they followed, but however maid and best man, Mrs. Emma Kimball and Harry Wyatt, sister and cousin of the bride.

The young bride was a picture of girlish loveliness in a charming gown of white muslin with an over-drapery of white marquisette. She wore a wreath of orange blossoms in her hair and carried a shower bouquet of white roses. The bridesmaid wore a dainty gown of white lace over pink muslin, with white roses in her hair.

Only the immediate family and relatives of the bride and groom and Mrs. Woodhill, were present at the ceremony, at the conclusion of which a delicious wedding breakfast was served in the dining room, which was decorated with pink roses and pink and white carnations. The bride's cake occupied the center of the table and from it festoons of white ribbon fell and extended to each place, ending in lovely knots, to which the place cards were fastened.

In the evening from seven until ten the bride's parents held a reception for a large number of friends of the young couple, who called to extend congratulations and best wishes to the happy bride and groom.

The bride, who was formerly a Colangelo girl, came to Twin Falls when she occupied a position in the court house as assistant to former Assessor Starford. Later she accepted a position in the office of Dr. J. D. Hovey, where she remained until a short time before the wedding.

Mr. and Mrs. Jack left this morning for their new home in Blackfoot, where Mr. Jack has furnished a pretty bungalow. Mr. Jack, who realized the importance of education, about three months ago, has accepted the position of bookkeeper with the sugar factory at Blackfoot.

Happy Birthday Party.

A dozen of the young friends of Master Joseph Weaver, the youngest son of Mr. and Mrs. J. H. Weaver, were invited to help celebrate his seventh birthday at his home last Wednesday afternoon. At the close of the afternoon which was spent in playing all sorts of games which appealed to boys' fancies, Mr. Weaver served the happy youngsters with a delicious luncheon, for which they were seated at a long table having as a centerpiece a gorgeous frosted birthday cake decorated with cream candies.

Catholic Ladies Entertained.

Mrs. James McGovern, Mrs. Abner Smith and Mrs. J. H. Weaver, entertained the ladies of the Catholic church at tea on Thursday afternoon at last week at the home of Mrs. McGovern, which was prettily decorated for the occasion.

Informal Luncheon.

An effective arrangement of red roses formed the attractive centerpiece for the table at the informal luncheon given by Mrs. Morgan Hoop on Wednesday compellingly Mrs. Fred Gooding and Mrs. Novinger, of Shoshone, and Mrs. Stone and Miss Griffin, of Basalt. Besides the guests of honor places were arranged for Mrs. Dodd, Mrs. Starr, Mrs. Greenhow, Mrs. E. B. Williams, and Miss Williams.

Mrs. Prieb's Entertains Guild.

Mrs. W. B. Prieb entertained the members of the Ladies' Aid Society of the Holy Trinity church at tea last Thursday afternoon, at her home on Third avenue. A pretty arrangement of snowballs decorated the room and tea table.

For Bride and Groom.

On Saturday evening the members of the Kimberly Road Circle entertained Mr. and Mrs. Vreigdenh, who were married last Monday, at their home on Third avenue. The room were tastefully decorated with luscious blossoms and a large number of the friends of the young couple were present.

Royal Neighbors Tea.

A tea was given by the B. N. of A. at the home of Mrs. I. B. Nelson, on Wednesday afternoon, in honor of Mrs. Joe King and her daughter Estel, who have Thursday morning for their new home in Bole. The home was beautifully decorated in the Camp color, purple and white, with a profusion of roses. Mrs. King and daughter were each presented with a spoon emblematic of the order. Mrs. John McHenry, Harold Reed and Mrs. A. W. Husted assisted Mrs. Nelson in waiting.

White Horseback Riding.

LET THERE BE LIGHT.

PRIOR to a very few years ago it was considered to be in bad taste to refer to certain ailments to which flesh is heir, other than as "unmentionable diseases."

It is a sad commentary on the progress of the race that within the last decade or two there has been no noticeable falling off in the number of cases of these disgraceful diseases.

Since every other known agency has been exhausted, it is not a good thing to let the light of common sense into the situation, regard such afflictions as health evils which must be stamped out, and by teaching a thorough knowledge of their causes and effects, safeguard the rising generation against similar errors?

