

NEW ELECTRIC ROAD TAPS RICH SECTION

BUHL-HAGERMAN-WENDELL PROJECT MEETS SUPPORT

The Proposed Line Has Been Making Splendid Progress and Prospects are Excellent in Every Way

That good progress is being made on the proposed electric line between Buhl, Hagerman and Wendell is the report made by J. Stewart Clark, who is actively engaged in promoting the line.

The ranching community between the points which we propose to connect with an electric line is supporting the proposition exceedingly well.

With our line completed, connecting at Wendell with the Idaho Southern railway, 70,000 or more acres of the Idaho irrigation company's tract will be opened up.

This great area of land, with all that can be raised upon it, can be offered to capitalists to build the connecting line between the Western Pacific railway at Wells, Nevada, and Twin Falls.

Passing from Wendell to Buhl our proposed line comes in full view of the Thousand Springs, Box Canyon Falls and the highway to the south.

For State Auto Highway, it is a railway would choose this with its scenery, fine grazing country and lack of trees which do not state select the same path for its state automobile highway.

Residents along the route between Buhl and Wendell are at their own expense improving the highway, and the highway is being improved.

BIGAMY OR INSANITY

John Chabolin Faces Courts in Michigan and Twin Falls—Insanity Charged Here.

TWIN FALLS WILL BE WELL REPRESENTED

Delegates Coming Through City to be Entertained by Local Good Roads Boosters—Leave for Boise Together.

Arrangements are being completed for the reception of delegates to the International Good Roads convention of Boise next week as they pass through Twin Falls.

A welcome will be accorded the tourists as they pass over the Buhl, Hagerman and Wendell road which has just been placed in excellent condition by the residents of that section of the country.

L. M. BALLINGER DIES SUDDENLY

Falls Into Sleep and Passes Away Without Awakening.

L. M. Ballinger died at his home in this city suddenly last Sunday evening. Brief services will be held tomorrow or Saturday and the body will be taken to his former home in the east before the final funeral services are held.

NEW PASTOR GIVEN HEARTY RECEPTION

THE REV. DR. SHEPHERD QUEST AT CHURCH SOCIAL

Ministers of City Extend Welcome of Various Churches—Social Evening Enjoyed—Nebraska Capitalist Speaker.

Welcome was extended to the Rev. John F. Shepherd, D. D., the new pastor of the First Presbyterian church, and his family, by members of the church and the several ministers of the city on behalf of their respective churches last Thursday evening.

Following the social hour of the evening, words of welcome were spoken by the various ministers. Dr. Shepherd spoke of his pleasure in taking up the work in this city and repplied gratefully to the brief addresses of his brother ministers, those of the Rev. Mr. Harman for the Christian church, the Rev. W. E. Woodhill for the Methodist and the Rev. Mr. Harman for the Christian church. A short address was also

KILLED BY LIGHTNING

Bolt From Sky Brings Almost Instant Death to Mrs. A. A. Davis.

TRIBUTE PAID TO MEMORY OF HEROES

DECORATION DAY FITTINGLY OBSERVED IN TWIN FALLS

Exercise at Cemetery and School Auditorium Will Long be Remembered—Large Audience Here—Impressive Program.

Tribute to the dead and admiration for the living was accorded the heroes of the Civil War at last Thursday's ceremonies and exercises in this city. There was little pomp and display in the ceremonies, but the spirit of the day was reverently observed.

Notwithstanding the side attractions of the afternoon, a good attendance listened to the program given in the high school auditorium. Each number of the program will long be remembered. The address of the afternoon was given by Superintendent of Schools O. M. Elliott, who said a host of the army professor.

The program opened with an able reading of Lincoln's Gettysburg address, by John D. Fisher, of Nebraska, followed by local poet's accompaniment by the ladies chorus of the Conservatory of Music, Mrs. F. T. Stone's solo, "The Star Spangled Banner," "He-Only-Son"—A duet by Mrs. J. L. Daube and Wilton Peck, and a solo by Mr. Peck were greatly appreciated.

FINDS GARDEN SPOT HERE

North Carolina Cotton Grower Amazed at Result of Irrigation—May Locate Here.

## SUCCESSFUL YEAR CLOSES IN SCHOOLS

LARGE HIGH SCHOOL CLASS TO GRADUATE TONIGHT

Much Credit Due Instructors for the Record of Class of 1913—Good Prospects for the Coming Year.

The most successful year in the history of the Twin Falls public schools has closed in the high school the students have finished their course with flying colors. Tonight the largest class ever graduated from the schools on this city or southern Idaho will receive their diplomas, certifying merit to their work for the past four years.

The class of 1913 numbers 40 students, 23 young ladies and 17 young men. Three students will receive certificates for having completed the commercial course. Many of this year's class will next fall enter schools of advanced learning throughout the country to prepare for the professions and business. Others will fit the class better still actively into business, and still others will return to their homes, as the sons and daughters of pioneer farmers on the Twin Falls tract and assist in further developing the great agricultural resources of southern Idaho.

Credits to Teachers.

In the successful completion of their high school studies by the class of 1913, much credit is reflected upon the instructors who have worked with and guided these aspirants through their course. Assistance here, on encouragement there, and at all times a close acquaintance with their pupils has placed these teachers in the highest of honors. So much praise cannot be given Superintendent Elliott and Principal Jones for their efforts in making the Twin Falls schools a leader among the schools of the west. The course of study offered and successfully given in the schools of this city is unequalled.

