

BIG PURCHASE OF BONDS BY THE KUHNIS

CRANE CREEK AND SUNNYSIDE SECURITIES TAKEN OVER

Development of Another Large and Fertile Area in Southern Idaho is Now Assured.

The largest and most important sale of Idaho irrigation bonds consummated in five years has been announced by the Kuhn interests, of Pittsburgh, who have just purchased \$320,000 worth of bonds in the Crane Creek and Sunnyside areas in the Snake river district, adjacent to Weiser in Washington county. The money is available for the purchase of land in this area before another week has passed. It is stated by Kuhn representatives that water will be delivered to about 10,000 acres in the district next season.

EXTENSION GRANTED TO STREET RAILWAY

CITY COUNCIL ALLOWS THREE MONTHS FOR CONSTRUCTION

P. B. Johnston Given Permission to Rebuild Building to Make Room for New Structure.

Under way for some time. It evidences good traction and it is believed that this state is still marketable and brings renewed confidence to Idaho irrigationists. It is taken to assure not only the immediate development of a large and fertile area in southern Idaho, but to indicate the faith of eastern capital in satisfactory irrigation securities of this state.

Kuhn invest heavily. This purchase of bonds by the Kuhn interests represents a total investment for them in Idaho irrigation securities and includes their own projects, of \$12,000,000. They have recently laid out in Jackson Lake, in connection with the Twin Falls Canal company, approximately \$1,000,000. This work has been done under supervision of the government and funds furnished by the Kuhn and the South Side Twin Falls settlers.

In addition the Kuhn interests will expend several hundred thousand dollars in power improvements in the Snake river valley.

The final legal arrangements for the transfer of the Crane Creek bonds were completed Tuesday by the attorney of Weiser for the sellers, B. S. Varian of Weiser, attorney for Mr. Ford, and the Crane Creek company, assisted by Attorney F. H. Carter and Paris Martin, of Boise. The Kuhn interests were represented by S. H. Hays, their legal representative in this territory.

APPROPRIATE RELIEF HELP

Receipt of Band Concert Contribution Acknowledged by Relief Committee at Dayton.

The relief committee, having in charge the band concert for the benefit of the Dayton food sufferers, has received the following letter from W. F. Bippus, secretary and treasurer of the Dayton Citizens' Relief Committee:

"We acknowledge with deep gratitude your letter of April 18, enclosing draft for \$10.00 for the relief of the Dayton sufferers in this city.

"In the name of all the afflicted people of Dayton, we thank you from the bottom of our hearts.

"Such an expression of practical sympathy touches us deeply. Dayton has been visited by a dreadful calamity and is passing through a dark period in her history. We are humanly drawn by our kindred and sister cities throughout the length and breadth of the world to extend our hands and give aid with hope of a newer, bigger, and better Dayton.

THANKS TO TWIN FALLS.

Dayton, Ohio, April 19, 1918. The Twin Falls, Idaho. Gentlemen: We acknowledge with deep gratitude your letter of April 14 enclosing check for \$10 for the relief of the food sufferers in this city.

In the name of all the afflicted people of Dayton we thank you from the bottom of our hearts.

Such an expression of practical sympathy touches us deeply. Dayton has been visited by a dreadful calamity and is passing through a dark period in her history.

We are humanly drawn by our kindred and sister cities throughout the length and the breadth of the world to extend our hands and give aid with hope of a newer, bigger, and better Dayton.

I am assured that the offering of the citizens of Twin Falls, so freely given, will be carefully expended and will result in the greatest possible amount of distress.

DAYTON CITIZENS' RELIEF COMMITTEE.

W. F. Bippus, Secy. Treas.

Members of Electrical Order at Banquet Board of Rogerson Hotel During Last Week's Rejuvenation.

BASEBALL SEASON WILL OPEN MAY 30

POCATELLO OR IDAHO FALLS TO BE FIRST ATTRACTION

Flier-Buhl Team to Furnish Preliminary Game Next Sunday—Good Pitcher Secured for Team—Other Players.

The baseball season for Twin Falls will formally open May 30. The game on this date will be with either Pocatello or Idaho Falls. Between now and the opening of the season a series of preliminary games will be played with neighboring town teams and make up teams from this city for the purpose of trying out the new schedules. The first of these games will be played next Sunday afternoon, April 27, a combined team from Flier and Buhl being the attraction.

ANNUAL BREAKFAST DRAWS BIG CROWD

TWENTIETH CENTURY CLUB PUT ON UNIQUE PROGRAM

Cleaver Addresses Add Materiality to Pleasure of Occasion—New President Assumes the Gavel.

A fitting climax to a most prosperous year was the annual breakfast of the Twentieth Century club, to which members had been looking forward with keen interest.

In keeping with the arrangements was the breakfast, superintended by Mrs. Hill, Justaner's popular caterer, and served by the young ladies of the room, the elements of a most enjoyable occasion.

HAVE NARROW ESCAPE

Dick Cookingham and W. H. Long Painfully Injured in Runaway.

Dick Cookingham and W. H. Long were riding in a run-away wagon when the horse became frightened and ran into a ditch.

DECLARED ROAD WILL BE BUILT THIS YEAR

His former statements relative to building south to the Central Pacific were confirmed by W. H. Hanoroff, vice-president and general manager of the Oregon Short Line, while on a brief inspection trip to this city last Sunday. To local officials of the road Mr. Hanoroff stated that the road would be built this year, and that means 1918 and not 1914.

