

ECONOMY IS NO LONGER HEARD

SCRAMBLE FOR APPROPRIATION MONEY CHANGES OLD TUNE

Promises of Retrenchment Views Asks—Interesting Facts as to the Real Situation Financially.

(Special to The News) Boise, March 18.—Economy talk has fallen into the background since the adjournment of the legislature. It was the popular theme at the beginning of the session and everybody was singing the praises of Governor Haines because of his vigorous stand for economy in his first message to the lawmakers.

As the session wore on and the scramble for ready bridges county divisions and jobs became fiercer each day, the song of economy grew stale. When the subject was mentioned men would stand up and blather—some, though trying to whisper, "Chestnuts." Long before the end was reached it was well known that economy was abandoned as a campaign slogan.

If economy is preached from the stump in the next campaign it will have reference to the future and not to the past. This is a prediction.

Facts in hand. Look the facts. general appropriation carried upward from Congress. Hawley had finished slashing it with his veto pen.

In addition to the general appropriation bill this year there is a general deficiency appropriation bill carrying approximately \$30,000. This is split.

BUHL SETTLERS WILL RECEIVE PATENTS AT ONCE

In a wire received yesterday by E. J. Sweeley from Congressman Addison T. Smith comes the news that patent to 27,200 acres of land in the vicinity of Buhl was made to Governor Haines of Idaho on March 17 by the Commissioner of the General Land Office.

This meant the virtual end of a long controversy as to the settlers' right to patent on the lands referred to. The patent will be issued at once to individual settlers.

The work of Congressman Smith in securing the issuance of patent to these lands is regarded as among the most important to Twin Falls county ever accomplished by an Idaho congressman.

OFF FOR BOISE

Senator C. A. Robinson Accepts Financial Management of Idaho Life Insurance Company.

Senator C. A. Robinson has announced that beginning with April 1 he will assume the financial management of the Idaho State Life Insurance company, of Boise, and that with Mrs. Robinson and children, he will make his home in the capital city from now on. He will continue his legal residence in Twin Falls and will in no wise be disqualified to represent this county should a special session of the legislature be called.

While a comparatively new company, the Idaho State Life Insurance company, of Boise, has enjoyed a rapid growth. Mr. Robinson has been selected for this position by reason of his ability and experience, having been manager of the Farmers and Merchants Bank in this city prior to his election to the state senate.

He has numerous business interests and connections in and around Twin Falls, the bulk of which he will retain for the present at any rate.

HOME FROM PANAMA

SEASONS BASEBALL DEPENDS ON FUNDS

NATIONAL SPORT IN TWIN FALLS IF THE PEOPLE WANT IT

Strong Committee is Named for the Preliminary Work and First Practice to be Held in the Near Future

Definite steps were taken by the baseball committee of the Commercial club Tuesday evening toward the securing of funds with which to guarantee a team for Twin Falls this year. The committee has prepared a subscription list which is being circulated among the business men and is hoped that by April 1 at least \$1500 will have been secured.

C. H. Chapin announces that the management is in communication with several pitchers of ability, one being with the national league a few years ago, and it is believed strong team can be put in the field if the necessary funds are forthcoming. The committee has fixed \$2000 as the required amount to provide a team, put the grounds in proper condition and provide for the expenses if the regular operation of a ball team. The securing of \$1200, however, will allow the committee to proceed with the season, but that amount cannot be raised, no effort further will be made for baseball here this year.

All baseball fans are urged to go to the ball game.

VERDICT FOR PLAINTIFF

Jury in Probate Court Sets Aside Defendant's Counter-Claims. A jury in Probate Judge Shank's court yesterday returned a verdict in favor of the plaintiff in the case of Browne—Kohler. In an action brought to recover on a note given for purchase of property, the plaintiff was awarded \$350 and the counter claim of the defendant set aside. It

was claimed by the defendant that Browne owed an amount for board that more than balanced the note due on the property. Attorney's Konshank, of Buhl, and Hase, of Twin Falls, represented the plaintiff and defendant respectively. The litigation was from the west end of the county.

INTEREST GROWING IN COMING CITY ELECTION

TWO TICKETS ALREADY FILED—THIRD BEING PREPARED

Some Question as to the Date of the Election Under New Law May Lead to Complications

With the city election less than two weeks away, the local political pot is beginning to boil. With the citizens and Socialist tickets already filed, and the independent ticket ready for filing, the contest in landing the city officers promises to be keen.

