**TESTIMONY OF TWO WITNESSES
CONFLICTS AT POINTS**
From McConville and Attorney F. A.
Hutto Called Upon for Ex-
planations in Benton-

gling Case.

County officials, members of the bar, and local court circles have been thrown into consternation over developments in a court trial that bids fair to record unique features in Idaho judicial procedure. The legality of a number of recent criminal convictions perhaps hangs in the balance. The testimony of two opposing witnesses will be investigated for alleged possible perjury. The possible impact of explicit statutes may place before the court a case of unusual legal complications.

The legal tangle developed in the

accompanying him as far as Wells where he gave him \$215. This was not denied by Hutto, on further examination, but he did claim that McConville had signed an affidavit before Justice J. Wells that he had at various times purchased liquor from Harry Hutto. The signing of the affidavit was denied by McConville. Neither Hutto nor McConville testified as to the motive in their going to Wells nor the payment of the money to McConville. The detective testified that Hutto

urged him to go to Jarbridge, but that instead he took his train from Wells to Twin Falls, arriving there Sunday afternoon to report as a witness in the Harris case.

Hutto: Given Testimony.

Called to the witness stand by the state, Hutto testified that on April 1, before attaches of the court house, following the wholesale arrests of charges of bootlegging, he stated that he knew the man known as "Red" McConville, who was then known to have secured the evidence in the case for the state, was reliable, that he had known him for 20 years, and that his word could be counted upon as reliable. On earlier examinations

His witness in the Harris case.

Hutto Gives Testimony.

Called to the witness stand by the state, Hutto testified that on April 22, 1935, he was in the city of Wellston following the wholesale arrest on charges of bootlegging. He stated that he was in the company of one McCollville, who was taken into custody with him. He stated that he is for the state, was reliable, that he had known him for 40 years, and that his word could be relied upon. He testified that earlier examination of his records showed that he had sold his product on many occasions and that McCollville would be required to verify his statements. He said that he was not so forthright on this charge as he was on others.

The charge of the defense that McCollville manufactured liquor for Hutto was denied by Hutto. It was his contention that it was not his business to manufacture liquor for Hutto, and that he was in an attempt to secure false convictions, is a most important consideration. If proven true, it would be a charge of perjury, will be placed against him by the state. The charge of perjury was denied by Hutto. He said that he was not so forthright on this charge as he was on others. He said that he was not so forthright on this charge as he was on others.

Hutto testified that he had purchased liquor from Harris and that he had sold it to McCollville. He said that he had sold it to McCollville on the ground, if it can be proven, that he had a court record in Oklahoma, in contradiction of his original statement that he had no record.

Hutto May Be Accused.

In case these charges against McCollville cannot be proven, the state may proceed against Hutto on charges of harboring a witness or obstructing him by sending him from a jurisdiction to avoid testifying. A thorough investigation is being made by the state on both sides of the controversy.

LOCAL HIGH LANDS THE CHAMPIONSHIP

WILL MEET HERE MAY 19
FOR STATE HONORS.

Twin Falls Leads Teams in Eastern Idaho by Defeating American Falls 7 to 0—Best Game of the Local Season.

In the best game of baseball that has been played in Twin Falls this year, the local high school defeated American Falls high school last Saturday afternoon, 7 to 0. The victory, Twin Falls is the champion of eastern Idaho, and the state championship game with Boise will be played here on May 19. The team showed better form than ever before. Five errors are marked against them, but as the score allowed, none of them brought any bad results. Batters in the third made the big noise in the error column, when three bobbles are credited to them. All were in the first inning and easy ones at that.

Pitcher's Battle.
The opposing pitchers were the whole show. Liville and Oliver fought a hard battle. Oliver has been seen here for many a day. Oliver fanned 16 men and Liville had 15 to his credit. Oliver allowed five hits and Liville allowed three.

