

TWIN FALLS NEWS

ISSUED BY REPUBLICAN COUNTY CENTRAL COMMITTEE

IN THE INTERESTS OF ECONOMY AND GOOD GOVERNMENT

NINTH YEAR. TWIN FALLS, IDAHO, THURSDAY, OCTOBER 31, 1912. Special Political Supplement—Advertisement NUMBER 1.

REPUBLICAN STATE CANDIDATES

United States Senator,
WILLIAM E. BORAH.

Representatives in Congress,
BURTON L. FRENCH,
ADDISON T. SMITH.

Justice of the Supreme Court,
GEORGE H. STEWART.

Governor,
JOHN M. HAINES.

Lieutenant Governor,
HERMAN H. TAYLOR.

Secretary of State,
WILFRED L. GIFFORD.

Auditor,
FRED L. HUSTON.

Treasurer,
O. V. ALLEN.

Attorney General,
JOSEPH H. PETERSON.

Superintendent of Public Instruction,
GRACE M. SHEPHERD.

Inspector of Mines,
ROBERT N. DELL.

PRESIDENTIAL ELECTORS

**Nathan Ricks, Miles Cannon, Joseph B. Hogan,
May Scott Worthman**

FIFTEEN MEN WILL BE EMPLOYED ON NOVEMBER 5 BY THE PEOPLE OF TWIN FALLS COUNTY TO PERFORM FOR THEM CERTAIN SERVICES.

IN SELECTING THESE MEN, YOU SHOULD USE THE SAME JUDGMENT THAT GOVERNS YOUR OWN PRIVATE AFFAIRS. YOU ARE NOT VOTING A PENSION—YOU ARE HIRING MEN TO WORK FOR YOU, AND YOU WILL PAY THEM FOR THEIR SERVICES.

FROM STATE SENATOR TO COUNTY SURVEYOR THE REPUBLICAN CANDIDATES ARE ABLE, CONSCIENTIOUS, RELIABLE MEN—THEY ARE THE TYPE OF MEN YOU WOULD TRUST TO HANDLE YOUR OWN PRIVATE BUSINESS—THERE IS NOT A FAILURE AMONG THEM. EACH HAS MADE A SUCCESS OF HIS OWN BUSINESS, AND, IF ELECTED, EACH WILL MAKE A SUCCESS OF THE PUBLIC BUSINESS.

REPUBLICAN COUNTY CANDIDATES

State Senate,
C. A. ROBINSON.

State Legislature,
FRED J. NIHART,
L. G. HAYFORD,
CHAS. E. BOOTH.

County Commissioners,
J. C. GATES,
CHAS. H. HURTON,
E. P. HINTON.

Assessor,
J. W. BEAUCHAMP.

Sheriff,
H. C. VANAUDELN.

Probate Judge,
JAMES W. SHIELDS.

Treasurer,
W. J. YOUNG.

Superintendent of Schools,
T. W. POTTER.

Prosecuting Attorney,
H. C. HAZEL.

Clerk,
P. J. GROSSMAN.

Surveyor,
F. G. LESSUR.

LEGISLATIVE CANDIDATES

A vote for these men is a vote for Borah. If you vote against them---well, then it is Nugent, Tannahill, Dubois, Hawley, or somebody you have not heard of, and do not want---at any rate a vote for the Democratic legislative candidate is a vote against Borah.

CLARENCE A. ROBINSON

Clarence A. Robinson, candidate for State Senator, is a representative business man and one of our many citizens who has helped to build up the Twin Falls County. In a manner of the Farmers and Merchants bank he has shown not only marked ability as a practical business man, but has demonstrated in his dealings and business relations with the farmers his appreciation of the importance of the farming interests of the Twin Falls County, and as the owner and manager of an extensive farm and orchard tract near Twin Falls, Mr. Robinson has acquired a practical knowledge of farm work, and has learned the necessity of good roads and other matters affecting the interests of the farmers. By reason of his thorough understanding of the general conditions of the country, his sound business judgment and approachable nature, he is recognized by people of all classes and parties as a man of unusual fitness for the State Senate. As a member of the State Senate he will vote for Borah.

L. G. HAYFORD

L. G. Hayford, aspirant for legislative honors from the west end of the county, is well known throughout the county. Mr. Hayford at the present time is assessor and tax collector, having been elected to that office by a decisive vote two years ago, and previous to his election having served as assessor, under an appointment, for a period of three years. His conscientious and business-like capacity in that line of work, has shown a marked familiarity with the question of taxation, and has convinced the people of his sincerity and conscientious desire to perform the duties imposed upon him by law. He is a vigorous, active, sincere type of man whose ideas on taxation, economy, good roads and a public school system would set the stamp on him as splendid material to represent this county in the State Legislature. If elected, he will vote for Borah.

FRED NIHART

Fred J. Nihart, one of the best-known of our citizens, from the west end of the county, was selected by the Republican party at the recent primary for the Legislature. Mr. Nihart has represented this county in the Legislature heretofore, and has a splendid record, and is too well known by the people to need extended comment. Mr. Nihart is a farmer, broad-gauged in his ideas, qualified by experience to thoroughly understand the questions which vitally affect the farmer, and possesses a firm conviction for the enactment of progressive and beneficial legislation by the next legislature. His experience in the legislature two years ago will stand him in good stead. If elected, to represent this county in the lower house.

Another vote for Borah.

Senator Frechafer says that Borah is a good senator, but that he ought to be given a vacation until Heyburn's seat is vacant, and when that event occurs he should be elected to the United States senate.

Did anybody hear Senator Borah ask for a vacation?

Governor Hawley traces the responsibility for high taxes in Twin Falls county to the door of an old prehistoric character named Adam. If Adam is responsible, no wonder God punished him.

Some of the Democratic candidates for the legislature are trying to induce the Republican to believe they will vote for Senator Borah. They forget that Governor Hawley has teeth!

CHAS. E. BOOTH

Chas. E. Booth, the Republican legislative candidate from the middle section of the county, is well known throughout this section. Mr. Booth is the owner of the well-known Booth Mercantile company, one of the leading enterprises of the city of Twin Falls. Among the business men he is recognized as a particularly capable business man, of sound executive ability, and progressive ideas in the matter of state and national government. He has been located in business in Twin Falls for the past seven years, and during that time, while devoting himself to the building up and growth of his mercantile business, has at the same time been closely associated with every movement of a civic nature for the development of the Twin Falls County.

Mr. Booth has declared himself for the re-election of Senator Borah, for the adoption of further legislation along progressive lines, for strict economy in the affairs of the state, for state aid, for good roads, and in against any revision of the local option law, believing that the present local option law is strong and effective and should not be weakened or made less effective by any attempt at revision.

If elected, it's another vote for Borah.

The Tuhl Herald says: "Among the many food things a candidate can do is to fight a newspaper—the latter always has the last say."—So far as the influence of the Herald is concerned it has just that advantage and no more—the same advantage that every garrulous old gabbling gossip in the county has.

Governor Wilson believes in committing suicide by easy stages—he promises to give the people that free trade dope at intervals and in such small doses that it won't cause a convulsion. Gradual stagnation he believes to be better than sudden convulsions.

H. C. HAZEL

The Republican nominee for Prosecuting Attorney is a member of the firm of Longley and Hazel of Twin Falls, and is known as one of the hardest working attorneys in the county. Mr. Hazel came to Idaho about five years ago and has been practicing his profession. He is studious, industrious, aggressive, and is recognized as a lawyer of splendid ability and as a man of staunch character.

Mr. Hazel is best known in the legal fraternity for his aggressive fighting qualities, his carefulness and his determination. He has been connected with some of the best-known cases before the District Court in this county, has made a careful study of criminal law, and has a thorough understanding of the conditions which surround the Prosecuting Attorney's office. He is certain that if he is elected Prosecuting Attorney he will insist upon a vigorous and strict enforcement of all violations of law in this county, and that he will obtain results satisfactory to the people. Mr. Hazel is a believer in good morals, in honest public service, and in economy. If elected, one thing is absolutely certain, and that is that H. C. Hazel will be a Prosecuting Attorney free from any influence and independent of any connections that may tend to hamper him in the strict performance of his duty.

BIG TALK.

Senator Borah is no good. He is a poor stick for Senator. He is a loafer. He is incompetent, and he does not care a hang about the people of Idaho. This is the talk being made by Frank L. Moore, Democratic aspirant for the United States Senate. Mr. Moore has a most vivid imagination, strong, egotistical ideas concerning himself, and enough brass, gall and bluff in his make-up to qualify him for the presidency of that well-known order whose motto is "I, the Big It."

Mr. Moore looked an audience square in the eye the other night, thrust his right hand inside the left lapel of his elegantly fitting coat, stood firmly upon both feet and, taking one long, deep breath, exclaimed, "I (THE BIG IT) can do more work in the United States Senate in six minutes (six months) than Senator Borah has done in six years."

Those of his audience who did not faint, yawned deeply and said, "Oh—ho!"

F. A. Hutto and Dr. Boyd deny all responsibility for the third party county ticket, and now claim to be merely innocent bystanders. That audience of four people at their get-away meeting at Hansen was enough to make an innocent bystander of anybody.

Hutto, Mills & Co., who represent the promotion end of the local third party, are having a hard time to keep their ticket from falling to pieces. They lost three candidates in two hours last week.

