

## TROUBLE WILL NOT AFFECT IDAHO

### KUHN FINANCIAL DIFFICULTIES HAVE NO BEARING ON WESTERN OPERATIONS.

Trouble Believed Largely Temporary and Early Adjustment is Looked For—Associated Eastern Houses Forced to Close Doors.

Dolge, July 8, Twin Falls, Idaho. There will be no recoverability for Kuhn corporations in Idaho. American Waterworks and Gurnison company had very large deposits in banks which were closed, and appointment of receiver for it was temporary measure of protection. Idaho corporations not affected. S. H. HAYS, Attorney for Kuhn interests in Idaho.

The failure of banking houses in Pittsburgh, and associated interests, owned and controlled by W. B. and J. S. Kuhn, has in no way affected the Kuhn interests in Idaho. That local officials of the Kuhn corporations were not advised of the financial break at Pittsburgh until after the fact had become news throughout the country—evidence that the present difficulties are located in the east.

But little uneasiness was felt in local circles on receipt of the word of the Kuhn failure last Monday, and this was soon dispelled upon the consideration that the Idaho holdings of this firm are firmly established. Pending proceedings—there will be no receivership appointed for the Idaho Kuhn interests, and from the present status of the situation in the east the difficulties will soon be adjusted.

### KUHN BANKS CLOSED.

Treasury Department Orders Three Banking Houses Under Receiver.

The First-Second National bank, of Pittsburgh, the First National bank of McKeesport, Pennsylvania, an allied institution, and the Commercial bank of Amber, Ohio, also controlled by the Kuhns, were ordered closed Monday by the comptroller of the currency. Differences between the officials of the First-Second National bank and the treasury department over the character of the bank's assets are said to have led to the closing of the doors. Details of any such differences have not been established. The closing of these banks precipitated runs on several eastern banks in which the Kuhns are heavily interested, but all were able to meet the demands. No further trouble is expected from the break.

### KUHNS HEAVILY INVESTED.

Hold Stock Extensively in Irrigation Projects and Industrial Enterprises.

The Kuhns, besides being heavily interested in banks, are also heavy holders of stock in several irrigation companies in the west. Among them are the Sacramento Valley Irrigation company, with headquarters in Sacramento, California, and the Twin Falls North Side Land and Water company in Idaho. W. S. Kuhn is president and director of this concern. The holdings of the W. S. Kuhn company Electric Light and Electric Railway company in this territory amount to many millions of dollars.

W. L. McCoy has returned from a business trip to Haller, Soldier, and other northern points. He reports that the holdings of the W. S. Kuhn company in the Canaan Prarie country. He will soon leave for a several weeks' business trip in eastern Washington.

## SHEDS REAL LIGHT ON RAILROAD PROSPECTS

### GEN'L MGR. BANCROFT MAKES STATEMENT ON SITUATION.

Letter to Former Senator Sweeley Explains Many Points of Deep Interest in Twin Falls County.

A clear and frank statement of existing conditions with regard to pending railroad construction in this part of Idaho is contained in the following letter to former Senator M. J. Sweeley from W. H. Bancroft, general manager of the Oregon Short Line. The letter bears date of July 7 and was written in response to a request by Senator Sweeley for a definite statement as to the possibilities of an early extension of the Rogerson branch south to the Central Pacific. I wish to thank you for your favor of June 21st, enclosing clipping from a local newspaper of an article, presumably from San Francisco, about plans of the Oregon Short Line to build from Twin Falls to Boise and thence to Winnemucca, etc. Your letter reached me at Omaha this morning as I am en-route home after an absence of some three weeks in New York, and in consideration of the fact that there is no foundation whatever for the statements made in the newspaper article referred to, we have no plans or intentions whatever of building a line from Twin Falls to Boise and thence to Winnemucca, or from Boise to Winnemucca, for that matter.

