

JEROME WINS OUT FOR UNWILLING CLIENT

JUDGE HUTCHINSON DECIDES COMMITMENT PAPERS ARE DEFECTIVE

Threatened Uprising of Populace in Behalf of Thaw Did Not Materialize—Record Run Made to Courtroom and Army of Lawyers Hired by Defense Swept from Feet by Whirlwind Victory of New York Attorney

SHERBROOKE, Sept. 3.—Justice Hutchinson sustained this morning the writ of habeas corpus calling for the release of Harry K. Thaw.

A high powered automobile was in waiting outside the court room. As soon as the closing words of the judge's decision were uttered a signal was given the motorist, who put his machine in readiness. Thaw was rushed to the machine and surrounded by guards. He made about a good time getting to Courtroom as he did in getting away from Mattawan.

He will be given a hearing at Court tomorrow before the same judge.

He will be deported. It is claimed by Attorney Jerome, either to Vermont, New Hampshire or New York. "I don't care to which state they order Thaw deported," said Mr. Jerome to a representative of the United Press. "No sane governor will deny the right of New York to keep Thaw safely within the borders of the state. Harry Thaw has been well treated at Mattawan. He has been vastly better fed and more comfortably housed than thousands of people out struggling for a living. And Harry K. Thaw is better off in Mattawan than he is at large. He is a dangerous man and so long as he is free he is a menace to the life of some human being. The state of New York is the best friend that Harry Thaw has ever had, and we are striving to do our duty in taking him back to Mattawan."

BANCROFT PLAYED LUCKY BASEBALL

BANCROFT PLAYED—Analysis by Expert Shows That Wins in Four Games—Out of Five were Bound Round and Round, by Rings Put There by Twin Falls—Out-batted, Out-fielded and Out-pitched

After the smoke and dust from one of the greatest series of games ever played in Independent baseball circles in Idaho has cleared away, perhaps a little discussion of how it all happened will be of interest to the Twin Falls fans.

We think it is proper and will meet with almost universal agreement from all who witnessed the series, to say at a starter that Twin Falls won the series through scientific playing of Ingle baseball. As a further preliminary statement we may add that scientific the factor of luck, which sometimes wins baseball games, Twin Falls clearly outplayed Bancroft in 4 of the 5 games and should have won the Labor Day morning game easily as well as the three games they did.

In the Labor Day morning game, which went 14 innings to a score of 2 to 1 in favor of Bancroft, the study of the box score will prove the contention here made that Twin Falls out-hit and out played Bancroft notwithstanding the fact that Bancroft won the game. In every inning of the 14 innings Bancroft never had a man reach first base safely. Twin Falls made 13 hits to five made by Bancroft. Twin Falls stole 3 bases and Bancroft did not steal a base. Twin Falls hit 11 men die on base while Bancroft had but 4. While passed one man while Bancroft pitched the 14 innings without passing a Bancroft player. Twin Falls pulled off two double plays while Bancroft did not make a double. Bancroft's catcher had one passed ball while Chapin had none. Twin Falls pitcher did not hit a man while Bancroft hit one. Twin Falls made 3 sacrifices while Bancroft made but one. The long off batters of the

DELEGATES FROM SOUTH TO BE REDUCED

MINORITY IS TOO POWERFUL

DELEGATES FROM Republican National Committee Considering Changing Long Established Plan of Membership—Giving States That Return Party Majorities the Decisive Vote—In Conventions—A Meeting to be Called Monday Week at Washington, D. C.

WASHINGTON, Sept. 4.—A select committee of the Republican National committee is being notified to meet here at the end of next month or some time in October to meet the delegates from the southern democratic states.

The committee appointed to consider reducing the number of southern delegates has not determined whether it has full legal authority to reduce the representation itself, or whether such action must be taken at a national convention. It is a national republican caucus will be called. Arrangements for the convention will be made at a meeting of the full republican committee during the Christmas holidays.

The man who is out getting sound, because he didn't get the girl of his choice will often run into her husband, who is getting sound because he got her.

WHAT SHOSHONE HAS DONE FOR GOOD ROADS

(Special to The Daily News.) SHOSHONE, Idaho, Sept. 4.—Vitality of good roads, stretching toward the four points of the compass from Shoshone, the county seat of Lincoln, constitute one of the best assets of the county. Every visitor sees for himself the effect of improved highway in the business prosperity of the community and in the town as the center of the county.