E. P. HINTON

The popular choice of the Commission from the third district. E. P. Hinton, has a host of friends, both Democratic and Republican, who are doing all in their power to secure his election. Business men in Twin Falls, as well as farmers and professional men, recognize in Mr. Hinton the type of man that is needed on the Board of Commissioners. Mr. Hinton is exactly what he appears to be, a broad, substantial, careful and economical man, a farmer by occupation and a successful one, and by reason of his experience and close touch with conditions of farm life is particularly well qualified to represent on the Board of County Commissioners the farming element of the county.

Mr. Hinton came to Idaho from Scottsville, Kentucky, where he was at one time engaged in the mercantile business and carries with him the strongest kind of recommendations from the most substantial and leading citizens of his former home. He is a life-long Republican with strong progressive tendencies, and is prominent support from men and women in all walks of life and of all parties.

The following letters are an indication of the high estimate in which Mr. Hinton is held by his former neighbors and friends in Kentucky.

—Scottsville, Ky., Oct. 1, 1912.

Mr. E. P. Hinton, Hansen, Idaho.
My dear Mr. Hinton: I have learned with a great deal of pleasure of the confidence which the Republican party of your county has shown in you in making you one of its nominees for the office of Commissioner. While it is not a pleasant thing to give up your substantial and successful business in order to go among strangers and win for themselves places in the public esteem.

My knowledge of you during the past fifteen or twenty years, both in positions where you so well justified the confidence of the people of your home county and in our personal dealings, leads me to offer congratulations to the citizens of Twin Falls county upon their opportunity to place in office a man of your honesty and business ability. I believe it is a fact that few men whom I have known merit and have the good will and confidence of all who know them as you do.

I heartily congratulate you upon your nomination and wish for you the success which you so well deserve in November. Sincerely yours,
A. S. GARDNER, Cashier.

Hawling Green, Ky., Sept. 26, 1912.

Mr. E. P. Hinton, Hansen, Idaho.
Dear Sir: I recently learned that you have been nominated on the Republican ticket for Commissioner of your county, and while I am a Democrat, and not entitled to vote in the election, I am gratified to know that you have been selected by your people, and I know of no Republican that I would rather see preferred than yourself.

I have known you since you were a boy, and you have acquitted yourself before your fellows in such a manner as to make all who are acquainted proud of your record. I know you to be trustworthy, competent and true, and I assure you that your people back in your old state, regardless of politics, will be glad of your election and will be glad of an opportunity to assure your people that they need not be afraid to trust you in your position as a public servant.

Trusting that you may be successful, and with kind regards to you and family, I am
Very truly yours,
D. W. BRADBURN,

Ex-Circuit Judge, 8th Judicial District of Kentucky.

Letters of strong endorsement of Mr. Hinton have been sent to certain of the voters in Twin Falls county by Judge W. M. Koch, G. W. Weaver, clerk of the Allen Circuit Court, Ed. F. Welch, merchant, and other citizens of Scottsville, Kentucky, where Mr. Hinton had lived from boyhood.

J. W. SHIELDS

The splendid record of efficiency behind Judge Shields' candidacy for reelection is known to the people of the county too well, and too favorably, to need any extended discussion. The women and mothers of the county recognize in Judge Shields a real friend of the boys and girls who are inclined toward waywardness. His unflinching work in the juvenile branch of his office has brought him into favorable notice of people throughout the state who are interested in juvenile corrective methods.

The office of probate judge has been conducted in a splendid manner during the incumbency of Judge Shields, and lawyers and laymen alike, regardless of party, believe his record entitles him to further consideration at the hands of the voters in the interests of good morals and general court efficiency.

A great mass of probate and civil work, involving the equitable distribution of valuable estates, has come before Judge Shields during the time he has been in office, and his sound legal judgment and practical sense of fairness has enabled him to dispose of those matters justly and properly.

Judge Shields was recently elected department commander of the G. A. R., the highest position of honor in that organization in the state.

His sound practical and fair, and his experience, his legal training, his mature years, his strong personality, all combine to qualify him pre-eminently for the office of Probate Judge.

Homer C. Mills, the third party county ticket manager, says that if his ticket fails to poll 200 votes he will leave the county.
Good-bye, Homer!

Every taxpayer has reason to know the importance of selecting capable men for County Commissioners.

Taxation is a personal matter with every property holder. Taxation is based upon the expense of running county affairs. An economical Board of County Commissioners, therefore, is absolutely necessary, if any relief can be expected from exorbitant taxes.

The Republicans have nominated three candidates for this Board who represent ability and known efficiency. They are men of experience. Each stands high in the estimation of the people of his community.

A comparison of taxes for 1910 and 1911 in this county is an unanswerable argument in favor of a change in the personnel of the Board of County Commissioners.

The comparison of the financial statement of the County Auditor of Cassia county and Blaine county with that of Twin Falls county is interesting, to say the least. For the fiscal year the total revenue distributed for Cassia county was \$107,635.34, for Blaine county \$245,631.38, and for Twin Falls county \$385,404.39. Thus it appears that Twin Falls spent \$140,000.00 more for the fiscal year of 1911 than did Blaine county, although Blaine county represents an area at least twice as great as that of Twin Falls, and has at least three times the mileage in wagon roads, and by reason of its extensive area reports more expenditure for administrative purposes. Cassia county managed to get along with an expenditure of \$107,635.34, which is over \$400,000.00 less than distributed by Twin Falls county.

We are indeed an expensive, reckless, prodigal little county. If you had hired a man to run your farm for you and at the end of two years you found it had cost you twice as much to run your farm as it had to run other farms of similar size in that community, would you do it? Would you continue to employ an expensive luxury, dressed in overalls, or would you protect yourself from financial suicide by hiring somebody who could deliver the goods?

OTIS H. BURTON

If you were calling a man to run your business you would naturally select a business man and a good one at that. As a voter you should exercise the same care in selecting the men who will run the affairs of the county. The county commissioners are from the business standpoint the most important officials in the county, and should be selected for two considerations: business ability and integrity. O. H. Burton, the Republican candidate from the second district, will in a large measure represent the taxpayers of this portion of the county where a large proportion of the taxes are collected. Mr. Burton has the ability without question, and if the voters see fit to place him in office he can be counted on to give a good, clean-cut administration of the county affairs. His integrity is unquestioned and his long residence in the county has given the people a strong confidence in his statements of what he will do or will not do. He has never been charged with a weak backbone on any time, and his statements of law enforcement can be taken at full value. As a competent civil engineer, Mr. Burton is in a position to give the county a greater degree of service than the average commissioner. In the working out of the road problems of this new county, there is need this year for a greater degree of economy in the county affairs and the judicious expenditure of the county's money will be one of the real issues of the campaign. A man who is not afraid to turn down a bill if it is excessively high will be of inestimable value to the taxpayers. Mr. Burton is not afraid to say NO, and his level-headed honesty should be a pretty good asset to the taxpayers of the county.

J. C. GATES

J. C. Gates represents the First Commissioners' district on the Republican ticket. Mr. Gates is a farmer and operates one of the best farms in the western end of the county. He is in all things a practical man, understands thoroughly the needs of the farmers, and has first-hand information upon the subject of good roads and economical administration of county affairs. Mr. Gates has a number of original ideas with reference to the reduction of taxes which will bring about some desired changes in county affairs. Among the farmers in his neighborhood he is known as a careful, conscientious, upright man of the soundest business judgment. He has a sincere desire to get results through the Board of County Commissioners that have become so absolutely essential to the welfare of the county. Mr. Gates himself has felt the pressure and the hardship of exorbitant taxation, and has determined, if elected, to bring about a salutary change.

The voters of the west end are for him to the man and he will poll an enormous vote all over the county. The qualities which Mr. Gates possesses are precisely the qualities so much needed on the Board of County Commissioners.

H. C. VANAUSDEN

In coming before the people and asking their support for reelection, I do so wholly on my past record in the last two years as Sheriff of Twin Falls county. Mr. Dyer in showing expense on his card, does not tell you that he shows up as earned fees \$10,000 saloon and pool licenses, which is not earned fees of the office. He does not say that in eighteen months of his administration he had 56 arrests as against 107 in the first eighteen months of my administration, also that he filed 237 civil cases as against my 413 in the same length of time; he does not tell you that I took one year of District Court off his hands, which had been carried over on account of the illness of Judge Walters. He furthermore tells you that he will enforce the law, especially the local option law. I now ask you how many arrests of violators of that law he made, although the county was under legal option law during eight months of his administration.

The cases all told under my administration were handled for \$3.90 each less than during his administration. Now if I continue the same business-like administration as in the past and continue to make Twin Falls county the cleanest and best county in the state.
H. C. VANAUSDEN.

TO THE VOTERS OF TWIN FALLS COUNTY.

The statement has been made from different sources and published in the Twin Falls Chronicle and the Filer Journal that I sold my property in Twin Falls and changed my residence to another state, and further that I now seek the office of County Treasurer only to resign in favor of my partner.

First, I wish to say that this is all that the accountants can and wrong with my record, or my administration of the affairs of the office of County Treasurer of Twin Falls county for the past twenty-one months, that my record is certainly very clean and that I should be re-elected.

Second, that I know of no law in this county which prohibits a man from buying and selling property. I will admit that I sold my residence and used the proceeds in purchasing the interest of the heirs of my father's estate, in one-half of lot numbered nineteen in block numbered eighty-seven in Twin Falls townsite. Further, that if I sell, when you see the tract assessed against property which I now own in Twin Falls county in the sum of \$312.10.

Third, that I am a candidate for reelection to the office of County Treasurer for one W. J. Young and no one else, and that if re-elected I will not resign in favor of any one, but care for the office in the same business-like manner which I have done in the past, a statement of which is hereto attached.

