

CANDIDATES IN COUNTY WON'T STAY LITCHED

THIRD PARTY NOMINEES EXPRESS VIEWS IN VIGOROUS LANGUAGE

H. F. Harder and Others Advise Their Friends to Vote Straight Republican Ticket—Won't Qualify If Elected.

"I am not a candidate on the third party ticket in this county, and I do not intend to vote for the ballot. I know nothing of it until I read in the papers that my name had been filed on the ticket for commissioner from the second district. I hope none of my friends will vote for me, as I am not a candidate. I want them to vote for Charles H. Burton." (Signed) H. F. HARDER, October 22, 1912.

Looking after the interests of his campaign is not a matter that is worrying H. F. Harder, whose name appears on the Progressive ticket as a candidate for county commissioner from the second district. Mr. Harder left last night for Salt Lake City to see the Senator. He has no connection with the third party ticket in this county, stated Mr. Harder at the fruit packers' conference last Tuesday. His name was placed on the ticket without his knowledge or consent. If I had the money I would probably have voted for him, but I will not vote for me at the coming election. I have been opposed to such a ticket from the beginning. I see no reason for voting for Charles H. Burton for commissioner from the second district, and I hope the friends of the ticket will not have voted for me, will cast their votes for him also. I have no connection with the ticket in any way, shape, manner or form.

To date exactly five persons on the third party ticket have stated that under no circumstances will they make a vote for the ticket. Those who were nominated, B. Boyd, named by the Progressives, without his knowledge or consent, says that Republican nominees and Progressives can best please him by supporting J. C. Gates, the regular Republican candidate for commissioner. Chas. H. Burton, the Republican candidate that Mr. Boyd in his refusal to have anything to do with the third party ticket. He states that if elected he would resign at once and would have no voice in the running of the county. He would have no voice in the running of the county.

TO THE VOTERS OF POPLAR GROVE PRECINCT.

The committee of the Progressive party placed my name on that ticket as a candidate for commissioner from the first district. My name was placed there without my knowledge or consent, and I wish to state that I am not a candidate for any office, and will not accept of any office. The Republican party stands for progressive policies and principles, and I am not a candidate for any office or any other voter. (Signed) F. L. EVANS

TO THE VOTERS OF TWIN FALLS COUNTY.

I wish to state to the voters of Twin Falls county that I am not a candidate for commissioner from the first district. My name was put on the Progressive ticket without my knowledge or consent. I am not a candidate for any office, and will not accept of any office. The Republican party stands for progressive policies and principles, and I am not a candidate for any office or any other voter. (Signed) F. L. EVANS

MEET IN GYMNASIUM.

TO GIVE ELECTION RETURNS

News, Hot Off the Wire, Will Be Received at the Commercial Club Rooms.

At the Commercial club reception room, on the evening of November 5, and that these returns will be received in the club rooms in the Boyd block.

It was further announced by Mr. Hanson that on that evening varied entertainment will be provided toward making the evening an enjoyable one. All members of the club are asked to keep these arrangements in mind and spend the evening at the club rooms. The work that the club directors expect to do during the coming year will be outlined that evening.

SPECULATION RIFE OVER COMPLICATION

POLITICIANS FIGURING EFFECT OF W. B. HEYBURN'S DEATH.

Several candidates preparing to take the field and Democratic Workers Are Also Active.

(Special to The News. Boise, Oct. 22.—There has been but one topic in political circles here in the past week. That has been the death of Senator Heyburn and the results that must flow from that sad event.

Coming at this particular time the death of Senator Heyburn has added much to an already badly complicated political situation. It is regarded as a serious blow to the ticket forces in the state. It has also strengthened Senator Borah's chances of succeeding himself, because it will enable him to make combinations with others ambitious in the senatorial field.

Possible Combinations.

One of the first combinations discussed here in the capital is one between Senator Borah and Congressman French, with French for the short term and Borah for the long term to succeed himself. Those who discuss this possible combination point to the fact that Congressman French has been ambitious for years to secure a seat in the senate. He hails from North Idaho, from which section the senator should be chosen. He prides himself on his progressiveness; he has refused to endorse President Taft and in this he has won the approval of the followers of the Bull Moose. And there will be a number of these followers of the Bull Moose in the next election that is to elect the senators.

Borah and French Agree.

In all these things Congressman French is in harmony with Senator Borah. Neither is working for the Republican party, but is to be of benefit to the Progressives. Both have been endorsed by the Progressive state committee, and each professes to be a devoted supporter of the regular Republicans in the legislature while holding in this way with the Bull Moose.

There is another phase of this which showed politicians attach importance. This is the well-grounded impression that Senator Borah does not desire to be elected to the senate to detract from his prestige in Washington, and for this reason a man like Congressman French would be preferred to him. It has been said in addition to all that it has been said here in favor of Congressman French as a teammate for Senator Borah, it is admitted on all sides that he is exceptionally popular with the rank and file of the people and is a wonderful log-getter.

Borah and Allibis.

Another plausible combination discussed extensively here is one between Senator Borah and Justice James F. Allibis. Judge Allibis comes from the north and he is said to be popular with the voters in all parts of the state. So far as the public knows, the judge is in a splendid position. Judge Allibis is taking no active part in politics, or courts, but will give to his present duties. It is said that he is working for the entire Progressive ticket from President Taft down.

