

DIVISION PLAN WOULD DIVIDE TWIN FALLS COUNTY

CUTS TWO WAYS

NO CHANGE WHATEVER TO CUT UP TWIN FALLS COUNTY

But Disunion In Rank of Delegation Likely to Prove Finishing Stroke to Agricultural School Bill.

(Special to The News.) Boise, February 26.—(News.) The most interesting and surprising result of the entire legislative session has developed over the location of the state agricultural college in Twin Falls county. In this contest Twin Falls and all north Idaho are pitted against each other.

In the past week when the contest seemed to be reaching its climax, Twin Falls suffered from an attack from a totally unexpected source. There are many here in the capital who are watching the progress of the contest with the keenest interest, who are convinced that this attack was inspired by friends of the disunion bill in north Idaho. But this is not the effect of the attack has been to embarrass all who were working actively in the interest of the Twin Falls section.

Move at Eleventh Hour. By this attack in the rear is meant of course the move in the eleventh hour to attempt to have Twin Falls county divided and create a new county with Buhl as the county seat.

As far as is known here, there was never a whisper about county division in the campaign of last fall. The subject was never mentioned here until the session was well advanced and until it seemed practically certain that the agricultural college would be transferred from Moscow to Twin Falls county, to some point in Twin Falls county.

Then, like a clap of thunder from a clear sky, came the county division scheme. In the legislature it is back (Continued on Page 4.)

OPEN EVENING AT CLUB

Plans for City Improvement Will be Presented Tonight by the Civic Bureau.

As a starter along the lines of city improvement, an open evening will be given by the Civic Bureau of the Commercial Club in the club rooms this evening at 8 o'clock. The invited members of the bureau, representatives of the Twentieth Century Club, and musical selections will be offered during the program. At this evening's meeting plans will be laid for the city cleanup day, which is planned by the Bureau early in April. This evening's program will be as follows:

- Improvement of Our Streets and Alleys—W. H. Eldridge.
- "Better Street Lighting"—Chas. H. Burton.
- "The Church in Civic Work"—Rev. W. Woodhall.
- Vocal Solo—Miss Jennie Galligan.
- Our Charter and Ordinances—E. L. Ashton.
- Survey of Our Sanitary and Health Conditions—Dr. Charles R. Scott.
- Honologue—"A Dumb Weaver"—Miss Catherine W. H. Eldridge.
- "The City Beautiful"—Rev. J. M. Anderson.
- Vocal Solo—Mrs. J. L. Deabo.
- Entertainment—Herrings Methods—Arthur J. Peavey.
- Advantages of Parks and Play Grounds—C. M. Emmott.
- Musical—Orchestra.

At a recent meeting of the bureau it was decided to have a cleanup day for the city, which was expected to do their share to improve the appearance of the city.

NORTH IDAHO REPRESENTATIVES WOULD SECEDE FROM THE STATE OF IDAHO

BUHL CONTINGENT VISITS IN THE INTERESTS OF MEASURE FOR DIVORCE AND SEPARATE MAINTENANCE—EFFORT LIKELY TO KILL AGRICULTURAL SCHOOL BILL.

DIVISION BILL INTRODUCED IN THE SENATE

(Special to The News.) Boise, February 26.—Pebles of Latah county, this morning introduced the Twin Falls county division bill in the Senate.

The bill, introduced by Senator Robinson, divides the county into two parts, the first being the Twin Falls county and the second being the northern part of the county. The bill is being introduced to secure the agricultural school. Nihart again fell in his effort to get the bill before the House, securing 26 votes of the House, the thirds necessary.

Others Present at the Conference

Others present at the conference expressed themselves bitterly at the bill which they felt would divide the county. They take the position that the Buhl people refused to listen to reason, while their action in sending the bill to the legislature was a disgrace.

NO CHANGE NOW FOR AGRICULTURAL SCHOOL

ALL HOPE OF TWIN FALLS COUNTY INSTITUTION GONE

Introduction of the County Division Bill Held Directly Responsible for the Defeat.

(Special to The News.) Boise, February 26.—Division in the ranks of the Twin Falls county delegation resulted Tuesday afternoon in the overthrow of the bill to establish a state agricultural college in north Idaho. This vote on the bill when it came up for final action was 17 to 27. This poor showing was surprising in view of the fact that Senator Robinson and Representative Booth had fought the bill through the committee, getting a favorable report, prevented it from going to the table, and to the finance committee, and placing on the calendar by an overwhelming majority.

Then the Buhl county division matter came up. When Senator Robinson introduced the bill to divide the county division bill, Representative Nihart served notice on him that his bill would be defeated. On this day the bill was defeated. On this day the bill was defeated.

Claim Debt Was Made.

It is now charged that Representatives Nihart and Hayford entered into a deal with the University of Idaho forces to help defeat the agricultural college bill in exchange for support for their county division bill. When the roll was called on the college bill Representative Nihart passed his vote in behalf of the measure, although the name of both appear on the bill.