As you of course know, we have plans for extending the Rogerson branch to a connection with the Central Pacific, and I had confidently hoped and expected to commence construction work before this date. This proposition, however, has been unavoidably delayed pending outcome of the merger dissolution. Our people have not had time to give this matter the consideration they would had not their time been so fully occupied with the all-important merger case, and that substantially represents the sole reason for the delay. I am greatly in hopes that conditions shortly will be more favorable for consummation of this extension, but just at this time, I am sorry to say that I can give you nothing definite concerning it.

Very truly yours, W. H. BANCROFT.

Twin Falls Hospital Struck in Electrical Storm of Wednesday Afternoon—No Damage.

A shingle or two was knocked from the roof of the Twin Falls hospital during the electrical storm of Wednesday afternoon. The actual damage amounted to little or nothing. The storm, while of short duration, was unusually severe. Rain fell in torrents and the streets of the city ran like rivers for a short time. Road improvement work is being prosecuted vigorously and with splendid results as a result of the down-pour.

## JOINTLY CONSIDER WATERWORKS SALE

### PRESIDENT CRITCHLOW AND CITY COUNCIL TALK TRANSFER

Both Company and City Hold to Original Figures, But May Meet on Agreeable Terms in Near Future.

Negotiations are now on for the purchase by the city of the Twin Falls Waterworks company's system and plant. E. B. Critchlow, of Fair Lake, president of the company, and the city council were in conference yesterday afternoon over the matter of sale and purchase of the property. While Mr. Critchlow has laid out on terms or price with the council, negotiations will continue, as yesterday's meeting was brief. On behalf of the company, Mr. Critchlow offered to sell the system to the city some weeks ago for a consideration of \$100,000. The council in reply offered to take over the plant and system at \$75,000, the physical valuation placed on the property by P. F. Horne, of Dolge, consulting engineer for the council. Both parties have been holding to their figures in the negotiations. Mr. Critchlow stated last evening that the company could not consider the figures as offered by the city. Willing to Take Bonds. To the News yesterday Mr. Critchlow stated that in case a sale was negotiated, the company would be willing to take the city's bonds in payment, and depend on their ability to sell these bonds to recover their investment in the property. He stated that the stockholders are ready to meet the city half way and that there should be no difficulty in the city securing a municipal water plant at this time. Bonds to the amount of \$100,000 were voted by the city last fall for a municipal plant, but the bonds could not be sold at that time. Should price and terms be agreed upon between the city and the company, in all probability another issue of bonds will be voted to cover the cost of purchase and improvements to the system as destroyed by the city.

## KUHNS ADVISED OF LOCAL CONFIDENCE

### MESSAGE OF SYMPATHY SENT BY COMMERCIAL CLUB.

Message of Governor Haines Endorsed by Local Business Men—Only Anxiety is Inadequate Transportation Facilities.

Upon receipt of the word of the failure of the Kuhn houses in Pittsburgh, a message of sympathy was sent from the Commercial club to W. B. and J. S. Kuhn assuring them of the confidence of the people of the Twin Falls country in their ultimate success and adjustment of their financial difficulties. A message was also sent Governor Haines endorsing his message of sympathy and confidence sent the Messrs. Kuhn on behalf of the people of Idaho, who are greatly indebted to them for their industry in providing irrigation lands they might have a home in the valleys of this state.

Following are the messages sent by the Commercial club.

Twin Falls, Idaho, July 8—J. B. and W. B. Kuhn, Pittsburgh, Pa.—With appreciation of what you have accomplished in this part of Idaho in developing the resources of the state, we assure you of our sympathy in the troubles which have come to you and of our entire confidence and good will. We know the healthy condition of your Idaho undertakings, and entertain no doubt that the great enterprises which you have been directing will work out to your great personal credit and financial satisfaction. TWIN FALLS COMMERCIAL CLUB. M. J. Sweeley, president; J. McMillan, secretary; J. M. Maxwell, Thos. Doherty, R. M. McCollum, Committee.