Don Liville deserves more credit than any one man in the game. He got in bad at the start when the first two men walked. One of these men of third on a passed ball and then with one down. Don got busy and fanned the next two. In the second inning he struck out four men, the first one taking first when Bower let a third strike get away. Before any were out the American Falls men reached third and Liville proceeded to fan three straight and left him stranded far from home. He is credited with at least one strikeout every inning of the game.

Very few of the supporters of high school baseball know how to watch a game. Liville occupies the box for Twin Falls. Don is now in the local school and early in the game was seen in the box. Some of the older members of the team noticed that he had a slow curve ball, good control and coolness of temper. Liville rarely met with a high school pitcher. He never intended to try for the team, thinking that he was much older than the boys back this year, he would have no chance. He was finally persuaded by Coach Patterson to come out and pitch the game. Liville pitched half of the Kimberly game, half of the first Buhl game, all of the second game with Buhl, and all of the American Falls game. He has shown improvement in every game and is now the top-notch pitcher on the pitching staff of the local school.

Strikeout Record.
Oliver, pitching for American Falls, also comes in for his share of praise. His record of 16 strikeouts eclipses the previous one held here this year. Of the 15 walks, 13 were made in the first six innings and the record might have been greater had he not pitched the last three. After four Twin Falls men had crossed the plate in the sixth on a combination of hits and errors, Oliver got some base hits. All three were behind him. Bobby Whitely was up when this bombardment began. The second man got him just below the left knee. When the ball hit him it knocked him off his feet and he was carried to the bench. The error may not have been intentional on the part of Oliver, and it certainly was not on Whitely's part. It showed that it doesn't pay to get on base in the game breaks the wrong way. As far as Oliver was concerned it finished him for after this one swift ball he was duck soup for the Twin Falls batters.

The Twin Falls team showed up better in the field than over base. This week's practice will put the team in good condition for the Boise game.

How Game Started.
The game started with whom, heck up, almost forgot something. The first batter, Torrence, and center fielder for American Falls. "Jumbo" is the smallest high school player ever seen in this town. He played a good game and hit the ball as much as any of his teammates. He only had one chance in the field and he roped it in. He was a direct call. He was a backward run and robbed Whitely of a two bagger.

American Falls batted first and looked dangerous from the start. Hooker and Torrence walked. P. Evans fanned and Hooker was forced at third or Oliver's grounders. Torrence moved to third and was held there while G. Evans struck out.
The first three Twin Falls men struck out and in the second Liville struck out four men, one of them getting away. Until the sixth inning the story is the same, strikeouts being the rule on both sides.

Wild Struck.
The sixth inning was a wild one. Whitely was first up and singled. Chisholm followed with another single and Torrence advanced to first. Bailey rolled a weak one to Hooker, who threw with to first, while Whitely was supposed to ground out on this one. But he went to second. Bower walked and Chisholm scored on a passed ball. Hooker fanned and Liville was up. He hit a weak ball while he was trying the time of the infielders. Bailey and Bower scored. It was then that Oliver lost his temper. He was supposed to be in the line by striking out.

Three in Seventh.
In the seventh Twin Falls gathered in three more. Kirkpatrick was safe on Hooker's error. Whitely went on to second. Bailey was out. Whitely was safe on first, while Kirkpatrick went to third. Chisholm rolled one to Hooker, who fanned. Bower walked and all hands were safe. Kirkpatrick scored. Bailey went out at first, Whitely and Chisholm moved up a notch. Bower grounded to Bower, who attempted to get Whitney at the plate and Bower was safe.

BISHOPS' NO MATCH FOR THE MAGICIANS

TWIN FALLS DEFEATS OAKLEY
1 IN 13 TO 1 GAME

Locals Roll Up Decisive Score Against Visitors—Home Team Shows Improvement and Condition for Heavy Games.