There has never been anything gained by ignoring a fact or a situation. By concealing an unpleasant truth an air of mystery is created which, in itself, constitutes an incentive rather than a deterrent.

THE INSIDIOUS LOBBY.

FROM time immemorial it has been the prerogative of the President of the United States to influence legislation in any manner which lay within his power.

But the constitution of the United States imparts no such rights. It does not in so many words prohibit the practice of lobbying on the part of the president, but it fixes his status so as to make it certain that this very practice was not entirely unforeseen by the Fathers.

Yet the right of petition, acknowledged by the highest court in the land, goes straight to this very point: "The right of petition makes possible and proper the writing of letters to senators and representatives on subjects of importance to various interests, by their constituents. It gives any man (except the President) leave to influence legislation in any manner in his power, where a legitimate interest in the matter can be shown."

Only the President is barred from the practice, and from recent disclosures his is about the most flagrant case anyway.

FLAG DAY.

Too much cannot be said in commendation of the idea which resulted in the annual setting aside of the fourteenth of June in commemoration of the flag-of-our country.

the day of supreme importance, but rather to the younger people. Adult men and women today need little reminder of the all for which the Stars and Stripes stands.

But the rising generation has need of Flag Day. Many were not yet born when the last war was in progress and with the chances all against another bloody conflict, at any rate in the near future, there is need of a definite program which shall teach the young the love and veneration to which the flag is entitled.

INTERESTING FIGURES.

SOME interesting figures have recently been compiled tending to show the steady trend of American emigration towards the north.

For the ten months ending February first of this year one million three hundred forty-five thousand foreigners arrived in Canada.

WHERE IS THE BENEFIT?

NOTWITHSTANDING the change which has been gradually wrought into prison life during the past few years, it is a question if any noticeable decrease in the number of inmates has taken place as a result.

Of course the latter is the humanitarian point of view. But has any real benefit accrued, either to society or the criminal?

NO MONEY SHORTAGE HERE.

SOMETHING over one hundred and fifty thousand dollars has been spent for automobiles in Twin Falls county so far this year.

This is more readily understood when viewed in the light of the fact that in the country as a whole the value of works of art alone imported so far in nineteen thirteen reaches the sum of fifty million dollars.

THE COST OF SPEED.

A CORRESPONDENT in this issue of THE NEWS, takes occasion to call attention to the menace to life and limb of motorcycles and automobiles in the hands of reckless drivers.

More than one complaint has been received at THE NEWS office and in a majority of cases there is excellent ground.

THE WIDOW'S PENSION LAW.

THE widow's pension law in Idaho is rapidly becoming a very important piece of legislation. There have already been several applications filed in the Probate Court of the county and as the measure becomes better understood there will undoubtedly be more.

Rain is the greatest thing in the world for crops, and dry weather is one of the surest of all cures for rheumatism.

A well kept cemetery is not the least important of a city's bids for approval.

Political Comment, News, and Gossip of the Capital

Washington, D. C., June 10.—For the first time in the history of the government the national senate is being investigated by itself.

The so-called investigation is being conducted in an efficient and it appears to be the general belief that the business interests which are likely to be injured by the proposed legislation will be notified of the same.

SPEEDING.

There seems to be quite a few auto owners and motorcycleists who have a disregard for speed laws within the city limits, especially on the streets and avenues leading out of the city.

TWIN FALLS TAKES TWO MORE GAMES

MOUNTAIN HOME EATS DUST ON LOCAL GROUNDS

Good Game Monday, Makes Up For Sunday's Loose Match—Burling and Hunch, Twirlers, Deliver the Goods.

Twin Falls bagged both games with Mountain Home last Sunday and Monday at the local grounds. Saturday's game, resulting in a score of 9 to 1 was uninteresting and slow as compared with Monday's speedy game, ending with a score of 5 to 2. The second game was one of the best seen so far this season on the local diamond.

Poor pitching, 13 errors and failure to hit the ball accounts for the poor showing made by the visitors in the opening game. Burling, for the home team, blanked 18 big ones with little effort. Faulkner, Chapin and Horro performed the best stick work for the locals, while Grayson, or the visitors, made the only hit of the game.