Further, that my home is now and has been and will continue to be in Twin Falls, and further that my partner in business would not accept the Treasurer's office if I were offered to him.

Receipts and expenses for my office for the past 21 months:

Books and stationery	121.08
Incidentals	44.84
Furniture and fixtures	20.00
Salary for 21 months	1,487.22
Total expense	1,773.14
Total amount of interest collected on county deposits for 21 months	\$3,787.18

Net gain to county from Treasurer's office for 21 months was \$2,014.04

Yours truly,
W. J. YOUNG, County Treasurer.

Gov. Hawley, in his famous keynote speech in Twin Falls, told the people that if taxes were exorbitant, to call upon the County Commissioners for an explanation.

Thanks, Governor, that's splendid Republican argument!

There is not a VOTER in Twin Falls county today who has the slightest idea how the Democratic candidates for the legislature will vote on the matter of United States Senator. God only knows what they will do—and he won't tell.

P. J. GROSSMAN

All the old-timers on the track know P. J. Grossman (commonly known as Jimmie Grossman), Republican candidate for Coroner, and they know him to like and respect him.

Seven years ago he took up land just west of the city of Twin Falls, has stuck to it and improved it and has been identified with every step of the city's progress. He is a graduate of the Massachusetts College of Embalming, of Boston, Massachusetts, was associated with H. E. Hunt and his successor, C. J. Walker, in the undertaking business in Twin Falls, and, on the death of the latter, bought out his business and now owns and conducts it at the old stand of H. E. Hunt and company and C. J. Walker.

Mr. Grossman is thoroughly familiar with the duties of Coroner, having acted as Deputy Coroner under Hunt and under Walker. He is an all-around man, personally likeable, courteous, capable and square.

The Buhl Herald says Mr. Hicks is responsible for all of the convictions that have been had in the past two years.

That is pretty rough on the lawyers who assisted him.

The County Commissioners "have nothing to say, thank you—nothing to say," about that Edmonds report—and they have quit whispering about the Probate Judge.

T. W. POTTER

Superintendent T. W. Potter has been connected with the schools of this county for six years. In the capacity of City Superintendent of the Twin Falls Schools for over two years and as County Superintendent for the past four years.

The schools of Twin Falls county, both city and rural, are recognized as the best and most progressive in the whole state. Mr. Potter can justly claim considerable credit for the excellent conditions of county schools, believing that the salvation of the country and the desire for country life and occupations depends greatly upon the practical work done in the schools. He is greatly interested in bettering the conditions of county schools, believing that the salvation of the country and the desire for country life and occupations depends greatly upon the practical work done in the schools. He is greatly interested in almost a crime that our schools in the past have devoted all their energies and time to the cultural and neglected the real practical "bread and butter" education. Hence he has emphasized the importance of education in industrial lines, along with books, organized pupils' garden and agricultural, sewing and cooking

NOTICE OF PLACE OF HOLDING GENERAL ELECTION IN TWIN FALLS CITY NOVEMBER 5, 1912.

- Voting place in Precinct No. 1, Twin Falls—Jones building on East Main. Registrar Precinct No. 1—T. A. Reed, at Hill and Taylor's office.

To the Progressive Voters of Twin Falls County

We the undersigned voters of Twin Falls county, in the interests of Theodore Roosevelt for president, desire to announce:

That we are opposed to the placing in the field of a third party in Twin Falls county and that so far as we can learn this feeling is shared by a large majority of bona fide Roosevelt men:

That we desire to make it clear that the issues of Progressivism should not take into consideration the offices to be balloted for in this county as we do not believe that the best interests of Progressivism can be served by forcing national issues into county affairs.

Vote for Theodore Roosevelt for president—Choose the best men to serve the taxpayers of Twin Falls county.

- (Signed) F. M. BUCKLEY KIRK BOOTT C. D. THOMAS L. L. BRECKENRIDGE C. H. CHAPIN

VICE PRESIDENT IS NEAR DEATH'S DOOR

NO HOPE FOR RECOVERY OF JAMES S. SHERMAN.

Complication of Diseases Results in Critical Condition—Slight Improvement Noted, But Physicians Cannot Promise Relief.

Statement of Physician

Dr. Peck at 8 o'clock tonight authorized this statement: Mr. Sherman has been sick all of this year, due to the condition of the kidneys, hardening of the arteries and softening of the muscles of the heart.

Renewed Interest in the Prospects of a New Railroad to the South

Renewed interest in the prospects of a new railroad to the south has been occasioned by the visit here this week of W. C. Kenyon of Chicago.

TO CONDEMN LAND

Electric Road, Busa State, in Order to Suits have been filed by the Twin Falls Railway company against the state and state land board to condemn small tracts of land along the right of way of the company on either side of the Snake river near the Shoshone falls, for the purpose of acquiring the land in order to locate a bridge across the canyon.

NEW SECRETARY COMING

C. R. Hoffman of Milwaukee Has Been Engaged by the Commercial Club Directors.

The directors of the Twin Falls Commercial club have engaged the services of Carl E. Hoffman, of Milwaukee, Wisconsin, as secretary of the club.

WHAT THE CANDIDATES THINK

I am not a candidate, although my name appears on the ballot. I hope none of my friends will vote for me. I want them to vote for Charles H. Burton.—E. F. HARDBE.

NEW TRAIN SERVICE EFFECTIVE SUNDAY

WILL GREATLY BENEFIT MAIL AND PASSENGER SERVICE

First Train from East Will Arrive Shortly After Noon—Will Run to and from Pocatello—Eastern Mail on Second Train.

Beginning with next Sunday, November 3, new train service from the east will be effective.

The present train schedule has been unsatisfactory in many respects for some time, chief among these being the frequent failure of mail to reach the city before the close of the business day.

Start at Pocatello

The new schedule will make a change in the connections with the main line. The noon train from the main line will start from Pocatello, instead of Minidoka, and will carry the Salt Lake sleeper, as usual.

TO HEAR ELECTION RETURNS

Members of Commercial Club and Friends Will Spend Next Tuesday Evening Together.

All members of the Commercial club and their friends are especially invited to attend the Tuesday evening in the club rooms to receive the election returns and enjoy a good time.

WHAT THE CANDIDATES THINK

I am not a candidate, although my name appears on the ballot. I hope none of my friends will vote for me. I want them to vote for Charles H. Burton.—E. F. HARDBE.

EXPERIMENT-STATION SITE IS SELECTED

JEROME TO HAVE ONE OF LARGEST OF KIND.

May Be In Charge of Eugene H. Grubb, Noted Potato Expert—Tract to Comprise 40 Acres Presented by the Kuhns.

Jerome has been selected as the site for the new horticultural station in southern Idaho, says the Capital News, which has been established by the federal government for the sole purpose of ascertaining the best potatoes to raise on irrigated lands and also to conduct experiments on sugar beet culture in order that the farmers may become more familiar with the industry and may be encouraged to engage upon a larger scale in the raising of sugar beets.

A Big Station. The experimental station is an exceptionally large one for its purpose, in fact one of the largest in the United States upon which only two products are to be considered. The tract of land comprising 40 acres and was presented to the government by J. S. and W. S. Kubn, the great irrigation promoters, who have operated upon thousands of acres for several years.

Grubb in Charge? It is not known who will be placed in charge of the experimental station. But there is a possibility that it will be Eugene H. Grubb, the noted potato expert and consulting agriculturalist for the Kuhns brothers. Mr. Grubb has done many big things in the agricultural world and for years conducted experiments on his model ranch near Carbonado, Colorado, and was the man who made that territory of the state produce potatoes equal to those raised in Oregon. For the past two years he has lectured on potato culture for the Union Pacific in Utah and Idaho, accompanying the experimenters in their work. Mr. Grubb may not be placed in active charge of the station, but will at least be in close touch with the work there and his advice on potato culture will be followed to a large extent in the experiments to be conducted.

WORLD'S RECORD COW

Canadian Jersey "Rosalind" Wins Champion Title on Record of Three Consecutive Years.

Edmonton, Alta., Oct. 31.—"Rosalind of Old Basins," a thoroughbred Jersey owned by Julian Thomson of Red Deer, 100 miles east of Edmonton, has just won the title of champion dairy cow of the British Empire, producing 11,091.50 worth of cream and milk in three years. The official figures follow: Best milking of one day, 52 pounds; one month, 1,471 1/2 pounds; one year—18,700 pounds; three years, 57,687 1/4 pounds; butter fat, 5.16 per cent; butter production, one year, 1,031.89 pounds; three years, 3,501.38 pounds. The cow also bore three heifers, for which the owner has refused \$2,000.

Rosalind, bred and raised in Red Deer, established Canadian records for one, two and three years, also for one month and one day. The animal produced 1,476 pounds of butter in an official test for 24 months, earning the title of champion dairy cow of any age or breed in the world. The cow now holds all records up to three years.

BRINGS FINE CATTLE

John R. Aull, who resides southwest of the city, has recently brought a carload of fine Jersey and Guernsey cattle to the tract on the coast.

J. W. Copeland, of Dayton, Ohio, purchased a bottle of Hall's Catarrh Cure for his boy who had a cold, and before the bottle was all used the boy's cold was gone. Is that not better than to pay a five dollar doctor's bill? For sale by all dealers. (Advertisement)

JEROME MAN ELECTROCUTED

E. Callen Instantly Killed—When Derrick Mast Breaks Power Company High Tension Wire.

Isaac E. Callen of Jerome was instantly killed Thursday morning when the mast of a derrick he was moving came in contact with a high tension wire of the Great Shoshone and Twin Falls Water Power company. The accident occurred three miles south of Jerome.

