

NINTH YEAR

TWIN FALLS, IDAHO, APRIL 17, 1913.

NUMBER 25

CLEAN UP DAY
WILL BE BIG
EVENTPLANS COMPLETE FOR PROGRAM
OF RENOVATION OF CITY

Block Captains Selected and Arrange
meets Made for Big Parade,
Free Lunch and General
Jubilification.

Bright and early on Friday morning, the citizens of Twin Falls will turn out for civic housecleaning. The day has been declared a half holiday and stores will be closed so that all may have a chance to work on their property.

At noon a free lunch will be served in the park, through the courtesy of the Twentieth Century club. A parade of the workers, led by the Twin Falls Band, will also be a feature of the day.

Arrangements have been made with the city authorities for the hauling away of all accumulations of rubbish which is to be piled in the alley. Wagon will make the rounds and everything will be hauled to the city dump.

Following is a list of the block cap-

(Continued on Page 6.)

BOOTLEGGERS BONDS
HARD TO COME BYMAJORITY OF ACCUSED MEN WILL
STAY IN JAIL FOR PRESENT.

Hearings Before Judge, Smith Take
Up Much Time—Other War-
rants Are Issued.

Two more arrests were made by the sheriff Saturday for violation of the local option law, when Frank Wright and Bert Morton were taken into custody, making eleven men being held on these charges.

Judge W. J. Smith was kept busy hearing the cases this week, for trial under heavy bonds. Harry Woods on four counts, bond \$1350; Bert Johnson on two counts, bond \$600 on one count; Ole Johnson on five counts, bond \$1500; William Volight on five counts, bond \$1350. They were unable to furnish bonds and consequently will remain in jail until their cases are called for trial. George Weldon, the Milner drugist, entered a plea of guilty on the count of selling on credit in bond of \$600 on this count and a surety bond of \$1350 on the six remaining counts. He furnished bonds. Frank Wright and Bert Morton, against him and will remain in jail until his case comes up in district court. Bert Morton in default of bail will remain in jail. He is held on six counts and bonds fixed at \$1750.

The hearings of the balance of the cases will be heard in a few days. These are W. S. Harris, D. E. Cannon, Fred Schuster, and Fred Estes.

CAST WORKING HARD

Chimes of Normandy by Twentieth
Century Club Musical Department
to Be a Real Treat.

An unusually clever and entertaining performance may be looked for when the Chimes of Normandy is presented by the musical department of the Twentieth Century club on Monday, April 22.

Chorus are being held almost daily and the cast is rapidly rounding out first class shape under the direction of Mrs. D. E. Cannon. Some of the best known amateur actors and actresses here will take part and the place itself promises a real treat to the music lovers of the city.

Arthur Jensen, G. J. Reid, Dr. Higgins, A. H. Hall, A. P. Benson, Howard Hedden and Eugene Cox will each make a solo, while Mrs. P. M. Minkley, Miss Galligan, Miss Campbell, Mrs. Tucker, Mrs. Wilkey and Miss Schert have been selected for the female parts.

J. T. Battinbridge is in charge of the orchestra and Mrs. P. T. Kaseley is engaged in directing the cast in the choral work.

The performance will be one of the most elaborate ever attempted in Twin Falls, and is being looked forward to with keen interest.

CHARGE DISMISSED.

E. R. Chandler, of the Shoshone Indian, who had his hearing last Saturday on a statutory charge of seduction, was dismissed on motion made by the prosecuting attorney owing to the lack of evidence.

HOME INDUSTRY WEEK

This is home industry week over the State.

It is the week during which every purchaser of goods of all kinds should insist on having Idaho made goods in preference to any other.

In the same sense the residents of each community are urged to patronize their local industries in preference to those at a distance.

The object of Home Industry Week is to create a better feeling towards Idaho products, to discourage promiscuous buying from outside sources when the same or better goods may be had at home and to add to the prosperity of the state by a closer attention to home manufacturing and home production of all kinds.

The object is indeed a worthy one.

WRIGHT IS WINNER
OVER JIMMY BOYDSALT LAKE MAN TOO MUCH FOR
ADVERSARY LAST WEEK

Bout a Lively One From Start to Finish, and Spectators Well Satisfied with the Go.

Ernest Wright of Salt Lake City, proved himself the master of Jimmy Boyd of Spokane, in the contest arranged by J. J. Mortimer in Collihan hall last Friday night.

The mill was decidedly interesting, and was clearly fought throughout, with nearly every round in favor of the Salt Lake man.

Wright is a clever boxer. He goes into the ring with the spirit of an artist at any kind of work, and his cool head, clever blocking and dodging, and remarkable ability to be some where else than at the landing place of a dangerous swing, made him an adversary to be feared. Boyd is a rattling good fighter, but Wright's cool and calculating style of fighting seemed to wear on his nerves, and he looked the confidence to win in and out.

Wright seemed to be in much the best condition, gave him an advantage. In the seventh round, following a hot mix-up in which Boyd was badly punished, Wright landed two blows to the jaw and Boyd took the count.

Class to Preliminaries.

Ella Davis and Young Smith were matched in the first preliminary. Ella carried the fight to Davis at a pace a little too fast for that boxer's state, and the referee awarded Jones the decision.

Winder and Turner came on for the second bout. They proceeded to mix things at a rapid pace, but under the hand of the referee, Turner's hard knock during the first round and was injured to such an extent that he had to quit. This was quite a disappointment to the spectators, as both boys are clever, and the mill would have been a good one.

Manager Mortimer put on a good, clean exhibition, and a fair sized crowd got the boys' work.

SMALL BAZAR BREAKS OUT.

A fire caused by the explosion of gasoline which was being used in cleaning clothes at Heartfield's cleaning shop called out the fire department Friday morning. The blaze was quickly extinguished. The damage amounted to about \$75.

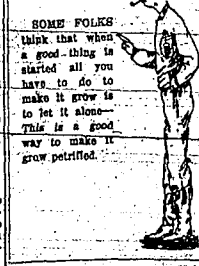

MANY REAL ESTATE SALES.

T. J. Woods reports a number of important sales of real estate during the past week of work. The most notable was the sale of the property in the city, which was sold for \$100,000. The sale was made by the real estate company.

Miss Nina Johnson, trained nurse from Denver, is visiting her sister, Mrs. Rex Cook.

SOME POLKS.

Think that when a good thing is started all you have to do to make it grow is to let it grow. This is a good way to make it grow.

GOOD ROADS DAY
IS GREAT SUCCESSOVER 20 MILES OF HIGHWAY PUT
IN FIRST CLASS SHAPE.

Further Improvements to be Under
taken Later—New Auto Tax
Law is to be In-
stituted.

The rounding up and grading of over 20 miles of road on Good Roads Day of last week was reported by the various division captains at a mass meeting of citizens held at the Commercial club last Friday night. Following the road building campaign, a large number of citizens were present and the greatest enthusiasm prevailed. The meeting was called to order by M. J. Swenley, as president of the Commercial club, and verbal reports were received from the various workers. The captains of the various divisions were L. A. Snyder, M. J. Swenley, J. W. Edwards, Willett Hance, and C. D. Thumant.

An interesting feature of the effort was brought out when it was found that very little money was expended on the roads, most of the cash allowances being practically unexpended. Further money is expected to come in from those who have not yet paid, but were unable to do so with this further work will be done from time to time as the roads require it.

A. L. Swim Takes Charge.

Following the good roads reports the meeting was turned over to A. L. Swim, and a general discussion took place as to the effect of the new auto tax law. Senator Robinson explained the law, pointing out the necessity for the organization of a road improvement district if the residents of this section are to take advantage of the new law.

The new law provides for a graduated tax on all autos in the state, 30 per cent of the money so collected to go into the improvement of roads in such counties as have road improvement districts and the balance to be applied to the roads of the state highway commission. Where no road district exists the total tax collected goes to the state highway commission.

Arrangements were made for a thorough investigation of the new law, with a view to determining the proper question of forming a road improvement district in this county. A committee was appointed to look into the matter and to report later.

LARGE ATTENDANCE AT
PRESBYTERY MEETINGNEARLY EVERY ACTIVE MEMBER
IN DISTRICT PRESENT.

Entertainment of the Delegates Late
Little to be Desired, and the
Session is a Splendid
Success.

The spring meeting of the Twin Falls Presbytery held at Butley April 13 was unusually well attended and close to the mark was made in the proceedings. Almost every active minister and an equal number of ruling elders were present. The counties covered are Teton Falls, Cassia, Minidoka, Lincoln, Gooding, and Blaine.

Rev. W. G. Morrow presided at the opening session and Rev. J. K. McGilvray, the pastor-evangelist of the city, preached the sermon. The subject being "Christ and His Church in Relation to the Church."

Rev. Dwight Dunham, of Heyburn, was elected moderator for the coming year, and Rev. D. T. Teller, of Hollister and Rogers, was appointed temporary clerk. Rev. J. R. Robinson, P. H. of Burley, is stated clerk and Rev. J. K. McGilvray is permanent clerk.

All of the sessions were held in the fine new brick church building erected under the control of the present minister, who has the habit of not only planning but doing his things; the members of the church are to have a Brotherhood of 60 members.