This political regularity of Judge Allibis has been the ally of the Roosevelt electors from the official ballot, and for this reason it is asserted that his candidacy would be especially objectionable to the Bull Moose. It would defeat him in the legislature unless (Continued on Page 6)

THE REAL PROGRESSIVE PROBLEM

If you are a Progressive—a third party man—a Roosevelt man—go to the polls on election day and vote in accordance with your honest conviction. This is your free-born right; exercise it in the cause of good government; but be sure of your ground.

The News has no quarrel with the principle of American government which gives the people of America the last word in the selection of a president. The News welcomed the announcement that Roosevelt would make the race against Taft. The News is and always will be a Progressive Republican newspaper and there is no question but what there was a sufficient public demand for Theodore Roosevelt to warrant the placing of his name on the ticket in order that public sentiment might become a matter of record and the election of a president be in accordance with the vote.

This is all there is to the Progressive idea. Progressivism will be brought into actuality through the will of the people in the selection of men to represent them in the state legislature who will, in turn, assist in the election of the right men to the United States senate; through the selection of a president by the electoral ticket having the largest vote; and through the direct election by the people of the members of the house of representatives.

These are the men who, if progressives, will enact into law the principles of progressivism as endorsed by La Follette, Bryan, Roosevelt and Borah; the men who will give to this nation a government built on a new order of national thought; the men who will make it possible for the average citizen to come into his own, not alone in the matter of mere material comforts, but in the matter of the far greater advantages which accrue to all under a form of government FOR THE PEOPLE, in word and in fact.

Now there are, in addition to the above, certain measures of public interest which, under the present system of government, must come from the elected officials and the delegates of the people of the various states. Many of these are progressive measures in every sense of the word. They carry the endorsement of the nationally known progressive workers and they are necessary to the proper government of the people of Idaho as are those in the first class. Many of these measures, endorsed by the leading progressive minds of America, have already come into effect in Idaho, and practically the entire balance of the principles of true progressivism have been endorsed, pledged and promised by the Republican candidates for offices in Idaho for every office which has anything whatever to do with the making of the laws and their subsequent enforcement.

Suffrage for women, one of the cardinal features of the Progressive program, has been in existence in Idaho for some time past. The direct primary, vague and uncertain in its effect yet, but still a people's primary, belongs to Idaho. The direct election of United States senators is pledged to the people by the Republican state platform, and a corrupt, practical act, needing only enforcement to make it effective has already been enacted into law. These are a few of the main points. There are others which the Republican party of Idaho stands ready to give. Can any other party do more?

Comes the question of a third party ticket—progressive, so called—to the affairs of Twin Falls county.

The News denies not only the need of it, but the sincerity of purpose of those responsible for its existence. At not one single point along the entire line does the question of Roosevelt or Progressivism enter in the slightest degree. Suppose for one wild moment the election in this county of a ticket other than Republican or Democratic. Will the principles of Progressivism, supposing they exist, make a schisim a better peace officer, a prosecutor a more capable lawyer, a school superintendent a stronger educationalist, a surveyor a more competent mathematician? Suppose all this in the light of a possibility of the election of the third ticket in Twin Falls county—isn't the whole idea about as utterly ridiculous as could well be imagined?

Do his progressive tendencies make the third party candidate for county prosecutor a better attorney than Mr. Hazel, the Republican incumbent? The third party candidate for sheriff a more experienced tactician than H. C. Vanaunder?

The fact of the whole matter is simply this: As far as the county officers are concerned the people of Twin Falls county will be called upon on November fifth next to select men to carry on the necessary business of the county. These men are not lawmakers, and outside of the county commissioners they have no executive duties whatever. THIRD PARTY ADHERENCE IS SIMPLY A STUMBLING BLOCK IN THE WAY OF A PROPER SELECTION OF THE RIGHT MEN.

There is still another phase of the question, and that is the motive which actuated the few in the placing of the ticket in the field. In the face of the opposition of every better known Roosevelt man in the county, the ticket was duly filed, and the candidates named, struggle as some of them have, can get off it. More than one has stated publicly that while his name appeared on the ticket he was in no sense a candidate, and one man so combated goes so far as to advise all his friends in a public statement to vote for the Republican nominee.

One of the well-known Roosevelt Republicans in the county stated the case about as plainly as it could be a day or two ago when he said: "We are not to boast that never before in the history of this country have the people had as large a voice in the conduct of public affairs as yet, we progressives had a meeting of protest against the scheme to nominate a county third party ticket and there were not more than two or three men who did not vigorously oppose such a step. Yet the voice of the many was heard not at all and the little group who favored it went ahead and filed the ticket just the same."

Vote according to your convictions, but be sure of your ground. The only division of opinion among the Republicans today is as to the head of the national ticket. THERE IS NO DIVISION IN THE PARTY ON COUNTY AFFAIRS, ALTHOUGH ONE OR TWO THIRD PARTY WORKERS AND A GOOD MANY DEMOCRATS WOULD HAVE YOU THINK SO.

ALL QUIET AT HANSEN

Third Party Plans Opening of Campaign, But Voters Can't See It.

With two weeks' preparation in Twin Falls, and an audience of four on hand to listen to them, the first meeting of the campaign of the so-called third party in Twin Falls county, held at Hansen last week can hardly be referred to as an unqualified success. F. A. Hutto, Homer Casner Mills and a number of other advocates of a new order of things in the county (five in all) were on hand in good shape at an early hour. By 9 o'clock the audience consisted of four persons by actual count, and whether or not those people were collectors of the Progressive campaign in the county, history says not.

TWIN FALLS IN NEED OF A CIVIC CENTER

CITY SHOULD BE BUILT WITH REFERENCE TO FUTURE.

