TWIN FALLS LOSES GAME TO HAILEY

VISITORS WIN FINAL MATCH OF LOCAL SEASON.

Contest Close, But Lacking in Snap of Championship Games—Locals Lead in First Half—Final Score 23 to 20.

In the last basket ball game of the season, played at the high school gymnasium last Saturday evening, Twin Falls was defeated by the Hailey five by a score of 23 to 20. Even though the game was a close one, the tactics of basket ball by the townspeople have been acclimated to see. Hailey was pretty well tired out from games played at Heiburn and Rupert on previous nights, and Twin Falls lacked the fight that made them conquerors while the championship was in sight. The locals led until the last few minutes of play. At the end of the first half the score was 15 to 11. During the second half Hailey broadened and Twin Falls took the bogoban. In this half, Cummings, the tanky Hailey player, began to take interest in the game and covered all kinds of ground. Part of the time he was sitting down and part on his knees, but he followed that ball with a vengeance and blocked all Hailey shots.

Both teams were weak in shooting free throws. Hailey scored three times while the chance, and Twin Falls two out of five.

A fair sized crowd was present and their enthusiasm was of the sort generally found around a margin.

The lineup was as follows:

- Kirkpatrick Right Forward
- Slone Left Forward
- Whitney, Gardner Center
- Baker, Rogers Right Guard
- Benton Left Guard
- Hailey (3)
- Gray Left Forward
- Baker, Rogers Right Guard
- Cummings Center
- Cook Left Guard
- Field, Goss, Kirkpatrick, Slone, Slone, J. Whitely, S. Bailey, J. Gray, J. Welch, G. Cummings, J. Gray, I. Welch, 2.
- Referee—West of Heiburn.
- Umpire—Barry, of Pull.

BANQUET ENJOYED AT STATE UNIVERSITY

TWIN FALLS STUDENTS HOLD ANNUAL "GET-TOGETHER."

Work Starts for Last Half of Year—Weather Severe in Northern Part of State—Ray Hughes Returns Home.

In a letter to The News, Robert J. Lath, of this city, a student of the state university at Moscow, has the following to say of the Twin Falls students at the university and of college life there.

The students from the Twin Falls country, attending the state university, held their annual "get together" last Wednesday evening. A banquet was served and games were enjoyed. When the social committee was formed, the lunch was ready, a scramble was made for the duty of preparing it. It is hoped to make the association larger and better from year to year.

While the Twin Falls County association has been in existence only two years, it has done much to create a sense of the unity and to renew their attachment to the wonderful country they call home. The officers of the association this year are: Claude, Michael, president; Clyde, Myerson, vice-president; and Robert J. Lath, secretary and treasurer.

Second Semester Begins

The first semester of this year closed January 31, and registration for the last half of the year's work took place February 3 and 4.

Ray Hughes left for Twin Falls last Tuesday morning. He will spend the spring and summer assisting his parents with work on the ranch, and will return to school next fall.

The weather here has been the worst in years. There is about three feet of snow on the lava with deep drifts in many places. The temperature the past two nights has been higher than it has been for some time. It is expected to drop below zero, according to the thermometer consulted.

German Coffee Cake

Made Without Yeast
By Mrs. Janet McKimie Hill, Editor of the Boston Cooking School Magazine.

There is no warm bread quite as appropriate for Sunday evening breakfast as German Coffee Cake, yet it is seldom made by housewives who do not bake their own bread. If a C. C. double mix Baking Powder is used, it will be just as good as it raised with yeast and it will have the further advantage of being fresh and warm. Save this recipe and try it next Sunday.

K-C German Coffee Cake

This one-cup coffee cake is just what you need for a quick breakfast. It is made with K-C double mix Baking Powder and is just as good as it raised with yeast and it will have the further advantage of being fresh and warm. Save this recipe and try it next Sunday.

Put dry ingredients together, beat the egg, add milk and butter to the egg to make one and one-quarter cups; stir all together with mixture of the dry ingredients. Turn into heated pan and spread over. Braise top lightly with melted butter. Sprinkle sugar and ground cinnamon over the top. Bake in moderate oven.

Dutch Apple Cake or Prune Kuchen can be made with this recipe by covering the top with sliced apples or prunes. Bake in the same manner.