Good Musical Numbers. The entertainment of the delegates was all that could be desired; the singing of a solo by Mrs. Ransom being a notable feature. Three new church organizations.

(Continued on Page 12.)

DIES AT HANSEN

Henry Smith, Well Known Pioneer,
Succumbs at the Rippe old
age of 63.

Henry Smith, aged 63, died at his residence 3 miles south of Hansen on Friday April 12, of a complication of diseases. Mr. Smith was one of the old settlers on the tract and was well and favorably known.

The funeral services were held Sunday afternoon from the Crosby undertaking parlor. The Rev. Mr. Harmon of the Christian church officiating. Adoration was held at the Twin Falls cemetery. There was a large attendance of relatives and friends. Mr. Smith was survived by a wife and several sons and daughters.

In Honor of Twin Falls' Hay Crop

The best way to reap the profits on alfalfa is to feed it to Holstein cows.

TO MAKE HIGHWAY
OF OREGON TRAILRESIDENTS OF SOUTHERN IDAHO
URGED TO TAKE ACTION

Rich Possibilities in the Way of a
Cross Country Tourist Trade
Would Warrant Such
a Step.

The proposition to develop and make a part of the transcontinental highway out of the Oregon Trail is receiving considerable attention in Twin Falls and southern Idaho. The advantages of converting the trail into a cross country tourist route can not be overestimated, according to J. B. Farnie, who is interesting himself in the proposition, and who had the following to say yesterday:

"We can't make the Oregon Trail a standard tourist and automobile route—it would bring great numbers of sight-seers to southern Idaho and other wise would never see this country."

"I have just returned from Colorado where the signs to fix up the state of the trail. By improving that route many tourists will visit the interesting places in Colorado. Cross country and Arizona, and they are going to do it. And we, that is the people living along the route from Salt Lake to Portland, must get the same thing. We are to get our share of the cross country tourists in the future."

Would Make Fine Route.

The Oregon Trail comes through Salt Lake, Ogden, Albion, Carey to Twin Falls, Boise through Mountain Home to the west. It has a fine grade and can be made a fine route. This can be done by cutting out the old stage route—disfranchising, road improvements and commercial clubs. Of course it could not all be done in one year but a great deal can be done each year for a few years and then we have the road. A number of eastern capitalists were here recently, and in going over the trail with them in this part of the state they became enthusiastic over the proposition. I hope some of the boys here that the trail will become a standard tourist route."

BUILD NEW CHURCH

Local Firm of Architects Instructed
to Prepare Plans for Kim-
berly Building.

Olin Brothers, architects of this city, are drawing the plans for the Kimberly church, which will be erected in the near future in Kimberly.

The church building will be 63 feet by 38 feet and of frame, with ample basement, providing for class rooms and rooms for social gatherings. It will be built on the lot which was within the next 30 days, as it is the aim of the members of the congregation to have the church completed this summer. The Rev. E. E. Evans of this city, has been for some time officiating as minister to the church.

COWS FOR TWIN FALLS.

Four Carcasses from Ohio for Disposition in This Section as State.

If J. Russell, of the firm of Russell and Russell, of Geneva, Ohio, and E. D. Waller reached Twin Falls yesterday with four carcasses of registered and high grade cattle which will be sold in and around Twin Falls. Mr. Waller states that 35 head are fine registered stock and the balance good grade animals.

LEAVES FOR SPOKANE.

J. L. Danbe returned to Twin Falls last week, after a several month absence from the East. He is leaving for Spokane almost immediately and expects to be gone some time.

NORTH SIDERS'
TROUBLES ARE
SETTLEDCONTRAVENY BETWEEN COMPANY
AND SETTLERS SETTLED.

Agreement is Signed by the State
Land Board Providing for
Abundant Water for Entire
Project.

A final settlement of the controversy which has raged for years between the North Side settlers and the company was reached last week when a definite agreement was entered into between the two sides and duly stated by Governor Haines for the state land board. Settlers and company officials are jubilant over the end of the long struggle and a period of prosperity is now assured for the North Side settlers, which will mean much to the section of the state.

By the terms of the agreement reached and signed Saturday by Governor Haines on behalf of the land board, the settlers got 10,000 acre feet of water for each year delivered to them at Millar, on the project. The company agreed to construct water in the project lake in Wreling to make this certain will such time as Wilson lake and the Jerome reservoir, on the project, are made to work with the lake and the state land board stands between the settlers and the company to see that.

(Continued on Page 6.)

LONG PHONE RATES

G. G. Winter Says Any One Can
Afford Service to Jarbidge
From Now On.

G. G. Winter, vice-president and general manager of the Idaho-Nevada Telephone and Telegraph company, has announced that the telephone companies are making general reductions in rates from Jarbidge, Three Creek and Intercontinental points to Twin Falls. He further states that Jarbidge and Coatsville will be classed as 10A, with general reductions of 40 per cent about May 1, or soon thereafter.

Mr. Winter states that these reductions have been brought about through a good deal of the Idaho-Nevada Telephone and Telegraph company, with whom the relations with his company have at all times been all that could have been desired.

BIG MEET AT TWIN FALLS.

Intercollegiate State Track and Field Meet to be Held Here in May.

The Intercollegiate State Track and Field Meet for 1913 is to be held under the auspices of the local high school. Fourteen of the leading high schools of the state have already entered teams, and still more are to enter. The date of the meet is May 10, and contests will be held in all the regular track and field events. This meet will bring upwards of 100 picked athletes to Twin Falls and will doubtless be the biggest intercollegiate athletic event ever held in Idaho. The Twin Falls high school track athletes are hard at work getting in shape to give their school a strong representation in the state meet.

GOOD GAME PROMISED

Twin Falls and Buhl High School
Teams to Play; and Fast Work
is Looked For.

Friday at 3:30 p. m. the Twin Falls high school baseball team and the Buhl high school team will cross bats at the local baseball park and a fast game is looked for.

Buhl has a fast team this year, and easily defeated Prier last Saturday, and they are coming here with the idea of taking the scalp of the Twin Falls boys if hard playing can turn the trick. The Twin Falls team has met with one defeat so far, which has served in making them get down to business, and they have no intention of letting Buhl put anything over on them. The game will be a good one and everyone who can attend should do so and help the team by giving them all the support possible.

POTATOES FOR FOOD VICTIMS.

D. M. Denton Superintending Leading
of Carload of Spuds.

D. M. Denton was busy the fore part of last week superintending the loading of a car of supplies which has been shipped to the Buhl school sufferers. The car included all kinds of provisions, including potatoes, flour and clothing. Several hundred dollars in cash has been raised in the city has also been forwarded to Darton.

FIRE AT BURL.

According to a report current on the streets of Twin Falls, fire this week destroyed the drug store of W. S. Harris, at Buhl. The origin of the blaze is unknown.

The students of the Twin Falls high school will give an entertainment for the Buhl school, which will consist of a number of clever sketches by the different classes and a dance. The proceeds of the entertainment will be charged, the proceeds to be used to help wipe out the debt of the athletic association.

FREE

For a few days only, leading tobacco dealers in this city will give a 5-cent book of the famous **RIZ LA CROIX CIGARETTE PAPERS FREE** to every purchaser of a 5-cent sack of genuine **"Bull" Durham tobacco**.

We want every smoker in this city to take advantage of this offer. "Roll your own," as the majority of cigarette smokers throughout the world do, and see how much better the cigarettes you roll from **"Bull" Durham** are than any ready-made cigarettes you can buy

GENUINE "BULL" DURHAM SMOKING TOBACCO

(Forty "rollings" in each 5-cent muslin sack)

Last year alone enough **"Bull" Durham** tobacco was sold to make approximately **12 billion cigarettes**—about the same number as all brands of ready-made cigarettes in this country combined! This proves that the majority of smokers have learned that they can roll *better* cigarettes from **"Bull" Durham** tobacco than any ready-made cigarettes that money can buy.

"Bull" Durham is smoked by more millions of

men, in pipe and cigarette, than all other high-grade tobaccos combined! Last year alone over **352,000,000** sacks sold, nearly a million a day—more than all other high grade smoking tobaccos combined! This grand old tobacco has been the standard smoking tobacco of the world for *three generations*. It is not sold in painted tins or fancy packages— which smokers have to *pay for*, but *cannot smoke*. **"Bull" Durham** comes in a plain muslin sack, because the quality is *all in the tobacco*, where it belongs!