Burton E. Morse Talks of the "City Beautiful" Tells Club Members Time Has Come to Adopt a Plan for Further Building.

"The 'City Beautiful' will be practical reference to Twin Falls, was the subject of Burton E. Morse, the principal speaker at the Commercial club luncheon yesterday noon. It was one of the best presented topics that has been heard by the club members this season. In the speaking of making this, or any other city, beautiful, Mr. Morse stated that the first essentials are a civic center, the best of architecture, parks and a thorough system of street transportation. This city, Mr. Morse stated, has, to the present time, been merely growing, without a thought as to its future betterment. A civic center should be chosen at once and build the city with reference to that center. Many of the older cities that are now growing to be beautiful have a center area greatly handicapped by the previous growth of their business districts, and great expense must be made to effect the establishment of a civic center. This, according to Mr. Morse, can be avoided in Twin Falls. The city should be planned on the proper location of such buildings as a Y. M. C. A., a public library, a city auditorium and a public park. All these things should be taken into consideration at once, Mr. Morse's reasons for this bearing on the example of older cities that are now attempting the scheme.

Recreation Places.

Special emphasis was placed on the idea of recreation by Mr. Morse. He urged the necessity of public playgrounds, extending the idea to the Y. M. C. A. as a place for the youth of the city. He also urged the necessity of an environment. He especially urged the location of civic buildings, such as a city hall, public library and Y. M. C. A., in a harmonious architectural style. He believes that, if a site can be selected and secured, that would allow of the following program plan for the future: A public library, a city auditorium, a public park, a Y. M. C. A., a public library, a city auditorium and a public park. All these things should be taken into consideration at once, Mr. Morse's reasons for this bearing on the example of older cities that are now attempting the scheme.

Regarding the problem of transportation, Mr. Morse believes that a new street should not be located on the main street of the city or on the Blue Lake boulevard. It is his belief that the best location for a new street would be a drive to the canyon, all going to make for a city beautiful that would be its own advertisement. A beautiful city is a beautiful city, and it is a beautiful city that will attract the people to it. Mr. Morse stated that he would be glad to see the city of Twin Falls become a beautiful city.

GOOD REPUBLICAN RALLIES

Rousing Meetings Held at Castleford and Deep Creek Last Night—Are Well Attended.

The Republicans held a rousing meeting at Castleford last night. The meeting was well attended, and the speakers were well received. The meeting was held at the home of Mrs. J. W. Graham. TO STUDY PLAN.

Willie Hance, president of the club, announced that he will take up the matter of such an organization and will in the next few days submit a committee report along the line of securing plans for the locating of a civic center. Brief remarks were made by the various members of the club, and the meeting closed with the subject of the day as treated by Mr. Morse.

CALL FOR MUNICIPAL WATER WORKS

CITY COUNCIL ASKS FOR VOTE ON BUILDING OF NEW PLANT.

Frequent Tearing Up of Paved District Under Present Arrangement Responsible for Action—Company Declines Improvements.

As the result of the action taken by the city council at a meeting held Monday evening, the residents of Twin Falls will be called upon to vote on a bond issue of \$100,000. The money to be used for the construction of a municipal water works system, to take the place of the existing one. An ordinance providing for the issue was duly passed by the council after a thorough review of the circumstances and needs of the city. The proposed new plant comes as a sequel to the suit instituted by the city against the local water company, which is now pending in court. The alleged unreasonable tearing up of the streets in the paved district to permit of repairs and alterations by the water company.

Before the passage of the ordinance representatives of the water works company were heard and various proposals looking to the settlement of the case between the company and the city were advanced. It was felt that the city should not be paying its bills for water without the benefit of the frequent necessity of its being torn up by the company. The city proposed that the water works be abandoned and the present underground pipes in the business district or paved section and install new mains through the city to connect with the various business blocks. This proposition the company would not entertain. The city would not entertain the proposition that the water works be abandoned and the present underground pipes in the business district or paved section and install new mains through the city to connect with the various business blocks. This proposition the company would not entertain.

Whether or not the company will be able to carry out the necessary improvements, in order to prevent the continuation of the proposed municipal plant, remaining to be determined. The city is now in the process of raising money for the construction of the city paving, which they declare will have to be replaced in a few years. DEATH OF SENATOR HEYBURN COMES AS DISTINCT SHOCK

Senator Weldon Brinton Heyburn of Idaho died in his apartment in Washington last Thursday night at 7:55 o'clock.

A complication of diseases involving the heart and kidneys caused the senator's death. He had not been well since last March, but he continued working and delivering a speech in the senate on the arbitration treaties in spite of the doctor's warning that the effort might cost him his life.

Several weeks ago, apparently gaining strength after a serious relapse, the senator and Mrs. Heyburn made arrangements for a trip west. Another relapse followed and since then the patient had been growing steadily weaker.

Prominent in Senate. During the last few years, since the development of a serious disease in the Republican ranks, Senator Heyburn had played a prominent part in the fight for party regularity. He always opposed Colonel Roosevelt's coalition and many of his speeches on the development of the west, in which he was keenly interested, were devoted to arguments against the former president's policies.

One of his first acts as a senator to attract public notice was his strong support of the pure food and drug act. The senator's wide range of information, the memory and readiness of speech always assured him of attention when he arose to speak.