## TWIN FALLS TO LOS ANGELES ROUTE

### NEW DIRECT LINE MAPPED OUT BY SECRETARY McMILLAN.

Only 307 Miles of Construction Needed to Complete Direct Connection for Southern California City—Proposition Being Considered.

A direct and new rail route from Twin Falls to Los Angeles is a probability of the near future. The proposition is being presented to the Los Angeles Commercial club at this time, and representatives of that body will be invited to make a trip over the proposed route within the next few weeks. Connecting with present lines, it would require only 307 miles of construction to complete the new Idaho-California line. Always mindful of the needs of the Twin Falls country for railway outlets to the coast, Secretary McMillan of the Twin Falls Commercial club has proposed a new proposed line to Los Angeles. Believing that with the opening of the Panama canal Los Angeles will become the great shipping port of southern California, and will need commerce from this section of the northwest, Mr. McMillan has started from Los Angeles in fixing the route of the new direct line to southern California. Following is the route:

## From Los Angeles, over the Santa Fe to Ludlow, where connection is made with the Tonopah and Nevada water-railway for Tonopah, Nevada.

From Tonopah to Elko, a distance of a distance thus far of 407 miles. 193 miles, a railway survey has been made, and in a report will be made. From Elko to Wells, a connection is made with the Nevada Northern for Colby on the Western Pacific, a distance from Elko of 140 miles. From Colby or Wells to Twin Falls, a distance of 120 miles. It has been ascertained that a line can be constructed only 65 miles. By this route the distance between Twin Falls and Los Angeles would be 514 miles and would give a direct outlet to a coast. Through Twin Falls men now in Los Angeles, and others in that city well acquainted with the Twin Falls country, it is believed that the new road is being presented to the Commercial club and Board of Trade of that city. The matter is in good hands and Secretary McMillan believes the advantages of the line will be realized in Los Angeles and that it will be a great boon to the connections for a through line.

## A Feasible Road

"This line is one of the most feasible ever proposed in this territory," said Mr. McMillan yesterday. "Mr. Swin, president of the Twin Falls Automobile club, has driven over the survey from Tonopah to Elko and finds it adapted for railway construction. I have written influential parties in Los Angeles and know they will be interested in working for such a line."

## I propose a northern extension for the new line from Twin Falls to Gilmore, connection is made with the Short Line for Butte, where Great Northern connection is made for Canadian points.

"This route is one of great possibilities, and we all may hope great probabilities."

## DIVISION OF ROAD BONDS

County Commissioners Will Spend \$10,000 of \$50,000 for Hard Surface Highways.

Decision was made at a meeting of the county commissioners held yesterday afternoon that of the \$50,000 to be voted upon for county road bonds, \$10,000 in extension of the maintenance of the present dirt roads and that \$10,000 be expended in the encouragement of hard surface roads.

## The Kuhn Representatives in Idaho

S. H. HAYS, Chief Legal Representative, with Headquarters in Boise, Idaho.

A statement recently issued to the press of the state Judge Hays expresses the fullest confidence in the ability of the Kuhn interests to satisfactorily adjust their affairs within the year near future. A recent visit to Pittsburgh renders his opinion of more than passing value.

