

DEMOCRATS SHOW THEIR HAND IN THIRD PARTY COUNTY MOVE

SO-CALLED PROGRESSIVE TICKET ENGINEERED BY THE DEMOCRATS

DEMOCRATIC CANDIDATE FOR SHERIFF C. W. DYER PRIME MOVER IN SCHEME TO DEFEAT REPUBLICAN TICKET IN COUNTY.

AMAZING STATE OF AFFAIRS IS BROUGHT TO LIGHT

Frank Brewer, Democratic Committeeman at Hansen, Declared to Have Circulated Third Party Petition in His Precinct at Instance of Dyer—Real Progressive Leaders Deplore Pernicious Activity and Resultant Filing of Third Ticket.

With the filing of the third party county ticket yesterday with the county recorder, for all county offices except the legislature, certain important and at the same time amazing facts came to light in connection with the so-called Progressive movement in this county. The activity of the Democrats in encouraging a third party county ticket under the name Progressive has within the past week become generally known on the street. But it was not until late yesterday afternoon that some of the sincere Roosevelt adherents, who have strongly opposed the filing of a state and county third party ticket on the ground that such a ticket might injure the Republican candidates, gave out the facts in connection with the preparation of the petition for the third party county ticket, which have caused such a furor in political circles.

It is generally known that the more substantial Roosevelt element in the county has vigorously opposed a state and county ticket. It is known that such a ticket would only aid the Democrats and would not assist the Roosevelt electors.

Democrat Carries Petition. From the facts brought to light by these men, it appears that the petition for the third party county ticket was taken by C. W. Dyer, Democratic candidate for sheriff, to Hansen precinct and was there given by him to Frank Brewer, Democratic committeeman for that precinct. The petition was circulated by Brewer, who secured a number of names of whom were Democrats and Socialists. It is reported that Brewer admitted, and admits now, that the so-called Progressive county ticket was circulated by him and that he was induced to do so by the Democrats and that he was paid a daily wage for his work by the Democrats. It is known that H. C. Mills, the local manager for the third party ticket, has been in close touch with Democratic headquarters at the instigation of the so-called county Progressive movement.

Several Decline to Run. W. D. Griffith of Hansen, a Roosevelt adherent, has opposed a third party county ticket from the beginning, together with Robert Severson and others of the precinct. He was nominated by the so-called third party men for the office of treasurer, but stated last night that he would not accept and would do everything in his power to elect the Republican county ticket. He advised Mills of his position a few days ago and at that time C. W. Dyer, the Democratic candidate for sheriff, who was present at the conference, urged him to go ahead and make the ticket. This course, on the part of Mr. Dyer appears to have been a part of the Democratic plan to induce a party county ticket to be filed yesterday. It appears by J. E. Williams, the Democratic chairman.

Politics No Bar. It is reported that Williams openly stated a few days ago that the Democratic organization had spent considerable time in working up interest in the so-called Progressive meeting held a few nights ago in this city. From the names on the ticket, as filed yesterday, it appears that Socialists and Democrats alike were induced to sign the petition for a third ticket.

A Democratic Move. Prominent Roosevelt men among them Chas. Adamson, Blunt Severson and W. D. Griffith, of Hansen, C. E. Peate of Buhl and a score of local men who are supporting Roosevelt, were severe last night in their denunciation of the third party ticket, and declared they would fight it in the campaign. They see in it a possible danger for the Republican county ticket against the movement originating primarily at Democratic headquarters.

Real Situation Apparent. The disclosure of yesterday in connection with the activity of the Democrats in preparing the third party ticket has had a clarifying effect on the political atmosphere, as showing the real face behind the mask.

Infant Daughter Dies. The infant daughter of Mr. and Mrs. C. A. Rickford died Tuesday evening. Funeral services were held Wednesday afternoon from the Rickford home on Fourth avenue, east. Rev. Mr. Henry officiated and interment was made in the Twin Falls cemetery.

THE NEWS CIRCULATION STATEMENT

In conformity with the new Federal statute The News presents the following sworn statement of circulation, ownership, etc. (Note: This statement is to be made in duplicate, both copies to be furnished by the publisher to the postmaster, who will retain one copy and forward the other to the Third Assistant Postmaster-General.)

President J. M. ANDERSON
Vice President C. G. ANDERSON
Secretary-Treasurer and Editor R. A. READ
Stockholders J. M. ANDERSON, C. G. ANDERSON, R. A. READ

CIRCULATION FOR SIX MONTHS ENDING SEPT. 30, 1912
Average weekly circulation 2,300
Average weekly circulation during month of September 2,600

Subscribed and sworn to before me this 5th day of October, 1912.

TAKES POISON WITH ATTEMPT AT SUICIDE

MINNIE NELSON RALLIES FROM DRUG TAKEN YESTERDAY.

Admits Taking Medicine After Being Found in Convulsions by Friends—Is Said To Have Threatened to Take Her Own Life. What is believed to have been an attempt at suicide resulted in fatal yesterday afternoon when Miss Minnie Nelson, domestic at the Shindler rooms, was taken to the city hospital and relieved from her sufferings following her taking poison. It was announced by the physicians this morning that she will recover.

MARTIN MAKES AN IMPRESSIVE ADDRESS

PROGRESSIVE CANDIDATE FOR GOVERNOR WELL RECEIVED.

Declares Republican Party Cannot Be Reformed from Within—Pays High Tribute to Roosevelt as People's Candidate for the Presidency. To one of the best audiences of the campaign season, G. H. Martin, of Sandpoint, candidate for the governorship on the Progressive ticket, spoke in Coitliff hall Monday evening on the issues of the campaign and urged the support of the progressive ticket. It was the opening gun fired by the progressives in the campaign in this city; the first meeting in the county was held at Buhl last Saturday evening. A speaker of the evening, Mr. Martin was presided by R. O. Boyd, of this city, progressive.

PASS YOUR PLATE

FRUIT AND POTATO FAIR FINE DISPLAY

DREAMLAND HALL SCENE OF BEST EXHIBIT IN NORTH-WEST.

Large Number of Entries Make Competition for Prizes—Perfect Displays Are Among the Exhibits—Visitors Entertained With Good Music.

The fruit and potato fair now being held in Dreamland hall is one of the finest displays ever held in the northwest. Good attendance has marked the first two days of the exhibit and it is expected that large crowds will see the displays today and tomorrow. Tomorrow has been set aside as North Side day and a large number of people from the North Side residents attending the fair. The fair presents a fine display of high-class fruit. Apples, peaches, pears and a large variety of small fruits have been entered by the most successful fruit growers of the tract and competition for the prizes is close. Musical entertainments, under the direction of Mrs. Gilbert, Mrs. Danbo, the Ladies' orchestra and the Twin Falls band have been provided for each evening. At the close of the fair the various exhibits will be for sale, with the exception of those taking the special premium prizes, which become the property of the donor of the prize. No prizes for the exhibitors are being made, and the fair is an excellent opportunity for the residents of this city and tract to obtain an idea of what is being produced in the way of fruit and potatoes.

RECITES HISTORY OF TWIN FALLS HOSPITAL

INTERESTING ADDRESS AT CLUB LUNCHEON BY DR. T. O. BOYD.

Urges Public Support of Institution and Points Out Advantage to City as Result of Its Operation.

The medical history of the city of Twin Falls might be said to have been this, as an interesting lecture delivered by Dr. T. O. Boyd at the regular Wednesday luncheon of the Commercial club this week. The doctor was addressing the audience on the history of the hospital, and a large crowd was present. Dr. Boyd briefly reviewed the history of the Twin Falls hospital, going back to the time preceding the building of the present structure, when the hospital facilities of Twin Falls were comparatively few. Their absence, however, hindered the city while he held of his own coming to this city seven years ago and of his landing his own home for hospital purposes in the absence of any regular facilities for caring for the sick.

"I had been established in practice about two hours," said Dr. Boyd. "When a young fellow was brought in suffering with pneumonia. We gave up our quarters to him, and a part of my family slept on the floor. A little later other serious cases were brought in, and they too were made up of my family. My wife and children would perish. Shortly after this my family was stricken with measles and there were three deaths, which are interesting only in retrospect."

"The hospital as a hospital soon became very apparent. Within a year two this section was visited with an outbreak of typhoid, and this, perhaps, more than any other thing, was responsible for the establishment of a place where the sick could be properly cared for. My first investment in the hospital was \$10,000. Later I added improvements amounting to \$15,000 and still later another series of improvements were begun. The first investment in the Twin Falls hospital at this time of approximately \$40,000. "While on the subject I desire to make a strong appeal for the financial support for this institution. Twin Falls has been particularly fortunate in the quality of the men who represent the medical profession here, and our hospital facilities are no such thing. In the near past, cases in the hospital have been taken to larger cities for operations or treatment."

SNOW AT ROGERSON

Sliding Covered, Followed by Rain,
Wellcomed by Ranchers
and Stockmen.

Rogerson, Oct. 7.—Quite a heavy snowfall Thursday night and Friday morning. The snow, which was of incalculable value to the ranchers and stockmen, was followed by heavy rain and the ground took all the moisture. The ground was covered to a depth of about six inches of snow Friday morning.

The stock of goods for the new store is being received and placed on shelves and we now have two good general stores.

Mr. and Mrs. J. E. Bower were the happy parents of a fine girl, which arrived Saturday.

Mrs. O. J. Vandenberg returned from Twin Falls Saturday.

KIMBERLY NOTES

Kimberly, Oct. 7.—W. Couler is being received peas for D. H. Ferry & Co. of Detroit, Michigan.