ASIA FRANCHISE FOR POWER PLANT

ELECTRICAL MEN OF COUNTRY GATHER AT TWIN FALLS

Initiation, Parade, and Banquet Are Enjoyed By All—Thirty-Six New Members Join the Order.

In the largest gathering of electrical men ever held in the intermountain country, the "Sons of Jove" met in rejuvenation in this city last Saturday night.

PARADE A FEATURE

The public feature of the day was the parade in the evening prior to the ceremonies and banquet. Led by the Twin Falls band, and formed at the Mascolo Temple, the parade passed through the central part of the city.

PRED-BLOW TICKETS

Again The News Offers Free Tickets to the Isis Theatre for the Evening matinee of this week.

This is for the benefit of the children of Twin Falls and of every other town in the Twin Falls country.

It is only necessary to hunt for and clip out either of the two free tickets hidden away in the advertising section of The News. They are not hard to find—get a pair of scissors and commence the hunt.

The News is for sale on all principal news stands of every kind in the Twin Falls and the surrounding towns.

Children whose parents do not receive The News through the ordinary channels may obtain the two free tickets contained in this issue by buying a copy at the customary price of five cents.

PLANT ON MALAD RIVER

BEAVER RIVER COMPANY APPLY TO CITY COUNCIL

Plans Call for Construction of Transmission Line From North Side Action is Deferred until Next Week.

Application has been made by the company by the Beaver River Power company for a franchise to enter this city with power for all electrical purposes. The matter was presented to the council last Monday evening, when a draft of the needed franchise was given the council by John Hawley, attorney of Boise, and H. B. Alexander, an official of the Beaver River company.

The Beaver River company will ask a 90-day acceptance during which time it will be ascertained whether a sufficient number of persons are willing to secure by a company to warrant the expenditure of \$100,000 in and near this city, the amount which the company contemplates spending here if the franchise is granted.

The Beaver River company has its power plant on the Malad River near Bliss. Power is furnished in Boise, Caldwell and Gooding, as well as at other points in nearby towns.

The company is at present the only competitor of the Kuhn interests in electric power in southern Idaho, and both companies are operating to the benefit of the town.

The possible granting of the franchise may mean a power rate war in this city.

Work through at Boise. Speaking of the matter yesterday, Mr. Alexander stated that while the granting of the franchise in a large force would be placed in this field to push the power lines to early completion.

This company's franchise will be used to install their service equipment in Boise and would be prepared to centralize their working force in Twin Falls and Gooding. It is stated that only a comparative short time would be required to extend their lines to this city from their main line on the north side.

PROGRESSIVES CONFERENCE

Meeting Being Held in Lewiston on Call of State Chairman Gilson.

A conference of the north Idaho progressives is being held in Lewiston, Idaho, this is in furtherance of State Chairman Gilson's determination to hold these conferences in rotation to hold these conferences in rotation to the benefit of the members of the party.

The conference that is being held in Lewiston is a national conference. It is stated that all these conferences, Mr. Gilson says in part:

"In addition to a consideration of legislative work, the conference will be expected to outline a purely constructive program for the year 1918, to be carried out during the next two years. The people have been fed for some time on agitation that has done more substantial dirt; and our party must not only point out the defects in the existing system, but also propose constructive remedies for these defects. It is going to rightly serve the people."

Address all communications to The Twin Falls News, Phone for all purposes 29.

COMMUNITY ADVERTISING

Seldomly a day passes without one or more requests being received from various parts of the United States and Canada for sample copies of The News.

Twentyone copies each week send away dozens of copies of The News to eastern friends that they may note the progress of events in Twin Falls.

The News charges no pay for this; nor does it ask it—BUT—

Each time you advertise in your home newspaper—each time you subscribe for it—each time you buy printing from it—each time you assist that newspaper to improve its appearance, add new features, increase its circulation and thus enhance its usefulness as an advertising factor for the whole community.

PEARY VS. COOK

The new book by Dr. Frederick A. Cook entitled, "My Attainment of the Pole," is a volume which sheds considerable new light on matters of Polar research.

Dr. Cook's book has the merit of absolute frankness. In it the author tells of his progress day by day, both going and returning, and a number of points which have always been more or less vague in the mind of the average layman are thoroughly cleared up.

It is difficult to follow the work of Dr. Cook without becoming convinced that the author has been the victim of one of the most gigantic conspiracies ever hatched in the brain of man. Whether or not this is actually the case the world will never know.

A GROWING TENDENCY

More and more a growing tendency is observable on the part of the press of the country to avoid questionable advertising.

But the tendency is in the right direction. No newspaper can call itself a clean publication if its advertising columns are not clean.

EVERY MAN'S DUTY.

The subject of the claims to patronage of home industries as opposed to mail order houses and other outside interests has been so thoroughly gone into from time to time in these columns that it is in danger of becoming

Appeals and protests strong and feeble have emanated from every newspaper in the State at various times, yet the mail order business is growing larger and the home merchants are suffering in exactly the same proportion.

It is the old story of what is every man's business is nobody's business... This view, coupled with the admitted right of every man to spend his money where he sees fit constitutes the death knell of the home merchant's defense.

A very well known Twin Falls store owner recently said: "I know that eventually the mail order houses will put me out of business."

To which class do you belong? The question may as well be faced. Local merchants say they are willing to compete with mail order prices, item by item, through every list in the catalogue, and The News believes that they are.