Shoshone is enjoying a healthy growth, with numerous residences and at least one or two business blocks going up in the place. Not a little of this manifest prosperity is directly traceable to the effect of good roads.

It was only three years ago that Fred Gooding, then a member of the state senate, secured the passage of an enabling act for the issuance of road district bonds to the amount of \$50,000 for a road system around Shoshone. Through a hard time getting the bill through and then petty jealousy of some of the townspeople were aroused to block the undertaking. But he finally won out against lawsuits and all other impediments put in his way.

So far along Gooding and the commission acting with him in building the roads have expended \$50,000 of the funds with which they started out, but they have something to show for the expenditure. The good roads people of the entire state send representatives there every once in a while to ascertain just how the work has been accomplished. Gooding never takes to himself any of the credit, but other people ascribe a very large measure of honor to him for what he has done.

MISSED BRIDGE FOUND DEATH

St. Joseph, Mich., Sept. 4.—Lawrence Blackman, aged 18, and Lucy Beach met death when Blackman drove his automobile through an open draw bridge. Two hundred people witnessed the accident. The engagement of the young couple was announced only last Sunday.

Distinguished Visitor—A. B. Ferris to the Twin Falls country, a party of visitors from Arizona and Indiana. The Arizona men are Messrs. Drake, Crulic, Segars and Vandergriff; the Indiana: J. E. Watson, Judge W. H. Watson, M. Turner and Mr. Frankelstein. They are interested in another irrigation tract and are here to see for themselves what can be done in crop raising in an irrigation country.

Bole at School—Miss Gladys and Susan Taylor left Thursday for Bole, where they will attend school.

LINDSEY RETURNS TO CONFRONT ENEMIES

DEMONSTRATION PLANNED

Famous Juvenile Judge Charges Corporations with Trying to Get Him "Boiled"—Has Invariably Defeated All Causes in Elections in Denver—Recall Petition Precipitated Hostilities

DENVER, Colo., Sept. 4.—Judge Ben Lindsey is expected home tomorrow from the east and with his coming will be precipitated one of the most remarkable political battles in the history of Denver. Lindsey has for a good many years been the juvenile judge of Denver. He has been the conqueror of all parties and has had all parties against him, winning each time by overwhelming majority. A recall petition has been circulated against Lindsey.

During his absence in the east Dr. Mary Bates, at the head of an organization called Women's Protective Union, has waged a bitter fight on Lindsey. Lindsey declares that the Denver railway and the Union water works are behind the fight against him. These corporations were attacked in a manifesto article several years ago and are said to have threatened to "get" Lindsey.

A monster demonstration is planned by the friends of Judge Lindsey on his arrival from Chicago.

JEROME WINS BEFORE BOARD

(United Press Dispatch.) COATCOCKE, Sept. 4.—The board of inquiry decided this afternoon that Thaw was not a transient tourist, and was not entitled to pass through Canada under the Jackson ruling. This means that he will be dealt with as an ordinary emigrant. Justice Hutchinson refused to grant Thaw's counsel a writ of prohibition against immigration officials holding Thaw. Thaw claims to have been enroute to Pittsburgh when arrested.

LOHMER ORGANIZING FORCES CHICAGO, Sept. 4.—Former United States Senator William Lorimer, who is planning to go to the upper house of congress again if possible, has started a campaign to secure control of the republican party in this state. He has the assistance of William Hale Thompson, who is the Lorimer candidate for mayor of Chicago in 1916. An extensive speaking tour forms part of the Lorimer plan.

SCHOOL WAGONS CUT OFF

JEROME, Ida., Sept. 4.—The school district here was crippled through the division of Lincoln county, so much so that it will be necessary to discontinue running wagons during the coming year. The wagons cost the district \$7,000 a year.

DEMAND FOR APPLE CROP

Shoshone, Nebraska, Man Wins Commercial Club for Prices on Carload Shipments—Varieties, System of Packing Employed—Would do Business by Telegraph—Commercial Club Has Real Duty

Secretary James McMillan, of the Commercial Club, received Thursday the following telegram from J. D. Shubert, of Shubert, Nebraska: "How many cars fancy and number one apples can be secured for territory. What varieties, what proportion of each variety. Will stock be wanted, baled or number packed. Quote lowest price each year. Yours, wire early tomorrow."