These peas are fine and are being shipped east. Two cars were shipped on Friday by A. M. Stiles, Willis Webster and others.

The farmers are receiving three cents per pound for them, which is a very paying crop.

HANSEN NOTES

Hansen, Oct. 8.—If anybody thinks Hansen is not on the boom it is because he has not visited this locality recently.

A large force of men are engaged putting in a sugar beet dump to take care of the large acreage of beets that are about ready for the factory.

The beet dump is about 300 feet in length, lying at the highest point sufficient to permit the beets to fall from the wagon down a chute into an open car.

The village, blacksmith, N. O. Kempton, has had extra help manufacturing wagon boxes for beet hauling. These boxes are made to carry from two to three tons and so constructed that they can be emptied without the use of a fork or shovel.

One side of the rack hinges so it can be dropped at the dump by mechanical appliances. At the dump the opposite side of the rack is raised until the beets roll out into the car.

Near the Short Line depot, the Finch-Elevator company has a warehouse for grain with a capacity of several cars of grain.

Contractor Brewer is in charge of this work. The elevator is just across the tracks from the depot, from as the Rock of Gibraltar and looming up like the Eiffel tower, all completed, is the Hansen mill and elevator company's new elevator, with a capacity of one hundred cars of grain.

A force of men are engaged steadily at work putting in the machinery and outside the gears a continuous string of team hauling in grain. Manager Laycock in busy day and night.

The side tracks are full of cars loading hay and potatoes.

Near the center of the burg, R. W. Gager is erecting a new store building for his hardware department.

The Hansen bank directors have secured a lot and will begin a bank building at once.

The Gem State Lumber company is receiving large shipments of building material and sending it out to the contractors.

J. H. Hinton is shipping in a band of sheep to take care of his "king of sheep" alfalfa.

Sampson Brothers are out buying cattle for winter feeding.

Last but not least, mixing with everybody comes the candidate for commissioner, E. P. Hinton. He states that he prospects are looking better every day and that he has no fear of his opponent.

AMSTERDAM NOTES

Amsterdam, Oct. 8.—Mr. Pankov has a new arrival from Grangerville, Idaho, the first of the week.

Adrian Kramer went to Twin Falls Monday evening, to be gone a week or longer.

My Peters and Henry Korthals were Twin Falls visitors on Wednesday and Thursday.

Mrs. John Vriling and children arrived Wednesday evening from Salt Lake, California, their former home. Mr. Vriling and his youngest daughter, Grace, came out in the spring.

Arthur Peters made a business trip to Twin Falls Friday.

Rev. Mr. Vandermeyer of Manhattan, Montana, filled the pulpit in the Holland church last Sunday and will next Sunday.

The electric light men went to Twin Falls Friday evening to spend a few days with home folks.

Mr. Vandermeyer of Manhattan, Montana, arrived in Amsterdam Saturday evening. He leaves for home Monday.

Four farmers are expected to make their appearance in this city in about two weeks. Three families from Wisconsin and one from Grangerville.

Mr. E. Butler came out from Twin Falls Monday evening. He went to the country Tuesday morning to lath a school house.

Al Hendler went to Twin Falls Friday evening for a visit with his family.

Mr. Harell was over from Three Rock the middle of the week.

George Dugina was a passenger to Twin Falls Friday evening.

Mrs. Clarence Hoffman has been assisting Mrs. Peters with her work at the hotel the past week.

The men have begun work on Vosses' new house, near Amsterdam.

F. M. Butler was over from Hollister Sunday afternoon, taking some views of the town.

Miss Maudie Tuttle visited with her sister in Twin Falls last Saturday.

Mr. Keller went to Twin Falls Friday evening.

Mr. Nelson and Mr. Richmond were passengers to Twin Falls last Wednesday. Quite a little snow fell in this locality Friday and Saturday.

The population of Amsterdam is steadily increasing. New people are coming in and new buildings being put up.

Bill Trotter has been freighting between Amsterdam and Three Rock. The trustees have purchased two new stoves for the school.

ORDER TO SHOW CAUSE, ETC.

In the Probate Court, County of Twin Falls, State of Idaho.

In the matter of the estate of J. Noble McMaster, deceased.—Order to show cause why order of sale of real estate should not be made.

Chas. A. McKaskle, administrator of the estate of J. Noble McMaster, deceased, having filed his petition herein praying for an order of sale of the whole of the real estate of said decedent, for the purposes therein set forth,

It is therefore ordered by the said court, that all persons interested in the estate of said decedent appear before said Probate Court on Wednesday, the 6th day of November, 1912, at 10 o'clock in the forenoon of said day, at the court room of said Probate Court, at the court house in the city and county of Twin Falls, to show cause why an order should not be granted for the said sale of the real estate of said decedent, at either private or public sale, for the purposes mentioned in the petition as shall be judged for the best interests of said estate and the parties interested therein.

This order is published in the Twin Falls Daily Evening News, a newspaper published in and published in said Twin Falls county, Idaho, and that said publication be completed at least five days prior to said 6th day of November, 1912.

Dated September 30, 1912.
JAMES W. SHELDS,
Judge of Probate Court.
(Advertisement.)

NOTICE TO CREDITORS.

Estate of Emil E. Krongel, Deceased. Notice is hereby given by the undersigned administrator of the estate of Emil E. Krongel, deceased, to the creditors and all persons having claims against said deceased, to exhibit the same with the necessary vouchers, within 10 months after the first publication of this notice, to the said administrator, county of Twin Falls, State of Idaho, this being the place fixed for the transaction of the business of said estate.

Dated October 7, 1912.
CHAS. H. KIENNEL,
Administrator.

PLEASANT VALLEY NOTES

Pleasant Valley, Oct. 8.—Mrs. Taylor and children have returned to their home in Rexburg.

T. M. Alkin visited Pocatello this week. Arthur Smith and Charles Abbott went to Oakley Friday to spend a few days.

Mr. W. Johnson went to Twin Falls Monday for a week's visit.

Furniture That Furnishes **OSTRANDER & COMPANY**

ARTESIAN CITY NOTES

Artesian City, Oct. 8.—Mrs. M. A. Bacon is slaking a large sized well for irrigation purposes on her ranch here. After going down a few feet she was told to stop for fear the digging was abandoned until pumps can be secured that will keep the water out while digging. The well or cistern is near Deep Creek, where there is a heavy underflow.

Miss Mary Deven made communication, proof on her homestead, near here, for the past few days before Commissioner John F. Hansen of Rock Creek.

E. Strong and family have moved out. E. Folkes ranch near Rock Creek. He has leased his house and livery barn to A. S. Lee. Mr. Lee will live over here on the new place near Muttanbag, formerly run by Mr. Strong.

The Ladies' Sewing Circle met with Mrs. Lee last Monday. A very pleasant afternoon was spent and a delightful luncheon served in the evening. The next meeting will be with Mrs. Dean.

DEEP CREEK NOTES

Deep Creek, Oct. 8.—Andrew Rogerson and Neal Mackay of Three Rock spent the latter part of the week with Mr. and Mrs. N. J. Jordan.

Ev. Schuman of Burlington, Wisconsin, has been the guest of Mr. Coaker and family for over a week.

Mr. and Mrs. A. Larson and Mr. and Mrs. F. Carr were staying in Bull on Monday.

Dr. F. A. Mearns has practically completed a cozy four-room bungalow on the corner in section 10, which adjoins to the immediate neighborhood of Dr. and Mrs. Mearns moved into their new home early in the week.

Dr. and Mrs. E. J. Carr entertained at dinner Sunday Messrs. Rogerson and Mackay and Mr. and Mrs. Jordan.

Gene Wecker arrived on Sunday for a visit of several weeks with his brother and sister.

Mr. and Mrs. C. M. Larson and daughters spent a day this week at the fair and visiting Miss Mayme Larson of Twin Falls.

There will be a postponed meeting of the Rock Creek Ladies Aid Society Saturday evening at the hall. There will be a big Democratic political meeting at the hall next Tuesday evening. Every one is invited.

HOW COULD SHE?
"It'd like to see Miss Pagan," said the man at the door.
"Why, that's me," said the maid, "she's got the toothache."
"Impossible, for I'm from her dental, and I've got her teeth here in this package."

RURAL SCHOOL FAIR MEETS WITH SUCCESS

ROCK CREEK EXHIBITION, RESULTS MORE THAN EXPECTED.

County Superintendent Potter Urges Teachers and Officials to Promote Vocational Interest Among Pupils—Fair at Peavey on Friday.

What is evident will prove of vast importance in the rural school life and education is the promoting by County Superintendent Potter of the rural school fair in the Peavey district. The first fair of this kind was held at Rock Creek last Friday, at which a number of schools participated in the various exhibits. The most examples of work on exhibit. The results of the fair were far beyond expectation, and the enthusiasm shown among the parents and the children was such an extent that liberal donations were made for the prizes and the hearty assistance in all work connected with the school affairs. The next fair will be at Peavey on October 11, at which it is expected that ten or twelve schools will be connected with the contest and exhibit a literary program will be given by representatives from the different schools. The fair which Superintendent Potter is putting before the trustees and teachers of Twin Falls county.

When it comes to call your attention to our rural school fair at Peavey on Friday, October 11.

We intend to begin the literary program at 10:30 a. m., followed by lunch, athletic contests, judging of exhibits, addresses by trustees, parents and school educators of our county.

We need your help, influence and co-operation in this important movement of creating greater interest in the education of our children. In our schools and homes for our boys and girls. Please come and bring as many of your neighbors as possible and our children.