THE OLDEST PROFESSION.

From Los Angeles, California word is coming by the authorities of a remarkable state of affairs among the leaders of one of the rich fast sets.

The story is an ugly one but the lesson is all too plain—Crime of this sort is a part of the price exacted in return for a life of riches and inactivity.

Had these men been workers rather than idlers, they would not have been criminals, it is altogether likely. A future life of work on the rock pile would seem to carry with it but stern justice.

OF INTEREST TO BANK PATRONS.

The banks of Twin Falls will be grateful for the publicity given the following from the Confidential Banker of Portland, Oregon:

Albion Court Adjourns—District court at Albion adjourned last week in the midst of one of the busiest dockets in the history of that county.

ANNUAL BREAKFAST.

Which was treated cleverly and in an original manner. Mrs. Sweeley began with a definition of the words of the subject assigned her and developed the idea to an extent embracing the entire past year of the organization.

A BIG DAY IN TWIN FALLS.

Hurray for Clean Up Day! To say that it was a success is putting it mildly. It was one of the greatest days in the history of Twin Falls and those responsible for the movement are entitled to the highest credit.

It is impossible to estimate just how many bonfires were used to light up the city on the night preceding the big day, but judging from the glare in the sky during the evening the number would run well into the hundreds.

CLEVER AMATEURS ARE HARD AT IT

THE CHIMES OF NORMANDY TO BE NOTABLE EVENT

Principals and Chorus are Working Hard, and Entertainment is Real Merit is Assured

From all indications one of the most successful and genuinely entertaining amateur-performance-over-staged-in Twin Falls will be on Monday night next week at the high school auditorium, when the musical department of the Twentieth Century Club

- Suppletto, the Good for Nothing German, the lost Marchioness, Getride, Jeanne, Mamma, Suzanne, Henri, Marquis of Cornville, Miss Galsang, Miss Combs, Miss Liberty, Mrs. Wiley, C. J. Reid, Arthur Jaynes, Dr. Burt, W. A. Hall, N. A. P. Saylor, Howard Holm, Sherman Cox.

ORCHESTRA. Miss Alfons, Dr. Parrott, Messrs. Brown, Raymond, Lauterbach, Lesour, Olsen, Lytle, Wall, Siggins, Mead, Prof. Spomer, Mrs. Sprague, J. T. Bainbridge, Director.

Over Southern Idaho Interesting Incidents in the Land of Irrigation

Planting Orchard Tracts—Extensive planting of orchards in the vicinity of Jerome is one of the noteworthy activities on the North Side this year.

The speaker pointed out that the Commercial and the Apollo clubs were the only ones of their kind in the city, and referred to the uniform courtesy and generosity which had at all times been accorded the Twentieth Century club members.

Terhune reiterated her faith in the willingness and ability of the brother club men to come to the rescue if rescue were needed.

Completing Water and Sewer Systems.—The work on both the water system and sewer system at Burley is progressing rapidly.

Albion Court Adjourns.—District court at Albion adjourned last week in the midst of one of the busiest dockets in the history of that county.

ANNUAL BREAKFAST. (Continued from Page 1)

which was treated cleverly and in an original manner. Mrs. Sweeley began with a definition of the words of the subject assigned her and developed the idea to an extent embracing the entire past year of the organization.

Men's Assistance Appreciated. Speaking on the subject, "Our Big Business and Commerce," Mrs. Sweeley began with a definition of the words of the subject assigned her and developed the idea to an extent embracing the entire past year of the organization.

ment of the Twentieth Century Club assisted by members of the Apollo club, will render the Chimes of Normandy... The cast has been chosen with a particular view to the fitness of every one taking part and the result promises to be a singularly well balanced production.

Tickets are now on sale at Skeels Wiley Drug store. The performance will begin promptly at 8 o'clock and those not in their seats when the curtain rises will be asked to remain in the rear of the hall during the act.

CHARACTERS OF OPERA. Henri, Marquis of Cornville, who has been since his childhood, owing to the civil war, an exile, returns to his ancestral home on the occasion of a great annual fair.

The second act is taken up with the supernatural visitors who have made the Castle of Cornville so long an object of dread.

Mrs. Sweeley's husband, Mr. H. E. Hoover, has been since his childhood, owing to the civil war, an exile, returns to his ancestral home on the occasion of a great annual fair.

DOUBLE BILL OFFERED. Forrest Taylor and Company Score a Hit at Cottillon Hall—Turn Out Premised.

This evening's performance will close the present engagement of the Forrest Taylor Players at Cottillon Hall. A double bill will be presented tonight.

GLOSE WRESTLE AT FILER. Adkins Secures Two Out of Three Throws In Match With Mortison.

In their wrestling match at Filer last Saturday evening, Butch Adkins, of Filer, secured two throws to one by Young Mel Mortison.

NEW REALTY FIRM. C. Clyde Lindsey and George H. Hoover Form Partnership—Both Are Well Known Here.

A new firm, known as Lindsey and Hoover, has been formed for a general real estate, loan and insurance business by C. Clyde Lindsey and George H. Hoover.

Week in Society

The annual breakfast of the Twentieth Century club, which was given at the Justus Inn on Tuesday evening, was a most successful affair. The members of the club, who were assisted by the hostesses, were entertained in plans for the success of the breakfast that little time was left for private functions. Also, refreshments for the members of the club were served at the Justus Inn on Tuesday evening. The members of the club, who were assisted by the hostesses, were entertained in plans for the success of the breakfast that little time was left for private functions. Also, refreshments for the members of the club were served at the Justus Inn on Tuesday evening.