TO REDEEM PARTY PLEDGES

Direct Primary. Bill Will Require Voters to Declare Party Affiliation (Special to The News.) Boise, February 25.—On long step toward the redemption of Republican platform pledges was taken by the senate on Monday, when the direct primary bill was passed. The bill provides for the election of the members of the party, and it is necessary they may be placed under oath to support the party of their choice. Another provision makes it impossible for any voter, after he has participated in a primary, to go out and vote for another party. The bill also provides for the election of the members of the party, and it is necessary they may be placed under oath to support the party of their choice.

BAD CHECK—ARTIST SCORES BIG SUCCESS

PAPER AMOUNTING TO NEARLY \$200 DISTRIBUTED

Local Merchants Held the Back While Olib Stranger Disappears With Three Day Stay.

That seven Twin Falls business houses are the victims of a check—artist was discovered when the Bank of Kimberly opened for business Tuesday morning. Seven checks of the Farmers Grain and Milling company, of Kimberly, amounting to \$184.65, and drawn on the Kimberly Bank, were cashed in this city last Saturday. Articles of wearing apparel and drugs were purchased on the cashing of the checks. It was discovered by the officials of the Milling company that the checks were stolen, in blank, from the company's check-book.

Cash was secured on the checks by a stranger, supposed of the name of George Dupp, the payer and endorser of all the checks. No arrests have yet been made.

To one of the checks the name of R. H. Denton, official check signer by the Kimberly Milling company, was forged. When a former business firm from that upon which the checks were drawn, the name of R. H. Denton, official check signer by the Kimberly Milling company, was forged. When a former business firm from that upon which the checks were drawn, the name of R. H. Denton, official check signer by the Kimberly Milling company, was forged.

Time Carefully Figured.

The checks were all dated Saturday, February 23, a legal holiday. The artist obtained the local banks from presenting the checks to the local banks, for collection, until Monday, when they were sent to the Kimberly Bank on Tuesday.

Among the Victims.

The names of the local victimized firms, and the amounts of the checks which they cashed, are: Butolph Shoe store, \$17.00; Maltese Pharmacy, \$15.00; Strass and Olmstead, \$10.00; Twin Falls Lumber and Live Stock company, \$12.75; Idaho Drug store, \$12.75; Idaho Pharmacy, \$12.75; and others.

Another Check Turns Up.

A check, amounting to \$75.00, and cashed at the local banks, turned up at the Kimberly Bank yesterday for collection. This brings the forgery to \$212.25, with four checks still unaccounted for out of the twelve that were stolen.

DELEGATES EXPRESS VIEWS ON DIVISION

ROBINSON AND BOOTH OPPOSED TO ANY SUCH MOVE.

Nihart and Hayford Are in Favor of Separate County With Buhl as the County Seat.

In connection with the proposed division of Twin Falls county, following are the views of the members of the Twin Falls county delegation as given to the Boise correspondent of The News:

Senator C. A. Robinson said: "In reference to county division as proposed by the views of the residents of Twin Falls county, I want to state my position. I have no objection to a separate county with Buhl as the county seat, but I do not believe that it is necessary to divide the county. It is necessary to follow that the assumption was that I would not do anything to change conditions as they are now."

"Now, in the closing days of the Legislature, when it is too late to make any change in the constitution, I do not believe that it is necessary to divide the county. It is necessary to follow that the assumption was that I would not do anything to change conditions as they are now."

"I am opposed to any such move. I do not believe that it is necessary to divide the county. It is necessary to follow that the assumption was that I would not do anything to change conditions as they are now."

SENATOR ROBINSON AND NIHART CLASH

FORMER REFUSES TO INTRODUCE HIS COUNTY DIVISION BILL.

Robinson Representative is Said to Have Threatened If Growing Strained.

(Special to The News.) Boise, February 26.—Senator Robinson and Representative Nihart clashed in the statehouse Monday afternoon. It was over the Buhl county division bill that Senator Robinson and Representative Nihart clashed.

It was said to be the plan of the Buhl county advocates to have the bill introduced in the senate and house in order to push it along, as the time is getting so short. There is said to have been another reason, however, for the urgent request made of Senator Robinson. In the house, under one of the rules, it is impossible to introduce a new bill after the 15th day of the session except by a two-thirds vote.

I favor smaller county units. It means a more economical government. It means home rule and places the county officials more directly under the supervision of the people of the county.

We have the required assessed valuation in our county. We have the required territory. We have the required number of times over—we have a good and growing town for the county seat and we have a class of people who (Continued on Page 4.)

EDUCATIONAL INSTITUTIONS AND PUBLIC SCHOOLS TO COME UNDER ONE HAND

(Special to The News.) Boise, February 26.—Senator Robinson's bill to provide for the creation of a state board of education and a board of regents for the University of Idaho passed the senate on Monday.

The bill is intended to put into effect the provisions of the constitutional amendment on this subject adopted last fall. It will place all the educational institutions of the state and the public school system under the supervision of the one board. It was prepared by some of the best educators of the state and is intended to remove the friction that now exists between different institutions. It is also provided for this bill that it will result in a great material saving, as the board, composed of practicing business men, will recommend appropriations for the maintenance and improvements at the institutions, and in itself is expected to result in great economies.