The message would indicate that not only is there a big shortage of apples in the mid-west, but that the Nebraskans know where to get the apples. It also shows that a city is expected to have a Commercial Club.

In hopes of selling—S. B. Budd left Thursday for Parsons, Kansas. He intends to sell his property there and when he does it is his expectation to move to Twin Falls.

RECEIVED NEWS OF HIS MOTHER'S DEATH

Rev. Shepherd received the sad news of his mother's death, which occurred yesterday at Ohio City, Ohio. She was in her 85th year when death claimed her. She was ill for 12 weeks.

The deceased was born in Lancaster county, Pennsylvania. Her maiden name was Margaret Taylor. She was a cousin of Congressman J. D. Taylor. Her grandfather died while serving as a soldier in the war of the revolution. His father was a soldier in the war of 1812.

At the age of 31 she was married to Milton Shepherd, who passed away 25 years ago. There were seven children, the family all of whom with one exception are living. She was a true Christian woman and bore the sufferings that came to her in her declining days with great patience. She resided at the home of Rev. Shepherd for several months while in Ohio, just previous to her removal here.

DAVE HIM ANOTHER CHANCE

(United Press Dispatch.) SALT LAKE, Sept. 4.—"We are not going to hang your brother" was the message sent by Governor West to Mrs. Susie Morgan, notifying her that her son, Robert Morgan, would not hang tomorrow for murdering his sweetheart. Morgan followed Miss Virginia Morgan to Courtroom and when she refused to marry him, shot her three times and attempted to kill two men who interfered with the shooting away.

RAILROAD RUMORS FROM NEW SOURCE

HAGERMAN, Sept. 4.—Henry Schell, general superintendent of the Hagerman Valley & Western railway, announces that the ties and rails for the proposed road out of Hagerman Valley are on the way. It is said that the road has been financed and it is rumored that it will tap Twin Falls and the surrounding country.

CHRISTIAN ENDEAVORERS IN STATE CONVENTION

The twenty-first annual convention of Christian Endeavor societies opened in the Christian church in this city Thursday with an attendance that filled the house.

Rev. Shepherd, of the local Presbyterian church, spoke first in honor of the Twin Falls churches, followed by M. T. Bewley, president of the Commercial Club. Rev. Shepherd mentioned the auspicious circumstances under which the convention met and Mr. Bewley made mention of the historical associations surrounding Twin Falls. The latter welcomed the Endeavorers to a progressive city, a city of hope, and a labor city. He exhorted his belief that the legal and saloon was gone from Twin Falls forever. The word Idaho, he said, was an Indian greeting to the morning and it might be translated, "Behold, a new day." He used this idea very effectively in welcoming the Christian Endeavor, on account of the new day which it would usher in.

In reply to the address of welcome Rev. Davis Errett, of Boise, gave a ringing impromptu response. The address of the evening was given by the Rev. H. H. Holtman, of Boston, field secretary.

In opening his address Rev. Holtman declared that he would write back to the central office in Boston and inform them that the hub of the universe had shifted from Boston, where it has so long resided, and was now Twin Falls, Idaho, which had that distinction. This piece of humor was called forth by the "Booming" noticeable in the addresses of the evening.

The important addresses of the day were made by Rev. Davis Errett, of Boise, and Rev. W. E. Harman, of Twin Falls. The rest of the time was given to important committee conferences.

Tonight the Twin Falls band, as usual, will give a concert in the city park, in harmony with the convention, will make it a social gathering and will close earlier in order to give time for a grand address by Field Secretary H. H. Holtman, of Boston.

ROUND-HOUSE AT BLACKFOOT

BLACKFOOT, Ida., Sept. 4.—The Oregon Short Line will build a new round house at this place. It is estimated 10,000 brick will be required. The contract for construction has been let to R. A. Palmer of this place.

NOT GOOD METHOD TO SELECT A JUDGE

TAFT DENOUNCES PRIMARY

Former President Elected to Head the American Bar Association—In Address He Takes Issue with William Jennings Bryan on High Cost of Living—In Washington—Believes That Three Times Out of Four That Most Money Wins Judgeship in Popular Election

MONTREAL, Canada, Sept. 3.—Former President of the United States William Howard Taft was today chosen as the head of the American Bar Association. The vote was unanimous. Mr. Taft, in an address before the association took a veiled shot at William Jennings Bryan's statement of the high cost of living in Washington. Mr. Taft said, in part: "The most difficult problem in a popular government is the selection of its judicial branch. A president has facilities for selecting the best candidate without the voters depend solely upon the word of personal boosters of the candidates. Under the appointive system the office seeks the man in many instances. In the primary it never does, and the man who can spend the most money and meet the most voters will win three times out of four."