The announcement of the death of Senator Weldon B. Heyburn was received throughout the state as a distinct shock, marking as it does the passage from the public life of the state of one of its foremost citizens and a senator, respectively of politics, party leaders and tributes to the senator and projected him as a man of sterling character and political integrity. His death has cast a gloom over the state. Governor Hawley will be called upon to name Senator Heyburn's temporary successor, to fill the vacancy until the next session of the legislature can meet to elect his successor for the balance of his term.

Governor Expressesorrow. "I very much regret the death of Senator Heyburn. He was one of the great friends Idaho ever had. While I differed from Senator Heyburn politically at the same time our personal relations were always cordial. I remember his ability and his courage. Everyone always knew exactly where he stood on all questions. During my term as governor I have always found Senator Heyburn an earnest fighter for those interests of Idaho that have been put up to him by the state administration. His aid has been of incalculable benefit to the state. Idaho's loss in his death is indeed great."

Statement by Borah. Lewiston, Oct. 18.—When an Associated Press dispatch was handed to Senator Borah last night concerning the death of Senator Heyburn in Washington, Senator Borah was in the midst of an address at Cottonwood, Idaho. He immediately cut his address to excuse him from continuing. Senator Borah said of Senator Heyburn:

"I am sure his audience will excuse me from discussing politics when my illustrious colleague lies dead at his feet. He died at his post, for the executive labor that he performed during the last session of congress, at a time when one less courageous would have retired to save his life, was undoubtedly the cause of his death."

"Senator Heyburn and I often differed on political questions, but never without from him my great admiration for his exceptional ability, his remarkable courage, his singleness of purpose, his untiring devotion to his state and to the nation. The state of Idaho has lost her most distinguished citizen. When I think of his irreparable loss, his fearless disregard

of all things that would thwart his purpose, it seems impossible to recall it all with this sad news."

Descended from Good Stock.

Weldon Brinton Heyburn was born in Delaware county, Pennsylvania, May 23, 1842. His parents, John Brinton Heyburn and Sarah Gilpin Heyburn, were Quakers of English descent. His father's family came over from Northumberland, England, and settled in Pennsylvania in 1660. His mother's ancestors accompanied William Penn from Kent, England. He received an academic education and studied largely under private tutors. He was admitted to the bar shortly after reaching majority and practiced law up to the time he was elected United States senator in 1903.

Senator Heyburn came to Idaho in 1883 and settled in Shoshone county where he resided at the time of his election to the senate. He married Othelma Yeatman, daughter of John Maxwell Yeatman and Lavina Passmore Yeatman.

Relatives Here. George F. Brinton, who resides in Twin Falls, in the Jones addition, is a cousin of the late senator and his mother having been sisters.

The funeral services were held last Tuesday afternoon at Birmingham, Pennsylvania, in the old Quaker burying ground.

KUHNS PURCHASE PLANT

Make Heavy Investments at Idaho Falls—Will Extend Lines Over a Large Territory.

The Kuhn interests—the Pittsburgh millionaires who are investing liberally in western enterprises—are now being invited to Idaho Falls, according to the Pocatello Tribune. This was brought about by a deal now pending whereby the electrical rights may become the possession of the electric power proposition of the Idaho Power and Transportation company of this city, as well as the property of the Oregon State Light and Power company of Shelly, says the Idaho Falls Post.

The deal is the same syndicate that recently purchased former Governor Dray's big electric plant at American Falls, and the Mountain Home irrigation project, also owned by the former governor.

The operations of this mighty corporation will mean big things for Pocatello, Idaho Falls and the upper Snake river valley, as they are known as builders and have accomplished wonders in southern Idaho and northern California, where they have been interested for years.

The price paid for the I. P. & T. proposition was one that will not let the stockholders a good return. It runs into six figures, and will handsomely reward those who had the hardihood to put their all into the proposition. The stock and liabilities will amount to something over five hundred thousand dollars.

No change in the company's affairs will take place until the receiver is discharged. The new company anticipates extending its lines to cover down in the valley that will warrant the outlay and big improvements will be taken up just as soon as material and weather conditions will permit.

SELECTS TWIN FALLS ROSE

A. Waters Believes the "Juan Wessenhof" Should be Chosen by This City.

Much has been said about the selection of a Twin Falls rose, in view of the fact that the rose is one of the city's sturdy flowers and that this city can, within a short time, adopt the name "Rose City." J. A. Waters believes that the "Juan Wessenhof" rose should be selected, as it is coming to be considered the first and foremost of the local roses. It was among the largest number which he included in his flowery decorations at the fruit fair. This rose is a cream yellow in color and has a very strong, spicy, musky odor, and is perfect in petal and has a distinct stem and flower, as shown in the illustration. Waters states that the "Gros O'Espita," a dark velvet rose, is also perfect in petal and that holds perhaps the second place among the roses of this section of the country as does the Juan Wessenhof, but that it has been selected by a number of horticulturists—these being roses among which is Wally Wain, Washington, and for that reason would not be considered as first choice of Twin Falls.

COURT REVIEWS NEW CASE

Fine Point of Law Involved in Case of Bower vs. Parks and Moorman.

The first question of the kind ever to have been raised in the court as that involved in a case heard by Judge Stockeager last Monday and Tuesday in the matter of Bower vs. Parks and Moorman. The plaintiff contends that the defendants are interfering with his flow of artesian water by sinking a well on an adjoining place, and asks artesian water and asks for a restraining order against the defendants. The defendants have been asked to show why their order should not be made a temporary injunction. The court may render a decision Saturday.

TWIN FALLS LOSES TO ALBION NORMAL

COLLEGIANS WIN BY DECISIVE SCORE OF 23 TO 0.