POCATELLO NEXT.
The Pocatello Indians will be the attraction at the local ball park next Sunday afternoon in the first game of the regular season. Preparations are being made for a record crowd and the home team will make its first appearance in the new uniform. This will be the first of a series of games that will be played with a number of the teams in southern and eastern Idaho, according to the present season schedule.

Outstanding their opponents is all departments of the game, the Twin Falls team defeated the Oakley aggregation in the third preliminary game of the season at the local ball park last Sunday, with a decisive score of 13 to 1. Long backstop for the visitors, allowed eleven passed balls, some of which were costly for the Oakleyites.
The pitching of Buring, star twirler for the locals, was a feature of the game. The big fellow shows improvement with each game and can be counted upon to give a good account of himself in the heavy games that are scheduled for the future. Chapin played the game in old time form for seven innings when Buring and he took the bench to start the last work. Buring was rolled at that stage of the game by Roberts, who is showing good form. Buring, relieving Chapin, allowed only one hit and no runs in the remainder of the game in veteran style.

Connects Regularly.
Faulkner connected with the ball each time at bat. The first three up for the visitors were given the fender-aid at the plate, and the locals put Faulkner, R. Patten, Chapin and Johnson over in their half of the first. Oakley failed to qualify in the second. Faulkner scored in the third, the locals in their inning. Johnson and A. Patten scored in the third. Faulkner in the fourth. A. Patten in the fifth in the eighth. Faulkner's hit put R. Patten, Butler, and A. Patten over the plate. In the sixth Chisholm for the visitors took first on four wide plays and scored on Scott's long drive. A. Patten's steal home in the third and Taylor's catch of Chapin's ball in the fourth were features of the game.

The schedule now being arranged will include games with Pocatello, Idaho Falls, Mountain Home, Montpelier, and possibly Hailley. The first game of the season under this schedule will be played last Sunday on the local grounds with Pocatello. The local will appear in their new uniforms and the Twin Falls band will make things lively.

On first, Hogg made first on an error and Chisholm scored. Liville grounded out and ended the inning.
In the ninth inning Liville almost spoiled his shutout game by his own carelessness. Watts and Salles fanned and Booth popped a weak ball into the Liville's hands and everybody started to leave, but Don was overconfident and the ball rolled away. He settled down to business after Booth stole second, and fanned Johnson so quick he never knew what struck him.

Jelly Roll Recipe

Only Two Eggs Required

By Mrs. Janet McNulty Hill, Editor of the Boston Cooking School Magazine

This Jelly Roll is fast becoming very popular on account of the way it keeps fresh. With proper handling it should keep fresh a whole year, so that it isn't eaten up in the meantime, for it is every bit as good as it looks.

One cup sifted flour, scant half teaspoon salt, level teaspoonful of C. C. Baking Powder, graded kind of 1 lemon's eggs beaten lightly, 1 cup sugar, 5 cup milk, glass of jelly powder, sugar, sugar.

Beat the sugar into the eggs, add the lemon rind, then the flour, sifted three times with the salt and baking powder, and the milk. Bake in a buttered dripping pan; turn out on a damp cloth, trim off the crisp edges; spread with jelly and turn over and over into a puff, still warm. Prunge the top with powdered sugar.

Hot milk used in the jelly roll enables it to be rolled without danger of cracking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.

K. C. Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated "Page 12 Cook's Book," which may be secured free by sending the certificate packed in every 25-cent can of K. C. Baking Powder to the Jacobs Bros. Co., Chicago, Ill.

LOCAL OFFICER WILL SHARE IN REWARD

FORMER SHERIFF DYER RETURNS WELL SATISFIED

Settlement Has Been Effected in the Case of the Capture of Train Robbers Made in 1909.

After four years' throbbing in the federal courts at Omaha, C. W. Dyer of this city will receive his reward for his share in capturing one of the bandits who held up and robbed the Union Pacific mail train near Omaha in June, 1909. With the assistance of Deputy Sheriff May, who died about a year and a half ago, Sheriff Dyer captured him at Buhl and returned him to Omaha, where he was found guilty with five other desperadoes, all of whom are now serving life sentences in the federal prison at Leavenworth, Kansas.