LAWSUITS OVER HAY STACKERS

Up in Fremont Telephone Company is Bringing Suits to Test Rights of People in New Controversy in Hay and Grain Country and to Straighten a Tangle

REXBURG, Idaho, Aug. 29.—New troubles are constantly arising in a new country, or rather, in an old country where new industries are springing up and coming into being. Such is the case here and in many localities in Idaho with respect to the matter of the peeling of hay stackers. Up in Fremont Telephone Company is bringing suits, resulting in as much misunderstanding that a number of lawsuits are now being brought by the Mountain States Telephone and Telegraph Company against farmers and others who are disturbing the wires in moving hay stacks about the country from farm to farm.

One such case was filed yesterday against Thomas Eater, Attorney Clark & Dodge appearing for the company. There is a provision in the state law allowing the telephone company many times the amount of damages claimed to wires, and the matter will be determined by law. A short time ago the Mountain States company issued a statement through all the papers of the state requesting the farmers to co-operate with it to the extent of notifying the company at any time it was desired to take a hay stacker through the wires, and a line-man would be furnished, and the necessary opening made under the direction of the company. This has been ignored it is said, notwithstanding the company expressed any desire to engage in legal controversy.

The case brought today cites that Eater on or about the 15th day of July drove a hay stacker through the company's wires, and that they were torn down, and the business over the line injured, and unnecessary expense was entailed in sending a man to repair the said damage.

Damages are claimed in that the company is required to pay for the wire, \$1 for each foot of wire cut, and \$3 for one day's loss of service. The Idaho Republic adds that the company claims damages against Eater in the sum of \$100, or one hundred times the amount of damages sustained, and asks judgment for the same.

Transferred to Boise—Rev. and Mrs. Chaney and children have been here lately. Mrs. Chaney's mother, Mrs. H. Bolton, Rev. Chaney has been given charge of a Methodist church in Boise and will move there from here. Where he has been stationed for several years.

SUCCESS IN FLORICULTURE

Was An Auspicious Occasion—Largest Number View Splendid Floral Display at Presbyterian Church—Elaborate Cafeteria Lunch was Well Patented—Very Pretty Booths Add to Attractiveness of Scene

The fourth annual flower show, which was held at the Presbyterian church Thursday afternoon and evening, was a big success and fully demonstrated a fact which flower culture enthusiasts have endeavored to prove, namely, that nearly every kind of flower thrives lavishly in Twin Falls country.

The various exhibits were classified and arranged with artistic taste, which displayed to splendid advantage the exquisite colors and shades of practically all the flowers of the season. Here was a dainty and fragrant pyramid of sweet peas and there a bed of thoughtful, sweet-faced pansies, while hothouse staid gladioli in bright warm colors. The exhibit of beautiful roses was one of the attractions of the evening, and, common, magnificent asters, golden glow, hydrangeas and many other varieties lived in making the exhibit room a veritable flower garden. Bright shafts of golden rod and the graceful flag, or cat-tail, added much to the artistic beauty of the scene.

Pretty booths, original in design and decorations, were arranged along one side of the room and here delicious home-made candies were sold. Dainty aprons and interesting curiosities were sold at the booths. The Japanese tea room, elaborately decorated with fans, cat-tails and Japanese parasols, while the entrance was of pretty blue and white lattice work. Here iced tea was served by two young Japanese maidens. Adjoining the tea room was an attractively arranged room where ice cream and cake were served. From 6:30 until 8 o'clock a cafeteria lunch was served in the basement. This feature was extensively patronized, the ladies realizing over \$100 from this department. A total amount of over \$200 was taken from the various attractions. A complete list of the winners of ribbons for the floral exhibits will be announced in another issue of this paper.

The event was attended by a large number of people who thoroughly enjoyed every feature. The ladies in charge of the various departments are all deserving of generous praise for the successful and entertaining manner in which the affair was conducted.

