Twin Falls, having accepted an unanimous call to a church in Oxford, Pennsylvania. It had been announced that Rev. Mr. Turner would speak in the First Presbyterian church next Sabbath as a candidate for that pulpit.

Due to Mr. Turner's not coming, the Presbyterian church will attend the services that morning in the Baptist church to hear Dr. Osobiede of New York. A union service has been arranged for in the high school auditorium for next Sunday evening, at which time Dr. Osobiede will speak.

Late Pastor Remembered

At the close of the morning services in the Protestant church last Sunday, Dr. Anderson, who has for the past five months been supplying the pulpit, presented the congregation with a fine portrait of the late Dr. Gourley. The picture was presented as a token of his love and deep friendship with the late pastor, and suggested that it might be the beginning of the church's pastoral gallery.

COWS FOR SALE

We purchased a car of dairy cows and heifers in the best dairy districts in the west, consisting of Jerseys and Guernseys, many eligible to register. Some fresh and remainder will freshen within 90 days. Our Guernseys were picked from a herd that had taken first prize at the Oregon State Fair for two years, and will drop calves from the first prize bull of Oregon. Our Jerseys are pure bred and in call to a registered bull. All this stock has been tuberculin tested and all cows have tested high in butter fat, and will be fully guaranteed by us. We will be glad to show you these cattle at any time at C. K. Thomas', 1-2 miles southwest of the city. C. K. Thomas :: John R. Ault

HORSE EPIDEMIC IS NOT FEARED HERE

KANSAS AND NEBRASKA PLAQUE NOT LIKELY TO SPREAD.

Dr. F. T. Kenoley, Veterinarian of This City, Explains Disease and Says It Is Found Not to Be Contagious—Relief Found.

Following the report that horse epidemic prevails in Kansas and Nebraska, some uneasiness has been felt by the farmers of the tract east of the disease spread to this section of the country. The same disease is in Germany and was in South America a year ago and is found not to be contagious. Dr. F. T. Kenoley, veterinary surgeon of this city, was questioned in regard to the disease and has the following to say:

Disease Under Control. "The disease that has been affecting the horses in Kansas and Nebraska has been a topic of interest to the farmers all over the country and many have been afraid that the disease would become widespread. But the districts where the disease has spread are not far from the original outbreak and the losses so far estimated are about 20,000. So far no remedies have been found effective in curing the disease other than change of feed, and taking all horses out of the pastures. The farms are advised by the Bureau of Animal Industry to secure hay and grain from sources in which the disease has not appeared. In the district where the disease is rampant they claim that new cases of the disease have been reduced to 50 per cent of what they were a week ago.

"None of the surrounding states have placed a quarantine on Kansas mules or horses, as the disease has never proven to be contagious. Missouri is considering steps of quarantine, but so far it has only appeared in one county and due to the fact that most of the experts claim that it is not contagious it is doubtful if they will place a quarantine.

Germs Are Discovered

"Early in the outbreak, the Kansas Agricultural college started a field station at Hoxie, Kansas, manned by veterinarians and laboratory men connected with the college, and work was commenced the 23d of August. The farmers and stockmen in the tract with which all horses and of the first seven post mortems a special germ was found and it was found by different workers that the germ was the same as that which causes spinal meningitis, but differed in many respects in laboratory experiments. During the course of the outbreak the identity of the germ was cleared up and it was found to be one of the Pasteuriana kind, and in the horse it produces a disease called "cerebro-spinal meningitis." The disease has been present in Germany for the past 25 years, but this is the first time that it has been found in this country. The German authorities agree that the disease is transmitted through feed and water and the disease can spread very rapidly. A high wind could blow a piece of manure with the germs on it 25 miles and dry dust could carry it the same distance. The same horse could die and others do not is explained by the difference in susceptibility. No quarantine is carried out in Germany where the disease is present, because it has not been found to be contagious. A study of the German disease explains why they were not able to locate any reason for the many different kinds of treatment they have been trying.

Experimenta Performed

"The laboratory at Hoxie has made a bacterium out of the germs causing this disease and so far they have been getting good results, using it as a preventive. In one experiment, they vaccinated 611 horses near Hoxie and of all these cases vaccinated only sixteen only died. The time elapsing between the time they were vaccinated and the time they died of the disease was from one to four days. A study of the disease in Germany points to damp places as the source of the infection, and this is the place where the germs live the longest. "It is not thought that the large number of deaths will affect the farmers in so putting in the crops, as many of them had considerable of their plowing done before the disease started, and the majority of the horses that died were colts and brood mares in the pastures, leaving the rest of the work horses alive."

SNOWSHOE MINES OPERATING

Capital Secured for Development and Force of Men Are at Work on the Group.

Jarbridge, Sept. 23.—As a result of the recent securing of additional capital a force of men has been put to work on the Snowshoe mines. The claims owned by the Montana Jarbridge company, with excellent prospects.

W. W. Williams, one of the principal owners and manager of the property, has been away from the camp for some time, but expects to return to the mine very soon. It is understood that as a result of his efforts abroad there will be plenty of capital for future development and the prospects of the mine are regarded as excellent.

ROBBERY CHARGE DISMISSED
Fritz Danielson Pays Fine for Fighting—Gamblers Caught and Arrested \$10 and Costs.

Fritz Danielson was fined \$20 and costs by Judge Smith Monday following his plea of guilty to a charge of fighting. He was arrested on a complaint of John Haylock. The mix-up is reported to have taken place in front of the Edwidge clothing store about 4 o'clock Sunday morning. At the time of making his complaint Haylock stated that Danielson had robbed him of \$30, but when the case was called for hearing no evidence was submitted to hold him on a charge of robbery. He arranged for the paying of the fine.

B. S. Cook and H. Herring were each fined \$10 and costs by Judge Smith yesterday on their plea of guilty to a charge of gambling. They were arrested in the Pastime pool hall late Tuesday night.

Bruce B. Purrely of Ellensburg, Washington, and Miss Doris Daniels of Hollister were married Tuesday by Judge Smith.

A CORRECTION.
In last week's issue it was stated that Lieutenant Frator, of this city, shot a perfect score at Boise by shooting 250 times. Missing the bulls-eye each time. Mr. Frator shot 50 times, scoring a bulls-eye each time. Each shot counted five points, giving him a perfect score just the same.

Photographs repaired. Photo Mr. Fritz, 118—Advertisement.

Style That Lasts

Good style is as necessary in your fall suit as salt is in food.

Good style appeals to good taste—but good tailoring and good materials are absolutely necessary to insure service and lasting satisfaction.

Wooltex garments combine style, tailoring and quality materials in highest degree

They appeal not only to good taste but also the good sense of every woman. They represent the best value at moderate price.