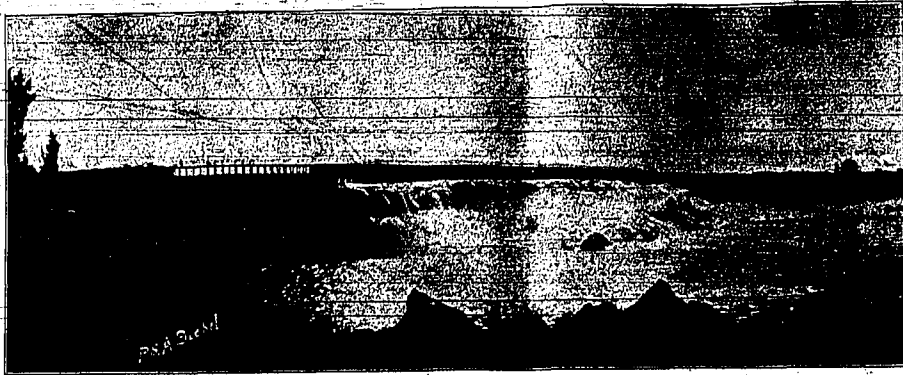

D. C. MacWATERS, Vice President and General Manager of Twin Falls North Side Land & Water Company and AFFILIATED INTERESTS.

Mr. MacWaters is a resident of Twin Falls and has been in the city some weeks ago for a consideration of \$100,000. ## .22 RIFLES

The Little Rifles—Big in Quality

YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots state with a Remington .22. Their advice now would be "By all means get a Remington" because they know that there is a tendency in some quarters to look upon these models as only "small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre arm as in your \$75 big game rifle.

You want the Remington single shot at \$3 to \$6, 22, 25-10 or 32 calibre, made by the same people who make the famous Remington Autoloading Rifles.

Or, if you prefer the repeating rifle, the Remington also carries 22 repeating with 10, 15, 20, 25, 30, 32, 35, 40, 45, 50, 55, 60, 65, 70, 75, 80, 85, 90, 95, 100, 110, 120, 130, 140, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, 260, 270, 280, 290, 300, 310, 320, 330, 340, 350, 360, 370, 380, 390, 400, 410, 420, 430, 440, 450, 460, 470, 480, 490, 500, 510, 520, 530, 540, 550, 560, 570, 580, 590, 600, 610, 620, 630, 640, 650, 660, 670, 680, 690, 700, 710, 720, 730, 740, 750, 760, 770, 780, 790, 800, 810, 820, 830, 840, 850, 860, 870, 880, 890, 900, 910, 920, 930, 940, 950, 960, 970, 980, 990, 1000.

## ELLIS T. WHITE CALLED BY DEATH

### TWIN FALLS ATTORNEY DIES SUDDENLY IN IOWA

Dies on Day Set for Family Reunion—His Loss is Mourned by a Large Number of Friends.

Ellis T. White, well-known Twin Falls attorney, died suddenly last Sunday morning at his former home in Iowa Falls, Iowa. Word of his death came as a shock to his many friends in this city, when it was reported in his usual health only a few days before leaving for the east. No arrangements had been received as to the direct cause of Mr. White's death.

Mr. and Mrs. White left the city July 2 for Iowa to attend a reunion of the White family which was to have been held last Sunday. At that time Mr. White, apparently in the best of health, anticipated a pleasant reunion in the east and expected to be absent from this city for about ten days. The funeral services and interment were in Iowa Falls.

White yet a young man Mr. White came west to law, and for many years practiced in the courts of Washington with his residence in Spokane. He enjoyed a wide acquaintance and was a prominent member of the Spokane bar. About five years ago he came to Twin Falls and entered into a partnership with George Herriott, with whom he was closely associated in Spokane. To the News Mr. Herriott stated that his former partner was a man of the finest qualities and integrity, and whose death he deeply mourns. During his practice here Mr. White proved himself an able lawyer, excellent business man, and public-spirited citizen.

At a meeting of the Twin Falls bar, held Monday afternoon, a committee was appointed to draft resolutions to be placed on the legal records of the district court and sent to the members of Mr. White's family. He was highly esteemed by his professional friends.

His wife, Mrs. White, is survived by several members of his family in Iowa. He was 48 years of age at the time of his death.

## COMMON MAN HAS PLACE IN HISTORY

ATTORNEY BOOTH DELIVERS A STRONG ADDRESS AT BUHL

Recalls Achievements of Warfare, Pioneers, and Home Builders—Lasting Results of Devotion to Sound Principles.