Competition was close in the exhibits of flowers at the flower show and the judges found the task of awarding prizes a matter difficult of decision. The following were awarded as follows:

Dahlia-Cactus—1st prize, J. A. Waters; 2nd prize, J. A. Waters.
Gladioli—1st, Charles Stanton; 2nd, Mrs. R. M. R. R.
Nasturtium—1st, Mrs. Susan McCaffrey; 2nd, Mrs. Geo. Starlin.
Pansies—1st, Mr. McRoberts; 2nd, Mrs. Harvey.
Asters, white—1st, J. A. Waters; No second.
Asters, pink—1st, Mrs. Jennie Bradley; 2nd, Mrs. F. P. McAttee.
Asters, mixed—1st, Mrs. Bristol; 2nd, Mrs. Jensenius.
Dahlia—1st, J. A. Waters; 2nd, J. A. Waters.
Roses, white—1st, J. A. Waters.
Roses, red—1st, Mrs. Charles McRoberts; 2nd, J. A. Waters.
Roses, pink—1st, Mrs. A. D. Stiles; 2nd, Mrs. No. 11.
Sweet Peas—1st, Dr. F. P. McAttee; 2nd, Dr. F. P. McAttee.
Sweet Peas, collection—1st, Mrs. M. W. Knudsen.

SAN FRANCISCO, Cal., Sept. 2.—The last hope of Caminetti was dashed this afternoon when Judge Thayer, presiding in the highest court, upheld the defendant in his testimony. Caminetti from some cause or another, but hope that the star witness for the prosecution would shield him. She explained more fully than at the Disgrace trial a certain chain of inference, however, with guilty knowledge which prompted her to resist advances by Caminetti until after the four had started for home and played for an hour to take the back track in the proceedings. Her she knuckled at the door of the room occupied by Judge and Wardman story has not been shaken and has had its effect on the jury.

No one who has heard the evidence can understand why Caminetti went to trial.

VERA CRUZ, Aug. 25.—Muriel is now disposed to escape most of President Woodrow Wilson's proposals to secure peace in Mexico. He has sent messages to John Lind inviting a renewal of negotiations. William Bayard Hale, the president's special investigator, is enroute to Washington bearing the original correspondence between Lind and Muriel.

John Lind will make Vera Cruz his headquarters while in Mexico because of its strategic position. In effect and actual government, Lind is in charge of the government.

GREATEST DAM IN WORLD SOON TO BE DEDICATED

KIDWORTHY, Iowa, Aug. 29.—The largest water power in the world will be dedicated here next Tuesday. The plant, built at a cost of \$2,600,000, in the Mississippi River where the state of Iowa, Illinois and Missouri join, is expected to develop 300,000 horse power.

The dam, stretching nine-tenths of a mile across the river, is 53 feet high, 42 feet wide at the bottom and 27 feet wide at the top. It consists of 117 arches, each 22 feet between six-foot piers.

The water power converted into electricity, is for use in the new power zone along the Mississippi, extending from Burlington, Iowa, to St. Louis, the latter city taking 60,000 horse power of current.

Advertisements for bids for the \$1,100,000 dam to be built on the Ohio River at New Richmond, Ohio, will be issued Friday by the local office of United States engineers. Bids for the work will be opened on September 20. The big dam will be almost a replica of Farabank dam, but will cost about \$200,000 less.

The new dam will be one of the 53 locks and dams to be built from Pittsburgh to Cairo, on the Ohio. About half of the number have already been completed. The whole system will be a distance of 847 miles. The dam to be built at New Richmond will be known as No. 15.

CHICAGO, Ill., Aug. 28.—"Let 'er out! Boat that train!" cried women members of a Chicago anti-trust party when they heard the Monon passenger train approach Reilmann's crossing, 13 miles from Hammond, Indiana. The dead are: Mrs. Leo L. Tublin and two-year-old daughter, Lucille Tublin. Mrs. Amanda Kahn were badly injured. The automobile was carried 200 yards on the engine's pilot. The party was returning from an outing at Cedar Lake, Indiana.

TO SMASH ANTHRACITE

PHILADELPHIA, Pa., Sept. 2.—Another attempt will be made to smash the anthracite trust. A suit will be filed in the terms of the Sherman anti-trust law, alleging that the Reading railroad owns 75 per cent of all the anthracite mines in Pennsylvania and transports 50 per cent of the coal mined in the state.