For the K-C Book, containing just such coffee cake recipes, you can secure a copy free by sending the enclosed estimate paid in 25-cent notes to K-C Baking Powder for the price of the book. You can also write your name and address plainly.

WHY The Best Fence Is the Cheapest

The difference in cost between a loosely woven fence made of brittle, poorly galvanized wire and the best fence you can possibly buy is only a few cents, at the most. In fact, it is so slight that you can't afford to consider it for a minute. When you stop to think that it takes just as many tons and just as much labor to put up a short-lived fence as it does one that will last you two or three times as long, and when you stop to figure the cost of repairing broken-down fences—the loss to your crops from cattle breaking through, horses going over and pigs crawling under—you will agree that to buy any wire fence just because it is cheap is poor economy.

Square Deal Fence

will outlast any other farm fence you can buy and cost no more than any other fence of equal weight and quality of material. Every rod is guaranteed by The Keystone Steel and Wire Company—the mill that makes both the fence and the wire that goes into it.

Come In and See It

before you buy fencing. See how trim and neat it looks; how easy it handles; see the non-breakable, non-slipping Square Deal Lock. See the wave strand wire that keeps Square Deal Fence tight and trim the year around. See the one-piece stay wire that makes this fence self-supporting, non-sagging and non-buckling.

SALE GREAT SUCCESS

Farmers and Dairymen Buy Imported Cattle Readily at Sale Near Filer.

Notwithstanding the inclement weather, the sale of high bred dairy stock held by Maurer and Garo, at their ranch near Filer, Friday, Feb. 12, was a great success. There was a large number of dairymen and farmers present and the buying was brisk. Auctioneer R. L. Clayton cried the sale. Every cow offered for sale was eagerly bid for, the prices ranging from \$1500 to \$1800 per head. Many were better than 18 months and up. The total amount realized was \$12850.00 or an average of \$1150.00 per head.

The introduction into the Twin Falls tract of such high grade stock as Maurer and Garo disposed of at this sale will prove of great value to the dairying interests, and also to the small ranchers of the tract, and they are to be commended for their enterprise in securing such high grade stock to offer to the public.

Messrs. Maurer and Garo state that they appreciate the support given their sale and of their efforts to bring the best grade of stock to the tract. They announce that it will be their aim to maintain the highest standard of stock at any future sales they may have.

Cottolene
for Digestible Muffins

Muffins can never be their best if made from lard and soaked with grease.

Cottolene muffins are light, dry and crisp, because Cottolene heats to a higher temperature than butter or lard, without burning, and in cooking forms a crust which shuts out the fat.

TRY THIS RECIPE FOR MUFFINS

1 1/2 tablespoons melted Cottolene
1/4 cup milk
1 egg
3 teaspoons baking powder
6 1/2 baking powder and flour together
add the Cottolene, sugar, egg and milk (use more or less milk according to flour).

Cottolene cooked food is always digestible.

Cottolene is much more economical than butter or lard.

SABBATH SCHOOL LESSON

THE CALL OF ABRAHAM

Genesis 12: 1-3.

1. Now the Lord had said unto Abraham, 'Get thee out of thy country, from thy kindred, and from thy father's house, unto a land that I will show thee: And I will make of thee a great nation; and I will bless thee, and make thy name great; and thou shalt be a blessing: And I will bless them that bless thee, and curse him that curseth thee: and in thee shall all families of the earth be blessed.

2. So Abraham departed, as the Lord had spoken unto him: and Lot went with him; and Abraham was seventy and five years old when he departed out of Haran.

3. And Abraham took Sarai his wife, and Lot his brother's son, and all their substance that they had gathered in Haran; and they went forth to go into the land of Canaan; and into the land of Canaan they came.

4. And Abraham passed through the land unto the place of Shechem, and the Canaanite was then in the land.

5. And the Lord appeared unto Abraham, and said, Unto thee I will show this land: and there builded he an altar unto the Lord, who appeared unto him.

6. And he removed from thence unto the mount of Moriah, and pitched his tent, having Bethel on the west, and Hai on the east; and there he builded an altar unto the Lord, and called upon the name of the Lord.