Luncheon for Mrs. Robinson.
Mrs. Robinson entertained the members of the luncheon club at an elaborate luncheon last Friday afternoon at her attractive home on Third avenue. The luncheon was most successful and the members of the club were entertained in plans for the success of the breakfast that little time was left for private functions. Also, refreshments for the members of the club were served at the Justus Inn on Tuesday evening.

Club Dance for Younger Set.
The members of the younger set held their regular club dance at the

Illion Hall last Friday evening, when they were chaperoned by Mrs. Thoms and Mrs. Wall.

Mrs. Perrine will entertain the luncheon club on Thursday.

Entertainers' Club.
The members of the Entertainers' club entertained at a beautifully appointed dinner last Thursday evening.

Birthday Party.
Little Miss Kathleen O'Daniel celebrated her eighth birthday last Saturday afternoon with a party to a number of her small friends. The rooms were prettily decorated in pink and white carnations and sweet peas, a bouquet of carnations forming the attractive centerpiece for the supper table, which was also adorned with the birthday cake bearing its eight candles. The guests were Doris and Isabel Weston, Ruby, Hazel and Thelma Hartfield, Ruth Miller, Audrey Brennan, Lenora Ostrander, Thelma and Willa Hanks, Don Miller, Audrey and Marjorie Baker, Dolly Sobeloff, Irene Costello, Paul Brennan, William Ostrander, Sidney, David, Myrtle, Phoebe and Mrs. Alexander Bruce.

Delightful "500" Party.
Mrs. T. A. Reed, Mrs. Shrontz and Mrs. Ericson were joint hostesses to a large number of friends last Saturday afternoon at the home of the former. The room was bright with spring blossoms and a delightful afternoon was spent playing "500." Refreshments were served at the close of the contest.

ments unpaid to three times the number of annual payments due. A bill to accept a deed of gift or conveyance from the Lincoln Farm association, a corporation, to the United States of America, of land near the town of Hodgenville, Kentucky, embracing the homestead of Abraham Lincoln and the log cabin in which he was born, together with the memorial hall enclosing the same; and further to accept an assignment or transfer of an endowment fund of \$20,000 in relation thereto. To be dedicated to the purpose of a national park. The government agreeing to protect and preserve all buildings of especially the log cabin in which Abraham Lincoln was born, from destruction, exploitation, and further disturbance to the end that they may be preserved for all time so far as may be; and further agreeing never to sell or lease the same to any person or corporation engaged in interstate commerce.

As to Homestead Improvements.
The homestead law as approved in 1912 provides that the homestead shall cultivate not less than one-sixteenth of the area beginning the second year and not less than one-eighth beginning the third year of his entry and until final proof, excepting in the case of the enlarged homestead law, where double the area of cultivation is required. Senator Borah has introduced a bill which provides that in lieu of the cultivation record, the homesteader may make improvements such as clearing, fencing, erection of buildings, setting out trees for orchards and other like improvements that would tend to make the homestead habitable and capable of production to the extent of \$1.50 per acre per year, beginning the second year of his entry and until final proof, excepting in the case of the enlarged homestead act where the improvements shall be 75c per acre.

A bill to authorize further advances to the reclamation fund and for the issue and disposal of certificates of indebtedness in reimbursement thereof, and for other purposes. The sum authorized by the bill is \$20,000,000.

Senator Perky Leaves for Home.
Ex-Senator Perky of Idaho, who has been in Washington during the last week, has returned home. He was warmly received by his former colleagues in the senate, as also by President Wilson and the various members of the cabinet upon his being called. The secretary of the interior and the postmaster general conferred with him Friday upon Federal appointments in Idaho, and it is the general impression here that his wishes will largely govern the selection of appointments.

It has been definitely determined that all Federal officials will be allowed to serve out their four year terms unless removed on charges of maladministration.

There are thirteen postmasters in Idaho whose commissions have expired. Hardly any representatives in Congress from the Western States is the meager allowance made to the members for official assistance and travel for office furniture and accommodations.

WHY NOT?

KC is pure. KC is healthful. It really does make lighter, nicer biscuits, cakes and pastry than the old fashioned single acting baking powders.

And you pay only a fair price for it. No baking powder should sell for more.

THE NEWS

Washington Letter

Political Comment, News, and Gossip of the Capital

Congressman Smith has finally persuaded the commission of the general land office to place on the unoccupied portion of the map of Idaho a map of Twin Falls and vicinity showing the various streets and roads, additions to the city, and the railroad and street railway. The new map of the state which will be available in the near future, will show the boundaries of the new counties, the various irrigation projects, the Indian reservations, etc.

Washington, D. C., April 22.—The people in the eastern out of Hanna, C. in the vicinity of Hanna and Chesterfield, have made application to the interior department for the purchase of sufficient water from the Blackfoot reservoir to irrigate from 20,000 to 30,000 acres of land. Senator Brady visited the interior department and learned from the secretary of the interior that the matter would have to be handled by the Indian bureau and reclamation service.

Senator Smith, then visited the reclamation service and the Indian bureau and urged upon them the necessity for immediate action in the matter, for the reason that unless water was taken from the Blackfoot Reservoir, additional water will have to be supplied for the Indian reservation from some other source. This could be accomplished at this time, but if delayed it might result in water being used on other projects, and this water is not secured at the same time. These lands will be without irrigation. These requests are requested to be favorably impressed with the presentation of the matter and an investigation will be made at once, and the officers of the Bureau of Reclamation and the committee in charge of the matter will have an opportunity to present the matter personally to the representatives of the government.