Local Team Makes Stubbler's Right Against Heavier Line-up. Often Endangering Opponents' Goal—Will Get Even Here on November 2.

The football aggregation of the Twin Falls high school received a decisive drubbing at the hands of the Albion College team at Albion last Saturday. The left Volley evading in automobiles and the long, cold ride hardly left them at their best. Albion's field is very rough, but this fact will not be long remembered by the local boys as will the size of the Albion players.

Albion has the heaviest team in her history this year, evenly averaged. Fifteen pounds, they platted against the 145 pounds the local boys will average was the decisive factor in the game. But Albion did not have all their own way and was forced to the limit to keep Twin Falls from scoring.

First Half.

In the first quarter Albion started strong, her heavy backs and tackles carrying the ball over Twin Falls for the first touchdown after five minutes of play. Twin Falls took a line and held the collegians for down three times, and started down the field with the ball, but a fumble sent the points. They platted against the second quarter Albion forced over a third touchdown with a tackle around end, which the high school boys were unable to stop. Here Twin Falls took a brace and, receiving the kick-off, carried the ball the whole length of the field, where time was called with only three yards between them and the goal.

Second Half.

The second half was all for Twin Falls, and play was kept in Albion territory all the time. Three touchdowns in the half the local boys were held for down inside of Albion's five-yard line, but they were unable to carry the ball through Albion's bushes when they stood together on the goal line. Twin Falls used the four plays successfully several times and took up all of the time. The plays were executed well, but were unable to stop the heavy backs and tackles during the first periods. Albion did not have all their own here for a second game November 2.

PLAN LARGE MEMBERSHIP

National Director of L. O. O. M. Waging Ardent Campaign in Twin Falls—Local Lodge is Growing.

The national director of the Loyal Order of Moose, James H. Gahan, is now in Twin Falls on a public and ardent campaign to increase the membership in the local lodge. Mr. Gahan has opened an office at 121 Main avenue east, and will be here one month. He expects to add several hundred new members to the Twin Falls lodge within a month. The roster as reported and the initiation fee has been reduced to \$5.00 during Mr. Gahan's stay here. He states that during the past year the order has added 200,000 members to its rolls and that they now have 1,170 lodges and 550,000 members. The object of the order is to take care of the sick and bury the dead, and also to take care of the widow and orphan. One of the great undertakings of the Moose is the National Moose School, which will open soon. This is to educate the sons and daughters of dependent members, free. Besides academic instruction, manual training and agriculture will be taught on an extensive scale. A site of 1,000 acres has been selected for this school.

DESERVED SUCCESS.

Charles Kiehn's great play, "The Hero and the Menace," has deserved the great success that has followed it ever since its initial performance. No play in the last fifty years has set people to thinking so deeply as has this one.

DRUGGISTS GO TO BURLEY

Messrs. Sprague and Terhune to Open Store about January 1—Tell of Big Day.

Preparations are being completed by A. N. Sprague and Charles Terhune, well-known druggists of this county, to open their new drug store in Burley about January 1. They are erecting a \$20,000 building which is one of the most up-to-date structures in the city. The people of Burley are showing much enterprise and progressiveness, said Mr. Sprague yesterday. The large sugar beet factory opened last Monday and is going to be a big success. The first annual beet and potato day will be celebrated there on November 1. Liberty prices have been offered by the business men to be awarded for the best display, of which there will be a large number. A barbecue has been arranged for that day and plenty of amusements will be provided. One of the purposes of the day will be in the interest of changing the Cassia county seat to Burley, which will be voted on at the election November 5.

GOODING ARRAYS HAWLEY POLICIES

DECLARES PRESENT ADMINISTRATION MOST EXTRAVAGANT. In Speeches at Kimberly and Hollister the Former Governor Plays the Present Incumbent, Urging That He Be Held Responsible.

One of the severest arraignments of the Hawley administration yet made during this campaign was administered by former Governor Gooding at the Republican rally at Kimberly and Hollister last Friday and Saturday. He was the principal speaker at the Kimberly meeting. C. A. Robinson, a senator, and Prebate Judge Shilda, who is a candidate for reelection to that office, were the other speakers. W. F. Brockert presided, precluded committee members presided.

With reference to the present administration, Mr. Gooding stated that the Governor's speech at Kimberly had been the most extravagant the state has ever seen. He quoted from the records that enormous sums of money had been spent by Governor Hawley. He declared that the governor had made the Blackfoot insane asylum the basis of a political move, and that large sums of money had been lawlessly expended in the investigation of the industrial school at St. Anthony. He further declared that the Governor's cash valuation system had depreciated farm values to a great extent.

Records Compared. Governor Gooding stated that during the last two years of his own administration much had been accomplished. He stated that during the same length of time under the Hawley administration, Mr. Gooding declared, no work had been accomplished along the line, yet considerable amounts of money had been expended. He stated that the administration of Governor Brockert had expended more than during the administration of Governor Brockert.

Places the Blame. Governor Gooding stated that when Mr. Hawley was running for governor two years ago he told the people that, if elected, he alone would be responsible for the acts of the subordinate state officials. He is strongly urging the voters to hold Governor Hawley to his word and declare him responsible for the condition of affairs in the state.

NEW PACKING MANAGER

Charles Sawtelle, Assamese Charge of Force for Fruit Growers Association.