Mr. Dyer returned home Tuesday from Omaha, where he attended the adjustment of the reward case. He was a witness in the case in which there were a large number of claimants for the rewards. Mr. Dyer's claim was granted, and final adjustments will soon be made.

Mr. Dyer states that business conditions in the central-west are exceptionally good. Heavy yields of all crops are expected in that territory this year, and the idea of a dull year is not taken seriously by the central westerners.

The ranges have been ordered and it is expected by the hotel management that they will arrive within the next few weeks. With these installed, the Perrine kitchens will be added to none in the state for electrical equipment.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merits to Every Twin Falls Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorser who say their confidence has been undiminished by lapse of time. These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-fold and confirmed with our endorsement. Can any reader doubt the following: It's from a resident of this locality.

Robert Coates, retired farmer, Shoshone, Idaho, says: "I suffered from kidney complaint and backache. When I stooped I had sharp shooting pains through the small of my back, and I could hardly move without misery. The secretions from my kidneys were irregular in passage, especially at night. I couldn't sleep well and I was very nervous. I also had headaches and dizzy spells and I noticed sediment in the urine. I bought three boxes of Doan's Kidney Pills and cured me and I have been well and vigorous since. I think, just as highly of Doan's Kidney Pills as when I publicly recommended them in 1907."

Week in Society

The week has been rather a quiet one, and parties are being placed by long auto rides into the country and neighboring towns. A number of the hostesses of the city have enjoyed motor trips to Hellsburg, spending some time at the new "Cracked Hotel." The opening of the Shoshone Falls Hotel on Sunday attracted quite a crowd, about thirty going out for dinner and returning in the cool of the early evening.

Elaborate Luncheon

On Friday last Mrs. McCollum entertained the members of the Luncheon club at her delightful home on Shoshone street, with an elaborate bridge luncheon. The top of the long table at which the guests were seated was covered with a handsome set of tatting table; a low bowl of pink and white sweet peas resting on a star shaped plate in this exquisite work forming the attractive centerpiece. About which pink shaded candles in crystal holders were arranged to advantage. Delightful place cards decorated the table.

- No. 3 with No. 4 below it, indicates local rain or snow, colder.

A start was made in the right direction by the weather bureau in the display of flags on the First National Bank building last Saturday. At 10 o'clock the "local rain or snow" flag was flying to the breeze and early in the afternoon it rained. The forecast has resulted correctly each day since the installation of the service.

The weather service has been secured through the efforts of Secretary McMillan, of the Commercial club. The forecast is received each day at 10 o'clock from the bureau at Boise. The flags are then hoisted on the bank building in accordance with the forecast received. The flags are placed in display under the direction of the Commercial club.

OBSERVE MOTHER'S DAY

Churches of the City Make Fitting Reference to Wearing of Carnation.

"Mother's Day" was fittingly observed in the several churches of the city last Sunday. The observance was carried out by special sermons and music, appropriate themes being selected.

Observance of Mother's Day is now made in each state on the second Sunday in May. Many foreign countries have taken up the observance and the founder and organizations which secured its being made an annual day are endeavoring to have the observance become world wide. Anna Jarvis of Philadelphia, originated the idea of setting apart one Sunday in May as Mother's Day. It was observed in church, home and organization. The white carnation has been selected as the Mother's Day flower and it was generally worn in this city on last Sabbath.

R. E. Persinger, of Decatur, Ill., notes, and John W. Hardin, of Kimberley, are business visitors in the city. Mr. Persinger is spending the summer on the tract in the interest of the Idaho Cattle and Horse Co. and is visiting Mr. Hardin and family.

Informal Dinner Party.

Mr. and Mrs. C. W. Weller will entertain a dozen guests at an informal dinner this evening.