Senator Brady and Congressman Smith took up in detail with the secretary of the interior, the matter of the Brown Bear and Horsehoe claims in Fremont county. The urgency of the present demands of the government are being made by the secretary and he has taken the matter under advisement.

These coal claims are owned by Idaho citizens who have been the same in good faith, and they should have the hearty cooperation and support of the government in the matter of the government trying to prevent the developing this property, which means so much to Idaho.

Work of Senator Borah.

The following are some of the most important bills introduced at this session of Congress by Senator Borah:

A bill to provide for the acquiring of title to public lands classified by the government as phosphate lands, reserving to the government all phosphate deposits, and the right to prospect for, mine, and remove the same; this permitting the making of homestead entries for agricultural purposes within phosphate reserves.

A bill providing for an extension of the number of annual payments required by law for water right projects from ten to thirty, upon the projects completed, in course of development, or which are to be developed, when no annual payments have been made and extending the number of pay-

HIGH SCHOOL TEAM IN OLD TIME FORM

BUHL NINE LET DOWN HARD IN 16 TO 9 SCORE

Game Close for Few Innings—Local Loosen Up and Run Around the Bases—Good Pitching Features in Meet.

The Twin Falls high school baseball team took its stride last Friday afternoon at the local park and defeated the Buhl high school, 16 to 9. During the first six innings the score was close and the game exciting, but after that the local boys had every thing their own way.

Twin Falls showed marked improvement over her game of the week before. Whitely held down his regular position at first and pulled off some sensational plays. He pitched well.

The Buhl infield, as a whole, played a better game than Twin Falls. Shields, at short, was the star of the game. He pitched accurately and came his way; his error holding him away from first. Shields, at second, was also on the job. He established one hit and one run and was exceptionally quick in getting the ball on base runners.

Good Pitching Game.

Twin Falls excelled in the pitching department. Whitely, Morris started the game and pitched well. Whitely fanned five men in this time. For the first three innings he had Buhl at his mercy and the score was disastrous for him. With the score, 0 to 0, he weakened and two hits, one a two bagger, coupled with a walk and a sacrifice gave Buhl a 2 to 0 lead over opponents six runs. The game was interesting until for a while. The Buhl players assumed themselves by chance to be in the lead. The ball cleared around and started over Buhl before they were headed off. Lines that led to which the sixth and ran things to suit Whitely during the rest of the game. He let Buhl down without a hit and struck out three. In the seventh inning, Buhl pitched a hit and struck out three, straight. In the eighth, he pitched a hit and struck out one. The ball starts on a one line for the pitcher and when he has been forced away it drops a yard or so and the batter realizes that he has been served with a clean strike.

The Start of It.

When the game started, the Buhl pitcher had not arrived. W. Hubbell was sent in to pitch and got in right at the start. Bob Whitely was out for two. The Buhl ball pitched was just where Bobby came in, and he pitched it clear to the center field fence for a three bagger. After that, Whitely doubled scoring Whitely. This ended the first inning.

In the second, Twin Falls came right back on top. Whitely pitched, Morris doubled, Whitely singled and with a mixture of errors and passes, all three scored. Whitely pitched, Morris came in, three hits and Whitely scored off two, both of them doubles, during the game.

At the third Twin Falls gathered in three more. Whitely, Chisholm, and Morris all scored without making a hit, passed balls, errors and wild pops being responsible.

Ballon in Fourth.

The fourth inning was a wild one. Morris weakened and allowed two hits, one of them a double. Taking advantage of these two hits, two passes and an error, and a sacrifice, Buhl decided by the ump, Buhl scored six runs.

Shields made first on an out. Byrne walked. Ezechus singled, scoring Shields. C. Harding was out on a fly and Morris was given life on an out. Buhl scored. Ezechus was a notch. Ezechus came home on a passed ball and Amos was passed. J. Hubbell pitched, Whitely doubled, scoring Shields. This ended the fifth inning. Shields fanned out and the score was ended.

When Twin Falls came to bat in the fourth inning they were confronted by no less a personage than the regular Buhl pitcher. One slant at the said Mr. Hubbell, one slant at the other, and he was a pitcher—one of his variety. He is a regular who is steady and graceful, but he had the reputation of being first in the line. Buhl failed to connect in the fifth. Twin Falls scored Jacoby and proceeded to pound him. With two down, Bower singled and Rogers was hit by

a pitched ball, and both scored before the inning closed.

Changes in Line-Up.

Cosher, Paulmer yanked Morris in the sixth and sent in Laville. In the fourth inning he pitched only 13 men fanned him.

In the sixth, Kirkpatrick singled, Whitely walked, and Kirkpatrick scored on two balls.

Twin Falls went to sleep in the seventh but woke in the eighth and had a little Marathon of their own. Morris singled, Kirkpatrick was safe on an error, and Whitely poled out his second double, scoring Morris and Kirkpatrick. Chisholm made the first on a fielder's choice, and Bailey was hit by a pitched ball. Bowers went out and Rogers singled, scoring Whitely and Kirkpatrick. Laville grounded out and Whitely singled, scoring Bailey and Rogers. No more scores were made and the game ended with a score of 16 to 9.