7. And Abraham journeyed, going on still to the south.

Golden Text—"I will bless thee, and make thy name great; and thou shalt be a blessing."—Gen. 12:2.

Introductory.

The descendants of Noah had spread abroad and were filling the earth. Four hundred and twenty-two years had passed since the Flood, or about as many years as have passed since Columbus discovered this continent. The family of Shem had passed to the eastward and the southward, and an important branch of that family was dwelling in "Ur of the Chaldees," near the Persian Gulf. This family, like nearly all the rest of the human race, was verging toward idolatry; and it was evident that, after all the pains that God had taken to teach a knowledge of himself and his ways, the people were prone to worship some object which they could see and handle, even though it could not move to aid them. It is probably true that they aimed to worship a spiritual God by the aid of these images; but God did not regard the idea with favor. He would have a purely spiritual wor-

ship; and therefore he determined to choose out one man from among the nations and teach him and his children, and through them finally teach the rest of the world. He chose Abraham for this purpose, for he called Abraham while he yet dwelt in Ur of the Chaldees, as Shalman says (see 1st lesson), he dwelt in Haran.

Expository.

1. It is worthy of note that in all these passages the name of God is, in the original, Jehovah, the Covenant-keeper. A covenant is now forming, and all events hinge on its spring in the Lord. He had said, I will bless thee, and I will make of thee a great nation; and I will bless thee, and make thy name great; and thou shalt be a blessing. It is a question of serious import whether Abraham did or did not wrong in allowing his father to erect an altar with him, and to preserve the character of his land, but the people to which he was going; but he trusted God to show it to him, to bring him into it in safety, and to preserve it to him.

2. And yet this man had no children, at seventy-five years of age. None but an Abram could have believed that a blessing. This was an important addition to the promise of a good Abram should be blessed with children, and more than this, he should be a blessing to others. There are many who are willing to receive good things, but who do not regard it as a duty to appear to him that are owed greater favors. God met Abram; therefore, soon after his arrival in Shechem, and renewed the promise as to the land; indicating to Abram that here his wanderings were to cease; at all events, he was not to seek any other country. This was to be not only his land, but his home, and it was built on the spot where the divine promise to him had opened the way to greater favors. God met Abram; therefore, soon after his arrival in Shechem, and renewed the promise as to the land; indicating to Abram that here his wanderings were to cease; at all events, he was not to seek any other country. This was to be not only his land, but his home, and it was built on the spot where the divine promise to him had opened the way to greater favors. This was to be not only his land, but his home, and it was built on the spot where the divine promise to him had opened the way to greater favors.

3. Bethel was the name subsequently given by Jacob to the place called Luz up to that time. Between Bethel and Ai, there was some good pasturing grounds. There, on this high hill overlooking the valley of the Jordan, and a great part of the land of Canaan, he built an altar, not an altar, but to the gods of his native land, but to the God whom he was obeying. In whom? He believed. He had begun to call God by his new precious name—the Covenant-keeper. He began to plead the promise, to reckon upon the promise, and to seize the fulfillment of it, though it was far off.

4. Perhaps the famine, or drought, had already begun to pinch the land, and make the pasturing scarce, necessitating frequent changes of location.

his grandfather, Terah. He was also a pious man, one who worshipped and served God.

5. This was a land unknown to them before. Perhaps they had heard of it through the medium of caravans that came to the north, but it is more probable that such trade had not yet been opened. Caravans appear for the first time in the days of Joseph. The souls that they had gotten in Haran, refer to the servants who had become attached to him, or them, as Abram had said, "I will bless thee, and make thy name great; and thou shalt be a blessing." It is a question of serious import whether Abraham did or did not wrong in allowing his father to erect an altar with him, and to preserve the character of his land, but the people to which he was going; but he trusted God to show it to him, to bring him into it in safety, and to preserve it to him.

6. God seems to have granted Abram more than usually clear view of himself, to have communicated with him more familiarly than before. Abram's obedience—his calling by a better name—his devotion to greater favors. God met Abram; therefore, soon after his arrival in Shechem, and renewed the promise as to the land; indicating to Abram that here his wanderings were to cease; at all events, he was not to seek any other country. This was to be not only his land, but his home, and it was built on the spot where the divine promise to him had opened the way to greater favors.