Delightful Informal Dinner

Mr. and Mrs. Chan Robbins entertained at a delightfully informal dinner on Wednesday evening, complimentary to Mr. H. Townsend of Indianapolis, who is visiting his brother and sister, Mr. and Mrs. Felling. An artistic arrangement of place and bread, wealth occupied the center of the table, around which were seated Mr. and Mrs. Felling, Mr. and Mrs. Ostrander, Mr. Geo. Springer of Boise, and Mr. Townsend.

AUSTRALIANS PLEASED WITH IDAHO SHOWING

GOVERNMENT REPRESENTATIVES VISIT TWIN FALLS

J. W. Arthur Kelly, Special Land Settlement Commissioner of Victoria, Examines Irrigation Systems.

For a two-fold purpose, representatives of the Australian government visited the Twin Falls country this week in their tour of the western states examining the various irrigation systems. The government of Australia that country has opened for irrigation. These visitors were J. W. Arthur Kelly, special land settlement commissioner for the government of Victoria, Australia, and W. C. Poole, also a representative of that government, with residence in San Francisco.

The visitors were taken about yesterday by Alex. McPherson, former state horticultural agent and now a pioneer of the Twin Falls country. They were profuse in their praise of the system of irrigation in operation here, and collected a quantity of data to take with them on their return to Australia. They left last night to visit the irrigation projects of Utah and Colorado, after which they will visit the eastern states and return. This is the first visit of Mr. Kelly to America. He will make a tour through Canada before leaving the continent. Mr. Poole will accompany him home to arrange for the Australian exhibit at the exposition in San Francisco in 1916.

All Comment Lateral.

In contrast to the methods of conserving water for irrigation, the lateral system in Australia are constructed of cement, allowing a loss of water only through evaporation. The lands are owned by the government, as are also the irrigation systems, railways, telephone and telegraph lines, and many public utilities. The land is being sold at from \$40 to \$50 per acre, including the water right, with 60 years allowed for final payment on the land. Australian cities and agricultural districts are among the most prosperous in the world, and the government is endeavoring to populate them with the best class of business men, tradesmen, and farmers of all civilized nations. The continent today has a population of more than 4,000,000, and preparations are being made for a world record growth before the taking of the next census. Mr. McPherson states that he has to prove to come back to the land and to prove its progress. He has much to do with planning the tract and supervising the planting and caring for of thousands of fruit trees.

TO ENFORCE REGULATIONS

Dealers in Lard Must Conform to the New Law—Bullein is issued.

Owing to the uncertainty as to the disposition of stocks of lard now in the possession of jobbers and wholesalers, which do not contain the net weight required by the new law, the following regulations have been issued to dealers. In Bulletin No. 16, by James H. Wallis, state commissioner of the department of food, drug, and hotel inspection:

1. Printed stickers, giving the net weight in BLACK figures, may be used so long as such labels will adhere firmly to the containers.
2. If preferred, the lid may be embossed with raised letters giving the net weight as required by law.
3. A sticker may be used by which the net weight may be painted on the main label.
4. No rubber stamps will not be permitted because of the possibility of the printing being obliterated in the handling of the goods.
5. Any other weight on the container than the net weight is prohibited.
6. All weights must be given in pounds and ounces.
7. Thirty days will be given in which to make all stock now on hand conform to the above requirements.

EXPECT BIG INFUX TO CANADIAN LANDS

REPRESENTATIVES OF CANADIAN PACIFIC VISIT TWIN FALLS

Well Known Railroad in the Market for Settlers, and Expects to Draw Heavily From This State.

J. E. MacDonnell, of Spokane, traveling inspector, and L. W. Thrall, bill of lading, general agent of the Canadian Pacific, were visitors in the city last week, calling upon prospective settlers for western Canadian lands.

Special inducements are being offered by the Canadian Pacific to Americans to make their homes in the fast developing western Canadian provinces.

The real estate firm of Lindsey and Hoover have been made the local agents in the colonization movement.