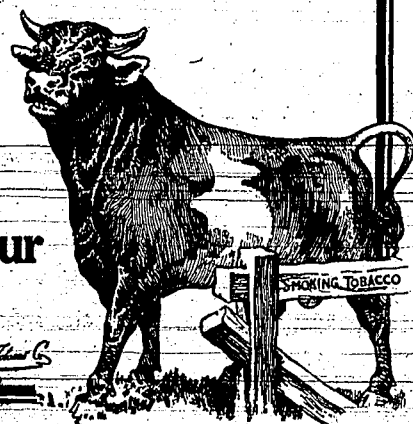

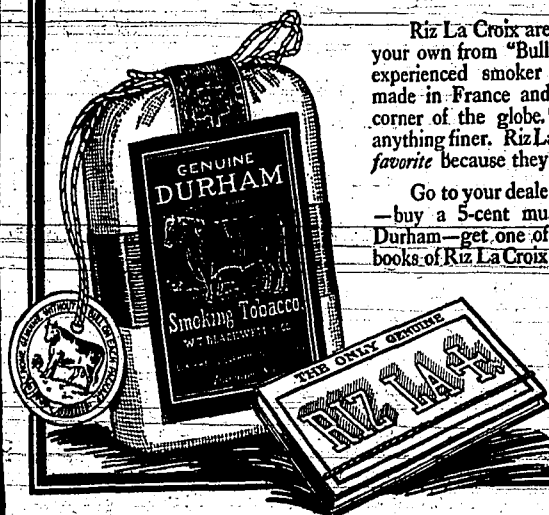

FREE RIZ LA CROIX FREE

Riz La Croix are the finest cigarette papers in the world, and used when rolling your own from **"Bull" Durham**, make the finest cigarette in the world—as every experienced smoker knows. They are made in France and are used in every corner of the globe. *Money cannot buy anything finer. Riz La Croix are the world's favorite because they are the world's best.*

Go to your dealer's *without fail* today—buy a 5-cent muslin sack of **"Bull" Durham**—get one of these famous 5-cent books of Riz La Croix papers **Free**—and

Roll Your Own

Roll Your Own

701

Notice to Dealers

This is a special offer and we want every dealer in Twin Falls to be supplied with Riz La Croix papers so that he can make this special offer to his customers. All dealers who have not yet secured a supply of Riz La Croix papers to make this offer can do so by applying to J. W. Purefoy at **"Bull" Durham** headquarters at the Rogerson Hotel not later than Thursday P. M. Phone No. 84.

DEEP INTEREST IS TAKEN IN WORK

STATE CLUB SUPERVISOR J. A. HUGHES VISITS COUNTY.

Praises the School Conditions and Predicts Lively Response to Plans of National Club Movement.

Editor of The Twin Falls News.
Dear Sir: I should like to make a report to you of the week's work just completed in your county on gaining the boys and girls club.

This work is the National Club movement which is being carried on in Idaho through the office of education with the University of Idaho, and the United States department of Plant Industry co-operating. Senator Bredt donated \$1000 to help begin the work. The clubs consist of the Potato, Corn, Bread, and Sewing clubs. Any one between the ages of 10 and 15 years is eligible.

The county prize winners will be brought to the State Fair when Bredt will contest for the state champion ship prize.

My week's work in Twin Falls county was most successful. I found County Superintendent Miller one of the most wide awake and enthusiastic of the county superintendents. He arranged an extensive schedule and went over the county by rail, auto, and team. In the five days I made 27 talks, reaching most of the schools.

Look for Good Results.
Miss Noel stood the long and rough driver wonderfully well, and through her efforts we are expecting wonderful results from your county.

The club superintendents welcomed me so warmly, and are deeply interested in organizing their pupils in the club-work. Foremost among them are Superintendent Markel of Buhl, Superintendent Miller, of Hollister, Superintendent Dooley, of Filer, and Superintendent Hall, of Kimberly.

We talked at Buhl Monday afternoon, and on Tuesday night. Superintendent Markel had caused a large crowd of persons to assemble in the high school auditorium. The high school had furnished some excellent music. Then I talked "Clubs" for two hours. Mr. Markel and the Buhl people are very much interested in the work.

I found in Superintendent Miller, of Hollister, an old Kentucky friend. He is wide awake and his splendid boys and girls have made me believe we will get splendid things out of Hollister.

Filer Boys Do Good Work.
Superintendent Dooley, of Filer, stopped all classes and had his school assembly so we could address them. Up at the State University the Filer students have made a record for their community, and from the superintendents of Superintendent Dooley's school, their younger brothers and sisters bid fair to follow their example.

At Kimberly I lectured in the evening. The audience consisted of nearly 300 were present. Miss Hale says that the Kimberly school will be the best in the county. They certainly bid fair to make a hard fight for it anyway.

Much Activity Shown.
Superintendent North, of Hansen, and Carlson, of Marion, are very active in pushing the work. They have splendid schools and their pupils reflect their interest and ability.

I do not know of a county that has more wonderful resources, more wonderful scenery, more wide awake and intellectual people and more bright school children than Twin Falls county. With Miss Noel as county superintendent, and such men and women as district superintendents as those named, there is no reason why your county cannot be foremost in educational work. I will be always glad to visit your county and, in doing anything in my power to further the work.

(Signed) J. A. HUGHES,
State Club Supervisor.

BEGINS HIS SENTENCE.
Frank Dolan Taken to Penitentiary to Serve One to 14 Years.

Frank Dolan, convicted in the district court here a few weeks ago on a charge of stealing cattle, began his term in the state penitentiary last week. T. O. Yesman, a guard from the big prison, came last Thursday evening and returned with his prisoner Friday morning to Boise. Dolan's sentence, as imposed by Judge Stockslager, is from one to 14 years.

If you want to see right, see us. Parrott Optical Company, up-to-date opticians—advertisements.

GOOD SHOW PROMISED

Taylor-Daniels and Colonial Players Company at Cottonfill Hall.

The management of Cottonfill hall has secured for a return date the Taylor-Daniels and Colonial Players company, for four nights only, when they will present two new and famous plays. On the opening night the Colonial Players will offer Mr. Willard Mack's great play of the west, "God's Country." This is by far the best play ever written by Mr. Mack, and was presented for a run in Los Angeles last November and ran for seven weeks at the Burbank Theatre. The great of that city saying "God's Country" was one of the best of the new western plays.

On the last night Mr. Taylor and company will present Mr. H. G. Carroll's famous English play entitled, "Liberty Hall," a play made famous in this country by Mr. Coss. Freeman's Lyceum Theatre company, and is now being played as a grand revival at the Empire Theatre, New York City.

Two sisters find themselves penniless on the death of their father. They live in a fine old hall, but the estate and all the property are to go to a cousin, whom they have never seen, and who is traveling on the continent and reputed to be an excellent character. A Mr. Owen (Mr. Taylor) arrives and gives the girls a letter, which he says is from the heir, requesting them to remain on the estate until he returns. If over, as he will be a long time away in India.

The sisters refuse this offer, and go to the home of an old uncle, who keeps an old book shop in Bloomsbury, London (Liberty Hall). Mr. Owen follows, and becomes a lodger at the old man's house, naming himself off as a traveling salesman, "in snip." He is in love with the elder sister, and is a very good fellow.

Remember the dates and secure seats early and avoid disappointment.

PROMINENT MEN COMING

State Sunday School Convention to Open at Boise May 20 to 24.

One of the most important annual religious events in Idaho is the State Sunday School Convention, which is gathering of the Sunday School workers of all denominations. This year the convention is to be held in Boise, May 20-24.

Among the principal speakers announced are W. A. Brown, of Chicago, representing the International Association of Sunday School workers, and J. A. Alford, secretary of the Montana association.

The Boise people will entertain all the accredited delegates on the Harvard plan—free lodging and breakfast. It is understood that at least 300 delegates are expected to attend the big Boise convention. Of course, this community should be well represented at such an important meeting.

NEW ROUTES LIKELY

Congressman Smith Busy in the Interests of the Citizens of Lincoln County.

(Special to The News.)
Washington, April 14.—Congressman Addison T. Smith has been urging the establishment of a rural route to supply territory extending west from the postoffice at Eden, Lincoln county, and the fourth assistant postmaster general has given him assurance that the matter will have immediate attention.

Congressman Smith is also urging the establishment of rural routes from Wendell and Dietrich, Lincoln county, and the outlook for the establishment of these routes is most encouraging.

Jan.—Mr. Todgers paid me a great compliment. He said to me as I entered the reception parlor, "You are the prettiest girl I have seen tonight."

Mary.—Yes, I understand you were the first to arrive.—Cleveland Plain Dealer.

COMMENDS LOCAL

SCHOOL AND STAFF

PROFESSOR PH. SOULEN SPENDS WEEK END IN TWIN FALLS

Work of Superintendent Elliott He Declared to be of Splendid Value to the Community.

No one but a confirmed pessimist would fail to enthuse over the Twin Falls school situation, said Professor Ph. Soulen, of the Department of Education of the State University, who is spending the week-end visiting the Twin Falls high school.

"Twin Falls looks mighty good to me," said Professor Soulen, "only one thing looks better, namely, the Twin Falls schools. I think Superintendent Elliott and his splendid corps of teachers are to be congratulated upon the community spirit which makes possible a school equipment such as you have here. No less fortunate are your people in the possession of a superintendent and instructors who rank among the best in the state."

Imbued with Idaho spirit, the Twin Falls school imbued with the genuine Idaho spirit, the spirit that overcomes obstacles and pushes forward to the big things of life. You are spending money freely for education but time will prove that no other investment will bring you larger returns than the increased value of these young lives. It requires young people with a larger vision and better training to solve the problems of the future. The horse car driver of yesterday must give way to the motorist of today. Your young men and women at the University are making good. Some of them are in the class of students. That represents the top notch record.