PERFECT PLANS FOR HOME INDUSTRY WEEK

CLUB WOMEN OF STATE UNITE IN IMPORTANT MOVEMENT

Mrs. R. W. Spangler, Editor of the Idaho Club Woman, outlines a state-wide proposition.

Mrs. Robert W. Spangler, who is spending the winter in Boise, is in Twin Falls this week, making some preliminary arrangements toward realizing to Idaho Falls in the early spring, and also consulting with the Twentieth Century club in regard to their plan to observe the day of the state from April 14 to 19.

Inspect Flouring Mills. "We went to the four mill, where we saw the wheat washing and the flour and after giving the baker a half hour notice we called on the mill and saw how his bread was made.

"The next month the Columbia club of Boise took the suggestion and gave a Klarness, or exhibit of home industries. This year the Idaho Club Women and the Idaho First magazine propose a home industry week, April 14 to 19.

"We are asking the merchants to every town to put a display of home products in their windows that week and make a special effort to sell the articles at that time.

"Think what it will mean if every woman in the state asks for a bar of Idaho soap that week!

"We have discovered that the reason the manufacturers are not so prosperous is because the middleman is not publishing the home product as strong as he might.

"With the possibility of Twin Falls setting another record and extending its present line, there is no reason why she should not become a manufacturing center.

"The workman is interested in the welfare of his children, and he will go to cities that have good schools and parks.

Then let Twin Falls come forward and do her best during home industry week, so that the whole country may know her advantages.

"To Encourage Manufacturing. "In the April issue of the Idaho Club Woman we will have symposium on 'Opportunities in Idaho,' by prominent men, each of whom has made a success along the line about which he writes.

TWIN FALLS COUNTY DIVISION.

From the standpoint of the entire county, it is to be regretted that the matter of division has intruded itself at this, the eleventh hour. Viewed along broad lines, the people of Buhl favor division, the people of the balance of the county are opposed to it.

But it is not fair to the residents of the West End as a whole to regard each citizen in the light of a county divisionist. In fact mature consideration of the situation leads to the belief that but a small percentage of the West End residents are actually in favor of the move. That a minority of the residents of the town of Buhl favor it and will work their hardest for it is equally apparent.

In looking over the situation it is difficult to fathom the motive which lead to the action of the Buhl men in openly declaring in favor of a move which promises to still further widen the breach between the two towns and fall utterly to bring about the action aimed at.

There is just one thing which has been accomplished by reason of the activity of the Buhl men, and that is the defeat of the bill for the establishment of a Scientific School in Twin Falls county. In the face of the division move this conclusion is virtually assured.

Those members of the House and Senate known to favor the Scientific School bill did so largely because of the spirit of harmony which they were given to understand existed over the whole county. With the Twin Falls county delegation rent in twain, the case assumes an altogether different complexion.

It is difficult to believe in the sincerity of purpose of those persons openly advocating this division. Supposing that a new county were created, its residents would be brought face to face with an initial expense for the transcribing of the records which might amount to anywhere from two thousand dollars up. Again, the new county would still bear its proportionate interest in the bonds already issued in the present county, and in the event of further money being required in the new county and the issue of more bonds for the raising of same, it is hard to guess just how high taxation might become.

As to the action of the legislative delegation in the premises, Senator Robinson and Representative Booth have declared against such action. Representatives Nihart and Hayford have gone on record in favor of it.

The question at issue so far as the delegation is concerned is simply whether the matter is one which should be referred to the entire county, or whether the people of the affected district should have the sole say. In the judgment of The News there can be no two ways. The delegates were elected at large in Twin Falls county and none of them has the right to assume that his home section has any better claim upon his services than the balance of the county which elected him. Each man was elected upon a platform which contained no mention of county division. Now, when there is no time to submit the question to the people of the county, there is only one course in common justice to the constituency, namely, to oppose the bill.

Should it be shown that the people of the West End are a unit in their demands for this division, The News can see no good reason why they should not have it. But The News does not believe that the West End people are a unit and it seems manifestly unfair to subject all the residents to the evils which would undoubtedly grow out of the culmination of the plans of the Buhl people who favor it.

In summing up the situation, there are one or two obvious conclusions. There will be no

division of Twin Falls county during the present session of the Legislature, but the efforts to bring it about will probably have an adverse effect on the Scientific School bill. Just so the people of Buhl understand the situation.

THE RECALL IN MEXICO.

When the people of the Republic to the south desire to express their dissatisfaction with a President, they recall him by means of a revolution. Usually the second chapter in the successful revolution is the murder of the deposed official.

The news of the death of Madero is received with horror by the civilized world. Rarely in the history of nations has a more brutal crime been committed.

In all the bloody history of Mexico, revolutions, murders, and assassinations have formed the milo posts of the people's progress. There has never been a material change. For the past two hundred years the country has been a seething hotbed of political unrest, not excepting the period when the iron hand of Diaz held in leash the blood craze of a nation.