Will Plant Trees

Pupils of Rural Schools Will Observe Arbor Day Tomorrow, April 25.

Arbor Day exercises will be held in the schools throughout the county tomorrow and trees and shrubbery will be planted on the school grounds in accordance with the proclamation of Governor Hanna.

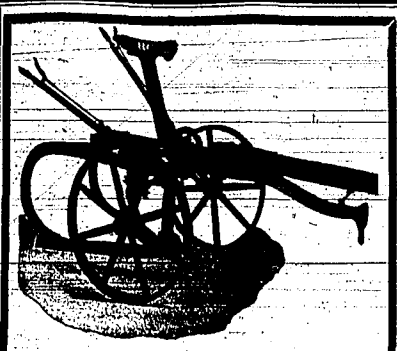

Miss Bertha Noel, county superintendent, attended a meeting of other county superintendents of southeastern Idaho at Pocatello last week. Matters of school importance and interest were taken up and arrangements for the holding of the next institutes were outlined.

PETER SMITH DIES

Had Been Resident Here Since 1908
—Body Taken to Springville, Utah, Former Home.

Peter Akors-Smith, 78, died Sunday morning at the home of his daughter, Mrs. E. E. Heston, one mile east of this city, after a lingering illness of several months. He was born in 1840, coming here from Utah, west of Denver, in 1908.

Mr. Smith was born in Jacksonville, Illinois, in May, 1855. He is survived by another daughter, Mrs. E. D. Stoll, also of this city. The body was accompanied by Mrs. Heston and Mrs. Stoll to Springville, Utah, Tuesday evening for interment. Mr. Smith resided in Springville for a number of years, and at which place other members of his family are buried.

TO CHOOSE TEAM IN HOME TRACK MEET

HIGH SCHOOL CLASSES TO COMPETE ON FIELD TOMORROW

State Meet to be Held Here Saturday, May 10—Many Schools Entered. Silver Cup for Winning Class Team.

The Home Track Meet, between the classes of the high school, will be held at the local park tomorrow, Friday, afternoon. This meet is in preliminary to the state inter-high school athletic meet which will be held here Saturday, May 10.

A team to represent the Twin Falls high school in the state meet will be selected tomorrow, the winners in the various classes to constitute the high school team. Glenn Cox has announced that he will present a elegant slip cup to the class taking the highest score in tomorrow's meet. A hot contest between the classes in the home meet is expected, as all classes have some excellent material.

THE ALASKA

is the result of a third of a century's experience during which time one million Alaskans have been made and sold. It's the

one refrigerator that gets every unit of cold out of the food that keeps the food pure, sweet, and whole some. It is perfection in insulation—in circulation of cold, dry air; in cleanliness; in durability. Come in TODAY and inspect the Alaska.

NEW HOSTELRY TO OPEN

"Hotel Craven" at Hollister Will be Formally Opened Saturday Evening, April 26.

The new hostelry at Hollister, to be known as "Hotel Craven," will be formally opened with a dance and banquet good time Saturday evening, April 26. Major Fred R. Reed, who was in Hollister recently, had the honor of naming the new hotel, which is christened "Craven," in honor of W. H. Craven, banker and public spirited citizen of Hollister, and southern Idaho.

The new hotel is 60 by 100 feet and is built of Ogden brick. In the corner of the big building is the "Hotel Craven" which will be christened "Craven." There are 30 rooms, furnished in an up-to-date and complete manner, with every modern convenience. It is found in miles of 10,000 inhabitants. Electric power will be used for heating, lighting, and cooling. C. W. Simpson, formerly of Lewiston, is manager of the new hotel, and Mrs. Simpson will be found agreeable host and hostess.

The new hotel will fill a long felt want, not only as a place for the traveling man, but for those going to and from the Jarbridge and Centon Springs, as well as tourists to the Salmon dam and tract.

RELUCTANT.

"Remember, Arthur, you are the son of a gentleman. Try to behave like one. Don't let me down."

"All right, mother, but it will spoil the whole day for me."—Lila.

WHY

The Best Fence Is the Cheapest

The difference in cost between a loosely woven fence made of brittle, poorly galvanized wire and the best fence you can possibly buy is only a few cents, at the most. In fact, it is so slight that you can't afford to consider it for a minute. When you stop to think that it takes just as many posts and just as much labor to put up a short-lived fence as it does to put up a fence that will last you two or three times as long, and when you stop to figure the cost of replacing broken-down fences—the loss to you from crops from cattle breaking through, horses going over, and pigs crawling under—you will agree that to buy any wire fence just because it is cheap is poor economy.

Square Deal Fence

will outlast any other farm fence you can buy and costs no more than any other fence of equal weight and quality of material. Every rod is guaranteed by The Keystone Steel and Wire Company—the mill that makes both the fence and the wire that goes into it.

Come In and See It

before you buy fencing. See how trim and neat it looks; how easy it handles; see the non-breakable, non-slipping Square Deal Lock. See the way smooth wires that keep Square Deal Fence tight and trim the year round. See the one-piece stay wire that makes this fence self-supporting, non-sagging and non-buckling.

Get our latest prices on guaranteed "Square Deal" Fence. No freight to pay. No waiting.

Muffins

By Mrs. Janet McKenzie Hill, Editor of the Dutton Cooking School Magazine.
When muffins are on the breakfast table, nobody cares for meat or eggs and it would be scarcely more often if this meat were not prepared so hurriedly that there is no time to make them. If it is possible to make them in a few minutes, the butter may be stirred up the night before and put in the pan ready for baking and nothing to do in the morning but bake them.