The offer of the Canadian Pacific is the first of the kind ever made by a railway or other corporation in a land developing campaign. Lands are sold by the company on 30 year terms and money is loaned at low interest on permanent improvements.

It is claimed that more than 100,000 Americans took advantage of this offer during the year 1912. Calgary and Edmonton are the two large Canadian cities that are especially profiting by the eagerness from America.

16. Now he would keep them in prison until one of them could go and bring the youngest brother of whom they had spoken.

17. And so he put them all under guard, where they were watched as prisoners, for three days. But his heart would not allow him to keep them any longer. His heart yearned towards his father and his younger brother.

CIVIL SERVICE EXAMINATION

Applicants Desired for Rural Mail Carrier at Hanson, Idaho.

An examination will be held in this city on May 24 under the civil service commission, to fill a vacancy in the position of rural mail carrier at Hanson, and other vacancies as they may occur in this county. The usual entrance salary for rural carriers is from \$1000 to \$1600 per year.

Applicants will be admitted for examination who are between the ages of 18 and 55 years. The examination is open to all male citizens of the United States, but applicants must have their actual domicile in the territory supplied by a postoffice in the county for which the examination is announced. Full information may be secured by applying at the Twin Falls postoffice.

Cottolene

for Digestible Muffins

Muffins can never be better if made from lard and soaked with grease.

Cottolene muffins are light, dry and crisp, because Cottolene heats to a higher temperature than butter or lard, without burning, and in cooking forms a crust which shuts out the fat.

TRY THIS RECIPE FOR MUFFINS

1 1/2 tablespoons melted Cottolene
1 1/2 cups milk
1 cup sifted flour
1 egg
3 teaspoons baking powder
Add the Cottolene, sugar, egg and milk to the flour and baking powder and stir together.

Cottolene is much more economical than butter or lard.

ALFONTE CONCERT IS SPLENDID SUCCESS

EVERY NUMBER RENDERED WITH
EASE AND PRECISION

SKILL of Well Known Local Artists
Shown to Advantage in Dif-
ficult Program They
Rendered.

Without doubt the concert given by the Alfonte sisters, assisted by Balbridge's orchestra and the Apollo club, at the high school auditorium last Friday evening, was as much as predicted by the music lovers of this city as any given during this or previous seasons. The fact that there is no necessity for going out of the city for talent of the highest class was evidenced by the rendition of a program the equal of which has not been offered by out of town talent. Twin Falls musicians furnished the entire program of ten numbers.

The playing of the Misses Pauline and Viola Alfonte was highly commendable. Their exceptional technique has been rendered possible by extensive study in Europe and America, with the leading masters of the violin. In their duet, "Swing Melodica," no fuller nor more mellow tone was brought out in any other numbers of the program, while in their concerto solos their technique was most brilliantly displayed. Brahms's concerto, Ave Maria, and the Chinese dance, played by Miss Pauline Alfonte, and Viennese by Miss Viola Alfonte, especially struck appreciative chords. Some of the numbers rendered they had played in the musical academies and before royalty and the leading masters of Europe.

Good Work by Orchestra.

The numbers given by the orchestra, under the direction of Mr. Balbridge, were exceedingly well rendered. The orchestra, presenting a well balanced group of able musicians who play in perfect harmony. The two numbers, the opening march and the closing number, "Home Sweet Home the World Over," were equal to any ever given by an orchestra of outside talent in this city. As a director Mr. Balbridge displayed skill and efficiency.

Rarely, if ever, were the members of the Apollo club heard to better advantage than in this program. The Soldiers' Chorus from Faust, and Anlo Laurie were rendered with accu-

rate expression under the direction of Mr. H. Miller. As an encore the club gave "Moonlight Bay," with an incidental solo by Wilton Peck. It was one of the appreciated numbers of the evening.

The entire program was one of merit and deserving of much more support than was accorded.