Charles Sawtelle, formerly connected with the Lincoln Produce company, has been placed in the management of the packing and shipping department of the Fruit Growers Association. H. P. Harder, until recently in charge of that department, has been drawn from the direct work of the management, but will continue as a director of the association. His larger force of packers is maintained to handle the heavy receipts of fruit for shipment. The two ground floor rooms of the Smith building are being used for the selection and packing of the fruit. Two, and perhaps three, cars will be loaded and sent out by the last of this week. Mr. Sawtelle stated that the quality of apples continues first-class, and are the equal of any producing section in the country.

LAYING POST OFFICE BRICK

Building to Be Enclosed Within Two Weeks—To Be a Modern Structure.

The brick is now being laid for the new post office on Main avenue west. It is expected that the building will be enclosed within the next two weeks, after which the interior work can be pushed to an early completion. The brick rooms of the new post office are being reinforced with steel and will be ready for occupancy by January 1, as called for by the contract.

When completed, the building will present an appearance second to none in the city. The front is being faced with Salt Lake red faced brick, and the east wall with terra cotta. The west and south walls are being reinforced with steel and the building will support additional stories at any future time when such may be needed. The lobby rooms of the new post office will occupy the second floor.

Week in Society

The wedding of Miss Nau Greenhouse to Carl A. Carey of Oakland, California, took place Tuesday evening at 8 o'clock at the Ascension Episcopal Church. To the strains of Lohengrin's Church, Maria played by Mrs. A. Alexander the bridal party entered the church. Mr. Carey, accompanied by his best man, Mr. J. H. Brown, Jr., entered from the vestry and walked down the aisle for the bride and party who entered from the door of the church. Messrs. Albert Bonell, Louis Carey, Harold Dodd, C. J. Reid, Harry Wood and Clarence Beatty led the procession, followed by the matrons of honor, Mrs. Harold Dodd and Mrs. J. H. Brown, and a staff of bridesmaids. Miss Mildred Frost, the bridesmaid, Miss Nell Bullis and Miss Nona Ferris, and then the bride on the arm of her father, Mr. W. H. Greenhouse. Rev. Mr. Cattlin officiated, using the ring service. The bride was charming in a gown of white crepe de chene over white Duchesse satin. She carried a shower bouquet of pink tea roses. The bride's gown was a picture of girlish loveliness in a gown of white crepe de chene over white Duchesse satin. She carried a shower bouquet of pink tea roses.

Before the ceremony Mr. William Peck sang "O Promise Me" and Mrs. Kirk Boott "I Love You Truly." Mrs. Henstock is the daughter of Mr. and Mrs. J. E. Henstock of Hollister, and is very popular in Twin Falls. Mr. Alexander has been a resident of this city for several years, and is employed in the post office here.

Bride-Elect Entertained. Miss Nau Greenhouse, whose wedding to Mr. Carey took place Tuesday evening, was the inspiration for a shower and dance given by Miss Grace Kierstead at the home of Mrs. J. E. Henstock. The spacious living room had been cleared for dancing, and after Miss Greenhouse had been showered with handkerchiefs from the young women and miscellaneous from the young men of the party, dancing was enjoyed until 12 o'clock. Punch was served throughout the evening.

The bride-elect was charming in a gown of pale blue broadcloth with red lace made on train.

Engagement Announced. The engagement of Miss Flossie Brock to Harry A. Ball was announced at an informal party given by Mr. and Mrs. D. W. Brunk at their home Wednesday evening. The announcement was made while the party was seated for refreshments, each guest receiving a daily favor containing the announcement of the engagement.

The rooms were prettily decorated in pink and white crepe paper. Miss Leley Williams and Miss Vesta Thomas assisted the hostess during the evening.

Hickling-Gloystein. A pretty home wedding took place Thursday evening at the home of Mr. and Mrs. Charles Gloystein, when their daughter, Miss Estrella M. Gloystein, became the bride of Leslie M. Hickling. Rev. W. B. Woodruff performed the ceremony in the presence of only the immediate relatives. The room was attractively decorated in domestic vases and blossoms. The bride was daintily gowned in white chiffon over pink silk. After an elaborate wedding supper the couple left on the evening train for Boise and other points. They will be at home to their friends after October 28 at 240 Second avenue north.

The bride is a charming young lady of Twin Falls, and has made this city her home for several years. Mr. Hickling is the son of Mr. and Mrs. D. L. Hickling and is employed as cashier of the Consolidated Wagon and Machine company.

Younger Set Entertained. Mr. Max Miller and sister, Miss Mary Miller, entertained a number of the younger set at their home on Saturday evening. Five hundred was the pleasure of the evening, and record score was made by Mr. Harry DeWol and Miss Florence Costello. Dainty refreshments were served at a late hour.

REUNION AFTER YEARS
Story of Well-Known Local Business Man Reads Like Page of Fiction.

After 52 years of separation, with but correspondence or knowledge as to the other's whereabouts, M. H. Pope, well-known contractor of this city, and a sister, Mrs. George Murray of Wilkesburg, Pennsylvania, have gotten into communication. Mr. Pope has just sent his sister a photograph of himself as he appears today, from that different, no doubt, from that which she remembers. In their early home in Cumberland, England.

During the reunion relatives that Mr. Pope had formerly lived in Park City, Utah, his sister wrote a letter to the postmaster of that city, and the letter was forwarded to Mr. Pope a few days ago. He has written her and an interesting exchange of events during their long separation will follow.

Mr. Pope and his sister left their home 62 years ago, he going to London and she coming to America. From that day to this she has had no correspondence with any member of his family. He has a sister living in Ireland and a brother in Cumberland, England; the latter being an active pattern-maker at 82 years of age. Mr. Pope, who is now 71 years of age, is the youngest of four children of the family living.