Fair a Success.

The fair last Friday at Rock Creek was a splendid success. Notwithstanding the disagreeable weather, the school was crowded, some coming as far as five miles in the rain. The display of exhibits would have been credit to any county fair. The vegetables raised by the pupils in their own gardens at home were certainly fine and the judges had a hard job to decide. The cooking and sewing by the girls of the children was excellent. Shoes and furniture which was repaired by the boys as part of their exhibit work was good and a most valuable contribution to the fair. The boys exhibited all kinds of new work in wood, consisting of steam engines, fly gears, windmills, tables, etc., which showed some splendid talent in mechanical lines.

I desire the Washington school fair to be equalled if not better than the one just held at Rock Creek. If you will come and assist us I know it will help make it a greater success. We will encourage our boys and girls too much for the industrial work they are now doing along with their book work. They are really enjoying it. The teachers and the schools are thus helping out the parents and the homes and all are glad to be working together. Our pupils are all around education that counts for something.

Please do not overlook the matter of selecting a judge from your district to award the prizes. It may be necessary for you to appoint a man to judge the boys' work and a lady to pass judgment on the girls' work. We want to give every boy and girl a square deal. The trustees of the Washington school and all the teachers, I am sure, will give you a most hearty welcome. Do not miss it.

Yours in the work,
"E. V. POTTER."

HARDIN SUGGESTS NEHER

Kimberly Orchardist Elected as Secretary of Fruit Growers' Association—Three Forces Working.

At a meeting of the Fruit Growers' association last week, John W. Hardin of Kimberly was selected as secretary to succeed S. B. Neher, resigned. Mr. Neher was elected to the position to succeed to look after private interests.

The second carload of fruit was sent by the last of this week. The first car was sent out by the association last week. Two forces of men were at work in orchards besides the force at the Smith building. Manager Hardin states that sufficient men are being secured to meet the forces at capacity work for several weeks.

MAIL IS SACKED ON TRAINS

City Delivery and Lock Box Service is Simplified by the New Arrangement.

The sacking of city mail for distribution by the railway mail clerks has been in operation for the past several days and is working to the advantage of the post office patrons as well as those who receive their mail. The mail carriers are now ready to start out on their routes almost immediately on the arrival of trains, and box mail is distributed in the morning. This plan of mail distribution is especially a good one in cases of late trains.

HE KNEW.

Mrs. Frost—Who was it that said "Peace, perfect peace?"
Frost—One whose telephone was out of order.

TO INSTALL GATES AT DAM

Water Being Drawn Off in Lake Walcott Above Minidoka Dam—Work Costing \$20,000.

The water now stored in Lake Walcott above the Minidoka dam is being drawn off and the gates will be lowered so that four large sluiceways can be installed at a feasible point in the spillway at the Rupert Flume near the dam. This will be done to permit the more economic handling of storage water in the future, as the sluiceways will be used on all occasions. This work will require an expenditure of about \$20,000. The new gates will be operated by electric hoists and will be possible to handle the water without loss and at less risk.

It is the desire of the Reclamation Service to turn the water out of all canals on the 15th of October if it can be done without damage to the farmers, and to turn back at a later date to permit the filling of canals. Definite announcement will be made regarding this later.

A recent issue of the Pioneer Record a report was published regarding the purchase of a large amount of wood pipe to be used on the project. This work will be in connection with the west-end pumping station, in places where flumes or very high dirt fills would have to be built. The use of this pipe in handling the water will greatly reduce the cost of construction and be far more economical than any other method. Work on this pumping plant is progressing very nicely.

FRUIT JUDGE PLEASED

Stiles Wilson of Nampa Says Tract is Fine—Fruit Section and Palace Fair.

That the Twin Falls tract is one of the best fruit sections of the country is the opinion of Stiles Wilson of Nampa, agricultural expert. Mr. Wilson is judging the fruit at the fruit and potato fair now being held in Draper's hall. He is spending the week here and is making a thorough study of the several fruit varieties shown here.

"This is a marvelous country," said Mr. Wilson yesterday, "and there is a reason for it. It was settled by energetic people, a great percentage of whom came with experience in the lines which they are now following. This country is a most excellent one for fruit and agriculture."

Your exhibit here is a splendid one. I understand there are still some displays to come in. When they get here, this will be one of the best fruit exhibits being held in the northwest that I know of. I am very glad to be here at this time, as I am much interested in the better part of the state. I am hoping the weather will permit a large attendance at this exhibit, as there is much to be learned from such a display. I am glad to know that there is so much car being taken in the packing of fruit here, very important part of the fruit business.

IS ACQUITTED OF MURDER

Ray Weaver Must Pay a Fine of \$200 for the Misuse of the Mails.

Ray Weaver was last week acquitted of the charge of murdering Lena Speers in the district court at Shoshone. It will be remembered that Weaver sent Miss Speers—a box of cyanide containing a letter—by the States court of the improper use of the mails in sending the poison. U. S. Commissioner Charles T. Disney promptly accepted Weaver's appearance at Boise for trial, which came up Wednesday before Judge Dietrich. Weaver entered plea of guilty, whereupon he was fined \$200 and allowed 30 days to raise the money to pay it. The district attorney stated to the court that he was satisfied that the young man was not a bad man at heart but had through ignorance broken the law. It is said that his father for the expense of the trial.

"Less Butter—More Cottolene in Your Kitchen"

THE cost of living has increased so that today one's income goes only about half as far as it did 15 years ago. Under such circumstances it is surely up to every housewife to count the cost of food pretty carefully.

Butter is one of the big items on every monthly expense account. We use too much butter, and butter is sky-high most of the time.

Let us tell you the solution to the problem. Butter is a necessary on the table; it is an extravagance in the kitchen.

Cottolene will give you just as good or better results than butter in cooking, at half the cost. It makes deliciously dry, crisp food, without the suggestion of grease.

Food cooked with Cottolene digests more easily than either butter- or lard-cooked food.

Add to these the fact that Cottolene will go one-third farther than butter or lard, and you are without a possible excuse for at least giving Cottolene a trial.

We assure you it will make good and save you money.

Try this recipe

STEAMED CHOCOLATE PUDDING

Place 3 tablespoons of Cottolene in a bowl with 1/2 of a cup of sugar and 1 egg and beat all together thoroughly. Add 1 cup of milk and pour the mixture gradually into 2 cups of flour which have been sifted twice with a teaspoon each of salt and cinnamon and 2 1/2 teaspoons of baking powder. Blend well and then stir in 2 small squares of chocolate which has been melted over hot water. Four cups of milk and steam for one hour and a half. Serve with sauce or sweetened whipped cream.

DEPOTS DAMAGED BY FIRE

Gooding Station Entirely Destroyed and Oakley Station Suffers Considerable Loss.

The Oregon Short Line depot at Gooding was destroyed by fire early Wednesday morning of last week, and the freight portion of the Short Line depot at Oakley was damaged in the same manner early the following morning. Exploding gasoline tanks started the flames at Gooding, while a hobo is supposed to have set fire to the cars at Oakley.

Cans and tanks of gasoline had been stored in and about the Gooding station. With the explosion of the tanks the flames were sent hundreds of feet into the air and against the surrounding buildings. The depot was almost instantly in flames and Night Operator Booser was able to recover only a portion of the company records from the office. All trains were warned of the danger, as it would not have been possible for him to pass the station while the flames were at their highest. The city fire department and a large number of citizens worked for hours to keep the flames in check, but the work was slow, as the gasoline from the tanks had spread over a large territory and had set the flames on fire.

At Oakley, the flames from the burning car set fire to the freight platform and end of the building. Freight stored on the platform and in the car was lost. The flames were extinguished by means of a hose attached to the depot tank. The loss of merchandise will be about \$500 and the losses to railway property will amount to about \$2,000. A hobo had been driven from the car early in the evening when the cars on the siding were locked for the night and it is believed that he set fire to the car.

INJURED IN RIDING CROST

Joe Miller, Buft, Sustains Broken Leg in Effort to Assist Horseman—Plan a Benefit.

The wild west show at Dubl was marred somewhat Saturday by an unusual accident in Joe Miller, the rider from Wyoming, who had his leg broken in attempting to assist a fall rider to extricate himself from the stirrups. A horse had fallen with one of the riders, and Miller rushed up to prevent the rider from being injured by the plunging horse. Miller was thrown to the ground and a broken leg was the result.

Plans are on foot to give a benefit bucking contest for Miller, to assist in paying his medical expenses.

POLITICAL WAR AT TWIN FALLS HIGH

KEEN INTEREST IN IMITIC-BATTLE OF BALLOTS.

Speeches of Every-Day Occurrences and Interest Running High Among Pupils and Faculty—Three Party Speakers Have Taken Their Turn.

What is hoped will prove of great interest and benefit to the high school pupils is the ardent political campaign which is being waged by the class of 1912, among the students, previous to the election on November 6.

At the opening of the first political meeting last Friday morning in the auditorium Professor Jones gave a few remarks regarding the necessity of each and every one choosing a party of his own, and the fact that it is of that particular party, but because the principles appeal to him as the best for the interest of the country.

Republican Day.

At this meeting the initial speech of the campaign was given by Rex Bailey, who had been chosen by the old Republican party as an advocate of its principles. Mr. Bailey gave an interesting talk bringing forth the main objects of the three different parties and their attitudes on the tariff, coinage and trust questions.

Democratic Day.

The assembly Monday morning was given over to the Democrats, and the speakers were Miss Carmen Cox and Paul Martin. Each speaker was given seven and one-half minutes in which to expound the principles of the party.