Assisted by his nephew, Burtoss Callen, Mr. Callen had dropped the mast which would not clear the wire. The team, frightened by a dog running suddenly past them, started before the mast could be lowered. The high-tension wire was torn loose and fell to the ground, striking Mr. Callen, and causing instant death. The body was lowered to the ground by the current but not seriously hurt. He did not attempt to remove the wire from his uncle's body, knowing the result would be instant death.

Mr. Callen was a brother of B. A. Callen of Jerome, and with his family had come to Jerome from Arizona some only a week before his death with the intention of purchasing a farm and making his permanent home there. The body was taken back to Arden for burial.

Mr. Callen's body was burned beyond recognition by the high tension current. While medical aid was summoned and a report sent to the power company to close the current, the power was at a loss for more than an hour.

WHAT PANAMA WILL DO.

(A British writer in the North American Review.) The Panama canal does not shorten the route from Europe to the greater part of Australia nor to any large port in Asia or the islands of the Pacific coast. New Zealand and Siberia are brought nearer by a small distance to Europe, but the Orient as a whole will be unaffected, so that the chief existing trade routes are concerned. New York on the contrary, is brought some 3,700 miles nearer to Yokohama, 1,600 miles nearer to Shanghai, and 3,800 miles nearer to Sydney.

The outstanding fact in the tables of distances worked by various authorities is that the region which contains Japan, Korea, Central China, the Philippines, New Guinea, and most of Australia will be affected by the opening of the canal as an alternative route to great manufacturing centers.

As regards the British Empire, the chief result—and it is a most important one—will be the opening up of British Columbia and its hinterland to both sides of the Atlantic. For Vancouver and other British Columbia ports there will be a reduction of 8,400 miles to New York, 7,500 miles to Montreal, and 6,000 miles to Liverpool, British Columbia, it is immediately responded, is about to enter upon a great era of development, and both in Canada and the mother country the prospects for the export of Canadian goods are being opened up to European markets by the canal are being anxiously considered.

The development of the great Mississippi basin, and consequently of New Orleans, will be another factor helping the distance still more and bringing to naught the disadvantage of the Pacific route from the point of view of ports of call.

If you have young children who have never had a cold, or if you are a sufferer from their most common ailment. To correct this you will find Chamberlain's Cough Remedy excellent. They are easy and pleasant to take, and mild and gentle in effect. For sale by all dealers. (Advertisement)

Beware of Ointments for Catarrh That Contain Mercury. Mercury will surely destroy the sense of smell and completely arrange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them.—Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.—Advertisement

MINES OF CONTACT LOOKING EXCELLENT

HENRY SMITH SAYS CAMP NEEDS ONLY RAILROAD CONNECTION.

Splendid Values Shown in Ores Over Wide Stretch of Territory and Outlook Was Never Better Along Business Lines.

That the mines of Contact, Nevada, will one day make that section the center of one of the richest mining districts of the entire country, is the statement of Henry Smith, one of the best-known old-time mining men in that section, who is in Twin Falls on a business trip at this time.

Mr. Smith states that at practically every point where any exploration work has been done the ore bodies would splendid values and in point of volume are of a most extraordinary character. Carbonates and oxides are principally met with in the upper workings, and the sulphide zone at the present rate of development will not be actually reached for some time. The average values of Contact ore he states run about 8 per cent copper and as much as 30 per cent with about 12 to 20 ounces in silver. When the sulphide zone is reached the camp will be ready for a smelter. In the meantime the ore is being dumped and only occasional shipments are made. At this time there are thousands of tons on the dumps. One car was hauled to Rogerson and shipped out last month.

The entire future of the camp centers about the possibility of railroad development. The new proposed branch is built to lap the Western Pacific—he says—there will be 100 miles. Lapses in operation inside of 90 days. At this time he states that the population is small, but the needs of the camp are growing steadily. A small hotel is being erected, and Mr. Smith says that he will need a building for such purpose to any person who cares to start a hotel there, or he will donate a corner lot for building purposes.

That the railroad is bound to come some day is the confident belief of every man in camp—and when it does Contact will go ahead by leaps and bounds, says Mr. Smith.

TWIN FALLS IDAHO

EDITORIAL PAGE OF THE NEWS

OCTOBER 31 1912

TWIN FALLS NEWS

A Progressive Republican County Seat Newspaper. Published Thursday by the Twin Falls News Publishing Company...

once since the days of Lincoln, and a hurried return to the principles of protection was the result. Whether or not this experiment was even moderately successful may be ascertained from any honest man, Republican or Democrat...

of tax tending to equalize the cost of production in America and outside of it. The fundamental principle of Republicanism as opposed to the fundamental principle of Democracy is after all a very simple matter...

ABUSE OF OFFICE HOLDERS.

Eleventh hour efforts to discredit Republican candidates for office on the part of the Twin Falls Chronicle are not altogether a surprise...

In a lengthy article devoted to the personal abuse of Probate Judge Shields there is just one kernel of wheat among the chaff. The Chronicle says: "Mr. Edmunds (export accountant from Salt Lake), after going into the records in the probate office thoroughly, reported that Judge Shields was indebted to the county in the amount of \$527.25 on July 8, 1911."

Never in the history of Idaho has any one man been subject to so much petty humiliation, so thoroughly investigated or so splendidly vindicated. Judge Shields has been "investigated" by various persons, competent and otherwise, steadily ever since he has been in office.

WHERE HAWLEY STANDS.

Recent accounts of the disgraceful proceedings at the St. Anthony Industrial School are more than enough to add fuel to the flames of righteous wrath against those responsible for the terrible conditions depicted.

The position of Governor Hawley as chairman of the board places that official in a light hardly to his credit. By virtue of his office he has the power to compel action on the evidence brought out, and a suspension of the head of the school pending the investigation would have gone far towards proving his own disinterestedness and sense of justice.

A CHEERING COMMUNICATION.

A subscriber writes: "Enclosed find six dollars to pay for two years' back subscription and one year in advance. I am paying for a ranch near Buhl which is to be my home; you

may imagine with what pleasure I receive each issue of The News and note the rapid and steady development of the tract. If accounts are true it will excel even my wildest dreams, and I am some dreamer. I have not seen the country in six years when there was nothing but sagebrush and pioneer shacks.

This man is on the right track. His letter breathes sincerity and he is to be congratulated on the course in life which he has mapped out for himself. There is no better ranch land to be found anywhere than that around Buhl and on the Twin Falls tract generally.

The News mail contains many such interesting human touches. Rather in contrast, but none the less interesting, is a communication at hand from an irate subscriber with whom brevity is evidently one of the keynote of disposition. He writes: "Please stop The News. Your politics are too rotten for us."

A VANISHING TICKET.

The public can hardly be expected to take seriously a ticket which its own business or deserting as rapidly as they possibly can. The third party ticket in Twin Falls county need no longer be regarded as a disturbing element in the forthcoming election. For a time it seemed to promise to interfere materially in the choice of the proper county officers for the next two years.

AN EMPTY HONOR.

A number of prominent Democrats are revolving in their minds the question whether or not success would have been worth while had it come as a result of an underhand combination with the so-called third party promoters. A good many Democrats in the county have not hesitated to state that they would prefer to go down to defeat rather than elect their ticket as the pure rotten chosen by Dyer, Williams, Mills, Hutto and Brewer.

ONLY PRINCIPLES COUNT.

The News has received many compliments on the cleanness of its fight in the cause of good government in Twin Falls county. This is the only kind of a fight The News believes is necessary to win. It is the fundamental principle of Democracy which is wrong, not the Democrats individually. As far as that goes, there are a good many Republicans whose hair we do not like the color of.

A GOOD MAN IN OFFICE.

A good example of a modern, up-to-date state official is to be found in the case of Wilfred Gifford, secretary of state. The changes and improvements inaugurated in this office since the incumbency of Mr. Gifford are sufficient to warrant a belief that if there are better men than Mr. Gifford for the post they are not personally known to any considerable number of taxpayers.

The selection of a custodian for the funds of the state of Idaho is not a difficult one of this year. By his record in the office alone, O. V. Allen has established his claim to re-election to the post.

Do not blame a newspaper for becoming radical at election time. The cause is so vast, the issues so big, that it is difficult to keep from being in earnest over it.

If you have not already done so, remember that Saturday is your last day to register.

THE REPUBLICAN COUNTY TICKET.

- Senator, C. A. ROBINSON. Representatives, FRED NIHART, L. O. HAYFORD, C. E. BOOTH. County Commissioners, J. C. GATES, E. P. HINTON, CHARLES H. DUTTON. Assessor, J. W. DEVAUCHAMP. Sheriff, H. C. VAN AUDELIN. Probate Judge, JAMES W. GHEILDS. Treasurer, W. J. YOUNG. Superintendent of Schools, T. W. POTTER. Prosecuting Attorney, H. C. HAZEL. Coroner, P. J. GROSSMAN. Surveyor, F. O. LESSUR.

THE VITAL ISSUE.

When all is said and done there is but one issue in the present national campaign, namely, free trade or protection.

The cardinal features of Democracy have not changed since the time of Cleveland. The protective principles of Republicanism are just as fixed as they ever were.

Some may differ as to the extent to which protection of American industries is necessary, but all Republicans are protectionists. There may be Democrats who are opposed to any hurried radical cutting of the tariff, but all Democrats are free traders—if they were not they would not be Democrats.