One of the strongest addresses ever heard in this part of the state was that delivered by Attorney C. M. Booth of this city, while speaking to the Fourth of July celebrators of Buhl last Friday. Mr. Booth delivered the address of the day to a large audience in the Buhl theatre. He was introduced to his audience by Attorney W. R. Green and selected for his subject "History's Debt to the Common Man."

The speaker traced the achievements of the common people, comparing the results of the constructive work of the common man with the achievements of the great military leaders of history. He made the point that when the common people had voluntarily taken up arms, it was always for a principle, and always resulted in lasting benefits to humanity. Among the many points brought forward by the speaker was that "the common man of this country, the soldier, the pioneer, and the home builder, have by their heroic deeds, laid the foundation of our nation, and have won principles, given to humanity a more lasting benefit and a richer heritage than all the emperors of France led by Napoleon the Great."

Mr. Booth paid a eulogy to the patriots of '76, and to the men of the North and the South alike, and the western pioneer, who, he said, "wrought wilderness into an empire."

## BIG BEN BARGAINS

Hickler's Cash Store Will Begin Remarkable Sale-Saturday-Morning, July 12.

This issue carries elsewhere an announcement of a public sale of the Hickler Cash Store. This is advertised as something more than an ordinary clearing sale. Mr. McRobert says the bargains offered will sell all previous "Big Ben" bargains because they are compelled to close at least \$5,000 worth of the stock before August 15, in order for them to make some important changes in their business which cannot be carried out until the stock is reduced a great deal.

An unusual offer of \$100 cash to each of the ten persons who are first to attend the store when the sale opens at 9 a. m. Saturday, January 12, has created considerable interest and there is sure to be a large crowd on hand.

Another feature of the sale which will make it an object to the people to attend every day is what they term their "Big Ben" Bargains which will be offered every day for one-half hour only. Every day something new will be offered at a price said to be below wholesale prices in every instance from 10 to 20 1/2 p. m. only. Mr. McRobert's explanation of this will be done simply to attract big crowds of people every day, whom he frankly states he expects will buy many other goods, too, once they are in the store and see the unusual values on every hand.

See their big ad on back page of this paper—Advertisement.

### TO HARVEST BIG CROPS

Farmers of County Will Have Heavy Yields of Grain—Stock Doing Well.

A trip from the city in any direction at this time will give some idea of the immense crops that will be harvested on this tract this season. While great damage has been done the first hay crop, and much of it lost on the ground in poor condition as a result of the heavy rains, fields of grain, peas and potatoes are in the prime of condition. Farmers in the Sucker Flats, northwest of the city, will especially reap heavy grain harvests. Less alfalfa is being grown in that section of the tract this season than in previous years, and its place has been taken by wheat, oats and potatoes. In all parts of the county nature is of the best and stock is fattening as fast as desired for the market. The loss that has been sustained in the first hay crop will be more than covered by the immense yields of the other crops.

### SEASON'S FIRST PEACHES

"Early Rivers" Are Ripe in Orchards in Snake River Canyon—Of Fine Grade.

The first peaches of the season are reported by John B. Gourley, who resides on his ranch in the Snake River canyon opposite the Niagara Springs. These peaches are of the "Early River" variety, and for more than a week have been full of the juicy flavor and falling from the trees.

Peaches of this variety are also grown and now ripe in the Crystal Springs orchard, in which a number of Twin Falls persons are interested, adjoining the Gourley orchard. Fruit trees in these canyon orchards have several weeks' lead over that of the top land grown fruit. C. W. Brennan, deputy state fruit inspector, states that owing to the unfavorable season the peach crop of the tract will be light, with the exception of that grown in the canyon, which he says will be heavy and of fine quality.

### SURPRISING CURE OF STOMACH TROUBLE.

When you have trouble with your stomach or chronic constipation, do not imagine that your case is beyond help because your doctor fails to give you relief. Mrs. G. Stensjo, Plainfield, N. J., writes: "For over a month past I have been troubled by flatulency, belching, eructation, and a general feeling of uneasiness. I tried all the remedies I could get, but to no avail. I was told to try Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want."—For sale by all dealers.