An excellent record has been made in the grade schools of the city and the prospects for a greatly increased enrollment for the beginning of next year are exceedingly bright. Students from a distance are coming to Twin Falls to avail themselves of thorough instruction. The commencement exercises of the high school will be held in the school auditorium this evening. The address will be delivered by the Rev. Dr. J. F. Shepley, pastor of the Presbyterian church. The orchestra furnished by the school orchestra. An interesting and well attended audience is expected.

## CLASS RECEPTIONS HELD

Seniors are Guests of Juniors and Superintendent Elliott and Principal Jones.

Two of the pleasure events of the commencement season were the receptions given to the seniors last Thursday evening by the juniors, and by Superintendent Elliott and Principal Jones, Monday evening. The alumni banquet will be held tomorrow evening.

The junior-senior reception was held in Cotton Hall, and the program of the evening consisted of two parts, an entertaining program and a dance. Instrumental and vocal solos and duets, readings, and a farewell address by Carl Hoag, president of the senior class, completed the time of the first part of the evening. Music for the dance was furnished by Miss Alvord's orchestra. An interesting feature of the reception by Professor Elliott and Professor Jones was the "track meet." The members of the faculty and senior class were divided into three teams, Yale, Harvard, and Princeton. Contests in reaching, egg carrying, potato rolling, "teeddy" were carried out. Refreshments closed the jollification, which continued until a late hour.

## STRONG CLASS SERMON

The Rev. W. E. Henry Delivers Baccalaureate to High School Graduates.

One of the strongest sermons ever delivered in this city was that of the baccalaureate to the high school graduating class by the Rev. W. E. Henry, pastor of the Baptist church, last Sunday evening. The several church organizations of the city joined in this service and the capacity of the large high school auditorium was taxed. Addressing his theme "The Eternal Life, the Perfection of Man," Mr. Henry spoke earnestly and held his audience throughout his discourse. Having stated clearly the Scriptural authority for his subject he endorsed his truth with many striking illustrations from his own experience. His sermon was clear, deep and strong, and was particularly appropriate to this class of students at this stage of education. Mr. Henry was assisted by the city pastors in the exercises. Musical selections were given by Mrs. Deane, Mr. Peck, and the ladies chorists of the Conservatory of Music. These services were, perhaps, more largely attended than any similar exercises in the history of the Twin Falls schools.

LEGAL BLANKS. A full supply always on hand at The Twin Falls News office.

## FATHER STILL HAS MONEY

William Leonard Sued by Daughter for \$650—Jury Disagrees.

Owing to a jury disagreement no verdict was given in the case of Mrs. John Hokli against her father—William Leonard, in probate court Tuesday.

In the suit Mrs. Hokli was seeking to recover from her father \$650 which she claimed had been given him by herself after a settlement with a boner who shot her accidentally about two years ago. The daughter claimed that the money which she turned over to her father was used to purchase horses, and that after her marriage she became in need of the funds and that her father has refused to reimburse.

Judge Shank has started hearing claims for the "mothers' pension" fund under the law enacted by the recent legislature. Four pensions have so far been granted in the local probate court.

LOCATION NOTICES FOR NEVADA. A full supply always on hand at The Twin Falls News office.

## BEGIN WEEKLY CONCERTS

The weekly evening concerts in the city park will be resumed for the summer by the Twin Falls Band, beginning tomorrow evening. Excellent programs will be rendered each evening by this musical organization during the past few years will be maintained.

At the present time the band has a membership of more than 30, and

diligent practice has been done all through the winter and spring months. Considerable expense has been incurred in purchasing new instruments and music. A quartet of saxophones will be one of the new features of the concerts during this season. Band Director J. T. Bainbridge hopes that the music lovers of the city will appreciate the music that will be rendered at these concerts, and it is hoped that the park will be crowded each Friday evening.

The following program will be rendered tomorrow evening at the park: March, International Yanderville-Alexander. Overture, Algonquin—Shorman. Characteristic Little Coquette—H. Hans. March, The Crack Regiment—Two Thomas Cats—Smith. Selection from the Highwayman—R. DeKoven. March, La Serenata—D'Arcy Jackson. March, Semper Fidelis—Bousa.

Subscription Rates: One year in advance \$2.00 Six months in advance \$1.25

Entered as second-class matter, December 2, 1904, at the postoffice at Twin Falls, Idaho, under the Act of Congress of March 3, 1879.

Advertising rates upon application. Address all communications to The Twin Falls News. Phone for all purposes 29.

A PUBLIC GOOD THING.

Many expressions of hearty commendation have reached The News... of establishing a local weekly market in this city.

Fundamentally the principle is right; as to that there can be no question. But whether or not such a means of exchange could be successfully established here is quite another matter.

The paramount idea is to bring the producer of farm produce of all kinds into direct communication with the consumer.

In a community where the question of market looms daily larger and of more importance the idea would seem to be worth at least looking into.

A QUESTION OF TRAINING.

Many a man has raised a son, educated him and given him a start in life, to have the young man cast future and fortune to the winds through mere inability to control his temper.

Assaults and murders are rarely committed in cold blood; a large number are due to the use of drugs or liquor; but still a heavy percentage remain which are due directly to the failure of parents to teach their children the principles of self-restraint.

Self control is perhaps the greatest of human characteristics. Many a strong character is wrought by remorse.

THE BLUE SKY SLOGAN.

'Let's all pull together' howls the booster, and echo answers, sometimes not at all. The fact of the matter is, it is getting harder every day to hand out the proverbial 'boost.'

They are good enough today, and, good or bad, they are all the "boost" anybody need ever look for in the columns of this particular publication.