Close Game.

Honors were almost evenly divided in the second game. Six runs, five hits and four errors were scored by the home team, while five runs, five hits and five errors were placed against the visitors. Both teams played snappy ball and supported their twirlers well. For the visitors Galloway pitched a good game, securing 10 strikeouts, and Hunch, a new twirler for the locals, again made good with a victory, striking out 11 men and having the game well in hand at all times.

CRACK TEAM COMING

Alta Martins, of Boise, Will Play Three Games With the Magicians.

The baseball attractions for next Sunday, Monday and Tuesday is one of the best that has been scheduled by the local ball club this season. These games will be furnished by the "Alta Martins" of Boise, champions of the Twilight league of the capital city. Its ranking far exceeds that of any team that has played on the local grounds so far this year.

Joe Vining, leading pitcher for the Martins, is cracked to be the equal of any twirler in the northwest and the team has defeated the Boise team of the Twilight league in several games this season. Local fans are asked to turn out and help the home team bag these three games.

DISTRICT MEETING OF REBEKAHS HELD

MANY DELEGATES MEET IN CITY YESTERDAY.

Splendid Program Carried Out at Odd Fellows Hall—Local Members Chosen Among Newly Elected Officers.

A successful convention of the district Rebekah lodges was held in the city yesterday, the meeting place being in the Odd Fellows hall. A large number of out-of-town lodge members were present and the program proved most interesting and beneficial one. The address of welcome was made by the retiring chairman of the district organization, Mrs. F. D. Struna, of this city. As elected for the coming year the officers are: Mrs. Spielo, report, chairman; Mrs. Blais, Twin Falls, vice-chairman; and Mrs. Mincey, Susan, secretary. The newly elected chairman will announce appointments to the officers later.

A number of well written papers were read before the convention, and short addresses by the local and visiting district organization members were greatly appreciated. Following are those who attended from the out-of-town lodges of the district:

GLAD TO GET BACK

Rev. B. F. Shoemaker Visits former Friends and Parishioners Here.

The Rev. and Mrs. B. F. Shoemaker of Weiler, formerly of this city, were the guests of friends here this week following their attending the state convention of the Christian church at Rupert. Mr. Shoemaker until a year ago was pastor of the Christian church in this city, taking up his work in Weiler about July 1. Mr. Shoemaker stated that he is enjoying his work in Weiler and living in the west end of the state, but that at the same time he holds a warm place in his heart for Twin Falls.

SENIORS ENJOY FEAST

Surplus From Benefit Play Used in Spreading Elaborate Table For Class.

The Senior class held their last meeting last Friday night, when they gathered for a banquet and dance at the Justamerce Inn. It was rather an impromptu affair, but all who attended had a rousing time. The banquet was made possible by the financial success of the senior play. After enough was taken from the receipts to pay for the new curtains, the surplus found that quite a sum remained, and the class immediately began to hunt for a way to spend it. A banquet was decided upon and the boys took charge. The time and place were set, the girls were found and at the appointed hour the big dining room was full of hungry seniors.

A five course dinner was served, and after the bunch had satisfied its sufficient Carl Hoag, acting as toastmaster called upon members of the class for explanations of all important subjects.

William Vacuauley demonstrated "Why We Should Love the Faculty"; Ward Husted showed "The Benefits to be Derived from a Profound Study of Virgil"; Paul Mace explained "The Significance of the Name Paul"; and in Thomas demonstrated "Why the Right Side of the American Flag is the Only One to Fly."

After the supper a dance was held in the inn parlor and the merriment kept up until Saturday had a good start to get into the Alumni Association.

CLASS GIVEN DIPLOMAS

Excellent Program at High School Commencement Exercises—Strong Address Made.

A program long to be remembered was that of the high school commencement held in the auditorium last Thursday evening. The largest high and grade school classes in the history of the public schools were graduated and the largest attendance upon any event held in the auditorium was present.

The commencement address was delivered by the Rev. Dr. Shepherd, pastor of the "Presbyterian" church, who chose as his subject "Education and Life." His address was, perhaps the strongest and most forcible ever heard in this city. The speaker made excellent application of his topic and much sound advice was given to the graduates.