Granted that certain articles of commerce can be manufactured cheaper abroad than at home (and even the Democrats do not deny this) and the need for a protective tariff becomes at once apparent. Admit that lead can be mined and marketed in Mexico at about half the cost of production in Shoshone county, Idaho, take away the tariff on lead and what becomes of the six million dollar annual income of Shoshone county alone for lead?

Again, bear in mind that this is practically, not theoretical reasoning. This is exactly what the Democrats proposed when the Underwood bill was presented to the House at the last session of Congress. It was a free trade measure, a Democratic measure. Had it been passed it would have accomplished for the lead industry just exactly what the Democrats, if elected, will accomplish for the entire list of American industries and their products.

In some directions the impression prevails that the present tariff is too high, that by reason of a too effectual protection, monopolies have been built up and the trusts have been permitted to batten on the public purse. The appointment of a tariff commission to ferret out and correct such examples of injustice of this kind as exist is already provided for, but even this objection, if true, is not an argument in favor of throwing this country wide open to the markets of the world without some form

PRESIDENT HANCE IN CHANGE.

Friday, when against my protest he went to the polls to register. Mr. Sherman is now in the condition which that sort of trouble leads to and is very seriously ill, but there is, I believe, no immediate danger of death. U.S. Oct. 29.—After a restless and un satisfactory day, Vice President Sherman dropped off to sleep while sitting in his chair at 8:20 o'clock to night, and at 11 o'clock was still sleeping. Dr. Peck, who has been with him most of the time for 24 hours, left for home, expressing confidence that his patient would go through the night without great distress. His kidneys are acting more favorably. No Concealment of Facts. There is no effort to conceal the facts concerning the vice president's case. On the contrary, both Dr. Peck and Mr. Sherman's family concede its critical nature. The doctor says, however, that kidney disease are of such an elusive nature that it is impossible to predict the course of any given case. Mr. Sherman's robust constitution, in his favor, but the fact that he has ground steadily since August weighs against him. Oregon-Puller at Oranah's First Premium Baking Advertisement.

VICE PRESIDENT NEAR DEATH.

outlet will certainly be provided for in the near future, as this country cannot progress much farther without some one, seeing the advantages of building a road from the south, will do so. Vice President M. J. Sweeney presided at the luncheon and announced that the new secretary, Carl R. Hoffman, would assume that position next Monday. BERGER-NUTTING WEDDING. Earnest E. Berger and Miss Florence M. Nutting, both of Buhl, were united in marriage by Dr. Anderson at his home Tuesday. The ring service was used. Mr. and Mrs. R. W. Goodspeed, also of Buhl, accompanied the couple. Mr. and Mrs. Berger will make their home at Buhl. Mr. Berger was one of the early settlers on the west-end of the tract and is engaged in farming. County Superintendent and Mrs. T. W. Potter returned Sunday from Pocatello, where they attended the Joint meeting of the teachers in the state, and best ever held in the reports, and states that the Gem City did its best to accommodate the thousands of more teachers, but the inadequate public buildings did not meet the needs of the general session. When Eloquence Didn't Work. There is such a thing as being too eager, as witness the following remark: "Yes," said the statesman, "I deflected myself by my own eloquence once." "How was that?" "I was a candidate for the nomination to congress, and I got up and made a speech to the convention, in which I just naturally sang Old Glory, with a capital O and a capital G, to the breeze in so enthusiastic a manner that I took the house by storm. I dilated on the greatness of our country and on the responsibilities of the man who should be called to make its laws. All one old fellow from a back county got up and said that I had convinced him that it was too big a job for so young a man as I was to tackle, so he moved that the convention nominate a man of more experience; and, by one, they did it."

Retarding Home Influence.

A writer in the Boston Transcript remarks upon the new factors which antagonize home influences and says so much time and attention that home is a less constant factor and seems to the child less important than it did a generation ago. "The school," not only with its regular work but with its athletics and affiliated social interests, demands an increasing amount of time. The church, with its many organizations, calls for many evening hours as well as for a large part of Sunday. In some communities the children seem to have about as few hours for frisking home life as the busiest of business men and the mother needs the best methods as well as the finest of time she has to exert those influences which are recognized as the most potent as well as the most uplifting in life. The church is making a mistake in pushing so vigorously religious, philanthropic and social organizations for women, while neglecting to a minor place that organization whose aim is to strengthen the very heart of the social organism—the home. More attention should be given to honoring and helping of motherhood."

Saved Comrade, but Lost Life.

A workman sacrificed his life to rescue a comrade who had been overcome by fumes in a blast furnace at Darlington, Staffordshire, England a few days ago. A man named Jackson was descending the furnace on a pulley chain in order to readjust the chain around the scrap-iron lying in a heap of coke at the bottom when another workman saw him fall off the chain just before reaching the bottom. In response to an alarm several men rushed to the top of the furnace. A foreman named Jackson immediately placed a stay over the workman and went down on the pulley chain. He held a rope round him, which he pulled up. Then Jackson ascended on the chain, but when within a few feet of the surface he called out "Make haste, I'm going," and fell backward to the bottom of the furnace. Three workmen named Jones, Darby and Speake made a brave attempt to rescue Jackson. Speake managed in the end to get a rope round Jackson's waist and he was pulled to the top but was already dead. Gifford's Boston brown bread at Oranah's First Premium Baking Advertisement.

NOTICE.

To the Stockholders of the Twin Falls Canal Company. You are hereby notified that the regular meeting of the stockholders of the Twin Falls Canal Company will be held at the offices of said company, in Twin Falls, Idaho, on Tuesday, the fourteenth (14th) day of January, 1913, for the purpose of electing five (5) members of the board of directors, and transacting such other business as may come before said meeting. TWIN FALLS CANAL COMPANY. W. O. Taylor, Secretary. To the Stockholders of the Twin Falls Canal Company. The board of directors of this company, at a regular meeting held October 1, 1912, has laid out for the purpose of maintaining and operating the canal system of this company for the year 1913, the sum of fifty cents per acre or share, upon all lands which are entitled to receive water from the canal system of this company. This payment is due and payable on March 1, 1913. If not paid at that date, a penalty of one per cent a month will be added thereto, and no water will be delivered until payment is made. TWIN FALLS CANAL COMPANY. W. O. Taylor, Secretary. Typewriter repairs. Phone Mr. Price. 115—Advertisement.

Mrs. F. K. Gulliford of Three Creek has taken up her residence in East Lawn addition for the winter. Her brother, J. M. Dratton, and her daughter and husband, Mr. and Mrs. Ed DeMunn, of Three Creek and Jarbidge, will reside with her until early spring.

Miss Eleanor Rogerson, formerly of Twin Falls but who has been absent from the city the past year, returned Monday evening from Red Wing, Minnesota. Miss Rogerson intends to remain here for some time and will make her home at the Rogerson hotel.

J. B. Tate and D. D. Delany of Pender, Nebraska, arrived in the former's auto last Saturday and will remain for some time, as Mr. Tate owns a 340 acre ranch near Hollister and expects to complete plans for improvement of the same this winter. His family will arrive in the spring to make their home in southern Idaho.

Robert Rogerson returned Monday evening from a trip to the middle western states, where he disposed of his cars of sheep in the St. Joseph market and spent several weeks visiting with a brother and sister in Iowa. Mr. Rogerson expressed great pleasure in again being in Twin Falls and says that this is the best little city in the northwest or middle west.

COMPLIMENTED BY TACT

Lincoln County Boys' Grow Premium Potatoes Which Are Sent to the President.

President Taft has written to Master Juana Roberts, of near Jerome, commending him on his being awarded first prize at the Jerome potato club contest. Master Juana's bushel of premium potatoes were purchased by Master Fred H. Reed and sent to the president. The following letter from Mr. Taft to the young potato raiser is given as follows in the Lincoln County Times:

Beverly, Mass., Oct. 17.—My dear Master Juana: Through the courtesy of Major Reed I have received some of the prize potatoes which you earned in a recent contest, and write to congratulate you on the excellent product of your industry. You deserve a great deal of credit. It is such contests as this and such successes that will stimulate interest in agricultural pursuits and make for better farm products. Sincerely, your friend, W. H. TAFT.

RALLIES WELL ATTENDED

Progressives at Hollister and Democrats in This City Draw Good Crowds.

Dr. T. O. Bord, Progressive candidate for lieutenant governor, was the principal speaker at a meeting held at the city hall Tuesday evening. Attorney F. A. Hutter, of the city, and J. B. Stocking, of Hollister, were the other speakers. The meeting was one of the best attended so far this campaign outside of the Twin Falls meeting.

Colonel Atwood, a national speaker, will visit here November 14. The officers of the lodge state that they expect to be occupying their new rooms, above the new post office building, about December 1.

MOOSE LODGE INCREASING

Large Classes Being Taken in Rooms to Be Ready Soon.

Eighteen new members were initiated into the Loyal Order of Moose Wednesday evening and a class of 50 will be taken in next Thursday evening at the meeting to be held in Masonic hall. National Director O'Connell who is spending a few weeks in the city, expects to have over 300 members by the close of this dispensation, which will close November 14. The officers of the lodge state that they expect to be occupying their new rooms, above the new post office building, about December 1.

KICKED BY BULL MOOSE

C. W. Dyer Admits Getting Hard Blow Just Before Election.

C. W. Dyer, Democratic candidate for sheriff, has been limping about for the past week due to a game knee. His enthusiastic political friends say he sprained the member in making a fast run for office, but the candidate himself, more frank in his statements, admits he has been kicked by a Bull Moose. At any rate, Mr. Dyer has been unable to travel around among his friends as fast as he would like just at this time. Mr. Dyer slipped on a stairway, badly straining the knee.