MORAL PROGRESS OF THE RACE.

The moral education of the world today is in the hands of the police. Societies of various kinds for the suppression of vice have lived and flourished and had their day.

Just so long as laws are placed on the statute books to be applied or disregarded as circumstances may seem to dictate, this condition will continue to obtain.

THE GOOD ROADS CONVENTION.

A point of considerable interest to Twin Falls county will be settled at the coming Good Roads convention in Boise; namely, whether the route is to be via Shoshone Falls, over the river and so on west by via this city, Bull and the magnificent Hagerman valley.

Each route is declared to have points of advantage over the other, and each is said to be in first class shape, or nearly so.

THE ROOSEVELT VERDICT.

The sum of six cents punitive damages was awarded to Colonel Roosevelt for libel. The importance of the case lies not in the size of the cash reparation but in the fact that every opportunity was given the defense to provide a basis for the rumors against the Colonel's habits, and the failure of the defense to secure a single witness able to say a word in support of the defense's contentions.

The verdict should be accepted by all open minded persons as the last word in a disgraceful episode of American politics.

SHEPHERD RELEASED UPON HEAVY BOND

CHARGED WITH 'ASSAULT WITH DEADLY WEAPON'

Sheriff's Office Makes Interesting Chase After One Who, It is Claimed, Seriously Wounded Joe Peaton.

Following arraignment and preliminary hearing on a charge of assault with deadly weapon upon Joe Peaton, N. F. Shepherd was released on \$2500 bond in Judge Shank's court Tuesday afternoon.

According to the sheriff's office, J. E. Henley and Shepherd, the proprietor, became involved in a dispute at the Pastime cafe last Thursday evening, and that Henley challenged Shepherd to fight.

Shepherd was arrested at Pocatello Monday morning while purchasing a ticket for Jean Sells, Deputy Sheriff of Ormsby, who trailed Shepherd for three days, tells the following interesting route taken by Shepherd following the outbreak.

He left the city before daylight Friday morning for Boise, where he was met by the "sambo" men from there to Milner. From Milner a livery was employed to take him to the Web and Henry ranch. He was followed to this ranch by Officer Ormsby, who learned that Shepherd took supper there Saturday evening and left a complete set of footprints.

He walked to Eden and spent the night there. A complete set of footprints for drive him Sunday morning to the main line, where he took a train to Pocatello. Trailing him as far as Ormsby, the sheriff returned to the city and visited the offices of the sheriffs all along the main line with the result of Shepherd's arrest Monday morning.

## SENATOR BURTON PLEASSED

Premier Kansas Politician Pays First Visit to the Twin Falls Country.

Among the prominent visitors to this city this week were former United States Senator J. B. Burton, of Kansas, who was the guest of I. B. Perrine and spent two or three days investigating the irrigation system used in southern Idaho. Mr. Burton is interested in irrigation projects in Arizona and was greatly pleased.

"I have never before been in this part of Idaho," said Mr. Burton, "and I see that I have missed a great deal in never visiting the great Twin Falls country until now. I don't know where I have seen such beautiful green fields and promising orchards that I did today on this tract. The country between here and the Salmon Dam is certainly fine, and I believe it will be the home of a large farming population within the next few years."

**ENJOYS TRIP HOME**  
I. B. Perrine Praises Western Pacific Railway and Equipment Proposed Line Needed.

The Western-Pacific line from San Francisco to Salt Lake afforded one of the most scenic routes in the country," said I. B. Perrine after his return from California last Saturday. He was accompanied home by Mrs. Perrine, who met her husband in Los Angeles after his eastern business trip.

"The equipment on the Western Pacific is palatial. They use the finest of dining, sleeping and observation cars and the roadbed is unsurpassed in the west. We left San Francisco on Thursday morning and reached Wells, Nevada, the next morning. If the line from Wells to Twin Falls were already built I could have saved a whole day, and when it has been built we will have an ideal route from this part of Idaho to San Francisco."

# WHY

**The Best Fence Is the Cheapest**

The difference in cost between a loosely woven fence made of brittle, poorly galvanized wire and the best fence you can possibly buy is only a few cents, at the most. In fact, it is so slight that you can't afford to consider it for a minute. When you stop to think that it takes just as many posts and just as much labor to put up a poorly-fenced as it does one that will last you two or three times as long, and when you stop to figure the cost of repairing broken-down fences—the loss to your crops from cattle breaking through, horses going over and pigs crawling under—you will agree that to buy any wire fence just because it is cheap is poor economy.

## Square Deal Fence

will outlast any other farm fence you can buy and costs no more than any other fence of equal weight and quality of material. Every rod is guaranteed by The Keystone Steel and Wire Company—the mill that makes both the fence and the steel that goes into it.

### Come In and See It

before you buy fencing. See how trim and neat it looks; how easy it handles; see the non-breakable, non-slipping Square Deal Lock. See the wavy strand wires that keep Square Deal Fence tight and trim the year around. See the one-piece stay wire that makes this fence self-supporting, non-sagging and non-buckling.

Get our latest prices on guaranteed "Square Deal" Fence. No freight to pay. No walling.

## Week in Society

Entertainments for the June brides and sweet girl graduates have combined to make the past week one of the most brilliant to date. Announcement parties and showers for the former, competing with picture-receptions and luncheons for the latter.

The class picnic given by the seniors at Shoshone falls on Saturday was one of the most enjoyable of the year, the delicious lunch spread on the banks of the Snake river near the falls being one of the happiest features of the day.