A bill was passed by the recent legislature providing for the holding of city elections in Idaho on the last Tuesday in April instead of the first Tuesday. Word is being awaited from the attorney general as to whether the law provides that the election date beginning this year or whether the law will not go into effect until two years hence. This information is expected today, or tomorrow at the latest.

Vote by Wards. At the coming election voters will cast their ballot for precinct only on the ward in which they live, the voters, reside. Ballots will not be cast in large for enumeration of both wards. Between now and the last of next week the candidates for the various tickets and their friends will be busily engaged in getting out a full register. All voters will be required to register on or before the first of March 20, if they desire to cast their ballot at the election.

INDEPENDENT CITY TICKET

Independent City Ticket of Mayor.

An independent city ticket of Mayor by the filed today with Dr. T. J. Boyd heading the list as candidate for mayor. The ticket was chosen at a meeting of voters held last Monday evening. FORGER STILL BUSY

Two More Forged Checks Turn Up at Kimberly—No Line on Forger.

Two more checks stolen from the office of the Farmers' Grain and Milling company, of Kimberly, have been returned to the Kimberly Bank for collection. The checks were cashed in Caldwell, Idaho, and at Ontario, Oregon, and the seven checks cashed in this city on February 22, were drawn payable to George Dunlap. Two checks are still missing from the twelve stolen from the milling company's office.

Information has been sent throughout the west in an effort to apprehend the check artist, who proves to be one of the smoothest that ever pilled his hands in this part of the country. To date no line on his identity or whereabouts has been secured. The last two checks, amounting to \$1100, were sent to Kimberly from the Western National Bank of Caldwell, and the First National Bank of Ontario.

A Good Show at the Cotton-Hall All This Week

The Hot Springs and Quaker remedy combination is operating at the Cotton Hall this week, putting on a high class vaudeville performance and giving away some beautiful presents to their medicals. Friday night every one gets a present at the door. It may pay to advertise and judge from the many useful and beautiful presents given away each night by them, they are sparing no means to reach the public, which goes to show they must know their medicines are good and will sell hereafter. They only charge ten cents admission and every one certainly gets their money's worth.

Bridge Party for Mrs. Malone

Mrs. C. H. O'Connell gave a very interesting and attractive bridge party at her home on 5th and Broadway last Friday afternoon in honor of Mrs. J. A. Malone, who is leaving for Washington, and her mother, Mrs. Trull, of Jerome. The decorations were in the symbols and colors of St. Patrick's day and the green effect was carried out in the refreshments. The table cards were adorned with shamrocks and the green effect was carried out in the refreshments. FACTS AND FICTION

Experiences of Twin Falls Citizens are Easily Proven to be Facts.

The most superficial investigation will prove that the following statement is true. Read it and compare evidence from Twin Falls people with testimony of strangers living so far away you cannot investigate the facts of the case. Many were citizens of Twin Falls endorse Doan's Kidney Pills.

C. B. Blades, proprietor Washington Livery & Cab Barn—Twin Falls, Idaho, says: "Off and on for ten years I have used Doan's Kidney Pills and I can give you my honest opinion of long standing and I tried many remedies, but I will say that I have had more genuine relief from Doan's Kidney Pills than from all else. Doan's Kidney Pills acted on my system quickly, ridding me of all pains in my back and regulating the action of my kidneys. You may publish my statement for the benefit of other kidney sufferers."

THIS IS YOUR CHANCE

Such an Opportunity Seldom Offered to Acquire a Small Tract of Land at Such a Sacrifice

I have secured the exclusive handling of about thirty acres, only one-fourth mile from the city limits, and can cut it into three four-acre tracts. This land is one-half mile west of the Hook Creek bridge, and lays north of the Hollister branch of the railroad, and south of the main road. The land slopes to the north and is all first-class soil, there is about 10 acres in orchard, 4 acres of which is six years old and worth on the present market, \$300 per acre. You can't duplicate it for less than price within one-fourth mile of this city. However, I can deliver the east 30 acres, including the orchard and improvements, for \$250 per acre. The 10 acres adjoining to the west for \$250 per acre, and the west 10 acres for \$210 per acre. This land will double in value within a very short time. I would advise you to call at once and secure first choice of these tracts.