Thompson & Beauchamp SPECIALS

Thompson & Beauchamp RETURNS FROM COAST

121 Main Avenue East

Eighteen new members were initiated into the Loyal Order of Moose Wednesday evening and a class of 50 will be taken in next Thursday evening at the meeting to be held in Masonic hall. National Director O'Connell who is spending a few weeks in the city, expects to have over 300 members by the close of this dispensation, which will close November 14. The officers of the lodge state that they expect to be occupying their new rooms, above the new post office building, about December 1.

The crops everywhere are immense, and business is going right ahead," said Guy B. Sierer, who returned last evening after a ten days' business trip to Portland, Seattle and a number of Oregon and Washington cities. He visited the Yakima fruit country and brought home a few samples of superior apple and coloring in apples. Politically, Mr. Sierer says, matters are not up in the coast states as anywhere else in the country. There are no wise ones when it comes to telling how the elections will result next Tuesday.

FEATURE SPEECH OF CAMPAIGN

One of the most telling features of the entire Republican campaign in the county so far was the remarkable speech of C. C. Moody, secretary of the Republican county central committee, delivered at Filer Saturday night.

Moody discussed national issues, going into the tariff in detail and in a rapid fire style of delivery which immediately attracted the attention of his hearers, he presented the entire argument of protection versus free trade in splendid detail.

He tore to shreds the stock argument of Democracy in effect that a reduction in the cost of living would be one of the main results of the free trade program; and explained with telling effect the working of a protective tariff which, while it increased the cost of many products, also increased the cost of chasing power of farm products to a much greater extent.

Mr. Moody's familiarity with his subject, together with the actual figures which he presented, made his speech one of the most interesting that has yet been heard.

Here is a woman who speaks from personal knowledge and long experience, Mrs. E. H. Rogerson of Wilton, Pa., who has long experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it. For sale by all dealers.

HENRY J. WALL makes many FARM LOANS

SPLENDID MEETING IS HELD AT FILER

GOOD AUDIENCE GREETS TWIN FALLS COUNTY REPUBLICANS.

C. A. Robinson, Judge J. W. Shields, H. C. Hazel and Others Delivered Strong Addresses.

That the Republicans of Twin Falls county have made a good clean fight along business lines, and that from the standpoint of the voter they are entitled to election, was the gist of a strong speech delivered by C. A. Robinson, candidate for senator on the Republican ticket, at Filer—Saturday night.

A good-sized attendance was present notwithstanding the fact that a wrestling match billed for the evening interfered materially. The remarks of all the speakers were frequently applauded, and the attitude of the entire audience was one of keen interest.

Mr. Robinson illustrated his various points by a number of humorous stories, delivered in his own familiar style, and devoted some time to a scathing arraignment of the methods of the Democratic official organ of Twin Falls in regarding the personal attacks of Republican candidates as a means of electing its own ticket.

He pleaded with his hearers to make their selection of men on straight business lines—and to avoid personalities as much as possible in the selection.

Judge J. W. Shields, Republican candidate for county judge, gave a splendid talk on the work of the juvenile court, and demonstrated beyond question his interest in the work and his entire fitness for the position. He

gave a number of illustrations of his methods of handling juvenile court work, showing how a personal interest on the part of an incumbent of this position is the highest importance in the rising generation. He closed with a strong plea for the election of H. C. Hazel as prosecuting attorney, and an endorsement of the well qualified for the work of the office and whose interest in juvenile court work was shown in the past to have been equal only to that of the judge himself.

John Graham, well known Twin Falls attorney, gave some remarks regarding the comparisons of cost to the taxpayers under the administrations of Gooding, Brady and Hawley. His remarks were followed with the closest attention.

A number of other candidates spoke briefly and the meeting was continued to a late hour.

PREDICTS REPUBLICAN VICTORY.

Attorney Booth, secretary of the Republican organization, is confident of success. "The issues have been presented fairly and honestly. We have made a clean campaign, and we will be victorious. The spoils for us on November 6."

"The people know the issues too well to again vote the Democratic ticket," says Booth. "The verdict of the voters must depend on the merits of the candidates and on the wisdom of the state and county officers. Politics is simply a matter of business, and the people are entitled to know it. They will vote for the strict enforcement of law, proper care of delinquent children, good administration of schools, and a sane county officers."

"It will be a Republican victory."

PRICE OF SHOES IS BOUND TO MOVE UP

ADVANCE IN HIDES AND LEATHER MUST BE MET.

Local Man Explains Situation—A Sharp Increase in Prices Must Come Soon, and They May Never Be Lowered.

Local shoe dealers here have advised that the wholesale price of shoes, at present, is 10 per cent to 20 per cent practically all over the country. This is given as the inevitable result of a still further advance in the price of leather and hides, and that there is no indication that the top has yet been reached.

Max Pink, local cobbler-in-hides, states that he is securing the material with difficulty. He finds cattle for slaughter very scarce, thus necessitating his paying a higher price for hides and a corresponding advance in leather and hides. Speaking of the situation a few days ago Mr. Pink said:

"Prices in leather goods of all kinds are going high. This has been going on for some time and the cause lies in the scarcity throughout the country for slaughter for hides. At this time I have had three times the quantity of hides for shipment that I have today. Of course I am paying more for them, but paying more for them as well."

Where Cattle Come From?

"The cause for this rise in hides and leather begins with the stock grower. The fact is, the young stock is being killed and the quantity of hides coming on as producers of hides is getting low. This does not look very bright for the future. Consequently, when a stock grower kills a steer for the purpose of selling the hide as well as the meat, he is asking more for the hide, owing to the scarcity."

"We may not hear from the manufacturer of shoes until later in the season. The price of hides and leather will advance the cost of shoes. The shoe manufacturer must pay more for their leather and the price will go up all along the line, ending with the consumer. With the continued scarcity of beef cattle it might be no telling how long these prices will last."

Statements by Merchants.

W. H. Eldridge, local clothing and shoe merchant, when asked concerning the rise of leather goods and the price of shoes, had this to say: "The advance in the price of hides and leather will advance the cost of shoes. The shoe manufacturer must pay more for their leather and the price will go up all along the line, ending with the consumer. With the continued scarcity of beef cattle it might be no telling how long these prices will last."

"I believe every candidate on the county ticket will be elected," says Pink. "The Republicans will capture the state."

THINK REPUBLICANS WILL ELECT EVERY CANDIDATE

Chairman W. H. Eldridge, speaking of the political prospects late night, said: "Our campaign has been conducted on a high plane. Our candidates are all good, substantial men, and well qualified to fill the various offices they seek. Their claims for consideration are plain and honest. No apology need be made for the method of campaign adopted."

"I believe every candidate on the county ticket will be elected," says Pink. "The Republicans will capture the state."

ARRANGE CARRIER SERVICE

F. G. Burkhardt of the Capital News Secures Carriers for Sunday

Distribution.

F. G. Burkhardt, representative of the circulation department of the Capital News, Boise, has been preparing several days in this city the past week arranging for carrier service for the Capital News here. The carrier service will be for Sunday only, however, and will begin next Sunday, November 3. Mr. Burkhardt states that it will be necessary to place a local agent in charge of the distribution of the Capital News in this city in the near future.

WILL TRY TO TURN TABLES ON ALBION

BIG GAME TO BE PLAYED HERE NEXT SATURDAY.

Local High School Team Prepared to Meet Collegians in Return Match—Good Attendance and Support Will Help Win Over Handicaps.

Albion Normal College football team, strongest in her history, will be here Saturday, November 2, to give battle to the local high school warriors. This will undoubtedly be the hardest fought game seen on the local gridiron this year, and on their home field the high school boys will try hard to even up for the defeat they received at Albion two weeks ago. In arranging this game Coach Jones realizes he is going out of high school class. The college team from

Albion will outweigh the Twin Falls boys 20 pounds to the man and they have a fine group of powerful players. However, the high school boys have more opposition than the high school teams in this section can give them, if they are to get into shape for the state championship games later.

It is hoped that a large crowd will attend the game Saturday and help the local boys win. The handling of the college team has over them in weight and experience can be largely overcome by a large crowd on the side lines to cheer them on. Help your high school team and don't miss the best game ever witnessed in Twin Falls.

CLEVER CROOK GETS CASH.

(Continued from Page 1.)

ed he had spent some time. He is said to be about 32 years of age, 5 feet 6 inches in height, wearing a gray chin beard and mustache, having blue eyes, one eye—the right—bad. Sherriff's notices have been sent out over the western states and it is believed he will be picked up in the near future.

GIRLS PICK SPUDS

Idaho Falls Grower Finds That Fair Harvesters Are Better Than Men at Work.

Idaho Falls, Oct. 23.—Farm girls have come to the rescue of T. E. McCowin of Idaho Falls, who has gone into the potato fields and earning over \$5 a day, each and their board, harvesting potatoes, says the Idaho Statesman. McCowin has experienced a great deal of trouble in getting help, as have practically all the potato growers of this vicinity. Men for his work have been scarce and indifferent in their work. Picking by the sack the men left many marketable potatoes in the field, picking only the biggest and in this way incurring a loss for the grower.

McCowin's daughters, knowing of his difficulty, volunteered to help. Neighbors and girls, seeing their friends at work in the fields, asked if they would be paid as much as the men. McCowin, thinking it more of a joke than anything else, but willing to try anything, told them to begin. The girls proved such able help that he let several of the men go, supplying their places with girls from the neighborhood. The girls met McCowin at Idaho Falls at a local bank Saturday for the purpose of "settling up." Three of the most expert fruit were sent from this city to the Children's Home, and that any donations this year will be heartily appreciated.