It would seem that intervention alone could save the people from fresh horrors. Yet such is the political situation in this country today that, short of the burning of the American legation and the murder of our minister almost nothing could take place there that would bring about such a course. Already the lives of hundreds of Americans have been sacrificed and thousands of dollars in property destroyed and this condition is quite likely to obtain for some time to come unless some form of intervention takes place.

The Monroe Doctrine may be all very well in its way, but there is such a thing as standing too long upon a principle.

COMMISSION GOVERNMENT.

Commission government of cities is undoubtedly a good thing, but commission government as defined by the Bluff law has little in common with the generally accepted theory of what commission government should be.

In those cities where commission government has been tried, it has proven an unequalled success, but these successes have been scored for the most part in those cities where political conditions were previously so rotten that

the success of the new regime has been apparent largely through contrast.

If the present high standard of efficiency in municipal management can be maintained under the present charter, The News sees little reason for change in Twin Falls.

THE REMAINING DAYS.

On the seventeenth day of February, according to the special message of Governor Haines, there remained for consideration by the Legislature some four hundred bills and resolutions. This meant that upwards of twenty would have to be considered and acted upon for each remaining day of the session.

To quote the message: "Included within the category of such measures is the General Appropriation Bill, the Public Utilities Bill, Tax Commission Bill, the Berneville bills, Workmen's Compensation Act, amendments to the Direct Primary law, bills which have to do with Departments and Institutions, and others of like character. Many of these measures seem to be imperatively demanded by the people of the State, and the Legislature will certainly not be blameless if it should adjourn without considering these measures carefully and enacting all or at least the greater part of them into law."

It is interesting to speculate as to just what extent the suggested program will be carried out.

THE LATEST IN GOVERNMENT.

There is a modern form of the old style of commission form of government of municipalities known as the City Manager Plan, which has been found to work well in cities about the size of Twin Falls. Caldwell, Idaho, is the latest western town to adopt the City Manager plan.

It might be well to investigate the merits of this before rushing into the limelight through the medium of the Black law.

HELP THE CHILDREN.

An advertisement widely circulated through the country press of Idaho in the interests of Peruna winds up as follows: "I have taken six bottles and can praise it very highly for the good it has done me. I also find it of great benefit to my children. Heaven help the children!"

TO ADDRESS FRUIT GROWERS

W. N. Yost, of Boise Valley, to Speak On Packing, Shipping, and Marketing.

A meeting that will be of interest to fruit growers and shippers of produce will be held in the high school auditorium next Saturday afternoon, March 1, under the direction of the officers of the County Fruit Growers Association. Various phases of the packing, caring for and handling of fruit and produce will be discussed by speakers who have had experience along these lines.

W. N. Yost, of the Boise valley, one of the prominent and extensive fruit growers of the state, will address the meeting on the subject of packing, storing, shipping and marketing of fruit and produce. Mr. Yost is qualified to speak on these subjects, having for many years been one of the largest shippers of the state, and thoroughly studied the best methods in packing and means to the market. The association committee has invited the public to attend this meeting, which promises to be interesting and instructive.

GOOD SHEEP SHIPMENT

Fifty Carloads Bring \$75,000 on the Portland Market—Similar Shipment is Going Soon.

Fifty carloads of sheep, collected along the Twin Falls branch of the Oregon-Short-Line, were last Saturday shipped to the Portland market, and \$75,000 f. o. b. Twin Falls, and another carload of the same consignment. Within a few days another shipment of about the same number of cars is expected to be shipped from this branch.

A price of cents per pound on the foot was secured for the sheep. Local sheep raisers are planning extensive feeding in another season as the present season has demonstrated the ideal conditions of southern Idaho for winter feeding.

TWIN FALLS WOMAN IN TROUBLE

Mrs. W. H. Dean and Poetzelle Man in County. A dispatch to the Statesman from Poetzelle, dated February 25, says: Clarence Hood, a carpenter of this city, and Mrs. W. H. Dean, of Twin Falls, are in the county jail on a writ of bail of \$1500 and \$1000 respectively. They were arrested early yesterday morning in connection with the Alturna hotel, at the instance of the woman's husband, and charged with adultery. Mrs. Dean left her husband, who is a Twin Falls miller, about two weeks ago, came here and secured employment at the Alturna as chambermaid. While working in that capacity her husband, who had been in the city on the attachment developed to an unlawful stage. Dean declines to forgive his wife and will let the law take its course.

PRESIDENTIAL PRIMARIES.

(Special to The News.) Boise, Feb. 26.—Much work was made of the preferential Presidential primary bill in the senate. It was introduced Monday afternoon and the consideration of the rules Tuesday. This is the record for a measure of this kind. No opposition developed from any source. It provides for primaries to be held under the direction of the party organizations and at the expense of the parties. Choice of representatives to be made at regular precinct primaries, where the voters are to be called. Delegates to the county convention are to be chosen at the same time.