Very favorable terms will be given, considering the low price of the land.

THE NEWS

Washington Letter

Political Comment, News and Gossip of the Capital

(Special to The News.)

Washington, March 17.—The contest between the two factions in the Democratic party in Idaho is growing in seriousness. State Chairman "Gib", of the "New Deal" faction, is in the "New Deal" party in the city. National Committee Chairman "Gib" of "New Deal" also here with Judge Nugent, and the other faction. It is understood that the President has stated that he will make appointments in the party to be in the state. If the address to this plan, the present Republican officers who were appointed have expressed with probability confidence in office for an indefinite term.

There's Many a Slip.

The old maxim "there's many a slip betwixt the cup and the lip" is being illustrated in the case of the following Idaho men who were nominated by President Taft for important positions in the state, but the Democratic machine, although in the minority, were able to prevent their confirmation by filibustering. It was not a question of illness, but the fact that the Democrats wanted these places for themselves, which impelled them to stand together in preventing votes. There were a few other nominations in the United States who met similar fate. These Idaho men lost:

U. S. Attorney William E. Lee, Moscow; U. S. Marshall Shod Hodins, Boise; Postmasters Chas. V. Nelson, Sandpoint, Robert H. Meyer, Plummer; Mrs. Nellie B. Carpenter, Grangeville, Chas. C. Moore, St. Anthony, Joe. Nro, Paris, A. T. Shano, Idaho Falls, Dr. J. F. Blawie, Kamahe, Mrs. J. C. Martin, Elgin, Edward Beckman, Treon, J. R. Collins, Pocatello, and A. L. Frenn, Weller.

LIVELY EXHIBITION GIVEN

Wrestlers and Boxers Make a Good Showing at Athletic Club.

Arrange More Classes.

Spiced exhibitions in wrestling and boxing were given at the Twin Falls Athletic club last Friday evening at the smoker given by J. J. Morrison, director of the gymnasium. In most all events the participants were students of Mr. Morrison, and displayed skill and science that measure up well with the best.

As Mutt and Jeff, the Rigby brothers met in a three round boxing bout. They are among the younger of the graduates and their skill was highly entertaining. A hotly contested wrestling match was provided by Arnold Hutto and Joe Turner met with gloves in pugilistic style. The first one of the two was the fastest mile of the season in the city. The five points in boxing were given by Darby O'Brien, of this city, and Jimmy Boy of Spokane, both of whom have established wide records in the ring. They gave a four round exhibition in which the boys were given a lot of thrills.

Interest in the gymnasium is being taken by the business men who are making plans as to providing a good spring tonic. It is planned to organize additional classes for men in the opening who cannot arrange for work during the day.

OFFICIAL TO VISIT IDAHO

The Secretary said that Idaho is only state in the Union he has not visited.

BIG LUMBER SHIPMENT

Strander Lumber Company Received Large Consignment of Beaver Board in Lot.

One of the largest shipments of lumber material ever made will soon be on its way to the western coast. The shipment will consist of several million feet of beaver board, which will be distributed to the Pacific coast states and Canada.

E. J. Strander, president of the Strander Lumber Company, states that this company has a large consignment of beaver board in this shipment. He states that its use through out the state of Idaho is steadily increasing and that it is destined to displace shingles and plaster to a large extent in the near future. Some idea of the immense growth of the use of beaver board in Idaho and ceilings may be deduced from this shipment, which represents but one month's output of the stores.

BEE KEEPERS MEET

Increase Made in Local Membership of the Idaho Honey Producers' Association.

An important meeting of the bee keepers association was held here in Commercial club rooms last Friday afternoon. The main purpose of the meeting was to increase the membership of the Idaho Honey Producers' Association. J. J. Anderson, of Idaho Falls, president of the Honey Producers' Association, was the principal speaker at the afternoon session.

The aim of the Honey Producers' Association, which was organized last year, is to bring all bee keepers and honey producers in Idaho and the nearest together in a cooperative marketing and distribution organization. Mr. Anderson presented the merits of the Idaho association, and six new members from the local area were secured. Prior to this meeting there were thirteen members of the state association in the local organization, most of whom increased their stock at last Friday's meeting.