Progressive Day.

The progressive speaker Wednesday afternoon was Ward Husted, who is making a bold stand for Roosevelt and his policies. Mr. Husted first brought out the statement that although both the other parties profess progressiveness, neither is wholly so.

Week in Society

The past week has been distinguished by the number of small affairs, there being only two large parties during the entire week.

For-Har-House Guest.

On Tuesday evening a number of neighbors gathered at the home of Mrs. Robert McCollum on Seventh avenue for an informal game of bridge with her house guest, Mrs. Gooding.

Delightful Afternoon and Evening.

On Thursday afternoon of last week Mrs. W. E. Nixon entertained a large number of friends at her home on High avenue east.

Complimenting Mrs. Gooding.

The Alken home on Sheehon street was the scene of a very pretty informal party on Wednesday evening complimentary to Mrs. F. R. Gooding.

Breakfast for Mrs. Gooding.

On Thursday morning Mrs. M. J. Sweeley invited fifteen ladies to meet Mrs. F. R. Gooding at her home on Fifth avenue.

Mrs. Martin Honored.

A number of Twin Falls society ladies gathered to pay honor to Mrs. Martin at the breakfast in which Mrs. Booth made record score.

For Mrs. Gooding.

Mrs. J. M. Maxwell also complimented Mrs. Gooding with a delightfully informal evening of bridge on Thursday, when Mrs. Allen received the prize for high score.

Thomas, Allen, Booth and Alken, and Misses-Eola Fox, Jane and Georgia Maxwell.

Banquet for New Teachers.

The new teachers of the city schools were the guests of the pleasantly entertained banquet at a beautifully appointed banquet at the Rogers on Saturday evening.

Invitations have been received for the wedding of Miss Nan Greenhow, daughter of Mr. and Mrs. William Hartman Greenhow to Mr. Earl John Cary, at Ascension church on October 22d.

Butler-Weiser Nuptials.

A pretty but very quiet wedding took place at the home of Mr. and Mrs. J. E. White Monday evening when Mr. Harley N. Butler and Miss Grace Weiser were united in marriage.

TEACHERS WILL MEET

Instructors of Several Counties Will Gather at Pocatello October 21st to 25th.

The joint institute of the teachers in the counties of—Barocoe, Bear Lake, Blaine, Blinnett, Bonanza, Casula, Custer, Fremont, Lincoln, Oneida and Twin Falls will be held at Pocatello, Idaho, beginning with October 21st and continuing throughout the week, ending October 25th.

This institute will be devoted entirely to professional work and there will be a large delegation from Twin Falls schools present.

LECTURE AT LYRIC THEATRE.

Ernest Sexton to Speak Under Auspices of Bible Students' Association. Ernest Sexton of Los Angeles will deliver a lecture in the Lyric theatre next Sunday afternoon, October 13, at 7 o'clock.

CARD OF THANKS.

We desire to thank our many friends for their expressions of sympathy and consolation, and for their generous assistance during the illness of our family and the sad bereavement of our dear daughter and sister.

BEND-OFF TOO SOODEN.

"What age were you when you were married?" "O don't remember, but I could not have arrived at years of discretion."

International Dry Farming Congress.

Led by Mrs. B. E. Morse and Mrs. Charles Booth, Mrs. B. E. Morse and Miss Boyd, Mrs. Allen, Alken, Williams—Olis—Hill, Guthrie, McCollum, Ross, Failing, Greenhow, Craven and Miss Boyd.

THE THIRD STATE TICKET.

The fact that D. G. Martin, candidate on the Bull Moose ticket for governor of Idaho, was enabled to command one of the largest audiences gathered in Twin Falls so far during the present political campaign, is not without significance. Moreover, Mr. Martin interested his hearers. In well-measured terms told in all the detail of a man thoroughly conversant with his subject, he succeeded in tearing to

NO ROOSEVELT ELECTORS ON BALLOT.

Word was received in Twin Falls today to the effect that according to the decision of the supreme court handed down yesterday the names of congressmen and electors on the Roosevelt ticket will not be carried on the ballot. Lines will be provided and the names written in by the voters. The decision is understood to be handed down on a technical line, based on the action of the third party convention held at St. Anthony, coupled with the action of the party promoters in holding a second nominating convention in Boise a day later than the regular date. The balance of the state ticket of third party candidates will be printed on the ballot on the regular way.

COURT DECISION

WILL CLEAR THE AIR

POLITICAL SITUATION AT CAPITAL IS GREATLY SIMPLIFIED. Progressive gubernatorial candidate proving source of considerable worry to both Democrats and Republicans. (Special to The News) Boise, Oct. 8.—Before these lines reach the eyes of the readers of The News the supreme court of the state will have passed on the right of the Progressives to have their state ticket placed on the official ballot. The settlement of this point is expected to clear the air and enable the many voters to declare their intentions—voters who are still very much on the fence. There is not so much an issue in this matter for the Republicans of the state as would seem to be the case to those taking a superficial view of the situation. It is true that with a full Progressive ticket to the field the vote for the old parties will be greatly reduced because the Progressives will

shred the much-vaunted full value tax assessment scheme of Governor Hawley. His audience was composed in about equal parts of Democrats and Republicans, with a fair sprinkling of men who may be later expected to express a choice. His remarks were frequently punctuated by applause. It is not at all likely that D. G. Martin will be elected governor of Idaho, but the success of the meeting may be taken as a very good indication of an aroused public interest in political questions, and with this The News has no fault to find.

It might be mentioned in passing that Mr. Martin's advice to Twin Falls voters to vote for the legislative ticket which will in turn vote to return Borah to the United States senate, was one of his happiest points. The News endorses the sentiments of Mr. Martin.

SUIT-FOR-LIBEL

The question as to just what news a newspaper may print is considerably amplified from the standpoint of the publisher as a result of the jury's verdict in the libel suit of a Boise butcherer concern and the Capital News.

In this case the state pure food department gave the news and the newspaper printed it. The correctness of the account of the matter did not figure largely in the case.

The question involved was largely as to the right of any newspaper to print statements about a business concern calculated to affect the business of the concern in question. The truth or falsity of the statements are of secondary consideration.

To print the truth about a man and thereby ruin his prospects or interfere with his means of livelihood is libelious under Idaho laws. Nor will the publication of a damaging article, the information contained in which is received from a third party and so published, excuse the act. In Idaho at least a good many contingencies are foreseen, but the fact in this case remains: The information as to conditions at the packing house was such that the public should have been apprised of it. The newspaper printed the information and the jury exonerated the publishers.

THE ELY STRIKE.

It would seem that the Nevada interests of the Guggenheims have been under the ban of fate—almost since the first spadeful of earth was turned preparatory to commencing work on the big smelter.

When in 1905 the Nevada Northern road was completed from Coburn to Ely it was believed that an era of prosperity was about to dawn for the Ely district which would rival the days of silver. Work was immediately commenced on the Steptoe Valley smelter, which when completed was to have a daily capacity of twenty thousand tons of ore. Scarcely was

the first unit completed when the panic of 1907 struck the country and from a prosperous, bustling, wide-awake camp Ely became in a day a graveyard of buried hopes. By thousands the miners and other workers left the district and not until more than a year afterwards was business activity resumed on anything like the old scale.

At present the mining district and the great smelter are experiencing another panic. But the mines of Ely hold the ores and the present condition cannot last long. And the strike is to be regretted as much from the standpoint of the miners as from that of the company.

RECENT RAILWAY EARNINGS.

The monthly statement of railway earnings for the month of July as officially compiled by the Bureau of Railway Economics indicates a strong increase in railway business all over the country except in the extreme south. In some cases operating expenses also show an increase, but in no case are the net earnings less than in the corresponding month of a year ago. Expense of operation and maintenance increased eighty-nine dollars per mile over that of July a year ago, a large part of which is shown in an increased rate of taxation of forty-five dollars per mile.

The figures are interesting from only one standpoint—they tend to show just how little has been accomplished by the Interstate Commerce Commission in its efforts to secure better public service at the hands of the railroads. Some reductions in freight tariffs have been brought about, but notwithstanding this net earnings continue to grow. Aside from cutting out a large share of free transportation previously given by the roads to shippers and others, thus increasing the railroads' earning power, it is difficult to figure out just what advantage the upkeep of the Interstate Commerce Commission is to the common people of this great Republic.

ADDISON T. SMITH'S CANDIDACY.

The News would say a word in favor of the candidacy of Addison T. Smith. It is a question if a better selection of a man for the post could have been made in Idaho. Through his long association with the work of successive national legislatures he is eminently fitted to serve in the position to which he aspires.

Addison T. Smith has long been known as a real friend of Twin Falls. In the past he has done much to further the interests of this section and its people, and any objection in this section to Mr. Smith on the ground of residence is no longer regarded seriously.

By the election of Mr. Smith Idaho will have done much to gain for herself that measure of recognition in legislative circles to which she is entitled, and to no section does this apply with greater force than in the case of Twin Falls.

HIGHER PRICES-A CERTAINTY.

Eugene Grubb, recognized potato authority of America, states that with an American quarantine against foreign grown potatoes, American spuds will reach a higher price next spring than perhaps ever before in the history of the country. He strongly advises home storage of this year's crop instead of a general flooding of the country at fifty cents per hundred, such as is now going on.

Mr. Grubb is the foremost potato authority in the country today and his advice should be worth heeding. The fact that certain sections of this country are right now grappling with a diseased condition among the potatoes and that it is practically certain that whole areas will be rendered useless for potato culture for some time to come lends strength to his prediction as to prices.