Aching Kidneys Cured in Twin Falls

"Every Picture Tells a Story."

If Your Back Aches and Your Kidneys are Weak, Get the Kidney Remedy That Has Been Proved GOOD Again and Again Right Here in Twin Falls.

TWIN FALLS PEOPLE TELL IT

Lincoln Avenue

MRS. C. C. CARSON, Lincoln Avenue, New School Addition, Twin Falls, Idaho, says: "During the three years that I had kidney complaint I tried medicine of all kinds and was treated by doctors. One doctor told me that I wouldn't recover. At times I was confined to my bed for weeks, suffering from pains in my back and trouble with the kidney secretions. I bloated terribly and my joints were so badly swollen and stiff that I couldn't stand. I had terrible headaches and such severe, dizzy spells that I was afraid to walk across the floor without having hold of something for support. I lost my energy and ambition and got so thin that there was nothing to me but skin and bones. Someone finally told me husband about Doan's Kidney Pills and advised him to have me try them. He got a box and in two or three days after I began using them, I got relief. After I had used the box, I noticed great improvement and I continued, using in all six or seven boxes. I gained in flesh, the stiffness and lameness left me, and I was cured of those awful headaches and spells of dizziness. My kidneys became normal too. I gladly confirm the public statements I have given heretofore praising Doan's Kidney Pills. You may compare to publish same."

Shoshone St.

CORNEAL PETERS, proprietor shoe repair shop, 368 Shoshone St., Twin Falls, Idaho, says: "I suffered a great deal from my back and my joints, sharp pains going through me like knife thrusts. Doan's Kidney Pills were highly recommended to me and I began using them. One box did me more of my kidney trouble in the filio style. The public statement gave while living in Wauson, Wis., in September, 1910, recommending Doan's Kidney Pills, still holds good."

Fair Avenue

C. W. SECORD, carpenter, Fair Ave., Twin Falls, Idaho, says: "In my old home in Minneapolis, I used Doan's Kidney Pills for pains in my back, caused by kidney trouble and I will say that they gave me great relief. I know that Doan's Kidney Pills are a first-class kidney remedy and I can say that kidney sufferers will do well to try them." (Statement given June 8, 1910).

North View Addition

MRS. ANNIE BARRY, North View Addition, Twin Falls, Idaho, says: "I have suffered from dull ache in my back and kidneys, a short use of Doan's Kidney Pills has rid me of the trouble. I think that Doan's Kidney Pills are just what I need. I feel that one suffering from kidney complaint will do well to give them a fair trial."

Fourth Street

C. E. BLADES, proprietor Washington Laundry and Tailor Shop, 277 Broadway and Second streets, Twin Falls, Idaho, says: "I have suffered for 10 years I have used Doan's Kidney Pills and I can give them my honest endorsement. I was a great deal of trouble and I had tried many remedies, but will say that I have had more genuine relief from Doan's Kidney Pills than from all other. Doan's Kidney Pills gave me relief from my back and joints pains in my back and regarding my kidneys. You may publish my statement for the benefit of other kidney sufferers."

Fourth Avenue

MRS. J. W. DIMOND, Fourth Avenue east and Third street, Twin Falls, Idaho, says: "About a year ago I was run down from attacks of kidney trouble. I had terrible headaches and dizzy spells and my back ached severely. I was also nervous and couldn't get a good night's rest. I began using Doan's Kidney Pills and found them good from the first. A couple of boxes restored me to my usual good strength and I have since been well."

Are YOUR Kidneys Weak?

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells after meals, or nervous, depressed and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment; if passages are too frequent, scanty, painful or scalding; it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick-dust-like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

ALIAS SUMMONS.
In the District Court of the Fourth Judicial District of the State of Idaho, and for the County of Twin Falls, Idaho, vs. Frederick George Howchin, defendant. The State of Idaho vs. Frederick George Howchin, defendant.

You are hereby summoned and required to appear in an action brought against you by said plaintiff in said district court, and to answer the complaint of the above named plaintiff filed in said action, within twenty (20) days after the date of service of this notice on you of this summons, if served within the judicial district, or if served elsewhere, within ten (10) days.