J. L. Beatty, of Heyburn, well known as an agriculturist and is assisting in extending the scope of the honey producers' association. C. H. Sinton, secretary of the local organization, is the local secretary of the state association, and Dr. D. P. Albino is a director of the same organization.

POTATO GROWERS MEET

Timely Topics Discussed at Commercial Club Rooms Saturday Afternoon—Co-Operation Urged.

Subjects of interest to potato growers were discussed at a meeting of the Potato Growers' Association held in the Commercial Club rooms last Saturday. William Cheek, president of the association, M. A. Thomas, a successful grower, B. Merrill of Chicago, extensive buyer of fancy potatoes, and C. L. DeLong, of the Boy's Commission, were the speakers of the afternoon.

Mr. Cheek urged the farmers to cooperate through the association in the marketing of their potatoes. He presented the merits of proper grading and packing of potatoes and the consequent advantages in marketing. Mr. Merrill gave practical information on potato culture, from the care of the soil to the gathering of the crop. Merrill and DeLong discussed the potato growing from the view point of commission men and purchasers and consumers. The meeting was well attended and proved of value to those interested in potato culture.

HOME CONTEST TONIGHT

High School Students Will Decline for Honors—Winner Will Enter State Contest

The High school home declamatory contest will be held in the high school auditorium this evening at 8 o'clock. The winner of first place in this contest will represent the local high school in the state contest which will be held in Pocatello in April. This evening's contest promises to be the most greatly contested of any in the history of the local school. The contest will be divided into three classes—the oratorical, dramatic, and humorous. The divisions and contestants are:

Oratorical class—"An Appeal to Arms," Glenn Buchanan; "The Tyrone Story," Gene Williams; "Dramatic," "The Man in the Shadow," Alice Sanderson; "Humorous," "How Baby Played," Jennie Perkins; "Aunt Sylvia's Geography," Lesson; "Tremor Wiser," Bill Thayer; "Deviled," Lester Williams.

"Why has Gayboy cut off his chin?" "He heard that his wife posed as an interesting widow at several recent social affairs."

RETURNS FROM SOUTH

Robert M. McCollum Spends Two Weeks in the Land of Cotton—Idaho Looks Best.

Robert M. McCollum returned home the first of the week from a two weeks business trip through Texas, Oklahoma and Kansas. He did not find the south "wonderful" in respect, speaking of his observations while away from home he said:

"This has been an unusual winter for the South. Heavy snows in southern Kansas and parts of Oklahoma have thrown their season back considerably. In other sections, indications are favorable for a good growing season. As to many of the cities and larger towns, close money conditions are holding back development, while in other places overdevelopment is the order. Large fire-buildings are vacant and returns are not being received on investments. Conditions here have been extensive. But these conditions cannot continue indefinitely, as the surrounding country is too big and productive to allow such conditions. At that, though, I am glad to get back home, which looks better to me than anything I saw while on this trip."

The Best Fence Is the Cheapest

The difference in cost between a loosely woven fence made of brittle, poorly galvanized wire and the best fence you can possibly buy is only a few cents at the most. In fact, it is so slight that you can't afford to consider it for a minute. When you stop to think that it takes just as many posts and just as much labor to put up a short-lived fence as it does one that will last you two or three times as long, and when you stop to figure the cost of repairing broken-down fences—the loss to your crops from cattle breaking through, horses going over and pigs crawling under—you will agree that to buy any wire fence just because it is cheap is poor economy.

Square Deal Fence

will outlast any other farm fence you can buy and costs no more than any other fence of equal weight and quality of material. Every rod is guaranteed by The Keystone Steel and Wire Company—the mill that makes both the fence and the wire that goes into it.

Come In and See It
before you buy fencing. See how trim and neat it looks; how easy it handles; see the non-breakable, non-slipping Square Deal Lock. TO-PLAN WORK ON COUNTY HIGHWAYS

BIG MEETING TO BE HELD AT THE COMMERCIAL CLUB FRIDAY.

Permanent Improvements of Roads of This Section Will be Taken Up—Public Support is Urged.

Another "good roads day" in Twin Falls county is planned for the early spring. The results accomplished in one day last spring in improving the road from Blaine to Hill will be remembered in this year, although the improvements will not be confined to any one road. It is planned to carry the movement into all parts of the county. An evening meeting will be held in the Commercial club rooms tomorrow, Friday, evening, to plan the 1913 good roads day and perfect an organization for the improving of the county roads.