At the county convention the vote of the precincts is to be canvassed and delegates to the state convention chosen. At the state convention the delegates from the counties are to be canvassed and delegates to the national convention chosen and national delegates are to be bound to vote for the popular choice of the state for president. The machinery for holding the primaries for the conventions is provided for in the bill. It seems to meet with general approval at this time and is bound to be a success.

SURPRISE PARTY GIVEN.

Friends of Mrs. Lovelace Gather at Home of Mrs. Stover. A pleasant informal gathering took place at the home of Mrs. E. Stover, Ninth avenue east, Tuesday afternoon, in honor of Mrs. L. Lovelace, who is leaving the neighborhood. A musical concert followed by several musical selections and readings occupied the afternoon. Refreshments were served by the hostess, assisted by Mrs. Hohmann, Mrs. Weaver, and Miss Magel.

AFTER MORE HORSE.

C. A. McMaster Leaves on a Three Weeks' Eastern Trip. C. A. McMaster, of the firm of Smith and McMaster, left last Monday night for the East, to secure another carload of Percheron horses. He expects to be gone about three weeks, and will visit the best horse markets. During the past sale season this firm had a hand in the sale of this stock and are maintaining a high standard at their sales. The sale held last Thursday was a good success.

(Continued from Page 1.)

will pull together and make one of the best counties in the state. Our tax valuation will be \$7,000,000 leaving \$10,000,000 for Twin Falls county. "I am not frightened with the threat that county division will add to our expenses. It may add a little, \$4000 or \$6000 a year, but the benefits will be obtained. The sheriff's office, the clerk's office, and some of the other offices are now revenue producers and we are entitled to that revenue. As to a court house, we are entitled to our share of the cost of the Twin Falls court house and that share will put up a court house for us."

"I can see no good reason for opposing the creation of Buhl county, especially as the people want it. If the people directly affected want the new county and are ready to assume the responsibility, that is their business and nobody should stand in the way." Representative L. G. Hayford, of Buhl, went on record as favoring the creation of a new county out of the west half of Twin Falls in a discussion of the subject on Monday afternoon. He said: "Yes, I favor the project and I shall support the bill with all the influence I can muster. I think that there is a good reason for the people and I am convinced, that they want it."

"No matter was not discussed in the campaign last fall, and I do not know just why it was sprung at this time. But I know that the residents of that section of the county have signed a petition asking for county division, and I am informed that only 13 refused to sign. "To my mind the chief argument in favor of the creation of Buhl county is that it will give the people a better and better government. It will place the county government directly under the supervision of the people right at home and cut out an army of deputies who now look after most of the public business. I understand that the bill will be introduced in the morning, and I shall certainly give it my earnest support."

This matter of county division

will have no direct bearing on the establishment of the agricultural college in Twin Falls county. The bill as drawn provides for the location of the college in Twin Falls county and that of course means that it will be located in that section of the county to be known as Twin Falls after the division."

DIVISION PLAN CUTS TWO WAYS

(Continued from Page 1.)

ed by Representatives Nihart and Representative Hayford, both of whom hail from that section of Twin Falls county which it is proposed to make into Buhl county. Senator Robinson and Representative Booth, who have carried the brunt of the fight from the beginning to have the agricultural college transferred to Twin Falls, are unalterably opposed to the division of the county and this division in the Twin Falls county delegation sits and comfort to the enemies of the section by creating the impression among constituents that the matter in Twin Falls county, and a fight on for the location of the agricultural college within the county.

Hands Off Location.

So far as is known here in the capital and across the legislature, neither Senator Robinson nor Representative Booth has ever intimated in any way that they preferred to have the school located there. That matter was to be left wholly to the commission to be named by Governor Haines. Early in the session Senator Robinson introduced a bill that provided for the establishment and maintenance of an agricultural college in Twin Falls county. This bill carried a similar appropriation of \$50,000. It was discovered that the appropriation should be covered by a bond in six and this bill was withdrawn. A similar bill was introduced in the session soon after, but the appropriation was changed to a bond issue and the amount was reduced to \$25,000.

MAY PULL COURT'S PLUMAGE

New Resolution to Place Supreme Tribunal Under Legislative Control is Introduced.

(Special to The News.)

Boise, February 25.—Even yet the supreme court of the state may have some of its plumage pulled by the legislature. Monday five senators introduced a resolution providing for a constitutional amendment to bring the supreme court under the jurisdiction of the legislature just as all other state courts now are.

This new resolution, introduced early in the session by Senator Dunlap, was defeated. Now it is said it was defeated because of its origin. The Republicans did not propose to enact an important measure of this kind favored by a Democrat.

Senators Robinson, Edgington, Davis, Hunt, and Gordon joined in the introduction of the resolution. Two of these, Gordon and Davis, voted against it. It was up before the senate on Feb. 23. It is now predicted that it will pass.

This resolution is intended to cut out four courts from the supreme court from the supreme court and in this way give the legislature power to regulate by law the actions of the supreme court as it now does in other courts. In the recent contempt case the supreme court assumed the right of being superior to the legislature. In the case of Brown and Sheridan to jail for ten days the law specifically says that five days is the limit. It is not a question of character. In that case the court claimed an inherent right under the constitution to take action of this kind, and it is taken from it. It is assumed inherent right that the constitutional amendment is proposed.