This action is brought to obtain a decree of this Court dissolving the bonds of matrimony contracted between plaintiff and defendant upon the grounds of willful desertion of plaintiff by defendant for a period of more than one year, and to have the title of certain lands in plaintiff and for the right to resume her maiden name.

And you are hereby notified that if you fail to appear and answer said complaint as above required, the plaintiff will apply to the court for the relief demanded in the complaint.

Attest my hand and the seal of the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, Idaho, this 23rd day of January, A. D. 1913.

CLERK OF SAID COURT.
In the District Court of the Fourth Judicial District, State of Idaho, vs. Glenn P. McKinley, defendant. The State of Idaho vs. Glenn P. McKinley, defendant.

You are hereby summoned and required to appear in an action brought against you by the plaintiff in this case of action in the District Court of the Fourth Judicial District, in and for Twin Falls County and to answer the complaint of the above named plaintiff filed therein within twenty (20) days after the date of service of this notice on you of this summons if served within the judicial district, or if served elsewhere, within ten (10) days.

This action is brought to recover from you the sum of \$112.25 with interest thereon from and after the 13th day of January, 1912; together with the sum of \$100 as attorney's fees as provided for and expressed in the annexed copy of the complaint.

You are hereby notified that if you fail to appear and answer said complaint as above required, the plaintiff will apply to the court for the relief demanded in the complaint.

Attest my hand and the seal of the District Court of the Fourth Judicial District, in and for Twin Falls County, this 7th day of February, 1913.

LIKES APPEARANCE OF INDUSTRIAL SCHOOL

DEPUTY SHERIFF ORMSBY VISITS STATE INSTITUTION.

Prison State and Management As He Found Them—Inmates Are Very Well Taught.

As county probation officer, Deputy Sheriff Ormsby recently had the opportunity of investigating the state industrial school at St. Anthony, and makes favorable report on his final findings. It was while here, while two juvenile offenders from this county that Mr. Ormsby visited with the officials of the school and talked with the inmates to their care. On his visit to the school Mr. Ormsby has the following to say:

"I was very much pleased with the state of the school. While I had been there on previous occasions, I never could remain long enough to thoroughly investigate the school and believe the public in general, and those in particular who have members of their families in the school, would be interested in knowing what is really being done in the way of training and schooling at the school.

"In the first place, it is worth noting that the school is carrying on in the idea of a reformatory, I don't know where a boy or girl could be better prepared to engage in a better trade or business than at this school. The educational and vocational training are well proportioned in the lines that is given to the pupils. All teachers in the educational departments are well qualified to fill their positions, and the instructors in the trades are equally well qualified in their respective lines. One excellent arrangement is that all vocational instructors are the guards of the school. This gives them a chance to study the temperment and dispositions of the pupils. They are therefore better able to work with them under the best of conditions.

Equip for Business. "Statistics of the school show that there are many men and women today who are successfully engaged in business—the training for which they receive at this school. Tailoring, bookbinding, carpentry, masonry, painting, mechanical and electrical engineering, dairying, printing, and commercial printing for boys, and millinery, dressmaking, domestic science and home economics for the girls, are among the vocational subjects in which the inmates are instructed. Bookkeeping, stenography, and business or commercial courses are thoroughly taught in the educational departments. While each student is instructed in all departments of the vocational training, by studying the different trades, the students are enabled to assist them in specializing for business activities after they have left the school. Farming, building, repair work and improvements is done exclusively by the pupils, as well as the care of the buildings. No outside help is employed, except in the case of instructors, and the work that is being done is remarkable. It has all the appearance and many of the characteristics of thorough workmanship. I believe the school is an excellent place for any boy or girl to receive training for a business career.

Pupils Given Content. "While at the school I talked with many of the pupils, and learned that many from this county, but from all parts of the state, and I am pleased to say that their testimonials at the school are the best. Excepting the knowledge that they are there until they become of age, or delinquent, and acts in violation of the laws, they are contented with the training they are receiving—'is-for-their-good,' not only for the present, but for their life and occupation after they have been discharged from the school. I found those from this county content with their surroundings and Superintendent Hueston and instructors had words of commendation for them and the progress they are making.