PANAMA, Sept. 3.—Misses Locke have held up perfectly under the strain given in the test here a week ago Sunday. The north toe of the dynamite blast was not shattered with dynamite. The last big blast will be fired October 10th. The dynamite blast will be fired in the end of September and the finishing touches put on ready for the Gumbel blast. Gumbel blast is a big dam of earth across the Atlantic end of the cut. It is 300 feet long and 50 feet high. It will be built to the top with water and 40 tons of dynamite pressure placed will be touched off. It is planned to sink a test but through the canal on October 10.

WASHINGTON, Aug. 18.—Of the strength of fruit exported from the United States during the last year year apple sales amounted to \$11,000,000 in value, of which about \$5,000,000 were in their natural state and about \$6,000,000 dried. Europe takes the bulk of the apples, both green and dried, having taken in 1912 for which period complete figures are at hand, over four-fifths of the total. England is by far the largest purchaser of the fruit in the natural state, having taken in 1912 \$1,750,000 worth of green apples, against \$700,000 worth by Scotland, \$750,000 by Canada and \$500,000 by Germany. Of the dried apples exported Germany is by far the largest purchaser.

SAN FRANCISCO, Calif., Sept. 2.—The last hope of Caminetti was dashed this afternoon when Judge Thayer, presiding in the highest court, upheld the defendant in his testimony. Caminetti from some cause or another, but hope that the star witness for the prosecution would shield him. She explained more fully than at the Disgrace trial a certain chain of inference, however, with guilty knowledge which prompted her to resist advances by Caminetti until after the four had started for home and played for an hour to take the back track in the proceedings. Her she knuckled at the door of the room occupied by Judge and Wardman story has not been shaken and has had its effect on the jury.

No one who has heard the evidence can understand why Caminetti went to trial.

PERSONAL.
Mr. and Mrs. John Kohler of Burlington, Iowa, are in Twin Falls to visit their son, J. E. and A. C. Kohler. The visit was a pleasant surprise for the sons.

F. M. Towne and J. B. Hinton, two of the thrifty Hansen farmers, were business visitors in Twin Falls on Thursday.

T. T. Rutledge was in town Thursday, driving in from Arden.

Mr. Charles Dingler is here from Wendell visiting E. J. Ostrander and family.

Mr. and Mrs. W. P. Pierce returned to their home at Rupert Wednesday. Miss Mary and Kathleen Owens returned to Salt Lake City Monday after a week's stay with their father at the ranch up near Rogerson.

Mrs. E. C. Davis is up at Driggs on a visit.

W. D. Vance, who has been here from Belleville, Kansas, visiting his father, has returned home.

Mr. and Mrs. F. A. Denton are in Salt Lake City for the week.

Miss Charlotte Widdie, who has been a guest of her brother, W. Widdie, has returned home to Salt Lake City.

Mrs. A. L. Henry is visiting in Verne county, Kansas.

Mrs. George Wade, of Buhl, is visiting relatives at Nampa.

Miss Pauline Rossman, who has been the guest of Mrs. D. T. Sandmeyer, at Buhl, left for home Wednesday.

Mrs. Lewis A. Bliss left Tuesday morning for Portland.

Mr. and Mrs. O. D. Swab are in Murtaugh visiting friends.

W. B. Hall returned to Murtaugh Tuesday after a visit with his brother, J. M. Hall.

Mr. W. P. Fowler, of Grand Forks, N. D., left for home Monday after a visit of three weeks with Mr. and Mrs. O. B. Fuller, of Twin Falls.

W. T. Tansley, resident in the Okanogan country, has spent several days with B. Valhalla of this place.

Mrs. Emily Swain, who has been here as the guest of John and Jennie Deuchamp and Husted Swain and wife, returned Tuesday to her home in Bedford, Iowa.

Mr. and Mrs. W. Holmes, of Constance, Neb., arrived in the city Sunday in their Ford touring car and will spend some time in looking over the Twin Falls country.

Mr. and Mrs. Wm. Smith and Mr. Holmes, who have been here visiting the B. B. C. hotel family and leaving, left for their home at Plattsmouth, Neb., this morning.

Mr. and Mrs. M. M. Murrey are in the morning for New York city on an extended visit with relatives.

WESTGARD HERE
A. L. Westgard and wife were through Twin Falls Thursday picking out the road for the National Highway Association. From Twin Falls they go to Salt Lake.