TWIN FALLS vs. GREELEY, COLORADO.

Twin Falls is in a fair way to make a great name for herself in the production of potatoes if Twin Falls growers become alive to their opportunities. Twin Falls potatoes shipped out of Greeley, Colorado, labeled Greeley potatoes, will not help Twin Falls.

It has long been a well-known fact that this was being done, and there are many men in Twin Falls who know all about it, but to correct such a state of affairs concerted action is necessary, not the protest of the one or two.

It has been suggested that every bag of spuds shipped from this section carry a stenciled sign in red paint.

TWIN FALLS COUNTY POTATOES.

Of course it is well understood that this would not tip the scales against the evil, but it would go a good way towards it and the label would not add very much to the expense of the sacks.

Greeley cannot produce potatoes equal in quality to those of Twin Falls, but Greeley has a reputation for potatoes which Twin Falls is just commencing to acquire. If present methods are followed Greeley will maintain her reputation on Twin Falls potatoes and Twin Falls will receive her share of glory at the hands of Greeley commission men.

THE FRUIT AND POTATO FAIR.

The people of Twin Falls and the strangers within her gates would do well to spend a part of a day in looking over the exhibits of the Fruit and Potato Fair now being held at Dreamland Pavilion.

People of Twin Falls need no particular outward evidence to convince them of the merits of this section from an agricultural and horticultural standpoint. But it is well to keep in touch with the finer shades of development along these lines, and at no place can this be seen to better advantage than at Dreamland this week.

STRONG FOR MINIDOKA

Wisconsin Man Spends Seventeen Hours in Junction, But Forgets It in Twin Falls.

B. F. Kotchepaw of Greenwood, Wisconsin, reached Twin Falls Wednesday on his way to the California coast. While in town he is the guest of his host, A. J. Memhard.

On his way to the California coast, A. J. Memhard's first visit to this section, a beautiful little city of Minidoka, said Mr. Kotchepaw last night, "I have had a really delightful time with you, a person who has ever visited Minidoka will appreciate my feelings on the subject. However, Twin Falls makes ample amends for any trifling inconvenience of that sort. I have heard frequently from Mr. Memhard of the many advantages of residence in your city, but now that I am here I am inclined to believe he did not tell me the entire truth, and if he had I might not have been here."

Mr. Kotchepaw will spend some days in Twin Falls before continuing his journey to the coast. He expects to be absent from Wisconsin for several weeks.

A LEGACY.

Old Boy—Look here, Mab, you're making a fool of your boy just as you used to do with me, and I won't have it. Why, you're old enough to be his mother.

LABOR-GROW.

Just his command of sit down or stand up is promptly obeyed by the party office-holders of the state. The name Hawley has become a Greek alphabet "die up" in the different phases of taxation. Mr. Peterson paid a tribute to Governor Hawley as a lawyer, but discounted his ability as a business man, not familiar with business methods, as evidenced by his taxation scheme which had worked so manifestly a hardship on all classes.

As a Republican he stated that he approved of such legislation by his party, and bound his party to a conditional support of progressive legislation as the people demand.

He declared that the scaled Progressive candidates for state offices had referred to his speech as a promise of their empty promise to the people. He cited the fact that Mr. Martin, Progressive candidate for governor, had referred to his speech as a promise to Mr. O'Connell of Iowa for a word of his behalf.

"Doubts Progressive Sincerity." "If it is a fact," said Mr. Peterson, "that Mr. Martin and the other candidates on his ticket are in good faith progressive, and their election as necessary to the welfare of the people of this state, I firmly believe that Senator Borah is a big enough and strong enough and sincere enough man interested to tell the people of this state to vote for Mr. Martin and his ticket. I believe that Mr. French, who is also here, is a real progressive who is here to help the people, and not merely to place their party designation on their party designation."

Land-Boor Inefficient. "The present state land board is inefficient," was emphasized by the speaker, "and the other candidates of this party are equally inefficient or delayed action, resulting in great loss to settlers from a failure to secure a sufficient water supply." "It is a well-known fact," said the speaker, "that some losses had been sustained by the settlers on the King Hill project, owing to the unfavorable action regarding the installment of the projecting company to maintain an efficient system of water supply. That great numbers of the settlers would remove from the state unless a remedy is forthcoming in the near future. Mr. Martin declares for the income and inheritance tax.

Taxation. The matter of direct taxation was treated at length by Mr. Martin. The supply of railway property in Washington and Idaho, covering the same railway systems, was presented by the speaker. The Washington assessments, Mr. Martin stated, are far higher than those in this state, from \$30,000 to \$100,000 per mile being the average amount of assessments in the two adjoining states.

I. R. and R.—The initiative referendum and with proper restrictions, the recall were strongly urged by Mr. Martin as absolutely necessary in Idaho to save the demands of a progressive state. He insisted that he is not running for office for the sake of securing the office, but out of consistency with his belief in the new party and draft its platform. Members of the Twin Falls band played at the opening of the ball prior to the opening of the meeting. Mr. Martin spoke to a large crowd at Bull last Saturday evening. Attorney F. A. Hutto of this city was another speaker at Mr. Martin's meeting. Mr. Martin is accompanying his husband to his speaking tour.

cut right and left. But without this ticket in the field it is feared that many of the reformers will vote the Democratic ticket who would otherwise vote the Progressive ticket. It is argued that the Republicans would be responsible for the failure of the Progressive or the official ballot and that they would vote the Democratic ticket in a spirit of resentment to punish the Republicans.

Business goes ahead and improves in defiance of the campaign. Merchants pay attention to all to the campaign. No man in the community has the remotest idea as to what the result of the election will be. All the voters are waiting for the outcome of it all. Every man's predictions are highly colored by his individual disposition.

But in some way the impression is out that Tatt settlement goes everywhere in the country. Former Governor Greely was here Saturday after a business trip to the east. He was surprised, he said, with the rapid growth of the sentiment for President Taft everywhere. He noted a radical change in life, especially in the middle western states.

Business Conditions Good. Another feature of the situation that appealed especially to Governor Greely was the splendid business and industrial optimism he found everywhere. Mills and factories were running at full capacity, night and day, and are still able to keep up with their orders. Men in all lines of business and industry are looking forward to tremendous prosperity for the next year at least.

The indifference to politics—and this longing ahead of business are the characteristics of the present presidential campaign that make it stand out in striking contrast to all others.

TO THE VOTERS OF TWIN FALLS COUNTY.

We are in receipt of advice from the state headquarters of the Progressive party to the effect that the supreme court holds that the Progressive state ticket shall be printed on the official ballot to be voted on at the general election in November at the names of the electors and congressmen. From this ruling it will be observed that those who desire to vote for Cole, Peterson or Hildner are not compelled to vote for any one of the electors, and then vote for them. It is believed that this action can be done without any harm to the voters are put to his ignorance. Later on in the campaign our organization shall endeavor to place in the hands of every voter in this county the names of the Progressive party's electors and such other information as will enable them to vote for Colonel Roosevelt, if they so desire. Mr. and Mrs. D. D. Tippitt and daughter, Mrs. D. M. Kanesha, left Monday evening for Los Angeles and San Diego, where they intend to spend the winter, returning to Twin Falls in the spring.

Dr. J. B. Coburn left last week for Chicago, where he will join his family, who have been there for some time, and intends to make his home there for the winter, returning to Twin Falls in the spring.

Harry Holden, E. M. Holden, Joe Farnsworth, Dot Myer and D. J. Briggs of Idaho Falls, and Ben Carson of Burley were in the city on local business Saturday, and while here visited the canyon scene.

Mr. and Mrs. D. V. DeBosky of Denver were guests at the Rogerson this week, passing through this city on a sight-seeing tour of the northwest. Mr. and Mrs. DeBosky were greatly favorably impressed with the wonders of the Snake River canyon and the prospects of the tract.

Miss Ruth Millard arrived Sunday from her home in Fairview, Kansas, and will spend the winter with her friend, Mrs. Margaret Stanton. Miss Millard is a graduate nurse from a Kansas city hospital. She is favorably impressed with the country, and will decide to practice here if the climate is agreeable.

PRESBYTERIANS MEET IN ANNUAL SESSION

OFFICERS OF SYNOD AND PRESBYTERY ARE ELECTED.

Routine Business Takes Much of Delegates' Time—Addresses Are Made on Timely Subjects Connected With Church Work.

The Presbyterians of Twin Falls convened Monday afternoon in this city with a good representation—of its membership. Rev. J. M. Anderson, D. D., retiring moderator, invited Rev. John P. Robinson, Ph. D., of Burley, to preach the opening sermon. After a formal and helpful sermon the Presbytery was duly constituted, and the Rev. W. G. Morrow of Auger Falls was elected moderator. Recess was taken until Tuesday morning, when the first of the week's morning sessions were held. After devotional exercises Tuesday morning, Presbytery resumed its sessions and the forenoon was devoted to routine business, and in the afternoon was devoted largely to the interests of the Sabbath school work. Rev. E. Morris Ferguson of Philadelphia, educational secretary of the Synod, was heard in a stirring and helpful address, which awakened many inquiries and much discussion. Presbytery then adjourned to meet at the call of the moderator.

Meeting of Synod.

The Synod of Idaho convened on Tuesday evening with a large attendance, and was opened with a sermon by the retiring moderator, Rev. Dr. J. J. Barton, of Boise. The Rev. D. J. McMillan, D. D., of New York, secretary of the Board of Church Extension, was heard at length in a clear, inspiring address.