"I should state, however, those contented with the training they are receiving. I have no personal or direct knowledge of conditions as they may have existed in the past. Uncalled for punishment of pupils have been used in certain cases, and at any rate severe criticism was directed against the officials of the school a few months ago. Of this I am not in a position to make any statement one way or the other.

Recreation Provided. "There is one more thing I should mention. I find that the school, in all its departments and buildings, is maintained in a healthy and good condition. Plenty of time is allowed for recreation, amusement, and entertainment. Present programs by the pupils and outside talent are given. The idea of imprisonment or confinement is nowhere apparent. I believe that the school institutions of its kind in the country."

California Woman Seriously Alarmed. "A short time ago I contracted a severe cold which settled on my lungs and caused me a great deal of anxiety. I had been coughing and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it for years. I bought a bottle and it relieved my cough, the first night, and in a week I was fit to be back to work. Chamberlain's Cough Remedy, writes Miss Marie Gerber, Sewalla, Okla. Week in Society

The advent of Lent seems to have but little effect in social circles, so far. There were no very large parties last week, invitations are out for two during the coming week, besides a number of Valentine parties which will occur during the term. Mrs. J. H. Seaver and her mother, Mrs. F. H. Smith will receive about two hundred ladies on Friday afternoon at the home of the former, and they have also issued invitations for a smaller affair next week.

The potato breakfast on Monday evening will be the most popular of informal parties among the ladies, and the younger set will also come in for their share of entertainment. The Misses Vesta Thomas and Ward will entertain the members of the Senior class of the high school at Jovell Hall on Friday evening.

Eastern Star Entertainment. The Ladies of the Eastern Star gave a most delightful entertainment at the Masque hall on Tuesday evening, which took the form of a Colonial party. The members were carrying on in Colonial costume, and made a decidedly pretty picture in their quaint dresses and powdered hair. The following program was given during the evening:

Piano Solo Miss Carrie Fargo Reading Miss Ortha Waters Solo Mrs. Sherman Cox Piano Duet Misses Anna Smith and Neta Baker

Delightful Luncheon. Mrs. Chas. Robbins entertained the members of her bridge club at a delightful luncheon last Thursday afternoon at her home on Ninth street. A large crystal bowl filled with jonquils formed a most attractive centerpiece for the table, which was further decorated with the most exquisite centerpieces in crystal candlesticks. After luncheon, four games of bridge were enjoyed.

Honoring Mrs. Flint. Mrs. Flint was the honor guest at a delightfully informal "600" party given by Mrs. B. Phillips last Tuesday evening. Delicious refreshments were served at the conclusion of the game.

Pleasant "600" Party. Mrs. D. A. McKinley was hostess to a number of her friends on Tuesday evening in honor of her daughter, Mrs. Flint, who has been visiting in the city for the past two weeks. Several games of "600" were enjoyed, at the close of which an oyster supper was served.

Annual Meeting of the Trustees of County. The annual meeting of the school trustees of Twin Falls county will be held in the high school auditorium Friday and Saturday, February 21 and 22. An interesting program has been arranged and a large number of the trustees are expected. The public is invited to attend the meetings.

Among the prominent speakers from a distance will be Professor O. J. Kern, of Winnebago county, Illinois; Superintendent of Schools, of Lewiston, Idaho; Professor Kern has won a national reputation as his work among rural schools. He will be here until the 14th of the month. He will supplement his talks with stereoscopic views. Professor Wooster probably knows as much about the needs of the rural schools in Idaho as any one in the state, and will be an interesting speaker. The program for the two days' meeting will be as follows:

Monday, February 21, 9:00 a. m. Music—Twin Falls High School Orchestra. Discussion led by W. E. Blodgett. "The Influence of Physical Surroundings on Pupils."—J. E. Blodgett. Discussion led by H. A. Grider. "The Practical Side of School Work."—Superintendent E. R. Dooler. Discussion led by W. H. Turner. "School Grounds and Buildings."—Professor Earl S. Wooster, Lewiston. Noon. A 35c lunch will be served by the pupils in the Domestic Science classes of the Twin Falls school. Friday, February 21, 1:30 p. m. Music and Drill—Pupils of Twin Falls school.