ASK FRUIT FOR HOME

Donations Will Be Received at Commercial Club to Be Sent to Boise.

Mayor C. O. Meigs has asked the people of this city to donate canned fruit or fresh fruit to the Children's and Orphans' Home at Boise. Donations are made annually to this institution and go a long way toward its maintenance. All persons who desire to make some donation will leave same at the Commercial club, from where it will be forwarded.

J. V. Hawk, field superintendent of the home, arrived in this city yesterday on business connected with the institution. He stated that a year ago 120 quarts of fruit were sent from this city to the Children's Home, and that any donations this year will be heartily appreciated.

TO SPEAK AT KIMBERLY.

Adam Barclay, candidate on the Progressive ticket for attorney general, will speak at Kimberly next Saturday evening, November 2.

Money to loan.—Swim & Aldrich. (Advertisement)

JOHN M. HAINES

WHY WE NEED HAINES

Principally because we have had two years of Democratic fever.

Our constitution has been undermined and our industrial body has been racked by the germs of extravagance, incompetency and maladministration.

Extravagance is shown in condition of appoinment of the under a Democratic governor, and at the expense of the people greater consideration has been given politics than the upbuilding of public service. The appointments have constituted a secret service political bureau for the Democratic party. This is verified on every hand. Consequently incompetency has been followed by maladministration—you can't make a good sheep with weak shepherds.

His veto has been disastrous: In a large amount appropriated for legitimate public expense, Governor Hawley crippled the educational work alone by reducing appropriations for these institutions to the extent of \$250,000—a throat at the pride of Idaho. The courts and other state institutions similarly suffered.

The legislature gave women equal rights in the ownership of community property. Hawley vetoed it.

The legislature made it unlawful for conspiring politicians to manipulate primaries. Hawley vetoed it—encouraged such violation.

The legislature gave cities the right to regulate electric light rates. Hawley vetoed it, and thereby set a natural right of the people.

The legislature wanted the people to know the laws passed, and appropriated money for publication. Hawley vetoed it—he was giving out the law!

Other vetoes were equally disastrous.

He has dissipated the Carey act trust fund.

His tax heresy has been a blow to the freeholders of Idaho. The full cash plan has increased the valuation \$98,013.17 over that of 1911. People are paying for the resurrection of an old law that did not provide for just and sane levy. Furthermore, a tax law, proposed by Governor Hawley, would have made it a felony for tax-payer to seek information from a member of the commission—or a felony for any member of such commission to give out information! A wise Republican legislature promptly rejected such an arbitrary proposition.

There has been no encouragement of industries, and the Democratic administration is a blank in so far as activity for the upbuilding of Idaho's great interests are concerned.

With depressed conditions, with destruction of faith in state affairs, with insolent action toward the people, coupled with outrageous taxation, with opposition in the legislature, and the abrogation of common rights, and by an arrogant attitude and association with interests inimical to the welfare and prosperity of Idaho, the Democratic governor has gone the limit on error.

That is why we need a man like John M. Haines, whose ideas are for building, progress and accomplishment for the state and the people, collective and individual. He encourages the homekeeper, the laborer, and the inventor.

He stands for state management and system in business, believing that the individual is intelligent enough to legally regulate himself.

HE BELIEVES that the state of Idaho should be the most successful business institution known to the people.

That their should be clean, fair and impartial administration in every department, progress and economy that comes from competency on the part of the individual, selective or appointive, coupled with keen comprehension.

—taxation that does not favor the interests, but a sound system that injures neither poor nor rich.

That there should be no class legislation, but fair consideration for all interests, large or small.

Mr. Haines demands an honest performance of every pledge in the Republican platform; he will recommend progressive legislation in the interest of the whole people, and will approve any such measures passed by the legislature.

A business man for a business job!

MUCK MAKERS, MUD, HENS, SOAP BOXES, AND OTHER THINGS.

The Democratic organization in this county has shown its hand, its method and its official organ, the Twin Falls Chronicle. Editorially the Chronicle, as the official mouthpiece of local Democracy, has indulged in malicious, vicious, libelous attacks upon the Republican candidates.

With the mud of innuendo, the slime of insinuation, the dirt of petty libel, the Democratic editor of the Chronicle has sought to plaster, daub, befog, hide and confuse the real questions at issue in the county campaign.

Not a single word of personal abuse has been indulged in by the Republican organization, by the Republican newspapers, or by the Republican candidates.

The Democratic candidates are fair and honest and gentlemanly. It is a matter of regret that they should be represented in this campaign by a paper whose idea of politics is libel, abuse, bludgeonage and rought talk.

The Chronicle would put the business of clean politics on the same plane as a dog fight.

ADDISON T. SMITH

The people of Twin Falls county are indeed fortunate in having a candidate of their own for the high position of representative in congress. The opportunity of helping to elect Mr. Smith to the lower house of congress should not be neglected by any citizen of the county who has the welfare of the county and the state and the nation at heart.

Mr. Smith is widely known over the state by reason of his long service as secretary of the Republican State Central Committee and his connection with the Idaho delegation at Washington for 21 consecutive sessions. On account of his experience in congressional work and his extensive acquaintance among the senators, representatives and departmental officials he is exceptionally well equipped for the position to which he aspires.

Mr. Smith took an honorable leave from Twin Falls in 1908, which he still retains, and has always taken the keenest interest in the development of the resources of the state. He is a graduate of two law schools, is a member of the bar of the Supreme Court of the state, having been admitted in 1905. Mr. and Mrs. Smith are members of the Methodist church in Twin Falls.

Perhaps no man in the state has a wider circle of close, staunch friends than Mr. Smith. He has the faculty of drawing close to him men of all classes of life and of all parties. The Republican party chose well in nominating him for Representative and the people will do equally well to elect him on November 5.

"If you are in doubt, ask those who know him best."

BURTON L. FRENCH

Burton L. French is too well known to the people of Idaho to make extended comment necessary. He is an able Congressman, of sincere purpose and of known ability. He seeks re-election solely upon his record in Congress, which is good enough for any one to stand on. French is one of the best speakers in the state, but more than that he is one of the hardest workers in congress.

JOSEPH H. PETERSON

Joseph H. Peterson, candidate for Attorney General, is perhaps the best qualified man for the position he seeks in the whole state. He has been assistant attorney general for the past six years, and has, during that time, been connected with some of the most important cases ever presented to the Supreme Court. Peterson is distinctly a self-made man. He is a big, frank, open-hearted man, of studious habits and a sincerity of purpose that stamps him as fitted for big things. He is, furthermore, a splendid speaker, a good lawyer, and a loyal Republican.

WHY VOTE?

The man who votes to satisfy the personal ambition of a candidate fails to understand the business of government.

It is not a question of the personal ambition or desire of Taft, Wilson or Roosevelt. The Twin Falls county citizen should vote for his own interests.

It is a simple question of choosing a tariff policy—free trade or protection.

Governor Wilson believes in a free trade policy. President Taft and the Republican party stand for protection—for good prices for farm products, for a market for labor, for a standard of life in the United States above the paucity of Russia.

WILLIAM E. BORAH

The Republican candidate for United States Senator is a man of both state and national importance, and a commanding figure at the nation's capital. He has been a hard worker for the interests of Idaho and the great west, and his list of accomplishments is long. His record is one of repeated victories, many of them hard-fought and achieved only with the greatest difficulty. His labors have been in behalf of the entire west. He introduced legislation providing for \$20,000,000 to complete the reclamation projects of the west; brought Idaho under the enlarged homestead law; shortened the homestead period from five years to three years; established children's bureaus; created an industrial commission, and introduced and secured the passage of much beneficial legislation of great importance to the nation as a whole.

Senator Borah has been a valuable man for Idaho. His re-election can be secured only by adhering to the principles of Republicanism and by sustaining the Republican legislative candidates.

JOSEPH H. PETERSON

BURTON L. FRENCH

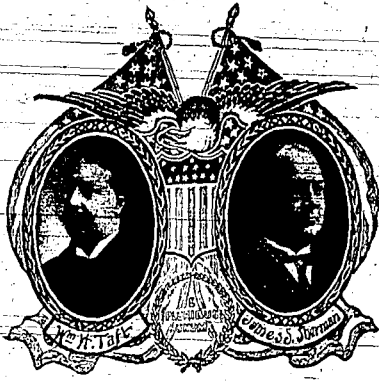

REPUBLICAN PARTY ACHIEVEMENTS

Perhaps you are not as well acquainted as you should be with the Republican party of this state and what it has done:

The Republican party of this state enfranchised women.
The Republican party, through a Republican legislature, gave the people of this state a direct primary law, containing a corrupt practices act, which is as stringent as any in the United States.
The Republican party of this state passed a legal option law.
The Republican party of this state passed the good roads district law.
The Republican party of this state passed a resolution submitting to the electors of the state an amendment to the constitution providing for the initiative and the recall.
The Republican party gave to the people of this state the most complete pure food law to be found anywhere in the United States. It entails a most rigid inspection of food products, and is a complete protection to the consumer against impure and adulterated goods. It entails complete and rigid inspection of scales, weights and measures to protect the public against fraudulent methods. It should be mentioned in this connection that the Republican party, through Senator Hoyt, gave to the United States a much needed national pure food law.