The election of officers resulted in the Rev. Dr. Thomas K. Hunter of Lotus being made moderator; the Rev. W. H. DeBosky of Idaho Falls, Westminster church at Boise, stated clerk, to succeed the late Dr. Goutley; the Rev. John P. Robinson, Ph. D., of Burley, permanent clerk, and the Rev. Bruce J. Giffen of Parma, temporary clerk. Synod adjourned till Wednesday morning, the Tuesday forenoon was devoted to routine work, and the ladies of the church served dinner in the church parlors for all delegates and many visitors.

The moderator, Dr. Hunter, presided at the lunch hour, and sparkling after-dinner speeches were made by Dr. Hughes, Ferguson and Donaldson.

The principal speakers of the afternoon were Dr. Hughes, upon the subject of university work, and Dr. Donaldson on the subject of home missions, and Mr. Pres. Chaffin, of a Chinese daily paper in San Francisco on the subject of the new Chinese republic. A more complete account of his address will be given later.

The speakers at the popular meeting last evening were Dr. Boone, president of the College of Idaho, and Dr. Donaldson. The meetings are being well attended and the addresses are of a high order.

HAWLEY TOURING SOUTH

Will Speak at Hollister and Kimberly Next Saturday—Will Not Speak Here Again During Campaign.

Governor James W. Hawley is making his last tour of southern Idaho, and the last few days of this week, speaking in Lincoln and Twin Falls counties. Having opened his campaign with a few weeks ago, he will not speak in this city during the campaign, but on Saturday, October 12, he will speak at Hollister in the afternoon and at Kimberly in the evening. It is likely that after his Kimberly speech he will spend the night in the city and confer with the Democratic leaders of the county relative to the remaining work of the campaign. He is speaking in all towns of Lincoln county.

REC'D-HISTORY

(Continued from Page 1)

ment. The public support of the hospital is just as necessary as in the case of any other business enterprise in the city. The hospital is now leased to other parties under private conditions. The deceased was a public institution. It will continue to be run in this way as long as the present management is retained for the premises. The arrangement is not indefinitely unless the business is sufficient to warrant it.

Should Care for Poor.

"In this connection I might say that it would be of considerable benefit to the community if some arrangement might be made whereby the hospital might have the care of the indigent in the winter months. This was at first intended to be done by the city, but the board and I have since felt it best to let the matter." At their conclusion Dr. Boyd's remarks were heartily applauded. He was followed by Dr. Weaver, who took occasion to call attention to what he believed to be the best conditions for the city well. He stated that in his experience more cases of typhoid were directly traceable to the use of this water than to the use of surface water. He stated that the city mains, in which typhoid germs were being multiplied, was being replaced by the city water.

Dr. Coughlin also spoke briefly, endorsing the remarks of Dr. Boyd as to the excellence of local typhoid statistics. Other local physicians made brief remarks.

A NARROW ESCAPE.

"What! You a widow, dear cousin?"

"Yes."

"Well, that's a lucky escape for me. Do you know, I nearly married you once."

BYOND MENDING.

IRRIGATION MEET SELECTS PHOENIX

**RICHARD W. YOUNG IS ELECTED
AS NEW PRESIDENT.**

Twentieth International Congress Has Successful Gathering—Matters of Importance Are Discussed—Many Western Delegates Are Present.

Salt Lake, Utah, Oct. 6.—With the election of officers, the twentieth International Irrigation Congress adjourned to meet next year at Phoenix, Arizona. Tonight the delegates elected a hall and reception given in their honor.

Richard W. Young of Salt Lake City was elected president by a unanimous vote. At the last moment the several cities that sought the next congress withdrew in favor of Phoenix.

The report of the resolutions committee was adopted by the congress as a declaration of principles. The declaration asserts that federal control as between the states is essential to equitable distribution of water of interstate streams, renews the demand by the congress of the new lands river regulation bill, approval the federal reclamation act and favors its extension, and recognizes the establishment of the United States reclamation service as second only in importance to the passing of the river.

Water Users Should Approve.

According to the declaration, the law should require that all contracts for the sale of power developed by a reclamation project shall be approved by a water users' association under such a project.

The principal address of the day was made by Hiram C. Graves, United States forester. "Within the last three years," he said, "there has been an agitation in certain quarters that the government should take title of national forests and turn the national forests over to the states. In denying this question in another which must really be settled by the same answer, namely, whether the national forests shall be parcelled out to individuals and corporations and for selfish commercial purposes—a public opinion adopted.

Should Conserve Timber.

"The first national interest in these lands is that of the continuance of the timber production. It is imperative to the whole country that these are to be handled with care and their productivity increased." The second great national interest is their protection. The practical consideration which is really conclusive is that the protection, administration and improvement of the national forests is to prove a financial burden which the states could not carry.

Victor Falkenberg of Chicago advocated the transfer of the machinery now in use upon the Panama canal, upon completion of the canal, to the states of Florida and Mississippi to improve that waterway. His suggestion precipitated a discussion that indicated the congress was in favor of the undertaking.

Charges Are Discussed.

The charges assessed upon settlers as the result of government reclamation work was brought up for general discussion by J. S. Hoagland of North Platte, Nebraska, who argued that the water users were made to bear too heavy a burden.

John Fairweather of Fresno, California, replied that the people paid back every dollar expended by the reclamation service, the land would be worth many times more than the money expended on it.

Senator Francis G. Newlands urged a more tolerant spirit toward the reclamation service.

"Men in the reclamation service," he said, "are the servants of the people and I believe are trying to serve their masters with honesty and efficiency. I have the tolerance of the people for the service. I bespeak your faith in them, for they are ever desiring to serve us well."

LONG LIST OF PRIZES AWARDED AT ROCK CREEK FAIR—GOOD PROGRAM RAN.

FIRST SCHOOL FAIR HELD

Long List of Prizes Awarded at Rock Creek Fair—Good Program Run.

Rock Creek—Oct. 7.—Idaho's first rural school fair was held at Rock Creek school house Friday, October 4. Four districts were represented, each displaying splendid exhibits. A good program was rendered and interesting talks made by Superintendent Potter and trustees from the different districts. Following is the program rendered:

Song, "Idaho"—Pleasant Valley school.

Recitation—Wesley Calkins, Rock Creek.

Song, "Little Farmers"—Rock Creek.

Recitation—Clam Holden, Excelsior.

Song, "October"—Rock Creek.

Instrumental solo—Florence Larson, Rock Creek.

Recitation—Opal Butler, Excelsior.

Song, "Treasures"—Pleasant Valley.

Song, "Jack Frost"—Rock Creek.

Instrumental solo—Lena Brose, Rock Creek.

Dialogue—Lylio Brierley, Georgia.

Song, "Boy's Club"—Mona Brose, Leo Fernandez, Impronipi—Master Rex Potter, Oratun—George Oaks.

Prize-Winners.

Potatoes—First, Raymond—Butler; second, Alvin Aumick; third, Dolph Hensley.

Best individual display of vegetables—First, William Homann; second, Mamie Hartley; third, Alonzo Griffin.

Best school display of garden vegetables—First, Rock Creek school; second, Mountain View school; third, Pleasant Valley school.

White bread—First, Mary Dolores Cookles; First, Annie Blankenship; second, Mamie Hartley.

Laver cake—First, Ruby Butler; second, Etzel Durke; third, Helene Brose.

Apple pie—First, Georgia Holton; second, Fay Pransky; third, Myrtle Striker.

Potato salad—First, Florence Larson; second, Myrtle Holton; third, Etzel Durke.

Canned fruit—First, Gladys Striker; second, Fannie Humphrey; third, Etzel Durke.

Best map of Idaho for pupils below the fifth grade—First, Clem Hill; second, Opal Butler; third, Alvin Aumick.

Best essay on bee culture—First, Alvin Aumick.

Best essay on country life and its advantages—First, Alvin Aumick.

PRIZE-WINNERS

Polatoes—First, Raymond—Butler; second, Alvin Aumick; third, Dolph Hensley.

Best essay on country life and its advantages—First, Alvin Aumick.

SATURDAY A LEGAL HOLIDAY

Governor Hawley Proclaims Columbus Day, October 12, Be Observed Throughout the State.

Governor Hawley has issued a proclamation calling for the observance of Columbus day, Saturday, in commemoration of Christopher Columbus, discoverer of America. The day has been declared a legal holiday by legislative enactment. Following is the summary of the proclamation:

Columbus Day Proclamation:

"The greatest monument that can be dedicated in honor of great men or commemoration of glorious achievements is a day of remembrance, sanctioned by law and constantly recurring. Better than marble arch of granite spire is the annual holiday in which we pay tribute to the lives of men whose purpose and exalted service keep them ever fresh in the shrine of memory.

"The legislative assembly, during the eleventh session, placed Idaho in line with 22 other states of the Union in honoring the greatest pioneer of the world has ever known by setting aside the 12th of October as an annual holiday to be known as Columbus day. In accordance with this law, therefore, I proclaim Saturday, October 12, 1912, a legal holiday and urge upon the people of the state its observance in a manner befitting the memory of the great discoverer.

"In testimony whereof, I have hereunto set my hand and caused the great seal of the state of Idaho to be affixed.

"Done at Boise, Idaho, this 8th day of October, A. D. 1912.

"JAMES H. HAWLEY,
Governor.

"W. I. GIFFORD,
Secretary of State."

OFFICES ARE CHANGED.

Attorney C. M. Booth has moved his law office into the First National bank building, as occupied previously by Attorney Hill who has established offices in his own building over the Lyric theatre.