Serves Entire State.
"I trust your people, however, do not regard the University's usefulness as limited to the student body. Dr. Carlisle with his characteristic aggressiveness is pushing the work of the university into every section of the state through correspondence, available schools, libraries, and traveling representatives, the problems of the farmer, the fruit grower, the miner, the forester and the school graduates who cannot attend the university in person, are being solved."

"Much Useful Information."
"In scores of cases a person or two in postage but brought information that cleared away a difficulty and opened the way for larger success. I am glad to note that the 'home product' and 'patrol' some industry' spirit, so manifest in industrial Idaho, is also being evidenced in educational Idaho."

DOES GOOD WORK

Record of C. H. Mull is Given Space in Well Known Engineering Journal.

O. H. Mull, treasurer of the Idaho Society of Engineers, during 1911, and was a member of the Executive Council of the Idaho Society of Engineers, and an engineer and contractor at Twin Falls, Idaho, says a recent number of the Pacific Builder and Engineer, Mr. Mull's biography may be briefly summed up in two words—"Twin Falls."

Before such a place existed he cooked his bacon and bread on the sage brush where now the most remarkable city in the history of irrigation stands.

When the town started he opened an engineer's office and has done general engineering since. Last year he took on general municipal contracting. Just now he is finishing up the sewer system for Burley, Idaho.

To best express Mr. Mull's attitude towards Twin Falls will be to use his own words: "The one thing of which I am proud is that I have secured the city of Twin Falls during its entire existence as its engineer and have planned and built all its municipal improvements."

It seems good to be alive and to have a small part in the great development that is taking place there.

Mr. Mull had a share in the building of two or three of the Idaho bridges mentioned and illustrated in this issue of Builder and Engineer.

Show Girl (bursting into manager's office)—Quik! There's a fire! Behind the scenes, the gang is rushing about like mad and screaming their heads off. "Looks like a panic. What will we do?"

Manager—Do?—Hang up the curtain, of course, and let the audience think it is the opening chorus.—Puck.

The NEW HARLEY-DAVIDSON

The First Comfortable Motorcycle.

The ordinary motorcycle of to-day is built with a rigid seat. Their manufacturers rely on the small springs in the saddle to absorb the jolts and jars. These springs have an action of about one inch up and down. This means that when a rider of such a machine strikes a bump three inches high, these springs absorb the first inch of the jar and the rider gets the rest. This is not true however with the Harley-Davidson, for its

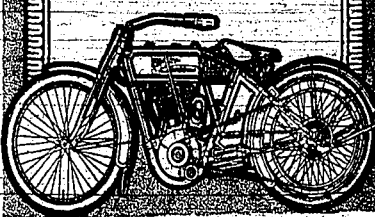

Fat-Holding Seat

provides a range of action of nearly four inches, making this machine nearly four times as comfortable as the ordinary motorcycle.

This is only one of the exclusive features of the new Harley-Davidson. We should like to show them all to you.

Week in Society

Dinner Club Entertained.

Mr. and Mrs. H. Robbins entertained the members of the dinner club at a beautifully appointed dinner at their home on Saturday evening.

The dinner was a very attractive affair, the table being further adorned with yellow shaded candles in crystal holders, and dainty yellow and white place cards. Auction bridge was enjoyed after the dinner, Mrs. Aiken and Mr. Welton winning the prizes for high score. Places were arranged for Mr. and Mrs. Welton, Mr. and Mrs. Sweeley, Mr. and Mrs. Ostrander, Mr. and Mrs. McCollum, Mr. and Mrs. Felling, Mr. and Mrs. Booth, and Mr. and Mrs. Aiken.

Charming Kennington.

Honoring Mrs. Read was the charming Kennington given by Mrs. L. B. Perrine and Mrs. W. H. Hancock at the home of the former last Thursday afternoon, the party being a surprise to the honored guest. At the close of the delightful affair, refreshments were served in the dining room, where the long table was artistically decorated in yellow and white. A large pot of lilies of the valley occupied the center of the table; this was surrounded by a wreath of marguerites, which also formed a wreath around the edge of the table. At the close of the luncheon Mrs. W. E. Nixon gave a toast to the honored guest, who was then presented with a number of very handsome gifts. Mrs. Kennehan rendered two delightful vocal solos. Mrs. Stanford, Miss Perkins, and Miss Ostrander assisted the hostesses. The others present were Mesdames Felling, Welton, Robinson, Craven, McCollum, Buckley, Roberts, Chapin, Booth, Kenneth, Nixon, Boyd, Aiken, Savage, E. B. Williams, Reed, and Miss Boyd.

Dinner for Winmodul Club.

On Monday evening the members of the Winmodul club entertained their husbands with a beautifully appointed dinner at the Justus Inn. Large clusters of pink and white carnations and pink shaded candles being placed at intervals on the long table. After dinner the men were obliged to work buttonholes and sew on buttons. Later the evening was spent with music and dancing. Present were Messrs. and Mesdames Deauchamp, Felling, Philbrick, McElwain, C. A. McKelster, Mann, Beckman, J. H. Warner, Whitesworth, H. J. Young, Will Young, A. B. Ostrander, and Babcock.

Informal Luncheon.

Mrs. C. A. Robinson entertained a few of her neighbors at a delightfully informal bridge luncheon on Friday afternoon. The color scheme for the luncheon was yellow and white, a large basket of white carnations forming the attractive centerpiece, yellow shaded candles being placed at each end. The bridge favor was won by Mrs. Chapin. Mrs. Ostrander receiving the consolation prize. The guests were Mrs. Welton, Mrs. Booth, Mrs. Chapin, Mrs. Dodd, Mrs. Felling, Mrs. McCollum, Mrs. Robbins, Mrs. Read, Mrs. Sweeley, Mrs. Scott, and Mrs. Welton.

Series of Dinners.

Mr. and Mrs. E. J. Ostrander have given a series of delightful dinners during the past two weeks. On Saturday their guests were Mr. and Mrs. McMartin, Dr. and Mrs. Wilson, Professor and Mrs. Elliott, Mr. and Mrs. Peavey, and Mr. and Mrs. J. H. Beaver. Last Wednesday evening those who enjoyed the hospitality of Mr. and Mrs. Ostrander were Mr. and Mrs. Welton, Mrs. and Mrs. Felling, Mr. and Mrs. Read, and Mrs. Robinson. Last evening the guests were Mr. and Mrs. Aiken, and Mrs. Booth, Mr. and Mrs. McCollum, Mr. and Mrs. Miller, and Mr. and Mrs. Allen.

Pleasant "600" Party.

Mrs. R. C. Cookingham entertained a large number of ladies at a very pleasant "600" party at her home on Main avenue last Friday afternoon. Pink and white carnations effectively decorated the home for the occasion. Mrs. P. T. Mitchell and Mrs. Barrett were first and second prize winners. Mrs. C. D. Thomas received the consolation prize. Mrs. Fanning and Mrs. Stinson assisted the hostess in serving refreshments. Present were Mesdames Babcock, B. A. Baker, Burton, Booth, Coughlin, Clouche, Guitrie, Hargrave, E. T. Hamilton, W. S. Hill, Humphrey, Kaneley, Kunkley, Heap, McCollum, Mitchell, Nixon, Priebe, Pike, Parsons, Payne, Kinney, Milner,

Madison, Mann, T. Reed, Hamsey, Horst, Sprague, Sontor, Thomas, Williams, E. B. Williams, Arthur, and Reagan.

Honoring Mrs. Robinson.

Mrs. Welton and Mrs. Read gave a pretty bridge tea at the home of the former Wednesday afternoon, in honor of Mrs. C. A. Robinson, who leaves shortly for her new home in Idaho. The guests being the members of the two bridge clubs to which Mrs. Robinson belongs. The tea table was covered with a set of clear, dainty, an epergne filled with pink and white sweet peas and pink carnations forming the centerpiece, around which pink shaded candles were placed. Mrs. Robinson and Mrs. Porter presided at the tea table and Mrs. Felling assisted in serving. Mrs. Boyd received the prize for high score at auction bridge, and Mrs. Robinson received a guest prize. The guests were Mesdames Aiken, Allen, Boyd, Booth, Chapin, Dodd, Craven, Felling, Heap, Hill, Hanna, Greenhow, Kenneth, Learned, Milner, Nixon, Ostrander, Perkins, Perrine, Roberts, Robbins, Sweeley, Scott, and Thomas.

Auction Club Entertained.

Mrs. D. A. Hamilton entertained the members of the Auction club and four guests at a most pleasantly appointed luncheon Saturday afternoon, in honor of her sister, Mrs. Johnson. Mrs. Los Angeles, who will be in the city about a month. A violet color scheme prevailed, the centerpiece being of flowers with tiny violet blossoms, and the place cards were dainty little violet basket hats. Mrs. Longway won the prize for high score at auction bridge, and Mrs. Warren received the prize for high score among the guests. Place cards were arranged for Mesdames Johnson, E. J. Ostrander, Nixon, Booth, Aiken, McCollum, Hill, Longley, Allen, Grant, and Mrs. Maxwell.