### Reception for Seniors.

The class colors of green and white and a profusion of pennants formed the decorations for the brilliant reception given by Superintendent and Mrs. Elliott and Principal and Mrs. James at Jewell High, to the graduating class of this high school on Monday evening. In the receiving line with the hosts were Miss Edith Elliott and Mr. Dana Elliott, who also were present at the reception. During the evening, which consisted of a "Triangular Track Meet" by Yale, Harvard and Princeton, each member being assigned to one of the three colleges, and each college being allowed to enter one contestant in each of the seven events, which consisted of a gossiping race, long reach, high jump, etc.

Great enthusiasm was displayed during the "meet" and the cheering and waving of pennants and various colors. Harvard secured the largest number of points and was awarded the coveted cup (made of chocolate).

Miss Elliott presided at the punch bowl during the evening, and delicious refreshments were served at the close of the entertainment.

### Reception for New Pastor.

Some three hundred people attended the reception tendered to Rev. J. F. Shepherd, the new pastor of the Presbyterian church, and his family by the members of the congregation on Thursday evening. The interior of the church were prettily decorated with purple and white iris and bridal wreath. The Christian Endeavor Society of the church having charge of this part of the work. The receiving line consisted of Dr. and Mrs. Shepherd, the Misses Hildebrand and Mrs. Anderson, welcomed the guests here, who were met at the door by members of the "King's Daughters." Refreshments were served by Mrs. J. W. Eppler assisted by representative members of the congregation, presided in the dining room, where dainty refreshments were served.

### Dr. Anderson gave a very pleasing address of welcome, which was followed by short speeches by Rev. W. B. Woodhull, Rev. W. E. Henry, and Rev. Hartman. The Hon. J. N. Dooly of Kansas also gave a short address, and a feeling response to the hearty welcome accorded him was given by Dr. Shepherd. Music for the evening was furnished by the Apollo Club, Mrs. F. B. Bell, and by H. H. McManister, who rendered two delightful solos.

### Juniors entertain the Graduates.

The annual reception given by the Juniors to the graduating class was held at Goshute hall last Friday evening. Cottillon hall had seldom looked prettier than it did for this occasion. The senior colors of yellow and white being effectively carried out with crepe paper, cut flowers and foral.

A splendid program was given early in the evening, consisting of an address by the graduating by Carl Hoag, junior, president; vocal solo by Leah Woods; instrumental duet, Edith Hansen and Alice Terrell; recitation, Alice Sanderson; vocal duet, Miss Liberty and Miss Woods; address by Harry Nussgrave, president of the Juniors class. The evening was a pleasant one was spent in dancing.

### Engagement Announced.

The engagement of Miss Anna Anderson to Clarence Allen was announced last Tuesday evening at a party given by Miss Myrtle Anderson to about thirty-five friends and her sister. The wedding will take place the latter part of this month.

### Picnic at Salmon Dam.

Mr. and Mrs. Maclear chartered a jolly auto party to the Salmon dam last Friday. Besides Mr. and Mrs. Maclear the party consisted of Mr. and Mrs. Shotwell, Martin, Jean McMillan, Jessie McMillan, Dorothy, and Broese Mr. Young and Mr. W. L. Hinds.

### "Poverty Party."

The members of the Fortnightly club closed a year of serious work and study with an evening of merriment which took the form of a "poverty party."

### SENATOR TAKES BRIDE

James H. Brady and Miss Irene Moore Are Quietly Married in Chicago.

United States Senator Brady, of Connecticut, and Miss Irene Moore, of Chicago, were married in the Windy City last Saturday evening. The ceremony was a quiet one and was performed in the Highland Park Presbyterian church.

Official and society circles of Wash.ington, D. C., and Idaho have been set in motion, as the plans for the wedding were kept from public knowledge. After the ceremony the bride couple left for Washington, where they will be at home at 1700 Rhode Island avenue, northwest, after June 15.

The bride was a teacher in the Holston school a number of years ago, and it was in that city that she became acquainted with Senator Brady. Mr. and Mrs. Brady will perhaps not be able to visit their Idaho home until the close of the special session of Congress, the latter part of the summer or early fall.

### EDEN MAN MARRIED.

Earl Kennedy Claims Nebraska Girl as Bride.

Earl Kennedy, of Eden, and Miss Helen E. Coleman, a daughter of Mr. and Mrs. J. F. Coleman, of York, Nebraska, were married May 27 at the home of the bride's parents. A double ceremony was performed, a sister of the bride being married at this time. The Rev. W. E. Sebell, president of York College, officiated. Mr. and Mrs. Kennedy will make their home on the ranch owned by the groom near Eden. Mr. Kennedy is well known on the north and south side trails.

## BARGAIN SALES OF REAL ESTATE

We want to close out some of our holdings in this county, and offer for sale:

A 600 acre tract, out from Buhl, under the Twin Falls South Side canal system; good land, rolling; for fruit there is nothing better in the county; just the thing for a grain, grass, or stock ranch on a large scale; part cleared and plowed, ready for crop.

An 80 acre improved farm in the Buhl country; some orchard and grass; on telephone and R. F. D. route.

Three separate pieces between Twin Falls and the Snake river; two of them only a mile and a half from the city and near the Electric car line now about completed; under cultivation; just right distance for small fruit tracts; will sell, if desired, in ten or twenty acre parcels. The other has ten acres of orchard beginning to bear, the finest forty anywhere; the car line runs past this; one mile south of Shoshone falls.

Some good residence property and vacant lots in Twin Falls, including one six room modern house, with barn, only three blocks from postoffice.

These are Our Own Properties and Prices are Bed-Rock.  
Fair Terms Will Be Made For Deferred Payments.