Business Built on Integrity

Over seven years ago our store in Twin Falls was opened up with the point in view of honest merchandise, a stock opened with and a business operated on absolute integrity. An increased business each year spells the success of the undertaking. Has any one ever said Booth's goods were inferior? On the contrary, you've heard time and time again "Booth's for the best." We are proud of that reputation, and as each season advances finds a larger line of customers at our counters. We are proud that the best-dressed ladies of Twin Falls county depend on us for their suits, dresses and millinery—confident that whatever we sell them is a little better, a little newer style, and absolutely dependable. If it's from Booth's it's the best. Let us show you the new things popularly priced.

GLAD TO BE IN TWIN FALLS

G. J. Lambert of Illinois Finds the Tract is Far Beyond His Expectations.

"I am certainly glad to be here, for it is a great country," said G. J. Lambert of Kansas, Illinois, yesterday, after a hurried trip over sections of the tract near the city. "The weather is not suitable for agriculture, but as soon as I clear off I intend to see a great deal of southern Idaho.

"Last week I was in Kentucky, and all I heard was 'home', as the name are now on there. Here I am hearing 'apple, apple' everywhere. Your fruit exhibit is certainly wonderful. I have never seen anything finer anywhere or at any time."

Mr. Lambert is touring the country on both a business and pleasure trip. He has never before been to this country and his first impressions of the Twin Falls country are beyond his expectations.

COURT CONVENED

Judge Stockholder has been hearing motions and demurrers in the district court this week and will assign cases for trial today. The work of the term will not open until November. Judge Stockholder will go to Shoshone next week, where he will hold a two weeks' session of court.

J. W. Copeland, of Dayton, Ohio, purchased a pair of Chamberlain's Cough Remedy for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill for medicine by all dealers.

Seed Peas and Republicanism

A Striking Example of the Possibilities of a "Tariff for Revenue Only" Program in Idaho

In Fremont county the seed pea industry is just coming into its own and within the next few years it will be one of the greatest producing propositions that the farmer of this fertile section can enjoy. The industry has been established in the best farming sections of the great state. It has been demonstrated that seed peas will constitute one of the most valuable adjunct to the bank account of the wise and systematic farmer.

Good Prices at Present.—The Idaho farmer gets a good price for his seed peas. He does so by reason of the fact that a

protective tariff makes it impossible for the American farmer to have competition in this as well as in other agricultural products. The duty on seed peas is 40 cents per bushel, consequently the European farmer cannot compete with the American farmer on the same terms as seed peas. It is a great benefit. Were Wilson president, and free trade operating, the duty would be removed and the price of seed peas would be cut. It would be reduced at least 40 cents a bushel and in an open competition would probably go to 20 cents a bushel. It would be impossible for the Idaho farmer to handle the crop even as hog fodder. Vote for our Republican legislative delegation and the return of Borah, French and Smith to Washington and your industry will be in pretty safe hands.

KUHNS GIVE LAND TO ASSIST FARMERS

STEPS WILL BE TAKEN TO ELIMINATE PLANT DISEASES

Government is Vested With 40 Acres of Excellent Soil for Establishing Experiment Station on Potatoes—Grubb Tells Plans at Pittsburgh.

Upon request of the agricultural department at Washington, says the Pittsburgh Leader, Messrs. J. B. and W. S. Kuhn have voted the United States government with 40 acres of land as an experimental station on potatoes for the western states, and Eugene H. Grubb, the Kuhn's consulting agriculturalist, who is also consultant of potato growers for the Oregon Short Line and Union Pacific railroads, is on his way to Washington to assist the committee on quarantine of plant diseases and insect pests that are imported to America from foreign countries.

Mr. Grubb has done many things in agriculture, notably to perfect the breeding and practical cultivation of a large variety of potatoes and to introduce and adapt American conditions the advanced farm practice of Europe. In speaking of the Kuhn's gift to the potato industry, land and water for irrigation, Mr. Grubb said: "It is one of the most valuable in agricultural interests of recent times. Nothing so much needed to the country at large and of special value to the great irrigation fields of the northwest section.—Only a few days ago, a timely, public-spirited aid it would possibly be years before this splendid and much-needed government station for plant-breeding work would be started."

Gift is Far-reaching.—"This is only one of the many aid and beneficial things the Kuhns have done to aid and better the country by the settlers on both the irrigation projects in Idaho and Northern California. The solving of the many problems confronting the settler in new and old lands under conditions in far-reaching and eventually extends to the whole United States, especially those sections devoted to sugar beet and potato production."

On September 18 Mr. Grubb was in the Chicago market, where Idaho potato were sold at 30 cents a bushel, while Michigan and Michigan potatoes sold at 45 cents a bushel, or 150 per hundred. The Idaho potato is a large tuber, weighing 20 to 25 cents per hundred weight for eastern-grown potatoes.

IS HIGHLY RECOMMENDED

E. W. Cole, Manager of Potato Growers' Association, Recognized for Business Ability at Home.

In a recent issue of the Wharton, Texas, County Farmer, the following is said with regard to E. W. Cole, who has lately returned to the management of the Twin Falls County Potato Growers' Association: "Mr. Cole has gone to Twin Falls, Idaho, where he has been made manager of the Potato Growers' association. This is a good promotion for Mr. Cole, as he has been in the employ of the company here only since the 10th of this month, though the company recognizes Mr. Cole's ability as a business man and a gentleman, hence the promotion has been made. It is with regret that we lose Mr. Cole from our city, though we can commend him to his new associates as a first-class business man and one that can be depended on at all times to transact any business that may be entrusted to him in a satisfactory and pleasant way."

GIVE OUR SIDE A CHANCE.

In an article taken from the Chicago Herald, headed "Business Men in Theatricals," we notice that "The Lion and the Mouse" is going to make a show before starting a run in San Francisco. Now, why not have this company stay one night with us? They surely must have a first-class company to complete an extended run in the western metropolises. Give us a chance.

Here is a woman who speaks from personal knowledge and long experience in the Idaho market. E. W. Cole, who I know from experience that Chamberlain's Cough Remedy is far superior to any other. For coughs and colds nothing equals it. For sale by all druggists. (Advertisement)

SEPTEMBER FREIGHT RECORD

Large Number of Cars Shipped Out in Spite of Shortage—237 Cars Received.

The heavy freight shipments made from this city during the month of September is seen in the figures furnished by D. E. Sullivan, short line agent, who reports that 237 cars were sent out and 237 cars were received. All told, 178 cars, including coal, refrigerators, of potatoes were sent out. "If the cars were obtainable it is expected that an equally large number, if not more, will be sent out during the month of October. Considering the car shortage which shippers have been facing for the past few weeks, the local railway officials here are feeling "light," and have well handled the record of cars for the past month as follows: Sent out—Hay, 87; peas, 4; lumber, 2; mechanical, 90; flour, 3; apples, 178; stock, 3; wheat, 2; miscellaneous, 13. Received—Duck, 4; cement, 5; coal, 40; merchandise, 10; wheat, 18; miscellaneous, 60.

UNCLE SAM'S IRRIGATED FARMS

Interesting Figures on Various Projects Throughout the Country. Judson C. Welliver, Washington correspondent of Farm and Fireside, contributes an article on the government's irrigated farms. In the current issue of that publication following is an extract presenting a few facts: "Uncle Sam has about 470,000 acres of land in some 25 irrigation projects. They contemplate making first-class farming out of about 2,500,000 acres, scattered throughout all the states from the Dakotas, Kansas and Nebraska, west to the Pacific. This region that Uncle Sam is putting under water is expected to care for a family of five on every forty acres; that is, for a total of 37,500 people. But this water does not come from any one who will be kept busy merchandising for these farmers; hauling the water will be their raising live stock for the irrigation farmers; (final); making low-grade area that couldn't be worked unless civilization comes here, clear to them than it was before the irrigation projects brought it.

"On the whole, it is fair to say that these government irrigation projects represent the potentiality of a million of population, housed and made independent producers."

"Take the Salt River project, in Arizona, one of the very largest of the government undertakings.—About 150,000 acres of its lands are now under cultivation, and this will be increased to 200,000. The government spent about 10,000,000 in the works, and last year the products of those lands were worth about 15,000,000, this year they will go much higher. "But the real reason why the Salt River project got on its feet so soon and has been so successful since the start is that it had the right kind of settlers.—They know just what to do with the water, they did it, and they succeeded."

"The best advice to give, in every case, to the people who have thought of using the new system of farming, is to investigate with the utmost care before jumping in. Don't believe all the fairy-land stories you read in agricultural papers that are made for folks in brown-stone city-rivers to read, and, on the other hand, don't get discouraged if you bear a faithful tale of woe from someone who has tried it and failed. Don't go out to an irrigation farm unless you are sure you have enough capital to take care of it right.—You can do better than to write to Frederick H. Nowell, director, bureau of reclamation, at Washington, will bring you a fact sheet, and ask his advice. He'll tell you the truth, which is more than a lot of real estate vendors could be relied upon to do." (Advertisement)

If you have young children you have perhaps noticed that disorders of the stomach are their most common ailment. To correct this you will Chamberlain's Tablets are best. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers. (Advertisement)

HEAVY RAINFALL—RECORDED

Government Gage Shows 1.97 Inches in 24 Hours—Snow Reported Throughout County.