It is reported that there is a tremendous demand from many members of the state for this action, and this is no doubt the explanation for the change of heart on the part of some of the Republican senators.

WHY Is the Cheapest

The difference in cost between a loosely woven fence made of brittle, poorly galvanized wire and the best fence you can possibly buy is only a few cents a mile. In fact, it is so slight that you can't culture to consider it for a minute. When you stop to think that it takes just as many posts and just as much labor to put up a short-lived fence as it does one that will last you two or three times as long, and when you stop to figure the cost of mending broken-down fences—the loss to your crop from cattle breaking through, horses going over and pigs crawling under—you will agree that to buy any wire fence just because it is cheap is poor economy.

Square Deal Fence

will outlast any other farm fence you can buy and costs no more than any other fence of equal weight and quality of material. Every yard is guaranteed by The Keyston Steel and Wire Company—the mill that makes both the fence and the wire that goes into it.

Come In and See It

before you buy fencing. See how trim and neat it looks; how easy it handles; see the non-breakable, non-slipping Square Deal Lock. MAIL SERVICE ON BRANCH

Postmaster, Greenhow Secures Railway Clerk Between This City and Rogerson.

Through the efforts of Postmaster Greenhow, the government has ordered the establishment of railway mail service between Twin Falls, Hollister, and Rogerson. The service will be installed by two mail clerks running between Minidoka and Buhl on the noon train west and the evening train east. The trip to Rogerson and back during the afternoon, taking the regular train east in the evening. As two clerks are not needed between this city and Buhl, the system can easily be operated.

INSTALLING NEW FIXTURES.

New fixtures, including new cases and cabinets, for a full line of tobacco and cigarettes, are this week being installed by the Macaulay Brothers in the Boyd block. The new fixtures are of the latest design and finish, and are equal to any similar fixtures in the state. The addition of the new fixtures has necessitated a rearrangement of the rooms of the present shop.

FINE ELECTRICAL DISPLAY

Electrical Workers—Second Annual Ball to Surpass All Similar Events in State.

One of the most brilliantly lighted affairs ever seen in this state will be presented at the second annual ball to be given by the International Brotherhood of Electrical Workers in Coeur d'Alene Hall Tuesday and Wednesday evenings, March 3 and 4. The illumination of the hall for each evening will require 35,000 candle power.

There will be many features of lighting and electrical display in the hall on the evenings set for the ball. There will be a large display of electrical American flag, with accompanying lighting effects never before presented in the state. A large expense has been incurred for the affairs, and the committee in charge plan the finest display of the kind ever known in Idaho.

Tables for both events will be furnished by Brown's six piece orchestra, and arrangements are being made to care for a record breaking attendance.

BIG HORSE SALE

Smith & McMaster Will Offer Fine Stallions—Farmers to List Good Section Horses.

Another auction sale of horses will be held from the Smith & McMaster barn in this city next Thursday, March 5. The sale will begin at 10 o'clock and continue throughout the day, a fine lunch being served during the entire time of the sale. The sale will be held by R. R. Clayton.

This is the best time for farmers to list their horses for sale. Farmers who do not feel afraid to list their good horses at this sale, as it is good horses that are desired by the public market. Those who do not care, Smith & McMaster will offer for sale a number of their fine imported thoroughbred stallions. The best of sale terms are offered.

A credit of seven months will be given with approved security, drawing 10 per cent from date; if not paid when due to draw 13 per cent from date; 5 per cent discount for cash. If sold at auction, a commission of 4 per cent will be charged for selling and expenses. Owners of horses will be entitled to one bid. A full commission will be charged any one caught bidding, in case of no sale, \$1 per head will be charged.

This will be one of the best sales of this season in this city. The kind of horse you are looking for you will find on the day of sale. Farmers are looking for that, and they are looking for a horse to sell. The sale is the place to get together. Satisfaction has been secured at previous sales, and will be at this one also.—Advertisement.

California Woman Seriously Alarmed

"A short time ago I contracted a severe cold which settled on my lungs and caused me great deal of annoyance. I would have starved myself to death had my wife not secured and I began to be seriously alarmed. A friend recommended Chamberlain's Cough Remedy, saying she had used it many times. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my throat. Write Miss Marie Grever, Seattle, Col. SABBATH SCHOOL LESSON

MARCH 2, 1913

GOD'S COVENANT WITH ABRAHAM
Genesis 12: 6-18.

6. And he brought him forth abroad, and said, Look now toward heaven, and tell me, if thou be able to swear that thou shalt be true to me.

7. And he believed in him for righteousness.

8. And he said unto him, I am the Lord that brought thee out of Ur of the Chaldees to give thee this land of Canaan.

9. And he said, Lord God, whereby shall I know that I shall inherit it?

10. And he said unto him, Tame me a heifer of three years old, and a ram of three years old, and a dove, and a young pigeon.

11. And he took unto him all these, and divided them in the midst, and set the pieces one against another; but the birds divided he not.