Local good road enthusiasts will speak at this meeting. It is the best road work in a long time will be presented. The work accomplished in one day last year has done more good than was given wide publicity throughout the country, and it is planned to still further extend the fame of Twin Falls roads this year. Secretary of the Commercial club, has issued the following statement regarding the movement and the meeting tomorrow evening:

Of Interest to All.
"This is a proposition which is of interest to you no matter what your business is. There isn't a man on the street who doesn't realize that the good roads are not a benefit to the entire community, as well as to himself."

One learner says that before the good roads movement started, two thousand pounds was all that his team could haul into town, and that now he could haul between four and six thousand pounds.

"Mr. Farmer, how are the roads between your farm and town? Can you haul in your produce any more than you could a year ago? If you can't, are you willing to give to yourself one day's time and work with the rest of the live ones on this road? Mr. Town, are you willing to do a day's work for yourself?"

Lasting Results.
"Last year we had a good roads day. We got lasting results. One physician says, 'I didn't go out last year but I will this year. That one day's work last year did more for the roads of the tract than all the other work that has been done there in the last seven years.'"

"Mr. Farmer, Mr. Merchant, Mr. Doctor, Mr. Real Estate Man, there will be an open meeting in the rooms of the Commercial club, Friday evening, at eight o'clock. The purpose of the meeting is to discuss the plan for a good roads day and to perfect an organization for the carrying out of the best possible results that can be obtained. If you are not busy, or a dead one, you will be there and take an active part."

DECLARE FAITH IN BOISE-TO-COAST LINE

GOVERNOR HAINES AND COLONEL PLACE TELL OF PROSPECTS

Idaho Executive Says That Railroad From the Capital to Winnemucca is a Sure Go in Near Future.

Ogden, March 11.—That the dream of Boise citizens will soon be realized in shape of a new railroad which will connect Boise with Winnemucca, Nevada, thereby shortening the distance to San Francisco by 500 miles, was the opinion expressed here by Governor Haines in discussing the plans of Colonel T. H. Place, a New York capitalist, who is representing the eastern interests in the formation of a new road to be known as the "Boise and Winnemucca route" according to a dispatch to the Statesman.

Governor Haines Enthusiastic.
Idaho's governor said Colonel Place passed through Ogden en route to San Francisco. Place was non-committal in regard to the road, but Governor Haines was enthusiastic and characterized Place's scheme as "the greatest thing in the world for Boise."

Silent Regarding Affiliations.
After Colonel Place had refused to say just what interests he represents, Haines was questioned. "Has not even told me that," said Haines, "but he has told me enough so I am sure the road is a sure go."

Wholesome Economy.
"Reginald" said the beautiful object of his adoration, according to Judge's Library, "I happened to read in the paper that sugar has gone away up in price and the reason candy is more expensive. I just think you are extravagant to keep bringing me a pound every time you come."
"I'm glad to do it, darling," avows Reginald.
"I know you are, but you must learn to be economical." Papa told mama to buy sugar by the barrel and get it cheaper, so mama said the world better buy candy for me the same way."

ALL VOTERS MUST REGISTER.

All voters who desire to cast their ballot in the city election Tuesday, April 1, must register on or before Saturday, March 23. Registration for the election held last fall will not answer for the coming municipal election.
The registration books in the two municipal wards are and will be open each day from now until Saturday evening, March 23.
The two city wards are determined by Blaine street. The north and west sections are in Ward 1. The east and south in Ward 2.
All voters in Ward 1 will register at the real estate office of R. M. Williams, 126 Main street west, in the old postoffice.
All voters in Ward 2 will register at the office of Police Judge Smith, Main street south, between Third and Fourth streets.
George Fisher is the official registrar in Ward 1, and Mrs. W. J. Smith is the official registrar in Ward 2. See them to register.

VERDICT OF GUILTY IN TRIAL OF PACKER

W. C. JANKS TO RECEIVE SENTENCE DURING PRESENT TERM

Large Audience Listens to Evidence—Many Witnesses From Outside Points Talk of Transactions.