One of the heaviest rainfalls ever recorded in southern Idaho fell last week between Thursday evening and Saturday evening. According to the government rain gage at the J. A. Waters ranch, 1.67 inches fell during the 24 hours.—The fall continued almost without ceasing in a gentle manner, at no time a down-pour reported. This is believed to be one of the heaviest falls in this part of the state, the only other fall of like magnitude being that of June 1, 1908, the day of the opening of the Salmon tract.—Snow is reported to have followed last week's rain in many parts of the county. Rock Creek, Hogerson and foothill districts report snow from three to seven inches. The rain and snow rendered the roads almost impassable in distant sections of the county and delayed the hauling of produce to the markets and shipping stations.

Beware of Ointments for Catarrh That Contain Mercury

Be sure you will surely destroy the source of trouble and completely denature the whole system when entering it through the mucous surfaces. Such actions should never be tried except on prescription from reputable physicians, as the damage they can possibly derive from them. Hill's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. A buying bill's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by druggists. Price, 75c per bottle. (Advertisement)

This is to tell about the store, the stock, the various displays, the way the stock is kept, the quality of the merchandise on display, etc. The answers will be judged by three disinterested parties and published in the paper. This is for young lady students of the TWIN FALLS HIGH SCHOOL. Answers must be in by SATURDAY, OCTOBER 26.

THE NEW 5-AND TEN CENT STORE, Twin Falls, Idaho

INVESTIGATION WILL BE CONDUCTED HERE

POTATO EXPERTS IMPRESSED WITH LOCAL CROP CONDITIONS.

Will Recommend Establishment of Government Durgau Some where on This Tract.

Southern Idaho will be selected by the Department of Agriculture as the best location in the northwestern states for a potato and vegetable experiment station. Government experts are now touring the north-west and will report to the department as to the best location for such a station. After seeing the Twin Falls North Side and South Side tracts, the experts will in all probability recommend the selection of a tract in this part of the state for experimental purposes.

A pleasure awaits you

WHENEVER and wherever you meet people, it's a pleasure to feel that you are well-dressed.

That your clothes are stylish, fit right, look right, and are right.

You'll always have that pleasant feeling if you wear

Styleplus Clothes \$17

"The same price the world over" And you will feel that the man who is wearing a \$20.00 to \$25.00 suit, has met his mark, for you'll be as well and as stylishly-dressed as he is and have the additional satisfaction that you saved from \$3.00 to \$8.00 in cash.

We would like you to see our new fall models of **STYLEPLUS Suits and Overcoats**—they're the finest you ever saw at anywhere near our \$17.00 price—every garment guaranteed by the makers.

We are the exclusive **STYLEPLUS** agents for this town.

Straus & Glauber

ton, of the bureau of plant industry of the Department of Agriculture at Washington, D. C., have been spending a few days on the North and South Side tracts in the interests of the government, with a view of locating an experimental station for the culture of potato and sugar beet food. They were accompanied to this city by Eugene H. Grubb of Colorado, potato expert who is mentioned in the Union-Pacifier and Oregon Short Line as potato expert and inspector in the northwest.

Experts on Ground. Drs. Corbett and Orion are experts in their departments in the form of being a horticulturist in charge of the investigation of potato and vegetable breeding and culture and the latter a specialist in the diagnosis of plant diseases. They are now on a tour of the northwestern states studying potato and vegetable conditions and upon their report, the government officials a site will be chosen in one of the northwestern states as an experimental station. Speaking of their work, especially on the present trip, Professor Corbett said: "While the weather has not been what we would desire for investigating conditions here, we do find that conditions here are very good indeed. The frost has killed off the potato tops and for that reason we are not able to make a study of any plant diseases with which the plants here may have been infected in the past season. Diseases among plants are cured or eradicable, and it is a part of our work to study these diseases and find only a remedy. We are highly pleased with this country and believe it has a great future."

Location of Station. "I feel safe in saying that the government plant and potato experiment station will be located in southern Idaho. I am not able, however, at this time to say whether it will be located on this tract or on the North Side. Both tracts offer splendid facilities and conditions for such a station. From 15,000 to 20,000 seedling potatoes will be tried out here. The results of the department will include the seed and crops of the tracts and the northwestern states with a view to making a selection that will have for its purpose the eliminating of disease of plants and seeds. There will perhaps be about ten acres of best seed plots for culture and breeding purposes."

In company with Mr. Grubb, Professors Corbett and Orion left Tuesday night for Boise to attend the state fair from where they will go on to Oregon.

JOEL PRIEST HERE.

Says Car Needs of Shippers Must Be Looked After. "The Oregon Shippers line has never yet lost sight of the fact that the farmers of the Twin Falls country must be protected in the matter of shipping rates for their produce. It has been for its purpose the eliminating of disease of plants and seeds. There will perhaps be about ten acres of best seed plots for culture and breeding purposes."

Mr. Priest stated that every effort is being made to get box and refrigerator rates for the fruit with as little delay as possible, and that no effort will be spared to give the farmers of this section every facility for the shipment of their produce.

TAKER POISON.

(Continued from Page 1.) administered. Friends of Miss Nelson state that she has been in a melancholy state for some time and that on various occasions had threatened suicide.

Shortly after noon yesterday Miss Nelson was found in convulsions, a loud cry from her room, and she was found by her bedside. Dr. Wilson was summoned and with a stomach pump relieved her, and she was taken to the hospital under the direction of Dr. Conklin, who continued the use of the pump until she was sufficiently relieved to be able to rest during the night. It has not been definitely ascertained the exact drug that was taken. When asked by the physicians why a drug or medicine that no other had been taken, she replied that "she was tired of the whole thing."

Miss Nelson, whose home was formerly in Salt Lake, has been in this city for the past two months.

MUST SERVE SENTENCE.

Supreme Court Denies Appeal of W. F. Burg, Convicted Here of Selling Liquor Illegally.

By a decision rendered by the state supreme court last Friday, W. F. Burg, several times convicted of bootlegging here, must serve his sentence of six months and pay a fine of \$500. Burg was convicted in the district court and carried an appeal to the supreme court, which was denied by that body. The opinion of the court was written by Chief Justice Stewart and concurred in by Justices Allaha and Sullivan. The appeal was denied on technicalities connected with the filing of the appeal.

The court held in its opinion, says the Capital News, that under the statutes of the state the attorney general is written on an appeal in a criminal case, and the state is the adverse party, the brief and transcript on such appeal must be served upon the attorney general as required by the statutes and the rules of the court, and upon failure to make such service the appeal will be dismissed.

EXPERT ALLOWED PAY

Supreme Court Sustains Judge Stock's Claim in Case of Accountant for Services.

The supreme court yesterday, says the Idaho Statesman, affirmed the judgment of the district court in Twin Falls county, Judge C. O. Rockinger presiding, in the case of L. E. Froberg against the board of county commissioners of Twin Falls county. It appears from the record that the county fathers allowed the claim of an expert accountant who was employed to examine and audit the accounts of the county officers. The lower court sustained the board, and by its affirming decision the supreme court does likewise. The higher courts' decision was written by Justice Sullivan and concurred in by Chief Justice Stewart and Justice Allaha.

COUNCIL REFUSES PROPOSAL

Will Not Consider Plan of Water Works Company to Settle for Paving Damages.

Proposals were made to the city council last Monday night by the Twin Falls Water Works company, through the Salt Lake officials, offering to pay for the damage to paving in this city. It was proposed that the system of mains and lines be changed so that the alleyways and that a period of eight years be given in which to reimburse the city for the damages. The proposal was not accepted. Word had been sent to the Salt Lake officials that suit would be instituted in case settlement is not made or satisfactory arrangements to that end negotiated.

Business Opportunity :: Income Property

Everything in This Space for \$13,000.00

One new 2-story brick building, 25x80, with basement in rear, modern throughout, large plate glass windows, with cement sidewalk, rented on long lease, \$85 per month.

MODEL POTATO PIT

Up-to-Date Method of Storage to Be Seen on Ranch of C. A. Robinson.

One of the few well-equipped potato pits in this section of the country is that of C. A. Robinson, manager of the Farmers and Merchants' bank, on his ranch near Twin Falls.

The pit is dug half under ground with bins on each side, with a sufficient width between to permit of driving a wagon clear through the building. The ventilation of the building is operated by a system of levers, and last winter the temperature was maintained with a variation of only five degrees throughout the entire cold season.

The potato pit is one of the best equipped here and is thoroughly modern in every particular. It has a capacity of about 6,000 bushels or 4,000 sacks.

Mr. Robinson states that the structure is open to inspection of any one contemplating the building of potato storage facilities.

WHITE MAN'S DAY

Will Be Celebrated at Milner Wednesday, October 16—Good Free Entertainment Provided.

The 101st anniversary of "White Man's Day" will be celebrated at Milner on Wednesday, October 16, by the town of Milner, the Milner segregation and their neighbors, following the custom initiated last year when the celebration was observed. It was shooting in the morning, a baseball game between Milner and the segregation and races in the afternoon, and dancing in the evening will be the program of the day. No charge will be made or asked for admission to any of the amusements or to the dance, and it is the desire and wish of the committee in charge that the day be pleasantly enjoyed by all. The Milner dam, the lake and the river provide good scenery and the citizens will be invited to welcome the occasion as a day of celebration by the last legislature in commemoration of the 100th anniversary of the arrival of Caldwell Linn, or what is now Milner, of that party of white men who were later to found the city of Astoria, Oregon, which party was a portion of the original John Jacob Astor fur expedition.

Dr. H. W. and Miss G. Sawyer, of 1500 N. Harrison, wish to announce the removal of their offices from the McDonald building, 170 Main avenue east, to the Smith building, Main avenue north, opposite the post office, after October 24—Advancement notice.