**FINEST SPECIMENS TAKEN FROM FLAKE**

**FREE GOLD APPEARS IN LARGE QUANTITIES**

Period of hysteria passed in Camp Good Strikes Are Taken as a Matter of Course

What are doublets, Nevada, May 30. The many fine specimens that have come out of the Flaxie mine were brought by E. T. Midcaul. The gold is visible not only in tiny specks distributed here and there through the rock, but there are also places that resemble patches of moss in the character of formation. In any other camp the writer has known of, the ore seems to be of the same type. The Flaxie generally would create a sensation, but in Idaho they scarcely give a thought to it. This is not because the people here are unimpressive, or that they do not appreciate the magnitude of the Flaxie development, but the camp has had the period of hysteria and excitement, with exaggerated ideas of values, and the reaction has taken its course. Not even the semblance of "hot air" is now wanted. The mine in the Flaxie has been carefully timbered and now the feet are on the tunnel level. A drift along the high-grade shoot will be started at once and, after running a few feet to the hanging wall, and also cut through the high-grade shoot to the footwall.

Good Alpha Report  
About a half mile south of the Flaxie, across Bourne gulch, is the four claims of the Alpha group, which were staked some few months ago by Horace Palmer, son of the late Peter Palmer, of Chicago. On this group one shaft has been sunk to a depth of 200 feet, and has developed good milling grade all the way. A tunnel has also been run on the same vein for 350 feet and it taps the shaft at the 200-foot level. The average width of the vein is 3 feet. Ad Rickard, one of the best prospectors in the business, found the ore in the Alpha vein. He has a contract for a half interest in the property if he should uncover a body of ore in place of 200 tons, but would average only \$15 per ton. When he opened up the vein the owners' assays across 14 inches varied from \$32.25, secured by the tunnel, to \$127, secured by the shaft.

For some little time John A. Jones, who is known as "Big Boy," has been making a considerable amount for the creditors' claims against the North-Star Mining company, owner of the Bourne group, which by the original strike of the Idaho was made. It is conceded to be a good property, but as unfortunately is too often the case, it is being run with capital that is not adapted for treating this particular ore. With much of the value going in the tailings or down the shaft, the inevitable result is that a definite offer for his claim from Goodie, Idaho, and it would appear that either he or the Palmer family after the property. If the latter secures the Bourne, it is believed he will work it in connection with the Alpha.

Progress on Bluster  
The force at the Bluster mine has been engaged this week in getting out the ore from the tunnel. The boring and cleaning up has been done in the mine, the work of further exploration and development will proceed in the near future, consisting principally of heavy owners of Bluster stock. They are men who are used to money but they are not afraid of physical labor. They are saving an ax or hammer and drill with the same gang fold with which they write a check when the money is in their hands. The contract tunnel on the Mahogany group, owned by B. D. Holcomb and associates, of Tacoma, Washington, is now in the last stages of completion. It is expected to cut the vein most any day. The Mahogany group is just above town, on the west side of the river, and has a big vein cropping for 800 feet in length on the surface. The tunnel will gain a depth of 250 feet below where the vein crops.

Heavy Work at Bluster  
Frank Middleton and Dave Hammond are daily at the Legitimate mining progress. The present contract calls for running the tunnel about 175 feet to tap the vein under the ore shoot exposed in the mine, which averages \$33 per ton across 4 feet. Almost as soon as solid formation was struck a stringer of red oxidized iron quartz, which pans free gold, was picked up. This stringer runs with the tunnel and is doubtless from the main vein.

Col. Chas. E. Hayden, of the Enterprise tunnel, has sent word that he is in camp again the last of the week. He has made a contract with Jones, the freighter of Twin Falls, to bring in the three-drill Loring, complete, recently manufactured. The outfit will weigh thirty tons and will be marked to arrive within a week or ten days.

Work on both tunnels at the Buckeye is being prosecuted with a small force. In the upper tunnel the ore is visible from the face of the tunnel, although no assays have been made recently. It is evident that it is of a very good grade. The tunnel is about 175 feet to tap the vein of the downward extension of the vein, and small stringers are now showing in the face.

A Good Investment  
W. D. McGill, a well known merchant of Twin Falls, has a stock of Chamberlain's Colic, Cholera and Diarrhoea Remedy worth more to him than the cost of his entire stock of other goods. For sale by all druggists.

**OREGON TRAIL HAS STATE ROAD CALL**

**ATTRACTIONS OF MOST ROUTE UNSURPASSED IN THE WEST**

"Switzerland of America" is Opinion of Auto-Tourists—Good Roads Worker Tells of Scenic Route

"Doubt Hagerman and Wendell will be built, and it will be a better auto route in the state for the tourist delegates to the good roads convention at Boise," said H. A. Stroud, chairman of the Hagerman-Oregon-Twin Falls association, while in the city Tuesday. Speaking of the route of the proposed road, which it is proposed to convert into the new state highway, Mr. Stroud said:

"In traveling west from Twin Falls to Boise there is a better road than any other in the state, and at the same time has the opportunity to travel one of the most wonderful and interesting sections of country in America by taking the Twin Falls, Filer, Buhl, Owsley Ferry, Hagerman-Bliss route.

Switzerland of America.