# SABBATH SCHOOL LESSON

JULY 13, 1913

LESSON II—JULY 13, 1913.  
Moses Prepared for His Work.  
(Ex. 2: 11-53.)

11. And it came to pass in those days when Moses was grown, that he went out unto his brethren, and looked on their burdens; and he spied an Egyptian smiting an Hebrew, one of his brethren.

12. And he looked this way and that way, and when he saw that there was no man, he slew the Egyptian, and hid him in the sand.

13. And when he went out the second day, behold, two men of the Hebrews strove together; and he said to him that did the wrong, Wherefore smitest thou thy fellow?

14. And he said, Who made thee a prince over us, that thou shouldst say to me, Wherefore smitest thou thy fellow? And Moses feared, and said, Surely I did this thing; he surely lay to smite me.

15. And Pharaoh heard this thing; he sought to slay Moses. But Moses fled from the face of Pharaoh, and hid himself in the land of Midian; and he sat down by a well.

16. Now the priest of Midian had seven daughters; and they came and drew water, and filled their troughs to water their fathers' flock.

17. And the shepherds came and drove them away; but Moses stood up and helped them, and watered their flocks.

18. And when they came to Reuel their father, he said, How is it that ye are come so soon today?

19. And they said, An Egyptian delivered us out of the hands of the shepherds, and also drew water enough for us, and watered the flock.

20. And he said unto his daughter, And where is he? Why is it that ye have left the man? Call him, that he may eat bread.

21. And Moses was content to dwell with the man; and he gave Moses Zipporah his daughter.

22. And she bare him a son, and he called his name Gershom; for he said, I have been a stranger in a strange land.

23. And it came to pass in process of time, that the children of Israel and the children of Israel sined by reason of the bondage, and they cried, and their cry came up unto God by reason of the bondage.

24. And God heard their groaning, and God remembered his covenant with Abraham, with Isaac, and with Jacob.

25. And God looked upon the children of Israel, and God had respect.

Golden Text: "Hebrews"—"The Lord shall inherit the earth."—Matt. 5: 5.

Introductory.

Forty years have passed since the Hebrew was taken from the water of the river. God is in no hurry. He waits till the man whom he has chosen shall have become fully familiar with the affairs of Egypt. He has received his education and has reached maturity. The Egyptians were generally short-lived. They ripened early, ripened speedily and went rapidly. But Moses matured slowly, taking time to get all needful knowledge of and in the country he was to be sold of him that he was "learned in all the wisdom of the Egyptians." Though attached to the Egyptian court, he yet recognized himself as a Hebrew. He knew his own people and knew what they were suffering.

Expository.

11. There is little to be said by way of exposition of this lesson, as of most others in this connection. The narrative is so direct and plain that little more needs to be said. Moses went out among his people to see how they were faring. He knew what was going on in the court, and how he had himself escaped "the purpose of the

## Jelly Roll Recipe

Only Two Eggs Required  
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This jelly roll is fast becoming very popular on account of the way it keeps fresh in the refrigerator. It keeps fresh a whole week, providing it isn't eaten up in the meantime, for it is every bit as good as it looks.

Beat the sugar into the eggs; add the lemon rind, then the flour, sifted three times with the salt and baking powder, and, lastly, the milk. Bake in a buttered dripping pan; turn out on a damp cloth; trim off the edges; spread with jam and turn over and over into a roll while still warm. Dredge the top with powdered sugar.

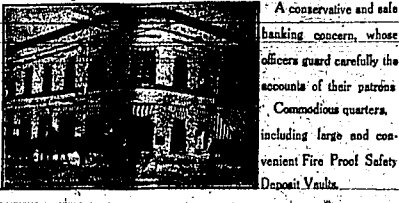

Put milk used in the jelly roll canisters to be rolled with the jam, and trucking. Have the milk scalding hot, also be careful to have the eggs and sugar beaten together until very light and creamy. Bake in a moderate oven.