Miss Pauline Ansonette arrived this week from Indiana and will be connected with the Twin Falls Conservatory of Music, where she will be instructor in violin, mandolin and guitar. Miss Ansonette comes to this city accompanied with a musical instructor and violin soloist.

SHIPPERS CALL IN VAIN FOR RELIEF

CAR SITUATION SHOWS NO IMPROVEMENT IN THIS VICINITY.

Short Line Local Officials Doing Everything in Their Power, But Results Are Disappointing.

But very little improvement in the car shortage situation has taken place during the last week. A standing order for 25 refrigerator cars daily is being maintained at the freight office, but so far an average of only five to ten can be secured. Oregon Short Line Agent D. E. Sullivan states that the outlook for the near future is more too bright.

Regarding the car shortage for hay shipments, Mr. Sullivan states that more cars are on hand than can be loaded at this station. "We have been without the Pacific office daily," says Mr. Sullivan, to stop sending hay cars here in such numbers. We are blocked with empty box cars now, having more than 400 on hand at all times, and there is no demand for them. I understand there is a demand for such cars further west on the line, but so far we have had more than we could fill. I believe, however, that there is a prospect for a shortage in hay cars in the future, as no doubt shippers will call daily to get out large quantities of hay. But for the present I am sure we could furnish at least 30 cars per day."

Salt Lake, Official Here.

H. E. Godwin of Salt Lake, district freight agent, spent last Saturday at Twin Falls and with Mr. Sullivan went over the car situation. While here Mr. Godwin stated that he had arranged in order to send 400 freight cars into the Utah fruit districts, which is competitive territory, that he had arranged to send the Twin Falls tract as fast as they can be secured. Some of these cars have already been sent here and others will be sent as soon as they are released from other lines, to be sent here immediately instead of to Utah.

During the present season, and up to October 22, Mr. Sullivan has a total of 742 cars have been delivered to the stations west of Missoula. Of these 510 have been sent to the Twin Falls station. Of the other 412 cars, distribution has been made as follows: Filer 95; Burley 62; Madras, 62; Hansen 28; Murtaugh 53; Blythe, 61; Heyburn 8; Rupert, 50; Oakley, 2; Hollister, 4. These cars have been sent here in order to send many shipments were made earlier in the season in box cars, the total does not represent refrigerator cars. For the past season it has been shown that 315 cars have been ordered or received for potato shipments.

No Twin Falls Discrimination.

"Regarding the report that the Twin Falls branch is being discriminated against in the matter of refrigerator cars," Mr. Sullivan stated a few days ago, "we are being given every advantage possible. From information I have received, I believe that the cars given to the Idaho Falls station, which is in the center of a large potato producing region. This, as our illustration, I believe shows that every car possible is being sent to this station. I believe the situation, with regard to cars, is being handled in a fair and equitable manner, and will soon improve. Reports from the head office indicate that some relief is in sight."

A Correction.

Owing to a typographical error in last week's issue in connection with the car shortage, the statement was made that 300 cars of potato cars were stacked at the depot waiting cars. It should have read three cars.

It will be good news to many to learn that plants and seedlings which were purchased at Verno's. Since the closing of the flower store on Sixth street car flowers have been obtained with difficulty.

ASK CHANGE IN TRAINS

Petition Sent to O. S. L. Officials Pending for Morning Train from the East.

A petition, asking for a change in the schedule of trains on the Twin Falls branch of the Oregon Short Line, signed by more than 200 commercial travelers and business men of this city, has been sent to the passenger department of the road at Salt Lake. The petition asks for a morning train from the west, and other minor changes, that would afford good connections at Milwaukee.

Both trains from the east now arrive in the afternoon and evening, the first being due at 3:35 and the second at 6:45. For the past several months, however, owing to the almost daily late arrival of the first train, from one to three hours behind time, trains come close together. When arriving late, mail from the first train cannot be given attention the same day of its arrival, placing the foreign business of this city a day late. This is of great inconvenience to the traveling man as well as to the people of this city.

FOR STATE SENATOR

O. A. ROBINSON, Who Will Make His Race on the Republican Ticket.

One of the men who will be heard from in Idaho politics for years to come should be one to turn his attention in that direction is C. A. Robinson, banker and farmer, a ranch owner in California and admitted one of the most successful bankers in this section of Idaho.

Mr. Robinson is a candidate for the state senate on the Republican ticket and as he numbers his friends by his acquaintances and his hosts of both of every political faith his election is regarded as a foregone conclusion. Naturally and by training he is well

qualified for the work. He is a forceful and convincing speaker and is far during the campaign he has delivered a number of splendid addresses in company with former Governor Gooding and others over the county, all of which showed a grasp of subject and a thorough understanding of the topic under discussion. Prior to coming to Twin Falls some years ago Mr. Robinson was engaged in the banking business in Nebraska, where his success was just as pronounced as has been the case in Idaho, which he now calls his home.

IS WELL QUALIFIED FOR STATE AUDITOR

F. L. HUSTON OF IDAHO FALLS TOURING SOUTHERN IDAHO. Republican Candidate for Office Believes Campaign Having Little or No Effect on General Business.

F. L. Huston of Idaho Falls, candidate on the Republican ticket for state auditor, called upon his many friends in this city last Monday when on his final tour of the state in the interests of his candidacy. He is well pleased with the prospects for his election. Mr. Huston is engaged in the real estate business and in farming. He has had wide experience as a business man and is well qualified to fill the office of auditor.