Honoring Miss Adnell Robinson.

The King's Daughters of the Presbyterian church gave a delightful little party for Miss Adnell Robinson in the parlors of the church last Thursday evening. Delicious refreshments were served.

Mrs. Felling will give a luncheon for Mrs. Robinson this afternoon.

CLUBS

The election of officers of the Twentieth Century club for next year was completed on Tuesday afternoon when the following directors were chosen: Mrs. Wilbur Hill, Mrs. M. J. Felling, Mrs. V. H. Ormsby, Mrs. C. H. Robbins, and Mrs. P. W. McElbort.

Club Breakfast.

Saturday is the last day when club members can secure tickets to the club breakfast to be given at the Justus Inn on Tuesday, April 20. The committee having this affair in charge have made special efforts to make this a great success, and every detail has been given strict attention. The program will be especially fine. Mrs. Chas. Robbins will act as toast mistress, and some of those who will respond are Mrs. Sweeley, Mrs. W. S. Hill, Mrs. Elliott, Mrs. J. H. Beaver, Mrs. Buckley, and Mrs. Terburn.

GOOD PROGRAM ASSURED

Twentieth Century Club Members to be Heard in High School Auditorium on Friday Evening.

In the high school auditorium on Friday of this week, the parliamentary and civics department of the Twentieth Century club will render a program of unusual merit.

The program is by request and the entertainment will be given as a close of the morning and afternoon activities planned for the forenoon of Friday. Following is the program: Ladies' Choral Society, Mrs. A. Guitrie, director. Vol. 1010—Miss Pauline Altona. House of Representatives January 3, 1915 session. Vocal Solo—Mrs. J. L. Daube. Sublimity and privileged motions. Piano Solo—Mrs. A. Gilbert. Creation of a Federal Constitution to be known as the Great Consolidated Inconsequential Dictionary Constitution Society of Twin Falls. Ladies' Choral Society.

Prof. J. Stierert, one of the best known mining engineers of Reno, came in this week from Jarbidge in company with C. G. Winter. The two made a record trip, leaving camp at 7 in the morning and reaching Twin Falls at 7 of the same evening.

BEAVER BOARD

MADE FROM PURE WOOD FIBRE

is the modern material for walls and ceilings in buildings of every type.

In new construction it is nailed right to the studding; in remodeling it is nailed over the old work.

Beaver Board comes in panels 32 inches and 48 inches wide, and in any length wanted from 6 feet to 16 feet.

There are forty-one advantages to be derived from the use of Beaver Board. Call and get samples and full information.

THE PROTECTION DEMOCRAT.

Enter the Protection Democrat!

There are lead mines in North Idaho which are owned by Democrats, the gross output of which amounts to about six million dollars a year. With lead on the free list these mines will be forced to close, or else wages will have to be cut to a point which will permit of competition with the lead mines of Mexico where miners receive an average of less than one dollar a day as compared to an average of perhaps three dollars a day in Idaho.

These mine owners are Protection Democrats. They want tariff protection for the output of their lead mines.

And in this they are no different to the Democratic cotton planters of the South.

Senator W. E. Borah in a speech in Twin Falls during the campaign just closed said: "The more I study the tariff problem, the more convinced I become that the tariff is a matter of location. Moreover, the next battle over the tariff will not be between the Republicans and the Democrats, but between the East and the West."

It's all a matter of whose ox is gored—and that is all there is to the whole proposition of tariff revision.

CONGRATULATIONS.

The State of Idaho is to be congratulated on the settlement on Saturday last of the controversy which has raged for years between the settlers on the North Side tract and the Kuhn interests represented by the Twin Falls North Side Land and Water Company.

The agreement, which has just been signed by Governor Haines on behalf of the Land Board, had already been subscribed to by the settlers. According to its terms an ample water supply will be delivered each year at Miller to provide which the company contracts to increase the capacity of the Jackson Lake reservoir for the impounding of the necessary surplus at a cost of many thousand dollars.

The settlement of this controversy is important not only to the settlers and the company, but to every man and woman in Idaho. It means increased confidence in Idaho irrigation systems as a whole, and by reason of this the State as a whole will benefit.

The settlers will now be enabled to settle down and work their lands with no drains under their energy other than crop raising. The Kuhn interests will enter upon a period of peace as far as the North Side situation is concerned.

The settlement, in a general way, should be received with thanksgiving over Southern Idaho, and when all is said and done no one party to the agreement is entitled to greater credit than the men who, by their confidence in the people of Idaho and the possibilities of irrigation of her arid lands, have contributed so much to the general development of the State.

A SAD ANNIVERSARY.

One year ago on Monday, April the twenty-first, the steamship Titanic collided with an iceberg in the North Atlantic and hundreds of lives were lost—and there were some among the lost which the world could ill spare.

It is fitting that a little thought should be given the matter. If all the terrible disaster of the sea there is no record of a more frightful happening. Other accidents there have been in abundance, but none which parallel the loss of the Titanic for downright horror and loss of life and property.

New rules have been established for the guidance of steamship captains, new laws have been devised for the handling of ocean traffic, and in various ways the civilized world has profited by the lesson, but to the survivors and to the relatives and friends of the dead the story is still and will always be very real.

And the worst feature of the entire affair lies in the fact that as long as human nature remains unchanged, there will always be found men willing to stake the lives of ship and passengers on a speed record, laws, rules and every other human agency to the contrary notwithstanding.

THE SPIRIT OF THE MESSAGE.

When one reads President Wilson's message and one considers its simplicity, its directness, and its frankness, one can see in it the signs of a great change. It is quite different in spirit from the state papers of former days. It does not deal in details and invite to controversy. It treats of primary facts and general principles. This from the Ohio State Journal, one of the rock-ribbed-Republican organs of the country, is worthy of attention. That paper continues, in commenting on the message:

It is an illustration of what we have often contended for in these columns, that the intuitive fact, the self-evident truth, is the only guarantee of successful argument. All else is the wind at sea, blowing up waves and spray, and doing nothing, and getting nowhere.

We do not say that President Wilson has declared the intuitive fact in his message, but we do say that he has given it that directness of expression and freshness of spirit that will assure it a triumph if it embodies the truth. At any rate it does this—it brings the issue into a climax so that the right of the matter will be easily discerned. If he had gone on and piled up statistics and quoted the opinions of the fathers, he would have weakened his position and made the truth less attainable. This message furnishes a lesson to Congress that its long-winded speeches are worse than useless—worse, because doing no good they are expensive. The truth stands a better chance with a clear and intelligent statement than it does with infinite details and pages of statistics.

A MATTER OF EDUCATION.

"Over three hundred people present," says the average man in describing a gathering of any kind, and thinks nothing of it. In the same way meetings and performances of various kinds "ought" and even educational authorities who occur to know better encourage this looseness in English by themselves making use of just such glaring misfits in everyday conversation.

Every high school student must know that meetings are held, marriages solemnized, and earthquakes, storms and accidents occur. There can be no such thing as a given number of people, although there may be three hundred persons.

These are small matters, but by small things men are judged, and it does seem that a general educational law prohibiting the teaching of foreign languages until such time as the student has mastered English would be a good thing for both students and faculty.

THE BUTTE CITY OF NEVADA.

A copy of the Contact Miner's is at hand. First and second weekly issues only have so far appeared.

A community is frequently judged by its newspapers and this is equally true of mining camps and large commercial centers. The camp of Contact is fit to be congratulated on its possession of the "Miner."

"The Butte City of Nevada" is the title that the "Miner" bestows on Contact, and in the opinion of those who should know, Contact is entitled to the honor.

Without a personal inspection of the Contact mining district it is difficult to form an adequate idea of the immensity and richness of the Contact mineral field. Some-day Contact will be, in fact, the Butte City of Nevada, if not of the entire West, and this at no distant date if the present railroad program goes through.

THE MIDDLE WESTERN FLOODS.

Again The News would offer its thanks to the men and women of Twin Falls who responded to its plea for assistance for the flood sufferers. The cash contributions totaled forty seven dollars, a certified check for which was duly dispatched to the relief authorities, together with a list of the contributors.

Contributions to The News fund are hereby acknowledged from the following.

A LEFT HANDED COMPLIMENT.

By their action in awarding the county printing by the Filer Journal to be purchased by that organ according to the dictates of its own good judgment, the present board of county commissioners has paid a left handed compliment to the city of Twin Falls and to the chief organ of the party, the Twin Falls Chronicle.

From the standpoint of the Chronicle this is indeed a refreshing example of Democratic gratitude towards the man who did more towards the success of the party in the last campaign than the two other Democratic papers combined.

Over Southern Idaho

Interesting Incidents in the Land of Irrigation

Pumping Plants Are Ready.—The two pumping plants near Hollister, which constitute part of the Holstein River Canal Company system, are now ready for operation. In fact, they were in proper condition to take water to the areas above the canal, which they irrigate, by April 1. Last Tuesday, the current from the Great Shoshone and Twin Falls Water Works company's line was turned into the Goshute plant south of Hollister, to ascertain if it was in working order. The Hollister plant north of the city operates automatically. The former irrigates 315 acres and the latter 500 acres.