The class of 1913 was presented by Principal Jones and the diplomas were given by J. A. Waters, president of the school board. The eight grade graduates were presented their diplomas by Superintendent O. M. Elliott. A few well chosen remarks were made by Mr. Waters following the presentation of the diplomas.

An interesting feature of the program was the singing of the girls' class club, under the direction of Professor Peter by several numbers were rendered by the club and were highly appreciated.

ALUMNI BANQUET HELD

Class of '13 Received into Membership of Local High School Graduates.

The alumni banquet and reception given at the high school last Saturday evening closed a week of gay commencement festivities. The class of 1913 was received into membership, and this class was honored in the green and white decorations of the reception and banquet rooms. The reception was held in the auditorium and the banquet in the school cafeteria.

Following an elaborate banquet, officers of the alumni association for the coming year were elected, with Harry Denton, president, Grace Simpson, vice-president, Mrs. Harry Alexander, secretary, and Lem Chapin, treasurer.

At the banquet Harry Eaton officiated as toastmaster and the following toasts were given:

"To the Seniors"—Ruth Harvey.
"—Carl Hoag.
"—Ambitions—Superintendent O. M. Elliott.
"—Ideals—Principal H. W. Jones.
"—Blessings—James Sholdes.
"—Following Program was given during the reception hour.

Orchestra.
Address of Welcome—Ward Johnson.

**Songs—Mrs. Gilbert.
Vocal Solo—Margaret Wilson.
"I Wonder if that Puffy Little Fellow—Loves Me"—Angeline Whitehead.**

PERMISSION GIVEN TO TRANSFER

Boise, June 6.—Permission was granted by the state land board Tuesday in certain sections in the Twin Falls Salmon River Land & Water company project to transfer their water rights from Carey act land to desert gardens. Permission had previously been granted by the company. It was found by some of the settlers that their Carey act land was rocky and unfit for cultivation and they wished to change to desert land of better quality in the same vicinity. Saturday, it was stated in the press that the case of the water rights transfers, when the question was presented for its consideration by Carey act Agent G. D. Taylor. However, no opinion was rendered at that time, and all of the members of the board were not present at the meeting.

STATION AT ROGERSON.

A station has been established at Rogerson by the United States Weather Bureau, with J. S. Russell in charge as co-ordinating observer. The equipment was furnished by Don M. Clark, agricultural engineer in charge of irrigation investigations in Idaho, who installed the apparatus for the purpose of ascertaining the rainfall at the southern end of the Salmon River tract, a station in charge of J. W. Hill, already being in existence in Hollister. As soon as the instruments were installed and Mr. Russell appointed the weather bureau designated as an official station. Some of the settlers living near Rogerson are desirous of having a station placed there also, their reason being that the rainfall on the north end of the tract varies from that around Hollister.

Unsettled.

"I love you, my daughter, although"—the light from his eyes was as tender as that of a June dawn, and his tones caressed her heart to dance in a billowy eddy of joy—"you are a woman with a past."

And with a smile the theosophical bridegroom pressed another kiss upon the brow of the bride he had wooed and won long ago when the world was yet damp from the creation in the evenings and on the holidays after carrying the hod on King Solomon's tripod.

How to Kill Grasshoppers.
Since a live grasshopper will eat a dead grasshopper a Missouri farmer mixed Paris green and bran together and let a grasshopper eat it. It died, and so did 20 others and they died. 400 of these 20 and they died. 8,000 ate those 400 and they died. 160,000 ate those 8,000 and they died. And the farmer was troubled no more!

The Power behind the dough

You may use an old favorite recipe and the best of materials and make it carefully, the oven may be just right, yet you will have a failure if "The Power behind the Dough" is not the right one to leaven it properly and make it light, digestible, wholesome.

Good baking without good baking powder is out of the question. K.C. Baking Powder has wonderful leavening power, and the best action in the bowl and in the oven—makes good bread doubly certain.

Take no chances of failure—use K.C. and have "good luck" every time. At all Grocers.

If you want printing done, by all means have it done right. The News printing department has machinery, equipment of type of latest fash, and men of skill and experience to handle them.