"Things are looking good both in politics and in business," said Mr. Huston while here. "The usual execution of a national campaign lacking this year, and business is going right along, improving continually. The people are going to vote for that which they regard the best interests of all. Agriculture is making great progress; its results are wonderful. The crops in Idaho this year are immense. All other lines of business are satisfactory, and the year is a prosperous one all around."

STORAGE BADLY NEEDED

E. H. Grubb Says Farmers Should Build Potato Pile on Large Scale. That what Idaho needs most in connection with the raising of potatoes is proper facilities for their storage, is the claim of Eugene H. Grubb, the well-known potato expert and farmer, who recently spent a few days in Twin Falls.

Mr. Grubb stated that in his judgment there will reach a high figure next spring than perhaps ever before in the history of the tract, and, accordingly, farmers are urged to build their potato piles for a better market, rather than to sell at the present rate of 45 to 50 cents per sack. In discussing potato crop conditions over the country Mr. Grubb said: "Enormous areas of land in northern Colorado will be under water for potato cultivation for some time as a result of diseased conditions amongst the tubers, and this is a most serious condition. The state will be almost a total loss. There are also other sections of this country where the potato crop is not healthy, and is covered with rot, and against European potatoes can mean but one thing, and that is a potato shortage next spring. The Idaho states and many middle western states have practically no potato storage facilities. Colorado is doing up in this way and North Dakota is doing up in this way. I have strongly urge the farmers of the Twin Falls tract and in fact of all Idaho to begin the construction of potato piles at once, so they may store their own potatoes instead of being forced to dump them on the market at prices which a little later on they will worry they accepted."

SHIPS DISEASED FRUIT

C. B. Marlett of Gooding Arrested by Inspector Brannan and Fined \$25 and Costs.

That the law against the shipping of diseased fruit is being rigidly enforced is evidenced by the arrest of C. B. Marlett of Gooding by Horticultural Inspector W. H. Brannan of this city a few days ago at Gooding. Marlett is on an account in the Gooding-Lender Mr. Marlett's arrest was due to his alleged shipping of apples. Gooding, which were infected with the San Jose scale and the codling moth. One hundred boxes of the fruit were seized and covered with coal. Mr. Marlett was fined \$25 and costs. From the fine in cases of this kind range from \$75 to \$200. The apples were shipped to Gooding by Mr. Marlett from his ranch at Calleyville and a considerable number of boxes were sold before the inspection was notified that they were diseased. Mr. Marlett himself was said to be not aware that he was breaking the law. If the laws regulating the handling of fruit are properly enforced it will be but a few years until Idaho fruit will be commanding prices in all markets, and the state horticultural department should receive the hearty support of all who should be the beneficiaries of the same. Mr. Marlett's case should be a warning to all shippers of fruit in this section of the state at least.

PREDICTS BORAH'S ELECTION

Paul Davis, Secretary Progressive State-Central-Committee, Visits Twin Falls.

That the Progressive party will out a big figure in Idaho at the coming election, especially in the state and national ticket, is the opinion of Paul Davis, secretary of the Progressive central committee, who spent the early part of the week in Twin Falls. He accompanied and was assisted in the work of the campaign by Frank O. Percy of Weiser. "After traveling over the state," Davis said, "I have every reason to believe that Senator Borah will be re-elected."

"I have every reason to believe that Senator Borah will be re-elected," continued Mr. Davis. "The progressive Democrats are going to give him their support. He is considered by me to be one of the ablest men in the United States senate. He is a champion of the people. He does more for the people of Idaho and the west than any other man over in the upper half of congress. He is held in high regard throughout the east. Court interests and individuals, desirous of defeating him, have adopted some of your leading newspapers and the voters have seen through these methods and will resent such tactics used at the polls on November 6. It would not be surprising if he were elected to return him to the senate."

Democrats Badly Mixed. "As for the Democrats, they are at war among themselves, and are entirely disrupted. Hundreds of them were frightened their intention, owing to the fact that they were not to return him to the senate. Mr. Hawley, of casting an independent vote. Though on the ticket as a candidate for re-election as governor, Mr. Hawley is in reality a candidate for the senate to succeed Mr. Borah. The progressive Democrats, and they comprise the vast majority of the voters, will not stand for this and will cast their vote to send William E. Borah back to the senate. Mr. H. H. Martin will be elected by a large majority. He is a clean, honest, capable man. He is a man of the people, and will, if elected, give an administration that will benefit the people. It will be one of the best administrations the state has ever had."

There is a woman who speaks from personal knowledge and long experience, who has been a member of the Progressive party for a number of years. I know from experience that Chamberlain's Gough remedy is far superior to any other. It is a wonderful medicine that cures all sorts of ailments. (Advertisement)

SMOCK MAKES ADDRESS

Progressive Spellbinder Attacks Special Interests and Advocates Income Tax.

P. Monroe Smock, candidate on the Progressive ticket for congress, was the principal speaker at a meeting held in the Grand Hotel last evening. He was introduced by and preceded in a short address by Attorney P. A. Hutto. Mr. Smock is one of the leading speakers of his party in this state during the present campaign. Mr. Smock attacked the special interests and strongly advocated the income tax. He favored the popular election of United States senators, giving the Lorimer case as a glaring example of the evils resulting from the present manner of their selection. He elected, Mr. Smock promises to work for national relief for the farmers and for the completion of the reclamation acts. He lauded the state Progressive ticket and appealed to the voters to write in the names of the Progressive electors on the ballots.