To Preserve Oregon Trail.—A petition is being circulated among the governor to lead his hand in marking the Oregon Trail, which was made through Soldier and the entire length of Camas Prairie. If the plan carries, the trail will be made an automobile road for its entire length.

Has Curious Freak.—Al Kinsey was exhibiting a curious freak of nature on Monday in the shape of a twin lamb which was born among a herd of sheep which he had developed. They are on the Shoshone order, having two natural and well developed heads, four front feet, two tails, although there were only three hind feet in their proper place. There was only one body which was perfectly natural, the union being formed at the shoulders. The object was viewed with much interest by a number of citizens. Mr. Kinsey has forwarded it to a taxidermist at Tacoma and will have it mounted and placed on exhibition at his, David's, corner.

Arrest Not a Success.—Great excitement was being caused Sunday, when Constable Sam McIntosh attempted to arrest Willie Kidd for stealing a saddle. Kidd refused to be taken and started to put up. The constable was helpless, as he was unarmed. Kidd then ran out and stole a horse and put on the hind up Goshute creek. Mr. McIntosh with one or two deputies followed in hot pursuit. They got back Sunday with the horse, but no Willie. Evidence he had hidden himself in a hole in the rock.

Traction Company Sued.—A suit for \$15,000 damages has been filed in Boise against the Idaho Traction Company by John Axevold, a sheep man of Nampa, for the loss of his two year old son, Fred, who was killed by a motor-car at the corner of Eleventh and First street last night, October 15, 1912.

Bank Is Held Up.—The Citizens State Bank at Priest River, Idaho, was robbed Thursday morning by a lone bandit, who entered the bank at about 9:30 a. m. by the front door, covering the cashier, Leo Berry, and taking nearly \$10,000 in currency from the till. Berry was locked in the vault and not discovered until two hours afterward.

Townsite Thrown Open.—The townsite of Marshallfield has been opened and the lots placed upon the market. The townsite is 15 miles from the highway on the Salt Lake and Idaho railroad, and surrounded by thousands of acres of the richest lands on the Snake river. Marshallfield is quite likely to become a thriving city.

Shipping Mule Hogs.—L. Taylor reports that the South Side is clean up of hogs, a shipment leaving last week containing all sorts and sizes of hogs. The farmers are keeping but two or three brood sows. J. W. Newbrough, of Wendell, fed 943 worth of food to 24 sows. He sold less than half for \$150. He will get better than \$300 for the 24. A pretty good margin for profit.

Establishing a Farm.—Dr. Townsend of the United States Department of Agriculture, was in this country this week on his way to and from Jerome, where he is establishing an experiment farm. Superintendent Welsh of the Jerome penitentiary, accompanied him to Jerome with Dr. Townsend and assisted him in getting the work under way.

News of the World

Happenings of General Interest
Gleaned from the Press of the Country

Policeman Murdered.—Chicago, Jan. Younkis, a special policeman of Phoenix, Illinois, a suburb, arrested an Italian, who taking him to the jail was murdered by another Italian, a friend of the prisoner, who crept up and shot him in the back. Both men escaped.

Afraid of Women.—London.—Warnings have been sent out by all railroads in the United Kingdom, to the effect that militant suffragettes have threatened to burn stations. Patrols are stationed at tunnels and stations. Some trains were derailed near Stockport.

Chicago Has Morals Court.—Chicago's latest venture, in the suppressing of vice, the new morals court, was officially opened. The class of cases to be heard by the new court will deal with the cases of those who in the past have been taken before the police courts from the segregated districts.

Thrown Out Hot Machines.—Ogden. No respite was allowed the 600 slot

machines in Ogden by Mayor A. G. Fell after he had received notice of the recent supreme court decision. He has notified the chief of police that the machines must be taken out of all places of business in Ogden and the wheels must cease grinding out cigars in more or less due proportion to the money invested. The orders included a command to get every owner of a machine to get their wheels removed, or the apparatus or the city treasury would be enforced.

Waltres Harries Trills.—Prince Albert's—From Waltres in a hotel dining room to countless of the court of Denmark was the translation today of Miss Lena Roy, who was married to Count Hugo Von Holstein Rathbun, eldest son and heir of Lord Frederick Eldest Von Holstein Rathbun of Denmark, the count and Miss Roy while she was employed in a hotel at Fall River, Massachusetts.

NORTH SIDE TROUBLES AT END.

(Continued from Page 1.)

the terms of the government are carried out.

Important Achievement.

This is considered one of the most important achievements in recent years in regard to irrigation. It insures the settlers a permanent water supply for all purposes and is an important work to go ahead with. Under the terms of the contract between the United States government and the Twin Falls North Side Land and Water company, it is agreed the government has cleared title to all the water now impounded in Jackson lake, and it is also possible to impound under present circumstances—350,000 acre-feet.

The Idaho company agrees to raise the Jackson lake dam 17 feet higher and this will make it possible to impound 700,000 acre feet of water. During the 350,000 acre feet of water the government has the first right, this makes it possible for the Idaho company to have 400,000 acre feet of water at that point. From this it proposes to deliver 170,000 acre feet to the Twin Falls North Side settlers, leaving the balance to be disposed of as it sees fit.

Raising the Dam.

The entire cost of raising the dam at Jackson lake this additional 17 feet falls upon the Kuhn company. Just how much this will cost, can only be estimated. It is expected to run into the thousands of dollars. The government does the work while the irrigation company pays the bill, since the balance to be disposed of as it sees fit.

One other feature of the plan for delivering water from Jackson lake to the settlers in the Twin Falls section is the plan to build a canal to run along the Snake river. This will be a sort of halfway house. Water will be delivered to the north and south side from Wallace, and at that body is exhausted. Then the supply will be replenished from Jackson lake. It is estimated by the settlers that the water flowing down this way under a strong head it will not be possible for settlers along the way stealing so much as they would if the water was permitted to run continually.

Government's Part.

The United States Government is under obligations to furnish to the Twin Falls North Side tract a large supply of water from its 880,000 acre feet of storage in Jackson lake when emergency demands this water. It does not effect the supply to be furnished to the north side tract.

That provision inserted in the agreement by representatives of the irrigation company to relieve it of water lost on route from Jackson lake to the north side because of slippage by mutual consent, but the company is not held responsible for the act of God or of the public enemy.

All members of the land board were present at the meeting Saturday with the exception of Miss Grace M. Shepherd. The irrigation company was represented again by General S. H. Hays and D. C. MacFarlane. On the day before it was agreed to hold the agreement next Wednesday for the consideration of this matter. Later in the evening, however, it was learned that water of the irrigation company for the North Side Water Users' association could be present yesterday afternoon.

Meeting at Jerome.

While the land board was in session in the capital, a large number of the south side settlers were meeting at Jerome, and they and their attorney were in constant communication throughout the afternoon. When the agreement was finally reached between the land board, the attorney for the settlers and the representatives of the irrigation company, a recess was taken until the settlement could be laid before the settlers assembled at Jerome. After this had been done, the information came back that the settlers were satisfied. It took but a short time to settle up the details of the agreement. When the agreement was finally signed, the signature to the agreement last present felt like sending up a shout of satisfaction. It was felt on all sides that the settlement was a big step done for the entire state.

General Hays, speaking for the government, outlined the plans for the settlement. He stated that the 880,000 acre feet of land both in the south side and the north side tracts were to be irrigated by the Snake river proper elevation by pumping; but it was thoroughly understood by all parties that the North Side was to have the water from the Jackson lake dam water until its demands were satisfied.

Look to your Plumbing.

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever.

The same person perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any condition like this, call on the Chamberlain's Tablets and you are certain to get quick relief. For sale by all druggists.

Announcements.

The local branch of the Mother's Congress will meet at the Christian church Friday afternoon at 2:30.

Services will be held at the Episcopal church on Sunday evening at 8 o'clock. Announcement Howard Ship, of Pocatello, officiating.

Have you any difficulties? Learn what to do with them at the Haggit class next Sunday morning. Evening subject, "Why Palestine?" Special music both hours. Orchestra at night.

BEAUTIFUL HAIR A JOY FOREVER

If you have a beautiful head of hair, try to keep it. If you have lost it, try to get it. Meritol Hair Tonic keeps the scalp clean, promotes a healthy growth of beautiful hair, and keeps it soft and lustrous. Try it. Best. Test. Pharmacy—Advertisement.

CARE OF PROPERTY

City Ordinance Lays Down Rules for Guidance of Residents of Twin Falls.

In accordance with the provisions of Ordinance No. 120 of the City of Twin Falls for the betterment of sanitary conditions of the city, all owners and lessees of barns or sheds for housing horses, cows, mules and other live stock within the city limits are required to provide a closed bin or receptacle for all manure or refuse. Section 7 of said ordinance reads as follows:

Section 7. Every person owning, leasing or occupying any stall, stable or compartment, where horses, mules or other live stock are kept, and every owner of any horse, mule or other live stock shall maintain a duly made receptacle, bin, vault or cellar which must be so constructed as to preserve the contents at all times dry, free from rain and other moisture, and of such nature and character, as to preclude the contamination of the atmosphere of the passage leading to or from the receptacle. Receptacles shall be placed at mature or refuse from such horse, mule, or cattle.