MANY NEW CIRCUS FEATURES.

Belle-Foto Aggregation Promises Un-
ique Display This Year.

Every good circus is always on the alert to add to its performance features that are new, startling, and unique, and of course its Belle-Foto circuit, which comes here on Saturday, May 24, have never been behind hand in that respect.

This season, we are told that in addition to many other conventional features, the Belle-Foto people have enlarged their tent until its seating capacity is 10,000 and that not only is a three-ring affair, which of course means that it was necessary to hire a great many men performers in order to make the entertainment adequate to its surroundings.

Amongst the new features might be mentioned the famous Royal Scotch Kiltie Band from Toronto, Canada, who, it is said, have no superior as exponents of Highland dances, folk songs and Celtic music. They were employed by the Belle-Foto people at the earnest request of their many Scotch friends all over the country. The celebrated Devil Zouaves, who are the champions of all champions when it comes down to military movements, will also be seen both in the parade and during the performance, and Captain Dutch Ricardo, together with Miss Marguerite Ricardo, will exhibit in an immense steel amphitheatre a troupe of Nubian lions, mountain lions, Siberian and Bengal tigers. Perhaps one of the most thrilling acts ever offered to the public.

Added to these are the famous circus, Emil and Emma Siskney, greatest of all equestrians, Rhoda Roy's troupe of trained horses, Lucia Zora, the bravest woman in the world with her herd of marvellously trained elephants, champion high jumping horses, forty superlative clowns, Madame Lowande, with her flock of trained pigeons and doves, a really pretty and novel feature, all kinds of roller and grotesque acrobatics and last, but not least, the famous Mephistopheles spectacle. Introducing the most novel, picturesque and startling display in the way of a riding act that has ever been produced on the stage or under a big tent.

HOMER HAGLER SENT TO INDUSTRIAL SCHOOL

TWIN FALLS BOY COMMITTED ON
PETTY THEFT.

Two Other Youths are Released on
Parole During Good Behavior Court.

Following their hearings before Probate Judge Shank on charges of theft of supplies from the baseball park, Homer Hagler was ordered committed to the state reform school at St. Anthony, and Leslie Martin and Raymond Reynolds were released on parole during their good behavior. In the case of Andy Crown, whom some of the boys had implicated in the depredations, an investigation was made by the officers and he was found to have no connection with the ball park robbery and no charge was placed against him.

In paroling Martin and Reynolds, Judge Shank fixed their freedom on the condition that they were not again found guilty of delinquency during their minority, and that they refrain from frequenting pool halls and associating with gangs who show any inclination toward wrongdoing. Their remaining at home at night is one of the provisions placed on paroled boys and one of the requirements made of their parents in co-operating with the court in the prevention of juvenile delinquency.

During their time of parole, or while they are on probation, boys may be sent to the state school without trial in case they are found to be violating the conditions placed upon them. Hagler, who is an old offender in police and juvenile circles, will be taken to St. Anthony within the next few days.

SUCCESSFUL MISSION

The Rev. Fr. Smith, of New York,
Holds Catholic Church
Services.

The Rev. M. P. Smith, one of the leading missionaries of the Paulist community of New York City, has just closed a successful mission at the St. Edwards Catholic church. The attendance throughout the week was swelling.

The Rev. Fr. Smith spoke of the fundamental truths and dogmas of the Catholic religion, showing the origin of the Catholic church and tracing its history. He also spoke of the duties and practices incumbent on the faithful members of that denomination. The sermons and instructions were received with a great deal of interest.

The pastor desires to thank the congregation for their fidelity and regularity during the mission. He also desires to thank the choir whose excellent rendition added greatly to the success of the mission.

Why Mothers Prefer the Wagner

Because it is the most comfortable go-cart made—more room than the old style baby carriage. Two large springs placed at rear of seat directly under baby's spine take up absolutely all the jar—giving the seat and back a free and easy swinging motion never equalled in any other go-cart.