"Leaving the city of Twin Falls and taking in Filer and Buhl, you cover the most beautiful and well developed irrigated district in the world, traveling for miles over good roads, bordered on both sides with immense orchards, hay and alfalfa fields, and a rolling hill country that in the road covers, taking in the slight inclines and declines that is the delight of the autoist. The route through Rapid-on-the-Bank-River, from there on you are in the Switzerland of America, through Warm Springs, Banbury Springs, Box Canyon, Blind Canyon, Riverside-Ferry and Inn, which has many attractions, including hunting and excellent fishing. A little farther on, crossing the Salmon River, a splendid view is to be had of Sand Springs, an immense stream of water pouring over from the bench land and taking a perpendicular fall of 340 feet. Next in line of view are the beautiful Snow Bank Springs, Thousand Springs, Blot Falls, Bird-al Vell Falls, Riley Creek Falls, where you come to Owsley's Ferry and Upper Salmon Falls in the Snake river, where the most gigantic electric plant in the west is now being constructed. Crossing the Snake river at Owsley's Ferry or reaching the north you are in the Hagerman valley proper, and from this side you see Buckero and Blotki Rapids.

"In covering the Hagerman Valley you travel over good roads, which to a great extent are lined with shade trees, and cross hundreds of small streams of clear, sparkling water abounding with the spotted beauties. These cool streams keep down the temperature and purify the air, making it a pleasure trip into the town of Hagerman where, in a short time, a modern, up-to-date hotel will be completed. The Hagerman valley gives the tourist the best accommodations and every convenience, including rest rooms with baths, hot and cold water, and a complete dining good service, the hotel will be a new departure in hotel life, as the building will be heated, lighted and the cooking done by electricity.

Other Attractions.  
"After leaving Hagerman you have several more miles to travel before reaching Bliss, over a good road with lots of shade and running water, which add to the pleasure you experience in seeing more interesting scenery, including Fallings Creek Falls, Lower Salmon Falls, Malad Canon Falls, King Hill Siphon and Bridge, Bowman Creek, Bliss Springs and other beautiful views. You have but a short run to make Bliss, on the Oregon Short Line railroad. By taking this short line you shorten the run to Boise by 10 miles, have free transportation at Owsley's Ferry, good automobile road all the way, no rocks, no sand."

**MEMBERSHIP INCREASED**

New Idaho-Oregon Fruit Association Gains Strength in Local District Organization

Additional members for the Idaho-Oregon Fruit Growers' association were obtained at a meeting of the Twin Falls County growers held in the Commercial club rooms last Saturday afternoon. The membership in the new, inter-state organization is constantly growing and before long it is expected that the Twin Falls local will be one of the largest in the association.

Present Harder and W. B. Starr, director of the local organization, at this week attending the annual meeting of the sub-central organization, which is being held in Payette. On their return the work of the new organization will be taken up and actively carried out.

For the present at least the marketing of the smaller fruits will be done entirely through the endeavor of the local organization. The larger fruits, apples and pears, will be marketed through the Idaho-Oregon association.

\$100 Reward, \$100  
The readers of this paper will be interested to know that a case of the dread disease that has been held in check by the California Cures is the only positive cure now known to the medical profession. It is a scientific fact that this disease requires a constitutional treatment, and the California Cures is the only remedy that acts directly upon the blood and the system, thereby destroying the foundation of the disease. It is a scientific fact that the building up the constitution and assisting nature in its own efforts to cure the disease is the only way to cure it. **NORTH SIDE NOW COMING TO FRONT**

**DAIRYING-AND-STOCK RAISING MAKE GOOD SHOWING**

E. Q. Reed Tells of Conditions North of River—Farmers Organize to Market Cream on a Large Scale

"The North Side is coming to the front," said E. Q. Reed, a leading business man of Jerome, while in the city Tuesday. "The statement is made over the country generally that business conditions are quiet. In our part of the country generally, it is busy and has little time to think of such things. There is more money in circulation than is realized."

Mr. Reed reports that during the last 18 months more than \$30,000 has been spent in purchasing and bringing to the North Side the finest of dairy cattle in the east, and that \$100,000 of this amount has been expended during the past two weeks. The value of southern Idaho as a stock and dairy country, based directly on its abundant hay crops, is being realized, and a practical working of the country along that line is being done.

Dairymen Organize.  
The farmers have organized the North Side Dairymen's Association," said Mr. Reed, "and it is operated in a manner similar to your fruit growers' association. Our cream is shipped to Twin Falls, Portland, Butte, Salt Lake and the coast, in fact to all of the markets. We are getting the best prices for our cream. Our farmers are going into the dairy and stock fattening business extensively, and there have not appeared no indications that it can be overdone. They have made the right start."

With water troubles practically settled and the conditions of the market generally, Mr. Reed believes that the outlook for the future is most promising.

**GIVE CONCERT IN JEROME**

Local Musicians Pledge North Side Audiences Miss Alfonso's Pleasure to Give Recital

A classical concert was given by the Misses Pauline and Viola Alfonso and Professor L. D. Spooner, all of this city, in Jerome last Friday evening. They were assisted by Jerome talent. Mr. Spooner gave vocal selections.

The concert was well attended and the high-class program was greatly appreciated by the north side music lovers. The program consisted of music for piano, folk melodies and productions of the greatest composers. A recital will be given by the pupils of Miss Pauline Alfonso, which will take place in the high school auditorium next Monday evening, June 9. Much advancement has been made in this department of the conservatory of music and it is hoped a large attendance will hear the recital. There will be no admission.

**CROQUETTES**

Sweet and Nutritious With Cottolene to take Out the Indigestion!

Croquettes are likely to be greasy—if made with lard. Cottolene croquettes are never greasy. Cottolene heats to about 100 degrees higher than butter or lard, without burning, and forms a crisp crust which prevents the absorption of fat.