Gully of receiving stolen goods was the verdict returned in district court against W. C. Janks, president of the Robertson-Janks Packing company, at 10 o'clock last Friday night, after the jury had deliberated for three hours. This was the first of four cases that were on the docket against officials of the packing plant. The remainder of the day was given to the arguments of counsel. Carl Falk, the attorney at the packing plant, and J. H. Nelson, in the employ of Sheriff Holbert, in the employ of Sheriff Holbert, were the leading witnesses for the state.

No evidence was presented in the defense of Janks. The state rested its case Friday morning and the remainder of the day was given to the arguments of counsel. Carl Falk, the attorney at the packing plant, and J. H. Nelson, in the employ of Sheriff Holbert, in the employ of Sheriff Holbert, were the leading witnesses for the state.

Identifies Stolen Hides.
Falk was on the stand all of Thursday. He identified hides on exhibit as those taken from cattle while he was employed at the plant prior to his arrest. The defendant, Mr. Janks, identified some of the hides on exhibit as those of cattle belonging to him. He testified to having given a considerable time in tracing the hides after they left this city until they reached J. L. Sewell, the latter testifying that he received the hides from the Robertson-Janks Packing company without being notified that they were being sent.

Interest Running High.
Interest in the cattle cases is running high, the court room being filled at all seasons. Frank Dolan, charged with stealing cattle and delivering the same to the packing plant, was called for trial Tuesday. Charles Jank and J. B. Kirkbride are awaiting trial on charges of receiving stolen cattle, and their trials will follow that of Dolan.

ECONOMY IS NO LONGER HEARD

(Continued from Page 1.)

of the fact that there was a law passed two years ago against the creating of detention.

There was much talk at the beginning of the administration of Governor Haines against, cutting out useless offices—of letting off the tax collector and reducing the cost of government.
This talk is no longer heard. In the beginning the promise was put forth that the water commission were to be cut out; that the land department was to be reorganized in such a way as to make a real saving to the taxpayers, and that there was to be retrenchment all along the line.
Promises Not Kept.
Well, the water commissioners were not cut out; instead of reorganizing the land department it was made a saving, the only change was to raise the salary of Commissioner George A. Day from \$3500 to \$3800, and if there has been retrenchment anywhere it has escaped the notice of the public.
It is true that Major Fred Reed was

legislated out of a job by the failure to provide for the department of immigration and labor; but as an official there is as yet no opportunity for the San Francisco exposition, a \$400,000 appropriation for the public utility commission; a \$200,000 appropriation for the tax commission; a \$200,000 bond issue for the state highway commission; a \$400,000 bond issue for the Lewiston bridge, and provisions for many other public improvements by bond issue or direct appropriation.

On Bond Issues.
There is one point at which the administration of Governor Haines differs from that of his predecessor that have gone before. This is in the matter of bond issues.
Under Governor Hawley, for illustration, there was a bond issue of \$500,000 for the state capitol and many bond issues for roads and bridges. There have been practically no bond issues under Governor Haines, and most interesting feature of it is that the administration is part of a well defined plan.

No bond issues were permitted for permanent improvements at the state educational institutions for the reason that a state board of education has been provided for by law jurisdiction over all the state institutions. It is agreed that no permanent improvements should be made at any of the state schools until the board of education had taken a survey of the field; until it determined which of the state schools should be abandoned, which should be consolidated with other schools, which should be moved to other parts of the state, and which should be maintained.

This policy of Governor Haines and his administration appeals to the business sense of the entire state. It will not only put an end to the notorious lobbying of professors and of teachers for their institutions that was the curse of the session just ended.
If this plan works out in the way it is hoped, appropriations for the state schools and changes in the state schools will be made, not on the strength of the lobby maintained in the capitol during the session, but on the merits of the historical report of the state board of education submitted to the governor for the guidance of the legislature.

New System Inaugurated.

What is said here in support of the educational system of the state and the plan of the historical report with reference to it may be said with equal propriety in support of the administration's plans for the development of a state highway system. Up to this time the roads and the bridges have been located and built on the crazy quilt order. Bridges have been located without reference to any road system, but simply because some locality or some politician had sufficient pull. The same is true of roads. Little pieces of road have been built here and there at great expense, and in many cases they have gone back to the wilderness because they were no part of a system of roads. No provision was ever made for their maintenance.
Under the new system all this will be changed. A comprehensive highway law has been enacted, a state highway commission has been provided for, and provision has been made for the employment of the penitentiary convicts in the construction of permanent highways. This is as it should be.