One-Egg Muffins

2 cups flour; 1 slightly rounded teaspoonful K. O. Baking Powder; 1 tea-spoonful salt; 1 cup sugar; 1 cup milk; 1 egg; 1 cup butter or oil.
Add dry ingredients together three times. Add to this the unbeaten egg, melted butter and water or milk. Beat all together until perfectly smooth. Oil muffins of gem pan and have oven well and the muffins come to the top of the pan. Increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

Graham Muffins

1 cup graham flour; 1 cup pastry flour; 1 level teaspoonful K. O. Baking Powder; 1 1/2 level tablespoonsful sugar; 1/2 level teaspoonful salt; 1 egg; 1/2 cup milk; 1/2 cup butter and lard. Add to the graham flour and lard. Knead in the butter and lard. Roll out on a floured surface and cut into rounds. Bake in a greased muffin pan.

JOSEPH SOLD INTO EGYPT.

Genesis 27: 23-36.

23. And it came to pass when Joseph was some unto his brethren that they hated him, because he was better than all his brethren, because he was a man of true words.

24. And they took him, and cast him into a pit; and the pit was empty, save a hole in the rock.

25. And they sat down to eat bread; and they lifted up their eyes, and looked, and behold, there was a man come from Gilead with his camels bearing ephraim and balm and myrrh, going to carry it down to Egypt.

26. And Judah said unto his brethren, What profit is it if we slay our brother, and conceal his blood?

27. Come, and let us sell him into the land of the Canaanites; and we will not be guilty of his blood; for he is our brother, and our flesh, and his brethren were content.

28. Then they passed by Midianites merchantmen; and they drew and lifted up Joseph out of the pit, and sold him to the Ishmaelites for silver; and they brought Joseph into Egypt.

29. And Reuben returned unto the pit; and he saw that Joseph was not in the pit; and he rent his clothes.

30. And he returned unto his brethren, and said, I have found him; and he is here; and he is dead.

31. And they rent Joseph's coat, and killed a kid of the goats, and dipped the coat in the blood.

32. And they sent the coat of many colors, and they brought it to their father; and said, This have we found; whether it be thy son's coat, or no, we know not.

33. And he knew it, and said, It is my son's coat; he hath been devoured by a wild beast; Joseph is without doubt rent in pieces.

34. And Jacob rent his clothes, and mourned, and bewailed, and he fasted many days.

35. And all his sons and all his daughters rose up to comfort him; but he refused to be comforted; and he said, For I will go down into the grave unto my son mourning. Thus he said, and wept.

36. And the Midianites sold him into Egypt unto Potiphar, an officer of Pharaoh's and captain of the guard.

Cottolene

Cottolene is not for table use, but it is the best cooking fat for all shortening and frying. If you are using butter in your kitchen you are paying at least twice as much as necessary to secure the same results with Cottolene.

Another point of economy about Cottolene—use one-third less than you would of butter or lard.

Cottolene is a clean, pure product, and makes wholesome, healthful, digestible food, because it is a vegetable and not an animal fat.

WASHINGTON LETTER.
(Continued from Page 5.)

It would be supplied with lists of the general contractors on public buildings throughout the western country—being sent and specifications—being an independent contractor in the State can apply their samples and prices.

A careful investigation made by the Press—An independent paper through Pennsylvania and Philadelphia—series of six articles, shows conclusively, according to their words: "Progressivism as an independent organization is waning; that Roosevelt's popularity is steadily diminishing and that the general tendency of the political trend is toward the Republican Party.

"The light of Mr. Roosevelt's personality has dimmed simultaneously the flame of his cause, and political leaders say that the coming election will find progressivism in the coal-mining regions but a minority."

"The life of the new party is ebbing while its leaders are assuming an air of indifference. The general opinion is that the cause has now burned too low to be revived. Former converts from the Republican forces, realizing this, are steadily retreating to their original camps, and the hope of the progressive is dark."

GUARD-SMOKER IS ENJOYABLE EVENT

FUNCTION IN HONOR OF THREE YEAR MEN IS SUCCESS.

Boys of Company D Outside Themselves Record Comes Second. Over the Entire State.

A very enjoyable and well attended smoker was given by Company D, National Guard of Idaho, at the armory Monday night in honor of the men who had served three years in the company and whose time has expired.

There were nearly 100 present and there was spent in making orders and listening to talks by several members and visitors. Among these was a most interesting talk given by Captain W. S. Campbell, an old Civil War veteran, who told of his experiences in the campaign before Hainesville, Tenn., Campbell, who was an officer in an Illinois regiment, was serving as staff officer on the staff of General Smith and was in a position to observe the movements of the campaign from the viewpoint of an officer close to the command. His talk was thoroughly enjoyed. Others who were called upon and responded were Captain F. W. McRoberts, commander of the local company, Major Dwyer, sergeant major of the company and Bennett of the regular army.

Mole Man Needed.

Company D—is in excellent shape and stood second in the state at the last inspection in regard to the report on this loss being about \$15.00 while other company losses ran as high as \$100.

Captain McRoberts is endeavoring to recruit the company up to full strength and will need about 20 men to accomplish this. He was well pleased with the results recorded at the meeting, when 15 men enrolled in the company, several of them being former members whose terms of enlistment had expired. It would be pleasing to hear from any young men who desire to become members and would be glad to talk the matter over with them.