Westgard is from Norway to the United States. He is a noted engineer and is now employed by the National Highway Association to spy out the land and map for them the most feasible ocean-to-ocean highways. The roads through Twin Falls country, declares Mr. Westgard, are better than the average in the west and he is for some time past, he says, that no other man has done so much towards popularizing the good roads propaganda from an interstate standpoint than has Mr. Westgard.

THAW LEADS AT QUARTER
SHERBROOKE, August 29.—
State's Attorney Jerome has returned from his trip to Quebec where his plan to induce Sir Ho.

Mr. Thaw provincial premier, who Thaw over to New York authorities was a flat failure.

Thaw's lawyers are jubilant. They say that their client will remain in jail until such time as they are ready to have him released and that will be whenever they are certain that he will have the right to leave for any port he desires.

SHERBROOKE, Sept. 2.—The Canadian government has stationed a guard around Attorney Jerome of New York, who is here for the purpose of taking Harry H. Thaw back to the Mattawan lunatic asylum.

The habeas corpus proceedings brought by Jerome to free Thaw so that he could be deported, came up for a hearing today and Thaw is being made to stay and Thaw is being made to stay and Thaw is being made to stay.

A SCIENTIFIC ACHIEVEMENT.
Modern science has produced such effective agency in the relief of indigestion, dyspepsia, constipation, biliousness or impure blood as Chamberlain's Colic, Cholera and Diarrhoea Remedy. The result of the best minds of the American Drug and Chemical Association, composed of druggists and chemists of all the countries. Try this great remedy. It is the best remedy for indigestion, biliousness, constipation, or impure blood. It is the best remedy for indigestion, biliousness, constipation, or impure blood. It is the best remedy for indigestion, biliousness, constipation, or impure blood.

GOOD REASON FOR HIS ENTHUSIASM.
When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint, and then after taking Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a person whose life is threatened. Try it when in need of such a remedy. It never fails. Sold by all druggists.

GOOD telephone service depends largely upon mutual courtesy.

The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the prompt possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy, confusion is inevitable, and the confusion is greater when the people cannot see each other.

The operators must be patient and polite under all circumstances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone Service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

We have received almost a complete stock of Piece Goods, Hosiery, Corsets, Ladies', Misses' and Children's Shoes, and are prepared to take care of your wants in these particular lines.

We bid for your patronage ON MERIT.
QUALITY first. Prices as low as the lowest, NOT FICTICIOUS.

DIVIDENDS ON WATERED STOCK PAID AT COST OF HUMAN LIVES

COMPANY SAVED \$80,000 BY USING CONDEMNED CARS-DAMAGED T O P A Y

President Miller of the Chicago, Burlington and Quincy thinks that car shortages can be prevented by cooperation among railroads, shipping, police authorities and the press.

NOTED LECTURES AT NEXT INSTITUTE

The Twin Falls Joint Institute will begin its work at the high school building next week.

IMPORTANT MEETING

At three o'clock Saturday afternoon at the Commercial Club will be held a meeting that every fruit grower in the community should attend.

HATCH-HETCHY BILL PASSED

WASHINGTON, D. C., Sept. 3.—The Hatch-Hetchy bill, which passed the House yesterday morning, after a long and bitter struggle, has been passed.

LABOR NEWS AND NOTES

Fifty thousand workmen are reported idle in the city of Berlin.

RAILROAD NOTES

A new fast freight schedule has been put into effect on the Missouri River Railroad.

WORMY FRUIT

At the instigation of a number of fruit growers in Tual, C. W. Brannan, deputy health officer, has been taken to that place last week to investigate charges that "wormy fruit" was being sold there.

This instance was followed a few days later by a similar complaint being sworn by Mr. Brannan against Jack Peith for placing this wormy apple on the market.

"Fruit growers have been repeatedly warned against selling wormy fruit," says Mr. Brannan, "and although I have been very lenient in the past I cannot help this attitude any longer."

It is now being ascertained that the merchant and the grower of the apple, 250,000 cases, are not to blame for the sale of this class of fruit.

The grower is largely responsible, but every merchant should carefully select before he has infected goods.

E. A. Kenney, of Wendell, accompanied by J. R. Burton, a Chicago man, are here to see a country man who has the claim crop-out of the year over and over.