**Cottolene**

is more healthful and economical than lard. It costs no more than lard. You use one-third less of Cottolene than of either butter or lard.

The use of Cottolene is indispensable to good cooking, good health and true economy. TRY THIS RECIPE.

CROQUETTES  
Chop fine any kind of cooked meat or fish. Moisten light meats with thick sauce, equal amount, and add meats with tomato or brown sauce made quite thick. Season with salt and pepper and onion juice if liked. When very cold, shape mixture into balls or cones roll first in sifted bread crumbs, then beaten egg diluted with one tablespoon milk, then crumb again. Fry one minute in deep fat. Drain on paper, and be sure the fat is hot for each fry. Serve plain or with sauce like that in the mixture, only thinner.

Made only by THE N. K. FAIRBANK COMPANY

**O.S.L.**

**WHEN YOU TRAVEL EAST**

Don't buy your ticket via a broken route—part one system part another. Tell the Ticket Agent you want to go "through via the Overland Route as far as it goes."

Ask your Oregon Short Line agent about reduced fares at various times during the year.

TWIN FALLS MAN'S LUCKY FIND Will interest Readers of The News—Those having the misfortune to suffer from headache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement made by a Twin Falls man.

William Beard, contractor and farmer, Twin Falls, Idaho, says: "I suffered a great deal from kidney complaint brought on by a cold. Whenever I strained my back, my kidneys began to ache badly and the secretions were very unnatural. I had all the pains and aches that go with kidney complaint. I never found more than slight relief until I began using Doan's Kidney Pills. They did wonders for me, clearing the kidney secretions and driving away every symptom of kidney trouble. I used Doan's Kidney Pills freely, until I felt certain that they had permanently cured me. I feel better than I have since using Doan's Kidney Pills, when I publicly recommended them in June, 1908."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Advertisement.

TO THE PEOPLE OF TWIN FALLS. We wish to again call your attention to the fact that we are sole agents in this city for Meritt-Pho Remedy. Our success with this remedy has far exceeded our most sanguine expectations. Therefore, we are pleased to recommend and guarantee every package of Meritt-Pho Remedy. Majestic Pharmacy.

PROOF. Marie—Aro they in love? Marie—They must be; she listens to him describe a ball game and he listens to her describe a gown.—New York Telegraph.

Surprising Cure of Stomach Trouble. When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. O. Stangle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I eat upset terribly. One of Chamberlain's Advertising Booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three courses of a package of them and can now almost eat anything I want. For sale by all dealers.—Advertisement.

### CLASS PLAY ENJOYED

Large Audience on Hand to Witness Production of "For Old Time" Wednesday Evening.

The play given last night by the Senior class of Twin Falls high school was one of the best amateur productions ever attempted in this vicinity. The play was "For Old Time." As the name indicates, it was a Yale play, a story centering about the big annual Harvard-Yale track meet.

The play was produced under the direction of Mrs. F. T. Kenoyer. One of the largest crowds ever gathered in the auditorium was present. Over 700 saw the play and all went away satisfied.

The big new curtain, the memorial of the Class of '13, was presented by Carl Hoag, the senior president. The curtain is the finest in southern Idaho. It is made of green velvet and can either be rolled back on a track or draped.

The big banquet, which was originally made by the class of 1911 to be the property of each senior class, was presented by Ward Husted, Harry Musgrave, president of the class of 1914, accepted it.

Scott Williamson, captain of the senior track team, presided the school with the silver loving cup which his team won in the interclass meet.

This play was given as the second part of the program. The stage settings all throughout were rich and complete. The action went off without a hitch, every member of the cast being well fitted for his or her part.

### NEW BURLEY BANK BUILDING.

R. E. Morse reports the new Bank of Commerce building at Burley is progressing rapidly. Mr. Morse drew the plans and R. E. Bohler of this city has the construction contract.

### OFFICES MOVED.

Dr. W. E. Aaron has moved his dental offices to rooms 17 and 19 in the First National Bank building. Dr. Aaron is adding new equipment to his offices.

### TAKE TWO IN THREE

Magicians Bend the Pocatello Indians Home With Only One Victory, on the Diamond.

Two out of the three game series between the Pocatello Indians and the Twin Falls Magicians were taken by the locals last week. The first game, played on Memorial Day, was taken by the visitors, the second and third coming to the home team in easy style.

In the first game the Magicians had the game bottled up for five innings with a score of 0 to 0. In the sixth inning the home team weakened and the visitors started their scoring, making the final tally 7 to 5. Bursing failed to pitch old time ball in this game, but redeemed himself in the third and final match.

Until the sixth inning of Saturday's game the fans could not dope out the result. Beginning with the seventh, both teams ran the bases in easier form, and the final score showed 5 to 4. Hoych, new twirler for Twin Falls, made a good showing in this game and will likely be seen in future games during this season.

Bursing, the master of the situation in Sunday's game, occasional errors by both teams were overlooked in the snappy playing made and the score of 8 to 6 gave a clear title over the visitors. The Mountain Home team will be taken on next Saturday and Sunday.

### ACTIVITY IN JARBIDGE.

Mrs. Wolfe Tells of Conditions in Nevada Mining Camp.

Mrs. W. B. Wolfe and her daughter, Miss Britton Wolfe of Jarbidge, arrived in the city this week and will visit for some time with Mrs. Mallory. Mrs. Wolfe says there is quite a little activity in the Jarbidge country at present and that an air of optimism pervades the entire community. The Jarbidge people realize that they have good properties and that some day the camp will come into its own, but for the present no effort is being made to force things.