WILL MAKE HOME HERE.

Fred W. Kobs and family arrived last week from Fond du Lac, Wisconsin, and for the present are residing with Mr. and Mrs. V. J. Schaefer, east of this city. Mr. Kobs brought with him his goods and expects to make this his home and engage in farming.

SONS OF JOVE

MUST OBSERVE LAW

Notice Served on Dealers by the Pure Food Commissioner as to New Statutes.

James H. Wallis, state dairy, food, and sanitary inspector, has sent out notices to the dealers in this state notifying them of the violation of recent laws and the delinquency of their products and the weight of their products and the notices call attention also to the new state law, which makes it unlawful for any person to sell or expose for sale any fresh meat, game, or fish that has in any way been exposed to the dust, which makes it unlawful for any person to tamper with or adulterate any food. Violation of this law is punishable by fine not exceeding \$300 and not less than \$15.

JANKS-CLARKE WEDDING.

Charles Janks and Miss Mary Collins were married last Sunday by Justice W. H. Smith. They will make their home in this city.

EXPERT ON GROUND TO ASSEMBLE CARS

ROLLING STOCK OF RAILWAY TO BE HERE IN FEW DAYS

Work on the New Line to be Rushed Through With as Little Further Delay as is Possible.

Only the actual delivery of the storage battery cars for the electric railway to Shoshone falls now delays the active work of completing the line. According to messages received yesterday by L. H. Ferguson, the superintendent, secretary of the road, the cars are expected to arrive from Green River, Wyoming, and perhaps by this time are in Pocatello or west thereof. The Short Line had agreed to deliver the cars to this city by last Saturday, April 19, but they were not received.

W. J. LePore, chief operator for the Federal Storage Battery company of Silver Lake, New Jersey, arrived in the city yesterday to remain until the line is in operation. The cars to be used on the local line were built by the Federal company and Mr. LePore will have direct supervision in placing the cars in operation. He returned a few weeks ago from Havana, Cuba, where the first train of storage battery cars were operated.

Expected Great Success. "It seems nothing to prevent the successful operation of a storage battery car train on the Twin Falls Electric railway, I understand you have only as much as a finger's end to show of it." On the line now operating in Cuba, there are much heavier grades than that, and we have a car operating on a steep road in southern California where it is working satisfactorily on a 13 per cent grade and carrying a total of 75 passengers to the car. The Twin Falls line will be the second in any country to operate a storage battery train. Work is now progressing on a line at San Diego, California, which, when completed, will be the third of these lines so operated.

Our company has storage battery cars operating on steep and electric lines in Oregon, Montana, California, and in a number of other states; and in Alaska, Chile, Japan and Europe, and in each instance successful operation has been the result. The demand for these cars is becoming so great that the company can no longer supply the demand by the time desired and there is no question that they will become one of the common traffic cars throughout the country within the next few years.

Used in Construction. The cars to be used on the Twin Falls line will travel about 75 miles each car, the construction of the line is being installed on Second street near the Short Line tracks, from where they will be first operated. The cars are expected to be ready for use before the week when they will be used in the city and cars loaded with rails along the route for placement.

Supervisors and Special Teachers. Eva Martin, Art; Grace Bryant, Music; Evelyn B. Carr, Physical Culture; Madea Knapp, Domestic Science; Mac Hoek, Agriculture.

TO COLLECT SALARY BY FORCE OF LAW

MAJOR REED NOT SATISFIED BY ACTION OF LEGISLATURE

Asks Supreme Court to Decide as to That Body's Rights to Kill Appropriation for Immigration Commission.

To determine whether the legislature has the power to abolish a salaried office established by the constitution or without the salary of an incumbent of office after appointment by the governor, Major Reed has asked the supreme court to make that State Auditor Horton issue a warrant for \$100 for his salary for February and March. The salary of the office of state immigration and labor commissioner, to which Major Reed was appointed by Governor Shoup, carries a salary of \$2400 per annum.

It will be remembered that the legislature failed to make an appropriation for this office for February and March had been duly appointed. It is argued in the petition for mandamus that the appropriation made by the legislature in a preceding appropriation act, and that under the provisions of that law Major Reed is entitled to his salary of \$100 per month. It is further claimed that Major Reed performed the duties of the office during the months of February and March, and that his failure to receive the salary of the office is illegal. The supreme court will be asked to compel the state auditor to honor the claim of Major Reed and issue a warrant for his salary.

In Nature of Test Case. This is looked upon as a test case of more than ordinary importance. The prime wish is to determine whether the legislature has the power to abolish a provision of the constitution in the manner. For Major Reed the case is being handled by Captain E. D. Walters, state engineer. However, while the contention of the state auditor is being upheld by Attorney General Peterson.

SCHOOL TEACHERS ELECTED

Present Corps Re-Employed With the Exceptions of Those Taking Other Positions.

Teachers for the Twin Falls schools for next year were elected by the board of education at a meeting held on a few days ago. All of these of those instructors who have decided not to return here after this year, the present corps of teachers were re-elected. These were: Mrs. E. A. C. Poulker, Commercial; Emma Hopkins, Asst. Commercial.

High School Teachers. H. W. Jones, Principal; H. Lavinia Moore, Mathematics; Mary Benson, Asst. Math.; Helen Porter, English; Lucille Lenz, No. 2; G. G. Blom, H. Cook, and Asst.