12. And when the fowls came down upon the carcasses, Abram drove them away.

13. And when the sun was going down, a deep sleep fell upon Abram; and, lo, a horror of great darkness fell upon him.

14. And he said unto Abram, Know of a surety that thy seed shall be a stranger in a land that is not their own; and they shall afflict them four hundred years; and I will visit them, and afterward shall they come out with great substance.

15. And thou shalt go to thy fathers in peace; thou shalt be buried in a good old age.

16. But in the fourth generation they shall come hither again; for the Amorites of the land are not yet full.

17. And it came to pass, that when the sun went down and it was dark, behold a smoking furnace, and a burning lamp that passed between those pieces.

18. In the same day the Lord made a covenant with Abram, saying, Unto thee have I given this land, from the river of Egypt unto the great river, the river of Euphrates.

Golden Text—"He is faithful that promised."—Heb. 10: 23.

Expository.

1. Some eight or ten years had now passed since Abraham left Ur. He had been promised that his name would be great, that he should be a blessing, and that in him all the nations of the earth should be blessed; and yet the years were passing and he had not so much as a single child of his own. It is reasonable to suppose that he needed encouragement. He was a stranger in a land that was not his own. God assured him of protection and of a reward for all his sacrifices. Let him not fear, but trust.

French Fried Potatoes "Cottolene"

DID YOU ever eat French Fried Potatoes made with "Cottolene"? If not, you've never eaten French Fried Potatoes at their best.

Cottolene makes them rich and crisp and appetizing, but never greasy.

If you have been frying and shortening your food with butter, try Cottolene.

Cottolene

It is every bit as good, at less than one-third the price.

If you are using lard for shortening and frying, we would simply suggest that Cottolene is recognized and recommended by leading physicians, domestic science authorities, and culinary experts generally, as being more wholesome, digestible and producing better food.

Cottolene is a vegetable product—pure in source and making—and is bound to be better and safer than lard.

Try this Recipe
Pare the potatoes, shave in very thin slices, or cut in strips, 1/4 in. strip, deep in crosswise. Soak in cold water, drain dry on a napkin, and cook few at a time in basket to keep hot. Cook 15 minutes. Drain and season with salt.

Week in Society

Gorgeous Reception.

One of the prettiest receptions ever given in Twin Falls was that given by Miss Hamilton and the Misses F. L. and M. Thomas, last Saturday afternoon. The house was decorated with flags in commemoration of Washington's birthday, and large views of gorgeous motor roads were effectively placed around the rooms. The table was covered with cloth which had been spun and woven by Mrs. Seaver's grandmother, and all the dishes used were hand-painted. The centerpiece was a cherry tree and hatched. Here Mrs. J. M. Anderson, handsomely gowned in old brocade, representing Martha Washington, and Mrs. Stuart Taylor, also wearing a beautiful brocade gown, representing Nellie Custis, presided. Other guests included Mrs. Kool and Miss Emma Thomas presided during the second hour. Mrs. Macriean and Mrs. Dinkins, standing by the door, the first mentioned also wearing handsome gowns that had belonged to some distinguished ancestor. A very pretty feature of the affair was the arrival, in an old stage coach, of Mesdames Elliott, Wall, Alken, and Chamberlain, attired in beautiful costumes. The Misses Hamilton rendered several delightful instrumental numbers, and Mrs. Deubo sang.

Two Elaborate Luncheons.

Mrs. W. H. Greenough and Mrs. Harold Dodd were hostesses at two elaborate luncheons on Tuesday and Wednesday at the home of the former, on Eighth avenue north. On both days the rooms of the Greenough home were handsomely decorated in red, carnations and roses being used effectively. The guests were seated at two long tables, each having as a centerpiece a quartet basket of red carnations, and decorated with candles. The dining place cards were hand-painted red carnations, and were the work of Mrs. Dodd. The entire affair was most carefully planned out in the menu.

On Tuesday afternoon the prize for high score fell to Mrs. Boyd, and on Wednesday Mrs. Ormsby won the prize for high score and Mrs. Stalker the consolation. The contest for two days were Mesdames Alken, Bedford, Wright, Herdagan, L. Moran, Woodruff, F. Woods, Lewis, Milner, McArthur, Parker, Hanson, Boyd, Maxwell, Sprague, D. A. Hamilton, Booth, Chapin, Guthrie, McMartin, Robbins, Scott, DeLong, Flower, C. Bulle, Alvord, Allen, McCollum, Walker, Sinclair, Daube, Thompson, Gee, McDermott, Wilson, Priebe, Gilbert, Jaynes, Regan, Blaker, Schöen, Seaver, Smith, Noyes, Laid, Ormsby, Wall, Williams, Broadway, Norton, Closs, Hahn, Taylor, and Flower, and the Misses Boyd and Rogerson.

Company Makes Hit

E. Forrest Taylor Performs Thoroughly Enjoyed in "The Turning Point"

Notwithstanding the conditions of the hall, the Forrest Taylor company scored a distinct success in their presentation of "The Turning Point" at the Coliseum theatre last night. The play, a quiet but thoroughly delightful one, and was well put on in almost every detail.