Therefore, in accordance with said ordinance, the said owners of lessens of barns, stalls, or sheds are required to provide such receptacles by April 1913, provide such receptacles or be liable to arrest for violating said ordinance.

(Signed) FRED SPENCER, Sanitary Officer.

PROCRABINATION.

NOTICE OF SHERIFF'S SALE.

D. W. Randall, plaintiff, vs. Peter Erickson, defendant.

Under and by virtue of an Executory Judgment of the District Court of the Fourth Judicial District of the State of Idaho, in and for the County of Twin Falls, dated the 15th day of May, A. D. 1913, I have levied upon all the right, title, claim and interest of the above named defendant, of, in or to the following described real estate, standing in the records of Twin Falls County, in the name of Margaret Erickson, and described as follows, to-wit: The southeast quarter of the northwest quarter of section five (5), Township ten (10) south, of Range sixteen (16) East, of the Boise Meridian, in Twin Falls County, State of Idaho.

Notice is hereby given, that on Monday, the 22nd day of May, A. D. 1913, at 10 o'clock of the said day, in front of the Court House in Twin Falls, Twin Falls County, State of Idaho, will sell all the right, title, claim and interest of the above named defendant, of, in or to the above described real estate, or so much thereof as may be necessary to satisfy said Execution at public auction, to the highest bidder, for cash, lawful money of the United States, to satisfy said Execution, together with interest, and all costs.

Dated April 9, 1913.

H. C. AUGUSTINE, Sheriff.

By C. A. BIGGINS, Deputy.

Longley and Hazel, attorneys for plaintiff.

SAYS STATE TO BE WELL REPRESENTED

MAJ. REED, EXECUTIVE COMMISSIONER, VISITS TWIN FALLS

Tells of Plans for Idaho's Share in the Big Panama-International Exposition at San Francisco.

Major Fred R. Reed, executive commissioner for Idaho to the Panama-Pacific International Exposition at San Francisco, arrived here today. When asked regarding the plans for the exposition, Major Reed stated that the commission had not yet received the full details of all plans which will be made public.

Major Reed stated that there were hundreds of applicants for positions of all kinds in the exposition. They were pouring in by the hundreds of thousands of the inhabitants of the state wanted.

Major Reed appropriated \$100,000 for this exposition and on the start there will not be any great number of employees because it will be necessary to have men. Mr. Reed, one of the commission, who is a man of means, will be of great assistance to Major Reed in the exposition. Reed, executive commissioner of the state and getting them in touch with the main exposition. It is proposed to visit every county in Idaho and perfect the organization whereby the best exhibits of every character may be secured.

Commence Gathering Exhibits.

The gathering of these exhibits will be commenced at once, so that the products of every section of Idaho may be in evidence at the exposition. It is proposed to conduct everything along scientific lines and to turn the affairs of the exposition on the same plan that any other well regulated business is conducted. Reed, executive commissioner of the state and getting them in touch with the main exposition. It is proposed to visit every county in Idaho and perfect the organization whereby the best exhibits of every character may be secured.

One of the moves that will be made is to incorporate the ideas and assistance of people who are familiar with this line of work in all parts of the state. The idea is to have an organization that will be strong and competent in the different lines that they may be interested in. Reed, executive commissioner of the state and getting them in touch with the main exposition. It is proposed to visit every county in Idaho and perfect the organization whereby the best exhibits of every character may be secured.

"There are no secrets about the work of this commission," says Major Reed. "We are public servants and our reports are to be made public at all times as the work progresses. Governor Haines is a co-adjutor chairman of the commission and he will require monthly reports from the executive commissioner as to how the work is progressing, the amount of money expended, and what it is expended for. Great benefit to Idaho.

"It is hoped that all Idaho people will join with this commission in helping to produce for Idaho something that will be not only artistic, but of practical value. What Idaho needs now is good people to come to the state and capitalists to come to the state and establish in any line of business.

The office of Commissioner of Labor, Immigration and Statistics was created by the legislature but that body declined to make any appropriation for its creation and there are hundreds of letters received every month directed to the Commissioner of Immigration and there is nobody to answer them and no money is appropriate for postage stamps. The act of the legislature is a good deal like cultivating a fruit tree until it comes to bloom and then cutting it down.

Stacks of Unanswered Mail. Governor Haines is especially anxious to take care of this immigration matter and the work that is in evidence, and in all probability after a careful study of the immigration commission there will be some arrangements made whereby the business of the immigration department will be taken care of. There are at present over 200 unanswered letters with nobody to look after them. This, however, will be changed in a few days and the good work of getting people into the state will be carried on in a manner which will produce results.

The executive commissioner understands that this \$100,000 was appropriated for the purpose of commission work and for the general benefit of Idaho along industrial lines and the exposition will be a working organization that will produce practical results. At the same time the department of art will be taken care of and Idaho will not be ashamed of the general exhibit when finished.

MAJOR REED WELL PLEASED

Settlement of the Difficulties of the North Side Settlers Strikes Responsive Chief.

Major Fred R. Reed, who was in Twin Falls this week expressing the feeling of satisfaction that he had as a result of the permanent settlement of the question of water supply, said at the same time the department of art will be taken care of and Idaho will not be ashamed of the general exhibit when finished.

SELS-FLOTO COMING

Famous Circus Will Show in Twin Falls on Saturday, May 24.

The Sels-Flooto circus, which comes here on Saturday, May 24, has for years maintained the reputation of having the best and most comprehensive display of horse flesh ever appearing with any traveling organization, and this year, for the benefit of their patrons, they will make a special display of these wonderful animals in a large and adjoining the animal pen, so that their patrons and lovers of good horses generally may have their eyes on the various breeds and individual champions which go to make up this wonderful collection.

In it will be found specimens of the Percheron, representatives of the horse, standard, bred, Suffolk Punch, coach horses, hackneys, hunters and general purpose horses. There are shown also the best of the breed, and for those who are either closely connected with the business of horse raising or farming, besides those who love to see horses for their own sake, to see him at his best.

Total \$37.50.

BIG STOCK SALE

Unvalued Opportunity to Secure Registered and Grade Animals Offered at Ellor Next Week.

One of the best herds of registered dairy cattle ever brought into Idaho will be sold at auction at the Maurer ranch, one half mile northeast of Ellor, Thursday, April 28. The stock has been bred and raised in Wisconsin by Maurer and Garm, of Ellor, and is composed of the best breeds of Holstein and Friesian stock. All of the cows have been selected. Eighty head of this stock will be offered at the sale.

Among the stock are—individuals that are direct, taking animals, and the dams of many of these individuals stand second to none in the class from which they have been selected. With proper feed and care many of these cows are capable of producing from 40 to 50 pounds of milk per day. The opportunity will be afforded at this sale to get breeding that has taken years to build up.

Some Good Records.

This herd is headed by Town View Koryndy Champion No. 10255, sired by Koryndy, and Dan Paul Debel No. 10255, sired by 30-A-R-O. Dan's daughter, Dan Alley May Nelson No. 9380 A-R-O. 243 pounds born in seven days. Auer 18 pounds in seven days. At three years old, full sister to Town View Koryndy Champion, for whom the owner refused \$1000. This bull may be sold at this sale. He is good enough to head any registered herd. Young calves are also being bred. Thirty of these have been freshly freshened. Many to freshen soon and the balance to freshen in the next week. Besides these are about 30 better calves, pure blood but not registered. Many of these are bred by sires with dams with official records. Also a few very good cows, not registered, but full blood, finely marked, by sires with proven dams.

WANDER FROM HOME

Parents Worry While the Little Ones Look Over the City for Themselves.

Harold, aged 4, and William, aged 3, children of Mr. and Mrs. Arthur Brantson, of Peavoy, wandered away from the home of their uncle, Henry Brantson, while on a traveling party, last Sunday afternoon, and until found in the east end of the city, gave considerable alarm to their parents and relatives.

MAY SHOW HERE

Wild West Outfit is Said to be the Real Thing in its Line.

A real wild west show, by the Comancheros, a stock company, of Jackson, Wyoming, may be shown in Twin Falls during the coming summer.

NEW RESTAURANT.

Palace Cafe is Opened by King and Mercer, Local Caterers.

The Palace Cafe, King and Mercer, proprietors, will open up for business this evening in the building west of Varney's candy store. The new cafe has been newly furnished with new and up-to-date lunch counter fixtures, and it will be the aim of the proprietors to meet the demands of the public by serving regular meals and luncheon and short orders.

WILL FIX UP ROAD.

Crossing Over Devil's Creek to be Given an Attention by Commissioners.

Upon request of a number of minor men engaged in transporting supplies to and from Jackson, the county commissioners have decided to fix up the crossing over Devil's Creek near the county line. The crossing has needed attention for some time, and the decision to make the permanent repairs will be carried out with action in many quarters.

NEW ASSISTANT SECRETARY

Lloyd Doolittle Accepted Position in the Commercial Club.