### PRETTY JUNE WEDDING

E. Wright Davis and Miss Mary Halston Have Knot Tied—Leave for Los Angeles.

At the attractive home of the parents of the bride, Miss Anna Mary Halston, daughter of Dr. and Mrs. W. C. Halston, Sixth avenue east, and E. Wright Davis, son of Mrs. and Mrs. George H. Davis, both of this city, were married last evening at 8:30 o'clock. The ring ceremony was used with the Rev. Dr. Anderson officiating.

Immediately following the ceremony a four-course wedding supper was served. The bride's table was decorated with smilax and covers were laid for 10 guests. The color scheme of the wedding was green and white, and the home was beautifully trimmed with palms, locust blossoms, carnations and smilax. Mendocino's wedding march and other selections were rendered by Mrs. Brock, violinist, and Mrs. E. C. Carlson, pianist. Mrs. Carlson played during the ceremony.

During the ceremony the couple stood beneath an arch of smilax. The pillars were trimmed in the color scheme with a background of palms. The bride wore a gown of white crepe meteor and carried a shower bouquet of white roses. Those of the immediate families present were Mr. and Mrs. Halston and Miss Sarah Halston, sister of the bride, and Mrs. Davis, mother, and Miss Mary Davis, sister of the groom.

Mr. and Mrs. Davis left this morning for Los Angeles, where the groom will be associated with his father as a contractor and builder. The wedding trip will include a sea voyage from San Francisco to Los Angeles.

### Cause of Stomach Troubles.

Sedentary habits, lack of outdoor exercise, insufficient mastication of food, constipation, a scruffy liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.—Advertisement.

Electric ranges are being ordered by the car load. See the Great Electric company's ad.—Advertisement.

### SOUTHERN VISITORS HERE

Prescott, Arizona, Men Study Irrigation Systems Used in Southern Idaho.

M. A. Fraser, secretary of the Chamber of Commerce, and J. A. Hope, a leading merchant, both of Prescott, Arizona, have been visiting the tract for the past few days and have paid special attention to the system of irrigation used on this tract and surrounding project as a comparison with the systems now being installed in parts of their state.

Mr. Fraser and Mr. Hope were among a large number of guests of E. B. Ferrino in a special trip to Hollister and Salmon dam in the new electric cars Tuesday afternoon. The trip to Hollister was made in less than 30 minutes, and the return run was made in equally good time. Mr. Ferrino has promised to visit the Arizona projects in the near future as the guest of the Prescott representatives.

### KENNETH HANDLEY DIES.

Pneumonia Causes Death of Twin Falls Boy After Brief Illness.

Kenneth Handley, son of Mr. and Mrs. Thomas Handley, died last Friday after a brief illness due to pneumonia. The funeral services were held from the home last Sunday afternoon, with the Rev. Dr. Shephard officiating. Interment was in the Twin Falls cemetery.

### Card of Thanks.

We wish to thank our many friends for their kindness during the last illness and death of our son.

THOMAS HANDLEY—A FAMILY.

### LOBE DAUGHTER.

Ada Perry, the five year old daughter of Mr. and Mrs. Edgar Wilson died last Thursday after a two weeks illness. The funeral services were held Friday afternoon from the Latter Day Saints church, with interment in the Twin Falls cemetery.

### LOCATION NOTICES FOR NEVADA.

A full supply always on hand at the Twin Falls News office.

### REBEKAHS TO MEET

District Meeting Will Be Held in the Odd Fellows Hall, Wednesday, June 11.

An elaborate program has been arranged for the district meeting of the Rebekah lodges that will be held in this city next Wednesday, June 11. The meeting will be held in the Odd Fellows hall and a large number of out of town lodge visitors are expected to attend. Aided from the reports of the various lodges in this district, addresses will be made by a number of the district and state officers. Musical numbers will have a prominent place on the program and degree work will be put on at the evening session. District officers will also be elected for the coming year. Interesting papers will be read upon the history, growth and future of the Rebekah lodges.

### GOOD REPORT GIVEN.

Crops Doing Nicely in the Shoshone Basin Project.

At a meeting of the share holders of the Twin Falls-Shoshone Basin Canal company, held in the office of Mr. "Long" last Tuesday, W. H. Long was elected president, F. L. Diffendaffer vice-president, and F. E. Hillcox secretary and treasurer. Reports from the Shoshone Basin are that the canals are running full of water and that the crop conditions are most promising.

### NEW PASTOR GIVEN RECEPTION

(Continued from Page 1.)

made by the Hon. J. N. Dooley of Kansas, one of the visiting eastern bankers in the city last week. Musical selections were given by Mrs. F. E. Bell, H. H. McManister, and the Apollo club. The exercises of the evening were under the direction of H. E. Miller. Refreshments were served during the evening. Estimated in Toledo.

The Toledo correspondent of the Herald and Tribune has the following to say of Dr. Shephard's leaving that city: "Dr. John F. Shephard, D. D., has departed for his new field of labor at Twin Falls, Idaho. A farewell reception was given him and his family by the Third church before their departure. Dr. Shephard will be greatly missed, not only by the members of the Third church, but by all the Christian forces of the city of Toledo, and by the presbytery of which he was a most live and useful member. He has been the leading spirit in some of the greatest movements here in recent years to deepen the spirituality of the church, further evangelism and establish civic righteousness. The place he has left vacant will be very hard to fill. The presbytery, in dissolving the pastoral relation between him and the Third church, placed on record a series of resolutions, noting the good work done by Dr. Shephard and expressing its regret at his departure."