The plot deals with the awakening of the ambitions of a young Southerner, Brent Breckenridge, through his falling in love with a New York girl whom he meets, Frederick Ferguson, supplies the variety and as a side issue the story of a young girl's fall in love with her mother's lover. His story is easy and graceful, with a reserve that is not altogether lacking in situations. Earl W. Gardner as Frederick Ferguson had a part which called for clever and forcible work, and for the most part Mr. Gardner was equal to the occasion. Edward Whitney, as Dave Denay, did splendid work, as his emotional scenes carried an air of sincerity, positively refreshing in comparison with the efforts of the average road company. Mr. Harry Bean in the comedy rôle made a hit with his audience. He possessed of a clear speaking voice, every point got over the footlights and his audience was with him from the opening scene.

House Warming.

A number of the friends of Mrs. J. W. Craven surprised her on Tuesday evening at the home of the latter, at a house warming. About twenty ladies met at the home of Mrs. McCollum, going in a body to the beautiful new home of Mrs. Craven on Eighth avenue. Several games of bridge were played, Mrs. F. J. Woods winning the first prize. The large Washington cake was the center of attraction, and the person having the lowest score at each table received a beautiful little souvenir, the winners being Mrs. Maxwell, Mrs. Herdagan, Mrs. Lewis, Mrs. Perrine, and Mrs. Reed. Mrs. Craven was presented with a pot of gold. The guests were Mesdames A. A. Hamilton, J. Woods, Ferrard, Robinson, Robbins, Swadlow, Closs, W. Hill, Longley, Warren, Ostrander, Ormsby, Read, Lewis, Allen, Alken, McCollum, Macarty, Nelson, and Nixon, and Miss Maxwell.

CLUBS

The Parliamentary and Civics Department of the Twentieth Century club will have charge of the regular program to be given at the Elks hall on next Tuesday. The program will consist of a public parliamentary drill and several good musical numbers.

Governors Reply to Potato Breakfast Invitations—Twentieth Century Ladies Serve Lunch.

Replies have been received from a large majority of the governors of the various states and many newspaper editors throughout the country in answer to the invitations sent out by the Commercial club with regard to the potato festival to be held in Twin Falls prior to the potato breakfast. This was announced by C. L. DeLong chairman of the publicity bureau, at the luncheon yesterday morning. These replies were read, and the praises of the Twin Falls potato is universal. A meeting will be held in the club rooms next Tuesday evening to discuss the commission form of government for this city. A resolution was adopted at the luncheon that a petition be sent to the officials of the Oregon Short Line asking them to remove the differential in freight rates existing on the Hogerson branch as compared with rates on the main western part of the line to Missouri market points.

ENTERTAIN OLD FRIENDS.

H. H. Friedhelm and Other Twin Falls People Hosts at Jolly Afternoon.

An informal banquet was spread at the bachelor apartments of Herman and Otto Scherer, for the suburbs of this city on Tuesday afternoon, when the German tastes of the invited guests were satisfied to the limit in a series of dishes delectable to the most fastidious epicures.

This occasion was the appearance of a number of prominent "Tropics" of the Colonial Party, who accompanied by Mr. Whitney, another member of the same company, and H. H. Scherer, an old friend and co-actor of former days.

A. L. Hillbruner acted as moderator. A trip to the Falls was made later in the day, and selected souvenirs granted from the actors, who are playing here this week.

VERDICT GIVEN HARLAN

Judgment of \$100 Awarded in Damage Suit—Judge Walters Holds Bond Issue Valid.

A verdict awarding judgment in the amount of \$100, was given George E. Harlan, general manager of the Twin Falls Canal company, in his district court last Friday, in his \$10,000 damage suit against James A. Young, for alleged slander. Harlan, who the defendant had caused the spread of a report concerning his former business partner, was awarded the sum. The case aroused considerable interest.

LOUIS DECKER DIES

Funeral Services Held Tuesday—Pupil of the Bible School—Succumb to Cancer.

Louis Decker, 32 years of age, son of Mr. and Mrs. Decker, who had resided on the Kimberly road just east of the Boulevard, died at his home at 9 North Second street, after a week's illness due to cancer of the stomach. He was well known throughout the county and claimed a large number of friends in this city.

P. L. LIGHTHALL DIES

Well Known Local Mail Succumbs at Twin Falls Hospital.

P. L. Lighthall died at the city hospital this morning, after a critical illness of two weeks duration, during which time he lay in an almost paralytic condition. He was a native of Pileon, Ontario, and brother, Dr. D. H. Lighthall, of District Idaho, arrived last Saturday and was with him at the time of his death. The funeral arrangements will be made later.

DEATH OF VERA BARNES

Verna Barnes, the two year old daughter of Mrs. B. B. Barnes, died early on Friday morning. The funeral services were held from the Crosby chapel Saturday afternoon, with the Rev. Mr. E. M. Mooreman officiating. The interment was in the Twin Falls cemetery.