Lloyd Doolittle, formerly of Webster City, Iowa, has taken the position of assistant to Secretary McMillan of the Commercial Club, succeeding H. C. Erickson. Mr. Doolittle is an experienced ball player and a likely candidate for the Twin Falls team during the coming season.

SABBATH SCHOOL LESSON

APRIL 20, 1913

JACOB'S MEETING WITH ESAU.
Genesis 33: 1-5.

1. And Jacob lifted up his eyes, and looked, and behold Esau came, and with him four hundred men. And he divided the children unto Leah, and unto Rachel, and unto the two hand-maids.

2. And he put the handmaids and their children foremost, and Leah and her children after, and Rachel and Joseph hindmost.

3. And he passed over before them, and bowed himself to the ground seven times, until he came near to his brother.

4. And Esau ran to meet him, and embraced him, and fell on his neck, and kissed him; and they wept.

5. And he lifted up his eyes, and saw the women and the children; and said, Who are those with thee? And he said, The children which God hath given me at this journey.

6. Then the handmaids came with their children, and they bowed themselves.

7. And Leah also with her children came near, and bowed themselves; and after came Joseph near, and Rachel, and they bowed themselves.

8. And he said, What meanest thou by all this dress which I meet? And he said, That I find grace in the sight of my Lord.

9. And Esau said, I have enough, my brother; keep that thou hast unto thyself.

10. And Jacob said, Nay, I pray thee; if now I have found grace in thy sight, then receive my present at my hand; for therefore I have seen thy face, as though I had seen the face of God, and thou wast pleased with me.

11. Take, I pray thee, my blessing that is brought to thee; because thou hast dealt graciously with me, and because I have enough. And he urged him, and he took it.

12. And he said, Let us take our journey, and let us go, and I will go before thee.

13. And he said unto him, My Lord, knoweth that the children are tender, and the flocks and herds with young are with me; and I men should overtake thee this day, all the flock will die.

14. For my Lord, I pray thee, pass over before thy servant and I will lead on every day, according as the cattle shall be able to endure, until I come unto my lord to Seir.

15. And Esau said, Let me now leave with thee some of the folk that are with me. And he said, What needeth it? I will not find grace in thy sight.

16. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

17. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

18. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

19. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

20. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

21. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

22. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

23. And he said, I will go before thee, and I will go with thee, and I will be to thee as a father, and as a brother, and as a friend.

WHEN YOU TRAVEL EAST

Don't buy your ticket via a broken route--part one system, part another. Tell the Ticket Agent you want to go "through via the Overland Route as far as it goes."

There are Good Reasons for this suggestion--they are

Through train service via the direct route, short route, equipment the best money can buy, substantial road bed, new and dependable, and every mile is protected by Automatic Safety Electric Block Signals.

In merchandising you buy the best you can get for your money. Why not buy the best when you travel?

COOK WITH ELECTRICITY

THE SIMPLEX ELECTRIC RANGE

- eliminates drudgery from the kitchen.
- makes the home clean and sanitary.
- cooks with comfort, ease, and economy.
- is guaranteed to be safe, durable, and practical.
- combines the best and most modern methods.

PRICE COMPLETE WITH UTENSILS \$65.00

OUR ELECTRIC COOKING RATES

—are 50 per cent. lower than in most large western cities and 75 per cent. lower than in the largest eastern cities. They are cheaper than gas at 75c per thousand feet. They are at least 25 per cent. cheaper than coal at the prices paid for fuel in Idaho.

RATE PER KILOWATT HOUR 2 1-2c

Simplex Electric Ranges in Car Load Lots

The first shipment was made on March 27th, and should arrive in Idaho in a few days.

Do you realize, Mr. Citizen, that the first car-load of electric ranges ever shipped in the world was consigned to Southern Idaho? Do you know that more electric ranges are in service in Southern Idaho than in all the New England States together? Do you appreciate the fact that Southern Idaho is being more widely advertised and better known throughout the country today for its cheap rates for electricity than for any other one thing? Do not these facts arouse in you a feeling of just pride and confidence?

We will install these ranges on trial or partial payment basis. Place your order early.

SONS OF JOVE WILL HOLD HIGH JINKS

POPULARITY AND WORTH OF ORDER WELL-ATTESTED

Lively Session Has Been Planned for Saturday Night, and Good Program Assured Members.

The live wires will reign in Twin Falls on Saturday of this week. The largest gathering of the jovial and ever held in the Intermountain country will convene here on that date, and the occasion promises to be a memorable one indeed. The rejuvenated Sons of Jove will hold high "jinks" and all the gods of mythological history will be on hand in due and ancient form and costume to proclaim their presence, and vouchsafe the usually calm and peaceful atmosphere of Twin Falls with an effervescent and radiant glow.

Two special cars from Salt Lake and special cars from Boise and Pocatello are due to arrive in Twin Falls Saturday noon conveying visiting members of the order and candidates for initiation. Among the more prominent jovians who will attend the rejuvenation are H. F. Holland, of Boston, sales manager of the Simplex Electric Heating company; J. C. Jones, western manager of the Westinghouse company; W. W. Torrence, western manager of the General Electric company; R. C. Keane, manager of the Montana Electric company; C. B. Hawley, manager of the Intermountain Electric company; Robert Nicol, manager of the Capital Electric company, and Leo Brandenberger, jovian statesman of Utah. It is also rumored that Thomas A. Edson, who is also a member of the jovian order, is on his way to Twin Falls, in which case he will, of course, take part in the festivities.

Trip to Shoshone Falls.
 The visitors will be treated to a trip to the Shoshone Falls over the new storage battery cars which are on their way from the factory, and should be in operation by Saturday when the last runs will be made. At 7:30 p. m. a full dress parade will be indulged in by all local jovians as well as the visiting members and candidates. The procession will then proceed to the Masada, or the Temple, where the ceremonies will be conducted. After the rejuvenation a well-prepared banquet will be served at which Mayor Fred B. Reed will officiate as toastmaster, and the dinner entertained by a number of speakers of ability, including D. C. McWaters, general manager of the Kohn interests, I. B. Perrine, of Twin Falls, and H. F. Holland, of Boston.

NOTICE
 Mr. J. Starnbrook has moved his law offices to rooms 3 and 4 of the Gilbert building.

PRESBYTERY MEETS.

(Continued From Page 1)

were reported for the last six months, making six in all for the year, namely: Grace, Pleasant Valley, Orchard Valley, Rogerson, Arcadia, and Hilledale. A petition from Riverside for a church was also granted; the organization to be effected on the 20th instant, if the way be clear.

The various reports showed a gratifying progress in practically every department of the church's work, so far at least as statistics can exhibit indications of advancement in the real objects of the church.

Commissioners to the meeting of the General Assembly to be held at

Atlanta, Georgia, beginning May 19th were elected as follows:

Rev. J. K. McMillan, Twin Falls, as principal; and Rev. Dwight Benham and Elder Alva Reed, both of Heyburn, as alternates. The meeting at Atlanta bids fair to be one of unusual interest; as three different Presbyterian bodies will meet concurrently in the same city; and it is hoped that the gatherings under these circumstances will tend to promote organic union between these three chief bodies of branches of one great his- torical church.

Business Interference in Program.
 It was regretted on all hands that Rev. J. M. Anderson, D. D., of Twin Falls, chairman of the Home Mission

committee, was called away suddenly on account of sickness in his family, and so was prevented from personally making the most important report of the Presbytery and from giving his address on Foreign Missions on Wednesday evening at the popular meeting.

Rev. J. H. Barton, D. D., the Synodical Superintendent of Home Missions, occupied the full time, giving a broad address on home missions, illustrated interestingly with his own experience in the work in Idaho in the last twenty-seven years.

The meeting adjourned Wednesday evening to meet at the call of the Moderator, which may be at Caldwell just preceding the meeting of Broad which is to convene there next October.

GOOD MUSIC PROMISED.

Concert to be Held Next Month Promises a Rare Treat.

The Misses Pauline and Viola Alfonsi, violinists, will give a classical concert on Friday evening, May 9, assisted by the Bainbridge orchestra, re-enforced by a portion of the Conservatory orchestra. The program will be made up entirely of big concert concertos, and the great Ephor Duet, with the orchestra, giving several numbers.

One of Miss Viola Alfonsi's concertos is the greatest favorite of Ysaie, the greatest of violinists, and which she has the privilege of hearing Ysaie himself play during her studies in

Berlin last year. Miss Pauline Alfonsi will render the big Brahms' concerto, which she played in the Philharmonic Hall of Berlin. As a last number she will play a group of amateur pieces now popular on the programs of the celebrated artists Spalding, Zimballist, Flesch, Ziman, Krutshof, and Ysaie.

Our groups' efficient services cost you no more than service local good. Parrot Optical company, real opticians. That's all. Advertisement.

"I see society people at Newport had a baby show."
 "Where did they get the babies?"
 "It was a loan exhibition, I believe."

WHERE THE HUMBLE SPUD IS UNCROWNED KING

Through the generosity of Twin Falls farmers and others, whole car loads of choice spuds were shipped from Twin Falls county for the relief of those in the flood-stricken districts of the Middle West.