K.C. Jelly Roll is illustrated on page thirty-two of the new and handsomely illustrated 64-page K.C. Cook's Book, which may be secured free by sending the coupon enclosed to every 25-cent copy of K.C. Cooking Powder to the Lanza Mfg. Co., Chicago, Ill.

CLEAN, BUNNY BARN.

A sunny barn and clean surroundings encourages help to do better work among the stock. It is a mighty impressive task to wade around in mud, yards and filthy barns waiting, a lot of dirty, lazy cows and few self-respecting hired men are looking for a job on a farm where business is conducted along such all-around lines.

# BARGAIN SALES OF REAL ESTATE

We want to close out some of our holdings in this county, and offer for sale:

A 600 acre tract, out from Buhl; under the Twin Falls South Side canal system; good land, rolling; for fruit there is nothing better in the county; just the thing for a grain, grass, or stock ranch on a large scale; part cleared and plowed, ready for crop.

An 80 acre improved farm in the Buhl country; some orchard and grass; on telephone and R. F. D. route.

Three separate pieces between Twin Falls and the Snake river; two of them only a mile and a half from the city and near the electric car line now about completed; under cultivation; just right distance for small fruit tracts; will sell, if desired, in ten or twenty acre parcels. The other has ten acres of orchard beginning to bear, the finest forty anywhere; the car line runs past this; one mile south of Shoshone falls.

Some good residence property and vacant lots in Twin Falls, including one six room modern house, with barn, only three blocks from postoffice.

There are Our Own Properties and Prices are Bed-Rock. Fair Terms Will Be Made for Deferred Payments.

Crowds Can Be  
Promptly and Care-

The Time is Short, Hence the Prices Will be Extremely Low

You have the word of Hickler's that this is something more than an ordinary sale. The reason is the necessity for reducing stock a great deal, quickly, in order that we can carry out some contemplated changes in our business without delay. The time is short—quick action is what we want and must have—hence prices will be extremely low—probably the lowest you have known in years. Don't doubt—prejudge the truth of this statement. Don't hesitate—come quickly and find out that this is the

Greatest Money-Saving Opportunity of the Times

The store will be closed all day Friday, July 11th, to enable us to get the goods all marked down to Big Ben bargain prices and rearrange the stock. When the sale opens at 9 a. m. Saturday, July 12, everything that could be done to make prompt and satisfactory handling of the crowds possible will have been done. We will have plenty of good, competent, trustworthy clerks who will take pains to see that you are as satisfactorily served. Everything will bear a sticker with the sale price marked in plain figures, and this will be the lowest price ever quoted on an article of equal worth. \$5,000.00 worth of goods must be sold in fifteen days. EVERY MORNING, when you hear Big Ben's loud claxon ring, we will sell one line of goods during the next half hour only at a ridiculously low price—a price so low that you'll scarcely believe your own eyes. These prices will be in effect only until Big Ben announces that it's 10:30. Every day it's something different for the half hour Big Ben Bargain Special. WE ARE MAKING THESE SACRIFICES on these goods to draw big crowds of people every day, who will see the many attractive bargains all over the store and so buy a great many goods that they would not think of getting if they did not see with their own eyes what unusual bargains were offered. The people who come one day will go home and tell their friends and neighbors about the extraordinary chance to save money, and so the daily crowds will increase. DON'T FORGET THESE DAILY HALF HOUR SPECIALS, 10:00 TO 10:30. Any one can take advantage of them who has bought 50c worth of any other goods in the store on the same day. This is the only condition upon which you will be entitled to get so much value for so little money as these Big Ben Half Hour Bargain Sales offer. HERE ARE THE PRICES

Remember that these are extraordinarily low prices. Many lots will be closed out quickly.