The most progressive legislation known for years is a statute passed by a Republican legislature creating a state board of health with wide powers to protect the people against pestilence and to provide a system of vital statistics.
A Republican legislature gave to the people of this state a state horticultural law for the protection of the public against diseased fruit of all kinds, and to assist the farmer in eradicating diseases and pests from their orchards.
The Republican party gave to the state the irrigation laws which are now on our statute books and which are a model for all western states.
A Republican legislature gave to the state a tax commission, which is busily engaged at this time in an effort to rectify inequalities in taxation, and to provide a uniform system of taxation throughout the state.
A Republican legislature gave to the state a most complete school code governing our public school system—one of the most complete in the United States.
The Republican legislature of this state passed the Black Law giving the commission government to cities of this state.
The last Republican legislature made large appropriations for agricultural experiment work to be conducted throughout the state for the benefit of the farmers in the state, and for their education along lines of progressive agricultural work; to teach them advanced methods of agriculture and to give them the benefit of the most recent investigation and study by the greatest minds in the country. This work was hindered in a great measure and its complete fruition prevented by a false idea of economy existing in the mind of the executive, who vetoed a large part of the appropriations. The Republicans did their part and have shown their spirit along this line, and the farmers have nothing to fear of anything to be taken from them by Republican legislation.
The Republican party has given to the people an up-to-date and efficient juvenile delinquent law, fashioned after that of Judge Lindsay of Denver, intended to prevent boys from becoming criminals.
In fact, a comparison of our laws with those of the most progressive states in the Union will show that Idaho is among the most progressive states, if, as a matter of fact, it is not among the most progressive in the adoption of progressive measures, looking to the protection of its citizenry against encroachments on all sides.

Protective Tariff and National Prosperity

PRESIDENT TAFT AND TRUST PROSECUTIONS

The following is a summary of trust prosecutions under the past five administrations:
President Harrison's administration:
4 bills in equity
3 indictments.
President Cleveland's administration:
4 bills in equity
2 indictments.
2 informations for contempt.
President McKinley's administration:
3 bills in equity.
President Roosevelt's administration:
18 bills in equity.
25 indictments.
1 forfeiture.
First 3 years President Taft's administration:
22 bills in equity.
45 indictments.
The campaign charges against Mr. Taft by his opponents to the effect that he has been lax in the prosecution of big corporations and violators of the Sherman anti-trust act are without foundation in fact.
President Taft has been more industrious in the enforcement of the Sherman anti-trust law than any other president since that law was passed. He has brought more indictments in the first three years of his administration than were brought in the four previous administrations covering a period of 16 years.

The paramount issue in the present campaign is the tariff. The Democratic party stands again for the free trade policy as opposed to the protective plan of the Republicans. The Gorman-Wilson bill, passed in Cleveland's second administration—a free trade schedule so infamous that Cleveland himself did not approve it, resulted in the following condition:

175 Railroads, representing 50,000 miles, went into the hands of receivers.
60,000 business concerns, representing 900 million dollars, went into bankruptcy.
175 National Banks closed their doors.
Thousands of laboring men were beggared. Soup houses were established in the big cities to prevent honest, industrious men from starving to death.
Farm products could find no market, and prices on all farm products reached the lowest level in the history of the United States.

The first gun of the campaign against the notorious extravagance of the County Commissioners was fired by a Democrat.

EVERY DECENT CITIZEN
Believes in law enforcement. Therefore, every decent citizen is interested in the officer charged with the duty of law enforcement. Do you believe in allowing our surface to lie, or do you favor getting down to the very root of law violation?
Everybody knows that every efficient prosecutor in the United States invariably adopts the method of convicting the instigator, the originator, the abettor of crime. Every efficient prosecutor invariably uses the petty offender to catch the big offender. Every efficient prosecutor knows that it is better to grant partial immunity to the petty offender for the purpose of getting the big offender than to succeed in convicting the petty offender of the law, and thereby permit the real criminal to go free.
A VOTE FOR H. C. HAZEL FOR PROSECUTING ATTORNEY
is a vote for a method of prosecution by which the real bad man, the real criminal, is convicted. A vote for Hazel is not a vote for making shift work in the Prosecuting Attorney's office.

According to the statement of Governor Wilson, the Democratic candidate, upon the advent of the Republican party into power and the passage of the Dingley law—a protective measure—business revived, laboring men went back to work, and the country again found itself upon the highway of prosperity.
FROM 1896 TO 1911 FARM PRODUCTS HAVE ADVANCED 106.9 PER CENT.

THE VOICE OF THE RECORDS

The following statement taken from the records in the Sheriff's office show the earned fees and the number of civil cases handled for the term from July 9, 1909, to January 11, 1911 (Dyer's administration), being 18 months of the former's administration in the Sheriff's office, and from the term January 11, 1911, to July 10, 1912 (Vanaunder's administration):
Dyer's Administration, 18 Months—Earned Fees
Third quarter, 1909, \$ 218.26
Fourth quarter, 1909, 161.36
First quarter, 1910, 191.05
Second quarter, 1910, 158.28
Third quarter, 1910, 228.10
Fourth quarter, 1910, 244.40
\$1,282.63
Number of cases, 237.
Vanaunder's Administration, 18 Months—Earned Fees
First quarter, 1911, \$ 359.65
Second quarter, 1911, 377.42
Third quarter, 1911, 485.20
Fourth quarter, 1911, 698.45
First quarter, 1912, 327.70
Second quarter, 1912, 364.76
\$2,611.50
Number of cases, 412.
During the same period above described, or from July 9, 1909, to January 11, 1911, 56 arrests were made by the Sheriff's office, 21 out of Justice Smith's court and 35 out of the Probate Court; during the time from January 11, 1911, to July 10, 1912, Vanaunder's administration, 107 arrests were made by the Sheriff's office, 11 out of Justice Smith's Court, and 92 out of the Probate Court; during the same period, or from July 9, 1909, to January 11, 1911, there was collected in fines and costs the sum of \$476.05, and during the period from January 11, 1911, to July 10, 1912, \$3,202.00 was collected in fines and \$422.00 was collected in costs, making a total of \$3,888.00.
This splendid record speaks for itself. The only question for the voter to decide is whether he wants LAW ENFORCEMENT or LAW VIOLATION. Vanaunder stands for LAW ENFORCEMENT.

The legislature passed a law relating to and limiting the husbands control of community property. Governor Hawley vetoed it.
The legislature passed a bill for the improvement of the primary law. Governor Hawley vetoed it.
The legislature passed a bill relating to the improvement of the primary law. Governor Hawley vetoed it.
By his veto of the bill relating to the husband's control of community property, Governor Hawley denied the right of the wife to materially participate in the disposition of the family property.
It left the women with but little recourse, and the unjust discrimination against them was plainly attested by a friendly malice or appreciation of common right and common justice.

Table with columns for Name and Description, 1910, and 1911. Lists various land parcels and their values in Twin Falls county.

FIRST NATIONAL BANK
Twin Falls, Idaho.
To the Voters of Twin Falls County:
I am a citizen of this county and a hard believer that he should receive the nomination. I believe now that he should be elected. I have known Mr. Hazel ever since he came to Twin Falls and know that he has many advantages. Mr. Potter will continue to make good if elected to the office of Prosecuting Attorney. He has the ability and integrity essential to success.
Yours truly, J. M. MAXWELL

T. W. POTTER
(Continued from Page 2)
I have the most of the work performed at the homes of the pupils; his plan helped the teacher and parent to work together, unaided school work, and done much toward interesting the boys and girls in home work, country life and its advantages. Mr. Potter followed a rural school and educated the young away from the farm and country life, but should do their utmost in teaching and impressing the pupils with the advantages and advantages of good country homes and well-managed farms.
Mr. Potter is more than an educator—he is a practical business man. By his thorough experience and his knowledge of conditions, through the county he is a thoroughly qualified school teacher.

T. W. Potter, County Superintendent.
Dear Sir:—Your letter of the 8th inst. received, regarding the office of County Superintendent of Schools, and your unwillingness to have been a candidate unless the school trustees of the county were in agreement with you, has been received. The contents of your letter have been submitted to the trustees of the county and numerous replies from the majority of districts have been received, commending your earnest, diligent work and urging for the best interests of the schools of the county that you continue in the same. With such assurances from the school trustees of the county, and our own personal knowledge of your excellent ability and thorough practical experience, we feel assured that Twin Falls county would certainly be the loser to permit you to relinquish the work you have so ardently been carrying on for some years past and to have your work and work with progressive, practical ideas such as you have advocated. It is difficult to understand why the practical business life of Idaho has so long been kept out of our schools and to see you, a man of such practical ability and experience, and people of this county that you possess all of these qualities to a large degree, and the best interests of all our schools demand your re-election. We also believe the office should be non-political in the strictest sense of the word.
Yours sincerely,
WM. RINGPOT, President
address, Bush, Idaho
W. F. BIRCH, Secretary,
P. O. address, Kimberly, Idaho.

WILLIAM J. YOUNG
FIGURES DO NOT LIE.
Expense Account for My Office Past 21 Months.

William J. Young, candidate for Treasurer, has behind him a record of efficiency and work which is well known to the business men of Twin Falls county. He is one of the leading business men of the community and in addition to working for his own advancement he has rendered to the benefit of Twin Falls county the same able and efficient service that every man should be able to perform in the business in which he is performing his duties.

LOTS OF MONEY!
Twin Falls county is pamed. She puts it over her last neighbors. She can spend over half a million in one year.
Amount received and expended by a number of counties.
TWIN FALLS IS THE MOST PRODIGAL OF THEM ALL!
